The Havana Police Dept is made up of 9 full time officers including the Police Chief. There is also an Animal Control/ Ordinance Officer for a community of about 3000 citizens. We run approx. 2 officers per shift 24hr, 7 days a week. We have a primary Dispatch Center in our department and are a back up center for the Mason County Sheriffs Dept.

We utilize 10 Axon Body Warn Cameras issued to each officer, Police Chief and Animal Control/Ordinance Officer. The BWC is to be worn at all times during the shift and turned on accordingly, per policy.

At this time there has not been any issues with the BWC/ docking station or uploading process.

BWC footage is reviewed by myself (Chief Hindahl), Deputy Chief Stark and Sgt Perkins. Not in any particular order. If something is observed on the BWC it is addressed with the officer. If there is a certain case that the BWC was used it can be used as a training video for officers within the department.
