INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

The Honorable Frank J. Mautino
Auditor General
State of Illinois

Report on the Audit of the Financial Statements***Opinion***

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of The Illinois Funds, as defined in Note 1, a fiduciary (investment trust) fund of the State of Illinois, Office of the Treasurer, as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of The Illinois Funds, as defined in Note 1, of the State of Illinois, Office of the Treasurer, as of June 30, 2025 and 2024, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Office of the Treasurer, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements of The Illinois Funds are intended to present the financial position and the changes in financial position of only that portion of the Office of the Treasurer that is attributable to the transactions of The Illinois Funds, available to external participants. They do not purport to, and do not, present fairly the financial position of the State of Illinois, Office of the Treasurer, as of June 30, 2025 and 2024, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of the Office of the Treasurer's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. Our opinion on the financial statements is not affected by this missing information.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the financial statements of The Illinois Funds of the State of Illinois, Office of the Treasurer, as defined in Note 1. The Supplementary Information (pages 19 - 28) as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The Other Information (pages 29 – 62) as listed in the table of contents does not include the financial statements of The Illinois Funds of the State of Illinois, Office of the Treasurer, as defined in Note 1 and our auditor's report thereon. Our opinion on the financial statements of The Illinois Funds of the State of Illinois, Office of the Treasurer, as defined in Note 1, does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 2, 2026, on our consideration of the State of Illinois, Office of the Treasurer's internal control over financial reporting of The Illinois Funds and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Illinois Funds' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State of Illinois, Office of the Treasurer's internal control over financial reporting and compliance.

Background

The Illinois Funds was established in 1976 (through 15 ILCS 505/17) to supplement and enhance the investment opportunities available to custodians of public agency funds throughout the State of Illinois. The management, custodianship, and operation of The Illinois Funds are under the supervision of the State of Illinois, Office of the Treasurer (“Treasurer”).

Note 1. Summary of Significant Accounting Policies

Financial Reporting Entity: As described in the Illinois Annual Comprehensive Financial Report, the State of Illinois is the primary government, which includes all funds, elected offices, departments, and agencies of the State, as well as boards, commissions, authorities, universities and colleges over which the State’s executive or legislative branches exercise legal control.

The Illinois Funds is not legally separate from the State of Illinois and is, therefore, determined to be part of the primary government. The Illinois Funds is included in the Illinois Annual Comprehensive Financial Report as an investment trust fund. The Illinois Funds Program consists of an internal and external portion. The internal portion is the portion that belongs to the State and its component units. The external portion is the portion belonging to the non-component-unit participants. The scope of The Illinois Funds’ financial statements presented herein is limited to the financial position of The Illinois Funds, including net position available to external participants, and the changes in net position. The internal portion of The Illinois Funds is included in the various funds in the Illinois Annual Comprehensive Financial Report as an investment.

As a governmental sponsored investment pool, The Illinois Funds is not eligible to register with the Securities and Exchange Commission (“SEC”) and thus is not a registrant with the SEC; however, The Illinois Funds has adopted operating procedures consistent with those required of an SEC 2a-7 Fund (2a-7-like Fund). The Illinois Funds has a policy that it will, and does, operate in a manner consistent with SEC Rule 2a-7, which governs the operation of SEC regulated money market funds. While the Illinois Funds operates in accordance with SEC Rule 2a-7, for valuation purposes it complies with GASB Statement No. 79. See Note 2 below for additional information.

Fiduciary Fund: The Illinois Funds is classified as an investment trust fund. This investment trust fund is used to account for assets held by The Illinois Funds in a trustee capacity or as an agent for public treasurers and other custodians of public monies throughout the State of Illinois. This investment trust fund is not held in the State Treasury and is a non-appropriated fund.

Basis of Accounting and Measurement Focus: The accounts of The Illinois Funds are maintained and reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place.

Cash Equivalents, Deposits, and Investments: Cash equivalents are defined as short-term, highly liquid investments readily convertible to cash with maturities of 90 days or less at time of purchase.

Repurchase agreements (securities purchased under agreements to resell) are reported at cost plus accrued interest.

Note 1. Summary of Significant Accounting Policies (Continued)

Certificates of deposit with financial institutions are stated at cost plus accrued interest, which represents current value. Certificates of deposit may be subject to certain withdrawal restrictions. It is the intent of management to hold the time deposits to maturity.

Commercial paper is stated at amortized cost, which excludes accrued interest and includes accretion of discounts and amortization of premiums. Commercial paper utilizes the straight-line method of amortization or accretion. It is the intent of management to hold commercial paper to maturity. Money market mutual funds, excluding prime money market funds, are carried at cost and are purchased from various brokerage firms. The funds are comprised of U.S. Treasury and U.S. agency obligations. Mutual fund yields are subject to market rate fluctuations. Prime money market funds are stated at amortized cost, which excludes accrued interest and includes accretion of discounts and amortization of premiums.

U.S. agency obligations and Supranational notes are stated at amortized cost, which excludes accrued interest and includes accretion of discounts and amortization of premiums. U.S. agency coupon and Supranational notes utilize the constant yield method and, when applicable, all others use straight-line amortization. It is the intent of management to hold U.S. agency securities and Supranational notes to maturity unless market conditions provide for realization of a gain and management determines a sale would be in the best interest of The Illinois Funds.

U.S. Treasury obligations are stated at amortized cost, which excludes accrued interest and includes accretion of discounts and amortization of premiums. Treasury notes utilize the constant yield method and strips and bills use straight-line amortization. It is the intent of management to hold U.S. Treasury obligations to maturity unless market conditions provide for realization of a gain and management determines a sale would be in the best interest of The Illinois Funds.

Corporate bonds are stated at amortized cost, which excludes accrued interest and includes accretion of discounts and amortization of premiums. Corporate bonds utilize the straight-line method of amortization of accretion. It is the intent of management to hold corporate bonds to maturity.

Investment expenses consist of bank custodial fees and State management fees. Both custodial fees and State management fees are accrued daily based on the net asset value of The Illinois Funds. For more information, see Note 4.

Management Estimates: To prepare financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make certain estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. These estimates may differ from actual results.

Net Position Held in Trust for Pool Participants: The net position held in trust for pool participants represents the total value of participant deposits, excluding assets of the State of Illinois, including late deposits held in an overnight investment account as of June 30, 2025 and 2024.

The Illinois Funds operates in a manner similar to an open-end mutual fund. Participants' deposits and withdrawals were accounted for as purchases and sales of The Illinois Funds' capital shares. The amount

of net proceeds from the sale of shares represents the gross withdrawals, which were redeemed from The Illinois Funds' shares during the year. The cost of shares purchased represents the gross deposits, which were invested in The Illinois Funds' shares during the year. These amounts did not include deposits or earnings, which were remitted directly to participants versus invested (or reinvested) in The Illinois Funds' shares.

Note 2. Deposits and Investments

Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, generally requires investments to be measured at fair value. GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, established criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost rather than fair value for financial reporting purposes. The Illinois Funds meets the criteria established in GASB Statement No. 79 and, thus, reports all investments at amortized cost.

Fair Value Measurements:

As stated in the aforementioned paragraph, The Illinois Funds reports its investments at amortized cost for financial reporting purposes. GASB Statements No. 72 and 79 require disclosure regarding the fair value of investments. GASB Statement No. 72 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement established a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

- | | |
|---------|---|
| Level 1 | Investments whose values are based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date. |
| Level 2 | Investments with inputs – other than quoted prices included within Level 1 – that are observable for an asset, either directly or indirectly. |
| Level 3 | Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgment. |

Note 2. Deposits and Investments (Continued)

Repurchase Agreements classified in Level 2 of the fair value hierarchy are valued using the cost approach which reflects the amount that would be required to replace the investment. The remaining investments classified in Level 2 of the fair value hierarchy are valued using a market approach that involves using prices and other relevant information generated by market transactions involving comparable assets.

The Illinois Funds does not have any limitations or restrictions on participant withdrawals.

Permitted Deposits and Investments: The Treasurer's investment activities are governed by the Treasurer's published investment policies, which were developed in accordance with State statute and the desire to maintain The Illinois Funds' AAAM rating from Standard & Poor's and AAAMmf from Fitch. In addition, the Treasurer's Office has adopted its own investment practices, which supplement the statutory requirements.

For The Illinois Funds, the Treasurer may invest in time deposits and other interest-bearing accounts in banks and savings and loan associations located in Illinois that are insured by the Federal Deposit Insurance Corporation ("FDIC"), credit unions whose principal office is located in Illinois, obligations of the United States and its agencies, short-term obligations of corporations whose obligations are rated among the two highest classifications established by at least two standard rating services, repurchase agreements, or other investments approved by State law.

The Illinois Funds is rated AAAMmf by Fitch.

The Illinois Funds determines the fair value of investments annually in connection with year-end financial reporting. A summary of investments held at June 30, 2025 and 2024 is as follows:

Custodial Credit Risk: Custodial credit risk for deposits and investments is the risk that, in the event of a financial institution failure, The Illinois Funds would not be able to recover the value of the deposits and investments in the possession of an outside party. The Treasurer has a formal policy to address custodial credit risk.

Repurchase agreements are purchased from various brokerage firms and financial institutions. Securities pledged as collateral to secure these agreements are required to have a fair value of at least 102% of the agreement. The agreements require both parties to maintain an acceptable margin (yield) on underlying securities to ensure that the agreements are adequately collateralized. The Treasurer accepts only U.S. agency obligations and U.S. Treasury obligations as collateral for repurchase agreements. All securities pledged to secure repurchase agreements are required to be delivered to an appointed custodian of The Illinois Funds. In a delivery-vs.-pledge transaction, the custodian will be the primary custodian of The Illinois Funds. In a tri-party repurchase agreement, an appointed clearing bank will act as custodian and valuation agent for the securities.

As noted above, the master repurchase agreements utilized by The Illinois Funds require the broker or financial institution to maintain the fair value of collateral securities at 102% of the agreement. The carrying amount of the repurchase agreements (excluding accrued interest) was \$1,212,709,975 and \$1,188,087,722 as of June 30, 2025 and 2024, respectively. The fair value, including accrued interest, of the underlying securities to be resold based on commitments under the repurchase agreements was \$1,243,652,049 and \$1,210,713,981 as of June 30, 2025 and 2024, respectively.

Other instruments, such as U.S. Treasury obligations, may be purchased from various brokerage firms and are held in safekeeping by the appointed Custodian of The Illinois Funds.

Note 2. Deposits and Investments (Continued)

Interest Rate Risk: Interest Rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the investment policies limit the investment portfolio maturities. The Illinois Funds investment policy limits its investment portfolio to maturities not to exceed two years with a minimum of 75% required to be in authorized investments with less than one-year maturity. The investment policy specifically requires that no more than 50% of total assets can be invested in securities with maturities greater than 30 days issued by any single permissible United States government agency or instrumentality. The Treasurer's Office uses the segmented time distribution method to identify and manage interest rate risk.

Within The Illinois Funds, certain U.S. Agency Obligations, Supranational Notes, and Commercial Paper carry variable rates that reset at a specific date, based on each individual investment. The date used for the calculation of interest rate risk is that of the variable rate reset date for each investment that contains a variable rate.

Note 2. Deposits and Investments (Continued)

No more than 5% of total assets can be invested in securities issued by any single commercial paper issuer (calculated at the time of purchase); and a maximum of 33.3% of the portfolio may be invested in direct commercial paper obligations that do not exceed 270 days to maturity. Additionally, a maximum of 25% of the total assets may be invested in any approved AAAM Money Market Fund.

Note 3. Investment Income

The Illinois Funds follows the accounting practice known as equalization. Accordingly, distributable investment income is allocated daily and paid monthly to participants on a pro rata (per share) basis and accumulated investment income payable is credited to The Illinois Funds' net asset base. A portion of the proceeds from sales and costs of repurchases of The Illinois Funds' capital shares (equivalent, on a per share basis, to the amount of distributable investment income on the date of the transaction) are credited or charged to undistributed income. As a result, undistributed investment income per share is unaffected by sales or redemptions of The Illinois Funds capital shares.

Note 4. Administrative Fees

To administer The Illinois Funds, the Treasurer has established a division titled "The Illinois Funds' Administrative Office." This division had 22 and 24 average full time equivalent employees for the years ended June 30, 2025, and 2024, respectively. The revenues and expenditures of the division are recorded in an enterprise fund maintained by the Treasurer titled The Illinois Funds' Administrative Trust Fund No. 195. US Bank (USB) performs the custodial responsibilities for the administration of The Illinois Funds. USB calculates the administrative and custodial fees paid to the State Treasurer and USB, respectively.

Fees are calculated on a tiered structure. The fee is accrued daily and is paid via a voucher payment. The custodian's Annual Custody, Fund Accounting Transfer Agent Fee shall be based upon average net assets per fund as follows under the contract prior to August 30, 2024, a base fee of \$240,000 per fund per year plus, 0.0350% for the first \$3,000,000,000; 0.0275% for the next \$2,000,000,000; 0.0250% for the next \$2,000,000,000; 0.0175% on the balance; under the contract effective August 30, 2024, 0.0150% for the first \$10 billion of assets; 0.0125% for assets between \$10 billion and \$20 billion; and 0.01% for assets above \$20 billion. Under both contracts the minimum annual fee is \$1,200,000.

The State Treasurer receives up to 0.05% per annum of the net asset value of The Illinois Funds. This fee is used to defray administrative costs associated with investing The Illinois Funds' assets, to increase marketing efforts needed to expand participation in The Illinois Funds, and to improve the level of service to participants.

The Treasurer's Office has the ability to rebate to The Illinois Funds' participants any excess administrative fees collected during the fiscal year. There were no excess administrative fees rebated to The Illinois Funds' participants during fiscal years 2025 and 2024.

Note 4. Administrative Fees (Continued)

The Treasurer received fees and paid expenditures from the Administrative Trust Fund No. 195 as follows:

	2025	2024
Fees received	\$ 15,613,000	\$ 15,089,000
Expenditures	6,994,000	10,167,000

Note 5. Related Parties

The Illinois Funds' Administrative Office, a division of the State Treasurer's Office, is responsible for the administration of The Illinois Funds, including management of investments and marketing services. The Illinois Funds' Administrative Office received fees as stated in Note 4 during fiscal years 2025 and 2024, respectively. The Illinois Funds' Administrative Trust Fund No. 195 was maintained by the Treasurer in a separate investment account of The Illinois Funds. The cash balance at June 30, 2025 and 2024, was approximately \$27,102,000 and \$14,618,000, respectively.

The State of Illinois, its agencies, and its universities invest in The Illinois Funds. The detail follows:

	2025	2024
Total number of participants	1,402	1,626
Number of State of Illinois participants	26	29
Balance of State of Illinois investments	\$ 12,380,591,764	\$ 11,986,072,172

*These amounts reflect the amount available to the State of Illinois for expenditure, not including any amount of interest due to the State.

Note 6. Contingencies

The State of Illinois, Office of the Treasurer (Treasurer) is involved in a lawsuit. While the range of potential losses as a result of this lawsuit against the Treasurer is unknown at this time, the Treasurer believes the potential losses would be immaterial to The Illinois Funds financial statements.

1.0 POLICY

The Office of the Illinois State Treasurer (“Treasurer”) is authorized under Section 17 of the State Treasurer’s Act (15 ILCS 505/17) to establish and administer a Public Treasurer’s Investment Pool to supplement and enhance investment opportunities otherwise available to custodians of public funds for public agencies in the State of Illinois. The Illinois Public Treasurer’s Investment Pool is a local government investment pool known as “The Illinois Funds.” Under this Illinois Funds Local Government Investment Pool Investment Policy Statement (“Policy”), The Illinois Funds are invested in a manner that (a) provides safety to the principal investment, (b) meets the daily cash flow demands of participants, and (c) seeks the highest investment return, using authorized instruments in accordance with all State statutes governing the investment of public funds. The Illinois Funds operates in a manner consistent with Securities and Exchange Commission Rule 2a-7 (17 CFR § 270.2a-7).

2.0 INVESTMENT POLICY COMMITTEE

The Treasurer has formed and regularly convenes the Investment Policy Committee. The Investment Policy Committee is chaired by the Treasurer and includes the following members of the Treasurer’s staff: Chief of Staff, Deputy Treasurer (Financial Products), Deputy Treasurer (Legislative & Policy), Chief Banking Officer, Chief Fiscal Officer, Deputy Chief Fiscal Officer, Chief Investment Officer, Deputy Chief Investment Officer (Alternative Investments), Deputy Chief Investment Officer (Public Markets), General Counsel, Director of State Investments, Director of State Banking, Director of Illinois Public Treasurer’s Investment Pool (“IPTIP”) Investments, Director of ePAY and The Illinois Funds, Director of Portfolio and Risk Analytics, and anyone else deemed appropriate by the Treasurer.

The Chief Banking Officer, Chief Fiscal Officer and Chief Investment Officer, who bear responsibility for the administration, planning, development, and implementation of all financial and investment strategies per the direction of the Treasurer, shall assist the Treasurer in executing the duties and activities of the Investment Policy Committee.

3.0 OBJECTIVE

The primary objective in the investment of The Illinois Funds is to ensure the safety of principal. In addition, the Treasurer aims to manage liquidity for payment of the State’s financial obligations and provide the highest return on investment, using authorized instruments, while prudently exercising sustainable stewardship in its investment decision-making.

3.1 SAFETY

The Illinois Funds’ investments shall be undertaken in a manner that seeks to ensure the preservation of The Illinois Funds’ principal. The safety of principal is the foremost objective of the investment program. To obtain this objective, diversification among permissible investments is required to ensure that The Illinois Funds properly manages market, operational, reputational, financial, legal, sustainability, interest rate, and credit risks.

3.2 LIQUIDITY

The investment portfolio shall remain sufficiently liquid to enable The Illinois Funds to meet all participant redemption demands that might be reasonably anticipated.

3.3 RETURN ON INVESTMENT

The investment portfolio shall be designed to obtain the highest available risk-adjusted return. The Treasurer shall seek to obtain the highest available return, using authorized investments during budgetary and economic cycles as required by this Policy.

The rate of return achieved on The Illinois Funds shall be measured at regular intervals against relevant industry benchmarks that the Investment Policy Committee established to determine investment decision effectiveness meeting investment goals. The benchmarks shall be reviewed a minimum of every two (2) years to ensure accuracy and relevance.

3.4 SUSTAINABILITY

The Treasurer seeks to invest all funds under its control in a manner that provides the highest risk adjusted investment return using authorized instruments. Pursuant to the Illinois Sustainable Investing Act (30 ILCS 238/1 et seq.), the Treasurer shall prudently integrate sustainability factors into its investment decision-making, investment analysis, portfolio construction, risk management, due diligence, and investment ownership “to maximize anticipated financial returns, minimize projected risk, more effectively execute its fiduciary duty, and contribute to a more just, accountable and sustainable State of Illinois.” 30 ILCS 238/5(b). As such, consistent with achieving the Treasurer’s foremost investment objectives set forth herein, the Treasurer and its agents shall prudently integrate sustainability factors into its investment processes.

The sustainability analysis adds an additional layer of rigor to the fundamental analytical approach and can be used to evaluate past performance and to plan future decision-making. As a complement to traditional financial analysis, the integration of sustainability factors provides an additional layer of decision-useful information and rigor which can be useful in better assessing the risk and return prospects of portfolio companies, investment funds, and other investment vehicles. Such sustainability factors are indicative of the overall performance of an investment and are strong indicators of its long-term value.

Sustainability factors include, but are not limited to, the following:

- a) Corporate governance and leadership factors, such as the independence of corporate boards and auditors, the expertise and competence of corporate boards and executives, systemic risk management practices, executive compensation structures, transparency and reporting, leadership diversity, regulatory and legal compliance, shareholder rights, and ethical conduct and business practices.
- b) Environmental factors such as climate competence, greenhouse gas emissions, air quality, energy management, water and wastewater management, waste and hazardous materials management, management of plastics and forever chemicals, and ecological impacts.
- c) Social capital factors that may have an adverse or positive impact on customers, local communities, the public, and/or government such as human rights, customer welfare, data privacy, cyber security, access and affordability, product quality and safety, selling practices and product labeling, community reinvestment, and community relations.
- d) Human capital factors such as labor practices, responsible contractor and responsible bidder policies, employee health and safety, employee engagement, equity, diversity and inclusion, and incentives and compensation.

(Unaudited)**

- e) Business model and innovation factors such as supply chain management, materials sourcing and efficiency, business model resilience, product design and life cycle management, and physical impacts of climate change.

Sustainability factors shall be implemented within a framework predicated on the following:

- **Materiality** – The Treasurer considers whether and to what extent a sustainability risk or opportunity exists that is reasonably likely to have a material impact on the financial condition or operating performance of a company, investment fund, or other investment vehicle.
- **Industry-Specific Information** – The Treasurer considers whether and to what extent the financially material sustainability risk or opportunity in question is relevant and applicable to individual industries.
- **Integration of Material Sustainability Factors in Internally Managed Investment Programs** – The Treasurer prudently integrates material and relevant sustainability factors, including, but not limited to, (1) corporate governance, financial incentives and quality of leadership, (2) environmental factors, (3) social capital factors, (4) human capital factors, and (5) business model and innovation, as components of portfolio construction, investment decision making, investment analysis and due diligence, prospective value proposition, risk management, and investment ownership in internally managed investment programs.
- **Active Ownership** – The Treasurer attentively oversees investment holdings to address sustainability risks and opportunities through direct engagement with entities, such as investment funds, portfolio companies, government bodies, and other organizations.
- **Regular Evaluation of Sustainability Factors** – The Treasurer performs a recurring annual evaluation, at a minimum, of sustainability factors to ensure the factors are relevant to the evolving marketplace.
- **Additional Relevant and Financially Material Factors** – The Treasurer considers other relevant factors such as legal, regulatory, and reputational risks that contribute to an optimal risk management framework and are necessary to protect and create long-term investment value.

The Treasurer shall develop policy guidelines for internal and external investment managers to integrate material sustainability risks with respect to their investment decision-making regarding financial products, investment funds, companies, and public agency or governmental unit to the extent the Treasurer is responsible for the investment performance of such entities. The policy guidelines for such investment managers for integrating sustainability factors shall be reviewed and updated on an annual basis to ensure responsiveness to changing economic conditions and related factors.

4.0 ETHICS AND CONFLICTS OF INTEREST

The investment staff executing the investments (“Authorized Investment Officers”) and employees in policy-making positions for The Illinois Funds shall refrain from engaging in personal business activity that could (a) conflict, or give the appearance of a conflict, with proper execution of the investment program or (b) impair their ability to make impartial investment decisions. Such individuals shall disclose to the Treasurer any material financial interests in financial institutions or broker/dealers that conduct business within the State. They shall further disclose any personal investments that are related to the performance of The

Illinois Funds'. In addition, such individuals shall subordinate their personal investment transactions to those of The Illinois Funds, particularly with regard to the time of purchases and sales.

5.0 AUTHORIZED BROKERS/DEALERS AND FINANCIAL INSTITUTIONS

Authorized Investment Officers shall utilize the Treasurer's approved list of broker/dealers and financial institutions when selecting institutions to provide investment services.

The security brokers/dealers shall be selected according to their credit worthiness and their financial significance within the State, which shall be measured in terms of the location of the broker/dealer's corporate office, or the extent to which the broker/dealer has a large labor or economic impact on the State. The approved broker/dealers may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission Rule 17 CFR § 240.15C3-1 (Net Capital Requirements for Brokers or Dealers).

No monies may be deposited in any financial institution until the Treasurer's investment staff have conducted a safety and soundness review of the financial institution by consulting various bank rating services. If the financial institution has not yet been rated by the bank rating services, the institution may be eligible for a deposit that at maturity will not exceed \$250,000. The amount and duration of deposits shall be based on the safety and soundness review, in accordance with guidelines established by the Investment Policy Committee and the diversification limits set forth in Section 11.0 of this Policy. No public deposit may be made, except in a qualified state depository in accordance with the Deposit of State Moneys Act (15 ILCS 520/1 et seq.).

All brokers/dealers interested in becoming qualified parties for investment transactions must supply the Treasurer's Authorized Investment Officers any documents requested by the Treasurer, including but not limited to the following:

- a) Audited financial statements or a published Statement of Financial Condition;
- b) Proof of minority-, woman-, disabled-, and/or veteran-owned or -managed broker/dealer status;
- c) A signed copy of the Treasurer's account authorization agreement;
- d) Proof of US National and State of Illinois registration;
- e) Completed Counterparty Questionnaire;
- f) Certification of notice and acknowledgment of this Policy; and
- g) Any other documentation deemed necessary by the Treasurer.

If approved, a broker/dealer will be placed on Treasurer's authorized list of approved Broker/Dealers. An annual review of the financial condition and registration of qualified parties may be conducted by the Treasurer's Authorized Investment Staff. More frequent reviews may be conducted if warranted.

5.1 EXTERNAL INVESTMENT CONSULTANTS

To the extent that the Investment Policy Committee deems it advisable to hire external investment consultants, it may do so in accordance with the Office of the Treasurer's Procurement Rules. 44 Ill. Admin. Code § 1400.

5.2 PREFERENCE FOR BROKER/DEALERS OWNED BY MINORITIES, WOMEN, MILITARY VETERANS, AND PERSONS WITH DISABILITIES

Pursuant to 15 ILCS 505/30, it shall be the aspirational goal of the Treasurer to use businesses owned by or under the control of qualified veterans of the armed forces of the United States, qualified service-disabled veterans, minority persons, women, or persons with a disability ("MWVD Persons") for not less than twenty-five percent (25%) of the total dollar of purchases of investment securities, including, but not limited to, the use of broker/dealers. Beginning with fiscal year 2019, and at least annually thereafter, the Treasurer shall measure and report its utilization of broker/dealers owned or under the control of MWVD Persons. The report shall be published on the Treasurer's official website.

The terms "minority person", "woman", "person with a disability", "minority-owned business", "women-owned business", "business owned by a person with a disability", and "control" have the meanings provided in Section 1 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act (30 ILCS 575/1 et seq.). The terms "veteran", "qualified veteran-owned small business", "qualified service-disabled veteran-owned small business", "qualified service-disabled veteran", and "armed forces of the United States" have the meanings provided in Article 1 of the Illinois Procurement Code (30 ILCS 500/1 et seq.).

To the greatest extent feasible within the bounds of financial and fiduciary prudence, the Treasurer's policy is to mitigate any barriers to the full participation in investment transaction afforded via the investment program by actively identifying and considering for hire brokers/dealers that provide proof of ownership or control by MWVD Persons. The Treasurer shall establish a process by which said specially claimed statuses are verified, and a review shall be conducted at fixed intervals to ensure that special statuses continue to apply.

5.3 PREFERENCE FOR BROKER/DEALERS HEADQUARTERED IN ILLINOIS

The Treasurer shall seek to provide preference to qualified brokers/dealers that provide proof that their corporate headquarters is located in the State of Illinois. In doing so, the Treasurer shall establish a process to verify the location of broker/dealers' corporate headquarters, and a review shall be conducted at fixed intervals to ensure that the Illinois-based location continues to apply.

Beginning with fiscal year 2019, and at least annually thereafter, the Treasurer shall measure and report its utilization of broker/dealers with headquarters located in the State of Illinois. The report shall be published on the Treasurer's official website.

6.0 AUTHORIZED AND SUITABLE INVESTMENTS

The Treasurer's investments are subject to the parameters as set forth in the Deposit of State Moneys Act (15 ILCS 520/22.5) and the Public Funds Investment Act (30 ILCS 235/2). Additionally, the Treasurer may also choose to create policies and procedures that further clarify the State's authorized investments. The established parameters are, as follows:

- a) Federally guaranteed obligations that receive the full faith and credit of the United States of America ("United States") as to principal and interest;
- b) Obligations of agencies of the United States as originally issued by the agencies. For purposes of this Section, the term "agencies of the United States" includes the following: federal land banks, federal intermediate credit banks, banks for cooperatives, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 as amended, the

federal home loan banks and the federal home loan mortgage corporation, and any other agency created or supported through an Act of Congress; additionally, the Treasurer has determined that all such agencies are issuing debt in United States dollar denominations;

- c) Obligations of instrumentalities of the United States, as originally issued by the instrumentalities. For the purposes of this section, the term “instrumentalities of the United States” is an instrumentality created or supported through an Act of Congress and issues United States dollar-denominated debt;
- d) Obligations of a foreign government other than the Republic of Sudan that are guaranteed by the full faith and credit of that government as to principal and interest and rated at one (1) of the three (3) highest classifications established by at least two (2) standard rating services (upper medium grade for a long-term rating of A- and above or equivalent), and only if the foreign government has not defaulted and has met its payment obligations in a timely manner on all similar obligations for at least twenty-five (25) years immediately before the time of acquiring those obligations;
- e) Interest-bearing bonds, issued by counties or municipal corporations of the State of Illinois. Additionally, the Treasurer has determined that the purchased bonds may be either taxable or tax-exempt under federal law. The bonds shall be registered in the name of the State of Illinois or held under a custodial agreement at a financial institution. The bonds shall be rated at the time of purchase at one (1) of the three (3) highest classifications established by at least one (1) standard rating service with nationally recognized expertise in rating bonds of states and their political subdivisions, (upper medium grade for the long-term rating of A- and above or equivalent). The maturity or pre-refunded date(s) of the bonds authorized by this subsection shall, at the time of purchase, not exceed ten (10) years. Notwithstanding the foregoing, a longer maturity is authorized, if the State of Illinois has a put option to tender the bonds within ten (10) years from the date of purchase;
- f) Repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986(15 U.S.C. § 78o-5), as amended, and as interpreted by its regulations;
- g) Short-term obligations of either corporations or limited liability companies organized in the United States with assets exceeding \$500,000,000 and rated at the time of purchase at one (1) of the two (2) highest classifications established by at least two (2) standard rating services, (short-term rating of A-2 and above or equivalent). In order to comply with the Fitch money market fund guidelines, the short-term rating must be F1 and above. If a Fitch rating is not available, the lower of the public long-term ratings from Standard & Poor’s (“S&P”) or Moody’s may be applied. At the time of purchase, the maturity or pre-refunded date(s) shall not exceed three hundred and ninety-seven (397) days to maturity;
- h) Long-term obligations of either corporations or limited liability companies organized in the United States that have a significant presence in the State of Illinois, with assets exceeding \$500,000,000, and rated at the time of purchase at one (1) of the three (3) highest classifications established by at least two (2) standard rating services, (upper medium grade for a long-term rating of A- and above or equivalent for notes maturing within thirteen (13) months or less). In order to comply with the Fitch money market fund guidelines, the short-term rating must be F1 and above. If a Fitch rating is not available, the lower of the public long-term ratings from S&P or Moody’s may be applied. At the time of purchase, the maturity or pre-refunded date(s) shall not exceed three hundred and ninety-seven (397) days to maturity. For corporations who maintain only a long-term rating issued with Moody’s, S&P, or Fitch, securities may be purchased and remain in compliance

with Fitch criteria using either (a) the short-term equivalent of a long-term rating issued by Fitch; or (b) in the absence of a Fitch rating, the short-term equivalent of a long-term rating issued by Moody's or S&P, whichever is lower;

- i) Money market mutual funds registered under the Investment Company Act of 1940. 15 U.S.C. §80a-1;
- j) Securities in accordance with the Federal Financial Institution Examination Council guidelines only if the securities are collateralized at a level sufficient to assure the safety of the securities, taking into account market value fluctuations and set forth in a Securities Leasing Agreement between the Treasurer and financial institution ("Treasurer's Agent"). The securities may be collateralized by cash or securities collateral acceptable under Sections 11 and 11.1 of the Deposit of State Moneys Act;
- k) Interest-bearing savings accounts, interest-bearing certificates of deposit, interest-bearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act. 205 ILCS 5/1 et seq.; and
- l) Dividend-bearing share accounts, share certificate accounts, or class of share accounts of a credit union chartered under the laws of the State of Illinois or the United States that maintains its principal office in the State of Illinois.

7.0 INVESTMENT RESTRICTIONS

The following investment restrictions apply to The Illinois Funds:

- a) Any investments not authorized by this investment policy or applicable law are prohibited;
- b) Repurchase agreements may only be executed with approved financial institutions or broker/dealers that meet the Treasurer's standards, which include mutual execution of a Master Repurchase Agreement adopted by the Treasurer;
- c) Investments in derivative products and leveraging of assets through reverse repurchase agreements are prohibited;
- d) All qualified repurchase agreement dealers, commercial paper issuers, and corporate bond issuers must have a corporate headquarters, corporate office, or operating location in the State of Illinois and that location must retain full-time staff employed within the State of Illinois or the dealer must have a significant economic presence in the State of Illinois as determined by the Treasurer;
- e) Commercial paper with a credit rating or evaluation that is derived from any factor other than the full faith and credit of the issuing institution and/or the guarantee of the parent company is prohibited;
- f) Obligations may not be purchased from a corporation or limited liability company that has been placed on the list of restricted companies by the Illinois Investment Policy Board under Section 1-110.16 of the Illinois Pension Code. 40 ILCS 5/1-110.16;
- g) Asset-backed securities and mortgage back securities, except as repurchase agreement collateral, are prohibited;

- h) Investments in bankers' acceptances of any kind are prohibited; and
- i) Certificates of deposit may not be purchased from The Illinois Funds' custodial institution or any of its subcontractors.
- j) Investments in any sovereign debt or government-backed securities issued by the Russian Federation, and/or the Republic of Belarus; any investment instrument that is issued by an entity, bank or financial institution that is domiciled in or has its principal place of business located in the Russian Federation or the Republic of Belarus; and/or any investment instrument issued by an entity, bank or financial institution that is subject to Russian Harmful Foreign Activities Sanctions as defined under Section 1-110.16 of the Illinois Pension Code are prohibited.

7.1 OPERATIONAL REQUIREMENTS

Pursuant to Securities and Exchange Commission Rule 2a-7 (17 CFR § 270.2a-7), the Treasurer shall:

- a) Maintain and execute standard operating procedures for deviations beyond the normal net asset value ("NAV") of The Illinois Funds; and
- b) Annually complete a checklist that clarifies the intention of the Treasurer to operate The Illinois Funds as a Securities and Exchange Commission Rule 2a-7-like fund.

8.0 RATINGS CRITERIA

The Illinois Funds strives to achieve AAmmmf fund rating guidelines. As such, the fund will meet and abide by the guidelines for an AAAM fund rating from a Nationally Recognized Statistical Rating Organization ("NRSRO").

9.0 COLLATERALIZATION

The Illinois Funds' deposits and repurchase agreements shall be secured by direct U.S. Treasury and/or U.S. Agency obligations as required by the Treasurer and provided for by the Deposit of State Moneys Act (15 ILCS 520/1 et seq.) and the Treasurer's Acceptable Collateral Listing, which may change from time to time. The Treasurer may take possession of and title to any securities held as collateral until the Treasurer determines such collateral may be disposed.

10.0 SAFEKEEPING AND CUSTODY

All direct treasury, agency and instrumentality security transactions entered into by The Illinois Funds shall be conducted on a delivery-versus-payment ("DVP") or receipt-versus-payment ("RVP") basis. Securities shall be held by a safekeeping agent designated by the Treasurer and evidenced by safekeeping receipts. Commercial paper will settle daily with the Depository Trust Company.

11.0 DIVERSIFICATION

In general, the primary purpose of diversification is to control credit and market risk. The Illinois Funds will be diversified to mitigate the risk of loss resulting from concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. The majority of The Illinois Funds' investments will be in direct obligations of the United States Treasury and United States Government Agencies and Instrumentalities and cash equivalents as listed in Section 6.0 of this Policy. In order to properly manage

any risk that may be attendant to the investment of The Illinois Funds assets, The Illinois Funds portfolio will observe the following diversification guidelines, at the time of purchase:

- a) The Illinois Funds will seek to achieve diversification in the portfolio by reasonably distributing investments within authorized investment categories, and with issuers and brokers/dealers;
- b) The Illinois Funds shall at no time hold time deposits that constitute more than ten percent (10%) of any single financial institution's total deposits;
- c) The Illinois Funds shall not hold obligations of corporations or limited liability companies that exceed ten percent (10%) of the corporation's or the limited liability company's outstanding obligations;
- d) The Illinois Funds shall not hold obligations of a municipality's bonds that exceed ten percent (10%) of the municipality's outstanding obligations;
- e) The Illinois Funds shall not be invested in more than ten percent (10%) of each prime money market fund's assets (including all share classes) at any given time;
- f) The Illinois Funds shall not contain investments that exceed the following diversification limits. These limits will apply to the total assets in the portfolio at the time of the origination or purchase. As maturities and or calls of instruments occur these limits will be monitored and adjusted accordingly:
 - i. The Illinois Funds will invest no more than fifty percent (50%) of its total assets in securities with maturities greater than thirty (30) days issued by any single permissible United States government agency or instrumentality;
 - ii. No more than one-third (33%) of the total portfolio assets shall be invested in short-term obligations of corporations or limited liability companies as defined by Section 6.0(g) of this Policy;
 - iii. No more than ten percent (10%) of the total portfolio assets shall be invested in short-term obligations of any one corporation or limited liability company as defined by Section 6.0(g) of this Policy;
 - iv. No more than twenty (20%) of the total portfolio assets shall be invested in long-term obligations of corporations or limited liability companies as defined by Section 6.0(h) of this Policy;
 - v. No more than ten percent (10%) of the total portfolio assets shall be invested in long-term obligations of any one corporation or limited liability company as defined by Section 6.0(h) of this Policy;
 - vi. No more than ten percent (10%) of the total portfolio assets shall be invested in municipal securities issued by counties or municipal corporations of the State of Illinois as defined by Section 6.0(e) of this Policy;
 - vii. No more than three (3%) of the total portfolio assets shall be invested in any single issuer of municipal securities issued by counties or municipal corporations of the State of Illinois as defined by Section 6.0(e) of this Policy;

- viii. The Illinois Funds shall invest a minimum of seventy-five percent (75%) of its assets in authorized investments of less than one (1) year maturity. No investment shall (2) years maturity.

12.0 INTERNAL CONTROLS

The Treasurer shall establish a system of internal controls, which shall be documented in writing and filed with the Treasurer's Chief Internal Auditor for review. The controls shall be designed to prevent loss of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by Authorized Investment Staff of The Illinois Funds.

The Treasurer shall publish the current investment policy of The Illinois Funds on the Treasurer's official website.

13.0 ASSET ALLOCATION

The Treasurer shall approve asset allocation among investment categories authorized under Section 6.0 of this Policy.

14.0 COMPETITIVE BIDDING

Authorized Investment Officers shall obtain competitive bids from at least three (3) broker/dealers prior to executing repurchase agreements, purchasing United States Treasury securities, United States government agency or instrumentality securities, obligations of either corporations or limited liability companies, bonds issued by counties or municipal corporations of the State of Illinois, or commercial paper from a broker/dealer. Reverse inquiry investments, investments in a new issue, and investments defined under Section 6(a)-(b) of this Policy purchased from the agency discount window are exempt from this provision. Certificates of deposit shall be purchased by authorized investment staff on the basis of a financial institution's ability to pay the Treasurer's required interest rate.

15.0 LIABILITY

Authorized Investment Officers, acting in accordance with written procedures and this Policy and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments. The Treasurer is bonded to a level of \$150,000 for the faithful performance of duties in relation to The Illinois Funds.

16.0 REPORTING

Reports shall be made available quarterly by the Director of IPTIP Investments to the Treasurer, the Chief Banking Officer and The Illinois Funds participants. The quarterly report shall contain the following:

- a) The total amount of funds;
- b) The current and historic performance of The Illinois Funds as compared to the established benchmark;
- c) The asset allocation for the investments;

- d) Any circumstances resulting in a deviation from the standards established in Section 11.0 of this Policy;
- e) Any change in investment policy adopted during the quarter; and
- f) The weighted average number of days to maturity.

A listing of all investments in the portfolio marked to market shall be made available to the Treasurer, Chief Banking Officer and The Illinois Funds participants annually.

17.0 EXCEPTIONS

The Chief Banking Officer may issue exceptions to this Policy provided that they do not conflict with applicable State statutes governing the use and investment of the State Investments portfolio including, but not limited to, the State Treasurer Act, the Treasurer as Custodian of Funds Act, the Deposit of State Moneys Act, the Securities Safekeeping Act, and any other applicable statutes and it is reasonably assured that deviating from this Policy is in the best interest of participants.

18.0 EMERGENCY POWERS

In the event of an emergency, the Treasurer may, at his or her discretion, invoke emergency powers and suspend any or all of the provisions of this Policy, provided that:

- a) The Treasurer shall, even in the event that emergency powers are invoked, comply with all State statutes governing the use and investment of monies;
- b) The Treasurer reasonably believes that deviating from this Policy is in the best interest of the participants;
- c) Within thirty (30) days of invoking emergency powers the Treasurer shall provide an explanation in writing to the Chief Internal Auditor and the Investment Policy Committee, a copy of which shall be posted on the Treasurer's website, that includes the following:
 - i. The date and time that the emergency powers were invoked;
 - ii. The date and time that emergency powers were repealed, if applicable;
 - iii. The Section or Sections of this Policy that were affected by the emergency or use of emergency powers; and
 - iv. The reason for deviating from this Policy.

19.0 STATUTORY REFERENCES

Any statutory references in this Policy shall include any amendments to or repeals of those statutes.

20.0 AMENDMENTS

The Treasurer reserves the right to amend this Policy at any time.

1.0 POLICY

The Office of the Illinois State Treasurer (“Treasurer”) is authorized under Section 17 of the State Treasurer’s Act (15 ILCS 505/17) to establish and administer a Public Treasurer’s Investment Pool to supplement and enhance investment opportunities otherwise available to custodians of public funds for public agencies in the State of Illinois. The Illinois Public Treasurer’s Investment Pool is a local government investment pool known as “The Illinois Funds.” Under this Illinois Funds Local Government Investment Pool Investment Policy Statement (“Policy”), it is the policy of the Treasurer to invest funds pooled by local and State custodians of public funds for public agencies in The Illinois Funds in a manner that will provide safety to the principal investment, meet the daily cash flow demands of participants, and seek the highest investment return, using authorized instruments in accordance with all State statutes governing the investment of public funds. The Illinois Funds operates in a manner consistent with Securities and Exchange Commission Rule 2a-7 (17 CFR § 270.2a-7).

2.0 INVESTMENT POLICY COMMITTEE

The Treasurer affirms the existence of the Investment Policy Committee. The Investment Policy Committee shall be chaired by the Treasurer and include the following members of the Treasurer’s staff: Deputy Treasurer & Chief Investment Officer, Chief of Staff, Chief Financial Products Officer, Chief Legislative and Policy Officer, General Counsel, Director of State Investments and Banking, Director of Investment Analysis and Due Diligence, Director of Fiscal Operations, Director of IPTIP Investments, Director of ePAY and The Illinois Funds, Director of Portfolio and Risk Analytics, Director of Corporate Engagement & Investment Operations, State Investments - Portfolio Management Officer and anyone else deemed appropriate by the Treasurer.

The Deputy Treasurer & Chief Investment Officer, who bears responsibility for the administration, planning, development, and implementation of all financial and investment strategies per the direction of the Treasurer, shall assist the Treasurer in executing the duties and activities of the Investment Policy Committee.

3.0 OBJECTIVE

The safety of principle is the primary objective in the investment of funds within The Illinois Funds. In addition, it is the Treasurer’s objective to manage liquidity for payment of the State’s financial obligations and provide the highest investment return, using authorized instruments, while prudently exercising sustainable stewardship in its investment decision-making.

3.1 SAFETY

The Illinois Funds’ investments shall be undertaken in a manner that seeks to ensure the preservation of principal in the portfolio. The safety of principal is the foremost objective of the investment program. To obtain this objective, diversification among permissible investments is required to ensure that The Illinois Funds properly manages market, operational, reputational, financial, legal, sustainability, interest rate, and credit risks.

(Effective October 2023 through December 2024)
(Unaudited)**

3.2 LIQUIDITY

The investment portfolio shall remain sufficiently liquid to enable The Illinois Funds to meet all participant redemption demands that might be reasonably anticipated.

3.3 RETURN ON INVESTMENT

The investment portfolio shall be designed to obtain the highest available risk-adjusted return. The Treasurer shall seek to obtain the highest available return, using authorized investments during budgetary and economic cycles as required by this Policy.

The rate of return achieved on The Illinois Funds portfolio shall be measured at regular intervals against relevant industry benchmarks, established by the Investment Policy Committee, to determine the effectiveness of investment decisions in meeting investment goals. The benchmarks shall be reviewed a minimum of every two (2) years to ensure accuracy and relevance.

3.4 SUSTAINABILITY

The Treasurer seeks to invest all funds under its control in a manner that provides the highest risk adjusted investment return using authorized instruments. Pursuant to the Illinois Sustainable Investing Act (30 ILCS 238/1 et seq.), the Treasurer shall prudently integrate sustainability factors into its investment decision-making, investment analysis, portfolio construction, risk management, due diligence, and investment ownership “to maximize anticipated financial returns, minimize projected risk, more effectively execute its fiduciary duty, and contribute to a more just, accountable and sustainable State of Illinois.” 30 ILCS 238/5(b). As such, consistent with achieving the Treasurer’s foremost investment objectives set forth herein, the Treasurer and its agents shall prudently integrate sustainability factors into its investment processes.

The sustainability analysis adds an additional layer of rigor to the fundamental analytical approach and helps assess the reliability of future cash flows and debt repayments. Similar to financial accounting, sustainability accounting has both confirmatory and predictive value, thus, it can be used to evaluate past performance, future planning, and decision-making. As a complement to financial accounting, it provides a more complete view of an investment fund or portfolio company’s performance on material factors likely to impact its long-term value.

Sustainability factors may include, but are not limited to, the following:

- a) Corporate governance and leadership factors, such as the independence of boards and auditors, the expertise and competence of corporate boards and executives, systemic risk management practices, executive compensation structures, transparency and reporting, leadership diversity, regulatory and legal compliance, shareholder rights, and ethical conduct.
- b) Environmental factors that may have an adverse or positive financial impact on investment performance, such as greenhouse gas emissions, air quality, energy management, water and wastewater management, waste and hazardous materials management, and ecological impacts.
- c) Social capital factors that impact relationships with key outside parties, such as customers, local communities, the public, and the government, which may impact investment performance. Social capital factors include human rights, customer welfare, customer privacy, data security, access and

affordability, selling practices and product labeling, community reinvestment, and community relations.

- d) Human capital factors that recognize that the workforce is an important asset to delivering long-term value, including factors such as labor practices, responsible contractor and responsible bidder policies, employee health and safety, employee engagement, diversity and inclusion, and incentives and compensation.
- e) Business model and innovation factors that reflect an ability to plan and forecast opportunities and risks, and whether a company can create long-term shareholder value, including factors such as supply chain management, materials sourcing and efficiency, business model resilience, product design and life cycle management, and physical impacts of climate change.

The Treasurer shall develop policy guidelines for internal and external investment managers to integrate material sustainability risks with respect to their investment decision-making regarding financial products, investment funds, companies, and public agency or governmental unit to the extent the Treasurer is responsible for the investment performance of such entities. The policy guidelines for such investment managers for integrating sustainability factors shall be reviewed and updated a minimum of every two (2) years to ensure responsiveness to changing economic conditions and related factors.

4.0 ETHICS AND CONFLICTS OF INTEREST

The investment staff executing the investments (“Authorized Investment Officers”) and employees in policy-making positions for The Illinois Funds shall refrain from engaging in personal business activity that could (a) conflict, or give the appearance of a conflict, with proper execution of the investment program or (b) impair their ability to make impartial investment decisions. Such individuals shall disclose to the Treasurer any material financial interests in financial institutions or broker/dealers that conduct business within the State. They shall further disclose any personal investments that are related to the performance of The Illinois Funds’. In addition, such individuals shall subordinate their personal investment transactions to those of The Illinois Funds, particularly with regard to the time of purchases and sales.

5.0 AUTHORIZED BROKERS/DEALERS AND FINANCIAL INSTITUTIONS

Authorized investment staff shall utilize the Treasurer’s approved list of broker/dealers and financial institutions when selecting institutions to provide investment services.

The security brokers/dealers shall be selected according to their credit worthiness and their financial significance in the State, which shall be measured in terms of the location of the broker/dealer’s corporate office, or the extent to which the broker/dealer has a large labor or economic impact on the State. The approved broker/dealers may include “primary” dealers or regional dealers that qualify under Securities and Exchange Commission Rule 17 CFR § 15c3-1 (Net Capital Requirements for Brokers or Dealers).

No monies may be deposited in any financial institution until the Treasurer’s investment staff has conducted a safety and soundness review of the financial institution by consulting various bank rating services. If the financial institution has not yet been rated by the bank rating services, the institution may be eligible for a deposit that at maturity will not exceed \$250,000. The amount and duration of deposits shall be based on the safety and soundness review, in accordance with guidelines established by the Investment Policy Committee and the diversification limits set forth in Section 11.0 of this Policy. No public deposit may be

made, except in a qualified public depository, as defined by the Deposit of State Moneys Act (15 ILCS 520/1 et seq.).

All brokers/dealers interested in becoming qualified parties for investment transactions must supply the Treasurer's Authorized Investment Officers any documents requested by the Treasurer, including but not limited to the following:

- a) Audited financial statements or a published Statement of Condition;
- b) Proof of minority-, woman-, disabled-, and/or veteran-owned or -managed broker/dealer status;
- c) A signed copy of the Treasurer's account authorization agreement;
- d) Proof of National and State of Illinois registration;
- e) Completed Counterparty Questionnaire;
- f) Certification of notice and acknowledgment of this Policy; and
- g) Any other documentation deemed necessary by the Treasurer.

If approved, a broker/dealer will be placed on a list of qualified parties for investment transactions. An annual review of the financial condition and registration of qualified parties will be conducted by the Treasurer's authorized investment staff. More frequent reviews may be conducted if warranted.

5.1 EXTERNAL INVESTMENT CONSULTANTS

To the extent that the Investment Policy Committee deems it advisable to hire external investment consultants, it may do so in accordance with the Treasurer's procurement rules. 44 Ill. Admin. Code § 1400.

5.2 PREFERENCE FOR BROKER/DEALERS OWNED BY MINORITIES, WOMEN, MILITARY VETERANS, AND PERSONS WITH DISABILITIES

Pursuant to 15 ILCS 505/30, it shall be the aspirational goal of the Treasurer to use businesses owned by or under the control of qualified veterans of the armed forces of the United States, qualified service-disabled veterans, minority persons, women, or persons with a disability ("MWVD Persons") for not less than twenty-five percent (25%) of the total dollar of purchases of investment securities, including, but not limited to, the use of broker/dealers. Beginning with fiscal year 2019, and at least annually thereafter, the Treasurer shall measure and report its utilization of broker/dealers owned or under the control of MWVD Persons. The report shall be published on the Treasurer's official website.

The terms "minority person," "woman," "person with a disability," "minority-owned business," "women-owned business," "business owned by a person with a disability," and "control" have the meanings provided in Section 1 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act (30 ILCS 575/1 et seq.). The terms "veteran," "qualified veteran-owned small business," "qualified service-disabled veteran-owned small business," "qualified service-disabled veteran," and "armed forces of the United States" have the meanings provided in Article 1 of the Illinois Procurement Code (30 ILCS 500/1 et seq.).

Office of the Treasurer**

**The Illinois Funds
Local Government Investment Pool Investment Policy Statement
(Effective October 2023 through December 2024)
(Unaudited)**

To the greatest extent feasible within the bounds of financial and fiduciary prudence, the Treasurer's policy is to mitigate any barriers to the full participation in investment transactions afforded via the investment program by actively identifying and considering for hire brokers/dealers that provide proof of ownership or control by MWVD Persons. The Treasurer shall establish a process by which said specially claimed statuses are verified, and a review shall be conducted at fixed intervals to ensure that special statuses continue to apply.

5.3 PREFERENCE FOR BROKER/DEALERS HEADQUARTERED IN ILLINOIS

The Treasurer shall seek to provide preference to qualified brokers/dealers that provide proof that their corporate headquarters is located in the State of Illinois. In doing so, the Treasurer shall establish a process to verify the location of broker/dealers' corporate headquarters, and a review shall be conducted at fixed intervals to ensure that the Illinois-based location continues to apply.

Beginning with fiscal year 2019, and at least annually thereafter, the Treasurer shall measure and report its utilization of broker/dealers with headquarters located in the State of Illinois. The report shall be published on the Treasurer's official website.

6.0 AUTHORIZED AND SUITABLE INVESTMENTS

The Treasurer's investments are subject to the parameters as set forth in the Deposit of State Moneys Act (15 ILCS 520/22.5) and the Public Funds Investment Act (30 ILCS 235/2). Additionally, the Treasurer may also choose to create policies and procedures that further clarify the State's authorized investments. The established parameters are, as follows:

- a) Federally guaranteed obligations that receive the full faith and credit of the United States of America ("United States") as to principal and interest;
- b) Obligations of agencies of the United States as originally issued by the agencies. For purposes of this Section, the term "agencies of the United States" includes the following: federal land banks, federal intermediate credit banks, banks for cooperatives, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 as amended, the federal home loan banks and the federal home loan mortgage corporation, and any other agency created or supported through an Act of Congress; additionally, the Treasurer has determined that all such agencies are issuing debt in United States dollar denominated;
- c) Obligations of instrumentalities of the United States, as originally issued by the instrumentalities. For the purposes of this section, the term "instrumentalities of the United States" is an instrumentality created or supported through an Act of Congress and issues United States dollar-denominated debt;
- d) Obligations of a foreign government that are guaranteed by the full faith and credit of that government as to principal and interest and rated at one (1) of the three (3) highest classifications established by at least two (2) standard rating services (upper medium grade for a long-term rating of A- and above or equivalent), and only if the foreign government has not defaulted and has met its payment obligations in a timely manner on all similar obligations for at least twenty-five (25) years prior to the time of acquiring those obligations;

- e) Interest-bearing bonds, issued by counties or municipal corporations of the State of Illinois, whether the interest earned thereon is taxable or tax-exempt under federal law. The bonds shall be registered in the name of the State of Illinois or held under a custodial agreement at a financial institution. The bonds shall be rated at the time of purchase at one (1) of the three (3) highest classifications established by at least one (1) standard rating service with nationally recognized expertise in rating bonds of states and their political subdivisions, (upper medium grade for the long-term rating of A- and above or equivalent). The maturity or pre-refunded date(s) of the bonds authorized by this subsection shall, at the time of purchase, not exceed ten (10) years. Notwithstanding the foregoing, a longer maturity is authorized, if the State of Illinois has a put option to tender the bonds within ten (10) years from the date of purchase;
- f) Repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986. 15 U.S.C. § 78o-5, as amended, and as interpreted by its regulations;
- g) Short-term obligations of either corporations or limited liability companies organized in the United States with assets exceeding \$500,000,000, and rated at the time of purchase at one (1) of the two (2) highest classifications established by at least two (2) standard rating services, (short-term rating of A-2 and above or equivalent). In order to comply with the Fitch money market fund guidelines, the short-term rating must be F1 and above. If a Fitch rating is not available, the lower of the public long-term ratings from Standard & Poor's ("S&P") or Moody's may be applied. At the time of purchase, the maturity or pre-refunded date(s) shall not exceed three hundred and ninety-seven (397) days to maturity;
- h) Long-term obligations of either corporations or limited liability companies organized in the United States that have a significant presence in the State of Illinois, with assets exceeding \$500,000,000, and rated at the time of purchase at one (1) of the three (3) highest classifications established by at least two (2) standard rating services, (upper medium grade for a long-term rating of A- and above or equivalent for notes maturing within thirteen (13) months or less). In order to comply with the Fitch money market fund guidelines, the short-term rating must be F1 and above. If a Fitch rating is not available, the lower of the public long-term ratings from S&P or Moody's may be applied. At the time of purchase, the maturity or pre-refunded date(s) shall not exceed three hundred and ninety-seven (397) days to maturity. For corporations who maintain only a long-term rating issued with Moody's, S&P, or Fitch, securities may be purchased and remain in compliance with Fitch criteria using either (a) the short-term equivalent of a long-term rating issued by Fitch; or (b) in the absence of a Fitch rating, the short-term equivalent of a long-term rating issued by Moody's or S&P, whichever is lower;
- i) Money market mutual funds registered under the Investment Company Act of 1940. 15 U.S.C. §80a-1;
- j) Securities in accordance with the Federal Financial Institution Examination Council guidelines only if the securities are collateralized at a level sufficient to assure the safety of the securities, taking into account market value fluctuation and set forth in a Securities Lending Agreement between the Treasurer and financial institution ("Treasurer's Agent"). The securities may be collateralized by cash or securities collateral acceptable under Sections 11 and 11.1 of the Deposit of State Moneys Act;

- k) Interest-bearing savings accounts, interest-bearing certificates of deposit, interest-bearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act. 205 ILCS 5/1 et seq.; and
- l) Dividend-bearing share accounts, share certificate accounts, or class of share accounts of a credit union chartered under the laws of the State of Illinois or the United States that maintains its principal office in the State of Illinois.

7.0 INVESTMENT RESTRICTIONS

The following investment restrictions apply to The Illinois Funds portfolio:

- a) Any investments not authorized by this investment policy or applicable law are prohibited;
- b) Repurchase agreements may only be executed with approved financial institutions or broker/dealers that meet the Treasurer's standards, which include mutual execution of a Master Repurchase Agreement adopted by the Treasurer;
- c) Investments in derivative products and leveraging of assets through reverse repurchase agreements are prohibited;
- d) All qualified repurchase agreement dealers, commercial paper issuers, and corporate bond issuers must have a corporate headquarters, corporate office, or operating location in the State of Illinois and that location must retain full-time staff employed within the State of Illinois or the dealer must have a significant economic presence in the State of Illinois as determined by the Treasurer;
- e) Commercial paper with a credit rating or evaluation that is derived from any factor other than the full faith and credit of the issuing institution and/or the guarantee of the parent company is prohibited;
- f) Obligations may not be purchased from a corporation or limited liability company that has been placed on the list of restricted companies by the Illinois Investment Policy Board under Section 1-110.16 of the Illinois Pension Code. 40 ILCS 5/1-110.16;
- g) Asset-backed securities and mortgage-backed securities of any kind are prohibited;
- h) Investments in bankers' acceptances of any kind are prohibited; and
- i) Certificates of deposit may not be purchased from The Illinois Funds' custodial institution or any of its subcontractors.
- j) Investments in any sovereign debt or government-backed securities issued by the Russian Federation, and/or the Republic of Belarus; any investment instrument that is issued by an entity, bank or financial institution that is domiciled in or has its principal place of business located in the Russian Federation or the Republic of Belarus; and/or any investment instrument issued by an entity, bank or financial institution that is subject to Russian Harmful Foreign Activities Sanctions as defined under Section 1-110.16 of the Illinois Pension Code are prohibited.

7.1 OPERATIONAL REQUIREMENTS

Pursuant to Securities and Exchange Commission Rule 2a-7 (17 CFR § 270.2a-7), the Treasurer shall:

- a) Maintain and execute standard operating procedures for deviations beyond the normal net asset value (“NAV”) of The Illinois Funds; and
- b) Annually complete a checklist that clarifies the intention of the Treasurer to operate The Illinois Funds as a Securities and Exchange Commission Rule 2a-7-like fund.

8.0 RATINGS CRITERIA

The Illinois Funds strives to achieve AAAM fund rating guidelines. As such, the fund will meet and abide by the guidelines for an AAAM fund rating from a Nationally Recognized Statistical Rating Organization (“NRSRO”).

9.0 COLLATERALIZATION

The Illinois Funds’ deposits and repurchase agreements shall be secured by direct U.S. Treasury and/or U.S. Agency obligations as required by the Treasurer and provided for by the Deposit of State Moneys Act (15 ILCS 520/1 et seq.) and the Treasurer’s Acceptable Collateral Listing, which may change from time to time. The Treasurer may take possession of and title to any securities held as collateral until the Treasurer determines such collateral may be disposed.

10.0 SAFEKEEPING AND CUSTODY

All direct treasury, agency and instrumentality security transactions entered into by The Illinois Funds shall be conducted on a delivery-versus-payment (“DVP”) or receipt-versus-payment (“RVP”) basis. Securities shall be held by a safekeeping agent designated by the Treasurer and evidenced by safekeeping receipts. Commercial paper will settle daily with the Depository Trust Company.

11.0 DIVERSIFICATION

The primary purpose of diversification in general is to control credit and market risk. The Illinois Funds portfolio will be diversified to eliminate the risk of loss resulting from concentration of assets in a specific maturity, a specific issuer or a specific class of securities. The majority of The Illinois Funds’ investments will be in direct obligations of the United States Treasury and United States Government Agencies and Instrumentalities and cash equivalents as listed in Section 6.0 of this Policy. In order to properly manage any risk that may be attendant to the investment of The Illinois Funds assets, The Illinois Funds portfolio will observe the following diversification guidelines, at the time of purchase:

- a) The Illinois Funds will seek to achieve diversification in the portfolio by reasonably distributing investments within authorized investment categories, and with issuers and brokers/dealers;
- b) The Illinois Funds shall at no time hold time deposits that constitute more than ten percent (10%) of any single financial institution's total deposits;

- c) The Illinois Funds shall not hold obligations of corporations or limited liability companies that exceed ten percent (10%) of the corporation's or the limited liability company's outstanding obligations;
- d) The Illinois Funds shall not hold obligations of a municipality's bonds that exceed ten percent (10%) of the municipality's outstanding obligations;
- e) The Illinois Funds shall not be invested in more than ten percent (10%) of each prime money market fund's assets (including all share classes) at any given time;
- f) The investment portfolio shall not contain investments that exceed the following diversification limits. These limits will apply to the total assets in the portfolio at the time of the origination or purchase. As maturities and or calls of instruments occur these limits will be monitored and adjusted accordingly:
 - i. The Illinois Funds will invest no more than fifty percent (50%) of its total assets in securities with maturities greater than thirty (30) days issued by any single permissible United States government agency or instrumentality;
 - ii. No more than one-third (33%) of the total portfolio assets shall be invested in short-term obligations of corporations or limited liability companies as defined by Section 6.0(g) of this Policy;
 - iii. No more than ten percent (10%) of the total portfolio assets shall be invested in short-term obligations of any one corporation or limited liability company as defined by Section 6.0(g) of this Policy;
 - iv. No more than twenty (20%) of the total portfolio assets shall be invested in long-term obligations of corporations or limited liability companies as defined by Section 6.0(h) of this Policy;
 - v. No more than ten percent (10%) of the total portfolio assets shall be invested in long-term obligations of any one corporation or limited liability company as defined by Section 6.0(h) of this Policy;
 - vi. No more than ten percent (10%) of the total portfolio assets shall be invested in municipal securities issued by counties or municipal corporations of the State of Illinois as defined by Section 6.0(e) of this Policy;
 - vii. No more than three (3%) of the total portfolio assets shall be invested in any single issuer of municipal securities issued by counties or municipal corporations of the State of Illinois as defined by Section 6.0(e) of this Policy;
 - viii. The Illinois Funds shall invest a minimum of seventy-five percent (75%) of its assets in authorized investments of less than one (1) year maturity. No investment shall exceed two (2) years maturity.

12.0 INTERNAL CONTROLS

The Treasurer shall establish a system of internal controls, which shall be documented in writing and filed with the Treasurer's Chief Internal Auditor for review. The controls shall be designed to prevent loss of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by authorized investment staff of The Illinois Funds.

The Treasurer shall publish the current investment policy of The Illinois Funds on the Treasurer's official website.

13.0 ASSET ALLOCATION

The Treasurer shall approve asset allocation among investment categories authorized under Section 6.0 of this Policy.

14.0 COMPETITIVE BIDDING

Authorized investment staff shall obtain competitive bids from at least three (3) broker/dealers prior to executing repurchase agreements, purchasing United States Treasury securities, United States government agency or instrumentality securities, obligations of either corporations or limited liability companies, bonds issued by counties or municipal corporations of the State of Illinois, or commercial paper from a broker/dealer. Reverse inquiry investments, investments in a new issue, and investments defined under Section 6(a)-(b) of this Policy purchased from the agency discount window are exempt from this provision. Certificates of deposit shall be purchased by authorized investment staff on the basis of a financial institution's ability to pay the Treasurer's required interest rate.

15.0 LIABILITY

Authorized investment staff, acting in accordance with written procedures and this Policy and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments. The Treasurer is bonded to a level of \$150,000 for the faithful performance of duties in relation to The Illinois Funds.

16.0 REPORTING

Reports shall be made available quarterly by the Director of IPTIP Investments to the Treasurer, the Chief Banking Officer and The Illinois Funds participants. The quarterly report shall contain the following:

- a) The total amount of funds;
- b) The current and historic performance of The Illinois Funds as compared to the established benchmark;
- c) The asset allocation for the investments;
- d) Any circumstances resulting in a deviation from the standards established in Section 11.0 of this Policy;

- f) The weighted average number of days to maturity.

A listing of all investments in the portfolio marked to market shall be made available to the Treasurer, Chief Banking Officer and The Illinois Funds participants annually.

17.0 EXCEPTIONS

The Deputy Treasurer & Chief Investment Officer may issue exceptions to this Policy provided that they do not conflict with applicable State statutes governing the use and investment of the State Investments portfolio including, but not limited to, the State Treasurer Act, the Treasurer as Custodian of Funds Act, the Deposit of State Moneys Act, the Securities Safekeeping Act, and any other applicable statutes and it is reasonably assured that deviating from this Policy is in the best interest of participants.

18.0 EMERGENCY POWERS

In the event of an emergency, the Treasurer may, at his or her discretion, invoke emergency powers and suspend any or all of the provisions of this Policy, provided that:

- a) The Treasurer shall, even in the event that emergency powers are invoked, comply with all State statutes governing the use and investment of monies;
- b) The Treasurer reasonably believes that deviating from this Policy is in the best interest of the participants;
- c) Within thirty (30) days of invoking emergency powers the Treasurer shall provide an explanation in writing to the Chief Internal Auditor and the Investment Policy Committee, a copy of which shall be posted on the Treasurer's website, that includes the following:
 - i. The date and time that the emergency powers were invoked;
 - ii. The date and time that emergency powers were repealed, if applicable;
 - iii. The Section or Sections of this Policy that were affected by the emergency or use of emergency powers; and
 - iv. The reason for deviating from this Policy.

19.0 STATUTORY REFERENCES

Any statutory references in this Policy shall include any amendments to or repeals of those statutes.

20.0 AMENDMENTS

The Treasurer reserves the right to amend this Policy at any time.

1.0 POLICY

The Office of the Illinois State Treasurer (“Treasurer”) is authorized under Section 17 of the State Treasurer’s Act (15 ILCS 505/17) to establish and administer a Public Treasurer’s Investment Pool to supplement and enhance investment opportunities otherwise available to custodians of public funds for public agencies in the State of Illinois. The Illinois Public Treasurer’s Investment Pool is a local government investment pool known as “The Illinois Funds.” Under this Illinois Funds Local Government Investment Pool Investment Policy Statement (“Policy”), The Illinois Funds are invested in a manner that (a) provides safety to the principal investment, (b) meets the daily cash flow demands of participants, and (c) seeks the highest investment return, using authorized instruments in accordance with all State statutes governing the investment of public funds. The Illinois Funds operates in a manner consistent with Securities and Exchange Commission Rule 2a-7 (17 CFR § 270.2a-7).

2.0 INVESTMENT POLICY COMMITTEE

The Treasurer has formed and regularly convenes the Investment Policy Committee. The Investment Policy Committee is chaired by the Treasurer and include the following members of the Treasurer’s staff:, Chief of Staff, Chief Financial Products Officer, Chief Banking Officer, Chief Fiscal Officer, Chief Investment Officer, Chief Legislative and Policy Officer, General Counsel, Director of State Investments, Director of State Banking, Director of Investment Analysis and Due Diligence, Director of Fiscal Operations, Director of Illinois Public Treasurer’s Investment Pool (“IPTIP”) Investments, Director of ePAY and The Illinois Funds, Director of Portfolio and Risk Analytics, Director of Corporate Engagement & Investment Operations, State Investments - Portfolio Management Officer, and anyone else deemed appropriate by the Treasurer.

The Chief Banking Officer, Chief Fiscal Officer and Chief Investment Officer, who bear responsibility for the administration, planning, development, and implementation of all financial and investment strategies per the direction of the Treasurer, shall assist the Treasurer in executing the duties and activities of the Investment Policy Committee.

3.0 OBJECTIVE

The primary objective in the investment of The Illinois Funds is to ensure the safety of principal.. In addition, the Treasurer aims to manage liquidity for payment of the State’s financial obligations and provide the highest return on investment, using authorized instruments, while prudently exercising sustainable stewardship in its investment decision-making.

3.1 SAFETY

The Illinois Funds’ investments shall be undertaken in a manner that seeks to ensure the preservation of The Illinois Funds’ principal. The safety of principal is the foremost objective of the investment program. To obtain this objective, diversification among permissible investments is required to ensure that The Illinois Funds properly manages market, operational, reputational, financial, legal, sustainability, interest rate, and credit risks.

3.2 LIQUIDITY

The investment portfolio shall remain sufficiently liquid to enable The Illinois Funds to meet all participant redemption demands that might be reasonably anticipated.

3.3 RETURN ON INVESTMENT

The investment portfolio shall be designed to obtain the highest available risk-adjusted return. The Treasurer shall seek to obtain the highest available return, using authorized investments during budgetary and economic cycles as required by this Policy.

The rate of return achieved on The Illinois Funds shall be measured at regular intervals against relevant industry benchmarks that the Investment Policy Committee established to determine investment decision effectiveness meeting investment goals. The benchmarks shall be reviewed a minimum of every two (2) years to ensure accuracy and relevance.

3.4 SUSTAINABILITY

The Treasurer seeks to invest all funds under its control in a manner that provides the highest risk-adjusted investment return using authorized instruments. Pursuant to the Illinois Sustainable Investing Act (30 ILCS 238/1 et seq.), the Treasurer shall prudently integrate sustainability factors into its investment decision-making, investment analysis, portfolio construction, risk management, due diligence, and investment ownership “to maximize anticipated financial returns, minimize projected risk, more effectively execute its fiduciary duty, and contribute to a more just, accountable and sustainable State of Illinois.” 30 ILCS 238/5(b). As such, consistent with achieving the Treasurer’s foremost investment objectives set forth herein, the Treasurer and its agents shall prudently integrate sustainability factors into its investment processes.

The sustainability analysis adds an additional layer of rigor to the fundamental analytical approach and helps assess the reliability of future cash flows and debt repayments. Similar to financial accounting, sustainability analysis has both confirmatory and predictive value, and thus can be used to evaluate past performance, future planning, and decision-making. As a complement to financial accounting, sustainability analysis provides a more complete view of an investment fund or the portfolio company’s performance on material factors likely to impact either the investment fund or the portfolio company’s performance long-term value.

Sustainability factors that may have an adverse or positive financial impact on investment performance may include, but are not limited to, the following:

- a) Corporate governance and leadership factors, such as the independence of corporate boards and auditors, the expertise and competence of corporate boards and executives, systemic risk management practices, executive compensation structures, transparency and reporting, leadership diversity, regulatory and legal compliance, shareholder rights, and ethical conduct.
- b) Environmental factors such as greenhouse gas emissions, air quality, energy management, water and wastewater management, waste and hazardous materials management, and ecological impacts.

- c) Social capital factors such as customers, local communities, the public, and/or government, social capital factors, which may include, but are not limited to, human rights, customer welfare, customer privacy, data security, access and affordability, selling practices and product labeling, community reinvestment, and community relations.
- d) Human capital factors such as labor practices, responsible contractor and responsible bidder policies, employee health and safety, employee engagement, diversity and inclusion, and incentives and compensation.
- e) Business model and innovation factors such as supply chain management, materials sourcing and efficiency, business model resilience, product design and life cycle management, and physical impacts of climate change.

The Treasurer shall develop policy guidelines for internal and external investment managers to integrate material sustainability risks with respect to their investment decision-making regarding financial products, investment funds, companies, and public agency or governmental unit to the extent the Treasurer is responsible for the investment performance of such entities. The policy guidelines for such investment managers for integrating sustainability factors shall be reviewed and updated a minimum of every two (2) years to ensure responsiveness to changing economic conditions and related factors.

4.0 ETHICS AND CONFLICTS OF INTEREST

The investment staff executing the investments (“Authorized Investment Officers”) and employees in policy-making positions for The Illinois Funds shall refrain from engaging in personal business activity that could (a) conflict, or give the appearance of a conflict, with proper execution of the investment program or (b) impair their ability to make impartial investment decisions. Such individuals shall disclose to the Treasurer any material financial interests in financial institutions or broker/dealers that conduct business within the State. They shall further disclose any personal investments that are related to the performance of The Illinois Funds’. In addition, such individuals shall subordinate their personal investment transactions to those of The Illinois Funds, particularly with regard to the time of purchases and sales.

5.0 AUTHORIZED BROKERS/DEALERS AND FINANCIAL INSTITUTIONS

Authorized Investment Officers shall utilize the Treasurer's approved list of broker/dealers and financial institutions when selecting institutions to provide investment services.

The security brokers/dealers shall be selected according to their credit worthiness and their financial significance in the State, which shall be measured in terms of the location of the broker/dealer's corporate office, or the extent to which the broker/dealer has a large labor or economic impact on the State. The approved broker/dealers may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission Rule 17 CFR § 240.15C3-1 (Net Capital Requirements for Brokers or Dealers).

No monies may be deposited in any financial institution until the Treasurer’s investment staff have conducted a safety and soundness review of the financial institution by consulting various bank rating services. If the financial institution has not yet been rated by the bank rating services, the institution may be eligible for a deposit that at maturity will not exceed \$250,000. The amount and duration of deposits shall be based on the safety and soundness review, in accordance with guidelines established by the Investment Policy Committee and the diversification limits set forth in Section 11.0 of this Policy. No public

deposit may be made, except in a qualified state depository in accordance with the Deposit of State Moneys Act (15 ILCS 520/1 et seq.).

All brokers/dealers interested in becoming qualified parties for investment transactions must supply the Treasurer's Authorized Investment Officers any documents requested by the Treasurer, including but not limited to the following:

- a) Audited financial statements or a published Statement of Condition;
- b) Proof of minority-, woman-, disabled-, and/or veteran-owned or -managed broker/dealer status;
- c) A signed copy of the Treasurer's account authorization agreement;
- d) Proof of US National and State of Illinois registration;
- e) Completed Counterparty Questionnaire;
- f) Certification of notice and acknowledgment of this Policy; and
- g) Any other documentation deemed necessary by the Treasurer.

If approved, a broker/dealer will be placed on Treasurer's authorized list of approved Broker/Dealers. An annual review of the financial condition and registration of qualified parties will be conducted by the Treasurer's Authorized Investment Staff. More frequent reviews may be conducted if warranted.

5.1 EXTERNAL INVESTMENT CONSULTANTS

To the extent that the Investment Policy Committee deems it advisable to hire external investment consultants, it may do so in accordance with the Office of the Treasurer's Procurement Rules. 44 Ill. Admin. Code § 1400.

5.2 PREFERENCE FOR BROKER/DEALERS OWNED BY MINORITIES, WOMEN, MILITARY VETERANS, AND PERSONS WITH DISABILITIES

Pursuant to 15 ILCS 505/30, it shall be the aspirational goal of the Treasurer to use businesses owned by or under the control of qualified veterans of the armed forces of the United States, qualified service-disabled veterans, minority persons, women, or persons with a disability ("MWVD Persons") for not less than twenty-five percent (25%) of the total dollar of purchases of investment securities, including, but not limited to, the use of broker/dealers. Beginning with fiscal year 2019, and at least annually thereafter, the Treasurer shall measure and report its utilization of broker/dealers owned or under the control of MWVD Persons. The report shall be published on the Treasurer's official website.

The terms "minority person", "woman", "person with a disability", "minority-owned business", "women-owned business", "business owned by a person with a disability", and "control" have the meanings provided in Section 1 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act (30 ILCS 575/1 et seq.). veteran-owned small business", "qualified service-disabled veteran", and "armed forces of the United States" have the meanings provided in Article 1 of the Illinois Procurement Code (30 ILCS 500/1 et seq.).

To the greatest extent feasible within the bounds of financial and fiduciary prudence, the Treasurer's policy is to mitigate any barriers to the full participation in investment transactions afforded via the investment program by actively identifying and considering for hire brokers/dealers that provide proof of ownership or control by MWVD Persons. The Treasurer shall establish a process by which said specially claimed statuses are verified, and a review shall be conducted at fixed intervals to ensure that special statuses continue to apply.

5.3 PREFERENCE FOR BROKER/DEALERS HEADQUARTERED IN ILLINOIS

The Treasurer shall seek to provide preference to qualified brokers/dealers that provide proof that their corporate headquarters are located in the State of Illinois. In doing so, the Treasurer shall establish a process to verify the location of broker/dealers' corporate headquarters, and a review shall be conducted at fixed intervals to ensure that the Illinois-based location continues to apply.

Beginning with fiscal year 2019, and at least annually thereafter, the Treasurer shall measure and report its utilization of broker/dealers with headquarters located in the State of Illinois. The report shall be published on the Treasurer's official website.

6.0 AUTHORIZED AND SUITABLE INVESTMENTS

The Treasurer's investments are subject to the parameters as set forth in the Deposit of State Moneys Act (15 ILCS 520/22.5) and the Public Funds Investment Act (30 ILCS 235/2). Additionally, the Treasurer may also choose to create policies and procedures that further clarify the State's authorize investments. The established parameters are, as follows:

- a) Federally guaranteed obligations that receive the full faith and credit of the United States of America ("United States") as to principal and interest;
- b) Obligations of agencies of the United States as originally issued by the agencies. For purposes of this Section, the term "agencies of the United States" includes the following: federal land banks, federal intermediate credit banks, banks for cooperatives, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 as amended, the federal home loan banks and the federal home loan mortgage corporation, and any other agency created or supported through an Act of Congress; additionally, the Treasurer has determined that all such agencies are issuing debt in United States dollar-denominated;
- c) Obligations of instrumentalities of the United States, as originally issued by the instrumentalities. For the purposes of this section, the term "instrumentalities of the United States" is an instrumentality created or supported through an Act of Congress and issues United States dollar-denominated debt;
- d) Obligations of a foreign government other than the Republic of Sudan that are guaranteed by the full faith and credit of that government as to principal and interest and rated at one (1) of the three (3) highest classifications established by at least two (2) standard rating

- services (upper medium grade for a long-term rating of A- and above or equivalent), and only if the foreign government has not defaulted and has met its payment obligations in a timely manner on all similar obligations for at least twenty-five (25) years immediately before the time of acquiring those obligations;
- e) Interest-bearing bonds, issued by counties or municipal corporations of the State of Illinois. Additionally, the Treasurer has determined that the purchased bonds may be either taxable or tax-exempt under federal law. The bonds shall be registered in the name of the State of Illinois or held under a custodial agreement at a financial institution. The bonds shall be rated at the time of purchase at one (1) of the three (3) highest classifications established by at least one (1) standard rating service with nationally recognized expertise in rating bonds of states and their political subdivisions, (upper medium grade for the long-term rating of A- and above or equivalent). The maturity or pre-refunded date(s) of the bonds authorized by this subsection shall, at the time of purchase, not exceed ten (10) years. Notwithstanding the foregoing, a longer maturity is authorized, if the State of Illinois has a put option to tender the bonds within ten (10) years from the date of purchase;
 - f) Repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986(15 U.S.C. § 78o-5), as amended, and as interpreted by its regulations;
 - g) Short-term obligations of either corporations or limited liability companies organized in the United States with assets exceeding \$500,000,000 and rated at the time of purchase at one (1) of the two (2) highest classifications established by at least two (2) standard rating services, (short-term rating of A-2 and above or equivalent). In order to comply with the Fitch money market fund guidelines, the short-term rating must be F1 and above. If a Fitch rating is not available, the lower of the public long-term ratings from Standard & Poor's ("S&P") or Moody's may be applied. At the time of purchase, the maturity or pre-refunded date(s) shall not exceed three hundred and ninety-seven (397) days to maturity;
 - h) Long-term obligations of either corporations or limited liability companies organized in the United States that have a significant presence in the State of Illinois, with assets exceeding \$500,000,000, and rated at the time of purchase at one (1) of the three (3) highest classifications established by at least two (2) standard rating services, (upper medium grade for a long-term rating of A- and above or equivalent for notes maturing within thirteen (13) months or less). In order to comply with the Fitch money market fund guidelines, the short-term rating must be F1 and above. If a Fitch rating is not available, the lower of the public long-term ratings from S&P or Moody's may be applied. At the time of purchase, the maturity or pre-refunded date(s) shall not exceed three hundred and ninety-seven (397) days to maturity. For corporations who maintains only a long-term rating issued with Moody's, S&P, or Fitch, securities may be purchased and remain in compliance with Fitch criteria using either (a) the short-term equivalent of a long-term rating issued by Fitch; or (b) in the absence of a Fitch rating, the short-term equivalent of a long-term rating issued by Moody's or S&P, whichever is lower;
 - i) Money market mutual funds registered under the Investment Company Act of 1940. 15 U.S.C. §80a-1;

- j) Securities in accordance with the Federal Financial Institution Examination Council guidelines only if the securities are collateralized at a level sufficient to assure the safety of the securities, taking into account market value fluctuation and set forth in a Securities Lending Agreement between the Treasurer and financial institution (“Treasurer’s Agent”). The securities may be collateralized by cash or securities collateral acceptable under Sections 11 and 11.1 of the Deposit of State Moneys Act;
- k) Interest-bearing savings accounts, interest-bearing certificates of deposit, interest-bearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act. 205 ILCS 5/1 et seq.; and
- l) Dividend-bearing share accounts, share certificate accounts, or class of share accounts of a credit union chartered under the laws of the State of Illinois or the United States that maintains its principal office in the State of Illinois.

7.0 INVESTMENT RESTRICTIONS

The following investment restrictions apply to The Illinois Funds:

- a) Any investments not authorized by this investment policy or applicable law are prohibited;
- b) Repurchase agreements may only be executed with approved financial institutions or broker/dealers that meet the Treasurer’s standards, which include mutual execution of a Master Repurchase Agreement adopted by the Treasurer;
- c) Investments in derivative products and leveraging of assets through reverse repurchase agreements are prohibited;
- d) All qualified repurchase agreement dealers, commercial paper issuers, and corporate bond issuers must have a corporate headquarters, corporate office, or operating location in the State of Illinois and that location must retain full-time staff employed within the State of Illinois or the dealer must have a significant economic presence in the State of Illinois as determined by the Treasurer;
- e) Commercial paper with a credit rating or evaluation that is derived from any factor other than the full faith and credit of the issuing institution and/or the guarantee of the parent company is prohibited;
- f) Obligations may not be purchased from a corporation or limited liability company that has been placed on the list of restricted companies by the Illinois Investment Policy Board under Section 1-110.16 of the Illinois Pension Code. 40 ILCS 5/1-110.16;
- g) Asset-backed securities and mortgage back securities, except as repurchase agreement collateral, are prohibited;
- h) Investments in bankers’ acceptances of any kind are prohibited; and

- i) Certificates of deposit may not be purchased from The Illinois Funds' custodial institution or any of its subcontractors.
- j) Investments in any sovereign debt or government-backed securities issued by the Russian Federation, and/or the Republic of Belarus; any investment instrument that is issued by an entity, bank or financial institution that is domiciled in or has its principal place of business located in the Russian Federation or the Republic of Belarus; and/or any investment instrument issued by an entity, bank or financial institution that is subject to Russian Harmful Foreign Activities Sanctions as defined under Section 1-110.16 of the Illinois Pension Code are prohibited.

7.1 OPERATIONAL REQUIREMENTS

Pursuant to Securities and Exchange Commission Rule 2a-7 (17 CFR § 270.2a-7), the Treasurer shall:

- a) Maintain and execute standard operating procedures for deviations beyond the normal net asset value ("NAV") of The Illinois Funds; and
- b) Annually complete a checklist that clarifies the intention of the Treasurer to operate The Illinois Funds as a Securities and Exchange Commission Rule 2a-7-like fund.

8.0 RATINGS CRITERIA

The Illinois Funds strives to achieve AAmmmf fund rating guidelines. As such, the fund will meet and abide by the guidelines for an AAAM fund rating from a Nationally Recognized Statistical Rating Organization ("NRSRO").

9.0 COLLATERALIZATION

The Illinois Funds' deposits and repurchase agreements shall be secured by direct U.S. Treasury and/or U.S. Agency obligations as required by the Treasurer and provided for by the Deposit of State Moneys Act (15 ILCS 520/1 et seq.) and the Treasurer's Acceptable Collateral Listing, which may change from time to time. The Treasurer may take possession of and title to any securities held as collateral until the Treasurer determines such collateral may be disposed.

10.0 SAFEKEEPING AND CUSTODY

All direct treasury, agency and instrumentality security transactions entered into by The Illinois Funds shall be conducted on a delivery-versus-payment ("DVP") or receipt-versus-payment ("RVP") basis. Securities shall be held by a safekeeping agent designated by the Treasurer and evidenced by safekeeping receipts. Commercial paper will settle daily with the Depository Trust Company.

11.0 DIVERSIFICATION

In general, the primary purpose of diversification is to control credit and market risk. The Illinois Funds will be diversified to mitigate the risk of loss resulting from concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. The majority of The Illinois Funds' investments will be in direct obligations of the United States Treasury and United States Government Agencies and

Instrumentalities and cash equivalents as listed in Section 6.0 of this Policy. In order to properly manage any risk that may be attendant to the investment of The Illinois Funds assets, The Illinois Funds portfolio will observe the following diversification guidelines, at the time of purchase:

- a) The Illinois Funds will seek to achieve diversification in the portfolio by reasonably distributing investments within authorized investment categories, and with issuers and brokers/dealers;
- b) The Illinois Funds shall at no time hold time deposits that constitute more than ten percent (10%) of any single financial institution's total deposits;
- c) The Illinois Funds shall not hold obligations of corporations or limited liability companies that exceed ten percent (10%) of the corporation's or the limited liability company's outstanding obligations;
- d) The Illinois Funds shall not hold obligations of a municipality's bonds that exceed ten percent (10%) of the municipality's outstanding obligations;
- e) The Illinois Funds shall not be invested in more than ten percent (10%) of each prime money market fund's assets (including all share classes) at any given time;
- f) The Illinois Funds shall not contain investments that exceed the following diversification limits. These limits will apply to the total assets in the portfolio at the time of the origination or purchase. As maturities and or calls of instruments occur these limits will be monitored and adjusted accordingly:
 - i. The Illinois Funds will invest no more than fifty percent (50%) of its total assets in securities with maturities greater than thirty (30) days issued by any single permissible United States government agency or instrumentality;
 - ii. No more than one-third (33%) of the total portfolio assets shall be invested in short-term obligations of corporations or limited liability companies as defined by Section 6.0(g) of this Policy;
 - iii. No more than ten percent (10%) of the total portfolio assets shall be invested in short-term obligations of any one corporation or limited liability company as defined by Section 6.0(g) of this Policy;
 - iv. No more than twenty (20%) of the total portfolio assets shall be invested in long-term obligations of corporations or limited liability companies as defined by Section 6.0(h) of this Policy;
 - v. No more than ten percent (10%) of the total portfolio assets shall be invested in long-term obligations of any one corporation or limited liability company as defined by Section 6.0(h) of this Policy;

- vi. No more than ten percent (10%) of the total portfolio assets shall be invested in municipal securities issued by counties or municipal corporations of the State of Illinois as defined by Section 6.0(e) of this Policy;
- vii. No more than three (3%) of the total portfolio assets shall be invested in any single issuer of municipal securities issued by counties or municipal corporations of the State of Illinois as defined by Section 6.0(e) of this Policy;
- viii. The Illinois Funds shall invest a minimum of seventy-five percent (75%) of its assets in authorized investments of less than one (1) year maturity. No investment shall exceed two (2) years maturity.

12.0 INTERNAL CONTROLS

The Treasurer shall establish a system of internal controls, which shall be documented in writing and filed with the Treasurer's Chief Internal Auditor for review. The controls shall be designed to prevent loss of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by Authorized Investment Staff of The Illinois Funds.

The Treasurer shall publish the current investment policy of The Illinois Funds on the Treasurer's official website.

13.0 ASSET ALLOCATION

The Treasurer shall approve asset allocation among investment categories authorized under Section 6.0 of this Policy.

14.0 COMPETITIVE BIDDING

Authorized Investment Officers shall obtain competitive bids from at least three (3) broker/dealers prior to executing repurchase agreements, purchasing United States Treasury securities, United States government agency or instrumentality securities, obligations of either corporations or limited liability companies, bonds issued by counties or municipal corporations of the State of Illinois, or commercial paper from a broker/dealer. Reverse inquiry investments, investments in a new issue, and investments defined under Section 6(a)-(b) of this Policy purchased from the agency discount window are exempt from this provision. Certificates of deposit shall be purchased by authorized investment staff on the basis of a financial institution's ability to pay the Treasurer's required interest rate.

15.0 LIABILITY

Authorized Investment Officers, acting in accordance with written procedures and this Policy and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments. The Treasurer is bonded to a level of \$150,000 for the faithful performance of duties in relation to The Illinois Funds.

16.0 REPORTING

Reports shall be made available quarterly by the Director of IPTIP Investments to the Treasurer, the Chief Banking Officer and The Illinois Funds participants. The quarterly report shall contain the following:

- a) The total amount of funds;
- b) The current and historic performance of The Illinois Funds as compared to the established benchmark;
- c) The asset allocation for the investments;
- d) Any circumstances resulting in a deviation from the standards established in Section 11.0 of this Policy;
- e) Any change in investment policy adopted during the quarter; and
- f) The weighted average number of days to maturity.

A listing of all investments in the portfolio marked to market shall be made available to the Treasurer, Chief Banking Officer and The Illinois Funds participants annually.

17.0 EXCEPTIONS

The Chief Banking Officer may issue exceptions to this Policy provided that they do not conflict with applicable State statutes governing the use and investment of the State Investments portfolio including, but not limited to, the State Treasurer Act, the Treasurer as Custodian of Funds Act, the Deposit of State Moneys Act, the Securities Safekeeping Act, and any other applicable statutes and it is reasonably assured that deviating from this Policy is in the best interest of participants.

18.0 EMERGENCY POWERS

In the event of an emergency, the Treasurer may, at his or her discretion, invoke emergency powers and suspend any or all of the provisions of this Policy, provided that:

- a) The Treasurer shall, even in the event that emergency powers are invoked, comply with all State statutes governing the use and investment of monies;
- b) The Treasurer reasonably believes that deviating from this Policy is in the best interest of the participants;
- c) Within thirty (30) days of invoking emergency powers the Treasurer shall provide an explanation in writing to the Chief Internal Auditor and the Investment Policy Committee, a copy of which shall be posted on the Treasurer's website, that includes the following:
 - i. The date and time that the emergency powers were invoked;
 - ii. The date and time that emergency powers were repealed, if applicable;

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

The Honorable Frank J. Mautino
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Illinois Funds, a fiduciary (investment trust) fund of the State of Illinois, Office of the Treasurer, as defined in Note 1 of the financial statements, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise The Illinois Funds financial statements, and we have issued our report thereon dated March 2, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State of Illinois, Office of the Treasurer's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of Illinois, Office of the Treasurer's internal control of The Illinois Funds. Accordingly, we do not express an opinion on the effectiveness of the State of Illinois, Office of the Treasurer's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings as items 2025-001 and 2025-002, we identified certain deficiencies that we consider to be a material weakness and a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings as item 2025-001 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings as item 2025-002 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether State of Illinois, Office of the Treasurer, The Illinois Funds' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Office of the Treasurer's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the State of Illinois Office of the Treasurer's responses to the findings identified in our audit and described in the accompanying Schedule of Findings. The State of Illinois, Office of the Treasurer's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS

**State of Illinois
Office of the Treasurer**

**The Illinois Funds
Schedule of Findings – Current Findings
For the Year Ended June 30, 2025**

2025-001 Finding (Inadequate Internal Controls Related to Review of Financial Statements)

The Office of the Treasurer (Office) had inadequate internal controls over the Office's Illinois Funds Program financial statement preparation and review process.

During preparation of the financial statements, the Office did not verify completeness of the reports obtained from the custodian that was used to report the subscriptions, redemptions and reinvestments in the financial statements. This led to an understatement of subscriptions, redemptions and reinvestments on the Statement of Changes in Fiduciary Net Position of \$126,641,876.

The Office elected not to make adjusting entries for the amount noted above due to the impact on the year-end financial statements and a waived entry was reported for the amount.

Concepts Statement No. 1 of the Governmental Accounting Standards Board, Objectives of Financial Reporting (GASBCS 1, paragraph 64), states, "Financial reporting should be reliable; that is, the information presented should be verifiable and free from bias and should faithfully represent what it purports to represent. To be reliable, financial reporting needs to be comprehensive." The reconciliation of investment balances is a basic control to ensure the accuracy and reliability of financial reports.

The Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires all State agencies to establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance that revenues, expenditures, and transfers of assets, resources, or funds applicable to operations are properly recorded and accounted for to permit the preparation of accounts and reliable financial and statistical reports and to maintain accountability over the State's resources. Strong management controls, due diligence and fiduciary responsibility require procedures to include proper checks and balances and adequate supervision to ensure proper financial reporting. This would include identifying an inaccurate gross-up of transaction activity in the financial statements.

The Office stated that these transactions were not included in reports utilized to prepare the financial statements due to the timing of the transactions on the cutover period for the new fiscal year in the service provider's system. The adjustment amount increased relative to the increase in the portfolio. Thus, the Office did not review the detailed transactions to investigate the increase.

Failure to maintain adequate internal controls over the financial reporting process led to the misstatement of subscriptions, redemptions, and reinvestments in the financial statements and supplementary information. (Finding Code No. 2025-001, 2024-001).

Recommendation

We recommend the Office improve controls over the financial statement preparation and review process by verifying completeness from the custodian used to report subscriptions, redemptions and reinvestments in the financial statements.

Office Response

The Office accepts the recommendation and will work to implement additional internal controls in its review of custodian reporting to ensure proper financial reporting.

Office of the Treasurer**

**The Illinois Funds
Schedule of Findings – Current Findings
For the Year Ended June 30, 2025**

2025-002 Finding (Inadequate Internal Controls Related to Review of Service Providers)

The Office of the Treasurer (Office) did not maintain adequate controls to ensure all external service providers' internal controls were reviewed.

The Office utilized service providers as the custodian of the Illinois Funds Program. As of June 30, 2025, the net position held in trust for pool participants, internal and external, was \$21,575,707,845. The Office did not establish an adequate process to monitor its service and subservice providers. The Office did not establish sufficient controls to review significant subservice organizations associated with the Illinois Funds Program. The Office did not collect, track and maintain the appropriate System and Organization Controls (SOC) reports for all significant subservice organizations.

- For two of the three (67%) significant subservice organizations, SOC reports were not requested until 120 days after the end of the audit period.
- For one of the three (33%) significant subservice organizations, the SOC report was not reviewed by the Office.
- For one of the three (33%) significant subservice organizations, the SOC report was reviewed after being requested 120 days after the audit period ended.

The Office is responsible for the design, implementation and maintenance of internal controls related to information systems and operations to ensure its critical and confidential data are adequately safeguarded. This responsibility is not limited due to the process being outsourced.

The Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires all state agencies to establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance that revenues, expenditures, and transfers of assets, resources, or funds applicable to operations are properly recorded and accounted for to permit the preparation of accounts and reliable financial and statistical reports and to maintain accountability over the State's resources.

The *Security and Privacy Controls for Information Systems and Organizations* (Special Publication 800-53, Fifth Revision) published by the National Institute of Standards and Technology (NIST), Maintenance and System and Service Acquisition sections, requires entities outsourcing their information technology environment or operations to obtain assurance over the entities' internal controls related to the service provided. Such assurance may be obtained via System and Organization Controls reports or independent reviews.

The Office stated that in previous years, SOC reports were received by requesting specific reports individually from the third-party vendor. During the audit year, this process underwent a significant change. The third-party provider directed the Office to a secure portal for accessing the reports. However, the secure portal did not include subservice organization reports. Upon being informed of this change, the Office made direct requests to subservice providers who had a material impact on internal controls.

Without having identified and reviewed all service and subservice organization controls timely, the Office has no assurance the external service providers' internal controls were adequate to ensure proper accounting and safekeeping of assets and data. (Finding Code No. 2025-002).

**State of Illinois
Office of the Treasurer**

**The Illinois Funds
Schedule of Findings – Current Findings
For the Year Ended June 30, 2025**

Recommendation

We recommend the Office establish an internal control process to document if a review of controls is required. Additionally, we recommend the Office:

- Obtain and review SOC reports or perform independent reviews of internal controls associated with outsourced systems at least annually.
- Either obtain and review SOC reports for subservice organizations or perform alternative procedures to satisfy itself that the existence of the subservice organization would not impact its internal control environment.
- Document its review of the SOC reports in a timely manner, reviewing all significant issues with subservice organizations to ascertain if corrective action plans exist and when they will be implemented, identifying any impacts to the Office, and any compensating controls.

Office Response

The Office accepts the recommendations and will work to implement additional internal controls over the SOC process.
