Date: June 20, 2024

Subject: 2023 Body Camera Report

This report fulfills the Illinois Body-Worn Camera Act reporting requirements, and the Illinois Law Enforcement Training and Standards Board grant acceptance rules.

Department Overview, Number of Cameras, Installation, and Utilization

The Campton Hills Police Department 2023 authorized strength consists of fifteen (15) officers, including six (6) full-time and nine (9) part-time officers, including one (1) Chief and one (1) Deputy Chief.

The Campton Hills Police Department implemented the body worn camera program in April 2023 after an initial testing phase for all personnel. The Department purchased thirteen (13) Axon Body 3 body-worn cameras and six (6) Axon Fleet 3 in-squad cameras. The department provides an Axon camera to every officer that it employs. The department still utilizes and maintains this equipment to date.

Campton Hills policy requires officers to utilize the cameras when in uniform while conducting law enforcement activity. Body 3 cameras and Axon Fleet 3 in-squad cameras sync to the Axon cloud system.

Audit-Review Process

A supervisor reviews at least one randomly selected file a month. Campton Hills Police command staff may periodically review records. Supervisors review the records to:

- Ensure officer compliance to policy
- Identify training needs
- Recognize exemplary officer performance
- Complete citizen complaint investigations
- Fulfill FOIA requests

Technical issues

- No issues reported/discovered from any Axon Fleet 3 in car camera systems in 2023.
- No issues reported/discovered from any Axon Body 3 cameras.
