SENATE COMMITTEE AMENDMENT NO. 2

Deletes reference to:

105 ILCS 5/2-3.64a-5

105 ILCS 5/14-8.03

105 ILCS 5/10-20.9a rep.

Adds reference to:

105 ILCS 5/10-20.9a

from Ch. 122, par. 10-20.9a

In the provisions amending the Illinois Grant Funds Recovery Act, removes a reference to grants in excess of \$25,000. In the provisions amending the School Code, restores current law regarding State goals and assessments and special education transition services. Requires the School Code Mandate Reduction Council to meet no less than 4 times between October 1, 2025 and September 1, 2026 (rather than between July 1, 2025 and December 1, 2025). With respect to online safety and media literacy, requires the State Board of Education, subject to appropriation, to prepare and make available multidisciplinary instructional resources and professional learning opportunities for educators (rather than requiring the State Board, by July 1, 2026, to create online safety education curriculum resource materials for all public schools); makes related changes. In a provision regarding general permissive education, changes references from "school", "eligible entity", and "entity" to "school or school board". Further amends the School Code to change (rather than repeal) a Section regarding final grades and promotion. Removes language from that Section providing that no public high school of a school district shall withhold a student's grades, transcripts, or diploma because of an unpaid balance on the student's school account and that at the end of each school year, the school district shall catalogue and report to the State Board the total amount that remains unpaid by students due to the prohibition.

SENATE FLOOR AMENDMENT NO. 3

Provides that a school board may not discriminate against, punish, or penalize a student in any way because of an unpaid balance on the student's school account. Makes conforming typographical changes.

HOUSE FLOOR AMENDMENT NO. 4

In the School Code, adds an additional representative of a statewide professional teachers' organization and an additional representative of a different statewide professional teachers' organization to the School Code Mandate Reduction Council.

Amends the Crematory Regulation Act. Requires the Department of Natural Resources to designate scattering areas for the deposition of cremated remains in Illinois rivers in accordance with a Department-granted permit.

SENATE COMMITTEE AMENDMENT NO. 1

Adds reference to:

410 ILCS 18/40

Replaces everything after the enacting clause. Amends the Crematory Regulation Act. Provides that when a deceased individual is a member of a religion where the tenets of their faith require the scattering of that individual's cremated remains in water, the deceased individual's cremated remains may be scattered in an Illinois river without approval through the Department of Natural Resources' permit process as long as the scattering of the cremated remains is: (1) limited to one deceased individual; (2) spread over an area large enough to avoid leaving an identifiable accumulation of remains; (3) out of sight of any public use areas, including, but not limited to, roads, walkways, trails, picnic areas, campgrounds, and parking lots; and (4) conducted in a manner where the cremation identification disc is not left on site. Makes a conforming change in the definition of "scattering area".

SENATE COMMITTEE AMENDMENT NO. 2

In provisions regarding the scattering of cremated remains in an Illinois river, requires the scattering to be conducted in a manner in which no other objects, including, but not limited to, any cremation identification disc, body prosthesis, or artificial organ, other than pulverized cremated remains, are scattered into a river (rather than conducted in a manner where the cremation identification disc is not left on site). Provides that nothing in the provisions regarding the scattering of cremated remains in an Illinois river grants an individual authority to trespass on private property.

105 ILCS 5/10-22.34c

Amends the School Code. In a provision concerning third party non-instructional services, allows a board of education to enter into a one-time contract (rather than a contract), of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act prior to entering into such a contract (rather than not specifying a time period). Defines "emergency situation". Provides that a board of education that attempts to enter into a contract with a third party for non-instructional services, as specified, more than once during a school year is required to receive the mutual agreement of the affected collective bargaining unit or units. Effective immediately.

SENATE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the School Code. In a provision concerning third party non-instructional services, allows a board of education to enter into a contract, of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that (i) the school board meets all of its obligations under the Illinois Educational Labor Relations Act and (ii) the board of education posts all vacant positions used for augmenting the current workforce on the school district's website, in a manner that is easily accessible to the affected bargaining unit and the general public, as well as on all other platforms on which the board of education advertises its vacancies (rather than just provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act); defines "emergency situation". Provides that the board of education must post all vacant positions in the manner described in the amendatory provisions for the entirety of an emergency contract and the entirety of any reviewed emergency contract until the emergency contract expires. Provides that a board of education that attempts to renew or enter into any new contract of any type whatsoever for any reason whatsoever with a third party for non-instructional services to augment the current workforce for a group of employees in an emergency situation 2 times must follow specified steps or obtain mutual agreement with the affected bargaining unit, if any. The mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Provides that a board of education that attempts to renew or enter into any new contract of any type whatsoever for any reason whatsoever with a third party for non-instructional services to augment the current workforce for a group of employees in an emergency situation 3 times or more is required to obtain mutual agreement with the affected bargaining unit. Provides that the mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Effective July 1, 2026.

HOUSE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: Changes the definition of "emergency situation" to mean a sudden and unforeseen event or change in circumstances that would result in a near-term interruption of non-instructional services that calls for immediate action. Provides that the board of education must post all vacant positions for the entirety of any renewed (rather than reviewed) emergency contract until the emergency contract expires. Provides that a board of education that attempts to renew or enter into any new contract with a third party for non-instructional services to augment the current workforce for that same group (rather than a group) of employees in an emergency situation 2 times must follow certain steps or obtain mutual agreement with the affected bargaining unit. Provides that a board of education that attempts to renew or enter into any new contract with a third party for non-instructional services to augment the current workforce for that same group (rather than a group) of employees in an emergency situation 3 times or more is required to obtain mutual agreement with the affected bargaining unit. Removes language that provides that the mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Provides instead that the mutual agreement may not be used by the affected bargaining unit as a means to compel the board of education to reopen the existing collective bargaining agreement. Requires the mutual agreement to include the development of a recruitment and retention plan. Effective July 1, 2026.

from Ch. 23, par. 5-2

Amends the Medical Assistance Article of the Illinois Public Aid Code. In provisions listing the classes of persons eligible for medical assistance, provides that, to the extent permitted by federal law, the Department of Healthcare and Family Services shall by rule eliminate the consideration of assets when determining eligibility for any program of medical assistance. SB-1942 MURPHY.

New Act

Creates the Stop Abusive Website Access Litigation Act. Authorizes the Attorney General, on behalf of a class of residents, that is subject to litigation that alleges any website access

violation to file a civil action in a State court against the party, attorney, or law firm that initiated the litigation for a determination as to whether this is abusive litigation. Provides that in determining whether the litigation alleging a website access violation constitutes abusive litigation, the trier of fact shall consider the totality of the circumstances to determine if the primary purpose of the litigation that alleges a website access violation is obtaining a payment from a defendant because of the costs of defending the action in court. Creates criteria for the trier of fact to determine if the litigation is abusive under the Act. Provides that if the trier of fact determines that the litigation qualifies as abusive litigation under the Act, the court may award reasonable attorney's fees and costs to the defendant. Provides that the court may also award punitive damages not to exceed 3 times the amount of attorney's fees awarded by the court.

105 ILCS 5/10-20.33

Amends the School Code. Expands the definitions of "isolated time out" or "time out", "physical restraint" or "restraint", and "time out". Removes exceptions to the prohibition of prone restraint. Removes language providing that the parents or guardian of a student and the State Superintendent of Education shall be informed whenever isolated time out, time out, or physical restraint is used. Establishes complaint procedures to replace the complaint procedures set forth in the State Board of Education's rules. Provides that staff members responsible for implementing isolated time out, time out, or physical restraint must be trained in accordance with the system of non-violent intervention adopted by the school district and must be trained at least once every 2 years in a session that is not less than 6 hours. Requires the State Board to convene a group of stakeholders to annually review: (1) data associated with the use of physical restraint, time out, and isolated time out, and efforts made by public entities to reduce these practices; (2) strategies to reduce physical restraint, time out, and isolated time out; (3) decisions made by the State Board related to physical restraint, time out, and isolated time out; (4) student behavior and behavioral interventions that can be used as an alternative to physical restraint, time out, and isolated time out; and (5) professional development needed for public entities in behavioral interventions to ensure the proper use of physical restraint, time out, and isolated time out. Makes other changes.

SENATE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Removes the phrase "improper use". In the definition of "isolated time out" or "time out", provides that in no instance may school personnel use mechanical, chemical, prone, or any other prohibited method of restraint. Makes other changes to definitions. Provides that in any instance of use of isolated time out, time out, or physical restraint, school district employees shall consider whether the student has an individualized education program or federal Section 504 plan that includes a behavior intervention plan and whether the use of isolated time out, time out, or physical restraint implicates that plan. Prohibits the use of a locked room or a room in which the door is obstructed, prohibiting it from opening, for isolated time out or time out unless the staff member supervising the room determines (rather than determines in the staff member's own best judgment) that the egress must be blocked for no more than 15 minutes (rather than a short period of time) in order to prevent the student from harming the student, the staff member, or another student (rather than to maintain safety of students and staff). Provides that the complaint procedure shall allow any organization or advocate to file a sworn, written complaint with the State Board of Education alleging concerns that a school district or other entity serving students has violated the time out, isolated time out, and restraint provisions, and includes information the complaint shall contain. Removes language requiring the State Board to annually convene a group of stakeholders regarding time out, isolated time out, and restraint. Corrects grammatical and terminology errors.

Amends the Educator License Article of the School Code. Provides that if an assessment is determined to be non-uniform, a provisional in-state educator endorsement on an Educator License with Stipulations may be issued to a candidate who has completed an Illinois-approved educator preparation program at an Illinois institution of higher education and who has not successfully completed an applicable content area test but who meets certain requirements, which is valid for one full fiscal year after the date of issuance and may not be renewed. Provides that the process by which the State Board of Education evaluates content area tests to determine content validity, absence of bias, or scores required to pass shall be public information and is available on the website of the State Board. Requires the State Board to evaluate each content area test after it has been administered for at least 10 months, but not more than 12 months, and shall determine whether a content test is non-uniform. Provides that an assessment first introduced prior to January 1, 2017 shall be considered uniform, and an assessment introduced on or after January 1, 2017 that does not meet specified criteria shall be considered uniform. Provides that if the State Board finds that the content area test forms available as of January 1, 2025 are not uniform in the level of difficulty as compared to previous forms of those exams, any candidate for licensure who attempted any content area test in the form that was available as of January 1, 2025, and whose best scores in each subsection of the same content area exam, taken across multiple attempts on the same form of the exam, equal or exceed the passing score for that content area exam as of January 1, 2025, shall be determined to have passed that content area exam.

Amends the Educator Licensure Article of the School Code. Adds 5 administrative or faculty members of community colleges to the State Educator Preparation and Licensure Board. For a Professional Educator License: provides that the requirements to successfully complete specified coursework are only required until July 1, 2027 or the date that the revised test for a particular content area is implemented, whichever is later; and exempts persons seeking a school support personnel or chief school business official endorsement from the requirement that a person must successfully complete specified coursework. Requires, by July 1, 2027, the State Superintendent of Education to begin incorporating specified topics into revised examinations for individuals seeking a Professional Educator License endorsed in teaching or administration, excluding a chief school business official endorsement. Exempts, for educator licenses, applicants seeking a school support personnel endorsement who hold an active and valid professional license in the same subject matter as the endorsement sought from being required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. Creates the Teacher Performance Assessment Advisory Committee to aid in operationalizing and creating a pilot, State-developed, teacher performance assessment. Establishes the Paraprofessional to Teacher Pathway Program to provide an expedited pathway for paraprofessionals to earn a Professional Educator License in a specific content area. Sets forth the Program criteria, the requirements for individuals for entry into the Program, and the adoption of rules by the State Board of Education. Provides that an institution of higher education approved to offer educator preparation programs may enter into a partnership agreement with a community college to offer an approved educator preparation program leading to educator licensure for individuals who already hold a bachelor's degree. Makes other changes.

In provisions concerning educator testing, removes the requirement that no candidate may be allowed to student teach or serve as the teacher of record until he or she has passed the applicable content area test.

SENATE FLOOR AMENDMENT NO. 2

Provides that the Educator Preparation and Licensure Board shall have 3 (rather than 5) administrative or faculty members of public community colleges located in the State. Provides that language specifying that certain candidates are not required to pass a teacher performance assessment applies through August 31, 2026 (rather than 2025). Provides that beginning on September 1, 2029 (rather than July 1, 2028), certain candidates are required to pass a teacher performance assessment approved by the State Board of Education; however, any candidate who has successfully completed student teaching or has met one of the student teaching exceptions set forth in rules prior to September 1, 2028 is exempt from this requirement. Makes other changes.

HOUSE COMMITTEE AMENDMENT NO. 1

Authorizes a county to establish a process by which countywide elected officials may be recalled by the electors of the county by referendum or petition. Provides that, if a county board adopts a resolution calling for a referendum on the proposal to adopt a process by which countywide elected officials may be recalled by the electors of the county, then the county clerk and county board shall provide for the submission of the proposition to the electors of the county at the next general election held in an even-numbered year. Provides that, if there is filed with the clerk of the circuit court of the county, within the time provided in the general election law, a petition that is signed by the specified number of registered voters in the county and that requests the establishment of a process by which countywide elected officials may be recalled by the electors of that county, the clerk of the circuit court shall transmit the petition to the chief judge of the circuit court who shall determine the sufficiency of the petition or shall assign the determination of the sufficiency of the petition to a circuit judge who shall make the determination. Specifies that, if the judge determines that the petition is sufficient, the judge shall certify the sufficiency of the petition and shall issue an order directing the county clerk and the county board to provide for the submission of the proposition to the electors of the county at the next general election held in an even-numbered year. Authorizes the recall of a countywide elected official to be proposed by petition by the electors of the county. Sets forth requirements for the petition. Provides that it is only if the referendum to establish a recall process is approved by a majority of the voters voting on the proposition that the recall of countywide elected officials may thereafter be proposed by a petition signed by a number of electors equal in number to at least 15% of the total votes cast for Governor in the county in the preceding gubernatorial election. Provides that the petition shall have been signed by the

petitioning electors not more than 50 days (rather than 100 days) after an affidavit has been filed with the State Board of Elections providing notice of intent to circulate a petition to recall the countywide elected official. Makes other changes. Effective immediately.

New Act

Creates the Powering Up Illinois Act. Defines terms. Sets forth findings. Requires an electric utility that operates within the State to (i) upgrade the State's electrical distribution systems as needed and in time to achieve the State's decarbonization goals, and implement federal, State, regional, and local air quality and decarbonization standards, plans, and regulations, (ii) conduct sufficient advance planning, engineering, and construction of increased distribution of system capacity by advance ordering transformers and other needed equipment so that customers can be energized without substantial delay, (iii) promptly energize new customers, including by ensuring that new housing, new businesses, and new charging for light-duty, medium-duty, and heavy-duty vehicles and off-road vehicles, vessels, trains, and equipment can be used without delay caused by a failure of the utility to implement energization projects, (iv) promptly upgrade service when needed by customers, (v) allow customers seeking energization to choose an optional flexible connection agreement, which shall provide a tariffed, voluntary utility offering that requires customers to agree to specified service levels as a requirement of energization or interconnection through the use of demand response technology that limits the net import and export of electricity at the point of common coupling to remain within the rated capacity limits of a customer's existing service connection or distribution circuit, either on a permanent basis or to allow for immediate project operations before service or distribution system upgrades are completed, and (vi) recruit, train, and retain an adequately sized and qualified workforce to carry out the planning, engineering, and construction of electrical distribution systems needed to promptly serve customers seeking energization and service upgrades without sacrificing other necessary activities of the workforce. Sets forth provisions concerning: the staffing of an electrification team; electric utility requirements; recovery of costs; and safety standards. Effective immediately.

Provides that the amendatory Act may be referred to as the Thermal Energy Network and Jobs Acts. Sets forth a statement of legislative findings and intent. Amends the Public Utilities Act. Defines "thermal energy" and "thermal energy network". Requires the Illinois Commerce Commission to initiate a proceeding within 6 months after the effective date of the amendatory Act to support the development of pilot thermal energy networks. Provides that within 10 months after the effective date of the amendatory Act, every gas public utility, electric public utility, or combination public utility serving over 100,000 customers shall file with the Commission a petition seeking Commission-approval of at least one and no more than 3 proposed pilot thermal energy network projects. Requires every gas public utility, electric public utility, or combination public utility constructing or operating a Commission-approved pilot thermal energy network project to report to the Commission, on a quarterly basis and until completion of the pilot thermal energy network project, the status of each pilot thermal energy network project. Requires every gas public utility, electric public utility, or combination public utility constructing or operating a Commission-approved pilot thermal energy network project to demonstrate that it has entered into a labor peace agreement with a bona fide labor organization that is actively engaged in representing its employees. Requires the Commission to adopt specified rules within 4 years after the completion of the construction of all thermal energy network projects. Provides that a gas public utility, electric public utility, or combination public utility required to develop a pilot thermal energy network project shall be permitted to recover all reasonable and prudently incurred costs associated with the development, construction, and operation of one or more pilot thermal energy network projects through general rates or through rates set in a Multi-Year Rate Plan. Makes other changes. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

In provisions concerning definitions, makes changes to the definition of "thermal energy network". In provisions concerning a utility that proposes 3 pilot thermal energy network projects, requires that one pilot project include an industrial heat application that may additionally include residential and commercial applications (rather than one pilot project be focused on existing electric heat customers). Provides that priority shall be given to pilot

proposals that replace leak-prone natural gas distribution infrastructure with distribution infrastructure that supplies non-combusting thermal energy or that replaces thermal energy for buildings currently heated with electric resistance heat. Provides that the Illinois Commerce Commission shall require projects submitted to a utility-scale renewable thermal energy network program for approval to include a proposed rate structure for thermal energy services supplied to network end users and consumer protection plans for end users. Provides that the Commission may approve the proposed rate structure if the projected heating and cooling costs for end users is not greater than the heating and cooling costs the end users would have incurred if the end users had not participated in the program. In provisions concerning the requirement that the Commission adopt certain rules, provides that such rules shall be adopted within 4 years of the effective date of the amendatory provisions (rather than within 4 years after the completion of the construction of all thermal energy network projects under the amendatory provisions). In provisions concerning the recovery of costs, provides that a gas public utility, electric public utility, or combination public utility developing a thermal energy network project that includes an industrial heat application may recover rates proportionally from each class of customer.

Replaces everything after the enacting clause. Amends the School Code. Provides that, on or before the 2026-2027 school year, each school board (and each charter school beginning with the 2026-2027 school year) shall adopt and implement a wireless communication device policy that (i) at a minimum, prohibits a student from using a wireless communication device during instructional time, except as otherwise provided, and (ii) incorporates guidance for secure and accessible storage of wireless devices during instructional time or directs the school district superintendent or his or her designee to provide such guidance. Provides that the policy may not prohibit a student from using a wireless communication device during instructional time (i) if a licensed physician determines that the possession or use of a wireless communication device is necessary for the health or well-being of the student and the student uses the wireless communication device as prescribed by the licensed physician, (ii) to fulfill an individualized education program or a plan developed under the federal Rehabilitation Act of 1973, or (iii) if the wireless communication device is necessary for students who are

English learners to access learning materials. Provides that the policy may allow for certain exceptions. Prohibits a school district or charter school from enforcing the policy through fees, fines, or the deployment of a school resource officer or local law enforcement officer. Requires a school board or charter school to review its policy at least once every 3 years and make any necessary and appropriate revisions to the policy. Provides that a school district or charter school shall publicly post the policy on its website. Provides that if the school district or charter school does not operate a website, then the school district or charter school shall provide a copy of the policy to the parents or guardians of every enrolled student.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: Provides that the wireless communication device policy shall incorporate guidance for secure and accessible storage of wireless devices within a school building (instead of wireless devices) during instructional time. Allows a licensed physician, physician assistant, or nurse practitioner (instead of just a licensed physician) to determine that the possession or use of a wireless communication device is necessary for the management of a student's health care (instead of for the health and well-being of a student). Allows a student to use a wireless communication device to fulfill an individualized education program, a federal Section 504 plan, the student's health care provider's medical orders, or another written accommodation plan (instead of just an individualized education program or federal Section 504 plan).

Amends the School Code. In provisions concerning radon testing, provides that every school building of a school district that is occupied or will be occupied shall be tested by January 1, 2029 and shall be retested every 5 years thereafter for radon (instead of recommending that every occupied school building of a school district be tested every 5 years for radon). Provides that all new schools of a school district shall be built using radon resistant new construction techniques in accordance with the American National Standards Institute/American Association of Radon Scientists and Technologists CC-1000, Soil Gas Control Systems in New Construction of Multifamily, School, Commercial and Mixed-Use Buildings standard or a successor standard (instead of recommending that new schools of a school district be built using radon resistant new construction techniques, as shown in the United States Environmental Protection Agency document, Radon Prevention in the Design and Construction of Schools and Other Large Buildings). Removes a provision allowing a person to perform radon screening tests without a license. Makes changes concerning the exemption. Provides that if radon is found to exceed specified levels, then the school district shall (instead of may) hire a licensed radon professional to perform confirmatory measurements (instead of to perform measurements before any mitigation decisions are made). Sets forth provisions concerning mitigation. Provides that a school district may use life safety funds, if available, for radon testing and mitigation. Preempts home rule powers.
