Provides that if the holder of the property fails or refuses to provide the requested property or information within 60 business days after receiving the affidavit, the charitable organization may bring an action against the holder of the property to receive the information about the property or recover the property or compel the delivery of the property. Provides that the court may award reasonable attorney's fees based on the time expended by the attorney to obtain the requested information or payment, delivery, or transfer of the property without regard to the amount of the recovery on behalf of the charitable organization. SB 02427 (Continued)

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: Provides that the wireless communication device policy shall incorporate guidance for secure and accessible storage of wireless devices within a school building (instead of wireless devices) during instructional time. Allows a licensed physician, physician assistant, or nurse practitioner (instead of just a licensed physician) to determine that the possession or use of a wireless communication device is necessary for the management of a student's health care (instead of for the health and well-being of a student). Allows a student to use a wireless communication device to fulfill an individualized education program, a federal Section 504 plan, the student's health care provider's medical orders, or another written accommodation plan (instead of just an individualized education program or federal Section 504 plan).

New Act

Creates the Transparency in Downcoding Act. Provides that the Act applies to certain policies of health insurance amended, delivered, issued, or renewed on or after the effective date of the Act, except for employee or employer self-insured health benefit plans under the federal Employee Retirement Income Security Act of 1974 and health care provided pursuant to the Workers' Compensation Act or the Workers' Occupational Diseases Act. Prohibits a health insurance issuer from using an automated process, system, or tool to downcode a claim; from downcoding a claim based solely on the reported diagnosis codes; and from using downcoding practices in a targeted or discriminatory manner against physicians who routinely treat patients with complex or chronic conditions. Requires downcoding decisions to be made by a physician licensed to practice medicine in all its branches in any United States jurisdiction and of the same or similar specialty as a physician who typically manages the medical condition or disease. Sets forth provisions concerning notification requirements for downcoded claims; the appeal process for downcoded claims; enforcement by the Department of Insurance; and penalties. Provides that any pattern or practice of discriminatory downcoding identified by the Director of Insurance or another regulatory authority shall be subject to enforcement actions, including fines, restitution, or suspension of the health insurance issuer's license in this State. Effective immediately.

Amends the Community Living Facilities Licensing Act, the MC/DD Act, the ID/DD Community Care Act, the Community-Integrated Living Arrangements Licensure and Certification Act, and the Child Care Act of 1969. Requires the State agencies responsible for licensing facilities under those Acts to adopt, by December 31, 2026, rules requiring a facility to disclose upon initial application for licensure and on a quarterly basis thereafter, whether the facility, its subsidiaries, affiliates, parent companies, or contractual service providers are owned, managed, or contained within a fund owned or managed by an asset management company; and if so, to make certain disclosures about the asset management company's assets, the facility's debt, and other matters. Requires the State agencies to also adopt rules requiring such a facility to provide written notice of transactions and copies of agreements which would (i) sell or otherwise dispose of a material amount of the facility's assets or (ii) transfer control, responsibility, or governance of a material amount of the facility's assets or operations. Prohibits facilities owned or managed by an asset management company from engaging in certain transactions or actions that would result in the facility issuing debt-funded dividends or perform any other similar action causing the facility to become financially distressed. Provides that a violation of these requirements and prohibitions constitutes an unlawful practice within the meaning of the Consumer Fraud and Deceptive Business Practices Act. Requires the State agencies to publish disclosures, written notices, and copies of agreements submitted by facilities on the agencies' public websites. Imposes similar requirements and prohibitions on adult day service providers serving individuals with developmental disabilities under the Illinois Act on the Aging and providers of adult developmental training services under the Mental Health and Developmental Disabilities Administrative Act. Effective immediately.

Amends the School Code. In a provision regarding an optional alternative evaluative dismissal process for teacher evaluations, removes the definition of and references to "student growth components". Makes the following changes in the Evaluation of Certified Employees Article: Removes the definitions of and references to "implementation date", "Race to the Top Grant", and "School Improvement Grant". Provides that, beginning July 1, 2025, each school district may incorporate the use of data and indicators on student growth as a factor in rating teaching performance into its evaluation plan for all teachers in contractual continued service and teachers not in contractual continued service (now, a school district is required to incorporate student growth data and indicators as a significant factor). Makes other changes concerning student growth. Changes the components of an evaluation plan for a teacher's performance. Makes changes concerning a principal's or assistant principal's evaluation. With respect to the types of rules the State Board of Education may adopt, removes the inclusion of rules that (i) define the term "significant" factor" for purposes of including consideration of student growth in performance ratings and (ii) establish a model evaluation plan for use by school districts in which student growth shall comprise 50% of the performance rating. Allows a school district (rather than only a school district with 500,000 or more inhabitants) to use an annual State assessment as a measure of student growth for purposes of teacher or principal evaluations. Removes and changes outdated provisions. Makes other and conforming changes. Effective July 1, 2025.

Senate Floor Amendment No. 1

In the provisions regarding an optional alternative evaluative dismissal process for teacher evaluations, requires the school district, with respect to the hearing, to demonstrate that the "Unsatisfactory" performance evaluation rating that preceded remediation applied the teacher practice components and student growth components, if any (rather than only the teacher practice components). Provides that the evaluation of a principal or an assistant principal, when performed by an individual appointed by the school board, must be performed by an individual who holds a registered and active Professional Educator License with a principal endorsement or general administrative endorsement (rather than only a principal endorsement).

Provides that a facility may involuntarily transfer or discharge a resident because the facility is unable to meet the medical needs of the resident, as documented in the resident's clinical record by the resident's physician. Adds an additional condition for acceptance of a DFI award. Provides that if the obligation of the award is not met, repayment of the funds awarded shall (rather than may) be required according to procedures developed by the Board of Higher Education (rather than the Program Board). Adds additional factors for the Commission to consider when prioritizing the allocation of funds. Removes language providing that at least 35% of the funds appropriated for awarded scholarships in each fiscal year shall be reserved for qualified male minority applicants, with priority being given to qualified Black male applicants, and if the Commission does not receive enough applications from qualified male minorities, then the Commission may award a portion of the reserved funds to qualified female minority applicants. Requires each recipient of a teacher scholarship to sign and submit a teaching agreement or promissory note to the Commission. Provides that recipients of a teacher scholarship are also required to provide the Commission with evidence of compliance with program requirements. Provides that if a recipient of a teacher scholarship fails to fulfill the teaching obligation, the scholarship converts to a loan with a repayment period of 10 years. Requires the State Board of Education to furnish all appropriate data referenced within the definition of a qualified student on a timely basis to the Commission. Provides that institutions shall also submit eligibility information for qualified students in sufficient time for the Commission to make award announcements. Provides that the changes made by the amendatory Act shall first apply beginning with awards made for the 2025-2026 academic year. Amends the Transitions in Education Act to make a related change. Provides that those loans also may be distributed by lot if the Department of Commerce and Economic Opportunity determines that the amount of funding available is insufficient. 405 ILCS 165/35 new

Amends the Interagency Children's Behavioral Health Services Act. Requires the Department of Human Services, in coordination with a statewide association representing a majority of hospitals, to establish and offer a voluntary training that will be recorded and made available on the Department's website to all hospital social workers, clinicians, and administrative staff to inform them of BEACON, a centralized resource for Illinois youth and families seeking services for behavioral health needs, with the goal of encouraging families to seek assistance through BEACON and the Interagency Children's Behavioral Health Services Team. Provides that the training shall include how families and hospital staff can access BEACON, the process once a case is entered into BEACON, and State and community programs accessible through BEACON. Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires a psychiatric hospital to contact a youth or the youth's parents, guardian, or caregiver about the BEACON portal (rather than the Family Support Program and the Specialized Family Support Program) prior to referring the youth to the Department of Children and Family Services because the youth was left at the psychiatric hospital beyond medical necessity. Amends the School Code. Requires the State Board of Education, in consultation with the Children's Behavioral Health Transformation Team in the Office of the Governor and relevant stakeholders, to report its work and make available resource materials, including model policies and guidance informed by a phased approach to implementing universal mental health screening in schools. Requires the State Board of Education to report its work by September 1, 2026. Provides that mental health screenings shall be offered by school districts to students enrolled in kindergarten through grade 12, at least once a year, beginning with the 2027-2028 school year.

Senate Committee Amendment No. 3

Replaces everything after the enacting clause. Reinserts the provisions of the bill with the following changes. Provides that on or before September 1, 2026, the State Board of Education, in consultation with the Children's Behavioral Health Transformation Team in the Office of the Governor and relevant stakeholders, shall report its work and make available resource materials, including model procedures (rather than policies) and guidance informed by a phased approach to implementing universal mental health screening in schools. Provides that the model school district procedures (rather than policies) to facilitate the implementation of mental health screenings, shall include specified matters. Provides that mental health screenings shall be offered by school districts to students enrolled in grade 3 (rather than kindergarten) through grade 12, at least once a year, beginning with the 2027-2028 school year. Provides that the requirement to offer mental health screenings shall be in effect only for school years in which the State has successfully procured a screening tool that offers a self-report option for students and is made available to school districts at no cost. In provisions concerning youth left in a psychiatric hospital beyond medical necessity, requires a hospital to attempt to contact the youth and the youth's parents, guardian, or caregiver about the BEACON portal and assist with entering the youth's information into the BEACON portal to begin the process of connecting the youth and family to available resources (rather than assist with connections to the designated Family Support Program coordinator in the service area by providing educational materials developed by the Department of Healthcare and Family Services).

Defines "medical professional". Requires the medical professional to explain to the parent or guardian of the child, whenever the medical professional has direct contact with the child or the family of the child, that the medical professional is involved for the purpose of providing an opinion to the Department regarding whether the child's injury or condition is suspicious for child maltreatment. Contains provisions concerning annual reports on the number of investigations in which a medical professional has provided a written opinion to the Department. (Rep. Kevin John Olickal and Anthony DeLuca)

105 ILCS 5/10-22.34c

Amends the School Code. In a provision concerning third party non-instructional services, allows a board of education to enter into a one-time contract (rather than a contract), of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act prior to entering into such a contract (rather than not specifying a time period). Defines "emergency situation". Provides that a board of education that attempts to enter into a contract with a third party for non-instructional services, as specified, more than once during a school year is required to receive the mutual agreement of the affected collective bargaining unit or units. Effective immediately.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the School Code. In a provision concerning third party non-instructional services, allows a board of education to enter into a contract, of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that (i) the school board meets all of its obligations under the Illinois Educational Labor Relations Act and (ii) the board of education posts all vacant positions used for augmenting the current workforce on the school district's website, in a manner that is easily accessible to the affected bargaining unit and the general public, as well as on all other platforms on which the board of education advertises its vacancies (rather than just provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act); defines "emergency situation". Provides that the board of education must post all vacant positions in the manner described in the amendatory provisions for the entirety of an emergency contract and the entirety of any reviewed emergency contract until the emergency contract expires. Provides that a board of education that attempts to renew or enter into any new contract of any type whatsoever for any reason whatsoever with a third party for non-instructional services to augment the current workforce for a group of employees in an emergency situation 2 times must follow specified steps or obtain mutual agreement with the affected bargaining unit, if any. The mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Provides that a board of education that attempts to renew or enter into any new contract of any type whatsoever for any reason whatsoever with a third party for non-instructional services to augment the current workforce for a group of employees in an emergency situation 3 times or more is required to obtain mutual agreement with the affected bargaining unit. Provides that the mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Effective July 1, 2026.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: Changes the definition of "emergency situation" to mean a sudden and unforeseen event or change in circumstances that would result in a near-term interruption of non-instructional services that calls for immediate action. Provides that the board of education must post all vacant positions for the entirety of any renewed (rather than reviewed) emergency contract until the emergency contract expires. Provides that a board of education that attempts to renew or enter into any new contract with a third party for non-instructional services to augment the current workforce for that same group (rather than a group) of employees in an emergency situation 2 times must follow certain steps or obtain mutual agreement with the affected bargaining unit. Provides that a board of education that attempts to renew or enter into any new contract with a third party for non-instructional services to augment the current workforce for that same group (rather than a group) of employees in an emergency situation 3 times or more is required to obtain mutual agreement with the affected bargaining unit. Removes language that provides that the mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Provides instead that the mutual agreement may not be used by the affected bargaining unit as a means to compel the board of education to reopen the existing collective bargaining agreement. Requires the mutual agreement to include the development of a recruitment and retention plan. Effective July 1, 2026.

Amends the Educator Licensure Article of the School Code. Adds 5 administrative or faculty members of community colleges to the State Educator Preparation and Licensure Board. For a Professional Educator License: provides that the requirements to successfully complete specified coursework are only required until July 1, 2027 or the date that the revised test for a particular content area is implemented, whichever is later; and exempts persons seeking a school support personnel or chief school business official endorsement from the requirement that a person must successfully complete specified coursework. Requires, by July 1, 2027, the State Superintendent of Education to begin incorporating specified topics into revised examinations for individuals seeking a Professional Educator License endorsed in teaching or administration, excluding a chief school business official endorsement. Exempts, for educator licenses, applicants seeking a school support personnel endorsement who hold an active and valid professional license in the same subject matter as the endorsement sought from being required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. Creates the Teacher Performance Assessment Advisory Committee to aid in operationalizing and creating a pilot, State-developed, teacher performance assessment. Establishes the Paraprofessional to Teacher Pathway Program to provide an expedited pathway for paraprofessionals to earn a Professional Educator License in a specific content area. Sets forth the Program criteria, the requirements for individuals for entry into the Program, and the adoption of rules by the State Board of Education. Provides that an institution of higher education approved to offer educator preparation programs may enter into a partnership agreement with a community college to offer an approved educator preparation program leading to educator licensure for individuals who already hold a bachelor's degree. Makes other changes.

Senate Committee Amendment No. 1

In provisions concerning educator testing, removes the requirement that no candidate may be allowed to student teach or serve as the teacher of record until he or she has passed the applicable content area test.

Senate Floor Amendment No. 2

Provides that the Educator Preparation and Licensure Board shall have 3 (rather than 5) administrative or faculty members of public community colleges located in the State. Provides that language specifying that certain candidates are not required to pass a teacher performance assessment applies through August 31, 2026 (rather than 2025). Provides that beginning on September 1, 2029 (rather than July 1, 2028), certain candidates are required to pass a teacher performance assessment approved by the State Board of Education; however, any candidate who has successfully completed student teaching or has met one of the student teaching exceptions set forth in rules prior to September 1, 2028 is exempt from this requirement. Provides that, on or before the 2026-2027 school year, each school board (and each charter school beginning with the 2026-2027 school year) shall adopt and implement a wireless communication device policy that (i) at a minimum, prohibits a student from using a wireless communication device during instructional time, except as otherwise provided, and (ii) incorporates guidance for secure and accessible storage of wireless devices during instructional time or directs the school district superintendent or his or her designee to provide such guidance. States that the new Department of Early Childhood and its planning process should prioritize appropriate attention to the facilities needs of our State's mixed-delivery system of early care and education. Additionally states that the State should move expeditiously to award its remaining Early Childhood Construction Grant monies to qualified applicants, to assist providers of critical birth-to-five programs in meeting their growing building-and-repair demands. Finally states that the State should also move as quickly as feasible to replenish Early Childhood Construction Grant resources to help Illinois achieve the long-term vision of the bipartisan Funding Commission for making services "simpler, better, fairer" for young children, their families, and communities statewide.

220 ILCS 5/9-220.2

Amends the Public Utilities Act. Provides that 20% of the lesser of (rather than the lesser of): (i) the purchase price or (ii) the fair market value shall constitute the rate base associated with the water or sewer utility as acquired by and incorporated into the rate base of the district designated by the acquiring large public utility, subject to any adjustments that the Illinois Commerce Commission deems necessary to ensure such rate base reflects prudent and useful investments in the provision of public utility service. Provides that the difference between the rate base and the purchase price or fair market value shall be borne by the shareholders of the acquiring large public utility. In provisions concerning the acquisition of a water or sewer utility, provides that, at the next election following the public meeting and notice requirements, a referendum shall be placed on the ballot for all electors within the area the water or sewer utility operates. Provides that, if a majority of the electors voting on the referendum within the service area of the water or sewer utility vote in favor of the referendum, then the acquisition may continue. Provides that, if less than a majority of the electors voting on the referendum within the service area of the water or sewer utility vote in favor of the referendum, the Commission shall not approve the large public utility's acquisition of the water or sewer utility. Removes a provision that provides that the Commission may authorize a water or sewer utility to file a surcharge which adjusts rates and charges to provide for recovery of costs associated with an investment in qualifying infrastructure plant, independent of any other matters related to the utility's revenue requirement. Makes other changes.

Senate Committee Amendment No. 1

In provisions concerning the acquisition of a water or sewer utility owned by the State or any political subdivision thereof by a large public utility, removes provisions requiring a referendum before the Illinois Commerce Commission can approve an acquisition.

Deletes reference to:

Deletes reference to:

105 ILCS 5/10-20.9a rep.

Adds reference to:

105 ILCS 5/10-20.9a

from Ch. 122, par. 10-20.9a

In the provisions amending the Illinois Grant Funds Recovery Act, removes a reference to grants in excess of \$25,000. In the provisions amending the School Code, restores current law regarding State goals and assessments and special education transition services. Requires the School Code Mandate Reduction Council to meet no less than 4 times between October 1, 2025 and September 1, 2026 (rather than between July 1, 2025 and December 1, 2025). With respect to online safety and media literacy, requires the State Board of Education, subject to appropriation, to prepare and make available multidisciplinary instructional resources and professional learning opportunities for educators (rather than requiring the State Board, by July 1, 2026, to create online safety education curriculum resource materials for all public schools); makes related changes. In a provision regarding general permissive education, changes references from "school", "eligible entity", and "entity" to "school or school board". Further amends the School Code to change (rather than repeal) a Section regarding final grades and promotion. Removes language from that Section providing that no public high school of a school district shall withhold a student's grades, transcripts, or diploma because of an unpaid balance on the student's school account and that at the end of each school year, the school district shall catalogue and report to the State Board the total amount that remains unpaid by students due to the prohibition.

Senate Floor Amendment No. 3

Provides that a school board may not discriminate against, punish, or penalize a student in any way because of an unpaid balance on the student's school account. Includes age and developmentally appropriate consent education (rather than consent education) as part of the comprehensive health education program; makes related changes.

House Committee Amendment No. 1

In the School Code, adds additional members to the School Code Mandate Reduction Council. Provides that, on and after January 1, 2027, the members of the Council shall be reduced by 4 members.

House Floor Amendment No. 2

In provisions concerning the School Code Mandate Reduction Council, removes language requiring one member of the Council to be a representative of a professional teachers' organization representing teachers in a school district with over 500,000 inhabitants and one member of the Council to be a representative of a school district with over 500,000 inhabitants. Makes conforming typographical changes.

Sen. Meg Loughran Cappel

105 ILCS 5/10-20.33

Amends the School Code. Expands the definitions of "isolated time out" or "time out", "physical restraint" or "restraint", and "time out". Removes exceptions to the prohibition of prone restraint. Removes language providing that the parents or guardian of a student and the State Superintendent of Education shall be informed whenever isolated time out, time out, or physical restraint is used. Establishes complaint procedures to replace the complaint procedures set forth in the State Board of Education's rules. Provides that staff members responsible for implementing isolated time out, time out, or physical restraint must be trained in accordance with the system of non-violent intervention adopted by the school district and must be trained at least once every 2 years in a session that is not less than 6 hours. Requires the State Board to convene a group of stakeholders to annually review: (1) data associated with the use of physical restraint, time out, and isolated time out, and efforts made by public entities to reduce these practices; (2) strategies to reduce physical restraint, time out, and isolated time out; (3) decisions made by the State Board related to physical restraint, time out, and isolated time out; (4) student behavior and behavioral interventions that can be use as an alternative to physical restraint, time out, and isolated time out; and (5) professional development needed for public entities in behavioral interventions to ensure the proper use of physical restraint, time out, and isolated time out. Makes other changes.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Removes the phrase "improper use". In the definition of "isolated time out" or "time out", provides that in no instance may school personnel use mechanical, chemical, prone, or any other prohibited method of restraint. Makes other changes to definitions. Provides that in any instance of use of isolated time out, time out, or physical restraint, school district employees shall consider whether the student has an individualized education program or federal Section 504 plan that includes a behavior intervention plan and whether the use of isolated time out, time out, or physical restraint implicates that plan. Prohibits the use of a locked room or a room in which the door is obstructed, prohibiting it from opening, for isolated time out or time out unless the staff member supervising the room determines (rather than determines in the staff member's own best judgment) that the egress must be blocked for no more than 15 minutes (rather than a short period of time) in order to prevent the student from harming the student, the staff member, or another student (rather than to maintain safety of students and staff). Provides that the complaint procedure shall allow any organization or advocate to file a sworn, written complaint with the State Board of Education alleging concerns that a school district or other entity serving students has violated the time out, isolated time out, and restraint provisions, and includes information the complaint shall contain. Removes language requiring the State Board to annually convene a group of stakeholders regarding time out, isolated time out, and restraint. Corrects grammatical and terminology errors.

105 ILCS 5/21B-30

Amends the Educator License Article of the School Code. Provides that if an assessment is determined to be non-uniform, a provisional in-state educator endorsement on an Educator License with Stipulations may be issued to a candidate who has completed an Illinois-approved educator preparation program at an Illinois institution of higher education and who has not successfully completed an applicable content area test but who meets certain requirements, which is valid for one full fiscal year after the date of issuance and may not be renewed. Provides that the process by which the State Board of Education evaluates content area tests to determine content validity, absence of bias, or scores required to pass shall be public information and is available on the website of the State Board. Requires the State Board to evaluate each content area test after it has been administered for at least 10 months, but not more than 12 months, and shall determine whether a content test is non-uniform. Provides that an assessment first introduced prior to January 1, 2017 shall be considered uniform, and an assessment introduced on or after January 1, 2017 that does not meet specified criteria shall be considered uniform. Provides that if the State Board finds that the content area test forms available as of January 1, 2025 are not uniform in the level of difficulty as compared to previous forms of those exams, any candidate for licensure who attempted any content area test in the form that was available as of January 1, 2025, and whose best scores in each subsection of the same content area exam, taken across multiple attempts on the same form of the exam, equal or exceed the passing score for that content area exam as of January 1, 2025, shall be determined to have passed that content area exam.

SB 01947 (Continued)

Amends the Educator Licensure Article of the School Code. Adds 5 administrative or faculty members of community colleges to the State Educator Preparation and Licensure Board. For a Professional Educator License: provides that the requirements to successfully complete specified coursework are only required until July 1, 2027 or the date that the revised test for a particular content area is implemented, whichever is later; and exempts persons seeking a school support personnel or chief school business official endorsement from the requirement that a person must successfully complete specified coursework. Requires, by July 1, 2027, the State Superintendent of Education to begin incorporating specified topics into revised examinations for individuals seeking a Professional Educator License endorsed in teaching or administration, excluding a chief school business official endorsement. Exempts, for educator licenses, applicants seeking a school support personnel endorsement who hold an active and valid professional license in the same subject matter as the endorsement sought from being required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. Creates the Teacher Performance Assessment Advisory Committee to aid in operationalizing and creating a pilot, State-developed, teacher performance assessment. Establishes the Paraprofessional to Teacher Pathway Program to provide an expedited pathway for paraprofessionals to earn a Professional Educator License in a specific content area. Sets forth the Program criteria, the requirements for individuals for entry into the Program, and the adoption of rules by the State Board of Education. Provides that an institution of higher education approved to offer educator preparation programs may enter into a partnership agreement with a community college to offer an approved educator preparation program leading to educator licensure for individuals who already hold a bachelor's degree. Makes other changes.

Senate Committee Amendment No. 1

In provisions concerning educator testing, removes the requirement that no candidate may be allowed to student teach or serve as the teacher of record until he or she has passed the applicable content area test.

Senate Floor Amendment No. 2

Provides that the Educator Preparation and Licensure Board shall have 3 (rather than 5) administrative or faculty members of public community colleges located in the State. Provides that language specifying that certain candidates are not required to pass a teacher performance assessment applies through August 31, 2026 (rather than 2025). Provides that beginning on September 1, 2029 (rather than July 1, 2028), certain candidates are required to pass a teacher performance assessment approved by the State Board of Education; however, any candidate who has successfully completed student teaching or has met one of the student teaching exceptions set forth in rules prior to September 1, 2028 is exempt from this requirement. Makes other changes.

House Committee Amendment No. 1

Requires State agencies to report final compensation due a State employee to the Treasurer's Office as unclaimed property if the employee dies while employed. Requires a holder who holds property presumed abandoned to hold the property in trust for the benefit of the State Treasurer on behalf of the owner from and after the date the property is presumed abandoned. Requires that the State Treasurer provide written notice to a State agency and the Governor's Office of Management and Budget of property presumed to be abandoned and allegedly owned by the State agency before it can be escheated to the State's General Revenue Fund if the property remains unclaimed after one year. Creates authority for the Secretary of the Department of Financial and Professional Regulation to order a regulated person under the Act to immediately report and remit property subject to the Act if the Secretary determines that the action is necessary to protect the interest of an owner. Establishes a procedure regulating agreements between an owner or apparent owner and a finder to locate or recover property held by the State Treasurer. Requires a finder to be licensed by the State Treasurer and creates qualifications to be so licensed. Makes definitions. Makes other changes. 410 ILCS 620/11.7 new

Amends the Illinois Food, Drug and Cosmetic Act. Provides that on and after January 1, 2026, a person may not sell, distribute, or offer for sale baby food in the State that contains toxic heavy metals that exceed the limits established by the U.S. Food and Drug Administration. Defines "toxic heavy metal" as arsenic, cadmium, lead, or mercury and defines other terms. Provides that beginning January 1, 2026, each manufacturer of baby food shall test a representative sample of each production aggregate of the manufacturer's final baby food product for each toxic heavy metal. Requires monthly testing. Beginning January 1, 2027, requires each manufacturer of baby food to make certain information publicly available. Provides that if a consumer believes, based on information gathered through the use of the code included on the baby food product label, that baby food is being sold in the State with toxic heavy metals that exceed limits established by the U.S. Food and Drug Administration, the consumer may report that baby food to the Department of Public Health.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Defines "final baby food product", "product label", and "product shelf life". Makes changes to the definition of "proficient laboratory". Changes the term "toxic heavy metal" to "toxic element". Provides that no person or entity shall sell in the State or manufacture, deliver, or hold or offer for sale in the State any baby food that does not comply with the requirements described in the amendatory provisions (rather than a person may not sell, distribute, or offer for sale baby food in the State that contains toxic heavy metals that exceed the limits established by the U.S. Food and Drug Administration). Provides that each manufacturer of baby food shall test a representative sample of each production aggregate of the manufacturer's final baby food product for toxic elements at a proficient laboratory (rather than for each toxic heavy metal). Provides that, beginning January 1, 2027, for final baby products sold, manufactured, delivered, or held or offered for sale in the State, requires each manufacturer of baby food to disclose product information to consumers consistent with certain specifications. Removes provisions concerning a consumer's ability to report to the Department of Public Health baby food being sold in the State with toxic heavy metals that exceed certain limits. Directs the Department of Public Health to adopt rules to implement a system for consumer reporting of baby foods.

House Floor Amendment No. 1

In provisions concerning baby foods and toxic elements, provides that the Department of Public Health shall implement (rather than adopt rules to implement) a system for consumer reporting of baby foods.

Amends the Sexual Assault Survivors Emergency Treatment Act. Defines "acute sexual assault" as a sexual assault that has recently occurred within a specified time. Replaces various references to "sexual assault" with "acute sexual assault". Deletes the definition of "prepubescent sexual assault survivor". Changes provisions regarding hospitals located in counties with a population of less than 1,000,000 and within a 20-mile radius of a 4-year public university with respect to a sexual assault treatment plan approved by the Department of Public Health. Makes changes in various provisions concerning plans of correction and penalties for hospitals that commit specified violations of the Act. In provisions regarding requirements for medical forensic services, provides that the provisions of the Act are not intended to prohibit a qualified medical provider from offering an Illinois Sexual Assault Evidence Collection Kit to a sexual assault survivor who presents at a treatment hospital or approved pediatric health care facility with a nonacute complaint of sexual assault if there is a compelling reason for evidence collection, or upon the request of the survivor. In provisions regarding the prohibition on billing sexual assault survivors directly for certain services, changes references to the Office of the Attorney General to references to the Department of Healthcare and Family Services.

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Changes references to "sexual assault survivors" to references to "acute sexual assault survivors". In provisions regarding minimum requirements for medical forensic services provided to sexual assault survivors by hospitals and approved pediatric health care facilities, provides that nothing in those provisions is intended to prohibit a qualified medical provider from offering an Illinois Sexual Assault Evidence Collection Kit to a sexual assault survivor who presents at a treatment hospital, treatment hospital with approved pediatric transfer, or approved pediatric health care facility with a nonacute complaint of sexual assault according to the qualified medical provider's clinical discretion based on best practices for indications for evidence collection. Merges provisions regarding complaints with provisions regarding penalties and further provides for procedures, warnings, and civil penalties (rather than a petty offense, with certain requirements). Provides that fines shall be deposited into the Sexual Assault Survivor Treatment Regulation Fund. Makes changes to provisions regarding the Sexual Assault Nurse Examiner Program. Provides for a qualified medical provider list. Describes Sexual Assault Nurse Examiner and Sexual Assault Forensic Examiner qualifications. Defines terms. Makes other changes. Deletes a provision that medical care and treatment shall be provided in lieu of medical forensic services if consent cannot be obtained. Makes changes to provisions regarding an offer to complete the Illinois State Police Sexual Assault Evidence Collection Kit and requirements for evidence collection completion. Changes the effective dates for provisions regarding hospital and approved pediatric health care facility requirements for sexual assault plans and regarding sexual assault services vouchers from January 1, 2024, to January 1, 2026.
