New Act

Creates the Transportation and Toll Highway Property Transaction Act. Requires the Department of Transportation and the Illinois State Toll Highway Authority to disclose to the Department of Central Management Services information concerning the acquisition of real property using State moneys, including the identity of the owners, the fair market value, the purchase price, the bidding method, and the State use. Requires that the price at which the Department of Transportation sells real property to the Toll Highway Authority be within 5% of its fair market value. Requires that the fair market values of real properties exchanged by the Department and the Authority be within 5% of each other.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 418 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Illinois State Toll Highway Authority)

It is the understanding of the Authority that the Department of Transportation has expended \$51 million to acquire property

associated with potential future tollway extensions. However, these parcels have not been appraised to determine their current fair market value. Therefore, should the Tollway reimburse IDOT for these parcels, at their current value, the true fiscal impact of this legislation cannot be determined.

FISCAL NOTE (Department of Transportation)

The cost of properties acquired by the Illinois Department of Transportation associated with ongoing toll highway projects is approximately \$51 million. Until the parcels have been appraised for the current fair market value, there is no way of determining the true fiscal impact of this legislation.

 30 ILCS 805/8.25 new

Amends the Chicago Firefighter Article of the Illinois Pension Code to base retirement benefits on the highest 36 months, rather than 4 years, of salary within the last 10 years of service. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)
 Based on a December 31, 2000 actuarial valuation, HB 419 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$17.2 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$1.4 million. The estimated annual increase in normal cost is \$0.7 million, or 0.26% of payroll. Therefore, the estimated increase in total annual cost is \$2.1 million, or 0.77% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to an analysis prepared by the Fund's actuary, HB 0421 would decrease the unfunded liability of the Chicago Firefighters' Fund by an estimated \$17.8 million. The \$17.8 million matches an amount that would be transferred from the Chicago Municipal Fund, based on the contributions of 380 paramedics who took refunds from the Chicago Municipal Fund in 1984, and who are currently participating in the Chicago Firefighters' Fund. The unfunded liability of the Chicago Municipal Fund would increase by the same amount.

40 ILCS 5/16-133.3
40 ILCS 15/1.6 new

from Ch. 108 1/2, par. 16-133.3

Amends the State Employee and Downstate Teacher Articles of the Pension Code. Provides an early retirement incentive program for certain State employees who retire between January 1, 2002 and July 1, 2002 (in certain cases, as late as January 1, 2003). Requires the Pension Laws Commission to report on the net savings or cost of the program. Requires the State to fund the program through separate contributions made in fiscal years 2003 through 2009. Amends the State Pension Funds Continuing Appropriation Act to guarantee those contributions through continuing appropriations. Amends the State Finance Act to restrict personal service contracts with these early retirees. Requires the lump sum payment for unused vacation and sick leave to be separate from the final payment of salary and requires the use of specified withholding rates. Provides that a lump sum payment payable to a person who terminates State service during June of 2002 may be paid during July or August of 2002 from either a fiscal year 2002 or fiscal year 2003 appropriation. Provides that in fiscal year 2004 the General Assembly shall not fund the vacated positions at more than 85% of the rate of compensation payable at the time of retirement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

Assuming 7,392 members (approximately 35% of those eligible) retire early, it is estimated the accrued liability of SERS would increase by \$611.5 million. Required employee contributions are expected to total \$41.6 million. Therefore, the increase in accrued liability the State would be required to amortize is estimated to be \$569.9 million. HB 432 requires the State to contribute \$90 million to SERS and \$1 million to TRS in FY03 to amortize the increase in accrued liability, and requires the remainder of the accrued liability to be amortized in 6 equal installments, beginning in FY04. The Commission's actuary estimates annual payments to be \$105.4 million.

40 ILCS 5/6-164 from Ch. 108 1/2, par. 6-164
 30 ILCS 805/8.25 new

Amends the Chicago Firefighter Article of the Illinois Pension Code. Compounds the automatic annual increase in retirement annuity. For firemen born on or after January 1, 1945 and before January 1, 1950, increases the automatic annual increase in retirement annuity to 3%, removes the 30% maximum, and permits the initial increase at age 55. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

Based on a December 31, 2000 actuarial valuation, HB 437 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$60.0 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$4.9 million. The estimated annual increase in normal cost is \$649,000, or 0.24% of payroll. Therefore, the estimated increase in total annual cost is \$5.5 million, or 2.00% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

Amends the State Employee, Universities, and Downstate and Chicago Teacher Articles of the Illinois Pension Code. Declares it to be the public policy of this State and the intention of the General Assembly to protect annuitants against significant decreases in the purchasing power of retirement and survivor’s annuities. Directs the affected retirement systems to review and report on significant changes in purchasing power. Provides for a one-time increase in certain retirement and survivor’s annuities. Requires the resulting liability to be paid on a level dollar basis over a period of 10 years beginning July 1, 2003. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB 477 would increase the annuities of 26,850 retirees and survivors and increase the accrued liabilities of the affected systems by \$251.1 million. The annual level dollar payment required to amortize the increase in accrued liability over 10 years is estimated to be \$33.4 million (excluding Chicago Teachers’ Pension Fund for which HB 477 does not require an amortization payment). The fiscal impact of HB 477 on each of the affected Systems is as follows:

increase in accrued liabilities	\$ 37.9 million

20 ILCS 605/605-450 was 20 ILCS 605/46.19g

Amends the Department of Commerce and Community Affairs Law in the Civil Administrative Code of Illinois. Includes a community's chronic high level of poverty or unemployment as a condition that warrants the Governor's designation of an economic emergency in that community.

FISCAL NOTE (Department of Commerce and Community Affairs)
 Because the definitions of "high level" and "chronic" when referencing poverty and unemployment in this legislation are unknown, a reasonable estimate cannot be made as to the number of additional findings which could be issued, which in turn drives DCCA's costs.

HOUSE AMENDMENT NO. 1.

Defines "high rate of poverty" as a percentage of residents with incomes below the federal poverty level equal to or exceeding that in East St. Louis. Defines "chronic unemployment" as a 3-year average unemployment rate equal to or exceeding that in East St. Louis.

Amends the State Employee and Downstate Teacher Articles of the Illinois Pension Code. Provides an early retirement incentive program for certain State employees who retire between January 1, 2002 and July 1, 2002 (in certain cases, as late as January 1, 2003). Requires the Pension Laws Commission to report on the net savings or cost of the program. Requires the State to fund the program through separate contributions made in fiscal years 2003 through 2009. Amends the State Pension Funds Continuing Appropriation Act to guarantee those contributions through continuing appropriations. Amends the State Finance Act to restrict personal service contracts with these early retirees. Requires the lump sum payment for unused vacation and sick leave to be separate from the final payment of salary and requires the use of specified withholding rates. Provides that a lump sum payment payable to a person who terminates State service during June of 2002 may be paid during July or August of 2002 from either a fiscal year 2002 or fiscal year 2003 appropriation. Provides that in fiscal year 2004 the General Assembly shall not fund the vacated positions at more than 85% of the rate of compensation payable at the time of retirement. Effective immediately.

PENSION NOTE (Pension Laws Commission)
 Assuming 7,392 members (approximately 35% of those eligible) retire early, it is estimated the accrued liability of SERS would increase by \$611.5 million. Required employee contributions are expected to total \$41.6 million. Therefore, the increase in accrued liability the State would be required to amortize is estimated to be \$569.9 million. HB 484 requires the State to contribute \$90 million to SERS and \$1 million to TRS in FY03 to amortize the increase in accrued liability, and requires the remainder of the accrued liability to be amortized in 6 equal installments, beginning in FY04. The Commission's actuary estimates annual payments to be \$105.4 million.

 5 ILCS 375/10 from Ch. 127, par. 530

Amends the State Employees Group Insurance Act of 1971. Allows a licensed day care center to apply to the Director of Central Management Services to have its employees, annuitants, and their dependants provided group health insurance under the Act on a non-insured basis.

FISCAL NOTE (Department of Central Management Services)

The Department estimates there would be approximately 3,000 day care centers eligible to apply under HB 489. Since all Plan expenses are borne by the participating units, the bill would have minimal fiscal impact on the State. However, expenditure authority appropriations for the Local Government Health Insurance Reserve Fund would have to be increased significantly to cover payments for medical claims and administrative costs. Assuming approximately 4%-5% of the eligible day care centers would apply during the first year, the Department estimates first year administrative costs of approximately \$350,000, including 3 to 5 staff. Subsequent fiscal year administrative costs would increase with increased participation.

Amends the IMRF Article of the Illinois Pension Code. Makes county probation officers eligible for the sheriff's law enforcement employee (SLEP) formula; requires an affirmative resolution of the employer. Allows these probation officers to convert non-SLEP service as a probation officer into SLEP credit by paying the difference in employee contributions plus interest; waives the interest if payment is made within one year; requires an affirmative resolution by the employer. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB493 cannot be determined, as the number of county probation officers is unknown. Including additional employees under the SLEP formula would increase IMRF costs for their employers.

HB-0497 HAMOS – DAVIS,MONIQUE – MCKEON.

New Act

Creates the Shared-Cost Family Leave Program Act. Contains a short title only.

STATE MANDATES NOTE, H-AM 1

(Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 497 (H-am 1) creates a local

government organization and structure mandate for which reimbursement of the increased costs to local governments is not required under the State Mandates Act.

FISCAL NOTE, H-AM 1 (Department of Employment Security)

The bill would authorize a maximum reimbursement of \$6500 per employee on leave (i.e. a maximum reimbursement of \$250 per week of qualified leave for up to 26 weeks). There are about 200,000 births and adoptions per year in Illinois. Therefore assuming only one person per birth or adoption receives leave payments that qualify, the costs for just the family leave portion of the bill could be as high as \$1.3 billion annually. It is unknown how many individuals would qualify under the medical leave portion of the bill, but it would certainly add significantly to the maximum potential cost. It is difficult, if not impossible, to quantify how many reimbursed weeks would actually be payable if the bill is enacted. The bill does not identify a funding source or expected annual amount for these reimbursements.

The administrative costs for PFMLA would not be chargeable to IDES's federal administrative grants. Non-Federal funds would have to be appropriated and expended to cover the expense of administration, and PFMLA would also be required to pay its fair share of indirect costs. Based on the magnitude of this program relative to IDES unemployment tax administrative efforts and assuming the Department will not be required to collect the revenues to support the program, the minimum PFMLA administrative costs would be approximately \$10 million per year. Additionally, administration of PFMLA would jeopardize IDES use of federal penalty mail, potentially requiring the agency to shift to commercial metering of agency mail, which could cost \$500 thousand per year. Existing IDES equipment was purchased with federal grant monies, which means the use of this equipment of PFMLA may be restricted or possibly even prohibited, requiring additional expenditures for the purchase of dedicated equipment.

PENSION NOTE (Pension Laws Commission)

SERS estimates that there are over 9,000 employees with qualifying military service credit at an estimated average cost of \$2,000 per member. Therefore, if every member of SERS with previous military service purchases the credit, accrued liability is estimated to increase by \$18.0 million. PENSION NOTE (Illinois Pension Laws Commission)

According to the systems, HB514 would increase the accrued liabilities of the affected systems by \$851.1 million. The corresponding increases in annual required contributions have not been calculated, but may be significant. The estimated fiscal impact of HB514 for each system affected is as follows:
State Employees' Retirement System

According to the Systems' actuary, HB514 is expected to increase the accrued liabilities by \$210.5 million. The corresponding required annual employer contributions, per Public Acts 88-593 and 90-65, have not been calculated.

State Universities Retirement System

SURS has not prepared an updated cost estimate. Based on FY1997 actuarial data, the actuary for SURS estimated the one-time increase would raise the accrued liabilities by \$120.0 million.

Teachers' Retirement System

Based on membership data as of June 30, 1998, the actuary for TRS estimates HB514 would increase the accrued liabilities of the System by \$399.1 million. Assuming the benefit increase is funded at a level percent of payroll, the increase in FY 2000 contributions is expected to be \$20.7 million, or 0.35% of payroll. The increase in required annual employer contributions, per Public Acts 88-593 and 90-582, have not been calculated, but would grow at the same rate as payroll.

Chicago Teachers' Pension Fund

Based on December 31, 1998 membership data, the actuary for the Chicago Teachers' Pension Fund estimates HB514 would increase the accrued liabilities of the Fund by \$121.5 million. The corresponding increases in required annual employer contributions, per Public Act 89-15 and 90-582, have not been calculated.

Amends the Illinois Pension Code. Authorizes an active member of the State Employees' Retirement System who is employed in a position for which he or she earns eligible creditable service to transfer to that System up to 12 years of creditable service accumulated under Article 3, 5, 7, 9, or 15 for service as a police officer. Requires payment of the difference between the amount of contributions and interest transferred to the System and the amounts that would have been contributed if the credit had been earned in the System, plus interest; allows payment at any time before withdrawal. Also deletes obsolete material. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)

The fiscal impact of HB519 cannot be determined because the amount of service credit that would be transferred is unknown. It is estimated to be minor as the transferred and required employee contributions should offset most of the increase in accrued liability.

Authorizes the Attorney General to bring civil actions to enforce the Act.

New Act

Creates the Agriculture Producer Protection Act. Requires agriculture production contracts to contain certain disclosures, meet readability guidelines, and include a cover sheet that provides specified warnings, risk disclosures, producer rights, and an index of the major contract provisions. Provides that the Director of Agriculture may review an agriculture production contract for compliance with the contract form and content requirements of the Act. Allows an agriculture producer 3 days to cancel a newly executed contract. Prohibits provisions stating that information contained within an agricultural contract is confidential. Grants an agriculture contract producer a priority lien on crops, livestock, raw milk, or the cash proceeds from the sales of those items, for

moneys owed pursuant to the production contract. Provides restrictions on unilateral termination of contracts requiring the contract producer to make capital investments worth \$100,000 or more. Provides that it is unlawful for any contractor or processor to interfere with the exercise of certain rights granted under the Act and establishes other unfair practices under the Act. Provides that any provision requiring the application of another state's law instead of the Act, or waiving a right or obligation under the Act, is void. Provides that all agriculture production contracts must contain a provision requiring mediation of contract disputes. Provides that the Attorney General shall enforce the Act by actions in the circuit court for equitable and monetary relief, including injunctive relief and criminal and civil fines and penalties. Provides a private cause of action to any party aggrieved by a violation of the Act and includes as remedies contract reformation and other equitable relief for the purpose of avoiding unjust enrichment. Effective July 1, 2001.

FISCAL NOTE (Department of Agriculture)

HB 524 would impose a cost of \$120,000 a year on the Department for additional staff to review the agriculture producer contracts submitted under the bill. This cost figure could potentially be higher dependent upon the number of contracts submitted to the Department for its review.

FISCAL NOTE, H-AM 2 (Department of Agriculture)

This bill would impose a cost of \$120,000 a year upon the Dept. of Agriculture to implement. This total reflects the Department's need to hire one full-time attorney and one full-time paralegal to review the numerous agriculture producer contracts submitted to the Department for its review under HB 524. As it is impossible to estimate how many such contracts might be submitted to the Department in any given year, this cost figure could potentially be higher dependent upon the number of such contracts submitted to the Department for its review.

HOUSE AMENDMENT NO. 2.

Adds reference to:

5 ILCS 140/7

from Ch. 116, par. 207

Deletes everything. Creates the Agriculture Producer Protection Act. Requires agriculture production contracts to contain certain disclosures, meet readability guidelines, and include a summary sheet. Provides restrictions on a contractor's unilateral termination of certain contracts. Provides that it is unlawful for any contractor to interfere with the exercise of certain rights granted under the Act and establishes other unfair practices under the Act. Provides that any provision requiring the application of the law of any state other than Illinois, requiring any action to be filed in a state other than Illinois, or waiving a right or obligation under the Act, is void. Provides that the Attorney General shall enforce the Act by actions in the circuit court for equitable and monetary relief, including injunctive relief and criminal and civil fines and penalties. Provides a private cause of action to any producer aggrieved by a violation of the Act and includes as remedies contract reformation and other equitable relief for the purpose of avoiding unjust enrichment. Provides that the remainder of the Act takes effect on January 1, 2002.

HB-0549 REITZ – BOLAND – CURRY, JULIE – DAVIS, STEVE, RIGHTER AND HOFFMAN.

55 ILCS 5/3-4007 from Ch. 34, par. 3-4007

Amends the Counties Code. Provides that the State shall reimburse counties for compensation paid to the Public Defender in counties having a population of less than 500,000. Provides that the reimbursement amount shall be equal to 40% of the salary paid to the State’s Attorney in counties having a population of less than 500,000 but more than 100,000, and 25% of the salary paid to the State’s Attorney in counties having a population of 100,000 or less.

FISCAL NOTE (Office of the Illinois Courts)
 Survey results indicate that salaries of public defenders vary substantially. Maximum reimbursement to counties for public defender salaries would be approximately \$50,000 for counties with a population of 100,000 to 500,000, \$32,000 for counties with a population of 30,000 to 100,000, and \$25,000 for counties with populations of less than 30,000. Direct reimbursement of county expense for public defender salaries pursuant to HB 549 would have no fiscal impact on the judicial branch.

HOUSE AMENDMENT NO. 1.

Deletes everything. Amends the Counties Code. Requires that the State treasury pay 66 2/3% of a county’s public defender’s annual salary. Provides that a full-time county public defender’s salary must be 90% or more of the State’s attorney’s salary in that county.

HOUSE AMENDMENT NO. 2.

Further amends the Counties Code. Restores text providing that when a Public Defender in a county of 30,000 or more population is receiving not less than 90% of the compensation of the State’s Attorney in that county, that Public Defender shall not engage in the private practice of law. Provides that the State moneys paid for Public Defender salaries shall be paid monthly from the State treasury to the county in which each Public Defender is employed.

GOVERNOR’S AMENDATORY VETO MESSAGE

HB-0573 CURRIE.

New Act

Creates the Illinois Fair Bargain Act of 2001. Provides that a clause in a standard form contract or lease that modifies or limits procedural rights necessary or useful to a consumer, borrower, tenant, or employee in the enforcement of substantive rights against a party drafting the standard form contractor lease is unconscionable and is voidable by the consumer, borrower, tenant, or employee. Provides that a court, upon request of a party to the contract or lease, must declare void such a provision and prohibit the enforcement of that provision. Provides exemptions.

JUDICIAL NOTE (Office of the Illinois Courts)

HB 573 would neither decrease nor increase the number of judges needed in the State.

FISCAL NOTE (Office of the Illinois Courts)

HB 573 would have no fiscal impact on the judicial branch of government.

CORRECTIONAL NOTE (Department of Corrections)

There would be no population or cost impact to the Department.

STATE MANDATES NOTE (Dept. of Commerce & Community Affairs)

In the opinion of the Department of Commerce and Community Affairs (DCCA), HB573 does not meet the definition of a State mandate under the State Mandates Act.

625 ILCS 5/11-601

from Ch. 95 1/2, par. 11-601

Amends the Illinois Vehicle Code to raise the maximum speed limit outside an urban area to 65 miles per hour for any second division vehicle designed or used for the carry-

ing of a gross weight of 8,001 pounds or more, bus (on highways under the jurisdiction of the Department of Transportation or the Illinois State Toll Highway Authority), house car, camper, private living coach, recreational vehicle, and vehicle towing any other vehicle. Effective immediately.

FISCAL NOTE (Department of Transportation)

HB 575 will necessitate the removal of approximately 500 dual speed limit signs at a cost of \$40,000, which would result in an estimated annual savings in maintenance costs of \$5,000.

The Department projects that HB 575 will result in more severe crashes, which ultimately will result in higher medical costs to the State. The cost is indeterminate at this time.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

320 ILCS 20/2

Deletes provisions making bankers and lawyers mandated reporters of elder abuse. Deletes a provision requiring banks and financial institutions to send pamphlets concerning financial exploitation with their customers' statements. Restores, in a provision concerning civil liability for failing to return a victim's property within 60 days of the victim's request, language making only those persons who are charged by information or indictment with financial exploitation of an elderly person or person with a disability civilly liable. Deletes, in a provision making a holder of property immune from liability for distributing or releasing property to a person convicted of elder abuse, a requirement that the distribution or release occur before the conviction.

HOUSE AMENDMENT NO. 2.

Restores exemption from the offense of abuse and criminal neglect of a long term care facility resident, a physician licensed to practice medicine in all its branches or a duly licensed nurse providing care within the scope of his or her professional judgment and within the accepted standards of care within the community. In the statute concerning the criminal neglect of an elderly or disabled person, changes references from "disabled person" to "person with a disability". In that statute, deletes from the definition of "elderly person", that the person must be suffering from a disease or infirmity associated with advanced age and manifested by physical, mental, or emotional dysfunctioning. In that statute, provides that a caregiver who is a relative need not reside with the elderly person or person with a disability if the caregiver regularly visits the person. In the amendatory changes to the Probate Act of 1975 that prohibit a person convicted of certain offenses against the elderly or persons with a disability from inheriting property from those persons, provides that the Department of State Police has access to State of Illinois databases for information about the location of persons convicted of those offenses.

HOUSE AMENDMENT NO. 3.

Further amends the Elder Abuse and Neglect Act. Provides that all mandated reporters (rather than just those who are not licensed by the State) who fail to report suspected abuse, neglect, or financial exploitation under the Act are guilty of a Class A misdemeanor.

FISCAL NOTE (Environmental Protection Agency)

The degree of effort on the part of the review authority and the participants as well as the cost of compliance, research, and plan development are uncertain at this point. EPA will be required to write and pursue Board rules under HB 604. Current expenditures for areawide agencies are provided through federal funds and set aside for FPA activities as currently prescribed.

Upon passage of HB 604, additional appropriations would need to be appropriated to these areawide agencies through the IEPA.

New Act

Creates the Facility Planning Area Rules Act. Requires the Illinois Environmental Protection Agency to propose rules and procedures for facility planning area amendments. Gives guidelines for the proposed rules and procedures. Effective immediately.

HOUSE AMENDMENT NO. 2.

Changes the Agency's consideration of local and regional comprehensive plans to consideration of local, county, and regional land use plans. Repeals the Facility Planning Area Rules Act on January 1, 2007.

FISCAL NOTE, H-AM 1 (Environmental Protection Agency)

The Illinois EPA estimates that the enactment of HB 604 will require approximately \$30,000 in FY02 to cover costs associated with rule making. In addition, the Agency estimates that the workload associated with FPA amendment reviews will increase by approximately 50 percent. In FY03, the Agency will need one additional headcount, at a cost of approximately \$60,000. This position is necessary to perform outreach activities and to begin implementation of the adopted rules. In FY04, the Agency will require a second headcount at a cost of approximately \$60,000 to assist with the increased workload associated with additional reviews of local ordinances, regional/county/city plans, land use ordinances. Also in FY04, the Agency anticipates that the three planning commissions that conduct the primary FPA reviews will realize an increase in workload and may require additional funding to perform the expanded reviews.

The Agency also anticipates increased legal costs associated with appeals.

SENATE AMENDMENT NO. 1.

30 ILCS 105/5.545 new

Deletes everything. Amends the State Finance Act to create the Illinois Conceived and Foaled Standardbred Purse Fund. Amends the Illinois Horse Racing Act of 1975. Provides that when no live racing is occurring at a racetrack located in a county with a population in excess of 230,000 inhabitants that borders the Mississippi River, all moneys paid to the standardbred purse account at that racetrack shall be transferred into the Illinois Conceived and Foaled Standardbred Purse Fund. Provides that moneys in the Fund shall be used by the Department of Agriculture for Illinois conceived and foaled standardbred race purses at the Illinois State Fair and the DuQuoin State Fair. Effective immediately.

STATE MANDATES NOTE, H-AM 1

In the opinion of DCCA, HB 618 (H-am 1) does not meet the definition of a State mandate under the State Mandates Act.

FISCAL NOTE, H-AM 1 (Department of Agriculture)

HB 618 (H-am 1) would provide the Department with an additional \$2.7 million per year for standardbred purses at the State Fair in Springfield and DuQuoin. This total is based on the amount of money generated and deposited into the standardbred purse account for Fairmont Park in calendar year 2000. HB 618 would not impose any additional costs upon the Department.

BALANCED BUDGET NOTE (Bureau of the Budget)

Since HB 618 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

Amends the Chicago and Downstate Articles of the School Code. Provides that each school board shall adopt and implement a policy to prevent students from gaining access to or being exposed to sexually explicit materials. Provides that each school board shall file a copy of its policy with the State Board of Education. Effective immediately.

HOUSE AMENDMENT NO. 1.

Defines “sexually explicit material”. Provides that the policy applies to students while on school grounds. Replaces the provision that requires a school board to file a copy of the policy with the State Board of Education with a provision that requires a board to maintain a copy of the policy, requires the board to make available a copy of the policy for inspection, and provides that compliance is subject to an audit by the State Board of Education.

FISCAL NOTE (State Board of Education)

While it is difficult to estimate the cost of adopting and implementing such a policy, it is unlikely to cost a great deal per district. Many districts already have such policies. It is relatively easy and inexpensive to purchase software to “filter” the Internet and most school libraries are aware of what materials they purchase and make available to students.

Provides for the transfer of a relinquished newborn infant to the custody of a child-placing agency or to DCFS. Requires DCFS to implement a media campaign to inform the public of the provisions of the Act. Amends the Illinois Public Aid Code to provide that a child relinquished in accordance with the Abandoned Newborn Infant Protection Act is eligible for TANF. Amends the Abused and Neglected Child Reporting Act and the Juvenile Court Act of 1987 to provide that a child shall not be considered abused or neglected for the sole reason that the child has been relinquished in accordance with the Abandoned Newborn Infant Protection Act. Amends the Adoption Act to provide that a person shall not be considered an unfit person for the sole reason that the person has relinquished a child in accordance with the Abandoned Newborn Infant Protection Act. Effective immediately.

HOUSE AMENDMENT NO. 1.

Adds reference to:
 720 ILCS 5/12-21.5
 720 ILCS 5/12-21.6
 720 ILCS 130/2

In the Abandoned Newborn Infant Protection Act, deletes references to the legal guardian of an infant. Provides that in the case of a mother who gives birth to an infant in a hospital, "relinquish" also means the mother's act of leaving that newborn infant at the hospital (i) without expressing an intent to return for the infant or (ii) stating that she will not return for the infant. Provides for a relinquishing person's completion of forms

concerning the Illinois Adoption Registry and the Medical Information Exchange. Provides that a relinquished newborn infant is eligible for medical assistance (rather than “assistance”) under the Illinois Public Aid Code. Makes changes concerning a court’s authority to hold a proceeding for termination of parental rights in abeyance. Amends the Criminal Code of 1961 and the Neglected Children Offense Act to provide that relinquishment of a newborn infant in accordance with the Abandoned Newborn Infant Protection Act is not an offense under provisions concerning child abandonment, endangering the life or health of a child, or contributing to the dependency and neglect of children. Makes other changes.

HOUSE AMENDMENT NO. 2.

Adds reference to:

705 ILCS 405/2-4

from Ch. 37, par. 802-4

Replaces everything after the enacting clause with substantially similar provisions. Changes from the bill as amended by H-am 1 include the following: (1) makes changes in the statement of public policy, including adding a statement regarding a public information campaign; (2) defines a “newborn infant” as a child believed to be 72 hours old or less (rather than 30 days old or less); (3) eliminates a presumption that a person relinquishing a newborn infant is not the infant’s parent but relinquished the infant with the parent’s knowledge and permission; (4) adds a provision for immunity of a facility and personnel in connection with a relinquished infant; (5) makes changes concerning the information that must be provided to a person relinquishing an infant; (6) requires DCFS to contact child-placing agencies on a rotating basis upon notification of the relinquishment of an infant (rather than requiring DCFS to provide the names of agencies on a rotating basis to hospitals reporting the relinquishment of an infant); (7) provides that there is no relinquishment if a parent returns to reclaim an infant within 72 hours after the infant’s birth, and provides for genetic testing to confirm parentage; (8) requires DCFS to implement a public information program (instead of a media campaign); (9) requires DCFS to evaluate the effectiveness of the Abandoned Newborn Infant Protection Act in preventing injury or death of newborn infants; (10) further amends the Juvenile Court Act of 1987 to provide that a “dependent minor” includes a relinquished newborn infant for whom an adoptive family cannot be found for certain reasons; and (11) further amends the Adoption Act to provide that a relinquished newborn infant is considered to be available for adoption. Effective immediately.

SENATE AMENDMENT NO. 1.

HB-0633 O'BRIEN – CURRY, JULIE – LINDNER – SOTO – MCKEON, FEIGEN-HOLTZ AND YARBROUGH.

New Act

Creates the Drug Court Treatment Act. Permits the chief judge of each judicial circuit to establish a drug court program. Provides that the prosecutor and the defendant may agree that the defendant may be admitted to the program with the approval of the court. Contains provisions concerning eligibility for the program, assessment of defendants, and operation of the program. Provides that the program shall include a regimen of graduated requirements and rewards and sanctions, including but not limited to: fines, fees, costs, restitution, incarceration, individual and group therapy, drug analysis testing, close monitoring for a minimum of 30 days and supervision of progress, educational or vocational counseling as appropriate, and other requirements necessary to fulfill the drug court program. Sets forth dispositional options for defendants who successfully complete the program and those who fail to do so.

FISCAL NOTE (Office of the Illinois Courts)

House Bill 633 would increase judicial workloads and demands on other resources of the judicial branch in the judicial circuits that elect to establish a drug court program. It should be noted, however, that the positive effects of drug court programs may ultimately reduce demands on other parts of the court system, and that drug court programs may vary substantially among the judicial circuits. Therefore, it is not possible to determine the fiscal impact of HB 633 on the judicial branch at this time.

JUDICIAL NOTE (Office of the Illinois Courts)

House Bill 633 would increase judicial workloads in judicial circuits that choose to establish a drug court program. It is not possible to determine whether the impact of the bill would be to increase or decrease the number of judges needed in the State.

HOUSE AMENDMENT NO. 1. (Tabled March 26, 2001)

Provides that the chief judge may determine the manner in which a defendant is admitted into a drug court program. Eliminates provision requiring the prosecutor to agree

to the defendant's admission into a drug court program. Also eliminates provision that the prosecutor must agree that the defendant is addicted to or of using drugs before the court orders an assessment of the defendant.

 20 ILCS 505/35.6

Amends the Children and Family Services Act. Requires the Department to create an advocacy office to receive and resolve complaints about a child's services. Provides that when a child must be placed outside his or her home and cannot be returned immediately to parents or guardian, an assessment of the child's special needs must be conducted and race, color, or national origin may be considered in the placement only if that has been assessed as advancing the child's best interests. Makes the state-wide foster parent phone number available to any person wishing to report problems concerning a child's welfare services. Effective immediately.

FISCAL NOTE (Department of Children and Family Services)
 The Department has already established an Advocacy Office for children and families to receive and respond to complaints with a statewide toll-free telephone number. Codification of that

office would not result in additional costs to the Department. Most of the policies and procedures which would result from codification already exist. The requirement that, in the relatively rare special instances where the best interests of the child require it, the child's race, color or national origin be considered conforms to federal law and will neither cause a fiscal impact to the Department to implement nor cause the federal government to impose financial penalties. The provision expanding the use of the foster parent statewide toll-free telephone number would have minimal impact, as that number is available to all persons now and calls alleging problems with child welfare services are accepted.

820 ILCS 105/4 from Ch. 48, par. 1004

Amends the Minimum Wage Law. Increases the minimum wage for workers 18 years and older to \$6.50 per hour on January 1, 2002. Provides that, beginning in 2003, the minimum wage shall be annually adjusted by the Department of Labor. Provides that the adjustment shall be calculated each September 30, using the consumer price index for urban wage earners and clerical workers, and shall take effect on January 1 of the following year. Provides that the Director of Labor shall by rule establish the minimum wage for employees under the age of 18 years.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 642 creates a personnel mandate for which reimbursement of 100% of the increased costs to units of local government is required under the State Mandates Act. An estimate of the increased costs to units of local government is not available at this time.

HOME RULE NOTE (Dept. of Commerce and Community Affairs)

The new minimum wage would apply to each employer in the State, including units of local government. However, the legislation does not contain language indicating a pre-emption of home rule powers and functions.

FISCAL NOTE (Department of Labor)

As a result of increased caseload, the impact on the Department will be \$138,800 for costs associated with additional staffing.

HB-0644 MORROW – JONES,LOU – DELGADO – SOTO – HAMOS, YARBROUGH, GARRETT, MILLER, ERWIN, LANG AND YOUNGE.

New Act

Creates the Apprentice Equity Act. Provides that certain State contracts designated by the Capital Development Board and the Department of Transportation shall be subject to a plan under which specified goals for the employment of minority and female apprentices shall be met. Provides for administration of the plan and submission of reports concerning the plan. Effective January 1, 2002.

FISCAL NOTE (Capital Development Board)

Administrative budget impact	\$765,944
Impact on construction contracts	
average spending per year	\$350,000,000
each 1% cost to vendors	\$ 3,500,000
assume vendors increase bids by 2.5%	
to cover implementation	\$ 8,750,000

HOUSE AMENDMENT NO. 1.

Provides that only contracts to be performed in counties with a population of more than 115,000 may be designated under the Act.

FISCAL NOTE, AMENDED (Capital Development Board)
Administrative budget impact would total \$49,700. Assuming the contractor will charge 2.5% extra to implement the program, for each \$1 million in contracts, the impact on construction costs would be \$25,000.

FISCAL NOTE (Department of Transportation)
HB 644 would prohibit non-union contractors from bidding on construction contracts covered by the apprenticeship hiring requirements. Also some union contractors will find the requirement an additional burden. This will decrease competition for those contracts. The result will be increased costs for highway construction contracts. The actual fiscal impact is indeterminate at this time. In order to implement HB 644, the Department will need to devote additional resources to select reports, monitor contractor compliance and submit quarterly reports. The actual amount of these additional costs is unknown at this time.

 210 ILCS 45/2-213

Amends the Life Care Facilities Act and the Nursing Home Care Act. Provides that the facilities licensed under the Acts must document evidence of vaccination for influenza and pneumococcal disease for each resident age 60 and over, unless the vaccination is medically contraindicated or the resident has refused the vaccination. Effective immediately.

HB-0756 FRITCHEY – BIGGINS – MAY – FLOWERS – FEIGENHOLTZ, BURKE, LANG, SCHOENBERG, ZICKUS, BELLOCK, KURTZ, DELGADO, FRANKS, MCCARTHY, MATHIAS AND YARBROUGH.

New Act

Creates the Safe Egg and Laying Hen Protection Act. Prohibits the use of forced (starvation-induced) molting procedures. Makes violation a Class A misdemeanor. Provides for administration by the Department of Agriculture. Authorizes additional rule-making to protect laying hens. Authorizes civil penalties and certain enforcement actions. Effective immediately.

FISCAL NOTE (Illinois Department of Agriculture)

HB 756 would impose a cost of \$290,000 a year upon the Department of Agriculture to implement. This total represents \$180,000 to hire five full-time inspectors, \$80,000 to purchase vehicles for the inspectors, and \$30,000 for miscellaneous operating costs associated with implementing HB 756. As the Department does not currently regulate laying hen operations or know how many exist in Illinois, this cost figure could potentially be higher, depending upon the number of such operations within the State.

Amends the Sale of Tobacco to Minors Act. Provides that tobacco products may be sold in vending machines in taverns only if the vending machine is at least 25 feet from any entrance. Provides that, before selling tobacco products to a person, the retailer must request and examine photographic identification of the person unless it appears without reasonable doubt that the person is over 27 years old. Prohibits retailers from distributing individual cigarettes or a quantity of tobacco from a package intended for individual consumer use. Prohibits the dispensation of tobacco product samples in certain public areas. Requires retailers of tobacco products to place a warning sign at each point of sale. Requires retailers of tobacco products to obtain a license from the Department of Public Health. Increases penalties for the distribution of tobacco products to persons under 18 years of age.

FISCAL NOTE (Dept. of Public Health)

HB 784 may have a significant fiscal impact on DPH. Although license fees and fines for violations are to be collected by the State, no provisions are made for deposit of those fees/ fines in a fund that would support the licensure efforts of the Department. Without such legislative language, the monies collected as a result of HB 784 will be deposited into the General Revenue Fund. According to DCCA, there are almost 6,500 grocery stores, gas stations and convenience stores, and liquor stores operating in the State today. It is assumed that most of these establishments sell tobacco products or maintain tobacco vending machines. Additionally, some 6,000 food service businesses may also maintain tobacco product vending machines and require one or more licenses under the provisions of HB 784. There are other entities such as gift shops and bars that also will need to apply to IDPH for an annual tobacco retail license pursuant to the Act. Based on the assumption that for every 2,000 applications processed, one staff person is needed to process the application and validate the check, the Department would possibly need 8 additional staff persons to manage the tobacco licensure process, resulting in a cost to the Department of approximately \$500,000 per fiscal year.

105 ILCS 5/26-1 from Ch. 122, par. 26-1
 105 ILCS 5/26-2 from Ch. 122, par. 26-2

Amends the School Code. Lowers the compulsory school age by one year, to 6 years of age (from 7 years). Effective July 1, 2001.

FISCAL NOTE (State Board of Education)
 It is unclear how many children HB 795 would impact. There are approximately 160.9 thousand children per grade in grades 1 through 3 and 147.6 thousand already in kindergarten. If 30% of the 13.3 thousand difference is added to school rolls as a result of lowering the compulsory attendance age and this is multiplied by the general State aid foundation level of \$4,425, the cost would be approximately \$17 million, not including any costs for additional facilities that might be necessary.

30 ILCS 330/2 from Ch. 127, par. 652

30 ILCS 330/4 from Ch. 127, par. 654

Amends the Department of Transportation Law in the Civil Administrative Code of Illinois. Provides that the Department must establish the Build Illinois Transit Program for the construction of and acquisition of property and equipment for new mass transportation facilities and new or expanded mass transportation service, including rapid transit, rail, bus, and other equipment used in connection with mass transit by the State, a public or private entity, or 2 or more of these entities. Provides that the Department may (i) enter into contracts for new mass transportation facilities and new or expanded mass transportation service and (ii) make grants to units of local government and mass transit carriers. Amends the State Finance Act to create the Build Illinois Transit Program Fund. Amends the General Obligation Bond Act to increase the bond authorization by \$3,900,000,000 and to make a corresponding increase in the bond amount authorized for mass transportation facilities under the Build Illinois Transit Program. Provides that for the payment of the principal and interest on the bonds, the Comptroller must order transferred and the Treasurer must transfer \$293,000,000 annually from the General Revenue Fund to the Build Illinois Transit Program Fund until the bonds are retired.

FISCAL NOTE (Department of Transportation)

In order to service the additional debt, HB 807 calls for the annual transfer of \$293 million from GRF to the Build Illinois Transit Program Fund.

STATE DEBT NOTE (Economic and Fiscal Commission)

For the payment of the principal and interest on the bonds, the Comptroller must order transferred and the Treasurer must transfer \$293,000,000 annually from the General Revenue Fund to the Build Illinois Transit Program Fund until the bonds are retired. Assuming an interest rate of 5.5% and a 25-year level repayment period, the additional \$3.9 billion in bonding authority would increase total general obligation debt by approximately \$7.1 billion and annual debt service by approximately \$291 million. Dependent on the actual interest rate at the time of the bond sale, the transfer of \$293,000,000 from the General Revenue Fund may or may not be enough to cover the debt service amount.

- 705 ILCS 35/2f from Ch. 37, par. 72.2f
- 705 ILCS 40/2 from Ch. 37, par. 72.42
- 705 ILCS 45/2 from Ch. 37, par. 160.2

Amends the Circuit Courts Act, the Judicial Vacancies Act, and the Associate Judges Act. Increases the number of resident judges in Cook County from 165 to 255, the new judges to replace vacating judges as vacancies occur in Cook County circuit judgeships and associate judgeships. Reduces the number of circuit judges in Cook County by 45 as vacancies occur on and after the effective date of this amendatory Act. Reduces the number of associate judges in Cook County by 45 as vacancies occur on and after the effective date of this amendatory Act. Provides that resident judgeship vacancies shall be filled by appointment by the Supreme Court.

FISCAL NOTE (Administrative Office of the Illinois Courts)
 Replacing circuit judge positions with an equal number of resident circuit judge positions will have no fiscal impact.

However, based on salaries effective July 1, 2001, the additional annual cost for each resident circuit judge position that replaces an associate judge position is \$9,299, plus any associated increases in benefit expenses, and the increase in salary expenses for all 45 positions would be \$418,455.

JUDICIAL NOTE (Administrative Office of the Illinois Courts)

The bill provides that the new resident circuit judge positions will be filled as vacancies occur in the circuit judge and associate judge positions that would be eliminated. HB 829 would neither increase nor decrease the total number of judges in the State.

HOUSE AMENDMENT NO. 1.

Deletes reference to:
 705 ILCS 35/2f

New Act

Creates the Second Lowest Bidders' Protection Act. Provides that the second lowest bidder on a public works project and any person that entered into a contract with the second lowest bidder who suffers damages as a result of the rejection of a bid for the public works project because the successful bidder violated certain labor Acts may bring an action for damages against the violator, subject to specified restrictions.

FISCAL NOTE (Department of Labor)

Due to the increase in workload, the Department would need \$105,100 for costs associated with 2 additional staff.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 852 does not create a State mandate under the State Mandates Act.

HOME RULE NOTE (Dept. of Commerce and Community Affairs)

HB 852 pertains to lawsuits arising from bids on public works projects, and contains a provision prohibiting lawsuits relating to the Second Lowest Bidders' Protection Act being brought against units of local government. The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 852 does not pre-empt home rule authority.

HOUSE AMENDMENT NO. 1. (Tabled May 17, 2001)

Deletes everything. Creates the Staffing Requirements for Patient Safety Act. Requires a facility to take certain actions with respect to the work environment. Provides for pilot programs for testing and evaluating alternative methods of ensuring minimum nurse staffing requirements. Provides for civil monetary penalties for violations of the Act by privately owned health care facilities, and authorizes the Attorney General or a State's Attorney to bring an action for injunctive relief. HB-0862 ERWIN – YOUNGE – WINKEL – HOWARD – DAVIS,MONIQUE, GILES, KENNER AND MCGUIRE.

110 ILCS 930/9

Amends the Illinois Consortium for Educational Opportunity Act. Increases the maximum amount of a grant award under the Act from \$10,000 annually to \$15,000 annually. Effective July 1, 2001.

FISCAL NOTE (Board of Higher Education)

The number of awards made annually under this Act is dependent upon appropriated funds. Awards of \$10,000 were granted to 150 students for academic year 2000-2001, and 18 students received partial awards of \$5,000. Should an equal number of awards be given in FY 02, with a maximum award of \$15,000, and a partial award of \$7,500, the cost of the awards would be \$2,385,000 and \$785,000 more than the FY 01 appropriation. If the FY 02 appropriation is less than \$2,385,000 and HB 862 is enacted, the Consortium Board would either grant a fewer number of awards or a fewer number of maximum awards.

FISCAL NOTE (Court of Claims)

Because HB863 does not amend the Crime Victims Compensation Act, it would have no fiscal impact on the Court of Claims.

JUDICIAL NOTE (Administrative Office of the Illinois Courts)

 110 ILCS 685/30-90
 110 ILCS 690/35-90

Amends various Acts relating to the governance of the public universities in Illinois. Provides that the board of trustees of each university shall offer 100% tuition discounts (instead of 50% tuition waivers) for undergraduate education to the children of employees of a public university in Illinois who has been employed by any one or more of these universities for at least 7 years. Includes retired employees as university employees for the purpose of these provisions. Effective immediately.

FISCAL NOTE (Board of Higher Education)

For dependents of employees in FY2000, there were 1,892 waivers with a value of \$2.43 million. Assuming there would have been no change in enrollment patterns if the value of the waivers were higher, the total value would have increased to \$4.86 million if they had been for the full amount of tuition, rather than 50%. For dependents of retirees, it is not possible to estimate the total cost, as the number of dependents that would qualify is unknown. It would cost an estimated \$295,600 in waivers for every 100 eligible persons, assuming the value of the waiver is equal to the full amount of tuition charged.

HOUSE AMENDMENT NO. 1.

In the University of Illinois Act provisions, includes as an Illinois public university employee a person who is employed within any of the 4 divisions of the Department of Natural Resources under the authority of the Board of Natural Resources and Conservation.

SENATE AMENDMENT NO. 1.

Provides that the tuition discount shall be a 50% tuition discount instead of a 100% tuition discount. Includes in the other tuition discount provisions (not just the University of Illinois Act provisions) a person who is employed within any of the 4 divisions of the Department of Natural Resources under the authority of the Board of Natural Re-

sources and Conservation as an Illinois public university employee. Also includes as an Illinois public university employee a person who is employed with the State Universities Civil Service System or the State Universities Retirement System.

Provides that a person who commits the offense of unlawful purchase of a firearm by purchasing a firearm with the intent to deliver the firearm or by purchasing a firearm in violation of the statute shall be sentenced to an additional term of imprisonment of 10 years for each firearm purchased that was: (1) used in a crime that involved a violation of the Cannabis Control Act or the Illinois Controlled Substances Act; (2) used in a crime committed against a law enforcement officer; or (3) used in the commission of a felony. (Dept. of Commerce and Community Affairs)

30 ILCS 350/3 from Ch. 17, par. 6903
 30 ILCS 350/15 from Ch. 17, par. 6915
 30 ILCS 350/15.01
 35 ILCS 200/18-185
 50 ILCS 20/3 from Ch. 85, par. 1033
 50 ILCS 20/18 from Ch. 85, par. 1048

Amends the Local Government Debt Reform Act. Provides that, as a revenue source for alternate bonds, any unit of local government having a public building commission lease rental base is authorized to levy a public building commission lease rental base alternate tax levy. Provides that alternate bonds supported by the levy may be issued for any lawful corporate purpose of the unit of local government. Amends the Property Tax Extension Limitation Law in the Property Tax Code. Provides that, for taxing districts to which the law applied before the 1995 levy year, “aggregate extension” excludes certain special purpose extensions related to the public building commission lease rental base. Amends the Public Building Commission Act. Provides that the governing body of a municipal corporation having taxing power that enters into a lease with a public building commission shall, if applicable, provide for the levy and collection of a direct annual tax in the amount of the public building commission lease rental base levied for the lease. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 1.

Inserts “rental base” after “public building commission lease” in order to use the term “public building commission lease rental base” consistently throughout the amendatory provisions.

HOUSE AMENDMENT NO. 2.

Replaces the term “unit of local government” with “governmental unit”.

HOUSE AMENDMENT NO. 3.

Adds reference to:

- 50 ILCS 20/14 from Ch. 85, par. 1044
- 55 ILCS 5/5-1062.1 from Ch. 34, par. 5-1062.1
- 70 ILCS 2605/7h new
- 70 ILCS 2605/12 from Ch. 42, par. 332

Further amends the Public Building Commission Act and the Property Tax Extension Limitation Law of the Property Tax Code. Provides that a lease entered into by a public building commission and a community college district in a county with a population of not less than 300,000 and not more than 400,000 before October 1, 1991, may be amended to continue the annual payment of an amount that is not greater than the maximum annual payment under the lease on the effective date of this amendatory Act. Excludes tax levies made for the purpose of making payments under the amended lease from the property tax extension limitation. Amends the Counties Code and the Metropolitan Water Reclamation District Act. Provides for the adoption and implementation of a Cook County stormwater management plan by the Metropolitan Water Reclamation District. Authorizes the District to implement the plan throughout the County. Authorizes the District to impose fees on areas outside the District but within the County. Authorizes a special tax levy for stormwater management purposes and reduces the District’s authorized tax levy for general corporate purposes by a corresponding amount. Amends the Property Tax Code to exclude the stormwater management tax from the tax caps imposed under the Property Tax Extension Limitation Law.

HOME RULE NOTE, H-AM 3

(Department of Commerce and Community Affairs)

HB 914 (H-am 3) contains language stating that a home rule unit located in whole or in part in Cook County may not regulate stormwater management or planning in Cook County in a manner inconsistent with the legislation, or plans, rules, and ordinances adopted by the Metropolitan Water Reclamation District of Greater Chicago. Therefore, in the opinion of DCCA, this legislation pre-empts home rule authority.

HOUSE AMENDMENT NO. 4.

Excludes the City of Chicago from the home rule pre-emption relating to Cook County stormwater management.

HOUSE AMENDMENT NO. 5.

Further amends the Property Tax Extension Limitation Law in the Property Tax Code. Provides that “debt service extension base” means, for park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). Provides that “excluded non-referendum bonds” means (i) bonds authorized for certain aquarium and museum projects, (ii) double-barrelled bonds, and (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum. Some provisions are effective immediately, other provisions have a uniform effective date.

HB-0919 BRADLEY – RYAN – MCKEON – OSTERMAN, BURKE, HOWARD AND KENNER.

220 ILCS 5/16-125

Amends the Public Utilities Act with respect to electric utilities serving 1,000,000 or more customers. Abolishes the requirement that 30,000 customers be affected before a utility is required to compensate customers for power outages. Provides that if a power interruption lasts for 24 hours or more, a utility must pay consequential damages. Effective immediately.

FISCAL NOTE (Illinois Commerce Commission)

With interruptions no longer subject to a damages threshold and the scope of recovery expanded, the Commission should expect significant increases in formal and informal customer and local-government claim filings. Claim and waiver investigations and proceedings will certainly consume additional Commission time, staff, and financial resources, although it is difficult to provide an estimate fiscal impact at this time.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 919 does not create a State mandate under the State Mandates Act.

STATE MANDATES NOTE (Dept. of Commerce & Community Affairs)

HOME RULE NOTE (Dept. of Commerce & Community Affairs)

The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 945 does not pre-empt home rule authority.

FISCAL NOTE (Department of Labor)

Makes these police officers eligible for the sheriff's law enforcement (SLEP) formula. Excludes Chicago. Pre-empts home rule powers. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 959 cannot be determined and would vary among municipalities. If the employer does not currently participate in IMRF for their municipal employees or police officers, the cost of providing retirement benefits to police officers could be substantial. The cost would also increase for municipalities that currently offer police officers the IMRF regular formula, as HB 959 requires all IMRF-covered police officers to be covered by the SLEP formula.

Currently, duty disability benefits for SLEP and regular employees of IMRF are equal to 50% of the salary received at the time of disability. Effective immediately.

PENSION IMPACT NOTE, REVISED (Illinois Pension Laws Commission)

According to IMRF, HB 0963 would increase the accrued liabilities of the Fund by \$716.6 million (\$698.9 million for regular members and \$17.7 million for SLEP members). The estimated increase in average annual cost is 2.20% of salary for regular IMRF employers and 1.10% for SLEP employers, assuming the payment of the normal cost plus the amortization of the increase in accrued liabilities over 30 years.

Compounds the 3% annual increase in retirement, surviving spouse, and disability annuities, beginning with the increase due on January 1, 2002. Specifies that the last supplemental benefit payment (13th check) is payable on July 1, 2001. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION IMPACT NOTE, REVISED (Illinois Pension Law Commission)

According to IMRF, providing compounded annual increases to all current and future beneficiaries would increase the accrued liabilities of the Fund by \$780.9 million (\$724.7 million for regular employees and \$56.2 million for SLEP employees). The corresponding increase in average annual cost (including normal cost) is estimated to be 1.49% of payroll for regular IMRF employers and 2.77% of payroll for SLEP employers, assuming amortization of the increase in accrued liabilities over 30 years. This cost would be reduced by a savings of 0.62% of payroll from discontinuing the supplemental benefit payment. Therefore, the total annual cost associated with HB 0965 is 0.87% of payroll for regular IMRF employers and 2.15% of payroll for SLEP employers. The required contributions (as percent of payroll) may vary widely among employers.

- 30 ILCS 805/8.25 new

Amends the IMRF Article of the Illinois Pension Code to compound the automatic annual increase in retirement, incremental, disability, and survivor annuities. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION IMPACT NOTE (Illinois Pension Laws Commission)

According to IMRF, providing compounded annual increases to all current and future beneficiaries would increase the accrued liabilities of the Fund by \$780.9 million (\$724.7 million for regular employees and \$56.2 million for SLEP employees). The corresponding increase in average annual cost (including normal cost) is estimated to be 1.49% of payroll for regular IMRF employers and 2.77% of payroll for SLEP employers, assuming amortization of the increase in accrued liabilities over 30 years. This cost would be reduced by a savings of 0.62% of payroll from discontinuing the supplemental benefit payment. Therefore, the total annual cost associated with HB 1035 is 0.87% of payroll for regular IMRF employers and 2.15% of payroll for SLEP employers. The required contributions (as percent of payroll) may vary widely among employers.

Amends the Illinois Municipal (IMRF) Article of the Illinois Pension Code to make noncommissioned county correctional officers eligible for the sheriff's law enforcement employee formula. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB1036 cannot be determined, as the number of noncommissioned county correctional officers is unknown. Also, there is a lack of definition regarding noncommissioned county correctional officers. Including additional employees under the SLEP formula would increase IMRF costs for their employers.

105 ILCS 5/3-14.25 from Ch. 122, par. 3-14.25
 105 ILCS 5/34-18.22 new

Amends the School Code. Requires the most current version of an unfilled teaching positions list to be posted on a regional office of education's Internet web site or for Chicago, its school district's web site. Provides that if the regional office of education does not have an Internet web site, the regional superintendent of schools must make the list available to the State Board of Education and the State Board of Education must post the list on the State Board of Education's Internet web site. Requires the State Board of Education's Internet web site to provide a link to each regional office of education's list and the Chicago school district's list. Effective July 1, 2001.

FISCAL NOTE (State Board of Education)

It is assumed that since some regional offices of education (ROEs) and the Chicago public schools currently operate web sites, this work could be accomplished by existing staff. In addition, ROEs must now have this information available, so the task of collecting the positions for the list is already being done and would not create a new mandate.

STATE MANDATES NOTE (State Board of Education)

Same as SBE fiscal note.

SENATE AMENDMENT NO. 1.

Allows the unfilled teaching positions list to be linked to the regional office of education's Internet web site instead of posted on the web site.

School districts may have to devote several hours or days of clerical or programming help to be able to provide this information. It is unclear how much this will cost but it is not expected to be a great deal per district or school.

from Ch. 8, par. 37-26

Amends the Illinois Horse Racing Act of 1975. Provides that if only one breed of horse racing is conducted at a racetrack that is located in Madison County in a given year before 2002, certain purse moneys derived from simulcast wagering and inter-track wagering shall be paid only to the purse account of the breed that raced at that track for that year. Provides that the preceding provisions are declarative of existing law. Provides that if only one breed of horse racing is conducted at a racetrack that is located in Madison County in a given year after 2001, certain purse moneys derived from simulcast wagering and inter-track wagering shall be paid only to the purse account of the breed that raced at that track for that year, provided that the racetrack conducts at least as many days of live racing as in calendar year 2000. Provides that any person licensed to conduct a race meeting of at least 60 days of live racing in a calendar year at a racetrack located in Madison County may be issued an inter-track wagering license. Effective immediately.

HOUSE AMENDMENT NO. 1.

Further amends the Illinois Horse Racing Act of 1975. Makes changes concerning the issuance of an inter-track wagering license to a racetrack located in Madison County.

FISCAL NOTE (Illinois Racing Board)

Enactment of HB 1069 would likely preserve the existing number of live racing days (161) at Fairmount Park (Madison County). Therefore, with no reduction in live racing at Fairmount Park, State revenues generated from parimutuel taxes would remain constant.

SENATE AMENDMENT NO. 1.

Deletes everything. Amends the Illinois Horse Racing Act of 1975. Provides for the redistribution of simulcast and inter-track wagering revenues at a racetrack located in Madison County if such a racetrack conducts only standardbred racing or only thoroughbred racing in a calendar year. Provides, if no live racing is conducted at a racetrack located in Madison County in 2000 or 2001, that moneys derived from simulcast wagering and inter-track wagering by a licensee in Madison County and paid into that licensee's standardbred purse account shall be paid as follows: (A) eighty percent to the licensee's thoroughbred purse account to be used for thoroughbred purses and (B) twenty percent to the Illinois Colt Stakes Purse Distribution Fund. Provides that moneys so paid into that Fund shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board. Provides that failure to make the payment shall result in immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license. Provides that if live standardbred racing is conducted at that racetrack in calendar year 2001 before the payment is made, the organization licensee shall pay all moneys derived from simulcast wagering and inter-track wagering during 2000 and 2001 that (1) are to be used for purses and (2) are generated between 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses. For an organization licensee located in Madison County, imposes additional conditions on the issuance of an inter-track wagering license and an inter-track wagering location license. Provides that the provisions of the amendatory Act are severable. Effective immediately.

SENATE AMENDMENT NO. 2.

Further amends the Illinois Horse Racing Act of 1975. Makes changes concerning the issuance of an inter-track wagering license and inter-track wagering location licenses to an organization licensee who conducts racing in Madison County.

In the Section concerning registration and renewal of certificates, makes changes concerning the requirements for renewing a Valid and Active Standard Teaching Certificate, continuing professional development purposes and activities, not requiring certain materials submitted to a local professional development committee to be maintained, the number of certificate renewal plans a downstate committee is responsible for annually, and administrative costs associated with conducting meetings of the committee. Further amends the School Code. Provides that if an administrative certificate holder also holds a Standard or Master Teaching Certificate, the validity period of the administrative certificate shall be changed to coincide with the validity period of the Standard or Master Teaching Certificate. Changes the procedure to renew an administrative certificate by requiring a certificate holder to develop a certificate renewal plan for satisfying the continuing professional development required for renewal. In the Section concerning the Illinois Teaching Excellence Program, provides that the appropriation shall be from federal funds. Also changes the \$3,000 one-time payment to a teacher to an annual \$3,000 payment and requires a teacher who receives the payment or one of the annual incentives to be employed as a teacher by the school district. These provisions effective July 1, 2002.

HOUSE AMENDMENT NO. 1.

Adds reference to:
30 ILCS 805/8.25 new

Deletes everything. Creates the Fire Department Promotion Act. Requires municipal fire departments and fire departments operated by a fire protection district to make promotions in accordance with the Act. Requires the preparation and publishing of promotion lists. Sets components that may be included in the promotion process. Sets requirements for written examinations, the award of seniority points, the award of ascertained merit points, subjective evaluations, and the award of veterans’ preferences. Sets penalties for violations of the Act. Preempts home rule. Contains other provisions. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES NOTE, H-AM 1

(Department of Commerce and Community Affairs)
In the opinion of DCCA, HB 1689 (H-am 1) creates a personnel mandate for which reimbursement of 100% of the increased costs to units of local government is required under the State Mandates Act. An estimate of the increased costs to units of local government is not available at this time. However, HB 1689 (H-am 1) amends the State Mandates Act to require implementation of its provisions without reimbursement.

HOME RULE NOTE, H-AM 1

(Department of Commerce and Community Affairs)
HB 1689 (H-am 1) contains language stating that a home rule or non-home rule municipality may not administer its fire department promotion process in a manner that is inconsistent with the Fire Department Promotion Act. This is a limitation on the concurrent exercise by home rule units of the powers and functions exercised by the State. Therefore, in the opinion of DCCA, HB 1689 (H-am 1) pre-empts home rule authority.

Amends the Children’s Health Insurance Program Act and the Illinois Public Aid Code. Provides that in making a determination of a child’s income eligibility for the children’s health insurance program or Medicaid, the Department of Public Aid must accept an applicant’s attestation that a child satisfies the household income requirement but may later verify the child’s income eligibility. Provides that the Department may not determine that a child’s household income is unverifiable for the sole reason that an applicant is unable to provide pay stubs or other statements of income. Requires the Department to encourage and facilitate the enrollment of children in the children’s health insurance program and Medicaid with their enrollment in the National School Lunch Program and similar programs so that, to the extent possible, a family does not have to submit information needed to determine eligibility for these programs more than once. Repeals the provision repealing the Children’s Health Insurance Program Act on July 1, 2002. Effective immediately.

Amends the Cook County Article of the Illinois Pension Code to provide that pensions calculated under the special formula for members of the county police department shall be based on (1) the average salary for the highest 12 months (rather than 4 years) within the last 10 years of service or (2) salary on the last day of service as a member of the county police department, whichever is greater. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB 1724 would increase the accrued liability of the Cook County Employees' Fund by an estimated \$9.9 million. The annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$0.8 million. The estimated annual increase in normal cost is \$0.3 million. Therefore, the estimated increase in total annual cost is \$1.1 million, or 0.11% of payroll. Annual costs will increase commensurate with payroll.

Deletes everything after the enacting clause. Provides that State officials or agencies must provide payment for goods and services, out of funds appropriated for that purpose, within 60 days after receipt of a proper bill or invoice (now, after approval), and provides for penalty interest if payment is not issued (now, made or mailed) within that time frame. Defines the term “a proper bill or invoice”. Provides that unless otherwise provided by rule of the State Comptroller or the Department of Central Management Services, each agency has 21 days to review each bill or invoice and notify the vendor of any billing defect. Provides that the vendor must correct the defect within 5 business days after receipt of the notice, and extends the time payment is due if correction is not made within the 5-day period. Makes other changes.

SENATE AMENDMENT NO. 1.

Removes the requirement that a State agency review a bill or invoice within 21 days after receiving it and that the agency notify the vendor of a defect in the bill or invoice within 21 days after receiving it. Removes the schedule for the vendor’s submission of a corrected bill or invoice. Provides that a State agency must review each bill or invoice in a timely manner and notify the vendor of a defect as soon as possible after discovering the defect. Makes the bill effective immediately for the purpose of promulgating rules for its implementation and effective July 1, 2002 for all other purposes.

20 ILCS 505/5.15

Amends the Children and Family Services Act. Requires the Department of Human Services to develop and implement an infant-toddler initiative to address the severe shortage of high quality child care for children under 3 years of age. Requires the status of the infant-toddler initiative to be included in the State's comprehensive day-care plan. Effective immediately.

FISCAL NOTE (Department of Human Services)

The Department currently has an Infant-Toddler Initiative in place which is included in the Department's annual report to the General Assembly. Therefore, HB 1734 would require no new expenditures provided the Department is not required to expand the program beyond the current initiative.

HB-1738 FRANKS.

605 ILCS 5/4-508.1 from Ch. 121, par. 4-508.1

Amends the Illinois Highway Code. Provides that when the Department of Transportation conveys to the Illinois State Toll Highway Authority an interest in land, rights or other property acquired in connection with a federal-aid project that ceases to exist, the Department must receive compensation equal to the fair market value of the interest conveyed (instead of no compensation), to be deposited into the Road Fund.

STATE DEBT NOTE (Economic and Fiscal Commission)
 HB 1738 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

FISCAL NOTE (Illinois State Toll Highway Authority)
 It is the understanding of the Authority that the cost of properties acquired by IDOT associated with potential Tollway Authority projects is \$51 million. Until these parcels have been appraised for their current fair market value, there is no way of determining the true fiscal impact of HB 1738.

FISCAL NOTE (Department of Transportation)
 The Department paid a total of \$51 million for the parcels remaining to be transferred to the Toll Highway Authority. It can be assumed that the current fair market value will likely be greater than \$51 million, but until appraisals are completed the fair market value is indeterminate.

40 ILCS 5/17-119	from Ch. 108 1/2, par. 17-119
30 ILCS 805/8.25 new	

Amends the Downstate and Chicago Teacher Articles of the Illinois Pension Code. Allows retirement without discount at any age which, when added to the number of years of the member's total creditable service, equals at least 85. In the Chicago Teacher Article, makes the initial annual increase in retirement annuity begin to accrue from the date of retirement rather than the 61st birthday. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to TRS, HB 1739 would increase the accrued liability of TRS by an estimated \$1.0 billion. The estimated increase in FY 2002 total annual costs is \$2.5 million, or 0.10% of payroll. From 2010 through 2045, it is estimated the required employer contribution would increase from 17.20% to 19.48%, or 2.28% of payroll. This percentage of payroll amounts to increased employer contributions of \$193.9 million in FY 2010, and will grow commensurate with payroll. According to the Commission's actuary, HB 1739 would increase the accrued liability of CTRS by \$117.9 million, and the annual cost by 0.66% of payroll. As the employer (the Chicago Board of Education) is not required to contribute to the Fund when the funded ratio is above 90%, no additional employer contributions would be required for several years. The Chicago Teachers' Pension Fund currently has a funded ratio of 96.7%, and the ratio is expected to stay above 90% until FY 2018.

New Act
5 ILCS 80/4.22 new
30 ILCS 105/5.545 new

Creates the Home Inspector Licensing Act. Requires a person to possess a home inspector’s license in order to inspect a home, advertise or hold himself or herself out as a home inspector, provide inspection reports, or advise a homeowner with regard to a home inspection. Creates criminal penalties for violation of this Act. Sets out guidelines for application and renewal of a Home Inspector’s license. Requires licensure of home inspection education providers and approval of courses. Creates the Home Inspector Administration Fund. Creates a Home Inspector Advisory Board. Amends the Regulatory Sunset Act and the State Finance Act. Effective immediately.

FISCAL NOTE (Office of Banks and Real Estate)
Projected costs associated with the new licensing program for FY03 are \$201,838, and for FY04 are \$213,533. Licensing would start effective 1/1/03. An estimated 1,000 home inspectors would be licensed. A separate fund would be established. Start-up funding would come from a transfer of \$150,000 from the Real Estate License Administration Fund on 7/1/02 with payback in succeeding years. There would be a one-time establishment fee of \$150 per each new license. Licenses would be for 2-year terms with a fee of \$250 per year.

HOME RULE NOTE (Dept. of Commerce & Community Affairs)
HB1805 contains language stating that pursuant to Article VII, Section 6, subsection (h) of the Illinois Constitution of 1970, any power or function set forth by the Home Inspector Licensing Act is an exclusive State power or function and shall not be exercised concurrently, either directly or indirectly, by any unit of local government. Therefore, in the opinion of DCCA, HB1805 pre-empts home rule authority.

HOUSE AMENDMENT NO. 1.

Redefines “home inspection” and “residential real property”. Defines “person”. Changes the list of persons exempted from the licensure requirements of the Act. Requires an entity to obtain a license if it acts as or uses the title of home inspector. Provides that a person who practiced as a home inspector prior to the effective date of this Act may take the examination without having successfully completed the required classroom hours provided that he or she meets the list of requirements. Adds to the grounds for disciplinary action. Provides for the renewal of home inspector licenses for entities. Makes other changes.

Amends the State Employee and Downstate Teacher Articles of the Illinois Pension Code. Provides an early retirement incentive program for certain State employees with at least 8 years of membership service. Requires the Pension Laws Commission to report on the net savings or cost of the program. Requires the State to fund the program through separate contributions made in fiscal years 2004 through 2010. Amends the State Pension Funds Continuing Appropriation Act to guarantee those contributions through continuing appropriations. Amends the State Finance Act to restrict personal service contracts with these early retirees. Requires the lump sum payment for unused vacation and sick leave to be separate from the final payment of salary and requires the use of specified withholding rates. Provides that a lump sum payment payable to a person who terminates State service during June of 2002 or 2003 may be paid during the lapse period from either the expiring appropriation or the appropriation for the next fis-

cal year. Provides that in fiscal year 2004 the General Assembly shall not fund the vacated positions at more than 85% of the rate of compensation payable at the time of retirement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

Assuming 7,392 members (approximately 35% of those eligible) retire early, it is estimated the accrued liability of SERS would increase by \$611.5 million. Required employee contributions are expected to total \$41.6 million. Therefore, the increase in accrued liability the State would be required to amortize is estimated to be \$569.9 million. HB1849 requires the State to contribute \$90 million to SERS and \$1 million to TRS in FY03 to amortize the increase in accrued liability, and requires the remainder of the accrued liability to be amortized in 6 equal installments, beginning in FY04. The Commission's actuary estimates annual payments to be \$105.4 million.

In the provisions granting alternative formula credit for service as an inspector with law enforcement powers under Section 4 of the Narcotic Control Division Abolition Act, expands the provisions to include service during the years 1991 through 1995 by an inspector with law enforcement powers under that Section who was employed by the Department of Public Aid rather than the Department of State Police. Requires the person to pay to the System before retirement an amount equal to the difference between the employee contributions actually paid for that service and the amounts that would have been contributed if the applicant had contributed at the rate then applicable to persons with the same social security status earning eligible creditable service, plus regular interest. Effective immediately.

In provisions setting forth the conditions for annexation of property to a municipality that is separated from the municipality by a forest preserve district (except in counties with a population of more than 500,000 but less than 3,000,000), deletes provision that the property may be annexed only if the annexing municipality can show that the forest preserve district creates an artificial barrier preventing the annexation and that the location of the forest preserve district property prevents the orderly natural growth of the annexing municipality. 115 ILCS 5/4.5 rep.

Amends the Illinois Educational Labor Relations Act. Repeals provisions added by Public Act 89-15 that establish prohibited subjects of collective bargaining between an educational employer whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000 and an exclusive representative of the employees of that educational employer. Also eliminates language added by that Public Act that prohibits educational employees employed by the Chicago school district from engaging in strikes for an 18-month period beginning on the effective date of that Public Act and that prohibits payment of compensation to employees participating in a prohibited strike. Effective immediately.

FISCAL NOTE

(Illinois Educational Labor Relations Board)

The fiscal impact of this bill is speculative, but not anticipated to be substantial based on prior experience with Section 4.5 of the Act per the Chairman of the Illinois Educational Labor Relations Board. However, if enacted into law resulting in any increase in workload, IELRB will require additional resources to timely process the resulting cases.

FISCAL NOTE (State Board of Education)

This bill has no fiscal impact. If enacted, it will likely result in higher costs for Chicago School District #299, since items now prohibited from collective bargaining will be placed back on the negotiating table and anti-strike provisions are repealed.

STATE MANDATES NOTE (State Board of Education)

HB-1897 BURKE – CAPPARELLI – ACEVEDO – MENDOZA – BUGIELSKI.

40 ILCS 5/5-154.1 from Ch. 108 1/2, par. 5-154.1

30 ILCS 805/8.25 new

Amends the Chicago Police Article of the Illinois Pension Code. Raises the minimum occupational disease disability benefit from 50% to 60% of current salary and makes it apply to benefits that have been payable for 7 (rather than 10) years. Makes these changes retroactive to January 1, 2000. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 1897 has not been calculated, but is estimated to be minor, as there are relatively few (76) occupational disease disability benefit recipients.

HB-1898 BUGIELSKI – BURKE – CAPPARELLI.

40 ILCS 5/5-168 from Ch. 108 1/2, par. 5-168

Amends the Chicago Police Article of the Illinois Pension Code to increase the multiplier used to calculate the maximum allowable pension tax, from 2.00 to 2.26. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB1898 would significantly increase the annual employer contributions to the Fund. In FY 1999, the City of Chicago made employer contributions of approximately \$125.1 million, using a property tax multiplier of 2.00. If a property tax multiplier of 2.26 had been in effect that year, the employer contributions generated by the tax levy would have totaled approximately \$141.4 million.

Allows purchase at a reduced interest rate for 6 months. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The impact of HB 1899 cannot be determined as the number of members who will purchase the military service credit is unknown. For some employees, the employee contributions required by HB 1899 may not cover the entire cost of the purchased military service credit.

Creates the Parental Notice of Abortion Act of 2001 and amends the Medical Practice Act of 1987. Provides that a person may not knowingly perform an abortion on a minor or on an incompetent person unless 48 hours notice has been given to an adult family member of the minor or incompetent person. Provides for exceptions to the notice requirement, and provides a procedure for obtaining a judicial waiver of the notice requirement. Requires a minor’s consent to an abortion, except in the case of a medical emergency. Requires the Department of Public Health to make certain reports. Provides for disciplinary action against a physician who willfully fails to provide the required notice before performing an abortion on a minor or on an incompetent person. Provides

that the unauthorized signing of a waiver of notice or the unlawful disclosure of confidential information is a Class C misdemeanor. Repeals the Parental Notice of Abortion Act of 1995 and rerepeals the Illinois Abortion Parental Consent Act of 1977 and the Parental Notice of Abortion Act of 1983. Effective immediately.

CORRECTIONAL NOTE (Department of Corrections)

There would be no fiscal or corrections population impact.

JUDICIAL NOTE (Administrative Office of the Illinois Courts)

The bill would neither increase nor decrease the number of judges needed in the State.

STATE DEBT NOTE (Economic and Fiscal Commission)

HB 1900 would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore, would not affect the level of State indebtedness.

STATE DEBT NOTE, H-AM 4 (Economic and Fiscal Commission)

Same as previous note.

FISCAL NOTE (Department of Commerce and Community Affairs)

HB 1900 will not incur a fiscal impact on DCCA. According to information provided by Cook County Hospital, the legislation would incur administrative costs to report data to the Department of Public Health. Furthermore, additional costs would be incurred in providing notice to a parent or guardian regarding an abortion. The amount of the fiscal impact on Cook County Hospital cannot be determined at this time. It should be noted that other local government-administered hospitals could also incur additional costs under HB 1900 if abortions are made available at their facilities.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 1900 creates a local government organization and structure mandate for which reimbursement is not required, and a service mandate for which 50% to 100% of the increased costs to units of local government is required.

An estimate of the increased costs to local governments is not available.

HOUSE AMENDMENT NO. 4.

Deletes all references to incompetent persons. Adds a grandparent, sibling, step-sibling, aunt, or uncle to the list of persons who are "adult family members". Provides for notice to clergy as an alternative to an adult family member.

BALANCED BUDGET NOTE (Bureau of Budget)

Since HB 1900 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

SENATE AMENDMENT NO. 1.

Replaces everything with the provisions of HB1900 as introduced. Creates the Parental Notice of Abortion Act of 2001 and amends the Medical Practice Act of 1987. Provides that a person may not knowingly perform an abortion on a minor or on an incompetent person unless 48 hours notice has been given to a parent, step-parent, or legal guardian of the minor or incompetent person. Provides for exceptions to the notice requirement, and provides a procedure for obtaining a judicial waiver of the notice requirement. Requires a minor's consent to an abortion, except in the case of a medical emergency. Requires the Department of Public Health to make certain reports. Provides for disciplinary action against a physician who willfully fails to provide the required notice before performing an abortion on a minor or on an incompetent person. Provides that the unauthorized signing of a waiver of notice or the unlawful disclosure of confidential information is a Class C misdemeanor. Repeals the Parental Notice of Abortion Act of 1995 and rerepeals the Illinois Abortion Parental Consent Act of 1977 and the Parental Notice of Abortion Act of 1983. Effective immediately.

Transfers child support collection functions from the Department of Public Aid to the Attorney General. Effective July 1, 2001.

FISCAL NOTE (Attorney General)

The OAG has no basis for determining the fiscal impact of HB 1912 on the Office. It is assumed that costs would not differ significantly from those currently being experienced by the Dept. of Public Aid, which currently administers the function.

Creates the Clean Election Act and amends the Illinois Income Tax Act and the State Finance Act. Limits amounts of contributions that may be made to candidates for the Offices of Governor and Lieutenant Governor. Requires candidates to maintain an election fund bank account. Provides that qualified candidates may receive matching funds from the State. Creates the Clean Election Fund and provides for the deposit of certain moneys into that Fund. Requires certain reports to be filed with the State Board of Elections. Requires the State Board of Elections to audit campaign accounts. Allows the Board to investigate violations of the Act. Sets penalties for violations of the Act. Provides that the Act is repealed on June 30, 2009. Provides for a voluntary check-off system to permit taxpayers to designate \$5 of their income taxes to be used for that purpose. Contains other provisions. Effective immediately.

FISCAL NOTE (State Board of Elections)

It is estimated that approximately \$150,000 for new hires will be needed by the Board to implement HB 1913. Several variables present difficulties in developing a firm assessment of costs. Items such as the number of candidates participating, the number of complaints filed, the number of investigations conducted and the number of audits required will affect initial and long-range costs.

HB-1916 SOTO – DELGADO.

40 ILCS 5/17-149 rep.
30 ILCS 805/8.25 new

Amends the Chicago Teachers Article of the Illinois Pension Code. Repeals the Section providing for the cancellation of the pension of a retired teacher who is re-employed as a teacher for more than 100 days per year. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to the Fund’s actuary, the fiscal impact of HB 1916 is estimated to be minimal, as the number of pensioners who have the annuity suspended by working more than 100 days is small. HB 1916 allows retirees to teach full time without having the retirement annuity suspended.

HB-1927 DELGADO – MCKEON – FEIGENHOLTZ – BASSI – COWLISHAW, MCCARTHY, SOTO AND ERWIN.

105 ILCS 5/2-3.25g from Ch. 122, par. 2-3.25g

Amends the School Code. Makes changes concerning the waiver or modification of School Code mandates and State Board of Education rules. Requires a copy of the published notice of a public hearing concerning a school district's application for a waiver or modification to be included with the district's waiver or modification request. Requires the Board to disapprove a request under certain circumstances. Changes the dates before which the Board must file reports with the General Assembly. Reduces the period of time an approved waiver or modification from a physical education mandate may remain in effect and adds requirements for renewal of the waiver or modification, with the period of time and requirements for renewal depending on the reason the waiver was requested. Effective immediately.

HOUSE AMENDMENT NO. 1.

Requires a school district making application for a waiver from or modification to a physical education mandate to provide baseline data in the application to show how

well its students are meeting State learning standards in physical development and health. Makes changes to the period of time the waiver or modification may remain in effect and the requirements for renewal of the waiver or modification.

FISCAL NOTE (State Board of Education)

HB 1927 amends the way that waivers or modifications of law may be provided, particularly with regard to the daily physical education requirement. It does not increase costs but may affect savings that districts seek from existing legal mandates education requirement. It does not increase costs but may affect savings that districts seek from existing legal mandates.

To the extent it makes such cost savings more difficult to get approved, it could have a negative fiscal impact on a district.

It is too speculative to predict which school districts may seek waivers and which may be for the purpose of cost savings.

FISCAL NOTE, H-AM 1 (State Board of Education)

The one specific cost imposed by HB 1927, with H-am 1, is the requirement to provide baseline data on how well students meet the State learning standards in physical development and health. The cost of an assessment tool to provide such data is likely to be minimal, less than \$1,000 per district.

STATE MANDATES NOTE, H-AM 1 (State Board of Education)

Same as SBE fiscal note, with H-am 1.

HOUSE AMENDMENT NO. 2.

Increases the period of time certain physical education mandate waivers and modifications are effective.

HB-1970 MOORE – ACEVEDO – MENDOZA – O’CONNOR, DELGADO, MULLIGAN AND BRADLEY.

815 ILCS 505/2N from Ch. 121 1/2, par. 262N

Amends the Consumer Fraud and Deceptive Business Practices Act. Replaces the provisions concerning retail transactions or negotiations in a language other than English. Provides that if a person conducts a retail transaction or negotiations related to a retail transaction resulting in a written contract with a consumer in a language other than English, then the retailer must have the consumer sign a form that states whether the consumer used an interpreter other than the retailer or an employee of the retailer in conducting the transaction or negotiations. Allows the continued use of substantially similar forms that were in use before January 1, 2002. Retains the provision of current

law that these provisions do not apply to credit card transactions. (Current law requires a person conducting a retail transaction or negotiations in a language other than English to give the consumer an unexecuted copy of a contract or written agreement in that other language before entering into the contract or agreement.) Effective immediately.

SENATE AMENDMENT NO. 1.

Makes the amendatory provisions applicable to retail transactions or negotiations conducted in a language other than English (rather than to retail transactions or negotiations resulting in a written contract in a language other than English).

SENATE AMENDMENT NO. 2.

In provisions concerning circumstances in which a consumer uses an interpreter other than the retailer or an employee of the retailer, adds a form for the interpreter to state his or her name and other information. Eliminates a requirement that an interpreter sign the form signed by the consumer. Requires that the forms used in connection with a retail transaction or negotiations in which the retailer or an employee acts as interpreter be in the English language if a language that cannot be written is used in the retail transaction or negotiations. Makes other changes.

Amends the Election Code. Provides that the State Board of Elections shall prepare and print a voters' pamphlet containing candidate portraits and statements and explanatory statements of and arguments supporting and opposing public questions. Sets the requirements for material that may be included in the voters' pamphlet. Provides for the review of material to be included in the pamphlet. Provides that the Board may charge fees for the inclusion of material in the pamphlet. Provides that a county may prepare, print, and distribute a county voters' pamphlet for any regular election. Contains other provisions.

FISCAL NOTE (State Board of Elections)

Based on the cost to the Secretary of State for the printing and distribution of the 1998 General Election Constitutional Amendment blue pamphlet (\$1,500,000 for 12 page pamphlet), it is estimated that the Board would require \$2-\$3 million per election to prepare, edit, index and distribute a State Voter's Pamphlet to all post office mailing addresses in Illinois. The requirements to produce a county voters' pamphlet would have minimal fiscal impact on the operations of the Board.

New Act

Creates the Access to Health Care Planning Act. Provides that the State of Illinois shall implement a health care plan that provides access to a full range of preventive, acute, and long-term health care services. Establishes the Bipartisan Health Care Reform Commission with members appointed by the Governor and legislative leaders. Provides for public hearings and a report by the Commission. Requires a preliminary report by January 1, 2003 and a final report by January 1, 2005. Effective immediately.

FISCAL NOTE (Department of Public Health)

The Department of Public Health cannot determine the fiscal impact of this legislation at this time.

HOUSE AMENDMENT NO. 1.

Replaces everything after the enacting clause. Creates the Access to Health Care Planning Act. Provides that the State of Illinois shall implement a health care plan that provides access to a full range of preventive, acute, and long-term health care services. Deletes provisions creating the Bipartisan Health Care Reform Commission and gives its duties to the Department of Insurance. Provides that the Department of Insurance shall hold public hearings and report to the Governor and General Assembly. Requires a preliminary report by January 1, 2004 and a final report by January 1, 2006. Effective immediately.

STATE DEBT NOTE, H-AM 1

(Illinois Economic and Fiscal Commission)

HB 1984, as amended, would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness.

FISCAL NOTE, H-AM 1 (Department of Insurance)

HB 1984, with H-am 1, would create an additional estimated fiscal impact of approximately \$1.9 million for the Department. Associated costs would include: travel expenses to conduct the requisite public hearings, hiring of expert/technical staff, office space, printing and supply needs. This estimate would change based on the need for professional contractual services like actuaries and/or the need for other services.

STATE MANDATES NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 1984 with H-am 1 does not create a State mandate under the State Mandates Act.

Amends the Illinois Public Aid Code. Provides that the Medicaid program may include reimbursement for behavioral health services and mental health services. Authorizes the Department of Public Aid to provide for the services of persons licensed as a clinical psychologist, clinical social worker, or clinical professional counselor in supplying medical assistance. Prohibits the Department’s rules from requiring that services for a specific Medicaid recipient provided by a licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor be recommended by a physician. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes reference to:
305 ILCS 5/5-5

Deletes amendatory provisions (i) adding behavioral health services and mental health services to the list of medical services that may be covered under Medicaid and (ii) authorizing Medicaid reimbursement for those services if they are performed by persons licensed under the Medical Practice Act of 1987.

STATE DEBT NOTE H-AM 1 (Economic and Fiscal Commission)
HB 1985, as amended by House Amendment 1, would not change the amount of authorization for any type of State-issued or State-support bond, and, therefore, would not affect the level of State indebtedness.

FISCAL NOTE (Department of Public Aid)
The bill would allow for payment directly to clinical psychologists, social workers or professional counselors. These provider types are not currently recognized by the Department. While the language is permissive, if these providers participate, the Department estimates the fiscal impact to be between

\$17 and \$23 million annually.

Allows certain teachers employed by the Department of Corrections to elect to participate in the State Employees' Retirement System rather than the Teachers' Retirement System; authorizes persons so electing to transfer credits for previous service in that capacity. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 1987 cannot be determined, as the amount of service credit that would be transferred from TRS to SERS is unknown. HB-2100 MOORE – HOWARD – WAIT – DART – FRANKS.

625 ILCS 5/3-821 from Ch. 95 1/2, par. 3-821

Amends the Illinois Vehicle Code. Provides that the fee for a certificate of title for a vehicle purchased for \$1,000 or less, except for an all-terrain vehicle or off-highway motorcycle, is \$25.

FISCAL NOTE (Department of Transportation)

The fiscal impact of HB 2100 is impossible to determine at this time. Although the bill changes the fee, it does not specify how the dollars are to be distributed. A literal reading of the statute suggests that the Park and Conservation Fund would continue to get \$2, but the Road Fund would only get \$23 (less than half of the current \$48) while the Motor Vehicle License Plate and General Revenue Funds would get nothing. The statute could also be interpreted to give \$2 to the Park and Conservation Fund, \$11 to the Road Fund and \$4 to the Motor Vehicle License Plate Fund, and only \$8 (1/6 of the current amount) to the Road Fund.

FISCAL NOTE (Office of Secretary of State)

The fiscal impact cannot be determined because the Secretary of State does not receive information on the cost of a vehicle when executing a title transfer.

 40 ILCS 5/14-110 from Ch. 108 1/2, par. 14-110
 40 ILCS 5/15-134.6 new

Amends the Illinois Pension Code. Authorizes a current or former State Policeman to transfer to the State Employees' Retirement System up to 12 years of creditable service accumulated under IMRF for service as a civilian employee of a municipal police department or under SURS for service as a university police officer. Requires payment of the difference between the amounts transferred to the System and the amounts that would have been contributed, plus interest. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 2101 cannot be determined because the amount of service credit that would be transferred is unknown.

It is estimated to be minor, as the transferred and required employee contributions are intended to offset most of the increase in the accrued liability.

 35 ILCS 120/2-5 from Ch. 120, par. 441-5

Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act. Replaces the current exemption for new or used automatic vending machines that prepare and serve hot food and beverages and replacement parts for these machines with an exemption for machines and parts for machines used in commercial, coin-operated amusement and vending business if a use or occupation tax is paid on the gross receipts derived from the use of the commercial, coin-operated amusement and vending machines. Effective immediately.

FISCAL NOTE (Department of Revenue)

Retailers operating commercial, coin-operated vending businesses are required to register each vending machine with the Dept. of Revenue. Currently, there are approximately 120,000 of these subcertificates in circulation. Assuming a replacement rate of 10%, approximately 12,000 vending machines are replaced each year. If these machines cost between \$2500 and \$5000 each, the loss in State and local sales tax revenues would be \$1.9 to \$3.8 million.

STATE MANDATES NOTE, H-AM 1 (State Board of Education)

HB 2157 (H-am 1) appears to create a personnel mandate. The

State Board of Education is unable to calculate the exact cost

of the mandate or the increase in actuarial liability of the

Chicago Teacher Retirement System. While this legislation

clearly creates a State mandate, it is specifically exempt

from the reimbursement provisions of the State Mandates Act.
