"Section 5. The Public Funds Investment Act is amended by changing Section 2 as follows:

(30 ILCS 235/2) (from Ch. 85, par. 902)

Sec. 2. Authorized investments.

(a) Any public agency may invest any public funds as follows:

(1) in bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;

(2) in bonds, notes, debentures, or other similar obligations of the United States of America, its agencies, and its instrumentalities;

(3) in interest-bearing savings accounts, interest-bearing certificates of deposit or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act;

(4) in short-term obligations of corporations organized in the United States with assets exceeding \$500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and which mature not later than 270 days from the date of purchase, (ii) such purchases do not exceed 10% of the corporation's

outstanding obligations, and (iii) no more than one-third of the public agency's funds may be invested in short-term obligations of corporations under this paragraph (4);

(4.5) in obligations of corporations organized in the United States with assets exceeding \$500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and which mature more than 270 days but less than 3 years from the date of purchase, (ii) such purchases do not exceed 10% of the corporation's outstanding obligations, and (iii) no more than one-third of the public agency's funds may be invested in obligations of corporations under this paragraph (4.5); or

(5) in money market mutual funds registered under the Investment Company Act of 1940, provided that the portfolio of any such money market mutual fund is limited to obligations described in paragraph (1) or (2) of this subsection and to agreements to repurchase such obligations.

(a-1) In addition to any other investments authorized under this Act, a municipality, park district, forest preserve district, conservation district, county, or other governmental unit may invest its public funds in interest bearing bonds of any county, township, city, village, incorporated town, municipal corporation, or school district, of the State of Illinois, of any other state, or of any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax-exempt under federal law. The bonds shall be registered in the name of the municipality, park district, forest preserve district, conservation district, county, or other governmental unit, or held under a custodial agreement at a bank. The bonds shall be rated at the time of purchase within the 4 highest general classifications established by a rating service of nationally recognized expertise in rating bonds of states and their political subdivisions.

(b) Investments may be made only in banks which are insured by the Federal Deposit Insurance Corporation. Any public agency may invest any public funds in short term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States. Investments may be made only in those savings banks or savings and loan associations the shares, or investment certificates of which are insured by the Federal Deposit Insurance Corporation. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. All such securities so purchased shall mature or be redeemable on a date or dates prior to the time when, in the judgment of such governing authority, the public funds so invested will be required for expenditure by such public agency or its governing authority. The expressed judgment of any such governing authority as to the time when any public funds will be required for expenditure or be redeemable is final and conclusive. Any public agency may invest any public funds in dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois. Investments may be made only in those credit unions the accounts of which are insured by applicable law.

(c) For purposes of this Section, the term "agencies of the United States of America" includes: (i) the federal land banks, federal intermediate credit banks, banks for cooperative, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.) and Acts amendatory thereto; (ii) the federal home loan banks and the federal home loan mortgage corporation; and (iii) any other agency created by Act of Congress.

(d) Except for pecuniary interests permitted under subsection (f) of Section 3-14-4 of the Illinois Municipal Code or under Section 3.2 of the Public Officer Prohibited Practices Act, no person acting as treasurer or financial officer or who is employed in any similar capacity by or for a public agency may do any of the following:

(1) have any interest, directly or indirectly, in any investments in which the agency is authorized to invest.

(2) have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments.

(3) receive, in any manner, compensation of any kind from any investments in which the agency is authorized to invest.

(e) Any public agency may also invest any public funds in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding

company or use the services of such an entity to hold and invest or advise regarding the investment of any public funds.

(f) To the extent a public agency has custody of funds not owned by it or another public agency and does not otherwise have authority to invest such funds, the public agency may invest such funds as if they were its own. Such funds must be released to the appropriate person at the earliest reasonable time, but in no case exceeding 31 days, after the private person becomes entitled to the receipt of them. All earnings accruing on any investments or deposits made pursuant to the provisions of this Act shall be credited to the public agency by or for which such investments or deposits were made, except as provided otherwise in Section 4.1 of the State Finance Act or the Local Governmental Tax Collection Act, and except where by specific statutory provisions such earnings are directed to be credited to and paid to a particular fund.

(g) A public agency may purchase or invest in repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986, as now or hereafter amended or succeeded, subject to the provisions of said Act and the regulations issued thereunder. The government securities, unless registered or inscribed in the name of the public agency, shall be purchased through banks or trust companies authorized to do business in the State of Illinois.

(h) Except for repurchase agreements of government securities which are subject to the Government Securities Act of 1986, as now or hereafter amended or succeeded, no public agency may purchase or invest in instruments which constitute repurchase agreements, and no financial institution may enter into such an agreement with or on behalf of any public agency unless the instrument and the transaction meet the following requirements:

(1) The securities, unless registered or inscribed in the name of the public agency, are purchased through banks or trust companies authorized to do business in the State of Illinois.

(2) An authorized public officer after ascertaining which firm will give the most favorable rate of interest, directs the custodial bank to "purchase" specified securities from a designated institution. The "custodial bank" is the bank or trust company, or agency of government, which acts for the public agency in connection with repurchase agreements involving the investment of funds by the public agency. The State Treasurer may act as custodial bank for public agencies executing repurchase agreements. To the extent the Treasurer acts in this capacity, he is hereby authorized to pass through to such public agencies any charges assessed by the Federal Reserve Bank.

(3) A custodial bank must be a member bank of the Federal Reserve System or maintain accounts with member banks. All transfers of book-entry securities must be accomplished on a Reserve Bank's computer records through a member bank of the Federal Reserve System. These securities must be credited to the public agency on the records of the custodial bank and the transaction must be confirmed in writing to the public agency by the custodial bank.

(4) Trading partners shall be limited to banks or trust companies authorized to do business in the State of Illinois or to registered primary reporting dealers.

(5) The security interest must be perfected.

(6) The public agency enters into a written master repurchase agreement which outlines the basic responsibilities and liabilities of both buyer and seller.

(7) Agreements shall be for periods of 330 days or less.

(8) The authorized public officer of the public agency informs the custodial bank in writing of the maturity details of the repurchase agreement.

(9) The custodial bank must take delivery of and maintain the securities in its custody for the account of the public agency and confirm the transaction in writing to the public agency. The Custodial Undertaking shall provide that the custodian takes possession of the securities exclusively for the public agency; that the securities are free of any claims against the trading partner; and any claims by the custodian are subordinate to the public agency's claims to rights to those securities.

(10) The obligations purchased by a public agency may only be sold or presented for redemption or payment by the fiscal agent bank or trust company holding the obligations upon the written instruction of the public agency or officer authorized to make such investments.

(11) The custodial bank shall be liable to the public agency for any monetary loss suffered by the public agency due to the failure of the custodial bank to take and maintain possession of such securities.

(i) Notwithstanding the foregoing restrictions on investment in instruments constituting repurchase agreements the Illinois Housing Development Authority may invest in, and any financial institution with capital of at least \$250,000,000 may act as custodian for, instruments that constitute repurchase agreements,

provided that the Illinois Housing Development Authority, in making each such investment, complies with the safety and soundness guidelines for engaging in repurchase transactions applicable to federally insured banks, savings banks, savings and loan associations or other depository institutions as set forth in the Federal Financial Institutions Examination Council Policy Statement Regarding Repurchase Agreements and any regulations issued, or which may be issued by the supervisory federal authority pertaining thereto and any amendments thereto; provided further that the securities shall be either (i) direct general obligations of, or obligations the payment of the principal of and/or interest on which are unconditionally guaranteed by, the United States of America or (ii) any obligations of any agency, corporation or subsidiary thereof controlled or supervised by and acting as an instrumentality of the United States Government pursuant to authority granted by the Congress of the United States and provided further that the security interest must be perfected by either the Illinois Housing Development Authority, its custodian or its agent receiving possession of the securities either physically or transferred through a nationally recognized book entry system.

(j) In addition to all other investments authorized under this Section, a community college district may invest public funds in any mutual funds that invest primarily in corporate investment grade or global government short term bonds. Purchases of mutual funds that invest primarily in global government short term bonds shall be limited to funds with assets of at least \$100 million and that are rated at the time of purchase as one of the 10 highest classifications established by a recognized rating service. The investments shall be subject to approval by the local community college board of trustees. Each community college board of trustees shall develop a policy regarding the percentage of the college's investment portfolio that can be invested in such funds.

(k) In addition to all other investments authorized under this Section, a public agency may adopt an ordinance or resolution to allow for investment of public funds in other instruments not specifically listed in this Section provided that those investments comply with (i) any other law that authorizes public agencies to invest funds and (ii) the investment policy adopted by the public agency under Section 2.5 of this Act.

Nothing in this Section shall be construed to authorize an intergovernmental risk management entity to accept the deposit of public funds except for risk management purposes.

Sec. 70. Service requirements. An establishment must provide all mandatory services and may provide optional services, including medication reminders, supervision of self-administered medication and medication administration as defined by this Section and nonmedical services defined by rule, whether provided directly by the establishment or by another entity arranged for by the establishment with the consent of the resident or the resident's representative.

For the purposes of this Section, "supervision of self-administered medication" means assisting the resident with self-administered medication using any combination of the following: reminding residents to take medication, reading the medication label to residents, checking the self-administered medication dosage against the label of the medication, confirming that residents have obtained and are taking the dosage as prescribed, and documenting in writing that the resident has taken (or refused to take) the medication. Sec. 79. Certified Medication Aide Program.

(a) The Department shall administer and enforce a Certified Medication Aide Program and regulate certified medication aides. To be approved as an establishment qualified to participate in the program, an establishment must satisfy all of the following requirements:

(1) Be licensed and in good standing as an assisted living or shared housing establishment by the Department.

(2) Certify that the employment of a certified medication aide will not replace or diminish the employment of registered nurses or licensed practical nurses at the establishment.

(3) Certify that a registered nurse will be on duty and present in the establishment to delegate and supervise the administration of medication by a certified medication aide at all times.

(4) Certify that, with the exception of licensed health care professionals, only certified medication aides will be employed in the capacity of administering medication.

(5) Provide information regarding patient safety, efficiency, and errors as determined by the Department.

Failure to submit any required report may be grounds for discipline or sanctions as prescribed by the Department. The Department shall submit a report regarding patient safety, efficiency, and errors, as determined by rule, to the General Assembly no later than 2 years after the effective date of this amendatory Act of the 103rd General Assembly.

(b) No person shall practice as a medication aide or hold himself or herself out as a certified medication aide in this State unless he or she is certified in accordance with this Section. Nothing in this Section shall be construed as preventing or restricting the practice, services, or activities of:

(1) any person licensed in this State by any other law from engaging in the profession or occupation for which he or she is licensed;

(2) any person employed as a medication aide by the government of the United States, if such person practices as a medication aide solely under the direction or control of the organization by which he or she is employed; or

(3) any person pursuing a course of study leading to a certificate in medication aide at an accredited or approved educational program if such activities and services constitute a part of a supervised course of study and if such person is designated by a title which clearly indicates his or her status as a student or trainee.

Nothing in this Section shall be construed to limit the delegation of tasks or duties by a physician, dentist, advanced practice registered nurse, or podiatric physician as authorized by law.

(c) A certified medication aide may only practice in a qualified establishment. Certified medication aides must be supervised by and receive delegation by a registered nurse, as authorized by Section 50-75 of the Nurse Practice Act, that is on duty and present in the establishment at all times. Certified medication aides shall not have a direct-care assignment when scheduled to work as a certified medication aide, but may assist residents as needed. Certified medication aides shall not administer any medication until a physician has conducted an initial assessment of the resident.

Certified medication aides shall not administer any Schedule II controlled substances as set forth in the Illinois Controlled Substances Act and may not administer any subcutaneous, intramuscular, intradermal, or intravenous medication.

The Department has the authority and power to investigate any and all uncertified activity. The civil penalty shall be paid within 60 days after the date of the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had thereon in the same manner as any judgment from any court of record.

(e) Applications for original certification shall be made to the Department in writing on forms prescribed by the Department and shall be accompanied by the required fee, which shall not be refundable. The application shall require such information that, in the judgment of the Department, enables the Department to pass on the qualifications of the applicant for certification.

(f) The Department shall authorize examinations of applicants for a certificate under this Section at the times and places as it may designate. The examination shall be of a character to give a fair test of the qualifications of the applicant to practice as a medication aide.

Applicants for examination as a medication aide shall be required to pay, either to the Department or the designated testing service, a fee covering the cost of providing the examination. Failure to appear for the examination on the scheduled date, at the time and place specified, after the applicant's application for examination has been received and acknowledged by the Department or the designated testing service, shall result in the forfeiture of the examination fee.

If an applicant fails to pass an examination for certification in accordance with this Section within 3 years after filing his or her application, then the application shall be denied. The applicant may thereafter make a new application accompanied by the required fee; however, the applicant shall meet all requirements in effect at the time of subsequent application before obtaining certification. The Department may employ consultants for the purposes of preparing and conducting examinations.

(g) An applicant for certification by examination to practice as a certified medication aide must:

(8) be currently certified to perform cardiopulmonary resuscitation by the American Heart Association or American Red Cross;

(9) have successfully completed a course of study approved by the Department as defined by rule; to be approved, the program must include a minimum of 60 hours of classroom-based medication aide education, a minimum of 10 hours of simulation laboratory study, and a minimum of 30 hours of registered nurse-supervised clinical practicum with progressive responsibility of patient medication assistance;

(10) have successfully completed the Medication Aide Certification Examination or other examination authorized by the Department; and

(11) submit proof of employment by a qualifying establishment.

(h) The expiration date for each certification to practice as a certified medication aide shall be set by rule.

(i) No person shall use the title "certified medication aide" unless he or she holds a valid certificate issued by the Department in accordance with this Section.

(j) The Department shall adopt rules to implement the provisions of this Section within 180 days after the effective date of this amendatory Act of the 103rd General Assembly.

(a) As used in this Section:

"Paint" means a pigmented or unpigmented powder coating, or a pigmented or unpigmented mixture of binder and suitable liquid, that forms an adherent coating when applied to a surface. Powder coating is a surface coating that is applied as a dry powder and is fused into a continuous coating film through the use of heat. "Paint" includes architectural paint as defined in the Paint Stewardship Act.

"Paint-related waste" is (i) material contaminated with paint that results from the packaging of paint, wholesale and retail operations, paint manufacturing, and paint application or removal activities or (ii) material derived from the reclamation of paint-related wastes that is recycled in a manner other than burning for energy recovery or used in a manner constituting disposal.

(b)(1) Paint and paint-related waste that are hazardous waste are hereby designated as a category of universal waste subject to the streamlined hazardous waste rules set forth in 35 Ill. Adm. Code 733. Within 60 days after the effective date of this amendatory Act of the 103rd General Assembly, the Agency shall propose, and within 180 days after receipt of the Agency's proposal the Board shall adopt, rules that reflect this designation and that prescribe procedures and standards for the management of hazardous waste paint and paint-related waste as a universal waste consistent with the provisions set forth within this Section.

(2) If the United States Environmental Protection Agency adopts streamlined hazardous waste regulations pertaining to the management of hazardous waste paint or paint-related waste, or otherwise exempts such paint or paint-related waste from regulation as hazardous waste, the Board shall adopt an equivalent rule in accordance with Section 7.2 of this Act within 180 days of adoption of the federal regulation. The equivalent Board rule may serve as an alternative to the rules adopted under paragraph (1) of this subsection (b).

(c) Until the Board adopts rules pursuant to paragraph (1) of subsection (b) that prescribe procedures and standards for the management of hazardous waste paint and paint-related waste by small quantity handlers of universal waste, the following requirements shall apply to small quantity handlers of universal waste managing hazardous waste paint and paint-related waste as a universal waste:

(1) Waste Management. A small quantity handler of universal waste shall manage universal waste paint and paint-related waste in a way that prevents releases of any universal waste or any component of universal waste to the environment, including, but not limited to, in accordance with the following requirements:

(A) The small quantity handler of universal waste shall collect and store universal waste paint and paint-related waste in containers that are structurally sound, leakproof, and compatible with the universal waste paint and paint-related waste.

(B) The small quantity handler of universal waste shall ensure that containers in which the universal waste paint and paint-related waste are contained do not leak and remain closed, except when wastes are being added to or removed from the container.

(C) The small quantity handler of universal waste, upon detection of a release of universal waste paint and paint-related waste, shall do the following:

(i) Stop the release.

(ii) Contain the released universal waste paint and paint-related waste.

(iii) Clean up and properly manage the released universal waste paint and paint-related waste and other materials generated from the cleanup.

(iv) Remove any leaking container from service by transferring the contents to another container.

(v) Repair any leaking container before returning it to service.

(D) A small quantity handler of universal waste shall manage universal waste paint and paint-related waste that is ignitable or reactive in accordance with local fire codes.

(E) A small quantity handler of universal waste shall manage universal waste paint and paint-related waste that are incompatible in separate containers.

(F) A small quantity handler of universal waste shall design, maintain, and operate areas of its facility where universal waste paints and paint-related wastes are collected and stored to minimize the possibility of a fire, explosion, or unplanned sudden or non-sudden release of universal waste or hazardous constituents to air, soil, or surface water which could threaten human health or the environment.

(2) Labeling or marking. Each container in which universal waste paint and paint-related waste is accumulated shall be labeled to identify the contents of the container.

(3) Accumulation time limits.

(A) A small quantity handler of universal waste may accumulate universal waste paint and paint-related waste for no longer than one year from the date the universal waste is generated. However, handlers may accumulate universal waste for longer than one year if the activity is solely for the purpose of accumulating quantities to facilitate proper recovery, treatment, or disposal. The handler bears the burden of proving that this activity is solely for the purpose of accumulation of the quantities of universal waste necessary to facilitate proper recovery, treatment, or disposal.

(B) A small quantity handler of universal waste who accumulates universal waste must be able to demonstrate the length of time that the universal waste has been accumulated. The handler may make this demonstration by any of the following methods:

(i) placing the universal waste paint and paint-related waste in a container and marking or labeling the container with the earliest date that universal waste paint or paint-related waste in the container became a waste or was received;

(ii) marking or labeling each individual item of universal waste paint and paint-related waste with the date the universal waste paint and paint-related waste became a waste or was received;

(iii) maintaining an inventory system on-site that identifies the date each unit of universal waste paint and paint-related waste became a waste or was received;

(iv) placing universal waste paint and paint-related waste in a specific accumulation area and identifying the earliest date that any of the universal waste paint and paint-related waste in the area became a waste or was received; or

(v) any other method that clearly demonstrates the length of time the universal waste paint and paint-related waste have been accumulated from the date they become a waste or are received.

(4) Employee training. A small quantity handler of universal waste shall inform all employees who handle or have responsibility for managing universal waste paint and paint-related waste. The information shall describe proper handling and emergency procedures appropriate to the universal waste paint and paint-related waste.

(5) Response to releases.

(A) A small quantity handler of universal waste must immediately contain all releases of universal waste paint and paint-related waste and other residues from universal waste paint and paint-related waste.

(B) A small quantity handler of universal waste must determine whether any material resulting from the release is hazardous waste and, if so, must manage the hazardous waste in compliance with all applicable hazardous waste requirements of this Act and rules adopted under this Act. The handler is considered the generator of the material resulting from the release and must manage the material in compliance with this Act and rules adopted under this Act.

(6) Off-site shipments.

(A) A small quantity handler of universal waste is prohibited from sending or taking universal waste paint and paint-related waste to a place other than another universal waste handler, a destination facility, or a foreign destination.

(B) If a small quantity handler of universal waste self-transportes universal waste paint and paint-related waste offsite, the handler becomes a universal waste transporter for those

self-transportation activities and shall comply with the Board's existing rules for universal waste transporters.

(C) If universal waste paint and paint-related waste being offered for off-site transportation meets the definition of hazardous materials under 49 CFR Parts 171 to 180, a small quantity handler of universal waste shall package, label, mark and placard the shipment, and prepare the proper shipping papers in accordance with the applicable United States Department of Transportation regulations under 49 CFR Parts 172 to 180.

(D) Prior to sending a shipment of universal waste paint and paint-related waste to another universal waste handler, the originating handler shall ensure that the receiving handler agrees to receive the shipment.

(d) Until the Board adopts rules pursuant to subsection (b), the following additional requirements shall apply:

Section 10. The Paint Stewardship Act is amended by changing Sections 15, 25, and 40 as follows:  
(415 ILCS 175/15)

Sec. 15. Paint stewardship program plan.

(a) Each manufacturer of architectural paint sold or offered for sale at retail in the State shall submit to the Agency a plan for the establishment of a postconsumer paint stewardship program. The program shall seek to reduce the generation of postconsumer paint, promote its reuse and recycling, and manage the postconsumer paint waste stream using environmentally sound management practices.

(b) A plan submitted under this Section shall:

(1) Provide a list of participating manufacturers and brands covered by the program.

(2) Provide information on the architectural paint products covered under the program, such as interior or exterior water-based and oil-based coatings, primers, sealers, or wood coatings.

(3) Describe how it will provide for the statewide collection of postconsumer architectural paint in the State. The manufacturer or representative organization may coordinate the program with existing household hazardous waste collection infrastructure as is mutually agreeable with the person operating the household waste collection infrastructure.

(4) Provide a goal of sufficient number and geographic distribution of collection sites, collection services, or collection events for postconsumer architectural paint to meet the following criteria:

(A) at least 90% of State residents shall have a collection site, collection service, or collection event within a 15-mile radius; and

(B) at least one collection site, collection service, or collection event for every 50,000 residents of the State.

(5) Describe how postconsumer paint will be managed using the following strategies: reuse, recycling, and disposal.

(6) Describe education and outreach efforts to inform consumers about the program. These efforts should include:

(A) information about collection opportunities for postconsumer paint;

(B) information about the fee for the operation of the program that shall be included in the purchase price of all architectural paint sold in the State; and

(C) efforts to promote the source reduction, reuse, and recycling of architectural paint.

(7) Include a certification from an independent auditor that any added fee to paint sold in the State as a result of the postconsumer paint stewardship program does not exceed the costs to operate and sustain the program in accordance with sound management practices. The independent auditor shall verify that the amount added to each unit of paint will cover the costs and sustain the postconsumer paint stewardship program.

(8) Describe how the paint stewardship program will incorporate and compensate service providers for activities conducted under the program that may include:

(A) the collection of postconsumer architectural paint and architectural paint containers through permanent collection sites, collection events, or curbside services;

(B) the reuse or processing of postconsumer architectural paint at a permanent collection site; and

(C) the transportation, recycling, and proper disposal of postconsumer architectural paint.

(c) Independent audits conducted for the purposes of this Act must be conducted in accordance with generally accepted auditing standards. The work product of the independent auditor shall be submitted to the Agency as part of the annual report required by Section 40. The cost of any work performed by the independent auditor shall be funded by the program.

(d) Not later than ~~90~~ 60 days after submission of the plan under this Section, the Agency shall determine in writing whether to approve the plan as submitted or disapprove the plan. The Agency shall approve a plan if it contains all of the information required under subsection (b). If the plan is disapproved, the manufacturer or representative organization shall resubmit a plan within 45 calendar days of receipt of the notice of disapproval.

(e) If a manufacturer or representative organization determines that the paint stewardship fee should be adjusted because the independent audit reveals that the cost of administering the program exceeds the revenues generated by the paint stewardship fee, the manufacturer or representative organization shall submit to the Agency a justification for the adjustment as well as financial reports to support the adjustment, including a 5-year projection of the financial status of the organization. The submission shall include a certification from an independent auditor that the proposed fee adjustment will generate revenues necessary and sufficient to pay the program expenses, including any accumulated debt, and develop a reasonable reserve level sufficient to sustain the program. The Agency shall approve the fee adjustment if the submission contains all of the information required under this subsection.

(f) Within 45 calendar days after Agency approval of a plan, the Agency shall post on its website, and the manufacturer or representative organization shall post on its website, the names of the manufacturers participating in the plan, the brands of architectural paint covered by the program, and a copy of the plan.

(g) Each manufacturer under the plan shall include in the price of any architectural paint sold to retailers or distributors in the State the per container amount of the fee set forth in the plan or fee adjustment. If a representative organization is implementing the plan for a manufacturer, the manufacturer is responsible for filing, reporting, and remitting the paint stewardship fee assessment for each container of architectural paint to the representative organization. A retailer or distributor shall not deduct the amount of the fee from the purchase price of any paint it sells.

**SENATE BILL RECALLED**

On motion of Senator Harmon, **Senate Bill No. 860** was recalled from the order of third reading to the order of second reading.

Floor Amendment No. 1 was postponed in the Committee on Executive.

Senator Harmon offered the following amendment and moved its adoption:

**AMENDMENT NO. 2 TO SENATE BILL 860**

AMENDMENT NO. 2. Amend Senate Bill 860 by replacing everything after the enacting clause with the following:

"Section 5. The Mental Health and Developmental Disabilities Administrative Act is amended by changing Section 15.4 as follows:

(20 ILCS 1705/15.4)

Sec. 15.4. Authorization for nursing delegation to permit direct care staff to administer medications.

(a) This Section applies to (i) all residential programs for persons with a developmental disability in settings of 16 persons or fewer that are funded or licensed by the Department of Human Services and that distribute or administer medications, (ii) all intermediate care facilities for persons with developmental disabilities with 16 beds or fewer that are licensed by the Department of Public Health, and (iii) all day programs certified to serve persons with developmental disabilities by the Department of Human Services. The Department of Human Services shall develop a training program for authorized direct care staff to administer medications under the supervision and monitoring of a registered professional nurse. The training program for authorized direct care staff shall include educational and oversight components for staff who work in day programs that are similar to those for staff who work in residential programs. This training program shall be developed in consultation with professional associations representing (i) physicians licensed to practice medicine in all its branches, (ii) registered professional nurses, and (iii) pharmacists.

(b) For the purposes of this Section:

"Authorized direct care staff" means non-licensed persons who have successfully completed a medication administration training program approved by the Department of Human Services and conducted by a nurse-trainer. This authorization is specific to an individual receiving service in a specific agency and does not transfer to another agency.

"Medications" means oral and topical medications, auto-injectors, insulin in an injectable form, oxygen, ~~epinephrine auto-injectors~~, and vaginal and rectal creams and suppositories. "Oral" includes inhalants and medications administered through enteral tubes, utilizing aseptic technique. "Topical" includes eye, ear, and nasal medications. Any controlled substances must be packaged specifically for an identified individual.

"Insulin in an injectable or auto-injectable form" means a subcutaneous injection, auto-injection, or other technologies available including, but not limited to, insulin pumps, insulin pods, or ~~via~~ an insulin pen pre-filled by the manufacturer.

"GLP-1 receptor agonists in an injectable or auto-injectable form" means an anti-diabetic medication used for the treatment of type 1 and type 2 diabetes. Authorized direct care staff may administer insulin or GLP-1 receptor agonists via auto-injection or pen pre-filled by the manufacturer as delegated by the registered professional nurse and  $\tau$  as ordered by a physician, advanced practice registered nurse, or physician assistant, if: (i) the staff has successfully completed a Department-approved advanced training program specific to insulin or GLP-1 receptor agonist administration developed in consultation with professional associations listed in subsection (a) of this Section, and (ii) the staff consults with the registered nurse, prior to administration, of any insulin or GLP-1 receptor agonist dose that is determined based on a blood glucose test result. The authorized direct care staff shall not: (i) calculate the insulin or GLP-1 receptor agonist dosage needed when the dose is dependent upon a blood glucose test result, or (ii) administer insulin or GLP-1 receptor agonists to individuals who require blood glucose monitoring greater than 3 times daily, unless directed to do so by the registered nurse. An individual may self-administer insulin or GLP-1 receptor agonists in any form if the individual is deemed independent by the nurse-trainer through the use of the Department's required standardized screening and assessment instruments.

"Nurse-trainer training program" means a standardized, competency-based medication administration train-the-trainer program provided by the Department of Human Services and conducted by a Department of

Human Services master nurse-trainer for the purpose of training nurse-trainers to train persons employed or under contract to provide direct care or treatment to individuals receiving services to administer medications and provide self-administration of medication training to individuals under the supervision and monitoring of the nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, and a curriculum overview, including the ethical and legal aspects of supervising those administering medications.

"Self-administration of medications" means an individual administers his or her own medications or a portion of his or her own medications. To be considered capable to self-administer their own medication, individuals must, at a minimum, be able to identify their medication by size, shape, or color, know when they should take the medication, and know the amount of medication to be taken each time. The use of assistive or enabling technologies can be used to demonstrate a person's capability to administer his or her own medications.

"Training program" means a standardized medication administration training program approved by the Department of Human Services and conducted by a registered professional nurse for the purpose of training persons employed or under contract to provide direct care or treatment to individuals receiving services to administer medications and provide self-administration of medication training to individuals under the delegation and supervision of a nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, curriculum overview, including ethical-legal aspects, and standardized competency-based evaluations on administration of medications and self-administration of medication training programs.

(c) Training and authorization of non-licensed direct care staff by nurse-trainers must meet the requirements of this subsection.

(1) Prior to training non-licensed direct care staff to administer medication, the nurse-trainer shall perform the following for each individual to whom medication will be administered by non-licensed direct care staff:

- (A) An assessment of the individual's health history and physical and mental status.
- (B) An evaluation of the medications prescribed.

(2) Non-licensed authorized direct care staff shall meet the following criteria:

- (A) Be 18 years of age or older.
- (B) Have completed high school or have a State of Illinois High School Diploma.
- (C) Have demonstrated functional literacy.

(F) Have received additional competency-based assessment by the nurse-trainer as deemed necessary by the nurse-trainer whenever it is determined that additional skill development and training is needed to administer a medication ~~a change of medication occurs or a new individual that requires medication administration enters the program.~~

(3) Authorized direct care staff shall be re-evaluated by a nurse-trainer at least annually or more frequently at the discretion of the registered professional nurse. Any necessary retraining shall be to the extent that is necessary to ensure competency of the authorized direct care staff to administer medication.

(4) Authorization of direct care staff to administer medication shall be revoked if, in the opinion of the registered professional nurse, the authorized direct care staff is no longer competent to administer medication.

(5) The registered professional nurse shall assess an individual's health status at least annually or more frequently at the discretion of the registered professional nurse.

This subsection only applies to settings where the registered professional nurse has jurisdiction. If direct care staff move to other settings, they shall consult with the registered professional nurse who has jurisdiction of that setting.

(d) Medication self-administration shall meet the following requirements:

(1) As part of the normalization process, in order for each individual to attain the highest possible level of independent functioning, all individuals shall be permitted to participate in their total

health care program. This program shall include, but not be limited to, individual training in preventive health and self-administration of medication ~~self-medication~~ procedures.

(A) Every program shall adopt written policies and procedures for assisting individuals who choose to obtain ~~in obtaining~~ preventative health and self-administration of medication ~~self-medication~~ skills in consultation with a registered professional nurse, advanced practice registered nurse, physician assistant, or physician licensed to practice medicine in all its branches.

(B) ~~If an individual desires to gain independence in self-administration of medication, the individual~~ Individuals shall be evaluated to determine ~~the individual's~~ their ability to ~~self-administer medication~~ self-medicate by the nurse-trainer through the use of the Department's required, standardized screening and assessment instruments.

(C) ~~(Blank). When the results of the screening and assessment indicate an individual not to be capable to self-administer his or her own medications, programs shall be developed in consultation with the Community Support Team or Interdisciplinary Team to provide individuals with self-medication administration.~~

(2) Each individual shall be presumed to be competent to self-administer medications if:

(A) authorized by an order of a physician licensed to practice medicine in all its branches, an advanced practice registered nurse, or a physician assistant; and

(B) approved to self-administer medication by the individual's Community Support Team or Interdisciplinary Team, which includes a registered professional nurse or an advanced practice registered nurse.

(e) Quality Assurance.

(1) A registered professional nurse, advanced practice registered nurse, licensed practical nurse, physician licensed to practice medicine in all its branches, physician assistant, or pharmacist shall review the following for all individuals:

(A) Medication orders.

(B) Medication labels, including medications listed on the medication administration record for persons who are not ~~self-administering medication~~ self-medicating to ensure the labels match the orders issued by the physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

(C) Medication administration records for persons who are not ~~self-administering medication~~ self-medicating to ensure that the records are completed appropriately for:

- (i) medication administered as prescribed;
- (ii) refusal by the individual; and
- (iii) full signatures provided for all initials used.

(2) Reviews shall occur at least quarterly, but may be done more frequently at the discretion of the registered professional nurse or advanced practice registered nurse.

(3) A quality assurance review of medication errors and data collection for the purpose of monitoring and recommending corrective action shall be conducted within 7 days and included in the required annual review.

(f) Programs using authorized direct care staff to administer medications are responsible for documenting and maintaining records on the training that is completed.

(g) The absence of this training program constitutes a threat to the public interest, safety, and welfare and necessitates emergency rulemaking by the Departments of Human Services and Public Health under Section 5-45 of the Illinois Administrative Procedure Act.

(h) Direct care staff who fail to qualify for delegated authority to administer medications pursuant to the provisions of this Section shall be given additional education and testing to meet criteria for delegation authority to administer medications. Any direct care staff person who fails to qualify as an authorized direct care staff after initial training and testing must within 3 months be given another opportunity for retraining and retesting. A direct care staff person who fails to meet criteria for delegated authority to administer medication, including, but not limited to, failure of the written test on 2 occasions shall be given consideration for shift transfer or reassignment, if possible. No employee shall be terminated for failure to qualify during the 3-month time period following initial testing. Refusal to complete training and testing required by this Section may be grounds for immediate dismissal.

(i) No authorized direct care staff person delegated to administer medication shall be subject to suspension or discharge for errors resulting from the staff person's acts or omissions when performing the

functions unless the staff person's actions or omissions constitute willful and wanton conduct. Nothing in this subsection is intended to supersede paragraph (4) of subsection (c).

#### SENATE BILL RECALLED

On motion of Senator Lightford, **Senate Bill No. 378** was recalled from the order of third reading to the order of second reading.

Senator Lightford offered the following amendment and moved its adoption:

[April 18, 2024]

**AMENDMENT NO. 1 TO SENATE BILL 378**

AMENDMENT NO. 1 . Amend Senate Bill 378 by replacing everything after the enacting clause with the following:

"Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 7.4 as follows:

(325 ILCS 5/7.4)

Sec. 7.4. (a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7 days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of the School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) The Department of Children and Family Services may implement a "differential response program" in accordance with criteria, standards, and procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child abuse or neglect.

For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child and the risk of subsequent abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

(1) Shall conduct an investigation on reports involving substantial child abuse or neglect.

(2) Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.

(3) May conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues, including, but not limited to, child safety, parental cooperation, and the need for an immediate response.

(4) Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Safety-Based Child Welfare Intervention System of the Department.

(5) May conduct a family assessment on a report that was initially screened and assigned for an investigation.

In determining that a complete investigation is not required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Illinois State Police if the local law enforcement agency or Illinois State Police is conducting a joint investigation.

Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.

During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.

Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged abuse or neglect. Information relevant to the assessment must be asked for, and may include:

(A) The child's sex and age, prior reports of abuse or neglect, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this paragraph (A) is consistent with other information collected during the course of the assessment or investigation.

(B) The alleged offender's age, a record check for prior reports of abuse or neglect, and criminal charges and convictions. The alleged offender may submit supporting documentation relevant to the assessment.

(C) Collateral source information regarding the alleged abuse or neglect and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or care of the child maintained by any facility, clinic, or health care professional, and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child.

(D) Information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this subsection (a-5) precludes the Department from collecting other relevant information necessary to conduct the assessment or investigation. Nothing in this subsection (a-5) shall be construed to allow the name or identity of a reporter to be disclosed in violation of the protections afforded under Section 7.19 of this Act.

After conducting the family assessment, the Department shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department concludes that no services shall be offered, then the case shall be closed. If the Department concludes that services shall be offered, the Department shall develop a family preservation plan and offer or refer services to the family.

At any time during a family assessment, if the Department believes there is any reason to stop the assessment and conduct an investigation based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting investigations under this Act shall be followed as appropriate during a family assessment.

If the Department implements a differential response program authorized under this subsection (a-5), the Department shall arrange for an independent evaluation of the program for at least the first 3 years of implementation to determine whether it is meeting the goals in accordance with Section 2 of this Act.

The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The Department shall submit a report to the General Assembly by January 15, 2018 on the implementation progress and recommendations for additional needed legislative changes.

(b)(1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.

(2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of a report, the Child Protective Service Unit shall conduct a family assessment authorized by subsection (a-5) or begin an initial investigation and make an initial determination whether the report is a good faith indication of alleged child abuse or neglect.

(3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to children and families at all times of the day or night.

(4) If (i) at the conclusion of the Unit's initial investigation of a report, the Unit determines the report to be a good faith indication of alleged child abuse or neglect that warrants a formal investigation by the Unit, the Department, any law enforcement agency or any other responsible agency and (ii) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in an activity resulting in frequent contact with children and the alleged abuse or neglect are in the course of such employment or activity, then the Department shall, except in investigations where the Director determines that such notification would be detrimental to the Department's investigation, inform the appropriate supervisor or administrator of that employment or activity that the Unit has commenced a formal investigation pursuant to this Act, which may or may not result in an indicated report. The Department shall also notify the person being investigated, unless the Director determines that such notification would be detrimental to the Department's investigation.

(c) In an investigation of a report of suspected abuse or neglect of a child by a school employee at a school or on school grounds, the Department shall make reasonable efforts to follow the following procedures:

(1) Investigations involving teachers shall not, to the extent possible, be conducted when the teacher is scheduled to conduct classes. Investigations involving other school employees shall be conducted so as to minimize disruption of the school day. The school employee accused of child abuse or neglect may have the school employee's superior, the school employee's association or union representative, and the school employee's attorney present at any interview or meeting at which the teacher or administrator is present. The accused school employee shall be informed by a representative of the Department, at any interview or meeting, of the accused school employee's due process rights and of the steps in the investigation process. These due process rights shall also include the right of the school employee to present countervailing evidence regarding the accusations. In an investigation in which the alleged perpetrator of abuse or neglect is a school employee, including, but not limited to, a school teacher or administrator, and the recommendation is to determine the report to be indicated, in addition to other procedures as set forth and defined in Department rules and procedures, the employee's due process rights shall also include: (i) the right to a copy of the investigation summary; (ii) the right to review the specific allegations which gave rise to the investigation; and (iii) the right to an administrator's teleconference which shall be convened to provide the school employee with the opportunity to present documentary evidence or other information that supports the school employee's position and to provide information before a final finding is entered.

(2) If a report of neglect or abuse of a child by a teacher or administrator does not involve allegations of sexual abuse or extreme physical abuse, the Child Protective Service Unit shall make reasonable efforts to conduct the initial investigation in coordination with the employee's supervisor.

If the Unit determines that the report is a good faith indication of potential child abuse or neglect, it shall then commence a formal investigation under paragraph (3) of subsection (b) of this Section.

(3) If a report of neglect or abuse of a child by a teacher or administrator involves an allegation of sexual abuse or extreme physical abuse, the Child Protective Unit shall commence an investigation under paragraph (2) of subsection (b) of this Section.

(c-5) In any instance in which a report is made or caused to be made by a school district employee involving the conduct of a person employed by the school district, at the time the report was made, as required under Section 4 of this Act, the Child Protective Service Unit shall send a copy of its final finding report to the general superintendent of that school district.

(c-10) The Department may recommend that a school district remove a school employee who is the subject of an investigation from the school employee's employment position pending the outcome of the investigation; however, all employment decisions regarding school personnel shall be the sole responsibility of the school district or employer. The Department may not require a school district to remove a school employee from the school employee's employment position or limit the school employee's duties pending the outcome of an investigation.

(d) If the Department has contact with an employer, or with a religious institution or religious official having supervisory or hierarchical authority over a member of the clergy accused of the abuse of a child, in the course of its investigation, the Department shall notify the employer or the religious institution or religious official, in writing, when a report is unfounded so that any record of the investigation can be expunged from the employee's or member of the clergy's personnel or other records. The Department shall

also notify the employee or the member of the clergy, in writing, that notification has been sent to the employer or to the appropriate religious institution or religious official informing the employer or religious institution or religious official that the Department's investigation has resulted in an unfounded report.

(d-1) Whenever a report alleges that a child was abused or neglected while receiving care in a hospital, including a freestanding psychiatric hospital licensed by the Department of Public Health, the Department shall send a copy of its final finding to the Director of Public Health and the Director of Healthcare and Family Services.

(d-1.5) For the purposes of this Section, "medical professional" means any physician, nurse practitioner, physician assistant, nurse, resident, or subspecialist who is not part of the child's initial care team and whose involvement is pursuant to any contract, memorandum of understanding, or other agreement with the Department or an entity that is accredited by statute to collaborate with the Department for purposes of child abuse investigations.

(d-2) In any investigation involving a medical professional conducted in accordance with this Act, the following protections shall be provided to the parent or guardian of the child at the center of an investigation:

(1) The medical professional must explain to the parent or guardian of the child, whenever the medical professional has direct contact with the child or the family of the child, that the medical professional is involved for the purpose of providing an opinion to the Department regarding whether the child's injury or condition is suspicious for child maltreatment. The medical professional must explain that he or she may be required to communicate with law enforcement and provide court testimony. The medical professional must also provide the child's parent or guardian with accurate information about his or her medical specialties.

(2) In any investigation where a medical professional is providing a medical opinion to the Department, the Department shall inform the parent or guardian of the child at the center of an investigation:

(A) of his or her right to request and receive a copy of the medical professional's opinion, including the basis for the opinion, and a copy of any written report the medical professional has provided to the Department;

(B) of his or her right to obtain, at his or her own expense, and submit to the Department a second medical opinion for consideration in the investigation at any time prior to the conclusion of the investigation;

(C) that any second medical opinion submitted to the Department prior to the Department rendering a final determination in the investigation will be considered as inculpatory or exculpatory evidence; and

(D) of the Department's time frames for the investigative process.

(d-3) The Department shall annually prepare and make available on the Department's Reports and Statistics webpage a report on the number of investigations in which a medical professional has provided an opinion to the Department. The report shall not contain any personally identifiable information about a child referred, the family members of such a child, or the medical professional. If the number of cases in any category of information under items (4) through (9) of this subsection is less than 10, the Department shall not include that information in the report. The first report must be posted within 9 months after the effective date of this amendatory Act of the 103rd General Assembly.
