Explanation of Transfers by the Department of the Lottery

Transfers to the Common School Fund

In accordance with 20 ILCS 1605/9.3, the Illinois Department of the Lottery (Department) is statutorily mandated to transfer estimated net proceeds to the Common School Fund (CSF) on a monthly basis. The transfer shall be made on the last day of each month or shortly thereafter. The estimated proceeds transferred monthly are to be reconciled to actual proceeds upon completion of the applicable annual fiscal year audit. If actual net proceeds are more than estimated net proceeds, the remaining amount shall be deposited in the CSF. If actual net proceeds are less than estimated net proceeds, the excess amount shall offset estimated net lottery proceeds the following fiscal year. The net lottery proceeds shall be determined after deducting prizes, retailer bonuses, costs incurred in the operation and administration of the Lottery, and transfers to specialty causes. Additionally, they shall be determined in accordance with Generally Accepted Accounting Principles (GAAP) for governmental entities.

The CSF estimated net proceed transfers made in December 2024 totaled **\$50.0 million** and were made on December 4th and December 11th.

Transfers to Specialty Causes

Per the Illinois Lottery Law (20 ILCS 1605/21.4 thru 21.16), the Illinois Department of the Lottery shall offer a joint special instant scratch-off game for ten various causes as outlined in the Law. The Department transfers the net proceeds from these causes to the specified funds within the State of Illinois on a monthly basis. The net proceeds are transferred one month in arrears of the revenues being generated and upon final reconciliation of instant sales, less prize expense, and operating expenses of the joint ticket. During December, the special causes the Department supports earned net proceeds of **\$1.009 million**. This amount was cash transferred in January.

Illinois Department of the Lottery
Report of Revenues, Expenses, and Operating Income
For the Month Ending December 31, 2024

In December, the Department generated sales of **\$344.4 million** and related prize expense of **\$232.7 million**. Per the Illinois Lottery Law (20 ILCS 1605/10.3), the Department is required to collect proceeds from the sale of Lottery tickets net of prizes paid and commissions earned from authorized retailers. The proceeds resulted in cash collections of **\$119.2 million** from the weekly net sweeps of Lottery retailer's accounts and net deposits from the iLottery platform. The funds collected were deposited in the State Lottery Fund (Fund 711).
