

MEMORANDUM

TO: The Honorable JB Pritzker, Governor
The Honorable Emanuel “Chris” Welch, Speaker of the House
The Honorable Tony McCombie, House Minority Leader
The Honorable Don Harmon, Senate President
The Honorable John Curran, Senate Minority Leader

FROM: Dr. Tony Sanders 
State Superintendent of Education

DATE: August 20, 2025

SUBJECT: Comprehensive Personal Health and Safety and Comprehensive Sexual Health Education Survey Report, School Year 2024-25

The Illinois State Board of Education (ISBE) respectfully submits this report to fulfill the requirements set forth in [Public Act 102-0522](#), which states the following:

The State Board of Education shall, through existing reporting mechanisms if available, direct each school district to identify the following:

- 1) if instruction on comprehensive personal health and safety and comprehensive sexual health education is provided;*
- 2) whether the instruction was provided by a teacher in the school, a consultant, or a community group or organization and specify the name of the outside consultant, community group, or organization;*
- 3) the number of students receiving instruction;*
- 4) the number of students excused from instruction; and*
- 5) the duration of instruction.*

ISBE must report the results of this inquiry to the General Assembly annually, for a period of five years that began August 20, 2022.

This report is transmitted on behalf of the state superintendent of education. For additional information, please contact the Legislative Affairs Department at 217-782- 6510.

Survey Report**

School Year 2024-25

August 20, 2025

Foreword

[Public Act 102-0522](#), effective August 20, 2021, created the Comprehensive Personal Health and Safety and Comprehensive Sexual Health Education Act and required the Illinois State Board of Education (ISBE) to adopt the [National Sex Education Standards](#) as the Illinois Learning Standards for sexual health education. These new standards went into effect on July 13, 2022, within [23 Ill. Admin. Code 1, Appendix D](#).

PA 102-0522 requires ISBE to collect information about sexual health education instruction in Illinois annually for five years. A short survey was developed for the fourth year of this time frame and sent to all school districts, Regional Offices of Education (ROEs), and Intermediate Service Centers (ISCs) on May 1, 2025. This report is a compilation of data collected from that survey.

Inquiries regarding this report may be directed to the ISBE Safe and Healthy Climate Center at sexualhealtheducation@isbe.net.

Background

PA 102-0522 gives school districts the option to provide sexual health education instruction. Should a school district choose to provide such instruction, parents/guardians may opt their children out of it. School districts that choose to provide instruction in sexual health education must develop or select a curriculum that is aligned with the National Sex Education Standards. The survey that this report documents provides data about these options and requirements. The survey will be administered again next school year.

Methodology

Collection instruments and procedures used by ISBE to collect data on sexual health education instruction follow the requirements outlined in PA 102-0522. The school year 2024-25 data collection was conducted using the same survey methodology and questions as school year 2023-24. An electronic survey form was issued to school districts, ROEs, and ISCs in a web-based application called Survey Builder, which is housed within the ISBE Web Application Security ([IWAS](#)) system. This method was selected because Survey Builder in IWAS prevents duplicate answers and provides a clear report of all entries. This year's survey was released on May 1, 2025, and closed on August 12, 2025.

Limitations

The completeness of the reporting required by PA 102-0522 is dependent upon school districts, ROEs, and ISCs providing responses within the allotted time frame.

School Year 2024-25 Results

The following totals refer to all responding entities.

Result Description	Total
Total survey responses	767
School districts, ROEs, and ISCs reporting they provided instruction in comprehensive personal health and safety and comprehensive sexual health education in the 2024-25 school year	310
School districts, ROEs, and ISCs reporting they did not provide instruction in comprehensive personal health and safety and comprehensive sexual health education in the 2024-25 school year	457

The following totals refer only to the 310 school districts, ROEs, and ISCs that reported they provided instruction in comprehensive personal health and safety and comprehensive sexual health education in Illinois.

Grade Band	Total number of students who received instruction	Total number of students who opted out	Total duration of instruction (in hours)
K-2	100,145	2,345	1,317.63
3-5	118,502	3,189	1,678.41
6-8	137,416	1,629	12,908.08
9-10	100,399	835	19,876.85
11-12	44,830	540	3,029.03

- A total of 273 school districts, ROEs, and ISCs reported that comprehensive personal health and safety and comprehensive sexual health education instruction was provided by a licensed teacher.
- A total of 157 school districts, ROEs, and ISCs reported that the instruction was provided by a consultant, community group, or organization.
- Included within these totals are school districts that provided instruction using a combination of licensed teachers and consultants, community groups, or organizations.
- A list of the consultants, community groups, and organizations specified by school districts, ROEs, and ISCs is provided below in alphabetical order with duplicates removed:

Amy Center	Crisis Center for South Suburbia
