A. Whenever an individual has received any sum as benefits for which he or she is found to have been ineligible, the individual must be provided written notice of the individual's ~~his or her~~ appeal rights, including the ability to request waiver of any recoupment ordered and the standard for such waiver to be granted. Thereafter, the amount thereof may be recovered by suit in the name of the People of the State of Illinois, or, from benefits payable to the individual ~~him~~, may be recouped:

1. At any time, if, to receive such sum, the individual ~~he~~ knowingly made a false statement or knowingly failed to disclose a material fact.

Recoupment pursuant to the provisions of this paragraph from benefits payable to an individual for any week may be waived upon the individual's request, if the sum referred to in paragraph A was received by the individual without fault on the individual's ~~his~~ part and if such recoupment would be against equity and good conscience. Such waiver may be denied with respect to any subsequent week if, in that week, the facts and circumstances upon which waiver was based no longer exist.

Recovery by suit in the name of the People of the State of Illinois, recoupment pursuant to paragraph 2 of this subsection A from benefits payable to an individual for any week, and, notwithstanding any provision to the contrary in the Illinois State Collection Act of 1986, withholding pursuant to subsection E shall be permanently waived if the sum referred to in this subsection A was received by the individual without fault on the individual's ~~his or her~~ part and if such recoupment would be against equity and good conscience, and the sum referred to in this subsection A was received by the individual on or after March 8, 2020, but prior to the last day of a disaster period established by the gubernatorial disaster proclamation in response to COVID-19, dated March 9, 2020, and any consecutive gubernatorial disaster proclamation in response to COVID-19. To be eligible for permanent waiver under this paragraph, an individual must request a waiver pursuant to this paragraph within 45 days of the mailing date of the notice from the Department that the individual may request a waiver. A determination under this paragraph may be appealed to a Referee within the time limits prescribed by Section 800 for an appeal from a determination. Any such appeal, and any appeal from the Referee's decision thereon, shall be governed by the applicable provisions of Sections 801, 803, 804, and 805. This paragraph shall not apply with respect to benefits that are received pursuant to any program that the Department administers as an agent of the federal government and for which the individual is found to have been ineligible.

B. Whenever the claims adjudicator referred to in Section 702 decides that any sum received by a claimant as benefits shall be recouped, or denies recoupment waiver requested by the claimant, the Department ~~he~~ shall promptly notify the claimant of the ~~his~~ decision and the reasons therefor. The decision and the notice thereof shall state the amount to be recouped, the weeks with respect to which such sum was received by the claimant, and the time within which it may be recouped and, as the case may be, the reasons for denial of recoupment waiver. The claims adjudicator may reconsider the ~~his~~ decision within one year after the date when the decision was made. Such decision or reconsidered decision may be appealed to a Referee within the time limits prescribed by Section 800 for appeal from a determination. Any such appeal, and any appeal from the Referee's decision thereon, shall be governed by the applicable provisions of Sections 801, 803, 804 and 805. No recoupment shall be begun until the expiration of the time limits prescribed by Section 800 of this Act or, if an appeal has been filed, until the decision of a Referee has been made thereon affirming the decision of the claims adjudicator ~~Claims Adjudicator~~.

C. Any sums recovered under the provisions of this Section shall be treated as repayments to the Department of sums improperly obtained by the claimant.

D. Whenever, by reason of a back pay award made by any governmental agency or pursuant to arbitration proceedings, or by reason of a payment of wages wrongfully withheld by an employing unit, an individual has received wages for weeks with respect to which the individual he has received benefits, the amount of such benefits may be recouped or otherwise recovered as herein provided. An employing unit making a back pay award to an individual for weeks with respect to which the individual has received benefits shall make the back pay award by check payable jointly to the individual and to the Department.

E. The amount recouped pursuant to paragraph 2 of subsection A from benefits payable to an individual for any week shall not exceed 25% of the individual's weekly benefit amount.

In addition to the remedies provided by this Section, when an individual has received any sum as benefits for which the individual he is found to be ineligible, the Director may request the Comptroller to withhold such sum in accordance with Section 10.05 of the State Comptroller Act and the Director may request the Secretary of the Treasury to withhold such sum to the extent allowed by and in accordance with Section 6402(f) of the federal Internal Revenue Code of 1986, as amended. Benefits paid pursuant to this Act shall not be subject to such withholding. Where the Director requests withholding by the Secretary of the Treasury pursuant to this Section, in addition to the amount of benefits for which the individual has been found ineligible, the individual shall be liable for any legally authorized administrative fee assessed by the Secretary, with such fee to be added to the amount to be withheld by the Secretary.

F. The Director may cooperate with and enter into agreements with the State Treasurer for the recovery of unclaimed property held by the State Treasurer in the name of an individual who received benefits for which the individual was determined to be ineligible under this Act. The amount of unclaimed property the Director is authorized to recover under this subsection is limited to the amount of benefits an individual received for which the individual was determined to be ineligible and any penalties provided for in this Act and rules adopted under this Act. Any funds recovered under this subsection shall be returned to the fund from which they were withdrawn.

A valid First Responder license issued under this Act shall continue to be valid and shall be recognized as an Emergency Medical Responder license until the First Responder license expires.

(c-10) All EMS Systems and licensees shall be fully compliant with the National EMS Education Standards, as modified by the Department in administrative rules, within 24 months after the adoption of the administrative rules.

(d) The Department shall have the authority and responsibility to:

(1) Prescribe education and training requirements, which includes training in the use of epinephrine, for all levels of EMS personnel except for EMRs, based on the National EMS Educational Standards and any modifications to those curricula specified by the Department through rules adopted pursuant to this Act.

(B) Candidates shall complete the licensure examination within the timeline required by the NREMT.

(C) An accredited Paramedic program shall be conducted only by an EMS System or an academic institution whose curriculum has been approved by the EMS System. An EMS System associate hospital may allow students from an EMS System-approved and Department-approved Paramedic course to complete clinical rotations as approved by the EMS System Medical Director. (2) Prescribe licensure testing requirements for all levels of EMS personnel, which shall include a requirement that all phases of instruction, training, and field experience be completed before taking the appropriate licensure examination. Candidates shall ~~may elect to~~ take the appropriate National Registry examination ~~in lieu of the Department's examination, but are responsible for making their own arrangements for taking the National Registry examination.~~ In prescribing licensure testing requirements for honorably discharged members of the armed forces of the United States under this paragraph (2), the Department shall ensure that a candidate's military emergency medical training, emergency medical curriculum completed, and clinical experience, as described in paragraph (2.5), are recognized.

The Department shall evaluate the application, including the applicant's training and experience, consistent with the standards set forth under subsections (a), (b), (c), and (d) of Section 3.10. If the application clearly demonstrates that the training and experience meet such standards, the Department shall offer the applicant the opportunity to successfully complete a Department-approved EMS personnel examination for the level of license for which the applicant is qualified. Upon passage of an examination, the Department shall issue a license, which shall be subject to all provisions of this Act that are otherwise applicable to the level of EMS personnel license issued.

(3) License individuals as an EMR, EMT, EMT-I, A-EMT, or Paramedic who have met the Department's education, training and examination requirements.

(4) Prescribe annual continuing education and relicensure requirements for all EMS personnel licensure levels.

Every 4 years, a Paramedic shall have 100 hours of approved continuing education, an EMT-I and an advanced EMT shall have 80 hours of approved continuing education, and an EMT shall have 60 hours of approved continuing education. An Illinois licensed EMR, EMD, EMT, EMT-I, A-EMT, Paramedic, ECRN, PHPA, PHAPRN, or PHRN whose license has been expired for less than 36 months may apply for reinstatement by the Department. (7) Charge a fee for EMS personnel examination, licensure, and license renewal.

(8) Suspend, revoke, or refuse to issue or renew the license of any licensee, after an opportunity for an impartial hearing before a neutral administrative law judge appointed by the Director, where the preponderance of the evidence shows one or more of the following:

(A) The licensee has not met continuing education or relicensure requirements as prescribed by the Department;

(B) The licensee has failed to maintain proficiency in the level of skills for which he or she is licensed;

(C) The licensee, during the provision of medical services, engaged in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(D) The licensee has failed to maintain or has violated standards of performance and conduct as prescribed by the Department in rules adopted pursuant to this Act or his or her EMS System's Program Plan;

(E) The licensee is physically impaired to the extent that he or she cannot physically perform the skills and functions for which he or she is licensed, as verified by a physician, unless the person is on inactive status pursuant to Department regulations;

(F) The licensee is mentally impaired to the extent that he or she cannot exercise the appropriate judgment, skill and safety for performing the functions for which he or she is licensed, as verified by a physician, unless the person is on inactive status pursuant to Department regulations;

(G) The licensee has violated this Act or any rule adopted by the Department pursuant to this Act; or

(H) The licensee has been convicted (or entered a plea of guilty or nolo contendere) by a court of competent jurisdiction of a Class X, Class 1, or Class 2 felony in this State or an out-of-state equivalent offense.

(9) Prescribe education and training requirements in the administration and use of opioid antagonists for all levels of EMS personnel based on the National EMS Educational Standards and

any modifications to those curricula specified by the Department through rules adopted pursuant to this Act.

(d-5) An EMR, EMD, EMT, EMT-I, A-EMT, Paramedic, ECRN, PHAPRN, PHPA, or PHRN who is a member of the Illinois National Guard or an Illinois State Trooper or who exclusively serves as a volunteer for units of local government with a population base of less than 5,000 or as a volunteer for a not-for-profit organization that serves a service area with a population base of less than 5,000 may submit an application to the Department for a waiver of the fees described under paragraph (7) of subsection (d) of this Section on a form prescribed by the Department.

(d-10) A person who is not an EMS personnel may operate an EMS vehicle pursuant to this Act if the following requirements are met: (i) the person meets the requirements of Section 11-1421 of the Illinois Vehicle Code; (ii) 2 Department-licensed EMS personnel are present and have met educational requirements prescribed by the Department; and (iii) the clinical condition of the patient necessitates the involvement of additional licensed personnel to ensure appropriate assessment, treatment, and patient safety. If a waiver is issued by the Department, the person who is not an EMS personnel may operate the EMS vehicle if only one EMS personnel is present. Upon request, the Department may issue a retroactive waiver when appropriate.

The education requirements prescribed by the Department under this Section must allow for the suspension of those requirements in the case of a member of the armed services or reserve forces of the United States or a member of the Illinois National Guard who is on active duty pursuant to an executive order of the President of the United States, an act of the Congress of the United States, or an order of the Governor at the time that the member would otherwise be required to fulfill a particular education requirement. Such a person must fulfill the education requirement within 6 months after his or her release from active duty.

(e) In the event that any rule of the Department or an EMS Medical Director that requires testing for drug use as a condition of the applicable EMS personnel license conflicts with or duplicates a provision of a collective bargaining agreement that requires testing for drug use, that rule shall not apply to any person covered by the collective bargaining agreement.

(f) At the time of applying for or renewing his or her license, an applicant for a license or license renewal may submit an email address to the Department. The Department shall keep the email address on file as a form of contact for the individual. The Department shall send license renewal notices electronically and by mail to a licensee who provides the Department with his or her email address. The notices shall be sent at least 60 days prior to the expiration date of the license.

Sec. 3.55. Scope of practice.

(a) Any person currently licensed as an EMR, EMT, EMT-I, A-EMT, PHRN, PHAPRN, PHPA, or Paramedic may perform emergency and non-emergency medical services as defined in this Act, in accordance with his or her level of education, training and licensure, the standards of performance and conduct prescribed by the Department in rules adopted pursuant to this Act, and the requirements of the EMS System in which he or she practices, as contained in the approved Program Plan for that System. The Director may, by written order, temporarily modify individual scopes of practice in response to public health emergencies for periods not exceeding 180 days.

(a-5) EMS personnel who have successfully completed a Department approved course in automated defibrillator operation and who are functioning within a Department approved EMS System may utilize such automated defibrillator according to the standards of performance and conduct prescribed by the Department in rules adopted pursuant to this Act and the requirements of the EMS System in which they practice, as contained in the approved Program Plan for that System.

The location shall include communication equipment and all of the portable equipment and drugs appropriate for the EMR, EMT, EMT-I, A-EMT, or Paramedic's level of care, as required by this Act, rules adopted by the Department pursuant to this Act, and the protocols of the EMS Systems, and shall operate only with the approval and under the direction of the EMS Medical Director.

This Section shall not prohibit an EMR, EMT, EMT-I, A-EMT, PHRN, PHAPRN, PHPA, or Paramedic from practicing within an emergency department or other health care setting for the purpose of receiving continuing education or training approved by the EMS Medical Director. This Section shall also not prohibit an EMT, EMT-I, A-EMT, PHRN, PHAPRN, PHPA, or Paramedic from seeking credentials other than his or her EMT, EMT-I, A-EMT, PHRN, PHAPRN, PHPA, or Paramedic license and utilizing such credentials to work in emergency departments or other health care settings under the jurisdiction of that employer.

(c) An EMT, EMT-I, A-EMT, PHRN, PHAPRN, PHPA, or Paramedic may honor Do Not Resuscitate (DNR) orders and powers of attorney for health care only in accordance with rules adopted by the Department pursuant to this Act and protocols of the EMS System in which he or she practices.

(d) A student enrolled in a Department approved EMS personnel program, while fulfilling the clinical training and in-field supervised experience requirements mandated for licensure or approval by the System and the Department, may perform ~~prescribed~~ procedures under the direct supervision of a physician licensed to practice medicine in all of its branches, a qualified registered professional nurse, or qualified EMS personnel, only when authorized by the EMS Medical Director. (e) An EMR, EMT, EMT-I, A-EMT, PHRN, PHAPRN, PHPA, or Paramedic may transport a police dog injured in the line of duty to a veterinary clinic or similar facility if there are no persons requiring medical attention or transport at that time. For the purposes of this subsection, "police dog" means a dog owned or used by a law enforcement department or agency in the course of the department or agency's work, including a search and rescue dog, service dog, accelerant detection canine, or other dog that is in use by a county, municipal, or State law enforcement agency.

Failure to do so by the EMS System shall allow the EMT, EMT-I, A-EMT, Paramedic, PHRN, PHAPRN, or PHPA to continue working for another EMS System until all required testing becomes available.

(h) A member of a fire department's or fire protection district's collective bargaining unit shall be eligible to work under a silver spanner program for another EMS System's fire department or fire protection district that is not the full-time employer of that member, for a period not to exceed 2 weeks, if the member: (1) is under the direct supervision of another licensed individual operating at the same or higher licensure level as the member; (2) made a written request to the EMS System's Medical Director for approval to work under the silver spanner program, which shall be approved or denied within 24 hours after the EMS System's Medical Director received the request; and (3) tests into the EMS System based upon appropriate standards as outlined in the EMS System Program Plan. The EMS System within which the member is seeking to join must make all required testing available to the member within 2 weeks of the written request. ### AMENDMENT NO. 1 TO SENATE BILL 1583

AMENDMENT NO. 1. Amend Senate Bill 1583 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Section 21B-30 as follows:  
(105 ILCS 5/21B-30)

[May 22, 2025]

Sec. 21B-30. Educator testing.

(a) (Blank).

(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section.

(c) (Blank).

(c-5) The State Board must adopt rules to implement a paraprofessional competency test. This test would allow an applicant seeking an Educator License with Stipulations with a paraprofessional educator endorsement to obtain the endorsement if he or she passes the test and meets the other requirements of subparagraph (J) of paragraph (2) of Section 21B-20 other than the higher education requirements.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement. However, notwithstanding any other law to the contrary, individuals seeking a short-term approval for school support personnel, as defined in rules, are not required to take the test of content area knowledge prior to the short-term approval being issued.

(d-5) The State Board shall consult with any applicable vendors within 90 days after July 28, 2023 (the effective date of Public Act 103-402) to develop a plan to transition the test of content area knowledge in the endorsement area of elementary education, grades one through 6, by July 1, 2026 to a content area test that contains testing elements that cover bilingualism, biliteracy, oral language development, foundational literacy skills, and developmentally appropriate higher-order comprehension and on which a valid and reliable language and literacy subscore can be determined. The State Board shall base its rules concerning the passing subscore on the language and literacy portion of the test on the recommended cut-score determined in the formal standard-setting process. Candidates need not achieve a particular subscore in the area of language and literacy. The State Board shall aggregate and publish the number of candidates in each preparation program who take the test and the number who pass the language and literacy portion.

(e) (Blank).

(f) Beginning on August 4, 2023 (the effective date of Public Act 103-488) through August 31, 2025, no candidate completing a teacher preparation program in this State or candidate subject to Section 21B-35 of this Code is required to pass a teacher performance assessment. Except as otherwise provided in this Article, beginning on September 1, 2015 until August 4, 2023 (the effective date of Public Act 103-488) and beginning again on September 1, 2025, all candidates completing teacher preparation programs in this State and all candidates subject to Section 21B-35 of this Code are required to pass a teacher performance assessment approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. A candidate may not be required to submit test materials by video submission. **AMENDMENT NO. 1 TO SENATE BILL 1827**

AMENDMENT NO. 1. Amend Senate Bill 1827 by replacing everything after the enacting clause with the following:

"Section 5. The Counties Code is amended by changing Sections 5-45020 and 5-45025 as follows:

(55 ILCS 5/5-45020)

Sec. 5-45020. Development of scope and performance criteria.

(a) The county shall develop, with the assistance of a licensed design professional or public art designer, a request for proposal, which shall include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the qualified design-build entities of the county's overall programmatic needs and goals, including criteria ~~and preliminary design plans~~, general budget parameters, schedule, and delivery requirements.

(b) Each request for proposal shall also include a description of the level of design to be provided in the proposals. This description must include the scope and type of renderings, drawings, and specifications that, at a minimum, will be required by the county to be produced by the design-build entities.

(c) The scope and performance criteria shall be prepared by a design professional or public art designer who is an employee of the county, or the county may contract with an independent design professional or public art designer selected under the Local Government Professional Services Selection Act to provide these services.

(d) The design professional or public art designer that prepares the scope and performance criteria is prohibited from participating in any design-build entity proposal for the project.

(e) The design-build contract may be conditioned upon subsequent refinements in scope and price and may allow the county to make modifications in the project scope without invalidating the design-build contract.

(55 ILCS 5/5-45025)

Sec. 5-45025. Procedures for Selection.

(a) The county must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.

(b) The county shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the county has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the county. The county must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The county shall include the following criteria in every Phase I evaluation of design-build entities: (i) experience of personnel; (ii) successful experience with similar project types; (iii) financial capability; (iv) timeliness of past performance; (v) experience with similarly sized projects; (vi) successful reference checks of the firm; (vii) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (viii) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and with Section 2-105 of the Illinois Human Rights Act. The county may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The county may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including, but not limited to, long-term leasehold, mutual performance, or development contracts with the county, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. A design-build entity shall not be disqualified under this Section solely due to having previously been awarded a project or projects under any applicable public procurement statute of the State. No proposal shall be considered that does not include an entity's plan to comply with the requirements established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, for both the design and construction areas of performance, and with Section 2-105 of the Illinois Human Rights Act. The proposal shall disclose the role of a licensed design professional during the administration of the design-build contract. Nothing in this Section shall prohibit a county from engaging a licensed design professional during the administration

of a design-build contract if the county believes that engaging the licensed design professional benefits the project.

Upon completion of the qualifications evaluation, the county shall create a shortlist of the most highly qualified design-build entities. The county, in its discretion, is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided that no less than 2 design-build entities nor more than 6 are selected to submit Phase II proposals. If a county receives one response to Phase I, nothing in this Section shall prohibit the county from proceeding with a Phase II evaluation of the single respondent if the county, in its discretion, finds proceeding to be in its best interest.

The county shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The county must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the county.

(c) The county shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the county. The county must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The county shall include the following criteria in every Phase II technical evaluation of design-build entities: (i) compliance with objectives of the project; (ii) compliance of proposed services to the request for proposal requirements; (iii) quality of products or materials proposed; (iv) quality of design parameters; (v) design concepts; (vi) innovation in meeting the scope and performance criteria; and (vii) constructability of the proposed project. The county may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The county shall include the following criteria in every Phase II cost evaluation: the total project cost, the construction costs, and the time of completion. The county may include any additional relevant technical evaluation factors it deems necessary for proper selection. The total project cost criteria weighting factor shall not exceed 30%.

The county shall directly employ or retain a licensed design professional or a public art designer to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards. Upon completion of the technical submissions and cost submissions evaluation, the county may award the design-build contract to the highest overall ranked entity. Section 10. The Illinois Municipal Code is amended by changing Sections 11-39.2-20 and 11-39.2-25 as follows:

(65 ILCS 5/11-39.2-20)

Sec. 11-39.2-20. Development of scope and performance criteria.

(a) The municipality must develop, with the assistance of a licensed design professional or public art designer, a request for proposal, which must include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the qualified design-build entities of the municipality's overall programmatic needs and goals, including criteria ~~and preliminary design plans~~, general budget parameters, schedule, and delivery requirements.

(b) Each request for proposal must also include a description of the level of design to be provided in the proposals. (c) The scope and performance criteria must be prepared by a design professional or public art designer who is an employee of the municipality, or the municipality may contract with an independent design professional or public art designer selected under the Local Government Professional Services Selection Act to provide these services.

(d) The design professional or public art designer that prepares the scope and performance criteria is prohibited from participating in any design-build entity proposal for the project.

(e) The design-build contract may be conditioned upon subsequent refinements in scope and price and may allow the municipality to make modifications in the project scope without invalidating the design-build contract.

The municipality may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, such as long-term leasehold, mutual performance, or development contracts with the municipality, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. Section 15. The Fire Protection District Act is amended by changing Section 11k as follows:  
(70 ILCS 705/11k)

Sec. 11k. Competitive bidding; notice requirements.

(a) The board of trustees shall have the power to acquire by gift, legacy, or purchase any personal property necessary for its corporate purposes provided that all contracts for supplies, materials, or work involving an expenditure in excess of \$20,000 shall be let to the lowest responsible bidder after advertising as required under subsection (b) of this Section; except that, if the board of trustees seeks to purchase equipment directly from a dealer or an original manufacturer in excess of \$50,000, then the contract for purchase shall be let to the lowest responsible bidder after advertising as required under subsection (b) of this Section. The board is not required to accept a bid that does not meet the district's established specifications, terms of delivery, quality, and serviceability requirements. Contracts which, by their nature, are not adapted to award by competitive bidding, are not subject to competitive bidding, including, but not limited to:

- (1) contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part;
- (2) contracts for the printing of finance committee reports and departmental reports;
- (3) contracts for the printing or engraving of bonds, tax warrants, and other evidences of indebtedness;
- (4) contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent, or which involve proprietary parts or technology not otherwise available;
- (5) purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, and services;
- (6) contracts for duplicating machines and supplies;
- (7) contracts for utility services such as water, light, heat, telephone or telegraph;
- (8) contracts for goods or services procured from another governmental agency;
- (9) purchases of equipment previously owned by some entity other than the district itself; and
- (10) contracts for goods or services which are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets, reports, and online subscriptions.

Contracts for emergency expenditures are also exempt from competitive bidding when the emergency expenditure is approved by a vote of 3/4 of the members of the board.

(b) Except as otherwise provided in subsection (a) of this Section, all proposals to award contracts involving amounts in excess of \$20,000 shall be published at least 10 days, excluding Sundays and legal holidays, in advance of the date announced for the receiving of bids, in a secular English language newspaper of general circulation throughout the district. In addition, a fire protection district that has a website that the full-time staff of the district maintains shall post notice on its website of all proposals to award contracts in excess of \$20,000. Advertisements for bids shall describe the character of the proposed contract or agreement in sufficient detail to enable the bidders thereon to know what their obligations will be, either in the advertisement itself, or by reference to detailed plans and specifications on file at the time of the publication of the first announcement. Such advertisement shall also state the date, time and place assigned for the opening of bids, and no bids shall be received at any time subsequent to the time indicated in the announcement. All competitive bids for contracts involving an expenditure in excess of \$20,000 must

be sealed by the bidder and must be opened by a member of the board or an employee of the district at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days' notice of the time and place of the bid opening.

(c) In addition to contracts entered into under the Governmental Joint Purchasing Act, a board of trustees may enter into contracts for supplies, materials, or work involving an expenditure in excess of \$20,000 through participation in a joint governmental or nongovernmental purchasing program that requires as part of its selection procedure a competitive solicitation and procurement process.

(d) Subject to the exceptions under subsections (a) and (c), any procurement by a board of trustees involving the acquisition, by direct or beneficial ownership, of improvements to real estate by a fire protection district which results in an expenditure of district funds in excess of \$20,000 must be competitively bid in accordance with the procedures of subsection (b).

(e) Nothing in this Section prohibits a fire protection district from entering into design-build contracts. Fire protection districts are authorized to use a design-build contracting method for construction if a competitive process consistent with the purpose of this Section is used in connection with the selection of the design-builder.

A substitute teacher may only teach in the place of a licensed teacher who is under contract with the employing board. If, however, there is no licensed teacher under contract because of an emergency situation, then a district may employ a substitute teacher for no longer than 30 calendar days per each vacant position in the district if the district notifies the appropriate regional office of education within 5 business days after the employment of the substitute teacher in that vacant position. A district may continue to employ that same substitute teacher in that same vacant position for 90 calendar days or until the end of the semester, whichever is greater, if, prior to the expiration of the 30-calendar-day period then current, the district files a written request with the appropriate regional office of education for a 30-calendar-day extension on the basis that the position remains vacant and the district continues to actively seek qualified candidates and provides documentation that it has provided training specific to the position, including training on meeting the needs of students with disabilities and English learners if applicable. Each extension request shall be granted in writing by the regional office of education. An emergency situation is one in which an unforeseen vacancy has occurred and (i) a teacher is unexpectedly unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications or vacancies are unfilled due to a lack of qualified candidates, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 120 days beginning with the 2021-2022 school year through the 2022-2023 school year, otherwise 90 school days for any one licensed teacher under contract in the same school year. A substitute teacher who holds a Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. The limitations in this paragraph (3) on the number of days a substitute teacher may be employed do not apply to any school district operating under Article 34 of this Code.

A school district may not require an individual who holds a valid Professional Educator License or Educator License with Stipulations to seek or hold a Substitute Teaching License to teach as a substitute teacher.

(4) Short-Term Substitute Teaching License. Beginning on July 1, 2018 and until June 30, 2028, applicants may apply to the State Board of Education for issuance of a Short-Term Substitute Teaching License. A Short-Term Substitute Teaching License may be issued to a qualified applicant for substitute teaching in all grades of the public schools, prekindergarten through grade 12. Short-Term Substitute Teaching Licenses are not eligible for endorsements. Applicants for a Short-Term Substitute Teaching License must hold an associate's degree or have completed at least 60 credit hours from a regionally accredited institution of higher education.

Short-Term Substitute Teaching Licenses are valid for substitute teaching in every county of this State. If an individual has had his or her Professional Educator License or Educator License with Stipulations suspended or revoked, then that individual is not eligible to obtain a Short-Term Substitute Teaching License.

The provisions of Sections 10-21.9 and 34-18.5 of this Code apply to short-term substitute teachers.

An individual holding a Short-Term Substitute Teaching License may teach no more than 15 consecutive days per licensed teacher who is under contract. For teacher absences lasting 6 or more days per licensed teacher who is under contract, a school district may not hire an individual holding a Short-Term Substitute Teaching License, unless the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. An individual holding a Short-Term Substitute Teaching License must complete the training program under Section 10-20.67 or 34-18.60 of this Code to be eligible to teach at a public school. Short-Term Substitute Teaching Licenses under this Section are valid for 5 years.

Sec. 21B-30. Educator testing.

(a) (Blank).

(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. By July 1, 2027, the State Superintendent of Education shall begin incorporating the following topics into revised examinations for individuals seeking a Professional Educator License endorsed in teaching or administration, excluding a chief school business official endorsement: (i) methods of instruction of the exceptional child; (ii) methods of reading and reading in the content area; and (iii) instructional strategies for English learners. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section.

(c) (Blank).

(c-5) The State Board must adopt rules to implement a paraprofessional competency test. This test would allow an applicant seeking an Educator License with Stipulations with a paraprofessional educator endorsement to obtain the endorsement if he or she passes the test and meets the other requirements of subparagraph (J) of paragraph (2) of Section 21B-20 other than the higher education requirements.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement except for an applicant seeking a school support personnel endorsement who holds an active and valid professional license issued by the Department of Financial and Professional Regulation in the same subject matter as the endorsement sought, as specified by rule by the State Board, or as provided under subparagraph (P) of paragraph (1) of Section 21B-20.

(d-5) The State Board shall consult with any applicable vendors within 90 days after July 28, 2023 (the effective date of Public Act 103-402) to develop a plan to transition the test of content area knowledge in the endorsement area of elementary education, grades one through 6, by July 1, 2026 to a content area test that contains testing elements that cover bilingualism, biliteracy, oral language development, foundational literacy skills, and developmentally appropriate higher-order comprehension and on which a valid and reliable language and literacy subscore can be determined. The State Board shall base its rules concerning the passing subscore on the language and literacy portion of the test on the recommended cut-score determined in the formal standard-setting process. Candidates need not achieve a particular subscore in the area of language and literacy. The State Board shall aggregate and publish the number of candidates in each preparation program who take the test and the number who pass the language and literacy portion.

(e) (Blank).

(f) Beginning on August 4, 2023 (the effective date of Public Act 103-488) through August 31, 2026 ~~2025~~, no candidate completing a teacher preparation program in this State or candidate subject to Section 21B-35 of this Code is required to pass a teacher performance assessment. Any candidate who has successfully completed student teaching or has

met one of the student teaching exceptions set forth in rules prior to September 1, 2028 is exempt from this requirement. A candidate may not be required to submit test materials by video submission. Subject to appropriation, an individual who holds a Professional Educator License and is employed for a minimum of one school year by a school district designated as Tier 1 under Section 18-8.15 may, after application to the State Board, receive from the State Board a refund for any costs associated with completing the teacher performance assessment under this subsection.

Beginning on September 1, 2026 through August 31, 2029, all institutions of higher education offering educator preparation programs in this State shall participate in the pilot program set forth in Section 21B-32 for the teacher performance assessment developed by the State Board of Education.

The State Board of Education shall adopt rules for the administration of this subsection.

**AMENDMENT NO. 1 TO SENATE BILL 2149**

AMENDMENT NO. 1. Amend Senate Bill 2149 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Section 18-3 as follows:

(105 ILCS 5/18-3) (from Ch. 122, par. 18-3)

Sec. 18-3. Tuition of children from orphanages and children's homes. When the children from any home for orphans, dependent, abandoned or maladjusted children maintained by any organization or association admitting to such home children from the State in general or when children residing in a school district wherein the State of Illinois maintains and operates any welfare or penal institution on property owned by the State of Illinois, which contains houses, housing units or housing accommodations within a school district, attend grades kindergarten through 12 of the public schools maintained by that school district, the State Superintendent of Education shall direct the State Comptroller to pay a specified amount sufficient to pay the annual tuition cost of such children who attended such public schools during the regular school year ending on June 30. The Comptroller shall pay the amount after receipt of a voucher submitted by the State Superintendent of Education.

The amount of the tuition for such children attending the public schools of the district shall be determined by the State Superintendent of Education by multiplying the number of such children in average daily attendance in such schools by 1.2 times the total annual per capita cost of administering the schools of the district. Such total annual per capita cost shall be determined by totaling all expenses of the school district in the educational, operations and maintenance, bond and interest, transportation, Illinois municipal retirement, and rent funds for the school year preceding the filing of such tuition claims less expenditures not applicable to the regular K-12 program, less offsetting revenues from State sources except those from the common school fund, less offsetting revenues from federal sources except those from federal impaction

[May 22, 2025]

aid, less student and community service revenues, plus a depreciation allowance; and dividing such total by the average daily attendance for the year. Notwithstanding any other provision of this Section, for any school district that (i) is designated as a Tier 1 or Tier 2 school district under Section 18-8.15, (ii) has at least one school that is located on federal property, (iii) has an overall student population of no more than 4,500 students and no less than 2,500 students, and (iv) receives a federal Public Schools on Military Installations grant until June 30, 2030, the depreciation allowance shall exclude the following:

(1) Depreciation on the portion of a new school building that was constructed using federal or donated funds from the school district's capital projects fund.

(2) Depreciation on the portion of a new school building that was constructed with private funds and donated to the school district upon completion.

For those school buildings listed in paragraph (1) or (2), funds excluded from the depreciation allowance do not apply to expenses for maintenance and operations or future capital improvements that are paid from State or local aid revenue or any other non-excluded funds for the benefit of those school buildings.

Annually on or before June 15 the superintendent of the district shall certify to the State Superintendent of Education the following:

1. The name of the home and of the organization or association maintaining it; or the legal description of the real estate upon which the house, housing units, or housing accommodations are located and that no taxes or service charges or other payments authorized by law to be made in lieu of taxes were collected therefrom or on account thereof during either of the calendar years included in the school year for which claim is being made;
2. The number of children from the home or living in such houses, housing units or housing accommodations and attending the schools of the district;
3. The total number of children attending the schools of the district;
4. The per capita tuition charge of the district; and
5. The computed amount of the tuition payment claimed as due.

Whenever the persons in charge of such home for orphans, dependent, abandoned or maladjusted children have received from the parent or guardian of any such child or by virtue of an order of court a specific allowance for educating such child, such persons shall pay to the school board in the district where the child attends school such amount of the allowance as is necessary to pay the tuition required by such district for the education of the child. If the allowance is insufficient to pay the tuition in full the State Superintendent of Education shall direct the Comptroller to pay to the district the difference between the total tuition charged and the amount of the allowance.

Whenever the facilities of a school district in which such house, housing units or housing accommodations are located, are limited, pupils may be assigned by that district to the schools of any adjacent district to the limit of the facilities of the adjacent district to properly educate such pupils as shall be determined by the school board of the adjacent district, and the State Superintendent of Education shall direct the Comptroller to pay a specified amount sufficient to pay the annual tuition of the children so assigned to and attending public schools in the adjacent districts and the Comptroller shall draw his warrant upon the State Treasurer for the payment of such amount for the benefit of the adjacent school districts in the same manner as for districts in which the houses, housing units or housing accommodations are located.

Summer session costs shall be reimbursed based on the actual expenditures for providing these services. On or before November 1 of each year, the superintendent of each eligible school district shall certify to the State Superintendent of Education the claim of the district for the summer session following the regular school year just ended. The State Superintendent of Education shall transmit to the Comptroller no later than December 15th of each year vouchers for payment of amounts due to school districts for summer session.

Claims for tuition for children from any home for orphans or dependent, abandoned, or maladjusted children shall be paid on a current year basis. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for districts with those students based on an estimated cost calculated from the prior year's claim. The school district shall certify to the State Superintendent of Education the report of claims due for such tuition payments on or before June 15. Claims received by June 15 may be amended until August 1. The State Superintendent of Education shall direct the State Comptroller to pay to the district, on or before August 31, the amount due for the district for the school year in accordance with the calculation of the claim as set forth in this Section. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year

thereafter, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 31 of the next fiscal year. Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year.

If a school district makes a claim for reimbursement under Section 14-7.03 it shall not include in any claim filed under this Section children residing on the property of State institutions included in its claim under Section 14-7.03.

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

In order to provide services appropriate to allow a student under the legal guardianship or custodianship of the State to participate in local school district educational programs, costs may be incurred in appropriate cases by the district that are in excess of 1.2 times the district per capita tuition charge allowed under the provisions of this Section. In the event such excess costs are incurred, they must be documented in accordance with cost rules established under the authority of this Section and may then be claimed for reimbursement under this Section.

Planned services for students eligible for this funding must be a collaborative effort between the appropriate State agency or the student's group home or institution and the local school district. (Source: P.A. 101-17, eff. 6-14-19)."

Section 10. The State Property Control Act is amended by changing Section 7.1 as follows:  
(30 ILCS 605/7.1) (from Ch. 127, par. 133b10.1)

Sec. 7.1. (a) Except as otherwise provided by law, all surplus real property held by the State of Illinois shall be disposed of by the administrator as provided in this Section. "Surplus real property," as used in this Section, means any real property to which the State holds fee simple title or lesser interest, and is vacant and determined by the head of the owning agency to no longer be required for the State agency's needs and responsibilities and has no foreseeable use by the owning agency. Title to the surplus real property may remain with the owning agency throughout the disposition process if approved by the Administrator; however, the Administrator and the Department of Central Management Services shall have sole responsibility and authority for disposing of the property as set out in this Section.

(b) All responsible officers shall submit an Annual Real Property Utilization Report to the Administrator, or annual update of such report, on forms required by the Administrator, by ~~August~~ July 31 of each year. The Administrator may require such documentation as he deems reasonably necessary in connection with this Report, and shall require that such Report include the following information:

(1) A legal description of all real property owned by the State under the control of the responsible officer.

(2) A description of the use of the real property listed under (1).

(3) A list of any improvements made to such real property during the previous year.

(4) The dates on which the State first acquired its interest in such real property, and the purchase price and source of the funds used to acquire the property.

(5) Plans for the future use of currently unused real property.

(6) A declaration of any surplus real property. On or before October 31 of each year the Administrator shall furnish copies of each responsible officer's report along with a list of surplus property indexed by legislative district to the General Assembly.

This report shall be filed with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and shall be duplicated and made available to the members of the General Assembly for evaluation by such members for possible liquidation of unused public property at public sale.

(c) Following receipt of the Annual Real Property Utilization Report required under paragraph (b), the Administrator shall notify all State agencies by October 31 of all declared surplus real property.

(d) Any surplus real property shall be disposed of by the Administrator. No appraisal is required if during his initial survey of surplus real property the Administrator determines such property has a fair market value of less than \$5,000. If the value of such property is determined by the Administrator in his initial survey to be \$5,000 or more, then the Administrator shall obtain 2 appraisals of such real property, which shall include known liabilities, including, but not limited to, environmental costs. The average of these 2 appraisals shall represent the fair market value of the surplus real property.

No surplus real property may be conveyed by the Administrator for less than the fair market value, unless the Administrator makes a written determination that it is in the best interests of the State to establish a different value. That written determination shall be published in the Illinois Procurement Bulletin. Such written determination, along with an affidavit setting forth the conditions and circumstances that make the use of a different value in the best interests of the State, shall also be filed with the Executive Ethics Commission. The Executive Ethics Commission shall have 30 days to review the written determination. The Executive Ethics Commission may order an additional 30 days to review the written determination. The Administrator shall provide the Executive Ethics Commission with any information requested by the Executive Ethics Commission related to the Administrator's determination of the value of the surplus real property. If the Executive Ethics Commission objects in writing to the value determined by the Administrator, then the Administrator shall not convey the surplus real property for less than either the fair market value as determined by the average of appraisals or an amount agreed upon by the Executive Ethics Commission and the Administrator. Circumstances in which it is in the best interests of the State to establish a different value may include, but are not limited to, the following: (i) an auction did not yield any bids at the established fair market value; (ii) a unit of local government is interested in acquiring the surplus real property; or (iii) the costs to the State of maintaining such surplus real property are sufficiently high that it would be reasonable to a prudent person to sell such surplus real property for less than the fair market value established by the average of the appraisals. In no event shall the Administrator sell surplus real property for less than 75% of fair market value and before such property has been offered to an interested unit of local government or made available at public auction.

Prior to offering the surplus real property for sale to the public the Administrator shall give notice in writing of the existence of the surplus real property to each State agency and to the governing bodies of the county and of all cities, villages and incorporated towns in the county in which such real property is located. Any such State agency or governing body may notify the Administrator of its interest in acquiring the surplus real property within a notice period set by the Administrator of at least 30 days. If any State agency notifies the Administrator of its interest in acquiring the surplus property, the Administrator may deny any such requests by such agency if the Administrator determines that it is more advantageous to the State to dispose of the surplus real property to a governing body or the public. If a governing body notifies the Administrator of its interest in acquiring the property, then the Administrator shall wait a minimum of 30 additional days during which the Administrator may engage in negotiations with such governing body for the sale of the surplus real property. After the notice period set by the Administrator of at least 30 days has passed, the Administrator may sell the surplus real property by public auction, which may include an electronic auction or the use of sealed bids, following notice of such sale by publication on 3 separate days not less than 15 nor more than 30 days prior to the sale in the State newspaper and in a newspaper having general circulation in the county in which the surplus real property is located. The Administrator shall post "For Sale" signs of a conspicuous nature on such surplus real property offered for sale to the public. If no acceptable offers for the surplus real property are received, the Administrator may have new appraisals of such property made. The Administrator shall have all power necessary to convey surplus real property under this Section. All moneys received for the sale of surplus real property shall be deposited in the General Revenue Fund, except that:

(1) Where moneys expended for the acquisition of such real property were from a special fund which is still a special fund in the State treasury, this special fund shall be reimbursed in the amount of the original expenditure and any amount in excess thereof shall be deposited in the General Revenue Fund.

(2) Whenever a State mental health facility operated by the Department of Human Services is closed and the real estate on which the facility is located is sold by the State, the net proceeds of the sale of the real estate shall be deposited into the Community Mental Health Medicaid Trust Fund.

(3) Whenever a State developmental disabilities facility operated by the Department of Human Services is closed and the real estate on which the facility is located is sold by the State, the net proceeds of the sale of the real estate shall be deposited into the Community Developmental Disability Services Medicaid Trust Fund.

The Administrator shall have authority to order such surveys, abstracts of title, or commitments for title insurance as may, in his reasonable discretion, be deemed necessary to demonstrate to prospective purchasers or bidders good and marketable title in any property offered for sale pursuant to this Section. Unless otherwise specifically authorized by the General Assembly, all conveyances of property made by the Administrator shall be by quit claim deed.

(e) The Administrator shall submit an annual report on or before February 1 to the Governor and the General Assembly containing a detailed statement of surplus real property either transferred or conveyed under this Section.

The county board of each county that has a population of less than 3,000,000 and that is a participant in a Jurisdictional Veterans Assistance Commission as provided in Section 9 of the Military Veterans Assistance Act may levy a tax of not to exceed .03% of the assessed value annually on all taxable property of the county for the purpose of providing assistance to military veterans and their families pursuant to such Act. The proceeds from this tax for a Jurisdictional Veterans Assistance Commission shall be directed into the county treasury of the county where the Jurisdictional Veterans Assistance Commission is headquartered.

The respective proceeds of any tax so levied for a Veterans Assistance Commission or a Jurisdictional Veterans Assistance Commission shall be used exclusively for the assistance purposes authorized thereunder, and a portion thereof may be expended for the salaries of any officers or employees of the Veterans Assistance Commission, for the authorized reimbursement of any officer or employee of the Veterans Assistance Commission, as provided in Section 10 of the Military Veterans Assistance Act, or for any other expenses incident to the administration of such assistance.

The tax shall be separate from all other taxes which the county is authorized to levy on the aggregate valuation of the property within the county and shall not be included in any tax limitation of the rate upon which taxes are required to be extended, but shall be excluded therefrom and in addition thereto. The tax shall be levied and collected in like manner as the general taxes of the county, and, when collected, shall be paid into a special fund in the county treasury and used only as herein authorized, or disbursed from the county treasury of a county in which a properly organized Veterans Assistance Commission is authorized under Section 3-11008 of this Code.

The limitations on tax rates herein provided may be increased or decreased under the referendum provisions of the General Revenue Law of Illinois.

(305 ILCS 5/12-21.13) (from Ch. 23, par. 12-21.13)

Sec. 12-21.13. Local funds required to qualify for state aid. To qualify for State funds to supplement local funds for public aid purposes, a local governmental unit shall, except as hereinafter provided, levy within the time that such levy is authorized to be made a tax of an amount which, when added to the unobligated balance available for such purposes at the close of the fiscal year preceding the fiscal year for which the tax is levied will equal .10% of the last known total equalized value of all taxable property in the governmental unit.

In a county of less than 3 million population in which there is created a County Veterans Assistance Commission, the county shall levy for assistance to military veterans and their families, within the time that such levy is authorized to be made, a tax of an amount which, when added to the unobligated balance available for such purpose at the close of the preceding fiscal year will equal .02% of the last known assessed value of the taxable property in the county, or which will equal .03% of such assessed value if such higher amount is authorized by the electors of the county, as provided in Section 5-2006 of the Counties Code.

In a county that has a population of less than 3,000,000 and that is a participant in a Jurisdictional Veterans Assistance Commission, the county shall levy for assistance to military veterans and their families, within the time that such levy is authorized to be made, a tax of an amount which, when added to the unobligated balance available for such purpose at the close of the preceding fiscal year, equals .02% of the last known assessed value of the taxable property in the county. The proceeds from this tax for a Jurisdictional Veterans Assistance Commission shall be directed into the county treasury of the county where the Jurisdictional Veterans Assistance Commission is headquartered.

If, however, at the latest date in the year on which the aforesaid taxes are authorized to be levied there is in the unobligated balance of the local governmental unit an amount equal to .10%, or .02% in the case of Veterans' Assistance, of the last known total equalized value of all taxable property in the governmental unit, then no tax need be levied in that year in order for the local governmental unit to qualify for State funds.

In determining the amount of the unobligated balance which is to be applied in producing the required levy for receipt of State funds, or which is to be applied in determining whether a tax levy is required, there shall be deducted from the gross unobligated balance of funds available at the close of the preceding fiscal year the total amount of State funds allocated to the governmental unit during that year and the total amount of any monies transferred to a township's general town fund under Section 235-20 of the Township Code during that year, and only the remainder shall be considered in determining the amount of the deficiency needed to produce an amount equal to the qualifying levy for the current year.

Section 15. The Military Veterans Assistance Act is amended by changing Sections 2 and 9 as follows:

(330 ILCS 45/2) (from Ch. 23, par. 3082)

Sec. 2. The purpose of this Act is, in part, to provide, in accordance with this Section, just and necessary assistance and services to military veterans who served in the Armed Forces of the United States and whose last discharge from the service was honorable or general under honorable conditions, to their families, and to the families of deceased veterans with service who need such assistance and services. The following actions shall be taken in support of that purpose:

(1) The supervisor of general assistance or the county board shall provide such sums of money as may be just and necessary to be drawn by the commander, quartermaster or commandant of any

veterans service organization, in the city or town, or the superintendent of any Veterans' Assistance Commission of the county, upon the recommendation of the assistance committee of that veterans service organization or Veterans' Assistance Commission.

(A) Funding for Veterans Assistance Commissions may be derived from 3 sources, if applicable:

(i) a tax levied under Section 5-2006 of the Counties Code and Section 12-21.13 of the Illinois Public Aid Code;

(ii) funds from the county general corporate fund; and

(iii) State funds from the Department of Human Services.

(B) The minimum amount to be provided annually to Veterans Assistance Commissions is provided in Section 12-21.13 of the Illinois Public Aid Code, unless the delegates of the County Veterans Assistance Commission determine that a lesser amount covers the just and necessary sums.

(1.5) The supervisor of general assistance or the county board of a county in which a Jurisdictional Veterans Assistance Commission is headquartered shall provide such sums of money as may be just and necessary to be drawn by the superintendent of the Jurisdictional Veterans Assistance Commission headquartered in that county, upon the recommendation of the delegates of the Jurisdictional Veterans Assistance Commission. Each participating county of a Jurisdictional Veterans Assistance Commission shall fund the Jurisdictional Veterans Assistance Commission in accordance with this Section. Participating counties shall provide the support and materials required to administer a Jurisdictional Veterans Assistance Commission in the same manner individual counties are required under this Act to provide support and materials to single-county Veterans Assistance Commissions.

(A) Funding for Jurisdictional Veterans Assistance Commissions may be derived from a tax levied under Section 5-2006 of the Counties Code and Section 12-21.13 of the Illinois Public Aid Code.

(B) The minimum amount to be provided annually to Jurisdictional Veterans Assistance Commissions is provided in Section 12-21.13 of the Illinois Public Aid Code, unless the delegates of the Jurisdictional Veterans Assistance Commission determine that a lesser amount covers the just and necessary sums.

(2) If any supervisor of general assistance or county board fails or refuses after such recommendation to provide just and necessary sums of money for such assistance, then the veteran service organization or the superintendent of any Veterans' Assistance Commission located in the district of such supervisor of general assistance or such county board or the superintendent of any Jurisdictional Veterans Assistance Commission headquartered in the district of such supervisor of general assistance or such county board shall apply to the circuit court of the district or county for relief by mandamus upon the supervisor of general assistance or county board requiring him, her or it to pay, or to appropriate and pay such sums of money, and upon proof made of the justice and necessity of the claim, the circuit court shall grant the sums so requested.

(3) Such sums of money shall be drawn in the manner now provided under Section 5-2006 of the Counties Code and Section 12-21.13 of the Illinois Public Aid Code. Orders of commanders, quartermasters, commandants, or superintendents of those veterans service organizations or those Veterans' Assistance Commissions or those Jurisdictional Veterans Assistance Commissions shall be proper warrants for the expenditure of such sums of money.

(330 ILCS 45/9) (from Ch. 23, par. 3089)  
Sec. 9. Veterans Assistance Commission.

(a) In counties having 2 or more veteran service organizations as may be recognized by law, the veteran service organizations may come together to form a Veterans Assistance Commission of such county. The Veterans Assistance Commission of such county may act as the central service office for all veterans and their families and for the families of deceased veterans. The Commission shall be composed of delegates and alternates from a majority of such veteran service organizations selected annually as determined by each veteran service organization. When so organized a Commission shall be clothed with all the powers and may be charged with all the duties theretofore devolving upon the different veteran service organizations within the county as provided in Section 2.

(1) Every January 1, all Veterans Assistance Commissions shall publish a notice to each veteran service organization within their respective county calling on them to select delegates and alternates

for that county's Veterans Assistance Commission by the methods provided in this subsection. The Veterans Assistance Commissions shall allow each veteran service organization until March 1 to respond, at which time those selected and duly appointed delegates and alternates shall begin their term of office with full voting rights. Once selected, delegates and alternates are bound by the Public Officer Prohibited Activities Act.

(2) Except as provided in paragraph (3), veteran service organizations shall be permitted to select one delegate and one alternate.

(3) In counties with 5 or more of the same veteran service organizations, all the constituent veteran service organizations shall be permitted to select up to 5 delegates and 5 alternates to represent that veteran service organization instead of each constituent veteran service organization selecting one delegate and one alternate. For the purposes of meeting the majority requirement of this subsection, when the constituent groups of a veteran service organization choose to select those delegates and alternates, those selected and duly appointed delegates and alternates shall represent the aggregate percentage of the constituent groups.

(4) If a veteran service organization serves more than one county, then it shall be permitted to select one delegate and one alternate for the Veterans Assistance Commission in each county in which at least 25% of its members reside.

(5) All undertakings of, or actions taken by, the Commission shall require a vote from a majority of the full commission membership. No committee or other subgroup of delegates and alternates formed by the Commission, whether selected or appointed, may be granted the power or authority to act in the place of or on behalf of the full body of the duly selected or appointed Commission membership.

(6) No superintendent or any other employee of the Veterans Assistance Commission may retain the position of delegate or alternate or any voting rights while employed by the Veterans Assistance Commission.

(7) No committee or other subgroup of delegates and alternates formed by the Commission, whether selected or appointed, may bar any other duly appointed Commission member from attending or otherwise being present during any closed meetings or sessions of that committee or group.

(8) The county may, at its discretion, appoint a representative to the Commission who may attend any public meeting of the Commission. That representative shall be a veteran, may not have voting rights, may not hold any office or title on the Commission, and may not be present during any nonpublic meeting of the Commission, except as authorized in this Act. For matters of executive session, the non-voting county appointee may attend meetings that are closed in accordance with paragraphs (1), (3), (5), (6), or (11) of subsection (c) of Section 2 of the Open Meetings Act for litigation matters not relating to litigation between the Commission and the County.

(b) The Commission and its selected or appointed superintendent shall have oversight of the distribution of all moneys and supplies appropriated for the benefit of military veterans and their families, subject to such rules, regulations, administrative procedures or audit reviews as are required by this Act and as are necessary as approved by the Commission to carry out the spirit and intent of this Act. No warrant authorized under this Act may be issued for the payment of money without the presentation of an itemized statement or claim, approved by the superintendent of the Commission.

(c) The superintendent of the Veterans Assistance Commission, selected, appointed, or hired by the Commission is an at-will employee who shall be answerable to, and shall report to, the Commission.

(d) The superintendent shall be evaluated annually and a written report shall be generated. A copy of the report from the evaluation shall be provided to the entire Commission membership.

(e) A superintendent may be removed from office if, after delegates from no less than 3 different veteran service organizations file a written request calling for the superintendent's removal, there is a vote from a majority of the full Commission membership in favor of such removal.

(f) Each Veterans Assistance Commission shall establish and maintain bylaws that outline the framework, policies, and procedures for conducting the business of the Commission and for the rules and regulations that apply to its members. Those bylaws shall reflect compliance with all relevant laws at the time they are established and shall be revised as necessary to remain in compliance with current law. The establishment of those bylaws, and any revisions thereafter, shall require a minimum two-thirds majority vote of approval from a majority of the full Commission membership.

(g) Each Veterans Assistance Commission shall, in writing, adopt all applicable policies already established and in place in its respective county, including, but not limited to, policies related to

compensation, employee rights, ethics, procurement, and budget, and shall adapt those policies to fit its organizational structure. Those policies shall then be considered the policies of the Veterans Assistance Commission and they shall be implemented and adhered to, accordingly, by the superintendent and by the Commission. The Commission shall amend its adopted policies whenever a county board amends an applicable policy within 60 days of the county board amendment.

(h) No warrant authorized under this Act may be issued for the payment of money without the presentation of an itemized statement or claim, approved by the superintendent of the Commission and reported to the full Commission membership.

(i) Each Veterans Assistance Commission shall perform an annual audit in accordance with the Governmental Account Audit Act using either the auditing services provided by its respective county or the services of an independent auditor whose services shall be paid for by the Commission. A copy of that audit report shall be provided to the president or chairperson of the county board.

(j) Veterans Assistance Commissions and county boards subject to this Act shall cooperate fully with the boards, commissions, agencies, departments, and institutions of the State. The funds held and made available by the county, the State, or any other source shall be subject to financial and compliance audits in accordance with the Illinois State Auditing Act.

(k) The Veterans Assistance Commission shall be in charge of the administration of any benefits provided under Articles VI and IX of the Illinois Public Aid Code for military veterans and their families.

(l) The Veterans Assistance Commission shall represent veterans in their application for or attempts to obtain benefits and services through State and federal agencies, including representing veterans in their appeals of adverse decisions.

(m) The superintendent of the Veterans Assistance Commission and its employees must comply with the procedures and regulations adopted by the Veterans Assistance Commission and the regulations of the Department of Human Services.

(n) To further the intent of this Act of assisting military veterans, this Act is to be construed so that the Veterans Assistance Commission shall provide needed services to eligible veterans.

(o)(1) In counties that did not have a Veterans Assistance Commission prior to January 1, 2026, and in which there exists a judicial circuit whose jurisdictional boundaries include multiple counties, veteran service organizations located within any of those counties that are within the judicial circuit's jurisdictional boundaries may come together and create a Jurisdictional Veterans Assistance Commission that shall provide services to veterans and their families. The Jurisdictional Veterans Assistance Commission shall be known as the Veterans Assistance Commission of that judicial circuit.

(2) The superintendent of a Jurisdictional Veterans Assistance Commission formed in accordance with paragraph (1) shall be selected from among all honorably discharged veterans of all participating counties within that judicial circuit's boundaries and shall maintain a centrally located office within that judicial circuit. However, for a Jurisdictional Veterans Assistance Commission formed within a large judicial circuit, the superintendent is not precluded from having multiple offices that shall be owned and maintained by the Jurisdictional Veterans Assistance Commission.

(3) Delegates and alternates shall be selected by the veterans service organizations of that judicial circuit in the same manner as prescribed in paragraph (1) of subsection (a).

(4) Any existing Veterans Assistance Commission that is part of a Judicial Circuit that is comprised of multiple counties, as of January 1, 2025, may merge into a Veterans Assistance Commission of that Judicial Circuit with its neighboring counties. Those existing Veterans Assistance Commissions that choose not to merge may continue to exist independently while the other counties combine to form a new Jurisdictional Veterans Assistance Commission of that judicial circuit.

(5) Nothing in this amendatory Act of the 104th General Assembly shall be interpreted to restrict any Jurisdictional Veterans Assistance Commissions from providing services to veterans and their families who reside outside of those participating counties.
