"Section 1. Short title. This Act may be cited as the Domestic Violence Fatality Review Act.

Section 5. Definitions. As used in this Act:

"Board" means the Illinois Criminal Justice Information Authority Board.

"Case eligible for review" means the case based upon a qualifying relationship that the regional review teams can review under Section 70.

"Confidential information" means:

(1) any oral, written, digital or electronic, original or copied information, records, documents, photographs, images, exhibits, or communications provided to, obtained by, shared with, discussed by, created by, or maintained by the Board, Statewide Committee, or by a regional review team with regard to a case eligible for review to determine whether the case should be reviewed or a review of an eligible case;

(2) any information that discloses the identities of victims, survivors, deceased, or offenders, or their family members, or any information by which their identities can be determined by a reasonably diligent inquiry; and

(3) any discussions, deliberations, minutes, notes, records, or opinions of the members of the Board, Statewide Committee, or a regional review team with regard to a case eligible for review to determine whether the case should be reviewed or a review of an eligible case. Confidential information does not mean nonidentifying or aggregate data information or analysis of data, and recommendations for community and systemic reform.

"Deceased" means anyone who died in connection with the actions of the offender, other than the victim, survivor, or offender.

"Domestic violence" means abuse as it is defined in Section 103 of the Illinois Domestic Violence Act of 1986 and paragraph (1) of subsection (b) of Section 112A-3 of the Code of Criminal Procedure of 1963.

"Domestic violence fatality review" means the deliberative process of multiagency and multidisciplinary teams that select eligible cases of domestic violence related fatalities and near-fatalities, and trace prior systemic interventions and involvement to:

(1) examine barriers to safety, justice, self-determination, and equity;

(2) identify systemic and community gaps and consider alternate and more effective systemic responses; and

"Femicide" means the killing of a family, including one or both parents and any children, by a family member.

"Offender" includes a person who is deceased or alive, and is not required to have been the subject of a criminal investigation or prosecution.

"Regional domestic violence fatality review team" or "regional review team" means a multiagency and multidisciplinary team that selects and reviews eligible cases in accordance with Section 45.

"Statewide Committee" means the Ad Hoc Statewide Domestic Violence Fatality Review Committee of the Illinois Criminal Justice Information Authority Board.

"Victim" means the person who experienced domestic violence and is deceased, including by means of homicide or suicide.

Section 10. Findings. The General Assembly finds and declares the following:

(a) Over 10,000,000 people in the United States experience physical domestic violence by a current or former partner each year.

(b) According to the Centers for Disease Control and Prevention of the United States Department of Health and Human Services, domestic violence accounts for 15% of all violent crime in the United States, and in this State, 42% of women and 26% of men have been harmed by an intimate partner in their lifetime.

(c) According to the U.S. Department of Justice, nationwide approximately 1 in 4 women and nearly 1 in 7 men experience severe physical violence resulting from domestic violence by an intimate partner at some point in their lifetime.

(d) The Illinois Criminal Justice Information Authority found that while the actual number of domestic violence incidents are underreported, in this State over 100,000 domestic violence offenses were reported to law enforcement each year between 2005 and 2017. Between 400,000 and nearly 600,000 orders of protection were filed each year between 2005 and 2017.

(e) From 2001 to 2018, State domestic violence agencies served nearly 800,000 adults and children, at an average of 57,684 clients per year, according to the Illinois Criminal Justice Information Authority.

(f) Domestic violence related homicides account for nearly 1 in 5 murders in the United States. According to the National Coalition Against Domestic Violence, female homicide victims are substantially more likely than male homicide victims to have been killed by an intimate partner. One in 3 female murder victims are killed by intimate partners. About 4% of male homicide victims were killed by an intimate partner. Nationwide, 72% of all homicide-suicides involved an intimate partner of which 94% of the murdered victims are women.

(g) The Illinois Criminal Justice Information Authority found that 15% of all homicides in this State are connected to domestic violence, such that at least 130 domestic violence related homicides occurred in this State during 2019. The Illinois Coalition Against Domestic Violence found that domestic violence fatalities occurred across at least 26 counties and included at least 7 children between July 2019 and June 2020.

(h) The Illinois Criminal Justice Information Authority found that the estimated financial impact of domestic violence homicides reported in this State during 2019 would total nearly \$1.2 billion.

(i) Nearly all familicides involve a history of domestic violence.

(j) Effective responses to domestic violence and domestic violence related fatalities involve governmental, social services, and other systems in the community. A coordinated and consistent approach among community and system points of intervention are important to fostering the safety, stability, well-being and healing of survivors, and facilitating meaningful engagement with and sustainable accountability for offenders.

(k) Domestic violence transcends boundaries of race, religion, ethnicity, sexual orientation, gender identity, disability, culture, socioeconomic status, and geography.

(l) Domestic violence related fatalities and near-fatalities are experienced and responded to differently in historically marginalized communities. The communities and systems that victims, survivors, and offenders engage with in historically marginalized communities are typically those with power imbalances often rooted in systemic racism and oppression. Women of color, in particular, face additional barriers and gaps in accessing systemic and community responses aimed at reducing domestic violence related fatalities and near-fatalities.

(m) Over 200 domestic violence fatality review teams exist across the United States. Those teams are engaged in systems reform in order to improve the response to domestic violence and reduce and prevent domestic violence related fatalities and near-fatalities.

(n) Domestic violence related fatalities and near-fatalities can be prevented, and the use of regional domestic violence fatality review teams under the leadership, guidance, and technical assistance of the Statewide Committee in support of the regional teams is an effort toward such prevention.

Section 15. Purposes. The purposes of this Act are:

(1) To create the Ad Hoc Statewide Domestic Violence Fatality Review Committee of the Illinois Criminal Justice Information Authority Board to support domestic violence fatality review in this State.

(2) To establish regional domestic violence fatality review teams that engage in domestic violence fatality review in this State in order to foster systemic reform that aims to:

(A) reduce domestic violence and domestic violence related fatalities and near-fatalities in this State;

(B) address disparate and discriminatory practices and attitudes in the systems that interact with victims, survivors, and offenders; and

(C) reduce the cost on society of domestic violence and domestic violence related fatalities and near-fatalities by:

(i) reviewing selected cases eligible for review;

(ii) examining how systems have responded to individual experiences;

(iii) identifying gaps and barriers to effective and equitable responses that promote safety, stability, well-being, healing, and accountability; and

(iv) recommending strategies to improve community and systemic responses to domestic violence in order to foster points of intervention and support that are effective, coordinated, collaborative, consistent, just, and equitable.

Section 20. Ad Hoc Statewide Domestic Violence Fatality Review Committee of the Illinois Criminal Justice Information Authority Board. The Ad Hoc Statewide Domestic Violence Fatality Review Committee of the Illinois Criminal Justice Information Authority Board is hereby created to provide guidance, leadership, technical assistance, research, and other supports to the regional domestic violence fatality review teams in carrying out their responsibilities under this Act, and to serve as a statewide resource for addressing domestic violence related fatalities and near-fatalities as well as other forms of abuse connected to domestic violence.

The length of the initial terms of each original voting member shall be drawn by lot at the first meeting held by the Statewide Committee and shall be recorded as part of the minutes of the meeting. After the initial term, each term shall be for 3 years. Length of terms of co-chairs, the secretary, and other officers coincide with Statewide Committee members' terms.

(b) The Board Chairperson shall designate members to fill vacancies in accordance with Section 25. A member whose term has expired may serve until a successor is appointed and accepts the appointment.

Section 35. Statewide Committee quorum; meetings; compensation.

(a) A quorum shall consist of 7 of the voting members of the Statewide Committee.

(b) The first meeting of the Statewide Committee shall occur by January 15, 2022. At the first meeting and at subsequent meetings when terms expire, the voting members shall elect 2 co-chairs and a secretary from among the voting members and may elect any other officers and other officers the voting members deem necessary to carry out the duties and responsibilities of the Statewide Committee.

(c) The Statewide Committee shall meet at least quarterly each State Fiscal Year. Meetings may be held by a virtual meeting format during a public health emergency or disaster proclamation declared by the Governor, or at the discretion of the co-chairs.

(d) The meetings of the Statewide Committee are subject to the Open Meetings Act, except the following shall occur in closed executive sessions not subject to the requirements of the Open Meetings Act:

(1) discussions about personnel matters, confidential information as defined by Section 5, or cases eligible for review under Section 70;

(3) any other matters that the Statewide Committee co-chairs deem necessary or a majority of the Statewide Committee members vote to discuss in a closed executive session in order to advance the purposes of this Act.

(e) The members shall receive no compensation for their service as members of the Statewide Committee, but may receive reimbursement for actual expenses incurred in the performance of their duties, subject to the availability of funds for that purpose.

Section 40. Duties and responsibilities of the Statewide Committee.

(a) The Statewide Committee shall carry out the following duties and responsibilities:

(1) Subject to available funds, hire or assign a full-time Program Manager to carry out the duties and responsibilities of the Statewide Committee and the purposes of this Act. The Program Manager may hire additional staff, subject to the availability of funds for that purpose and subject to the approval of the Board. The Statewide Committee and regional review teams can operate without an acting Program Manager.

(2) Establish and maintain an Internet website.

(3) Prepare an annual budget that includes compensation for the Program Manager and staff, and financial reimbursement to regional review team members or teams for actual expenses incurred in the performance of their duties, subject to the availability of funds for that purpose.

(9) Appoint the initial members of each regional review team in accordance with Section 50 or designate a founding member of a regional review team to form the remainder of the regional review team in accordance with Section 50, unless the regional review team has been formed prior to the effective date of this Act or elects to form without the involvement of the Statewide Committee.

(10) Create a process whereby the Statewide Committee shall annually officially recognize regional review teams that are formed and operated in substantial compliance with the requirements of this Act, and nonrecognize those regional review teams that are substantially out of compliance after reasonable efforts are made by the Statewide Committee to engage the regional review team's co-chairs and other regional stakeholders to facilitate corrective actions to bring the regional review team into substantial compliance. A nonrecognized regional review team no longer has the authority to operate under this Act, however, nonrecognition would not preclude the formation of a new regional review team for the affected region.

(11) Review, analyze, maintain, and securely store regional review team reports and recommendations submitted by each regional review team as required by Section 65.

(12) File an annual report with the Governor and the General Assembly on the operations and activities of the Statewide Committee and of the regional review teams. Each subcommittee or task force shall be chaired by a member of the Statewide Committee.

(2) Advise the Governor and General Assembly on domestic violence, domestic violence fatalities and near-fatalities, domestic violence fatality review, data, and related topics or policies.

(3) Engage nonmember stakeholders in reviewing selected recommendations from the regional review teams in accordance with notions of fairness, equity, justice, due process, and practicality.

(4) Analyze data and identify trends related to domestic violence and domestic violence related fatalities and near-fatalities, and develop mechanisms for collecting, analyzing, and storing data that it collects or that is provided by the regional review teams.

(5) Adopt administrative rules in order to implement this Act.

(6) Subject to the availability of funding and approval by a vote of the majority of the Statewide Committee members, engage with and enter into contracts with a higher education institution or research entity for research, analysis, training, and educational purposes in furtherance of the purposes of this Act. Statewide Committee members or Statewide Committee staff shall not share information with contractors that would disclose the identities of victims, survivors, deceased, offenders, and their family members or by which their identities can be determined by a reasonably diligent inquiry.

(7) Support the implementation of systemic and community reform recommendations in order to advance the purposes of this Act.

(8) Adopt notice of funding opportunities, award grants, or enter into contracts with statewide or local organizations that advocate on behalf of survivors.

Section 45. Regional domestic violence fatality review teams. A regional domestic violence fatality review team may be established within the boundaries of each judicial circuit. Once a review team is established within the boundaries of the judicial circuit, the team may establish one or more subteams to efficiently and effectively carry out the responsibilities of the regional review team and conduct domestic violence fatality review.

SENATE BILL RECALLED

On motion of Senator Lightford, **Senate Bill No. 815** was recalled from the order of third reading to the order of second reading.

Floor Amendment No. 1 was postponed in the Committee on Executive.

Senator Lightford offered the following amendment and moved its adoption:

AMENDMENT NO. 2 TO SENATE BILL 815

AMENDMENT NO. 2. Amend Senate Bill 815 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Commission on Equitable Public University Funding Act.

Section 5. Findings. The General Assembly finds all of the following:

(1) Historical and continued systemic racism has created significant disparities in college access, affordability, and completion for Black, Latinx, and other underrepresented and historically underserved students in this State.

(2) Improvements in postsecondary access, completion, and success rates are required in order to meet State goals for equity in attainment and will require further investments in the higher education system to support historically underrepresented and underserved groups, including Black, Latinx, and low-income students in particular.

(3) This State's approach to funding education has contributed to racial and socioeconomic inequities in access to resources and educational outcomes.

(4) Great strides have been made in this State in addressing inequity in funding the kindergarten through grade 12 public school system, including the adoption of an evidence-based funding formula, which has resulted in new funds being targeted to the highest-need districts.

(5) Adequate, equitable, and stable investment in higher education is the key to ensuring that every institution of higher education can provide adequate academic, financial, and social-emotional support and services that improve persistence and completion.

(6) In this State, higher education appropriations have effectively been cut in half since fiscal year 2002. Institutions of higher education serving higher percentages of Black students are more reliant on State funds and have been disproportionately harmed by this disinvestment in higher education.

(7) As a result of historic underfunding and level cuts to institutions of higher education, this State's public universities have needed to increase tuition to make up the funding shortfalls.

(8) Combined with the high cost of college and insufficient State financial aid, racial income and wealth disparities caused by structural racism contribute to the accumulation of student debt and make college enrollment and persistence more challenging for Black and Latinx students.

(9) Despite similar numbers of Black high school graduates, about 25,000 fewer Black students enrolled in institutions of higher education in this State in 2018 compared to 2008.

(10) State appropriations make it possible for colleges to provide essential academic services, social-emotional support and services, and institutional aid to students to improve student persistence and completion.

(11) This State must strategically invest in higher education to address wide disparities in degree completion. Public community colleges currently graduate Black and Latinx students at a rate of 14% and 26% within 3 years, respectively, compared to 38% of white students. At public

universities, Black and Latinx students currently graduate at a rate of 34% and 49%, respectively, compared to 66% of white students, within 6 years.

(12) This State has a moral obligation and economic interest in dismantling and reforming structures that create or exacerbate racial and socioeconomic inequities in higher education.

(13) This State benefits from a public higher education system that receives adequate and stable resources for student success and that strategically uses those resources to maximize the potential of each public institution of higher education and to maximize the benefits to this State, including, but not limited to, improved college access and attainment and higher median wages for all residents, reduced income inequalities, improved economic output and innovation, increased access and engagement in world-class research opportunities, and improved college enrollment, persistence, and completion of underrepresented and historically underserved students, including Black and Latinx students and students from low-income families.

Section 10. Commission on Equitable Public University Funding; purpose.

(a) There is created the Commission on Equitable Public University Funding.

(b) The purpose of the Commission is to, at a minimum, recommend specific data-driven criteria and approaches to the General Assembly to adequately, equitably, and stably fund public universities in this State and to evaluate the existing funding methods used for public universities.

(c) The co-chairpersons may identify and invite experts to speak to the Commission on issues, including, but not limited to, higher education funding, finance, health care, and research and development.

(d) The Board of Higher Education shall provide administrative support to the Commission, including any related workgroups, and shall be responsible for administering the Commission's operations and ensuring that the requirements of this Act are met.

(e) The members of the Commission shall serve without compensation for their services as members of the Commission.

Section 20. Meetings; reports.

(a) The Commission shall meet at least once per quarter beginning no later than October 15, 2021.

(b) On or before July 1, 2023, the Commission shall deliver to the General Assembly and publish on the Board of Higher Education's Internet website or otherwise make publicly available a report on the Commission's recommendations, including specific criteria and funding approaches in accordance with all applicable laws, to establish an equity-based funding model for the allocation of State funds to public universities. The recommendations included in the report must be equity-centered and consider all of the following areas:

(1) Remediating inequities in funding that have led to disparities in access, affordability, and completion for underrepresented and historically underserved student groups, including students who are Black, Latinx, or from low-income families.

(2) Ensuring that this State adequately, equitably, and stably funds public institutions of higher education in a manner that recognizes historical and current inequities impacting underrepresented minorities' higher education access and completion.

(3) Providing incentives to all 4-year institutions of higher education in this State to enroll underrepresented and historically underserved student groups, including students who are Black, Latinx, or from low-income families, in proportion to the diversity of this State's population.

(4) Allowing ongoing monitoring and continuous improvement of the public university funding models by requiring transparency and accountability in how State appropriations are expended and identifying a mechanism to study and review the implementation of any funding model developed and the long-term implications of this Act.

(5) Creating guidelines for how funding is distributed during times of significant economic hardship, as defined by the Commission, so that public institutions of higher education are able to adequately, equitably, and stably serve students.

(6) Ensuring that this State adequately and stably funds public institutions of higher education that serve underrepresented and historically underserved student groups, including students who are Black, Latinx, or from low-income families, and graduate and professional students, including doctors, dentists, pharmacists, and veterinarians.

(7) Supporting the diverse individual mission of each public university, including its commitment to research and health care enterprises that serve and enhance the well-being of the residents of this State.

(8) Fostering the economic activity and innovation generated by a university's activities, while recognizing the impact historic funding inequities may have had on the university's activities.

(9) Taking into consideration the percentage of institutional aid provided from an institution's annual budget.

(10) Taking into consideration the number of undergraduate students engaged in research at each university.

(11) Supporting institutional efforts to recruit and retain world-class faculty and university leaders.

(12) Ensuring stable and adequate funding for all institutions and that all universities are held harmless to their current funding level. The Commission may consider and report approaches to and

the impact of a hold harmless funding provision for institutions of higher education as part of its final recommendations.

(13) Taking into consideration the long-term implications and outcomes of the funding systems.

The recommendations must fulfill the principles established by the Board of Higher Education's Strategic Plan. The recommendations may also be informed by the data-driven findings and recommendations established by the Chicago State University Equity Working Group or other groups researching equity in higher education and higher education funding and be aligned to this State's postsecondary attainment goal and related equity targets.

Section 25. Compliance. Notwithstanding any other law or provision to the contrary, all public institutions of higher education and State agencies regulating public institutions of higher education shall furnish such data and information to the Commission as the Commission deems necessary to fulfill the requirements of this Act.

Section 99. Effective date. This Act takes effect upon becoming law."
