AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Industrial Hygienists Licensure Act is amended by changing Section 35 as follows:

(225 ILCS 52/35)

Sec. 35. Industrial Hygiene Examining Board.

(1) The Director shall appoint an Industrial Hygiene Examining Board consisting of 5 persons who shall serve in an advisory capacity to the Director. The Board shall be composed of 4 certified or licensed industrial hygienists, one of whom shall serve as the chairperson, and one member of the public who is not regulated under this Act or a similar Act and who clearly represent consumer interests.

(2) Members shall serve for a term of 4 years and until their successors are appointed and qualified, except for the initial appointments. Of the initial appointments one member shall be appointed for one year, one shall be appointed to serve 2 years, one shall be appointed to serve 3 years, and 2 shall be appointed to serve for 4 years, and until their successors are appointed and qualified. No member shall be reappointed if that reappointment would cause that person's service on the Board to be longer than 8 successive years.

Appointments to fill vacancies for the unexpired portion of a vacated term shall be made in the same manner as original appointments. Initial terms shall begin 30 days after the effective date of this Act.

(3) The Director may terminate the appointment of any member for cause set forth in writing which, in the opinion of the Director, justifies termination.

(4) The Director shall consider the recommendation of the Board on all matters and questions relating to this Act.

(5) The Board is charged with the duties and responsibilities of recommending to the Director the adoption of all policies, procedures, and rules which may be required or deemed advisable in order to perform the duties and functions conferred on the Board, the Director, and the Department to carry out the provisions of this Act.

(6) The Board shall meet at the call of the Director.

(Source: P.A. 88-414.)

Section 10. The Environmental Protection Act is amended by changing Sections 17.7, 21, 22.2, 44, and 47 and adding Section 22.50a as follows:

(415 ILCS 5/17.7) (from Ch. 111 1/2, par. 1017.7)

Sec. 17.7. Community water supply testing fee.

(a) The Agency shall collect an annual nonrefundable testing fee from each community water supply for participating

in the laboratory fee program for analytical services to determine compliance with contaminant levels specified in State or federal drinking water regulations. A community water supply may commit to participation in the laboratory fee program. If the community water supply makes such a commitment, it shall commit for a period consistent with the participation requirements established by the Agency and the Community Water Supply Testing Council (Council). If a community water supply elects not to participate, it must annually notify the Agency in writing of its decision not to participate in the laboratory fee program.

(b) The Agency~~, with the concurrence of the Council,~~ shall determine the fee for participating in the laboratory fee program for analytical services. The Agency~~, with the concurrence of the Council,~~ may establish multi-year participation requirements for community water supplies and establish fees accordingly. The Agency shall base its annual fee determination upon the actual and anticipated costs for testing under State and federal drinking water regulations and the associated administrative costs of the Agency and the Council. ~~By October 1 of each year, the Agency shall submit its fee determination and supporting documentation for the forthcoming year to the Council. Before the following January 1, the Council shall hold at least one regular meeting to consider the Agency's determination. If the Council concurs with the Agency's determination, it shall thereupon take~~

~~effect. The Agency and the Council may establish procedures for resolution of disputes in the event the Council does not concur with the Agency's fee determination.~~

(c) Community water supplies that choose not to participate in the laboratory fee program or do not pay the fees shall have the duty to analyze all drinking water samples as required by State or federal safe drinking water regulations established after the federal Safe Drinking Water Act Amendments of 1986.

(d) There is hereby created in the State Treasury an interest-bearing special fund to be known as the Community Water Supply Laboratory Fund. All fees collected by the Agency under this Section shall be deposited into this Fund and shall be used for no other purpose except those established in this Section. In addition to any monies appropriated from the General Revenue Fund, monies in the Fund shall be appropriated to the Agency in amounts deemed necessary for laboratory testing of samples from community water supplies, and for the associated administrative expenses of the Agency and the Council.

(e) The Agency is authorized to adopt reasonable and necessary rules for the administration of this Section. The Agency shall submit the proposed rules for review by the Council before submission of the rulemaking for the First Notice under Section 5-40 of the Illinois Administrative Procedure Act.

(f) The Director shall establish a Community Water Supply

Testing Council, consisting of 5 persons who are elected municipal officials, 5 persons representing community water supplies, one person representing the engineering profession, one person representing investor-owned utilities, one person representing the Illinois Association of Environmental Laboratories, and 2 persons representing municipalities and community water supplies on a statewide basis, all appointed by the Director. Beginning in 1994, the Director shall appoint the following to the Council: (i) 2 elected municipal officials, 2 community water supply representatives, and 1 investor-owned utility representative, each for a one-year term; (ii) 2 elected municipal officials and 2 community water supply representatives, each for a 2 year term; and (iii) one elected municipal official, one community water supply representative, one person representing the engineering profession, and 2 persons representing municipalities and community water supplies on a statewide basis, each for a 3 year term. As soon as possible after the effective date of this amendatory Act of the 92nd General Assembly, the Director shall appoint one person representing the Illinois Association of Environmental Laboratories to a term of 3 years. Thereafter, the Director shall appoint successors in each position to 3 year terms. In case of a vacancy, the Director may appoint a successor to fill the remaining term of the vacancy. Members of the Council shall serve until a successor is appointed by the Director. The Council shall select from its members a chairperson and such

other officers as it deems necessary. The Council shall meet at the call of the Director or the Chairperson of the Council ~~hold at least 2 regular meetings each year~~. The Agency shall provide the Council with such supporting services as the Director and the Chairperson may designate, and members shall be reimbursed for ordinary and necessary expenses incurred in the performance of their duties. The Council shall have the following duties:

(1) ~~to consider any fee determinations submitted by the Agency pursuant to subsection (b) of this Section, and~~ to hold regular and special meetings at a time and place designated by the Director or the Chairperson of the Council;

(2) to consider appropriate means for long-term financial support of water supply testing, and to make recommendations to the Agency regarding a preferred approach;

(3) to review and evaluate the financial implications of current and future federal requirements for monitoring of public water supplies;

(4) to review and evaluate management and financial audit reports related to the testing program, and to make recommendations regarding the Agency's efforts to implement the fee system and testing provided for by this Section;

(5) to require an external audit as may be deemed necessary by the Council; and

(6) to conduct such other activities as may be deemed appropriate by the Director.

(Source: P.A. 92-147, eff. 7-24-01.)

(415 ILCS 5/21) (from Ch. 111 1/2, par. 1021)

Sec. 21. Prohibited acts. No person shall:

(a) Cause or allow the open dumping of any waste.

(b) Abandon, dump, or deposit any waste upon the public highways or other public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.

(c) Abandon any vehicle in violation of the "Abandoned Vehicles Amendment to the Illinois Vehicle Code", as enacted by the 76th General Assembly.

(d) Conduct any waste-storage, waste-treatment, or waste-disposal operation:

(1) without a permit granted by the Agency or in violation of any conditions imposed by such permit, including periodic reports and full access to adequate records and the inspection of facilities, as may be necessary to assure compliance with this Act and with regulations and standards adopted thereunder; provided, however, that, except for municipal solid waste landfill units that receive waste on or after October 9, 1993, no permit shall be required for (i) any person conducting a waste-storage, waste-treatment, or waste-disposal

operation for wastes generated by such person's own activities which are stored, treated, or disposed within the site where such wastes are generated, or (ii) a facility located in a county with a population over 700,000 as of January 1, 2000, operated and located in accordance with Section 22.38 of this Act, and used exclusively for the transfer, storage, or treatment of general construction or demolition debris, provided that the facility was receiving construction or demolition debris on the effective date of this amendatory Act of the 96th General Assembly;

(2) in violation of any regulations or standards adopted by the Board under this Act; or

(3) which receives waste after August 31, 1988, does not have a permit issued by the Agency, and is (i) a landfill used exclusively for the disposal of waste generated at the site, (ii) a surface impoundment receiving special waste not listed in an NPDES permit, (iii) a waste pile in which the total volume of waste is greater than 100 cubic yards or the waste is stored for over one year, or (iv) a land treatment facility receiving special waste generated at the site; without giving notice of the operation to the Agency by January 1, 1989, or 30 days after the date on which the operation commences, whichever is later, and every 3 years thereafter. The form for such notification shall be specified by the Agency, and shall be

limited to information regarding: the name and address of the location of the operation; the type of operation; the types and amounts of waste stored, treated or disposed of on an annual basis; the remaining capacity of the operation; and the remaining expected life of the operation.

Item (3) of this subsection (d) shall not apply to any person engaged in agricultural activity who is disposing of a substance that constitutes solid waste, if the substance was acquired for use by that person on his own property, and the substance is disposed of on his own property in accordance with regulations or standards adopted by the Board.

This subsection (d) shall not apply to hazardous waste.

(e) Dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

(f) Conduct any hazardous waste-storage, hazardous waste-treatment or hazardous waste-disposal operation:

(1) without a RCRA permit for the site issued by the Agency under subsection (d) of Section 39 of this Act, or in violation of any condition imposed by such permit, including periodic reports and full access to adequate records and the inspection of facilities, as may be necessary to assure compliance with this Act and with

regulations and standards adopted thereunder; or

(2) in violation of any regulations or standards adopted by the Board under this Act; or

(3) in violation of any RCRA permit filing requirement established under standards adopted by the Board under this Act; or

(4) in violation of any order adopted by the Board under this Act.

Notwithstanding the above, no RCRA permit shall be required under this subsection or subsection (d) of Section 39 of this Act for any person engaged in agricultural activity who is disposing of a substance which has been identified as a hazardous waste, and which has been designated by Board regulations as being subject to this exception, if the substance was acquired for use by that person on his own property and the substance is disposed of on his own property in accordance with regulations or standards adopted by the Board.

(g) Conduct any hazardous waste-transportation operation:

(1) without registering with and obtaining a special waste hauling permit from the Agency in accordance with the regulations adopted by the Board under this Act ~~Uniform Program implemented under subsection (l-5) of Section 22.2~~; or

(2) in violation of any regulations or standards adopted by the Board under this Act.

(h) Conduct any hazardous waste-recycling or hazardous waste-reclamation or hazardous waste-reuse operation in violation of any regulations, standards or permit requirements adopted by the Board under this Act.

(i) Conduct any process or engage in any act which produces hazardous waste in violation of any regulations or standards adopted by the Board under subsections (a) and (c) of Section 22.4 of this Act.

(j) Conduct any special waste transportation operation in violation of any regulations, standards or permit requirements adopted by the Board under this Act. However, sludge from a water or sewage treatment plant owned and operated by a unit of local government which (1) is subject to a sludge management plan approved by the Agency or a permit granted by the Agency, and (2) has been tested and determined not to be a hazardous waste as required by applicable State and federal laws and regulations, may be transported in this State without a special waste hauling permit, and the preparation and carrying of a manifest shall not be required for such sludge under the rules of the Pollution Control Board. The unit of local government which operates the treatment plant producing such sludge shall file a semiannual report with the Agency identifying the volume of such sludge transported during the reporting period, the hauler of the sludge, and the disposal sites to which it was transported. This subsection (j) shall not apply to hazardous waste.

(k) Fail or refuse to pay any fee imposed under this Act.

(l) Locate a hazardous waste disposal site above an active or inactive shaft or tunneled mine or within 2 miles of an active fault in the earth's crust. In counties of population less than 225,000 no hazardous waste disposal site shall be located (1) within 1 1/2 miles of the corporate limits as defined on June 30, 1978, of any municipality without the approval of the governing body of the municipality in an official action; or (2) within 1000 feet of an existing private well or the existing source of a public water supply measured from the boundary of the actual active permitted site and excluding existing private wells on the property of the permit applicant. The provisions of this subsection do not apply to publicly-owned sewage works or the disposal or utilization of sludge from publicly-owned sewage works.

(m) Transfer interest in any land which has been used as a hazardous waste disposal site without written notification to the Agency of the transfer and to the transferee of the conditions imposed by the Agency upon its use under subsection (g) of Section 39.

(n) Use any land which has been used as a hazardous waste disposal site except in compliance with conditions imposed by the Agency under subsection (g) of Section 39.

(o) Conduct a sanitary landfill operation which is required to have a permit under subsection (d) of this Section, in a manner which results in any of the following conditions:

(1) refuse in standing or flowing waters;

(2) leachate flows entering waters of the State;

(3) leachate flows exiting the landfill confines (as determined by the boundaries established for the landfill by a permit issued by the Agency);

(4) open burning of refuse in violation of Section 9 of this Act;

(5) uncovered refuse remaining from any previous operating day or at the conclusion of any operating day, unless authorized by permit;

(6) failure to provide final cover within time limits established by Board regulations;

(7) acceptance of wastes without necessary permits;

(8) scavenging as defined by Board regulations;

(9) deposition of refuse in any unpermitted portion of the landfill;

(10) acceptance of a special waste without a required manifest;

(11) failure to submit reports required by permits or Board regulations;

(12) failure to collect and contain litter from the site by the end of each operating day;

(13) failure to submit any cost estimate for the site or any performance bond or other security for the site as required by this Act or Board rules.

The prohibitions specified in this subsection (o) shall be

enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to sanitary landfills.

(p) In violation of subdivision (a) of this Section, cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site:

(1) litter;

(2) scavenging;

(3) open burning;

(4) deposition of waste in standing or flowing waters;

(5) proliferation of disease vectors;

(6) standing or flowing liquid discharge from the dump site;

(7) deposition of:

(i) general construction or demolition debris as defined in Section 3.160(a) of this Act; or

(ii) clean construction or demolition debris as defined in Section 3.160(b) of this Act.

The prohibitions specified in this subsection (p) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to open dumping.

(q) Conduct a landscape waste composting operation without an Agency permit, provided, however, that no permit shall be required for any person:

(1) conducting a landscape waste composting operation for landscape wastes generated by such person's own activities which are stored, treated or disposed of within the site where such wastes are generated; or

(2) applying landscape waste or composted landscape waste at agronomic rates; or

(3) operating a landscape waste composting facility on a farm, if the facility meets all of the following criteria:

(A) the composting facility is operated by the farmer on property on which the composting material is utilized, and the composting facility constitutes no more than 2% of the property's total acreage, except that the Board ~~Agency~~ may allow a higher percentage for individual sites where the owner or operator has demonstrated to the Board ~~Agency~~ that the site's soil characteristics or crop needs require a higher rate;

(B) the property on which the composting facility is located, and any associated property on which the compost is used, is principally and diligently devoted to the production of agricultural crops and is not owned, leased or otherwise controlled by any waste hauler or generator of nonagricultural compost

materials, and the operator of the composting facility is not an employee, partner, shareholder, or in any way connected with or controlled by any such waste hauler or generator;

(C) all compost generated by the composting facility is applied at agronomic rates and used as mulch, fertilizer or soil conditioner on land actually farmed by the person operating the composting facility, and the finished compost is not stored at the composting site for a period longer than 18 months prior to its application as mulch, fertilizer, or soil conditioner;

(D) the owner or operator, by January 1, 1990 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, (i) registers the site with the Agency, (ii) reports to the Agency on the volume of composting material received and used at the site, (iii) certifies to the Agency that the site complies with the requirements set forth in subparagraphs (A), (B) and (C) of this paragraph (q)(3), and (iv) certifies to the Agency that all composting material was placed more than 200 feet from the nearest potable water supply well, was placed outside the boundary of the 10-year floodplain or on a part of the site that is floodproofed, was placed at least 1/4 mile from the

nearest residence (other than a residence located on the same property as the facility) and there are not more than 10 occupied non-farm residences within 1/2 mile of the boundaries of the site on the date of application, and was placed more than 5 feet above the water table.

For the purposes of this subsection (q), "agronomic rates" means the application of not more than 20 tons per acre per year, except that the Board ~~Agency~~ may allow a higher rate for individual sites where the owner or operator has demonstrated to the Board ~~Agency~~ that the site's soil characteristics or crop needs require a higher rate.

(r) Cause or allow the storage or disposal of coal combustion waste unless:

(1) such waste is stored or disposed of at a site or facility for which a permit has been obtained or is not otherwise required under subsection (d) of this Section; or

(2) such waste is stored or disposed of as a part of the design and reclamation of a site or facility which is an abandoned mine site in accordance with the Abandoned Mined Lands and Water Reclamation Act; or

(3) such waste is stored or disposed of at a site or facility which is operating under NPDES and Subtitle D permits issued by the Agency pursuant to regulations adopted by the Board for mine-related water pollution and permits issued pursuant to the Federal Surface Mining

Control and Reclamation Act of 1977 (P.L. 95-87) or the rules and regulations thereunder or any law or rule or regulation adopted by the State of Illinois pursuant thereto, and the owner or operator of the facility agrees to accept the waste; and either

(i) such waste is stored or disposed of in accordance with requirements applicable to refuse disposal under regulations adopted by the Board for mine-related water pollution and pursuant to NPDES and Subtitle D permits issued by the Agency under such regulations; or

(ii) the owner or operator of the facility demonstrates all of the following to the Agency, and the facility is operated in accordance with the demonstration as approved by the Agency: (1) the disposal area will be covered in a manner that will support continuous vegetation, (2) the facility will be adequately protected from wind and water erosion, (3) the pH will be maintained so as to prevent excessive leaching of metal ions, and (4) adequate containment or other measures will be provided to protect surface water and groundwater from contamination at levels prohibited by this Act, the Illinois Groundwater Protection Act, or regulations adopted pursuant thereto.

Notwithstanding any other provision of this Title, the

disposal of coal combustion waste pursuant to item (2) or (3) of this subdivision (r) shall be exempt from the other provisions of this Title V, and notwithstanding the provisions of Title X of this Act, the Agency is authorized to grant experimental permits which include provision for the disposal of wastes from the combustion of coal and other materials pursuant to items (2) and (3) of this subdivision (r).

(s) After April 1, 1989, offer for transportation, transport, deliver, receive or accept special waste for which a manifest is required, unless the manifest indicates that the fee required under Section 22.8 of this Act has been paid.

(t) Cause or allow a lateral expansion of a municipal solid waste landfill unit on or after October 9, 1993, without a permit modification, granted by the Agency, that authorizes the lateral expansion.

(u) Conduct any vegetable by-product treatment, storage, disposal or transportation operation in violation of any regulation, standards or permit requirements adopted by the Board under this Act. However, no permit shall be required under this Title V for the land application of vegetable by-products conducted pursuant to Agency permit issued under Title III of this Act to the generator of the vegetable by-products. In addition, vegetable by-products may be transported in this State without a special waste hauling permit, and without the preparation and carrying of a manifest.

(v) (Blank).

(w) Conduct any generation, transportation, or recycling of construction or demolition debris, clean or general, or uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads that is not commingled with any waste, without the maintenance of documentation identifying the hauler, generator, place of origin of the debris or soil, the weight or volume of the debris or soil, and the location, owner, and operator of the facility where the debris or soil was transferred, disposed, recycled, or treated. This documentation must be maintained by the generator, transporter, or recycler for 3 years. This subsection (w) shall not apply to (1) a permitted pollution control facility that transfers or accepts construction or demolition debris, clean or general, or uncontaminated soil for final disposal, recycling, or treatment, (2) a public utility (as that term is defined in the Public Utilities Act) or a municipal utility, (3) the Illinois Department of Transportation, or (4) a municipality or a county highway department, with the exception of any municipality or county highway department located within a county having a population of over 3,000,000 inhabitants or located in a county that is contiguous to a county having a population of over 3,000,000 inhabitants; but it shall apply to an entity that contracts with a public utility, a municipal utility, the Illinois Department of Transportation, or a municipality or a county highway department. The terms "generation" and "recycling" as

used in this subsection do not apply to clean construction or demolition debris when (i) used as fill material below grade outside of a setback zone if covered by sufficient uncontaminated soil to support vegetation within 30 days of the completion of filling or if covered by a road or structure, (ii) solely broken concrete without protruding metal bars is used for erosion control, or (iii) milled asphalt or crushed concrete is used as aggregate in construction of the shoulder of a roadway. The terms "generation" and "recycling", as used in this subsection, do not apply to uncontaminated soil that is not commingled with any waste when (i) used as fill material below grade or contoured to grade, or (ii) used at the site of generation.

(Source: P.A. 96-611, eff. 8-24-09.)

(415 ILCS 5/22.2) (from Ch. 111 1/2, par. 1022.2)

Sec. 22.2. Hazardous waste; fees; liability.

(a) There are hereby created within the State Treasury 2 special funds to be known respectively as the "Hazardous Waste Fund" and the "Hazardous Waste Research Fund", constituted from the fees collected pursuant to this Section. In addition to the fees collected under this Section, the Hazardous Waste Fund shall include other moneys made available from any source for deposit into the Fund.

(b)(1) On and after January 1, 1989, the Agency shall collect from the owner or operator of each of the following

sites a fee in the amount of:

(A) 9 cents per gallon or $18.18 per cubic yard, if the hazardous waste disposal site is located off the site where such waste was produced. The maximum amount payable under this subdivision (A) with respect to the hazardous waste generated by a single generator and deposited in monofills is $30,000 per year. If, as a result of the use of multiple monofills, waste fees in excess of the maximum are assessed with respect to a single waste generator, the generator may apply to the Agency for a credit.

(B) 9 cents or $18.18 per cubic yard, if the hazardous waste disposal site is located on the site where such waste was produced, provided however the maximum amount of fees payable under this paragraph (B) is $30,000 per year for each such hazardous waste disposal site.

(C) If the hazardous waste disposal site is an underground injection well, $6,000 per year if not more than 10,000,000 gallons per year are injected, $15,000 per year if more than 10,000,000 gallons but not more than 50,000,000 gallons per year are injected, and $27,000 per year if more than 50,000,000 gallons per year are injected.

(D) 3 cents per gallon or $6.06 per cubic yard of hazardous waste received for treatment at a hazardous

waste treatment site, if the hazardous waste treatment site is located off the site where such waste was produced and if such hazardous waste treatment site is owned, controlled and operated by a person other than the generator of such waste. After treatment at such hazardous waste treatment site, the waste shall not be subject to any other fee imposed by this subsection (b). For purposes of this subsection (b), the term "treatment" is defined as in Section 3.505 but shall not include recycling, reclamation or reuse.

(2) The General Assembly shall annually appropriate to the Fund such amounts as it deems necessary to fulfill the purposes of this Act.

(3) The Agency shall have the authority to accept, receive, and administer on behalf of the State any moneys made available to the State from any source for the purposes of the Hazardous Waste Fund set forth in subsection (d) of this Section.

(4) Of the amount collected as fees provided for in this Section, the Agency shall manage the use of such funds to assure that sufficient funds are available for match towards federal expenditures for response action at sites which are listed on the National Priorities List; provided, however, that this shall not apply to additional monies appropriated to the Fund by the General Assembly, nor shall it apply in the event that the Director finds that revenues

in the Hazardous Waste Fund must be used to address conditions which create or may create an immediate danger to the environment or public health or to the welfare of the people of the State of Illinois.

(5) Notwithstanding the other provisions of this subsection (b), sludge from a publicly-owned sewage works generated in Illinois, coal mining wastes and refuse generated in Illinois, bottom boiler ash, flyash and flue gas desulphurization sludge from public utility electric generating facilities located in Illinois, and bottom boiler ash and flyash from all incinerators which process solely municipal waste shall not be subject to the fee.

(6) For the purposes of this subsection (b), "monofill" means a facility, or a unit at a facility, that accepts only wastes bearing the same USEPA hazardous waste identification number, or compatible wastes as determined by the Agency.

(c) The Agency shall establish procedures, not later than January 1, 1984, relating to the collection of the fees authorized by this Section. Such procedures shall include, but not be limited to: (1) necessary records identifying the quantities of hazardous waste received or disposed; (2) the form and submission of reports to accompany the payment of fees to the Agency; and (3) the time and manner of payment of fees to the Agency, which payments shall be not more often than quarterly.

(d) Beginning July 1, 1996, the Agency shall deposit all such receipts in the State Treasury to the credit of the Hazardous Waste Fund, except as provided in subsection (e) of this Section. All monies in the Hazardous Waste Fund shall be used by the Agency for the following purposes:

(1) Taking whatever preventive or corrective action is necessary or appropriate, in circumstances certified by the Director, including but not limited to removal or remedial action whenever there is a release or substantial threat of a release of a hazardous substance or pesticide; provided, the Agency shall expend no more than $1,000,000 on any single incident without appropriation by the General Assembly.

(2) To meet any requirements which must be met by the State in order to obtain federal funds pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, (P.L. 96-510).

(3) In an amount up to 30% of the amount collected as fees provided for in this Section, for use by the Agency to conduct groundwater protection activities, including providing grants to appropriate units of local government which are addressing protection of underground waters pursuant to the provisions of this Act.

(4) To fund the development and implementation of the model pesticide collection program under Section 19.1 of the Illinois Pesticide Act.

(5) To the extent the Agency has received and deposited monies in the Fund other than fees collected under subsection (b) of this Section, to pay for the cost of Agency employees for services provided in reviewing the performance of response actions pursuant to Title XVII of this Act.

(6) In an amount up to 15% of the fees collected annually under subsection (b) of this Section, for use by the Agency for administration of the provisions of this Section.

(e) The Agency shall deposit 10% of all receipts collected under subsection (b) of this Section, but not to exceed $200,000 per year, in the State Treasury to the credit of the Hazardous Waste Research Fund established by this Act. Pursuant to appropriation, all monies in such Fund shall be used by the University of Illinois for the purposes set forth in this subsection.

The University of Illinois may enter into contracts with business, industrial, university, governmental or other qualified individuals or organizations to assist in the research and development intended to recycle, reduce the volume of, separate, detoxify or reduce the hazardous properties of hazardous wastes in Illinois. Monies in the Fund may also be used by the University of Illinois for technical studies, monitoring activities, and educational and research activities which are related to the protection of underground waters.

Monies in the Hazardous Waste Research Fund may be used to administer the Illinois Health and Hazardous Substances Registry Act. Monies in the Hazardous Waste Research Fund shall not be used for any sanitary landfill or the acquisition or construction of any facility. This does not preclude the purchase of equipment for the purpose of public demonstration projects. The University of Illinois shall adopt guidelines for cost sharing, selecting, and administering projects under this subsection.

(f) Notwithstanding any other provision or rule of law, and subject only to the defenses set forth in subsection (j) of this Section, the following persons shall be liable for all costs of removal or remedial action incurred by the State of Illinois or any unit of local government as a result of a release or substantial threat of a release of a hazardous substance or pesticide:

(1) the owner and operator of a facility or vessel from which there is a release or substantial threat of release of a hazardous substance or pesticide;

(2) any person who at the time of disposal, transport, storage or treatment of a hazardous substance or pesticide owned or operated the facility or vessel used for such disposal, transport, treatment or storage from which there was a release or substantial threat of a release of any such hazardous substance or pesticide;

(3) any person who by contract, agreement, or otherwise

has arranged with another party or entity for transport, storage, disposal or treatment of hazardous substances or pesticides owned, controlled or possessed by such person at a facility owned or operated by another party or entity from which facility there is a release or substantial threat of a release of such hazardous substances or pesticides; and

(4) any person who accepts or accepted any hazardous substances or pesticides for transport to disposal, storage or treatment facilities or sites from which there is a release or a substantial threat of a release of a hazardous substance or pesticide.

Any monies received by the State of Illinois pursuant to this subsection (f) shall be deposited in the State Treasury to the credit of the Hazardous Waste Fund.

In accordance with the other provisions of this Section, costs of removal or remedial action incurred by a unit of local government may be recovered in an action before the Board brought by the unit of local government under subsection (i) of this Section. Any monies so recovered shall be paid to the unit of local government.

(g)(1) No indemnification, hold harmless, or similar agreement or conveyance shall be effective to transfer from the owner or operator of any vessel or facility or from any person who may be liable for a release or substantial threat of a release under this Section, to any other person

the liability imposed under this Section. Nothing in this Section shall bar any agreement to insure, hold harmless or indemnify a party to such agreements for any liability under this Section.

(2) Nothing in this Section, including the provisions of paragraph (g)(1) of this Section, shall bar a cause of action that an owner or operator or any other person subject to liability under this Section, or a guarantor, has or would have, by reason of subrogation or otherwise against any person.

(h) For purposes of this Section:

(1) The term "facility" means:

(A) any building, structure, installation, equipment, pipe or pipeline including but not limited to any pipe into a sewer or publicly owned treatment works, well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, or aircraft; or

(B) any site or area where a hazardous substance has been deposited, stored, disposed of, placed, or otherwise come to be located.

(2) The term "owner or operator" means:

(A) any person owning or operating a vessel or facility;

(B) in the case of an abandoned facility, any person owning or operating the abandoned facility or

any person who owned, operated, or otherwise controlled activities at the abandoned facility immediately prior to such abandonment;

(C) in the case of a land trust as defined in Section 2 of the Land Trustee as Creditor Act, the person owning the beneficial interest in the land trust;

(D) in the case of a fiduciary (other than a land trustee), the estate, trust estate, or other interest in property held in a fiduciary capacity, and not the fiduciary. For the purposes of this Section, "fiduciary" means a trustee, executor, administrator, guardian, receiver, conservator or other person holding a facility or vessel in a fiduciary capacity;

(E) in the case of a "financial institution", meaning the Illinois Housing Development Authority and that term as defined in Section 2 of the Illinois Banking Act, that has acquired ownership, operation, management, or control of a vessel or facility through foreclosure or under the terms of a security interest held by the financial institution or under the terms of an extension of credit made by the financial institution, the financial institution only if the financial institution takes possession of the vessel or facility and the financial institution exercises actual, direct, and continual or recurrent managerial

control in the operation of the vessel or facility that causes a release or substantial threat of a release of a hazardous substance or pesticide resulting in removal or remedial action;

(F) In the case of an owner of residential property, the owner if the owner is a person other than an individual, or if the owner is an individual who owns more than 10 dwelling units in Illinois, or if the owner, or an agent, representative, contractor, or employee of the owner, has caused, contributed to, or allowed the release or threatened release of a hazardous substance or pesticide. The term "residential property" means single family residences of one to 4 dwelling units, including accessory land, buildings, or improvements incidental to those dwellings that are exclusively used for the residential use. For purposes of this subparagraph (F), the term "individual" means a natural person, and shall not include corporations, partnerships, trusts, or other non-natural persons.

(G) In the case of any facility, title or control of which was conveyed due to bankruptcy, foreclosure, tax delinquency, abandonment, or similar means to a unit of State or local government, any person who owned, operated, or otherwise controlled activities at the facility immediately beforehand.

(H) The term "owner or operator" does not include a unit of State or local government which acquired ownership or control through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government acquires title by virtue of its function as sovereign. The exclusion provided under this paragraph shall not apply to any State or local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility, and such a State or local government shall be subject to the provisions of this Act in the same manner and to the same extent, both procedurally and substantively, as any nongovernmental entity, including liability under Section 22.2(f).

(i) The costs and damages provided for in this Section may be imposed by the Board in an action brought before the Board in accordance with Title VIII of this Act, except that Section 33(c) of this Act shall not apply to any such action.

(j)(1) There shall be no liability under this Section for a person otherwise liable who can establish by a preponderance of the evidence that the release or substantial threat of release of a hazardous substance and the damages resulting therefrom were caused solely by:

(A) an act of God;

(B) an act of war;

(C) an act or omission of a third party other than an

employee or agent of the defendant, or other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the defendant (except where the sole contractual arrangement arises from a published tariff and acceptance for carriage by a common carrier by rail), if the defendant establishes by a preponderance of the evidence that (i) he exercised due care with respect to the hazardous substance concerned, taking into consideration the characteristics of such hazardous substance, in light of all relevant facts and circumstances, and (ii) he took precautions against foreseeable acts or omissions of any such third party and the consequences that could foreseeably result from such acts or omissions; or

(D) any combination of the foregoing paragraphs.

(2) There shall be no liability under this Section for any release permitted by State or federal law.

(3) There shall be no liability under this Section for damages as a result of actions taken or omitted in the course of rendering care, assistance, or advice in accordance with this Section or the National Contingency Plan pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (P.L. 96-510) or at the direction of an on-scene coordinator appointed under such plan, with respect to an incident creating a danger to public health or welfare or the environment as a result of any release of a hazardous

substance or a substantial threat thereof. This subsection shall not preclude liability for damages as the result of gross negligence or intentional misconduct on the part of such person. For the purposes of the preceding sentence, reckless, willful, or wanton misconduct shall constitute gross negligence.

(4) There shall be no liability under this Section for any person (including, but not limited to, an owner of residential property who applies a pesticide to the residential property or who has another person apply a pesticide to the residential property) for response costs or damages as the result of the storage, handling and use, or recommendation for storage, handling and use, of a pesticide consistent with:

(A) its directions for storage, handling and use as stated in its label or labeling;

(B) its warnings and cautions as stated in its label or labeling; and

(C) the uses for which it is registered under the Federal Insecticide, Fungicide and Rodenticide Act and the Illinois Pesticide Act.

(4.5) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act, the owner or operator of the agrichemical facility is

proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section, and the Agency has provided a written endorsement of a corrective action plan.

(4.6) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a substantial threat of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act and the owner or operator of the agrichemical facility is proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section.

(5) Nothing in this subsection (j) shall affect or modify in any way the obligations or liability of any person under any other provision of this Act or State or federal law, including common law, for damages, injury, or loss resulting from a release or substantial threat of a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance.

(6)(A) The term "contractual relationship", for the purpose of this subsection includes, but is not limited to, land contracts, deeds or other instruments transferring title or possession, unless the real property on which the facility concerned is located was acquired by the defendant after the disposal or placement of the hazardous substance on, in, or at

the facility, and one or more of the circumstances described in clause (i), (ii), or (iii) of this paragraph is also established by the defendant by a preponderance of the evidence:

(i) At the time the defendant acquired the facility the defendant did not know and had no reason to know that any hazardous substance which is the subject of the release or threatened release was disposed of on, in or at the facility.

(ii) The defendant is a government entity which acquired the facility by escheat, or through any other involuntary transfer or acquisition, or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The defendant acquired the facility by inheritance or bequest.

In addition to establishing the foregoing, the defendant must establish that he has satisfied the requirements of subparagraph (C) of paragraph (l) of this subsection (j).

(B) To establish the defendant had no reason to know, as provided in clause (i) of subparagraph (A) of this paragraph, the defendant must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of the preceding sentence, the court shall take into account any

specialized knowledge or experience on the part of the defendant, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection.

(C) Nothing in this paragraph (6) or in subparagraph (C) of paragraph (1) of this subsection shall diminish the liability of any previous owner or operator of such facility who would otherwise be liable under this Act. Notwithstanding this paragraph (6), if the defendant obtained actual knowledge of the release or threatened release of a hazardous substance at such facility when the defendant owned the real property and then subsequently transferred ownership of the property to another person without disclosing such knowledge, such defendant shall be treated as liable under subsection (f) of this Section and no defense under subparagraph (C) of paragraph (1) of this subsection shall be available to such defendant.

(D) Nothing in this paragraph (6) shall affect the liability under this Act of a defendant who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance which is the subject of the action relating to the facility.

(E)(i) Except as provided in clause (ii) of this subparagraph (E), a defendant who has acquired real property

shall have established a rebuttable presumption against all State claims and a conclusive presumption against all private party claims that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j) if the defendant proves that immediately prior to or at the time of the acquisition:

(I) the defendant obtained a Phase I Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase I Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property; or

(II) the defendant obtained a Phase II Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase II Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(ii) No presumption shall be created under clause (i) of this subparagraph (E), and a defendant shall be precluded from demonstrating that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j), if:

(I) the defendant fails to obtain all Environmental

Audits required under this subparagraph (E) or any such Environmental Audit fails to meet or exceed the requirements of this subparagraph (E);

(II) a Phase I Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from real property, and the defendant fails to obtain a Phase II Environmental Audit;

(III) a Phase II Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property;

(IV) the defendant fails to maintain a written compilation and explanatory summary report of the information reviewed in the course of each Environmental Audit under this subparagraph (E); or

(V) there is any evidence of fraud, material concealment, or material misrepresentation by the defendant of environmental conditions or of related information discovered during the course of an Environmental Audit.

(iii) For purposes of this subparagraph (E), the term "environmental professional" means an individual (other than a practicing attorney) who, through academic training, occupational experience, and reputation (such as engineers, industrial hygienists, or geologists) can objectively conduct

one or more aspects of an Environmental Audit and who either:

(I) maintains at the time of the Environmental Audit and for at least one year thereafter at least $500,000 of environmental consultants' professional liability insurance coverage issued by an insurance company licensed to do business in Illinois; or

(II) is an Illinois licensed professional engineer or an Illinois licensed industrial hygienist.

An environmental professional may employ persons who are not environmental professionals to assist in the preparation of an Environmental Audit if such persons are under the direct supervision and control of the environmental professional.

(iv) For purposes of this subparagraph (E), the term "real property" means any interest in any parcel of land, and includes, but is not limited to, buildings, fixtures, and improvements.

(v) For purposes of this subparagraph (E), the term "Phase I Environmental Audit" means an investigation of real property, conducted by environmental professionals, to discover the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from real property, and whether a release or a substantial threat of a release of a hazardous substance or pesticide has occurred or may occur at, on, to, or from the real property. Until such time as the United States Environmental Protection Agency establishes standards for

making appropriate inquiry into the previous ownership and uses of the facility pursuant to 42 U.S.C. Sec. 9601(35)(B)(ii), the investigation shall comply with the procedures of the American Society for Testing and Materials, including the document known as Standard E1527-97, entitled "Standard Procedures for Environmental Site Assessment: Phase 1 Environmental Site Assessment Process". Upon their adoption, the standards promulgated by USEPA pursuant to 42 U.S.C. Sec. 9601(35)(B)(ii) shall govern the performance of Phase I Environmental Audits. In addition to the above requirements, the Phase I Environmental Audit shall include a review of recorded land title records for the purpose of determining whether the real property is subject to an environmental land use restriction such as a No Further Remediation Letter, Environmental Land Use Control, or Highway Authority Agreement.

(vi) For purposes of subparagraph (E), the term "Phase II Environmental Audit" means an investigation of real property, conducted by environmental professionals, subsequent to a Phase I Environmental Audit. If the Phase I Environmental Audit discloses the presence or likely presence of a hazardous substance or a pesticide or a release or a substantial threat of a release of a hazardous substance or pesticide:

(I) In or to soil, the defendant, as part of the Phase II Environmental Audit, shall perform a series of soil borings sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide

and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(II) In or to groundwater, the defendant, as part of the Phase II Environmental Audit, shall: review information regarding local geology, water well locations, and locations of waters of the State as may be obtained from State, federal, and local government records, including but not limited to the United States Geological Survey, the State Geological Survey of the University of Illinois, and the State Water Survey of the University of Illinois; and perform groundwater monitoring sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(III) On or to media other than soil or groundwater, the defendant, as part of the Phase II Environmental Audit, shall perform an investigation sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(vii) The findings of each Environmental Audit prepared

under this subparagraph (E) shall be set forth in a written audit report. Each audit report shall contain an affirmation by the defendant and by each environmental professional who prepared the Environmental Audit that the facts stated in the report are true and are made under a penalty of perjury as defined in Section 32-2 of the Criminal Code of 1961. It is perjury for any person to sign an audit report that contains a false material statement that the person does not believe to be true.

(viii) The Agency is not required to review, approve, or certify the results of any Environmental Audit. The performance of an Environmental Audit shall in no way entitle a defendant to a presumption of Agency approval or certification of the results of the Environmental Audit.

The presence or absence of a disclosure document prepared under the Responsible Property Transfer Act of 1988 shall not be a defense under this Act and shall not satisfy the requirements of subdivision (6)(A) of this subsection (j).

(7) No person shall be liable under this Section for response costs or damages as the result of a pesticide release if the Agency has found that a pesticide release occurred based on a Health Advisory issued by the U.S. Environmental Protection Agency or an action level developed by the Agency, unless the Agency notified the manufacturer of the pesticide and provided an opportunity of not less than 30 days for the manufacturer to comment on the technical and scientific

justification supporting the Health Advisory or action level.

(8) No person shall be liable under this Section for response costs or damages as the result of a pesticide release that occurs in the course of a farm pesticide collection program operated under Section 19.1 of the Illinois Pesticide Act, unless the release results from gross negligence or intentional misconduct.

(k) If any person who is liable for a release or substantial threat of release of a hazardous substance or pesticide fails without sufficient cause to provide removal or remedial action upon or in accordance with a notice and request by the Agency or upon or in accordance with any order of the Board or any court, such person may be liable to the State for punitive damages in an amount at least equal to, and not more than 3 times, the amount of any costs incurred by the State of Illinois as a result of such failure to take such removal or remedial action. The punitive damages imposed by the Board shall be in addition to any costs recovered from such person pursuant to this Section and in addition to any other penalty or relief provided by this Act or any other law.

Any monies received by the State pursuant to this subsection (k) shall be deposited in the Hazardous Waste Fund.

(l) Beginning January 1, 1988, the Agency shall annually collect a $250 fee for each Special Waste Hauling Permit Application and, in addition, shall collect a fee of $20 for each waste hauling vehicle identified in the annual permit

application and for each vehicle which is added to the permit during the annual period. The Agency shall deposit 85% of such fees collected under this subsection in the State Treasury to the credit of the Hazardous Waste Research Fund; and shall deposit the remaining 15% of such fees collected in the State Treasury to the credit of the Environmental Protection Permit and Inspection Fund. The majority of such receipts which are deposited in the Hazardous Waste Research Fund pursuant to this subsection shall be used by the University of Illinois for activities which relate to the protection of underground waters. ~~Persons engaged in the offsite transportation of hazardous waste by highway and participating in the Uniform Program under subsection (l-5) are not required to file a Special Waste Hauling Permit Application.~~

(l-5) (Blank). ~~(1) As used in this subsection:~~

~~"Base state" means the state selected by a transporter according to the procedures established under the Uniform Program.~~

~~"Base state agreement" means an agreement between participating states electing to register or permit transporters.~~

~~"Participating state" means a state electing to participate in the Uniform Program by entering into a base state agreement.~~

~~"Transporter" means a person engaged in the offsite transportation of hazardous waste by highway.~~

~~"Uniform application" means the uniform registration and permit application form prescribed under the Uniform Program.~~

~~"Uniform Program" means the Uniform State Hazardous Materials Transportation Registration and Permit Program established in the report submitted and amended pursuant to 49 U.S.C. Section 5119(b), as implemented by the Agency under this subsection.~~

~~"Vehicle" means any self propelled motor vehicle, except a truck tractor without a trailer, designed or used for the transportation of hazardous waste subject to the hazardous waste manifesting requirements of 40 U.S.C. Section 6923(a)(3).~~

~~(2) Beginning July 1, 1998, the Agency shall implement the Uniform State Hazardous Materials Transportation Registration and Permit Program. On and after that date, no person shall engage in the offsite transportation of hazardous waste by highway without registering and obtaining a permit under the Uniform Program. A transporter with its principal place of business in Illinois shall register with and obtain a permit from the Agency. A transporter that designates another participating state in the Uniform Program as its base state shall likewise register with and obtain a permit from that state before transporting hazardous waste in Illinois.~~

~~(3) Beginning July 1, 1998, the Agency shall annually~~

~~collect no more than a $250 processing and audit fee from each transporter of hazardous waste who has filed a uniform application and, in addition, the Agency shall annually collect an apportioned vehicle registration fee of $20. The amount of the apportioned vehicle registration fee shall be calculated consistent with the procedures established under the Uniform Program.~~

~~All moneys received by the Agency from the collection of fees pursuant to the Uniform Program shall be deposited into the Hazardous Waste Transporter account hereby created within the Environmental Protection Permit and Inspection Fund. Moneys remaining in the account at the close of the fiscal year shall not lapse to the General Revenue Fund. The State Treasurer may receive money or other assets from any source for deposit into the account. The Agency may expend moneys from the account, upon appropriation, for the implementation of the Uniform Program, including the costs to the Agency of fee collection and administration. In addition, funds not expended for the implementation of the Uniform Program may be utilized for emergency response and cleanup activities related to hazardous waste transportation that are initiated by the Agency.~~

~~Whenever the amount of the Hazardous Waste Transporter account exceeds by 115% the amount annually appropriated by the General Assembly, the Agency shall credit participating~~

~~transporters an amount, proportionately based on the amount of the vehicle fee paid, equal to the excess in the account, and shall determine the need to reduce the amount of the fee charged transporters in the subsequent fiscal year by the amount of the credit.~~

~~(4)(A) The Agency may propose and the Board shall adopt rules as necessary to implement and enforce the Uniform Program. The Agency is authorized to enter into agreements with other agencies of this State as necessary to carry out administrative functions or enforcement of the Uniform Program.~~

~~(B) The Agency shall recognize a Uniform Program registration as valid for one year from the date a notice of registration form is issued and a permit as valid for 3 years from the date issued or until a transporter fails to renew its registration, whichever occurs first.~~

~~(C) The Agency may inspect or examine any motor vehicle or facility operated by a transporter, including papers, books, records, documents, or other materials to determine if a transporter is complying with the Uniform Program. The Agency may also conduct investigations and audits as necessary to determine if a transporter is entitled to a permit or to make suspension or revocation determinations consistent with the standards of the Uniform Program.~~

~~(5) The Agency may enter into agreements with federal agencies, national repositories, or other participating~~

~~states as necessary to allow for the reciprocal registration and permitting of transporters pursuant to the Uniform Program. The agreements may include procedures for determining a base state, the collection and distribution of registration fees, dispute resolution, the exchange of information for reporting and enforcement purposes, and other provisions necessary to fully implement, administer, and enforce the Uniform Program.~~

(m) (Blank).

(n) (Blank).

(Source: P.A. 95-728, eff. 7-1-08 - See Sec. 999.)

(415 ILCS 5/22.50a new)

Sec. 22.50a. Compliance with environmental covenants. No person shall use, or cause or allow the use of, any site subject to an environmental covenant created under the Uniform Environmental Covenants Act in a manner that is inconsistent with the activity and use limitations imposed under the environmental covenant. For purposes of this Section, the terms "activity and use limitations" and "environmental covenant" shall mean "activity and use limitations" and "environmental covenant" as those terms are defined in the Uniform Environmental Covenants Act.

(415 ILCS 5/44) (from Ch. 111 1/2, par. 1044)

Sec. 44. Criminal acts; penalties.

(a) Except as otherwise provided in this Section, it shall be a Class A misdemeanor to violate this Act or regulations thereunder, or any permit or term or condition thereof, or knowingly to submit any false information under this Act or regulations adopted thereunder, or under any permit or term or condition thereof. A court may, in addition to any other penalty herein imposed, order a person convicted of any violation of this Act to perform community service for not less than 100 hours and not more than 300 hours if community service is available in the jurisdiction. It shall be the duty of all State and local law-enforcement officers to enforce such Act and regulations, and all such officers shall have authority to issue citations for such violations.

(b) Calculated Criminal Disposal of Hazardous Waste.

(1) A person commits the offense of Calculated Criminal Disposal of Hazardous Waste when, without lawful justification, he knowingly disposes of hazardous waste while knowing that he thereby places another person in danger of great bodily harm or creates an immediate or long-term danger to the public health or the environment.

(2) Calculated Criminal Disposal of Hazardous Waste is a Class 2 felony. In addition to any other penalties prescribed by law, a person convicted of the offense of Calculated Criminal Disposal of Hazardous Waste is subject to a fine not to exceed $500,000 for each day of such

offense.

(c) Criminal Disposal of Hazardous Waste.

(1) A person commits the offense of Criminal Disposal of Hazardous Waste when, without lawful justification, he knowingly disposes of hazardous waste.

(2) Criminal Disposal of Hazardous Waste is a Class 3 felony. In addition to any other penalties prescribed by law, a person convicted of the offense of Criminal Disposal of Hazardous Waste is subject to a fine not to exceed $250,000 for each day of such offense.

(d) Unauthorized Use of Hazardous Waste.

(1) A person commits the offense of Unauthorized Use of Hazardous Waste when he, being required to have a permit, registration, or license under this Act or any other law regulating the treatment, transportation, or storage of hazardous waste, knowingly:

(A) treats, transports, or stores any hazardous waste without such permit, registration, or license;

(B) treats, transports, or stores any hazardous waste in violation of the terms and conditions of such permit or license;

(C) transports any hazardous waste to a facility which does not have a permit or license required under this Act; or

(D) transports by vehicle any hazardous waste without having in each vehicle credentials issued to the transporter by the transporter's base state pursuant to procedures established under the Uniform Program.

(2) A person who is convicted of a violation of subdivision (1)(A), (1)(B) or (1)(C) of this subsection is guilty of a Class 4 felony. A person who is convicted of a violation of subdivision (1)(D) is guilty of a Class A misdemeanor. In addition to any other penalties prescribed by law, a person convicted of violating subdivision (1)(A), (1)(B) or (1)(C) is subject to a fine not to exceed $100,000 for each day of such violation, and a person who is convicted of violating subdivision (1)(D) is subject to a fine not to exceed $1,000.

(e) Unlawful Delivery of Hazardous Waste.

(1) Except as authorized by this Act or the federal Resource Conservation and Recovery Act, and the regulations promulgated thereunder, it is unlawful for any person to knowingly deliver hazardous waste.

(2) Unlawful Delivery of Hazardous Waste is a Class 3 felony. In addition to any other penalties prescribed by law, a person convicted of the offense of Unlawful Delivery of Hazardous Waste is subject to a fine not to exceed $250,000 for each such violation.

(3) For purposes of this Section, "deliver" or "delivery" means the actual, constructive, or attempted transfer of possession of hazardous waste, with or without consideration, whether or not there is an agency relationship.

(f) Reckless Disposal of Hazardous Waste.

(1) A person commits Reckless Disposal of Hazardous Waste if he disposes of hazardous waste, and his acts which cause the hazardous waste to be disposed of, whether or not those acts are undertaken pursuant to or under color of any permit or license, are performed with a conscious disregard of a substantial and unjustifiable risk that such disposing of hazardous waste is a gross deviation from the standard of care which a reasonable person would exercise in the situation.

(2) Reckless Disposal of Hazardous Waste is a Class 4 felony. In addition to any other penalties prescribed by law, a person convicted of the offense of Reckless Disposal of Hazardous Waste is subject to a fine not to exceed $50,000 for each day of such offense.

(g) Concealment of Criminal Disposal of Hazardous Waste.

(1) A person commits the offense of Concealment of Criminal Disposal of Hazardous Waste when he conceals, without lawful justification, the disposal of hazardous

waste with the knowledge that such hazardous waste has been disposed of in violation of this Act.

(2) Concealment of Criminal Disposal of a Hazardous Waste is a Class 4 felony. In addition to any other penalties prescribed by law, a person convicted of the offense of Concealment of Criminal Disposal of Hazardous Waste is subject to a fine not to exceed $50,000 for each day of such offense.

(h) Violations; False Statements.

(1) Any person who knowingly makes a false material statement in an application for a permit or license required by this Act to treat, transport, store, or dispose of hazardous waste commits the offense of perjury and shall be subject to the penalties set forth in Section 32-2 of the Criminal Code of 1961.

(2) Any person who knowingly makes a false material statement or representation in any label, manifest, record, report, permit or license, or other document filed, maintained or used for the purpose of compliance with this Act in connection with the generation, disposal, treatment, storage, or transportation of hazardous waste commits a Class 4 felony. A second or any subsequent offense after conviction hereunder is a Class 3 felony.

(3) Any person who knowingly destroys, alters or conceals any record required to be made by this Act in

connection with the disposal, treatment, storage, or transportation of hazardous waste, commits a Class 4 felony. A second or any subsequent offense after a conviction hereunder is a Class 3 felony.

(4) Any person who knowingly makes a false material statement or representation in any application, bill, invoice, or other document filed, maintained, or used for the purpose of receiving money from the Underground Storage Tank Fund commits a Class 4 felony. A second or any subsequent offense after conviction hereunder is a Class 3 felony.

(5) Any person who knowingly destroys, alters, or conceals any record required to be made or maintained by this Act or required to be made or maintained by Board or Agency rules for the purpose of receiving money from the Underground Storage Tank Fund commits a Class 4 felony. A second or any subsequent offense after a conviction hereunder is a Class 3 felony.

(6) A person who knowingly and falsely certifies under Section 22.48 that an industrial process waste or pollution control waste is not special waste commits a Class 4 felony for a first offense and commits a Class 3 felony for a second or subsequent offense.

(7) In addition to any other penalties prescribed by law, a person convicted of violating this subsection (h) is subject to a fine not to exceed $50,000 for each day of

such violation.

(8) Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Agency, or to a unit of local government to which the Agency has delegated authority under subsection (r) of Section 4 of this Act, related to or required by this Act, a regulation adopted under this Act, any federal law or regulation for which the Agency has responsibility, or any permit, term, or condition thereof, commits a Class 4 felony, and each such statement or writing shall be considered a separate Class 4 felony. A person who, after being convicted under this paragraph (8), violates this paragraph (8) a second or subsequent time, commits a Class 3 felony.

(i) Verification.

(1) Each application for a permit or license to dispose of, transport, treat, store or generate hazardous waste under this Act shall contain an affirmation that the facts are true and are made under penalty of perjury as defined in Section 32-2 of the Criminal Code of 1961. It is perjury for a person to sign any such application for a permit or license which contains a false material statement, which he does not believe to be true.

(2) Each request for money from the Underground Storage Tank Fund shall contain an affirmation that the facts are

true and are made under penalty of perjury as defined in Section 32-2 of the Criminal Code of 1961. It is perjury for a person to sign any request that contains a false material statement that he does not believe to be true.

(j) Violations of Other Provisions.

(1) It is unlawful for a person knowingly to violate:

(A) subsection (f) of Section 12 of this Act;

(B) subsection (g) of Section 12 of this Act;

(C) any term or condition of any Underground Injection Control (UIC) permit;

(D) any filing requirement, regulation, or order relating to the State Underground Injection Control (UIC) program;

(E) any provision of any regulation, standard, or filing requirement under subsection (b) of Section 13 of this Act;

(F) any provision of any regulation, standard, or filing requirement under subsection (b) of Section 39 of this Act;

(G) any National Pollutant Discharge Elimination System (NPDES) permit issued under this Act or any term or condition of such permit;

(H) subsection (h) of Section 12 of this Act;

(I) subsection 6 of Section 39.5 of this Act;

(J) any provision of any regulation, standard or

filing requirement under Section 39.5 of this Act;

(K) a provision of the Procedures for Asbestos Emission Control in subsection (c) of Section 61.145 of Title 40 of the Code of Federal Regulations; or

(L) the standard for waste disposal for manufacturing, fabricating, demolition, renovation, and spraying operations in Section 61.150 of Title 40 of the Code of Federal Regulations.

(2) A person convicted of a violation of subdivision (1) of this subsection commits a Class 4 felony, and in addition to any other penalty prescribed by law is subject to a fine not to exceed $25,000 for each day of such violation.

(3) A person who negligently violates the following shall be subject to a fine not to exceed $10,000 for each day of such violation:

(A) subsection (f) of Section 12 of this Act;

(B) subsection (g) of Section 12 of this Act;

(C) any provision of any regulation, standard, or filing requirement under subsection (b) of Section 13 of this Act;

(D) any provision of any regulation, standard, or filing requirement under subsection (b) of Section 39 of this Act;

(E) any National Pollutant Discharge Elimination System (NPDES) permit issued under this Act;

(F) subsection 6 of Section 39.5 of this Act; or

(G) any provision of any regulation, standard, or filing requirement under Section 39.5 of this Act.

(4) It is unlawful for a person knowingly to:

(A) make any false statement, representation, or certification in an application form, or form pertaining to, a National Pollutant Discharge Elimination System (NPDES) permit;

(B) render inaccurate any monitoring device or record required by the Agency or Board in connection with any such permit or with any discharge which is subject to the provisions of subsection (f) of Section 12 of this Act;

(C) make any false statement, representation, or certification in any form, notice or report pertaining to a CAAPP permit under Section 39.5 of this Act;

(D) render inaccurate any monitoring device or record required by the Agency or Board in connection with any CAAPP permit or with any emission which is subject to the provisions of Section 39.5 of this Act; or

(E) violate subsection 6 of Section 39.5 of this Act or any CAAPP permit, or term or condition thereof, or any fee or filing requirement.

(5) A person convicted of a violation of subdivision (4) of this subsection commits a Class A misdemeanor, and

in addition to any other penalties provided by law is subject to a fine not to exceed $10,000 for each day of violation.

(k) Criminal operation of a hazardous waste or PCB incinerator.

(1) A person commits the offense of criminal operation of a hazardous waste or PCB incinerator when, in the course of operating a hazardous waste or PCB incinerator, he knowingly and without justification operates the incinerator (i) without an Agency permit, or in knowing violation of the terms of an Agency permit, and (ii) as a result of such violation, knowingly places any person in danger of great bodily harm or knowingly creates an immediate or long term material danger to the public health or the environment.

(2) Any person who commits the offense of criminal operation of a hazardous waste or PCB incinerator for the first time commits a Class 4 felony and, in addition to any other penalties prescribed by law, shall be subject to a fine not to exceed $100,000 for each day of the offense.

Any person who commits the offense of criminal operation of a hazardous waste or PCB incinerator for a second or subsequent time commits a Class 3 felony and, in addition to any other penalties prescribed by law, shall be subject to a fine not to exceed $250,000 for each day of

the offense.

(3) For the purpose of this subsection (k), the term "hazardous waste or PCB incinerator" means a pollution control facility at which either hazardous waste or PCBs, or both, are incinerated. "PCBs" means any substance or mixture of substances that contains one or more polychlorinated biphenyls in detectable amounts.

(l) It shall be the duty of all State and local law enforcement officers to enforce this Act and the regulations adopted hereunder, and all such officers shall have authority to issue citations for such violations.

(m) Any action brought under this Section shall be brought by the State's Attorney of the county in which the violation occurred, or by the Attorney General, and shall be conducted in accordance with the applicable provisions of the Code of Criminal Procedure of 1963.

(n) For an offense described in this Section, the period for commencing prosecution prescribed by the statute of limitations shall not begin to run until the offense is discovered by or reported to a State or local agency having the authority to investigate violations of this Act.

(o) In addition to any other penalties provided under this

Act, if a person is convicted of (or agrees to a settlement in an enforcement action over) illegal dumping of waste on the person's own property, the Attorney General, the Agency or local prosecuting authority shall file notice of the conviction, finding or agreement in the office of the Recorder in the county in which the landowner lives.

(p) Criminal Disposal of Waste.

(1) A person commits the offense of Criminal Disposal of Waste when he or she:

(A) if required to have a permit under subsection (d) of Section 21 of this Act, knowingly conducts a waste-storage, waste-treatment, or waste-disposal operation in a quantity that exceeds 250 cubic feet of waste without a permit; or

(B) knowingly conducts open dumping of waste in violation of subsection (a) of Section 21 of this Act.

(2) (A) A person who is convicted of a violation of item (A) of subdivision (1) of this subsection is guilty of a Class 4 felony for a first offense and, in addition to any other penalties provided by law, is subject to a fine not to exceed $25,000 for each day of violation. A person who is convicted of a violation of item (A) of subdivision (1) of this subsection is guilty of a Class 3 felony for a second or subsequent offense and, in addition to any other penalties provided by law, is subject to a fine not to

exceed $50,000 for each day of violation.

(B) A person who is convicted of a violation of item (B) of subdivision (1) of this subsection is guilty of a Class A misdemeanor. However, a person who is convicted of a second or subsequent violation of item (B) of subdivision (1) of this subsection for the open dumping of waste in a quantity that exceeds 250 cubic feet is guilty of a Class 4 felony and, in addition to any other penalties provided by law, is subject to a fine not to exceed $5,000 for each day of violation.

(q) Criminal Damage to a Public Water Supply.

(1) A person commits the offense of Criminal Damage to a Public Water Supply when, without lawful justification, he knowingly alters, damages, or otherwise tampers with the equipment or property of a public water supply, or knowingly introduces a contaminant into the distribution system of a public water supply so as to cause, threaten, or allow the distribution of water from any public water supply of such quality or quantity as to be injurious to human health or the environment.

(2) Criminal Damage to a Public Water Supply is a Class 4 felony. In addition to any other penalties prescribed by law, a person convicted of the offense of Criminal Damage to a Public Water Supply is subject to a fine not to exceed

$250,000 for each day of such offense.

(r) Aggravated Criminal Damage to a Public Water Supply.

(1) A person commits the offense of Aggravated Criminal Damage to a Public Water Supply when, without lawful justification, he commits Criminal Damage to a Public Water Supply while knowing that he thereby places another person in danger of serious illness or great bodily harm, or creates an immediate or long-term danger to public health or the environment.

(2) Aggravated Criminal Damage to a Public Water Supply is a Class 2 felony. In addition to any other penalties prescribed by law, a person convicted of the offense of Aggravated Criminal Damage to a Public Water Supply is subject to a fine not to exceed $500,000 for each day of such offense.

(415 ILCS 5/47) (from Ch. 111 1/2, par. 1047)

Sec. 47. (a) The State of Illinois and all its agencies, institutions, officers and subdivisions shall comply with all requirements, prohibitions, and other provisions of the Act and of regulations adopted thereunder.

(b) (Blank). ~~Each state agency or institution shall annually assess the environmental problems created by its operations and the extent to which its operations are in~~

~~violation of this Act or of regulations adopted thereunder, and shall report to the Environmental Protection Agency on or before December 1 of each year as to the findings of such assessment, the progress made in eliminating such violations, and the steps to be taken in the future to assure compliance.~~

(c) (Blank). ~~Each state agency or institution shall submit to the Environmental Protection Agency complete plans, specifications and cost estimates for any proposed installation or facility that may cause a violation of this Act or of regulations adopted thereunder by December 1 of each year.~~
