ICC estimates at least 400 hours of billable hours by a consulting firm to do this study. At an estimated hourly billing of \$200 per hour, the total expense would amount to approximately \$80,000. Accounting for staff resources necessary to monitor the consultants' work, ICC estimates a resource need of approximately \$100,000 from the Public Utility Fund for this project.

Requires payment of the difference in required contributions, if any. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)

The fiscal impact of SB 1817 cannot be determined, as it de-

depends on the amount of service credit transferred from IMRF to the Downstate Firefighters' pension funds. The fiscal impact is estimated to be minor, as the employee is required to contribute the difference between the employee and employer contributions that would have been made as a member of a Downstate Firefighters' pension fund and the amounts transferred from IMRF on behalf of the firefighter. Interest payment is also required.

FISCAL NOTE, H-AM 1 (Illinois Commerce Commission)

To fully staff program start-up ICC will need to hire 9 new staff 3-6 months prior to the implementation date (January 1, 2003); costs for start-up in FY03 are estimated at \$527,080.

To handle the initial influx of consumer participation in the program and to ramp up to a total of 11 staff, ICC estimates FY 04 costs to be \$1.3 million. In FY 05 and beyond, ICC estimates an annualized cost of \$1 million with a total of 11 staff. The funding provided for in the bill through both consumer fees of up to \$5 and telemarketer fees of up to \$1,000 will likely cover the agency's costs.

- 745 ILCS 10/9-107 from Ch. 85, par. 9-107

Amends the Local Governmental and Governmental Employees Tort Immunity Act. Makes a technical change in a Section concerning a local tax to pay for the costs of liability insurance and other items.

SENATE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Amends the Local Governmental and Governmental Employees Tort Immunity Act. Provides that if a school district was a member of a joint-self-health-insurance cooperative that had more liability in outstanding claims than revenue to pay those claims, the school board of that district may by resolution make a one-time transfer from the Tort Immunity Fund to the Education Fund of an amount not to exceed the amount of the liability claim that the school district owes to the joint-self-health-insurance cooperative. Effective immediately.

HOUSE AMENDMENT NO. 1.

Authorizes a school board to make a one-time transfer from any fund in which tort immunity moneys are maintained to the fund or funds from which payments to a joint-self-health-insurance cooperative can be or have been made (instead of from the Tort Immunity Fund to the Education Fund) in connection with the payment of liability

claims, and allows such a transfer in an amount that the school district paid within the 2 years immediately preceding the effective date of this amendatory Act (as an alternative to an amount not exceeding the amount of the school district's liability claim owed to the joint-self-health-insurance cooperative).

HOUSE AMENDMENT NO. 2. (Tabled May 8, 2002)

Adds reference to:

105 ILCS 5/1D-1	
105 ILCS 5/14-7.02	from Ch. 122, par. 14-7.02
105 ILCS 5/14-7.02a	from Ch. 122, par. 14-7.02a

105 ILCS 5/29-5	from Ch. 122, par. 29-5
105 ILCS 5/34-23.5 new	

Amends the School Code. Provides that, in lieu of issuing tax anticipation warrants, a school board may issue notes, bonds, or other obligations (and in connection with that issuance, establish a line of credit with a bank) in an amount not to exceed 85% of the amount of property taxes most recently levied for educational and building purposes. Provides that any school district receiving a payment under a Section concerning block grant funding for Chicago, certain Sections concerning special education, or a Section concerning transportation reimbursement may classify the funds that it receives in a particular fiscal year or from general State aid as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year, regardless of the source or timing of the receipt. In the Section concerning block grant funding for Chicago, provides that payments to the school district with respect to each program for which payments to school districts generally, as of the date of the amendatory Act, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis.

New Act

30 ILCS 168/20 new

35 ILCS 130/3

from Ch. 120, par. 453.3

35 ILCS 130/6
35 ILCS 135/3

from Ch. 120, par. 453.6
from Ch. 120, par. 453.33

Creates the Tobacco Product Manufacturers' Escrow Enforcement Act. Provides that a distributor of cigarettes may not affix, or cause to be affixed, tax stamps to individual packages of cigarettes delivered or caused to be delivered by the distributor in this State if the manufacturer of those cigarettes has (i) failed to become a participating manufacturer under the Tobacco Product Manufacturers' Escrow Act or (ii) failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with certain provisions of the Tobacco Product Manufacturers' Escrow Act. A distributor who violates the Act is subject to the revocation, cancellation, or suspension of his or her license under the Cigarette Tax Act or the Cigarette Use Tax Act, as appropriate. Authorizes the Attorney General, in consultation with the Department of Revenue to adopt rules to effectuate compliance with the Act and the Tobacco Product Manufacturers' Escrow Act. Amends the Tobacco Product Manufacturers' Escrow Act, the Cigarette Tax Act, and the Cigarette Use Tax Act to make corresponding changes. Effective immediately.

SENATE AMENDMENT NO. 1.

Adds reference to:
35 ILCS 143/10-10

Replaces the language in the Cigarette Tax Act and the Cigarette Use Tax Act prohibiting a distributor from affixing, or causing to be affixed, tax stamps on packages of cigarettes unless the distributor complies with the certain requirements of the Tobacco Product Manufacturers' Escrow Act with a provision that no person may affix, or cause to be affixed, any tax stamp to a package of cigarettes unless the tobacco product manufacturer that made or sold the cigarettes is a participating manufacturer or has made all escrow payments required by the Tobacco Product Manufacturers' Escrow Act. Amends the Tobacco Products Tax Act of 1995. Provides that no person may pay the tax levied under the Act on a tobacco product defined as a cigarette under the Tobacco Product Manufacturers' Escrow Act unless the tobacco product manufacturer that made or sold the cigarettes is a participating manufacturer or has made all escrow payments required by the Tobacco Product Manufacturers' Escrow Act.

HOUSE AMENDMENT NO. 1.

Deletes reference to:
35 ILCS 143/10-10
Adds reference to:
35 ILCS 143/10-20
35 ILCS 143/10-25

Deletes everything after the enacting clause. Reinserts the provisions of the bill as engrossed but makes the following changes: (1) removes the definition of "cigarette" from the Tobacco Product Manufacturers' Escrow Enforcement Act and provides that "distributor" includes that term as defined in the Cigarette Tax Act, the Cigarette Use Tax Act, and the Tobacco Products Tax Act of 1995 (now, means that term as defined in the Cigarette Tax Act); (2) provides that the distributor's determination of tobacco manufacturer compliance with the Tobacco Product Manufacturers' Escrow Act applies to distributors under all 3 tax Acts (now, applies only to distributors under the Cigarette Tax Act); (3) provides that a distributor who violates the Escrow Enforcement Act is subject to penalties under all 3 tax Acts, as appropriate (now, subject to penalties only under the Cigarette Tax Act and the Cigarette Use Tax Act, as appropriate); (4) removes the authority for the Attorney General to make rules under the Tobacco Product Manufacturers' Escrow Act; (5) changes the violation provision in the Cigarette Tax Act and the Cigarette Use Tax Act to be parallel to the violation provision in the Escrow Enforcement Act; (6) amends the Tobacco Products Tax Act of 1995 to remove the changes to the "tax imposed" provisions and instead change the licensing provision to provide that the Department of Revenue may revoke, suspend, or cancel the license of a distributor of tobacco products under the Act if the tobacco product manufacturer of the tobacco products fails to comply with the Tobacco Product Manufacturers' Escrow Act. Effective immediately.

HOUSE AMENDMENT NO. 2.

Replaces the definition of “cigarette” by incorporating the definition of that term as used in the Tobacco Product Manufacturers’ Escrow Act, which includes roll-your-own tobacco. Provides that sanctions under the Tobacco Products Tax Act relate to roll-your-own tobacco rather than to all tobacco products.

SB-2024 DILLARD – MADIGAN,L – GEO-KARIS – PARKER – LAUZEN.

730 ILCS 5/5-4-3 from Ch. 38, par. 1005-4-3

Amends the Unified Code of Corrections. Permits the Department of State Police to require the submission of saliva or tissue specimens as well as blood specimens to the Department for analysis and categorizing into genetic marker groupings. Requires the

specimens to be submitted by persons convicted or found guilty of an offense classified as a felony under Illinois law or found guilty or given supervision for such an offense under the Juvenile Court Act of 1987. Requires a person incarcerated in a Department of Corrections facility to submit the blood, saliva, or tissue specimens before his or her release on parole or mandatory supervised release, as a condition of that parole or mandatory supervised release. Effective immediately.

SENATE AMENDMENT NO. 1.

Eliminates from the definition of “qualifying offense” that requires a defendant to submit to DNA testing, certain sex offenses, child abduction by luring a child into a motor vehicle, certain domestic battery offenses, aggravated arson, causing a catastrophe and certain burglary and robbery offenses. Eliminates provisions exempting the Department of State Police from collecting or accepting blood specimens for certain specified offenses until resources are available to process the specimens or until July 1, 2003, whichever is earlier.

SENATE AMENDMENT NO. 2.

Provides that the genetic marker grouping analysis information obtained under the provisions of the Unified Code of Corrections shall be used only for the investigation of crime.

FISCAL NOTE (Illinois State Police)

If Senate Bill 2024 were to become law, there would be a fiscal impact of \$5,848,175 the first year and an annual recurring cost of \$1,682,085 to the Illinois State Police.

HOUSE AMENDMENT NO. 1.

Deletes everything. Reinstates provisions of the bill as amended with these exceptions: Provides that the genetic marker grouping analysis information shall be used only for valid law enforcement identification purposes and as required by the Federal Bureau of Investigation for participation in the National DNA database. Provides for expungement of DNA information upon receipt of a notification of reversal of conviction based on actual innocence or of the granting of a pardon if that pardon document specifically states that the reason for the pardon is the actual innocence of an individual whose DNA record has been stored in the State or national DNA identification index. Provides that disclosure of DNA information in violation of Illinois law is a Class 4 felony with a minimum fine of \$5,000. Provides that a person subject to DNA analysis shall pay a fee of \$200 instead of \$500. Provides that if the analysis fee is not paid at the time of sentencing, the court shall establish a fee schedule for the payment of the entire analysis fee not to exceed 24 months from the time of conviction. Provides that the failure to pay the analysis fee shall not be the sole ground to incarcerate the person. Effective immediately.

HOUSE AMENDMENT NO. 2.

Provides that the requirement of the defendant to submit DNA samples to the Department of State Police for felony violations not otherwise specified applies only to those felonies committed on or after the effective date of the amendatory Act. Provides that genetic marker grouping analysis information obtained may be used for technology validation purposes. Restores provision requiring the submission of DNA samples to the Department of State Police of persons convicted of criminal sexual abuse.

Further amends the Toll Highway Act. Requires the Governor to appoint an Inspector General to investigate waste, fraud, or financial mismanagement in Authority operations involving Authority employees or contractors. Provides that after the effective date of this amendatory Act and through June 30, 2003, the Illinois State Toll Highway Authority may not charge or collect tolls at a rate higher than the tolls in effect on March 21, 2002. Provides that with respect to a proposed increase in toll rates, the Authority may not hold more than one hearing on the same day, and imposes other requirements concerning such hearings. Requires the Authority to submit a 20-year comprehensive strategic financial plan to the General Assembly by December 31, 2002. Requires the Auditor General to conduct a management audit of the State's toll highway operations and management. Provides that the Act constitutes an irrevocable and continuing appropriation from the Illinois State Toll Highway Authority Fund for amounts to pay principal, interest, and other bond expenses and obligations (instead of the Fund being considered always appropriated for the purposes of repayment of debt service and other bond obligations). Provides that all other expenses, including ordinary and contingent expenses, are subject to annual appropriation. Provides that, before bonds may be issued for or construction may be commenced on any new segment of toll highway, the issuance of bonds for or the commencement of construction of that particular segment must be approved by law (rather than authorized by joint resolution of the General Assembly). Prohibits directors of the Illinois State Toll Highway Authority, their employees, and agents from receiving financial benefit from the letting of Authority contracts during their terms of service and for a period of one year following termination of their positions or employment with the Authority. Provides that any general increase in toll rates must have the prior approval of the General Assembly by a three-fifths majority vote. Provides that the State guarantees payment of bonds issued before the effective date of the amendatory Act, and requires the Authority to maintain a debt service fund with respect to revenue bonds outstanding on the effective date of this amendatory Act. Makes other changes.

HOUSE AMENDMENT NO. 2.

Deletes the amendatory provision that for all outstanding bonds issued by the Toll Highway Authority before the effective date of this amendatory Act, the State guarantees the timely payment of any principal or interest that is not paid by the Authority when due.

FISCAL NOTE (Auditor General)

SB 2067 as arrived in the House does not require the expenditure of any State funds by the Auditor General.

FISCAL NOTE, H-AM 1 (Auditor General)

While the bill requires the Toll Highway Authority to pay for the audit, the Auditor General Office would need to first incur the audit expenses. Consequently, the Auditor General Office will need additional appropriation authority to allow it to incur the audit expenses, even though they will be subsequently reimbursed by the Authority. The non-recurring cost of conduc-

ting the audit could be as high as \$750,000, depending on whether the audit can be completed entirely using in-house staff, or using a combination of in-house staff and contractual assistance.

STATE DEBT IMPACT NOTE

(Illinois Economic and Fiscal Commission)

SB 2067, as engrossed, would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness.

STATE DEBT IMPACT NOTE, H-AM 1

(Illinois Economic and Fiscal Commission)

SB 2067, as amended by H-am 1, could affect the State's bonded indebtedness by an undetermined amount.

STATE DEBT IMPACT NOTE, H-AMS 1 and 2

(Illinois Economic and Fiscal Commission)

No change from State Debt Impact Note, engrossed.

FISCAL NOTE, H-AMS 1 and 2

(Illinois State Toll Highway Authority)

Establishing an Inspector General position would increase the expenditure of toll revenue by approximately \$300,000 per year. Intercession by the General Assembly into the fixing of tolls, either by authorizing their increase or imposing a toll moratorium would give rise to a default under the current Trust Indenture and provide Tollway Authority bondholders standing to exercise contractual remedies. These options include declaring the entire outstanding debt (\$781 million) immediately due and payable. The Tollway does not have this amount in reserve and therefore would be in default. These changes could affect the creditworthiness of the Tollway Authority and subject its credit rating to a possible downgrade by the various rating agencies. Future bond issues may require a higher interest rate. Subjecting the Tollway's annual budget to an annual appropriation may also affect the rights of current bondholders and provide standing for contractual remedies, which could affect the creditworthiness of the Authority and subject its credit rating to a possible downgrade. Future bond issues may require a higher interest rate. At this time, no exact dollar figure can be attached to these provisions. In the opinion of the Authority, removing the guarantee by the State for payment of Tollway bond interest and principle does not remove the State from liability should the Tollway default on its bonds due to the other provisions of this bill. Requiring the Authority to submit a Comprehensive Strategic Financial Plan to the General Assembly is estimated to cost up to \$100,000. The Auditor General has estimated that a management audit could cost up to \$750,000.

HOUSE AMENDMENT NO. 3.

Makes a technical change to correct page and line number references contained in House Amendment No. 2.

HOME RULE NOTE, H-AMS 1 and 2

(Illinois Department of Commerce and Community Affairs)

The legislation does not pertain to a home rule unit of local government. Therefore, in the opinion of DCCA, this legislation does not pre-empt home rule authority.

STATE DEBT NOTE, H-AM 3

(Economic and Fiscal Commission)

No change from previous State Debt Note.

FISCAL NOTE, H-AM 3

(Illinois State Toll Highway Authority)

H-am 3 would impose no additional fiscal impact to those detailed in the prior fiscal note on H-ams 1 and 2.

JUDICIAL NOTE, H-AMS 1, 2, 3

(Administrative Office of Illinois Courts)

The bill would neither increase nor decrease the number of judges needed in the State.

HOME RULE NOTE, H-AM 3

(Department of Commerce and Community Affairs)

Same as previous home rule note.

LAND CONVEYANCE APPRAISAL, H-AMS 1, 2

(Department of Transportation)

SB 2067 includes no particular conveyance of property by the State. Therefore, the filing requirement for an appraisal is not applicable.

STATE MANDATES NOTE, H-AMS 1, 2, 3

(Department of Commerce and Community Affairs)

In the opinion of DCCA, SB 2067 (H-ams 1, 2 and 3) does not meet the definition of a State mandate under the State Mandates Act.

STATE DEBT IMPACT NOTE

(Illinois Economic and Fiscal Commission)

No change from the first State debt impact note.

STATE DEBT IMPACT NOTE, H-AM 4

(Illinois Economic and Fiscal Commission)

No change from previous State Debt Impact Note.

JUDICIAL NOTE, H-AM 4

(Administrative Office of Illinois Courts)

Same as previous Judicial Note.

220 ILCS 5/16-111.3 new

Amends the Public Utilities Act. Provides that for purposes of calculating the rate index authorized during the deregulation mandatory transition period, an electric utility shall substitute the average yields of 10-year U.S. Treasury Bonds (with specified ad-

justments) in place of the average yields of 30-year U.S. Treasury Bonds if the Federal Reserve System ceases to include the monthly yields of 30-year Treasury Bonds in its weekly H.15 Statistical Release. Effective immediately.

SENATE AMENDMENT NO. 1.

Provides that the Monthly Treasury Long-Term Average Rates published in the weekly H.15 Statistical Release, rather than adjusted average yields of 10-year U.S. Treasury Bonds, shall be used to calculate the rate index authorized during the de-regulation mandatory transition period. Provides that the Monthly Treasury Long-Term Average Rates shall also be used to determine whether an electric utility may request a rate increase during the mandatory transition period.

HOUSE AMENDMENT NO. 1.

Adds reference to:
220 ILCS 5/16-102

Amends the Public Utilities Act to extend the mandatory transition period under the Electric Service Customer Choice and Rate Relief Law of 1997 from January 1, 2005 to January 1, 2007.

HOUSE AMENDMENT NO. 2.

Adds reference to:
220 ILCS 5/16-111

Amends the Public Utilities Act. Provides that, after December 31, 2004, the limitations on rate increases during the mandatory transition period under the Electric Service Customer Choice and Rate Relief Law of 1997 does not apply to certain electric utilities that served between 150,000 and 250,000 retail customers in this State on January 1, 1995.

FISCAL NOTE, H-AM 5 (Illinois Commerce Commission)

To the extent self-assessing purchasers are currently paying for electricity at the frozen bundled rate of the utility in whose service area they take service, and to the extent House Amendment #5 has the effect of maintaining such rates for an additional 2 years (from 1/1/2005 to 1/1/2007), there should be no material impact on State revenue.

HOUSE AMENDMENT NO. 5.

Adds reference to:
220 ILCS 5/9-220 from Ch. 111 2/3, par. 9-220

Amends the Public Utilities Act. Extends the period during which certain electric public utilities may not reinstate fuel adjustment clauses. Extends the period during which certain electric utilities may increase rates to coincide with the extended mandatory transition period. Increases the earnings threshold at which an electric utility must make refunds to customers for electric utilities serving fewer than 6,500, or between 75,000 and 150,000, electrical customers in Illinois on January 1, 1995 if the utility commits not to petition for certain transition charges. Provides that the exemption from limits on rate increases for utilities serving between 150,000 and 250,000 customers does not apply if the utility is acquired by another electric utility. Effective immediately.

30 ILCS 805/8.26 new

Creates the Veteran Teachers to Schools in Need Act. Establishes a program to encourage high-quality, veteran teachers of exemplary ability to teach at low-performing, high-needs schools by offering these teachers incentives. Provides that a school district that employs a teacher participating in the program shall pay the teacher, at a minimum, the average annual salary currently paid by the district to teachers at the low-performing, high-needs school with experience commensurate with that which a high-quality, veteran teacher of exemplary ability possesses. Allows a teacher participating in the program to apply for a salary supplement each school year from the State Board of Education. Requires the teacher to participate in the program for 3 school years, after which the teacher shall be evaluated to determine continued participation in the program. Provides that a participant is not bound by school district or city residency requirements if he or she maintains a residence that is not more than 60 miles away. Requires the State Board of Education to annually evaluate the program and submit a report on each evaluation to the General Assembly. Amends the Downstate And Chicago Teacher Articles of the Illinois Pension Code. Provides that the salary supplement is included in earnings for pension purposes. Requires payment of employee (but not employer) contributions on the salary supplement. Grants age enhancement upon completion of certain periods in the program with a satisfactory rating. Amends the Illinois Income Tax Act. In provisions requiring taxpayers to pay income tax on or before the date fixed by the Department of Revenue by rule, provides that if, however, the due date for payment of a taxpayer's federal income tax liability for a tax year is later than the date fixed for filing the taxpayer's Illinois income tax return for that tax year, the Department may, by rule, prescribe a due date for payment that is not later than the due date for payment of the taxpayer's federal income tax liability. 305 ILCS 5/12-4.25 from Ch. 23, par. 12-4.25

Amends the Illinois Public Aid Code. Provides that enrollment of a vendor that provides medical transportation under the Medicaid program shall be conditional for 180 days and may be terminated without cause. Provides that if a vendor has been terminated from participation in the Medicaid program due to fraud, the vendor may be barred from participation for a longer period. Provides that if the Department of Public Aid establishes through an administrative hearing that overpayments to a vendor resulted from the vendor knowingly or through gross negligence making, or causing to be made, a false statement or misrepresentation of a material fact in connection with billings and payments under the Medicaid program, the Department may recover interest on the amount of the overpayments at the rate of 5% per annum. With respect to Medicaid payments withheld from a vendor, provides for a vendor's request for full or partial release of the withheld payments, and requires the Department of Public Aid to complete proceedings in a timely manner. Effective immediately.

SENATE AMENDMENT NO. 1.

Deletes everything. Amends the Illinois Public Aid Code with provisions substantially similar to those of the bill as introduced, with changes that include the following: (1) limits application of the conditional 180-day enrollment of vendors providing medical transportation to vendors providing non-emergency medical transportation, as defined by the Department of Public Aid by rule; (2) provides that termination of a vendor's participation is not subject to the Department's hearing process (instead of not subject to particular statutory notice and hearing requirements); (3) provides for recovery of interest on overpayments if a vendor willfully (instead of knowingly or through gross negligence) makes a false statement or misrepresentation in connection with billings and payments; (4) removes provisions for recovery of interest on overpayments if the overpayments resulted from the provision of services by an individual or entity that was ineligible to provide services under the Medicaid program; and (5) provides that vendors of non-emergency medical transportation services must submit to a fingerprint-based criminal background check and may be required to post a surety bond. Effective immediately.

Amends the Energy Assistance Act of 1989. Repeals Sections concerning the recycled cellulose insulation plan, interagency agreements, aid to families with dependent

children, and the Energy Assistance Program Design Group. Changes the short title of the Act to the “Energy Assistance Act”. Authorizes the Department of Commerce and Community Affairs to promote (instead of “ensure”) the availability and affordability of heating and electric costs to low income citizens. Removes the requirement that the Department have an energy assistance program in operation by November 1, 1989. Changes the membership and duties of the Low Income Energy Assistance Policy Advisory Council. Provides that 1/3 of the funds for the energy assistance program go to benefits to be made available to the households with the lowest incomes (instead of those that are eligible for public assistance). Provides that assistance levels be adjusted annually on the basis of energy costs as well as funding availability. Provides that certain households are offered a priority application period (instead of a one-month application period). Provides that the Department may provide additional benefits to certain applicants. Provides that the weatherization plan must include an evaluation of results from the weatherization program every third year (instead of annually). Provides that the Department of Natural Resources submit reports on September 30 biennially, beginning in 2003 (instead of March 15 of each year beginning in 1991). Provides report procedures and requirements for the Department of Natural Resources. Removes requirement, for determining which customers will participate in the weatherization component of the Energy Assistance Fund. Removes the provision that if, as of June 30, 2007 (instead of June 30, 2002), the Energy Assistance Program has not been replaced by a new program, which is in operation, then the General Assembly may (instead of “shall”) review the program. Provides that, in its use of federal funds, the Department may not cause a disproportionate share of those funds to benefit customers of systems that do not assess the Energy Assistance Charge. Revises cross-references to the new short title. Effective immediately.

SENATE AMENDMENT NO. 1.

Adds 2 members to the Low Income Energy Assistance Policy Advisory Council.

SENATE AMENDMENT NO. 2.

Makes technical corrections.

HOUSE AMENDMENT NO. 1.

Adds 3 members to the Low Income Energy Assistance Policy Advisory Council who shall be designated by the Mayor of the City of Chicago.

HOUSE AMENDMENT NO. 2.

Restores a finding in current law that “the health, welfare, and prosperity of the people of the State of Illinois require that all citizens receive essential levels of heat and electric service regardless of economic circumstance”. Restores a declaration in current law that it is the policy of the State that “a comprehensive low income energy assistance policy and program should be established which incorporates income assistance, home weatherization, and other measures to ensure that citizens have access to affordable energy services”. Restores a provision in current law that the Department of Commerce and Community Affairs is authorized to institute a program to ensure the availability and affordability of heating and electric service to low income citizens. Deletes language in the engrossed bill that would have repealed on December 31, 2007 (unless renewed by action of the General Assembly) provisions creating the Supplemental Low-Income Energy Assistance Fund and governing deposits into and expenditures from the Fund.

HOUSE AMENDMENT NO. 3.

Reinserts language that repeals, on December 31, 2007 (unless renewed by action of the General Assembly), provisions creating the Supplemental Low-Income Energy Assistance Fund and governing deposits into and expenditures from the Fund.

Based on actual 2001 adjusted gross receipts and an additional 400 gaming positions for each of the licensees of Grand Vic-

In the opinion of DCCA, SB-2288 (H-am 1) does not create a State mandate under the State Mandates Act.

Provides that after accounts have been certified by the Debt Collection Board or the Attorney General as uncollectible, the State Comptroller may sell the debts to outside private vendors or enter into one or more contracts with outside private vendors for the purpose of pursuing a last-call collection effort to collect these debts for a contingent fee. Provides that beginning on the effective date of this amendatory Act, the outside private vendors shall remit to the State Comptroller either (i) all amounts collected under a contract, net of contingent fees (now, remitted to the respective State agencies to whom the money is owed), or (ii) the purchase price for debts sold. Provides that the State Comptroller shall deposit the first \$28,000,000 received into the Sheridan Correctional Center Fund and that all other amounts received shall be deposited into the fund that would have received the receipt had it been collected by the State agency. All moneys in the Fund shall be appropriated to the Department of Corrections to be used to keep open or re-open, as the case may be, the Sheridan Correctional Center and for its continued operation, and for no other purpose. Amends the State Finance Act to create the special fund. Effective immediately.

HOUSE AMENDMENT NO. 1.

Provides that the authorization for the Board to enter into one or more contracts with outside private vendors for the collection of delinquent accounts concerns accounts before they have been certified as uncollectible. Restores language, in provisions concerning the collection of accounts before they have been certified as uncollectible, requiring contractors to remit the amount collected for deposit into the fund that would have received the receipt had it been collected by the State. For accounts that have been certified as uncollectible, the Department of Central Management Services, rather than the State Comptroller, shall administer the contracting out or selling of the debts and collect the payments remitted by outside private vendors. Provides that the provision concerning the collection of debts that have been certified as uncollectible applies to only those uncollectible debts that are eligible. Provides that the proceeds to be deposited into the Sheridan Correctional Center Fund exclude funds that by law may not be diverted from their original purpose.

New Act
320 ILCS 10/8

from Ch. 23, par. 6208

Creates the Family Caregiver Support Act and amends the Respite Program Act. Directs the Department on Aging to administer a program to provide family caregiver long-term care information and support services for family and other unpaid caregivers of aged adults with functional disabilities. Provides that the authorized services are those authorized under the Respite Program Act. Requires area agencies on aging to arrange for the delivery of the services. Requires the Department to seek and secure funding under the National Family Caregiver Support Program. In the Respite Program Act, eliminates a provision that implementation of projects under the Act are contingent on the availability of federal financial participation.

FISCAL NOTE (Department on Aging)

Based on 1990 Census figures and assuming that half of the individuals with Alzheimer's who live at home would require respite for their caregivers, the total cost would be \$35,114,358 annually.

HOUSE AMENDMENT NO. 1.

Adds reference to:

320 ILCS 10/9 rep.	
320 ILCS 10/10 rep.	

Deletes everything. Creates the Family Caregiver Act, to be administered by the Department on Aging, for the purpose of encouraging family members to provide care for their elderly family members. Requires the Department to contract with area agencies on aging and other appropriate agencies to provide family caregiver support services to the extent of available funding. Provides that the services include counseling, training, and respite care. Also authorizes caregiver support services for grandparents who are primary caregivers for their grandchildren. Amends the Respite Program Act. Deletes references to abused adults and to functionally disabled or cognitively impaired adults (so that the Act applies to "frail or disabled" adults). Defines a "frail or disabled adult" as a person age 60 (instead of 55) or older and who either (i) suffers from Alzheimer's disease or a related disorder or (ii) is unable to attend to his or her daily needs without assistance or regular supervision. Deletes references to the Council on Aging. Makes other changes. Effective immediately.

HB-0046 BURKE – JONES,SHIRLEY, DAVIS,MONIQUE AND YARBROUGH.

New Act

Creates the Window Guard and Guard Rail Act. Requires the installation of guards at every point of danger in commercial and residential buildings to prevent persons from falling. Requires that guards be installed in a manner approved by the Department of Public Health. Makes the knowing failure of a building owner or owner's agent to install guards a Class B misdemeanor. Provides that a building owner or owner's agent who knowingly fails to install guards is strictly liable in tort for injuries resulting from that failure. Requires the Department of Public Health to administer and enforce the Act. Restricts the concurrent exercise of home rule powers.

HOUSING AFFORDABILITY NOTE (Housing Development Authority)

The impact cannot be determined at this time due to insufficient information concerning the extent to which existing building codes already apply, the larger probable applicability of the bill to multi-story buildings and to rental properties, and the lack of reference to what types of building materials would be required for the guards and guard rails.

CORRECTIONAL NOTE (Department of Corrections)

There will be no prison population impact or fiscal impact.

Correctional Note (Department of Corrections)

The prison population and fiscal impact is none.

HOUSE AMENDMENT NO. 1.

Deletes everything. Creates the Window Guard and Guard Rail Act with provisions substantially similar to those of the bill as introduced. Changes include the following: (1) eliminates application to commercial buildings; (2) in the definition of "point of danger", adds types of spaces subject to the Act; (3) adds requirements for construction of guards or railings; (4) provides that a tenant of a building is not responsible for installing guards unless the tenant is an owner of the building or an agent of the owner; (5) adds provisions concerning application of the Act to landmark buildings; (6) in the case of existing buildings, requires compliance with the Act within 6 months after the Act's effective date; and (7) authorizes home rule units to regulate the installation of guards in residential buildings in a manner more restrictive than the Act.

FISCAL NOTE (Department of Public Health)

According to the 1990 census, there are 4,506,275 housing units and 300,000 commercial buildings in Illinois. Assuming a cost of \$100 per inspection/certification, the cost would be over \$450 million, not including the actual cost of guard rail installation. In addition, the cost for 10 - 12 IDPH staff to implement this program would be approximately \$800,000.

FISCAL NOTE (Department of Public Health)

Same as previous note.

(Department of Commerce and Community Affairs)

HB 63 will have a fiscal impact on several State agencies and revenue sources in various ways:

..DCCA estimates the fiscal impact to be at least \$450,000, including 5 additional headcount with specialized knowledge.

The cost to the Department for recording fees and rulemaking associated with new or amended enterprise zones is unknown at this time.

..EPA estimates a cost of \$250,000 in GRF to develop, promulgate and implement rules for the recommended strategies and to

prepare the report to the General Assembly regarding the potential need for the control or reduction of emissions from fossil fuel-fired electric generating plants.

..BOB estimates the fiscal impact of the issuance of \$500 million of General Obligation bonds to be approximately \$40-\$50 million per year for 25 years from GRF, assuming tax-exempt interest rates.

..The impact of the various exemptions and tax credits and the creation of additional enterprise zones on State revenues cannot be determined at this time.

..This fiscal note does not address the potential impact of HB 63 on the Illinois Development Finance Authority.

STATE MANDATE NOTE, H-AM 4,5

(Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 63 (H-ams 4 and 5) creates a tax exemption mandate for which reimbursement of 100% of the increased costs to local governments is required under the State Mandates Act. An estimate of the increased costs to local governments is not available at this time.

HOME RULE NOTE, H-AM 4,5

(Department of Commerce and Community Affairs)

This legislation does not contain language indicating a pre-emption of home rule powers and functions.

PENSION NOTE, H-AM 4,5 (Pension Laws Commission)

HB 63 (H-ams 4 and 5) would not affect the accrued liabilities or annual cost of any Illinois public pension fund or retirement system.

CORRECTIONAL NOTE, H-AM 4,5 (Department of Corrections)

HB 63 (H-ams 4 and 5) does not have an impact on DOC.

HOUSING AFFORDABILITY NOTE, H-AM 4,5

(Illinois Housing Development Authority)

There will be no fiscal effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

JUDICIAL NOTE, H-AM 4, 5 (Office of the Illinois Courts)

HB 63 (H-ams 4 and 5) would neither increase nor decrease the number of judges needed in the State.

Amends the Toll Highway Act. Requires the Toll Highway Authority to appoint an Inspector General to investigate waste, fraud, or financial mismanagement in Authority operations involving Authority employees or contractors. Provides for the Inspector General's powers and duties. Makes failure to cooperate in specified ways with the investigation a Class A misdemeanor. Requires the Authority to use all surplus revenues to fund construction or repairs before issuing bonds to finance those activities. Requires the Authority to structure financing of new tollways and refinancing of debt to facilitate conversion of tollways into free State highways. Requires the Authority to report a schedule of that conversion to the Governor and General Assembly every 2 years. Effective immediately.

FISCAL NOTE (Illinois State Toll Highway Authority)

HB 78 would require an annual expenditure of \$300,000 for the Inspector General position. A restructuring of current or

future bond debt without a long-term financial plan may affect the overall creditworthiness of the Tollway Authority and subject its credit rating to a possible downgrade by the various agencies. Bond issues based upon a limited timeframe may be financially unfeasible. At this time, no exact dollar figure can be attached to this provision.

MAN.

New Act

Creates the Fund Education First Act. Beginning with fiscal year 2002, and in each fiscal year thereafter, provides that until the sum of State and federal spending for elementary and secondary education for the fiscal year represents 50% of the total revenues that the State Superintendent of Education estimates are available from local, State, and federal sources for elementary and secondary education for that fiscal year, the amount appropriated by the General Assembly from general funds for educational programs for that fiscal year shall be at least equal to the sum of (1) 51% of total new general funds available for spending from certain sources during that fiscal year, plus (2) the total amount appropriated from general funds for educational programs during the preceding fiscal year. Requires the Governor, beginning with fiscal year 2003, to include in his or her annual budget an allocation for education that conforms to the provisions of the Fund Education First Act. Effective immediately.

FISCAL NOTE (State Board of Education)

It is difficult to determine the exact fiscal impact. It is unclear what revenues available for spending means, particularly the growth due to "budgeted program growth and decline ... excluding State retirement contributions". Currently, the general interpretation of "education" includes retirement contributions. It is unclear whether this language actually changes that or not. Moreover, the 2/3 and 1/3 split is one that is often referenced but rarely put into practice in exactly that proportion. Recently, elementary and secondary programs have received a greater share than this allocation would have provided.

STATE MANDATES NOTE (State Board of Education)

Same as SBE fiscal note.

STATE DEBT NOTE (Economic and Fiscal Commission)

HB 81 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Amends the Illinois Marriage and Dissolution of Marriage Act, the Illinois Public Aid Code, the Non-Support Punishment Act, the Uniform Interstate Family Support Act, and the Illinois Parentage Act of 1984. Provides that a person who willfully defaults on an order for child support may be subject to summary criminal contempt proceedings. Provides that each State agency shall suspend any license or certificate issued by that agency to a person found guilty of criminal contempt based on such a default. Provides that State's Attorneys and appropriate State officials are entitled to obtain information from employers, telephone companies, and utility companies for the purpose of locating obligors who have defaulted on child support payments. Effective immediately.

JUDICIAL NOTE (Office of the Illinois Courts)

Although the number of cases of willful default on child support may be large, it is unclear how many of those cases would be dealt with in a summary proceeding, or the intended scope of such proceedings. Therefore, it is not possible to determine whether the bill would increase the number of judges needed in the State.

HOUSE AMENDMENT NO. 1.

Further amends the Illinois Marriage and Dissolution of Marriage Act. In provisions setting forth penalties for willfully defaulting on an order for child support, adds the refusal to renew or issue a license or certificate and the restriction of a license or certificate.

HOUSE AMENDMENT NO. 2.

Further amends the Illinois Marriage and Dissolution of Marriage Act. In provisions concerning suspension of a license or certificate issued to a person found guilty of crim-

inal contempt for having willfully defaulted on an order for child support, provides that no license or certificate may be suspended while an appeal of a finding of criminal contempt is pending.

FISCAL NOTE (Department of Public Aid)

Amends the Illinois Public Aid Code, the Illinois Marriage and Dissolution of Marriage Act, the Non-Support Punishment Act, the Uniform Interstate Family Support Act, and the Illinois Parentage Act of 1984. Provides that for purposes of enforcing a child support order, a transfer made by a child support obligor is fraudulent as to an obligee if the obligor made the transfer with the intent to defraud the obligee or without

receiving equivalent value for the transfer. Provides that in an action for relief from such a fraudulent transfer, the State's Attorney may obtain avoidance of the transfer or other relief. Provides that a person who willfully defaults on an order for child support may be subject to summary criminal contempt proceedings. Provides that each State agency shall withhold, suspend, or restrict the use of any license or certificate issued by that agency to a person found guilty of criminal contempt and authorizes the Department of Public Aid, in addition to others, to receive location information for child support establishment and enforcement purposes from employers, labor unions, telephone companies, and utility companies. Provides that, upon request by a tribunal of another state, a tribunal of this State shall issue or cause to be issued a subpoena or a subpoena duces tecum requiring a person in this State to appear at a deposition or before a tribunal and answer questions or produce documents or other tangible things for the purpose of obtaining information regarding the person's assets, income, and ability to pay a support order or judgment entered in the other state. Provides that a tribunal of this State may make similar requests of a tribunal in another state. Effective immediately.

JUDICIAL NOTE (Office of the Illinois Courts)

Although the number of cases of willful default on child support may be large, it is unclear how many of those cases would be dealt with in a summary proceeding, or the intended scope of such proceedings. Therefore, it is not possible to determine whether the bill would increase the number of judges needed in the State.

New Act

30 ILCS 105/25

from Ch. 127, par. 161

Creates the Illinois Balanced Budget Act. Creates a Balanced Budget Commission to provide a Balanced Budget Revenue Estimate for each fiscal year. The Estimate shall serve as a limit on appropriations from State general funds. If appropriations exceed the limit, the Comptroller shall prepare a proposed Balanced Budget Reserve Act for that fiscal year. Sets forth the contents of the proposed Act, including certain measures to reduce State agency expenditures. Amends the State Finance Act. Reduces the lapse period from 2 months to one month starting in FY2007. Effective immediately.

FISCAL NOTE (Economic and Fiscal Commission)

HB 128 would not affect the fiscal operations of the Commission and would not impact general funds receipts. HB 128 would, however, create the Balanced Budget Reserve Act if general funds appropriations for a fiscal exceed the balanced budget limit. The balanced budget limit would be set by the balanced budget revenue estimate provided in the bill. The necessary funds would be held in reserve by each State agency and department, as needed.

FISCAL NOTE (Bureau of the Budget)

Since the members of the Commission serve without compensation and the Commission is authorized to utilize existing staff resources in conducting its activities, the fiscal impact of this legislation is minimal.

BALANCED BUDGET NOTE (Bureau of the Budget)

Since HB 128 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

605 ILCS 5/4-508.1 from Ch. 121, par. 4-508.1

Amends the Illinois Highway Code. Provides that when the Department of Transportation conveys to the Illinois State Toll Highway Authority an interest in land, rights or

other property acquired in connection with a federal-aid project that ceases to exist, the Department must receive compensation equal to the fair market value of the interest conveyed (instead of receiving no compensation), to be deposited into the Road Fund.

FISCAL NOTE (Department of Transportation)

The cost of properties acquired by IDOT associated with ongoing toll highway projects is approximately \$51 million. Until parcels have been appraised for the current fair market value, there is no way of determining the true fiscal impact of HB132.

Amends the Toll Highway Act. Provides that the Act constitutes an irrevocable and continuing appropriation from the Illinois State Toll Highway Authority Fund for

amounts to pay principal, interest, and other bond expenses and obligations (instead of the Fund being considered always appropriated for the purposes of repayment of debt service and other bond obligations). Provides that all other expenses, including ordinary and contingent expenses, are subject to annual appropriation. Provides that, before bonds may be issued for or construction may be commenced on any new segment of toll highway, the issuance of bonds for or the commencement of construction of that particular segment must be approved by law (rather than authorized by joint resolution of the General Assembly). Provides that any general increase in toll rates must have the prior approval of the General Assembly by a three-fifths majority vote. Provides that the State guarantees payment of bonds issued before the effective date of the amendatory Act, and requires the Authority to maintain a debt service fund with respect to revenue bonds outstanding on the effective date of this amendatory Act.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 135 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Department of Transportation)

This legislation directly impacts the Illinois State Toll Highway Authority and does not impact the Illinois Department of Transportation. Therefore, there is no fiscal impact to IDOT.

Amends the State Employee Article of the Pension Code to remove the Social Security offset against widow and survivor annuities for all annuitants, beginning January 1, 2002. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB 149 would increase the accrued liabilities of SERS by an estimated \$291 million. The estimated increase in the required annual State contribution, per P.A. 88-593, is shown below:

Fiscal Year	Estimated Payroll	Estimated Contributions
2002	3,530.0 million	0.0
2003	3,654.0 million	0.0
2005	3,908.0 million	0.0
2010	4,585.0 million	62.9
2020	6,341.0 million	87.0
2030	9,183.0 million	126.0
2045	16,584.0 million	275.3

Even with the elimination of the Social Security offset and the resulting increase in accrued liability, required State contributions to SERS are not expected to change until FY 2010, as the minimum statutory rates are expected to be higher than the calculated actuarial rates, per P.A. 90-65, until then.

HB 158 would neither increase nor decrease the number of judges needed in the State.

FISCAL NOTE (Office of the Illinois Courts)

FISCAL NOTE (Department of Labor)

As a result of increased caseload, the impact on the Department will be \$138,800 for costs associated with 2 professional and one clerical position.

 30 ILCS 805/8.25 new

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Pension Code. Makes full-time municipal police officers who participate in the Fund eligible for the sheriff's law enforcement employee (SLEP) formula. Bases new annuities calculated under the SLEP formula on the employee's rate of earnings on the last day of employment as a SLEP. Creates a second program of optional additional contributions and benefits, this one applicable only to SLEP service. Specifies that a SLEP may establish retroactive SLEP credit for all types of service that have been added to the SLEP definition as of the date of application. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 188 has not been determined. The bill

would increase the required IMRF employer contributions for current SLEP employers (counties) and for small municipalities with participating police officers.

40 ILCS 5/4-118 from Ch. 108 1/2, par. 4-118

Amends the Downstate Firefighter Article of the Illinois Pension Code. Provides for a Deferred Retirement Option Plan, under which a firefighter who is at least age 50 with 20 years of service may continue in active service for up to 5 years while having his or her pension contributions and retirement pension paid into a special account, to be distributed to the firefighter upon retirement. Bases the retirement pension on the firefighter's service and salary at the time of joining the DROP plan. Requires termination of service at the end of the DROP plan participation period. Requires approval of the employer; provides that the approval is within the sole discretion of the employer and not subject to mandatory collective bargaining. Also changes the manner of determining the actuarial requirements of the pension fund when a DROP plan is in effect. Effective immediately.

PENSION NOTE (Pension Laws Commission)

Based on 1996 membership data, HB 195 would increase the accrued liability by an estimated \$71.6 million. The resulting estimated increase in total annual cost is estimated to be \$7.5 million, or 2.14% of payroll. These cost estimates assume all employers offer a five-year DROP plan and that 100% of those eligible will participate. Participation is assumed to begin an average of one year after becoming eligible, and continue for a maximum five-year period. According to the Commission's actuary, the cost of a 3 or 4 year DROP plan is higher than the cost of a 5 year DROP plan.

from Ch. 122, par. 29-5

Amends the School Code. Provides that any school district receiving a payment under a Section concerning block grant funding for Chicago, certain Sections concerning special education, or a Section concerning transportation reimbursement may classify the funds that it receives in a particular fiscal year or from general State aid as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year, regardless of the source or timing of the receipt. In the Section concerning block grant funding for Chicago, provides that payments to the school district with respect to each program for which payments to school districts generally, as of the date of the amendatory Act, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis. Effective immediately.

FISCAL NOTE (State Board of Education)

The fiscal impact of House Bill 210 is unclear. It will maintain the accrual basis of the mandated categorical programs and prevent significant one time accounting reductions to districts which account on an accrual basis. It will not have a significant operational impact on the State Board of Education or school districts. It will likely complicate the accounting and reporting process for the Board and for local school districts. Further issues may arise when GASB 34 is fully implemented by 2004.

Amends the Illinois Pension Code. In the State Employee Article, increases the alternative (State Police) retirement formula. Also increases the regular retirement formula for certain employees of the Department of Corrections and the Department of Human Services. For members receiving those formulas, increases the employee contribution by 1% of salary in each of 2002, 2003, and 2004. Includes within the definition of “security employee of the Department of Human Services” certain employees who work at least 50% of their working hours at a security facility, thereby making them eligible for the alternative retirement formula. In the case of DHS security employees who are teachers, allows current employees to elect (and requires future hires) to participate in the State Employees’ Retirement System rather than the Teachers’ Retirement System; authorizes persons so electing to transfer credits for previous service in that capacity. Allows certain persons to participate in SERS while employed by a statewide labor organization that represents members of the System; allows those persons to purchase credit for certain prior service. Provides that employees who are employed on an academic-year basis shall receive a full year of service credit for each academic year of service. Makes certain provisions retroactive to January 1, 2001 and accelerates the initial annual increase for certain persons. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to the System’s actuary, increasing the alternative formula would increase the accrued liability of SERS by an estimated \$280.8 million. The first year cost would be \$2.47 million, or 0.07% of payroll. In FY 2010, the employer contribution would be \$10.73 million, or 0.24% of payroll. There would be a fiscal impact for the other provisions of HB 0212, but is has not been determined and is estimated to minor.

Amends the Illinois Pension Code. In the State Employee Article, increases the alternative (State Police) retirement formula. Also increases the regular retirement formula for certain employees of the Department of Corrections and the Department of Human Services. For members receiving those formulas, increases the employee contribution by 1% of salary in each of 2002, 2003, and 2004. Includes within the definition of "security employee of the Department of Human Services" certain employees who work at least 50% of their working hours at a security facility, thereby making them eligible for the alternative retirement formula. In the case of DHS security employees who are teachers, allows current employees to elect (and requires future hires) to participate in the State Employees' Retirement System rather than the Teachers' Retirement System; authorizes persons so electing to transfer credits for previous service in that capacity. Provides that employees who are employed on an academic-year basis shall receive a full year of service credit for each academic year of service. Makes certain provisions retroactive to January 1, 2001 and accelerates the initial annual increase for certain persons. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to the System's actuary, increasing the alternative formula would increase the accrued liability of SERS by an estimated \$280.8 million. The first year cost would be \$2.47 million, or 0.07% of payroll. In FY 2010, the employer contribution would be \$10.73 million, or 0.24% of payroll. There would be a fiscal impact for the other provisions of HB 250, but it has not been determined and is estimated to be minor.

The increase in annual cost is estimated to be 0.05% of payroll in FY 2001 (\$2.0 million) and incrementally increase to 0.19% of payroll in FY 2010 (\$8.5 million) and thereafter. According to SERS, HB 0267 would add 2,421 regular members of SERS to the alternative formula.

Amends the School Code. Lists offenses for which a pupil may be expelled for up to one year. Effective July 1, 2001.

HOUSE AMENDMENT NO. 1.

Replaces the list of offenses with a requirement that a school board establish and, in written form, compile and maintain definitions of those offenses that would result in expulsion for up to one year. Prohibits a school board from expelling a student for more than one year (instead of 2 years).

FISCAL NOTE (State Board of Education)

There would be no fiscal impact at the State level. An undetermined number of school districts will need to re-tool their expulsion policy if this bill is enacted. SBE is unable to quantify this cost.

FISCAL NOTE, H-AM 1, 2 (State Board of Education)

It is unclear how many school districts may have to amend their expulsion policies to add such definitions. The cost will likely be minimal.

STATE MANDATES NOTE (State Board of Education)

Same as SBE fiscal note.

STATE MANDATES NOTE, H-AM 1, 2 (State Board of Education)

Amends various Acts relating to the governance of the public universities in Illinois. Provides that at the beginning of each academic year, the university shall inform each of its students and the student's parents or guardian about meningitis and its transmission. Requires the University to recommend meningitis vaccination and, for those stu-

dents deciding not to be vaccinated, to obtain a signed waiver indicating the student's receipt of the information provided and the student's rejection of the recommended vaccination. Requires any university facility that delivers health services to university students to offer meningitis vaccines. Effective July 1, 2001.

FISCAL NOTE (Board of Higher Education)

If HB 274 were enacted, public universities would incur costs in two areas. First, each institution would incur administrative costs related to the notification requirements and the signed waiver receipts. It is not possible to quantify these costs, but they would likely be significant. Secondly, public universities would incur costs related to offering the vaccination. The legislation does not indicate whether institutions may charge students for the vaccination. If there were no student co-payment, the cost of offering the vaccinations would range between \$1.1 million and \$1.5 million. The estimate assumes that individual meningitis vaccinations cost \$60 to \$75 each, and that the number of students taking the vaccination would be equal to 10% of the number of students enrolled in public universities in Fall 2000.

HOUSE AMENDMENT NO. 1.

Removes the provisions requiring a university to obtain a signed waiver from those students deciding not to be vaccinated. Provides that the requirement that a university offer meningitis vaccines is subject to the availability of the vaccine from the manufacturer.

HOUSE AMENDMENT NO. 2.

Removes the provisions requiring a university to obtain a signed waiver from those students deciding not to be vaccinated. Provides that the requirement that a university offer meningitis vaccines is subject to the availability of the vaccine from the manufacturer.

With respect to provisions for home and community-based services as an alternative to institutional care, provides that the eligibility standards for those services must include a provision that if eligibility for a particular home or community-based service is based on a person’s functional need, every person with a similar functional need is eligible for that service, regardless of the person’s age or the nature of the person’s disability. Requires the Department on Aging, the Department of Human Services, and the Department of Public Aid to ensure that persons who may be or may become eligible for home or community-based services are notified of their right to receive those services; requires those departments to take other measures. Amends the Illinois Historic Preservation Act and the State Finance Act. Authorizes the Historic Preservation Agency to develop and administer a pilot program of grants available in Madison, Monroe, St. Clair, and Clinton counties for various costs of identifying, acquiring, or restoring historic sites. Limits each grant to the lesser of 75% of a project’s costs or \$75,000. Limits a grant recipient to one grant per site per fiscal year and requires matching funds. Authorizes the Historic Preservation Agency to adopt necessary rules and enter into necessary contracts. Creates a special fund in the State treasury to fund the grants. Requires the investment of excess funds. Requires that returns on fund investments be retained in the special fund. Effective immediately.

FISCAL NOTE (Historic Preservation Agency)

It is not possible to estimate with any precision the fiscal impact of HB276. However, assuming there would be no more than 20 grants per year, \$20,000 would be needed; assuming there would be 21 to 40 grants per year, it would be necessary to hire a full-time archaeologist at a cost of \$61,796; and, assuming there would be more than 40 grants per year, it would be necessary to hire a full-time archaeologist and a full-time grants assistant at a cost of \$119,882.

HOUSE AMENDMENT NO. 1.

Adds reference to:

20 ILCS 3410/2

from Ch. 127, par. 133d2

20 ILCS 3420/10 new

Deletes everything. Amends the Illinois Historic Preservation Act, the Illinois State Agency Historic Resources Preservation Act, and the State Finance Act. Authorizes the Historic Preservation Agency to develop and administer a pilot program of grants available to persons required by the Illinois State Agency Historic Resources Preservation Act to conduct certain archaeological or historic site survey projects. Limits availability of the grants to persons in counties with more than 250,000 population, or counties adjacent to such a county, that have more than 40% of their area within an area deemed of high probability for archaeology under the Illinois State Agency Historic Resource Preservation Act. Limits each grant to the lesser of a percentage of a project's costs or \$75,000. Limits a grant recipient to one grant per site per fiscal year and requires matching funds. Authorizes the Historic Preservation Agency to adopt necessary rules and enter into necessary contracts. Creates a special fund in the State treasury to fund the grants. Requires the investment of excess funds. Requires that returns on fund investments be retained in the special fund. Establishes a process for appealing the Historic Preservation Agency's requirement for certain archaeological or survey projects under the Illinois State Agency Historic Resources Preservation Act. Effective immediately.

HOUSE AMENDMENT NO. 2.

Redefines adjacent counties to which the grant program is applicable as adjacent counties with more than 30%, rather than 40%, of their area falling within the high probability area for archaeology. Provides that a grant amount may not exceed 50% of the project amount for a Phase II survey.

HB-0279 GILES – BURKE.

New Act

Creates the Emergency Medical Dispatch Act. Provides that a person may not represent himself or herself as an emergency medical dispatcher unless he or she is certified as an emergency medical dispatcher by the Department of Public Health. Provides that a person may not conduct a training course for emergency medical dispatchers unless he or she is certified to do so by the Department. Provides that the Department shall issue certificates to persons who meet certain minimum requirements. Provides that the Department shall grant certification to persons certified by the National Academy of Emergency Medical Dispatch.

HOUSE AMENDMENT NO. 1.

Adds reference to:
210 ILCS 50/3.70

Changes the definition of "medical director" to provide that a medical director shall be a physician licensed to practice medicine in all of its branches rather than a licensed physician. Also amends the Emergency Medical Services (EMS) Systems Act. Provides that the Department of Public Health has the responsibility to establish an annual recertification requirement for Emergency Medical Dispatchers, including continuing education requirements. Provides that the Department may waive Emergency Medical Dispatcher requirements based on whether the previously-attended dispatcher training program merits automatic recertification for the dispatcher.

FISCAL NOTE (Department of Public Health)

HB 279 will create a minimal fiscal impact on the Department. It would add a re-certification process and verification of continuing education to the existing program. It is believed that the extra workload could be absorbed within the Department's existing staff.

HOUSE AMENDMENT NO. 2.

Deletes reference to:
New Act

Deletes the provisions creating the Emergency Medical Dispatch Act.

SENATE AMENDMENT NO. 1.

Changes the definition of "Emergency Medical Dispatcher". Makes additional changes concerning the authority of the Illinois Department of Public Health under the Act. Adds a January 1, 2002 effective date.

GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends that HB 279 be amended as follows: Provides that prearrival support instructions be provided in a “non-discriminatory” rather than a “non-discretionary” manner. Requires each “EMS Medical Director” rather than each “EMD and EMD Agency” to report to the Department whenever an action has taken place that may require the revocation or suspension of a certificate issued by the Department.

HB-0282 GARRETT – MILLER – BOLAND – OSTERMAN – SCHOENBERG.

20 ILCS 655/4.1 new

Amends the Illinois Enterprise Zone Act. Provides that the territorial jurisdiction of Waukegan, North Chicago, and Zion may be designated as an enterprise zone.

HOUSE AMENDMENT NO. 1.

Further amends the Illinois Enterprise Zone Act. Provides that an enterprise zone may be created by the corporate authorities of Waukegan, North Chicago, and Zion in territory that is located within the territorial jurisdiction of those municipalities and that meets all of the qualifications for enterprise zones under the Act. Provides that the creation of that enterprise zone is subject to approval by the Director of Commerce and Community Affairs.

STATE DEBT NOTE (Economic and Fiscal Commission)
 HB 282 would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness.

STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)
 Same as previous note.

FISCAL NOTE, H-AM 1
 (Department of Commerce and Community Affairs)
 Because the number of new enterprise zones resulting from this legislation is unknown, a reasonable estimate of the fiscal impact on the Department cannot be made at this time. In addition, there will be an unknown amount of tax revenue loss to the State due to new enterprise zones.

FISCAL NOTE, H-AM 3
 (Department of Commerce and Community Affairs)
 The fiscal impact to certify and monitor new enterprise zones is estimated to be up to \$300 each time an enterprise zone is established or amended. In addition, there will be an unknown tax revenue loss to the State due to new enterprise zones.

HOUSE AMENDMENT NO. 2.

Changes "zone" to "zones".

HOUSE AMENDMENT NO. 3.

 20 ILCS 655/5.3 from Ch. 67 1/2, par. 608

40 ILCS 5/7-141.1

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. In the provisions restricting the return to employment after receiving early retirement benefits, excludes elective office. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB287 would probably have little or no fiscal impact as there are few ERI participants likely to forfeit the enhanced (ERI) annuity, as required by current law, by serving as an elected official. Therefore, removing the prohibition against simultaneously receiving an annuity (based on ERI age enhancement and service credit) and serving as an elected county official would allow some members to participate in an ERI (for regular IMRF service) and continue serving as an elected official.

Amends the Senior Citizens Real Estate Tax Deferral Act. Changes the short title to the Senior Citizens and Disabled Persons Real Estate Tax Deferral Act. Changes the name of the Senior Citizens Real Estate Deferred Tax Revolving Fund to the Senior Citizens and Disabled Persons Real Estate Deferred Tax Revolving Fund. Provides that disabled persons are eligible to receive real estate tax deferrals under the Act. Amends the State Finance Act and the Property Tax Code to change cross references. Effective January 1, 2002.

FISCAL NOTE (Department of Revenue)

Assuming the same participation rate for the disabled as currently evidenced by the eligible senior citizens of less than 1% of the eligible population, the additional statewide property tax expenditures by the Department on behalf of the disabled persons can be expected to total an estimated \$2.5 million. This represents a 60% increase over the Department's current expenditure of \$3.7 million. The cost of this program is recovered with interest when the property is sold. However, there may be additional funds necessary to start payments on behalf of the new participants, and HB 296 deletes the provision of the law allowing for transfers from GRF as necessary to supplement the program.

730 ILCS 5/5-6-3.1

from Ch. 38, par. 1005-6-3.1

Amends the Criminal Identification Act and the Unified Code of Corrections. Provides for automatic expungement and sealing of arrest and court records of a person placed on supervision upon successful completion of the supervision, other than DUI and certain sex offenses, without the filing of a petition to a court. Effective immediately.

FISCAL NOTE (Office of the Illinois Courts)

House Bill 299 would have a minimal fiscal impact on the judicial branch at the State level, but compliance with the provisions of HB299 may require additional resources for the Circuit Courts.

JUDICIAL NOTE (Office of the Illinois Courts)

The bill would neither decrease nor increase the number of judges needed in the State.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

730 ILCS 5/5-6-3.1

Deletes everything after the enacting clause. Amends the Criminal Identification Act. Provides that for employment application purposes only, supervision orders are automatically expunged 12 months after completion of supervision conditions. Does not apply to DUI violations, sex offenses, weapons offenses, and crimes of violence. Effective immediately.

FISCAL NOTE, H-AM 1 (Office of the Illinois Courts)

There would be a significant fiscal impact in the circuit courts, where processing of expungement orders will result in additional county costs for personnel, equipment, and supplies. The actual cost of compliance cannot be determined, because the number of cases in which expungement would be required is unknown.

JUDICIAL NOTE, H-AM 1 (Office of the Illinois Courts)

This legislation will increase judicial workloads. However, it is not possible to determine whether the bill would increase the number of judges needed in the State.

20 ILCS 2630/5

from Ch. 38, par. 206-5

Amends the Criminal Identification Act. Provides for the automatic expungement and sealing of arrest and conviction records of a person convicted of a crime if the conviction is reversed because of actual innocence. Effective immediately.

JUDICIAL NOTE (Office of the Illinois Courts)

The bill would neither decrease nor increase the number of judges needed in the State.

HOUSE AMENDMENT NO. 1.

Deletes provision that the court must make a finding that the person was actually innocent of the crime for which he or she was convicted in order for the defendant's record to be expunged.

FISCAL NOTE, H-AM 1 (Office of the Illinois Courts)

Although the duty to expunge would appear to conflict with the need to conduct further proceedings in a case that is reversed and remanded, it is not anticipated that the amended bill would have a significant fiscal impact on the judicial branch.

JUDICIAL NOTE, H-AM 1 (Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

CORRECTIONS NOTE, H-AM 1 (Department of Corrections)

There is no corrections population or fiscal impact on the Department.

HOUSE AMENDMENT NO. 2.

Adds reference to:

730 ILCS 5/5-5-4

from Ch. 38, par. 1005-5-4

Deletes everything after the enacting clause. Amends the Criminal Identification Act and the Unified Code of Corrections. Provides that if a conviction or sentence has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the defendant was factually innocent of the charge, the court shall enter an order expunging the record of arrest from the official records of the arresting authority and order that the records of the clerk of the circuit court and Department of State Police be sealed until further order of the court upon good cause shown and the name of the defendant obliterated from the official index kept by the circuit clerk. Effective immediately.

HOUSE AMENDMENT NO. 3.

Adds reference to:

725 ILCS 105/10.6 new

Amends the State Appellate Defender Act. Provides that the State Appellate Defender shall establish, maintain, and carry out an Expungement Program to provide information and assistance to persons eligible to have their arrest or criminal history record information ordered expunged, sealed or impounded. Provides that the State Appellate Defender shall develop brochures, pamphlets and other materials in printed form and through the agency's World Wide Web site that include at a minimum the following information: (1) an explanation of the State's expungement process; (2) the circumstances under which expungements may occur; (3) the criminal offenses that may be expunged; (4) the steps necessary to initiate and complete the expungement process; and (5) directions on how to contact the State Appellate Defender. Provides that the State Appellate Defender shall establish and maintain a statewide toll-free telephone number that a person may use to receive information or assistance concerning the expungement or sealing of arrest or criminal history record information. Provides that the State Appellate Defender shall compile a statewide list of volunteer attorneys willing to assist eligible individuals through the expungement process. Provides that the Program shall be implemented from funds appropriated to the State Appellate Defender for this purpose.

HB-0301 HOWARD – DAVIS,MONIQUE – SOTO – MURPHY, TURNER,ART, COLLINS, JONES,LOU, MORROW, YARBROUGH, DELGADO, YOUNGE, FLOWERS AND GILES.

20 ILCS 2630/5 from Ch. 38, par. 206-5

Amends the Criminal Identification Act. Provides for automatic expungement and sealing of certain arrest and conviction records without the filing of a petition to a court. Provides that the arrest, conviction, and court records of a person who has been convicted of a misdemeanor are expunged and sealed after completion of his or her sentence, provided that the person has not been convicted of a felony or misdemeanor within the previous 2 years, excluding non-DUI traffic violations and any time served in jail by the person and included as a part of the original sentence. Effective immediately.

FISCAL NOTE (Office of the Illinois Courts)

HB301 would have limited fiscal impact on the judicial branch at the State level, but compliance with the provisions of HB301 would require additional resources for the Circuit Courts.

JUDICIAL NOTE (Office of the Illinois Courts)

It is not anticipated that the bill would increase the number of judges needed in the State.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Amends the Criminal Identification Act. Provides that for employment application purposes only, misdemeanor convictions are automatically expunged 12 months after completion of a sentence. Does not apply to DUI violations, sex offenses, weapons offenses, and crimes of violence. Effective immediately.

FISCAL NOTE, H-AM 1 (Office of the Illinois Courts)

House Bill 301, as amended, would have a significant fiscal impact on the circuit courts. The number of cases that would be affected by the bill would be in the hundreds of thousands annually on a statewide basis. The actual cost of compliance cannot be determined until procedures for implementing the new provisions in the bill are developed.

JUDICIAL NOTE, H-AM 1 (Office of the Illinois Courts)

House Bill 301, as amended, will increase judicial workloads. However, it is not possible to determine whether the bill would increase the number of judges needed in the State.

Amends the Criminal Identification Act. Provides for the automatic expungement and sealing of arrest and court records of persons charged but not convicted of a crime.

FISCAL NOTE (Office of the Illinois Courts)

HB303 would apply to a substantial number of court and criminal history records created before and after the effective date of the bill. Compliance with the provisions of HB303 would have a limited impact on the judicial branch at the State level, but would require additional resources for the Circuit Courts. The total cost of compliance cannot be estimated, because there is presently no way to estimate the total number of records affected.

JUDICIAL NOTE (Office of the Illinois Courts)

The bill would neither decrease nor increase the number of judges needed in the State.

40 ILCS 5/14-104 from Ch. 108 1/2, par. 14-104

Amends the State Employee Article of the Pension Code. Changes the method of calculating interest when purchasing service credit for certain periods of military service. Effective immediately.

PENSION NOTE (Pension Laws Commission)

SERS estimates that there are over 9,000 employees with qualifying military service credit at an estimated average cost of \$2,000 per member. Therefore, if every member of SERS with previous military service purchases the credit, accrued liability is estimated to increase by \$18.0 million. Assuming only 50% of SERS members with prior military service purchase the credit, which is more likely, the estimated accrued liability would increase by \$9.0 million.

HB-0338 GARRETT – RYAN – MCKEON – LANG – FORBY, FOWLER, JONES,SHIRLEY, HOWARD, KENNER AND O'BRIEN.

New Act

Creates the Elder Care Savings Fund Act. Authorizes the State Treasurer to establish an Elder Care Savings Fund. Allows Illinois residents to invest in the fund, and provides that investors' earnings are exempt from taxes other than estate, transfer, and inheritance taxes. Provides for a program of grants, using moneys in the fund, to be applied to costs of long-term care or services. Requires the State Treasurer to implement a program to inform residents about options available for financing long-term care. Creates an Elder Care Trust Authority to advise the Elder Care Savings Fund staff and perform other functions. Effective immediately.

FISCAL NOTE (State Treasurer)

HB 338 will have an impact on the State's resources the first fiscal year. The program is planned to eventually be self-sufficient. However, there will be some start-up costs for which an estimate cannot be made. If the program is popular from day one with several depositors, it will generate enough fees to offset most of the start-up costs. If the program gets off to a slow start, the cap of \$10,000 will not cover all of the start-up costs. At a \$2,000,000 fund balance, it is expected that a total of \$20,000 would be needed besides the earnings on the fund. At a \$10,000,000 fund balance, the earnings on the fund should pay all the administrative expenses and start-up costs. However, the remaining earnings will not provide a competitive rate of return for participants. As the fund grows, the rate of the administrative cost drops and the participants can receive a greater rate of return. The Treasurer's Office cannot make an estimate for the grant portion of the bill.

HB-0367 JONES,SHIRLEY – NOVAK.

220 ILCS 5/9-220 from Ch. 111 2/3, par. 9-220

Amends the Public Utilities Act. Limits increases under purchased gas adjustment clauses to 10% over the previously applicable purchased gas adjustment clause. Effective immediately.

FISCAL NOTE (Illinois Commerce Commission)
 This legislation would require an increase in the Commission's resources. If the cost of natural gas remains volatile, it is likely the natural gas public utilities would be continually filing rate cases. In times of declining gas costs, it may be necessary for the Commission to initiate rate proceedings to reduce the base rates of natural gas public utilities to ensure that rates reflect the appropriate level of gas cost. Costs of these proceedings, which cannot be estimated at this time, would be recoverable from the utilities' customers.
