To the Honorable Governor JB Pritzker & General Assembly:

The Teachers' Retirement System of the State of Illinois respectfully submits this report in compliance with 40 ILCS 5/1-109.1(8) of the Illinois Pension Code.

Each retirement system, pension fund, and investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall submit a report to the Governor and the General Assembly by January 1 of each year that includes the following: (1) the policy adopted under subsection (4) of this Section, including the names and addresses of the emerging investment managers used, percentage of the assets under the investment control of emerging investment managers for the 3 separate goals, and the actions it has undertaken to increase the use of emerging investment managers, including encouraging other investment managers to use emerging investment managers as subcontractors when the opportunity arises; (ii) the policy adopted under subsection (5) of this Section; (iii) the policy adopted under subsection (6) of this Section; and (iv) the policy adopted under subsection (7) of this Section, including specific actions undertaken to increase the use of minority broker-dealers; and (v) the policy adopted under subsection (9) of this Section.

If you have any questions about this report, do not hesitate to contact me directly.

Very truly yours,

Introduction

The Teachers' Retirement System of the State of Illinois ("TRS" or the "System") continues its efforts to support diversity within its investment program and the overall organization. This report summarizes some of the System's key initiatives with regard to the greater utilization of minority, female and disabled owned firms (MWBE) within TRS. Notable initiatives include:

- Formal adoption by the TRS Board of Trustees of aspirational utilization goals for both MWBE-owned investment management firms and MWBE-owned broker/dealers.
- Increased the size of the Emerging Manager Program from \$750 million to \$1 billion confirming TRS's long-standing commitment to increase diversity, equity and inclusion.
- Inclusion of qualified MWBE-owned investment management firms during the search process to encourage greater diversity of candidate firms.
- Maintenance of a MWBE-owned broker/dealer database which is made available to the System's external investment managers.
- Expanded efforts to hire diverse managers outside the Emerging Manager Program.
- Hosted the 20th Annual Opportunity Forum for the MWBE investment manager and MWBE brokerage community that featured several panels and networking breakout sessions where attendees were given the opportunity to pitch their firms and strategies to asset class teams.

Also included in this document is TRS's annual report on the use of MWBE investment advisors and broker/dealers, attached as Exhibit F. The report provides greater detail on the current and historical amounts invested with specific MWBE firms, as well as more detailed information regarding TRS's current initiatives.

The data presented in this report has been provided from State Street (TRS's custodial bank during the fiscal year), reports submitted by external investment advisors, and reports from various broker/dealers utilized during the year. All data is current as of June 30, 2025, unless otherwise noted.

Aspirational Goals for utilization of emerging investment managers, 40 ILCS 5/1-109.1(4) and (9)

In accordance with Illinois statute, the TRS Board of Trustees adopted a policy setting forth aspirational goals for the utilization of “emerging investment managers,” which is documented in both the TRS Investment Policy Section XX: Improving Access to the TRS Investment Process attached as Exhibit A and Section XXI: Emerging Managers Program, attached as Exhibit C. Emerging investment managers must manage an investment portfolio of at least \$10 million but less than \$10 billion and be minority-owned businesses, women-owned businesses or businesses owned by a person with a disability. Further, in accordance with Illinois statute, the TRS Board of Trustees has a policy setting aspirational goals for increasing utilization of minority investment managers, which are qualified investment managers managing an investment portfolio that are minority-owned businesses, women-owned businesses and businesses owned by persons with a disability, which is documented in Exhibit A referenced above. The aspirational goals set by the TRS Board of Trustees for fiscal year 2025 are attached as Exhibit B. The Board of Trustees, at its October Board Meeting, reviewed aspirational goals for fiscal year 2026.

TRS maintains initiatives to help achieve the above referenced aspirational goals. On the brokerage side, the System maintains an open database of all minority, female and disabled-owned broker/dealers that have submitted information about their firm to TRS. TRS makes this information known to all of the System’s investment managers. Further, TRS hosts an annual “Opportunity Forum” to discuss and educate a broad range of participants on current investment issues and give investment management attendees the opportunity to present their firms and strategies to TRS’s asset class teams. Attendees at the Forum typically include a range of stakeholders, from the System’s investment managers, representatives from the MWBE broker database, and emerging investment managers to members of the Illinois General Assembly and representatives of the TRS Board of Trustees and staff.

TRS continues to actively network and interact with promising MWBE investment management firms. In accordance with Illinois statute and subject to TRS’s fiduciary obligations, TRS staff seeks to include MWBE candidates for all investment management searches and to bring qualified MWBE candidates to the Board as finalists in these searches. Separately, TRS continues to see significant success in the implementation of the System’s Emerging Managers Program. This program was formally established by the TRS Board of Trustees to allow for greater participation of emerging investment managers within the TRS portfolio. Documentation related to the program is included in the TRS Investment Policy in Section XXI: Emerging Managers Program, attached as Exhibit C.

On June 30, 2025, TRS had 98 individual investment mandates with MWBE firms. A list of these firms is provided in Exhibit D.

Aspirational Goals for increasing racial, ethnic, gender diversity of fiduciaries, consultants, and senior staff, 40 ILCS 5/1-109.1(5)

TRS currently utilizes three consultants within its investment program, including the general investment consultant (RVK, Inc.) and specialist consultants for investments in private equity (StepStone Partners), real assets (StepStone Partners), private credit (Aksia LLC) and diversifying strategies (Aksia LLC). On an annual basis, TRS requests and reviews written documentation with regard to each consultant firm's diverse ownership and personnel.

On a routine basis (not more than every five years), TRS conducts a full request for proposal to rebid consultant services. In accordance with Illinois statute and subject to TRS's fiduciary obligations, the candidate firms' diversity in ownership and personnel are considered during this search process.

The System annually prepares an Affirmative Action Plan Policy Statement that is submitted to the Department of Human Rights. The Affirmative Action Plan Policy Statement sets forth TRS's policy for ensuring fair and equitable hiring. TRS's Affirmative Action Plan Policy Statement for FY2025 is attached as Exhibit G.

Aspirational Goals for utilization of businesses owned by minorities, females, and persons with disabilities, 40 ILCS 5/1-109.1(6)

In accordance with Illinois statute, the Teachers' Retirement System has adopted the System's aspirational goal for utilization of businesses owned by minorities, females, and persons with disabilities, which is located in the TRS Expenditure Management operating policy section entitled "MBE/FBE/PBE Utilization Goals", attached as Exhibit H. Current utilization is at approximately 11.74% (as of fiscal year 2025) of the total dollar amount of all non-investment vendor contracts for goods and services provided to TRS. The System was under its aspirational goal by 8.26%.

Summary Utilization Data:

Fiscal Year	Goal	Utilization %	Over/Under Goal	Utilization \$
2024	10.00%	13.95%	+3.95%	\$1,882,768
2025	20.00%	11.74%	-8.26%	\$1,583,069

Aspirational Goals for increasing utilization of MWBE broker/dealers, 40 ILCS 5/1-109.1(7)

The System's aspirational goals for the utilization of MWBE broker/dealers are documented within the TRS Investment Policy Section XX: Improving Access to the TRS Investment Process (see Exhibit A). These aspirational goals are considered on an annual basis by a formal vote of the TRS Board of Trustees.

Also, as previously discussed, TRS conducts initiatives to help support this policy, including maintenance of a comprehensive database of MWBE broker/dealers which is made available to all TRS investment managers and hosting an annual Opportunity Forum to help support productive working relationships between the System's investment managers and the MWBE broker community.

Data on the actual use of MWBE broker/dealers through June 30, 2025, is included in Exhibit E. For fiscal year 2025, the following aspirational goals were approved:

Aspirational Goals for FY2025

Domestic Equity	40.00%
International Equity	17.00%
Fixed Income	17.00%

(From the TRS Investment Policy)

XXI. Improving Access to the TRS Investment Process

This policy on the utilization of minority and female-owned Investment Managers and broker/dealers is intended to memorialize existing policy direction from this Board to the Staff. As a consequence of this policy direction, Staff has successfully increased utilization percentages and amounts expended on a consistent basis since Fiscal Year 2000.

To achieve continued utilization increases, this policy establishes progressive and measurable utilization guidelines that reflect our historic commitment and future vision.

The term MWBE "minority, women business enterprise" (MWBE) will be used for all firms as defined in the Illinois Business Enterprise for Minorities, Females, and Persons with Disabilities Act. On an annual basis, the Board will assess the effectiveness of the procedures established by which these objectives are to be met unless circumstances warrant more frequent review.

Allocations of the System's assets to MWBE Investment Managers will be made in accordance with the fiduciary standards under which the Fund operates. Broker/dealer transactions completed with MWBE firms on behalf of the System must be completed at rates fully competitive with the market.

MWBE Broker/Dealer Utilization

Annually, each public markets Investment Manager retained by the System shall establish a MWBE broker/dealer utilization objective that shall be consistent with the System's commitment to including all segments of the economic community. For Fiscal Year 2025, the objective shall be:

40.0% domestic equities, 17.0% international equities; 17.0% global income

On a quarterly basis, each Manager shall report on the progress towards attaining the adopted objective. Each report shall include all transactions involving or impacting a MWBE broker/dealer, whether by direct transaction, step-out, referred transactions, or any other means that provide economic benefit to a MWBE broker/dealer.

Investment Staff shall monitor the progress toward objectives, initiate necessary contact with Managers as required, and report their findings and conclusions to the Board. Investment Managers may be requested to appear before the Board, any Trustee designated by the Board, or Staff to discuss compliance with this policy. Managers may also become eligible for the System's Watch List based upon compliance with this policy.

At the time of becoming a search finalist, upon initial retention, and periodically as appropriate, all public markets Managers shall be provided written notice of the System's brokerage goals and expectations.

MWBE Investment Manager Utilization

As a result of the System's commitment to the selection and retention of qualified MWBE investment managers, assets managed by MWBE firms have increased to over 22% of the trust fund. Recognizing that additional increases are desirable and can be achieved as manager searches are conducted, the objective for Fiscal Year 2025 is 23% of the total fund.

In compliance with 40 ILCS 5/1-109.1, the Board will also establish diversity goals for both assets under management by and manager fees paid to MWBE investment firms within the System's broad asset classes. Separately and also in accordance with 40 ILCS 5/1-109.1, TRS staff will present to the Board as a finalist the best and most qualified MWBE firm for all of the System's public investment manager searches. Any candidate presenting as a finalist must still meet the minimum criteria as specified in the search profile.

Investment Staff shall monitor the progress toward objectives and report to the Board semi-annually. In addition to a utilization analysis, Staff shall report on significant steps taken to achieve the stated objectives.

Transition Management

Prior to the award of a contract for transition management services, the Chief Investment Officer shall ascertain the transition manager's proposed utilization of MWBE broker/dealer services and determine that the proposal is consistent with the System's utilization objectives.

Trustee Oversight

To ensure that all Trustees are aware of the System's efforts and achievements, the Investment Committee will review the utilization of MWBE brokers/dealers and Investment Managers. The Chair shall be responsible for interfacing with the Consultant as necessary regarding the inclusion of MWBE firms in manager searches.

EXHIBIT C: EMERGING MANAGERS PROGRAM

(From the TRS Investment Policy)

XXI. Emerging Managers Program

Introduction

The Trustees of the Teachers' Retirement System ("TRS") have established the following guidelines for management of the TRS Emerging Managers Program ("Program"). In establishing these guidelines, it is the Board's intention to assure all interested parties that decisions made in carrying out these actions occur in a full disclosure environment characterized by objective evaluation and proper documentation. The overriding consideration with respect to all decisions is that they shall be made solely in the best interest of plan participants and beneficiaries.

Clearly Defined Objectives

The adoption of an Emerging Managers Program focuses on the development of long-term relationships between TRS and growing investment management organizations. The objectives of the Program include:

- Investment in promising younger, growing investment managers that currently have smaller asset bases and developing track records;
- Access to firms that, while possessing a marketable investment philosophy or process, have not dedicated marketing resources to identifying themselves to plan sponsors and the investment consultant community;
- Ability to better utilize minority- and female-owned investment managers, as well as Illinois-based investment managers.

In May 2005, the TRS Board approved a commitment of \$500 million for the creation of an Emerging Managers Program. At the time of commitment, this represented approximately 1.5% of the total Fund, with funding from the domestic large-cap index fund. The Program represents a total commitment of up to \$1 billion from the total fund. The Program will apply to both public and private markets asset classes, with evaluation criteria based on the specific asset class of each investment. Overall, the Program is intended to create meaningful long-term relationships with emerging investment managers with the objective that the superior performers will, at some time, progress into a full TRS investment allocation¹.

Search and Selection Process

The selection of emerging investment managers for participation in the Program will be accomplished from the following steps:

1. Identification of emerging investment managers

¹ Assignment to a full TRS investment mandate implies movement outside of the Program and into the overall portfolio allocation. These mandates are typically much larger assignments and are critical components to the TRS investment portfolio's positioning with regards to asset class and overall investment style diversification.

Initially, Staff will maintain information on a universe of identified emerging investment managers. The process is intended to be ongoing, with manager profiles added and performance information updated as necessary. Qualified investment managers will be encouraged, at any time, to submit detailed information with the relevant specifics of the firm's organization and investment products. The standardized informational questionnaire will be made available to all firms through TRS's website, or as requested by Staff.

2. Analysis for qualified candidates

The second step is identifying emerging investment organizations and products that meet TRS criteria. Periodically, TRS Staff will review the information on all identified emerging investment managers. Staff will search for emerging managers possessing a strategy or process that appears to be well-positioned for an allocation within the TRS investment portfolio.

3. Solicit additional information from qualified candidates

Once identified as a promising candidate, Staff will request further information relating to the manager's organization, investment philosophy, investment process, key personnel, risk controls, performance history, and fee structure.

4. Due diligence

Following review of a candidate's detailed information, Staff will conduct a meeting with the firm's management team. As necessary, Staff will conduct on-site due diligence to review, among other things, the depth of the firm's personnel, internal policies, technological resources, risk management capabilities, and compliance monitoring. Any available analysis from the Consultant will also be included in the due diligence process.

5. Final Recommendation and Selection

Based on the analysis of Staff and Consultant, Staff will recommend managers to the applicable Staff Oversight Committee for final approval. In choosing the finalists, Staff will favor those firms that, based on quantitative and qualitative factors, appear to have the highest probability of success over the next three to five years and appear to be best prepared to develop into a full TRS investment mandate outside of the Program. With approval, staff is authorized to implement the recommendation. At the next scheduled meeting of the Investment Committee following the commitment, staff will provide the Committee with necessary reports related to any commitment, including a selection/compliance checklist confirming adherence to Board-approved policies.

Initial Funding

Staff recommendations for a specific initial funding amount are made to the applicable Staff Oversight Committee. A number of factors will be considered when making an allocation recommendation, including:

- asset class and general diversification of the Emerging Manager Program

- risk/return profile of the product
- size and depth of firm, including long-term plan for institutionalization of firm

Recognizing the importance of a diversified program, the Program does not affect the broad long-term allocation targets of the total Fund. The intent of the Program is to develop long-term relationships with promising emerging managers that may, in the future, occupy full TRS mandates, therefore the Program is exempt from systematic rebalancing activity. Additional funding or withdrawals of capital from the Program or its participating managers will be based on continued analysis by Staff and Consultant, with formal recommendations presented to the Staff Oversight Committee as appropriate.

Proper Documentation and Full Disclosure

When overseeing reviews of the delegated hiring of an external investment service provider, the primary focus of the Investment Committee and Board shall be on whether decisions followed established processes and procedures in the Pension Code, administrative rules, and this Investment Policy. Toward this end, the Chair and Committee members may request written supporting documentation to ensure disclosure of all relevant issues. In evaluating a hiring decision, Staff, Consultant, and the applicable Staff Oversight Committee should review documentation to ensure that the basis for the recommendation was fair and that the screening process was consistently applied. Potential service providers or candidates may, at the pleasure of the Committee Board or upon the recommendation of Staff and Consultant, be asked to make a formal presentation to the Committee at any time.

Defining Expectations

In the case where a manager is hired, the search process document shall include, but may not be limited to the following:

1. a summary of performance criteria considerations,
2. the absolute and relative risks inherent in the manager's approach,
3. staff's qualitative assessment, and
4. identification of relevant comparative measures such as benchmarks and/or peer samples, and proposed fee structure.

Staff and Consultant shall incorporate the relevant factors related to the expectations of the manager into the executed Investment Management Agreement.

Board Reporting and Monitoring

After a manager is selected for the Program, Staff will regularly monitor the manager's results versus expectations. Staff will conduct periodic due diligence meetings with the outside organizations and may provide the Board with reports summarizing the assessments made. All material events regarding an investment manager will be communicated to the applicable Staff Oversight Committee and, when deemed necessary, to the Board.

Program Funding: Graduation/Termination

Based on a manager's performance within the Program, combined with demonstrated development of the investment manager organization, staff may recommend graduation of a mandate into the TRS investment portfolio. The recommendation and related due diligence will be presented to the applicable

Staff Oversight Committee for consideration and approval. In the event of a graduation, the Emerging Manager Program shall be “reimbursed” in the amount equal to the initial funding of the investment manager.

Similarly, in the event of a termination of a mandate from the Emerging Manager Program. In the event of termination, unless otherwise stated the Program shall be reimbursed by an amount equal to the initial funding of the investment manager.

Note that investments in private markets can differ from investments in the public asset classes due to the longer commitment period. In these cases, staff will provide a recommendation regarding graduation/termination to the applicable Staff Oversight Committee within two to five years from the initial investment. Based on the Staff Oversight Committee approval, the investment will be removed from the Program and reimbursement to the Program shall be completed as specified above.

Termination Guidelines

As with all TRS investment managers, there will be instances in which it will be necessary for the System to terminate a contractual relationship with an Investment Manager. The same guidelines for managers within the Program will exist to assist in making these termination decisions. Specifically, any action to terminate a manager should be based on one or more of the following primary criteria:

- significant changes in firm ownership and/or structure
- loss of one or more key personnel
- significant loss of clients and/or assets under management
- shifts in the firm’s philosophy or process
- significant and persistent lack of responsiveness to client requests
- changes in TRS’s investment strategy eliminating the need for a particular style or strategy
- violations of TRS’s Investment Policy or Parameters
- unsatisfactory investment performance
- identification of a new asset class or approach which has been approved in advance by the Board
- a need for diversification of styles within an existing asset class

This list is not intended to be exhaustive. Manager terminations shall be assessed based on the specific facts and circumstances of each case. Additionally, due to the nature of the Program, it may be necessary at some point to terminate a relationship given the inability of a manager to develop to the point that they might manage a full TRS investment mandate. The objective of the Program is intended to be a catalyst for the development of emerging investment managers. To the extent that an investment manager does not show the development characteristics necessary to manage a full institutional mandate, allocations within the Program should be redirected to other managers showing those characteristics.

Prior to the termination decision, the primary and other relevant considerations shall be identified, described, and ranked by importance. An evaluation covering the quantitative and qualitative issues to be considered will be developed for each case and the relative importance of each evaluation area will

be determined. Documentation regarding any such action should include, but is not limited to, the following items:

- a full description of the reason for the action, including the specific elements serving as the basis for the evaluation and identification of the relevant issues from the System's perspective
- the assumptions made in the evaluation, if any
- the results considered and/or qualitative issues upon which the action was based
- an objective discussion of the risks, costs, and expected benefits is also to be included if appropriate to the subject matter

Consistent with other termination guidelines, Staff and Consultant, with the approval of the applicable Staff Oversight Committee, may initiate termination of any public markets emerging manager meeting the System's Watch List criteria or for any other immediate concern(s) as specified above. In the event of termination Staff, with the approval of the Staff Oversight Committee, will transition assets from the terminated manager to the successful finalist of a manager search, rebalance to other TRS investment managers, or assign the assets to passive index management. A report shall be provided to the Investment Committee and Board at the meeting immediately following termination and transition.

EXHIBIT G: Affirmative Action Plan Policy Statement

POLICY STATEMENT

1. The Teachers' Retirement System will provide equal opportunities to its employees and applicants on the basis of merit, without regard to actual or perceived race, color, religion, sex, sexual orientation, age, marital status, military status, pregnancy, order of protection status, certain unfavorable discharges from military service, political affiliation, citizenship, ancestry, national origin, physical or mental disability, genetic information or any other characteristic protected by law. This statement applies to all aspects of personnel management including, but not limited to, recruitment and selection, promotion and training, position classification and compensation, benefits, transfers, disciplinary actions, leaves and layoffs.
2. The Teachers' Retirement System is committed to taking affirmative action to correct underutilization of qualified minorities, females and persons with disabilities in all levels of employment. TRS complies with provisions of state and federal laws regarding equal employment opportunities.
3. TRS leaders are expected to support the Affirmative Action Plan by ensuring fair and equitable hiring through challenging biases learned through diversity training and following TRS personnel policies.
4. Employees who feel they have been dealt with in violation of these policies will be free to file a complaint with the EEO/AA/ADA Officer without fear of retaliation. Employees may also file a complaint with the Department of Human Rights within 2 years of the alleged discriminatory act or with the Equal Employment Opportunity Commission within 300 days of the alleged discriminatory act.
5. The System is committed to ensuring an equitable and supportive environment for our employees and applicants with disabilities through the implementation of reasonable accommodation.
6. The System will provide all employees with the opportunity to self-identify and declare disabilities voluntarily and confidently.
7. This System is committed to provide a work environment that is free from harassment of any kind.

EXHIBIT H: Expenditure Management Policy MBE/FBE/PBE Utilization Goal

(From the TRS Expenditure Management Operating Policy)

MWBE Utilization Goal

The term “MWBE” is intended to encompass all of the following: “minority-owned business”, “women owned business”, and “business owned by a person with a disability” as those terms are defined in the Illinois Business Enterprise for Minorities, Females, and Persons with Disabilities Act (the “Act”). It shall be the aspirational goal of the System to utilize MWBE businesses for not less than 20% of contracts awarded for “information technology services”, “accounting services”, “insurance brokers”, “architectural and engineering services”, and “legal services” as those terms are defined in the Act, as provided in the Pension Code. Utilization goals for investment services are separately stated in the TRS Investment Policy.

All Requests for Proposals (RFP), Requests for Information (RFI), and formal bid opportunities to provide goods and services to TRS are posted on the TRS website in the vendor information area. To the extent possible, TRS utilizes resources of the State of Illinois Business Enterprise Program (BEP) including the BEP Vendor Directory in striving to meet its MWBE utilization goal. Interested vendors that qualify are encouraged to register with the State of Illinois BEP, and to respond to any open TRS business opportunities posted on the TRS website for which they are qualified.

SOURCE INFORMATION

During FY2025, TRS continued its support of MWBE-owned investment advisors and broker/dealers. In the event an investment advisor search is needed, TRS and its consultant, RVK, use investment manager databases and software packages that provide opportunities to all investment advisors that surpass the minimum search criteria. TRS continues to encourage greater diversity in the search process.

TRS maintains a database consisting of a comprehensive list of MWBE broker/dealers in the United States. External investment advisors are encouraged to use MWBE broker/dealers, subject to best price and execution capabilities.

Data sources for this document are State Street (TRS's custodial bank utilized during the fiscal year) reports submitted by external investment advisors, and various broker/dealers. The report encompasses requested data and outlines the use of MWBE investment managers, broker/dealers, and relevant discussions of the data set forth herein.

All data is current as of June 30, 2025 (unless otherwise noted) and is subject to change.
