Amends the School Code. Creates the Professional Teacher Standards Board consisting of 15 members appointed by the Governor to administer the Article of the School Code governing the certification of teachers and other certificated school personnel and the approval of teacher and administrator preparation programs. Gives the Professional Teacher Standards Board all powers and duties currently exercised by the State Board of Education and the State Teacher Certification Board with respect to administration of the certification and program approval process, and abolishes the State Teacher Certification Board. Authorizes the Professional Teacher Standards Board to employ an Executive Director and such other staff members as are necessary to exercise its powers and duties and carry out its functions. Provides that a Standard Certificate may be renewed based on proof of professional development (instead of on proof of continuing education or professional development). Makes other changes. Effective July 1, 2002.

FISCAL NOTE (State Board of Education)

The current State Teacher Certification Board and teacher certification process costs approximately \$3.2 million directly plus \$1.1 million in indirect costs. The general transfer of the basic function should not require additional funds if the new Board operates as efficiently as the current system. However, it is unlikely that a significant portion of the indirect costs will become direct costs as a new support system is developed outside the SBE to duplicate those provided under the current system. It is too speculative to estimate the changes this may have on the certification process and teacher

requirements and therefore the potential for additional costs at the school district level.

735 ILCS 5/15-1406 new

Amends the Mortgage Foreclosure Article of the Code of Civil Procedure. Provides that, if a mortgagor of a single family residence experiences a temporary or permanent loss of employment because of a layoff, lockout, or strike and the employment had been the primary source of income of the mortgagor's household, the mortgagor may notify the mortgagee of those facts, the mortgagee may require the mortgagor to supply verification, and the mortgagor shall then supply verification. Provides that the mortgagee not then initiate or proceed with an action to foreclose on the mortgage or declare a default. Provides that the mortgagor shall make monthly interest and escrow payments, and when the mortgagor again becomes employed or one year has elapsed since the mortgagor or mortgagors began making monthly interest and escrow payments, the mortgagor shall resume regular monthly payments of principal and interest and shall remit additional monthly sums in equal monthly amounts that will pay in full, over a 6 month period, all principal that was unpaid during the loss of employment. Contains provisions concerning failure to comply, court stays, and applicability.

FISCAL NOTE (Office of Banks and Real Estate)

HB 2227 has no fiscal impact on the Office of Banks and Real Estate. Financial entities (mortgagees) would lose compound interest from delayed principal payments for up to an 18-month period. The Office of Banks and Real Estate is unable to calculate the fiscal impact on financial entities, because of unknown variables.

HOUSING AFFORDABILITY NOTE

The proposed bill does not identify at what point in time the borrower may/shall notify the lender of his/her loss of employment. As such, the financial impact on the lender cannot be determined. Both lenders and insurance companies will assume a higher degree of risk in making mortgage loans under this bill's provisions. To compensate for potentially higher losses, lenders may likely charge higher interest rates and insurance companies may establish higher premiums for mortgage insurance. In both cases, these can only be assumed but cannot be predicted or calculated with any degree of accuracy.

Amends the Code of Criminal Procedure of 1963. Deletes a requirement that physical evidence be preserved subject to a continuous chain of custody. Provides that a law enforcement agency may petition the court for entry of an order allowing disposal of evidence if there no longer exists a reasonable basis to require the preservation of the evidence because of the death of the defendant, unless a sentence of death was imposed. Provides that any order allowing the disposition of evidence is a final and appealable order. Prohibits disposal of evidence until 30 days after the order is entered, and, if an appeal is filed, prohibits disposal until the circuit court receives a mandate from the appellate court. New Act

20 ILCS 405/405-195 new

30 ILCS 105/5.545 new

Creates the Senior Citizen Prescription Drug Discount Program Act. Provides that the Program shall be administered by the Department of Central Management Services to enable eligible senior citizens to purchase prescription drugs at discounted prices and that the Department shall (i) enroll eligible seniors into the Program, (ii) enter into rebate agreements with drug manufacturers, either itself or through an agent, and (iii) re-

imburse pharmacies for the cost of providing discounts using the proceeds from the manufacturer rebate agreements. Eligible seniors are persons who are Illinois residents and who are 65 years of age or older. Establishes a prescription pricing formula. Sets guidelines for the rebate agreements. Establishes application requirements for seniors and eligibility requirements for pharmacies. Requires the Department to adopt rules. Amends the State Finance Act to create the Senior Citizen Prescription Drug Discount Program Fund into which rebate payments and enrollment fees shall be deposited. Provides for an initial transfer from the General Revenue Fund into the Drug Discount Program Fund of \$27,000,000 to be repaid to the General Revenue Fund out of rebate payments. Amends the Department of Central Management Services Law of the Civil Administrative Code of Illinois. Provides that the Department shall establish a Prescription Drug Purchasing Policy Office to determine and implement strategies for best price purchasing practices for State agencies that pay for prescription drugs by direct purchase or by other arrangements. Effective July 1, 2001.

FISCAL NOTE (Department of Central Management Services)

Increased expenditures would fall into two categories of costs, administrative and claim. The estimated increase in administrative costs is approximately \$1,800,000, including hiring 23 staff and start-up costs of \$1,000,000. A contract with a Prescription Benefit Manager (PBM) to assist with the administration of this Program is estimated to cost \$4,600,000 which would be covered by the seniors individual annual contribution to cover administrative costs. The claims cost is an estimated \$62 million that CMS will have to pay to pharmacies to make up the difference between the Federal Supply Schedule (FSS) price and the Average Wholesale Price minus 10% (AWP-10%) and would not be recovered through negotiations for rebates because of the lack of control over drug purchases. The approximate total impact on CMS is \$68.4 million of which \$4.6 million would be recovered.

FISCAL NOTE (Department on Aging)

This bill has no fiscal impact on this Department.

STATE MANDATES NOTE (Dept. of Commerce & Community Affairs)

In the opinion of the Department of Commerce and Community Affairs (DCCA), HB 2236 does not create a State mandate under the State Mandates Act.

HOME RULE NOTE (Dept. of Commerce & Community Affairs)

The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 945 does not pre-empt home rule authority.

HB-2237 NOVAK.

220 ILCS 5/16-107.5 new

Amends the Public Utilities Act. Provides that an electric utility must establish a “net metering” pilot program for its retail customers that own and operate a solar or wind electrical generating facility with a capacity of not more than 40 kilowatts located on the customer’s premises and intended to offset part of the customer’s electrical requirements. Requires a separate pilot program for residential and business customers. Provides that the electric utility must report the results of the pilot program to the Commerce Commission by July 1, 2002. Requires the Commission to provide a summary and an analysis of the reports to the General Assembly by September 1, 2002. Effective immediately.

HOUSE AMENDMENT NO. 1.

Provides that an electric utility that has conducted a net electrical energy metering pilot program for either its residential or business customers, or both, and the pilot program was initiated before the effective date of this amendatory Act, need only file a report of the results of the program with the Commerce Commission.

625 ILCS 5/18c-7401 from Ch. 95 1/2, par. 18c-7401

Amends the Illinois Vehicle Code. Provides that the Illinois Commerce Commission must order the installation of stop signs at all railroad grade crossings not equipped with automatic flashing lights or gates. Requires the Commission to charge the cost of the

signs to the Grade Crossing Protection Fund. Provides that the responsible highway authority must install and maintain the signs in accordance with the Commission's order. Provides that failure to stop at a stop sign at a railroad crossing is a petty offense, and a third or subsequent violation within one year of the first violation is a Class C misdemeanor. Effective immediately.

FISCAL NOTE (Department of Transportation)

While HB 2239 does provide for the Grade Crossing Protection Fund to cover the cost of the stop signs, no provision is made for maintenance costs. Further, the Manual on Uniform Traffic Control Devices recommends the installation of stop ahead signs. The Department estimates that the cost for the stop ahead signs at all crossings will total \$1.025 million. HB 2239 makes no provision for the payment of any of the costs associated with these signs. It appears that the highway authority would be responsible for these expenditures.

105 ILCS 230/5-5

Amends the School Construction Law. Provides that for the purpose of calculating the grant index, school districts are grouped into 2 categories to compute equalized assessed valuation per pupil in average daily attendance, one category using average daily attendance in grades kindergarten through 8 and the other category using average daily attendance in grades 9 through 12. Effective immediately.

FISCAL NOTE (State Board of Education)

HB 2255 has no fiscal impact. Rather, it redistributes funds among types of districts. Generally, it "takes" from elementary and secondary districts and "gives" to unit districts. Thus, the State share of a project will be greater for some districts and less for others. To the extent that the total "cost" is a net increase to the State it is within the context of a zero sum system. The school construction program is statutorily limited by the amount of bonds that can be issued to make the grants. Thus, the result is not additional State cost but fewer projects.

STATE MANDATES NOTE (State Board of Education)

The change is effective upon HB 2255 becoming law provided that the grant index for grants not yet made in FY01 and FY02 shall be the greater of the current definition and the one provided in the bill. The effect of HB 2255 is to equalize the ADA of unit districts with that of elementary and secondary districts generally.

Amends the Court of Claims Act and repeals the State Lawsuit Immunity Act. Provides that the Court of Claims is abolished and that the Court of Claims shall transfer to the Circuit Courts all cases pending before the Court of Claims. Provides that other statutory references to the Court of Claims shall be construed as references to the Circuit Court. Effective immediately, except some portions take effect on July 1, 2002.

FISCAL NOTE (Court of Claims)

The fiscal impact on the Court of Claims would be the elimination of all funding to the Court of Claims. The Court of Claims expended \$48.7 million in FY 2000. Grant expenditures to pay awarded claims totaled \$47.5 million, \$39.2 million of which was GRF. Elimination of the Court of Claims would increase the amount of claims paid by the State of Illinois. The amount of the increase is unknown. The Circuit Court and the Attorney General's Office may be fiscally impacted by this legislation.

JUDICIAL NOTE (Administrative Office of the Illinois Courts)

There will be a significant increase in judicial workloads as a result of this bill. HB 2256 will increase the number of judges needed in the State, however, it is not possible to determine the number of additional judges needed, because the degree to which the bill would increase litigation against the State of Illinois is unknown.

from Ch. 38, par. 1005-5-3

Amends the Unified Code of Corrections. In a provision requiring certain offenders who have been convicted at least 3 times of a Class 2 or greater class felony to be sentenced as Class X offenders, deletes a requirement that 2 of the felonies must have occurred in Illinois. Provides that a person sentenced as a Class X offender pursuant to that provision is not eligible to apply for treatment as a condition of probation as provided in the Alcoholism and Other Drug Abuse and Dependency Act. Effective immediately.

SENATE AMENDMENT NO. 1.

Further amends the Unified Code of Corrections. HB-2303 BURKE – COULSON.225 ILCS 2/20.1 new
225 ILCS 2/50

Amends the Acupuncture Practice Act. Provides that guest acupuncturists who are not licensed under the Act may lecture, demonstrate, or hold clinics for continuing education or training for acupuncture associates or scientific acupuncture foundations. Provides that the guest acupuncturist may not open an office, appoint a place to meet patients, receive calls from patients, or otherwise engage in the practice of acupuncture outside of the lectures, clinics, or demonstrations. Limits the amount of time that the guest acupuncturist may perform the lectures, clinics, or demonstrations to a maximum of 6 months. Provides that this Act does not prohibit a person from administering acupuncture treatment as part of his or her educational training at a State approved course or as a graduate student at a school of acupuncture in a postgraduate review course that does not exceed 6 months in duration. Effective immediately.

FISCAL NOTE (Department of Professional Regulation)

The Department does not expect HB 2303, in its current form, to have a significant financial impact on the agency. Any impact would be from the loss of new application revenue if the guests are not required to have an Illinois acupuncturist license. At this time DPR is not able to provide a reasonable figure for the number of guests per year and therefore unable

to derive a cost figure.

HOUSE AMENDMENT NO. 2.

Replaces everything after the enacting clause. Reinserts the bill as introduced with the following changes. Provides qualifications for guest instructors of acupuncture, one of which is possession of a guest acupuncturist permit issued by the Department. Permits an unlicensed graduate of a school of acupuncture to apply acupuncture techniques while (i) participating in a postgraduate training program, (ii) participating in a review course in preparation for taking the National Certification Commission for Acupuncture and Oriental Medicine examination, or (iii) participating in a State-approved continuing education course offered through a State-approved provider. Provides that students and other unlicensed persons may not open an office, appoint a place to meet private patients, consult with private patients, or otherwise engage in the practice of acupuncture beyond what is required in conjunction with their education.

FISCAL NOTE, H-AM 1 (Department of Professional Regulation)

The Department currently anticipates the financial impact on the Department to be approximately \$3,000 if the new license category has about 10 requests.

40 ILCS 5/7-109.3 from Ch. 108 1/2, par. 7-109.3
 30 ILCS 805/8.25 new

Amends the Illinois Municipal (IMRF) Article of the Illinois Pension Code to remove language requiring an affirmative resolution from the employer before airport police may become eligible for the sheriff's law enforcement employee formula. Makes park police eligible for the sheriff's law enforcement employee formula. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB 2311 would require some airport authorities and park districts to make higher employer contributions, as some IMRF members that are currently covered by the regular IMRF formula would instead be eligible for the SLEP formula. As the SLEP formula provides higher benefits, higher employer contributions

are required.

Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 2312 cannot be determined, as the amount of service credit that would be transferred is unknown. It is estimated to be minor as the transferred and required employee contributions should offset most of the increase in accrued liability.

HB-2366 SMITH,MICHAEL.

40 ILCS 5/15-140.1 new

Amends the State Universities Article of the Illinois Pension Code. Provides for an additional payment to persons receiving a retirement or survivor annuity, equal to half the monthly benefit, to be paid on the December 31 next following a fiscal year in which the System's investment return is at least 190% of the prescribed rate of interest determined for that year by the Board. Terminates the benefit after the System's 2003-2004 fiscal year. Makes the benefit available only if the System's funding ratio is at least 90%. Effective immediately.

PENSION NOTE (Pension Laws Commission)

There is no increase in accrued liability associated with HB 2236 but there is a cost (that cannot be determined) as some investment returns that would normally remain with SURS to be reinvested would instead be paid out as benefits. This would increase State contributions over time by an amount that cannot be determined. The increase in annual contributions is estimated to be minor, as the 13th check could only be paid a maximum of 4 times (FY 2001 through 2004). According to SURS, if the provision that grants the 13th check had been in effect from 1971 to 1997, the benefit would have been paid in 10 of the last 26 years (37% of the time). SURS would have distributed \$19 million on December 1, 1998 due to a total return on investment assets equal to over 200% of the investment return assumption. SURS would not have issued a 13th check on either

December 1, 1999 or December 1, 2000.

New Act
 35 ILCS 200/16-169 new
 35 ILCS 200/16-170
 35 ILCS 200/16-180

Amends the Property Tax Code. In Cook County, (i) requires disclosure of certain information in valuation appeals concerning commercial or industrial properties and (ii) sets certain requirements when an appeal requests a change in assessed value of \$100,000 or more. With respect to the Property Tax Appeal Board, provides (i) that in an appeal to PTAB there is a rebuttable presumption that the board of review decision is correct, (ii) in a “market value” appeal the applicant has a “preponderance” burden of proof, and (iii) in a “uniformity” appeal the appellant has a “clear and convincing” burden of proof. Requires “debasement of the market value” for certain assessments. Sets requirements for opinion testimony. Makes other changes. Effective immediately.

FISCAL NOTE (Property Tax Appeal Board)

HB 2381 would not require the expenditure of State funds.

Likewise, it would not affect State revenues.

STATE MANDATE NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 2381 creates a due process mandate

for which reimbursement of the increased costs to units of

local government is not required under the State Mandates Act.

HOME RULE NOTE (Dept. of Commerce and Community Affairs)

HB 2381 does not preempt home rule authority.

New Act

30 ILCS 500/20-17 new

Creates the Illinois Living Wage Act. Provides that certain employers must pay employees a living wage rate that is set by the Director of Labor. Requires employers to provide continued employment to certain employees when a contract provides for the continuation of services currently provided by another contractor. Requires employers to post notice of employees' rights under the Act. Allows the Director to investigate violations of the Act. Sets penalties for violations of the Act. Prohibits retaliation against employees who exercise their rights under the Act. Amends the Illinois Procurement Code. Requires the procurement officer to determine the level of the State's vulnerability to labor unrest before issuing invitations for bids or requests for proposals for service contracts. Requires those bids and proposals to (i) include assurance of protection against labor discord and (ii) certify that the contractor will comply with the Illinois Living Wage Act. Provides that if during the duration of the contract, a contractor fails to comply with the Illinois Living Wage Act, the contract is voidable.

FISCAL NOTE (Department of Labor)

The Department would need additional staffing and monies for printing costs associated with the required postings. Costs associated with 4 new personnel total \$239,900.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 2382 creates a personnel mandate for which reimbursement of 100% of the increased costs to local governments is required, and a local government organization and structure mandate for which reimbursement is not required under the State Mandates Act. An estimate of the increased costs to local governments is not available.

HOUSE AMENDMENT NO. 1.

Changes penalty for retaliation from a Class A misdemeanor to a business offense with a maximum fine of \$2,500.

FISCAL NOTE, H-AM 1 (Department of Labor)

To effectively administer the Living Wage Act, the Department would need additional staffing and monies for printing costs associated with the required postings totalling \$239,900.

STATE MANDATES NOTE, H-AM 1

(Department of Commerce and Community Affairs)

Same as previous State Mandates note.

HOME RULE NOTE, H-AM 1

(Department of Commerce and Community Affairs)

HB 2382 (H-am 1) does not contain language indicating a preemption of home rule powers and functions. Therefore, in the opinion of DCCA, this bill does not preempt home rule authority.

BALANCED BUDGET NOTE, H-AM 1 (Bureau of the Budget)

Since this bill is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

105 ILCS 5/18-4.4	from Ch. 122, par. 18-4.4
-------------------	---------------------------

Amends the School Code. Allows a tax-equivalent grant to be paid to a school district (other than the Chicago school district) if a United States military installation or base is located in the district.

FISCAL NOTE (State Board of Education)

It appears that both Scott Air Force base and the Great Lakes Naval base may own land within the boundaries of several school districts. At this point, SBE has been unable to determine exactly how many acres are owned by the federal government in each affected school district or the average value of an acre in each school district. Therefore, SBE has been unable to calculate the State cost of HB 2390.

STATE MANDATES NOTE (State Board of Education)

At this point, SBE has not been able to determine which districts this may apply to, the number of acres of land owned by the U.S. in military bases/installations, or the average value of an acre in each school district. Therefore, SBE has been unable to calculate a potential cost for the State.

HOUSE AMENDMENT NO. 1.

Makes a technical change.

STATE MANDATES NOTE, H-AM 1 (State Board of Education)

Assuming that each of the facilities owning land within the boundaries of Illinois school districts of less than 500,000 is completely within a single school district and the average value per taxable acre of the school district is the same as that of the county, the approximate cost of HB 2390 is \$600,035 as follows:

C.M. Price Support Center (Madison County)

Acres	686
Average value per acre	\$ 5,471
Acres times average value	\$ 3,753,106
0.50%	\$ 18,766

Great Lakes Naval Base (Lake County)

Acres	1,628
Average value per acre	\$ 59,129
Acres times average value	\$ 96,262,761
0.50%	\$ 481,314

Rock Island Arsenal (Rock Island County)

Acres	946
Average value per acre	\$ 5,650
Acres times average value	\$ 5,345,099
0.50%	\$ 26,725

Scott Air Force Base (St. Clair County)

Acres	3,278
Average value per acre	\$ 4,468
Acres times average value	\$ 14,646,104
0.50%	\$ 73,231

HOUSE AMENDMENT NO. 2.

Deletes everything after the enacting clause. Reinserts the contents of the bill with the following additions. Provides that the school district must have students residing on the military installation or base who are in attendance in the district. Provides that for fiscal year 2002 only, the district superintendent shall certify matters on or before September 15, 2001 or 30 days after the amendatory Act becomes law, whichever is later. Provides that the grants shall be appropriated for distribution from a separate line item. Provides that payments shall commence in fiscal year 2002. Adds an immediate effective date.

Provides that, when a deed or instrument of conveyance of residential property is executed in a county with 3,000,000 or more inhabitants, the grantor shall (i) provide to the grantee a permanent index number that represents the legal description in the deed or (ii) provide proof that either an application for division that will result in a permanent index number has been filed with the county assessor, a plat of subdivision has been recorded, or a condominium declaration has been recorded. Provides that a grantor's failure to provide the permanent index number does not invalidate an instrument, but it makes the grantor personally liable for property taxes and attorney's fees until the requirements are met. Effective immediately.

SENATE AMENDMENT NO. 1.

ber, has been filed with the county assessor; a recorded plat of subdivision that would result in the issuance of a permanent index number; or a recorded condominium declaration that would result in the issuance of a permanent index number. Also provides that, if the grantor fails to provide the grantee with a permanent index number of one of those documents, the grantor is liable to the grantee for property taxes and attorney's fees and that the liability continues until the permanent index number or document is delivered to the grantee. Provides that failure to provide the permanent index number does not invalidate the deed or instrument of conveyance. Provides that a receipt from the county assessor confirming that a proper application has been filed shall be deemed to be evidence of proper application for division.

20 ILCS 105/4.02 from Ch. 23, par. 6104.02

Amends the Illinois Act on the Aging. Creates the Developmental Disabilities Services Act of 2001. Requires the Governor, with the assistance of the Secretary of Human Services, to appoint an advisory committee to develop a Developmental Disabilities Services Implementation Plan that will ensure compliance by the State with the federal Americans with Disabilities Act and the U.S. Supreme Court decision in *Olmstead v. L.C.* Specifies items that must be included in the implementation plan and specifies services that may be provided under the implementation plan. Repeals the Developmental Disabilities Services Law of the Developmental Disability and Mental Disability Services Act. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes everything. Reinserts the provisions of the bill with several changes. Deletes reference to “developmental”. Provides that a “disability” is as defined in the Americans with Disabilities Act. Provides that services shall be provided under the Act to the extent appropriations are made available by the General Assembly for the programs and services indicated in the implementation plan. Effective immediately.

HOUSE AMENDMENT NO. 2. (Tabled April 4, 2001)

Replaces the definition of “disability” and adds definitions of types of disabilities. Changes references to “case coordination services” to “service coordination”. Provides

that family members and other representatives of the person with a disability must be allowed, encouraged, and supported to participate in planning and decision-making regarding the person's individual service plan, if the person with a disability consents to that participation. Deletes age as a factor, and makes other changes concerning nondiscriminatory access to services. Specifies certain items that must be included in the Department of Human Services' implementation plan with respect to comprehensive evaluations. Changes the date for the Governor's initial report to the General Assembly from October 1, 2001 to July 1, 2002, and requires subsequent plan updates and reports by July 1 (instead of March 1) of each year. Provides that initial implementation of the plan is required by July 1, 2003, and that the requirement of annual updates and reports expires in 2007, unless otherwise extended by the General Assembly. Makes other changes.

HOUSE AMENDMENT NO. 3.

Makes changes substantially similar to those made by H-am 2, except: (1) provides that a residential placement must be offered in the most integrated setting appropriate, instead of in the least restrictive setting possible; (2) provides that a person with a disability has the right to a transition plan developed and ready for implementation by no later than the school year in which the person reaches age 14, consistent with the requirements of the federal Individuals with Disabilities Education Act and Article XIV of the School Code (instead of developed and ready for implementation before the person's exit from school); (3) requires that vocational training lead to employment and reemployment in the most integrated setting appropriate to the individual (instead of simply lead to employment and reemployment); (4) requires that a due process hearing be before an impartial hearing officer (instead of simply before a hearing officer); (5) provides for an award of "prevailing" (instead of "reasonable") attorney's fees to a successful plaintiff in a formal administrative or judicial action; and (6) provides that the Governor's initial report to the General Assembly must include a report of related program and service improvements or expansions implemented since the effective date of the Developmental Disabilities Services Act of 2001.

Provides procedures for and restrictions on the administration of the Fund. Amends the State Finance Act to create the special fund in the State treasury. Effective immediately.

FISCAL NOTE (State Treasurer)
HB 2439 creates the Home Loan Collateral Fund with a transfer of \$5,000,000. The Treasurer’s Office anticipates that administrative costs will be \$200,000 of that amount.

Deletes reference to:
New Act
30 ILCS 105/5.545 new
Adds reference to:
15 ILCS 520/7 from Ch. 130, par. 26

Deletes everything. Amends the Deposit of State Moneys Act. Provides that the State Treasurer may accept a reduced rate of interest on deposits of State moneys from a financial institution if the institution agrees to (i) make home loans to Illinois citizens purchasing a home in Illinois in situations where the institution would not offer the borrower a home loan under the institution’s prevailing credit standards without the incentive of the reduced rate of interest on deposits of State moneys and (ii) refrain from commencing or pursuing foreclosure proceedings with respect to home loans of Illinois citizens who have failed to make payments on the home loan as a result of a temporary layoff or disability when under the institutions prevailing policies it would commence or pursue foreclosure proceedings without the incentive of a reduced rate of interest on deposits of State moneys. Effective immediately.

SENATE AMENDMENT NO. 2.

Further amends the Deposit of State Moneys Act. Allows certain interest income on deposits of State moneys to be used to secure up to 10% of (i) home loans in situations where the financial institution would not offer the borrower a loan under the institution’s prevailing credit standards without the incentive of a reduced rate of interest on deposits of State moneys and (ii) existing home loans that would be subject to foreclosure under an institution’s prevailing policies if it were not for the incentive of a reduced rate of interest on deposits of State moneys (instead of allowing the institution to pay a reduced rate of interest if it agrees to a plan to make those loans).

Amends the Humane Care for Animals Act and the Criminal Code of 1961. Removes the penalties and prohibitions from the Humane Care for Animals Act and places them in the Criminal Code of 1961. In the Criminal Code provisions provides for enhanced penalties for a person who knowingly makes available any site, structure, or facility, whether enclosed or not, that he or she knows or should know is intended to be used for the purpose of conducting a dogfight or for knowingly manufacturing, distributing, or delivering fittings to be used in a dogfight. Provides for enhanced penalties for knowingly owning a dog for fighting purposes or for producing a fight between 2 or more dogs or a dog and human or for knowingly offering for sale or selling a dog bred for fighting if any of the following factors is present: (i) the dogfight is performed in the presence of a person under 18 years of age; (ii) the dogfight is performed for the purpose of, or in the presence of illegal wagering activity; or (iii) the dogfight is performed in furtherance of streetgang related activity as defined in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

CORRECTIONS NOTE (Department of Corrections)

There are no data to objectively estimate the impact of this legislation, but it is expected to be minimal. Each person sentenced to a Class 4 felony would serve seven months in pri-

son at a cost of \$11,400, and any Class 3 admission would serve twelve months in prison at a cost of \$19,543. Each admission would require the construction of one additional prison bed at a cost of \$43,864.

SENATE AMENDMENT NO. 1.

Further amends the Humane Care for Animals Act. Restores the penalties and prohibitions previously deleted from the Humane Care for Animals Act. Provides for enhanced penalties for a person who knowingly makes available any site, structure, or facility, whether enclosed or not, that he or she knows or should know is intended to be used for the purpose of conducting a dogfight or for knowingly manufacturing, distributing, or delivering fittings to be used in a dogfight. Provides for enhanced penalties for knowingly owning a dog for fighting purposes or for producing a fight between 2 or more dogs or a dog and human or for knowingly offering for sale or selling a dog bred for fighting if any of the following factors is present: (i) the dogfight is performed in the presence of a person under 18 years of age; (ii) the dogfight is performed for the purpose of, or in the presence of illegal wagering activity; or (iii) the dogfight is performed in furtherance of streetgang related activity as defined in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act. Amends the Criminal Code of 1961. Creates the offense of dog fighting, which mirrors the prohibitions and penalties in the Humane Care for Animals Act. In both the Humane Care for Animals Act and the Criminal Code of 1961, for offenses classified as felonies for a first violation, provides that the defendant is guilty if he or she knows (instead of knows or should know) that the animals or property involved are intended to be used for purposes prohibited by the Act and the Code.

705 ILCS 105/27.6

Amends the Clerks of Courts Act. Provides that fees collected for electronic monitoring, drug or alcohol testing and screening, probation, and supervision fees are exempt from the disbursement provisions relating to other fees, fines, costs, additional penalties, bail balances assessed or forfeited, and any other amounts paid to the circuit clerk. Effective immediately.

FISCAL NOTE (Office of Illinois Courts)

In Cook County and the other counties that have elected to distribute money under Sections 27.5 and 27.6 of the Clerks of Courts Act, HB 2455 would decrease the amount of money distributed to local governments, the county general fund and the State. The specific amount of the decrease cannot be determined because the amount will depend on the amount of the fees imposed and the number of cases involved. HB 2455 would increase the amount of money deposited in Probation and Courts Services Funds in the counties affected.

Amends the Southern Illinois University Management Act. Requires the University to establish a hospitality industry training program at its facility located in East St. Louis, Illinois, subject to approval by the Board of Higher Education.

FISCAL NOTE (Southern Illinois University)

Program costs: If SIU-Carbondale expands its baccalaureate degree program in Hotel, Restaurant, and Travel Administration, there would be a one-time cost of \$300,000 and recurring costs of \$210,000. If SIU-Edwardsville offers two certificate programs on-site, there would be recurring costs of \$200,000. Capital costs: Regardless of option, the capital costs for

implementing the proposed hospitality program in East St. Louis will entail a significant dollar investment, plus reoccurring operations and maintenance costs. Option 1, use of the existing East St. Louis Center Building, would have a one-time cost of \$15,000,000. Option 2, demolishing the existing building would cost \$1,000,000 and constructing a new facility on the same site would cost \$2,000,000. Option 3, constructing a new facility adjacent to the East. St. Louis Higher Education Center, with internship requirements handled off-site in businesses located in the St. Louis Metropolitan region, would cost \$2,000,000.

HB-2519 YOUNGE – JONES,LOU – JONES,SHIRLEY.

New Act

Creates the Katherine Dunham Performing Arts School Act. Establishes the Katherine Dunham Performing Arts School, to be located at the Rock (Hughes Quinn) School in East St. Louis, Illinois. Provides that the school shall admit students in grades pre-kindergarten through 12 and students seeking baccalaureate degrees who have been determined eligible to attend. Provides that the school shall be funded by federal grants and State appropriations. Provides that private contribution and endowment programs may be established. Provides that the school shall be governed by a board of trustees, who shall appoint a director to be the chief administrative officer. Lists the powers and duties of the board.

FISCAL NOTE (State Board of Education)

The school would be funded with State and federal funds and private contributions. It is difficult to determine a specific cost for such a program. It is unclear how large an institution this would be and what capital and equipment cost would be. It is unclear if students are to be housed at the school, similar to those at the Illinois Mathematics and Science Academy (IMSA) and other State schools. It is unclear what the State funding mechanism will be, if the school is eligible for general State aid and other State programs, or if it would be a stand alone appropriation. Using IMSA as a proxy, the annual general funds appropriation for 612 teachers and 1377 students is approxi-

mately \$15 million.

STATE MANDATES NOTE (State Board of Education)

HB 2519 does not establish a new mandate for school districts.

HOUSE AMENDMENT NO. 1.

Removes the provision that requires the Katherine Dunham Performing Arts School to be located at the Rock (Hughes Quinn) School.

HOUSE AMENDMENT NO. 2.

Provides that the performing arts school shall instead be an academy for performing, visual, and cultural arts, and makes changes to reflect this. Provides that teachers for the academy shall be selected from throughout the world (not just from throughout the State).

New Act

Creates the Empowerment Zone and Enterprise Community School Facility Act. Provides that the Department of Commerce and Community Affairs and the University of Illinois' Urban School Improvement Program shall implement an Illinois Empowerment Zone and Enterprise Community School Facility Improvement Program (EZ/EC program) to develop and demonstrate mechanisms to attract federal resources and private sector investments to administer the program and support the repair, renovation, and improvement of school buildings and facilities in communities designated under federal law or regulations as Empowerment Zones and Enterprise Communities. Specifies types of demonstration methods that employ federal EZ/EC incentives to leverage private investment in support of improving school buildings and facilities. Provides for implementation of the EZ/EC program in conjunction with schools in communities located in Chicago, East St. Louis, and Springfield. Effective immediately.

FISCAL NOTE (Dept. of Commerce and Community Affairs)

An estimate of the amount of contractual assistance required to implement and administer this program cannot be made at this time. Therefore, a reasonable estimate of the fiscal impact of HB 2520 on the Department cannot be made at this time.

HB-2523 MADIGAN,MJ – DELGADO – COLLINS, HOWARD, STROGER, MCKEON, SOTO, JONES,LOU, JONES,SHIRLEY, BURKE AND MURPHY.

105 ILCS 5/18-8.05

Amends the State aid formula provisions of the School Code. Increases the minimum amount of supplemental general State aid funds that a school district with an average daily attendance of 50,000 or more is required to distribute in accordance with certain requirements to \$293,000,000 (from \$261,000,000) for the 2001-2002 school year, with this amount being increased for each school year thereafter by the same percentage increase, if any, as the percentage increase in the amount of general State aid allotted to the district. Effective immediately.

HOME RULE NOTE (Dept. of Commerce and Community Affairs)

HB 2523 pertains to State aid allotted to school districts. The legislation does not relate to a home rule unit of local government.

FISCAL NOTE (State Board of Education)

The Chicago Public Schools received approximately \$725.8 million in general State aid in FY01 of which approximately \$207.2 million was through the supplemental general State aid component. The statute already requires the Chicago Public Schools to distribute \$261 million of such "poverty" funds for these purposes, approximately \$54 million more than they receive. HB 2523 increases this distribution from \$261 million to \$293 million in FY02. This will obviously increase the Chicago Public Schools "subsidy" for this purpose by \$32 million.

STATE MANDATES NOTE (State Board of Education)

Sames as SBE fiscal note.

HOUSE AMENDMENT NO. 2.

Deletes everything after the enacting clause. Amends the School Code. Makes a technical change in a Section concerning the State aid formula.

HB-2531 DELGADO – FRITCHEY – SOTO – MILLER – DART, DAVIS,MONIQUE, YARBROUGH AND SCHOENBERG.

New Act

Creates the Short-term Loan Act. Requires applicants to provide public notice of the filing of applications for licenses and renewals. Requires a licensee to disclose all fees and interest charges on loans for all durations of loans made by the licensee. Requires licensees to disclose when renewing the license the number of loans made secured by title to a motor vehicle, the number of vehicle repossessions, the number of loans secured by post-dated checks, and the number of loans secured by post-dated checks that were defaulted. Requires licensees to disclose a toll-free telephone number for the Department of Financial institutions. Provides that the appraisal of motor vehicles that secure loans may not exceed the vehicle's "blue book" value. Requires licensees to provide debt management counseling information to defaulting borrowers. Provides that licensees may, but do not have to, issue loan proceeds by check. Prohibits additional charges for cashing instruments issued by the licensee. Imposes limits on origination fees for loans. Limits interest charges to an annual percentage rate not exceeding 40 percentage points over the prime rate. Authorizes a borrower to make partial payments at any time without charge. Provides that with respect to a check received as payment for a loan that is returned for nonpayment, a licensee may assess a fee only once regardless of how many times the check is redeposited and that the fee is the exclusive charge for late payment. Effective immediately.

FISCAL NOTE (Department of Financial Institutions)

HB 2531 would have a fiscal impact of at least \$225,000 to cover the cost of putting together a database to collect and store the statistical information coming to the Department. There would also be additional costs from HB 2531 to cover the costs of hearings. The Department estimates \$5,000 per hearing, but there is no way to determine the number of hearings that would result from this bill.

HOUSE AMENDMENT NO. 1.

Removes limit on finance charges. Removes restriction against locating a licensee near a college or university. Reduces from one mile to one-half mile the distance that a licensee location must be from wagering facilities. Provides that reports available to the public must be redacted to protect competitive practices or trade secrets. Eliminates criminal penalties for violations.

415 ILCS 5/1 from Ch. 111 1/2, par. 1001

Amends the Environmental Protection Act. Makes technical changes in a Section concerning the short title.

STATE MANDATES NOTE, H-AM 3
(Department of Commerce and Community Affairs)
In the opinion of DCCA, HB 2576 (H-am 3) does not create a State mandate under the State Mandates Act.

HOME RULE NOTE, H-AM 3
(Department of Commerce and Community Affairs)
This legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 2576 (H-am 3) does not preempt home rule authority.

HOUSE AMENDMENT NO. 3.

Deletes reference to:

415 ILCS 5/1

Adds reference to:

415 ILCS 5/4 from Ch. 111 1/2, par. 1004

Replaces everything after the enacting clause. Amends the Environmental Protection Act. Designates the Illinois Environmental Protection Agency as administrator of wetlands and erosion control programs under the federal Clean Water Act for the State of Illinois. Provides that beginning on the effective date, no other commission, agency, district, or other governmental entity has any authority to regulate wetlands or erosion control programs, except as may be delegated to it by the Agency or otherwise specifically granted by law. Effective immediately.

FISCAL NOTE, H-AM 3 (Environmental Protection Agency)
The U.S. Supreme Court held that the U.S. Army Corps of Engineers did not have the authority to regulate isolated wetlands under the federal Clean Water Act. Since isolated wetlands are no longer covered by the federal Clean Water Act, it is unclear what authority and responsibilities the Agency would be required to administer. Therefore, the Agency is unable to determine a fiscal impact.

40 ILCS 5/2-101 from Ch. 108 1/2, par. 2-101

Amends the Illinois Pension Code. Makes a technical change in a Section concerning the General Assembly.

PENSION NOTE (Pension Laws Commission)

House Bill 2703 has no fiscal impact.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

40 ILCS 5/2-101 from Ch. 108 1/2, par. 2-101

Adds reference to:

40 ILCS 5/2-123 from Ch. 108 1/2, par. 2-123

40 ILCS 5/14-105.1 from Ch. 108 1/2, par. 14-105.1

Deletes everything. Amends the Illinois Pension Code. Provides that a former member of the General Assembly Retirement System may transfer credits from the State Employees' Retirement System to GARS and may reinstate credits in those Systems that have been terminated due to acceptance of a refund. Also makes technical changes. Effective immediately.

PENSION NOTE, H-AM 1 (Pension Laws Commission)

The fiscal impact of HB 2703 (H-am 1) cannot be calculated, as it depends on the amount of service credit transferred. The fiscal impact is expected to be very minor.

FISCAL NOTE, H-AM 1 (State Employees Retirement Systems)

It is not possible to determine the precise impact of HB 2703.

Since an individual transferring credit from SERS to GARS must pay the full employer and employee contributions, the resulting cost impact would be very minor.

705 ILCS 405/5-175 new
 720 ILCS 5/1-9 new
 725 ILCS 5/103-10 new

Amends the Juvenile Court Act of 1987, the Criminal Code of 1961, and the Code of Criminal Procedure of 1963. Adds a new Section to each of these Acts concerning videotaped confessions. Each new Section contains only a caption.

FISCAL NOTE, AMENDED (Criminal Justice Information Authority)

If HB 2740, as amended, becomes law, there is expected to be a significant impact on local police agencies. Grant funds necessary to purchase digital video and related equipment for all Illinois law enforcement agencies to tape custodial interrogations is estimated to be at least \$12.8 million. The Authority would administer these grant funds. Based on the Authority’s experience with federal grant programs, 5% to 10% of grant funds are needed to properly administer a program. Basing administrative costs on the 5% figure, the Authority estimates that the cost to administer a grant program of this magnitude would be approximately \$640,000. Therefore, the total impact on local law enforcement agencies and teh Authority would be approximately \$13.4 million.

Amends the Radon Industry Licensing Act. Provides that a person who sells a device or performs a service without being properly licensed under this Act shall be required to pay a civil penalty of up to \$5,000 for each offense, in addition to any other penalty provided by law. Provides that the person must be given an opportunity for a hearing prior to final action by the Department. Provides that the civil penalty must be paid within 30 days after the order becomes final. Effective immediately.

FISCAL NOTE (Department of Nuclear Safety)

The number of unlicensed practice cases that may occur in any given year is impossible to determine, but a realistic estimate would be 5 to 10 cases per year. The maximum penalty that the Department could assess under this bill is \$5,000 per violation. The estimated total amount of penalties assessed in any single year would be \$5,000 to \$25,000. The Department's effort in manpower and other costs will not change significantly from the current efforts used in dealing with these cases.

New Act

Creates the Land Banking Beneficial Disclosure Act. Provides that no agreement or understanding of any kind may be made or entered into by any department or agency of the State of Illinois with a trustee or beneficiary of a land trust, when the land is intended for use as a correctional facility or for airport purposes, until the beneficial interests in the property or land trust have been fully disclosed in a written statement to the department or agency. Requires the disclosure statement to identify each beneficiary and define his or her interest. Requires the trustee to file the disclosure statement with the county recorder. Effective immediately.

FISCAL NOTE (Department of Transportation)

Passage of HB 3024 would require that land trust disclosures be recorded. This recording requirement would cause a small increase in Department expenditures, but the exact amount is indeterminate at this time.

HB 3024 includes no particular conveyance of property by the State, therefore, the filing requirement for an appraisal is not applicable.

STATE MANDATES NOTE

STATE MANDATES NOTE, H-AM 2

HB-3030 SCHOENBERG.

15 ILCS 520/22.5 from Ch. 130, par. 41a

Amends the Deposit of State Moneys Act. Permits the State Treasurer to deposit uncommitted State funds at reduced interest rates in Illinois financial institutions that agree to make loans to units of local government for specified infrastructure projects.

FISCAL NOTE (State Treasurer)

HB 3030 will have a financial impact on the State's revenues.

A program in the State which already provides low rate loans for wastewater treatment or sewer and water lines averages about \$100,000,000 in new loans per year at 2.905%. For the program to be viable the Treasurer's Office would need to match that rate to the borrower. The decrease in revenue would be \$6,430,000 per year for each \$100,000,000 in outstanding loans. The Treasurer's Office cannot make an estimate of the activity of electrical system loans but based on current return rates, every \$50,000,000 in loans outstanding would be an annual decrease in revenues of \$3,215,000.

820 ILCS 315/3 from Ch. 48, par. 283

Amends the Law Enforcement Officers, Civil Defense Workers, Civil Air Patrol Members, Paramedics, Firemen, Chaplains, and State Employees Compensation Act. Provides that beginning on the effective date of the amendatory Act and until January 1, 2003, the death benefit paid to the person designated by a covered official or employee shall be \$118,000 (rather than \$100,000). Provides that beginning January 1, 2003, the death compensation rate shall be increased on January 1 of each year by an amount equal to 3% of the compensation amount payable for a death occurring in the previous year. Effective immediately.

FISCAL NOTE (Court of Claims)

The Court of Claims pays a \$100,000 death benefit to surviving spouse or other designated survivors of covered officials and employees (including law enforcement officials and firemen) who are killed in the line of duty. The Court awarded 6 claims (\$600,000) in FY 99, 7 claims (\$700,000) in FY 00 and, to date, 8 claims (\$800,000) in FY 01. The fiscal impact of the increase provided in HB 3033 would depend on the actual number of future claims. Each claim awarded would cost the State an additional \$18,000 and a greater amount, annually, each year after 12/30/02.

HOUSE AMENDMENT NO. 1.

Deletes everything. Reinserts the provisions of the original bill with changes. Changes the annual increase in the death compensation rate from 3% to a percentage based on the federal Employment Cost Index for state and local government workers in public administration.

HB-3052 FLOWERS – DAVIS,MONIQUE.

New Act

Creates the Notice to Health Carriers Act. Provides that the Department of Professional Regulation shall provide health carriers with notice of adverse decisions against a physician or other licensed healthcare professional. Authorizes health carriers to limit, restrict, suspend, or terminate an agreement with physicians and other licensed health care professionals under certain circumstances. Provides immunity for health carriers against causes of action by physicians or other licensed health care professional based upon actions taken in response to the notice of adverse decision. Effective immediately.

FISCAL NOTE (Department of Professional Regulation)

The Department expects HB 3052, in its current form, to have a financial impact on the agency. The disciplinary information is currently available on the agency's Internet web site at no cost to the inquirer. The Department also continues to sell a monthly subscription to mail or fax the monthly disciplinary report at a cost of \$48 per year. The maximum cost to DPR, assuming that all health carriers requested a mailed copy of the report provided at no charge from the agency, is \$62,640 per year (1,305 health carriers at \$48). If all health carriers instead accessed the information from the web site, there would be no additional financial impact to the agency.

STATE MANDATES NOTE (Dept. of Commerce & Community Affairs)

In the opinion of the Department of Commerce and Community Affairs (DCCA), HB 3052 does not create a State mandate under the State Mandates Act.

305 ILCS 5/12-4.11

from Ch. 23, par. 12-4.11

Amends the Illinois Public Aid Code. Requires the Department of Human Services to increase TANF grant amounts by 15% effective July 1, 2001 and again July 1, 2002. Requires the Department on January 1, 2004 and every 2 years thereafter to report to the Governor and the General Assembly concerning the adequacy of TANF grant amounts to meet families' subsistence needs. Effective July 1, 2001.

HOUSE AMENDMENT NO. 1.

Provides that effective July 1, 2002 and each July 1 thereafter, the Department of Human Services must increase TANF grant amounts by no less than the increase in the federal employment cost index for the preceding calendar year (instead of increasing the grant amounts, effective July 1, 2002 only, by no less than 15% above the amounts in effect on June 30, 2002).

FISCAL NOTE (Department of Human Services)

Increasing TANF grant amounts by 15% of the current payment level, beginning July 2001, would yield an annual cost of approximately \$32.4 million or \$39 monthly per case. This cost estimate is based on the current FY01 TANF caseload of 69,852 cases and the predominate family size of three. The additional increase of 15% in the following years (July 2002) built on the prior year's increase would yield an additional annual cost of approximately \$37.3 million or \$45 monthly per case. In addition, the Department would incur additional cost due to cases remaining on the caseload for longer periods of time.

Provides that the Secretary shall adopt rules defining the terms and conditions by which the individual may obtain and renew this special restricted license. Amends the Telecommunications Article of the Public Utilities Act. Creates the Telecommunications Consumer Choice Law of 2001. Provides that all interconnection agreements between an incumbent local exchange carrier and any other telecommunications carrier must be filed with the Commerce Commission as a tariff. Allows any telecommunications carrier to order any offering from an interconnection agreement or any other tariff regardless of whether or not that telecommunications carrier has its own interconnection agreement. Establishes criteria for classification of a service as competitive. Prohibits alternative forms of regulation (non-ratemaking) for incumbent local exchange carriers that do not comply with structural separation requirements that require separate subsidiaries for the provision of competitive services. Removes exemption from the enforcement procedures applicable to certain Bell operating companies. Increases authorized penalties from \$30,000 to \$1,000,000. Imposes obligations upon incumbent local exchange carriers with respect to interconnection, collocation, and network elements of service. Provides for the repeal of the Telecommunications Article on July 1, 2007 rather than July 1, 2001. Amends the Illinois Antitrust Act. Provides that a violation of interconnection obligations by an incumbent local exchange carrier is a prima facie violation of the Act. Abolishes an exemption for certain telecommunications activities under the Public Utilities Act. Effective immediately.

Amends the Election Code and the State Mandates Act. Requires a county clerk or board of election commissioners to provide a deputy registrar with additional voter registration application forms if the deputy registrar has no more than 5,000 (now, 200) such forms unaccounted for in the preceding 12 months. Requires a county clerk or board of election commissioners to accept an application for registration in another jurisdiction in the State and forward that application to the State Board of Elections, which shall record the application and forward it to the appropriate county clerk or board of election commissioners. Provides deadlines for forwarding applications. Requires the State Board of Elections to adopt rules concerning the acceptance and forwarding of applications. Requires implementation without reimbursement.

FISCAL NOTE (State Board of Elections)

HB 3149 would have minimal fiscal impact on the operations of the State Board of Elections. Any implementation costs could be absorbed within the regular operating budget.

HOME RULE NOTE (Department of Commerce and Community Affairs)

HB 2149 outlines procedures to be followed by county officials regarding voter registration applications. The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 3149 does not pre-empt home rule authority.

STATE MANDATES NOTE

(Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 3149 creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act. In addition, the legislation amends the State Mandates Act to provide that reimbursement by the State is not required for the implementation of any mandate created by HB 3149.

HOUSE AMENDMENT NO. 1.

Changes from 200 to 500 the number of registration forms an election authority must provide to a deputy registrar with unaccounted forms in the preceding 12 months. Provides that an election authority receiving a voter registration for another election jurisdiction must forward the registration directly to the election authority of the other jurisdiction, rather than to the State Board of Elections.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)
 In the opinion of the DCCA, HB 3184 creates both a due process mandate for which no reimbursement is required, and a service mandate for which 50% to 100% of the increased cost to local governments would normally be required. Amends the IMRF Article of the Illinois Pension Code. Provides that an elected or appointed coroner or medical examiner may elect to participate in the Fund as a sheriff's law enforcement employee (SLEP). Allows conversion of prior service. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)

The fiscal impact of HB 3205 cannot be determined, as the number of elected or appointed medical examiners who would

elect to be covered by the SLEP formula is unknown. Including additional employees under the SLEP formula would increase IMRF costs for their employers.

HB-3212 SCHOENBERG – MULLIGAN – OSMOND – DART, FRANKS, MATHIAS AND HOWARD.

New Act

Creates the Technology Development Act. Creates the Technology Development Fund as a special fund held separately by the State Treasurer and used by the State Treasurer to attract, assist, or retain quality technology businesses in Illinois. Permits the State Treasurer to make a one-time transfer to the Fund from the General Revenue

Fund in an amount not to exceed \$50,000,000. Permits the State Treasurer to deposit up to \$50,000,000 at reduced interest rates in financial institutions that use the moneys for development of technology initiatives in Illinois. Effective immediately.

FISCAL NOTE (Treasurer of the State of Illinois)

HB 3212 will create the Technology Development Fund and fund it with a transfer not to exceed \$50,000,000. Administrative costs are expected to be \$300,000. An estimate of the revenue generated from the fund is not possible at this time. It is possible the program could generate sufficient revenues over what would normally be earned in interest to offset the costs or could return less than normal.

HOUSE AMENDMENT NO. 1.

Requires that any venture capital firm's fund in which the State Treasurer invests must invest in technology businesses seeking to locate, expand, or remain in Illinois in an amount equal to or greater than the State Treasurer's investment. Limits the State Treasurer's investment in such a fund to 20% of that fund's total investments. Changes the maximum administrative expenses to be paid from the Technology Development Fund to \$200,000 per fiscal year.

SENATE AMENDMENT NO. 1.

Adds reference to:

15 ILCS 520/22.5 from Ch. 130, par. 41a

Deletes everything after the enacting clause. Creates the Technology Development Act. Authorizes the State Treasurer to establish the Technology Development Account, a limited portion of the Treasurer's investment portfolio that may be used for investments to attract, assist, and retain quality technology businesses in Illinois. Defines an Illinois venture capital firm as one with (i) a majority of its employees in Illinois or (ii) at least one managing partner domiciled in Illinois with significant investments in Illinois companies. Limits the State Treasurer's participation in a venture capital fund to 10% of the fund's investments. Limits the State Treasurer to investing one-third of the Account in any one year. Amends the Deposit of State Moneys Act. Authorizes the State Treasurer to invest State moneys in accordance with the Technology Development Act. Effective immediately.

from Ch. 24, par. 11-74.4-5

Amends the Tax Increment Allocation Redevelopment Act and the Industrial Jobs Recovery Law in the Illinois Municipal Code. Provides that the report required to be sent by the municipality concerning its tax increment financing district or districts to the Comptroller shall be sent instead to the Department of Commerce and Community Affairs (DCCA). Provides that DCCA shall annually evaluate tax increment financing districts in Illinois using a cost-benefit analysis. For each tax increment financing district DCCA shall determine the increase in the assessed value of property in the district from the time the district was formed up to the date of the most recent report filed by the municipality and the amount of tax revenue foregone by each taxing district in which the tax increment financing district is located. Provides that DCCA shall determine, for all tax increment financing districts combined, the level of tax revenue generated within the districts at the time the district was formed and the tax revenue generated in the dis-

tricts at the time of the most recent reports submitted by the municipality. Requires DCCA to submit a report of this analysis to the municipality in which the tax increment financing district is located and to each taxing body affected by the tax increment financing district. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes reference to:
65 ILCS 5/11-74.4-5
65 ILCS 5/11-74.6-22

Deletes everything. Provides that all tax increment financing reports filed with the Comptroller by municipalities must be provided by the Comptroller to the Department of Commerce and Community Affairs (DCCA) for use by the Tax Increment Effectiveness Evaluation Task Force (rather than requiring the municipalities to file the reports directly with DCCA). Creates the Tax Increment Effectiveness Evaluation Task Force to evaluate the effectiveness of tax increment financing districts in Illinois (rather than requiring DCCA to annually evaluate tax increment financing districts). Provides that the Task Force must investigate and determine the best methods to use to make the evaluations and must prepare and submit a report no later than June 30, 2002 containing its recommendations for the establishment of a system to evaluate the effectiveness of tax increment financing districts in Illinois. Provides that upon receipt of the Task Force's report the Department of Commerce and Community Affairs shall begin to implement the evaluation system recommended in the Task Force's report. Effective immediately.

FISCAL NOTE, H-AM 1

(Department of Commerce and Community Affairs)

The fiscal impact of HB 3241 (H-AM 1) on DCCA to reimburse the Task Force for expenses cannot be reasonably estimated at this time. The cost associated with implementing a TIF evaluation system is estimated to exceed \$300,000.

HOUSE AMENDMENT NO. 2.

Deletes everything. Reinserts the provisions of House Amendment No. 1 with the following changes. Removes the requirement that the reports must be provided to DCCA for use by the Task Force. Changes the number of members on the Task Force from 11 to 15 and changes the composition of the Task Force. Removes the provision for the reimbursement for reasonable and necessary expenses of Task Force members. Provides that the Director of Commerce and Community Affairs shall call the first meeting and that the Task Force shall select a chairperson at the first meeting (now, Director names the chairperson). Provides that the Task Force's report be submitted to the General Assembly and the Governor (now, to DCCA). Removes the requirement that DCCA begin to implement the evaluation system upon receipt of the Task Force's report. Effective immediately.

HB-3346 HAMOS – DART – LANG – FEIGENHOLTZ – SCHOENBERG.

215 ILCS 5/155.37 new

Amends the Illinois Insurance Code. Creates the Holocaust Victims Insurance Law. Requires the Department of Insurance to establish a toll-free telephone number to assist

persons seeking recovery of proceeds of an insurance policy issued to a Holocaust victim. Provides that insurers must expeditiously investigate claims under policies issued to Holocaust victims and allow claimants to meet a reasonable standard of proof pursuant to standards established by the Department. Requires insurers to allow claims irrespective of statute of limitations and notice requirements if the claim is filed within 10 years after the effective date of this amendatory Act. Authorizes a private right of action for damages caused by violations of the Law. Requires the Department to report to the General Assembly regarding insurers in this State that have a legal relationship with an international insurer that could have issued a policy to a Holocaust victim and claims related to Holocaust victims.

FISCAL NOTE (Department of Insurance)

The Department estimates that the costs associated with establishing a toll-free hotline would be approximately \$600 annually, including obtaining a new toll-free number, monthly phone charges, installation of the toll-free line, as well as installation and monthly charges associated with listing the number in a directory. In addition to these charges, there would be a cost associated with every incoming call received by the Department. The Department cannot estimate how many calls would be made to this hotline, and therefore, the Department cannot determine the cost of these calls.

HOUSE AMENDMENT NO. 1.

Deletes provision requiring the Department of Insurance to operate the toll-free telephone number in multiple languages. Requires an insurance company to ascertain whether it has a legal relationship to an international insurer that is a legal successor to an international insurer that issued a policy to a Holocaust victim. Provides that insurers can comply with the requirements of this amendatory Act by demonstrating compliance with an international commission on insurance claims by Holocaust victims.

Further amends the Illinois Vehicle Code. Changes the short title to the “Domestic Products Procurement Act” and expands the scope of the Act to apply to all purchases or leases of commodities or manufactured goods by the State of Illinois from 2002 until 2007. Provides that, with specified exceptions, the State of Illinois shall purchase or lease only materials, commodities, or goods that are manufactured or supplied by companies whose products consist of a specified minimum level of U.S. or Canadian content. Amends the Illinois Procurement Code. Requires all goods purchased under the Code to be Illinois-made goods unless the cost of Illinois-made goods exceeds the cost of other goods by 10% or more. Requires all goods purchased under the Code to be U.S.-made goods unless the cost of the U.S.-made goods exceeds the cost of other goods by 10% or more.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 3618 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Department of Central Management Services)

This legislation will affect the procurements made through the CMS Procurement Services Division and Bureau of Communication and Computer Services. Increased CMS administrative costs necessary to certify the content and origin of products, including 23 additional staff, would exceed \$1,645,644, of which \$1,594,517 would be needed annually. The state agencies purchases for products is approximately \$350,000,000. This legislation would also affect product purchases at universities and of constitutional officers not estimated here. This legislation could increase the spending up to 10%. So, the increased cost to the State of Illinois agencies for product purchases could approximate \$35,000,000 annually.

Amends the Illinois Municipal Retirement Fund Article of the Illinois Pension Code to authorize participation in the Fund by the employees of a charter school who are not eligible to participate in any other pension fund or retirement system established under the Code. Effective immediately.

PENSION IMPACT NOTE (Pension Laws Commission)

Employees of employers joining IMRF receive credit (without making contributions) for 5 years or 20% of service with the employer, whichever is less. Upon joining IMRF, a charter school would be required to make annual contributions to amortize the unfunded liability (over 10 years) created by employees' past service credit. The resulting increase in unfunded liability and associated annual costs cannot be determined, as the amount of outstanding service that would be granted to employees of charter schools is unknown. Allowing certain employees of charter schools into IMRF would not affect the accrued liability or annual cost of any other IMRF employer.

HB-3632 SCULLY – PARKE – DELGADO – MAY – CROTTY.

New Act

Creates the Fireworks Outdoor Advertising Act. Prohibits outdoor billboards advertising fireworks for sale. Restricts the concurrent exercise of home rule powers.

HOME RULE NOTE

(Illinois Department of Commerce and Community Affairs)
 A home rule unit may not regulate the outdoor advertising of fireworks in a manner less restrictive than the Fireworks Outdoor Advertising Act. This is a limitation on the concurrent exercise by home rule units of the powers and functions exercised by the State. Therefore, in the opinion of DCCA, HB3632 pre-empts home rule authority.

FISCAL NOTE

(Illinois Department of Commerce and Community Affairs)
 HB 3632 does not incur a fiscal impact on DCCA or on units of local government.

Provides that the penalty is a Class 2 felony. Creates the offense of making a false report to a public safety agency. Provides that the offense consists of making a false complaint or request by calling 911, making various false alarms and reports to fire and police departments and public safety agencies concerning fires or the commission of criminal offenses, or making a false request for ambulance or emergency medical technician services. Establishes various penalties. Amends the Unified Code of Corrections. Provides that a person convicted of making a false report of terrorism or other danger or of making a false report to a public safety agency must pay restitution in the amount of the total actual out-of-pocket expenses, losses, damages, or injuries to a victim proximately caused by the conduct that constitutes the offense. Effective immediately.

CORRECTONAL NOTE (Department of Corrections)

Since the Department does not know how many of the offenses outlined in this legislation will take place and how this enhancement will be used by state prosecutors, the precise number of prison sentences which would result from this legislation is unknown. Thus, an accurate estimate of the impact on the prison population cannot be determined.

105 ILCS 5/34-23.5 new

Amends the School Code. Provides that, in lieu of issuing tax anticipation warrants, the Chicago Board of Education may issue notes, bonds, or other obligations (and in connection with that issuance, establish a line of credit with a bank) in an amount not to exceed 85% of the amount of property taxes most recently levied for educational and building purposes. Provides that all moneys so borrowed shall be repaid from the taxes when collected. Provides that the borrowing shall bear interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act, from the date of issuance until paid. Provides that prior to the Board borrowing or establishing a line of credit, the Board shall authorize, by resolution, the borrowing or line of credit. Establishes requirements for the resolution. Effective immediately.

HOUSE AMENDMENT NO. 1.

Provides that all moneys so borrowed shall be repaid exclusively from property tax revenues within 60 days after the property tax revenues have been received by the Board (instead of the money being repaid from the taxes when collected).

HOUSE AMENDMENT NO. 2.

Adds reference to:

105 ILCS 5/17-17 new

Allows all school districts, not just Chicago, to issue notes, bonds, or other obligations in lieu of tax anticipation warrants.

FISCAL NOTE, H-AM 1 & 2 (State Board of Education)

HB 3729, as amended by H-ams #1 and #2, should not increase costs to the State. Using notes, bonds, and other obligations instead of tax anticipation warrants may increase or decrease borrowing costs for local school districts depending on the circumstances, but it is likely to be a marginal change in either case.

STATE MANDATES NOTE, H-AM 1 & 2 (State Board of Education)

Same as SBE fiscal note.

Amends the State Employee Article of the Illinois Pension Code to remove the Social Security offset against widow and survivor annuities for all annuitants, beginning January 1, 2003. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to the System’s actuary, HB 3758 would increase the accrued liabilities of the SERS by an estimated \$219 million.

The estimated increase in the required annual State contribution, per P.A. 88-593 is as follows:

FY 2003 estimated payroll	\$ 3,762.0 million
FY 2003 estimated contributions	0.0
FY 2004 estimated payroll	3,890.0 million
FY 2004 estimated contributions	0.0
FY 2005 estimated payroll	4,020.0 million
FY 2005 estimated contributions	4.1 million
FY 2010 estimated payroll	4,711.0 million
FY 2010 estimated contributions	31.2 million
FY 2020 estimated payroll	6,518.0 million

FY 2020 estimated contributions	43.2 million
FY 2030 estimated payroll	9,445.0 million
FY 2030 estimated contributions	62.6 million
FY 2045 estimated payroll	17,042.0 million
FY 2045 estimated contributions	112.8 million

Even with the elimination of the Social Security offset and the resulting increase in accrued liability, required State contributions to SERS are not expected to change until FY 2005, as the minimum statutory rates established by P.A. 90-65 are expected to be higher than the calculated actuarial rates (per P.A. 88-953) until then.

HB-3761 FEIGENHOLTZ.

35 ILCS 405/2 from Ch. 120, par. 405A-2

Amends the Illinois Estate and Generation-Skipping Transfer Tax Act. Provides that "State tax credit" means the credit for state tax allowable under certain provisions of the Internal Revenue Code as computed under the federal estate tax law in effect on December 31, 2000 (now, allowable under those provisions of the Internal Revenue Code as amended from time to time). Effective January 1, 2003.

FISCAL NOTE (Attorney General)

The changes proposed by HB 3761 will have little impact on FY 2003 estate tax revenues because of the bill's effective date of January 1, 2003. The estate tax is generally paid nine months after death. Thus, for persons dying on January 1, 2003, the effects of the bill will not be seen until the beginning of the second quarter of FY 2004, on October 1, 2003. As a result the A.G. Office estimates that Illinois will still see a \$139 million revenue loss in FY 2003. Even if the bill became effective on July 1, 2002, Illinois would still lose \$92 million for FY 2003 since the proposed changes would have no effect on the estates of persons dying between January 1, 2002 and June 30, 2002. In FY 2004 and thereafter, the bill would have the intended effect of fully restoring revenue that otherwise would be lost. If the bill becomes law, the A.G. Office estimates that in FY 2004 it would save \$240 million in estate tax revenues that will otherwise be lost.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Amends the Property Tax Code with respect to leased low-rent housing abatements. Provides that, to be eligible for a leased low-rent housing abatement, the property must (i) not be exempt under the Code as housing authority property (new requirement); (ii) be subject to a leasing agreement, regulatory and operating agreement, or similar instrument with a housing authority that sets forth the terms for leasing low-rent housing (now, consist of 6 units or more leased to a housing authority for low-rent housing and related uses); and (iii) be used, for a period of 20 years, solely for low-rent housing and related uses (same as current law). Provides that the certificate of the property's use during the immediately preceding year required to be filed by the housing authority shall certify that the eligible residential units have been inspected within the previous 90 days (now, 60 days). Provides that, if the property is improved with an eligible multifamily dwelling or multi-building development containing residential units, a certification of eligibility may be filed for no more than 40% (now, one-third) of those residential units. Provides that if property receives an abatement under these provisions, the rental rate set under the lease, regulatory and operating agreement, or other similar instrument for that property shall not include property taxes (now, if a housing authority is the lessee of property that is eligible for an abatement under these provisions, the lease shall reflect a reduction in payments due under the lease from the housing authority in the full amount of the abatement). New Act

30 ILCS 805/8.26 new
735 ILCS 5/7-103.139 new

Creates the Illinois Emergency Health Powers Act. Allows the Governor, by executive order, to declare a public health emergency if specified conditions are met. Gives the Governor broad emergency powers, including financial powers. Designates the Department of Public Health as the public health authority and the Department of State Police as the public safety authority. Also designates local government agencies as public health and public safety agencies. Allows the Departments and local agencies to specifically authorize others to act. Provides for termination of a declaration of a public health emergency by the Governor or the General Assembly and provides for automatic termination after 30 days unless renewed. Provides for detecting, reporting, and tracking public health emergencies, for activation of disaster response and recovery agencies, and for dissemination of information. Authorizes special powers for the protection of persons (including medical exams and tests, isolation and quarantine, and access to protected health information) and for the management of property (including quick-take powers of eminent domain). Authorizes special powers for licensing and appointing health personnel. Provides for certain penalties. Provides for immunity from liability. Provides that the Act controls over conflicting laws and rules. Preempts home rule powers. Exempts from the reimbursement requirements of the State Mandates Act. Amends the Code of Civil Procedure to authorize quick-take powers of eminent domain. Effective immediately.

FISCAL NOTE (Illinois Emergency Management Agency)
HB 3809 would allow for expenditures for eligible costs up to \$50,000,000 for any fiscal year in which a public health emergency is declared and would provide for prior year expenditures to pay for costs incurred in a previous year. Prior year expenses must apply toward the \$50,000,000 expense limit for the fiscal year in which they were authorized.

FISCAL NOTE (Illinois State Police)
If HB 3809 were to become law, there would be no fiscal impact to the Illinois State Police.

FISCAL NOTE (Illinois Department of Public Health)
The fiscal impact of House Bill 3809 on DPH is indeterminable at this time and will largely depend on if the Governor is ever forced to declare a “public health emergency” and the nature and severity of the emergency.

STATE MANDATES NOTE

(Illinois Department of Commerce and Community Affairs)
 In the opinion of DCCA, HB 3809 creates a service mandate for which reimbursement of 50%-100% of the increased costs to units of local government would normally be required under the State Mandates Act. It also creates a local government organization and structure mandate for which reimbursement is not required. HB 3809, however, amends the State Mandates Act to require implementation of the bill's provisions without reimbursement.
