(e) For community-based providers serving persons with intellectual/developmental disabilities, subject to federal approval of any relevant Waiver Amendment, the rates taking effect for services delivered on or after January 1, 2023, shall include an increase in the rate methodology sufficient to provide a \$1.00 per hour wage increase for all direct support professionals and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases, who work in residential and community day services settings, with at least \$0.50 of those funds to be provided as a direct increase to base wages, with the remaining \$0.50 to be used flexibly for base wage increases. In addition, the rates taking effect for services delivered on or after January 1, 2023 shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding direct support professionals, at the federal Department of Labor, Bureau of Labor Statistics' average wage as defined in rule by the Department.

The establishment of and any changes to the rate methodologies for community-based services provided to persons with intellectual/developmental disabilities are subject to federal approval of any relevant Waiver Amendment and shall be defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this subsection.

(f) For community-based providers serving persons with intellectual/developmental disabilities, subject to federal approval of any relevant Waiver Amendment, the rates taking effect for services delivered on or after January 1, 2024 shall include an increase in the rate methodology sufficient to provide a \$2.50 per hour wage increase for all direct support professionals and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases and who work in residential and

community day services settings. At least \$1.25 of the per hour wage increase shall be provided as a direct increase to base wages, and the remaining \$1.25 of the per hour wage increase shall be used flexibly for base wage increases. In addition, the rates taking effect for services delivered on or after January 1, 2024 shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding direct support professionals, at the federal Department of Labor, Bureau of Labor Statistics' average wage as defined in rule by the Department.

The establishment of and any changes to the rate methodologies for community-based services provided to persons with intellectual/developmental disabilities are subject to federal approval of any relevant Waiver Amendment and shall be defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this subsection.

(g) For community-based providers serving persons with intellectual or developmental disabilities, subject to federal approval of any relevant Waiver Amendment, the rates taking effect for services delivered on or after January 1, 2025 shall include an increase in the rate methodology sufficient to provide a \$1 per hour wage rate increase for all direct support personnel and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases and who work in residential and community day services settings, with at least \$0.75 of those funds to be provided as a direct increase to base wages and the remaining \$0.25 to be used flexibly for base wage increases. These increases shall not be used by community-based providers for operational or administrative expenses. In addition, the rates taking effect for services delivered on or after January 1, 2025 shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding direct support personnel, at the federal Department of Labor, Bureau of Labor Statistics' average wage as defined by rule by the Department. For services delivered on or after January 1, 2025, the rates shall include adjustments to employment-related expenses as defined by rule by the Department.

The establishment of and any changes to the rate methodologies for community-based services provided to persons with intellectual or developmental disabilities are subject to federal approval of any relevant Waiver Amendment and shall be defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this subsection.

(h) For community-based providers serving persons with intellectual or developmental disabilities, subject to federal approval of any relevant Waiver Amendment, the rates taking effect for services delivered on or after January 1, 2026 shall include an increase in the rate methodology sufficient to provide a \$0.80 per hour wage increase for all direct support personnel and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases and who work in residential and community day services settings, with at least \$0.60 of the per hour wage increase to be provided as a direct increase to base wages, and the remaining \$0.20 of the per hour wage increase to be used flexibly for base wage increases. These increases shall not be used by community-based providers for operational or administrative expenses. In addition, the rates taking effect for services delivered on or after January 1, 2026 shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding direct support personnel, at the federal Department of Labor, Bureau of Labor Statistics' average wage as defined in rule by the Department.

The establishment of and any changes to the rate methodologies for community-based services provided to persons with intellectual or developmental disabilities are subject to federal approval of any relevant Waiver Amendment and shall be defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this subsection.

Section 10-15. The Illinois Public Aid Code is amended by changing Section 5-5.4 as follows:
(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of payment; Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of nursing facility and ICF/DD services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for nursing facility or ICF/DD services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of

Public Health under the ID/DD Community Care Act or the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2009 shall include an increase sufficient to provide a \$0.50 per hour wage increase for non-executive staff. For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities the rates taking effect within 30 days after July 6, 2017 (the effective date of Public Act 100-23) shall include an increase sufficient to provide a \$0.75 per hour wage increase for non-executive staff. The Department shall adopt rules, including emergency rules under subsection (y) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this paragraph. For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, the rates taking effect within 30 days after June 5, 2019 (the effective date of Public Act 101-10) shall include an increase sufficient to provide a \$0.50 per hour wage increase for non-executive ~~frontline~~ ~~front-line~~ personnel, including, but not limited to, direct support persons, aides, ~~frontline~~ ~~front-line~~ supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff. The Department shall adopt rules, including emergency rules under subsection (bb) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this paragraph.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus \$3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in

effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, except facilities participating in the Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, the numerator of the ratio used by the Department of Healthcare and Family Services to compute the rate payable under this Section using the Minimum Data Set (MDS) methodology shall incorporate the following annual amounts as the additional funds appropriated to the Department specifically to pay for rates based on the MDS nursing component methodology in excess of the funding in effect on December 31, 2006:

(i) For rates taking effect January 1, 2007, \$60,000,000.

(ii) For rates taking effect January 1, 2008, \$110,000,000.

(iii) For rates taking effect January 1, 2009, \$194,000,000.

(iv) For rates taking effect April 1, 2011, or the first day of the month that begins at least 45 days after February 16, 2011 (the effective date of Public Act 96-1530), \$416,500,000 or an amount as may be necessary to complete the transition to the MDS methodology for the nursing component of the rate. Increased payments under this item (iv) are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, or facilities licensed by the Department of Public Health under the Specialized Mental Health Rehabilitation Act of 2013, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after February 16, 2011 (the effective date of Public Act 96-1530), whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707) shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be

computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least \$4,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Beginning January 1, 2014 the methodologies for reimbursement of nursing facility services as provided under this Section 5-5.4 shall no longer be applicable for services provided on or after January 1, 2014.

No payment increase under this Section for the MDS methodology, exceptional care residents, or the socio-development component rate established by Public Act 96-1530 of the 96th General Assembly and funded by the assessment imposed under Section 5B-2 of this Code shall be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under this Section have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waivers under 42 CFR 433.68 for the assessment imposed by this Section, if necessary, have been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services. Upon notification to the Department of approval of the payment methodologies required under this Section and the waivers granted under 42 CFR 433.68, all increased payments otherwise due under this Section prior to the date of notification shall be due and payable within 90 days of the date federal approval is received.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect for services delivered on or after August 1, 2019 shall be increased by 3.5% over the rates in effect on June 30, 2019. The Department shall adopt rules, including emergency rules under subsection (ii) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect on the latter of the approval date of the State Plan Amendment for these facilities or the Waiver Amendment for the home and community-based services settings shall include an increase sufficient to provide a \$0.26 per hour wage increase to the base wage for non-executive staff. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval of the State Plan Amendment and the Waiver Amendment for the home and community-based services settings, the

rates taking effect for the services delivered on or after July 1, 2020 shall include an increase sufficient to provide a \$1.00 per hour wage increase for non-executive staff. For services delivered on or after January 1, 2021, subject to federal approval of the State Plan Amendment and the Waiver Amendment for the home and community-based services settings, shall include an increase sufficient to provide a \$0.50 per hour increase for non-executive staff. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval of the State Plan Amendment, the rates taking effect for the residential services delivered on or after July 1, 2021, shall include an increase sufficient to provide a \$0.50 per hour increase for aides in the rate methodology. For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval of the State Plan Amendment, the rates taking effect for the residential services delivered on or after January 1, 2022 shall include an increase sufficient to provide a \$1.00 per hour increase for aides in the rate methodology. In addition, for residential services delivered on or after January 1, 2022 such rates shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding aides, at the federal Department of Labor, Bureau of Labor Statistics' average wage as defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD facilities and under the MC/DD Act as MC/DD facilities, subject to federal approval of the State Plan Amendment, the rates taking effect for services delivered on or after January 1, 2023, shall include a \$1.00 per hour wage increase for all direct support personnel and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases, who work in residential and community day services settings, with at least \$0.50 of those funds to be provided as a direct increase to all aide base wages, with the remaining \$0.50 to be used flexibly for base wage increases to the rate methodology for aides. In addition, for residential services delivered on or after January 1, 2023 the rates shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding aides, at the federal Department of Labor, Bureau of Labor Statistics' average wage as determined by the Department. Also, for services delivered on or after January 1, 2023, the rates will include adjustments to employment-related expenses as defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD facilities and under the MC/DD Act as MC/DD facilities, subject to federal approval of the State Plan Amendment, the rates taking effect for services delivered on or after January 1, 2024 shall include a \$2.50 per hour wage increase for all direct support personnel and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases and who work in residential and community day services settings. At least \$1.25 of the per hour wage increase shall be provided as a direct increase to all aide base wages, and the remaining \$1.25 of the per hour wage increase shall be used flexibly for base wage increases to the rate methodology for aides. In addition, for residential services delivered on or after January 1, 2024, the rates shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding aides, at the federal Department of Labor, Bureau of Labor Statistics' average wage as determined by the Department. Also, for services delivered on or after January 1, 2024, the rates will include adjustments to employment-related expenses as defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD facilities and under the MC/DD Act as MC/DD facilities, subject to federal approval of a State Plan Amendment, the rates taking effect for services delivered on or after January 1, 2025 shall include a \$1.00 per hour wage increase for all direct support personnel and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases and who work in residential and community day services settings, with at least \$0.75 of those funds to be provided as a direct increase to all aide base wages and the remaining \$0.25 to be used flexibly for base wage increases to the rate methodology for aides. These increases shall not be used by facilities for operational and administrative expenses. In addition, for

residential services delivered on or after January 1, 2025, the rates shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding aides, at the federal Department of Labor, Bureau of Labor Statistics' average wage as determined by the Department. Also, for services delivered on or after January 1, 2025, the rates will include adjustments to employment-related expenses as defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD facilities and under the MC/DD Act as MC/DD facilities, subject to federal approval of a State Plan Amendment, the rates taking effect for services delivered on or after January 1, 2026 shall include a \$0.80 per hour wage increase for all direct support personnel and all other frontline personnel who are not subject to the Bureau of Labor Statistics' average wage increases and who work in residential and community day services settings, with at least \$0.60 of those funds to be provided as a direct increase to all aide base wages and the remaining \$0.20 to be used flexibly for base wage increases to the rate methodology for aides. These increases shall not be used by facilities for operational and administrative expenses. In addition, for residential services delivered on or after January 1, 2026, the rates shall include an increase sufficient to provide wages for all residential non-executive direct care staff, excluding aides, at the federal Department of Labor, Bureau of Labor Statistics' average wage as determined by the Department. Also, for services delivered on or after January 1, 2026, the rates will include adjustments to employment-related expenses as defined in rule by the Department. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section.

Notwithstanding any other provision of this Section to the contrary, any regional wage adjuster for facilities located outside of the counties of Cook, DuPage, Kane, Lake, McHenry, and Will shall be no lower than 1.00, and any regional wage adjuster for facilities located within the counties of Cook, DuPage, Kane, Lake, McHenry, and Will shall be no lower than 1.15.

Section 10-20. The Illinois Act on the Aging is amended by changing Section 4.02 as follows:
(20 ILCS 105/4.02)

Sec. 4.02. Community Care Program. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged, may include, but are not limited to, any or all of the following:

- (a) (blank);
- (b) (blank);
- (c) home care aide services;
- (d) personal assistant services;
- (e) adult day services;
- (f) home-delivered meals;
- (g) education in self-care;
- (h) personal care services;
- (i) adult day health services;
- (j) habilitation services;
- (k) respite care;
- (k-5) community reintegration services;
- (k-6) flexible senior services;
- (k-7) medication management;
- (k-8) emergency home response;
- (l) other nonmedical social services that may enable the person to become self-supporting; or
- (m) (blank).

The Department shall establish eligibility standards for such services. In determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property, or other assets held in the name of the person's spouse pursuant to a written agreement dividing

marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

The Department shall require as a condition of eligibility that all new financially eligible applicants apply for and enroll in medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 45 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 45 day notice period. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These ~~noninstitutional non-institutional~~ services, pilot projects, or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal, and local governments shall cooperate with the Department on Aging in the establishment and development of the ~~noninstitutional non-institutional~~ services. The Department shall require an annual audit from all personal assistant and home care aide vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving ~~noninstitutional non-institutional~~ services; and (2) the establishment and development of ~~noninstitutional non-institutional~~ services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21 or blind or who has a permanent and total disability. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any

real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall increase the effectiveness of the existing Community Care Program by:

(1) ensuring that in-home services included in the care plan are available on evenings and weekends;

(2) ensuring that care plans contain the services that eligible participants need based on the number of days in a month, not limited to specific blocks of time, as identified by the comprehensive assessment tool selected by the Department for use statewide, not to exceed the total monthly service cost maximum allowed for each service; the Department shall develop administrative rules to implement this item (2);

(3) ensuring that the participants have the right to choose the services contained in their care plan and to direct how those services are provided, based on administrative rules established by the Department;

(4)(blank);

(5) ensuring that homemakers can provide personal care services that may or may not involve contact with clients, including, but not limited to:

- (A) bathing;
- (B) grooming;
- (C) toileting;
- (D) nail care;
- (E) transferring;
- (F) respiratory services;
- (G) exercise; or
- (H) positioning;

(6) ensuring that homemaker program vendors are not restricted from hiring homemakers who are family members of clients or recommended by clients; the Department may not, by rule or policy, require homemakers who are family members of clients or recommended by clients to accept assignments in homes other than the client;

(7) ensuring that the State may access maximum federal matching funds by seeking approval for the Centers for Medicare and Medicaid Services for modifications to the State's home and community based services waiver and additional waiver opportunities, including applying for enrollment in the Balance Incentive Payment Program by May 1, 2013, in order to maximize federal matching funds; this shall include, but not be limited to, modification that reflects all changes in the Community Care Program services and all increases in the services cost maximum;

(8) ensuring that the determination of need tool accurately reflects the service needs of individuals with Alzheimer's disease and related dementia disorders;

(9) ensuring that services are authorized accurately and consistently for the Community Care Program (CCP); the Department shall implement a Service Authorization policy directive; the purpose shall be to ensure that eligibility and services are authorized accurately and consistently in the CCP program; the policy directive shall clarify service authorization guidelines to Care Coordination Units and Community Care Program providers no later than May 1, 2013;

(10) working in conjunction with Care Coordination Units, the Department of Healthcare and Family Services, the Department of Human Services, Community Care Program providers, and other stakeholders to make improvements to the Medicaid claiming processes and the Medicaid enrollment procedures or requirements as needed, including, but not limited to, specific policy changes or rules to improve the up-front enrollment of participants in the Medicaid program and specific policy changes or rules to insure more prompt submission of bills to the federal government to secure maximum

federal matching dollars as promptly as possible; the Department on Aging shall have at least 3 meetings with stakeholders by January 1, 2014 in order to address these improvements;

(11) requiring home care service providers to comply with the rounding of hours worked provisions under the federal Fair Labor Standards Act (FLSA) and as set forth in 29 CFR 785.48(b) by May 1, 2013;

(12) implementing any necessary policy changes or promulgating any rules, no later than January 1, 2014, to assist the Department of Healthcare and Family Services in moving as many participants as possible, consistent with federal regulations, into coordinated care plans if a care coordination plan that covers long term care is available in the recipient's area; and

(13) (blank).

By January 1, 2009 or as soon after the end of the Cash and Counseling Demonstration Project as is practicable, the Department may, based on its evaluation of the demonstration project, promulgate rules concerning personal assistant services, to include, but need not be limited to, qualifications, employment screening, rights under fair labor standards, training, fiduciary agent, and supervision requirements. All applicants shall be subject to the provisions of the Health Care Worker Background Check Act.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

No ~~September 23, 1991 (Public Act 87-729)~~ person may perform chore/housekeeping and home care aide services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre-service and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre-service and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as home care aides and personal assistants receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for home care aides and personal assistants. An employer that cannot ensure that the minimum wage increase is being given to home care aides and personal assistants shall be denied any increase in reimbursement costs.

The Community Care Program Advisory Committee is created in the Department on Aging. The Director shall appoint individuals to serve in the Committee, who shall serve at their own expense. Members of the Committee must abide by all applicable ethics laws. The Committee shall advise the Department on issues related to the Department's program of services to prevent unnecessary institutionalization. The Committee shall meet on a bi-monthly basis and shall serve to identify and advise the Department on present and potential issues affecting the service delivery network, the program's clients, and the Department and to recommend solution strategies. Persons appointed to the Committee shall be appointed on, but not limited to, their own and their agency's experience with the program, geographic representation, and willingness to serve. The Director shall appoint members to the Committee to represent provider, advocacy, policy research, and other constituencies committed to the delivery of high quality home and community-based services to older adults. Representatives shall be appointed to ensure representation from community care providers, including, but not limited to, adult day service providers, homemaker providers, case coordination and case management units, emergency home response providers, statewide trade or labor unions that represent home care aides and direct care staff, area agencies on aging, adults over age 60, membership organizations representing older adults, and other organizational entities, providers of care, or individuals with demonstrated interest and expertise in the field of home and community care as determined by the Director.

Nominations may be presented from any agency or State association with interest in the program. The Director, or his or her designee, shall serve as the permanent co-chair of the advisory committee. One other co-chair shall be nominated and approved by the members of the committee on an annual basis. Committee members' terms of appointment shall be for 4 years with one-quarter of the appointees' terms expiring each

year. A member shall continue to serve until his or her replacement is named. The Department shall fill vacancies that have a remaining term of over one year, and this replacement shall occur through the annual replacement of expiring terms. The Director shall designate Department staff to provide technical assistance and staff support to the committee. Department representation shall not constitute membership of the committee. All Committee papers, issues, recommendations, reports, and meeting memoranda are advisory only. The Director, or his or her designee, shall make a written report, as requested by the Committee, regarding issues before the Committee.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before March 31 of the following fiscal year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously found eligible for receiving ~~noninstitutional non-institutional~~ services whose services were discontinued under the Emergency Budget Act of Fiscal Year 1992, and who do not meet the eligibility standards in effect on or after July 1, 1992, shall remain ineligible on and after July 1, 1992. Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

For the purposes of this Section, "flexible senior services" refers to services that require one-time or periodic expenditures, including, but not limited to, respite care, home modification, assistive technology, housing assistance, and transportation.

The Department shall implement an electronic service verification based on global positioning systems or other cost-effective technology for the Community Care Program no later than January 1, 2014.

The Department shall require, as a condition of eligibility, application for the medical assistance program under Article V of the Illinois Public Aid Code.

The Department may authorize Community Care Program services until an applicant is determined eligible for medical assistance under Article V of the Illinois Public Aid Code.

The Department shall continue to provide Community Care Program reports as required by statute, which shall include an annual report on Care Coordination Unit performance and adherence to service guidelines and a 6-month supplemental report.

In regard to community care providers, failure to comply with Department on Aging policies shall be cause for disciplinary action, including, but not limited to, disqualification from serving Community Care Program clients. Each provider, upon submission of any bill or invoice to the Department for payment for services rendered, shall include a notarized statement, under penalty of perjury pursuant to Section 1-109 of the Code of Civil Procedure, that the provider has complied with all Department policies.

The Director of the Department on Aging shall make information available to the State Board of Elections as may be required by an agreement the State Board of Elections has entered into with a multi-state voter registration list maintenance system.

The Department shall pay an enhanced rate of at least \$1.77 per unit under the Community Care Program to those in-home service provider agencies that offer health insurance coverage as a benefit to their direct service worker employees pursuant to rules adopted by the Department. The Department shall review the enhanced rate as part of its process to rebase in-home service provider reimbursement rates pursuant to federal waiver requirements. Subject to federal approval, beginning on January 1, 2024, rates for adult day services shall be increased to \$16.84 per hour and rates for each way transportation services for adult day services shall be increased to \$12.44 per unit transportation.

Subject to federal approval, on and after January 1, 2024, rates for homemaker services shall be increased to \$28.07 to sustain a minimum wage of \$17 per hour for direct service workers. Rates in subsequent State fiscal years shall be no lower than the rates put into effect upon federal approval. Providers of in-home services shall be required to certify to the Department that they remain in compliance with the mandated wage increase for direct service workers. Fringe benefits, including, but not limited to, paid time off and payment for training, health insurance, travel, or transportation, shall not be reduced in relation to the rate increases described in this paragraph.

Subject to and upon federal approval, on and after January 1, 2025, rates for homemaker services shall be increased to \$29.63 to sustain a minimum wage of \$18 per hour for direct service workers. Rates in subsequent State fiscal years shall be no lower than the rates put into effect upon federal approval. Providers of in-home services shall be required to certify to the Department that they remain in compliance with the mandated wage increase for direct service workers. Fringe benefits, including, but not limited to, paid time off and payment for training, health insurance, travel, or transportation, shall not be reduced in relation to the rate increases described in this paragraph.

Subject to and upon federal approval, on and after January 1, 2026, rates for homemaker services shall be increased to \$30.80 to sustain a minimum wage of \$18.75 per hour for direct service workers. Rates in subsequent State fiscal years shall be no lower than the rates put into effect upon federal approval. Providers of in-home services shall be required to certify to the Department that they remain in compliance with the mandated wage increase for direct service workers. Fringe benefits, including, but not limited to, paid time off and payment for training, health insurance, travel, or transportation, shall not be reduced in relation to the rate increases described in this paragraph.

The General Assembly finds it necessary to authorize an aggressive Medicaid enrollment initiative designed to maximize federal Medicaid funding for the Community Care Program which produces significant savings for the State of Illinois. The Department on Aging shall establish and implement a Community Care Program Medicaid Initiative. Under the Initiative, the Department on Aging shall, at a minimum: (i) provide an enhanced rate to adequately compensate care coordination units to enroll eligible Community Care Program clients into Medicaid; (ii) use recommendations from a stakeholder committee on how best to implement the Initiative; and (iii) establish requirements for State agencies to make enrollment in the State's Medical Assistance program easier for seniors.

The Community Care Program Medicaid Enrollment Oversight Subcommittee is created as a subcommittee of the Older Adult Services Advisory Committee established in Section 35 of the Older Adult Services Act to make recommendations on how best to increase the number of medical assistance recipients who are enrolled in the Community Care Program. The Subcommittee shall consist of all of the following persons who must be appointed within 30 days after June 4, 2018 (the effective date of Public Act 100-587):

- (1) The Director of Aging, or his or her designee, who shall serve as the chairperson of the Subcommittee.
- (2) One representative of the Department of Healthcare and Family Services, appointed by the Director of Healthcare and Family Services.
- (3) One representative of the Department of Human Services, appointed by the Secretary of Human Services.
- (4) One individual representing a care coordination unit, appointed by the Director of Aging.
- (5) One individual from a non-governmental statewide organization that advocates for seniors, appointed by the Director of Aging.
- (6) One individual representing Area Agencies on Aging, appointed by the Director of Aging.
- (7) One individual from a statewide association dedicated to Alzheimer's care, support, and research, appointed by the Director of Aging.
- (8) One individual from an organization that employs persons who provide services under the Community Care Program, appointed by the Director of Aging.
- (9) One member of a trade or labor union representing persons who provide services under the Community Care Program, appointed by the Director of Aging.
- (10) One member of the Senate, who shall serve as co-chairperson, appointed by the President of the Senate.
- (11) One member of the Senate, who shall serve as co-chairperson, appointed by the Minority Leader of the Senate.
- (12) One member of the House of Representatives, who shall serve as co-chairperson, appointed by the Speaker of the House of Representatives.
- (13) One member of the House of Representatives, who shall serve as co-chairperson, appointed by the Minority Leader of the House of Representatives.
- (14) One individual appointed by a labor organization representing frontline employees at the Department of Human Services.

The Subcommittee shall provide oversight to the Community Care Program Medicaid Initiative and shall meet quarterly. At each Subcommittee meeting the Department on Aging shall provide the following data sets to the Subcommittee: (A) the number of Illinois residents, categorized by planning and service

area, who are receiving services under the Community Care Program and are enrolled in the State's Medical Assistance Program; (B) the number of Illinois residents, categorized by planning and service area, who are receiving services under the Community Care Program, but are not enrolled in the State's Medical Assistance Program; and (C) the number of Illinois residents, categorized by planning and service area, who are receiving services under the Community Care Program and are eligible for benefits under the State's Medical Assistance Program, but are not enrolled in the State's Medical Assistance Program. In addition to this data, the Department on Aging shall provide the Subcommittee with plans on how the Department on Aging will reduce the number of Illinois residents who are not enrolled in the State's Medical Assistance Program but who are eligible for medical assistance benefits. The Department on Aging shall enroll in the State's Medical Assistance Program those Illinois residents who receive services under the Community Care Program and are eligible for medical assistance benefits but are not enrolled in the State's Medicaid Assistance Program. The data provided to the Subcommittee shall be made available to the public via the Department on Aging's website.

The Department on Aging, with the involvement of the Subcommittee, shall collaborate with the Department of Human Services and the Department of Healthcare and Family Services on how best to achieve the responsibilities of the Community Care Program Medicaid Initiative.

The Department on Aging, the Department of Human Services, and the Department of Healthcare and Family Services shall coordinate and implement a streamlined process for seniors to access benefits under the State's Medical Assistance Program.

The Subcommittee shall collaborate with the Department of Human Services on the adoption of a uniform application submission process. The Department of Human Services and any other State agency involved with processing the medical assistance application of any person enrolled in the Community Care Program shall include the appropriate care coordination unit in all communications related to the determination or status of the application.

The Community Care Program Medicaid Initiative shall provide targeted funding to care coordination units to help seniors complete their applications for medical assistance benefits. On and after July 1, 2019, care coordination units shall receive no less than \$200 per completed application, which rate may be included in a bundled rate for initial intake services when Medicaid application assistance is provided in conjunction with the initial intake process for new program participants.

The Community Care Program Medicaid Initiative shall cease operation 5 years after June 4, 2018 (the effective date of Public Act 100-587), after which the Subcommittee shall dissolve.

Effective July 1, 2023, subject to federal approval, the Department on Aging shall reimburse Care Coordination Units at the following rates for case management services: \$252.40 for each initial assessment; \$366.40 for each initial assessment with translation; \$229.68 for each redetermination assessment; \$313.68 for each redetermination assessment with translation; \$200.00 for each completed application for medical assistance benefits; \$132.26 for each face-to-face, choices-for-care screening; \$168.26 for each face-to-face, choices-for-care screening with translation; \$124.56 for each 6-month, face-to-face visit; \$132.00 for each MCO participant eligibility determination; and \$157.00 for each MCO participant eligibility determination with translation.

Section 10-25. The Juvenile Court Act of 1987 is amended by changing Section 2-28 as follows:
(705 ILCS 405/2-28)

Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite the legal custodian or guardian into court and require the legal custodian, guardian, or the legal custodian's or guardian's agency to make a full and accurate report of the doings of the legal custodian, guardian, or agency on behalf of the minor. The custodian or guardian, within 10 days after such citation, or earlier if the court determines it to be necessary to protect the health, safety, or welfare of the minor, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in the custodian's or guardian's stead or restore the minor to the custody of the minor's parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian, or legal custodian in any case in which the minor is found to be neglected

or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian, or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian, or legal custodian to care for the minor and the court enters an order that such parent, guardian, or legal custodian is fit to care for the minor.

(1.5) The public agency that is the custodian or guardian of the minor shall file a written report with the court no later than 15 days after a minor in the agency's care remains:

- (1) in a shelter placement beyond 30 days;
- (2) in a psychiatric hospital past the time when the minor is clinically ready for discharge or beyond medical necessity for the minor's health; or
- (3) in a detention center or Department of Juvenile Justice facility solely because the public agency cannot find an appropriate placement for the minor.

The report shall explain the steps the agency is taking to ensure the minor is placed appropriately, how the minor's needs are being met in the minor's shelter placement, and if a future placement has been identified by the Department, why the anticipated placement is appropriate for the needs of the minor and the anticipated placement date.

(1.6) Within 30 days after placing a child in its care in a qualified residential treatment program, as defined by the federal Social Security Act, the Department of Children and Family Services shall prepare a written report for filing with the court and send copies of the report to all parties. Within 20 days of the filing of the report, or as soon thereafter as the court's schedule allows but not more than 60 days from the date of placement, the court shall hold a hearing to consider the Department's report and determine whether placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and if the placement is consistent with the short-term and long-term goals for the child, as specified in the permanency plan for the child. The court shall approve or disapprove the placement. If applicable, the requirements of Sections 2-27.1 and 2-27.2 must also be met. The Department's written report and the court's written determination shall be included in and made part of the case plan for the child. If the child remains placed in a qualified residential treatment program, the Department shall submit evidence at each status and permanency hearing:

(A) demonstrating that on-going assessment of the strengths and needs of the child continues to support the determination that the child's needs cannot be met through placement in a foster family home, that the placement provides the most effective and appropriate level of care for the child in the least restrictive, appropriate environment, and that the placement is consistent with the short-term and long-term permanency goal for the child, as specified in the permanency plan for the child;

(B) documenting the specific treatment or service needs that should be met for the child in the placement and the length of time the child is expected to need the treatment or services;

(C) the efforts made by the agency to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home; and

(D) beginning July 1, 2025, documenting the Department's efforts regarding ongoing family finding and relative engagement required under Section 2-27.3.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, regardless of whether an adjudication or dispositional hearing has been completed within that time frame, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety, or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this

subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the agency's service plan, the agency shall also include a report setting forth the following:

(A) any special physical, psychological, educational, medical, emotional, or other needs of the minor or the minor's family that are relevant to a permanency or placement determination, and for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living;

(B) beginning July 1, 2025, a written description of ongoing family finding and relative engagement efforts in accordance with the requirements under Section 2-27.3 the agency has undertaken since the most recent report to the court to plan for the emotional and legal permanency of the minor;

(C) whether a minor is placed in a licensed child care facility under a corrective plan by the Department due to concerns impacting the minor's safety and well-being. The report shall explain the steps the Department is taking to ensure the safety and well-being of the minor and that the minor's needs are met in the facility;

(D) detail regarding what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, what permanency goal is recommended to be in the best interests of the child, and the reasons for the recommendation. If a permanency goal under paragraph (A), (B), or (B-1) of subsection (2.3) have been deemed inappropriate and not in the minor's best interest, the report must include the following information:

(i) confirmation that the caseworker has discussed the permanency options and subsidies available for guardianship and adoption with the minor's caregivers, the minor's parents, as appropriate, and has discussed the available permanency options with the minor in an age-appropriate manner;

(ii) confirmation that the caseworker has discussed with the minor's caregivers, the minor's parents, as appropriate, and the minor as age-appropriate, the distinctions between guardianship and adoption, including, but not limited to, that guardianship does not require termination of the parent's rights or the consent of the parent;

(iii) a description of the stated preferences and concerns, if any, the minor, the parent as appropriate, and the caregiver expressed relating to the options of guardianship and adoption, and the reasons for the preferences;

(iv) if the minor is not currently in a placement that will provide permanency, identification of all persons presently willing and able to provide permanency to the minor through either guardianship or adoption, and beginning July 1, 2025, if none are available, a description of the efforts made in accordance with Section 2-27.3; and

(v) state the recommended permanency goal, why that goal is recommended, and why the other potential goals were not recommended.

The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

(2.3) At the permanency hearing, the court shall determine the permanency goal of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held

not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

If the court has determined that goals (A), (B), and (B-1) are not appropriate and not in the minor's best interest, the court may select one of the following goals: (C), (D), (E), (F), ~~or~~ (G), or (H) for the minor as appropriate and based on the best interests of the minor. The court shall determine the appropriate goal for the minor based on best interest factors and any considerations outlined in that goal.

(C) The guardianship of the minor shall be transferred to an individual or couple on a permanent basis. Prior to changing the goal to guardianship, the court shall consider the following:

(i) whether the agency has discussed adoption and guardianship with the caregiver and what preference, if any, the caregiver has as to the permanency goal;

(ii) whether the agency has discussed adoption and guardianship with the minor, as age-appropriate, and what preference, if any, the minor has as to the permanency goal;

(iii) whether the minor is of sufficient age to remember the minor's parents and if the child values this familial identity;

(iv) whether the minor is placed with a relative, and beginning July 1, 2025, whether the minor is placed in a relative home as defined in Section 4d of the Children and Family Services Act or in a certified relative caregiver home as defined in Section 2.36 of the Child Care Act of 1969; and

(v) whether the parent or parents have been informed about guardianship and adoption, and, if appropriate, what preferences, if any, the parent or parents have as to the permanency goal.

(D) The minor will be in substitute care pending court determination on termination of parental rights. Prior to changing the goal to substitute care pending court determination on termination of parental rights, the court shall consider the following:

(i) whether the agency has discussed adoption and guardianship with the caregiver and what preference, if any, the caregiver has as to the permanency goal;

(ii) whether the agency has discussed adoption and guardianship with the minor, as age-appropriate, and what preference, if any, the minor has as to the permanency goal;

(iii) whether the minor is of sufficient age to remember the minor's parents and if the child values this familial identity;

(iv) whether the minor is placed with a relative, and beginning July 1, 2025, whether the minor is placed in a relative home as defined in Section 4d of the Children and Family Services Act, in a certified relative caregiver home as defined in Section 2.36 of the Child Care Act of 1969;

(v) whether the minor is already placed in a pre-adoptive home, and if not, whether such a home has been identified; and

(vi) whether the parent or parents have been informed about guardianship and adoption, and, if appropriate, what preferences, if any, the parent or parents have as to the permanency goal.

(E) Adoption, provided that parental rights have been terminated or relinquished.

(F) Provided that permanency goals (A) through (E) have been deemed inappropriate and not in the minor's best interests, the minor over age 15 will be in substitute care pending independence. In selecting this permanency goal, the Department of Children and Family Services may provide services to enable reunification and to strengthen the minor's connections with family, fictive kin, and other responsible adults, provided the services are in the minor's best interest. The services shall be documented in the service plan.

(G) The minor will be in substitute care because the minor cannot be provided for in a home environment due to developmental disabilities or mental illness or because the minor is a danger to self or others, provided that goals (A) through (E) have been deemed inappropriate and not in the child's best interests.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were deemed inappropriate and not in the child's best interest. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, except as provided in paragraph (F) of this subsection (2.3), but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

(1) The Department of Children and Family Services has custody and guardianship of the minor;

(2) The court has deemed all other permanency goals inappropriate based on the child's best interest;

(3) The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:

(a) the child does not wish to be adopted or to be placed in the guardianship of the minor's relative, certified relative caregiver, or foster care placement;

(b) the child exhibits an extreme level of need such that the removal of the child from the minor's placement would be detrimental to the child; or

(c) the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the relationship, and whether ongoing contact is in the subject child's best interest, including long-term emotional interest, as compared with the legal and emotional benefit of permanence;

(4) The child has lived with the relative, certified relative caregiver, or foster parent for at least one year; and

(5) The relative, certified relative caregiver, or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.

(2.4) The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

(A) Age of the child.

(B) Options available for permanence, including both out-of-state and in-state placement options.

(C) Current placement of the child and the intent of the family regarding subsidized guardianship and adoption.

(D) Emotional, physical, and mental status or condition of the child.

(E) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.

(F) Availability of services currently needed and whether the services exist.

(G) Status of siblings of the minor.

(H) If the minor is not currently in a placement likely to achieve permanency, whether there is an identified and willing potential permanent caregiver for the minor, and if so, that potential permanent caregiver's intent regarding guardianship and adoption.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include services reasonably related to remedy the conditions that gave rise to removal of the child from the home of the child's parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that these findings are based

on the information that the court has at that time and may be revised, should additional evidence be presented to the court.

The court shall review the Sibling Contact Support Plan developed or modified under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop or modify a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's best interest, the court may enter an order requiring the Department to develop, modify, or implement a Sibling Contact Support Plan, or order mediation.

Beginning July 1, 2025, the court shall review the Ongoing Family Finding and Relative Engagement Plan required under Section 2-27.3. If the court finds that the plan is not in the minor's best interest, the court shall enter specific factual findings and order the Department to modify the plan consistent with the court's findings.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Except as authorized by subsection (2.5) of this Section and as otherwise specifically authorized by law, the court is not empowered under this Section to order specific placements, specific services, or specific service providers to be included in the service plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(2.5) If, after reviewing the evidence, including evidence from the Department, the court determines that the minor's current or planned placement is not necessary or appropriate to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting its determination and enter specific findings based on the evidence. If the court finds that the minor's current or planned placement is not necessary or appropriate, the court may enter an order directing the Department to implement a recommendation by the minor's treating clinician or a clinician contracted by the Department to evaluate the minor or a recommendation made by the Department. If the Department places a minor in a placement under an order entered under this subsection (2.5), the Department has the authority to remove the minor from that placement when a change in circumstances necessitates the removal to protect the minor's health, safety, and best interest. If the Department determines removal is necessary, the Department shall notify the parties of the planned placement change in writing no later than 10 days prior to the implementation of its determination unless remaining in the placement poses an imminent risk of harm to the minor, in which case the Department shall notify the parties of the placement change in writing immediately following the implementation of its decision. The Department shall notify others of the decision to change the minor's placement as required by Department rule.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsections (2) and (2.3) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short-term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's current or planned placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety,

best interest, and special needs of the minor and, if the minor is placed out-of-state, whether the out-of-state placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of the minor's parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.

Custody of the minor shall not be restored to any parent, guardian, or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian, or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety, and best interest of the minor and the fitness of such parent, guardian, or legal custodian to care for the minor and the court enters an order that such parent, guardian, or legal custodian is fit to care for the minor. If a motion is filed to modify or vacate a private guardianship order and return the child to a parent, guardian, or legal custodian, the court may order the Department of Children and Family Services to assess the minor's current and proposed living arrangements and to provide ongoing monitoring of the health, safety, and best interest of the minor during the pendency of the motion to assist the court in making that determination. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating the minor's guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without the legal custodian's or guardian's consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

If the minor is being restored to the custody of a parent, legal custodian, or guardian who lives outside of Illinois, and an Interstate Compact has been requested and refused, the court may order the Department of Children and Family Services to arrange for an assessment of the minor's proposed living arrangement and for ongoing monitoring of the health, safety, and best interest of the minor and compliance with any order of protective supervision entered in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or

convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without endangering the minor's health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall cooperate with the agent of the court in providing any information sought in the investigation.

(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

Article 11.

Section 11-1. The Illinois Emergency Management Agency Act is amended by changing Section 17.8 as follows:

(20 ILCS 3305/17.8)

Sec. 17.8. IEMA State Projects Fund. The IEMA State Projects Fund is created as a trust fund in the State treasury. The Fund shall consist of any moneys appropriated to the Agency for purposes of the Illinois' Not-For-Profit Security Grant Program, a grant program authorized by subsection (g-5) of Section 5 of this Act, to provide funding support for target hardening activities and other physical security enhancements for qualifying not-for-profit organizations that are at high risk of terrorist attack. The Agency is authorized to use moneys appropriated from the Fund to make grants to not-for-profit organizations, including those that provide medical or behavioral health services, for target hardening activities, security personnel, and physical security enhancements and for the payment of administrative expenses associated with the Not-For-Profit Security Grant Program, except that, beginning July 1, 2024, the Agency shall not award grants under this Section to those entities whose primary purpose is to provide reproductive or maternal health care and reproductive or maternal health counseling services ~~medical or mental health services~~. As used in this Section, "target hardening activities" include, but are not limited to, the purchase and installation of security equipment on real property owned or leased by the not-for-profit organization. Grants, gifts, and moneys from any other source, public or private, may also be deposited into the Fund and used for the purposes authorized by this Act.

Article 12.

Section 12-5. The Illinois Administrative Procedure Act is amended by adding Section 5-45.63 as follows:

(5 ILCS 100/5-45.63 new)

Sec. 5-45.63. Emergency rulemaking; Developmental Disability and Mental Disability Services Act. To provide for the expeditious and timely implementation of the changes made to Section 2-6 of the Developmental Disability and Mental Disability Services Act by this amendatory Act of the 104th General Assembly, emergency rules implementing the changes made to that Section by this amendatory Act of the 104th General Assembly may be adopted in accordance with Section 5-45 by the Department of Human Services or any other agency essential to the implementation of the changes. The adoption of emergency rules authorized by Section 5-45 and this Section is deemed to be necessary for the public interest, safety, and welfare.

This Section is repealed one year after the effective date of this Section.

Section 12-10. The Developmental Disability and Mental Disability Services Act is amended by changing Section 2-6 as follows:

(405 ILCS 80/2-6) (from Ch. 91 1/2, par. 1802-6)

Sec. 2-6. An application for the Program shall be submitted to the Department by the adult with a mental disability or, if the adult with a mental disability requires a guardian, by his or her legal guardian. If the application for participation in the Program is approved by the Department and the adult with a mental disability is eligible to receive services under this Article, the adult with a mental disability shall be made aware of the availability of a community support team and shall be offered case management services. The amount of the home-based services provided by the Department in any month shall be determined by the service plan of the adult with a mental disability, but in no case shall it be more than either:

(a) 1.05 times 300% ~~three hundred percent~~ of the monthly federal Supplemental Security Income payment for an individual residing alone if the adult with a mental disability is not enrolled in a special education program by a local education agency, or

(b) 1.05 times 200% ~~two hundred percent~~ of the monthly Supplemental Security Income payment for an individual residing alone if the adult with a mental disability is enrolled in a special education program by a local education agency.

Upon approval of the Department, all or part of the monthly amount approved for home-based services to participating adults may be used as a one-time or continuing payment to the eligible adult or the adult's parent or guardian to pay for specified tangible items that are directly related to meeting basic needs related to the person's mental disabilities.

Tangible items include, but are not limited to: adaptive equipment, medication not covered by third-party payments, nutritional supplements, and residential modifications.
(Source: P.A. 99-143, eff. 7-27-15.)

Article 15.

Section 15-5. The Child Care Act of 1969 is amended by changing Section 3.4 as follows:
(225 ILCS 10/3.4)

(This Section may contain text from a Public Act with a delayed effective date)

Sec. 3.4. Standards for certified relative caregiver homes.

(a) No later than July 1, 2025, the Department shall adopt rules outlining the standards for certified relative caregiver homes, which are reasonably in accordance with the national consortium recommendations and federal law and rules, and consistent with the requirements of this Act. The standards for certified relative caregiver homes shall: (i) be different from licensing standards used for non-relative foster family homes under Section 4; (ii) align with the recommendation of the U.S. Department of Health and Human Services' Administration for Children and Families for implementation of Section 471(a)(10), 471(a)(11), and 471(a)(20) and Section 474 of Title IV-E of the Social Security Act; (iii) be no more restrictive than, and reasonably in accordance with, national consortium recommendations; and (iv) address background screening for caregivers and other household residents and assessing home safety and caregiver capacity to meet the identified child's needs.

A guiding premise for certified relative caregiver home standards is that foster care maintenance payments for every relative, starting upon placement, regardless of federal reimbursement, are critical to ensure that the basic needs and well-being of all children in relative care are being met. If an agency places a child in the care of a relative, the relative must immediately be provided with adequate support to care for that child. The Department shall review foster care maintenance payments to ensure that children receive the same amount of foster care maintenance payments whether placed in a certified relative caregiver home or a licensed foster family home.

In developing rules, the Department shall solicit and incorporate feedback from relative caregivers. No later than 60 days after the effective date of this amendatory Act of the 103rd General Assembly, the Department shall begin soliciting input from relatives who are currently or have recently been caregivers to youth in care to develop the rules and procedures to implement the requirements of this Section. The Department shall solicit this input in a manner convenient for caregivers to participate, including without limitation, in-person convenings at after hours and weekend venues, locations that provide child care, and modalities that are accessible and welcoming to new and experienced relative caregivers from all regions of the State. The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

(b) In order to assess whether standards are met for a certified relative caregiver home under this Section, the Department or a licensed child welfare agency shall:

(1) complete the home safety and needs assessment and identify and provide any necessary concrete goods or safety modifications to assist the prospective certified relative caregiver in meeting the needs of the specific child or children being placed by the Department, in a manner consistent with Department rule;

(2) assess the ability of the prospective certified relative caregiver to care for the physical, emotional, medical, and educational needs of the specific child or children being placed by the Department using the protocol and form provided through national consortium recommendations; and

(3) using the standard background check form established by rule, complete a background check for each person seeking certified relative caregiver approval and any other adults living in the home as required under this Section.

(c) The Department or a licensed child welfare agency shall conduct the following background screening investigation for every prospective certified relative caregiver and adult resident living in the home:

(1) a name-based State, local, or tribal criminal background check, and as soon as reasonably possible, initiate a fingerprint-based background check;

(2) a review of this State's Central Registry and registries of any state in which an adult household member has resided in the last 5 years, if applicable to determine if the person has been determined to be a perpetrator in an indicated report of child abuse or neglect; and

(3) a review of the sex offender registry.

No home may be a certified relative caregiver home if any prospective caregivers or adult residents in the home refuse to authorize a background screening investigation as required by this Section. Only information and standards that bear a reasonable and rational relation to the caregiving capacity of the certified relative caregiver and adult member of the household and overall safety provided by residents of that home shall be used by the Department or licensed child welfare agency.

In approving a certified relative caregiver home in accordance with this Section, if an adult has a criminal record, the Department or licensed child welfare agency shall thoroughly investigate and evaluate the criminal history of the adult and, in so doing, include an assessment of the adult's character and, in the case of the prospective certified relative caregiver, the impact that the criminal history has on the prospective certified relative caregiver's ability to parent the child; the investigation should consider the type of crime, the number of crimes, the nature of the offense, the age of the person at the time of the crime, the length of time that has elapsed since the last conviction, the relationship of the crime to the ability to care for children, the role that adult will have with the child, and any evidence of rehabilitation. In accordance with federal law, a home shall not be approved if the record of the prospective certified relative caregiver's background screening reveals: (i) a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children ~~crimes against a child~~, including child pornography, or for a crime involving violence, including ~~of~~ rape, sexual assault, or homicide, but not including other physical assault or battery; or (ii) a felony conviction in the last 5 years for physical assault, battery, or a drug-related offense.

If the Department is contemplating denying approval of a certified relative caregiver home, the Department shall provide a written notice in the prospective certified relative caregiver's primary language to each prospective certified relative caregiver before the Department takes final action to deny approval of the home. This written notice shall include the specific reason or reasons the Department is considering denial, list actions prospective certified relative caregivers can take, if any, to remedy such conditions and the timeframes in which such actions would need to be completed, explain reasonable supports that the Department can provide to assist the prospective certified relative caregivers in taking remedial actions and how the prospective certified relative caregivers can request such assistance, and provide the recourse prospective certified relative caregivers can seek to resolve disputes about the Department's findings. The Department shall provide prospective certified relative caregivers reasonable opportunity pursuant to rulemaking to cure any remediable deficiencies that the Department identified before taking final action to deny approval of a certified relative caregiver home.

If conditions have not been remedied after a reasonable opportunity and assistance to cure identified deficiencies has been provided, the Department shall provide a final written notice explaining the reasons for denying the certified relative caregiver home approval and the reconsideration process to review the decision to deny certification. The Department shall not prohibit a prospective certified relative caregiver from being reconsidered for approval if the prospective certified relative caregivers are able to demonstrate a change in circumstances that improves deficient conditions.

Documentation that a certified relative caregiver home meets the required standards may be filed on behalf of such homes by a licensed child welfare agency, by a State agency authorized to place children in foster care, or by out-of-state agencies approved by the Department to place children in this State. For documentation on behalf of a home in which specific children are placed by and remain under supervision of the applicant agency, such agency shall document that the certified relative caregiver home, responsible for the care of related specific children therein, was found to be in reasonable compliance with standards prescribed by the Department for certified relative caregiver homes under this Section. Certification is applicable to one or more related children and documentation for certification shall indicate the specific child or children who would be eligible for placement in this certified relative caregiver home.

Information concerning criminal convictions of prospective certified relative caregivers and adult residents of a prospective certified relative caregiver home investigated under this Section, including the source of the information, State conviction information provided by the Illinois State Police, and any conclusions or recommendations derived from the information, shall be offered to the prospective certified relative caregivers and adult residents of a prospective certified relative caregiver home, and provided, upon request, to such persons prior to final action by the Department in the certified relative caregiver home approval process.

Any information concerning criminal charges or the disposition of such criminal charges obtained by the Department shall be confidential and may not be transmitted outside the Department, except as required or permitted by State or federal law, and may not be transmitted to anyone within the Department except as needed for the purpose of evaluating standards for a certified relative caregiver home or for evaluating the placement of a specific child in the home. Information concerning a prospective certified relative caregiver or an adult resident of a prospective certified relative caregiver home obtained by the Department for the purposes of this Section shall be confidential and exempt from public inspection and copying as provided under Section 7 of the Freedom of Information Act, and such information shall not be transmitted outside the Department, except as required or authorized by State or federal law, including applicable provisions in the Abused and Neglected Child Reporting Act, and shall not be transmitted to anyone within the Department except as provided in the Abused and Neglected Child Reporting Act, and shall not be transmitted to anyone within the Department except as needed for the purposes of evaluating homes. Any employee of the Department, the Illinois State Police, or a licensed child welfare agency receiving confidential information under this Section who gives or causes to be given any confidential information concerning any criminal convictions or child abuse or neglect reports involving a prospective certified relative caregiver or an adult resident of a prospective certified relative caregiver home shall be guilty of a Class A misdemeanor unless release of such information is authorized by this Section or Section 11.1 of the Abused and Neglected Child Reporting Act.

The Department shall permit, but shall not require, a prospective certified relative caregiver who does not yet have eligible children placed by the Department in the relative's home to commence the process to become a certified relative caregiver home for a particular identified child under this Section before a child is placed by the Department if the prospective certified relative caregiver prefers to begin this process in advance of the identified child being placed. No later than July 1, 2025, the Department shall adopt rules delineating the process for re-assessing a certified relative caregiver home if the identified child is not placed in that home within 6 months of the home becoming certified.

(d) The Department shall ensure that prospective certified relative caregivers are provided with assistance in completing the steps required for approval as a certified relative caregiver home, including, but not limited to, the following types of assistance:

- (1) completing forms together with the relative or for the relative, if possible;
- (2) obtaining court records or dispositions related to background checks;
- (3) accessing translation services;
- (4) using mobile fingerprinting devices in the home, and if mobile devices are unavailable, providing assistance scheduling appointments that are accessible and available at times that fit the household members' schedules, providing transportation and child care to allow the household members to complete fingerprinting appointments, and contracting with community-based fingerprinting locations that offer evening and weekend appointments;
- (5) reimbursement or advance payment for the prospective certified relative caregiver to help with reasonable home maintenance to resolve critical safety issues in accordance with Department rulemaking; and
- (6) purchasing required safety or comfort items such as a car seat or mattress.

(e) Orientation provided to certified relative caregivers shall include information regarding:

- (1) caregivers' right to be heard in juvenile court proceedings;
- (2) the availability of the advocacy hotline and Office of the Inspector General that caregivers may use to report incidents of misconduct or violation of rules by Department employees, service providers, or contractors;
- (3) the Department's expectations for caregiving obligations including, but not limited to, specific requirements of court orders, critical incident notifications and timeframes, supervision for the child's age and needs, out-of-state travel, and consent procedures;
- (4) assistance available to the certified relative caregivers, including child care, respite care, transportation assistance, case management, training and support groups, kinship navigator services, financial assistance, and after hours and weekend 24 hours, 7 days a week emergency supports, and how to access such assistance;
- (5) reasonable and prudent parenting standards; and
- (6) permanency options.

Orientation shall be provided in a setting and modality convenient for the residents of the certified relative caregiver home, which shall include the option for one-on-one sessions at the residence, after business hours, and in the primary language of the caregivers. Training opportunities shall be offered to the residents of the certified relative caregiver home, but shall not be a requirement that delays the certified relative caregiver home approval process from being completed.

The Department or licensed child welfare agency may provide support groups and development opportunities for certified relative caregivers, and take other steps to support permanency, such as offering voluntary training, or concurrent assessments of multiple prospective certified relative caregivers to determine which may be best suited to provide long-term permanency for a particular child. However, these support groups and development opportunities shall not be requirements for prospective certified relative caregiver homes or delay immediate placement and support to a relative who satisfies the standards set forth in this Section.

(f) All child welfare agencies serving relative and certified relative caregiver homes shall be required by the Department to have complaint policies and procedures that shall be provided in writing to prospective and current certified relative caregivers and residents of prospective and current certified relative caregiver homes, at the earliest time possible. The complaint procedure shall allow residents of prospective and current certified relative caregiver homes to submit complaints 7 days a week and complaints shall be reviewed by the Department within 30 days of receipt. These complaint procedures must be filed with the Department within 6 months after the effective date of this amendatory of the 103rd General Assembly.

No later than July 1, 2025, the Department shall revise any rules and procedures pertaining to eligibility of certified relative caregivers to qualify for State and federal subsidies and services under the guardianship and adoption assistance program and remove any requirements that exceed the federal requirements for participation in these programs or supports to ensure that certified relative caregiver homes are deemed eligible for permanency options, such as adoption or subsidized guardianship, if the child is unable to safely return to the child's parents. The rules shall outline the essential elements of each form used in the implementation and enforcement of the provisions of this amendatory Act of the 103rd General Assembly.

The Department shall submit any necessary State plan amendments necessary to comply with this Section and to ensure Title IV-E reimbursement eligibility under Section 671(a)(20)(A-B) of the Social Security Act can be achieved expediently. The Department shall differentiate expenditures related to certified relative caregivers from licensed care placements to provide clarity in expenditures of State and federal monies for certified relative caregiver supports.

Section 15-10. The Illinois Public Aid Code is amended by changing Sections 4-12 and 4-22 as follows:

(305 ILCS 5/4-12) (from Ch. 23, par. 4-12)

Sec. 4-12. Crisis assistance. Where a family has been (1) rendered homeless or threatened with homelessness by fire, flood, other natural disaster, eviction or court order to vacate the premises for reasons other than nonpayment of rent, or where a family has become homeless because they have left their residence due to domestic or sexual violence; (1.5) deprived of the household's income as a result of domestic or sexual violence; (2) deprived of essential items of furniture or essential clothing by fire or flood

or other natural disaster; (3) deprived of food as a result of actions other than loss or theft of cash and where the deprivation cannot be promptly alleviated through the federal food stamp program; (4) as a result of a documented theft or documented loss of cash, deprived of food or essential clothing or deprived of shelter or immediately threatened with deprivation of shelter as evidenced by a court order requiring immediate eviction due to nonpayment of rent; or (5) rendered the victim of such other hardships as the Illinois Department shall by rule define, the Illinois Department may provide assistance to alleviate such needs. The Illinois Department shall verify need and determine eligibility for crisis assistance for families already receiving grants from the Illinois Department within 5 working days following application for such assistance and shall determine eligibility for all other families and afford such assistance for families found eligible within such time limits as the Illinois Department shall by rule provide. ~~The Illinois Department may, by rule, limit crisis assistance to an eligible family to once in any 12 consecutive months. This limitation may be made for some or all items of crisis assistance.~~

The Illinois Department by regulation shall specify the criteria for determining eligibility and the amount and nature of assistance to be provided. Where deprivation of shelter exists or is threatened, the Illinois Department must inform the family of crisis assistance funding, when available. Upon the availability of funds, the Department shall provide no less than \$1,250 to eligible families for up to 4 months may provide reasonable moving expenses, short term rental costs, including one month's rent and a security deposit where such expenses are needed for relocation, and, where the Department determines appropriate, provide assistance to prevent an imminent eviction or foreclosure. These amounts may be described in established amounts or maximums. The Illinois Department may also describe, for each form of assistance authorized, the method by which the assistance shall be delivered, including but not limited to warrants or disbursing orders.

Annual expenditures under this Section shall not exceed \$2,000,000. The Illinois Department shall review such expenditures quarterly and shall, if necessary, reduce the amounts or nature of assistance authorized in order to assure that the limit is not exceeded.

This Section shall be subject to the civil remedies outlined in Section 8A-7.

(Source: P.A. 96-866, eff. 7-1-10.)

(305 ILCS 5/4-22)

Sec. 4-22. Domestic and sexual violence.

(a) Findings and policy. The General Assembly finds that it is the policy of the State of Illinois that:

(1) no individual or family should be forced to remain in a violent living situation or place themselves or others at risk in order to attain or retain TANF assistance; and

(2) no individual or family should be unfairly penalized because past or present domestic or sexual violence or the risk of domestic or sexual violence causes them to fail to comply with TANF program requirements for assistance.

~~The assessment process to develop the personal plan for achieving self-sufficiency shall include questions that screen for domestic and sexual violence issues. If the individual indicates that he or she is the victim of domestic or sexual violence and indicates a need to address domestic or sexual violence issues in order to reach self-sufficiency, the plan shall take this factor into account in determining the work, education, and training activities suitable to the client for achieving self-sufficiency. In addition, in such a case, specific steps needed to directly address the domestic or sexual violence issues may also be made part of the plan, including referral to an available domestic or sexual violence program. The Department shall conduct an individualized assessment and grant waivers of program requirements and other required activities for victims of domestic violence to the fullest extent allowed by 42 U.S.C. 602(a)(7)(A), and shall apply the same laws, regulations, and policies to victims of sexual violence. The duration of such waivers shall be initially determined and subsequently redetermined on a case by case basis. There shall be no limitation on the total number of months for which waivers under this Section may be granted, but continuing eligibility for a waiver shall be redetermined no less often than every 6 months.~~

(a-5) Definitions. As used in this Section:

"Domestic violence" has the meaning ascribed to it in Section 103 of the Illinois Domestic Violence Act of 1986.

"Sexual assault" or "sexual violence" means any conduct of an adult or minor child proscribed in Article 11 of the Criminal Code of 2012, except for Sections 11-35, 11-40, and 11-45 of the Criminal Code of 2012, including conduct committed by a perpetrator who is a stranger to the victim and conduct by a perpetrator who is known or related by blood or marriage to the victim.

(b) In recognition of the reality of domestic or sexual violence for many individuals and families who may need assistance, when making determinations as to an individual's compliance with TANF program requirements, the Department of Human Services shall implement the federal Family Violence Option created under Section 402 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, (P.L. 104-193), and as set forth in 42 U.S.C. 602(a)(7), including any implementing federal regulations at Part 260, Subtitle B, Chapter II, Title 45 of the Code of Federal Regulations.

(c) In accordance with subsection (b) and Section 402(a)(8) of the Social Security Act as amended by the federal Consolidated Appropriations Act, 2022 (P.L. 117-103), the Department shall:

(1) evaluate its policy of identifying individuals who are victims of domestic or sexual violence;

(2) provide universal notification of the good cause waiver at the time of an individual's initial TANF application;

(3) refer individuals who are victims of domestic or sexual violence to counseling, shelter, or other appropriate services; and

(4) automatically waive TANF program requirements, including, but not limited to, child support cooperation, work requirements, and time limits for individuals who are victims of domestic or sexual violence.

(d) Individuals who are victims of domestic or sexual violence may provide documentation or third-party verification, if possible, as evidence of the domestic or sexual violence. If an individual is unable to obtain documentation or third-party verification, then self-attestation shall suffice to establish eligibility for a good cause waiver based upon domestic or sexual violence. The following shall establish eligibility for a good cause waiver:

(1) Documentation, including law enforcement records, court records, medical or treatment records, social service records, and child protective service records.

(2) Third-party verification of domestic or sexual violence from any entity or individual who has knowledge of the circumstances which serve as the basis for the good cause waiver, including, but not limited to:

(A) a domestic violence or sexual violence service provider;

(B) a clergy member or religious leader;

(C) a medical, psychological, or social service provider;

(D) a law enforcement professional;

(E) a legal representative; or

(F) an acquaintance, friend, relative, or neighbor of the claimant, or any other individual.

(3) Self-attestation. If an individual is unable to obtain any of the items of evidence or documentation described in paragraphs (1) and (2), then the individual may self-affirm that he or she cannot safely comply with a TANF program requirement due to domestic or sexual violence.

(e) The Department shall create a Family Safety Notice form that:

(1) describes domestic and sexual violence;

(2) list the waivers available for TANF recipients who are victims of domestic or sexual violence;

(3) describes the Department's procedure and appeal process when making a determination as to an individual's eligibility for a good cause waiver;

(4) lists the contact information of an available statewide domestic and sexual violence organization; and

(5) provides a verification form that:

(A) defines a good cause waiver claim;

(B) lists acceptable documentation to support a claim of domestic or sexual violence as described in paragraph (1) of subsection (d);

(C) describes the entities and individuals permitted to provide third-party verification of domestic or sexual violence as provided in paragraph (2) of subsection (d);

(D) explains that the if an individual is unable to obtain any of the documentation or third-party verification described in paragraphs (1) and (2) of subsection (d), the individual may self-affirm that he or she cannot safely comply with a TANF program requirement due to domestic or sexual violence.

The Department shall not require an individual applying for or receiving TANF benefits to obtain an order of protection or to leave the alleged abuser in order to obtain a good cause waiver.

A good cause waiver determination based on domestic or sexual violence shall be made within 15 calendar days from the date the claim was initiated by the individual.

(f) Crisis assistance funding. If an individual is TANF eligible and is provided a good cause waiver, the Department must inform the individual of crisis assistance funding, upon availability. When available, the Department shall provide funding of no less than \$1250 to eligible individuals and families for 4 months.

(g) ~~(b)~~ The Illinois Department shall develop and monitor compliance procedures for its employees, contractors, and subcontractors to ensure that any information pertaining to any client who claims to be a past or present victim of domestic violence or an individual at risk of further domestic violence, whether provided by the victim or by a third party, will remain confidential.

(h) ~~(c)~~ The Illinois Department shall develop and implement a domestic violence training curriculum for Illinois Department employees who serve applicants for and recipients of aid under this Article. The curriculum shall be designed to better equip those employees to identify and serve domestic violence victims. The Illinois Department may enter into a contract for the development of the curriculum with one or more organizations providing services to domestic violence victims. The Illinois Department shall adopt rules necessary to implement this subsection.

(i) The Department shall adopt rules necessary to implement the amendatory changes made to this Section by this amendatory Act of the 104th General Assembly.

(j) The Department shall report data on the State's TANF caseload, the number of individuals applying for a good cause waiver, and the number of waivers granted. The Department shall provide the number of individuals eligible and applying for crisis assistance funding under this Section as part of its annual report to the General Assembly. The report shall exclude any personally identifiable information.

(Source: P.A. 96-866, eff. 7-1-10.)

Article 20.

Section 20-5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Sections 2310-715.1 and 2310-745 as follows:

(20 ILCS 2310/2310-715.1 new)

Sec. 2310-715.1. Healthcare strategy and sustainability planning. The Department, under the direction of the Office of the Governor and in coordination with any other appropriate State office, shall engage in health care strategy and delivery planning efforts to determine steps to strengthen safety-net hospitals and other health care systems in pursuit of long-term sustainability.

(20 ILCS 2310/2310-745 new)

Sec. 2310-745. Transfer of Coroner Training Board.

(a) The Coroner Training Board, as created by the Coroner Training Board Act, is hereby transferred to the Department. On and after July 1, 2025, the Department shall exercise the powers, duties, rights, and responsibilities provided under the Coroner Training Board Act and transferred to the Department under this amendatory Act of the 104th General Assembly.

(b) As soon as practicable after July 1, 2025, but not later than September 1, 2025, the personnel of the Coroner Training Board shall be transferred to the Department. The status and rights of those employees under the Personnel Code shall not be affected by the transfer. The rights of the employees and of the State of Illinois and its agencies under the Personnel Code or under any pension, retirement, or annuity plan shall not be affected by this amendatory Act of the 104th General Assembly.

(c) As soon as practicable after July 1, 2025, but not later than September 1, 2025, all books, records, papers, documents, property (real and personal), contracts, causes of action, and pending business pertaining to the powers, duties, rights, and responsibilities of the Coroner Training Board, including, but not limited to, material in electronic or magnetic format and necessary computer hardware and software, shall be transferred to the Department.

(d) Whenever reports or notices are now required to be made or given or papers or documents furnished or served by any person to or upon the Coroner Training Board, the same shall be made, given, furnished, or served in the same manner to or upon the Department.

(e) This amendatory Act of the 104th General Assembly does not affect any act done, ratified, or canceled or any right occurring or established or any action or proceeding had or commenced in an administrative, civil, or criminal cause by the Coroner Training Board before this amendatory Act of the

104th General Assembly takes effect; such actions or proceedings may be prosecuted and continued by the Department.

(f) Any rules of the Coroner Training Board that relate to its powers, duties, rights, and responsibilities and are in full force on July 1, 2025 shall become the rules and standards of the Department on July 1, 2025, and shall continue in effect until amended or repealed by the Department. This amendatory Act of the 104th General Assembly does not affect the legality of any such rules in the Illinois Administrative Code. Preexisting rules adopted by the Department prior to July 1, 2025 shall control in instances where the rules transferred from the Coroner Training Board overlap or are otherwise inconsistent.

Any rules filed with the Secretary of State by the Coroner Training Board that have been proposed but have not taken effect or have not been finally adopted by June 30, 2025, shall become proposed rules of the Department on July 1, 2025, and any rulemaking procedures that have already been completed by the Coroner Training Board for those proposed rules need not be repeated. On July 1, 2025, or as soon thereafter as practicable, the Department shall revise and clarify the rules transferred to it under this amendatory Act of the 104th General Assembly to reflect the reorganization of powers, duties, rights, and responsibilities affected by this amendatory Act, using the procedures for recodification of rules available under the Illinois Administrative Procedure Act, except that existing title, part, and section numbering for the affected rules may be retained.

(g) On July 1, 2025, or as soon thereafter as practicable, all unexpended appropriations and balances and other funds available for use by the Coroner Training Board shall be transferred for use by the Department. Unexpended balances so transferred shall be expended only for the purposes for which the appropriations were originally made.

Section 20-10. The Counties Code is amended by changing Section 3-3001 as follows:

(55 ILCS 5/3-3001) (from Ch. 34, par. 3-3001)

Sec. 3-3001. Commission; training; duties performed by other county officer.

(a) Every coroner shall be commissioned by the Governor, but no commission shall issue except upon the certificate of the county clerk of the proper county of the due election or appointment of the coroner and that the coroner has filed his or her bond and taken the oath of office as provided in this Division.

(b)(1) Within 30 days of assuming office, a coroner elected to that office for the first time shall apply for admission to the Coroner Training Board coroners training program. Completion of the training program shall be within 6 months of application. Any coroner may direct the chief deputy coroner or a deputy coroner, or both, to attend the training program, provided the coroner has completed the training program. Satisfactory completion of the program shall be evidenced by a certificate issued to the coroner by the Department of Public Health through the Coroner Training Board. All coroners shall complete the training program at least once while serving as coroner.

(2) In developing the coroner training program, the Department of Public Health ~~Coroner Training Board~~ shall consult with the Illinois Coroners and Medical Examiners Association or other organization as recommended and approved by the Coroner Training Board.

(3) The Department of Public Health, through the Coroner Training Board, shall notify the proper county board of the failure by a coroner to successfully complete this training program.

(c) Every coroner shall attend at least 24 hours of accredited continuing education for coroners in each calendar year.

(d) In all counties that provide by resolution for the elimination of the office of coroner pursuant to a referendum, the resolution may also provide, as part of the same proposition, that the duties of the coroner be taken over by another county officer specified by the resolution and proposition.

(Source: P.A. 99-408, eff. 1-1-16.)

Section 20-15. The Coroner Training Board Act is amended by changing Sections 5, 10, 15, 20, 25, 30, and 35 as follows:

(55 ILCS 135/5)

Sec. 5. Definitions. As used in this Act:

"Board" means the Coroner Training Board.

"Coroner" means coroners and deputy coroners.

"Coroner training school" means any school located within or outside the State of Illinois whether privately or publicly owned which offers a course in coroner training and has been approved by the Department through the Board.

"Department" means the Department of Public Health.

"Forensic pathologist" means a ~~board-certified~~ pathologist certified by the American Board of Pathology.

"Local governmental agency" means any ~~local governmental~~ unit of local government or municipal corporation in this State. It does not include the State of Illinois or any office, officer, department, division, bureau, board, commission, or agency of the State.

(Source: P.A. 99-408, eff. 1-1-16.)

(55 ILCS 135/10)

Sec. 10. Board; composition; appointments; tenure; vacancies. The Coroner Training Board is created within and under the administrative control of the Department. The Board shall be composed of 5 members who shall be appointed by the Governor as follows: 2 coroners, one forensic pathologist from the Cook County Medical Examiner's Office, one forensic pathologist from a county other than Cook County, and one citizen of Illinois who is not currently or was a coroner or forensic pathologist. Board members shall serve 3-year terms that expire on the first Monday of August. The initial appointments by the Governor shall be made on the first Monday of August in 2016 and the initial appointments' terms shall be as follows: one coroner and one forensic pathologist shall be for a period of one year, the second coroner and the second forensic pathologist for 3 years, and the citizen for a period of 3 years. Their successors shall be appointed in like manner for terms to expire the first Monday of August each 3 years thereafter. All members shall serve until their respective successors are appointed and qualify. Vacancies shall be filled by the Governor for the unexpired terms. This amendatory Act of the 104th General Assembly shall not reduce or otherwise affect the term of any member of the Board.

(Source: P.A. 99-408, eff. 1-1-16.)

(55 ILCS 135/15)

Sec. 15. Election ~~Initial board meeting; election~~ of officers; ~~meetings~~. ~~The initial meeting of the Board shall be held no later than August 31, 2016.~~ The Board shall elect from its number a Chairman and Vice-Chairman, shall adopt rules of procedure, and shall meet at least 4 times each year.

The Department Board may employ ~~an Executive Director and other~~ necessary ~~clerical and technical~~ personnel to provide administrative support for the Board. Special meetings of the Board may be called at any time by the Chairman or upon the request of any 2 members. The members of the Board shall serve without compensation but shall be entitled to reimbursement for their actual expenses in attending meetings and in the performance of their duties hereunder from funds appropriated for that purpose.

(Source: P.A. 99-408, eff. 1-1-16.)

(55 ILCS 135/20)

Sec. 20. Powers of the Department Board. The Department Board has the following powers and duties to carry out the purposes of this Act:

(a) To require units of local government to furnish such reports and information as the Board deems necessary to fully implement this Act.

(b) To establish by rule appropriate mandatory minimum standards relating to the training of coroners, including, but not limited to, Part 1760 of Chapter V of Title 20 of the Illinois Administrative Code. The Department Board shall consult with the Illinois Coroners and Medical Examiners Association when adopting mandatory minimum standards.

(c) To provide appropriate certification to those coroners who successfully complete the prescribed minimum standard basic training course.

(d) To review and approve annual training curricula ~~curriculum~~ for coroners.

(e) To review and approve applicants to ensure no applicant is admitted to a coroner training school unless the applicant is a person of good character and has not been convicted of a felony offense, any of the misdemeanors in Sections 11-1.50, 11-6, 11-9.1, 11-14, 11-17, 11-19, 12-2, 12-15, 16-1, 17-1, 17-2, 28-3, 29-1, 31-1, 31-6, 31-7, 32-4a, or 32-7 of the Criminal Code of 1961 or the Criminal Code of 2012, subdivision (a)(1) or (a)(2)(C) of Section 11-14.3 of the Criminal Code of 1961 or the Criminal Code of 2012, or subsection (a) of Section 17-32 of the Criminal Code of 1961 or the Criminal Code of 2012, or Section 5 or 5.2 of the Cannabis Control Act, or a crime involving moral turpitude under the laws of this State or any other state, or under federal law, which if committed in this State would be punishable as a felony or a crime of moral turpitude. The Department Board may appoint investigators who shall enforce the duties conferred upon the Department Board by this Act.

(Source: P.A. 99-408, eff. 1-1-16.)

(55 ILCS 135/25)

Sec. 25. Selection and certification of schools. The Department, through the Board, shall select and certify coroner training schools within or outside the State of Illinois for the purpose of providing basic training for coroners and of providing advanced or in-service training for coroners, which schools may be either publicly or privately owned and operated. This amendatory Act of the 104th General Assembly shall not affect the status of schools selected and certified by the Board before July 1, 2025.

(Source: P.A. 99-408, eff. 1-1-16.)

(55 ILCS 135/30)

Sec. 30. Death investigation training; waiver for experience.

(a) The Department, through the Board, shall conduct or approve a training program in death investigation for the training of coroners. Only coroners who successfully complete the training program may be assigned as lead investigators in a coroner's investigations. Satisfactory completion of the training program shall be evidenced by a certificate issued to the coroner by the Board.

(b) The Department, through the Board, shall develop a process for waiver applications sent from a coroner's office for those coroners whose prior training and experience as a death or homicide investigator may qualify them for a waiver. The Department, upon the recommendation of the Board, ~~Board~~ may issue a waiver ~~at its discretion,~~ based solely on the prior training and experience of a coroner as a death or homicide investigator.

(c) This amendatory Act of the 104th General Assembly shall not affect the status of certifications or waivers issued by the Board prior to July 1, 2025.

(Source: P.A. 99-408, eff. 1-1-16.)

(55 ILCS 135/35)

Sec. 35. Acceptance of contributions and gifts. The Department ~~Board~~ may accept contributions, ~~capital~~ grants, gifts, donations, services or other financial assistance from any individual, association, corporation, the United States of America and any of its agencies or instrumentalities, or any other organization having a legitimate interest in coroner training.

(Source: P.A. 99-408, eff. 1-1-16.)

Section 20-20. The Vital Records Act is amended by changing Section 25.5 as follows:

(410 ILCS 535/25.5)

Sec. 25.5. Death Certificate Surcharge Fund. The additional \$2 fee for certified copies of death certificates and fetal death certificates must be deposited into the Death Certificate Surcharge Fund, a special fund created in the State treasury. ~~Moneys Beginning 30 days after the effective date of this amendatory Act of the 92nd General Assembly and until January 1, 2003 and then beginning again on July 1, 2003 and until July 1, 2005, moneys in the Fund, subject to appropriation, may be used by the Department for the purpose of implementing an electronic reporting system for death registrations as provided in Section 18.5 of this Act. Before the effective date of this amendatory Act of the 92nd General Assembly, on and after January 1, 2003 and until July 1, 2003, and on and after July 1, 2005, moneys in the Fund, subject to appropriations, may be used as follows: (i) 25% by the Department of Public Health~~ Coroner Training Board for the purpose of training coroners, deputy coroners, forensic pathologists, and police officers for death investigations and lodging and travel expenses relating to training, (ii) 25% for grants by the Department of Public Health for distribution to all local county coroners and medical examiners or officials charged with the duties set forth under Division 3-3 of the Counties Code, who have a different title, for equipment and lab facilities, (iii) 25% by the Department of Public Health for the purpose of setting up a statewide database of death certificates and implementing an electronic reporting system for death registrations pursuant to Section 18.5, and (iv) 25% for a grant by the Department of Public Health to local registrars.

(Source: P.A. 99-408, eff. 1-1-16.)

Article 25.

Section 25-5. If and only if House Bill 1697 of the 104th General Assembly, as amended by Senate Amendment Nos. 2, 4, and 5, becomes law, the Illinois Insurance Code is amended by changing Section 513b2 as follows:

(215 ILCS 5/513b2)

Sec. 513b2. Licensure requirements.

(a) Beginning on July 1, 2020, to conduct business in this State, a pharmacy benefit manager must register with the Director. To initially register or renew a registration, a pharmacy benefit manager shall submit:

(1) A nonrefundable fee not to exceed \$500.

(2) A copy of the registrant's corporate charter, articles of incorporation, or other charter document.

(3) A completed registration form adopted by the Director containing:

(A) The name and address of the registrant.

(B) The name, address, and official position of each officer and director of the registrant.

(b) The registrant shall report any change in information required under this Section to the Director in writing within 60 days after the change occurs.

(c) Upon receipt of a completed registration form, the required documents, and the registration fee, the Director shall issue a registration certificate. The certificate may be in paper or electronic form, and shall clearly indicate the expiration date of the registration. Registration certificates are nontransferable.

(d) A registration certificate is valid for 2 years after its date of issue. The Director shall adopt by rule an initial registration fee not to exceed \$500 and a registration renewal fee not to exceed \$500, both of which shall be nonrefundable. Total fees may not exceed the cost of administering this Section.

(e) The Department shall adopt any rules necessary to implement this Section.

(f) On or before August 1, 2025, the pharmacy benefit manager shall submit a report to the Department that lists the name of each health benefit plan it administers, provides the number of covered individuals for each health benefit plan as of the date of submission, and provides the total number of covered individuals across all health benefit plans the pharmacy benefit manager administers. On or before September 1, 2025, a registered pharmacy benefit manager, as a condition of its authority to transact business in this State, must submit to the Department an amount equal to \$15 or an alternate amount as determined by the Director by rule per covered individual enrolled by the pharmacy benefit manager in this State, as detailed in the report submitted to the Department under this subsection, during the preceding calendar year. On or before September 1, 2026 and each September 1 thereafter, payments submitted under this subsection shall be based on the number of covered individuals reported to the Department in Section 513b1.1.

(g) All amounts collected under this Section shall be deposited into the Prescription Drug Affordability Fund, which is hereby created as a special fund in the State treasury. Of the amounts collected under this Section each fiscal year, at the direction of the Department, the Comptroller shall direct and the Treasurer shall transfer the first \$25,000,000 into the DCEO Projects Fund for grants to support pharmacies under Section 605-60 of the Department of Commerce and Economic Opportunity Law; then, at the direction of the Department, the Comptroller shall direct and the Treasurer shall transfer the remainder of the amounts collected under this Section into the General Revenue Fund.

Article 27.

Section 27-5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Section 2310-362 as follows:

(20 ILCS 2310/2310-362)

Sec. 2310-362. The Autoimmune Disease Research Fund.

(a) The Autoimmune Disease Research Fund is created as a special fund in the State treasury. From appropriations to the Department from the Fund, the Department shall make grants to public and private entities in the State for the purpose of funding research for the treatment and cure of autoimmune diseases.

(b) For the purposes of this Section:

"Autoimmune disease" means any disease that results from an aberrant immune response, including, without limitation, rheumatoid arthritis, systemic lupus erythematosus, and scleroderma.

"Research" includes, without limitation, expenditures to develop and advance the understanding, techniques, and modalities effective in the detection, prevention, screening, and treatment of autoimmune disease and may include clinical trials. "Research" does not include institutional overhead costs, indirect costs, other organizational levies, or costs of community-based support services.

(c) Moneys received for the purposes of this Section, including, without limitation, income tax checkoff receipts and gifts, grants, and awards from any public or private entity, must be deposited into the Fund. Any interest earnings that are attributable to moneys in the Fund must be deposited into the Fund.

(d) Notwithstanding any other provision of law, in addition to any other transfers that may be provided by law, on July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Autoimmune Disease Research Fund into the Multiple Sclerosis Research Fund. Upon completion of the transfers, the Autoimmune Disease Research Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Multiple Sclerosis Research Fund.

(e) This Section is repealed on January 1, 2026.

(Source: P.A. 95-435, eff. 8-27-07; 95-876, eff. 8-21-08.)

Section 27-10. The State Finance Act is amended by changing Sections 5.688, 5.824, and 6z-94 as follows:

(30 ILCS 105/5.688)

Sec. 5.688. The Autoimmune Disease Research Fund. This Section is repealed on January 1, 2026.

(Source: P.A. 95-435, eff. 8-27-07; 95-876, eff. 8-21-08.)

(30 ILCS 105/5.824)

Sec. 5.824. The Children's Wellness Charities Fund. This Section is repealed on January 1, 2026.

(Source: P.A. 97-1117, eff. 8-27-12; 98-463, eff. 8-16-13.)

(30 ILCS 105/6z-94)

Sec. 6z-94. The Children's Wellness Charities Fund; creation. The Children's Wellness Charities Fund is created as a special fund in the State treasury. Moneys in the Fund shall be used by the Department of Human Services to make grants to public or private not-for-profit entities for the purpose of administering grants to children's health and well-being charities located in Illinois. For the purposes of this Section, "children's health and well-being charities" include, but are not limited to, charities that provide mobile care centers, free or low-cost lodging, or other services to assist children who are being treated for illnesses and their families. For the purposes of this Section, "mobile care center" means any vehicle built specifically for delivering pediatric health care services. Notwithstanding any other provision of law, in addition to any other transfers that may be provided by law, on July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Children's Wellness Charities Fund into the Ronald McDonald House Charities Fund. Upon completion of the transfers, the Children's Wellness Charities Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Ronald McDonald House Charities Fund.

This Section is repealed on January 1, 2026.

(35 ILCS 5/507QQ rep.)

(35 ILCS 5/507BBB rep.)

Section 27-15. The Illinois Income Tax Act is amended by repealing Sections 507QQ and 507BBB.

Article 30.

Section 30-5. The Election Code is amended by changing Section 1A-50 as follows:

(10 ILCS 5/1A-50)

Sec. 1A-50. The ERIC Operations Trust Fund. The ERIC Operations Trust Fund (Trust Fund) is created as a nonappropriated trust fund to be held outside of the State treasury, with the State Treasurer as ex officio custodian. The Trust Fund shall be financed by a combination of private donations and by appropriations by the General Assembly. The Board may accept from all sources, contributions, grants, gifts, bequeaths, legacies of money, and securities to be deposited into the Trust Fund. All deposits shall become part of the Trust Fund corpus. Moneys in the Trust Fund are not subject to appropriation and shall be used by the Board solely for the costs and expenses related to the participation in the Electronic Registration Information Center pursuant to this Code.

All gifts, grants, assets, funds, or moneys received by the Board for the purpose of participation in the Electronic Registration Information Center shall be deposited and held in the Trust Fund by the State Treasurer separate and apart from all public moneys or funds of this State and shall be administered by the

Board exclusively for the purposes set forth in this Section. All moneys in the Trust Fund shall be invested and reinvested by the State Treasurer. All interest accruing from these investments shall be deposited ~~into~~ in the Trust Fund.

The ERIC Operations Trust Fund is not subject to sweeps, administrative ~~chargebacks~~ ~~charge-backs~~, or any other fiscal or budgetary maneuver that would in any way transfer any amounts from the ERIC Operations Trust Fund into any other fund of the State.

On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the ERIC Operations Trust Fund into the Elections Special Projects Fund. Upon completion of the transfer, the ERIC Operations Trust Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Elections Special Projects Fund.

(Source: P.A. 99-522, eff. 6-30-16.)

Section 30-10. The State Treasurer Act is amended by changing Section 18 as follows:

(15 ILCS 505/18)

Sec. 18. Banking and automated teller machine services.

(a) The Treasurer may enter into written agreements with financial institutions for the provision of banking services at the State Capitol and with automated teller machine providers for the provision of automated teller machine services at State office buildings, State parks, State tourism centers, and State fairs at Springfield and DuQuoin. The Treasurer shall establish competitive procedures for the selection of financial institutions and automated teller machine providers to provide the services authorized under this Section. No State agency may procure services authorized by this Section without the approval of the Treasurer.

(b) The Treasurer shall enter into written agreements with the authorities having jurisdiction of the property where the services are intended to be provided. These agreements shall include, but need not be limited to, the quantity of machines to be located at the property and the exact location of the service or machine and shall establish responsibility for payment of expenses incurred in locating the machine or service.

(c) The Treasurer's agreement with a financial institution or automated teller machine providers may authorize the financial institution or automated teller machine providers to provide any or all of the banking services that the financial institution or automated teller machine providers is otherwise authorized by law to provide to the public.

The Treasurer's agreement with a financial institution or automated teller machine providers shall establish the amount of compensation to be paid by the financial institution. The financial institution or automated teller machine providers shall pay the compensation to the Treasurer in accordance with the terms of the agreement. The Treasurer shall deposit moneys received under this Section into the State Treasurer's Bank Services Trust Fund.

(d) This Section does not apply to a State office building in which a currency exchange or a credit union providing financial services located in the building on July 1, 1995 (the effective date of Public Act 88-640) is operating.

~~(e) (Blank). Notwithstanding any other provision of law to the contrary, and in addition to any other transfers that may be provided by law, within 30 days of the effective date of this amendatory Act of the 103rd General Assembly, or as soon thereafter as practicable, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Treasurer's Rental Fee Fund into the State Treasurer's Bank Services Trust Fund. Upon completion of the transfer, the Treasurer's Rental Fee Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the State Treasurer's Bank Services Trust Fund.~~

(Source: P.A. 103-234, eff. 1-1-24.)

Section 30-15. The Substance Use Disorder Act is amended by changing Sections 5-10, 50-5, 50-25, 50-30, and 50-35 as follows:

(20 ILCS 301/5-10)

Sec. 5-10. Functions of the Department.

(a) In addition to the powers, duties and functions vested in the Department by this Act, or by other laws of this State, the Department shall carry out the following activities:

[May 31, 2025]

(1) Design, coordinate and fund comprehensive community-based and culturally and gender-appropriate services throughout the State. These services must include prevention, early intervention, treatment, and other recovery support services for substance use disorders that are accessible and address the needs of at-risk individuals and their families.

(2) Act as the exclusive State agency to accept, receive and expend, pursuant to appropriation, any public or private monies, grants or services, including those received from the federal government or from other State agencies, for the purpose of providing prevention, early intervention, treatment, and other recovery support services for substance use disorders.

(2.5) In partnership with the Department of Healthcare and Family Services, act as one of the principal State agencies for the sole purpose of calculating the maintenance of effort requirement under Section 1930 of Title XIX, Part B, Subpart II of the Public Health Service Act (42 U.S.C. 300x-30) and the Interim Final Rule (45 CFR 96.134).

(3) Coordinate a statewide strategy for the prevention, early intervention, treatment, and recovery support of substance use disorders. This strategy shall include the development of a comprehensive plan, submitted annually with the application for federal substance use disorder block grant funding, for the provision of an array of such services. The plan shall be based on local community-based needs and upon data including, but not limited to, that which defines the prevalence of and costs associated with substance use disorders. This comprehensive plan shall include identification of problems, needs, priorities, services and other pertinent information, including the needs of minorities and other specific priority populations in the State, and shall describe how the identified problems and needs will be addressed. For purposes of this paragraph, the term "minorities and other specific priority populations" may include, but shall not be limited to, groups such as women, children, intravenous drug users, persons with AIDS or who are HIV infected, veterans, African-Americans, Puerto Ricans, Hispanics, Asian Americans, the elderly, persons in the criminal justice system, persons who are clients of services provided by other State agencies, persons with disabilities and such other specific populations as the Department may from time to time identify. In developing the plan, the Department shall seek input from providers, parent groups, associations and interested citizens.

The plan developed under this Section shall include an explanation of the rationale to be used in ensuring that funding shall be based upon local community needs, including, but not limited to, the incidence and prevalence of, and costs associated with, substance use disorders, as well as upon demonstrated program performance.

The plan developed under this Section shall also contain a report detailing the activities of and progress made through services for the care and treatment of substance use disorders among pregnant women and mothers and their children established under subsection (j) of Section 35-5.

As applicable, the plan developed under this Section shall also include information about funding by other State agencies for prevention, early intervention, treatment, and other recovery support services.

(4) Lead, foster and develop cooperation, coordination and agreements among federal and State governmental agencies and local providers that provide assistance, services, funding or other functions, peripheral or direct, in the prevention, early intervention, treatment, and recovery support for substance use disorders. This shall include, but shall not be limited to, the following:

(A) Cooperate with and assist other State agencies, as applicable, in establishing and conducting substance use disorder services among the populations they respectively serve.

(B) Cooperate with and assist the Illinois Department of Public Health in the establishment, funding and support of programs and services for the promotion of maternal and child health and the prevention and treatment of infectious diseases, including, but not limited to, HIV infection, especially with respect to those persons who are high risk due to intravenous injection of illegal drugs, or who may have been sexual partners of these individuals, or who may have impaired immune systems as a result of a substance use disorder.

(C) Supply to the Department of Public Health and prenatal care providers a list of all providers who are licensed to provide substance use disorder treatment for pregnant women in this State.

(D) Assist in the placement of child abuse or neglect perpetrators (identified by the Illinois Department of Children and Family Services (DCFS)) who have been determined to be

in need of substance use disorder treatment pursuant to Section 8.2 of the Abused and Neglected Child Reporting Act.

(E) Cooperate with and assist DCFS in carrying out its mandates to:

- (i) identify substance use disorders among its clients and their families; and
- (ii) develop services to deal with such disorders.

These services may include, but shall not be limited to, programs to prevent or treat substance use disorders with DCFS clients and their families, identifying child care needs within such treatment, and assistance with other issues as required.

(F) Cooperate with and assist the Illinois Criminal Justice Information Authority with respect to statistical and other information concerning the incidence and prevalence of substance use disorders.

(G) Cooperate with and assist the State Superintendent of Education, boards of education, schools, police departments, the Illinois State Police, courts and other public and private agencies and individuals in establishing prevention programs statewide and preparing curriculum materials for use at all levels of education.

(H) Cooperate with and assist the Illinois Department of Healthcare and Family Services in the development and provision of services offered to recipients of public assistance for the treatment and prevention of substance use disorders.

(I) (Blank).

(5) From monies appropriated to the Department from the Drunk and Drugged Driving Prevention Fund, reimburse DUI evaluation and risk education programs licensed by the Department for providing indigent persons with free or reduced-cost evaluation and risk education services relating to a charge of driving under the influence of alcohol or other drugs.

(6) Promulgate regulations to identify and disseminate best practice guidelines that can be utilized by publicly and privately funded programs as well as for levels of payment to government funded programs that provide prevention, early intervention, treatment, and other recovery support services for substance use disorders and those services referenced in Sections 15-10 and 40-5.

(7) In consultation with providers and related trade associations, specify a uniform methodology for use by funded providers and the Department for billing and collection and dissemination of statistical information regarding services related to substance use disorders.

(8) Receive data and assistance from federal, State and local governmental agencies, and obtain copies of identification and arrest data from all federal, State and local law enforcement agencies for use in carrying out the purposes and functions of the Department.

(9) Designate and license providers to conduct screening, assessment, referral and tracking of clients identified by the criminal justice system as having indications of substance use disorders and being eligible to make an election for treatment under Section 40-5 of this Act, and assist in the placement of individuals who are under court order to participate in treatment.

(10) Identify and disseminate evidence-based best practice guidelines as maintained in administrative rule that can be utilized to determine a substance use disorder diagnosis.

(11) (Blank).

(12) Make grants with funds appropriated from the Drug Treatment Fund in accordance with Section 50-35 of this Act ~~7 of the Controlled Substance and Cannabis Nuisance Act, or in accordance with Section 80 of the Methamphetamine Control and Community Protection Act, or in accordance with subsections (h) and (i) of Section 411.2 of the Illinois Controlled Substances Act, or in accordance with Section 6z-107 of the State Finance Act.~~

(13) Encourage all health and disability insurance programs to include substance use disorder treatment as a covered service and to use evidence-based best practice criteria as maintained in administrative rule and as required in Public Act 99-0480 in determining the necessity for such services and continued stay.

(14) Award grants and enter into fixed-rate and fee-for-service arrangements with any other department, authority or commission of this State, or any other state or the federal government or with any public or private agency, including the disbursement of funds and furnishing of staff, to effectuate the purposes of this Act.

(15) Conduct a public information campaign to inform the State's Hispanic residents regarding the prevention and treatment of substance use disorders.

(b) In addition to the powers, duties and functions vested in it by this Act, or by other laws of this State, the Department may undertake, but shall not be limited to, the following activities:

(1) Require all organizations licensed or funded by the Department to include an education component to inform participants regarding the causes and means of transmission and methods of reducing the risk of acquiring or transmitting HIV infection and other infectious diseases, and to include funding for such education component in its support of the program.

(2) Review all State agency applications for federal funds that include provisions relating to the prevention, early intervention and treatment of substance use disorders in order to ensure consistency.

(3) Prepare, publish, evaluate, disseminate and serve as a central repository for educational materials dealing with the nature and effects of substance use disorders. Such materials may deal with the educational needs of the citizens of Illinois, and may include at least pamphlets that describe the causes and effects of fetal alcohol spectrum disorders.

(4) Develop and coordinate, with regional and local agencies, education and training programs for persons engaged in providing services for persons with substance use disorders, which programs may include specific HIV education and training for program personnel.

(5) Cooperate with and assist in the development of education, prevention, early intervention, and treatment programs for employees of State and local governments and businesses in the State.

(6) Utilize the support and assistance of interested persons in the community, including recovering persons, to assist individuals and communities in understanding the dynamics of substance use disorders, and to encourage individuals with substance use disorders to voluntarily undergo treatment.

(7) Promote, conduct, assist or sponsor basic clinical, epidemiological and statistical research into substance use disorders and research into the prevention of those problems either solely or in conjunction with any public or private agency.

(8) Cooperate with public and private agencies, organizations and individuals in the development of programs, and to provide technical assistance and consultation services for this purpose.

(9) (Blank).

(10) (Blank).

(11) Fund, promote, or assist entities dealing with substance use disorders.

(12) With monies appropriated from the Group Home Loan Revolving Fund, make loans, directly or through subcontract, to assist in underwriting the costs of housing in which individuals recovering from substance use disorders may reside, pursuant to Section 50-40 of this Act.

(13) Promulgate such regulations as may be necessary to carry out the purposes and enforce the provisions of this Act.

(14) Provide funding to help parents be effective in preventing substance use disorders by building an awareness of the family's role in preventing substance use disorders through adjusting expectations, developing new skills, and setting positive family goals. The programs shall include, but not be limited to, the following subjects: healthy family communication; establishing rules and limits; how to reduce family conflict; how to build self-esteem, competency, and responsibility in children; how to improve motivation and achievement; effective discipline; problem solving techniques; and how to talk about drugs and alcohol. The programs shall be open to all parents.

(15) Establish an Opioid Remediation Services Capital Investment Grant Program. The Department may, subject to appropriation and approval through the Opioid Overdose Prevention and Recovery Steering Committee, after recommendation by the Illinois Opioid Remediation Advisory Board, and certification by the Office of the Attorney General, make capital improvement grants to units of local government and substance use prevention, treatment, and recovery service providers addressing opioid remediation in the State for approved abatement uses under the Illinois Opioid Allocation Agreement. The Illinois Opioid Remediation State Trust Fund shall be the source of funding for the program. Eligible grant recipients shall be units of local government and substance use prevention, treatment, and recovery service providers that offer facilities and services in a manner that supports and meets the approved uses of the opioid settlement funds. Eligible grant recipients have no entitlement to a grant under this Section. The Department of Human Services may consult with the Capital Development Board, the Department of Commerce and Economic Opportunity, and the Illinois Housing Development Authority to adopt rules to implement this Section and may create a competitive application procedure for grants to be awarded. The rules may specify the manner of

applying for grants; grantee eligibility requirements; project eligibility requirements; restrictions on the use of grant moneys; the manner in which grantees must account for the use of grant moneys; and any other provision that the Department of Human Services determines to be necessary or useful for the administration of this Section. Rules may include a requirement for grantees to provide local matching funds in an amount equal to a specific percentage of the grant. No portion of an opioid remediation services capital investment grant awarded under this Section may be used by a grantee to pay for any ongoing operational costs or outstanding debt. The Department of Human Services may consult with the Capital Development Board, the Department of Commerce and Economic Opportunity, and the Illinois Housing Development Authority in the management and disbursement of funds for capital-related projects. The Capital Development Board, the Department of Commerce and Economic Opportunity, and the Illinois Housing Development Authority shall act in a consulting role only for the evaluation of applicants, scoring of applicants, or administration of the grant program.

(c) There is created within the Department of Human Services an Office of Opioid Settlement Administration. The Office shall be responsible for implementing and administering approved abatement programs as described in Exhibit B of the Illinois Opioid Allocation Agreement, effective December 30, 2021. The Office may also implement and administer other opioid-related programs, including, but not limited to, prevention, treatment, and recovery services from other funds made available to the Department of Human Services. The Secretary of Human Services shall appoint or assign staff as necessary to carry out the duties and functions of the Office.

Sec. 50-25. Youth Alcoholism and Substance Abuse Prevention Fund. There is hereby created in the State treasury a special Fund to be known as the Youth Alcoholism and Substance Abuse Prevention Fund. Monies in this Fund shall be appropriated to the Department and expended for the purpose of helping support and establish community-based ~~community-based~~ alcohol and other drug abuse prevention programs. On June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Youth Alcoholism and Substance Abuse Prevention Fund into the General Revenue Fund. Upon completion of the transfer, the Youth Alcoholism and Substance Abuse Prevention Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the General Revenue Fund. This Section is repealed on January 1, 2027.

(Source: P.A. 91-25, eff. 6-9-99.)

(20 ILCS 301/50-30)

Sec. 50-30. Youth Drug Abuse Prevention Fund.

(a) There is hereby established the Youth Drug Abuse Prevention Fund, to be held as a separate fund in the State treasury. Monies in this fund shall be appropriated to the Department and expended for grants to community-based agencies or non-profit organizations providing residential or nonresidential treatment or prevention programs or any combination thereof.

~~(b) (Blank). There shall be deposited into the Youth Drug Abuse Prevention Fund such monies as may be received under the income tax checkoff provided for in subsection (b) of this Section. There shall also be deposited into this fund such monies as may be received under:~~

~~(1) subsection (a) of Section 10.2 of the Cannabis Control Act.~~

~~(2) subsection (a) of Section 413 of the Illinois Controlled Substances Act.~~

~~(3) subsection (a) of Section 5.2 of the Narcotics Profit Forfeiture Act.~~

~~(4) Sections 5-9-1.1 and 5-9-1.2 of the Unified Code of Corrections.~~

(c) On June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Youth Drug Abuse Prevention Fund into the Drug Treatment Fund. Upon completion of the transfer, the Youth Drug Abuse Prevention Fund is dissolved, and

any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Drug Treatment Fund.

(d) This Section is repealed on January 1, 2027.

(Source: P.A. 88-80.)

(20 ILCS 301/50-35)

Sec. 50-35. Drug Treatment Fund.

(a) ~~The There is hereby established the Drug Treatment Fund is hereby established as a special fund within the State treasury, to be held as a separate fund in the State treasury. There shall be deposited into this fund such amounts as may be provided by law received under subsections (h) and (i) of Section 411.2 of the Illinois Controlled Substances Act, under Section 80 of the Methamphetamine Control and Community Protection Act, and under Section 7 of the Controlled Substance and Cannabis Nuisance Act, or under Section 6z-107 of the State Finance Act.~~

(b) ~~Moneys Monies in this fund shall be appropriated to the Department for grants to community-based agencies or nonprofit organizations providing residential or nonresidential treatment or prevention programs or any combination of those programs or as otherwise provided by law the purposes and activities set forth in subsections (h) and (i) of Section 411.2 of the Illinois Controlled Substances Act, or in Section 7 of the Controlled Substance and Cannabis Nuisance Act, or in Section 6z-107 of the State Finance Act.~~

(Source: P.A. 101-10, eff. 6-5-19.)

Section 30-20. The Children and Family Services Act is amended by changing Section 4a as follows:
(20 ILCS 505/4a) (from Ch. 23, par. 5004a)

Sec. 4a. (a) To administer child abuse prevention shelters and service programs for abused and neglected children, or provide for their administration by not-for-profit corporations, community-based organizations or units of local government.

The Department is hereby designated the single State agency for planning and coordination of child abuse and neglect prevention programs and services. On or before the first Friday in October of each year, the Department shall submit to the Governor and the General Assembly a State comprehensive child abuse and neglect prevention plan. The plan shall: identify priorities, goals and objectives; identify the resources necessary to implement the plan, including estimates of resources needed to investigate or otherwise process reports of suspected child abuse or neglect and to provide necessary follow-up services for child protection, family preservation and family reunification in "indicated" cases as determined under the Abused and Neglected Child Reporting Act; make proposals for the most effective use of existing resources to implement the plan, including recommendations for the optimum use of private, local public, State and federal resources; and propose strategies for the development of additional resources to meet the goal of reducing the incidence of child abuse and neglect and reducing the number of reports of suspected child abuse and neglect made to the Department.

(b) ~~The administration of child abuse prevention, shelters and service programs under subsection (a) shall be funded in part by appropriations made from the DCFS Children's Services Child Abuse Prevention Fund, which is hereby created in the State Treasury, and in part by appropriations from the General Revenue Fund. All interest earned on monies in the Child Abuse Prevention Fund shall remain in such fund. The Department and the State Treasurer may accept funds as provided by Sections 507 and 508 of the Illinois Income Tax Act and unsolicited private donations for deposit into the Child Abuse Prevention Fund. Annual requests for appropriations for the purpose of providing child abuse and neglect prevention programs and services under this Section shall be made in separate and distinct line items. In setting priorities for the direction and scope of such programs, the Director shall be advised by the State wide Citizen's Committee on Child Abuse and Neglect.~~

(c) (Blank).

(d) The Department shall have the power to make grants of monies to fund comprehensive community-based services to reduce the incidence of family dysfunction typified by child abuse and neglect; to diminish those factors found to increase family dysfunction; and to measure the effectiveness and costs of such services.

(e) For implementing such intergovernmental cooperation and involvement, units of local government and public and private agencies may apply for and receive federal or State funds from the Department under this Act or seek and receive gifts from local philanthropic or other private local sources in order to augment any State funds appropriated for the purposes of this Act.

(e-5) The Department may establish and maintain locally held funds to be individually known as the Youth in Care Support Fund. Moneys in these funds shall be used for purchases for the immediate needs of youth in care or for the immediate support needs of youth, families, and caregivers served by the Department. Moneys paid into funds shall be from appropriations made to the DCFS Children's Services Fund. Funds remaining in any Youth in Care Support Fund must be returned to the DCFS Children's Services Fund upon dissolution. Any warrant for payment to a vendor for the same product or service for a youth in care shall be payable to the Department to reimburse the immediate payment from the Youth in Care Support Fund.

(f) For the purposes of this Section:

(1) The terms "abused child" and "neglected child" have meanings ascribed to them in Section 3 of the Abused and Neglected Child Reporting Act.

(2) "Shelter" has the meaning ascribed to it in Section 1-3 of the Juvenile Court Act of 1987.

(Source: P.A. 103-259, eff. 1-1-24; 103-588, eff. 1-1-25.)

Section 30-25. The Department of Natural Resources (Conservation) Law of the Civil Administrative Code of Illinois is amended by changing Section 805-72 as follows:

(20 ILCS 805/805-72)

Sec. 805-72. Lyme Disease Innovation Program.

(a) The Department shall consult with the Department of Agriculture, the Department of Public Health, and members of the University of Illinois' INHS Medical Entomology Program to establish the Lyme Disease Innovation Program no later than one year after August 11, 2023 (the effective date of Public Act 103-557) ~~this amendatory Act of the 103rd General Assembly~~. The Department shall contract with an Illinois not-for-profit organization whose purpose is to raise awareness of tick-borne diseases with the public and the medical community to operate the Program. The Program's purpose is to raise awareness with the public and to assist persons at risk of Lyme disease and other tick-borne diseases with education and awareness materials and campaigns while developing evidence-based approaches that are cost-effective.

(b) The Program shall implement a statewide interagency and multipronged approach to combat Lyme disease and other tick-borne diseases in Illinois, including adopting an evidence-based model that recognizes the key roles that patients, advocates, and not-for-profit organizations have in fighting Lyme disease and tick-borne diseases. The Program's objectives include issuing grants, subject to the approval of the Department, to State agencies and Illinois not-for profit organizations ~~from moneys in the Lyme Disease Awareness Fund, which is hereby established as a special fund in the State treasury, and other appropriations~~ for the following purposes:

(1) Bringing awareness of Lyme disease and tick-borne diseases by any one or more of the following methods:

(A) creating innovative ideas and collaborations for raising awareness about risks and prevention;

(B) amplifying and improving access to essential information supporting innovations in prevention, education, and care with open data and science;

(C) fostering the development of new, community-based education and prevention efforts; and

(D) using programs, website advertising, pamphlets, or other methods to increase the awareness of Lyme disease and tick-borne diseases;

(2) Engaging stakeholders to facilitate patient-centered innovations by (i) building trust among stakeholders through listening sessions, roundtables, and other learning approaches that ground innovations in lived experience, (ii) engaging stakeholders in identifying current areas of need to promote targeted innovations that will make real-world improvements in quality of care, and (iii) gaining insight into patient needs and priorities through stakeholders' collective wisdom and applying that wisdom in shaping future innovation challenges and events.

(3) Advancing stakeholder driven interdisciplinary and interagency collaborations by providing resources to not-for-profit organizations whose purpose is to raise awareness of tick-borne diseases with the public and the medical community in order to (i) facilitate the stakeholder engagement and collaborations and patient-centered innovations and support groups, (ii) identify ways to better collect and share data while raising awareness of tick-borne illnesses, and (iii) assist with the development of outreach and education materials and approaches for State agencies.

(4) The University of Illinois' INHS Medical Entomology Program maintaining a passive tick and tick-borne pathogen surveillance program, based on ticks contributed by the Illinois public, and including tick identifications and disease-agent testing of a subset of identified ticks; compiling evidence and conducting research on tick bite prevention and risk of tick and tick-borne pathogen exposure; and providing evidence, results, and analysis and insight from both the passive surveillance program, on tick species and tick-borne disease-agent distributions and diversity in the State, and its related research on tick bite exposure and prevention, to support the Lyme Disease Innovation Program objectives.

(c) The Program shall be funded through ~~moneys deposited into the Lyme Disease Awareness Fund and other appropriations from any lawful source.~~ The not-for-profit organization contracted with to operate the Program shall be paid, subject to the approval of the Department, for its operation of the Program ~~from moneys deposited into the Fund or from other appropriations.~~

The University of Illinois' Prairie Research Institute shall be paid, subject to the approval of the Department, for the INHS Medical Entomology Program's operation of a passive tick surveillance and research program from moneys deposited into the Fund or from other appropriations.

(d) The Department must adopt rules to implement this Section.

(e) The requirements of this Section are subject to appropriation by the General Assembly being made to the Department to implement the requirements.

(Source: P.A. 103-557, eff. 8-11-23.)

Section 30-30. The 2-1-1 Service Act is amended by changing Section 55 as follows:

(20 ILCS 1335/55)

Sec. 55. Use of moneys for projects and activities in support of 2-1-1-eligible activities.

(a) The lead entity shall study, design, implement, support, coordinate, and evaluate a statewide ~~State-wide~~ 2-1-1 system.

(b) Activities eligible for assistance from the Department 2-1-1 Account Fund ~~Department 2-1-1 Account Fund~~ include, but are not limited to:

(1) Creating a structure for a statewide ~~State-wide~~ 2-1-1 resources database that will meet the Alliance for Information and Referral Systems standards for information and referral systems databases and that will be integrated with local resources databases maintained by approved 2-1-1 service providers.

(2) Developing a statewide ~~State-wide~~ resources database for the 2-1-1 system.

(3) Maintaining public information available from State agencies, departments, and programs that provide health and human services for access by 2-1-1 service providers.

(4) Providing grants to approved 2-1-1 service providers to design, develop, and implement 2-1-1 for its 2-1-1 service area.

(5) Providing grants to approved 2-1-1 service providers to enable 2-1-1 service providers to provide and evaluate 2-1-1 service delivery on an ongoing basis.

(6) Providing grants to approved 2-1-1 service providers to enable the provision of 2-1-1 services on a 24-hours per-day, 7-days per-week basis.

(Source: P.A. 96-599, eff. 1-1-10.)

(20 ILCS 1335/50 rep.)

Section 30-35. The 2-1-1 Service Act is amended by repealing Section 50.

Section 30-40. The Mental Health and Developmental Disabilities Administrative Act is amended by changing Section 18.5 as follows:

(20 ILCS 1705/18.5)

Sec. 18.5. Community Developmental Disability Services Medicaid Trust Fund; reimbursement.

(a) The Community Developmental Disability Services Medicaid Trust Fund is hereby created in the State treasury.

(b) Beginning in State fiscal year 2019, funds in any fiscal year in amounts not exceeding a total of \$60,000,000 paid to the State by the federal government under Title XIX or Title XXI of the Social Security Act for services delivered by community developmental disability services providers shall be deposited into the Community Developmental Disability Services Medicaid Trust Fund to pay for Medicaid-reimbursed community developmental disability services provided to eligible individuals.

(b-5) (Blank).

(b-7) The Community Developmental Disability Services Medicaid Trust Fund is not subject to administrative ~~chargebacks~~ charge backs.

(b-9) (Blank).

(b-10) Whenever a State developmental disabilities facility operated by the Department is closed and the real estate on which the facility is located is sold by the State, the net proceeds of the sale of the real estate shall be deposited into the Community Developmental Disability Services Medicaid Trust Fund and used for the purposes enumerated in subsections (c) and (d) of Section 4.6 of the Community Services Act.

(b-12) The Department may receive gifts, grants, and donations from any public or private source in support of community developmental disability services, which shall be deposited into the Community Developmental Disability Services Medicaid Trust Fund.

(c) For purposes of this Section:

"Trust Fund" means the Community Developmental Disability Services Medicaid Trust Fund.

"Medicaid-reimbursed developmental disability services" means services provided by a community developmental disability provider under an agreement with the Department that is eligible for reimbursement under the federal Title XIX program or Title XXI program.

"Provider" means a qualified entity as defined in the State's Home and Community-Based Services Waiver for Persons with Developmental Disabilities that is funded by the Department to provide a Medicaid-reimbursed service.

(Source: P.A. 103-616, eff. 7-1-24.)

Section 30-45. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Sections 2310-350 and 2310-371.5 as follows:

(20 ILCS 2310/2310-350) (was 20 ILCS 2310/55.70)

Sec. 2310-350. Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund. From funds appropriated from the Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund, the Department shall award grants to eligible physicians, hospitals, laboratories, education institutions, and other organizations and persons to enable organizations and persons to conduct research. Disbursements from the Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund for the purpose of ovarian cancer research shall be subject to appropriations. For the purposes of this Section, "research" includes, but is not limited to, expenditures to develop and advance the understanding, techniques, and modalities effective in early detection, prevention, cure, screening, and treatment of breast, cervical, and ovarian cancer and may include clinical trials.

Moneys received for the purposes of this Section, including, but not limited to, income tax checkoff receipts and gifts, grants, and awards from private foundations, nonprofit organizations, other governmental entities, and persons shall be deposited into the Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund, which is hereby created as a special fund in the State treasury.

Notwithstanding any other provision of law, in addition to any other transfers that may be provided by law, on June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund into the Carolyn Adams Ticket For The Cure Grant Fund. Upon completion of the transfers, the Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Carolyn Adams Ticket For The Cure Grant Fund.

The Department shall create an advisory committee with members from, but not limited to, the Illinois Chapter of the American Cancer Society, Y-Me, the Susan G. Komen Foundation, and the State Board of Health for the purpose of awarding research grants under this Section. Members of the advisory committee shall not be eligible for any financial compensation or reimbursement. The advisory committee is discontinued on June 30, 2026.

This Section is repealed on January 1, 2027.

(Source: P.A. 94-119, eff. 1-1-06.)

(20 ILCS 2310/2310-371.5) (was 20 ILCS 2310/371)

Sec. 2310-371.5. Heartsaver AED Fund; grants. Subject to appropriation, the Department of Public Health has the power to make matching grants from the Heartsaver AED Fund, a special fund created in the State treasury, to any school in the State, public park district, forest preserve district, conservation district, sheriff's office, municipal police department, municipal recreation department, public library, college, or

university to assist in the purchase of an Automated External Defibrillator. Applicants for AED grants must demonstrate that they have funds to pay 50% of the cost of the AEDs for which matching grant moneys are sought. Any school, public park district, forest preserve district, conservation district, sheriff's office, municipal police department, municipal recreation department, public library, college, or university applying for the grant shall not receive more than one grant from the Heartsaver AED Fund each fiscal year. The State Treasurer shall accept and deposit into the Fund all gifts, grants, transfers, appropriations, and other amounts from any legal source, public or private, that are designated for deposit into the Fund.

Notwithstanding any other provision of law, in addition to any other transfers that may be provided by law, on June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Heartsaver AED Fund into the General Revenue Fund. Upon completion of the transfers, the Heartsaver AED Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the General Revenue Fund.

This Section is repealed on January 1, 2027.

(Source: P.A. 99-246, eff. 1-1-16; 99-501, eff. 3-18-16; 100-201, eff. 8-18-17.)

Section 30-50. The Rehabilitation of Persons with Disabilities Act is amended by changing Section 5b as follows:

(20 ILCS 2405/5b)

Sec. 5b. Home Services Medicaid Trust Fund.

(a) The Home Services Medicaid Trust Fund is hereby created as a special fund in the State treasury.

(b) Amounts paid to the State during each State fiscal year by the federal government under Title XIX or Title XXI of the Social Security Act for services delivered in relation to the Department's Home Services Program established pursuant to Section 3 of this Act, beginning in State fiscal year 2019 in amounts not exceeding a total of \$234,000,000 in any State fiscal year, and any interest earned thereon, shall be deposited into the Fund. The Department may also receive gifts, grants, and donations from any public or private source in support of the Home Services Program, which shall be deposited into the Fund.

(c) Moneys in the Fund may be used by the Department for the purchase of services, and operational and administrative expenses, in relation to the Home Services Program.

(Source: P.A. 99-143, eff. 7-27-15; 100-587, eff. 6-4-18.)

Section 30-55. The Illinois Criminal Justice Information Act is amended by changing Sections 9.1 and 9.3 as follows:

(20 ILCS 3930/9.1)

Sec. 9.1. Criminal Justice Information Projects Fund. The Criminal Justice Information Projects Fund is hereby created as a special fund in the State Treasury. Grants and other moneys obtained by the Authority from governmental entities (other than the federal government), private sources, and not-for-profit organizations for use in investigating criminal justice issues or undertaking other criminal justice information projects, or pursuant to the uses identified in Section 21.10 of the Illinois Lottery Law, shall be deposited into the Fund. Moneys in the Fund may be used by the Authority, subject to appropriation, for undertaking such projects and for the operating and other expenses of the Authority incidental to those projects, and for the costs associated with making grants under Section 9.3 from the Prescription Pill and Drug Disposal Fund. The moneys deposited into the Criminal Justice Information Projects Fund under Sections 15-15 and 15-35 of the Criminal and Traffic Assessment Act shall be appropriated to and administered by the Illinois Criminal Justice Information Authority for distribution to fund Illinois State Police drug task forces and Metropolitan Enforcement Groups by dividing the funds equally by the total number of Illinois State Police drug task forces and Illinois Metropolitan Enforcement Groups. Any interest earned on moneys in the Fund must be deposited into the Fund.

(Source: P.A. 101-81, eff. 7-12-19; 102-538, eff. 8-20-21.)

(20 ILCS 3930/9.3)

Sec. 9.3. The Prescription Pill and Drug Disposal Fund. The Prescription Pill and Drug Disposal Fund is created as a special fund in the State treasury. Moneys in the Fund shall be used for grants by the Illinois Criminal Justice Information Authority to local law enforcement agencies for the purpose of facilitating the collection, transportation, and incineration of pharmaceuticals from residential sources that are collected and transported by law enforcement agencies under Section 17.9A of the Environmental Protection Act; to municipalities or organizations that establish containers designated for the collection and disposal of unused controlled substances and conduct collection of unused controlled substances through mail-back programs;

and for the publication or advertising of collection events or mail-back programs conducted by municipalities or organizations. Before awarding a grant from this Fund but no later than July 1, 2016, the Authority shall adopt rules that (i) specify the conditions under which grants will be awarded from this Fund and (ii) otherwise provide for the implementation and administration of the grant program created by this Section. Interest attributable to moneys in the Fund shall be paid into the Fund.

On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Prescription Pill and Drug Disposal Fund into the Criminal Justice Information Projects Fund. Upon completion of the transfer, the Prescription Pill and Drug Disposal Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Criminal Justice Information Projects Fund.

(Source: P.A. 99-480, eff. 9-9-15.)

Section 30-60. The Illinois State Auditing Act is amended by changing Section 3-1 as follows:
(30 ILCS 5/3-1) (from Ch. 15, par. 303-1)

Sec. 3-1. Jurisdiction of Auditor General. The Auditor General has jurisdiction over all State agencies to make post audits and investigations authorized by or under this Act or the Constitution.

The Auditor General has jurisdiction over local government agencies and private agencies only:

(a) to make such post audits authorized by or under this Act as are necessary and incidental to a post audit of a State agency or of a program administered by a State agency involving public funds of the State, but this jurisdiction does not include any authority to review local governmental agencies in the obligation, receipt, expenditure or use of public funds of the State that are granted without limitation or condition imposed by law, other than the general limitation that such funds be used for public purposes;

(b) to make investigations authorized by or under this Act or the Constitution; and

(c) to make audits of the records of local government agencies to verify actual costs of state-mandated programs when directed to do so by the Legislative Audit Commission at the request of the State Board of Appeals under the State Mandates Act.

In addition to the foregoing, the Auditor General may conduct an audit of the Metropolitan Pier and Exposition Authority, the Regional Transportation Authority, the Suburban Bus Division, the Commuter Rail Division and the Chicago Transit Authority and any other subsidized carrier when authorized by the Legislative Audit Commission. Such audit may be a financial, management or program audit, or any combination thereof.

The audit shall determine whether they are operating in accordance with all applicable laws and regulations. Subject to the limitations of this Act, the Legislative Audit Commission may by resolution specify additional determinations to be included in the scope of the audit.

In addition to the foregoing, the Auditor General must also conduct a financial audit of the Illinois Sports Facilities Authority's expenditures of public funds in connection with the reconstruction, renovation, remodeling, extension, or improvement of all or substantially all of any existing "facility", as that term is defined in the Illinois Sports Facilities Authority Act.

The Auditor General may also conduct an audit, when authorized by the Legislative Audit Commission, of any hospital which receives 10% or more of its gross revenues from payments from the State of Illinois, Department of Healthcare and Family Services (formerly Department of Public Aid), Medical Assistance Program.

The Auditor General is authorized to conduct financial and compliance audits of the Illinois Distance Learning Foundation and the Illinois Conservation Foundation.

As soon as practical after August 18, 1995 (the effective date of Public Act 89-386) ~~this amendatory Act of 1995~~, the Auditor General shall conduct a compliance and management audit of the City of Chicago and any other entity with regard to the operation of Chicago O'Hare International Airport, Chicago Midway Airport and Merrill C. Meigs Field. The audit shall include, but not be limited to, an examination of revenues, expenses, and transfers of funds; purchasing and contracting policies and practices; staffing levels; and hiring practices and procedures. When completed, the audit required by this paragraph shall be distributed in accordance with Section 3-14.

~~The Auditor General shall conduct a financial and compliance and program audit of distributions from the Municipal Economic Development Fund during the immediately preceding calendar year pursuant to Section 8-403.1 of the Public Utilities Act at no cost to the city, village, or incorporated town that received the distributions.~~

[May 31, 2025]

The Auditor General must conduct an audit of the Health Facilities and Services Review Board pursuant to Section 19.5 of the Illinois Health Facilities Planning Act.

The Auditor General of the State of Illinois shall annually conduct or cause to be conducted a financial and compliance audit of the books and records of any county water commission organized pursuant to the Water Commission Act of 1985 and shall file a copy of the report of that audit with the Governor and the Legislative Audit Commission. The filed audit shall be open to the public for inspection. The cost of the audit shall be charged to the county water commission in accordance with Section 6z-27 of the State Finance Act. The county water commission shall make available to the Auditor General its books and records and any other documentation, whether in the possession of its trustees or other parties, necessary to conduct the audit required. These audit requirements apply only through July 1, 2007.

The Auditor General must conduct audits of the Rend Lake Conservancy District as provided in Section 25.5 of the River Conservancy Districts Act.

The Auditor General must conduct financial audits of the Southeastern Illinois Economic Development Authority as provided in Section 70 of the Southeastern Illinois Economic Development Authority Act.

The Auditor General shall conduct a compliance audit in accordance with subsections (d) and (f) of Section 30 of the Innovation Development and Economy Act.

(30 ILCS 105/6b-4) (from Ch. 127, par. 142b4)

Sec. 6b-4. On the second Monday of every month, the Director of Public Health shall certify to the State Comptroller and the State Treasurer the amount generated by the issuance of commemorative birth certificates under subsection (14) of Section 25 of the Vital Records Act in excess of the costs incurred in issuing the documents. Within 15 days of receipt of the certification required by this Section, the State Comptroller and the State Treasurer shall transfer from the General Revenue Fund, one-half of the amount certified as being received from the issuance of commemorative birth certificates to the DCFS Children's Services ~~Child Abuse Prevention~~ Fund and one-half of the amount to the Domestic Violence Shelter and Service Fund.

The State Treasurer shall deposit into the Domestic Violence Shelter and Service Fund each assessment received under the Criminal and Traffic Assessment Act.

The State Treasurer shall deposit into the Sexual Assault Services Fund and the Domestic Violence Shelter and Service Fund each of those fines received from circuit clerks under Section 5-9-1.7 of the Unified Code of Corrections in accordance with the provisions of that Section.

(Source: P.A. 100-987, eff. 7-1-19.)

(30 ILCS 105/6z-95)

Sec. 6z-95. The Housing for Families Fund; creation. The Housing for Families Fund is created as a special fund in the State treasury. Moneys in the Fund shall be used by the Department of Human Services to make grants to public or private not-for-profit entities for the purpose of building new housing for low income, working poor, low credit, and no credit families and families with disabilities. For the purposes of this Section, "low income", "working poor", "families with disabilities", "low credit", and "no credit

families" shall be defined by the Department of Human Services by rule. Notwithstanding any other provision of law to the contrary and in addition to any other transfers that may be provided by law, on June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Housing for Families Fund into the Homelessness Prevention Revenue Fund. Upon completion of the transfer, the Housing for Families Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Homelessness Prevention Revenue Fund. This Section is repealed on January 1, 2027.

(Source: P.A. 99-143, eff. 7-27-15.)

(30 ILCS 105/6z-135)

Sec. 6z-135. The Law Enforcement Recruitment and Retention Fund.

(a) The Law Enforcement Recruitment and Retention Fund is hereby created as a special fund in the State Treasury.

(b) Subject to appropriation, moneys in the Law Enforcement Recruitment and Retention Fund shall be used by the Illinois Law Enforcement Training Standards Board to award grants to units of local government, public institutions of higher education, and qualified nonprofit entities for the purpose of hiring and retaining law enforcement officers.

(c) When awarding grants, the Board shall prioritize:

(1) grants that will be used to hire, retain, or hire and retain law enforcement officers in underserved areas and areas experiencing the most need;

(2) achieving demographic and geographic diversity of law enforcement officers that are recruited or hired by applicants that are awarded grants;

(3) maximizing the effects of moneys spent on the actual recruitment and retention of law enforcement officers; and

(4) providing grants that can impact multiple employers.

(d) Moneys received for the purposes of this Section, including, but not limited to, fee receipts, gifts, grants, and awards from any public or private entity, must be deposited into the Fund. Any interest earned on moneys in the Fund must be deposited into the Fund.

(e) The Illinois Law Enforcement Training Standards Board may, by rule, set requirements for the distribution of grant moneys and determine which entities are eligible.

(f) The Illinois Law Enforcement Training Standards Board shall consider compliance with the Uniform Crime Reporting Act as a factor in awarding grant moneys.

(g) As used in this Section, "qualified nonprofit entity" means a nonprofit entity, as defined by the Board by rule, that has established experience in recruitment and retention of law enforcement officers in Illinois.

(h) On June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Law Enforcement Recruitment and Retention Fund into the Law Enforcement Training Fund. Upon completion of the transfer, the Law Enforcement Recruitment and Retention Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Law Enforcement Training Fund.

(30 ILCS 105/8.36)

Sec. 8.36. Airport Land Loan Revolving Fund. Appropriations for loans to public airport owners by the Department of Transportation pursuant to Section 34b of the Illinois Aeronautics Act shall be payable from the Airport Land Loan Revolving Fund. This Section is repealed on January 1, 2026.

(Source: P.A. 91-543, eff. 8-14-99; 92-16, eff. 6-28-01.)

(30 ILCS 105/8g)

Sec. 8g. Fund transfers.

(a) (Blank).

(b) (Blank).

(c) In addition to any other transfers that may be provided for by law, on August 30 of each fiscal year's license period, the Illinois Liquor Control Commission shall direct and the State Comptroller and State Treasurer shall transfer from the General Revenue Fund to the Youth Alcoholism and Substance Abuse Prevention Fund an amount equal to the number of retail liquor licenses issued for that fiscal year multiplied by \$50. This subsection (c) is inoperative after June 30, 2026.

(d) The payments to programs required under subsection (d) of Section 28.1 of the Illinois Horse Racing Act of 1975 shall be made, pursuant to appropriation, from the special funds referred to in the statutes cited in that subsection, rather than directly from the General Revenue Fund.

Beginning January 1, 2000, on the first day of each month, or as soon as may be practical thereafter, the State Comptroller shall direct and the State Treasurer shall transfer from the General Revenue Fund to each of the special funds from which payments are to be made under subsection (d) of Section 28.1 of the Illinois Horse Racing Act of 1975 an amount equal to 1/12 of the annual amount required for those payments from that special fund, which annual amount shall not exceed the annual amount for those payments from that special fund for the calendar year 1998. The special funds to which transfers shall be made under this subsection (d) include, but are not necessarily limited to, the Agricultural Premium Fund; the Metropolitan Exposition, Auditorium and Office Building Fund, but only through fiscal year 2021 and not thereafter; the Fair and Exposition Fund; the Illinois Standardbred Breeders Fund; the Illinois Thoroughbred Breeders Fund; and the Illinois Veterans' Rehabilitation Fund, but only through fiscal year 2026 and not thereafter. Except for transfers attributable to prior fiscal years, during State fiscal year 2020 only, no transfers shall be made from the General Revenue Fund to the Agricultural Premium Fund, the Fair and Exposition Fund, the Illinois Standardbred Breeders Fund, or the Illinois Thoroughbred Breeders Fund. (Source: P.A. 101-10, eff. 6-5-19; 102-16, eff. 6-17-21; 102-558, eff. 8-20-21.)

(30 ILCS 105/8q)

Sec. 8q. Illinois Department of Corrections Parole Division Offender Supervision Fund.

(a) The Illinois Department of Corrections Parole Division Offender Supervision Fund is created as a special fund in the State treasury.

(b) All moneys collected and payable to the Department of Corrections and deposited into the Illinois Department of Corrections Parole Division Offender Supervision Fund shall be appropriated to and administered by the Department of Corrections for operations and initiatives to combat and supervise paroled offenders in the community.

(c) The Illinois Department of Corrections Parole Division Offender Supervision Fund shall not be subject to administrative chargebacks.

(d) On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Illinois Department of Corrections Parole Division Offender Supervision Fund into the Department of Corrections Reimbursement and Education Fund. Upon completion of the transfer, the Illinois Department of Corrections Parole Division Offender Supervision Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Department of Corrections Reimbursement and Education Fund. This Section is repealed on January 1, 2026.

Section 30-70. The State Finance Act is amended by repealing Sections 5.734, 5.762, 5.860, 5.874, 5.882, 5.1009, 6z-103, 8.34, and 8.35.

Section 30-75. The General Obligation Bond Act is amended by changing Section 4 as follows:

(30 ILCS 330/4) (from Ch. 127, par. 654)

Sec. 4. Transportation. The amount of \$27,048,062,400 is authorized for use by the Department of Transportation for the specific purpose of promoting and assuring rapid, efficient, and safe highway, air and mass transportation for the inhabitants of the State by providing monies, including the making of grants and loans, for the acquisition, construction, reconstruction, extension and improvement of the following transportation facilities and equipment, and for the acquisition of real property and interests in real property required or expected to be required in connection therewith as follows:

[May 31, 2025]

(a) \$11,921,354,200 for State highways, arterial highways, freeways, roads, bridges, structures separating highways and railroads and roads, bridges on roads maintained by counties, municipalities, townships, or road districts, and grants to counties, municipalities, townships, or road districts for planning, engineering, acquisition, construction, reconstruction, development, improvement, extension, and all construction-related expenses of the public infrastructure and other transportation improvement projects for the following specific purposes:

- (1) \$9,819,221,200 for use statewide,
- (2) \$3,677,000 for use outside the Chicago urbanized area,
- (3) \$7,543,000 for use within the Chicago urbanized area,
- (4) \$13,060,600 for use within the City of Chicago,
- (5) \$58,991,500 for use within the counties of Cook, DuPage, Kane, Lake, McHenry and Will,
- (6) \$18,860,900 for use outside the counties of Cook, DuPage, Kane, Lake, McHenry and Will,

and

(7) \$2,000,000,000 for use on projects included in either (i) the FY09-14 Proposed Highway Improvement Program as published by the Illinois Department of Transportation in May 2008 or (ii) the FY10-15 Proposed Highway Improvement Program to be published by the Illinois Department of Transportation in the spring of 2009; except that all projects must be maintenance projects for the existing State system with the goal of reaching 90% acceptable condition in the system statewide and further except that all projects must reflect the generally accepted historical distribution of projects throughout the State.

(b) \$5,966,379,900 for rail facilities and for mass transit facilities, as defined in Section 2705-305 of the Department of Transportation Law, including rapid transit, rail, bus and other equipment used in connection therewith by the State or any unit of local government, special transportation district, municipal corporation or other corporation or public authority authorized to provide and promote public transportation within the State or 2 ~~two~~ or more of the foregoing jointly, for the following specific purposes:

- (1) \$4,387,063,600 statewide,
- (2) \$83,350,000 for use within the counties of Cook, DuPage, Kane, Lake, McHenry and Will,
- (3) \$12,450,000 for use outside the counties of Cook, DuPage, Kane, Lake, McHenry and Will,

and

(4) \$1,000,916,300 for use on projects that shall reflect the generally accepted historical distribution of projects throughout the State.

(c) \$482,600,000 for airport or aviation facilities and any equipment used in connection therewith, including engineering and land acquisition costs, by the State or any unit of local government, special transportation district, municipal corporation or other corporation or public authority authorized to provide public transportation within the State, or 2 ~~two~~ or more of the foregoing acting jointly; ~~and for the making of deposits into the Airport Land Loan Revolving Fund for loans to public airport owners pursuant to the Illinois Aeronautics Act.~~

(d) \$4,660,328,300 for use statewide for State or local highways, arterial highways, freeways, roads, bridges, and structures separating highways and railroads and roads, and for grants to counties, municipalities, townships, or road districts for planning, engineering, acquisition, construction, reconstruction, development, improvement, extension, and all construction-related expenses of the public infrastructure and other transportation improvement projects which are related to economic development in the State of Illinois.

(e) \$4,500,000,000 for use statewide for grade crossings, port facilities, airport facilities, rail facilities, and mass transit facilities, as defined in Section 2705-305 of the Department of Transportation Law of the Civil Administrative Code of Illinois, including rapid transit, rail, bus and other equipment used in connection therewith by the State or any unit of local government, special transportation district, municipal corporation or other corporation or public authority authorized to provide and promote public transportation within the State or 2 ~~two~~ or more of the foregoing jointly.

Section 30-80. The Illinois Income Tax Act is amended by changing Section 507FFF as follows:
(35 ILCS 5/507FFF)

Sec. 507FFF. Autism Care Fund checkoff. For taxable years ending on or after December 31, 2015, the Department must print on its standard individual income tax form a provision (i) indicating that if the taxpayer wishes to contribute to the Autism Care Fund, a special fund created in the State treasury, for the

[May 31, 2025]

purpose of donating to the Autism Society of Illinois, as authorized by Public Act 99-423 ~~this amendatory Act of the 99th General Assembly~~, he or she may do so by stating the amount of the contribution (not less than \$1) on the return and (ii) stating that the contribution will reduce the taxpayer's refund or increase the amount of payment to accompany the return. Failure to remit any amount of increased payment shall reduce the contribution accordingly. Notwithstanding any other provision of law, moneys deposited into the Autism Care Fund from contributions under this Section shall be used by the Department of Human Services to make grants to the Autism Society of Illinois. This Section does not apply to any amended return. Notwithstanding any other provision of law, on June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Autism Care Fund into the Autism Awareness Fund. Upon completion of the transfers, the Autism Care Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Autism Awareness Fund. This Section is repealed on January 1, 2027.

(35 ILCS 5/507DDD rep.)

(35 ILCS 5/508 rep.)

Section 30-85. The Illinois Income Tax Act is amended by repealing Sections 507L, 507CCC, 507DDD, and 508.

Section 30-90. The Law Enforcement Intern Training Act is amended by changing Section 25 as follows:

(50 ILCS 708/25)

Sec. 25. Program revenues ~~Police Training Board Services Fund~~. The Board shall charge, collect, or receive fees, tuition, or moneys from persons electing to enter the Law Enforcement Intern Training Program or the Correctional Officer Intern Program equivalent to the costs of providing personnel, equipment, services, and training to law enforcement interns that, in the judgment ~~judgement~~ of the Board, are in the best interest of the State.

Through June 30, 2026, all fees or moneys received by the Board under this Act shall be deposited into a special fund in the State Treasury to be known as the Police Training Board Services Fund. The moneys deposited into the Police Training Board Services Fund shall be appropriated to the Board for expenses of the Board for the administration and conduct of training. Beginning June 30, 2026, all fees or moneys received by the Board under this Act shall be deposited into the Law Enforcement Training Fund.

On June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Police Training Board Services Fund into the Law Enforcement Training Fund. Upon completion of the transfer, the Police Training Board Services Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Law Enforcement Training Fund.

Section 30-95. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 13.3 as follows:

(70 ILCS 210/13.3)

Sec. 13.3. MPEA Reserve Fund. There is hereby created the MPEA Reserve Fund in the State Treasury. If any amount of the 2010 deficiency amount is paid to the State Treasurer pursuant to paragraph (3) of subsection (g) of Section 13 or Section 13.2 on any date after July 6, 2017 (the effective date of Public Act 100-23) ~~this amendatory Act of the 100th General Assembly~~, the Comptroller shall order transferred, and the Treasurer shall transfer an equal amount from the General Revenue Fund into the MPEA Reserve Fund. Amounts in the MPEA Reserve Fund shall be administered by the Treasurer as follows:

(a) On July 1 of each fiscal year, the State Treasurer shall transfer from the MPEA Reserve Fund to the General Revenue Fund an amount equal to 100% of any post-2010 deficiency amount.

(b) Notwithstanding subsection (a) of this Section, any amounts in the MPEA Reserve Fund may be appropriated by law for any other authorized purpose.

(c) All amounts in the MPEA Reserve Fund shall be deposited into the General Revenue Fund when bonds and notes issued under Section 13.2, including bonds and notes issued to refund those bonds and notes, are no longer outstanding.

Notwithstanding any other provision of law, on July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the MPEA Reserve Fund into the General Revenue Fund. Upon completion of the transfer, the MPEA Reserve Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the General Revenue Fund. This Section is repealed on January 1, 2026.
(Source: P.A. 100-23, eff. 7-6-17.)

Section 30-100. The School Code is amended by changing Section 22-83 as follows:
(105 ILCS 5/22-83)

Sec. 22-83. Police training academy job training program.

(a) In a county of 175,000 or more inhabitants, any school district with a high school may establish one or more partnerships with a local police department, county sheriff, or police training academy to establish a jobs training program for high school students. The school district shall establish its partnership or partnerships on behalf of all of the high schools in the district; no high school shall establish a partnership for this purpose separate from the school district's partnership under this Section. The jobs training program shall be open to all students, regardless of prior academic history. However, to encourage and maintain successful program participation and partnerships, the school districts and their partner agencies may impose specific program requirements.

(b) The State Board of Education shall track participation and the success of students participating in the jobs training program established under this Section and annually publish a report on its website examining the program and its success.

(c) Participating counties, school districts, and law enforcement partners may seek federal, State, and private funds to support the police training academy job training and scholarship programs established under Section 65.95 of the Higher Education Student Assistance Act and this Section.

(Source: P.A. 100-331, eff. 1-1-18.)

Section 30-105. The Board of Higher Education Act is amended by changing Section 9.36 as follows:
(110 ILCS 205/9.36)

Sec. 9.36. Processing fee.

(a) The Board may collect a fee to cover the cost of processing and handling individual student-level data requests pursuant to an approved data sharing agreement. The fee shall not be assessed on any entities that are complying with State or federal-mandated reporting. The fee shall be set by the Board by rule. Money from the fee shall be deposited into the BHE Data and Research Cost Recovery Fund.

(b) The Board may not provide personally identifiable information on individual students except in the case where an approved data sharing agreement is signed that includes specific requirements for safeguarding the privacy and security of any personally identifiable information in compliance with the federal Family Educational Rights and Privacy Act of 1974.

(c) The BHE Data and Research Cost Recovery Fund is created as a special fund in the State treasury. The Board shall deposit into the Fund moneys received from processing requests for individual student-level data. All moneys in the Fund shall be used by the Board, subject to appropriation, for costs associated with maintaining and updating the individual student-level data systems.

(d) On June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the BHE Data and Research Cost Recovery Fund into the General Revenue Fund. Upon completion of the transfer, the BHE Data and Research Cost Recovery Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the General Revenue Fund.

(Source: P.A. 100-417, eff. 8-25-17.)

Section 30-110. The Higher Education Student Assistance Act is amended by changing Sections 45 and 65.95 as follows:

(110 ILCS 947/45)

Sec. 45. Illinois National Guard and Naval Militia grant program.

(a) As used in this Section:

"~~State-controlled State-controlled~~ university or community college" means those institutions under the administration of the Chicago State University Board of Trustees, the Eastern Illinois University Board of Trustees, the Governors State University Board of Trustees, the Illinois State University Board of Trustees, the Northeastern Illinois University Board of Trustees, the Northern Illinois University Board of Trustees, the Western Illinois University Board of Trustees, Southern Illinois University Board of Trustees, University of Illinois Board of Trustees, or the Illinois Community College Board.

"Tuition and fees" ~~does shall~~ not include expenses for any sectarian or denominational instruction, the construction or maintenance of sectarian or denominational facilities, or any other sectarian or denominational purposes or activity.

"Fees" means matriculation, graduation, activity, term, or incidental fees. Exemption shall not be granted from any other fees, including book rental, service, laboratory, supply, and union building fees, hospital and medical insurance fees, and any fees established for the operation and maintenance of buildings, the income of which is pledged to the payment of interest and principal on bonds issued by the governing board of any university or community college.

(b) Any person who has served at least one year in the Illinois National Guard or the Illinois Naval Militia and who possesses all necessary entrance requirements shall, upon application and proper proof, be awarded a grant to the State-controlled university or community college of his or her choice, consisting of exemption from tuition and fees for not more than the equivalent of 4 years of full-time enrollment, including summer terms, in relation to his or her course of study at that ~~State-controlled State-controlled~~ university or community college while he or she is a member of the Illinois National Guard or the Illinois Naval Militia. Beginning with the 2013-2014 academic year, any person who has served over 10 years in the Illinois National Guard shall be awarded an additional grant to the State-controlled university or community college of his or her choice, consisting of an exemption from tuition and fees for not more than the equivalent of an additional 2 years of full-time enrollment, including summer terms. Except as otherwise provided in this Section, if the recipient of any grant awarded under this Section ceases to be a member of the Illinois National Guard or the Illinois Naval Militia while enrolled in a course of study under that grant, the grant shall be terminated as of the date membership in the Illinois National Guard or the Illinois Naval Militia ended, and the recipient shall be permitted to complete the school term in which he or she is then enrolled only upon payment of tuition and other fees allocable to the part of the term then remaining. If the recipient of a grant awarded under this Section ceases to be a member of the Illinois National Guard or the Illinois Naval Militia while enrolled in a course of study under that grant but (i) has served in the Illinois National Guard or the Illinois Naval Militia for at least 5 years and (ii) has served a cumulative total of at least 6 months of active duty, then that recipient shall continue to be eligible for a grant for one year after membership in the Illinois National Guard or the Illinois Naval Militia ended, provided that the recipient has not already received the exemption from tuition and fees for the equivalent of 4 years of full-time enrollment, including summer terms, under this Section. If the recipient of the grant fails to complete his or her military service obligations or requirements for satisfactory participation, the Department of Military Affairs shall require the recipient to repay the amount of the grant received, prorated according to the fraction of the service obligation not completed, and, if applicable, reasonable collection fees. The Department of Military Affairs may adopt rules relating to its collection activities for repayment of the grant under this Section. Unsatisfactory participation shall be defined by rules adopted by the Department of Military Affairs. Repayments shall be deposited ~~into~~ in the National Guard and Naval Militia Grant Fund. The National Guard and Naval Militia Grant Fund ~~is~~ is created as a special fund in the State treasury. All money in the National Guard and Naval Militia Grant Fund shall be used, subject to appropriation, by the Illinois Student Assistance Commission for the purposes of this Section. On June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the National Guard and Naval Militia Grant Fund into the General Revenue Fund. Upon completion of the transfer, the National Guard and Naval Militia Grant Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the General Revenue Fund.

A grant awarded under this Section shall be considered an entitlement which the State-controlled university or community college in which the holder is enrolled shall honor without any condition other than the holder's maintenance of minimum grade levels and a satisfactory student loan repayment record pursuant to subsection (c) of Section 20 of this Act.

(c) Subject to a separate appropriation for such purposes, the Commission may reimburse the State-controlled university or community college for grants authorized by this Section.

(Source: P.A. 98-314, eff. 8-12-13.)

(110 ILCS 947/65.95)

Sec. 65.95. Police training academy job training scholarship program.

(a) The Commission shall, each year, receive applications for scholarships under this Section. An applicant is eligible for a scholarship under this Section if the Commission finds that the applicant has successfully completed the police training academy job training program established under Section 22-83 of the School Code and been accepted to a public institution of higher learning in the State.

(b) Applicants who are determined to be eligible for assistance under this Section shall receive, subject to appropriation ~~from the Police Training Academy Job Training Program and Scholarship Fund~~, a renewable scholarship to be applied to tuition and mandatory fees and paid directly to the public institution of higher learning at which the applicant is enrolled. However, the total amount of assistance awarded by the Commission under this Section to an individual in any fiscal year, when added to other financial assistance awarded by the Commission to that individual for that fiscal year, must not exceed the cost of attendance at the institution of higher learning at which the student is enrolled.

(c) A scholarship awarded under this Section may be renewed for a total of up to 4 years of full-time enrollment. The Commission may by rule set the academic requirements necessary to maintain participation in the program.

(d) Students granted a scholarship under this Section shall be granted access to any needed noncredit remedial courses in order to ensure academic success at the public institution of higher learning. Students granted a scholarship under this Section shall also be admitted to a student retention program offered by the public institution of higher learning, including, but not limited to, any CHANCE program the public institution may have established.

(e) The Commission shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(Source: P.A. 100-331, eff. 1-1-18.)

Section 30-115. The Public Utilities Act is amended by changing Section 8-403.1 as follows:

(220 ILCS 5/8-403.1) (from Ch. 111 2/3, par. 8-403.1)

Sec. 8-403.1. Electricity purchased from qualified solid waste energy facility; tax credit; distributions for economic development.

(a) It is hereby declared to be the policy of this State to encourage the development of alternate energy production facilities in order to conserve our energy resources and to provide for their most efficient use.

(b) For the purpose of this Section and Section 9-215.1, "qualified solid waste energy facility" means a facility determined by the Illinois Commerce Commission to qualify as such under the Local Solid Waste Disposal Act, to use methane gas generated from landfills as its primary fuel, and to possess characteristics that would enable it to qualify as a cogeneration or small power production facility under federal law.

(c) In furtherance of the policy declared in this Section, the Illinois Commerce Commission shall require electric utilities to enter into long-term contracts to purchase electricity from qualified solid waste energy facilities located in the electric utility's service area, for a period beginning on the date that the facility begins generating electricity and having a duration of not less than 10 years in the case of facilities fueled by landfill-generated methane, or 20 years in the case of facilities fueled by methane generated from a landfill owned by a forest preserve district. The purchase rate contained in such contracts shall be equal to the average amount per kilowatt-hour paid from time to time by the unit or units of local government in which the electricity generating facilities are located, excluding amounts paid for street lighting and pumping service.

(d) Whenever a public utility is required to purchase electricity pursuant to subsection (c) above, it shall be entitled to credits in respect of its obligations to remit to the State taxes it has collected under the Electricity Excise Tax Law equal to the amounts, if any, by which payments for such electricity exceed (i) the then current rate at which the utility must purchase the output of qualified facilities pursuant to the federal Public Utility Regulatory Policies Act of 1978, less (ii) any costs, expenses, losses, damages or other amounts incurred by the utility, or for which it becomes liable, arising out of its failure to obtain such electricity from such other sources. The amount of any such credit shall, in the first instance, be determined by the utility, which shall make a monthly report of such credits to the Illinois Commerce Commission and, on its monthly tax return, to the Illinois Department of Revenue. Under no circumstances shall a utility be required to purchase electricity from a qualified solid waste energy facility at the rate prescribed in subsection (c) of this Section if such purchase would result in estimated tax credits that exceed, on a

monthly basis, the utility's estimated obligation to remit to the State taxes it has collected under the Electricity Excise Tax Law. The owner or operator shall negotiate facility operating conditions with the purchasing utility in accordance with that utility's posted standard terms and conditions for small power producers. If the Department of Revenue disputes the amount of any such credit, such dispute shall be decided by the Illinois Commerce Commission. Whenever a qualified solid waste energy facility has paid or otherwise satisfied in full the capital costs or indebtedness incurred in developing and implementing the qualified solid waste energy facility, whenever the qualified solid waste energy facility ceases to operate and produce electricity from methane gas generated from landfills, or at the end of the contract entered into pursuant to subsection (c) of this Section, whichever occurs first, the qualified solid waste energy facility shall reimburse the Public Utility Fund and the General Revenue Fund in the State treasury for the actual reduction in payments to those Funds caused by this subsection (d) in a manner to be determined by the Illinois Commerce Commission and based on the manner in which revenues for those Funds were reduced. The payments shall be made to the Illinois Commerce Commission, which shall determine the appropriate disbursements to the Public Utility Fund and the General Revenue Fund based on this subsection (d).

(e) The Illinois Commerce Commission shall not require an electric utility to purchase electricity from any qualified solid waste energy facility which is owned or operated by an entity that is primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy from a source other than one or more qualified solid waste energy facilities.

(e-5) A qualified solid waste energy facility may receive the purchase rate provided in subsection (c) of this Section only for kilowatt-hours generated by the use of methane gas generated from landfills. The purchase rate provided in subsection (c) of this Section does not apply to electricity generated by the use of a fuel that is not methane gas generated from landfills. If the Illinois Commerce Commission determines that a qualified solid waste energy facility has violated the requirement regarding the use of methane gas generated from a landfill as set forth in this subsection (e-5), then the Commission shall issue an order requiring that the qualified solid waste energy facility repay the State for all dollar amounts of electricity sales that are determined by the Commission to be the result of the violation. As part of that order, the Commission shall have the authority to revoke the facility's approval to act as a qualified solid waste energy facility granted by the Commission under this Section. If the amount owed by the qualified solid waste energy facility is not received by the Commission within 90 days after the date of the Commission's order that requires repayment, then the Commission shall issue an order that revokes the facility's approval to act as a qualified solid waste energy facility granted by the Commission under this Section. The Commission's action that vacates prior qualified solid waste energy facility approval does not excuse the repayment to the State treasury required by subsection (d) of this Section for utility tax credits accumulated up to the time of the Commission's action. A qualified solid waste energy facility must receive Commission approval before it may use any fuel in addition to methane gas generated from a landfill in order to generate electricity. If a qualified solid waste energy facility petitions the Commission to use any fuel in addition to methane gas generated from a landfill to generate electricity, then the Commission shall have the authority to do the following:

- (1) establish the methodology for determining the amount of electricity that is generated by the use of methane gas generated from a landfill and the amount that is generated by the use of other fuel;
- (2) determine all reporting requirements for the qualified solid waste energy facility that are necessary for the Commission to determine the amount of electricity that is generated by the use of methane gas from a landfill and the amount that is generated by the use of other fuel and the resulting payments to the qualified solid waste energy facility; and
- (3) require that the qualified solid waste energy facility, at the qualified solid waste energy facility's expense, install metering equipment that the Commission determines is necessary to enforce compliance with this subsection (e-5).

A public utility that is required to enter into a long-term purchase contract with a qualified solid waste energy facility has no duty to determine whether the electricity being purchased was generated by the use of methane gas generated from a landfill or was generated by the use of some other fuel in violation of the requirements of this subsection (e-5).

(f) This Section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected qualified solid waste energy facility.

(g) The Illinois Commerce Commission shall require that: (1) electric utilities use the electricity purchased from a qualified solid waste energy facility to displace electricity generated from nuclear power or coal mined and purchased outside the boundaries of the State of Illinois before displacing electricity

generated from coal mined and purchased within the State of Illinois, to the extent possible, and (2) electric utilities report annually to the Commission on the extent of such displacements.

(h) Nothing in this Section is intended to cause an electric utility that is required to purchase power hereunder to incur any economic loss as a result of its purchase. All amounts paid for power which a utility is required to purchase pursuant to subparagraph (c) shall be deemed to be costs prudently incurred for purposes of computing charges under rates authorized by Section 9-220 of this Act. Tax credits provided for herein shall be reflected in charges made pursuant to rates so authorized to the extent such credits are based upon a cost which is also reflected in such charges.

(i) (Blank). ~~Beginning in February 1999 and through January 2013, each qualified solid waste energy facility that sells electricity to an electric utility at the purchase rate described in subsection (e) shall file with the Department of Revenue on or before the 15th of each month a form, prescribed by the Department of Revenue, that states the number of kilowatt hours of electricity for which payment was received at that purchase rate from electric utilities in Illinois during the immediately preceding month. This form shall be accompanied by a payment from the qualified solid waste energy facility in an amount equal to six tenths of a mill (\$0.0006) per kilowatt hour of electricity stated on the form. Beginning on the effective date of this amendatory Act of the 92nd General Assembly, a qualified solid waste energy facility must file the form required under this subsection (i) before the 15th of each month regardless of whether the facility received any payment in the previous month. Payments received by the Department of Revenue shall be deposited into the Municipal Economic Development Fund, a trust fund created outside the State treasury. The State Treasurer may invest the moneys in the Fund in any investment authorized by the Public Funds Investment Act, and investment income shall be deposited into and become part of the Fund. Moneys in the Fund shall be used by the State Treasurer as provided in subsection (j).~~

~~Beginning on July 1, 2006 through January 31, 2013, each month the State Treasurer shall certify the following to the State Comptroller:~~

~~(A) the amount received by the Department of Revenue under this subsection (i) during the immediately preceding month; and~~

~~(B) the amount received by the Department of Revenue under this subsection (i) in the corresponding month in calendar year 2002.~~

~~As soon as practicable after receiving the certification from the State Treasurer, the State Comptroller shall transfer from the General Revenue Fund to the Municipal Economic Development Fund in the State treasury an amount equal to the amount by which the amount calculated under item (B) of this paragraph exceeds the amount calculated under item (A) of this paragraph, if any.~~

~~The obligation of a qualified solid waste energy facility to make payments into the Municipal Economic Development Fund shall terminate upon either: (1) expiration or termination of a facility's contract to sell electricity to an electric utility at the purchase rate described in subsection (e); or (2) entry of an enforceable, final, and non-appealable order by a court of competent jurisdiction that Public Act 89-448 is invalid. Payments by a qualified solid waste energy facility into the Municipal Economic Development Fund do not relieve the qualified solid waste energy facility of its obligation to reimburse the Public Utility Fund and the General Revenue Fund for the actual reduction in payments to those Funds as a result of credits received by electric utilities under subsection (d).~~

~~A qualified solid waste energy facility that fails to timely file the requisite form and payment as required by this subsection (i) shall be subject to penalties and interest in conformance with the provisions of the Illinois Uniform Penalty and Interest Act.~~

~~Every qualified solid waste energy facility subject to the provisions of this subsection (i) shall keep and maintain records and books of its sales pursuant to subsection (e), including payments received from those sales and the corresponding tax payments made in accordance with this subsection (i), and for purposes of enforcement of this subsection (i) all such books and records shall be subject to inspection by the Department of Revenue or its duly authorized agents or employees.~~

~~When a qualified solid waste energy facility fails to file the form or make the payment required under this subsection (i), the Department of Revenue, to the extent that it is practical, may enforce the payment obligation in a manner consistent with Section 5 of the Retailers' Occupation Tax Act, and if necessary may impose and enforce a tax lien in a manner consistent with Sections 5a, 5b, 5c, 5d, 5e, 5f, 5g, and 5i of the Retailers' Occupation Tax Act. No tax lien may be imposed or enforced, however, unless a qualified solid waste energy facility fails to make the payment required under this subsection (i). Only to the extent necessary and for the purpose of enforcing this subsection (i), the Department of Revenue may secure~~

necessary information from a qualified solid waste energy facility in a manner consistent with Section 10 of the Retailers' Occupation Tax Act.

All information received by the Department of Revenue in its administration and enforcement of this subsection (i) shall be confidential in a manner consistent with Section 11 of the Retailers' Occupation Tax Act. The Department of Revenue may adopt rules to implement the provisions of this subsection (i).

For purposes of implementing the maximum aggregate distribution provisions in subsections (j) and (k), when a qualified solid waste energy facility makes a late payment to the Department of Revenue for deposit into the Municipal Economic Development Fund, that payment and deposit shall be attributed to the month and corresponding quarter in which the payment should have been made, and the Treasurer shall make retroactive distributions or refunds, as the case may be, whenever such late payments so require:

(j) (Blank). The State Treasurer, without appropriation, must make distributions immediately after January 15, April 15, July 15, and October 15 of each year, up to maximum aggregate distributions of \$500,000 for the distributions made in the 4 quarters beginning with the April distribution and ending with the January distribution, from the Municipal Economic Development Fund to each city, village, or incorporated town located in Cook County that has approved construction within its boundaries of an incinerator that will burn recovered wood processed for fuel to generate electricity and will commence operation after 2009. Total distributions in the aggregate to all qualified cities, villages, and incorporated towns in the 4 quarters beginning with the April distribution and ending with the January distribution shall not exceed \$500,000. The amount of each distribution shall be determined pro rata based on the population of the city, village, or incorporated town compared to the total population of all cities, villages, and incorporated towns eligible to receive a distribution. Distributions received by a city, village, or incorporated town must be held in a separate account and may be used only to promote and enhance industrial, commercial, residential, service, transportation, and recreational activities and facilities within its boundaries, thereby enhancing the employment opportunities, public health and general welfare, and economic development within the community, including administrative expenditures exclusively to further these activities. Distributions may also be used for cleanup of open dumping from vacant properties and the removal of structures condemned by the city, village, or incorporated town. These funds, however, shall not be used by the city, village, or incorporated town, directly or indirectly, to purchase, lease, operate, or in any way subsidize the operation of any incinerator, and these funds shall not be paid, directly or indirectly, by the city, village, or incorporated town to the owner, operator, lessee, shareholder, or bondholder of any incinerator. Moreover, these funds shall not be used to pay attorneys fees in any litigation relating to the validity of Public Act 89-448. Nothing in this Section prevents a city, village, or incorporated town from using other corporate funds for any legitimate purpose. For purposes of this subsection, the term "municipal waste" has the meaning ascribed to it in Section 3.290 of the Environmental Protection Act.

(k) (Blank). If maximum aggregate distributions of \$500,000 under subsection (j) have been made after the January distribution from the Municipal Economic Development Fund, then the balance in the Fund shall be refunded to the qualified solid waste energy facilities that made payments that were deposited into the Fund during the previous 12-month period. The refunds shall be prorated based upon the facility's payments in relation to total payments for that 12-month period.

(l) (Blank). Beginning January 1, 2000, and each January 1 thereafter, each city, village, or incorporated town that received distributions from the Municipal Economic Development Fund, continued to hold any of those distributions, or made expenditures from those distributions during the immediately preceding year shall submit to a financial and compliance and program audit of those distributions performed by the Auditor General at no cost to the city, village, or incorporated town that received the distributions. The audit should be completed by June 30 or as soon thereafter as possible. The audit shall be submitted to the State Treasurer and those officers enumerated in Section 3.14 of the Illinois State Auditing Act. If the Auditor General finds that distributions have been expended in violation of this Section, the Auditor General shall refer the matter to the Attorney General. The Attorney General may recover, in a civil action, 3 times the amount of any distributions illegally expended. For purposes of this subsection, the terms "financial audit," "compliance audit," and "program audit" have the meanings ascribed to them in Sections 1.13 and 1.15 of the Illinois State Auditing Act.

(m) On and after June 6, 2006 (the effective date of Public Act 94-836) this amendatory Act of the 94th General Assembly, beginning on the first date on which renewable energy certificates or other salable ~~saleable~~ representations are sold by a qualified solid waste energy facility, with or without the electricity generated by the facility, and utilized by an electric utility or another electric supplier to comply with a renewable energy portfolio standard mandated by Illinois law or mandated by order of the Illinois

Commerce Commission, that qualified solid waste energy facility may not sell electricity pursuant to this Section and shall be exempt from the requirements of subsections (a) through (l) of this Section, except that it shall remain obligated for any reimbursements required under subsection (d) of this Section. All of the provisions of this Section shall remain in full force and effect with respect to any qualified solid waste energy facility that sold electric energy pursuant to this Section at any time before July 1, 2006 and that does not sell renewable energy certificates or other salable ~~saleable~~ representations to meet the requirements of a renewable energy portfolio standard mandated by Illinois law or mandated by order of the Illinois Commerce Commission.

(n) Notwithstanding any other provision of law to the contrary, beginning on July 1, 2006, the Illinois Commerce Commission shall not issue any order determining that a facility is a qualified solid waste energy facility unless the qualified solid waste energy facility was determined by the Illinois Commerce Commission to be a qualified solid waste energy facility before July 1, 2006. As a guide to the intent, interpretation, and application of Public Act 94-836 ~~this amendatory Act of the 94th General Assembly~~, it is hereby declared to be the policy of this State to honor each qualified solid waste energy facility contract in existence on June 6, 2006 (the effective date of Public Act 94-836) ~~this amendatory Act of the 94th General Assembly~~ if the qualified solid waste energy facility continues to meet the requirements of this Section for the duration of its respective contract term.

(Source: P.A. 96-449, eff. 8-14-09.)

Section 30-120. The Illinois Horse Racing Act of 1975 is amended by adding Section 57 as follows:
(230 ILCS 5/57 new)

Sec. 57. Fund dissolution. Notwithstanding any other provision of law to the contrary and in addition to any other transfers that may be provided by law, on June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Illinois Veterans' Rehabilitation Fund into the General Revenue Fund. Upon completion of the transfer, the Illinois Veterans' Rehabilitation Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the General Revenue Fund. This Section is repealed on January 1, 2027.

(305 ILCS 43/Act rep.)

Section 30-125. The Farmers' Market Technology Improvement Program Act is repealed.

Section 30-130. The Illinois Pesticide Act is amended by changing Sections 13.2, 22.2, and 22.3 as follows:

(415 ILCS 60/13.2)

Sec. 13.2. Agrichemical facility.

(a) An agrichemical facility located within the State of Illinois that was not in existence during the years 1991, 1992, and 1993 and therefore did not pay the registration fee of \$500 per year per agrichemical facility for those years may make a one-time payment of \$1,500 to the Department of Agriculture for deposit into the Pesticide Control ~~Agrichemical Incident Response Trust~~ Fund to meet the eligibility requirement of subdivision (2) of subsection (a) of Section 22.3 of this Act. The payment must be received by the Department of Agriculture prior to an incident for which reimbursement is sought under Section 22.3 to qualify for eligibility under subdivision (2) of subsection (a) of Section 22.3.

(b) An agrichemical facility located within the State of Illinois that was not in existence during the years 1991, 1992, and 1993 and therefore did not pay the registration fee of \$500 per year per agrichemical facility for those years may also meet the eligibility requirement of subdivision (2) of subsection (a) of Section 22.3 of this Act through the transfer of eligibility from a facility under the same ownership whose operations were discontinued after 1993 and replaced by the new facility. To qualify for the eligibility transfer, the owner must submit a written request for the eligibility transfer to the Department of Agriculture, must have paid the \$500 registration fee for each of the years 1991, 1992, and 1993 for the original facility, and completed all closure requirements contained in rules promulgated by the Department of Agriculture. Upon receipt of the eligibility transfer request, the Department of Agriculture shall review the submittal and all related containment facility files and shall notify the owner whether eligibility can be transferred.

(c) An agrichemical facility located within the State of Illinois that was in existence during the years 1991, 1992, and 1993 but did not pay the registration fee of \$500 per year per agrichemical facility for those

years may make payment of the unremitted balance to the Department of Agriculture for deposit into the ~~Pesticide Control Agrichemical Incident Response Trust~~ Fund to meet the eligibility requirement of subdivision (2) of subsection (a) of Section 22.3 of this Act. The payment must be received by the Department of Agriculture prior to an incident for which reimbursement is sought under Section 22.3 to qualify for eligibility under subdivision (2) of subsection (a) of Section 22.3.

(d) The moneys collected under this Section shall be deposited into the Pesticide Control Agrichemical Incident Response Trust Fund.

(e) For purposes of this Section, "agrchemical facility" means a site:

(1) used for commercial purposes,

(A) where bulk pesticides are stored in a single container in excess of 300 gallons of liquid pesticide or 300 pounds of dry pesticide for more than 30 days per year; or

(B) where more than 300 gallons of liquid pesticide or 300 pounds of dry pesticide are being mixed, repackaged, or transferred from one container to another within a 30 day period; and

(2) that serves at a point in the pesticide distribution chain immediately prior to final use.

(Source: P.A. 90-403, eff. 8-15-97.)

(415 ILCS 60/22.2) (from Ch. 5, par. 822.2)

Sec. 22.2. (a) There is hereby created a trust fund in the State Treasury to be known as the Agrichemical Incident Response Trust Fund. Any funds received by the Director of Agriculture from the mandates of Section 13.1 shall be deposited with the Treasurer as ex officio ~~ex officio~~ custodian and held separate and apart from any public money of this State, with accruing interest on the trust funds deposited into the trust fund. Disbursement from the fund for purposes as set forth in this Section shall be by voucher ordered by the Director and paid by a warrant drawn by the State Comptroller and countersigned by the State Treasurer. The Director shall order disbursements from the Agrichemical Incident Response Trust Fund only for payment of the expenses authorized by this Act. Monies in this trust fund shall not be subject to appropriation by the General Assembly but shall be subject to audit by the Auditor General. Should the program be terminated, all unobligated funds in the trust fund shall be transferred to a trust fund to be used for purposes as originally intended or be transferred to the Pesticide Control Fund. Interest earned on the Fund shall be deposited into ~~in~~ the Fund. Monies in the Fund may be used by the Department of Agriculture for the following purposes:

(1) for payment of costs of response action incurred by owners or operators of agrichemical facilities as provided in Section 22.3 of this Act;

(2) for the Department to take emergency action in response to a release of agricultural pesticides from an agrichemical facility that has created an imminent threat to public health or the environment;

(3) for the costs of administering its activities relative to the Fund as delineated in subsections (b) and (c) of this Section; and

(4) for the Department to:

(A) (blank); and

(B) administer the Agrichemical Facility Response Action Program.

The total annual expenditures from the Fund for these purposes under this paragraph (4) shall not be more than \$120,000, and no expenditure from the Fund for these purposes shall be made when the Fund balance becomes less than \$750,000.

(b) The action undertaken shall be such as may be necessary or appropriate to protect human health or the environment.

(c) The Director of Agriculture is authorized to enter into contracts and agreements as may be necessary to carry out the Department's duties under this Section.

(d) Neither the State, the Director, nor any State employee shall be liable for any damages or injury arising out of or resulting from any action taken under this Section.

(e) (Blank).

(f) On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Agrichemical Incident Response Trust Fund into the Pesticide Control Fund. Upon completion of the transfer, the Agrichemical Incident Response Trust Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Pesticide Control Fund.

(Source: P.A. 98-692, eff. 7-1-14.)

(415 ILCS 60/22.3) (from Ch. 5, par. 822.3)

Sec. 22.3. (a) An owner or operator of an agrichemical facility is eligible to receive money from the ~~Pesticide Control Agrichemical Incident Response Trust~~ Fund for costs of response action only if all of the following requirements are satisfied:

- (1) the owner or operator has provided notification of the release as required by law;
- (2) the owner or operator was current with payment of all fees required under Section 13.1 at the time of the incident;
- (3) the costs of response action were incurred by the owner or operator as a result of an incident involving a release of an agricultural pesticide at an agrichemical facility in Illinois.

(b) The Department shall not approve payment of costs of response action to an owner or operator which would result in the payment of funds from the ~~Pesticide Control Agrichemical Incident Response Trust~~ Fund in excess of \$500,000 during a calendar year. The Department shall not approve any payment from the Fund to reimburse an owner or operator for costs of response action incurred by such owner or operator in an amount in excess of \$500,000 per incident.

(c) Notwithstanding subsection (a) or (b), no owner or operator is eligible to receive money from the Fund unless the owner or operator demonstrates to the Department that, at the time of the incident, the agrichemical facility was in compliance with requirements adopted by the Department for secondary containment of agrichemicals.

(d)(1) Costs of response action incurred by an owner or operator relating to an incident which occurred prior to the effective date of this Section are not eligible for payment or reimbursement under this Section.

(2) Costs of response action incurred by an owner or operator prior to reporting the incident as required by law are not eligible for payment or reimbursement under this Section.

(3) Costs of response action incurred by an owner or operator which have been paid under a policy of insurance shall not be eligible for payment or reimbursement under this Section.

(e) Requests for partial or final payment for claims under this Section shall be sent to the Department and partial or final payment shall be made only if all of the following are satisfied:

- (1) The owner or operator is eligible under subsections (a) and (c) of this Section;
- (2) Approval of the payments requested will not result in the limitations set forth in subsection (b) of this Section being exceeded;

(3) The owner or operator provides an accounting of all costs, demonstrates the costs to be reasonable, and provides either proof of payment of such costs or demonstrates the financial need for joint payment to the owner or operator and the owner's or operator's contractor in order to pay such costs;

(4) The owner or operator demonstrates that the response action taken was necessary and appropriate.

(f) If an owner or operator submits a claim or claims to the Department for approval under this Section, the Department shall deduct from the amount approved a total of \$50,000 plus 10% of the total response costs incurred by that owner or operator, but in no event shall the Department deduct in excess of \$100,000 for each agrichemical facility for which a claim is submitted. This deductible amount shall apply annually for each agrichemical facility at which costs were incurred under a claim submitted pursuant to this Section.

(g)(1) Upon receipt of notification from the Department that the requirements of this Section have been met, the Department shall make payment to the owner or operator of the amount approved by the Department. If there is insufficient money in the Fund to make payment in full of a claim submitted for reimbursement, the Department may make partial payment until such time as sufficient money in the Fund becomes available.

(2) In no case shall the Fund or the State of Illinois be liable to pay claims or requests for costs of response action if money in the Fund is insufficient to meet such claims or requests.

(h) Payment of any amount from the Fund for response action shall be subject to the State of Illinois acquiring, by subrogation, the rights of any owner or operator to recover the costs of response action for which the Fund has compensated the owner or operator from the person responsible or liable for the release.

(i)(1) Nothing in this Section shall be construed to authorize recovery for costs of response action for any release authorized or permitted pursuant to State or federal law.

(2) Nothing in this Section shall be construed to authorize recovery for costs of response action as the result of the storage, handling and use, or recommendation for storage, handling and use, of a pesticide consistent with:

- (A) its directions for storage, handling and use as stated in its label or labeling;
- (B) its warning and cautions as stated in its label or labeling; and

(C) the uses for which it is registered under the federal Insecticide, Fungicide and Rodenticide Act and the Illinois Pesticide Act.

(j) For purposes of this Section and Section 22.2:

(1) "Agrichemical facility" means a site:

(A) used for commercial purposes

(i) where bulk pesticides are stored in a single container in excess of 300 gallons of liquid pesticide or 300 pounds of dry pesticide for more than 30 days per year, or

(ii) where more than 300 gallons of liquid pesticide or 300 pounds of dry pesticide are being mixed, repackaged, or transferred from one container to another within a 30 day period; and

(B) that serves at a point in the pesticide distribution chain immediately prior to final use.

(2) "Response action" means an action to stop, eliminate, contain, or mitigate a release of agricultural pesticides and its effects at an agrichemical facility as may be necessary or appropriate to protect human health and the environment.

(3) "Incident" means a flood, fire, tornado, on-site transportation accident, equipment malfunction, storage container rupture, leak, spill, discharge, escape, or other event that suddenly releases an agricultural pesticide into the environment and that creates an imminent threat to public health or the environment.

(4) "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment.

(Source: P.A. 86-1172; 87-128.)

Section 30-135. The Illinois Low-Level Radioactive Waste Management Act is amended by changing Sections 14, 15, 17, and 21 as follows:

(420 ILCS 20/14) (from Ch. 111 1/2, par. 241-14)

Sec. 14. Waste management funds.

(a) There is hereby created in the State Treasury a special fund to be known as the "Low-Level Radioactive Waste Facility Development and Operation Fund". All monies within the Low-Level Radioactive Waste Facility Development and Operation Fund shall be invested by the State Treasurer in accordance with established investment practices. Interest earned by such investment shall be returned to the Low-Level Radioactive Waste Facility Development and Operation Fund. ~~The~~ Except as otherwise provided in this subsection, the Agency shall deposit 80% of all receipts from the fees required under subsections (a) and (b) of Section 13 in the State Treasury to the credit of this Fund. Beginning July 1, 1997, and until December 31 of the year in which the Agency approves a proposed site under Section 10.3, the Agency shall deposit all fees collected under subsections (a) and (b) of Section 13 of this Act into the Fund. Subject to appropriation, the Agency is authorized to expend all moneys in the Fund in amounts it deems necessary for:

(1) hiring personnel and any other operating and contingent expenses necessary for the proper administration of this Act;

(2) contracting with any firm for the purpose of carrying out the purposes of this Act;

(3) grants to the Central Midwest Interstate Low-Level Radioactive Waste Commission;

(4) hiring personnel, contracting with any person, and meeting any other expenses incurred by the Agency in fulfilling its responsibilities under the Radioactive Waste Compact Enforcement Act;

(5) activities under Sections 10, 10.2 and 10.3;

(6) payment of fees in lieu of taxes to a local government having within its boundaries a regional disposal facility;

(7) payment of grants to counties or municipalities under Section 12.1; and

(8) fulfillment of obligations under a community agreement under Section 12.1.

In spending monies pursuant to such appropriations, the Agency shall to the extent practicable avoid duplicating expenditures made by any firm pursuant to a contract awarded under this Section.

(b) There is hereby created in the State Treasury a special fund to be known as the "Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund". All monies within the Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund shall be invested by the State Treasurer in accordance with established investment practices. Interest earned by such investment shall be returned to the Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund. ~~The Agency shall deposit 20% of all receipts from the fees required under subsections (a) and (b) of Section 13 of this Act in the State Treasury to the credit of this Fund, except that, pursuant to subsection (a) of Section 14 of this Act, there shall be no such deposit into this Fund between July 1, 1997 and December 31 of the year in which the Agency approves a proposed site pursuant to Section 10.3 of this Act.~~ All deposits into this Fund shall be held by the State Treasurer separate and apart from all public money or funds of this State. Subject to appropriation, the Agency is authorized to expend any moneys in this Fund in amounts it deems necessary for:

- (1) decommissioning and other procedures required for the proper closure of the regional disposal facility;
- (2) monitoring, inspecting, and other procedures required for the proper closure, decommissioning, and post-closure care of the regional disposal facility;
- (3) taking any remedial actions necessary to protect human health and the environment from releases or threatened releases of wastes from the regional disposal facility;
- (4) the purchase of facility and third-party liability insurance necessary during the institutional control period of the regional disposal facility;
- (5) mitigating the impacts of the suspension or interruption of the acceptance of waste for disposal;
- (6) compensating any person suffering any damages or losses to a person or property caused by a release from the regional disposal facility as provided for in Section 15; and
- (7) fulfillment of obligations under a community agreement under Section 12.1.

On or before March 1 of each year through March 1, 2025, the Agency shall deliver to the Governor, the President and Minority Leader of the Senate, the Speaker and Minority Leader of the House, and each of the generators that have contributed during the preceding State fiscal year to the Fund a financial statement, certified and verified by the Director, which details all receipts and expenditures from the Fund during the preceding State fiscal year. The financial statements shall identify all sources of income to the Fund and all recipients of expenditures from the Fund, shall specify the amounts of all the income and expenditures, and shall indicate the amounts of all the income and expenditures, and shall indicate the purpose for all expenditures.

On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund into the Low-Level Radioactive Waste Facility Development and Operation Fund. Upon completion of the transfer, the Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Low-Level Radioactive Waste Facility Development and Operation Fund.

(c) (Blank).

(d) The Agency may accept for any of its purposes and functions any donations, grants of money, equipment, supplies, materials, and services from any state or the United States, or from any institution, person, firm or corporation. Any donation or grant of money ~~received after January 1, 1986~~ shall be deposited into ~~in either the Low-Level Radioactive Waste Facility Development and Operation Fund or the Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund, in accordance with the purpose of the grant.~~

(Source: P.A. 100-146, eff. 1-1-18.)

(420 ILCS 20/15) (from Ch. 111 1/2, par. 241-15)

Sec. 15. Compensation.

(a) Any person may apply to the Agency pursuant to this Section for compensation of a loss caused by the release, in Illinois, of radioactivity from the regional disposal facility. The Agency shall prescribe appropriate forms and procedures for claims filed pursuant to this Section, which shall include, as a minimum, the following:

- (1) Provisions requiring the claimant to make a sworn verification of the claim to the best of his or her knowledge.

(2) A full description, supported by appropriate evidence from government agencies, of the release of the radioactivity claimed to be the cause of the physical injury, illness, loss of income or property damage.

(3) If making a claim based upon physical injury or illness, certification of the medical history of the claimant for the 5 years preceding the date of the claim, along with certification of the alleged physical injury or illness, and expenses for the physical injury or illness, made by hospitals, physicians or other qualified medical authorities.

(4) If making a claim for lost income, information on the claimant's income as reported on his or her federal income tax return or other document for the preceding 3 years in order to compute lost wages or income.

(b) The Agency shall hold at least one hearing, if requested by the claimant, within 60 days of submission of a claim to the Agency. The Director shall render a decision on a claim within 30 days of the hearing unless all of the parties to the claim agree in writing to an extension of time. All decisions rendered by the Director shall be in writing, with notification to all appropriate parties. The decision shall be considered a final administrative decision for the purposes of judicial review.

(c) The following losses shall be compensable under this Section, provided that the Agency has found that the claimant has established, by the weight of the evidence, that the losses were proximately caused by the designated release and are not otherwise compensable under law:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to 3 years from the onset of treatment;

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed \$15,000 per year for 3 years;

(3) Eighty percent of any losses or damages to real or personal property; and

(4) One hundred percent of costs of any remedial actions on such property necessary to protect human health and the environment.

(d) No claim may be presented to the Agency under this Section later than 5 years from the date of discovery of the damage or loss.

(e) Compensation for any damage or loss under this Section shall preclude indemnification or reimbursement from any other source for the identical damage or loss, and indemnification or reimbursement from any other source shall preclude compensation under this Section.

(f) The Agency shall adopt, and revise when appropriate, rules and regulations necessary to implement the provisions of this Section, including methods that provide for establishing that a claimant has exercised reasonable diligence in satisfying the conditions of the application requirements, for specifying the proof necessary to establish a damage or loss compensable under this Section and for establishing the administrative procedures to be followed in reviewing claims.

(g) Claims approved by the Director shall be paid from the Low-Level Radioactive Waste Facility Development and Operation ~~Closure, Post-Closure Care and Compensation~~ Fund, except that claims shall not be paid in excess of the amount available in the Fund. In the case of insufficient amounts in the Fund to satisfy claims against the Fund, the General Assembly may appropriate monies to the Fund in amounts it deems necessary to pay the claims.

(420 ILCS 20/17) (from Ch. 111 1/2, par. 241-17)

Sec. 17. Penalties.

(a) Any person operating any facility in violation of Section 8 shall be subject to a civil penalty not to exceed \$100,000 per day of violation.

(b) Any person failing to pay the fees provided for in Section 13 shall be liable to a civil penalty not to exceed 4 times the amount of the fees not paid.

(c) At the request of the Agency, the civil penalties shall be recovered in an action brought by the Attorney General on behalf of the State in the circuit court in which the violation occurred. All amounts collected from fines under this Section shall be deposited into ~~in~~ the Low-Level Radioactive Waste Facility Development and Operation ~~Closure, Post-Closure Care and Compensation~~ Fund.

(Source: P.A. 95-777, eff. 8-4-08.)

(420 ILCS 20/21) (from Ch. 111 1/2, par. 241-21)

Sec. 21. Shared Liability. Any state which enacts the Central Midwest Interstate Low-Level Radioactive Waste Compact and has as its resident a generator shall be liable for the cost of post-closure care in excess of funds available from the Low-Level Radioactive Waste Facility Development and

~~Operation Closure, Post Closure Care and Compensation~~ Fund or from any liability insurance or other means of establishing financial responsibility in an amount sufficient to provide for any necessary corrective actions or liabilities arising during the period of post-closure care. The extent of such liability shall not be in excess of the prorated share of the volume of waste placed in the facility by the generators of each state which has enacted the Central Midwest Interstate Low-Level Radioactive Waste Compact. However, this Section shall not apply to a party state with a total volume of waste recorded on low-level radioactive waste manifests for any year that is less than 10 percent of the total volume recorded on such manifests for the region during the same year.
(Source: P.A. 84-1406.)

Section 30-140. The Radioactive Waste Tracking and Permitting Act is amended by changing Section 15 as follows:

(420 ILCS 37/15)

Sec. 15. Permit requirements for the storage, treatment, and disposal of waste at a disposal facility.

(a) Upon adoption of regulations under subsection (c) of this Section, no person shall deposit any low-level radioactive waste at a storage, treatment, or disposal facility in Illinois licensed under Section 8 of the Illinois Low-Level Radioactive Waste Management Act without a permit granted by the Agency.

(b) Upon adoption of regulations under subsection (c) of this Section, no person shall operate a storage, treatment, or disposal facility licensed under Section 8 of the Illinois Low-Level Radioactive Waste Management Act without a permit granted by the Agency.

(c) The Agency shall adopt regulations providing for the issuance, suspension, and revocation of permits required under subsections (a) and (b) of this Section. The regulations may provide a system for tracking low-level radioactive waste to ensure that waste that other states are responsible for disposing of under federal law does not become the responsibility of the State of Illinois. The regulations shall be consistent with the Federal Hazardous Materials Transportation Act.

(d) The Agency may enter into a contract or contracts for operation of the system for tracking low-level radioactive waste as provided in subsection (c) of this Section.

(e) A person who violates this Section or any regulation promulgated under this Section shall be subject to a civil penalty, not to exceed \$10,000, for each violation. Each day a violation continues shall constitute a separate offense. A person who fails to pay a civil penalty imposed by a regulation adopted under this Section, or any portion of the penalty, is liable in a civil action in an amount not to exceed 4 times the amount imposed and not paid. At the request of the Agency, the Attorney General shall, on behalf of the State, bring an action for the recovery of any civil penalty provided for by this Section. Any civil penalties so recovered shall be deposited into ~~in~~ the Low-Level Radioactive Waste Facility Development and Operation Closure, Post Closure Care and Compensation Fund.

Section 30-145. The Humane Care for Animals Act is amended by changing Section 16.4 as follows:
(510 ILCS 70/16.4)

Sec. 16.4. Illinois Animal Abuse Fund. The Illinois Animal Abuse Fund is created as a special fund in the State treasury. Moneys in the Fund may be used, subject to appropriation, by the Department of Agriculture to investigate animal abuse and neglect under this Act. On June 30, 2026, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Illinois Animal Abuse Fund into the Livestock Management Facilities Fund. Upon completion of the transfer, the Illinois Animal Abuse Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Livestock Management Facilities Fund. This Section is repealed on January 1, 2027.
(Source: P.A. 92-454, eff. 1-1-02.)

Section 30-150. The Habitat Endowment Act is amended by changing Sections 5, 15, and 30 as follows:

(520 ILCS 25/5)

Sec. 5. Definitions. As used in this Act:

"Department" means the Department of Natural Resources.

"Director" means the Director of Natural Resources.

~~"Illinois Habitat Fund" means a special fund in the State Treasury entitled the Illinois Habitat Fund created in Section 15 of this Act.~~

~~"Trust Fund" means the Illinois Habitat Endowment Trust Fund created in Section 15 of this Act.~~

(Source: P.A. 89-445, eff. 2-7-96.)

(520 ILCS 25/15)

Sec. 15. The Illinois Habitat Fund and the Illinois Habitat Endowment Trust Fund.

(a) There is established in the State treasury a special fund entitled the Illinois Habitat Fund. The moneys in this fund shall be used, subject pursuant to appropriation, exclusively by the Department for the preservation and maintenance of high quality habitat lands. The Illinois Habitat Fund shall be financed through ~~transfers of investment income earned by the Illinois Habitat Endowment Trust Fund created in this Section,~~ deposits of fees from the sale of State Habitat Stamps and artwork as provided for in the Wildlife Code, and revenue derived from the sale of Sportsmen Series license plates. The Department may accept, from all sources, contributions, grants, gifts, bequests, legacies of money, and securities to be deposited into the Illinois Habitat Fund. All interest earned and accrued from moneys in deposited into the Illinois Habitat Fund shall be deposited monthly by the State Treasurer into the Illinois Habitat Fund.

(b) The Illinois Habitat Endowment Trust Fund is created as a trust fund in the State treasury. The Trust Fund shall be financed by a combination of private donations and transfers or deposits from the Park and Conservation Fund or any other fund authorized by law. The Department may accept, from all sources, contributions, grants, gifts, bequests, legacies of money, and securities to be deposited into the Trust Fund. All deposits shall become part of the Trust Fund corpus. Moneys in the Trust Fund are not subject to appropriation and shall be used solely to provide financing to the Illinois Habitat Fund. All gifts, grants, assets, funds, or moneys received by the Department under this Act shall be deposited and held by the State Treasurer as ex officio custodian thereof, separate and apart from all public moneys or funds of this State in a trust fund established in accordance with State law, and shall be administered by the Director exclusively for the purposes set forth in this Act. All moneys in the Trust Fund are to be invested and reinvested by the State Treasurer. All interest accruing from these investments shall be deposited ~~into~~ in the Trust Fund. Notwithstanding any other provision of law, in addition to any other transfers that may be provided by law, on July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Illinois Habitat Endowment Trust Fund into the Illinois Habitat Fund. Upon completion of the transfer, the Illinois Habitat Endowment Trust Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the Illinois Habitat Fund.

(Source: P.A. 89-611, eff. 1-1-97.)

(520 ILCS 25/30)

Sec. 30. Advisory Committee. The Illinois Habitat Fund Advisory Committee is created. The purpose of the Committee is to advise the Director on the use of ~~funds from~~ the Illinois Habitat Fund and on other matters pertaining to the purposes of this Act. The Committee shall consist of: (1) the Chief of Wildlife Resources Division or his designee, (2) the Chief of the Land Management Division or his designee, (3) 3 or more representatives from statewide conservation organizations appointed by the Director, (4) one person who is a landowner in the State of Illinois and who is not affiliated with any other group or organization with representation on the Committee, and (5) 3 or more representatives appointed by the Director who are from nonprofit institutions, corporations, or universities within the State and actively involved in habitat conservation, enhancement, or restoration. The Committee shall review and recommend all allocation of funds from the ~~Illinois State~~ Illinois Habitat Fund, with the exception of revenue derived from the sale of Sportsmen Series license plates. Members of the Committee shall serve without compensation, but expenses incurred in the performance of their duties shall be reimbursed by the Department. ~~The Committee shall initiate the performance of its duties at the time the corpus of the Habitat Endowment Trust Fund attains a level of \$10 million.~~

(Source: P.A. 89-611, eff. 1-1-97.)

(520 ILCS 25/20 rep.)

Section 30-155. The Habitat Endowment Act is amended by repealing Section 20.

Section 30-160. The Illinois Aeronautics Act is amended by changing Section 34b as follows:

(620 ILCS 5/34b)

Sec. 34b. Airport Land Loan Program.

(a) The Department may make loans to public airport owners for the purchase of any real estate interests as may be needed for essential airport purposes, including future needs, subject to the following conditions:

(1) loans may be made only to public airport owners that are operating an airport as of January 1, 1999; and

(2) loans may not be made for airports that provide scheduled commercial air service in counties of greater than 5,000,000 population.

The loans are payable from the Airport Land Loan Revolving Fund, subject to appropriation. All repayments of loans made pursuant to this Section, including interest thereon and penalties, shall be deposited into ~~in~~ the Airport Land Loan Revolving Fund. The Treasurer shall deposit all investment earnings arising from balances in the Airport Land Loan Revolving Fund in that Fund.

(b) All loans under this Section shall be made by contract between the Department and the public airport owner, which contract shall include the following provisions:

(1) The annual rate of interest shall be the lesser of (A) 2 percent below the Prime Rate charged by banks, as published by the Federal Reserve Board, in effect at the time the Department approves the loan, or (B) a rate determined by the Department, after consultation with the Governor's Office of Management and Budget, that will not adversely affect the tax-exempt status of interest on the bonds of the State issued in whole or in part to make deposits into the Airport Land Loan Revolving Fund, nor diminish the benefit to the State of the tax-exempt status of the interest on such bonds.

(2) The term of any loan shall not exceed 5 ~~five~~ years, but it may be for less by mutual agreement.

(3) Loan payments shall be scheduled in equal amounts for the periods determined under paragraph (4) of this Section. The loan payments shall be calculated so that the loan is completely repaid, with interest, on outstanding balances, by the end of the term determined under paragraph (2) of this Section. There shall be no penalty for early payment ahead of the payment schedule.

(4) The period of loan payments shall be annual, unless by mutual agreement a period of less than one year is chosen.

(5) The loan shall be secured with the land purchased, in whole or in part, with the loan and considered as collateral. The public airport owner shall assign a first priority interest in the property to the State.

(6) If the loan payment is not made within 15 days after the scheduled date determined under paragraph (3) of this Section, a penalty of 10% of the payment shall be assessed. If 30 days after the scheduled payment date no payment has been received, the loan shall be considered in default.

(7) As soon as a loan is considered in default, the Department shall notify the public airport owner and attempt to enter into a renegotiation of the loan payment amounts and schedule determined under paragraph (3) of this Section. In no case shall the term of the loan be extended beyond the initial term determined under paragraph (2) of this Section; nor shall the interest rate be lowered nor any interest be forgiven. If a renegotiation of loan payment amounts and schedule is obtained to the Department's satisfaction within 30 days of notification of default, then the new payment schedule shall replace the one determined by paragraph (3) of this Section and shall be used to measure compliance with the loan for purposes of default. If after 30 days of notification of default the Department has not obtained a renegotiation to its satisfaction, the Department shall declare the loan balance due and payable immediately. If the public airport owner cannot immediately pay the balance of the loan, the Department shall proceed to foreclose.

(c) The Department may promulgate any rules that it finds appropriate to implement this Airport Land Loan Program.

(d) The Airport Land Loan Revolving Fund is created in the State Treasury.

(e) On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Airport Land Loan Revolving Fund into the General Obligation Bond Retirement and Interest Fund. Upon completion of the transfer, the Airport Land Loan Revolving Fund is dissolved.

(f) This Section is repealed on January 1, 2026.

(Source: P.A. 94-793, eff. 5-19-06.)

Section 30-165. The Illinois Vehicle Code is amended by changing Sections 3-643, 3-684, 3-690, 3-699.14, and 11-501.01 as follows:

[May 31, 2025]

(625 ILCS 5/3-643)

Sec. 3-643. Mammogram license plates.

(a) The Secretary, upon receipt of an application made in the form prescribed by the Secretary, may issue special registration plates designated as Mammogram license plates. The special plates issued under this Section shall be affixed only to passenger vehicles of the first division, motorcycles, autocycles, and motor vehicles of the second division weighing not more than 8,000 pounds. Plates issued under this Section shall expire according to the multi-year procedure established by Section 3-414.1 of this Code.

(b) The design and color of the plates is wholly within the discretion of the Secretary, except that the phrase "Mammograms Save Lives" shall be on the plates. The Secretary may allow the plates to be issued as vanity plates or personalized under Section 3-405.1 of the Code. The Secretary shall prescribe stickers or decals as provided under Section 3-412 of this Code.

(c) An applicant for the special plate shall be charged a \$25 fee for original issuance in addition to the appropriate registration fee. Of this fee, \$10 shall be deposited into the Mammogram Fund and \$15 shall be deposited into the Secretary of State Special License Plate Fund, to be used by the Secretary to help defray the administrative processing costs.

For each registration renewal period, a \$25 fee, in addition to the appropriate registration fee, shall be charged. Of this fee, \$23 shall be deposited into the Mammogram Fund and \$2 shall be deposited into the Secretary of State Special License Plate Fund.

(d) The Mammogram Fund is created as a special fund in the State treasury. All money in the Mammogram Fund shall be paid, subject to appropriation by the General Assembly ~~and distribution~~ by the Illinois Department of Public Health ~~for~~ to the Illinois Breast and Cervical Cancer Program for patient navigation services specifically for populations with the highest rates of breast cancer mortality in the State. (Source: P.A. 102-967, eff. 1-1-23; 103-843, eff. 1-1-25.)

(625 ILCS 5/3-684)

Sec. 3-684. Illinois EMS Memorial Scholarship and Training license plate.

(a) The Secretary, upon receipt of an application made in the form prescribed by the Secretary of State, may issue special registration plates designated to be Illinois EMS Memorial Scholarship and Training license plates. The special plates issued under this Section shall be affixed only to passenger vehicles of the first division, motorcycles, autocycles, motor vehicles of the second division weighing not more than 8,000 pounds, recreational vehicles as defined in Section 1-169 of this Code, and subject to the staggered registration system. Plates issued under this Section shall expire according to the multi-year procedure established by Section 3-414.1 of this Code.

(b) The design and color of the plates shall be wholly within the discretion of the Secretary of State. The Secretary of State may, in his or her discretion, allow the plates to be issued as vanity plates or personalized in accordance with Section 3-405.1 of this Code. The plates are not required to designate "Land of Lincoln", as prescribed in subsection (b) of Section 3-412 of this Code. The Secretary of State shall prescribe stickers or decals as provided under Section 3-412.

(c) An applicant shall be charged a \$27 fee for original issuance in addition to the applicable registration fee. Of this additional fee, \$15 shall be deposited into the Secretary of State Special License Plate Fund and \$12 shall be deposited into the Illinois EMS Memorial Scholarship and Training Fund. For each registration renewal period, a \$17 fee, in addition to the appropriate registration fee, shall be charged. Of this fee, \$2 shall be deposited into the Secretary of State Special License Plate Fund and \$15 shall be deposited into the Illinois EMS Memorial Scholarship and Training Fund.

(d) The Illinois EMS Memorial Scholarship and Training Fund is created as a special fund in the State treasury. All money in the Illinois EMS Memorial Scholarship and Training Fund shall, subject to appropriation by the General Assembly and distribution by the Secretary of State, as grants to the EMS Memorial Scholarship and Training Council, a not-for-profit corporation, for the purposes (i) of providing scholarships for graduate study, undergraduate study, or both, to children and spouses of emergency medical services (EMS) personnel killed in the course of their employment, and (ii) for grants for the training of EMS personnel.

(e) On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Illinois EMS Memorial Scholarship and Training Fund into the Secretary of State Special License Plate Fund. Upon completion of the transfer, the Illinois EMS Memorial Scholarship and Training Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Secretary of State Special License Plate Fund.

(f) This Section is repealed on January 1, 2026.

(Source: P.A. 103-843, eff. 1-1-25.)

(625 ILCS 5/3-690)

Sec. 3-690. St. Jude Children's Research Hospital Plates.

(a) In addition to any other special license plate, the Secretary, upon receipt of all applicable fees and applications made in the form prescribed by the Secretary of State, may issue St. Jude Children's Research Hospital license plates. The special St. Jude Children's Research Hospital plate issued under this Section shall be affixed only to passenger vehicles of the first division, motorcycles, autocycles, and motor vehicles of the second division weighing not more than 8,000 pounds. Plates issued under this Section shall expire according to the staggered multi-year procedure established by Section 3-414.1 of this Code.

(b) The design, color, and format of the plates shall be wholly within the discretion of the Secretary of State. Appropriate documentation, as determined by the Secretary, must accompany each application. The Secretary, in his or her discretion, shall approve and prescribe stickers or decals as provided under Section 3-412.

(c) An applicant for the special plate shall be charged a \$40 fee for original issuance in addition to the appropriate registration fee. Of this fee, \$25 shall be deposited into the St. Jude Children's Research Fund and \$15 shall be deposited into the Secretary of State Special License Plate Fund, to be used by the Secretary to help defray the administrative processing costs. For each registration renewal period, a \$27 fee, in addition to the appropriate registration fee, shall be charged. Of this fee, \$25 shall be deposited into the St. Jude Children's Research Fund and \$2 shall be deposited into the Secretary of State Special License Plate Fund.

(d) The St. Jude Children's Research Fund is created as a special fund in the State treasury. All money in the St. Jude Children's Research Fund shall be paid, subject to appropriation by the General Assembly and distribution by the Secretary, as grants to St. Jude Children's Research Hospital for pediatric treatment and research. All interest earned on moneys in the Fund shall be deposited into the Fund. The Fund shall not be subject to administrative charges or chargebacks, such as but not limited to those authorized under Section 8h of the State Finance Act.

(e) On July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the St. Jude Children's Research Fund into the Secretary of State Special License Plate Fund. Upon completion of the transfer, the St. Jude Children's Research Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Secretary of State Special License Plate Fund.

(f) This Section is repealed on January 1, 2026.

(Source: P.A. 103-843, eff. 1-1-25.)

(625 ILCS 5/3-699.14)

Sec. 3-699.14. Universal special license plates.

(a) In addition to any other special license plate, the Secretary, upon receipt of all applicable fees and applications made in the form prescribed by the Secretary, may issue Universal special license plates to residents of Illinois on behalf of organizations that have been authorized by the General Assembly to issue decals for Universal special license plates. Appropriate documentation, as determined by the Secretary, shall accompany each application. Authorized organizations shall be designated by amendment to this Section. When applying for a Universal special license plate the applicant shall inform the Secretary of the name of the authorized organization from which the applicant will obtain a decal to place on the plate. The Secretary shall make a record of that organization and that organization shall remain affiliated with that plate until the plate is surrendered, revoked, or otherwise ~~canceled~~ ~~cancelled~~. The authorized organization may charge a fee to offset the cost of producing and distributing the decal, but that fee shall be retained by the authorized organization and shall be separate and distinct from any registration fees charged by the Secretary. No decal, sticker, or other material may be affixed to a Universal special license plate other than a decal authorized by the General Assembly in this Section or a registration renewal sticker. The special plates issued under this Section shall be affixed only to passenger vehicles of the first division, including motorcycles and autocycles, or motor vehicles of the second division weighing not more than 8,000 pounds. Plates issued under this Section shall expire according to the multi-year procedure under Section 3-414.1 of this Code.

(b) The design, color, and format of the Universal special license plate shall be wholly within the discretion of the Secretary. Universal special license plates are not required to designate "Land of Lincoln", as prescribed in subsection (b) of Section 3-412 of this Code. The design shall allow for the application of a decal to the plate. Organizations authorized by the General Assembly to issue decals for Universal special

license plates shall comply with rules adopted by the Secretary governing the requirements for and approval of Universal special license plate decals. The Secretary may, in his or her discretion, allow Universal special license plates to be issued as vanity or personalized plates in accordance with Section 3-405.1 of this Code. The Secretary of State must make a version of the special registration plates authorized under this Section in a form appropriate for motorcycles and autocycles.

(c) When authorizing a Universal special license plate, the General Assembly shall set forth whether an additional fee is to be charged for the plate and, if a fee is to be charged, the amount of the fee and how the fee is to be distributed. When necessary, the authorizing language shall create a special fund in the State treasury into which fees may be deposited for an authorized Universal special license plate. Additional fees may only be charged if the fee is to be paid over to a State agency or to a charitable entity that is in compliance with the registration and reporting requirements of the Charitable Trust Act and the Solicitation for Charity Act. Any charitable entity receiving fees for the sale of Universal special license plates shall annually provide the Secretary of State a letter of compliance issued by the Attorney General verifying that the entity is in compliance with the Charitable Trust Act and the Solicitation for Charity Act.

(d) Upon original issuance and for each registration renewal period, in addition to the appropriate registration fee, if applicable, the Secretary shall collect any additional fees, if required, for issuance of Universal special license plates. The fees shall be collected on behalf of the organization designated by the applicant when applying for the plate. All fees collected shall be transferred to the State agency on whose behalf the fees were collected, or paid into the special fund designated in the law authorizing the organization to issue decals for Universal special license plates. All money in the designated fund shall be distributed by the Secretary subject to appropriation by the General Assembly.

(e) The following organizations may issue decals for Universal special license plates with the original and renewal fees and fee distribution as follows:

(1) The Illinois Department of Natural Resources.

(A) Original issuance: \$25; with \$10 to the Roadside Monarch Habitat Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Roadside Monarch Habitat Fund and \$2 to the Secretary of State Special License Plate Fund.

(2) Illinois Veterans' Homes.

(A) Original issuance: \$26, which shall be deposited into the Illinois Veterans' Homes Fund.

(B) Renewal: \$26, which shall be deposited into the Illinois Veterans' Homes Fund.

(3) The Illinois Department of Human Services for volunteerism decals.

(A) Original issuance: \$25, which shall be deposited into the Secretary of State Special License Plate Fund.

(B) Renewal: \$25, which shall be deposited into the Secretary of State Special License Plate Fund.

(4) The Illinois Department of Public Health.

(A) Original issuance: \$25; with \$10 to the Prostate Cancer Awareness Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Prostate Cancer Awareness Fund and \$2 to the Secretary of State Special License Plate Fund.

(5) Horsemen's Council of Illinois.

(A) Original issuance: \$25; with \$10 to the Horsemen's Council of Illinois Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Horsemen's Council of Illinois Fund and \$2 to the Secretary of State Special License Plate Fund.

(6) K9s for Veterans, NFP.

(A) Original issuance: \$25; with \$10 to the Post-Traumatic Stress Disorder Awareness Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Post-Traumatic Stress Disorder Awareness Fund and \$2 to the Secretary of State Special License Plate Fund.

(7) The International Association of Machinists and Aerospace Workers.

(A) Original issuance: \$35; with \$20 to the Guide Dogs of America Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 going to the Guide Dogs of America Fund and \$2 to the Secretary of State Special License Plate Fund.

(8) Local Lodge 701 of the International Association of Machinists and Aerospace Workers.

(A) Original issuance: \$35; with \$10 to the Guide Dogs of America Fund, \$10 to the Mechanics Training Fund, and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$30; with \$13 to the Guide Dogs of America Fund, \$15 to the Mechanics Training Fund, and \$2 to the Secretary of State Special License Plate Fund.

(9) Illinois Department of Human Services.

(A) Original issuance: \$25; with \$10 to the Theresa Tracy Trot - Illinois CancerCare Foundation Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Theresa Tracy Trot - Illinois CancerCare Foundation Fund and \$2 to the Secretary of State Special License Plate Fund.

(10) The Illinois Department of Human Services for developmental disabilities awareness decals.

(A) Original issuance: \$25; with \$10 to the Developmental Disabilities Awareness Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Developmental Disabilities Awareness Fund and \$2 to the Secretary of State Special License Plate Fund.

(11) The Illinois Department of Human Services for pediatric cancer awareness decals.

(A) Original issuance: \$25; with \$10 to the Pediatric Cancer Awareness Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Pediatric Cancer Awareness Fund and \$2 to the Secretary of State Special License Plate Fund.

(12) The Department of Veterans' Affairs for Fold of Honor decals.

(A) Original issuance: \$25; with \$10 to the Folds of Honor Foundation Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Folds of Honor Foundation Fund and \$2 to the Secretary of State Special License Plate Fund.

(13) The Illinois chapters of the Experimental Aircraft Association for aviation enthusiast decals.

(A) Original issuance: \$25; with \$10 to the Experimental Aircraft Association Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Experimental Aircraft Association Fund and \$2 to the Secretary of State Special License Plate Fund.

(14) The Illinois Department of Human Services for Child Abuse Council of the Quad Cities decals.

(A) Original issuance: \$25; with \$10 to the Child Abuse Council of the Quad Cities Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Child Abuse Council of the Quad Cities Fund and \$2 to the Secretary of State Special License Plate Fund.

(15) The Illinois Department of Public Health for health care worker decals.

(A) Original issuance: \$25; with \$10 to the Illinois Health Care Workers Benefit Fund, and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Illinois Health Care Workers Benefit Fund and \$2 to the Secretary of State Special License Plate Fund.

(16) The Department of Agriculture for Future Farmers of America decals.

(A) Original issuance: \$25; with \$10 to the Future Farmers of America Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Future Farmers of America Fund and \$2 to the Secretary of State Special License Plate Fund.

(17) The Illinois Department of Public Health for autism awareness decals that are designed with input from autism advocacy organizations.

(A) Original issuance: \$25; with \$10 to the Autism Awareness Fund and \$15 to the Secretary of State Special License Plate Fund.

(B) Renewal: \$25; with \$23 to the Autism Awareness Fund and \$2 to the Secretary of State Special License Plate Fund.

- (18) The Department of Natural Resources for Lyme disease research decals.
 (A) Original issuance: \$25; with \$10 to the Tick Research, Education, and Evaluation Fund and \$15 to the Secretary of State Special License Plate Fund.
 (B) Renewal: \$25; with \$23 to the Tick Research, Education, and Evaluation Fund and \$2 to the Secretary of State Special License Plate Fund.

(625 ILCS 5/11-501.01)

Sec. 11-501.01. Additional administrative sanctions.

(a) After a finding of guilt and prior to any final sentencing or an order for supervision, for an offense based upon an arrest for a violation of Section 11-501 or a similar provision of a local ordinance, individuals shall be required to undergo a professional evaluation to determine if an alcohol, drug, or intoxicating compound abuse problem exists and the extent of the problem, and undergo the imposition of treatment as appropriate. Programs conducting these evaluations shall be licensed by the Department of Human Services. The cost of any professional evaluation shall be paid for by the individual required to undergo the professional evaluation.

(b) Any person who is found guilty of or pleads guilty to violating Section 11-501, including any person receiving a disposition of court supervision for violating that Section, may be required by the Court to attend a victim impact panel offered by, or under contract with, a county State's Attorney's office, a probation and court services department, Mothers Against Drunk Driving, or the Alliance Against Intoxicated Motorists. All costs generated by the victim impact panel shall be paid from fees collected from the offender or as may be determined by the court.

(c) (Blank).

(d) The Secretary of State shall revoke the driving privileges of any person convicted under Section 11-501 or a similar provision of a local ordinance.

(e) The Secretary of State shall require the use of ignition interlock devices for a period not less than 5 years on all vehicles owned by a person who has been convicted of a second or subsequent offense of Section 11-501 or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees. During the time period in which a person is required to install an ignition interlock device under this subsection (e), that person shall only operate vehicles in which ignition interlock devices have been installed, except as allowed by subdivision (c)(5) or (d)(5) of Section 6-205 of this Code.

(f) (Blank).

(g) The Secretary of State Police DUI Fund is created as a special fund in the State treasury and, subject to appropriation, shall be used for enforcement and prevention of driving while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or any combination thereof, as defined by Section 11-501 of this Code, including, but not limited to, the purchase of law enforcement equipment and commodities to assist in the prevention of alcohol-related criminal violence throughout the State; police officer training and education in areas related to alcohol-related crime, including, but not limited to, DUI training; and police officer salaries, including, but not limited to, salaries for hire-back hire back funding for safety checkpoints, saturation patrols, and liquor store sting operations. Notwithstanding any other provision of law, on July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Secretary of State Police DUI Fund into the Secretary of State Police Services Fund. Upon completion of the transfers, the Secretary of State Police DUI Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund shall pass to the Secretary of State Police Services Fund.

(h) Whenever an individual is sentenced for an offense based upon an arrest for a violation of Section 11-501 or a similar provision of a local ordinance, and the professional evaluation recommends remedial or rehabilitative treatment or education, neither the treatment nor the education shall be the sole disposition and either or both may be imposed only in conjunction with another disposition. The court shall monitor compliance with any remedial education or treatment recommendations contained in the professional evaluation. Programs conducting alcohol or other drug evaluation or remedial education must be licensed by the Department of Human Services. If the individual is not a resident of Illinois, however, the court may accept an alcohol or other drug evaluation or remedial education program in the individual's state of residence. Programs providing treatment must be licensed under existing applicable alcoholism and drug treatment licensure standards.

(i) (Blank).

(j) A person that is subject to a chemical test or tests of blood under subsection (a) of Section 11-501.1 or subdivision (c)(2) of Section 11-501.2 of this Code, whether or not that person consents to testing, shall be liable for the expense up to \$500 for blood withdrawal by a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, a trained phlebotomist, a licensed paramedic, or a qualified person other than a police officer approved by the Illinois State Police to withdraw blood, who responds, whether at a law enforcement facility or a health care facility, to a police department request for the drawing of blood based upon refusal of the person to submit to a lawfully requested breath test or probable cause exists to believe the test would disclose the ingestion, consumption, or use of drugs or intoxicating compounds if:

(1) the person is found guilty of violating Section 11-501 of this Code or a similar provision of a local ordinance; or

(2) the person pleads guilty to or stipulates to facts supporting a violation of Section 11-503 of this Code or a similar provision of a local ordinance when the plea or stipulation was the result of a plea agreement in which the person was originally charged with violating Section 11-501 of this Code or a similar local ordinance.

(Source: P.A. 101-81, eff. 7-12-19; 102-538, eff. 8-20-21.)

Section 30-170. The Criminal and Traffic Assessment Act is amended by changing Sections 10-5, 15-15, 15-35, and 15-70 as follows:

(705 ILCS 135/10-5)

Sec. 10-5. Funds.

(a) All money collected by the Clerk of the Circuit Court under Article 15 of this Act shall be remitted as directed in Article 15 of this Act to the county treasurer, to the State Treasurer, and to the treasurers of the units of local government. If an amount payable to any of the treasurers is less than \$10, the clerk may postpone remitting the money until \$10 has accrued or by the end of fiscal year. The treasurers shall deposit the money as indicated in the schedules, except, in a county with a population of over 3,000,000, money remitted to the county treasurer shall be subject to appropriation by the county board. Any amount retained by the Clerk of the Circuit Court in a county with a population of over 3,000,000 shall be subject to appropriation by the county board.

(b) The county treasurer or the treasurer of the unit of local government may create the funds indicated in paragraphs (1) through (5), (9), and (16) of subsection (d) of this Section, if not already in existence. If a county or unit of local government has not instituted, and does not plan to institute a program that uses a particular fund, the treasurer need not create the fund and may instead deposit the money intended for the fund into the general fund of the county or unit of local government for use in financing the court system.

(c) If the arresting agency is a State agency, the arresting agency portion shall be remitted by the clerk of court to the State Treasurer who shall deposit the portion as follows:

(1) if the arresting agency is the Illinois State Police, into the State Police Law Enforcement Administration Fund;

(2) if the arresting agency is the Department of Natural Resources, into the Conservation Police Operations Assistance Fund;

(3) if the arresting agency is the Secretary of State, into the Secretary of State Police Services Fund; and

(4) if the arresting agency is the Illinois Commerce Commission, into the Transportation Regulatory Fund.

(d) Fund descriptions and provisions:

(1) The Court Automation Fund is to defray the expense, borne by the county, of establishing and maintaining automated record keeping systems in the Office of the Clerk of the Circuit Court. The money shall be remitted monthly by the clerk to the county treasurer and identified as funds for the Circuit Court Clerk. The fund shall be audited by the county auditor, and the board shall make expenditures from the fund in payment of any costs related to the automation of court records including hardware, software, research and development costs, and personnel costs related to the foregoing, provided that the expenditure is approved by the clerk of the court and by the chief judge of the circuit court or his or her designee.

(2) The Document Storage Fund is to defray the expense, borne by the county, of establishing and maintaining a document storage system and converting the records of the circuit court clerk to electronic or micrographic storage. The money shall be remitted monthly by the clerk to the county treasurer and identified as funds for the circuit court clerk. The fund shall be audited by the county auditor, and the board shall make expenditure from the fund in payment of any cost related to the storage of court records, including hardware, software, research and development costs, and personnel costs related to the foregoing, provided that the expenditure is approved by the clerk of the court.

(3) The Circuit Clerk Operations and Administration Fund may be used to defray the expenses incurred for collection and disbursement of the various assessment schedules. The money shall be remitted monthly by the clerk to the county treasurer and identified as funds for the circuit court clerk.

(4) The State's Attorney Records Automation Fund is to defray the expense of establishing and maintaining automated record keeping systems in the offices of the State's Attorney. The money shall be remitted monthly by the clerk to the county treasurer for deposit into the State's Attorney Records Automation Fund. Expenditures from this fund may be made by the State's Attorney for hardware, software, and research and development related to automated record keeping systems.

(5) The Public Defender Records Automation Fund is to defray the expense of establishing and maintaining automated record keeping systems in the offices of the Public Defender. The money shall be remitted monthly by the clerk to the county treasurer for deposit into the Public Defender Records Automation Fund. Expenditures from this fund may be made by the Public Defender for hardware, software, and research and development related to automated record keeping systems.

(6) The DUI Fund shall be used for enforcement and prevention of driving while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or any combination thereof, as defined by Section 11-501 of the Illinois Vehicle Code, including, but not limited to, the

purchase of law enforcement equipment and commodities that will assist in the prevention of alcohol-related criminal violence throughout the State; police officer training and education in areas related to alcohol-related crime, including, but not limited to, DUI training; and police officer salaries, including, but not limited to, salaries for hire-back funding for safety checkpoints, saturation patrols, and liquor store sting operations. Any moneys shall be used to purchase law enforcement equipment that will assist in the prevention of alcohol-related criminal violence throughout the State. The money shall be remitted monthly by the clerk to the State or local treasurer for deposit as provided by law.

(7) The Trauma Center Fund shall be distributed as provided under Section 3.225 of the Emergency Medical Services (EMS) Systems Act.

(8) The Probation and Court Services Fund is to be expended as described in Section 15.1 of the Probation and Probation Officers Act.

(9) The Circuit Court Clerk Electronic Citation Fund shall have the Circuit Court Clerk as the custodian, ex officio, of the Fund and shall be used to perform the duties required by the office for establishing and maintaining electronic citations. The Fund shall be audited by the county's auditor.

(10) The Drug Treatment Fund is a special fund in the State treasury. Moneys in the Fund shall be expended as provided in Section 50-35 of the Substance Use Disorder Act ~~441.2 of the Illinois Controlled Substances Act~~.

(11) The Violent Crime Victims Assistance Fund is a special fund in the State treasury to provide moneys for the grants to be awarded under the Violent Crime Victims Assistance Act.

(12) The Criminal Justice Information Projects Fund shall be appropriated to and administered by the Illinois Criminal Justice Information Authority for distribution to fund Illinois State Police drug task forces and Metropolitan Enforcement Groups, for the costs associated with making grants under Section 9.3 of the Illinois Criminal Justice Information Act ~~from the Prescription Pill and Drug Disposal Fund~~, for undertaking criminal justice information projects, and for the operating and other expenses of the Authority incidental to those criminal justice information projects. The moneys deposited into the Criminal Justice Information Projects Fund under Sections 15-15 and 15-35 of this Act shall be appropriated to and administered by the Illinois Criminal Justice Information Authority for distribution to fund Illinois State Police drug task forces and Metropolitan Enforcement Groups by dividing the funds equally by the total number of Illinois State Police drug task forces and Illinois Metropolitan Enforcement Groups.

(13) The Sexual Assault Services Fund shall be appropriated to the Department of Human Services ~~Public Health~~. Upon appropriation of moneys from the Sexual Assault Services Fund, the Department of Human Services ~~Public Health~~ shall make grants of these moneys to sexual assault organizations with whom the Department has contracts for the purpose of providing community-based services to victims of sexual assault. Grants are in addition to, and are not substitutes for, other grants authorized and made by the Department.

(14) The County Jail Medical Costs Fund is to help defray the costs outlined in Section 17 of the County Jail Act. Moneys in the Fund shall be used solely for reimbursement to the county of costs for medical expenses and administration of the Fund.

(15) The Prisoner Review Board Vehicle and Equipment Fund is a special fund in the State treasury. The Prisoner Review Board shall, subject to appropriation by the General Assembly and approval by the Secretary, use all moneys in the Prisoner Review Board Vehicle and Equipment Fund for the purchase and operation of vehicles and equipment.

(16) In each county in which a Children's Advocacy Center provides services, a Child Advocacy Center Fund is specifically for the operation and administration of the Children's Advocacy Center, from which the county board shall make grants to support the activities and services of the Children's Advocacy Center within that county.

(705 ILCS 135/15-15)

Sec. 15-15. SCHEDULE 3; felony drug offenses.

SCHEDULE 3: For a felony under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act, the Clerk of the Circuit Court shall collect \$2,215 and remit as follows:

(1) As the county's portion, \$354 to the county treasurer, who shall deposit the money as follows:

- (A) \$20 into the Court Automation Fund;
- (B) \$20 into the Court Document Storage Fund;

- (C) \$5 into the Circuit Court Clerk Operation and Administrative Fund;
- (D) \$255 into the county's General Fund;
- (E) \$10 into the Child Advocacy Center Fund;
- (F) \$2 into the State's Attorney Records Automation Fund;
- (G) \$2 into the Public Defender Records Automation Fund;
- (H) \$20 into the County Jail Medical Costs Fund; and
- (I) \$20 into the Probation and Court Services Fund.

(2) As the State's portion, \$1,861 to the State Treasurer, who shall deposit the money as follows:

- (A) \$50 into the State Police Operations Assistance Fund;
- (B) \$100 into the Violent Crime Victims Assistance Fund;
- (C) \$100 into the Trauma Center Fund; and
- (D) \$5 into the Spinal Cord Injury Paralysis Cure Research Trust Fund;
- (E) \$1,500 into the Drug Treatment Fund;
- (F) \$5 into the State Police Merit Board Public Safety Fund;
- (G) (Blank); ~~\$38 into the Prescription Pill and Drug Disposal Fund;~~
- (H) ~~\$66~~ ~~\$28~~ into the Criminal Justice Information Projects Fund; and
- (I) \$35 into the Traffic and Criminal Conviction Surcharge Fund.

(Source: P.A. 100-987, eff. 7-1-19.)

(705 ILCS 135/15-35)

Sec. 15-35. SCHEDULE 7; misdemeanor drug offenses.

SCHEDULE 7: For a misdemeanor under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act, the Clerk of the Circuit Court shall collect \$905 and remit as follows:

(1) As the county's portion, \$282 to the county treasurer, who shall deposit the money as follows:

- (A) \$20 into the Court Automation Fund;
- (B) \$20 into the Court Document Storage Fund;
- (C) \$5 into the Circuit Court Clerk Operation and Administrative Fund;
- (D) \$8 into the Circuit Court Clerk Electronic Citation Fund;
- (E) \$185 into the county's General Fund;
- (F) \$10 into the Child Advocacy Center Fund;
- (G) \$2 into the State's Attorney Records Automation Fund;
- (H) \$2 into the Public Defenders Records Automation Fund;
- (I) \$10 into the County Jail Medical Costs Fund; and
- (J) \$20 into the Probation and Court Services Fund.

(2) As the State's portion, \$621 to the State Treasurer, who shall deposit the money as follows:

- (A) \$50 into the State Police Operations Assistance Fund;
- (B) \$75 into the Violent Crime Victims Assistance Fund;
- (C) \$100 into the Trauma Center Fund;
- (D) \$5 into the Spinal Cord Injury Paralysis Cure Research Trust Fund;
- (E) \$300 into the Drug Treatment Fund;
- (F) (Blank); ~~\$38 into the Prescription Pill and Drug Disposal Fund;~~
- (G) ~~\$66~~ ~~\$28~~ into the Criminal Justice Information Projects Fund;
- (H) \$5 into the State Police Merit Board Public Safety Fund; and
- (I) \$20 into the Traffic and Criminal Conviction Surcharge Fund.

(3) As the arresting agency's portion, \$2, to the treasurer of the unit of local government of the arresting agency, who shall deposit the money into the E-citation Fund of that unit of local government or as provided in subsection (c) of Section 10-5 of this Act if the arresting agency is a State agency, unless more than one agency is responsible for the arrest in which case the amount shall be remitted to each unit of government equally.

(Source: P.A. 100-987, eff. 7-1-19.)

(705 ILCS 135/15-70)

Sec. 15-70. Conditional assessments. In addition to payments under one of the Schedule of Assessments 1 through 13 of this Act, the court shall also order payment of any of the following conditional assessment amounts for each sentenced violation in the case to which a conditional assessment is applicable, which shall be collected and remitted by the Clerk of the Circuit Court as provided in this Section:

(1) arson, residential arson, or aggravated arson, \$500 per conviction to the State Treasurer for deposit into the Fire Prevention Fund;

(2) child pornography under Section 11-20.1 of the Criminal Code of 1961 or the Criminal Code of 2012, \$500 per conviction, unless more than one agency is responsible for the arrest in which case the amount shall be remitted to each unit of government equally:

(A) if the arresting agency is an agency of a unit of local government, \$500 to the treasurer of the unit of local government for deposit into the unit of local government's General Fund, except that if the Illinois State Police provides digital or electronic forensic examination assistance, or both, to the arresting agency then \$100 to the State Treasurer for deposit into the State Crime Laboratory Fund; or

(B) if the arresting agency is the Illinois State Police, \$500 to the State Treasurer for deposit into the State Crime Laboratory Fund;

(3) crime laboratory drug analysis for a drug-related offense involving possession or delivery of cannabis or possession or delivery of a controlled substance as defined in the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act, \$100 reimbursement for laboratory analysis, as set forth in subsection (f) of Section 5-9-1.4 of the Unified Code of Corrections;

(4) DNA analysis, \$250 on each conviction in which it was used to the State Treasurer for deposit into the State Crime Laboratory Fund as set forth in Section 5-9-1.4 of the Unified Code of Corrections;

(5) DUI analysis, \$150 on each sentenced violation in which it was used as set forth in subsection (f) of Section 5-9-1.9 of the Unified Code of Corrections;

(6) drug-related offense involving possession or delivery of cannabis or possession or delivery of a controlled substance, other than methamphetamine, as defined in the Cannabis Control Act or the Illinois Controlled Substances Act, an amount not less than the full street value of the cannabis or controlled substance seized for each conviction to be disbursed as follows:

(A) 12.5% of the street value assessment shall be paid into the Drug Treatment Youth Drug Abuse Prevention Fund, to be used by the Department of Human Services for the funding of programs and services for drug-abuse treatment, and prevention and education services;

(B) 37.5% to the county in which the charge was prosecuted, to be deposited into the county General Fund;

(C) 50% to the treasurer of the arresting law enforcement agency of the municipality or county, or to the State Treasurer if the arresting agency was a state agency, to be deposited as provided in subsection (c) of Section 10-5;

(D) if the arrest was made in combination with multiple law enforcement agencies, the clerk shall equitably allocate the portion in subparagraph (C) of this paragraph (6) among the law enforcement agencies involved in the arrest;

(6.5) Kane County or Will County, in felony, misdemeanor, local or county ordinance, traffic, or conservation cases, up to \$30 as set by the county board under Section 5-1101.3 of the Counties Code upon the entry of a judgment of conviction, an order of supervision, or a sentence of probation without entry of judgment under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, or Section 10 of the Steroid Control Act; except in local or county ordinance, traffic, and conservation cases, if fines are paid in full without a court appearance, then the assessment shall not be imposed or collected. Distribution of assessments collected under this paragraph (6.5) shall be as provided in Section 5-1101.3 of the Counties Code;

(7) methamphetamine-related offense involving possession or delivery of methamphetamine or any salt of an optical isomer of methamphetamine or possession of a methamphetamine manufacturing material as set forth in Section 10 of the Methamphetamine Control and Community Protection Act with the intent to manufacture a substance containing methamphetamine or salt of an optical isomer of methamphetamine, an amount not less than the full street value of the methamphetamine or salt of an optical isomer of methamphetamine or methamphetamine manufacturing materials seized for each conviction to be disbursed as follows:

(A) 12.5% of the street value assessment shall be paid into the ~~Drug Treatment Youth Drug Abuse Prevention~~ Fund, to be used by the Department of Human Services for the funding of programs and services for drug-abuse treatment, and prevention and education services;

(B) 37.5% to the county in which the charge was prosecuted, to be deposited into the county General Fund;

(C) 50% to the treasurer of the arresting law enforcement agency of the municipality or county, or to the State Treasurer if the arresting agency was a state agency, to be deposited as provided in subsection (c) of Section 10-5;

(D) if the arrest was made in combination with multiple law enforcement agencies, the clerk shall equitably allocate the portion in subparagraph (C) of this paragraph (6) among the law enforcement agencies involved in the arrest;

(8) order of protection violation under Section 12-3.4 of the Criminal Code of 2012, \$200 for each conviction to the county treasurer for deposit into the Probation and Court Services Fund for implementation of a domestic violence surveillance program and any other assessments or fees imposed under Section 5-9-1.16 of the Unified Code of Corrections;

(9) order of protection violation, \$25 for each violation to the State Treasurer, for deposit into the Domestic Violence Abuser Services Fund;

(10) prosecution by the State's Attorney of a:

(A) petty or business offense, \$4 to the county treasurer of which \$2 deposited into the State's Attorney Records Automation Fund and \$2 into the Public Defender Records Automation Fund;

(B) conservation or traffic offense, \$2 to the county treasurer for deposit into the State's Attorney Records Automation Fund;

(11) speeding in a construction zone violation, \$250 to the State Treasurer for deposit into the Transportation Safety Highway Hire-back Fund, unless (i) the violation occurred on a highway other than an interstate highway and (ii) a county police officer wrote the ticket for the violation, in which case to the county treasurer for deposit into that county's Transportation Safety Highway Hire-back Fund;

(12) supervision disposition on an offense under the Illinois Vehicle Code or similar provision of a local ordinance, 50 cents, unless waived by the court, into the Prisoner Review Board Vehicle and Equipment Fund;

(13) victim and offender are family or household members as defined in Section 103 of the Illinois Domestic Violence Act of 1986 and offender pleads guilty or no contest to or is convicted of murder, voluntary manslaughter, involuntary manslaughter, burglary, residential burglary, criminal trespass to residence, criminal trespass to vehicle, criminal trespass to land, criminal damage to property, telephone harassment, kidnapping, aggravated kidnapping, unlawful restraint, forcible detention, child abduction, indecent solicitation of a child, sexual relations between siblings, exploitation of a child, child pornography, assault, aggravated assault, battery, aggravated battery, heinous battery, aggravated battery of a child, domestic battery, reckless conduct, intimidation, criminal sexual assault, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual abuse, aggravated criminal sexual abuse, violation of an order of protection, disorderly conduct, endangering the life or health of a child, child abandonment, contributing to dependency or neglect of child, or cruelty to children and others, \$200 for each sentenced violation to the State Treasurer for deposit as follows: (i) for sexual assault, as defined in Section 5-9-1.7 of the Unified Code of Corrections, when the offender and victim are family members, one-half to the Domestic Violence Shelter and Service Fund, and one-half to the Sexual Assault Services Fund; (ii) for the remaining offenses to the Domestic Violence Shelter and Service Fund;

(14) violation of Section 11-501 of the Illinois Vehicle Code, Section 5-7 of the Snowmobile Registration and Safety Act, Section 5-16 of the Boat Registration and Safety Act, or a similar provision, whose operation of a motor vehicle, snowmobile, or watercraft while in violation of Section 11-501, Section 5-7 of the Snowmobile Registration and Safety Act, Section 5-16 of the Boat Registration and Safety Act, or a similar provision proximately caused an incident resulting in an appropriate emergency response, \$1,000 maximum to the public agency that provided an emergency response related to the person's violation, or as provided in subsection (c) of Section 10-5 if the arresting agency was a State agency, unless more than one agency was responsible for the arrest, in which case the amount shall be remitted to each unit of government equally;

(15) violation of Section 401, 407, or 407.2 of the Illinois Controlled Substances Act that proximately caused any incident resulting in an appropriate drug-related emergency response, \$1,000 as reimbursement for the emergency response to the law enforcement agency that made the arrest, or as provided in subsection (c) of Section 10-5 if the arresting agency was a State agency, unless more than one agency was responsible for the arrest, in which case the amount shall be remitted to each unit of government equally;

(16) violation of reckless driving, aggravated reckless driving, or driving 26 miles per hour or more in excess of the speed limit that triggered an emergency response, \$1,000 maximum reimbursement for the emergency response to be distributed in its entirety to a public agency that provided an emergency response related to the person's violation, or as provided in subsection (c) of Section 10-5 if the arresting agency was a State agency, unless more than one agency was responsible for the arrest, in which case the amount shall be remitted to each unit of government equally;

(17) violation based upon each plea of guilty, stipulation of facts, or finding of guilt resulting in a judgment of conviction or order of supervision for an offense under Section 10-9, 11-14.1, 11-14.3, or 11-18 of the Criminal Code of 2012 that results in the imposition of a fine, to be distributed as follows:

(A) \$50 to the county treasurer for deposit into the Circuit Court Clerk Operation and Administrative Fund to cover the costs in administering this paragraph (17);

(B) \$300 to the State Treasurer who shall deposit the portion as follows:

(i) if the arresting or investigating agency is the Illinois State Police, into the State Police Law Enforcement Administration Fund;

(ii) if the arresting or investigating agency is the Department of Natural Resources, into the Conservation Police Operations Assistance Fund;

(iii) if the arresting or investigating agency is the Secretary of State, into the Secretary of State Police Services Fund;

(iv) if the arresting or investigating agency is the Illinois Commerce Commission, into the Transportation Regulatory Fund; or

(v) if more than one of the State agencies in this subparagraph (B) is the arresting or investigating agency, then equal shares with the shares deposited as provided in the applicable items (i) through (iv) of this subparagraph (B); and

(C) the remainder for deposit into the Specialized Services for Survivors of Human Trafficking Fund;

(18) weapons violation under Section 24-1.1, 24-1.2, or 24-1.5 of the Criminal Code of 1961 or the Criminal Code of 2012, \$100 for each conviction to the State Treasurer for deposit into the Trauma Center Fund; ~~and~~

(19) violation of subsection (c) of Section 11-907 of the Illinois Vehicle Code, \$250 to the State Treasurer for deposit into the Scott's Law Fund, unless a county or municipal police officer wrote the ticket for the violation, in which case to the county treasurer for deposit into that county's or municipality's Transportation Safety Highway Hire-back Fund to be used as provided in subsection (j) of Section 11-907 of the Illinois Vehicle Code; ~~and-~~

(20) violation of Section 15-109.1 of the Illinois Vehicle Code, \$150 to be distributed as follows:

(A) 50% to the county treasurer for deposit into the county general fund; and

(B) 50% to the treasurer of the arresting law enforcement agency of the municipality or county or to the State Treasurer, if the arresting agency was a State agency, to be deposited as provided in subsection (c) of Section 10-5.

Except for traffic violations, fines, and assessments, such as fees or administrative costs authorized in this Section, shall not be ordered or imposed on a minor subject to Article III, IV, or V of the Juvenile Court Act of 1987, or a minor under the age of 18 transferred to adult court or excluded from juvenile court jurisdiction under Article V of the Juvenile Court Act of 1987, or the minor's parent, guardian, or legal custodian.

Section 30-175. The Cannabis Control Act is amended by changing Section 10.2 as follows:
(720 ILCS 550/10.2) (from Ch. 56 1/2, par. 710.2)

Sec. 10.2. (a) Twelve and one-half percent of all amounts collected as fines pursuant to the provisions of this Act shall be paid into the Drug Treatment ~~Youth Drug Abuse Prevention Fund, which is hereby created in the State treasury,~~ to be used by the Department of Human Services for the funding of programs and services for drug-abuse treatment, and prevention and education services, for juveniles.

(b) Eighty-seven and one-half percent of the proceeds of all fines received under the provisions of this Act shall be transmitted to and deposited in the treasurer's office at the level of government as follows:

(1) If such seizure was made by a combination of law enforcement personnel representing differing units of local government, the court levying the fine shall equitably allocate 50% of the fine among these units of local government and shall allocate 37 1/2% to the county general corporate fund. In the event that the seizure was made by law enforcement personnel representing a unit of local government from a municipality where the number of inhabitants exceeds 2 million in population, the court levying the fine shall allocate 87 1/2% of the fine to that unit of local government. If the seizure was made by a combination of law enforcement personnel representing differing units of local government, and at least one of those units represents a municipality where the number of inhabitants exceeds 2 million in population, the court shall equitably allocate 87 1/2% of the proceeds of the fines received among the differing units of local government.

(2) If such seizure was made by State law enforcement personnel, then the court shall allocate 37 1/2% to the State treasury and 50% to the county general corporate fund.

(3) If a State law enforcement agency in combination with a law enforcement agency or agencies of a unit or units of local government conducted the seizure, the court shall equitably allocate 37 1/2% of the fines to or among the law enforcement agency or agencies of the unit or units of local government which conducted the seizure and shall allocate 50% to the county general corporate fund.

(c) The proceeds of all fines allocated to the law enforcement agency or agencies of the unit or units of local government pursuant to subsection (b) shall be made available to that law enforcement agency as expendable receipts for use in the enforcement of laws regulating controlled substances and cannabis. The proceeds of fines awarded to the State treasury shall be deposited ~~into~~ ⁱⁿ a special fund known as the Drug Traffic Prevention Fund, except that amounts distributed to the Secretary of State shall be deposited into the Secretary of State Evidence Fund to be used as provided in Section 2-115 of the Illinois Vehicle Code. Monies from this fund may be used by the Illinois State Police for use in the enforcement of laws regulating controlled substances and cannabis; to satisfy funding provisions of the Intergovernmental Drug Laws Enforcement Act; to defray costs and expenses associated with returning violators of this Act, the Illinois Controlled Substances Act, and the Methamphetamine Control and Community Protection Act only, as provided in such Acts, when punishment of the crime shall be confinement of the criminal in the penitentiary; and all other monies shall be paid into the General Revenue Fund ~~general revenue fund~~ in the State treasury.

(Source: P.A. 102-538, eff. 8-20-21.)

Section 30-180. The Illinois Controlled Substances Act is amended by changing Sections 411.2 and 413 as follows:

(720 ILCS 570/411.2)

Sec. 411.2. Drug Treatment Fund; drug treatment grants.

~~(a) (Blank).~~

~~(b) (Blank).~~

~~(c) (Blank).~~

~~(d) (Blank).~~

~~(e) (Blank).~~

~~(f) (Blank).~~

~~(g) (Blank).~~

~~(h) The Drug Treatment Fund is hereby established as a special fund within the State Treasury. The Department of Human Services may make grants to persons licensed under Section 15-10 of the Substance Use Disorder Act or to municipalities or counties from funds appropriated to the Department from the Drug Treatment Fund for the treatment of pregnant women who have a substance use disorder and for the needed care of minor, unemancipated children of women undergoing residential drug treatment. If the Department of Human Services grants funds to a municipality or a county that the Department determines is not experiencing a healthcare need of pregnant women with a substance use disorder, or with care for minor, unemancipated children of women undergoing residential drug treatment, or intervention, the funds shall be~~

used for the treatment of any person with a substance use disorder. The Department may adopt such rules as it deems appropriate for the administration of such grants.

~~(i) (Blank).~~

(Source: P.A. 103-881, eff. 1-1-25.)

(720 ILCS 570/413) (from Ch. 56 1/2, par. 1413)

Sec. 413. (a) Twelve and one-half percent of all amounts collected as fines pursuant to the provisions of this Article shall be paid into the Drug Treatment ~~Youth Drug Abuse Prevention Fund, which is hereby created in the State treasury,~~ to be used by the Department for the funding of programs and services for substance use disorder treatment, and prevention and education services, for juveniles.

(b) Eighty-seven and one-half percent of the proceeds of all fines received under the provisions of this Article shall be transmitted to and deposited in the treasurer's office at the level of government as follows:

(1) If such seizure was made by a combination of law enforcement personnel representing differing units of local government, the court levying the fine shall equitably allocate 50% of the fine among these units of local government and shall allocate 37 1/2% to the county general corporate fund. In the event that the seizure was made by law enforcement personnel representing a unit of local government from a municipality where the number of inhabitants exceeds 2 million in population, the court levying the fine shall allocate 87 1/2% of the fine to that unit of local government. If the seizure was made by a combination of law enforcement personnel representing differing units of local government, and at least one of those units represents a municipality where the number of inhabitants exceeds 2 million in population, the court shall equitably allocate 87 1/2% of the proceeds of the fines received among the differing units of local government.

(2) If such seizure was made by State law enforcement personnel, then the court shall allocate 37 1/2% to the State treasury and 50% to the county general corporate fund.

(3) If a State law enforcement agency in combination with a law enforcement agency or agencies of a unit or units of local government conducted the seizure, the court shall equitably allocate 37 1/2% of the fines to or among the law enforcement agency or agencies of the unit or units of local government which conducted the seizure and shall allocate 50% to the county general corporate fund.

(c) The proceeds of all fines allocated to the law enforcement agency or agencies of the unit or units of local government pursuant to subsection (b) shall be made available to that law enforcement agency as expendable receipts for use in the enforcement of laws regulating cannabis, methamphetamine, and other controlled substances. The proceeds of fines awarded to the State treasury shall be deposited ~~into~~ in a special fund known as the Drug Traffic Prevention Fund, except that amounts distributed to the Secretary of State shall be deposited into the Secretary of State Evidence Fund to be used as provided in Section 2-115 of the Illinois Vehicle Code. Monies from this fund may be used by the Illinois State Police or use in the enforcement of laws regulating cannabis, methamphetamine, and other controlled substances; to satisfy funding provisions of the Intergovernmental Drug Laws Enforcement Act; to defray costs and expenses associated with returning violators of the Cannabis Control Act and this Act only, as provided in those Acts, when punishment of the crime shall be confinement of the criminal in the penitentiary; and all other monies shall be paid into the General Revenue Fund ~~general revenue fund~~ in the State treasury.

(Source: P.A. 103-881, eff. 1-1-25.)

Section 30-185. The Methamphetamine Control and Community Protection Act is amended by changing Section 95 as follows:

(720 ILCS 646/95)

Sec. 95. Drug Treatment ~~Youth Drug Abuse Prevention~~ Fund.

(a) Twelve and one-half percent of all amounts collected as fines pursuant to the provisions of this Article shall be paid into the Drug Treatment ~~Youth Drug Abuse Prevention~~ Fund ~~created by the Controlled Substances Act in the State treasury,~~ to be used by the Department for the funding of programs and services for drug-abuse treatment, and prevention and education services, for juveniles.

(b) Eighty-seven and one-half percent of the proceeds of all fines received under the provisions of this Act shall be transmitted to and deposited into the State treasury and distributed as follows:

(1) If such seizure was made by a combination of law enforcement personnel representing differing units of local government, the court levying the fine shall equitably allocate 50% of the fine among these units of local government and shall allocate 37.5% to the county general corporate fund. If the seizure was made by law enforcement personnel representing a unit of local government from a municipality where the number of inhabitants exceeds 2 million in population, the court levying the

fine shall allocate 87.5% of the fine to that unit of local government. If the seizure was made by a combination of law enforcement personnel representing differing units of local government and if at least one of those units represents a municipality where the number of inhabitants exceeds 2 million in population, the court shall equitably allocate 87.5% of the proceeds of the fines received among the differing units of local government.

(2) If such seizure was made by State law enforcement personnel, then the court shall allocate 37.5% to the State treasury and 50% to the county general corporate fund.

(3) If a State law enforcement agency in combination with any law enforcement agency or agencies of a unit or units of local government conducted the seizure, the court shall equitably allocate 37.5% of the fines to or among the law enforcement agency or agencies of the unit or units of local government that conducted the seizure and shall allocate 50% to the county general corporate fund.

(c) The proceeds of all fines allocated to the law enforcement agency or agencies of the unit or units of local government pursuant to subsection (b) shall be made available to that law enforcement agency as expendable receipts for use in the enforcement of laws regulating controlled substances and cannabis. The proceeds of fines awarded to the State treasury shall be deposited into ~~in~~ a special fund known as the Drug Traffic Prevention Fund, except that amounts distributed to the Secretary of State shall be deposited into the Secretary of State Evidence Fund to be used as provided in Section 2-115 of the Illinois Vehicle Code. Moneys from this Fund may be used by the Illinois State Police for use in the enforcement of laws regulating controlled substances and cannabis; to satisfy funding provisions of the Intergovernmental Drug Laws Enforcement Act; to defray costs and expenses associated with returning violators of the Cannabis Control Act and this Act only, as provided in those Acts, when punishment of the crime shall be confinement of the criminal in the penitentiary; and all other moneys shall be paid into the General Revenue Fund in the State treasury.

(Source: P.A. 102-538, eff. 8-20-21.)

Section 30-190. The Code of Criminal Procedure of 1963 is amended by changing Section 119-1 as follows:

(725 ILCS 5/119-1)

Sec. 119-1. Death penalty abolished.

(a) Beginning on July 1, 2011 (the effective date of Public Act 96-1543) ~~this amendatory Act of the 96th General Assembly~~, notwithstanding any other law to the contrary, the death penalty is abolished and a sentence to death may not be imposed.

(b) ~~The All unobligated and unexpended moneys remaining in the Capital Litigation Trust Fund on the effective date of this amendatory Act of the 96th General Assembly shall be transferred into the Death Penalty Abolition Fund, a special fund in the State treasury, shall to be expended by the Illinois Criminal Justice Information Authority; for services for families of victims of homicide or murder and for training of law enforcement personnel.~~

(Source: P.A. 96-1543, eff. 7-1-11.)

Section 30-195. The Narcotics Profit Forfeiture Act is amended by changing Section 5.2 as follows:

(725 ILCS 175/5.2) (from Ch. 56 1/2, par. 1655.2)

Sec. 5.2. (a) Twelve and one-half percent of all amounts collected as fines pursuant to the provisions of this Act shall be paid into the Drug Treatment Youth Drug Abuse Prevention Fund, ~~which is hereby created in the State treasury~~, to be used by the Department of Human Services for the funding of programs and services for drug-abuse treatment, and prevention and education services, for juveniles.

(b) Eighty-seven and one-half percent of the proceeds of all fines received under the provisions of this Act shall be transmitted to and deposited in the treasurer's office at the level of government as follows:

(1) If such seizure was made by a combination of law enforcement personnel representing differing units of local government, the court levying the fine shall equitably allocate 50% of the fine among these units of local government and shall allocate 37 1/2% to the county general corporate fund. In the event that the seizure was made by law enforcement personnel representing a unit of local government from a municipality where the number of inhabitants exceeds 2 million in population, the court levying the fine shall allocate 87 1/2% of the fine to that unit of local government. If the seizure was made by a combination of law enforcement personnel representing differing units of local government, and at least one of those units represents a municipality where the number of inhabitants

exceeds 2 million in population, the court shall equitably allocate 87 1/2% of the proceeds of the fines received among the differing units of local government.

(2) If such seizure was made by State law enforcement personnel, then the court shall allocate 37 1/2% to the State treasury and 50% to the county general corporate fund.

(3) If a State law enforcement agency in combination with a law enforcement agency or agencies of a unit or units of local government conducted the seizure, the court shall equitably allocate 37 1/2% of the fines to or among the law enforcement agency or agencies of the unit or units of local government which conducted the seizure and shall allocate 50% to the county general corporate fund.

(c) The proceeds of all fines allocated to the law enforcement agency or agencies of the unit or units of local government pursuant to subsection (b) shall be made available to that law enforcement agency as expendable receipts for use in the enforcement of laws regulating controlled substances and cannabis. The proceeds of fines awarded to the State treasury shall be deposited into ~~in~~ a special fund known as the Drug Traffic Prevention Fund. Monies from this fund may be used by the Illinois State Police for use in the enforcement of laws regulating controlled substances and cannabis; to satisfy funding provisions of the Intergovernmental Drug Laws Enforcement Act; to defray costs and expenses associated with returning violators of the Cannabis Control Act and the Illinois Controlled Substances Act only, as provided in those Acts, when punishment of the crime shall be confinement of the criminal in the penitentiary; and all other monies shall be paid into the General Revenue Fund ~~general revenue fund~~ in the State treasury.

(Source: P.A. 102-538, eff. 8-20-21.)

Section 30-200. The Unified Code of Corrections is amended by changing Sections 5-9-1.2, 5-9-1.7, and 5-9-1.8 as follows:

(730 ILCS 5/5-9-1.2) (from Ch. 38, par. 1005-9-1.2)

Sec. 5-9-1.2. (a) Twelve and one-half percent of all amounts collected as fines pursuant to Section 5-9-1.1 shall be paid into the Drug Treatment Youth Drug Abuse Prevention Fund, ~~which is hereby created in the State treasury~~, to be used by the Department of Human Services for the funding of programs and services for drug-abuse treatment, and prevention and education services, for juveniles.

(b) Eighty-seven and one-half percent of the proceeds of all fines received pursuant to Section 5-9-1.1 shall be transmitted to and deposited in the treasurer's office at the level of government as follows:

(1) If such seizure was made by a combination of law enforcement personnel representing differing units of local government, the court levying the fine shall equitably allocate 50% of the fine among these units of local government and shall allocate 37 1/2% to the county general corporate fund. In the event that the seizure was made by law enforcement personnel representing a unit of local government from a municipality where the number of inhabitants exceeds 2 million in population, the court levying the fine shall allocate 87 1/2% of the fine to that unit of local government. If the seizure was made by a combination of law enforcement personnel representing differing units of local government, and at least one of those units represents a municipality where the number of inhabitants exceeds 2 million in population, the court shall equitably allocate 87 1/2% of the proceeds of the fines received among the differing units of local government.

(2) If such seizure was made by State law enforcement personnel, then the court shall allocate 37 1/2% to the State treasury and 50% to the county general corporate fund.

(3) If a State law enforcement agency in combination with a law enforcement agency or agencies of a unit or units of local government conducted the seizure, the court shall equitably allocate 37 1/2% of the fines to or among the law enforcement agency or agencies of the unit or units of local government which conducted the seizure and shall allocate 50% to the county general corporate fund.

(c) The proceeds of all fines allocated to the law enforcement agency or agencies of the unit or units of local government pursuant to subsection (b) shall be made available to that law enforcement agency as expendable receipts for use in the enforcement of laws regulating controlled substances and cannabis. The proceeds of fines awarded to the State treasury shall be deposited into ~~in~~ a special fund known as the Drug Traffic Prevention Fund. Monies from this fund may be used by the Illinois State Police for use in the enforcement of laws regulating controlled substances and cannabis; to satisfy funding provisions of the Intergovernmental Drug Laws Enforcement Act; and to defray costs and expenses associated with returning violators of the Cannabis Control Act, the Illinois Controlled Substances Act, and the Methamphetamine Control and Community Protection Act only, as provided in those Acts, when punishment of the crime shall be confinement of the criminal in the penitentiary. Moneys in the Drug Traffic Prevention Fund deposited from fines awarded as a direct result of enforcement efforts of the Illinois Conservation Police may be used

by the Department of Natural Resources Office of Law Enforcement for use in enforcing laws regulating controlled substances and cannabis on Department of Natural Resources regulated lands and waterways. All other monies shall be paid into the General Revenue Fund ~~general revenue fund~~ in the State treasury.

(d) There is created in the State treasury the Methamphetamine Law Enforcement Fund. Moneys in the Fund shall be equitably allocated to local law enforcement agencies to: (1) reimburse those agencies for the costs of securing and cleaning up sites and facilities used for the illegal manufacture of methamphetamine; (2) defray the costs of employing full-time or part-time peace officers from a Metropolitan Enforcement Group or other local drug task force, including overtime costs for those officers; and (3) defray the costs associated with medical or dental expenses incurred by the county resulting from the incarceration of methamphetamine addicts in the county jail or County Department of Corrections. (Source: P.A. 102-538, eff. 8-20-21.)

(730 ILCS 5/5-9-1.7) (from Ch. 38, par. 1005-9-1.7)
(Text of Section before amendment by P.A. 103-1071)
Sec. 5-9-1.7. Sexual assault fines.

(a) Definitions. The terms used in this Section shall have the following meanings ascribed to them:

(1) "Sexual assault" means the commission or attempted commission of the following: sexual exploitation of a child, criminal sexual assault, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual abuse, aggravated criminal sexual abuse, indecent solicitation of a child, public indecency, sexual relations within families, promoting juvenile prostitution, soliciting for a juvenile prostitute, keeping a place of juvenile prostitution, patronizing a juvenile prostitute, juvenile pimping, exploitation of a child, obscenity, child pornography, aggravated child pornography, harmful material, or ritualized abuse of a child, as those offenses are defined in the Criminal Code of 1961 or the Criminal Code of 2012.

(2) (Blank).

(3) "Sexual assault organization" means any not-for-profit organization providing comprehensive, community-based services to victims of sexual assault. "Community-based services" include, but are not limited to, direct crisis intervention through a 24-hour response, medical and legal advocacy, counseling, information and referral services, training, and community education.

(b) (Blank).

(c) Sexual Assault Services Fund; administration. There is created a Sexual Assault Services Fund. Moneys deposited into the Fund under Section 15-20 and 15-40 of the Criminal and Traffic Assessment Act shall be appropriated to the Department of Public Health. Upon appropriation of moneys from the Sexual Assault Services Fund, the Department of Public Health shall make grants of these moneys from the Fund to sexual assault organizations with whom the Department has contracts for the purpose of providing community-based services to victims of sexual assault. Grants made under this Section are in addition to, and are not substitutes for, other grants authorized and made by the Department.

(Source: P.A. 100-987, eff. 7-1-19.)

(Text of Section after amendment by P.A. 103-1071)
Sec. 5-9-1.7. Sexual assault fines.

(a) Definitions. The terms used in this Section shall have the following meanings ascribed to them:

(1) "Sexual assault" means the commission or attempted commission of the following: sexual exploitation of a child, criminal sexual assault, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual abuse, aggravated criminal sexual abuse, indecent solicitation of a child, public indecency, sexual relations within families, promoting commercial sexual exploitation of a child, soliciting for a sexually exploited child, keeping a place of commercial sexual exploitation of a child, patronizing a sexually exploited child, juvenile pimping, exploitation of a child, obscenity, child pornography, aggravated child pornography, harmful material, or ritualized abuse of a child, as those offenses are defined in the Criminal Code of 1961 or the Criminal Code of 2012.

(2) (Blank).

(3) "Sexual assault organization" means any not-for-profit organization providing comprehensive, community-based services to victims of sexual assault. "Community-based services" include, but are not limited to, direct crisis intervention through a 24-hour response, medical and legal advocacy, counseling, information and referral services, training, and community education.

(b) (Blank).

(c) Sexual Assault Services Fund; administration. There is created in the State treasury a special fund known as the ~~a~~ Sexual Assault Services Fund. Moneys deposited into the Fund under Sections ~~Section~~ 15-20, ~~and~~ 15-40, and 15-70 of the Criminal and Traffic Assessment Act and Section 6b-4 of the State Finance Act shall be expended as provided in Section 10-5 of the Criminal and Traffic Assessment Act ~~appropriated to the Department of Public Health. Upon appropriation of moneys from the Sexual Assault Services Fund, the Department of Public Health shall make grants of these moneys from the Fund to sexual assault organizations with whom the Department has contracts for the purpose of providing community-based services to victims of sexual assault. Grants made under this Section are in addition to, and are not substitutes for, other grants authorized and made by the Department.~~

(Source: P.A. 103-1071, eff. 7-1-25.)

(730 ILCS 5/5-9-1.8)

Sec. 5-9-1.8. Child pornography fines. Beginning July 1, 2025 ~~2006~~, 100% of the fines in excess of \$10,000 collected for violations of Section 11-20.1 of the Criminal Code of 1961 or the Criminal Code of 2012 shall be deposited into the DCFS Children's Services ~~Child Abuse Prevention~~ Fund. Moneys in the Fund resulting from the fines shall be for the use of the Department of Children and Family Services for grants to private entities giving treatment and counseling to victims of child sexual abuse.

Notwithstanding any other provision of law to the contrary and in addition to any other transfers that may be provided by law, on July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Child Abuse Prevention Fund into the DCFS Children's Services Fund. Upon completion of the transfer, the Child Abuse Prevention Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the DCFS Children's Services Fund.

(Source: P.A. 102-1071, eff. 6-10-22.)

Section 30-205. The Job Opportunities for Qualified Applicants Act is amended by changing Section 20 as follows:

(820 ILCS 75/20)

Sec. 20. Administration of Act and rulemaking authority.

(a) The Illinois Department of Labor shall investigate any alleged violations of this Act by an employer or employment agency. If the Department finds that a violation has occurred, the Director of Labor may impose the following civil penalties:

(1) For the first violation, the Director shall issue a written warning to the employer or employment agency that includes notice regarding penalties for subsequent violations and the employer shall have 30 days to remedy the violation;

(2) For the second violation, or if the first violation is not remedied within 30 days of notice by the Department, the Director may impose a civil penalty of up to \$500;

(3) For the third violation, or if the first violation is not remedied within 60 days of notice by the Department, the Director may impose an additional civil penalty of up to \$1,500;

(4) For subsequent violations, or if the first violation is not remedied within 90 days of notice by the Department, the Director may impose an additional civil penalty of up to \$1,500 for every 30 days that passes thereafter without compliance.

(b) Penalties under this Section may be assessed by the Department and recovered in a civil action brought by the Department in any circuit court or in any administrative adjudicative proceeding under this Act. In any such civil action or administrative adjudicative proceeding under this Act, the Department shall be represented by the Attorney General.

(c) All moneys recovered as civil penalties under this Section shall be deposited into the ~~Child Labor and Day and Temporary Labor Services Enforcement Fund~~ Job Opportunities for Qualified Applicants Enforcement Fund, a special fund which is created in the State treasury. Moneys in the Fund may be used only to enforce employer violations of this Act.

(d) The Department may adopt rules necessary to administer this Act and may establish an administrative procedure to adjudicate claims and issue final and binding decisions subject to the Administrative Review Law.

(Source: P.A. 98-774, eff. 1-1-15.)

Section 30-210. The Family Bereavement Leave Act is amended by changing Section 25 as follows:

(820 ILCS 154/25)

[May 31, 2025]

Sec. 25. Department responsibilities.

(a) The Department shall administer and enforce this Act and adopt rules under the Illinois Administrative Procedure Act for the purpose of this Act. The Department shall have the powers and the parties shall have the rights provided in the Illinois Administrative Procedure Act for contested cases. The Department shall have the power to conduct investigations in connection with the administration and enforcement of this Act, including the power to conduct depositions and discovery and to issue subpoenas. If the Department finds cause to believe that this Act has been violated, the Department shall notify the parties in writing and the matter shall be referred to an Administrative Law Judge to schedule a formal hearing in accordance with hearing procedures established by rule.

(b) The Department is authorized to impose civil penalties prescribed in Section 30 in administrative proceedings that comply with the Illinois Administrative Procedure Act and to supervise the payment of the unpaid wages and damages owing to the employee or employees under this Act. The Department may bring any legal action necessary to recover the amount of unpaid wages, damages, and penalties, and the employer shall be required to pay the costs. Any sums recovered by the Department on behalf of an employee under this Act shall be paid to the employee or employees affected. However, 20% of any penalty collected from the employer for a violation of this Act shall be deposited into the Child Labor and Day and Temporary Labor Services Enforcement Fund ~~Bereavement Fund, a special fund created in the State treasury, and used for the enforcement of this Act.~~

(c) The Attorney General may bring an action to enforce the collection of any civil penalty imposed under this Act.

(Source: P.A. 99-703, eff. 7-29-16.)

Section 30-215. The Child Labor Law of 2024 is amended by changing Section 75 as follows:
(820 ILCS 206/75)

Sec. 75. Civil penalties.

(a) Any person employing, allowing, or permitting a minor to work who violates any of the provisions of this Act or any rule adopted under the Act shall be subject to civil penalties as follows:

(1) if a minor dies while working for an employer who is found by the Department to have been employing, allowing, or permitting the minor to work in violation of this Act, the employer is subject to a penalty not to exceed \$60,000, payable to the Department;

(2) if a minor receives an illness or an injury that is required to be reported to the Department under Section 35 while working for an employer who is found by the Department to have been employing, allowing, or permitting the minor to work in violation of this Act, the employer is subject to a penalty not to exceed \$30,000, payable to the Department;

(3) an employer who employs, allows, or permits a minor to work in violation of Section 40 shall be subject to a penalty not to exceed \$15,000, payable to the Department;

(4) an employer who fails to post or provide the required notice under subsection (g) of Section 35 shall be subject to a penalty not to exceed \$500, payable to the Department; and

(5) an employer who commits any other violation of this Act shall be subject to a penalty not to exceed \$10,000, payable to the Department.

In determining the amount of the penalty, the appropriateness of the penalty to the size of the business of the employer charged and the gravity of the violation shall be considered.

Each day during which any violation of this Act continues shall constitute a separate and distinct offense, and the employment of any minor in violation of the Act shall, with respect to each minor so employed, constitute a separate and distinct offense.

(b) Any administrative determination by the Department of the amount of each penalty shall be final unless reviewed as provided in Section 70.

(c) The amount of the penalty, when finally determined, may be recovered in a civil action brought by the Director in any circuit court, in which litigation the Director shall be represented by the Attorney General. In an action brought by the Department, the Department may request, and the Court may impose on a defendant employer, an additional civil penalty of up to an amount equal to the penalties assessed by the Department to be distributed to an impacted minor. In an action concerning multiple minors, any such penalty imposed by the Court shall be distributed equally among the minors employed in violation of this Act by the defendant employer.

(d) Penalties recovered under this Section shall be paid by certified check, money order, or by an electronic payment system designated by the Department, and deposited into the Child Labor and Day and

Temporary Labor Services Enforcement Fund, a special fund in the State treasury. Moneys in the Fund shall be used, subject to appropriation, for exemplary programs, demonstration projects, and other activities or purposes related to the enforcement of this Act, ~~or~~ for the activities or purposes related to the enforcement of the Day and Temporary Labor Services Act, ~~or~~ for the activities or purposes related to the enforcement of the Private Employment Agency Act, for the activities or purposes related to the enforcement of the Job Opportunities for Qualified Applicants Act, and for the activities or purposes related to the enforcement of the Family Bereavement Leave Act.

ARTICLE 35.

Section 35-5. The Energy Transition Act is amended by changing Section 5-55 as follows:

(20 ILCS 730/5-55)

(Section scheduled to be repealed on September 15, 2045)

Sec. 5-55. Clean Energy Primes Contractor Accelerator Program.

(a) As used in this Section:

"Approved vendor" means the definition of that term used and as may be updated by the Illinois Power Agency.

"Minority business" means a minority-owned business as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

"Minority Business Enterprise certification" means the certification or recognition certification affidavit from the Commission on Equity and Inclusion's Business Enterprise Program or a program with equivalent requirements.

"Program" means the Clean Energy Primes Contractor Accelerator Program.

"Returning resident" has the meaning given to that term in Section 5-50 of this Act.

(b) Subject to appropriation, the Department shall develop, and through a Primes Program Administrator and Regional Primes Program Leads described in this Section, administer the Clean Energy Primes Contractor Accelerator Program. The Program shall be administered in 3 program delivery areas: the Northern Illinois Program Delivery Area covering Northern Illinois, the Central Illinois Program Delivery Area covering Central Illinois, and the Southern Illinois Program Delivery Area covering Southern Illinois. Prior to developing the Program, the Department shall solicit public comments, with a 30-day comment period, to gather input on Program implementation and associated community outreach options.

(c) The Program shall be available to selected contractors who best meet the following criteria:

(1) 2 or more years of experience in a clean energy or a related contracting field;

(2) at least \$5,000 in annual business; and

(3) a substantial and demonstrated commitment of investing in and partnering with individuals and institutions in equity investment eligible communities.

(c-5) The Department shall develop scoring criteria to select contractors for the Program, which shall consider:

(1) projected hiring and industry job creation, including wage and benefit expectations;

(2) a clear vision of strategic business growth and how increased capitalization would benefit the business;

(3) past project work quality and demonstration of technical knowledge;

(4) capacity the applicant is anticipated to bring to project development;

(5) willingness to assume risk;

(6) anticipated revenues from future projects;

(7) history of commitment to advancing equity as demonstrated by, among other things, employment of or ownership by equity investment eligible persons and a history of partnership with equity focused community organizations or government programs; and

(8) business models that build wealth in the larger underserved community.

Applicants for Program participation shall be allowed to reapply for a future cohort if they are not selected, and the Primes Program Administrator shall inform each applicant of this option.

(d) The Department, in consultation with the Primes Program Administrator and Regional Primes Program Leads, shall select a new cohort of participant contractors from each Program Delivery Area every 18 months. Each regional cohort shall include between 3 and 5 participants. The Program shall cap

contractors in the energy efficiency sector at 50% of available cohort spots and 50% of available grants and loans, if possible.

(e) The Department shall hire a Primes Program Administrator with relevant experience, including experience in leading a large contractor-based business in Illinois; experience coaching and mentoring; experience working in the Illinois clean energy industry; or experience and working with equity investment eligible community members, organizations, and businesses.

(f) The Department shall select 3 Regional Primes Program Leads who shall report directly to the Primes Program Administrator. The Regional Primes Program Leads shall be located within their Program Delivery Area and have experience in leading a large contractor-based business in Illinois; coaching and mentoring; the Illinois clean energy industry; developing relationships with companies in the Program Delivery Area; and working with equity investment eligible community members, organizations, and businesses.

(g) The Department may determine how Program elements will be delivered or may contract with organizations with experience delivering the Program elements described in subsection (h) of this Section.

(h) The Clean Energy Primes Contractor Accelerator Program shall provide participants with:

(1) a 5-year, 6-month progressive course of one-on-one coaching to assist each participant in developing an achievable 5-year business plan, including review of monthly metrics, and advice on achieving participant's goals;

(2) operational support grants not to exceed \$1,000,000 annually to support the growth of participant contractors with access to capital for upfront project costs and pre-development funding, among others. The amount of the grant shall be based on anticipated project size and scope;

(3) business coaching based on the participant's needs;

(4) a mentorship of approximately 2 years provided by a qualified company in the participant's field;

(5) access to Clean Energy Contractor Incubator Program services;

(6) assistance with applying for Minority Business Enterprise certification and other relevant certifications and approved vendor status for programs offered by utilities or other entities;

(7) assistance with preparing bids and Request for Proposal applications;

(8) opportunities to be listed in any relevant directories and databases organized by the Commission on Equity and Inclusion;

(9) opportunities to connect with participants in other Department programs;

(10) assistance connecting with and initiating participation in the Illinois Power Agency's Adjustable Block program, the Illinois Solar for All Program, and utility programs; and

(11) financial development assistance programs such as zero-interest or and low-interest loans with the Climate Bank as established by Article 850 of the Illinois Finance Authority Act or a comparable financing mechanism. The Illinois Finance Authority shall retain authority to determine loan repayment terms and conditions.

(i) The Primes Program Administrator shall:

(1) collect and report performance metrics as described in this Section;

(2) review and assess:

(i) participant work plans and annual goals; and

(ii) the mentorship program, including approved mentor companies and their stipend awards; and

(3) work with the Regional Primes Program Leads to publicize the Program; design and implement a mentorship program; and ensure participants are quickly on-boarded.

(j) The Regional Primes Program Leads shall:

(1) publicize the Program; the budget shall include funds to pay community-based organizations with a track record of working with equity investment eligible communities to complete this work;

(2) recruit qualified Program applicants;

(3) assist Program applicants with the application process;

(4) introduce participants to the Program offerings;

(5) conduct entry and annual assessments with participants to identify training, coaching, and other Program service needs;

(6) assist participants in developing goals on entry and annually, and assessing progress toward meeting the goals;

(7) establish a metric reporting system with each participant and track the metrics for progress against the contractor's work plan and Program goals;

(8) assist participants in receiving their Minority Business Enterprise certification and any other relevant certifications and approved vendor statuses;

(9) match participants with Clean Energy Contractor Incubator Program offerings and individualized expert coaching, including training on working with returning residents and companies that employ them;

(10) pair participants with a mentor company;

(11) facilitate connections between participants and potential subcontractors and employees;

(12) dispense a participant's awarded operational grant funding;

(13) connect participants to zero-interest ~~or~~ ~~and~~ low-interest loans from the Climate Bank as established by Article 850 of the Illinois Finance Authority Act or a comparable financing mechanism;

(14) encourage participants to apply for appropriate State and private business opportunities;

(15) review a participant's progress and make a recommendation to the Department about whether the participant should continue in the Program, be considered a Program graduate, and whether adjustments should be made to a participant's grant funding, loans, and related services;

(16) solicit information from participants, which participants shall be required to provide, necessary to understand the participant's business, including financial and income information, certifications that the participant is seeking to obtain, and ownership, employee, and subcontractor data, including compensation, length of service, and demographics; and

(17) other duties as required.

(k) Performance metrics. The Primes Program Administrator and Regional Primes Program Leads shall collaborate to collect and report the following metrics quarterly to the Department and Advisory Council:

(1) demographic information on cohort recruiting and formation, including racial, gender, geographic distribution data, and data on the number and percentage of R3 residents, environmental justice community residents, foster care alumni, and formerly convicted persons who are cohort applicants and admitted participants;

(2) participant contractor engagement in other Illinois clean energy programs such as the Adjustable Block program, Illinois Solar for All Program, and the utility-run energy efficiency and electric vehicle programs;

(3) retention of participants in each cohort;

(4) total projects bid, started, and completed by participants, including information about revenue, hiring, and subcontractor relationships with projects;

(5) certifications issued;

(6) employment data for contractor hires and industry jobs created, including demographic, salary, length of service, and geographic data;

(7) grants and loans distributed; and

(8) participant satisfaction with the Program.

The metrics in paragraphs (2), (4), and (6) shall be collected from Program participants and graduates for 10 years from their entrance into the Program to help the Department and Program Administrators understand the Program's long-term effect.

Data should be anonymized where needed to protect participant privacy.

The Department shall make such reports publicly available on its website.

(l) Mentorship Program.

(1) The Regional Primes Program Leads shall recruit, and the Primes Program Administrator shall select, with approval from the Department, private companies with the following qualifications to mentor participants and assist them in succeeding in the clean energy industry:

(i) excellent standing with state clean energy programs;

(ii) 4 or more years of experience in their field; and

(iii) a proven track record of success in their field.

(2) Mentor companies may receive a stipend, determined by the Department, for their participation. Mentor companies may identify what level of stipend they require.

(3) The Primes Program Administrator shall develop guidelines for mentor company-mentee profit sharing or purchased services agreements.

(4) The Regional Primes Program Leads shall:

(i) collaborate with mentor companies and participants to create a plan for ongoing contact such as on-the-job training, site walkthroughs, business process and structure walkthroughs, quality assurance and quality control reviews, and other relevant activities;

(ii) recommend the mentor company-mentee pairings and associated mentor company stipends for approval;

(iii) conduct an annual review of each mentor company-mentee pairing and recommend whether the pairing continues for a second year and the level of stipend that is appropriate. The review shall also ensure that any profit sharing and purchased services agreements adhere to the guidelines established by the Primes Program Administrator.

(5) Contractors may request reassignment to a new mentor company.

(m) Disparity study. The Program Administrator shall cooperate with the Illinois Power Agency in the conduct of a disparity study, as described in subsection (c-15) of Section 1-75 of the Illinois Power Agency Act, and in the effectuation of appropriate remedies necessary to address any discrimination that such study may find. Potential remedies shall include, but not be limited to, race-conscious remedies to rapidly eliminate discrimination faced by minority businesses and works in the industry this Program serves, consistent with the law. Remedies shall be developed through consultation with individuals, companies, and organizations that have expertise on discrimination faced in the market and potential legally permissible remedies for addressing it. Notwithstanding any other requirement of this Section, the Program Administrator shall modify program participation criteria or goals as soon as the report has been published, in such a way as is consistent with state and federal law, to rapidly eliminate discrimination on minority businesses and workers in the industry this Program serves by setting standards for Program participation. This study will be paid for with funds from the Energy Transition Assistance Fund or any other lawful source.

(n) Program budget.

(1) The Department may allocate up to \$3,000,000 annually to the Primes Program Administrator for each of the 3 regional budgets from the Energy Transition Assistance Fund.

(2) The Department ~~Primes Program Administrator~~ shall work with the Illinois Finance Authority and the Climate Bank as established by Article 850 of the Illinois Finance Authority Act or comparable financing institution so that loan loss reserves or other financial assistance may be sufficient to underwrite up to \$7,000,000 in zero-interest or low-interest loans in each of the 3 Program delivery areas. The Department may grant funding to the Illinois Finance Authority from moneys in the Energy Transition Assistance Fund for the financial assistance described in this Section.

(3) Any grant and loan funding shall be made available to participants in a timely fashion.

(Source: P.A. 102-662, eff. 9-15-21; 103-961, eff. 8-9-24.)

Section 35-10. The State Finance Act is amended by changing Section 5g as follows:

(30 ILCS 105/5g) (from Ch. 127, par. 141g)

Sec. 5g. (a) After July 1, 1991, the General Assembly shall direct the transfer from the General Revenue Fund to the Road Fund of the sum of \$36,000,000, or so much thereof as may be necessary, so that after such transfer the total expenditures for the fiscal year beginning July 1, 1990 for the Division of State Troopers from the Road Fund do not exceed the amount appropriated in fiscal year 1990 for the Division of State Troopers. Such transfers shall be completed no later than June 30, 1992.

(b) If the General Assembly has not completed the transfers required under subsection (a) of this Section on or before June 30, 1992, and if the General Revenue Fund balance is \$250 million or greater on June 30, 1992 or June 30th of any year thereafter, on July 1 of the fiscal year immediately following the fiscal year which has a June 30th balance of \$250 million or greater, the Comptroller shall order the transfer and the Treasurer shall transfer from the General Revenue Fund to the Road Fund one-twelfth of the amount remaining to be transferred on July 15, 1992, with such transfers continuing on the first of each month thereafter until the total transfers required to be made by this Section have been completed.

(c) In addition to any other transfers that may be provided for by law, on July 1, 2025, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the sum of \$8,000,000 from the Road Fund to the Illinois State Police Federal Projects Fund to be used for purposes consistent with Section 11 of Article IX of the Illinois Constitution.

(Source: P.A. 86-1159; 87-860.)

ARTICLE 40.

Section 40-5. The School Code is amended by changing Sections 14-7.02 and 18-8.15 as follows:
(105 ILCS 5/14-7.02) (from Ch. 122, par. 14-7.02)

Sec. 14-7.02. Children attending private special education schools, separate public special education day schools, public out-of-state schools, public school residential facilities, or private special education facilities.

(a) The General Assembly recognizes that non-public schools or special education facilities provide an important service in the educational system in Illinois.

(b) If a student's individualized education program (IEP) team determines that because of his or her disability the special education program of a district is unable to meet the needs of the child and the child attends a non-public school or special education facility, a public out-of-state school or a special education facility owned and operated by a county government unit that provides special educational services required by the child and is in compliance with the appropriate rules and regulations of the State Superintendent of Education, the school district in which the child is a resident shall pay the actual cost of tuition for special education and related services provided during the regular school term and during the summer school term if the child's educational needs so require, excluding room, board and transportation costs charged the child by that non-public school or special education facility, public out-of-state school or county special education facility, or \$4,500 per year, whichever is less, and shall provide him any necessary transportation. "Nonpublic special education facility" shall include a residential facility, within or without the State of Illinois, which provides special education and related services to meet the needs of the child by utilizing private schools or public schools, whether located on the site or off the site of the residential facility. Resident district financial responsibility and reimbursement applies for both nonpublic special education facilities that are approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules and for emergency residential placements in nonpublic special education facilities that are not approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules, subject to the requirements of this Section.

(c) Prior to the placement of a child in an out-of-state special education residential facility, the school district must refer to the child or the child's parent or guardian the option to place the child in a special education residential facility located within this State, if any, that provides treatment and services comparable to those provided by the out-of-state special education residential facility. The school district must review annually the placement of a child in an out-of-state special education residential facility. As a part of the review, the school district must refer to the child or the child's parent or guardian the option to place the child in a comparable special education residential facility located within this State, if any.

(c-5) Before a provider that operates a nonpublic special education facility terminates a student's placement in that facility, the provider must request an IEP meeting from the contracting school district. If the provider elects to terminate the student's placement following the IEP meeting, the provider must give written notice to this effect to the parent or guardian, the contracting public school district, and the State Board of Education no later than 20 business days before the date of termination, unless the health and safety of any student are endangered. The notice must include the detailed reasons for the termination and any actions taken to address the reason for the termination.

(d) Payments shall be made by the resident school district to the entity providing the educational services, whether the entity is the nonpublic special education facility or the school district wherein the facility is located, no less than once per quarter, unless otherwise agreed to in writing by the parties.

(e) A school district may residentially place a student in a nonpublic special education facility providing educational services, but not approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules, provided that the State Board of Education provides an emergency and student-specific approval for residential placement. The State Board of Education shall promptly, within 10 days after the request, approve a request for emergency and student-specific approval for residential placement if the following have been demonstrated to the State Board of Education:

- (1) the facility demonstrates appropriate licensure of teachers for the student population;
- (2) the facility demonstrates age-appropriate curriculum;
- (3) the facility provides enrollment and attendance data;
- (4) the facility demonstrates the ability to implement the child's IEP; and

(5) the school district demonstrates that it made good faith efforts to residentially place the student in an approved facility, but no approved facility has accepted the student or has availability for immediate residential placement of the student.

A resident school district may also submit such proof to the State Board of Education as may be required for its student. The State Board of Education may not unreasonably withhold approval once satisfactory proof is provided to the State Board.

(f) If an impartial due process hearing officer who is contracted by the State Board of Education pursuant to this Article orders placement of a student with a disability in a residential facility that is not approved by the State Board of Education, then, for purposes of this Section, the facility shall be deemed approved for placement and school district payments and State reimbursements shall be made accordingly.

(g) Emergency residential placement in a facility approved pursuant to subsection (e) or (f) may continue to be utilized so long as (i) the student's IEP team determines annually that such placement continues to be appropriate to meet the student's needs and (ii) at least every 3 years following the student's residential placement, the IEP team reviews appropriate placements approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules to determine whether there are any approved placements that can meet the student's needs, have accepted the student, and have availability for placement of the student.

(h) The State Board of Education shall promulgate rules and regulations for determining when placement in a private special education facility is appropriate. Such rules and regulations shall take into account the various types of services needed by a child and the availability of such services to the particular child in the public school. In developing these rules and regulations the State Board of Education shall consult with the Advisory Council on Education of Children with Disabilities and hold public hearings to secure recommendations from parents, school personnel, and others concerned about this matter.

The State Board of Education shall also promulgate rules and regulations for transportation to and from a residential school. Transportation to and from home to a residential school more than once each school term shall be subject to prior approval by the State Superintendent in accordance with the rules and regulations of the State Board.

(i) A school district making tuition payments pursuant to this Section is eligible for reimbursement from the State for the amount of such payments actually made in excess of the district per capita tuition charge for students not receiving special education services. Such reimbursement shall be approved in accordance with Section 14-12.01 and each district shall file its claims, computed in accordance with rules prescribed by the State Board of Education, on forms prescribed by the State Superintendent of Education. Data used as a basis of reimbursement claims shall be for the preceding regular school term and summer school term. Each school district shall transmit its claims to the State Board of Education on or before August 15. However, for claims payable in Fiscal Year 2026, each school district shall transmit its claims to the State Board of Education on or before September 15. The State Board of Education, before approving any such claims, shall determine their accuracy and whether they are based upon services and facilities provided under approved programs. Upon approval the State Board shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of September, December, and March, respectively, and the final voucher, no later than June 20. However, for vouchers payable in Fiscal Year 2026, upon approval the State Board of Education shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of November, December, and March, respectively, and the final voucher, no later than June 20. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved.

(j) No child shall be placed in a special education program pursuant to this Section if the tuition cost for special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds \$4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. The Illinois Purchased Care Review Board shall consist of the following persons, or their designees: the Directors of Children and Family Services, Public Health, Public Aid, and the Governor's Office of Management and Budget; the Secretary of Human Services; the State Superintendent of Education; and such other persons as the Governor may designate. The Review Board shall also consist of one non-voting member who is an administrator of a private, nonpublic, special education school, one non-voting member who is an administrator of a separate public special education day school, and one non-voting member from a State agency that administers and provides early childhood

education and care programs and services to children and families. The Review Board shall establish rules and regulations for its determination of allowable costs and payments made by local school districts for special education, room and board, and other related services provided by non-public schools, separate public special education day schools, or special education facilities and shall establish uniform standards and criteria which it shall follow. The Review Board shall approve the usual and customary rate or rates of a special education program that (i) is offered by an out-of-state, non-public provider of integrated autism specific educational and autism specific residential services, (ii) offers 2 or more levels of residential care, including at least one locked facility, and (iii) serves 12 or fewer Illinois students.

(k) In determining rates based on allowable costs, the Review Board shall consider any wage increases awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in service settings in community-based settings within the State and adjust customary rates or rates of a special education program to be equitable to the wage increase awarded to similar staff positions in a community residential setting. Any wage increase awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in community-based settings within the State, including the \$0.75 per hour increase contained in Public Act 100-23 and the \$0.50 per hour increase included in Public Act 100-23, shall also be a basis for any facility covered by this Section to appeal its rate before the Review Board under the process defined in Title 89, Part 900, Section 340 of the Illinois Administrative Code. Illinois Administrative Code Title 89, Part 900, Section 342 shall be updated to recognize wage increases awarded to community-based settings to be a basis for appeal. However, any wage increase that is captured upon appeal from a previous year shall not be counted by the Review Board as revenue for the purpose of calculating a facility's future rate.

(l) Any definition used by the Review Board in administrative rule or policy to define "related organizations" shall include any and all exceptions contained in federal law or regulation as it pertains to the federal definition of "related organizations".

(m) The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified child with a disability receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

(n) The Review Board shall review the costs for special education and related services provided by non-public schools, separate public special education day schools, or special education facilities and shall approve or disapprove such facilities in accordance with the rules and regulations established by it with respect to allowable costs.

(o) The State Board of Education shall provide administrative and staff support for the Review Board as deemed reasonable by the State Superintendent of Education. This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

(p) The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

(q) If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on program enrollment, excluding room, board and transportation costs, exceed \$4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed \$4,500. A district making such tuition payments in excess of \$4,500 pursuant to this Section shall be responsible for an amount in excess of \$4,500 equal to the district per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of the district's per capita tuition charge for students not receiving special education services. If a child has been placed in a private special education school, separate public special education day school, or private special education facility, a district making tuition payments in excess of \$4,500 pursuant to this Section shall be responsible for an amount in excess of \$4,500 equal to 2 times the district's per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of 2 times the district's per capita tuition charge for students not receiving special education services.

(r) If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

(s) If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the reimbursement of tuition payments under this Section whether the non-public school or special education facility, public out-of-state school or county special education facility, attended by a child who resides in that district and requires special educational services, is within or outside of the State of Illinois. However, a district is not eligible to claim transportation reimbursement under this Section unless the district certifies to the State Superintendent of Education that the district is unable to provide special educational services required by the child for the current school year.

(t) Nothing in this Section authorizes the reimbursement of a school district for the amount paid for tuition of a child attending a non-public school or special education facility, a public special education facility, a public out-of-state school, or a county special education facility unless the school district certifies to the State Superintendent of Education that the special education program of that district is unable to meet the needs of that child because of the child's disability and the State Superintendent of Education finds that the school district is in substantial compliance with Section 14-4.01. However, if a child is unilaterally placed by a State agency or any court in a non-public school or special education facility, public out-of-state school, or county special education facility, a school district shall not be required to certify to the State Superintendent of Education, for the purpose of tuition reimbursement, that the special education program of that district is unable to meet the needs of a child because of his or her disability.

(u) Any educational or related services provided, pursuant to this Section in a non-public school or special education facility or a special education facility owned and operated by a county government unit shall be at no cost to the parent or guardian of the child. However, current law and practices relative to contributions by parents or guardians for costs other than educational or related services are not affected by this amendatory Act of 1978.

(v) Reimbursement for children attending public school residential facilities shall be made in accordance with the provisions of this Section.

(w) Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02b, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise

would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

(x) The State Board of Education may adopt such rules as may be necessary to implement this Section.

(105 ILCS 5/18-8.15)

Sec. 18-8.15. Evidence-Based Funding for student success for the 2017-2018 and subsequent school years.

(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section 1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of this State, and active members of our national democracy;

(B) ensure all students receive the education they need to graduate from high school with the skills required to pursue post-secondary education and training for a rewarding career;

(C) reduce, with a goal of eliminating, the achievement gap between at-risk and non-at-risk students by raising the performance of at-risk students and not by reducing standards; and

(D) ensure this State satisfies its obligation to assume the primary responsibility to fund public education and simultaneously relieve the disproportionate burden placed on local property taxes to fund schools.

(2) The Evidence-Based Funding formula under this Section shall be applied to all Organizational Units in this State. The Evidence-Based Funding formula outlined in this Act is based on the formula outlined in Senate Bill 1 of the 100th General Assembly, as passed by both legislative chambers. As further defined and described in this Section, there are 4 major components of the Evidence-Based Funding model:

(A) First, the model calculates a unique Adequacy Target for each Organizational Unit in this State that considers the costs to implement research-based activities, the unit's student demographics, and regional wage differences.

(B) Second, the model calculates each Organizational Unit's Local Capacity, or the amount each Organizational Unit is assumed to contribute toward its Adequacy Target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit and adds that to the unit's Local Capacity to determine the unit's overall current adequacy of funding.

(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both Local Capacity and State funding, in relation to their Adequacy Target.

(3) An Organizational Unit receiving any funding under this Section may apply those funds to any fund so received for which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.

"Adjusted Local Capacity Target" is defined in paragraph (3) of subsection (c) of this Section.

"Adjusted Operating Tax Rate" means a tax rate for all Organizational Units, for which the State Superintendent shall calculate and subtract for the Operating Tax Rate a transportation rate

based on total expenses for transportation services under this Code, as reported on the most recent Annual Financial Report in Pupil Transportation Services, function 2550 in both the Education and Transportation funds and functions 4110 and 4120 in the Transportation fund, less any corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code divided by the Adjusted EAV. If an Organizational Unit's corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code exceed the total transportation expenses, as defined in this paragraph, no transportation rate shall be subtracted from the Operating Tax Rate.

"Allocation Rate" is defined in paragraph (3) of subsection (g) of this Section.

"Alternative School" means a public school that is created and operated by a regional superintendent of schools and approved by the State Board.

"Applicable Tax Rate" is defined in paragraph (1) of subsection (d) of this Section.

"Assessment" means any of those benchmark, progress monitoring, formative, diagnostic, and other assessments, in addition to the State accountability assessment, that assist teachers' needs in understanding the skills and meeting the needs of the students they serve.

"Assistant principal" means a school administrator duly endorsed to be employed as an assistant principal in this State.

"At-risk student" means a student who is at risk of not meeting the Illinois Learning Standards or not graduating from elementary or high school and who demonstrates a need for vocational support or social services beyond that provided by the regular school program. All students included in an Organizational Unit's Low-Income Count, as well as all English learner and disabled students attending the Organizational Unit, shall be considered at-risk students under this Section.

"Average Student Enrollment" or "ASE" for fiscal year 2018 means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1, for each of the immediately preceding 3 school years. For fiscal year 2019 and each subsequent fiscal year, "Average Student Enrollment" or "ASE" means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1, for each of the immediately preceding 3 school years. For the purposes of this definition, "enrolled in the Organizational Unit" means the number of students reported to the State Board who are enrolled in schools within the Organizational Unit that the student attends or would attend if not placed or transferred to another school or program to receive needed services. For the purposes of calculating "ASE", all students, grades K through 12, excluding those attending kindergarten for a half day and students attending an alternative education program operated by a regional office of education or intermediate service center, shall be counted as 1.0. All students attending kindergarten for a half day shall be counted as 0.5, unless in 2017 by June 15 or by March 1 in subsequent years, the school district reports to the State Board of Education the intent to implement full-day kindergarten district-wide for all students, then all students attending kindergarten shall be counted as 1.0. Special education pre-kindergarten students shall be counted as 0.5 each. If the State Board does not collect or has not collected both an October 1 and March 1 enrollment count by grade or a December 1 collection of special education pre-kindergarten students as of August 31, 2017 (the effective date of Public Act 100-465), it shall establish such collection for all future years. For any year in which a count by grade level was collected only once, that count shall be used as the single count available for computing a 3-year average ASE. Funding for programs operated by a regional

office of education or an intermediate service center must be calculated using the Evidence-Based Funding formula under this Section for the 2019-2020 school year and each subsequent school year until separate adequacy formulas are developed and adopted for each type of program. ASE for a program operated by a regional office of education or an intermediate service center must be determined by the March 1 enrollment for the program. For the 2019-2020 school year, the ASE used in the calculation must be the first-year ASE and, in that year only, the assignment of students served by a regional office of education or intermediate service center shall not result in a reduction of the March enrollment for any school district. For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the 3-year average ASE. School districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1. In recognition of the impact of COVID-19, the definition of "Average Student Enrollment" or "ASE" shall be adjusted for calculations under this Section for fiscal years 2022 through 2024. For fiscal years 2022 through 2024, the enrollment used in the calculation of ASE representing the 2020-2021 school year shall be the greater of the enrollment for the 2020-2021 school year or the 2019-2020 school year.

"Base Funding Guarantee" is defined in paragraph (10) of subsection (g) of this Section.

"Base Funding Minimum" is defined in subsection (e) of this Section.

"Base Tax Year" means the property tax levy year used to calculate the Budget Year allocation of primary State aid.

"Base Tax Year's Extension" means the product of the equalized assessed valuation utilized by the county clerk in the Base Tax Year multiplied by the limiting rate as calculated by the county clerk and defined in PTELL.

"Bilingual Education Allocation" means the amount of an Organizational Unit's final Adequacy Target attributable to bilingual education divided by the Organizational Unit's final Adequacy Target, the product of which shall be multiplied by the amount of new funding received pursuant to this Section. An Organizational Unit's final Adequacy Target attributable to bilingual education shall include all additional investments in English learner students' adequacy elements.

"Budget Year" means the school year for which primary State aid is calculated and awarded under this Section.

"Central office" means individual administrators and support service personnel charged with managing the instructional programs, business and operations, and security of the Organizational Unit.

"Comparable Wage Index" or "CWI" means a regional cost differentiation metric that measures systemic, regional variations in the salaries of college graduates who are not educators. The CWI utilized for this Section shall, for the first 3 years of Evidence-Based Funding implementation, be the CWI initially developed by the National Center for Education Statistics, as most recently updated by Texas A & M University. In the fourth and subsequent years of Evidence-Based Funding implementation, the State Superintendent shall re-determine the CWI using the a similar methodology to that identified in a comparable wage index the Texas A & M University study developed by the University of Illinois, with adjustments made no less frequently than once every 5 years.

"Computer technology and equipment" means computers servers, notebooks, network equipment, copiers, printers, instructional software, security software, curriculum management courseware, and other similar materials and equipment.

"Computer technology and equipment investment allocation" means the final Adequacy Target amount of an Organizational Unit assigned to Tier 1 or Tier 2 in the prior school year attributable to the additional \$285.50 per student computer technology and equipment investment grant divided by the Organizational Unit's final Adequacy Target, the result of which shall be multiplied by the amount of new funding received pursuant to this Section. An Organizational Unit assigned to a Tier 1 or Tier 2 final Adequacy Target attributable to the received computer technology and equipment investment grant shall include all additional investments in computer technology and equipment adequacy elements.

"Core subject" means mathematics; science; reading, English, writing, and language arts; history and social studies; world languages; and subjects taught as Advanced Placement in high schools.

"Core teacher" means a regular classroom teacher in elementary schools and teachers of a core subject in middle and high schools.

"Core Intervention teacher (tutor)" means a licensed teacher providing one-on-one or small group tutoring to students struggling to meet proficiency in core subjects.

"CPPRT" means corporate personal property replacement tax funds paid to an Organizational Unit during the calendar year one year before the calendar year in which a school year begins, pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

"EAV" means equalized assessed valuation as defined in paragraph (2) of subsection (d) of this Section and calculated in accordance with paragraph (3) of subsection (d) of this Section.

"ECI" means the Bureau of Labor Statistics' national employment cost index for civilian workers in educational services in elementary and secondary schools on a cumulative basis for the 12-month calendar year preceding the fiscal year of the Evidence-Based Funding calculation.

"EIS Data" means the employment information system data maintained by the State Board on educators within Organizational Units.

"Employee benefits" means health, dental, and vision insurance offered to employees of an Organizational Unit, the costs associated with the statutorily required payment of the normal cost of the Organizational Unit's teacher pensions, Social Security employer contributions, and Illinois Municipal Retirement Fund employer contributions.

"English learner" or "EL" means a child included in the definition of "English learners" under Section 14C-2 of this Code participating in a program of transitional bilingual education or a transitional program of instruction meeting the requirements and program application procedures of Article 14C of this Code. For the purposes of collecting the number of EL students enrolled, the same collection and calculation methodology as defined above for "ASE" shall apply to English learners, with the exception that EL student enrollment shall include students in grades pre-kindergarten through 12.

"Essential Elements" means those elements, resources, and educational programs that have been identified through academic research as necessary to improve student success, improve academic performance, close achievement gaps, and provide for other per student costs related to the delivery and leadership of the Organizational Unit, as well as the maintenance and operations of the unit, and which are specified in paragraph (2) of subsection (b) of this Section.

"Evidence-Based Funding" means State funding provided to an Organizational Unit pursuant to this Section.

"Extended day" means academic and enrichment programs provided to students outside the regular school day before and after school or during non-instructional times during the school day.

"Extension Limitation Ratio" means a numerical ratio in which the numerator is the Base Tax Year's Extension and the denominator is the Preceding Tax Year's Extension.

"Final Percent of Adequacy" is defined in paragraph (4) of subsection (f) of this Section.

"Final Resources" is defined in paragraph (3) of subsection (f) of this Section.

"Full-time equivalent" or "FTE" means the full-time equivalency compensation for staffing the relevant position at an Organizational Unit.

"Funding Gap" is defined in paragraph (1) of subsection (g).

"Hybrid District" means a partial elementary unit district created pursuant to Article 11E of this Code.

"Instructional assistant" means a core or special education, non-licensed employee who assists a teacher in the classroom and provides academic support to students.

"Instructional facilitator" means a qualified teacher or licensed teacher leader who facilitates and coaches continuous improvement in classroom instruction; provides instructional support to teachers in the elements of research-based instruction or demonstrates the alignment of instruction with curriculum standards and assessment tools; develops or coordinates instructional programs or strategies; develops and implements training; chooses standards-based instructional materials; provides teachers with an understanding of current research; serves as a mentor, site coach,

curriculum specialist, or lead teacher; or otherwise works with fellow teachers, in collaboration, to use data to improve instructional practice or develop model lessons.

"Instructional materials" means relevant instructional materials for student instruction, including, but not limited to, textbooks, consumable workbooks, laboratory equipment, library books, and other similar materials.

"Laboratory School" means a public school that is created and operated by a public university and approved by the State Board.

"Librarian" means a teacher with an endorsement as a library information specialist or another individual whose primary responsibility is overseeing library resources within an Organizational Unit.

"Limiting rate for Hybrid Districts" means the combined elementary school and high school limiting rates.

"Local Capacity" is defined in paragraph (1) of subsection (c) of this Section.

"Local Capacity Percentage" is defined in subparagraph (A) of paragraph (2) of subsection (c) of this Section.

"Local Capacity Ratio" is defined in subparagraph (B) of paragraph (2) of subsection (c) of this Section.

"Local Capacity Target" is defined in paragraph (2) of subsection (c) of this Section.

"Low-Income Count" means, for an Organizational Unit in a fiscal year, the higher of the average number of students for the prior school year or the immediately preceding 3 school years who, as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services), are eligible for at least one of the following low-income programs: Medicaid, the Children's Health Insurance Program, Temporary Assistance for Needy Families (TANF), or the Supplemental Nutrition Assistance Program, excluding pupils who are eligible for services provided by the Department of Children and Family Services. Until such time that grade level low-income populations become available, grade level low-income populations shall be determined by applying the low-income percentage to total student enrollments by grade level. The low-income percentage is determined by dividing the Low-Income Count by the Average Student Enrollment. The low-income percentage for a regional office of education or an intermediate service center operating one or more alternative education programs must be set to the weighted average of the low-income percentages of all of the school districts in the service region. The weighted low-income percentage is the result of multiplying the low-income percentage of each school district served by the regional office of education or intermediate service center by each school district's Average Student Enrollment, summarizing those products and dividing the total by the total Average Student Enrollment for the service region.

"Maintenance and operations" means custodial services, facility and ground maintenance, facility operations, facility security, routine facility repairs, and other similar services and functions.

"Minimum Funding Level" is defined in paragraph (9) of subsection (g) of this Section.

"New Property Tax Relief Pool Funds" means, for any given fiscal year, all State funds appropriated under Section 2-3.170 of this Code.

"New State Funds" means, for a given school year, all State funds appropriated for Evidence-Based Funding in excess of the amount needed to fund the Base Funding Minimum for all Organizational Units in that school year.

"Nurse" means an individual licensed as a certified school nurse, in accordance with the rules established for nursing services by the State Board, who is an employee of and is available to provide health care-related services for students of an Organizational Unit.

"Operating Tax Rate" means the rate utilized in the previous year to extend property taxes for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes. For Hybrid Districts, the Operating Tax Rate shall be the combined elementary and high school rates utilized in the previous year to extend property taxes for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

"Organizational Unit" means a Laboratory School or any public school district that is recognized as such by the State Board and that contains elementary schools typically serving kindergarten through 5th grades, middle schools typically serving 6th through 8th grades, high schools typically serving 9th through 12th grades, a program established under Section 2-3.66 or 2-3.41, or a program operated by a regional office of education or an intermediate service center under

Article 13A or 13B. The General Assembly acknowledges that the actual grade levels served by a particular Organizational Unit may vary slightly from what is typical.

"Organizational Unit CWI" is determined by calculating the CWI in the region and original county in which an Organizational Unit's primary administrative office is located as set forth in this paragraph, provided that if the Organizational Unit CWI as calculated in accordance with this paragraph is less than 0.9, the Organizational Unit CWI shall be increased to 0.9. Each county's current CWI value shall be adjusted based on the CWI value of that county's neighboring Illinois counties, to create a "weighted adjusted index value". This shall be calculated by summing the CWI values of all of a county's adjacent Illinois counties and dividing by the number of adjacent Illinois counties, then taking the weighted value of the original county's CWI value and the adjacent Illinois county average. To calculate this weighted value, if the number of adjacent Illinois counties is greater than 2, the original county's CWI value will be weighted at 0.25 and the adjacent Illinois county average will be weighted at 0.75. If the number of adjacent Illinois counties is 2, the original county's CWI value will be weighted at 0.33 and the adjacent Illinois county average will be weighted at 0.66. The greater of the county's current CWI value and its weighted adjusted index value shall be used as the Organizational Unit CWI.

"Preceding Tax Year" means the property tax levy year immediately preceding the Base Tax Year.

"Preceding Tax Year's Extension" means the product of the equalized assessed valuation utilized by the county clerk in the Preceding Tax Year multiplied by the Operating Tax Rate.

"Preliminary Percent of Adequacy" is defined in paragraph (2) of subsection (f) of this Section.

"Preliminary Resources" is defined in paragraph (2) of subsection (f) of this Section.

"Principal" means a school administrator duly endorsed to be employed as a principal in this State.

"Professional development" means training programs for licensed staff in schools, including, but not limited to, programs that assist in implementing new curriculum programs, provide data focused or academic assessment data training to help staff identify a student's weaknesses and strengths, target interventions, improve instruction, encompass instructional strategies for English learner, gifted, or at-risk students, address inclusivity, cultural sensitivity, or implicit bias, or otherwise provide professional support for licensed staff.

"Prototypical" means 450 special education pre-kindergarten and kindergarten through grade 5 students for an elementary school, 450 grade 6 through 8 students for a middle school, and 600 grade 9 through 12 students for a high school.

"PTELL" means the Property Tax Extension Limitation Law.

"PTELL EAV" is defined in paragraph (4) of subsection (d) of this Section.

"Pupil support staff" means a nurse, psychologist, social worker, family liaison personnel, or other staff member who provides support to at-risk or struggling students.

"Real Receipts" is defined in paragraph (1) of subsection (d) of this Section.

"Regionalization Factor" means, for a particular Organizational Unit, the figure derived by dividing the Organizational Unit CWI by the Statewide Weighted CWI.

"School counselor" means a licensed school counselor who provides guidance and counseling support for students within an Organizational Unit.

"School site staff" means the primary school secretary and any additional clerical personnel assigned to a school.

"Special education" means special educational facilities and services, as defined in Section 14-1.08 of this Code.

"Special Education Allocation" means the amount of an Organizational Unit's final Adequacy Target attributable to special education divided by the Organizational Unit's final Adequacy Target, the product of which shall be multiplied by the amount of new funding received pursuant to this Section. An Organizational Unit's final Adequacy Target attributable to special education shall include all special education investment adequacy elements.

"Specialist teacher" means a teacher who provides instruction in subject areas not included in core subjects, including, but not limited to, art, music, physical education, health, driver education, career-technical education, and such other subject areas as may be mandated by State law or provided by an Organizational Unit.

"Specially Funded Unit" means an Alternative School, safe school, Department of Juvenile Justice school, special education cooperative or entity recognized by the State Board as a special education cooperative, State-approved charter school, or alternative learning opportunities program that received direct funding from the State Board during the 2016-2017 school year through any of the funding sources included within the calculation of the Base Funding Minimum or Glenwood Academy.

"Supplemental Grant Funding" means supplemental general State aid funding received by an Organizational Unit during the 2016-2017 school year pursuant to subsection (H) of Section 18-8.05 of this Code (now repealed).

"State Adequacy Level" is the sum of the Adequacy Targets of all Organizational Units.

"State Board" means the State Board of Education.

"State Superintendent" means the State Superintendent of Education.

"Statewide Weighted CWI" means a figure determined by multiplying each Organizational Unit CWI times the ASE for that Organizational Unit creating a weighted value, summing all Organizational Units' weighted values, and dividing by the total ASE of all Organizational Units, thereby creating an average weighted index.

"Student activities" means non-credit producing after-school programs, including, but not limited to, clubs, bands, sports, and other activities authorized by the school board of the Organizational Unit.

"Substitute teacher" means an individual teacher or teaching assistant who is employed by an Organizational Unit and is temporarily serving the Organizational Unit on a per diem or per period-assignment basis to replace another staff member.

"Summer school" means academic and enrichment programs provided to students during the summer months outside of the regular school year.

"Supervisory aide" means a non-licensed staff member who helps in supervising students of an Organizational Unit, but does so outside of the classroom, in situations such as, but not limited to, monitoring hallways and playgrounds, supervising lunchrooms, or supervising students when being transported in buses serving the Organizational Unit.

"Target Ratio" is defined in paragraph (4) of subsection (g).

"Tier 1", "Tier 2", "Tier 3", and "Tier 4" are defined in paragraph (3) of subsection (g).

"Tier 1 Aggregate Funding", "Tier 2 Aggregate Funding", "Tier 3 Aggregate Funding", and "Tier 4 Aggregate Funding" are defined in paragraph (1) of subsection (g).

(b) Adequacy Target calculation.

(1) Each Organizational Unit's Adequacy Target is the sum of the Organizational Unit's cost of providing Essential Elements, as calculated in accordance with this subsection (b), with the salary amounts in the Essential Elements multiplied by a Regionalization Factor calculated pursuant to paragraph (3) of this subsection (b).

(2) The Essential Elements are attributable on a pro rata basis related to defined subgroups of the ASE of each Organizational Unit as specified in this paragraph (2), with investments and FTE positions pro rata funded based on ASE counts in excess of or less than the thresholds set forth in this paragraph (2). The method for calculating attributable pro rata costs and the defined subgroups thereto are as follows:

(A) Core class size investments. Each Organizational Unit shall receive the funding required to support that number of FTE core teacher positions as is needed to keep the respective class sizes of the Organizational Unit to the following maximum numbers:

(i) For grades kindergarten through 3, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 15 Low-Income Count students in those grades and one FTE core teacher position for every 20 non-Low-Income Count students in those grades.

(ii) For grades 4 through 12, the Organizational Unit shall receive funding required to support one FTE core teacher position for every 20 Low-Income Count students in those grades and one FTE core teacher position for every 25 non-Low-Income Count students in those grades.

The number of non-Low-Income Count students in a grade shall be determined by subtracting the Low-Income students in that grade from the ASE of the Organizational Unit for that grade.

(B) Specialist teacher investments. Each Organizational Unit shall receive the funding needed to cover that number of FTE specialist teacher positions that correspond to the following percentages:

(i) if the Organizational Unit operates an elementary or middle school, then 20.00% of the number of the Organizational Unit's core teachers, as determined under subparagraph (A) of this paragraph (2); and

(ii) if such Organizational Unit operates a high school, then 33.33% of the number of the Organizational Unit's core teachers.

(C) Instructional facilitator investments. Each Organizational Unit shall receive the funding needed to cover one FTE instructional facilitator position for every 200 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students of the Organizational Unit.

(D) Core intervention teacher (tutor) investments. Each Organizational Unit shall receive the funding needed to cover one FTE teacher position for each prototypical elementary, middle, and high school.

(E) Substitute teacher investments. Each Organizational Unit shall receive the funding needed to cover substitute teacher costs that is equal to 5.70% of the minimum pupil attendance days required under Section 10-19 of this Code for all full-time equivalent core, specialist, and intervention teachers, school nurses, special education teachers and instructional assistants, instructional facilitators, and summer school and extended day teacher positions, as determined under this paragraph (2), at a salary rate of 33.33% of the average salary for grade K through 12 teachers and 33.33% of the average salary of each instructional assistant position.

(F) Core school counselor investments. Each Organizational Unit shall receive the funding needed to cover one FTE school counselor for each 450 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 5 students, plus one FTE school counselor for each 250 grades 6 through 8 ASE middle school students, plus one FTE school counselor for each 250 grades 9 through 12 ASE high school students.

(G) Nurse investments. Each Organizational Unit shall receive the funding needed to cover one FTE nurse for each 750 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students across all grade levels it serves.

(H) Supervisory aide investments. Each Organizational Unit shall receive the funding needed to cover one FTE for each 225 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 5 students, plus one FTE for each 225 ASE middle school students, plus one FTE for each 200 ASE high school students.

(I) Librarian investments. Each Organizational Unit shall receive the funding needed to cover one FTE librarian for each prototypical elementary school, middle school, and high school and one FTE aide or media technician for every 300 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(J) Principal investments. Each Organizational Unit shall receive the funding needed to cover one FTE principal position for each prototypical elementary school, plus one FTE principal position for each prototypical middle school, plus one FTE principal position for each prototypical high school.

(K) Assistant principal investments. Each Organizational Unit shall receive the funding needed to cover one FTE assistant principal position for each prototypical elementary school, plus one FTE assistant principal position for each prototypical middle school, plus one FTE assistant principal position for each prototypical high school.

(L) School site staff investments. Each Organizational Unit shall receive the funding needed for one FTE position for each 225 ASE of pre-kindergarten children with disabilities and all kindergarten through grade 5 students, plus one FTE position for each 225 ASE middle school students, plus one FTE position for each 200 ASE high school students.

(M) Gifted investments. Each Organizational Unit shall receive \$40 per kindergarten through grade 12 ASE.

(N) Professional development investments. Each Organizational Unit shall receive \$125 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students for trainers and other professional development-related expenses for supplies and materials.

(O) Instructional material investments. Each Organizational Unit shall receive \$190 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover instructional material costs.

(P) Assessment investments. Each Organizational Unit shall receive \$25 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover assessment costs.

(Q) Computer technology and equipment investments. Each Organizational Unit shall receive \$285.50 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover computer technology and equipment costs. For the 2018-2019 school year and subsequent school years, Organizational Units assigned to Tier 1 and Tier 2 in the prior school year shall receive an additional \$285.50 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover computer technology and equipment costs in the Organizational Unit's Adequacy Target. The State Board may establish additional requirements for Organizational Unit expenditures of funds received pursuant to this subparagraph (Q), including a requirement that funds received pursuant to this subparagraph (Q) may be used only for serving the technology needs of the district. It is the intent of Public Act 100-465 that all Tier 1 and Tier 2 districts receive the addition to their Adequacy Target in the following year, subject to compliance with the requirements of the State Board.

(R) Student activities investments. Each Organizational Unit shall receive the following funding amounts to cover student activities: \$100 per kindergarten through grade 5 ASE student in elementary school, plus \$200 per ASE student in middle school, plus \$675 per ASE student in high school.

(S) Maintenance and operations investments. Each Organizational Unit shall receive \$1,038 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students for day-to-day maintenance and operations expenditures, including salary, supplies, and materials, as well as purchased services, but excluding employee benefits. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$352.92.

(T) Central office investments. Each Organizational Unit shall receive \$742 per student of the combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students to cover central office operations, including administrators and classified personnel charged with managing the instructional programs, business and operations of the school district, and security personnel. The proportion of salary for the application of a Regionalization Factor and the calculation of benefits is equal to \$368.48.

(U) Employee benefit investments. Each Organizational Unit shall receive 30% of the total of all salary-calculated elements of the Adequacy Target, excluding substitute teachers and student activities investments, to cover benefit costs. For central office and maintenance and operations investments, the benefit calculation shall be based upon the salary proportion of each investment. If at any time the responsibility for funding the employer normal cost of teacher pensions is assigned to school districts, then that amount certified by the Teachers' Retirement System of the State of Illinois to be paid by the Organizational Unit for the preceding school year shall be added to the benefit investment. For any fiscal year in which a school district organized under Article 34 of this Code is responsible for paying the employer normal cost of teacher pensions, then that amount of its employer normal cost plus the amount for retiree health insurance as certified by the Public School Teachers' Pension and Retirement Fund of Chicago to be paid by the school district for the preceding school year that is statutorily required to cover employer normal costs and the amount for retiree health insurance shall be added to the 30% specified in this subparagraph (U). The Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago shall submit such information as the State Superintendent may require for the calculations set forth in this subparagraph (U).

(V) Additional investments in low-income students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

- (i) one FTE intervention teacher (tutor) position for every 125 Low-Income Count students;
- (ii) one FTE pupil support staff position for every 125 Low-Income Count students;
- (iii) one FTE extended day teacher position for every 120 Low-Income Count students; and
- (iv) one FTE summer school teacher position for every 120 Low-Income Count students.

(W) Additional investments in English learner students. In addition to and not in lieu of all other funding under this paragraph (2), each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover the costs of:

- (i) one FTE intervention teacher (tutor) position for every 125 English learner students;
- (ii) one FTE pupil support staff position for every 125 English learner students;
- (iii) one FTE extended day teacher position for every 120 English learner students;
- (iv) one FTE summer school teacher position for every 120 English learner students; and
- (v) one FTE core teacher position for every 100 English learner students.

(X) Special education investments. Each Organizational Unit shall receive funding based on the average teacher salary for grades K through 12 to cover special education as follows:

- (i) one FTE teacher position for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students;
- (ii) one FTE instructional assistant for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students; and
- (iii) one FTE psychologist position for every 1,000 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(3) For calculating the salaries included within the Essential Elements, the State Superintendent shall annually calculate average salaries to the nearest dollar using the employment information system data maintained by the State Board, limited to public schools only and excluding special education and vocational cooperatives, schools operated by the Department of Juvenile Justice, and charter schools, for the following positions:

- (A) Teacher for grades K through 8.
- (B) Teacher for grades 9 through 12.
- (C) Teacher for grades K through 12.
- (D) School counselor for grades K through 8.
- (E) School counselor for grades 9 through 12.
- (F) School counselor for grades K through 12.
- (G) Social worker.
- (H) Psychologist.
- (I) Librarian.
- (J) Nurse.
- (K) Principal.
- (L) Assistant principal.

For the purposes of this paragraph (3), "teacher" includes core teachers, specialist and elective teachers, instructional facilitators, tutors, special education teachers, pupil support staff teachers, English learner teachers, extended day teachers, and summer school teachers. Where specific grade data is not required for the Essential Elements, the average salary for corresponding positions shall apply. For substitute teachers, the average teacher salary for grades K through 12 shall apply.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first year of implementation of Evidence-Based Funding:

- (i) school site staff, \$30,000; and
- (ii) non-instructional assistant, instructional assistant, library aide, library media tech, or supervisory aide: \$25,000.

In the second and subsequent years of implementation of Evidence-Based Funding, the amounts in items (i) and (ii) of this paragraph (3) shall annually increase by the ECI.

The salary amounts for the Essential Elements determined pursuant to subparagraphs (A) through (L), (S) and (T), and (V) through (X) of paragraph (2) of subsection (b) of this Section shall be multiplied by a Regionalization Factor.

(c) Local Capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;

(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by 9/13;

(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by 4/13; and

(iv) for an Organizational Unit with a different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. For a regional office of education or an intermediate service center operating one or more alternative education programs, the Local Capacity Percentage must be set at 10% in recognition of the absence of EAV and resources from school districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the equalized assessed valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (II) \$5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section

15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that is attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code.

(D) If a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board, for the purposes of calculating Evidence-Based Funding, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's equalized assessed valuation.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or the lesser of its EAV in the immediately preceding year or the average of its EAV over the immediately preceding 3 years if the EAV in the immediately preceding year has declined by 10% or more when comparing the 2 most recent years. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more when comparing the 2 most recent years for the second year, and the lesser of a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted EAV declines by 10% or more when comparing the 2 most recent years for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more when comparing the 2 most recent years.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the

product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated by the State Superintendent: Section 18-8.05 of this Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code (funding for children requiring special education services); Section 14-13.01 of this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12 of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of \$13,121,600. For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truants' alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief Act (free breakfast program) and (II) the school district's actual expenditures for its non-public special education, special education transportation, transportation programs, agricultural education, truants' alternative education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be \$952,014. For programs operated by a regional office of education or an intermediate service center, the Base Funding Minimum must be the total amount of State funds allocated to those programs in the 2018-2019 school year and amounts provided pursuant to Article 34 of Public Act 100-586 and Section 3-16 of this Code. All programs established after June 5, 2019 (the effective date of Public Act 101-10) and administered by a regional office of education or an intermediate service center must have an initial Base Funding Minimum set to an amount equal to the first-year ASE multiplied by the amount of per pupil funding received in the previous school year by the lowest funded similar existing program type. If the enrollment for a program operated by a regional office of education or an intermediate service center is zero, then it may not receive Base Funding Minimum funds for that program in the next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

For the 2022-2023 school year, the Base Funding Minimum of Organizational Units shall be the amounts recalculated by the State Board of Education for Fiscal Year 2019 through Fiscal Year 2022 that were necessary due to average student enrollment errors for districts organized under Article 34 of this Code, plus the Fiscal Year 2022 property tax relief grants provided under Section 2-3.170 of this Code, ensuring each Organizational Unit has the correct amount of resources for Fiscal Year 2023 Evidence-Based Funding calculations and that Fiscal Year 2023 Evidence-Based Funding Distributions are made in accordance with this Section.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this Code for a minimum of 4 school years or is subject to the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later than January 2 of the fiscal year in which the State Board makes its determination, on the amount of District Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must review the State Board's report and may approve or disapprove, by joint resolution, the addition of District Intervention Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall be developed according to the guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not demonstrate sufficient progress toward its 5-year plan or if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State

aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, then all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of Public Act 100-465 from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is \$50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to \$350,000,000. In addition to any New State Funds, no more than \$50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, then funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, except State fiscal year 2026, if New State Funds exceed \$300,000,000, then any amount in excess of \$300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of \$50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational

Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional \$285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans, as part of the budget submission process, no later than October 31 of each year to the State Board. The spending plan shall describe how each Organizational Unit will utilize the Base Funding Minimum and Evidence-Based Funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve

State education goals, as defined by the State Board, and shall indicate which stakeholder groups the Organizational Unit engaged with to inform its annual spending plans. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education. School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code. Annual spending plans required under this subsection (h) shall be integrated into annual school district budgets completed pursuant to Section 17-1 or Section 34-43. Organizational Units that do not submit a budget to the State Board shall be provided with a separate planning template developed by the State Board. The State Board shall create an Evidence-Based Funding spending plan tool to make Evidence-Based Funding spending plan data for each Organizational Unit available on the State Board's website no later than December 31, 2025, with annual updates thereafter. The tool shall allow for the selection and review of each Organizational Unit's planned use of Evidence-Based Funding.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly Organization Act. The plan shall include recommendations for:

- (A) a framework for collaborative, professional, innovative, and 21st century learning environments using the Evidence-Based Funding model;
- (B) ways to prepare and support this State's educators for successful instructional careers;
- (C) application and enhancement of the current financial accountability measures, the approved State plan to comply with the federal Every Student Succeeds Act, and the Illinois Balanced Accountability Measures in relation to student growth and elements of the Evidence-Based Funding model; and
- (D) implementation of an effective school adequacy funding system based on projected and recommended funding levels from the General Assembly.

(11) On an annual basis, the State Superintendent must recalibrate all of the following per pupil elements of the Adequacy Target and applied to the formulas, based on the study of average expenses and as reported in the most recent annual financial report:

- (A) Gifted under subparagraph (M) of paragraph (2) of subsection (b).
- (B) Instructional materials under subparagraph (O) of paragraph (2) of subsection (b).
- (C) Assessment under subparagraph (P) of paragraph (2) of subsection (b).
- (D) Student activities under subparagraph (R) of paragraph (2) of subsection (b).
- (E) Maintenance and operations under subparagraph (S) of paragraph (2) of subsection (b).
- (F) Central office under subparagraph (T) of paragraph (2) of subsection (b).

(i) Professional Review Panel.

(1) A Professional Review Panel is created to study and review topics related to the implementation and effect of Evidence-Based Funding, as assigned by a joint resolution or Public Act of the General Assembly or a motion passed by the State Board of Education. The Panel must provide recommendations to and serve the Governor, the General Assembly, and the State Board. The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State Superintendent must appoint a vice chairperson from the membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of Panel members present and voting. A minority opinion may also accompany any recommendation of the Panel. The Panel shall be appointed by the State Superintendent, except as otherwise provided in paragraph (2) of this subsection (i) and include the following members:

- (A) Two appointees that represent district superintendents, recommended by a statewide organization that represents district superintendents.
- (B) Two appointees that represent school boards, recommended by a statewide organization that represents school boards.
- (C) Two appointees from districts that represent school business officials, recommended by a statewide organization that represents school business officials.
- (D) Two appointees that represent school principals, recommended by a statewide organization that represents school principals.

(E) Two appointees that represent teachers, recommended by a statewide organization that represents teachers.

(F) Two appointees that represent teachers, recommended by another statewide organization that represents teachers.

(G) Two appointees that represent regional superintendents of schools, recommended by organizations that represent regional superintendents.

(H) Two independent experts selected solely by the State Superintendent.

(I) Two independent experts recommended by public universities in this State.

(J) One member recommended by a statewide organization that represents parents.

(K) Two representatives recommended by collective impact organizations that represent major metropolitan areas or geographic areas in Illinois.

(L) One member from a statewide organization focused on research-based education policy to support a school system that prepares all students for college, a career, and democratic citizenship.

(M) One representative from a school district organized under Article 34 of this Code.

The State Superintendent shall ensure that the membership of the Panel includes representatives from school districts and communities reflecting the geographic, socio-economic, racial, and ethnic diversity of this State. The State Superintendent shall additionally ensure that the membership of the Panel includes representatives with expertise in bilingual education and special education. Staff from the State Board shall staff the Panel.

(2) In addition to those Panel members appointed by the State Superintendent, 4 members of the General Assembly shall be appointed as follows: one member of the House of Representatives appointed by the Speaker of the House of Representatives, one member of the Senate appointed by the President of the Senate, one member of the House of Representatives appointed by the Minority Leader of the House of Representatives, and one member of the Senate appointed by the Minority Leader of the Senate. There shall be one additional member appointed by the Governor. All members appointed by legislative leaders or the Governor shall be non-voting, ex officio members.

(3) The Panel must study topics at the direction of the General Assembly or State Board of Education, as provided under paragraph (1). The Panel may also study the following topics at the direction of the chairperson:

(A) The format and scope of annual spending plans referenced in paragraph (9) of subsection (h) of this Section.

(B) The Comparable Wage Index under this Section.

(C) Maintenance and operations, including capital maintenance and construction costs.

(D) "At-risk student" definition.

(E) Benefits.

(F) Technology.

(G) Local Capacity Target.

(H) Funding for Alternative Schools, Laboratory Schools, safe schools, and alternative learning opportunities programs.

(I) Funding for college and career acceleration strategies.

(J) Special education investments.

(K) Early childhood investments, in collaboration with the Illinois Early Learning Council.

(4) (Blank).

(5) Within 5 years after the implementation of this Section, and every 5 years thereafter, the Panel shall complete an evaluative study of the entire Evidence-Based Funding model, including an assessment of whether or not the formula is achieving State goals. The Panel shall report to the State Board, the General Assembly, and the Governor on the findings of the study.

(6) (Blank).

(7) To ensure that (i) the Adequacy Target calculation under subsection (b) accurately reflects the needs of students living in poverty or attending schools located in areas of high poverty, (ii) racial equity within the Evidence-Based Funding formula is explicitly explored and advanced, and (iii) the funding goals of the formula distribution system established under this Section are sufficient to provide adequate funding for every student and to fully fund every school in this State, the Panel shall

review the Essential Elements under paragraph (2) of subsection (b). The Panel shall consider all of the following in its review:

(A) The financial ability of school districts to provide instruction in a foreign language to every student and whether an additional Essential Element should be added to the formula to ensure that every student has access to instruction in a foreign language.

(B) The adult-to-student ratio for each Essential Element in which a ratio is identified. The Panel shall consider whether the ratio accurately reflects the staffing needed to support students living in poverty or who have traumatic backgrounds.

(C) Changes to the Essential Elements that may be required to better promote racial equity and eliminate structural racism within schools.

(D) The impact of investing \$350,000,000 in additional funds each year under this Section and an estimate of when the school system will become fully funded under this level of appropriation.

(E) Provide an overview of alternative funding structures that would enable the State to become fully funded at an earlier date.

(F) The potential to increase efficiency and to find cost savings within the school system to expedite the journey to a fully funded system.

(G) The appropriate levels for reenrolling and graduating high-risk high school students who have been previously out of school. These outcomes shall include enrollment, attendance, skill gains, credit gains, graduation or promotion to the next grade level, and the transition to college, training, or employment, with an emphasis on progressively increasing the overall attendance.

(H) The evidence-based or research-based practices that are shown to reduce the gaps and disparities experienced by African American students in academic achievement and educational performance, including practices that have been shown to reduce disparities in disciplinary rates, drop-out rates, graduation rates, college matriculation rates, and college completion rates.

On or before December 31, 2021, the Panel shall report to the State Board, the General Assembly, and the Governor on the findings of its review. This paragraph (7) is inoperative on and after July 1, 2022.

(8) On or before April 1, 2024, the Panel must submit a report to the General Assembly on annual adjustments to Glenwood Academy's base-funding minimum in a similar fashion to school districts under this Section.

(j) References. Beginning July 1, 2017, references in other laws to general State aid funds or calculations under Section 18-8.05 of this Code (now repealed) shall be deemed to be references to evidence-based model formula funds or calculations under this Section.

ARTICLE 45.

Section 45-5. The Illinois Public Aid Code is amended by changing Sections 5-5.7a and 5H-1 and by adding Sections 5-61 and 5A-18 as follows:

(305 ILCS 5/5-5.7a)

Sec. 5-5.7a. Pandemic related stability payments for health care providers. Notwithstanding other provisions of law, and in accordance with the Illinois Emergency Management Agency, the Department of Healthcare and Family Services shall develop a process to distribute pandemic related stability payments, from federal sources dedicated for such purposes, to health care providers that are providing care to recipients under the Medical Assistance Program. For provider types serving residents who are recipients of medical assistance under this Code and are funded by other State agencies, the Department will coordinate the distribution process of the pandemic related stability payments. Federal sources dedicated to pandemic related payments include, but are not limited to, funds distributed to the State of Illinois from the Coronavirus Relief Fund pursuant to the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") and from the Coronavirus State Fiscal Recovery Fund pursuant to Section 9901 of the American Rescue Plan Act of 2021, that are appropriated to the Department during Fiscal Years 2020, 2021, and 2022 for purposes permitted by those federal laws and related federal guidance.

(1) Pandemic related stability payments for these providers shall be separate and apart from any rate methodology otherwise defined in this Code to the extent permitted in accordance with Section 5001 of the CARES Act and Section 9901 of the American Rescue Plan Act of 2021 and any related federal guidance.

(2) Payments made from moneys received from the Coronavirus Relief Fund shall be used exclusively for expenses incurred by the providers that are eligible for reimbursement from the Coronavirus Relief Fund in accordance with Section 5001 of the CARES Act and related federal guidance. Payments made from moneys received from the Coronavirus State Fiscal Recovery Fund shall be used exclusively for purposes permitted by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance.

(3) All providers receiving pandemic related stability payments shall attest in a format to be created by the Department and be able to demonstrate that their expenses are pandemic related, were not part of their annual budgets established before March 1, 2020.

(4) Pandemic related stability payments will be distributed based on a schedule and framework to be established by the Department with recognition of the pandemic related acuity of the situation for each provider, taking into account the factors including, but not limited to, the following:

(A) the impact of the pandemic on patients served, impact on staff, and shortages of the personal protective equipment necessary for infection control efforts for all providers;

(B) COVID-19 positivity rates among staff, or patients, or both;

(C) pandemic related workforce challenges and costs associated with temporary wage increases associated with pandemic related hazard pay programs, or costs associated with which providers do not have enough staff to adequately provide care and protection to the residents and other staff;

(D) providers with significant reductions in utilization that result in corresponding reductions in revenue as a result of the pandemic, including, but not limited to, the cancellation or postponement of elective procedures and visits;

(E) pandemic related payments received directly by the providers through other federal resources;

(F) current efforts to respond to and provide services to communities disproportionately impacted by the COVID-19 public health emergency, including low-income and socially vulnerable communities that have seen the most severe health impacts and exacerbated health inequities along racial, ethnic, and socioeconomic lines; and

(G) provider needs for capital improvements to existing facilities, including upgrades to HVAC and ventilation systems and capital improvements for enhancing infection control or reducing crowding, which may include bed-buybacks.

(5) Pandemic related stability payments made from moneys received from the Coronavirus Relief Fund will be distributed to providers based on a methodology to be administered by the Department with amounts determined by a calculation of total federal pandemic related funds appropriated by the Illinois General Assembly for this purpose. Providers receiving the pandemic related stability payments will attest to their increased costs, declining revenues, and receipt of additional pandemic related funds directly from the federal government.

(6) Of the payments provided for by this Section made from moneys received from the Coronavirus Relief Fund, a minimum of 30% shall be allotted for health care providers that serve the ZIP codes located in the most disproportionately impacted areas of Illinois, based on positive COVID-19 cases based on data collected by the Department of Public Health and provided to the Department of Healthcare and Family Services.

(7) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund for Fiscal Years 2021 and 2022, the Department shall expend such funds only for purposes permitted by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance. Such expenditures may include, but are not limited to: payments to providers for costs incurred due to the COVID-19 public health emergency; unreimbursed costs for testing and treatment of uninsured Illinois residents; costs of COVID-19 mitigation and prevention; medical expenses related to aftercare or extended care for COVID-19 patients with longer term symptoms and effects; costs of behavioral health care; costs of public health and safety staff; and expenditures permitted in order to address (i) disparities in public health outcomes, (ii) nursing and other essential

health care workforce investments, (iii) exacerbation of pre-existing disparities, and (iv) promoting healthy childhood environments.

(8) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund for Fiscal Years 2022 and 2023, the Department shall establish a program for making payments to long term care service providers and facilities, for purposes related to financial support for workers in the long term care industry, but only as permitted by either the CARES Act or Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance, including, but not limited to the following: monthly amounts of \$25,000,000 per month for July 2021, August 2021, and September 2021 where at least 50% of the funds in July shall be passed directly to front line workers and an additional 12.5% more in each of the next 2 months; financial support programs for providers enhancing direct care staff recruitment efforts through the payment of education expenses; and financial support programs for providers offering enhanced and expanded training for all levels of the long term care healthcare workforce to achieve better patient outcomes, such as training on infection control, proper personal protective equipment, best practices in quality of care, and culturally competent patient communications. The Department shall have the authority to audit and potentially recoup funds not utilized as outlined and attested. Subject to appropriation from the State Coronavirus Urgent Remediation Emergency Fund, during Fiscal Year 2026, the Department may make expenditures as provided in this paragraph to eligible providers that did not receive payments in prior fiscal years.

(8.5) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund, the Department shall establish a grant program to provide premium pay and retention incentives to front line workers at facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities.

(A) Awards pursuant to this program shall comply with the requirements of Section 9901 of the American Rescue Plan Act of 2021 and all related federal guidance. Awards shall be scaled based on a process determined by the Department. The amount awarded to each recipient shall not exceed \$3.17 per nursing hour. Awards shall be for eligible expenditures incurred no earlier than May 1, 2022 and no later than June 30, 2023.

(B) Financial assistance under this paragraph (8.5) shall be expended for:

(i) premium pay for eligible workers, which must be in addition to any wages or remuneration the eligible worker has already received and shall be subject to the other requirements and limitations set forth in the American Rescue Plan Act of 2021 and related federal guidance; and

(ii) retention incentives paid to eligible workers that are necessary for the facility to respond to the impacts of the public health emergency.

(C) Upon receipt of funds, recipients shall distribute funds such that eligible workers receive an amount up to \$13 per hour but no more than \$25,000 for the duration of the program. Recipients shall provide a written certification to the Department acknowledging compliance with this paragraph.

(D) No portion of these funds shall be spent on volunteer or temporary staff, and these funds shall not be used to make retroactive premium payments before April 19, 2022, (the effective date of Public Act 102-699) this amendatory Act of the 102nd General Assembly.

(E) The Department shall require each recipient under this paragraph to submit appropriate documentation acknowledging compliance with State and federal law. For purposes of this paragraph, "eligible worker" means a permanent staff member, regardless of union affiliation, of a facility licensed by the Department of Public Health under the Nursing Home Care Act as a skilled nursing facility or intermediate care facility engaged in "essential work", as defined by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance, and (1) whose total pay is below 150% of the average annual wage for all occupations in the worker's county of residence, as defined by the Bureau of Labor Statistics Occupational Employment and Wage Statistics, or (2) is not exempt from the federal Fair Labor Standards Act overtime provisions.

(9) From funds appropriated, directly or indirectly, from moneys received by the State from the Coronavirus State Fiscal Recovery Fund for Fiscal Years 2022 through 2024 the Department shall establish programs for making payments to facilities licensed under the Nursing Home Care Act and

facilities licensed under the Specialized Mental Health Rehabilitation Act of 2013. Subject to appropriation from the State Coronavirus Urgent Remediation Emergency Fund, during Fiscal Year 2026 only, the Department may make expenditures as provided in this paragraph to eligible facilities that did not receive payments in prior fiscal years. To the extent permitted by Section 9901 of the American Rescue Plan Act of 2021 and related federal guidance, the programs shall provide:

(A) Payments for making permanent improvements to resident rooms in order to improve resident outcomes and infection control. Funds may be used to reduce bed capacity and room occupancy. To be eligible for funding, a facility must submit an application to the Department as prescribed by the Department and as published on its website. A facility may need to receive approval from the Health Facilities and Services Review Board for the permanent improvements or the removal of the beds before it can receive payment under this paragraph.

(B) Payments to reimburse facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities for eligible expenses related to the public health impacts of the COVID-19 public health emergency, including, but not limited to, costs related to COVID-19 testing for residents, COVID-19 prevention and treatment equipment, medical supplies, and personal protective equipment.

(i) Awards made pursuant to this program shall comply with the requirements of Section 9901 of the American Rescue Plan Act of 2021 and all related federal guidance. The amount awarded to each recipient shall not exceed \$1.71 per nursing hour. Permissible expenditures must be made no earlier than May 1, 2022 and no later than June 30, 2023.

(ii) Financial assistance pursuant to this paragraph shall not be expended for premium pay.

(iii) The Department shall require each recipient under this paragraph to submit appropriate documentation acknowledging compliance with State and federal law.

Sec. 5-61. Advance payment reporting. Notwithstanding any provision of State law to the contrary, the Department of Healthcare and Family Services shall provide notice to the Director of the Governor's Office of Management and Budget, or the Director's designee, prior to making, causing to be made, or agreeing to make, pursuant to the rules of the Department of Healthcare and Family Services, any advance payment to any hospital pursuant to this Article.

By July 31, 2025, the Department of Healthcare and Family Services shall provide to the Director of the Governor's Office of Management and Budget, or the Director's designee, a report of advance payments made to hospitals during State fiscal year 2025. By August 29, 2025, and by the last business day of each month thereafter, the Department of Healthcare and Family Services shall provide to the Director of the Governor's Office of Management and Budget, or the Director's designee, a report of advance payments made to hospitals during the preceding calendar month. Reports of advance payments shall identify the following:

- (1) name of the hospital;
- (2) date of the advance payment;
- (3) advance payment amount requested;
- (4) advance payment amount approved;
- (5) basis for the advance payment request and basis of approval; and
- (6) repayment date, if applicable.

(305 ILCS 5/5A-18 new)

Sec. 5A-18. Advance payment reporting. Notwithstanding any provision of State law to the contrary, the Department of Healthcare and Family Services shall provide notice to the Director of the Governor's Office of Management and Budget, or the Director's designee, prior to making, causing to be made, or agreeing to make, pursuant to the rules of the Department of Healthcare and Family Services, any advance payment to any hospital pursuant to this Article.

By July 31, 2025, the Department of Healthcare and Family Services shall provide to the Director of the Governor's Office of Management and Budget, or the Director's designee, a report of advance payments made to hospitals during State fiscal year 2025. By August 29, 2025, and by the last business day of each month thereafter, the Department of Healthcare and Family Services shall provide to the Director of the

Governor's Office of Management and Budget, or the Director's designee, a report of advance payments made to hospitals during the preceding calendar month. Reports of advance payments shall identify the following:

- (1) name of the hospital;
- (2) date of the advance payment;
- (3) advance payment amount requested;
- (4) advance payment amount approved;
- (5) basis for the advance payment request and basis of approval; and
- (6) repayment date, if applicable.

(305 ILCS 5/5H-1)

Sec. 5H-1. Definitions. As used in this Article:

"Base year" means the 12-month period from January 1, 2023 to December 31, 2023.

"Department" means the Department of Healthcare and Family Services.

"Federal employee health benefit" means the program of health benefits plans, as defined in 5 U.S.C. 8901, available to federal employees under 5 U.S.C. 8901 to 8914.

"Fund" means the Healthcare Provider Relief Fund.

"Managed care organization" means an entity operating under a certificate of authority issued pursuant to the Health Maintenance Organization Act or as a Managed Care Community Network pursuant to Section 5-11 of this Code.

"Medicaid managed care organization" means a managed care organization under contract with the Department to provide services to recipients of benefits in the medical assistance program pursuant to Article V of this Code, the Children's Health Insurance Program Act, or the Covering ALL KIDS Health Insurance Act. It does not include contracts the same entity or an affiliated entity has for other business.

"Medicare" means the federal Medicare program established under Title XVIII of the federal Social Security Act.

"Member months" means the aggregate total number of months all individuals are enrolled for coverage in a Managed Care Organization during the base year. Member months are determined by the Department for Medicaid Managed Care Organizations based on enrollment data in its Medicaid Management Information System and by the Department of Insurance for other Managed Care Organizations based on required filings with the Department of Insurance. Member months do not include months individuals are enrolled in a Limited Health Services Organization, including stand-alone dental or vision plans, a Medicare Advantage Plan, a Medicare Supplement Plan, ~~a Medicaid-Medicare Alignment Initiate Plan pursuant to a Memorandum of Understanding between the Department and the Federal Centers for Medicare and Medicaid Services~~ or a Federal Employee Health Benefits Plan.

Article 50.

Section 50-5. The Deposit of State Moneys Act is amended by changing Section 22.5 as follows:

(15 ILCS 520/22.5) (from Ch. 130, par. 41a)

(For force and effect of certain provisions, see Section 90 of P.A. 94-79)

Sec. 22.5. Permitted investments. The State Treasurer may invest and reinvest any State money in the State Treasury which is not needed for current expenditures due or about to become due, in obligations of the United States government or its agencies or of National Mortgage Associations established by or under the National Housing Act, 12 U.S.C. 1701 et seq., or in mortgage participation certificates representing undivided interests in specified, first-lien conventional residential Illinois mortgages that are underwritten, insured, guaranteed, or purchased by the Federal Home Loan Mortgage Corporation or in Affordable Housing Program Trust Fund Bonds or Notes as defined in and issued pursuant to the Illinois Housing Development Act. All such obligations shall be considered as cash and may be delivered over as cash by a State Treasurer to his successor.

The State Treasurer may purchase any state bonds with any money in the State Treasury that has been set aside and held for the payment of the principal of and interest on the bonds. The bonds shall be considered as cash and may be delivered over as cash by the State Treasurer to his successor.

The State Treasurer may invest or reinvest any State money in the State Treasury that is not needed for current expenditures due or about to become due, or any money in the State Treasury that has been set

aside and held for the payment of the principal of and interest on any State bonds, in bonds issued by counties or municipal corporations of the State of Illinois.

The State Treasurer may invest or reinvest up to 5% of the College Savings Pool Administrative Trust Fund, the Illinois Public Treasurer Investment Pool (IPTIP) Administrative Trust Fund, and the State Treasurer's Administrative Fund that is not needed for current expenditures due or about to become due, in common or preferred stocks of publicly traded corporations, partnerships, or limited liability companies, organized in the United States, with assets exceeding \$500,000,000 if: (i) the purchases do not exceed 1% of the corporation's or the limited liability company's outstanding common and preferred stock; (ii) no more than 10% of the total funds are invested in any one publicly traded corporation, partnership, or limited liability company; and (iii) the corporation or the limited liability company has not been placed on the list of restricted companies by the Illinois Investment Policy Board under Section 1-110.16 of the Illinois Pension Code.

Whenever the total amount of vouchers presented to the Comptroller under Section 9 of the State Comptroller Act exceeds the funds available in the General Revenue Fund by \$500,000,000 ~~\$1,000,000,000~~ or more, then the State Treasurer may invest any State money in the State Treasury, other than money in the General Revenue Fund, Health Insurance Reserve Fund, Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund, Attorney General Whistleblower Reward and Protection Fund, and Attorney General's State Projects and Court Ordered Distribution Fund, which is not needed for current expenditures, due or about to become due, or any money in the State Treasury which has been set aside and held for the payment of the principal of and the interest on any State bonds with the Office of the Comptroller in order to enable the Comptroller to pay outstanding vouchers. At any time, and from time to time outstanding, such investment shall not be greater than \$2,000,000,000. Such investment shall be deposited into the General Revenue Fund or Health Insurance Reserve Fund as determined by the Comptroller. On or after July 1, 2025, and through June 30, 2026, at the request of the Governor and with the approval of the Treasurer, the Comptroller may make deposits into other funds in the State Treasury to pay outstanding vouchers or in anticipation of vouchers that may be submitted to the Comptroller for payment. Such investment shall be repaid by the Comptroller with an interest rate tied to the Secured Overnight Financing Rate (SOFR) ~~London Interbank Offered Rate (LIBOR)~~ or the Federal Funds Rate or an equivalent market established variable rate, but in no case shall such interest rate exceed the lesser of the penalty rate established under the State Prompt Payment Act or the timely pay interest rate under Section 368a of the Illinois Insurance Code. The State Treasurer and the Comptroller shall enter into an intergovernmental agreement to establish procedures for such investments, which market established variable rate to which the interest rate for the investments should be tied, and other terms which the State Treasurer and Comptroller reasonably believe to be mutually beneficial concerning these investments by the State Treasurer. The State Treasurer and Comptroller shall also enter into a written agreement for each such investment that specifies the period of the investment, the payment interval, the interest rate to be paid, the funds in the State Treasury from which the State Treasurer will draw the investment, and other terms upon which the State Treasurer and Comptroller mutually agree. Such investment agreements shall be public records and the State Treasurer shall post the terms of all such investment agreements on the State Treasurer's official website. In compliance with the intergovernmental agreement, the Comptroller shall order and the State Treasurer shall transfer amounts sufficient for the payment of principal and interest invested by the State Treasurer with the Office of the Comptroller under this paragraph from the General Revenue Fund or the Health Insurance Reserve Fund or, from July 1, 2025 through June 30, 2026, the fund identified by the Governor, to the respective funds in the State Treasury from which the State Treasurer drew the investment. Public Act 100-1107 shall constitute an irrevocable and continuing authority for all amounts necessary for the payment of principal and interest on the investments made with the Office of the Comptroller by the State Treasurer under this paragraph, and the irrevocable and continuing authority for and direction to the Comptroller and State Treasurer to make the necessary transfers.

The State Treasurer may invest or reinvest any State money in the State Treasury that is not needed for current expenditure, due or about to become due, or any money in the State Treasury that has been set aside and held for the payment of the principal of and the interest on any State bonds, in any of the following:

- (1) Bonds, notes, certificates of indebtedness, Treasury bills, or other securities now or hereafter issued that are guaranteed by the full faith and credit of the United States of America as to principal and interest.

(2) Bonds, notes, debentures, or other similar obligations of the United States of America, its agencies, and instrumentalities, or other obligations that are issued or guaranteed by supranational entities; provided, that at the time of investment, the entity has the United States government as a shareholder.

(2.5) Bonds, notes, debentures, or other similar obligations of a foreign government, other than the Republic of the Sudan, that are guaranteed by the full faith and credit of that government as to principal and interest, but only if the foreign government has not defaulted and has met its payment obligations in a timely manner on all similar obligations for a period of at least 25 years immediately before the time of acquiring those obligations.

(3) Interest-bearing savings accounts, interest-bearing certificates of deposit, interest-bearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act.

(4) Interest-bearing accounts, certificates of deposit, or any other investments constituting direct obligations of any savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States.

(5) Dividend-bearing share accounts, share certificate accounts, or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of the credit union must be located within the State of Illinois.

(6) Bankers' acceptances of banks whose senior obligations are rated in the top 2 rating categories by 2 national rating agencies and maintain that rating during the term of the investment and the bank has not been placed on the list of restricted companies by the Illinois Investment Policy Board under Section 1-110.16 of the Illinois Pension Code.

(7) Short-term obligations of either corporations or limited liability companies organized in the United States with assets exceeding \$500,000,000 if (i) the obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and mature not later than 270 days from the date of purchase, (ii) the purchases do not exceed 10% of the corporation's or the limited liability company's outstanding obligations, (iii) no more than one-third of the public agency's funds are invested in short-term obligations of either corporations or limited liability companies, and (iv) the corporation or the limited liability company has not been placed on the list of restricted companies by the Illinois Investment Policy Board under Section 1-110.16 of the Illinois Pension Code.

(7.5) Obligations of either corporations or limited liability companies organized in the United States, that have a significant presence in this State, with assets exceeding \$500,000,000 if: (i) the obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and mature more than 270 days, but less than 10 years, from the date of purchase; (ii) the purchases do not exceed 10% of the corporation's or the limited liability company's outstanding obligations; (iii) no more than one-third of the public agency's funds are invested in such obligations of corporations or limited liability companies; and (iv) the corporation or the limited liability company has not been placed on the list of restricted companies by the Illinois Investment Policy Board under Section 1-110.16 of the Illinois Pension Code.

(8) Money market mutual funds registered under the Investment Company Act of 1940.

(9) The Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act or in a fund managed, operated, and administered by a bank.

(10) Repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986, as now or hereafter amended or succeeded, subject to the provisions of that Act and the regulations issued thereunder.

(11) Investments made in accordance with the Technology Development Act.

(12) Investments made in accordance with the Student Investment Account Act.

(13) Investments constituting direct obligations of a community development financial institution, which is certified by the United States Treasury Community Development Financial Institutions Fund and is operating in the State of Illinois.

(14) Investments constituting direct obligations of a minority depository institution, as designated by the Federal Deposit Insurance Corporation, that is operating in the State of Illinois.

(15) Investments made in accordance with any other law that authorizes the State Treasurer to invest or deposit funds.

For purposes of this Section, "agencies" of the United States Government includes:

(i) the federal land banks, federal intermediate credit banks, banks for cooperatives, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.) and Acts amendatory thereto;

(ii) the federal home loan banks and the federal home loan mortgage corporation;

(iii) the Commodity Credit Corporation; and

(iv) any other agency created by Act of Congress.

The State Treasurer may lend any securities acquired under this Act. However, securities may be lent under this Section only in accordance with Federal Financial Institution Examination Council guidelines and only if the securities are collateralized at a level sufficient to assure the safety of the securities, taking into account market value fluctuation. The securities may be collateralized by cash or collateral acceptable under Sections 11 and 11.1.

Article 55.

Section 55-5. The Governor's Office of Management and Budget Act is amended by changing Section 2 and by adding Section 10 as follows:

(20 ILCS 3005/2) (from Ch. 127, par. 412)

Sec. 2. There is created in the executive office of the Governor an Office to be known as the Governor's Office of Management and Budget. The Office shall be headed by a Director, who shall be appointed by the Governor. The functions of the Office shall be as prescribed in Sections 2.1 through 2.14 ~~2-10~~ of this Act.

(Source: P.A. 98-706, eff. 7-16-14.)

(20 ILCS 3005/10 new)

Sec. 10. Budget Reserve for Immediate Disbursements and Governmental Emergencies Fund.

(a) There is created in the State Treasury as a special fund the Budget Reserve for Immediate Disbursements and Governmental Emergencies (BRIDGE) Fund. The Fund may receive revenue from any authorized source, including, but not limited to, gifts, grants, awards, transfers, and appropriated deposits. Moneys in the fund shall be used to provide supplemental moneys for other funds held in the State Treasury in the event of unanticipated delays in or failures of revenues when supplemental moneys are required to effectuate appropriations enacted by the General Assembly.

(b) Upon the written direction of the Governor, the State Comptroller shall direct, and the State Treasurer shall transfer, specified amounts held in the BRIDGE Fund to specified funds in the State Treasury for expenditure pursuant to appropriations from funds so specified. Upon the written direction of the Governor, the State Comptroller shall direct, and the State Treasurer shall transfer, specified amounts from funds in the State Treasury that have received transfers from the BRIDGE Fund to repay, in whole or in part, amounts previously transferred pursuant to this subsection (b).

Section 55-10. The State Finance Act is amended by adding Sections 5.1030 and 8.57 as follows:

(30 ILCS 105/5.1030 new)

Sec. 5.1030. The Budget Reserve for Immediate Disbursements and Governmental Emergencies Fund.

(30 ILCS 105/8.57 new)

Sec. 8.57. Transfers to the BRIDGE Fund. Notwithstanding any other State law to the contrary, on the effective date this amendatory Act of the 104th General Assembly or as soon thereafter as is practical, but in no circumstance later than July 31, 2025, the State Comptroller shall direct and the State Treasurer shall transfer the following amounts from the funds specified to the Budget Reserve for Immediate Disbursements and Governmental Emergencies Fund:

Article 60.

Section 60-5. The State Finance Act is amended by changing Section 5.826 as follows:

(30 ILCS 105/5.826)

Sec. 5.826. The DMV Transformation ~~Driver Services Administration~~ Fund.

(Source: P.A. 97-1157, eff. 11-28-13; 98-756, eff. 7-16-14.)

Section 60-10. The Illinois Vehicle Code is amended by changing Sections 6-105.1 and 6-107.5 as follows:

(625 ILCS 5/6-105.1)

Sec. 6-105.1. Temporary visitor's driver's license.

(a) The Secretary of State may issue a temporary visitor's driver's license to a foreign national who (i) resides in this State, (ii) is ineligible to obtain a social security number, and (iii) presents to the Secretary documentation, issued by United States Citizenship and Immigration Services, authorizing the person's presence in this country.

(a-5) The Secretary of State may issue a temporary visitor's driver's license to an applicant who (i) has resided in this State for a period in excess of one year, (ii) is ineligible to obtain a social security number, and (iii) is unable to present documentation issued by the United States Citizenship and Immigration Services authorizing the person's presence in this country. The applicant shall submit a valid unexpired passport from the applicant's country of citizenship or a valid unexpired consular identification document issued by a consulate of that country as defined in Section 5 of the Consular Identification Document Act (5 ILCS 230/5).

(a-10) Applicants for a temporary visitor's driver's license who are under 18 years of age at the time of application shall be subject to the provisions of Sections 6-107 and 6-108 of this Code.

(b) A temporary visitor's driver's license issued under subsection (a) is valid for 3 years, or for the period of time the individual is authorized to remain in this country, whichever ends sooner. A temporary visitor's driver's license issued under subsection (a-5) shall be valid for a period of 3 years.

(b-5) A temporary visitor's driver's license issued under this Section may not be accepted for proof of the holder's identity. A temporary visitor's driver's license issued under this Section shall contain a notice on its face, in capitalized letters, stating that the temporary visitor's driver's license may not be accepted for proof of identity.

(c) The Secretary shall adopt rules for implementing this Section, including rules:

(1) regarding the design and content of the temporary visitor's driver's license;

(2) establishing criteria for proof of identification and residency of an individual applying under subsection (a-5);

(3) designating acceptable evidence that an applicant is not eligible for a social security number; and

(4) regarding the issuance of temporary visitor's instruction permits.

(d) Any person to whom the Secretary of State may issue a temporary visitor's driver's license shall be subject to any and all provisions of this Code and any and all implementing regulations issued by the Secretary of State to the same extent as any person issued a driver's license, unless otherwise provided in this Code or by administrative rule, including but not limited to the examination requirements in Section 6-109 as well as the mandatory insurance requirements and penalties set forth in Article VI of Chapter 7 of this Code.

(d-5) A temporary visitor's driver's license is invalid if the holder is unable to provide proof of liability insurance as required by Section 7-601 of this Code upon the request of a law enforcement officer, in which case the holder commits a violation of Section 6-101 of this Code.

(e) Temporary visitor's driver's licenses shall be issued from a central location after the Secretary of State has verified the information provided by the applicant.

(f) There is created in the State treasury a special fund to be known as the DMV Transformation ~~Driver Services Administration~~ Fund. All fees collected for the issuance of temporary visitor's driver's licenses shall be deposited into the Fund. These funds shall, subject to appropriation, be used by the Office of the Secretary of State for ~~costs related to the issuance of temporary visitor's driver's licenses, and other~~

operational costs, including, but not limited to, personnel, facilities, computer programming, and data transmission.

(g) No temporary visitor's driver's licenses shall be issued after the effective date of this amendatory Act of the 103rd General Assembly.

(Source: P.A. 103-210, eff. 7-1-24.)

(625 ILCS 5/6-107.5)

Sec. 6-107.5. Adult Driver Education Course.

(a) The Secretary shall establish by rule the curriculum and designate the materials to be used in an adult driver education course. The course shall be at least 6 hours in length and shall include instruction on traffic laws; highway signs, signals, and markings that regulate, warn, or direct traffic; issues commonly associated with motor vehicle crashes including poor decision-making, risk taking, impaired driving, distraction, speed, failure to use a safety belt, driving at night, failure to yield the right-of-way, texting while driving, using wireless communication devices, and alcohol and drug awareness; and instruction on law enforcement procedures during traffic stops, including actions that a motorist should take during a traffic stop and appropriate interactions with law enforcement officers. The curriculum shall not require the operation of a motor vehicle.

(b) The Secretary shall certify course providers. The requirements to be a certified course provider, the process for applying for certification, and the procedure for decertifying a course provider shall be established by rule.

(b-5) In order to qualify for certification as an adult driver education course provider, each applicant must authorize an investigation that includes a fingerprint-based background check to determine if the applicant has ever been convicted of a criminal offense and, if so, the disposition of any conviction. This authorization shall indicate the scope of the inquiry and the agencies that may be contacted. Upon receiving this authorization, the Secretary of State may request and receive information and assistance from any federal, State, or local governmental agency as part of the authorized investigation. Each applicant shall submit his or her fingerprints to the Illinois State Police in the form and manner prescribed by the Illinois State Police. These fingerprints shall be checked against fingerprint records now and hereafter filed in the Illinois State Police and Federal Bureau of Investigation criminal history record databases. The Illinois State Police shall charge applicants a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the State and national criminal history record check. The Illinois State Police shall furnish, pursuant to positive identification, records of Illinois criminal convictions to the Secretary and shall forward the national criminal history record information to the Secretary. Applicants shall pay any other fingerprint-related fees. Unless otherwise prohibited by law, the information derived from the investigation, including the source of the information and any conclusions or recommendations derived from the information by the Secretary of State, shall be provided to the applicant upon request to the Secretary of State prior to any final action by the Secretary of State on the application. Any criminal conviction information obtained by the Secretary of State shall be confidential and may not be transmitted outside the Office of the Secretary of State, except as required by this subsection (b-5), and may not be transmitted to anyone within the Office of the Secretary of State except as needed for the purpose of evaluating the applicant. At any administrative hearing held under Section 2-118 of this Code relating to the denial, cancellation, suspension, or revocation of certification of an adult driver education course provider, the Secretary of State may utilize at that hearing any criminal history, criminal conviction, and disposition information obtained under this subsection (b-5). The information obtained from the investigation may be maintained by the Secretary of State or any agency to which the information was transmitted. Only information and standards which bear a reasonable and rational relation to the performance of providing adult driver education shall be used by the Secretary of State. Any employee of the Secretary of State who gives or causes to be given away any confidential information concerning any criminal convictions or disposition of criminal convictions of an applicant shall be guilty of a Class A misdemeanor unless release of the information is authorized by this Section.

(c) The Secretary may permit a course provider to offer the course online, if the Secretary is satisfied the course provider has established adequate procedures for verifying:

- (1) the identity of the person taking the course online; and
- (2) the person completes the entire course.

(d) The Secretary shall establish a method of electronic verification of a student's successful completion of the course.

(e) The fee charged by the course provider must bear a reasonable relationship to the cost of the course. The Secretary shall post on the Secretary of State's website a list of approved course providers, the fees charged by the providers, and contact information for each provider.

(f) In addition to any other fee charged by the course provider, the course provider shall collect a fee of \$5 from each student to offset the costs incurred by the Secretary in administering this program. The \$5 shall be submitted to the Secretary within 14 days of the day on which it was collected. All such fees received by the Secretary shall be deposited in the DMV Transformation Secretary of State Driver Services Administration Fund.

(Source: P.A. 102-455, eff. 1-1-22; 102-538, eff. 8-20-21; 102-813, eff. 5-13-22; 102-982, eff. 7-1-23.)

Article 62.

Section 62-5. The State Finance Act is amended by changing Section 62-129 as follows:
(30 ILCS 105/62-129)

Sec. 62-129. Horse Racing Purse Equity Fund. The Horse Racing Purse Equity Fund is a nonappropriated trust fund held outside of the State treasury. Within 30 calendar days after funds are deposited in the Horse Racing Purse Equity Fund and the applicable grant agreement is executed, whichever is later, the Department of Agriculture shall transfer the entire balance in the Fund to the organization licensees that hold purse moneys that support each of the legally recognized horsemen's associations that have contracted with an organization licensee over the immediately preceding 3 calendar years under subsection (d) of Section 29 of the Illinois Horse Racing Act of 1975. The 2024 and 2025 division of such fund balance among the qualifying purse accounts shall be pursuant to the 2021 agreement of the involved horsemen associations with 45% being allocated to the thoroughbred purse account at a racetrack located in Stickney Township in Cook County, 30% being allocated to the harness purse account at a racetrack located in Stickney Township in Cook County, and 25% being allocated to the thoroughbred purse account at a racetrack located in Madison County. Transfers may be made to an organization licensee that has one or more executed grant agreements while the other organization licensee awaits finalization and execution of its grant agreement or agreements. All funds transferred to purse accounts pursuant to this Section shall be for the sole purpose of augmenting future purses during State fiscal years year 2025 and 2026. For purposes of this Section, a legally recognized horsemen association is that horsemen association representing the largest number of owners, trainers, jockeys or Standardbred drivers who race horses at an Illinois organization licensee and that enter into agreements with Illinois organization licensees to govern the racing meet and that also provide required consents pursuant to the Illinois Horse Racing Act of 1975.
(Source: P.A. 102-16, eff. 6-17-21; 103-8, eff. 7-1-23; 103-588, eff. 7-1-24.)

Section 62-10. The Illinois Horse Racing Act of 1975 is amended by changing Section 28.1 as follows:

(230 ILCS 5/28.1)

Sec. 28.1. Payments.

(a) Beginning on January 1, 2000, moneys collected by the Department of Revenue and the Racing Board pursuant to Section 26 or Section 27 of this Act shall be deposited into the Horse Racing Fund, which is hereby created as a special fund in the State Treasury.

(b) Appropriations, as approved by the General Assembly, may be made from the Horse Racing Fund to the Board to pay the salaries of the Board members, secretary, stewards, directors of mutuels, veterinarians, representatives, accountants, clerks, stenographers, inspectors and other employees of the Board, and all expenses of the Board incident to the administration of this Act, including, but not limited to, all expenses and salaries incident to the taking of saliva and urine samples in accordance with the rules and regulations of the Board.

(c) (Blank).

(d) Beginning January 1, 2000, payments to all programs in existence on the effective date of this amendatory Act of 1999 that are identified in Sections 26(c), 26(f), 26(h)(11)(C), and 28, subsections (a), (b), (c), (d), (e), (f), (g), and (h) of Section 30, and subsections (a), (b), (c), (d), (e), (f), (g), and (h) of Section 31 shall be made from the General Revenue Fund at the funding levels determined by amounts paid under this Act in calendar year 1998. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, payments to the Peoria Park District shall be made from the General Revenue Fund at

the funding level determined by amounts paid to that park district for museum purposes under this Act in calendar year 1994.

If an inter-track wagering location licensee's facility changes its location, then the payments associated with that facility under this subsection (d) for museum purposes shall be paid to the park district in the area where the facility relocates, and the payments shall be used for museum purposes. If the facility does not relocate to a park district, then the payments shall be paid to the taxing district that is responsible for park or museum expenditures.

(e) Beginning July 1, 2006, the payment authorized under subsection (d) to museums and aquariums located in park districts of over 500,000 population shall be paid to museums, aquariums, and zoos in amounts determined by Museums in the Park, an association of museums, aquariums, and zoos located on Chicago Park District property.

(f) Beginning July 1, 2007, the Children's Discovery Museum in Normal, Illinois shall receive payments from the General Revenue Fund at the funding level determined by the amounts paid to the Miller Park Zoo in Bloomington, Illinois under this Section in calendar year 2006.

(g) On July 3, 2024, the Comptroller shall order transferred and the Treasurer shall transfer \$3,200,000 from the Horse Racing Fund to the Horse Racing Purse Equity Fund.

(h) On July 3, 2025, the Comptroller shall order transferred and the Treasurer shall transfer \$2,000,000 from the Horse Racing Fund to the Horse Racing Purse Equity Fund.

Article 63.

Section 63-5. The Department of Human Services Act is amended by changing Section 1-85 as follows:

(20 ILCS 1305/1-85)

Sec. 1-85. Home Illinois Program.

(a) Subject to appropriation, the Department of Human Services shall establish the Home Illinois Program. The Home Illinois Program shall focus on preventing and ending homelessness in Illinois and may include, but not be limited to, homeless prevention, emergency and transitional housing, rapid rehousing, outreach, capital investment, and related services and supports for individuals at risk or experiencing homelessness. The Department may establish program eligibility criteria and other program requirements by rule. The Department of Human Services may consult with the Capital Development Board, the Department of Commerce and Economic Opportunity, and the Illinois Housing Development Authority in the management and disbursement of funds for capital related projects. The Capital Development Board, the Department of Commerce and Economic Opportunity, and the Illinois Housing Development Authority shall act in a consulting role only for the evaluation of applicants, scoring of applicants, or administration of the grant program.

(b) Unless otherwise required by State law or federal requirements, a service provider shall not be subject to a matching funds requirement in order to be eligible to receive funds from the Department for the Emergency and Transitional Housing Program or the Supportive Housing Program. When making funding determinations, the Department retains discretion to take into consideration the ability of a service provider to leverage other funding sources, as well as other factors that may demonstrate fiscal solvency of the service provider and that the service provider is not solely reliant on State funds for the provision of services.

(Source: P.A. 103-8, eff. 6-7-23.)

Article 64.

Section 64-5. The Illinois Public Aid Code is amended by changing Section 16-2 as follows:
(305 ILCS 5/16-2)

Sec. 16-2. Eligibility. Subject to available funding, a foreign-born victim of trafficking, torture, or other serious crimes and the individual's derivative family members, ~~but not a single adult without derivative family members~~, are eligible for cash assistance or SNAP benefits under this Article if the individual:

(a) is not eligible, due to immigration status, for comparable federal cash assistance or SNAP benefits and has filed and been approved for, or is awaiting final determination regarding:

(1) a formal ~~an~~ application for T Nonimmigrant status with the appropriate federal agency pursuant to Section 1101(a)(15)(T) of Title 8 of the United States Code, or is otherwise taking steps to meet the conditions for federal benefits eligibility under Section 7105 of Title 22 of the United States Code;

(2) a formal application with the appropriate federal agency for status pursuant to Section 1101(a)(15)(U) of Title 8 of the United States Code; or

(3) a formal application with the appropriate federal agency for status under Section 1158 of Title 8 of the United States Code; and

(b) is otherwise eligible for cash assistance or SNAP benefits, as applicable.

A single adult without derivative family members shall only be eligible for cash assistance or SNAP benefits under this Article if the individual is not eligible, due to immigration status, for comparable federal cash assistance or SNAP benefits and has filed and been approved for, or is awaiting final determination regarding:

(i) a formal application for T Nonimmigrant status with the appropriate federal agency pursuant to Section 1101(a)(15)(T) of Title 8 of the United States Code, or is otherwise taking steps to meet the conditions for federal benefits eligibility under Section 7105 of Title 22 of the United States Code; or

(ii) a formal application with the appropriate federal agency for status pursuant to Section 1101(a)(15)(U) of Title 8 of the United States Code.

Any ~~An~~ individual, including any derivative family members, residing in an institution or other setting that provides the majority of the individual's daily meals is not eligible for SNAP benefits.

(Source: P.A. 103-588, eff. 6-5-24.)

Article 65.

Section 65-5. If and only if House Bill 2771 of the 104th General Assembly becomes law, then the Illinois Public Aid Code is amended by changing Section 5A-7 as follows:

(305 ILCS 5/5A-7) (from Ch. 23, par. 5A-7)

Sec. 5A-7. Administration; enforcement provisions.

(a) The Illinois Department shall establish and maintain a listing of all hospital providers appearing in the licensing records of the Illinois Department of Public Health, which shall show each provider's name and principal place of business and the name and address of each hospital operated, conducted, or maintained by the provider in this State. The listing shall also include the monthly assessment amounts owed for each hospital and any unpaid assessment liability greater than 90 days delinquent. The Illinois Department shall administer and enforce this Article and collect the assessments and penalty assessments imposed under this Article using procedures employed in its administration of this Code generally. The Illinois Department, its Director, and every hospital provider subject to assessment under this Article shall have the following powers, duties, and rights:

(1) The Illinois Department may initiate either administrative or judicial proceedings, or both, to enforce provisions of this Article. Administrative enforcement proceedings initiated hereunder shall be governed by the Illinois Department's administrative rules. Judicial enforcement proceedings initiated hereunder shall be governed by the rules of procedure applicable in the courts of this State.

(2) (Blank).

(3) Any unpaid assessment under this Article shall become a lien upon the assets of the hospital upon which it was assessed. If any hospital provider, outside the usual course of its business, sells or transfers the major part of any one or more of (A) the real property and improvements, (B) the machinery and equipment, or (C) the furniture or fixtures, of any hospital that is subject to the provisions of this Article, the seller or transferor shall pay the Illinois Department the amount of any assessment, assessment penalty, and interest (if any) due from it under this Article up to the date of the sale or transfer. The Illinois Department may, in its discretion, foreclose on such a lien, but shall do so in a manner that is consistent with Section 5e of the Retailers' Occupation Tax Act. If the seller or transferor fails to pay any assessment, assessment penalty, and interest (if any) due, the purchaser or transferee of such asset shall be liable for the amount of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee. The purchaser or transferee shall continue to be liable until the purchaser or transferee pays the full amount of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee or until the purchaser or transferee receives from

the Illinois Department a certificate showing that such assessment, penalty, and interest have been paid or a certificate from the Illinois Department showing that no assessment, penalty, or interest is due from the seller or transferor under this Article.

(4) Payments under this Article are not subject to the Illinois Prompt Payment Act. Credits or refunds shall not bear interest.

(b) In addition to any other remedy provided for and without sending a notice of assessment liability, the Illinois Department shall collect an unpaid assessment by withholding, as payment of the assessment, reimbursements or other amounts otherwise payable by the Illinois Department to the hospital provider, including, but not limited to, payment amounts otherwise payable from a managed care organization performing duties under contract with the Illinois Department.

(1) The requirements of this subsection may be waived in instances when a disaster proclamation has been declared by the Governor. In such circumstances, a hospital must demonstrate temporary financial distress and establish an agreement with the Illinois Department specifying when repayment in full of all taxes owed will occur.

(2) The requirements of this subsection may be waived by the Illinois Department in instances when a hospital has entered into and remains in compliance with a repayment plan or a tax deferral plan. A repayment plan or tax deferral plan must be entered into no later than 30 days after notice of an unpaid assessment payment. No repayment plan may exceed a period of 36 months. No tax deferral plan may exceed a period of 6 months, and repayment after the end of a tax deferral plan shall not exceed 36 months. Failure to remain in compliance with a repayment plan or tax deferral plan shall cause immediate termination of such plan unless there is prior written consent from the Illinois Department for a period of non-compliance.

(3) Beginning September 1, 2025, the Illinois Department shall immediately collect all overdue unpaid assessments and penalties through the collection methods authorized under this Section, unless a repayment plan or tax deferral plan has already been agreed to by September 1, 2025.

(4) For any unpaid assessments and penalties that are overdue as of the effective date of House Bill 2771 of the 104th General Assembly, upon receipt of payment the Department may, at its discretion, transfer funds from the Hospital Provider Fund to the Healthcare Provider Relief Fund, provided that, at the time of each transfer, there are no outstanding assessment-related payments owed to hospitals that cannot be paid from resources remaining in the Hospital Provider Fund after the transfer.

(c) To provide for the expeditious and timely implementation of the changes made to this Section by this amendatory Act of the 104th General Assembly, the Department may adopt emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act. The adoption of emergency rules is deemed to be necessary for the public interest, safety, and welfare.

(Source: P.A. 93-659, eff. 2-3-04; 93-841, eff. 7-30-04; 94-242, eff. 7-18-05; 104HB2771sam002.)

Article 66.

Section 66-5. The Illinois Pension Code is amended by changing Section 15-202 as follows:
(40 ILCS 5/15-202)

Sec. 15-202. Optional deferred compensation plan.

(a) As soon as practicable after August 10, 2018 (the effective date of Public Act 100-769), the System shall offer a deferred compensation plan that is eligible under Section 457(b) of the Internal Revenue Code of 1986, as amended, to participating employees of the System employed by employers described in Section 15-106 of this Code that qualify as eligible employers under Section 457(e)(1)(A) of the Internal Revenue Code of 1986, as amended. Such eligible employers shall adopt the plan with an effective date no later than September 1, 2021. Participating employees may voluntarily elect to make elective deferrals to the eligible deferred compensation plan. Eligible employers may make optional employer contributions to the plan on behalf of participating employees, which contributions may be maintained, increased, reduced, or eliminated at the discretion of the employer from plan year to plan year. The plan shall collect voluntary employee and optional employer contributions into an account for each participant and shall offer investment options to the participant. The plan under this Section shall be operated in full compliance with any applicable State and federal laws, and the System shall utilize generally accepted practices in creating and maintaining the plan for the best interest of the participants. In administering the deferred compensation plan, the System shall require that the deferred compensation plan

recordkeeper agree that, in performing services with respect to the deferred compensation plan, the recordkeeper: (i) will not use information received as a result of providing services with respect to the deferred compensation plan or the participants in the deferred compensation plan to solicit the participants in the deferred compensation plan for the purpose of cross-selling nonplan products and services, unless in response to a request by a participant in the deferred compensation plan or a request by the System; and (ii) will not promote, recommend, endorse, or solicit participants in the deferred compensation plan to purchase any financial products or services outside of the deferred compensation plan, except that links to parts of the recordkeeper's or the recordkeeper's affiliate's website that are generally available to the public, are about commercial products, and may be encountered by a participant in the regular course of navigating the recordkeeper's or the recordkeeper's affiliate's website will not constitute a violation of this item (ii). The System may use funds from the employee and employer contributions to defray any and all costs of creating and maintaining the plan. The System shall produce an annual report on the participation in the plan and shall make the report public.

(b) The System shall automatically enroll in the eligible deferred compensation plan any employee of an eligible employer who first becomes a participating employee of the System on or after July 1, 2023 under an eligible automatic contribution arrangement that is subject to Section 414(w) of the Internal Revenue Code of 1986, as amended, and the United States Department of Treasury regulations promulgated thereunder. An employee who is automatically enrolled under this subsection (b) shall have 3% of his or her compensation, as defined by the plan, for each pay period deferred on a pre-tax basis into his or her account, subject to any contribution limits applicable to the plan. The Board may increase the default percentage of compensation deferred under this subsection (b).

An employee shall have 30 days from the date on which the System provides the notice required under Section 414(w) of the Internal Revenue Code of 1986, as amended, to elect to not participate in the eligible deferred compensation plan or to elect to increase or reduce the initial amount of elective deferrals made to the plan. In the absence of such affirmative election, the employee shall be automatically enrolled in the plan on the first day of the calendar month, or as soon as administratively practicable thereafter, following the 30th day from the date on which the System provides the required notice. An employee who has been automatically enrolled in the plan under this subsection (b) may elect, within 90 days of enrollment, to withdraw from the plan and receive a refund of amounts deferred, adjusted by applicable earnings and fees. An employee making such an election shall forfeit all employer matching contributions, if any, made with respect to such refunded elective deferrals and such forfeited amounts shall be used to defray plan expenses. Any refunded elective deferrals shall be included in the employee's gross income for the taxable year in which the refund is issued.

(c) The System may provide for one or more automatic contribution arrangements, which shall comply with all applicable Internal Revenue Service rules and regulations, in conjunction with or in lieu of the eligible automatic contribution arrangement under subsection (b), for participating employees of eligible employers whose annual earnings are limited by application of subsection (b) of Section 15-111 of this Code. The amount of elective deferrals made for the employee each pay period under an automatic contribution arrangement shall equal the default percentage specified by resolution of the Board multiplied by the employee's compensation as defined by the plan, subject to any contribution limits applicable to the plan, and shall be made on a pre-tax basis. An employee subject to this subsection (c) shall have 30 days from the date on which the System provides written notice to the employee to elect to not participate in the eligible deferred compensation plan or to elect to increase or reduce the amount of initial elective deferrals made to the plan. In the absence of such affirmative election, the employee shall be automatically enrolled in the plan beginning the first day of the calendar month, or as soon as administratively practicable thereafter, following the 30th day from the date on which the System provides the required notice.

(d) The System may provide that the default percentage for any employee automatically enrolled in the eligible deferred compensation plan under subsection (b) or (c) be increased by a specified percentage each plan year after the plan year in which the employee is automatically enrolled in the plan. The amount of automatic annual increases in any plan year shall not exceed 1% of compensation as defined by the plan.

(e) The changes made to this Section by this amendatory Act of the 102nd General Assembly are corrections of existing law and are intended to be retroactive to the effective date of Public Act 100-769, notwithstanding Section 1-103.1 of this Code.

(Source: P.A. 102-540, eff. 8-20-21; 103-552, eff. 8-11-23.)

Section 66-10. The University Employees Custodial Accounts Act is amended by changing Section 2 as follows:

(110 ILCS 95/2) (from Ch. 144, par. 1702)

Sec. 2. The governing board of any public institution of higher education has the power to establish a defined contribution plan to make payments to custodial accounts for investment in regulated investment company stock to provide retirement benefits as described in Section 403(b)(7) of the Internal Revenue Code for eligible employees of such institutions. Such payments shall be made with funds made available by deductions from or reductions in salary or wages of eligible employees who authorize in writing deductions or reductions for such purpose. Such stock shall be purchased only from persons authorized to sell such stock in this State.

In administering the defined contribution plan, the governing board of any public institution of higher education shall require that the defined contribution plan recordkeeper agree that, in performing services with respect to the defined contribution plan, the recordkeeper: (i) will not use information received as a result of providing services with respect to the defined contribution plan or the participants in the defined contribution plan to solicit the participants in the defined contribution plan for the purpose of cross-selling nonplan products and services, unless in response to a request by a participant in the defined contribution plan or a request by the governing board of the public institution of higher education or its authorized delegate; and (ii) will not promote, recommend, endorse, or solicit participants in the defined contribution plan to purchase any financial products or services outside of the defined contribution plan, except that links to parts of the recordkeeper's or the recordkeeper's affiliate's website that are generally available to the public, are about commercial products, and may be encountered by a participant in the regular course of navigating the recordkeeper's or the recordkeeper's affiliate's website will not constitute a violation of this item (ii). However, a public institution of higher education may allow promotion of limited services if the public institution of higher education receives no compensation from the recordkeeper for promoting or providing such services. Such limited services may include educational, counseling, debt reduction, student loan repayment or forgiveness, or other services intended to enhance retirement savings opportunities. Such limited services may not include credit cards, life insurance, or banking products, unless a request to provide those products is made by the governing board of the public institution of higher education or its authorized delegate.

(Source: P.A. 103-552, eff. 8-11-23.)

Article 99.

Section 99-95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

Section 99-99. Effective date. This Act takes effect upon becoming law, except that:

(1) Article 25 takes effect upon becoming law or on the date that changes to Section 513b2 of the Illinois Insurance Code contained in House Bill 1697 of the 104th General Assembly take effect, whichever is later;

(2) Article 65 takes effect upon becoming law or on the date that House Bill 2771 of the 104th General Assembly takes effect, whichever is later;

(3) Articles 15, 20, and 60 take effect on July 1, 2025;

(4) Article 12 takes effect on January 1, 2026; and

(5) Article 11 takes effect on March 1, 2026."

The motion prevailed.

And the amendment was adopted and ordered printed.

There being no further amendments, the bill, as amended, was ordered to a third reading.

READING BILL FROM THE HOUSE OF REPRESENTATIVES A THIRD TIME

On motion of Senator Sims, **House Bill No. 1075** having been printed as received from the House of Representatives, together with all Senate Amendments adopted thereto, was taken up and read by title a third time.

And the question being, "Shall this bill pass?" it was decided in the affirmative by the following vote:

YEAS 32; NAYS 23.

The following voted in the affirmative:

Aquino	Harris, N.	Martwick	Villa
Castro	Hastings	Morrison	Villanueva
Cervantes	Holmes	Murphy	Villivalam
Collins	Hunter	Peters	Walker
Cunningham	Johnson	Porfirio	Mr. President
Edly-Allen	Jones, E.	Preston	
Faraci	Joyce	Simmons	
Feigenholtz	Koehler	Sims	
Guzmán	Loughran Cappel	Stadelman	

The following voted in the negative:

Anderson	Curran	Hills	Syverson
Arellano, L.	DeWitte	Lewis	Tracy
Balkema	Fowler	McClure	Turner, D.
Belt	Glowiak Hilton	Plummer	Turner, S.
Bryant	Halpin	Rezin	Wilcox
Chesney	Harriss, E.	Rose	

This bill, having received the vote of a constitutional majority of the members elected, was declared passed, and all amendments not adopted were tabled pursuant to Senate Rule No. 5-4(a).

Ordered that the Secretary inform the House of Representatives thereof and ask their concurrence in the Senate Amendments adopted thereto.

CONSIDERATION OF HOUSE AMENDMENTS TO SENATE BILL ON SECRETARY'S DESK

On motion of Senator Sims, **Senate Bill No. 2510**, with House Amendment No. 3 on the Secretary's Desk, was taken up for immediate consideration.

Senator Sims moved that the Senate concur with the House in the adoption of their amendment to said bill.

And on that motion, a call of the roll was had resulting as follows:

YEAS 34; NAYS 23.

The following voted in the affirmative:

Aquino	Guzmán	Loughran Cappel	Stadelman
Castro	Harris, N.	Martwick	Ventura
Cervantes	Hastings	Morrison	Villa
Collins	Holmes	Murphy	Villanueva
Cunningham	Hunter	Peters	Villivalam
Edly-Allen	Johnson	Porfirio	Walker
Ellman	Jones, E.	Preston	Mr. President

[May 31, 2025]

Faraci	Joyce	Simmons
Feigenholtz	Koehler	Sims

The following voted in the negative:

Anderson	Curran	Hills	Syverson
Arellano, L.	DeWitte	Lewis	Tracy
Balkema	Fowler	McClure	Turner, D.
Belt	Glowiak Hilton	Plummer	Turner, S.
Bryant	Halpin	Rezin	Wilcox
Chesney	Harriss, E.	Rose	

The motion prevailed.

And the Senate concurred with the House in the adoption of their Amendment No. 3 to **Senate Bill No. 2510**.

Ordered that the Secretary inform the House of Representatives thereof.

HOUSE BILL RECALLED

On motion of Senator Villivalam, **House Bill No. 3438** was recalled from the order of third reading to the order of second reading.

Floor Amendment No. 2 was held in the Committee on Assignments.

Senator Villivalam offered the following amendment and moved its adoption:

AMENDMENT NO. 3 TO HOUSE BILL 3438

AMENDMENT NO. 3. Amend House Bill 3438, AS AMENDED, by replacing everything after the enacting clause with the following:

"Article 5.

Section 5-1. Short title. This Article may be cited as the Sustainable Transit for Northern Illinois Act. References in this Article to "this Act" mean this Article.

Section 5-5. Definitions. As used in this Act:

"Car-share vehicles" means motor vehicles that are operated as part of a regional fleet by a public or private car-sharing company or organization and provide hourly or daily service.

"Commercial development project" means a development project that is undertaken for the development of land for commercial use, including residential housing, multi-family housing, mixed use housing, and non-residential commercial developments.

"Development project" means a project undertaken for the purpose of development of land. "Development project" includes (i) a project involving the issuance of a permit for construction or reconstruction, (ii) a housing development project, or (iii) a commercial development project. "Development project" does not include a project where any portion is designated for use as a hotel, motel, bed-and-breakfast inn, or other transient lodging, except where a portion of a housing development project is designated for use as a residential hotel.

"Efficiency living unit" has the meaning ascribed to that term in the 2018 International Building Code, Sixth Version (November 2021).

"Elderly housing", "low-income household", "moderate-income household", "multi-family housing", and "very low-income household" have the meanings ascribed to those terms in the Illinois Affordable Housing Act.

"Housing development project" means a development project consisting of (i) residential units only, (ii) mixed-use developments consisting of residential and nonresidential uses with at least two-thirds of the square footage designated for residential use, or (iii) transitional housing or supportive housing.

"Maximum automobile parking requirements" means any law, code, or policy that limits a maximum number of off-street, private parking spaces for new residential and commercial developments.

"Minimum automobile parking requirements" means any law, code, or policy that requires a minimum number of off-street, private parking spaces for new residential and commercial developments.

"On-street parking" means parking of vehicles on public streets or thoroughfares located within the physical boundaries of a municipality.

"Public transportation corridor" means a street on which there is at least one bus route with a combined frequency of bus service interval of 15 minutes or less during the morning and afternoon peak commute periods.

"Public transportation hub" means: (i) a rail transit station, (ii) a boat or ferry terminal served by either a bus stop or rail transit station, and (iii) an intersection of 2 or more bus routes with a frequency of bus service interval of 15 minutes or less during the morning and afternoon peak commute periods.

"Residential hotel" means any building containing 6 or more guest rooms or efficiency living units that is used or intended or designed to be used, rented, hired out, or occupied for sleeping purposes by guests and that is also the primary residence of those guests. "Residential hotel" does not include any building containing 6 or more guest rooms or efficiency living units primarily used by transient guests who do not occupy the building as their primary residence.

"Transportation agency" includes any individual, firm, partnership, corporation, association, body politic, municipal corporation, public authority, unit of local government, other person that provides public transportation, any local mass transit district created under the Local Mass Transit District Act, and any urban transportation district created under the Urban Transportation District Act. "Transportation agency" does not include the Northern Illinois Transit Authority or any Operating Division, as defined by the Northern Illinois Transit Authority Act, of the Northern Illinois Transit Authority.

Section 5-10. Minimum automobile parking requirements prohibited. Except as otherwise provided in Section 15, a unit of local government may not impose or enforce any minimum automobile parking requirements on a development project if the project is located within one-half mile of a public transportation hub or one-eighth mile of a public transportation corridor.

Section 5-15. Exceptions and limitations to prohibited minimum automobile parking requirements.

(a) If a development project provides automobile parking voluntarily, then a unit of local government may impose on the development project requirements for parking spaces to be made available for car-share vehicles, for parking spaces to be shared with the public, or for parking spaces to be made available only for a fee. A unit of local government may not require voluntarily provided parking to be provided free of charge.

(b) Section 10 does not apply to minimum automobile parking requirements if it conflicts with a contractual agreement or approved site plan with the unit of local government that was executed or approved on or before the effective date of this Act. However, Section 10 applies to an amendment or extension to the contractual agreement or approved site plan if the amendment or extension increases automobile parking requirements.

(c) A development project may voluntarily build additional parking that is not shared with the public.

(d) Nothing in this Act shall be interpreted to prevent a unit of local government from regulating access to on-street parking.

(e) Nothing in this Act prevents a unit of local government from enacting or enforcing local laws that establish a maximum parking requirement.

(f) Nothing in this Act prevents a unit of local government from enacting or enforcing local laws that establish a minimum parking requirement for bicycles, including electric-assisted bicycles.

Section 5-90. Home rule. A home rule unit may not regulate minimum automobile parking requirements in a manner inconsistent with this Act. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 5-95. Conflict with other laws. To the extent that this Act conflicts with any other provision of law, this Act controls.

Article 10.

Section 10-1. Short title. This Article may be cited as the Electric Vehicle Charging Fee Act. References in this Article to "this Act" mean this Article.

Section 10-5. Definitions. As used in this Act:

"Consumer Price Index" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100.

"Department" means the Department of Revenue.

"Distribute" means to deliver or transfer electric power into the battery or other energy storage device of an electric vehicle at a location in this State.

"Electric vehicle" means any motor vehicle of the first division that is propelled by an electric engine and does not use motor fuel.

"Electric vehicle charging station" means any place accessible to general public vehicular traffic, other than a residence, where electric power may be used to charge a battery or other storage device of a licensed electric vehicle.

"Electric vehicle power" means electrical energy that is distributed into the battery or other energy storage device of an electric vehicle and that is used to power the vehicle.

"Electric vehicle power provider" means a person who owns or leases an electric vehicle charging station.

"Person" means any natural individual, firm, trust, estate, partnership, association, joint-stock company, joint venture, corporation, limited liability company, or a receiver, trustee, guardian, or other representative appointed by order of any court.

Section 10-10. Imposition of fee.

(a) Beginning on January 1, 2026, a fee is imposed on the privilege of engaging in business as an electric vehicle power provider in this State. From January 1, 2026 through January 1, 2027, the fee shall be imposed at the rate of \$0.03 per kilowatt hour of electric vehicle power that is distributed in this State by the electric vehicle power provider for the purpose of charging an electric vehicle. On January 1, 2027, and on January 1 of each subsequent year, the fee imposed in this paragraph shall be increased by an amount equal to the percentage increase, if any, in the Consumer Price Index for the 12 months ending in September of the year in which the increase takes place. The rate shall be rounded to the nearest one-tenth of one cent.

(b) The fee shall be added to the selling price charged by the electric vehicle power provider at the electric vehicle charging station on electric vehicle power sold in this State. If there is no selling price at the charging station, then the electric vehicle power provider shall be responsible for paying the fee on the electric power distributed by the electric vehicle charging station.

(c) The fee shall be paid by the electric vehicle power provider to the Department. The electric vehicle power provider is liable for the payment of the electric vehicle power fee.

Section 10-15. Collection of fee. The fee imposed by this Act shall be collected from the purchaser by the electric vehicle power provider at the rate stated in Section 10-10 and shall be remitted to the Department as provided in this Act. All charges for electric vehicle power from an electric vehicle charging station are presumed subject to fee collection. Electric vehicle power providers shall collect the fee from purchasers by adding the fee to the amount of the purchase price received from the purchaser. The fee imposed by the Act shall, when collected, be stated as a distinct item separate and apart from the purchase price of the service subject to fee under this Act. However, where it is not possible to state the fee separately the Department may, by rule, exempt those purchases from this requirement so long as purchasers are notified by language on the invoice or notified by a sign that the fee is included in the purchase price.

The proceeds from the fee collected under this Act shall be deposited into the Electric Vehicle Charging Fee Fund.

Section 10-20. Filing of returns. On or before the last day of each calendar month, each electric vehicle power provider that is engaged in the business of providing electric vehicle power during the preceding calendar month shall file a return with the Department, stating:

- (1) the name of the electric vehicle power provider;

[May 31, 2025]

(2) the address of the electric vehicle power provider's principal place of business and, if applicable, the address of the principal place of business from which the electric vehicle power provider provides electric vehicle power in this State;

(3) the total amount of kilowatt hours distributed by the electric vehicle provider in the preceding calendar month;

(4) any deductions from the fee imposed by this Act to which the electric vehicle power provider is entitled;

(5) the total amount of receipts received by the electric vehicle power provider during the preceding calendar month from the distribution of electric vehicle power;

(6) the amount of the fee due; and

(7) such other reasonable information as the Department may require.

If an electric vehicle power provider ceases to engage in the kind of business that makes it responsible for filing returns under this Act, then that electric vehicle power provider shall file a final return under this Act with the Department on or before the last day of the month after discontinuing that business.

All returns required to be filed and payments required to be made under this Act shall be filed and made by electronic means. Persons who demonstrate hardship in filing or paying electronically may petition the Department to waive the electronic filing or payment requirement, or both. The Department may require a separate return for the fee under this Act or combine the return for the fee under this Act with the return for other fees.

If the same person has more than one business registered with the Department under separate registrations under this Act, that person shall not file each return that is due as a single return covering all such registered businesses but shall file separate returns for each such registered business.

If the electric vehicle power provider is a corporation, then the return filed on behalf of that corporation shall be signed by at least one of the following:

(1) the president of the corporation;

(2) the vice-president of the corporation;

(3) the secretary of the corporation;

(4) the treasurer of the corporation; or

(5) a properly accredited agent of the corporation.

An electric vehicle power provider that files a return under this Act shall, at the time of filing the return, pay to the Department the amount due under this Act, less a discount of 1.75%, not to exceed \$1,000 per month, which is allowed to reimburse the electric vehicle power provider for the expenses incurred in keeping records, preparing and filing returns, remitting the fee, and supplying data to the Department on request.

If any payment provided for in this Section exceeds the person's liabilities under this Act, as shown on an original return, the Department may authorize the person to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the person, the discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that person shall be liable for penalties and interest on such difference.

Section 10-25. Registration of electric vehicle power providers.

(a) A person who engages in business as an electric vehicle power provider in this State shall register with the Department. Application for a certificate of registration shall be made to the Department, by electronic means, in the form and manner prescribed by the Department and shall contain any reasonable information the Department may require. Upon receipt of the application for a certificate of registration in proper form and manner, the Department shall issue to the applicant a certificate of registration. Electric vehicle power providers who demonstrate that they do not have access to the Internet or demonstrate hardship in applying electronically may petition the Department to waive the electronic application requirements.

(b) The Department may refuse to issue or reissue a certificate of registration to any applicant for the reasons set forth in Section 2505-380 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(c) Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to

such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Section 10-30. Revocation of certificate of registration.

(a) The Department may, after notice and a hearing as provided in this Act, revoke the certificate of registration of an electric vehicle power provider who violates any of the provisions of this Act or any rule adopted under this Act. Before revocation of a certificate of registration, the Department shall, within 90 days after noncompliance and at least 7 days prior to the date of the hearing, give the electric vehicle power provider so accused notice in writing of the charge against him or her, and on the date designated shall conduct a hearing upon this matter. The lapse of such 90-day period shall not preclude the Department from conducting revocation proceedings at a later date if necessary. Any hearing held under this Section shall be conducted by the Director or by any officer or employee of the Department designated in writing by the Director.

(b) The Department may revoke a certificate of registration for the reasons set forth in Section 2505-380 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(c) Upon the hearing of any such proceeding, the Director or any officer or employee of the Department designated in writing by the Director may administer oaths, and the Department may procure by its subpoena the attendance of witnesses and, by its subpoena duces tecum, the production of relevant books and papers. Any circuit court, upon application either of the electric vehicle power provider or of the Department, may, by order duly entered, require the attendance of witnesses and the production of relevant books and papers before the Department in any hearing relating to the revocation of certificates of registration. Upon refusal or neglect to obey the order of the court, the court may compel obedience with the order by proceedings for contempt.

(d) The Department may, by application to any circuit court, obtain an injunction requiring any person who engages in business as an electric vehicle power provider under this Act to obtain a certificate of registration. Upon refusal or neglect to obey the order of the court, the court may compel obedience by proceedings for contempt.

Section 10-35. Electric Vehicle Charging Fee Fund; creation; distribution of proceeds. The Electric Vehicle Charging Fee Fund is hereby created as a special fund in the State treasury. Moneys in the Fund shall be used as provided in this Section:

(1) 90% shall be transferred to the Northern Illinois Transit Authority Capital Improvement Fund for use by the Northern Illinois Transit Authority; and

(2) 10% shall be transferred to the Downstate Mass Transportation Capital Improvement Fund to be used by local mass transit districts other than the Northern Illinois Transit Authority.

Article 12

Section 12-1. Short title. This Article may be cited as the Retail Delivery Climate Impact Fee Act. References in this Article to "this Act" mean this Article.

Section 12-5. Findings. The General Assembly finds that, in recent years, the number of retail deliveries of tangible personal property, including restaurant food, has rapidly increased, and this rapid growth is expected to continue. The World Economic Forum estimates that by 2030 there will be over 30% more delivery vehicles on roads to deliver 78% more packages, which will increase usage of the highways, roads, and streets of the State by motor vehicles used to make retail deliveries, traffic congestion, and retail delivery-related emissions. This additional usage has accelerated and is expected to continue to accelerate deterioration of surface transportation system infrastructure and has required and is expected to continue to require the State, counties, townships, and municipalities to perform more maintenance and reconstruction of State highways, county and township roads, and municipal streets.

Section 12-10. Definitions. As used in this Act:

"Climate impact fee" means a fee a retailer imposes on a retail delivery on items that (i) are subject to the tax imposed under the Retailers' Occupation Tax Act (ii) are not groceries or prescription and non-prescription drugs and medications.

"Consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100.

"Department" means the Department of Revenue.

"Order" means a transaction or group of transactions resulting in one or more sales at retail where delivery is made to the same address, but not necessarily at the same date or time.

"Retail delivery" means a sale at retail of tangible personal property by a retailer for delivery by a motor vehicle owned or operated by the retailer or any other person to the purchaser to a location in this State, which includes at least one item of tangible personal property that is subject to the tax imposed under the Retailers' Occupation Tax Act. "Retail delivery" does not include the delivery of groceries and prescription and non-prescription drugs and medications.

"Retailer" means any person or entity engaged in the business of making sales at retail of tangible personal property subject to the tax imposed under the Retailers' Occupation Tax Act.

"Sale at retail" has the meaning given to that term in the Retailers' Occupation Tax Act. "Sale at retail" also means a single retail delivery regardless of the number of shipments necessary to deliver the items of tangible personal property purchased.

"Tangible personal property" means items that exist physically and can be used or consumed.

Section 12-15. Imposition of climate impact fee.

(a) On and after January 1, 2026, a climate impact fee of \$1.50 is imposed on each retail delivery that meets all of the following conditions:

(1) the delivery includes at least one item that is subject to the tax imposed under the Retailers' Occupation Tax Act;

(2) the items are delivered by a motor vehicle to a location within the State;

(3) the delivery is made pursuant to a sale at retail; and

(4) the fee is imposed once per order, regardless of the number of items or shipments involved in fulfilling the order.

(b) The climate impact fee shall not apply to the delivery of groceries and prescription and non-prescription drugs and medications.

(c) The climate impact fee applies to each delivery initiated by a retailer, regardless of whether the delivery is made using the retailer's own vehicle, a third-party delivery service, or a common carrier.

(d) Beginning in 2027, every January 20, the fee shall automatically be increased or decreased, as applicable, by a percentage equal to the percentage change in the consumer price index-u during the preceding 12-month calendar year. The new amount resulting from each annual adjustment shall be determined by the Comptroller and made available to the public via the Comptroller's official website by January 31 of every year.

Section 12-20. Collection and remittance. A retailer may elect to pay the climate impact fee on behalf of a purchaser. If a retailer elects to pay the climate impact fee, then:

(1) the retailer shall not add the fee to the price or charge for the retail delivery showing the total fee as a charge that is separate and distinct from the price and any other taxes or fees imposed on the retail delivery;

(2) the purchaser is neither liable or responsible for the payment of the climate impact fee; and

(3) the purchaser is not entitled to a refund for the climate impact fees that are paid for a retail delivery that is exempt.

Every retailer who makes a retail delivery is liable and responsible for the payment of an amount equivalent to the total amount of the fee imposed under this Act. The retailer is responsible for proving that the retailer (i) is exempt from collecting or electing to pay the fee on any retail delivery or (ii) paid the fee to the Executive Director of the Department under such reasonable requirements of proof as the Executive Director of the Department may choose.

A retailer who collects the climate impact fee shall remit the fee to the Department at the same time and manner as the retailer remits the retailers' occupation tax revenue collected to the Department.

A retailer who elects to pay the climate impact fee on behalf of a purchaser shall remit the fee to the Department as if the fee had been collected from the purchaser on the date of the retail delivery.

The climate impact fee shall be remitted on a periodic basis, consistent with the retailer's existing retailers' occupation tax remittance schedule, as established by the Department.

Section 12-25. Department responsibilities. The Department shall waive any processing costs for electronic payment of the climate impact fee if:

- (1) the processing costs would exceed the amount of the fee the retailer is remitting; and
- (2) the electronic payment is by automated clearing house debit.

The Department may adopt rules necessary for the administration, enforcement, and implementation of this Act.

Section 12-30. Exemptions.

(a) A retailer is exempt from imposing or remitting the climate impact fee if the retailer's total sales at retail in the preceding calendar year were \$500,000 or less.

(b) A business established on or after the effective date of this Act is exempt from imposing or remitting the climate impact fee until it exceeds \$500,000 in sale at retail within a calendar year. The retailer is responsible for proving eligibility for this exemption.

Section 12-35. Distribution of proceeds. Of the moneys collected under this Act, 20% shall be deposited into the Downstate Public Transportation Fund, and 80% shall be deposited into the Public Transportation Fund.

Section 12-40. Incorporation by reference. All of the provisions of Sections 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 6, 6a, 6b, 6c, 8, 9, 10, 11, 11a, and 12 of the Retailers' Occupation Tax Act, and all applicable provisions of the Uniform Penalty and Interest Act that are not inconsistent with this Act, apply to the fee imposed under this Act to the same extent as if those provisions were included in this Act.

Article 15

Section 15-1. Short title. This Article may be cited as the Interagency Coordinating Committee on Transit Innovation, Integration, and Reform Act. References in this Article to "this Act" mean this Article.

Section 15-5. Definitions. As used in this Act:

"Committee" means the Interagency Coordinating Committee on Transit Innovation, Integration, and Reform established under this Act.

"Department" means the Department of Transportation.

"Secretary" means the Secretary of Transportation.

Section 15-10. Establishment of the Committee.

(a) The Department shall establish an Interagency Coordinating Committee on Transit Innovation, Integration, and Reform.

(b) The Committee shall advise the Department on strategies and initiatives that improve access to transit and better integrate transit with intercity rail and intercity bus networks in Illinois outside of the Northeast Illinois region.

(c) The Committee shall focus on data-driven and evidence-based strategies to improve transit outside of the Northeast Illinois region, including, but not limited to, strategies that improve data collection and use, technology deployment, the use of innovative project delivery, governance of transit in Illinois, funding programs, and interagency collaboration.

(d) The Committee shall focus on strategies to better connect intercity rail and bus networks to transit systems and hubs that are located outside of the Northeast Illinois region.

(e) The Committee shall interface with the Blue Ribbon Commission on Transportation Infrastructure Funding and Policy as needed.

(f) The Committee shall be consulted for feedback and recommendations to be included in the Department's Public Transportation Plan.

(g) The Department shall provide administrative support to the Committee.

Section 15-15. Committee membership. The Committee shall include the following members, appointed by the Secretary:

- (1) one member representing rural public transit providers operating outside of the Northern Illinois Transit Authority service area;
- (2) one member representing small urban public transit providers operating outside of the Northern Illinois Transit Authority service area;
- (3) two members representing regional public transit providers operating outside of the Northern Illinois Transit Authority service area;
- (4) one member representing intercity rail providers;
- (5) one member representing intercity bus providers;
- (6) one member representing a statewide or regional business organizations with interests in transportation, workforce development, or economic growth;
- (7) one member representing an Illinois university that generates significant ridership for the transit system or intercity bus and rail systems near the university's facilities;
- (8) one member representing individuals with disabilities;
- (9) one member representing a labor organization that represents workers employed by downstate transit systems, intercity bus providers, or intercity rail providers;
- (10) one member representing large urban transit agencies;
- (11) additional representatives as determined necessary by the Secretary to ensure subject-matter expertise, community representation, and geographic diversity; and
- (12) one member who shall serve as chair of the Committee.

The Members shall serve without compensation but may be reimbursed for necessary expenses associated with service on the Committee.

Section 15-20. Committee duties.

(a) The Committee shall:

- (1) develop strategies and recommendations to improve the connectivity of existing and future intercity rail and intercity bus services to transit hubs and systems located outside of the Northeastern Illinois region;
- (2) develop strategies for improving the collection, aggregation, and use of transit data, including budgeting models, ridership forecasting, equity analysis, and performance metrics;
- (3) promote the adoption and joint procurement of advanced technologies, such as demand-responsive transit platforms, real-time data systems, mobile fare collection, fleet management tools, and other technologies the Committee may find to improve transit service and operations;
- (4) develop goals and objectives to reduce duplication of services and achieve public transportation, intercity bus and intercity passenger rail coverage that is as complete as possible;
- (5) develop objectives for providing essential transportation services to the transportation disadvantaged and for providing technical assistance to communities that are addressing transportation gaps that affect low-income populations;
- (6) review and make recommendations on increasing efficiency in procurement.
- (7) recommend and support shared services or regionalized administrative functions to reduce costs and improve operational efficiency;
- (8) explore and advise on the use of innovative project delivery models, including design-build, progressive design-build, construction manager general contractor, and public-private partnerships;
- (9) consider changes to existing and future funding programs; and
- (10) submit recommendations for inclusion in the Department's final Public Transportation Plan.

(b) The Committee shall produce a report with its recommendations no later than 2 years after the effective date of this Act.

(c) the Department may procure consulting assistance necessary to support to work of the Committee.

Section 15-25. Repeal. This Act is repealed on January 1, 2035.

Section 20-900. The Illinois Procurement Code is amended by adding Section 20-25.3 as follows:
(30 ILCS 500/20-25.3 new)

Sec. 20-25.3. Procurement of transition consultant by the Department of Transportation.

(a) Notwithstanding any other provision of this Code or any law to the contrary, the Department of Transportation shall identify a method of source selection that will make it possible to procure and contract with a consultant to assist with the transition from the Regional Transportation Authority to the Northern Illinois Transit Authority as set out in Section 1.04. The source selection method identified by the Department of Transportation is not limited to those otherwise set forth in this Code. The transition consultant shall assist the Department of Transportation and the interim Northern Illinois Transit Authority Board to develop a transition plan, including the transition of functions between the Service Boards and the Authority, the evaluation of existing policy processes, the development of a process for efficient and effective operations by both the Northern Illinois Transit Authority, and the operating divisions.

(b) The method of source selection shall be by an expedited, competitive process approved by the Chief Procurement Officer appoint under paragraph (4) of subsection (a) of Section 10-20.

(c) All potential contractors shall be registered in the Illinois Procurement Gateway vendor portal prior to contract execution.

(d) Except for Sections 5-5, 5-7, 10-10, 20-75, 20-80, 20-120, 20-155, 20-160, and 25-60, paragraph (5) of subsection (b) of Section 15-25, and Article 50 and any rules adopted under those Sections and Article, this Code does not apply to procurements required by this Section, notwithstanding any other provision of this Code or any law to the contrary.

(e) This Section is inoperative 2 years after the effective date of this amendatory Act of the 104th General Assembly.

Section 20-905. The Department of Transportation Law of the Civil Administrative Code of Illinois is amended by changing Sections 2705-203 and 2705-440 and by adding Sections 2705-592, 2705-594, 2705-596 and 2705-630 as follows:

(20 ILCS 2705/2705-203)

Sec. 2705-203. Transportation asset management plan and performance-based programming.

(a) The General Assembly declares it to be in the public interest that a project prioritization process be developed and implemented to: improve the efficiency and effectiveness of the State's transportation system and transportation safety; enhance movement and multi-modal connections of people and goods; mitigate environmental impacts; and promote inclusive economic growth throughout the State.

(b) In accordance with Section 2705-200, the Department of Transportation shall develop and publish a statewide multi-modal transportation improvement program for all transportation facilities under its jurisdiction. The development of the program shall use the following methods:

(1) use transportation system information to make investment and policy decisions to achieve statewide and regional performance goals established in the State's long-range transportation plan;

(2) ensure transportation investment decisions emerge from an objective and quantifiable technical analysis;

(3) evaluate the need and financial support necessary for maintaining, expanding, and modernizing existing transportation infrastructure;

(4) ensure that all State transportation funds invested are directed to support progress toward the achievement of performance targets established in the State's long-range transportation plan;

(5) make investment decisions transparent and accessible to the public;

(6) consider emissions and increase infrastructure resilience to climate change; and

(7) reduce disparities in transportation system performance experienced by racially marginalized communities, low-income to moderate-income consumers, and other disadvantaged groups and populations identified under the Environmental Justice Act.

(c) The Department shall develop a risk-based, statewide highway system asset management plan in accordance with 23 U.S.C. 119 and 23 CFR Part 515 to preserve and improve the condition of highway and bridge assets and enhance the performance of the system while minimizing the life-cycle cost. The asset management plan shall be made publicly available on the Department's website.

(d) The Department shall develop a needs-based transit asset management plan for State-supported public transportation assets, including vehicles, facilities, equipment, and other infrastructure in accordance with 49 CFR Part 625. The goal of the transit asset management plan is to preserve and modernize capital transit assets that will enhance the performance of the transit system. Federally required transit asset

management plans developed by the Northern Illinois Transit Authority ~~Regional Transportation Authority (RTA)~~ or Service Boards ~~service boards~~, as defined in Section 1.03 of the Northern Illinois Transit ~~Regional Transportation Authority Act~~, shall become the transportation asset management plans for all public transportation assets owned and operated by the Service Boards ~~service boards~~. The Department's transit asset management plan shall be made publicly available on the Department's website. The Northern Illinois Transit Authority RTA shall be responsible for making public transit asset management plans for its service area publicly available.

(e) The Department shall develop a performance-based project selection process to prioritize taxpayer investment in State-owned transportation assets that add capacity. The goal of the process is to select projects through an evaluation process. This process shall provide the ability to prioritize projects based on geographic regions. The Department shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, representatives of labor and private businesses, the public, community-based organizations, and other stakeholders in its development of the prioritization process pursuant to this subsection.

The selection process shall include a defined public process by which candidate projects are evaluated and selected. The process shall include both a quantitative analysis of the evaluation factors and qualitative review by the Department. The Department may apply different weights to the performance measures based on regional geography or project type. Projects selected as part of the process will be considered for inclusion in the State's multi-year transportation program and the annual element of the multi-year program. Starting April 1, 2022, no new capacity project shall be included in the multi-year transportation plan or annual element without being evaluated under the selection process described in this Section. Existing projects in the multi-year highway improvement program may be included regardless of the outcome of using the performance-based project selection tool. The policies that guide the performance-based project selection process shall be derived from State and regional long-range transportation plans. The Department shall certify that it is making progress toward the goals included in the State's long-range transportation plan. All plan and program development based on the project selection process described in this subsection shall include consideration of regional balance. The selection process shall be based on an objective and quantifiable analysis that considers, at a minimum, the goals identified in the long-range transportation plan and shall:

- (1) consider emissions and increase infrastructure resilience due to climate change; ~~and~~
- (2) reduce disparities in transportation system performance experienced by racially marginalized communities, low-income to moderate-income consumers, and other disadvantaged groups and populations identified under the Environmental Justice Act; and-
- (3) evaluate project potential for mode shift away from single-occupancy vehicles and commercial motor vehicles.

(f) The prioritization process developed under subsection (e) may apply only to State jurisdiction projects and not to:

- (1) projects funded by the Congestion Mitigation and Air Quality Improvement funds apportioned to the State pursuant to 23 U.S.C. 104(b)(4) and State matching funds;
- (2) projects funded by the Highway Safety Improvement Program funds apportioned to the State pursuant to 23 U.S.C. 104(b)(3) and State matching funds;
- (3) projects funded by the Transportation Alternatives funds set-aside pursuant to 23 U.S.C. 133(h) and State matching funds;
- (4) projects funded by the National Highway Freight Program pursuant to 23 U.S.C. 167 and State matching funds;
- (5) funds to be allocated to urban areas based on population under federal law; and
- (6) any new federal program that requires competitive selection, distribution to local public agencies, or specific eligibility.

(g) A summary of the project evaluation process, measures, program, and scores for all candidate projects shall be published on the Department website in a timely manner.

(Source: P.A. 102-573, eff. 8-24-21.)

(20 ILCS 2705/2705-440) (was 20 ILCS 2705/49.25h)
Sec. 2705-440. Intercity Rail Service.

(a) For the purposes of providing intercity railroad passenger service within this State and throughout the United States, the Department is authorized to enter into agreements with any state, state agency, unit ~~units~~ of local government or political subdivision ~~subdivisions~~, the Commuter Rail Division of the Northern

~~Illinois Transit~~ ~~Regional Transportation~~ Authority (or a public corporation on behalf of that Division), architecture or engineering firm ~~firms~~, the National Railroad Passenger Corporation, any carrier, or any individual, corporation, partnership, or public or private entity. The cost related to such services shall be borne in such proportion as, by agreement or contract the parties may desire.

(b) In providing any intercity railroad passenger service as provided in this Section, the Department shall have the following additional powers:

(1) to enter into trackage use agreements with rail carriers;

(1.5) to freely lease or otherwise contract for any purpose any of the locomotives, passenger railcars, and other rolling stock equipment or accessions to any state or state agency, public or private entity, or quasi-public entities;

(2) to enter into haulage agreements with rail carriers;

(3) to lease or otherwise contract for use, maintenance, servicing, and repair of any needed locomotives, rolling stock, stations, or other facilities, the lease or contract having a term not to exceed 50 years (but any multi-year contract shall recite that the contract is subject to termination and cancellation, without any penalty, acceleration payment, or other recoupment mechanism, in any fiscal year for which the General Assembly fails to make an adequate appropriation to cover the contract obligation);

(4) to enter into management agreements;

(5) to include in any contract indemnification of carriers or other parties for any liability with regard to intercity railroad passenger service;

(6) to obtain insurance for any losses or claims with respect to the service;

(7) to promote the use of the service;

(8) to make grants to any body politic and corporate, any unit of local government, or the Commuter Rail Division of the ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority to cover all or any part of any capital or operating costs of the service and to enter into agreements with respect to those grants;

(9) to set any fares or make other regulations with respect to the service, consistent with any contracts for the service; and

(10) to otherwise enter into any contracts necessary or convenient to provide rail services, operate or maintain locomotives, passenger railcars, and other rolling stock equipment or accessions, including the lease or use of such locomotives, railcars, equipment, or accessions.

(c) All service provided under this Section shall be exempt from all regulations by the Illinois Commerce Commission (other than for safety matters). ~~To the extent the service is provided by the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), it shall be exempt from safety regulations of the Illinois Commerce Commission to the extent the Commuter Rail Division adopts its own safety regulations.~~

(d) In connection with any powers exercised under this Section, the Department

(1) shall not have the power of eminent domain; and

(2) shall not directly operate any railroad service with its own employees.

(e) Any contract with the Commuter Rail Division of the ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority (or a public corporation on behalf of the Division) under this Section shall provide that all costs in excess of revenue received by the Division generated from intercity rail service provided by the Division shall be fully borne by the Department, and no funds for operation of commuter rail service shall be used, directly or indirectly, or for any period of time, to subsidize the intercity rail operation. If at any time the Division does not have sufficient funds available to satisfy the requirements of this Section, the Division shall forthwith terminate the operation of intercity rail service. The payments made by the Department to the Division for the intercity rail passenger service shall not be made in excess of those costs or as a subsidy for costs of commuter rail operations. This shall not prevent the contract from providing for efficient coordination of service and facilities to promote cost effective operations of both intercity rail passenger service and commuter rail services with cost allocations as provided in this paragraph.

(f) Whenever the Department enters into an agreement with any carrier for the Department's payment of such railroad required maintenance expenses necessary for intercity passenger service, the Department may deposit such required maintenance funds into an escrow account. Whenever the Department enters into an agreement with any State or State agency, any public or private entity or quasi-public entity for the lease, rental or use of locomotives, passenger railcars, and other rolling stock equipment or accessions, the Department may deposit such receipts into a separate escrow account. For purposes of this subsection,

"escrow account" ~~an escrow account~~ means any fiduciary account established with (i) any banking corporation which is both organized under the Illinois Banking Act and authorized to accept and administer trusts in this State, or (ii) any national banking association which has its principal place of business in this State and which also is authorized to accept and administer trusts in this State. The funds in any required maintenance escrow account may be withdrawn by the carrier or entity in control of the railroad being maintained, only with the consent of the Department, pursuant to a written maintenance agreement and pursuant to a maintenance plan that shall be updated each year. The funds in an escrow account holding lease payments, use fees, or rental payments may be withdrawn by the Department, only with the consent of the Midwest Fleet Pool Board and deposited into the High-Speed Rail Rolling Stock Fund. The moneys deposited in the escrow accounts shall be invested and reinvested, pursuant to the direction of the Department, in bonds and other interest bearing obligations of this State, or in such accounts, certificates, bills, obligations, shares, pools, or other securities as are authorized for the investment of public funds under the Public Funds Investment Act. Escrow accounts created under this subsection shall not have terms that exceed 20 years. At the end of the term of an escrow account holding lease payments, use fees, or rental payments, the remaining balance shall be deposited in the High-Speed Rail Rolling Stock Fund, a special fund that is created in the State ~~treasury~~ ~~Treasury~~. Moneys in the High-Speed Rail Rolling Stock Fund may be used for any purpose related to locomotives, passenger railcars, and other rolling stock equipment. The Department shall prepare a report for presentation to the Comptroller and the Treasurer each year that shows the amounts deposited and withdrawn, the purposes for withdrawal, the balance, and the amounts derived from investment.

(g) Whenever the Department enters into an agreement with any carrier, State or State agency, any public or private entity, or quasi-public entity for costs related to procurement and maintenance of locomotives, passenger railcars, and other rolling stock equipment or accessions, the Department shall deposit such receipts into the High-Speed Rail Rolling Stock Fund. Additionally, the Department may make payments into the High-Speed Rail Rolling Stock Fund for the State's share of the costs related to locomotives, passenger railcars, and other rolling stock equipment.

(20 ILCS 2705/2705-592 new)

Sec. 2705-592. Bus rapid transit and related technologies.

(a) As used in this Section, "metropolitan region" has the meaning given to that term in the Northern Illinois Transit Authority Act.

(b) To improve public transportation service in the metropolitan region, the Department of Transportation, the Illinois State Toll Highway Authority, and counties and municipalities in the metropolitan region shall collaborate with and provide support to the Authority in the implementation of bus rapid transit and bus priority service using the expressway, tollway, and other roadway systems in the metropolitan region. The Authority, in cooperation with the Department of Transportation, the Illinois State Toll Highway Authority, and counties and municipalities, shall evaluate and refine technologies and operations approaches to bus rapid transit and bus priority operations. The Authority shall also research, evaluate, and, where appropriate, implement vehicle, infrastructure, intelligent transportation systems, and other technologies to improve the quality and safety of public transportation on roadway systems in the metropolitan region.

(20 ILCS 2705/2705-594 new)

Sec. 2705-594. Transit Integration Policy Development Committee.

(a) The Transit Integration Policy Development Committee is created within the Department of Transportation to better integrate transit policy, planning, and design into Department decisions and highway planning and design. The Committee shall consist of the following members:

(1) The Secretary of Transportation or the Secretary of Transportation's designee;

(2) Representatives of the Department of Transportation that are involved in highway or intermodal project implementation, design, planning, or programming, as designated by the Secretary of Transportation; and

(3) Transportation experts from outside the Department, including, but not limited to, staff of a metropolitan planning organization or local transportation department, as designated by the Secretary of Transportation.

(b) The Committee shall recommend new policies and processes or shall review and recommend revisions to existing policies and processes for:

(1) identifying existing, planned, and potential future transit corridors;

(2) soliciting in a timely fashion and evaluating feedback from local transit agencies and local governments as it pertains to Department projects on existing, planned, and potential future transit corridors;

(3) coordinating with local transit authorities and local governments on the delivery of bus priority projects;

(4) incorporating designing for transit on highway projects in the Department's Design and Environment Manual; and

(5) developing a cost and maintenance policy for construction and maintenance of future facilities in partnership with transit agencies.

(c) The Committee shall research global best practices on optimizing roadways for public transportation services.

(d) The Committee shall consult with highway and transit experts, transit users, and other individuals and groups with knowledge and experience on how to optimize roadways for public transportation service.

(e) The Committee shall interface with the Blue-Ribbon Commission on Transportation Infrastructure Funding and Policy as needed.

(f) The Department shall implement policies and processes based on recommendations developed by the Transit Integration Policy Development Committee under subsection (b) and shall publish, by January 1, 2027, a report on the modifications to the Department's policies and procedures based on input from the Transit Integration Policy Development Committee. The report shall include the Department's identification of statutory provisions that the Department believes make it difficult or impossible for the Department to implement its recommended best practices for optimizing its highways for public transit service and users.

(g) The Transit Integration Policy Development Committee shall review and evaluate the Department's implementation of policies and processes created or revised under subsection (f). The Committee shall publish a report on the status of the Department's implementation of these policies and procedures by January 1, 2030.

(h) This Section is repealed January 1, 2030.

(20 ILCS 2705/2705-596 new)

Sec. 2705-596. Transit Coordination Oversight Officer.

(a) Within 12 months after the effective date of this amendatory Act of the 104th General Assembly, the Secretary of Transportation shall designate a Transit Coordination Oversight Officer within the Department of Transportation. The Transit Coordination Oversight Officer shall be tasked with the following:

(1) overseeing the Department's implementation of the policies and processes recommended by the Transit Integration Policy Development Committee;

(2) leading coordination across the Department to publish the Department's reports outlined in Section 2705-594 of this Code; and

(3) liaising with transit agencies, metropolitan planning organizations, and members of the public to solicit and evaluate feedback on the Department's implementation of transit-related policies and processes.

(b) This Section is repealed January 1, 2030.

(20 ILCS 2705/2705-630 new)

Sec. 2705-630. Transit to Trails Grant Program.

(a) Subject to appropriation, the Secretary shall establish the Transit to Trails Grant Program to award grants to eligible entities for projects that facilitate travel by public transportation to public outdoor recreation sites for outdoor activities, including hiking, biking, boating, picnicking, hunting, fishing, wildlife observation, or other nature-based activities. Grants awarded under the program shall be used to:

(1) alter or expand the operation of existing transit service to accommodate increased access by the public to outdoor recreation activities;

(2) construct new infrastructure or improve existing infrastructure to facilitate safe, convenient access to outdoor recreation sites, including, but not limited to, stations, stops, shelters, bike-share, and bicycle infrastructure; and

(3) conduct public outreach, education, and engagement efforts to inform the public and encourage the use of transit and access to outdoor recreation.

(b) The Secretary shall award grants through the program on an annual basis. The Department shall adopt necessary rules to create and implement the program.

(c) Eligible recipients of grants under the program shall include:

- (1) public transit agencies;
- (2) owners of outdoor recreation lands accessible by the general public, including parks districts, conservation districts, and forest preserve districts; and
- (3) units of local government, State agencies, and nonprofit organizations engaged in facilitating outdoor recreation opportunities.
- (d) In considering grant applications under the program, the Department shall prioritize projects that demonstrate an intent to enhance access to outdoor recreation opportunities for populations with the greatest need of improved access to outdoor nature-based recreation. These populations shall be defined as residents of:
 - (1) R3 Areas as established under Section 10-40 of the Cannabis Regulation and Tax Act;
 - (2) environmental justice communities as defined under the Illinois Solar for All Program and updated from time to time by the Illinois Power Agency and the Administrator of the Illinois Solar for All Program;
 - (3) communities that can demonstrate to the Secretary that the community has inadequate, insufficient, or no park space or recreation facilities, including by demonstrating:
 - (A) quality concerns relating to the available park space or recreation facilities;
 - (B) the presence of recreational facilities that do not serve the needs of the community; or
 - (C) the inequitable distribution of park space for high-need populations, based on income, age, or other measures of vulnerability and need; and
 - (4) communities in which at least 50% of the population is not located within 0.5 miles of park space.
- (e) The Department shall provide technical assistance in preparing grant applications to applicants upon request.

Section 20-910. The Metropolitan Transit Authority Act is amended by changing Sections 1, 2, 6, 7, 9a, 9b, 11, 12a, 12b, 12c, 15, 19, 20, 21, 23, 27, 28, 28a, 28d, 31, 38, and 42 and by adding Sections 19.5 and 33.10 as follows:

(70 ILCS 3605/1) (from Ch. 111 2/3, par. 301)

Sec. 1. This Act shall be known and may be cited as the Chicago Transit Authority Act and, for the purposes of legal obligations created prior to this amendatory Act of the 104th General Assembly, it may also be cited as the "Metropolitan Transit Authority Act."
(Source: Laws 1945, p. 1171.)

(70 ILCS 3605/2) (from Ch. 111 2/3, par. 302)

Sec. 2. When used in this Act:

"Transportation System" means all plants, equipment, property and rights useful for transportation of passengers for hire except taxicabs and includes, without limiting the generality of the foregoing, street railways, elevated railroads, subways and underground railroads, motor vehicles, trolley buses, motor buses and any combination thereof.

~~"Metropolitan area of Cook County" embraces all the territory in the County of Cook, State of Illinois East of the east line of Range Eleven (11), East of the Third Principal Meridian of the United States Government survey.~~

"Metropolitan area" has the meaning given to the term "metropolitan region" in the Northern Illinois Transit Authority Act means the metropolitan area of Cook County, as above defined.

"Authority" means Chicago Transit Authority created by this Act.

"Board" means Chicago Transit Board.

"Governor" means Governor of the State of Illinois.

"Mayor" means Mayor of the City of Chicago.

"Motor vehicle" means every vehicle which is self-propelled or which is propelled by electric power obtained from overhead trolley wires but not operated on rails.

"Municipal government" means a "municipality" as defined in Section 1 of Article VII of the Illinois Constitution.

"Unit of local government" has the meaning ascribed to it in Section 1 of Article VII of the Illinois Constitution.

(Source: P.A. 98-709, eff. 7-16-14.)

(70 ILCS 3605/6) (from Ch. 111 2/3, par. 306)

Sec. 6. Subject to the powers and duties of the Northern Illinois Transit Authority created by the Northern Illinois Transit Authority Act, ~~the~~ The Authority shall have power to acquire, construct, own, operate and maintain for public service a transportation system in the metropolitan area of Cook County and outside thereof to the extent herein provided and all the powers necessary or convenient to accomplish the purposes of this Act, including, without limiting the generality of the foregoing, the specific powers enumerated herein.

(Source: Laws 1955, p. 1166.)

(70 ILCS 3605/7) (from Ch. 111 2/3, par. 307)

Sec. 7. General powers.

(a) The Board of Authority shall:

(1) oversee the operations and management of the Authority;

(2) convey the Northern Illinois Transit Authority's goals, priorities, and requirements to the Authority; and

(3) convey information, concerns, and recommendations from the Authority to the Executive Director and Board of the Northern Illinois Transit Authority.

(b) The Board shall manage the debt that was issued and outstanding by the Authority and ensure that the obligations owed to bondholders are fulfilled.

(c) The Board may not incur new debt, except for:

(1) debt or other financial instruments designed to refinance or retire debt that was issued and outstanding on the effective date of this amendatory Act of the 104th General Assembly;

(2) debt or other financial instruments in the amounts, terms and conditions, and other requirements provided for in the Full Funding Grant Agreement in the form in which it was executed on January 10, 2025, and in effect on the date of this amendatory Act of the 104th General Assembly (Project ID No. IL-2025-001-00), commonly known as the Red Line Extension Project, and to refinance or retire debt that was issued pursuant to the Full Funding Grant Agreement in the form in which it was executed on January 10, 2025; and

(3) debt or other financial instruments in the amounts, terms and conditions, and other requirements provided for in the Full Funding Grant Agreement in the form in which it was executed on January 9, 2017, and in effect on the date of this amendatory Act of the 104th General Assembly (Project ID No. IL-2017-002-00), commonly known as the Red and Purple Modernization Phase One Project, and to refinance or retire debt that was issued pursuant to the Full Funding Grant Agreement in the form in which it was executed on January 9, 2017.

The Authority shall receive revenues sufficient to satisfy the financial obligation of the above instruments.

All material changes in the amount, terms and conditions, or other requirements of the projects covered by the Full Funding Agreements in paragraphs (2) and (3) and occurring after the effective date of this amendatory Act of the 104th General Assembly are subject to the review and approval of the Board of the Northern Illinois Transit Authority. The Authority shall cooperate with the Northern Illinois Transit Authority on the use of alternative issuers of debt or other financial instruments or other efforts by the Northern Illinois Transit Authority to reduce the debt expense of the above-referenced projects, including pursuit of additional funding sources. The authorization provided in paragraphs (2) and (3) of this subsection shall expire on December 31, 2032.

(d) In addition to any powers provided in this Act, the Authority shall have all of the powers specified in Section 2.20 of the Northern Illinois Transit Authority Act, except that the powers specified in paragraph (v) of subsection (a) of Section 2.20 must be delegated to the Authority by the Board of the Northern Illinois Transit Authority.

(e) The Board shall also have the power to:

(1) cooperate with the Northern Illinois Transit Authority in the exercise by the Northern Illinois Transit Authority of all the powers granted to the Northern Illinois Transit Authority by the Northern Illinois Transit Authority Act;

(2) receive funds from the Northern Illinois Transit Authority under Sections 2.02, 4.01, 4.02, 4.09 and 4.10 of the Northern Illinois Transit Authority Act, as provided in the Northern Illinois Transit Authority Act;

(3) receive financial grants from the Northern Illinois Transit Authority;

(4) adopt ordinances and rules to regulate the use, operation, and maintenance of its property and facilities; and

(5) to carry into effect the powers granted to the Authority, with any necessary fines or penalties, such as the suspension of riding privileges or confiscation of fare media under Section 2.40, as the Board deems proper.

(f) The Authority shall use powers delegated to it by the Northern Illinois Transit Authority to oversee the delivery of public transportation in the metropolitan region, provided that the Northern Illinois Transit Authority shall retain primary responsibility for setting fares, service standards, schedules, and coordinated fare collection so that the public transportation system in the metropolitan region operates on a one-network, one-timetable, one-ticket model for transit users. ~~The Authority shall have power to acquire by purchase, condemnation, lease, gift or otherwise all or any part of the plant, equipment, property, rights in property, reserve funds, employees' pension or retirement funds, special funds, franchises, licenses, patents, permits and papers, documents and records belonging to any public utility operating a transportation system within the metropolitan area of Cook County, together with all or any part of the right of way, equipment, fixed facilities and other property of any kind of any such utility extending beyond the boundaries of the metropolitan area of Cook County and forming part of an integrated suburban rapid transit, rail transportation facility or motor bus operation connecting with rapid transit or electric railway lines in super highways of the Authority or leading to the unification and integration of a unified rapid transit, rail, and motor bus operation in and about the metropolitan area of Cook County. Such properties upon acquisition by or lease to the Authority shall become and be operated as part of the transportation system of the Authority and the Authority shall have all powers in connection with such properties and such operations as are conferred by this Act with respect to the transportation system of the Authority located within the metropolitan area of Cook County. The Authority shall also have the power to enter into agreements to operate any such lines extending beyond the boundaries of the metropolitan area; such agreements to be subject to all other provisions of this Act. The Authority shall have power to contract for or lease for operation and maintenance by the Authority, any municipally owned local transportation subways or other municipally owned local transportation facilities or the facilities of any common carrier or the facilities of any local Mass Transit District, organized under the "Local Mass Transit Act", approved July 21, 1959, as heretofore and hereafter amended, whether such subways or facilities are within or without the metropolitan area of Cook County. The Authority shall have the power to contract with any local Mass Transit District, organized under the "Local Mass Transit Act", approved July 21, 1959, as heretofore and hereafter amended, or with any common carrier for the construction and operation of a transportation system, whether such transportation system is within or without the metropolitan area of Cook County. However, the Authority shall not have power to operate a motor bus facility, the major part of which is used for local transportation of passengers in any city, village or incorporated town, unless and until the Authority shall have secured the right to operate motor buses in such municipality for local transportation of passengers in the manner stated in Section 11 of this Act.~~

(Source: P.A. 76-1548.)

(70 ILCS 3605/9a) (from Ch. 111 2/3, par. 309a)

Sec. 9a. In addition to all its other powers, the Authority shall, in all its dealings with the Northern Illinois Transit ~~Regional Transportation~~ Authority established by the Northern Illinois Transit "Regional Transportation Authority Act", ~~enacted by the 78th General Assembly~~, have the following powers:

(a) to cooperate with the Northern Illinois Transit ~~Regional Transportation~~ Authority in the exercise by the Northern Illinois Transit ~~Regional Transportation~~ Authority of all the powers granted it by such Act;

(b) to receive funds from the Northern Illinois Transit ~~Regional Transportation~~ Authority pursuant to Sections 2.02, 4.01, 4.02, 4.09 and 4.10 of the Northern Illinois Transit "Regional Transportation Authority Act", all as provided in the Northern Illinois Transit "Regional Transportation Authority Act";

(c) to receive financial grants from the Northern Illinois Transit ~~Regional Transportation~~ Authority or a Service Board, as defined in the Northern Illinois Transit "Regional Transportation Authority Act", upon such terms and conditions as shall be set forth in a grant contract between either the Authority and the Northern Illinois Transit ~~Regional Transportation~~ Authority or the Authority and another Service Board, which contract or agreement may be for such number of years or duration as the parties may agree, all as provided in the Northern Illinois Transit "Regional Transportation Authority Act";

(d) to acquire from the Northern Illinois Transit ~~Regional Transportation~~ Authority any Public Transportation Facility, as defined in the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act", by purchase contract, gift, grant, exchange for other property or rights in property, lease (or sublease) or installment or conditional purchase contracts, which contracts or leases may provide for consideration to be paid in annual installments during a period not exceeding 40 years; such property may be acquired subject to

such conditions, restrictions, liens or security or other interests of other parties as the Authority may deem appropriate and in each case the Authority may acquire or dispose of a joint, leasehold, easement, license or other partial interest in such property;

(e) to sell, sell by installment contract, lease (or sublease) as lessor, or transfer to, or grant to or provide for the use by the Northern Illinois Transit ~~Regional Transportation~~ Authority any Public Transportation Facility, as defined in the Northern Illinois Transit ~~"Regional Transportation Authority Act"~~, upon such terms and for such consideration, or for no consideration, as the Authority may deem proper;

(f) to cooperate with the Northern Illinois Transit ~~Regional Transportation~~ Authority for the protection of employees of the Authority and users of public transportation facilities against crime and unsafe conditions and also to protect such facilities; such cooperation may include, without limitation, agreements for the coordination or merger of police or security forces;

(g) to file such budgets, financial plans and reports with and transfer such records, papers or documents to the Northern Illinois Transit ~~Regional Transportation~~ Authority as may be agreed upon with, or required by the Northern Illinois Transit ~~Regional Transportation~~ Authority, all as provided in the Northern Illinois Transit ~~"Regional Transportation Authority Act"~~.

(Source: P.A. 90-273, eff. 7-30-97.)

(70 ILCS 3605/9b) (from Ch. 111 2/3, par. 309b)

Sec. 9b. The Authority shall comply with the requirements imposed upon a Service Board in Sections 4.09(d) and 4.11 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act and with the requirements of Section 2.11 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act. ~~The Authority shall present evidence that it has complied with Section 27a of this Act to the Regional Transportation Authority.~~

(Source: P.A. 102-559, eff. 8-20-21.)

(70 ILCS 3605/12a) (from Ch. 111 2/3, par. 312a)

Sec. 12a. (a) In addition to other powers provided in Section 12b, the Authority may issue its notes from time to time, in anticipation of tax receipts of the Northern Illinois Transit ~~Regional Transportation~~ Authority allocated to the Authority or of other revenues or receipts of the Authority, in order to provide money for the Authority to cover any cash flow deficit which the Authority anticipates incurring. Provided, however, that no such notes may be issued unless the annual cost thereof is incorporated in a budget or revised budget of the Authority which has been approved by the Northern Illinois Transit ~~Regional Transportation~~ Authority. Any such notes are referred to as "Working Cash Notes". Provided further that, the board shall not issue and have outstanding or demand and direct that the Board of the Northern Illinois Transit ~~Regional Transportation~~ Authority issue and have outstanding more than an aggregate of \$40,000,000 in Working Cash Notes. No Working Cash Notes shall be issued for a term of longer than 18 months. Proceeds of Working Cash Notes may be used to pay day to day operating expenses of the Authority, consisting of wages, salaries and fringe benefits, professional and technical services (including legal, audit, engineering and other consulting services), office rental, furniture, fixtures and equipment, insurance premiums, claims for self-insured amounts under insurance policies, public utility obligations for telephone, light, heat and similar items, travel expenses, office supplies, postage, dues, subscriptions, public hearings and information expenses, fuel purchases, and payments of grants and payments under purchase of service agreements for operations of transportation agencies, prior to the receipt by the Authority from time to time of funds for paying such expenses. Proceeds of the Working Cash Notes shall not be used (i) to increase or provide a debt service reserve fund for any bonds or notes other than Working Cash Notes of the same Series, or (ii) to pay principal of or interest or redemption premium on any capital bonds or notes, whether as such amounts become due or by earlier redemption, issued by the Authority or a transportation agency to construct or acquire public transportation facilities, or to provide funds to purchase such capital bonds or notes.

(b) The ordinance providing for the issuance of any such notes shall fix the date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions and all other details of such notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale and security of such notes. The Authority shall determine and fix the rate or rates of interest of its notes issued under this Act in an ordinance adopted by the Board prior to the issuance thereof, none of which rates of interest shall exceed that permitted in the Bond Authorization Act. Interest may be payable annually or semi-annually, or at such other times as determined by the Board. Notes issued under this Section may be issued as serial or term obligations, shall be of such denomination or denominations and form, including interest coupons to be attached thereto, be executed in such manner, shall be payable at such

place or places and bear such date as the Board shall fix by the ordinance authorizing such note and shall mature at such time or times, within a period not to exceed 18 months from the date of issue, and may be redeemable prior to maturity with or without premium, at the option of the Board, upon such terms and conditions as the Board shall fix by the ordinance authorizing the issuance of such notes. The Board may provide for the registration of notes in the name of the owner as to the principal alone or as to both principal and interest, upon such terms and conditions as the Board may determine. The ordinance authorizing notes may provide for the exchange of such notes which are fully registered, as to both principal and interest, with notes which are registerable as to principal only. All notes issued under this Section by the Board shall be sold at a price which may be at a premium or discount but such that the interest cost (excluding any redemption premium) to the Board of the proceeds of an issue of such notes, computed to stated maturity according to standard tables of bond values, shall not exceed that permitted in the Bond Authorization Act. Such notes shall be sold at such time or times as the Board shall determine. The notes may be sold either upon competitive bidding or by negotiated sale (without any requirement of publication of intention to negotiate the sale of such notes), as the Board shall determine by ordinance adopted with the affirmative votes of at least 4 Directors. In case any officer whose signature appears on any notes or coupons authorized pursuant to this Section shall cease to be such officer before delivery of such notes, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until such delivery. Neither the Directors of the Regional Transportation Authority, the Directors of the Authority nor any person executing any bonds or notes thereof shall be liable personally on any such bonds or notes or coupons by reason of the issuance thereof.

(c) All notes of the Authority issued pursuant to this Section shall be general obligations of the Authority to which shall be pledged the full faith and credit of the Authority, as provided in this Section. Such notes shall be secured as provided in the authorizing ordinance, which may, notwithstanding any other provision of this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all tax receipts of the ~~Northern Illinois Transit~~ Regional Transportation Authority allocated to the Authority and on any or all other revenues or moneys of the Authority from whatever source which may by law be utilized for debt service purposes and a specific pledge or assignment of and lien on or security interest in any funds or accounts established or provided for by the ordinance of the Board authorizing the issuance of such notes. Any such pledge, assignment, lien or security interest for the benefit of holders of notes of the Authority shall be valid and binding from the time the notes are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest. The obligations of the Authority incurred pursuant to this Section shall be superior to and have priority over any other obligations of the Authority except for obligations under Section 12. The Board may provide in the ordinance authorizing the issuance of any notes issued pursuant to this Section for the creation of, deposits in, and regulation and disposition of sinking fund or reserve accounts relating to such notes. The ordinance authorizing the issuance of any notes pursuant to this Section may contain provisions as part of the contract with the holders of the notes, for the creation of a separate fund to provide for the payment of principal and interest on such notes and for the deposit in such fund from any or all the tax receipts of the ~~Northern Illinois Transit~~ Regional Transportation Authority allocated to the Authority and from any or all such other moneys or revenues of the Authority from whatever source which may by law be utilized for debt service purposes, all as provided in such ordinance, of amounts to meet the debt service requirements on such notes, including principal and interest, and any sinking fund or reserve fund account requirements as may be provided by such ordinance, and all expenses incident to or in connection with such fund and accounts or the payment of such notes. Such ordinance may also provide limitations on the issuance of additional notes of the Authority. No such notes of the Authority shall constitute a debt of the State of Illinois.

(d) The ordinance of the Board authorizing the issuance of any notes may provide additional security for such notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within the State) with respect to such notes. The ordinance shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Authority and the protection of the holders of such notes. The ordinance may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided by the ordinance with respect to the notes. The ordinance shall provide that amounts so paid to the trustee which are not required to be deposited, held or invested in funds and accounts created by the ordinance with respect to notes or used for paying notes to be paid by the trustee to the Authority.

(e) Any notes of the Authority issued pursuant to this Section shall constitute a contract between the Authority and the holders from time to time of such notes. In issuing any note, the Board may include in the ordinance authorizing such issue a covenant as part of the contract with the holders of the notes, that as long as such obligations are outstanding, it shall make such deposits, as provided in paragraph (c) of this Section. A certified copy of the ordinance authorizing the issuance of any such obligations shall be filed at or prior to the issuance of such obligations with the Northern Illinois Transit ~~Regional Transportation~~ Authority, Comptroller of the State of Illinois and the Illinois Department of Revenue.

(f) The State of Illinois pledges to and agrees with the holders of the notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act or in the Regional Transportation Authority by the Regional Transportation Authority Act so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, or the use of such funds, so as to impair the terms of any such contract. The Board is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

(g) The Board shall not at any time issue, sell or deliver any Interim Financing Notes pursuant to this Section which will cause it to have issued and outstanding at any time in excess of \$40,000,000 of Working Cash Notes. Notes which are being paid or retired by such issuance, sale or delivery of notes, and notes for which sufficient funds have been deposited with the paying agency of such notes to provide for payment of principal and interest thereon or to provide for the redemption thereof, all pursuant to the ordinance authorizing the issuance of such notes, shall not be considered to be outstanding for the purposes of this paragraph.

(h) The Board, subject to the terms of any agreements with noteholders as may then exist, shall have power, out of any funds available therefor, to purchase notes of the Authority which shall thereupon be cancelled.

(i) In addition to any other authority granted by law, the State Treasurer may, with the approval of the Governor, invest or reinvest, at a price not to exceed par, any State money in the State Treasury which is not needed for current expenditures due or about to become due in Interim Financing Notes. In the event of a default on an interim financing note issued by the Chicago Transit Authority in which State money in the State treasury was invested, the Treasurer may, after giving notice to the Authority, certify to the Comptroller the amounts of the defaulted interim financing note, in accordance with any applicable rules of the Comptroller, and the Comptroller must deduct and remit to the State treasury the certified amounts or a portion of those amounts from the following proportions of payments of State funds to the Authority:

(1) in the first year after default, one-third of the total amount of any payments of State funds to the Authority;

(2) in the second year after default, two-thirds of the total amount of any payments of State funds to the Authority; and

(3) in the third year after default and for each year thereafter until the total invested amount is repaid, the total amount of any payments of State funds to the Authority.

(70 ILCS 3605/12b) (from Ch. 111 2/3, par. 312b)

Sec. 12b. Working Cash Borrowing. In addition to the powers provided in Section 12a, the Board with the affirmative vote of 4 ~~5~~ of its Directors may ~~request demand and direct~~ the Board of the Northern Illinois Transit ~~Regional Transportation~~ Authority to issue Working Cash Notes at such time and in such amounts and having such maturities as the Authority deems proper, provided however any such borrowing shall have been specifically identified in the budget of the Authority as approved by the Board of the Northern Illinois Transit ~~Regional Transportation~~ Authority. Provided further, that the Board may not issue and have outstanding or demand and direct the Board of the Regional Transportation Authority to issue and have outstanding more than an aggregate of \$40,000,000 in Working Cash Notes.

(Source: P.A. 83-885; 83-886.)

(70 ILCS 3605/12c)

Sec. 12c. Retiree Benefits Bonds and Notes.

(a) In addition to all other bonds or notes that it is authorized to issue, the Authority is authorized to issue its bonds or notes for the purposes of providing funds for the Authority to make the deposits described in Section 12c(b)(1) and (2), for refunding any bonds authorized to be issued under this Section, as well as for the purposes of paying costs of issuance, obtaining bond insurance or other credit enhancement or liquidity facilities, paying costs of obtaining related swaps as authorized in the Bond Authorization Act ("Swaps"), providing a debt service reserve fund, paying Debt Service (as defined in paragraph (i) of this Section 12c), and paying all other costs related to any such bonds or notes.

(b)(1) After its receipt of a certified copy of a report of the Auditor General of the State of Illinois meeting the requirements of Section 3-2.3 of the Illinois State Auditing Act, the Authority may issue \$1,348,550,000 aggregate original principal amount of bonds and notes. After payment of the costs of issuance and necessary deposits to funds and accounts established with respect to debt service, the net proceeds of such bonds or notes shall be deposited only in the Retirement Plan for Chicago Transit Authority Employees and used only for the purposes required by Section 22-101 of the Illinois Pension Code. Provided that no less than \$1,110,500,000 has been deposited in the Retirement Plan, remaining proceeds of bonds issued under this subparagraph (b)(1) may be used to pay costs of issuance and make necessary deposits to funds and accounts with respect to debt service for bonds and notes issued under this subparagraph or subparagraph (b)(2).

(2) After its receipt of a certified copy of a report of the Auditor General of the State of Illinois meeting the requirements of Section 3-2.3 of the Illinois State Auditing Act, the Authority may issue \$639,680,000 aggregate original principal amount of bonds and notes. After payment of the costs of issuance and necessary deposits to funds and accounts established with respect to debt service, the net proceeds of such bonds or notes shall be deposited only in the Retiree Health Care Trust and used only for the purposes required by Section 22-101B of the Illinois Pension Code. Provided that no less than \$528,800,000 has been deposited in the Retiree Health Care Trust, remaining proceeds of bonds issued under this subparagraph (b)(2) may be used to pay costs of issuance and make necessary deposits to funds and accounts with respect to debt service for bonds and notes issued under this subparagraph or subparagraph (b)(1).

(3) In addition, refunding bonds are authorized to be issued for the purpose of refunding outstanding bonds or notes issued under this Section 12c.

(4) The bonds or notes issued under 12c(b)(1) shall be issued as soon as practicable after the Auditor General issues the report provided in Section 3-2.3(b) of the Illinois State Auditing Act. The bonds or notes issued under 12c(b)(2) shall be issued as soon as practicable after the Auditor General issues the report provided in Section 3-2.3(c) of the Illinois State Auditing Act.

(5) With respect to bonds and notes issued under subparagraph (b), scheduled aggregate annual payments of interest or deposits into funds and accounts established for the purpose of such payment shall commence within one year after the bonds and notes are issued. With respect to principal and interest, scheduled aggregate annual payments of principal and interest or deposits into funds and accounts established for the purpose of such payment shall be not less than 70% in 2009, 80% in 2010, and 90% in 2011, respectively, of scheduled payments or deposits of principal and interest in 2012 and shall be substantially equal beginning in 2012 and each year thereafter. For purposes of this subparagraph (b), "substantially equal" means that debt service in any full year after calendar year 2011 is not more than 115% of debt service in any other full year after calendar year 2011 during the term of the bonds or notes. For the purposes of this subsection (b), with respect to bonds and notes that bear interest at a variable rate, interest shall be assumed at a rate equal to the rate for United States Treasury Securities - State and Local Government Series for the same maturity, plus 75 basis points. If the Authority enters into a Swap with a counterparty requiring the Authority to pay a fixed interest rate on a notional amount, and the Authority has made a determination that such Swap was entered into for the purpose of providing substitute interest payments for variable interest rate bonds or notes of a particular maturity or maturities in a principal amount equal to the notional amount of the Swap, then during the term of the Swap for purposes of any calculation of interest payable on such bonds or notes, the interest rate on the bonds or notes of such maturity or maturities shall be determined as if such bonds or notes bore interest at the fixed interest rate payable by the Authority under such Swap.

(6) No bond or note issued under this Section 12c shall mature later than December 31, 2040.

(c) The Chicago Transit Board shall provide for the issuance of bonds or notes as authorized in this Section 12c by the adoption of an ordinance. The ordinance, together with the bonds or notes, shall constitute a contract among the Authority, the owners from time to time of the bonds or notes, any bond

trustee with respect to the bonds or notes, any related credit enhancer and any provider of any related Swaps.

(d) The Authority is authorized to cause the proceeds of the bonds or notes, and any interest or investment earnings on the bonds or notes, and of any Swaps, to be invested until the proceeds and any interest or investment earnings have been deposited with the Retirement Plan or the Retiree Health Care Trust.

(e) Bonds or notes issued pursuant to this Section 12c may be general obligations of the Authority, to which shall be pledged the full faith and credit of the Authority, or may be obligations payable solely from particular sources of funds all as may be provided in the authorizing ordinance. The authorizing ordinance for the bonds and notes, whether or not general obligations of the Authority, may provide for the Debt Service (as defined in paragraph (i) of this Section 12c) to have a claim for payment from particular sources of funds, including, without limitation, amounts to be paid to the Authority or a bond trustee. The authorizing ordinance may provide for the means by which the bonds or notes (and any related Swaps) may be secured, which may include, a pledge of any revenues or funds of the Authority from whatever source which may by law be utilized for paying Debt Service. In addition to any other security, upon the written approval of the Northern Illinois Transit ~~Regional Transportation~~ Authority by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01 of the Northern Illinois Transit Authority Act, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01 of the Northern Illinois Transit Authority Act, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01 of the Northern Illinois Transit Authority Act, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 of the Northern Illinois Transit Authority Act, the ordinance may provide a specific pledge or assignment of and lien on or security interest in amounts to be paid to the Authority by the Northern Illinois Transit ~~Regional Transportation~~ Authority and direct payment thereof to the bond trustee for payment of Debt Service with respect to the bonds or notes, subject to the provisions of existing lease agreements of the Authority with any public building commission. The authorizing ordinance may also provide a specific pledge or assignment of and lien on or security interest in and direct payment to the trustee of all or a portion of the moneys otherwise payable to the Authority from the City of Chicago pursuant to an intergovernmental agreement with the Authority to provide financial assistance to the Authority. Any such pledge, assignment, lien or security interest for the benefit of owners of bonds or notes shall be valid and binding from the time the bonds or notes are issued, without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person, irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest, all as provided in the Local Government Debt Reform Act, as it may be amended from time to time. The bonds or notes of the Authority issued pursuant to this Section 12c shall have such priority of payment and as to their claim for payment from particular sources of funds, including their priority with respect to obligations of the Authority issued under other Sections of this Act, all as shall be provided in the ordinances authorizing the issuance of the bonds or notes. The ordinance authorizing the issuance of any bonds or notes under this Section may provide for the creation of, deposits in, and regulation and disposition of sinking fund or reserve accounts relating to those bonds or notes and related agreements. The ordinance authorizing the issuance of any such bonds or notes authorized under this Section 12c may contain provisions for the creation of a separate fund to provide for the payment of principal of and interest on those bonds or notes and related agreements. The ordinance may also provide limitations on the issuance of additional bonds or notes of the Authority.

(f) Bonds or notes issued under this Section 12c shall not constitute an indebtedness of the Northern Illinois Transit ~~Regional Transportation~~ Authority, the State of Illinois, or of any other political subdivision of or municipality within the State, except the Authority.

(g) The ordinance of the Chicago Transit Board authorizing the issuance of bonds or notes pursuant to this Section 12c may provide for the appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within Illinois) with respect to bonds or notes issued pursuant to this Section 12c. The ordinance shall prescribe the rights, duties, and powers of the trustee to be exercised for the benefit of the Authority and the protection of the owners of bonds or notes issued pursuant to this Section 12c. The ordinance may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided by the ordinance with respect to the bonds or notes in accordance with this Section 12c. The Authority may apply, as it shall determine, any amounts received upon the sale of the

bonds or notes to pay any Debt Service on the bonds or notes. The ordinance may provide for a trust indenture to set forth terms of, sources of payment for and security for the bonds and notes.

(h) The State of Illinois pledges to and agrees with the owners of the bonds or notes issued pursuant to Section 12c that the State of Illinois will not limit the powers vested in the Authority by this Act to pledge and assign its revenues and funds as security for the payment of the bonds or notes, or vested in the Northern Illinois Transit ~~Regional Transportation~~ Authority by the Northern Illinois Transit ~~Regional Transportation~~ Authority Act or this Act, so as to materially impair the payment obligations of the Authority under the terms of any contract made by the Authority with those owners or to materially impair the rights and remedies of those owners until those bonds or notes, together with interest and any redemption premium, and all costs and expenses in connection with any action or proceedings by or on behalf of such owners are fully met and discharged. The Authority is authorized to include these pledges and agreements of the State of Illinois in any contract with owners of bonds or notes issued pursuant to this Section 12c.

(i) For purposes of this Section, "Debt Service" with respect to bonds or notes includes, without limitation, principal (at maturity or upon mandatory redemption), redemption premium, interest, periodic, upfront, and termination payments on Swaps, fees for bond insurance or other credit enhancement, liquidity facilities, the funding of bond or note reserves, bond trustee fees, and all other costs of providing for the security or payment of the bonds or notes.

(j) The Authority shall adopt a procurement program with respect to contracts relating to the following service providers in connection with the issuance of debt for the benefit of the Retirement Plan for Chicago Transit Authority Employees: underwriters, bond counsel, financial advisors, and accountants. The program shall include goals for the payment of not less than 30% of the total dollar value of the fees from these contracts to minority-owned businesses and women-owned businesses as defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act. The Authority shall conduct outreach to minority-owned businesses and women-owned businesses. Outreach shall include, but is not limited to, advertisements in periodicals and newspapers, mailings, and other appropriate media. The Authority shall submit to the General Assembly a comprehensive report that shall include, at a minimum, the details of the procurement plan, outreach efforts, and the results of the efforts to achieve goals for the payment of fees. The service providers selected by the Authority pursuant to such program shall not be subject to approval by the Northern Illinois Transit ~~Regional Transportation~~ Authority, and the Northern Illinois Transit ~~Regional Transportation~~ Authority's approval pursuant to subsection (e) of this Section 12c related to the issuance of debt shall not be based in any way on the service providers selected by the Authority pursuant to this Section.

(k) No person holding an elective office in this State, holding a seat in the General Assembly, serving as a director, trustee, officer, or employee of the Northern Illinois Transit ~~Regional Transportation~~ Authority or the Chicago Transit Authority, including the spouse or minor child of that person, may receive a legal, banking, consulting, or other fee related to the issuance of any bond issued by the Chicago Transit Authority pursuant to this Section.

(70 ILCS 3605/15) (from Ch. 111 2/3, par. 315)

Sec. 15. To the extent permitted by the Northern Illinois Transit Authority Act, the ~~The~~ Authority shall have power to apply for and accept grants and loans from the Federal Government or any agency or instrumentality thereof, from the State, or from any county, municipal corporation or other political subdivision of the State to be used for any of the purposes of the Authority, including, but not by way of limitation, grants and loans in aid of mass transportation and for studies in mass transportation, and may provide matching funds when necessary to qualify for such grants or loans. The Authority may enter into any agreement with the Federal Government, the State, and any county, municipal corporation or other political subdivision of the State in relation to such grants or loans; provided that such agreement does not conflict with any of the provisions of any trust agreement securing the payment of bonds or certificates of the Authority.

The Authority may also accept from the State ~~state~~, or from any county or other political subdivision, or from any municipal corporation, or school district, or school authorities, grants or other funds authorized by law to be paid to the Authority for any of the purposes of this Act.

(70 ILCS 3605/19) (from Ch. 111 2/3, par. 319)

Sec. 19.

(a) This Section is repealed on February 1, 2026.

(b) The governing and administrative body of the Authority shall be a board consisting of seven members, to be known as Chicago Transit Board. Members of the Board shall be residents of the metropolitan area and persons of recognized business ability. No member of the Board of the Authority shall hold any other office or employment under the Federal, State or any County or any municipal government, or any other unit of local government, except an honorary office without compensation or an office in the National Guard. No employee of the Authority shall hold any other office or employment under the Federal, State or any County or any municipal government, or any other unit of local government, except an office with compensation not exceeding \$15,000 annually or a position in the National Guard or the United States military reserves. Provided, however, that the Chairman may be a member of the Board of the Northern Illinois Transit Authority. No member of the Board or employee of the Authority shall have any private financial interest, profit or benefit in any contract, work or business of the Authority nor in the sale or lease of any property to or from the Authority. The salary of each member of the initial Board shall be \$15,000.00 per annum, and such salary shall not be increased or diminished during his or her term of office. The salaries of successor members of the Board shall be fixed by the Board and shall not be increased or diminished during their respective terms of office. No Board member shall be allowed any fees, perquisites or emoluments, reward or compensation for his or her services as a member or officer of the Authority aside from his or her salary or pension, but he or she shall be reimbursed for actual expenses incurred by him or her in the performance of his or her duties.

(Source: P.A. 98-709, eff. 7-16-14.)

(70 ILCS 3605/19.5 new)

Sec. 19.5. Chicago Transit Board.

(a) The governing body of the Chicago Transit Authority shall be the Chicago Transit Board. Beginning February 1, 2026, the Board shall consist of 6 members appointed as follows:

(1) One member appointed by the Governor, with the advice and consent of the Senate. The member appointed under this paragraph shall have an initial term of 5 years. The member appointed under this paragraph shall be a Director of the Northern Illinois Transit Authority.

(2) Three members appointed by the Mayor of Chicago, with the advice and consent of the City Council of the City of Chicago including:

(A) a member with an initial term of 3 years who shall serve as a member of the Northern Illinois Transit Authority;

(B) a member with an initial term of 5 years; and

(C) a member with an initial term of 3 years.

(3) Two members appointed by the President of the Cook County Board of Commissioners, with the advice and consent of the Cook County Board of Commissioners. Members appointed under this paragraph shall include:

(A) a member with an initial term of 3 years who shall serve as a member of the Northern Illinois Transit Authority; and

(B) a member with an initial term of 5 years.

(b) The subsequent terms of each director appointed under subsection (a) shall be 5 years.

(c) The Chair of the Board shall be elected by a simple majority vote by the members of the Board from among the members of the Board, subject to the advice and consent of the Senate.

(d) Initial appointments of members under subsection (a) must be made in time for the members to begin their terms on February 1, 2026.

(e) On February 1, 2026, the terms of all members serving on the effective date of this amendatory Act of the 104th General Assembly, and of any members appointed to fill a vacancy, shall immediately expire. If a vacancy on the Board occurs before February 1, 2026, then the vacancy shall be filled under Section 21. Members serving on the effective date of this amendatory Act of the 104th General Assembly may be reappointed under subsection (a).

(f) The members of the Board shall receive an annual salary of \$15,000; except that members of the Board who are also members of the Board of the Northern Illinois Transit Authority shall receive \$5,000 per year in addition to the compensation the members receive for serving on the Board of the Northern Illinois Transit Authority.

(70 ILCS 3605/20) (from Ch. 111 2/3, par. 320)

Sec. 20.

(a) This Section is repealed on February 1, 2026.

(b) Within sixty (60) days after the adoption of this Act by the electors of one or more cities, villages and incorporated towns within the metropolitan area having a population in the aggregate of at least 100,000 according to the Federal census of 1940, the Governor, by and with the advice and consent of the Senate, shall appoint three members of the Board for initial terms expiring September first of the years 1947, 1948 and 1949, respectively, at least one of which members shall be a resident of that portion of the metropolitan area which is outside the corporate limits of the City of Chicago, and the Mayor, with advice and consent of the City Council of the City of Chicago, shall appoint four members of the Board for initial terms expiring September first of the years 1946, 1950, 1951 and 1952, respectively. At the expiration of the term of any member appointed by the Governor his successor shall be appointed by the Governor, and at the expiration of the term of any member appointed by the Mayor his successor shall be appointed by the Mayor in like manner, and with like regard as to the place of residence of the appointee, as appointments for the initial terms. All successors shall hold office for the term of seven years from the first day of September of the year in which they are appointed, except in case of an appointment to fill a vacancy. In case of vacancy in the office of any member appointed by the Governor during the recess of the Senate, the Governor shall make a temporary appointment until the next meeting of the Senate when he shall nominate some person to fill such office; and any person so nominated, who is confirmed by the Senate, shall hold his office during the remainder of the term and until his successor shall be appointed and qualified. If the Senate is not in session at the time this Act takes effect, the Governor shall make temporary appointments as in case of vacancies. Each appointment by the Governor shall be subject to approval by the Mayor, and each appointment by the Mayor shall be subject to approval by the Governor and, when so approved, the Governor and the Mayor shall certify their respective appointments and approvals to the Secretary of State. If the Governor or the Mayor does not approve or disapprove the appointment by the Mayor or the Governor, respectively, within 15 days after receipt thereof, the person is appointed. Within thirty days after certification and approval of his appointment, and before entering upon the duties of his office, each member of the Board shall take and subscribe the constitutional oath of office and file it in the office of the Secretary of State.

(Source: P.A. 79-938.)

(70 ILCS 3605/21) (from Ch. 111 2/3, par. 321)

Sec. 21. Members of the Board shall hold office until their respective successors have been appointed and have qualified. Any member may resign from his or her office, to take effect when his or her successor has been appointed and has qualified. An appointing authority ~~The Governor and the Mayor, respectively,~~ may remove any member of the Board appointed by him or her in case of incompetency, neglect of duty, or malfeasance in office. They may give him or her a copy of the charges against him or her and an opportunity to be publicly heard in person or by counsel in his or her own defense upon not less than 10 days' notice. The Governor may remove any member in response to a summary report received from the Executive Inspector General in accordance with Section 20-50 of the State Officials and Employees Ethics Act, provided he or she has an opportunity to be publicly heard in person or by counsel prior to removal. In case of failure to qualify within the time required, or of abandonment of his or her office, or in case of death, conviction of a crime or removal from office, his or her office shall become vacant. Each vacancy shall be filled for the unexpired term by appointment in like manner, and with like regard as to the place of residence of the appointee, as in case of expiration of the term of a member of the Board.

(Source: P.A. 96-1528, eff. 7-1-11.)

(70 ILCS 3605/23) (from Ch. 111 2/3, par. 323)

Sec. 23. Regular meetings of the Board shall be held at least once in each calendar month, the time and place of such meetings to be fixed by the Board. Four members of the Board shall constitute a quorum for the transaction of business. All action of the Board shall be by ordinance or resolution and the affirmative vote of at least 4 ~~four~~ members shall be necessary for the adoption of any ordinance or resolution. All such ordinances and resolutions before taking effect shall be approved by the chairman of the Board, and if he shall approve thereof he shall sign the same, and such as he shall not approve he shall return to the Board with his objections thereto in writing at the next regular meeting of the Board occurring after the passage thereof. But in case the chairman shall fail to return any ordinance or resolution with his objections thereto by the time aforesaid, he shall be deemed to have approved the same and it shall take effect accordingly. Upon the return of any ordinance or resolution by the chairman with his objections, the vote by which the same was passed shall be reconsidered by the Board, and if upon such reconsideration said ordinance or resolution is passed by the affirmative vote of at least 4 ~~five~~ members, it shall go into effect notwithstanding the veto of the chairman. All ordinances, resolutions and all proceedings of the Authority and all documents and records in its possession shall be public records, and open to public

inspection, except such documents and records as shall be kept or prepared by the Board for use in negotiations, action or proceedings to which the Authority is a party.

Open meetings of the Board shall be broadcast to the public and maintained in real-time on the Board's website using a high-speed Internet connection. Recordings of each meeting broadcast shall be posted to the Board's website within a reasonable time after the meeting and shall be maintained as public records to the extent practicable, as determined by the Board. Compliance with the provisions of this amendatory Act of the 98th General Assembly does not relieve the Board of its obligations under the Open Meetings Act.

(Source: P.A. 98-1139, eff. 6-1-15.)

(70 ILCS 3605/27) (from Ch. 111 2/3, par. 327)

Sec. 27. The Board may appoint an Executive Director with the advice and consent of the Board of the Northern Illinois Transit Authority. The Executive Director shall have demonstrated experience with one or more of the following areas: (i) public transportation system operations; (ii) infrastructure capital project management; or (iii) legal or human resource management for a public agency. The Executive Director shall also meet any qualifications that may be set by ordinance of the Northern Illinois Transit Authority. The Executive Director ~~who~~ shall be a person of recognized ability and experience in the operation of transportation systems to hold office during the pleasure of the Board. The Chair and the Executive Director of the Northern Illinois Transit Authority shall be included in the process for choosing the Executive Director of the Authority, including membership in any search committee. The Executive Director shall (i) ~~manage~~ ~~have management of~~ the properties and business of the Authority and the employees thereof, subject to the general control of the Board, (ii) ~~shall~~ direct the enforcement of all ordinances, resolutions, rules, and regulations of the Board, and (iii) ~~perform other duties and have other powers~~ shall perform such other duties as may be prescribed from time to time by the Board of the Northern Illinois Transit Authority in an ordinance describing the position's role, powers, and responsibilities. The Board may appoint a General Counsel and a Chief Engineer, and shall provide for the appointment of other officers, attorneys, engineers, consultants, agents and employees as may be necessary for the construction, extension, operation, maintenance, and policing of its properties. It shall define their duties and require bonds of such of them as the Board may designate. The Executive Director, General Counsel, Chief Engineer, and all other officers provided for under this Section ~~pursuant to this section~~ shall be exempt from taking and subscribing any oath of office. The compensation of the Executive Director, General Counsel, Chief Engineer, and all other officers, attorneys, consultants, agents and employees shall be fixed by the Board.

~~In the policing of its properties the Board may provide for the appointment and maintenance, from time to time, of such police force as it may find necessary and practicable to aid and supplement the police forces of any municipality in the protection of its property and the protection of the persons and property of its passengers and employees, or otherwise in furtherance of the purposes for which such Authority was organized. The members of such police force shall have and exercise like police powers to those conferred upon the police of cities. Neither the Authority, the members of its Board nor its officers or employees shall be held liable for failure to provide a security or police force or, if a security or police force is provided, for failure to provide adequate police protection or security, failure to prevent the commission of crimes by fellow passengers or other third persons or for the failure to apprehend criminals.~~

(Source: P.A. 84-939; 87-597.)

(70 ILCS 3605/28) (from Ch. 111 2/3, par. 328)

Sec. 28. The Board shall classify all the offices, positions and grades of regular and exempt employment required, excepting that of the Chairman of the Board, the Executive Director, Secretary, Treasurer, General Counsel, and Chief Engineer, with reference to the duties, job title, job schedule number, and the compensation fixed therefor, and adopt rules governing appointments to any of such offices or positions on the basis of merit and efficiency. The job title shall be generally descriptive of the duties performed in that job, and the job schedule number shall be used to identify a job title and to further classify positions within a job title. No unlawful discrimination, as defined and prohibited in the Illinois Human Rights Act, shall be made in any term or aspect of employment. There shall not be discrimination based upon political reasons or factors. No discrimination shall be made in any appointment or promotion to any office, position, or grade of regular employment because of race, creed, color, sex, national origin, physical or mental disability unrelated to ability, or political or religious affiliations. No officer or employee in regular employment shall be discharged or demoted except for cause which is detrimental to the service. Any officer or employee in regular employment who is discharged or demoted may file a complaint in writing with the Board within ten days after notice of his or her discharge or demotion. If an employee is a

member of a labor organization the complaint may be filed by such organization for and in behalf of such employee. The Board shall grant a hearing on such complaint within thirty (30) days after it is filed. The time and place of the hearing shall be fixed by the Board and due notice thereof given to the complainant, the labor organization by or through which the complaint was filed and the Executive Director. The hearing shall be conducted by the Board, or any member thereof or any officers' committee or employees' committee appointed by the Board. The complainant may be represented by counsel. If the Board finds, or approves a finding of the member or committee appointed by the Board, that the complainant has been unjustly discharged or demoted, he or she shall be restored to his or her office or position with back pay. The decision of the Board shall be final and not subject to review. The Board may designate such offices, positions, and grades of employment as exempt as it deems necessary for the efficient operation of the business of the Authority. The total number of employees occupying exempt offices, positions, or grades of employment may not exceed 3% of the total employment of the Authority. All exempt offices, positions, and grades of employment shall be at will. No unlawful discrimination, as defined and prohibited in the Illinois Human Rights Act, shall be made in any term or aspect of employment. There shall not be discrimination based upon political reasons or factors. No discrimination shall be made in any appointment or promotion to any office, position, or grade of exempt employment because of race, creed, color, sex, national origin, physical or mental disability unrelated to ability, or religious or political affiliation. The Board may abolish any vacant or occupied office or position. Additionally, the Board may reduce the force of employees for lack of work or lack of funds as determined by the Board. When the number of positions or employees holding positions of regular employment within a particular job title and job schedule number are reduced, those employees with the least company seniority in that job title and job schedule number shall be first released from regular employment service. For a period of one year, an employee released from service shall be eligible for reinstatement to the job title and job schedule number from which he or she was released, in order of company seniority, if additional force of employees is required. "Company seniority" as used in this Section means the overall employment service credited to an employee by the Authority since the employee's most recent date of hire irrespective of job titles held. If 2 or more employees have the same company seniority date, time in the affected job title and job schedule number shall be used to break the company seniority tie. For purposes of this Section, company seniority shall be considered a working condition. When employees are represented by a labor organization that has a labor agreement with the Authority, the wages, hours, and working conditions (including, but not limited to, seniority rights) shall be governed by the terms of the agreement. Exempt employment shall not include any employees who are represented by a labor organization that has a labor agreement with the Authority.

No employee, officer, or agent of the Chicago Transit Board may receive a bonus that exceeds 10% of his or her annual salary unless that bonus has been reviewed for a period of 14 days by the Northern Illinois Transit Regional Transportation Authority Board. After 14 days, the bonus shall be considered reviewed. This Section does not apply to usual and customary salary adjustments.

(70 ILCS 3605/28a) (from Ch. 111 2/3, par. 328a)

Sec. 28a. (a) The Board may deal with and enter into written contracts with the employees of the Authority through accredited representatives of such employees or representatives of any labor organization authorized to act for such employees, concerning wages, salaries, hours, working conditions and pension or retirement provisions; provided, nothing herein shall be construed to permit hours of labor in excess of those provided by law or to permit working conditions prohibited by law. In case of dispute over wages, salaries, hours, working conditions, or pension or retirement provisions the Board may arbitrate any question or questions and may agree with such accredited representatives or labor organization that the decision of a majority of any arbitration board shall be final, provided each party shall agree in advance to pay half of the expense of such arbitration.

No contract or agreement shall be made with any labor organization, association, group or individual for the employment of members of such organization, association, group or individual for the construction, improvement, maintenance, operation or administration of any property, plant or facilities under the jurisdiction of the Authority, where such organization, association, group or individual denies on the ground of race, creed, color, sex, religion, physical or mental disability unrelated to ability, or national origin membership and equal opportunities for employment to any citizen of Illinois.

(b)(1) The provisions of this paragraph (b) apply to collective bargaining agreements (including extensions and amendments of existing agreements) entered into on or after January 1, 1984.

(2) The Board shall deal with and enter into written contracts with their employees, through accredited representatives of such employees authorized to act for such employees concerning wages, salaries, hours, working conditions, and pension or retirement provisions about which a collective bargaining agreement has been entered prior to the effective date of this amendatory Act of 1983. Any such agreement of the Authority shall provide that the agreement may be reopened if the amended budget submitted pursuant to Section 2.18a of the Northern Illinois Transit Regional Transportation Authority Act is not approved by the Board of the Northern Illinois Transit Regional Transportation Authority. The agreement may not include a provision requiring the payment of wage increases based on changes in the Consumer Price Index. The Board shall not have the authority to enter into collective bargaining agreements with respect to inherent management rights, which include such areas of discretion or policy as the functions of the employer, standards of services, its overall budget, the organizational structure and selection of new employees and direction of personnel. Employers, however, shall be required to bargain collectively with regard to policy matters directly affecting wages, hours and terms and conditions of employment, as well as the impact thereon upon request by employee representatives. To preserve the rights of employers and exclusive representatives which have established collective bargaining relationships or negotiated collective bargaining agreements prior to the effective date of this amendatory Act of 1983, employers shall be required to bargain collectively with regard to any matter concerning wages, hours or conditions of employment about which they have bargained prior to the effective date of this amendatory Act of 1983.

(3) The collective bargaining agreement may not include a prohibition on the use of part-time operators on any service operated by or funded by the Board, except where prohibited by federal law.

(4) Within 30 days of the signing of any such collective bargaining agreement, the Board shall determine the costs of each provision of the agreement, prepare an amended budget incorporating the costs of the agreement, and present the amended budget to the Board of the Northern Illinois Transit Regional Transportation Authority for its approval under Section 4.11 of the Northern Illinois Transit Regional Transportation Act. The Board of the Northern Illinois Transit Regional Transportation Authority may approve the amended budget by an affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01 of the Northern Illinois Transit Authority Act, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01 of the Northern Illinois Transit Authority Act, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01 of the Northern Illinois Transit Authority Act, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 of the Northern Illinois Transit Authority Act. If the budget is not approved by the Board of the Northern Illinois Transit Regional Transportation Authority, the agreement may be reopened and its terms may be renegotiated. Any amended budget which may be prepared following renegotiation shall be presented to the Board of the Northern Illinois Transit Regional Transportation Authority for its approval in like manner.

(Source: P.A. 99-143, eff. 7-27-15.)

(70 ILCS 3605/28d)

Sec. 28d. Employment contracts. Except as otherwise provided in Section 28a, before the Chicago Transit Board may enter into or amend any employment contract in excess of \$100,000, the Chicago Transit Board must submit that contract or amendment to the Northern Illinois Transit Regional Transportation Authority Board for review for a period of 14 days. After 14 days, the contract shall be considered reviewed. This Section applies only to contracts entered into or amended on or after the effective date of this amendatory Act of the 98th General Assembly.

(Source: P.A. 98-1027, eff. 1-1-15.)

(70 ILCS 3605/31) (from Ch. 111 2/3, par. 331)

Sec. 31. The Board shall have power to pass all ordinances and make all rules and regulations proper or necessary to regulate the use, operation and maintenance of its property and facilities, and to carry into effect the powers granted to the Authority, with such fines or penalties, ~~including ordinances, rules, and regulations concerning the suspension of riding privileges or confiscation of fare media under Section 2.40 of the Regional Transportation Authority Act, as may be deemed proper.~~ No fine or penalty shall exceed \$300.00, and no imprisonment shall exceed six (6) months for one offense. All fines and penalties shall be imposed by ordinances, which shall be published in a newspaper of general circulation published in the metropolitan area. No such ordinance shall take effect until ten days after its publication.

(Source: P.A. 103-281, eff. 1-1-24.)

(70 ILCS 3605/33.10 new)

Sec. 33.10. Budget and program. The Authority, subject to the powers of the Northern Illinois Transit Authority, shall, by ordinance, appropriate money to perform the Authority's purposes and provide for payment of debts and expenses of the Authority. Each year, as part of the process set forth in Section 4.11 of the Northern Illinois Transit Authority Act, the Northern Illinois Transit Authority shall prepare and publish a comprehensive annual budget and proposed 5-Year Capital Program document, and a financial plan for the 2 years thereafter describing the state of the Northern Illinois Transit Authority and presenting for the forthcoming fiscal year and the 2 following years the Authority's plans for such operations and capital expenditures as it intends to undertake and the means by which it intends to finance them. The proposed budget, financial plan, and 5-Year Capital Program shall be based on the Northern Illinois Transit Authority's estimate of funds to be made available to the Board by or through the Authority and shall conform in all respects to the requirements established by the Northern Illinois Transit Authority. The proposed budget, financial plan, and 5-Year Capital Program shall contain a statement of the funds estimated to be on hand at the beginning of the fiscal year, the funds estimated to be received from all sources for the year and the funds estimated to be on hand at the end of the year. The fiscal year of the Authority shall be the same as the fiscal year of the Northern Illinois Transit Authority. The proposed budget, financial plan, and 5-Year Capital Program shall be included in the Northern Illinois Transit Authority's public hearings under Section 4.11 of the Northern Illinois Transit Authority Act. The budget, financial plan, and 5-Year Capital Program shall then be finalized by the Northern Illinois Transit Authority as provided in Section 4.11. The ordinance adopted by the Northern Illinois Transit Authority as provided in Section 4.11 shall appropriate the sums of money as are deemed necessary to defray all necessary expenses and obligations of the Authority, specifying purposes and the objects or programs for which appropriations are made and the amount appropriated for each object or program. Additional appropriations, transfers between items and other changes in the ordinance which do not alter the basis upon which the balanced budget determination was made by the Board of the Northern Illinois Transit Authority may be made from time to time by the Authority.

(70 ILCS 3605/38) (from Ch. 111 2/3, par. 338)

Sec. 38. To assure modern, attractive transportation service the Board may establish a depreciation policy which makes provision for the continuous and prompt replacement of worn out and obsolete property and the Board may make provision for such depreciation of the property of the Authority as is not offset by current expenditures for maintenance, repairs and replacements under such rules and regulations as may be prescribed by the Board. The Board from time to time shall make a determination of the relationship between the service condition of the properties of the Authority and the then established depreciation rates and reserves and from time to time may make adjustments or modifications of such rates in such amounts as it may deem appropriate because of experienced and estimated consumption of service life of road, plant, and equipment. All deprecation policies shall be in accordance with such policy set by the Northern Illinois Transit Authority.

(Source: Laws 1945, p. 1171.)

(70 ILCS 3605/42) (from Ch. 111 2/3, par. 342)

Sec. 42. The Board may investigate all means of transportation and the management thereof, the enforcement of its ordinances, rules and regulations, and the action, conduct and efficiency of all officers, agents and employees of the Authority. In the conduct of such investigations the Board may hold public hearings on its own motion, and shall do so on complaint or petition of any municipality which has adopted this Act or which has granted rights to the Authority by ordinance. ~~Each member of the Board shall have power to administer oaths, and the Secretary, by order of the Board, shall issue subpoenas to secure the attendance and testimony of witnesses, and the production of books and papers relevant to such investigations and to any hearing before the Board or any member thereof or any officers' committee or employees' committee appointed by the Board to hear any complaint of an officer or employee who has been discharged or demoted.~~

~~Any circuit court of this State, upon application of the Board, or any member thereof, may in its discretion compel the attendance of witnesses, the production of books and papers, and giving of testimony before the Board or before any member thereof or any officers' committee or employees' committee appointed by the Board, by attachment for contempt or otherwise in the same manner as the production of evidence may be compelled before the court.~~

Section 20-915. The Metropolitan Transit Authority Act is amended by repealing Sections 3, 4, 6.1, 8, 8.5, 10, 11.1, 12, 13, 16, 17, 22, 27a, 30, 32, 34, 44, 46, 47, 51, and 52.

Section 20-920. The Local Mass Transit District Act is amended by adding Section 5.08 as follows:
 (70 ILCS 3610/5.08 new)

Sec. 5.08. Transit-supportive development and trail-supportive development.

(a) As used in this Section, "transit-supportive development" means residential, commercial, and governmental facilities, and supporting infrastructure improvements that are designed to facilitate access to and use of public transit or public trails and that are located within either (i) one-half mile of a public transportation station or (ii) one-eighth mile of a bus stop on a public transportation bus route. "Trail-supportive development" means residential, commercial, and governmental facilities, and supporting infrastructure improvements that are (i) located within one-quarter mile of a public trail and (ii) designed to facilitate access to and use of public transit or public trails.

(b) The Board of Trustees of any Transit District may acquire, construct, own, operate, or maintain for public service transit-supportive development and trail-supportive development in the metropolitan region and may exercise all powers necessary or convenient to accomplish the purposes of this Section.

(c) The Board of Trustees of any Transit District may acquire by purchase, condemnation, lease, gift, or otherwise any property and rights useful for its transit-supportive development purposes and may sell, lease, transfer, or convey any property or rights when no longer useful or to exchange the same for other property or rights that are useful for its purposes.

(d) In addition to other powers provided in this amendatory Act of the 104th General Assembly, the Board of Trustees of any Transit District may enter into contracts and agreements with governmental, not-for-profit, and for-profit entities for the development, construction, and operation of transit-supportive developments and trail-supportive developments.

(e) The Board of Trustees of any Transit District shall have the continuing power to borrow money for (i) the purpose of acquiring, constructing, reconstructing, extending, or improving transit-supportive developments and trail-supportive developments or any part of those developments and (ii) the purpose of acquiring property and equipment useful for the construction, reconstruction, extension, improvement, or operation of its transit-supportive developments and trail-supportive developments or any part of those developments.

(f) This Section does not exempt the Board of Trustees of any Transit District from complying with land use regulations applicable to the property involved in a transit-supportive development or trail-supportive development.

Section 20-925. The Regional Transportation Authority Act is amended by changing Sections 1.01, 1.02, 1.03, 1.04, 2.01, 2.01a, 2.01b, 2.01c, 2.03, 2.04, 2.05, 2.07, 2.09, 2.10, 2.10a, 2.11, 2.12b, 2.14, 2.16,

2.18a, 2.19, 2.24, 2.30, 2.39, 2.40, 2.41, 3.01, 3.03, 3.04, 3A.01, 3A.02, 3A.03, 3A.05, 3A.06, 3A.07, 3A.08, 3A.09, 3A.10, 3A.12, 3A.14, 3A.17, 3A.18, 3B.01, 3B.02, 3B.03, 3B.05, 3B.06, 3B.09, 3B.12, 3B.13, 3B.26, 4.01, 4.03, 4.03.3, 4.04, 4.06, 4.09, 4.10, 4.11, 4.13, 4.14, 4.15, 5.03, 5.05, and 5.15, by adding Sections 2.01f, 2.01g, 2.06.2, 2.10b, 2.11.05, 2.11.10, 2.11.15, 2.11.20, 2.11.25, 2.11.30, 2.11.35, 2.43, 2.44, 2.45, 2.46, 2.47, 3.13, 3A.19, 3B.02.5, 3B.10.5, 4.01b, 4.03.5, 4.06.05, 5.17, 5.20, 5.25, and 5.30, and adding Articles VI and VII:

(70 ILCS 3615/1.01) (from Ch. 111 2/3, par. 701.01)

Sec. 1.01. Short Title; references to Act.

(a) This Act shall be known and may be cited as the Northern Illinois Transit ~~"Regional Transportation Authority Act".~~

(b) References to this Act. For the purposes of outstanding debt obligations and for other purposes this Act may continue to be referred to as the Regional Transportation Authority Act.

(Source: P.A. 78-3rd S.S.-5.)

(70 ILCS 3615/1.02) (from Ch. 111 2/3, par. 701.02)

Sec. 1.02. Findings and Purpose.

(a) The General Assembly finds;

(1 ~~¶~~) Public transportation is, as provided in Section 7 of Article XIII of the Illinois Constitution, an essential public purpose for which public funds may be expended and that Section authorizes the State to provide financial assistance to units of local government for distribution to providers of public transportation. There is an urgent need to reform and continue a unit of local government to assure the proper management of public transportation and to receive and distribute State or federal operating assistance and to raise and distribute revenues for local operating assistance. System generated revenues are not adequate for such service and a public need exists to provide for, aid and assist public transportation in the northeastern area of the State, consisting of Cook, DuPage, Kane, Lake, McHenry and Will Counties.

(2~~¶~~) Comprehensive and coordinated regional public transportation is essential to the public health, safety, and welfare. It is essential to economic well-being, maintenance of full employment, conservation of sources of energy and land for open space and reduction of traffic congestion and for providing and maintaining a healthful environment for the benefit of present and future generations in the metropolitan region. Public transportation improves ~~the mobility of the public and improves~~ access to jobs, commercial facilities, schools, and cultural attractions. Public transportation decreases air pollution and other environmental hazards resulting from excessive use of automobiles and allows for more efficient land use and planning.

(3~~¶~~) ~~Because system generated receipts are not presently adequate, public transportation in the metropolitan region is being threatened by facilities and services in the northeastern area are in grave financial conditions condition.~~ With existing methods of financing, coordination, structure, and management, the public transportation system is ~~and relative convenience of automobiles, such public transportation facilities are~~ not providing adequate public transportation to ~~ensure insure~~ the public health, safety, and welfare.

(3.5) The COVID-19 pandemic caused unprecedented disruption in public transportation ridership and operations form which the service providers have yet to fully recover and the pandemic-related federal funding support for public transportation operations has expired. Although ridership levels continue to improve from the lowest levels observed during the pandemic, net ridership levels have not recovered to pre-pandemic levels. Furthermore, the system experiences persistent losses in ridership, service quality, and financial stability for many years before the pandemic. These systemic issues, combined with the changes in passenger behaviors, experiences, and commuting patterns since the pandemic, create conditions untenable to a sustainable and thriving public transportation system.

(4 ~~¶~~) Additional commitments to the public transportation needs of persons with disabilities, the economically disadvantaged, and the elderly are necessary.

(5 ~~¶~~) To solve these problems, it is necessary to provide for the creation and empowerment of the Northern Illinois Transit Authority ~~a regional transportation authority~~ with the powers necessary to insure adequate public transportation.

(b) (Blank). ~~The General Assembly further finds, in connection with this amendatory Act of 1983:~~

(i) Substantial, recurring deficits in the operations of public transportation services subject to the jurisdiction of the Regional Transportation Authority and periodic cash shortages have occurred either of which could bring about a loss of public transportation services throughout the metropolitan region at any time;

(ii) A substantial or total loss of public transportation services or any segment thereof would create an emergency threatening the safety and well-being of the people in the northeastern area of the State; and

(iii) To meet the urgent needs of the people of the metropolitan region that such an emergency be averted and to provide financially sound methods of managing the provision of public transportation services in the northeastern area of the State, it is necessary, while maintaining and continuing the existing Authority, to modify the powers and responsibilities of the Authority, to reallocate responsibility for operating decisions, to change the composition and appointment of the Board of Directors thereof, and to immediately establish a new Board of Directors.

(c) (Blank). The General Assembly further finds in connection with this amendatory Act of the 95th General Assembly:

(i) The economic vitality of northeastern Illinois requires regionwide and systemwide efforts to increase ridership on the transit systems, constrain road congestion within the metropolitan region, and allocate resources for transportation so as to assist in the development of an adequate, efficient, geographically equitable and coordinated regional transportation system that is in a state of good repair.

(ii) To achieve the purposes of this amendatory Act of the 95th General Assembly, the powers and duties of the Authority must be enhanced to improve overall planning and coordination, to achieve an integrated and efficient regional transit system, to advance the mobility of transit users, and to increase financial transparency of the Authority and the Service Boards.

(d) It is the purpose of this Act to provide for, aid and assist public transportation in the northeastern area of the State without impairing the overall quality of existing public transportation by providing for the creation of a single authority responsive to the people and elected officials of the area and with the power and competence to develop, implement, and enforce plans that promote adequate, efficient, geographically equitable and coordinated public transportation, provide financial review of the providers of public transportation in the metropolitan region and facilitate public transportation provided by Service Boards which is attractive and economical to users, comprehensive, coordinated among its various elements, economical, safe, efficient and coordinated with area and State plans.

(e) It is the intent of this Act to continue and maintain the corporate existence of the Regional Transit Authority, notwithstanding a change in its name, the composition of its Board of Directors, and its powers and duties. The amendments contained in the amendatory Act of the 104th General Assembly are in no way intended to alter, modify, restrict, or impair the rights of existing Regional Transit Authority bondholders, or to change or repeal the non-impairment covenant in the current Regional Transportation Authority Act.

(Source: P.A. 98-1027, eff. 1-1-15; 99-143, eff. 7-27-15.)

(70 ILCS 3615/1.03) (from Ch. 111 2/3, par. 701.03)

Sec. 1.03. Definitions. As used in this Act:

"Authority" means the Regional Transportation Authority, until the effective date of this amendatory Act of the 104th General Assembly, and the Northern Illinois Transit Authority after the effective date of this amendatory Act of the 104th General Assembly. ;

"Board" means the Board of Directors of the Regional Transportation Authority, until the effective date of this amendatory Act of the 104th General Assembly, and the Board of Directors of the Northern Illinois Transit Authority after the effective date of this amendatory Act of the 104th General Assembly. ;

"Construct or acquire" means plan, design, construct, reconstruct, improve, modify, extend, landscape, expand or acquire. ;

"Metropolitan Region" means all territory included within the territory of the Authority as provided in this Act, and such territory as may be annexed to the Authority. ;

"Municipality", "County" and "Unit of Local Government" have the meanings given to such terms in Section 1 of Article VII of the Illinois Constitution. ;

"Operate" means operate, maintain, administer, repair, promote and any other acts necessary or proper with regard to such matters. ;

"Passenger miles traveled" means the cumulative sum of the distances ridden by each passenger.

"Public Transportation" means the transportation or conveyance of persons within the metropolitan region by means available to the general public, including groups of the general public with special needs, except for transportation by automobiles not used for conveyance of the general public as passengers. ;

"Public Transportation Facilities" means all equipment or property, real or personal, or rights therein, useful or necessary for providing, maintaining or administering public transportation within the metropolitan region or otherwise useful for carrying out or meeting the purposes or powers of the Authority, except it shall not include roads, streets, highways or bridges or toll highways or toll bridges for general public use. ;
and

"Service Boards" means the Board of the Commuter Rail Division of the Authority, the Board of the Suburban Bus Division of the Authority, and the Board of the Chicago Transit Authority established pursuant to the Chicago Transit Authority Act ~~"Metropolitan Transit Authority Act", approved April 12, 1945, as now or hereafter amended.~~

"Service Operator" means the Commuter Rail Division, the Suburban Bus Division, and the Chicago Transit Authority.

"Service standards" means quantitative and qualitative attributes of public transit service as well as the appropriate level of service to be provided across the metropolitan region.

"Transportation Agency" means any individual, firm, partnership, corporation, association, body politic, municipal corporation, public authority, unit of local government or other person, other than the Authority and the Service Boards, which provides public transportation, any local mass transit district created pursuant to the "Local Mass Transit District Act", ~~as now or hereafter amended,~~ and any urban transportation district created pursuant to the "Urban Transportation District Act", ~~as now or hereafter amended,~~ which districts are located in whole or in part within the metropolitan region.

"Unlinked passenger trips" means the number of passengers who board public transportation vehicles. Passengers are counted each time they board vehicles no matter how many vehicles they use to travel from their origin to destination.

"Vehicle revenue hours" means the hours that vehicles are scheduled to or actually travel while in revenue service. "Vehicle revenue hours" includes layover or recovery time. "Vehicle revenue hours" does not include deadhead, operator training, vehicle maintenance testing, and other non-revenue uses of vehicles.

"Vehicle revenue miles" means the miles that vehicles are scheduled to or actually travel while in revenue service. "Vehicle revenue miles" includes distances traveled during layover or recovery time. "Vehicle revenue miles" does not include deadhead, operator training, vehicle maintenance testing, and other non-revenue uses of vehicles.

(Source: P.A. 83-885; 83-886.)

(70 ILCS 3615/1.04) (from Ch. 111 2/3, par. 701.04)

Sec. 1.04. Establishment of Authority.

(a) A regional transportation authority shall be established upon a favorable vote at the referendum held as provided in Section 1.05 of this Act. Upon its establishment the Authority shall be a unit of local government, body politic, political subdivision and municipal corporation.

(b) Upon the effective date of this amendatory Act of the 104th General Assembly, the Regional Transportation Authority established under Section 1.05 shall be renamed the Northern Illinois Transit Authority. The Northern Illinois Transit Authority shall be a continuation of the Regional Transportation Authority and shall remain a political subdivision, body politic, and municipal corporation.

(Source: P.A. 78-3rd S.S.-5.)

(70 ILCS 3615/2.01) (from Ch. 111 2/3, par. 702.01)

Sec. 2.01. General Allocation of Responsibility for Public Transportation.

(a) In order to accomplish the purposes as set forth in this Act, the responsibility for planning, operating, and funding public transportation in the metropolitan region shall be allocated as described in this Act. The Authority shall:

(i) create and adopt plans that implement the public policy of the State to provide adequate, efficient, geographically equitable and coordinated public transportation throughout the metropolitan region;

(ii) set goals, objectives, and standards for the Authority, the Service Boards, and transportation agencies;

(iii) develop and use service standards and performance standards to objectively and transparently determine the level, nature, and kinds of public transportation that should be provided

throughout the metropolitan region ~~performance measures to inform the public about the extent to which the provision of public transportation in the metropolitan region meets those goals, objectives, and standards;~~

(iv) budget and allocate operating and capital funds made available to support public transportation in the metropolitan region;

(v) provide financial oversight of the Service Boards; ~~and~~

(vi) coordinate the provision of public transportation and the investment in public transportation facilities to enhance the integration of public transportation throughout the metropolitan region, all as provided in this Act;

(vii) set fares and plan, procure, and operate an integrated fare collection system;

(viii) conduct operations, service, and capital planning;

(ix) provide design and construction oversight of capital projects;

(x) be responsible for ensuring that public transportation service in the metropolitan region complies with Title VI of the Civil Rights Act of 1964; and

(xi) subject to applicable land use laws, develop or participate in residential and commercial development on and in the vicinity of public transportation stations and routes as deemed necessary to facilitate transit-supportive land uses, increase public transportation ridership, generate revenue, and improve access to jobs and other opportunities in the metropolitan region by public transportation.

The Service Boards shall, on a continuing basis provide for the metropolitan region public transportation service of ~~determine~~ the level, nature, and kind determined by the Authority of public transportation which should be provided for the metropolitan region in order to meet the plans, goals, objectives, and standards adopted by the Authority. The Service Boards may provide public transportation by purchasing such service from transportation agencies through purchase of service agreements, by grants to such agencies or by operating such service, all pursuant to this Act and the Chicago Transit Authority Act "Metropolitan Transit Authority Act", as now or hereafter amended. Certain of its actions to implement the responsibilities allocated to the Authority in this subsection (a) shall be taken in 3 public documents adopted by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01: A Strategic Plan; a 5-Year ~~Five-Year~~ Capital Program; and an Annual Budget and 2-Year ~~Two-Year~~ Financial Plan.

The Authority has ultimate responsibility for providing the metropolitan region with a high-quality public transportation system and, subject to the requirements of this Act and applicable law and agreements, shall have the final responsibility for allocating duties among the Service Boards and between the Service Boards and the Authority itself. Nothing in this Act shall prevent the Authority from delegating to the Service Boards powers and duties in addition to those expressly assigned to the Service Boards under this Act.

(b) The Authority shall subject the operating and capital plans and expenditures of the Service Boards ~~in the metropolitan region with regard to public transportation~~ to continuing review so that the Authority may budget and expend its funds with maximum effectiveness and efficiency. The Authority shall conduct audits of each of the Service Boards no less than every 5 years. Such audits shall ~~may~~ include management, performance, financial, and infrastructure condition audits. The Authority may conduct management, performance, financial, and infrastructure condition audits of transportation agencies that receive funds from the Authority. The Authority may direct a Service Board to conduct any such audit of a Transportation Agency ~~transportation agency~~ that receives funds from such Service Board, and the Service Board shall comply with such request to the extent it has the right to do so. These audits of the Service Boards or transportation agencies may be project or service specific audits to evaluate their achievement of the goals and objectives of that project or service and their compliance with any applicable requirements.

(70 ILCS 3615/2.01a)

Sec. 2.01a. Strategic Plan.

(a) By the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from

Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, the Authority shall adopt a Strategic Plan, no less than every 5 years, after consultation with the Service Boards and after holding a minimum of 3 public hearings in Cook County, at least one of which shall be held in the City of Chicago, and one public hearing in each of the other counties in the region. The Executive Director of the Authority shall review the Strategic Plan on an ongoing basis and make recommendations to the Board of the Authority with respect to any update or amendment of the Strategic Plan. The Strategic Plan shall describe the specific actions to be taken by the Authority and the Service Boards to provide adequate, efficient, and coordinated public transportation.

(b) The Strategic Plan shall identify goals and objectives with respect to:

(i) increasing ridership and passenger miles on public transportation funded by the Authority;

(ii) increasing per capita transit ridership and the share of trips taken by transit in the region;

(iii) using public transportation to reduce greenhouse gas and other emissions from the transportation sector;

(iv) ~~(iii)~~ coordination of public transportation services and the investment in public transportation facilities to enhance the integration of public transportation throughout the metropolitan region;

(v) ~~(iii)~~ coordination of fare and transfer policies to promote transfers by riders among Service Boards, transportation agencies, and public transportation modes, which may include goals and objectives for development of a universal fare instrument that riders may use interchangeably on all public transportation funded by the Authority, and methods to be used to allocate revenues from transfers;

(vi) ~~(iv)~~ improvements in public transportation facilities to bring those facilities into a state of good repair, enhancements that attract ridership and improve customer service, and expansions needed to serve areas with sufficient demand for public transportation;

(vii) ~~(v)~~ access for transit-dependent populations, including low-income communities, seniors, students, and people with disabilities ~~access by low-income communities to places of employment, utilizing analyses provided by the Chicago Metropolitan Agency for Planning regarding employment and transportation availability, and giving consideration to the location of employment centers in each county and the availability of public transportation at off-peak hours and on weekends;~~

(viii) access by low-income communities to places of employment, using analyses provided by the Chicago Metropolitan Agency for Planning regarding employment and transportation availability, and giving consideration to the location of employment centers in each county and the availability of public transportation at off-peak hours and on weekends;

(ix) ~~(vi)~~ the financial viability of the public transportation system, including both operating and capital programs;

~~(vii) limiting road congestion within the metropolitan region and enhancing transit options to improve mobility; and~~

(x) improving roadway operations within the metropolitan region to enhance transit options and to improve mobility;

(xi) land use policies, practices, and incentives that make more effective use of public transportation services and facilities as community assets and encourage locating the siting of businesses, homes, and public facilities near public transportation services and facilities to provide convenient and affordable travel for residents, customers, and employees in the metropolitan region;

(xii) policies, practices, and incentives that will better integrate public transportation with other active modes of transportation; and

(xiii) ~~(viii)~~ such other goals and objectives that advance the policy of the State to provide adequate, efficient, geographically equitable and coordinated public transportation in the metropolitan region.

(c) The Strategic Plan shall establish the process and criteria by which proposals for capital improvements by the Authority, a Service Board, or a Transportation Agency ~~transportation agency~~ will be evaluated by the Authority for inclusion, as proposed or with modifications, in the 5-Year ~~Five-Year~~ Capital Program, which shall be in accordance with the prioritization process set forth in Section 2.39. Proposals for capital improvements may include criteria for:

(i) allocating funds among maintenance, enhancement, and expansion improvements;

(ii) projects to be funded from the Innovation, Coordination, and Enhancement Fund;

- (iii) projects intended to improve or enhance ridership or customer service;
- (iv) design and location of station or transit improvements intended to promote transfers, increase ridership, and support transit-oriented land development;
- (v) assessing the impact of projects on the ability to operate and maintain the existing transit system; and
- (vi) other criteria that advance the goals and objectives of the Strategic Plan.

(d) The Strategic Plan shall establish performance standards and measurements regarding the adequacy, efficiency, geographic equity and coordination of public transportation services in the region and the implementation of the goals and objectives in the Strategic Plan. At a minimum, such standards and measures shall include customer-related performance data measured by line, route, or sub-region, as determined by the Authority, on the following:

- (i) travel times and on-time performance;
- (ii) ridership data;
- (iii) equipment failure rates;
- (iv) employee and customer safety; ~~and~~
- (v) crowding;
- (vi) cleanliness of vehicles and stations;
- (vii) service productivity; and
- (viii) ~~(v)~~ customer satisfaction.

~~The Service Boards and transportation agencies that receive funding from the Authority or Service Boards shall prepare, publish, and submit to the Authority such reports with regard to these standards and measurements in the frequency and form required by the Authority; however, the frequency of such reporting shall be no less than annual. The Service Boards shall publish such reports on their respective websites. The Authority shall compile and publish such reports on its website. Such performance standards and measures shall not be used as the basis for disciplinary action against any employee of the Authority or Service Boards, except to the extent the employment and disciplinary practices of the Authority or Service Board provide for such action.~~

(e) The Strategic Plan shall identify innovations to improve the delivery of public transportation and the construction of public transportation facilities.

(f) The Strategic Plan shall describe the expected financial condition of public transportation in the metropolitan region prospectively over a 10-year period, which may include information about the cash position and all known obligations of the Authority and the Service Boards including operating expenditures, debt service, contributions for payment of pension and other post-employment benefits, the expected revenues from fares, tax receipts, grants from the federal, State, and local governments for operating and capital purposes and issuance of debt, the availability of working capital, and the resources needed to achieve the goals and objectives described in the Strategic Plan.

(g) In developing the Strategic Plan, the Authority shall rely on such demographic and other data, forecasts, and assumptions developed by the Chicago Metropolitan Agency for Planning with respect to the patterns of population density and growth, projected commercial and residential development, and environmental factors, within the metropolitan region and in areas outside the metropolitan region that may impact public transportation utilization in the metropolitan region. The Authority shall also consult with the Illinois Department of Transportation's Office of Planning and Programming when developing the Strategic Plan. Before adopting or amending any Strategic Plan, the Authority shall consult with the Chicago Metropolitan Agency for Planning regarding the consistency of the Strategic Plan with the Regional Comprehensive Plan adopted pursuant to the Regional Planning Act.

(h) The Authority may adopt, by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, sub-regional or corridor plans for specific geographic areas of the metropolitan region in order to improve the adequacy, efficiency, geographic equity and coordination of existing, or the delivery of new, public transportation. Such plans may also address areas outside the metropolitan region that may impact public transportation utilization in the metropolitan region. In preparing a sub-regional or corridor plan, the Authority may identify changes in operating practices or capital investment in the sub-region or corridor that could increase ridership, reduce costs,

improve coordination, or enhance transit-oriented development. The Authority shall consult with any affected Service Boards in the preparation of any sub-regional or corridor plans.

(i) (Blank). ~~If the Authority determines, by the affirmative vote of at least 12 of its then Directors, that, with respect to any proposed new public transportation service or facility, (i) multiple Service Boards or transportation agencies are potential service providers and (ii) the public transportation facilities to be constructed or purchased to provide that service have an expected construction cost of more than \$25,000,000, the Authority shall have sole responsibility for conducting any alternatives analysis and preliminary environmental assessment required by federal or State law. Nothing in this subparagraph (i) shall prohibit a Service Board from undertaking alternatives analysis and preliminary environmental assessment for any public transportation service or facility identified in items (i) and (ii) above that is included in the Five Year Capital Program as of the effective date of this amendatory Act of the 95th General Assembly; however, any expenditure related to any such public transportation service or facility must be included in a Five Year Capital Program under the requirements of Sections 2.01b and 4.02 of this Act.~~

(Source: P.A. 98-1027, eff. 1-1-15.)

(70 ILCS 3615/2.01b)

Sec. 2.01b. ~~The 5-Year Five Year Capital Program. By the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, the Authority, after consultation with the Service Boards and after holding a minimum of 3 public hearings in Cook County, at least one one of which shall be held in the City of Chicago, and one public hearing in each of the other counties in the metropolitan region, shall each year adopt a 5-Year Five Year Capital Program that shall include each capital improvement to be undertaken by the Authority or, on behalf of the Authority, by a Service Board or Transportation Agency or on behalf of a Service Board provided that the Authority finds that the improvement meets any criteria for capital improvements contained in the Strategic Plan, is not inconsistent with any sub-regional or corridor plan adopted by the Authority, and can be funded within amounts available with respect to the capital and operating costs of such improvement. Prior to the submission of capital projects by the Service Boards, each Service Board shall hold at least one meeting for consideration of the capital projects being submitted to the Authority with representatives of labor organizations that have collective bargaining agreements with the respective Service Board. The Program shall be based on any criteria for capital improvements contained in the Strategic Plan, the capital project prioritization process, the service standards, the transit asset management plans required by 49 CFR 625.25, and other criteria determined by the Authority so long as the improvements are not inconsistent with any subregional or corridor plan adopted by the Authority and can be funded within amounts available with respect to the capital and operating costs of the improvement.~~

In reviewing proposals by the Authority, the Service Boards, or a Transportation Agency for improvements to be included in a 5-Year ~~Five Year~~ Capital Program, the Authority may give priority to improvements that are intended to bring public transportation facilities into a state of good repair. ~~Before adopting a 5-Year Capital Program, the Authority shall consult with the Chicago Metropolitan Agency for Planning regarding the consistency of the 5-Year Capital Program with the Regional Comprehensive Plan adopted under the Regional Planning Act. The 5-Year Five Year Capital Program shall also identify capital improvements to be undertaken by a Service Board, a Transportation Agency transportation agency, or a unit of local government and funded by the Authority from amounts in the Innovation, Coordination, and Enhancement Fund, provided that no improvement that is included in the 5-Year Five Year Capital Program as of the effective date of this amendatory Act of the 95th General Assembly may receive funding from the Innovation, Coordination, and Enhancement Fund. Before adopting a Five Year Capital Program, the Authority shall consult with the Chicago Metropolitan Agency for Planning regarding the consistency of the Five Year Capital Program with the Regional Comprehensive Plan adopted pursuant to the Regional Planning Act.~~

Beginning in January 1, 2027, for each improvement identified in the 5-year Capital Program, the Authority shall identify the entity responsible for implementing the project. The Authority shall retain responsibility for larger or comprehensive improvements such as Regionally Significant Projects, as designated by the Chicago Metropolitan Agency for Planning; new service infrastructure such as a new rail

line or a new BRT corridor; large-scale rebuild of existing service infrastructure; new service vehicle or rolling stock purchases; or improvements that will be used by multiple Service Boards. The Authority shall assign to the appropriate Service Board responsibility for projects such as general service infrastructure renewal; improvements to non-service facilities; overhauls of railcars and vehicles; routine maintenance; and projects that will be completed entirely by Service Board employees.

(Source: P.A. 95-708, eff. 1-18-08.)

(70 ILCS 3615/2.01c)

Sec. 2.01c. Innovation, Coordination, and Enhancement Fund.

(a) The Authority shall establish an Innovation, Coordination, and Enhancement Fund and deposit into the Fund an amount equal to \$10,000,000 in 2008, and, each year thereafter, an amount equal to the amount deposited in the previous year increased or decreased by the percentage growth or decline in revenues received by the Authority from taxes imposed under Section 4.03 in the previous year. Amounts on deposit in such Fund and interest and other earnings on those amounts may be used by the Authority, upon the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, and after a public participation process, for operating or capital grants or loans to Service Boards, transportation agencies, or units of local government that advance the goals and objectives identified by the Authority in its Strategic Plan, provided that no improvement that has been included in a 5-Year ~~Five Year~~ Capital Program as of the effective date of this amendatory Act of the 95th General Assembly may receive any funding from the Innovation, Coordination, and Enhancement Fund. Unless the Board has determined by a vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 that an emergency exists requiring the use of some or all of the funds then in the Innovation, Coordination, and Enhancement Fund, such funds may only be used to enhance the coordination and integration of public transportation and develop and implement innovations to improve the quality and delivery of public transportation.

(b) Any grantee that receives funds from the Innovation, Coordination, and Enhancement Fund for the operation of eligible programs must (i) implement such programs within one year of receipt of such funds and (ii) within 2 years following commencement of any program utilizing such funds, determine whether it is desirable to continue the program, and upon such a determination, either incorporate such program into its annual operating budget and capital program or discontinue such program. No additional funds from the Innovation, Coordination, and Enhancement Fund may be distributed to a grantee for any individual program beyond 2 years unless the Authority by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 waives this limitation. Any such waiver will be with regard to an individual program and with regard to a one year-period, and any further waivers for such individual program require a subsequent vote of the Board.

(c) This Section is repealed on December 31, 2028.

(Source: P.A. 97-399, eff. 8-16-11.)

(70 ILCS 3615/2.01f new)

Sec. 2.01f. Service planning.

(a) Beginning December 2027, the Authority shall develop a regionally coordinated service plan that describes all transit service to be provided in the coming year or years. The Authority may plan service for periods of not less than 1 year and not more than 3 years.

(b) To assist in the development of service plans, the Authority may issue a request for proposed service plans to all Service Boards. Requests for proposed service plans must indicate the first and last years

for which service will be planned and must not cover more than 3 years. Requests for proposed service plans may not be issued to less than all Service Boards.

(c) For years in which the Authority is engaged in service planning, it shall commence the process by issuing a request for proposed service plans to all the Service Boards by the preceding December 15. The requests for proposed service plans may include:

(1) a description of service improvements and changes that the Authority desires to carry out its Strategic Plan and to implement its service standards;

(2) a description of the estimates of revenue for the next fiscal year that the Authority has received from the Director of the Governor's Office of Management and Budget;

(3) a directive to the Service Boards to prepare service coverage and service-level scenarios assuming various specified budget allocations for each Service Board;

(4) the opportunity for the Service Boards to propose service improvements along with estimated costs; and

(5) requests for information the Authority deems necessary for the Authority to assess how to most effectively and equitably allocate funds among the Service Boards, including estimates of the resources needed to provide each service-level scenario.

(d) By March 31 following the request for proposed service plans, each Service Board shall present preliminary service proposals in several public hearings conducted by the Authority. A minimum of 3 public hearings shall be held in Cook County of which at least one shall be held in the City of Chicago, and one public hearing shall be held in each of the other counties in the region.

(e) By April 30 following the request for proposed service plans, each Service Board shall submit a proposed service plan in response to the Authority's request, prepared in the format requested by the Authority. Proposed service plans shall outline:

(1) the operating funding assumptions used by the Service Board to determine that the proposed service is feasible, including any estimates of resources that were requested by the Authority;

(2) the location, frequency, days and hours of service, and other details of the service that the Service Board shall provide;

(3) the service requirements applicable to the service provided by the Service Board covering issues such as reliability, cleanliness, and safety; and

(4) requirements relating to the Service Board's compliance with Authority fare technology and fare integration efforts, information technology systems, customer communication systems and protocols, branding and advertising efforts, coordination of schedules, and other requirements designed to improve the integration and quality of public transportation in the metropolitan region.

(f) Before voting on any final regionwide service plan, the Authority shall hold at least one public hearing on the regionwide service plan.

(g) Before voting on any final regionwide service plan, the Authority shall hold at least one meeting for consideration of the regionwide service plan with the county board of each of the several counties in the metropolitan region in which the Service Board provides service.

(h) The Board shall review the proposed service plans and compile the plans into a revised, regionwide service plan. The Board shall only approve the revised, regionwide service plan if it meets the service standards set forth in the Strategic Plan as best as possible considering projected available funds. If the Board fails to approve the revised, regionwide service plan, the Board shall notify each Service Board of any deficiencies identified in that Service Board's contributions to the revised, regionwide service plan.

(i) If the Board has not found that the revised, regionwide service plan meets the service standards, the Board shall adopt a regionwide service plan that does. In all cases, the Board shall adopt a regionwide service plan by no later than June 30 following the request for plans.

(70 ILCS 3615/2.01g new)

Sec. 2.01g. Performance audits.

(a) The Auditor General shall conduct a performance audit of the Authority and Service Boards every 5 years. The Authority and Service Boards shall enter into an intergovernmental agreement with the Auditor General to facilitate the audit.

(b) When conducting an audit of the Authority, the Auditor General shall:

(1) focus on the quality and cost-effectiveness of the public transportation system, including comparative assessments against the performance of transit systems in comparable metropolitan regions around the world;

(2) include recommendations for improvements informed by applicable industry best practices and any legislation or other steps that governmental bodies could take to facilitate such improvements; and

(3) assess the efficacy of the public transportation system in providing affordable transportation; connecting residents to jobs, education, and other opportunities; and improving the environment.

When conducting an audit, the Auditor General shall give consideration to limitations experienced by the Commuter Rail Board due to shared infrastructure with freight rail.

(c) The Authority may suggest areas of emphasis for the Auditor General to consider, and the Auditor General may, in the Auditor General's discretion, structure the audit and recommendations to help achieve the goal of a well-functioning and efficient regional public transportation system.

(d) The Auditor General and the Authority shall coordinate the timing of performance audits so that the findings are available to the Authority at the time when it begins preparing its Strategic Plan and 5-Year Capital Program.

(e) The Authority shall reimburse the Auditor General for the costs incurred in conducting the performance audits.

(70 ILCS 3615/2.03) (from Ch. 111 2/3, par. 702.03)

Sec. 2.03. Operations. A Service Board may provide public transportation by operating public transportation facilities. A Service Board may enter into operating agreements with any individual, corporation or other person or private or public entity to operate such facilities on behalf of the Service Board. Beginning in 2029, Service Boards may only provide service adhering as closely as possible to that described in the regionwide service plan most recently adopted by the Authority, in the planned scenario that is the closest to the actual revenue available for that year.

(Source: P.A. 83-886.)

(70 ILCS 3615/2.04) (from Ch. 111 2/3, par. 702.04)

Sec. 2.04. Fares and Nature of Service.

(a) The Authority shall have the sole authority to: (i) set and coordinate fares and charges for public transit services in the metropolitan region, including public transportation provided by transit agencies pursuant to purchase of service or grant agreements with the Authority, and (ii) establish the nature and standards of public transit to be provided in accordance with the Strategic Plan and service standards. Whenever a Service Board provides any public transportation by operating public transportation facilities, the Service Board shall provide for the level and nature of fares or charges to be made for such services, and the nature and standards of public transportation to be so provided that meet the goals and objectives adopted by the Authority in the Strategic Plan. Provided, however that if the Board adopts a budget and financial plan for a Service Board in accordance with the provisions in Section 4.11(b)(5), the Board may consistent with the terms of any purchase of service contract provide for the level and nature of fares to be made for such services under the jurisdiction of that Service Board, and the nature and standards of public transportation to be so provided.

(b) Whenever a Service Board provides any public transportation pursuant to grants made after June 30, 1975, to transportation agencies for operating expenses (other than with regard to experimental programs) or pursuant to any purchase of service agreement, the purchase of service agreement or grant contract shall provide for the level and nature of fares or charges to be made for such services, and the nature and standards of public transportation to be so provided. A Service Board shall require all transportation agencies with which it contracts, or from which it purchases transportation services or to which it makes grants to provide half fare transportation for their student riders if any of such agencies provide for half fare transportation to their student riders.

(c) In so providing for the fares or charges and the nature and standards of public transportation, any purchase of service agreements or grant contracts shall provide, among other matters, for the terms or cost of transfers or interconnections between different modes of transportation and different public transportation agencies, schedules or routes of such service, changes which may be made in such service, the nature and condition of the facilities used in providing service, the manner of collection and disposition of fares or charges, the records and reports to be kept and made concerning such service, for interchangeable tickets or other coordinated or uniform methods of collection of charges, and shall further require that the Transportation Agency transportation agency comply with any determination made by the Board of the Authority under and subject to the provisions of Section 2.12b of this Act. In regard to any such service, the Authority and the Service Boards shall give attention to and may undertake programs to promote use of public transportation and to provide coordinated ticket sales and passenger information. In the case of a

grant to a Transportation Agency ~~transportation agency~~ which remains subject to Illinois Commerce Commission supervision and regulation, the Service Boards shall exercise the powers set forth in this Section in a manner consistent with such supervision and regulation by the Illinois Commerce Commission.

(d) The Authority shall develop and implement a regionally coordinated and consolidated fare collection system. By January 1, 2013, the Authority, in consultation with the Service Boards and the general public, must develop a policy regarding transfer fares on all fixed route public transportation services provided by the Service Boards. The policy shall also set forth the fare sharing agreements between the Service Boards that apply to interagency fare passes and tickets. The policy established by the Authority shall be submitted to each of the Service Boards for its approval or comments and objection. After receiving the policy, the Service Boards have 90 days to approve or take other action regarding the policy. If all of the Service Boards agree to the policy, then a regional agreement shall be created and signed by each of the Service Boards. The terms of the agreement may be changed upon petition by any of the Service Boards and by agreement of the other Service Boards.

(e) The Authority may delegate the responsibility for all or some aspects of physical fare collection to the Service Boards. By January 1, 2015, the Authority must develop and implement a regional fare payment system. The regional fare payment system must use and conform with established information security industry standards and requirements of the financial industry. The system must allow consumers to use contactless credit cards, debit cards, and prepaid cards to pay for all fixed route public transportation services. Beginning in 2012 and each year thereafter until 2015, the Authority must submit an annual report to the Governor and General Assembly describing the progress of the Authority and each of the Service Boards in implementing the regional fare payment system. The Authority must adopt rules to implement the requirements set forth in this Section.

(f) Prior to adopting any fare structure ordinance, the Authority shall allow a reasonable time for public input and hold public hearings under subsection (e-5) of Section 5.01.

(g) The Authority shall submit the proposed fare structure ordinance to each Service Board for feedback.

(h) By no later than January 1, 2028, the Authority, in coordination with the Service Boards, shall undertake a joint procurement for a next generation fare collection system, which shall include, among other things, a unified mobile ticket application, that shall be procured and implemented by February 1, 2030, as a unified regional fare payment system. All agreements for, or related to, a regional fare payment system must include provisions for data sharing that allow the Authority and the Service Boards access to all data generated by the fare collection system.

(i) Whenever the Authority adopts a fare policy establishing or modifying interagency passes, tickets, or transfers, the policy shall also set forth the fare-sharing agreements between the Service Boards that apply to the revenue raised from interagency fare passes, tickets, and transfers. Except as specified in such an agreement, all fare revenue generated and received by the Authority shall be disbursed by the Authority to the Service Board responsible for generating the revenue.

(j)(1) The Authority shall have sole authority over and be responsible for administering all special fare programs, including free and reduced fares for seniors and people with disabilities, and other special fare programs.

(2) To the extent required by Section 3-33-160 of the Chicago Municipal Code, the Authority and the Chicago Transit Agency shall provide for free rides for active duty military personnel in uniform or with appropriate identification, and disabled veterans of the United States Armed Forces.

(3) Any fixed-route public transportation services provided by, or under grant or purchase of service contracts of, a Service Board shall be provided without charge to senior citizens aged 65 and older, and all persons with a disability, who meet the income eligibility limitation set forth in subsection (a-5) of Section 4 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, under such conditions as shall be prescribed by Authority. The Department on Aging shall furnish all information reasonably necessary to determine eligibility, including updated lists of individuals who are eligible for services without charge under this Section. After an initial eligibility determination is made, an individual's eligibility for free services shall automatically renew every 5 years after receipt by the Authority of a copy of the individual's government-issued identification card validating Illinois residency. Nothing in this Section shall relieve the Authority from providing reduced fares as may be required by federal law. The Authority shall provide the Department of Public Health with a monthly list of all riders that receive free or reduced fares under this Section. The list shall include an individual's name, address, and date of birth. The Department of Public Health shall, within 2 weeks after receipt of the list, report back to the Authority any discrepancies that

indicate that a rider receiving free or reduced fare services is deceased. The Authority, upon receipt of the report from the Department of Public Health, shall take appropriate steps to remove any deceased individual's name from the list of individuals eligible under the free or reduced fare programs.

(4) By no later than 2 years after the effective date of this amendatory Act of the 104th General Assembly, the Authority shall develop the following programs:

(A) An income-based reduced fare program for:

(i) veterans;

(ii) any United States resident who is 17 years of age or older and has been in and left the physical custody of the Department of Corrections within the last 36 months; and

(iii) individuals experiencing homelessness.

(B) A free and reduced fare program for domestic violence and sexual assault survivors, which shall provide free and reduced fares to survivors of domestic violence and sexual assault. The Northern Illinois Transit Authority shall not require domestic violence or sexual assault programs to report or share information related to individual program participants or applicants.

(C) A program across public transportation service providers for providing free services to a rider for any additional fares for the duration of a daily, weekly, monthly, or 30-day pass once the rider has purchased enough regular one-way fares to reach an amount that is no less than the cost of an applicable pass.

Subject to appropriation, the Authority shall implement the program beginning in 2028.

(k) The Authority shall provide regular annual reports to the Governor and General Assembly on progress made in implementing the changes made to this Act by this amendatory Act of the 104th General Assembly under subsections (f) and (g) of this Section as outlined under Section 2.44.

(Source: P.A. 97-85, eff. 7-7-11.)

(70 ILCS 3615/2.05) (from Ch. 111 2/3, par. 702.05)

Sec. 2.05. Centralized Services; Acquisition and Construction.

(a) The Authority may at the request of two or more Service Boards, serve, or designate a Service Board to serve, as a centralized purchasing agent for the Service Boards so requesting.

(b) The Authority may at the request of two or more Service Boards perform other centralized services such as ridership information and transfers between services under the jurisdiction of the Service Boards where such centralized services financially benefit the region as a whole. Provided, however, that the Board may require transfers only upon an affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01.

(c) A Service Board or the Authority may for the benefit of a Service Board, to meet its purposes, construct or acquire any public transportation facility for use by a Service Board or for use by any transportation agency and may acquire any such facilities from any transportation agency, including also without limitation any reserve funds, employees' pension or retirement funds, special funds, franchises, licenses, patents, permits and papers, documents and records of the agency. In connection with any such acquisition from a transportation agency the Authority may assume obligations of the transportation agency with regard to such facilities or property or public transportation operations of such agency.

In connection with any construction or acquisition, the Authority shall make relocation payments as may be required by federal law or by the requirements of any federal agency authorized to administer any federal program of aid.

(d) The Authority shall, after consulting with the Service Boards, develop regionally coordinated and consolidated sales, marketing, advertising, and public information programs that promote the use and coordination of, and transfers among, public transportation services in the metropolitan region. The Authority shall develop and adopt, with the affirmative vote of either at least, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, rules and regulations for the

Authority and the Service Boards regarding such programs to ensure that the Service Boards' independent programs conform with the Authority's regional programs.

(70 ILCS 3615/2.06.2 new)

Sec. 2.06.2. Pedestrian access to transit.

(a) As part of its Strategic Plan, the Authority shall identify and prioritize sidewalk and other improvements needed to provide safe pedestrian access to transit stops.

(b) When any unit of local government in the metropolitan region undertakes a new construction or reconstruction project on a roadway under its jurisdiction that has transit service stops or that intersects with a roadway that provides access to a transit stop within one-quarter mile, then the project scope shall include the addition of sidewalks or shared-use paths to connect the transit stops to any existing sidewalks or paths within 500 feet of the project. The unit of local government in the metropolitan region shall also include the addition of concrete sidewalk boarding areas, which shall connect to the sidewalk, for any existing or new transit stops within the project limits and shall add a shelter if appropriate, based on rules the Authority develops for transit stops.

(c) A unit of local government in the metropolitan region may seek reimbursement from the Authority for capital costs associated with the requirements of this Section, including signal improvements, ADA accommodations, and other pay items appurtenant to the construction of sidewalks, shelters, and concrete boarding areas. If right-of-way acquisition is required to construct the improvements, then the unit of local government may elect not to include these improvements in its construction contract. Units of local government in the metropolitan region shall comply with all applicable requirements of the Department of Transportation in carrying out improvements under this Section.

(d) The Authority shall, by ordinance, provide rules for the program described in this Section, including restricting reimbursement to pay items not already required by the Department of Transportation, and it may elect to establish an annual not-to-exceed amount for the program and require cost-sharing by grantees. The Authority shall use only capital funding for any program established under this Section.

(70 ILCS 3615/2.07) (from Ch. 111 2/3, par. 702.07)

Sec. 2.07. Extra-territorial Authority. To ~~in order to~~ provide or assist any transportation of members of the general public between points in the metropolitan region and points outside the metropolitan region, whether in this State, ~~or in Wisconsin, or Indiana,~~ the Authority may ~~at the request and for the benefit of a Service Board, by ordinance,~~ enter into agreements with any unit of local government, individual, corporation or other business entity, or other person or public agency in or of any such state or any private entity for such service. Such agreements may provide for participation by the Authority ~~a Service Board~~ in providing such service and for grants by the Authority ~~a Service Board~~ in connection with any such service, and may, subject to federal and State law, set forth any terms relating to such service, including coordinating such service with public transportation in the metropolitan region. Such agreement may be for such number of years or duration as the parties may agree. In regard to any such agreements or grants, the Authority ~~a Service Board~~ shall consider the benefit to the metropolitan region and the financial contribution with regard to such service made or to be made from public funds in such areas served outside the metropolitan region. Nothing in this Section prevents the Board of the Commuter Rail Division of the Authority from entering into agreements to provide service, or the Northeast Illinois Regional Commuter Railroad Corporation from providing service, between points outside the metropolitan region when it is deemed beneficial to the State, the Authority, the Services Boards, or the Northeast Illinois Regional Commuter Railroad Corporation.
(Source: P.A. 83-886.)

(70 ILCS 3615/2.09) (from Ch. 111 2/3, par. 702.09)

Sec. 2.09. Research and Development.

(a) The Authority ~~and the Service Boards~~ shall study public transportation problems and developments; encourage experimentation in developing new public transportation technology, financing methods, and management procedures; conduct, in cooperation with other public and private agencies, studies, ~~demonstrations, and demonstration~~ and development projects to test and develop methods for improving public transportation, for reducing its costs to users or for increasing public use; and conduct, sponsor, and participate in other studies and experiments, which may include fare demonstration programs, and transportation technology pilot programs, in conjunction with private parties and public agencies, including the United States Department of Transportation, the Department of Transportation, the Illinois State Toll Highway Authority, and the Chicago Metropolitan Agency for Planning, as are useful in ~~to~~ achieving the purposes of this Act. ~~The cost for any such item authorized by this Section may be exempted~~

by the Board in a budget ordinance from the "costs" included in determining that the Authority and its service boards meet the farebox recovery ratio or system generated revenues recovery ratio requirements of Sections 3A.10, 3B.10, 4.01(b), 4.09 and 4.11 of this Act and Section 34 of the Metropolitan Transit Authority Act during the Authority's fiscal year which begins January 1, 1986 and ends December 31, 1986, provided that the cost of any item authorized herein must be specifically approved within the budget adopted pursuant to Sections 4.01 and 4.11 of this Act for that fiscal year.

(b) (Blank). To improve public transportation service in areas of the metropolitan region with limited access to commuter rail service, the Authority and the Suburban Bus Division shall evaluate the feasibility of implementing new bus rapid transit services using the expressway and tollway systems in the metropolitan region. The Illinois Department of Transportation and the Illinois Toll Highway Authority shall work cooperatively with the Authority and the Suburban Bus Division in that evaluation and in the implementation of bus rapid transit services. The Authority and the Suburban Bus Division, in cooperation with the Illinois Department of Transportation, shall develop a bus rapid transit demonstration project on Interstate 55 located in Will, DuPage, and Cook Counties. This demonstration project shall test and refine approaches to bus rapid transit operations in the expressway or tollway shoulder or regular travel lanes and shall investigate technology options that facilitate the shared use of the transit lane and provide revenue for financing construction and operation of public transportation facilities.

(c) (Blank). The Suburban Bus Division and the Authority shall cooperate in the development, funding, and operation of programs to enhance access to job markets for residents in south suburban Cook County. Beginning in 2008, the Authority shall allocate to the Suburban Bus Division an amount not less than \$3,750,000, and beginning in 2009 an amount not less than \$7,500,000 annually for the costs of such programs.

(70 ILCS 3615/2.10) (from Ch. 111 2/3, par. 702.10)

Sec. 2.10. Protection of the Environment.

(a) The Authority shall take all feasible and prudent steps to minimize environmental disruption and pollution arising from its activities and from public transportation activities of Transportation Agencies acting under purchase of service or grant agreements. In carrying out its purposes and powers under this Act, the Authority shall seek to reduce environmental disruption and pollution arising from all forms of transportation of persons within the metropolitan region. The Authority shall employ persons with skills and responsibilities for determining how to minimize such disruption and pollution.

(b) In recognition of the fact that the transportation sector accounts for approximately one-third of the greenhouse gases generated in the State and that public transportation moves people with fewer emissions than other motorized modes of transportation, the Authority shall work cooperatively with the Department of Transportation, the Illinois State Toll Highway, the Chicago Metropolitan Agency for Planning, and other units of government in the region to assist them in using investments in public transportation facilities and operations as a tool to help them meet their greenhouse gas emission reduction goals. To the maximum extent allowed by law, the Authority is eligible to receive funding and other assistance from local, state, and federal sources so the Authority can assist from local, state, and federal sources so the Authority can assist in using improved and expanded public transportation in the metropolitan region to reduce greenhouse gas emissions and other pollution generated by the transportation sector. The Authority and the Service Boards shall take all feasible and prudent steps to minimize environmental disruption and pollution arising from its activities or from public transportation activities of transportation agencies acting pursuant to purchase of service agreements. In carrying out its purposes and powers under this Act, the Authority and the Service Boards shall seek to reduce environmental disruption and pollution arising from all forms of transportation of persons within the metropolitan region. The Service Boards shall employ persons with skills and responsibilities for determining means to minimize such disruption and pollution.

(Source: P.A. 83-886.)

(70 ILCS 3615/2.10a)

Sec. 2.10a. Zero-emission buses.

(a) As used in this Section:

"Zero-emission bus" means a bus that is:

- (1) designed to carry more than 10 passengers and is used to carry passengers for compensation.
- (2) a zero-emission vehicle; and
- (3) not a taxi.

"Zero-emission vehicle" means a fuel cell or electric vehicle that:

- (1) is a motor vehicle;
- (2) is made by a commercial manufacturer;
- (3) is manufactured primarily for use on public streets, roads, and highways;
- (4) has a maximum speed capability of at least 55 miles per hour;
- (5) is powered entirely by electricity or powered by combining hydrogen and oxygen, which runs the motor;
- (6) has an operating range of at least 100 miles; and
- (7) produces only water vapor and heat as byproducts.

(b) ~~The Authority~~ On or after July 1, 2026, a Service Board may not enter into a new contract to purchase a bus that is not a zero-emission bus for the purpose of a ~~the~~ Service Board's transit bus fleet.

(c) For the purposes of determining compliance with this Section, ~~the Authority~~ a Service Board shall not be deemed to be in violation of this Section when failure to comply is due to:

- (1) the unavailability of zero-emission buses from a manufacturer or funding to purchase zero-emission buses;
- (2) the lack of necessary charging, fueling, or storage facilities or funding to procure charging, fueling, or storage facilities; or
- (3) the inability of a third party to enter into a contractual or commercial relationship with the Authority ~~a Service Board~~ that is necessary to carry out the purposes of this Section.

(Source: P.A. 103-281, eff. 1-1-24.)

(70 ILCS 3615/2.10b new)

Sec. 2.10b. Traffic law enforcement.

(a) The Authority shall cooperate with local governments and law enforcement agencies in the metropolitan region on the enforcement of laws designed to protect the quality and safety of public transportation operations, such as laws prohibiting unauthorized vehicles from blocking bus stops, bus lanes, or other facilities designated for use by transit vehicles and transit users.

(b) Local governments and law enforcement agencies in the metropolitan region may accept photographic, video, or other records derived from cameras and other sensors on public transportation vehicles and facilities as prima facie evidence of a violation of laws that protect the quality and safety of public transportation operations.

(c) The Authority may establish by rule an enforcement program that covers jurisdictions in the metropolitan region that lack laws that protect the quality and safety of public transportation operations or that, in the Authority's sole discretion, fail to adequately enforce laws protecting the quality and safety of public transit operations.

(d) An enforcement program established under this Section shall contain the following elements:

(1) clear definitions of what constitutes a civil violation, such as provisions specifying the number of feet around bus stops where unauthorized vehicles are prohibited from parking;

(2) publication on the Authority's website of descriptions and locations of public transportation facilities that are subject to the Authority's enforcement program and other pertinent information about the enforcement program, and clearly posted signs on or near such public transportation facilities visible to drivers;

(3) A description of the types of evidence, such as bus camera photos or video, which are sufficient to make a prima facie case that a vehicle or person has violated an Authority enforcement rule;

(4) Provision of any adequate notice of an alleged violation to the registered owner of the vehicle, including, but not limited to: the date, time and location of any violation; the particular regulation violated; the fine and any penalty that may be assessed for late payment; the vehicle make and model, or a photograph of the vehicle; the state registration number of the vehicle; the identification number of the person issuing the notice; information as to the availability of a hearing in which the violation may be contested on its merits; and, service of the notice by first-class mail;

(5) An administrative adjudication process that gives registered vehicle owners an opportunity to appear before a neutral party appointed by the Authority to contest the violation on its merits;

(6) A process through which the hearing officer may consider in defense of a violation: (i) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner or lessee at the time of the violation; (ii) that the motor vehicle was hijacked before the violation occurred and not under the control of or in the possession of the owner or lessee at the time of the violation; (iii)

that the driver of the vehicle entered the designated bus lane in order to yield the right-of-way to an emergency vehicle; (iv) that the motor vehicle was under the control of or in the possession of a lessee pursuant to a written lease agreement at the time of the violation, so the lessee should be held liable for the violation; or (v) any other evidence or issues provided by Authority rulemaking;

(7) Use of tools, such as remote hearings and allowance of online submission of documents contesting an alleged violation, to provide alleged violators an adequate opportunity to contest their alleged violation;

(8) Civil violation fees that are no higher than the highest administrative fees imposed for similar violations by other public agencies in the metropolitan region; and

(9) Appropriate and legally required data privacy and personal identifying information protections.

(e) The Authority shall:

(1) Cooperate with local governments and law enforcement agencies to help improve their enforcement of their laws that are designed to improve the quality and safety of public transportation operations;

(2) Inform and consult with local governments and law enforcement agencies in jurisdictions in which the Authority is establishing and operating an enforcement program under subsections (c) and (d); and

(3) Enter into a revenue sharing agreement with each local government in jurisdictions in which the Authority is establishing and operating an enforcement program under subsections (c) and (d).

(i) The agreement shall specify what share of fee revenue resulting from violations within the jurisdiction of a local government shall be disbursed by the Authority to that local government.

(ii) The share of revenue retained by the Authority under the agreement shall be at least sufficient to cover administrative and equipment-related costs required to operate the enforcement program within that jurisdiction.

(f) In its enforcement programs, if any, under subsection (c) and through its cooperation with local governments and law enforcement agencies on their enforcement programs, the Authority shall strive for as much standardization as feasible throughout the metropolitan region in enforcement programs designed to improve the quality and safety of public transportation operations.

(70 ILCS 3615/2.11) (from Ch. 111 2/3, par. 702.11)

Sec. 2.11. Safety.

(a) The Service Boards may establish, enforce and facilitate achievement and maintenance of standards of safety against accidents with respect to public transportation provided by the Service Boards or by transportation agencies pursuant to purchase of service agreements with the Service Boards. However, Sections 18c-7401 and 18c-7402 of the Illinois Commercial Transportation Law and all rules adopted by the Illinois Commerce Commission adopted under Sections 18c-7401 and 18c-7402 of the Illinois Commercial Transportation Law shall continue to apply to the Commuter Rail Board. ~~The provisions of general or special orders, rules or regulations issued by the Illinois Commerce Commission pursuant to Section 57 of "An Act concerning public utilities", approved June 29, 1921, as amended, which pertain to public transportation and public transportation facilities of railroads will continue to apply until the Service Board determines that different standards are necessary to protect such health and safety.~~

(b) (Blank).

(c) The security portion of the system safety program, investigation reports, surveys, schedules, lists, or data compiled, collected, or prepared by or for the Authority under this subsection, shall not be subject to discovery or admitted into evidence in federal or State court or considered for other purposes in any civil action for damages arising from any matter mentioned or addressed in such reports, surveys, schedules, lists, data, or information.

(d) Neither the Authority nor its directors, officers, or employees nor any Service Board subject to this Section nor its directors, officers, or employees shall be held liable in any civil action for any injury to any person or property for any acts or omissions or failure to act under this Section or pursuant to 49 CFR Part 659 as now or hereafter amended.

(e) Nothing in this Section alleviates an individual's duty to comply with the State Officials and Employees Ethics Act.

(Source: P.A. 102-559, eff. 8-20-21.)

(70 ILCS 3615/2.11.05 new)

Sec. 2.11.05. NITA Law Enforcement Task Force.

(a) The Cook County Sheriff shall establish a multijurisdictional NITA Law Enforcement Task Force led by the Cook County Sheriff's Office in cooperation with the Chicago Police Department, the METRA Police, the Illinois State Police, the Sheriff's Offices of other counties in the metropolitan region, and other municipal police departments in the metropolitan region. Law enforcement agencies within the metropolitan region not explicitly named in this subsection may participate on the Task Force upon request of the Cook County Sheriff.

(b) The Task Force shall be created under an intergovernmental agreement and be dedicated to combating violent and other types of crime with the primary mission of preservation of life and reducing the occurrence and the fear of crime on the public transit system of the Northern Illinois Transit Authority. The objectives of the Task Force shall include, but shall not be limited to, reducing and preventing violent crimes and other illegal activities. The Task Force shall also assist and coordinate with the Chief Transit Safety Officer in the Chief Transit Safety Officer's efforts to enforce the Authority's and Service Boards' codes of conduct and to solve quality of life issues for transit riders and staff.

(c) The Task Force may develop and acquire information, training, tools, and resources necessary to implement a data-driven approach to policing, with an emphasis on:

(1) preventing violent crime in known hotspots, property crime, and code of conduct violations that are crimes; and

(2) identifying and arresting persons accused of violent crime.

(d) The Task Force may use information sharing, partnerships, crime analysis, and evidence-based practices to assist in the reduction of violent crime, property crime, and other code of conduct violations.

(e) The Task Force shall recognize and use best practices of community-oriented policing and procedural justice. The Task Force may develop potential partnerships with faith-based and community organizations to achieve its goals, including, but not limited to, partnering with social service organizations, to assist persons experiencing homelessness obtain shelter and other services and to assist persons experiencing a mental health or behavioral crisis in connecting with appropriate services.

(f) The Task Force shall identify and use best practices in deflection and diversion programs and other community-based services to redirect low level offenders and persons charged with nonviolent offenses.

(g) The Task Force shall engage in violence suppression strategies including, but not limited to, details in identified locations that have shown to be the most prone to gun violence and violent crime, focused deterrence against violent gangs and groups considered responsible for the violence in the transit system, and other intelligence driven methods deemed necessary to implement the Task Force's objectives.

(h) To implement this Section, the Cook County Sheriff may establish intergovernmental agreements with law enforcement agencies in accordance with the Intergovernmental Cooperation Act.

(i) Law enforcement agencies that are party to the intergovernmental agreement and that participate in activities described in subsections (c) through (g) may claim funds to defray increased costs incurred by participation in the Task Force from any available moneys provided in support of the Task Force.

(j) The Chicago Police Department shall use any resources provided for participation in the Task Force to supplement, not supplant, existing force strength currently assigned to the Mass Transit Unit within the Chicago Police Department.

(k) The Authority shall provide technical, operational, and material assistance to the Task Force as necessary. The Authority's Chief Transit Safety Officer or the Chief Transit Safety Officer's designee shall participate in the Task Force to facilitate information sharing.

(l) The Task Force shall coordinate with the Chief Transit Safety Officer to identify which code of conduct violations and quality of life issues shall fall under the Task Force's purview, which shall fall under the transit ambassadors' purview, and which shall require both the Task Force and transit ambassadors to respond.

(m) Within 6 months after the effective date of this amendatory Act of the 104th General Assembly, the Task Force shall prepare a report of recommendations for ongoing law enforcement strategies, tactics, and best practices for the Northern Illinois Transit Authority transit system. The report shall also make recommendations to be used by the Authority in implementing a sworn law enforcement officer crime prevention program on public transportation and a crime prevention plan to protect public transportation employees and riders in the metropolitan region. The Report shall be submitted to the Coordinated Safety Response Council created under Section 2.11.20.

(n) The Task Force shall disband 3 years after the effective date of this amendatory Act of the 104th General Assembly or upon the Authority's transition to a sworn law enforcement officer crime prevention

program on public transportation and a crime prevention plan to protect public transportation employees and riders in the metropolitan region, whichever event occurs first.

(o) Prior to disbanding, the Task Force shall cooperate with the Office of Transit Safety and Experience to develop a plan to transition from the Task Force to a sworn law enforcement officer crime prevention program on public transportation and a crime prevention plan to protect public transportation employees and riders in the metropolitan region.

(70 ILCS 3615/2.11.10 new)

Sec. 2.11.10. Vote on sworn officer crime prevention program.

(a) Within 1 year after the effective date of this amendatory Act of the 104th General Assembly, the Authority shall vote to implement a sworn law enforcement officer crime prevention program on public transportation and a crime prevention plan to protect public transportation employees and riders in the metropolitan region.

(b) The vote on the strategy to be implemented using sworn law enforcement to respond to crime on public transportation in the metropolitan region and on the plan to protect public transportation employees and riders shall be approved by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or or at least or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01. In taking this vote, the Board shall consider recommendations provided by the NITA Law Enforcement Task Force, findings from the Coordinated Safety Council's report on the feasibility, advisability, and necessity of the program, and recommendations from the Safety Subcommittee.

(c) Within 60 days of the vote to implement a sworn law enforcement officer crime prevention program on public transportation and a crime prevention plan to protect public transportation employees and riders in the metropolitan region, the Office of Transit Safety and Experience shall develop an Operational Plan to implement the selected strategy. The Operational Plan shall include the steps and schedule for transitioning from the Task Force to the sworn law enforcement officer crime prevention program on public transportation and the crime prevention plan to protect public transportation employees and riders in the metropolitan region.

(70 ILCS 3615/2.11.15 new)

Sec. 2.11.15. Office of Transit Safety and Experience.

(a) The Authority shall establish an Office of Transit Safety and Experience.

(b) The Office shall be responsible for:

(1) developing, implementing, and overseeing a regionwide safety strategy, working with the Coordinated Safety Response Council;

(2) promoting code of conduct compliance and the safety of riders and workers;

(3) developing safety standards under subsection (a) of Section 2.11.30;

(4) making recommendations relating to system safety for inclusion in the Authority's strategic plan, Annual Budget and 2-Year Financial Plan, 5-Year Capital Program, and other projects and programs;

(5) making any reports and plans regarding rider and worker safety required under this Act;

(6) overseeing the enforcement and facilitation of the achievement and maintenance of safety standards, the implementation of safety tools and technologies, and the conduction of customer satisfaction polling under Section 2.11;

(7) coordinating and liaising with law enforcement agencies, the NITA Law Enforcement Unit, social service agencies, and other government agencies or nongovernmental agencies serving the metropolitan region on safety issues and initiatives;

(8) strategizing and partnering with law enforcement agencies as appropriate to ensure as much as possible that the response to safety incidents on public transit facilities occurs pursuant to the sworn law enforcement officer crime prevention program on public transportation, the crime prevention plan to protect public transportation employees and riders in the metropolitan region, and the incident response deployment strategy developed by the Safety Coordination Council;

(9) developing and overseeing policies and programs to assist riders in their use of the transit system and to connect them to other beneficial government and social services, including through

partnerships and contracts with social service agencies and nongovernmental agencies that conduct outreach and provide assistance to unhoused riders;

(10) collecting and analyzing data on safety incidents occurring on public transportation in the metropolitan region; and

(11) developing and implementing policies and procedures for riders to provide compliments and complaints about their experiences on public transportation in the metropolitan region.

(c) The Executive Director of the Authority shall, subject to the Board's approval, designate a full-time Chief Transit Safety Officer to lead and manage the Office of Transit Safety and Experience. The Chief Executive Transit Safety Officer shall have previously served in a supervisory capacity at a law enforcement agency and report directly to the Executive Director. The Chief Executive Transit Safety Officer shall receive the same training that all members of the Coordinated Safety Response Council receive under subsection (h) of Section 2.11.20.

(d) Personnel within the Office for Transit Safety and Experience may be organized or assigned into bureaus, sections, or divisions as determined by the Executive Director pursuant to the authority granted by this Act.

(e) To implement this Section, the Authority may establish intergovernmental agreements with law enforcement agencies in accordance with the Intergovernmental Cooperation Act.

(f) To implement this Section, the Authority may enter into contracts with nongovernmental agencies that provide outreach and assistance to riders that are unhoused, that suffer from mental health issues, or that otherwise may benefit from social services.

(g) Law enforcement agencies that are party to intergovernmental agreements and nongovernmental agencies that enter into contracts with the Authority to implement the sworn law enforcement officer crime prevention program on public transportation, the crime prevention plan to protect public transportation employees and riders in the metropolitan region, the incident response deployment strategy, or a combination thereof may claim funds to defray increased costs incurred by participation in those programs from any available moneys provided in support of the programs.

(h) The Chicago Police Department shall use any resources provided to implement the sworn law enforcement officer crime prevention program on public transportation, the crime prevention plan to protect public transportation employees and riders in the metropolitan region, the incident response deployment strategy or combination thereof to supplement, not supplant, existing force strength currently assigned to the Mass Transit Unit within the Chicago Police Department.

(70 ILCS 3615/2.11.20 new)

Sec. 2.11.20. Coordinated Safety Response Council.

(a) The Office of Transit Safety and Experience shall create a standing Coordinated Safety Response Council to facilitate collaboration and synchronization among government agencies and nongovernmental agencies to address safety issues and social service needs for individuals working or riding on public transportations in the metropolitan region.

(b) The Office of Transit Safety shall invite organizations to be members of the Coordinated Safety Response Council. Membership may include major law enforcement agencies and social service providers in the area served by the transit system. Membership shall include, at minimum, staff representing:

(1) the Authority's Chief Transit Safety Officer;

(2) each Service Operator;

(3) the Cook County State's Attorney's Office;

(4) the Cook County Sheriff's Office;

(5) the highest ranking officer of the NITA Law Enforcement Task Force;

(6) law enforcement agencies whose jurisdiction includes transit facilities operated by the

Authority;

(7) the Chicago Police Department;

(8) the Chicago Department of Family and Support Services;

(9) representatives of the labor organizations representing bus and train operators for the Chicago Transit Authority;

(10) a representative from an organization currently providing alternative behavioral health, mobile crisis response;

(11) a representative from an organization participating in implementation of the Community Emergency Services and Supports Act;

(12) representatives from community-based organizations serving youth, people with disabilities, or individuals experiencing homelessness; and

(13) a representative from the Department of Human Services.

(c) Within 9 months of the effective date of this amendatory Act of the 104th General Assembly, the Coordinated Safety Response Council shall issue a report on using sworn law enforcement officers to respond to crime on public transportation in the metropolitan region, which shall include:

(1) an assessment of the feasibility, advisability, and necessity of various strategies to use sworn law enforcement officers to respond to crime on public transportation in the metropolitan region; and

(2) the qualifications, composition, training, requirements, strategies, roles, and accountability measures, policies, and procedures necessary to implement the outlined strategies.

(d) In evaluating the feasibility, advisability, and necessity of various strategies to use sworn law enforcement to respond to crime on public transportation, the Coordinated Safety Response Council shall consider:

(1) data, outcomes, and recommendations from the NITA Law Enforcement Task Force;

(2) holistically, the Authority's safety systems and programs, including the transit ambassador program, safety, surveillance, and communication technologies, infrastructure investments, and external partnerships and contracts and investments;

(3) the costs and risks associated with the various strategies; and

(4) a recommendation on the optimal strategy to use law enforcement to respond to crime on public transportation in the metropolitan region.

(e) The Coordinated Safety Response Council shall be responsible for developing an incident response and long-term safety strategy including, at minimum:

(1) the appropriate responses, including sworn law enforcement and social services, for different kinds of safety or code of conduct incidents on public transportation in the region;

(2) the organization responsible for deploying resources to provide the identified responses based on incident location and circumstances;

(3) the agreements, contracts, or communication protocols needed for the identified organizations to implement the incident response strategy; and

(4) the protocols necessary to address multijurisdiction participation in the NITA Law Enforcement Task Force and any future multijurisdictional collaborations, including:

(A) addressing legal questions of jurisdictional authority;

(B) creating consistent use of force standards;

(C) promoting consistent training across the multiple law enforcement entities participating in the NITA Law Enforcement Task Force; and

(D) clarifying the ordinance authority held by Chicago Transit Authority to allow multiple jurisdictions to lawfully participate in the NITA Law Enforcement Task Force.

(f) The incident response and long-term safety strategy shall consider actions and outcomes achievable given a baseline annual funding level of \$95,000,000 from the Authority and a baseline level of spending by each local law enforcement agency participating in the council that is no less than that agency's spending relating to public transportation in Fiscal Year 2025.

(g) The Coordinated Safety Response Council shall complete a comprehensive review and evaluation of the incident response and long-term safety strategy no less than once every 3 years. The Coordinated Safety Response Council shall update the incident response and long-term safety strategy as it finds necessary in its evaluation.

(h) Members of the Coordinated Safety Response Council shall, at a minimum, receive or show proof that they have previously received training that is adequate in quality, quantity, scope, and type, on the following topics:

(1) constitutional and other relevant law on police-community encounters, including the law on the use of force and stops, searches, and arrests;

(2) police tactics, including de-escalation;

(3) impartial policing;

(4) policing individuals in crisis;

(5) procedural justice; and

(6) cultural competency, including implicit bias and racial and ethnic sensitivity.

(i) The Authority shall implement the recommendations of the Coordinated Safety Response Council in a permanent long-term safety plan as soon as possible after the completion of each report.

(70 ILCS 3615/2.11.25 new)

Sec. 2.11.25. Safety Subcommittee.

(a) The Board shall create a standing Safety Subcommittee comprising at minimum one member from each appointing authority.

(b) The Safety Subcommittee shall:

(1) review the findings and recommendations of the Office of Transit Safety and Experience;

(2) examine data on safety-related issues facing the Authority, Service Operators, and transit users and workers;

(3) review efforts by the Authority to improve safety for workers and users of the public transportation system;

(4) make recommendations to improve system safety; and

(5) review the Authority's safety-related performance standards and reporting for accuracy and completeness and to ensure that the results are effectively conveyed to the public.

(70 ILCS 3615/2.11.30 new)

Sec. 2.11.30. Safety standards and investments.

(a) The Authority shall establish, enforce, and facilitate achievement and maintenance of standards of safety with respect to public transportation provided by the Authority or by transportation agencies under a purchase of service or grant agreement.

(b) The Authority shall establish standards for the design and maintenance of its facilities in ways that increase the safety of and perception of safety by users of the public transportation system. The standards shall address environmental factors that impact safety, such as the lighting of stations and bus stops.

(c) The Authority shall explore and, where appropriate, deploy technologies that enhance the safety of users of the public transportation system.

(d) The Authority shall ensure that users of the public transportation system, including service provided by any Service Board or transportation agency, can report safety issues in real time. The Authority shall develop and deploy a single feature in its mobile application that shall allow users of the public transportation system to report safety issues in real time to the Authority. The feature must connect users to law enforcement or other appropriate personnel who can respond to the user's safety concerns in a timely and meaningful manner. This feature shall be operational no later than 180 days of the effective date of this amendatory Act of the 104th General Assembly.

(e) The Authority may establish standards for other investments to improve the safety of riders and workers as deemed appropriate.

(f) The Authority shall conduct customer satisfaction polling annually. The customer satisfaction polling shall collect quantitative and qualitative data about rider experience and safety, including questions that explore and measure the perception of safety, cleanliness, maintenance, availability, accessibility, dependability, rider information, and rider care by users of the public transportation system.

(g) In recognition of the fact that travel by public transportation is significantly safer than travel by other means of surface transportation, the Authority shall work cooperatively with the Department of Transportation, the Illinois State Toll Highway Authority, the Chicago Metropolitan Agency for Planning, and other units of government to assist them in using investments in public transportation facilities and operations as a tool to help the Department and units of local government meet their roadway crash, fatality, and serious injury reduction goals. To the maximum extent allowed by law, the Authority is eligible to receive funding and other assistance from local, State, and federal sources so the Authority can assist in using improved and expanded public transportation in the metropolitan region to improve safety in the surface transportation sector.

(h) The security portion of the system safety program, investigation reports, surveys, schedules, lists, or data compiled, collected, or prepared by or for the Authority under this subsection, shall be confidential and shall not be subject to discovery or admitted into evidence in federal or State court or considered for other purposes in any civil action for damages arising from any matter mentioned or addressed in the reports, surveys, schedules, lists, data, or information.

(i) The Authority's Directors, officers, and employees, a Service Board subject to this Section, the Service Board's directors, officers, or employees may not be held liable in any civil action for any injury to any person or property for any acts or omissions or failure to act under this Section or under 49 CFR Part 659 as now or hereafter amended.

(j) Nothing in this Section alleviates an individual's duty to comply with the State Officials and Employees Ethics Act.

(70 ILCS 3615/2.11.35 new)

Sec. 2.11.35. Bus shields.

(a) As used in this Section, "security barrier" means a protective partition made of hard and durable materials designed to shield a fixed-route bus operator from physical assault or projectiles while maintaining visibility and communication with passengers, that:

(1) extends from the bus floor to the bus ceiling;

(2) is capable of fully enclosing the bus operator's workstation and preventing the unwanted entry of persons, fluids, and objects into the bus operator's workstation;

(3) does not impede the bus operator's lines of sight from the workstation to the exterior of the bus; and

(4) creates positive air pressure within the work station in conjunction with a climate-controlled fresh air supply that is dedicated exclusively to the work station.

(b) The bus operator's workstation of any fixed-route bus operated in revenue service for the Authority, the Chicago Transportation Authority, and the Suburban Bus Division shall be equipped with a security barrier as conducive to the physical limitations of the vehicle.

(c) No later than July 1, 2026, the Authority shall consult with the Chicago Transportation Authority, the Suburban Bus Division, and representatives from each labor organization representing Chicago Transportation Authority fixed-route bus operators and Suburban Bus Division fixed-route bus operators regarding security barriers, including design, materials, specifications, selection, and installation.

(d) The Authority, the Chicago Transportation Authority, and the Suburban Bus Division shall complete installation of security barriers by January 1, 2028 for vehicles without limitations provided in subsection (b).

(e) The procurement of new fixed-route buses operated by the Chicago Transportation Authority shall consider the implementation of security barriers and safety of bus operators.

(70 ILCS 3615/2.12b)

Sec. 2.12b. Coordination of Fares and Service. Upon the request of a Service Board, the Executive Director of the Authority may, upon the affirmative vote of 11 9 of the then Directors of the Authority, intervene in any matter involving (i) a dispute between Service Boards or a Service Board and a Transportation Agency transportation agency providing service on behalf of a Service Board with respect to the terms of transfer between, and the allocation of revenues from fares and charges for, transportation services provided by the parties or (ii) a dispute between 2 Service Boards with respect to coordination of service, route duplication, or a change in service. Any Service Board or Transportation Agency transportation agency involved in such dispute shall meet with the Executive Director, cooperate in good faith to attempt to resolve the dispute, and provide any books, records, and other information requested by the Executive Director. If the Executive Director is unable to mediate a resolution of any dispute, he or she may provide a written determination recommending a change in the fares or charges or the allocation of revenues for such service or directing a change in the nature or provider of service that is the subject of the dispute. The Executive Director shall base such determination upon the goals and objectives of the Strategic Plan established pursuant to Section 2.01a(b). Such determination shall be presented to the Board of the Authority and, if approved by the affirmative vote of at least 11 9 of the then Directors of the Authority, shall be final and shall be implemented by any affected Service Board and Transportation Agency transportation agency within the time frame required by the determination.

(Source: P.A. 95-708, eff. 1-18-08.)

(70 ILCS 3615/2.14) (from Ch. 111 2/3, par. 702.14)

Sec. 2.14. Appointment of Officers and Employees. The Authority may appoint, retain, and employ officers, attorneys, agents, engineers and employees. The officers shall include an Executive Director, who shall be the chief executive officer of the Authority, appointed by the Chair Chairman with the advice and consent of the Senate and the concurrence of 11 of the other then Directors of the Board. The Executive Director appointed under this amendatory act of the 104th General Assembly shall be confirmed by the Illinois State Senate. The Executive Director shall organize the staff of the Authority, shall allocate their functions and duties, may shall transfer such staff to the Service Boards or Transportation Agencies when deemed necessary or advisable Suburban Bus Division and the Commuter Rail Division as is sufficient to meet their purposes, shall fix compensation and conditions of employment of the staff of the Authority, and consistent with the policies of and direction from the Board, take all actions necessary to achieve its purposes, fulfill its responsibilities and carry out its powers, and shall have such other powers and responsibilities as the Board shall determine. The Executive Director must be an individual of proven

transportation and management skills and may not be a member of the Board. The Authority may employ its own professional management personnel to provide professional and technical expertise concerning its purposes and powers and to assist it in assessing the performance of the Service Boards in the metropolitan region.

No employee, officer, or agent of the Authority may receive a bonus that exceeds 10% of his or her annual salary unless that bonus has been reviewed by the Board for a period of 14 days. After 14 days, the ~~bonus contract~~ shall be considered reviewed. This Section does not apply to usual and customary salary adjustments.

No unlawful discrimination, as defined and prohibited in the Illinois Human Rights Act, shall be made in any term or aspect of employment nor shall there be discrimination based upon political reasons or factors. The Authority shall establish regulations to insure that its discharges shall not be arbitrary and that hiring and promotion are based on merit.

The Authority shall be subject to the "Illinois Human Rights Act", ~~as now or hereafter amended, and the remedies and procedure established under that Act thereunder.~~ The Authority shall file an affirmative action program for employment by it with the Department of Human Rights to ensure that applicants are employed and that employees are treated during employment, without regard to unlawful discrimination. Such affirmative action program shall include provisions relating to hiring, upgrading, demotion, transfer, recruitment, recruitment advertising, selection for training and rates of pay or other forms of compensation. (Source: P.A. 98-1027, eff. 1-1-15.)

(70 ILCS 3615/2.16) (from Ch. 111 2/3, par. 702.16)

Sec. 2.16. Employee Protection.

(a) The Authority shall ~~ensure~~ ~~insure~~ that every employee of the Authority or of a Service Board or ~~Transportation Agency transportation agency~~ shall receive fair and equitable protection against actions of the Authority which shall not be less than those established pursuant to Section 13(c) of the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. ~~See. 5333(b) 1609(c)~~), and Section 405(b) of the Rail Passenger Service Act of 1970, as amended (45 U.S.C. ~~See. 565(b)~~), and as prescribed by the United States Secretary of Labor thereunder, at the time of the protective agreement or arbitration decision providing protection.

(b) The Authority shall negotiate or arrange for the negotiation of such fair and equitable employee arrangements with the employees, through their accredited representatives authorized to act for them. If agreement cannot be reached on the terms of such protective arrangement, any party may submit any matter in dispute to arbitration. In such arbitration, each party shall have the right to select non-voting arbitration board members. The impartial arbitrator will be selected by the American Arbitration Association and appointed from a current listing of the membership of the National Academy of Arbitrators, upon request of any party. The impartial arbitrator's decision shall be final and binding on all parties. Each party shall pay an equal proportionate share of the impartial arbitrator's fees and expenses.

(c) For purposes of Sections 2.15 through 2.19, "actions of the Authority" include its acquisition and operation of public transportation facilities, the execution of purchase of service agreements and grant contracts made under this Act and the coordination, reorganization, combining, leasing, merging of operations or the expansion or curtailment of public transportation service or facilities by the Authority, but does not include a failure or refusal to enter into a purchase of service agreement or grant contract.

(Source: P.A. 91-357, eff. 7-29-99.)

(70 ILCS 3615/2.18a) (from Ch. 111 2/3, par. 702.18a)

Sec. 2.18a. (a) The provisions of this Section apply to collective bargaining agreements (including extensions and amendments to existing agreements) between Service Boards or transportation agencies subject to the jurisdiction of Service Boards and their employees, which are entered into after January 1, 1984.

(b) The Authority shall approve amended budgets prepared by Service Boards which incorporate the costs of collective bargaining agreements between Service Boards and their employees. The Authority shall approve such an amended budget provided that it determines by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 ~~members~~ that the amended budget meets the standards established in Section 4.11.

(Source: P.A. 95-708, eff. 1-18-08.)

(70 ILCS 3615/2.19) (from Ch. 111 2/3, par. 702.19)

Sec. 2.19. Labor Relations Procedures.

(a) Whenever the Authority proposes to operate or to enter into a contract to operate any new public transportation facility which may result in the displacement of employees or the rearrangement of the working forces of the Authority, ~~or of the Service Boards Chicago Transit Authority~~ or of any ~~Transportation Agency transportation agency~~, the Authority shall give at least 90 days written notice of such proposed operations to the representatives of the employees affected and the Authority shall provide for the selection of forces to perform the work of that facility on the basis of agreement between the Authority and the representatives of such employees. In the event of failure to agree, the dispute may be submitted by the Authority or by any representative of the employees affected to final and binding arbitration by an impartial arbitrator to be selected by the American Arbitration Association from a current listing of arbitrators of the National Academy of Arbitrators.

(b) In case of any labor dispute not otherwise governed by this Act, by the Labor Management Relations Act, as amended, the Railway Labor Act, as amended, or by impasse resolution provisions in a collective bargaining or protective agreement involving the Authority, the ~~Service Boards Chicago Transit Authority~~ or any ~~Transportation Agency transportation agency~~ financed in whole or in part by the Authority and the employees of the Authority, the ~~Service Boards, or of the Chicago Transit Authority~~ or any such ~~Transportation Agency transportation agency~~, which is not settled by the parties thereto within 30 days from the date of commencement of negotiations, either party may request the assistance of a mediator appointed by either the State or Federal Mediation and Conciliation Service, who shall seek to resolve the dispute. In the event that the dispute is not resolved by mediation within a reasonable period, the mediator shall certify to the parties that an impasse exists. Upon receipt of the mediator's certification, any party to the dispute may, within 7 days, submit the dispute to a fact finder who shall be selected by the parties pursuant to the rules of the American Arbitration Association from a current listing of members of the National Academy of Arbitrators supplied by the AAA. The fact finder shall have the duty to hold hearings, or otherwise take evidence from the parties under such other arrangements as they may agree. Upon completion of the parties' submissions, the fact finder shall have the power to issue and make public findings and recommendations, or to refer the dispute back to the parties for such other appropriate action as he may recommend. In the event that the parties do not reach agreement after the issuance of the fact finder's report and recommendations, or in cases where neither party requests fact finding, the Authority shall offer to submit the dispute to arbitration by a board composed of 3 persons, one appointed by the Authority, one appointed by the labor organization representing the employees, and a third member to be agreed upon by the labor organization and the Authority. The member agreed upon by the labor organization and the Authority shall act as chairman of the board. The determination of the majority of the board of arbitration thus established shall be final and binding on all matters in dispute. If, after a period of 10 days from the date of the appointment of the two arbitrators representing the Authority and the labor organization, the third arbitrator has not been selected, then either arbitrator may request the American Arbitration Association to furnish from a current listing of the membership of the National Academy of Arbitrators the names of 7 such members of the National Academy from which the third arbitrator shall be selected. The arbitrators appointed by the Authority and the labor organization, promptly after the receipt of such list, shall determine by lot the order of elimination, and thereafter each shall in that order alternately eliminate one name until only one name remains. The remaining person on the list shall be the third arbitrator. The term "labor dispute" shall be broadly construed and shall include any controversy concerning wages, salaries, hours, working conditions, or benefits, including health and welfare, sick leave, insurance, or pension or retirement provisions, but not limited thereto, and including any controversy concerning any differences or questions that may arise between the parties including but not limited to the making or maintaining of collective bargaining agreements, the terms to be included in such agreements, and the interpretation or application of such collective bargaining agreements and any grievance that may arise. Each party shall pay one-half of the expenses of such arbitration.

(70 ILCS 3615/2.24) (from Ch. 111 2/3, par. 702.24)

Sec. 2.24. Drug and alcohol testing. The ~~Regional Transportation~~ Authority, and all of the Service Boards subject to the Authority, including the Chicago Transportation Authority, shall be responsible for the establishment, maintenance, administration and enforcement of a comprehensive drug and alcohol testing program which is in absolute conformity with Federal statutes and regulations currently in effect.

(Source: P.A. 88-619, eff. 1-1-95.)

(70 ILCS 3615/2.30)

Sec. 2.30. Paratransit services.

(a) For purposes of this Act, "ADA paratransit services" shall mean those comparable or specialized transportation services provided by, or under grant or purchase of service contracts of, the Service Boards to individuals with disabilities who are unable to use fixed route transportation systems and who are determined to be eligible, for some or all of their trips, for such services under the Americans with Disabilities Act of 1990 and its implementing regulations.

(b) Beginning July 1, 2005, the Authority is responsible for the funding, from amounts on deposit in the ADA Paratransit Fund established under Section 2.01d of this Act, financial review and oversight of all ADA paratransit services that are provided by the Authority or by any of the Service Boards. The Suburban Bus Board shall operate or provide for the operation of all ADA paratransit services by no later than July 1, 2006, except that this date may be extended to the extent necessary to obtain approval from the Federal Transit Administration of the plan prepared pursuant to subsection (c).

(c) No later than January 1, 2006, the Authority, in collaboration with the Suburban Bus Board and the Chicago Transit Authority, shall develop a plan for the provision of ADA paratransit services and submit such plan to the Federal Transit Administration for approval. Approval of such plan by the Authority shall require the affirmative votes of either at least 15 of its then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01. The Suburban Bus Board, the Chicago Transit Authority and the Authority shall comply with the requirements of the Americans with Disabilities Act of 1990 and its implementing regulations in developing and approving such plan including, without limitation, consulting with individuals with disabilities and groups representing them in the community, and providing adequate opportunity for public comment and public hearings. The plan shall include the contents required for a paratransit plan pursuant to the Americans with Disabilities Act of 1990 and its implementing regulations. The plan shall also include, without limitation, provisions to:

(1) maintain, at a minimum, the levels of ADA paratransit service that are required to be provided by the Service Boards pursuant to the Americans with Disabilities Act of 1990 and its implementing regulations;

(2) transfer the appropriate ADA paratransit services, management, personnel, service contracts and assets from the Chicago Transit Authority to the Authority or the Suburban Bus Board, as necessary, by no later than July 1, 2006, except that this date may be extended to the extent necessary to obtain approval from the Federal Transit Administration of the plan prepared pursuant to this subsection (c);

(3) provide for consistent policies throughout the metropolitan region for scheduling of ADA paratransit service trips to and from destinations, with consideration of scheduling of return trips on a "will-call" open-ended basis upon request of the rider, if practicable, and with consideration of an increased number of trips available by subscription service than are available as of the effective date of this amendatory Act;

(4) provide that service contracts and rates, entered into or set after the approval by the Federal Transit Administration of the plan prepared pursuant to subsection (c) of this Section, with private carriers and taxicabs for ADA paratransit service are procured by means of an open procurement process;

(5) provide for fares, fare collection and billing procedures for ADA paratransit services throughout the metropolitan region;

(6) provide for performance standards for all ADA paratransit service transportation carriers, with consideration of door-to-door service;

(7) provide, in cooperation with the Illinois Department of Transportation, the Illinois Department of Public Aid and other appropriate public agencies and private entities, for the application and receipt of grants, including, without limitation, reimbursement from Medicaid or other programs for ADA paratransit services;

(8) provide for a system of dispatch of ADA paratransit services transportation carriers throughout the metropolitan region, with consideration of county-based dispatch systems already in place as of the effective date of this amendatory Act;

(9) provide for a process of determining eligibility for ADA paratransit services that complies with the Americans with Disabilities Act of 1990 and its implementing regulations;

(10) provide for consideration of innovative methods to provide and fund ADA paratransit services; and

(11) provide for the creation of one or more ADA advisory boards, or the reconstitution of the existing ADA advisory boards for the Service Boards, to represent the diversity of individuals with disabilities in the metropolitan region and to provide appropriate ongoing input from individuals with disabilities into the operation of ADA paratransit services.

(d) All revisions and annual updates to the ADA paratransit services plan developed pursuant to subsection (c) of this Section, or certifications of continued compliance in lieu of plan updates, that are required to be provided to the Federal Transit Administration shall be developed by the Authority, in collaboration with the Suburban Bus Board and the Chicago Transit Authority, and the Authority shall submit such revision, update or certification to the Federal Transit Administration for approval. Approval of such revisions, updates or certifications by the Authority shall require the affirmative votes of either at least 15 of its then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01.

(e) The Illinois Department of Transportation, the Illinois Department of Public Aid, the Authority, the Suburban Bus Board and the Chicago Transit Authority shall enter into intergovernmental agreements as may be necessary to provide funding and accountability for, and implementation of, the requirements of this Section.

(f) By no later than April 1, 2007, the Authority shall develop and submit to the General Assembly and the Governor a funding plan for ADA paratransit services. Approval of such plan by the Authority shall require the affirmative votes of either at least 15 of its then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01. The funding plan shall, at a minimum, contain an analysis of the current costs of providing ADA paratransit services, projections of the long-term costs of providing ADA paratransit services, identification of and recommendations for possible cost efficiencies in providing ADA paratransit services, and identification of and recommendations for possible funding sources for providing ADA paratransit services. The Illinois Department of Transportation, the Illinois Department of Public Aid, the Suburban Bus Board, the Chicago Transit Authority and other State and local public agencies as appropriate shall cooperate with the Authority in the preparation of such funding plan.

(g) Any funds derived from the federal Medicaid program for reimbursement of the costs of providing ADA paratransit services within the metropolitan region shall be directed to the Authority and shall be used to pay for or reimburse the costs of providing such services.

(h) Nothing in this amendatory Act shall be construed to conflict with the requirements of the Americans with Disabilities Act of 1990 and its implementing regulations.

(Source: P.A. 94-370, eff. 7-29-05; 95-708, eff. 1-18-08.)

(70 ILCS 3615/2.39)

Sec. 2.39. Prioritization process for ~~Northeastern Illinois~~ transit capital projects.

(a) The Authority shall develop a transparent prioritization process for metropolitan region transit capital projects to identify projects that will most effectively achieve the goals of the Strategic Plan and improve the quality of public transportation services contemplated by the service standards, to the extent service standards have been adopted. The Authority shall develop a transparent prioritization process for Northeastern Illinois transit projects receiving State capital funding. The prioritization process must consider, at a minimum: (1) access to key destinations such as jobs, retail, healthcare, and recreation, (2) reliability improvement, (3) capacity needs, (4) safety, (5) state of good repair, (6) racial equity and mobility justice, and (7) economic development. All State capital funding awards shall be made by the Regional Transportation Authority in accordance with the prioritization process. An appropriate public input process shall be established. The Authority shall make a report to the General Assembly each year describing the prioritization process and its use in funding awards.

(b) The Authority shall use the prioritization process when developing its 5-year Capital Program under Section 2.01b and for its other capital planning processes. A summary of the project evaluation process, measures, program, and scores or prioritization criteria for all candidate projects shall be published on the Authority's website in a timely manner.

(c) The prioritization process must consider, at a minimum:

(1) increasing access to key destinations, such as jobs, retail, healthcare, and recreation;

(2) reliability improvements;

(3) capacity needs;

(4) safety;

(5) state of good repair;

(6) racial equity and mobility justice;

(7) environmental protection;

(8) the service standards; and

(9) economic development. Starting April 1, 2022, no project shall be included in the 5-year capital program, or amendments to that program, without being evaluated under the selection process described in this Section.

(d) All capital funding awards shall be made by the Authority in accordance with the prioritization process. An appropriate public input process shall be established. The Authority shall make a report to the General Assembly each year describing the prioritization process and its use in funding awards.

(e) A summary of the project evaluation process, measures, program, and scores or prioritization criteria for all candidate projects shall be published on the Authority's website in a timely manner.

(f) No project shall be included in the 5-year Capital Program, or amendments to that Program, without being evaluated under the selection process described in this Section.

(Source: P.A. 102-573, eff. 8-24-21.)

(70 ILCS 3615/2.40)

Sec. 2.40. Suspension of riding privileges and confiscation of fare media.

(a) As used in this Section, "demographic information" includes, but is not limited to, age, race, ethnicity, gender, and housing status, as that term is defined under Section 10 of the Bill of Rights for the Homeless Act.

(b) Suspension of riding privileges and confiscation of fare media are limited to:

(1) violations where the person's conduct places transit employees or transit passengers in reasonable apprehension of a threat to their safety or the safety of others, including assault and battery, as those terms are defined under Sections 12-1 and 12-3 of the Criminal Code of 2012;

(2) violations where the person's conduct places transit employees or transit passengers in reasonable apprehension of a threat of a criminal sexual assault, as that term is defined under Section 11-1.20 of the Criminal Code of 2012; and

(3) violations involving an act of public indecency, as that term is defined in Section 11-30 of the Criminal Code of 2012.

(c) Written notice shall be provided to an individual regarding the suspension of the individual's riding privileges or confiscation of fare media. The notice shall be provided in person at the time of the alleged violation, except that, if providing notice in person at the time of the alleged violation is not practicable, then the Authority shall make a reasonable effort to provide notice to the individual by personal service, by mailing a copy of the notice by certified mail, return receipt requested, and first-class mail to the person's current address, or by emailing a copy of the notice to an email address on file, if available. If the person is known to be detained in jail, service shall be made as provided under Section 2-203.2 of the Code of Civil Procedure. The written notice shall be sufficient to inform the individual about the following:

(1) the nature of the suspension of riding privileges or confiscation of fare media;

(2) the person's rights and available remedies to contest or appeal the suspension of riding privileges or confiscation of fare media and to apply for reinstatement of riding privileges; and

(3) the procedures for adjudicating whether a suspension or confiscation is warranted and for applying for reinstatement of riding privileges, including the time and location of any hearing.

The process to determine whether a suspension or riding privileges or confiscation of fare media is warranted and the length of the suspension shall be concluded within 30 business days after the individual receives notice of the suspension or confiscation.

Notwithstanding any other provision of this Section, no person shall be denied the ability to contest or appeal a suspension of riding privileges or confiscation of fare media, or to attend a hearing to determine whether a suspension or confiscation was warranted, because the person was detained in a jail.

(d) The Authority ~~Each Service Board~~ shall create an administrative suspension hearing process as follows:

(1) The Authority ~~A Service Board~~ shall designate an official to oversee the administrative process to decide whether a suspension is warranted and the length of the suspension.

(2) The accused and related parties, including legal counsel, may attend this hearing in person, by telephone, or virtually.

(3) The Authority ~~Service Board~~ shall present the suspension-related evidence and outline the evidence that supports the need for the suspension.

(4) The accused or the accused's legal counsel can present and may make an oral or written presentation and offer documents, including affidavits, in response to the Service Board's evidence.

(5) The Authority's ~~Service Board's~~ designated official shall make a finding on the suspension.

(6) The value of unexpended credit or unexpired passes shall be reimbursed upon suspension of riding privileges or confiscation of fare media.

(7) The alleged victims of the violation and related parties, including witnesses who were present, may attend this hearing in person, by telephone, or virtually.

(8) The alleged victims of the violation and related parties, including witnesses who were present, can present and may make an oral or written presentation and offer documents, including affidavits, in response to the Service Board's evidence.

(e) The Authority ~~Each Service Board~~ shall create a process to appeal and reinstate ridership privileges. This information shall be provided to the suspended rider at the time of the Authority's ~~Service Board's~~ findings. A suspended rider is entitled to 2 appeals after the Authority's ~~Service Board's~~ finding to suspend the person's ridership. A suspended rider may petition the Authority ~~Service Board~~ to reinstate the person's ridership privileges one calendar year after the Authority's ~~Service Board's~~ suspension finding if the length of the suspension is more than one year.

(f) The Authority ~~Each Service Board~~ shall collect, report, and make publicly available in a quarterly timeframe the number and demographic information of people subject to suspension of riding privileges or confiscation of fare media, the conduct leading to the suspension or confiscation, as well as the location and description of the location where the conduct occurred, such as identifying the transit station or transit line, date, and time of day, a citation to the statutory authority for which the accused person was arrested or charged, the amount, if any, on the fare media, and the length of the suspension.

(70 ILCS 3615/2.41)

Sec. 2.41. Fast-track authority ~~Domestic Violence and Sexual Assault Regional Transit Authority Public Transportation Assistance Program.~~

(a) The Board may designate select projects in the 5-Year Capital Program to be authorized using a fast-track process to be approved along with the 5-Year Capital Program.

(1) To be considered for fast-track authorization, a project must meet each of the following criteria:

(A) It must have over \$250,000,000 in 5-year funding programmed in the 5-Year Capital Program.

(B) It must have demonstrated local support in the affected area, as evidenced by comments at public meetings, letters of support from local officials, survey responses, or similar expressions of support.

(C) It must document benefits from techniques recognized to lower costs, such as the use of itemized costs, standardized designs, or increased in-house staff to manage contracts.

(2) The Board shall hold the following hearings for each fast-track project to demonstrate how the project meets the eligibility criteria before final approval of the 5-Year Capital Program. Before adopting a 5-Year Capital Program with one or more fast-track projects, the Board must meet with and attempt to address concerns raised by (i) the county board president or county executive of each county within which any construction activity for the proposed fast-track projects is to be conducted; (ii) the mayor of Chicago if any fast-track project construction activity may occur within Chicago; and (iii) the Department of Transportation if any fast-track project construction activity will affect highway rights-of-way under State jurisdiction.

(b) Once the Board has presented the fast-track project, the Board may approve its fast-track status as part of the 5-year Capital Program. Upon confirmation of fast-track status, the Authority or the relevant Service Board shall notify the State and any unit of local government or public utility affected by any proposed construction, acquisition, or other activity related to the fast-track project. Any agreements, such as cost-sharing agreements for utility relocation, project betterments, and site access, between the Authority or a Service Board and the State, unit of local government, private or public utilities, or private property owners shall be negotiated and executed before fast-track projects are finalized and construction contracts are executed.

(1) If construction related to the fast-track project will require access to a roadway or right-of-way that is under the jurisdiction of the State or a unit of local government, the Authority shall provide notice to the governmental entity from which the Authority anticipates seeking right-of-way access upon completion of the preliminary plan and shall provide updates throughout the planning stage. Upon completion of final plans, the Authority shall request access to roadways or right-of-ways, if necessary, from the government entity with jurisdiction over the property. The Authority's request must comply with any existing requirements of the State or unit of local government for access to its roadways or, at minimum, include detailed construction plans, safety measures, and plans for mitigating traffic and inconvenience caused by the work.

Once an access request is received and complete information has been provided, as determined by the State or unit of local government from which the Authority seeks access, the government entity with jurisdiction over the relevant roadway will have 60 days to process and respond to the Authority's request. If the State or unit of local government requires additional information or adjustments to the Authority's plans, it will work with the Authority for an additional 45 days to complete its review. If the State or unit of local government fails or is unable to approve the Authority's request within 120 days, the Authority may report the delay to and seek immediate approval from the relevant representative of the State or unit of local government, which is the Regional Engineer of the Department of Transportation's District 1 Office if the request involves a State roadway; the relevant highway superintendent if the request involves a county roadway; the transportation commissioner if the request involves a municipality; or the chief executive officer of the relevant organization if the requests involves any other local governmental entity.

Upon completion of construction, the Authority shall comply with permit and State or unit of local governmental requirements and restore the roadway to its previous condition, unless otherwise agreed to by the State or unit of local government. The Authority shall provide a survey of the quality of the relevant infrastructure and shall allow the State or unit of local government to inspect the infrastructure. The Authority shall be responsible for any defect in infrastructure or other damage resulting from the Authority's actions. The Authority shall either repair or compensate the State or unit of local government for any damages resulting from the Authority's actions. Unless previously agreed, at no point shall the Authority's use of State or unit of local governmental property be permanent, create a property interest, or affect the jurisdiction of the roadway.

(2) If a fast-track project requires the removal, relocation, or modification of any facility of a public utility, the Authority or the relevant Service Board shall provide reasonable notice to the affected public utility when the need for removal or relocation becomes known and shall provide updates throughout the planning stage. Upon completion of final plans, the Authority shall provide written notice to each affected public utility of the need to remove, relocate, or modify its facilities. The notice shall include detailed construction plans, safety measures, and plans for mitigating traffic and inconvenience caused by the work. If public utility facilities that are subject to removal or relocation are located within State or county highway rights-of-way with the consent of the State or appropriate county highway authority, the Authority may coordinate with the Department of Transportation or county highway authority and the removal or relocation shall be subject to the terms of the Illinois Highway Code. Any other utility relocation or removal shall be subject to the terms of subsection (b) of Section 2.21.

If, within 90 days after receipt of the written notice, the utility's facilities have not been removed, relocated, or modified to the reasonable satisfaction of the Authority or the relevant Service Board or, if arrangements are not made satisfactory to the Authority or the relevant Service Board, the Authority or the relevant Service Board or its contractors may remove, relocate, or modify the utility facilities and bill the owner for the total cost of the removal, relocation, or modification.

(a) No later than 90 days after the effective date of this amendatory Act of the 103rd General Assembly, the Authority shall create the Domestic Violence and Sexual Assault Regional Transit Authority Public Transportation Assistance Program to serve residents of the Authority.

Through this Program, the Authority shall issue monetarily preloaded mass transit cards to The Network: Advocating Against Domestic Violence for survivor and victim use of public transportation through Chicago Transit Authority, the Suburban Bus Division, and the Commuter Rail Division.

The Authority shall coordinate with The Network: Advocating Against Domestic Violence to issue no less than 25,000 monetarily preloaded mass transit cards with a value of \$20 per card for distribution to domestic violence and sexual assault service providers throughout the Authority's jurisdiction, including the counties of Cook, Kane, DuPage, Will, Lake, and McHenry.

The mass transit card shall be plastic or laminated and wallet sized, contain no information that would reference domestic violence or sexual assault services, and have no expiration date. The cards shall also be available electronically and shall be distributed to domestic violence and sexual assault direct service providers to distribute to survivors.

The total number of mass transit cards shall be distributed to domestic violence and sexual assault service providers throughout the Authority's region based on the average number of clients served in 2021 and 2022 in comparison to the total number of mass transit cards granted by the Authority.

(b) The creation of the Program shall include an appointment of a domestic violence or sexual assault program service provider or a representative of the service provider's choosing to the Authority's Citizen Advisory Board.

The Network: Advocating Against Domestic Violence shall provide an annual report of the program, including a list of service providers receiving the mass transit cards, the total number of cards received by each service provider, and an estimated number of survivors and victims of domestic violence and sexual assault participating in the program. The report shall also include survivor testimonies of the program and shall include program provided recommendations on improving implementation of the Program. The report shall be provided to the Regional Transit Authority one calendar year after the creation of the Program.

In partnership with The Network: Advocating Against Domestic Violence, the Authority shall report this information to the Board and the Citizen Advisory Board and compile an annual report of the Program to the General Assembly and to domestic violence and sexual assault service providers in the service providers' jurisdiction and include recommendations for improving implementation of the Program.

(Source: P.A. 103-281, eff. 7-28-23.)

(70 ILCS 3615/2.43 new)

Sec. 2.43. Transit-supportive development.

(a) As used in this Section, "transit-supportive development" means residential improvements, commercial improvements, and supporting infrastructure improvements that are (i) located within one-half mile of a public transportation station or within one-eighth of a mile of a bus stop on a public transportation bus route and (ii) designed to facilitate access to and use of public transit.

(b) The Authority shall have power to acquire, construct, own, operate, or maintain for public service transit-supportive development in the metropolitan region and all the powers necessary or convenient to accomplish the purposes of this Section.

(c) The Authority shall have power to acquire by purchase, condemnation, lease, gift, or otherwise any property and rights useful for its transit-supportive development purposes; to sell, lease, transfer, or convey any property or rights when no longer useful; or to exchange the same for other property or rights that are useful for its purposes.

(d) In addition to other powers provided in this Act, the Authority shall have power to enter into contracts and agreements with governmental, not-for-profit, and for-profit entities for the development, construction, and operation of transit-supportive developments.

(e) The Authority shall have the continuing power to borrow money for (i) the purpose of acquiring, constructing, reconstructing, extending, or improving transit-supportive developments or any part of those developments and (ii) the purpose of acquiring property and equipment useful for the construction, reconstruction, extension, improvement, or operation of its transit-supportive developments or any part of those developments.

(f) This Section does not exempt the Authority from complying with land use regulations applicable to the property involved in a transit-supportive development.

(70 ILCS 3615/2.44 new)

Sec. 2.44. Transit-supportive development opportunity inventory.

(a) As used in this Section, "transit-supportive development" means residential and commercial infrastructure improvements that are (i) located within one-half mile of a public transportation station or within one-eighth of a mile of a bus stop on a public transportation bus route and (ii) designed to facilitate access to and use of public transit.

(b) The Authority shall develop an inventory of all real property owned by the Authority or the Service Boards to identify all property that could allow for transit-supportive development without impeding the operations of the Authority or Service Boards. The inventory shall identify, at minimum, any parcels owned by the Authority or by a Service Board that are (i) located within one-half mile of a public transportation station or within one-eighth of a mile of a bus stop on a public transportation bus route and (ii) are unimproved or contain improvements whose gross square footage (excluding parking facilities) is less than the total land square footage of the parcel.

(c) No later than 12 months after the effective date of this amendatory Act of the 104th General Assembly, the Authority shall provide for direct, public access to a database of all parcels of real property thus identified. The database shall include each parcel sortable and searchable by, at minimum:

(1) total land square footage;

(2) gross square footage of any improvements contained within the parcel;

(3) the current use of the parcel by the current owner, including any restrictions on use imposed by Authority rule or agreement or by federal law;

(4) any parcel identification number that may be issued by the assessor of the county containing the parcel;

(5) zip code;

(6) parcel centroid longitude; and

(7) parcel centroid latitude.

(d) The database may also include parcels owned by other governmental agencies or nongovernmental organizations that are identified to the Authority by the entity owning them as suitable for allowing transit-supportive development. Any parcels included should be sortable and searchable as described in subsection (c).

(e) The Authority may establish and maintain this database through an accessible website or delegate this responsibility to a metropolitan planning organization.

(70 ILCS 3615/2.45 new)

Sec. 2.45. Transit-Supportive Development Incentive Program.

(a) As used in this Section, "transit-supportive development" means commercial or residential development that is designed to expand the public transportation ridership base or to effectively connect public transportation users to such developments. "Transit-supportive development" includes, but is not limited to, laws and policies that further these objectives, capital improvements that foster communities with high per capita transit ridership, and public transportation operation improvements that support efforts to build communities with high per capita transit ridership.

(b) The Authority may establish a Transit-Supportive Development Incentive Program and authorize the deposit of Authority moneys into a Transit-Supportive Development Incentive Fund. Amounts on deposit in the Fund and interest and other earnings on those amounts may be used by the Authority, with the approval of its Directors and after a competitive application and scoring process that includes an opportunity for public participation, for operating or capital grants or loans to Service Boards, transportation agencies, or units of local government for the following purposes:

(1) investment in transit-supportive residential and commercial development, including developments on or in the vicinity of property owned by the Authority, a Service Board, or a transportation agency;

(2) grants to local governments to help cover the cost of drafting and implementing land use, parking, and other laws that are intended to encourage and shall reasonably have the effect of allowing or supporting transit-supportive residential or commercial development; and

(3) providing resources for increased public transportation service in and around transit-supportive residential and commercial developments, especially newly created transit-supportive developments.

(c) If the Authority establishes such a program, the Authority shall develop and publish scoring criteria that it shall use in making awards from the Transit-Supportive Development Incentive Fund. The scoring criteria shall prioritize high-density development in and in the near vicinity of public transportation stations and routes and shall prioritize projects that (i) are likely to increase per capita public transportation

ridership, (ii) serve disadvantaged and transit-dependent populations, and (iii) are located in jurisdictions that have land use and other policies that encourage the level of residential density and concentration of businesses in walkable districts accessible by public transportation required to support financially viable public transportation service with substantial ridership.

(d) Any grantee that receives funds under this Section must (i) implement such programs within one year after receipt of the funds and (ii) determine, within 2 years following commencement of any program using such funds, whether it has resulted in increased use of public transportation by those residing in the area covered by the program or those accessing the area from outside the area. No additional funds under this Section may be distributed to a grantee for any individual program beyond 2 years unless the Board of the Authority waives this limitation. A waiver shall be with regard to an individual program and with regard to a one-year period, and any further waivers for an individual program require a subsequent vote of the Board.

(e) The Authority may reallocate unused funds deposited into the Transit-Supportive Development Incentive Fund to other Authority purposes and programs.

(70 ILCS 3615/2.46 new)

Sec. 2.46. Transit ambassadors.

(a) By June 1, 2026, the Authority shall implement a transit ambassador program to increase safety for passengers and personnel, provide passenger education and assistance, and help passengers navigate all transit systems under the Authority.

(b) To ensure regional competency and system integration, the Authority shall develop a transit ambassador training program with input from each Service Board and interested stakeholders and in alignment with subsection (d) of Section 25 of the Community Emergency Services and Support Act.

(c) The Service Boards in coordination with the Authority shall deploy trained, unarmed personnel on buses, bus stops, trains, and stations to achieve the goals of the Transit Ambassador Program.

(d) Transit ambassador units may be composed of mobile and fixed post personnel.

(e) The responsibilities of a transit ambassador may include, but are not limited to:

(1) navigational and other passenger assistance;

(2) liaising with law enforcement, social services, and community resources to address unsafe conditions and to connect persons with relevant social, medical, and other services; and

(3) monitoring passenger activity and compliance with laws and rules.

(f) No less than 80% of transit ambassadors serving the Chicago Transit Authority shall be full-time employees of the Chicago Transit Authority. The Chicago Transit Authority shall bargain with the union representing current customer service employees to determine the initial conditions of employment for the transit ambassadors.

(g) Those persons employed by the Chicago Transit Authority as Customer Service Assistants, who meet the applicable Transit Ambassador qualifications, and the requirements of the training program established pursuant to the Chicago Transit Authority Transit Ambassador Program prior to the hiring of any other personnel.

(h) Customer-facing employees of the Commuter Rail Division shall undergo the standard transit ambassador training program developed by the Authority.

(i) Existing employees of the Service Boards identified to complete the transit ambassador training shall do so by January 1, 2027.

(j) The Authority shall facilitate coordination between the Service Boards to ensure communication and continuity across all Service Boards.

(k) Beginning January 1, 2031, the Authority shall evaluate the efficacy of the program no less than every 5 years and identify needed changes and improvements.

(70 ILCS 3615/2.47 new)

Sec. 2.47. Language accessibility.

(a) As used in this Section:

"Limited English proficient individual" means an individual who does not speak English as the individual's primary language and who has a limited ability to read, speak, write, or understand English.

"Qualified interpreter" or "qualified translator" means an individual proficient in both English and the non-English language used by the limited English proficient individual, with demonstrated ability to interpret or translate accurately and impartially.

"Vital documents" means materials critical for obtaining services or understanding rider rights, including fare schedules, safety information, service announcements, and notices of rights or responsibilities.

(b) The Authority and all Service Operators shall:

(1) translate all vital documents by a qualified translator into any non-English language spoken by (i) at least 5% of the service area population or (ii) at least 10,000 individuals within the service area, whichever is less;

(2) provide oral interpretation services by a qualified interpreter at customer service centers, by multilingual phone lines, or through on-demand interpreter services;

(3) post multilingual signage, including "I Speak" language identification posters, in major transit hubs and vehicles; and

(4) include translation features in major languages spoken by limited English proficient individuals for digital platforms, applications, and real-time service updates.

(c) No later than January 1, 2026, and every 3 years thereafter, the Authority, in coordination with the Service Operators, shall develop and implement, and update every 3 years thereafter, a language access plan. The language access plan shall:

(1) identify limited English proficient populations in the metropolitan area, based on census, rider surveys, and community input;

(2) describe language assistance services currently provided;

(3) implement a timeline for improvements and expansion of language assistance services; and

(4) designate staff responsible for compliance and monitoring.

(d) The Authority and all Service Operators shall conduct regular outreach to limited English proficient communities through culturally competent community organizations and ethnic media and include limited English proficient riders in service planning, language access evaluations, and public engagement sessions.

(e) The Authority shall develop and make available to all frontline and customer-facing staff training on legal obligations under federal law, proper use of language services, and cultural competency best practices. The Service Board shall make best efforts to ensure that all new hires and existing customer-facing employees complete the training.

(f) No later than January 1, 2026, and each year thereafter, each Service Operators shall submit annual language access progress reports to the Authority.

(g) The Authority shall conduct an annual compliance review of at least one Service Operator.

(70 ILCS 3615/3.01) (from Ch. 111 2/3, par. 703.01)

Sec. 3.01. Board of Directors. The corporate authorities and governing and administrative body of the Authority shall be a Board consisting of 20 ~~13~~ Directors until April 1, 2008, and 16 Directors thereafter, appointed as follows:

(a) Five ~~Four~~ Directors appointed by the Mayor of the City of Chicago, with the advice and consent of the City Council of the City of Chicago, and, only until April 1, 2008, a fifth director who shall be the Chairman of the Chicago Transit Authority. After April 1, 2008, the Mayor of the City of Chicago, with the advice and consent of the City Council of the City of Chicago, shall appoint a fifth Director. The Directors appointed by the Mayor of the City of Chicago shall not be the Chairman or a Director of the Chicago Transit Authority. Each such Director shall reside in the City of Chicago. Directors appointed under this subsection shall include:

(1) one Director with an initial term of 5 years who shall serve as a member of the Board of the Chicago Transit Authority;

(2) one Director with an initial term of 3 years;

(3) one Director with an initial term of 5 years who shall serve as a director of the Suburban Bus Board;

(4) one Director with an initial term of 3 years who shall serve as a director of the Commuter Rail Board; and

(5) one director with an initial term of 5 years.

(a-5) Five Directors appointed by the Governor of the State of Illinois, with the advice and consent of the Senate. The Directors appointed under this subsection shall reside in the metropolitan region and represent the geographic diversity of the metropolitan region. Directors appointed under this subsection shall include:

(1) one Director with an initial term of 5 years who shall serve as a member of the Board of the Chicago Transit Authority;

(2) one Director with an initial term of 3 years who shall serve as a director of the Suburban Bus Board;

(3) one Director with an initial term of 5 years who shall serve as a director of the Commuter Rail Board;

(4) one Director with an initial term of 3 years; and

(5) one Director with an initial term of 5 years.

(b) Five ~~Four~~ Directors appointed by the President of ~~votes of a majority of the members of the Cook County Board of Commissioners, with the advice and consent of the Cook County Board of Commissioners. The Directors appointed under this subsection shall reside in the metropolitan area and represent the geographic diversity of suburban Cook County. Directors appointed under this subsection shall include: elected from districts, a majority of the electors of which reside outside Chicago. After April 1, 2008, a fifth Director appointed by the President of the Cook County Board with the advice and consent of the members of the Cook County Board. Each Director appointed under this subparagraph shall reside in that part of Cook County outside Chicago.~~

(1) one Director with an initial term of 3 years who shall serve as a director of the Suburban Bus Board;

(2) one Director with an initial term of 5 years;

(3) one Director with an initial term of 3 years who shall serve as a director of the Commuter Rail Board;

(4) one Director with an initial term of 5 years who shall serve as a director of the Commuter Rail Board; and

(5) one Director with an initial term of 3 years who shall serve as a member of the Board of the Chicago Transit Authority.

(b-5) Five Directors appointed by the Chair or County Executive of the county boards of Kane, Lake, McHenry, DuPage, and Will Counties. Each Chair or County Executive shall appoint one Director for the Chair or County Executive's county, with the advice and consent of the Chair or County Executive's county board. Each Director shall reside in the county from which the Director is appointed. Directors appointed under this subsection shall include:

(1) one Director appointed by the Chair of the DuPage County Board, with the advice and consent of the DuPage County Board, with an initial term of 5 years who shall serve as a director of the Suburban Bus Board;

(2) one Director appointed by the Chair of the Kane County Board, with the advice and consent of the Kane County Board, with an initial term of 3 years who shall serve as a director of the Suburban Bus Board;

(3) one Director appointed by the Chair of the Lake County Board, with the advice and consent of the Lake County Board, with an initial term of 3 years who shall serve as a director of the Commuter Rail Board;

(4) one Director appointed by the Chair of the McHenry County Board, with the advice and consent of the McHenry County Board, with an initial term of 5 years who shall serve as a director of the Commuter Rail Board; and

(5) one Director appointed by the Will County Executive, with the advice and consent of the Will County Board, with an initial term of 3 years who shall serve as a director of the Suburban Bus Board.

(b-10) On February 1, 2026, the terms of all directors serving on the effective date of this amendatory Act of the 104th General Assembly shall immediately expire. If a vacancy on the Board occurs before February 1, 2026, then the vacancy shall be filled under Section 3.03. Directors serving on the effective date of this amendatory Act of the 104th General Assembly may be reappointed.

(b-15) Within 120 days of the effective date of this amendatory Act of the 104th General Assembly, the appointing authorities shall appoint, with the advice and consent required under this Section, a new Board of the Authority. Directors have been appointed when appointments are filed with and accepted by the Secretary of State in accordance with subsection (g).

(b-20) On the first meeting of the Board the Directors after the effective date of this amendatory Act of the 104th General Assembly, the Board of Directors, with the advice and consent of the Senate, shall elect

from the Directors appointed by the Governor under subsection (a-5), a Director to serve as Chair of the Board. The Chair of the Board may not take office until the Chair has been confirmed by the Senate.

(b-25) Directors appointed under this Section after the effective date of this amendatory Act of the 104th General Assembly shall serve terms of office beginning on February 1, 2026. The subsequent terms of each Director appointed after February 1, 2026 shall be 5 years.

(c) (Blank). Until April 1, 2008, 3 Directors appointed by the Chairmen of the County Boards of DuPage, Kane, Lake, McHenry, and Will Counties, as follows:

(i) Two Directors appointed by the Chairmen of the county boards of Kane, Lake, McHenry and Will Counties, with the concurrence of not less than a majority of the Chairmen from such counties, from nominees by the Chairmen. Each such Chairman may nominate not more than 2 persons for each position. Each such Director shall reside in a county in the metropolitan region other than Cook or DuPage Counties.

(ii) One Director appointed by the Chairman of the DuPage County Board with the advice and consent of the DuPage County Board. Such Director shall reside in DuPage County.

(d) (Blank). After April 1, 2008, 5 Directors appointed by the Chairmen of the County Boards of DuPage, Kane, Lake and McHenry Counties and the County Executive of Will County, as follows:

(i) One Director appointed by the Chairman of the Kane County Board with the advice and consent of the Kane County Board. Such Director shall reside in Kane County.

(ii) One Director appointed by the County Executive of Will County with the advice and consent of the Will County Board. Such Director shall reside in Will County.

(iii) One Director appointed by the Chairman of the DuPage County Board with the advice and consent of the DuPage County Board. Such Director shall reside in DuPage County.

(iv) One Director appointed by the Chairman of the Lake County Board with the advice and consent of the Lake County Board. Such Director shall reside in Lake County.

(v) One Director appointed by the Chairman of the McHenry County Board with the advice and consent of the McHenry County Board. Such Director shall reside in McHenry County.

(vi) To implement the changes in appointing authority under this subparagraph (d) the three Directors appointed under subparagraph (e) and residing in Lake County, DuPage County, and Kane County respectively shall each continue to serve as Director until the expiration of their respective term of office and until his or her successor is appointed and qualified or a vacancy occurs in the office. Thereupon, the appointment shall be made by the officials given appointing authority with respect to the Director whose term has expired or office has become vacant.

(c) (Blank). The Chairman serving on the effective date of this amendatory Act of the 95th General Assembly shall continue to serve as Chairman until the expiration of his or her term of office and until his or her successor is appointed and qualified or a vacancy occurs in the office. Upon the expiration or vacancy of the term of the Chairman then serving upon the effective date of this amendatory Act of the 95th General Assembly, the Chairman shall be appointed by the other Directors, by the affirmative vote of at least 11 of the then Directors with at least 2 affirmative votes from Directors who reside in the City of Chicago, at least 2 affirmative votes from Directors who reside in Cook County outside the City of Chicago, and at least 2 affirmative votes from Directors who reside in the Counties of DuPage, Lake, Will, Kane, or McHenry. The chairman shall not be appointed from among the other Directors. The chairman shall be a resident of the metropolitan region.

(f) Except as otherwise provided by this Act no Director shall, while serving as such, ~~be an officer, a member of the Board of Directors or Trustees or an employee of any Service Board or transportation agency, or~~ be an employee of the State of Illinois or any department or agency thereof, or of any municipality, county, or any other unit of local government or receive any compensation from any elected or appointed office under the Constitution and laws of Illinois or hold any office or employment under the Federal government; except that a Director may be a member of a school board or a member of the National Guard.

(g) Each appointment made under this Section and under Section 3.03 shall be certified by the appointing authority and filed with the Secretary of State and ~~to the Secretary of the Board. The Secretary of the Board, which~~ shall maintain the certifications as part of the official records of the Authority.

(h) (Blank).

(i) The Chair of the Board shall be one of the Directors appointed by the Governor under subsection (a-5). A Director may not serve as the Chair of the Board until the Director has been confirmed as the Chair by the Senate.

(i) Directors shall have diverse and substantial relevant experience and expertise for overseeing the planning, operation, and funding of a regional transportation system, including, but not limited to, backgrounds in urban and regional planning, management of large capital projects, labor and workforce development, business management, public administration, transportation, and community organizations.

(j) Those responsible for appointing Directors shall strive to assemble a set of Directors that, to the greatest extent possible, reflects the ethnic, cultural, economic, and geographic diversity of the metropolitan region.

(Source: P.A. 98-709, eff. 7-16-14.)

(70 ILCS 3615/3.03) (from Ch. 111 2/3, par. 703.03)

Sec. 3.03. Terms, vacancies. Each Director shall hold office for a term of 5 years, and until his successor has been appointed and has qualified. A vacancy shall occur upon resignation, death, conviction of a felony, or removal from office of a Director. Any Director may be removed from office ~~(i) upon concurrence of not less than 11 Directors, on a formal finding of incompetence, neglect of duty, or malfeasance in office or (ii)~~ by the Governor in response to a summary report received from the Executive Inspector General in accordance with Section 20-50 of the State Officials and Employees Ethics Act, provided he or she has an opportunity to be publicly heard in person or by counsel prior to removal. Within 30 days after the office of any member becomes vacant for any reason, the appointing authorities of such member shall make an appointment to fill the vacancy. A vacancy shall be filled for the unexpired term.

Whenever a vacancy for a Director, except as to the Chairman or those Directors appointed by the Mayor of the City of Chicago, exists for longer than 4 months, the new Director shall be chosen by election by all legislative members in the General Assembly representing the affected area. In order to qualify as a voting legislative member in this matter, the affected area must be more than 50% of the geographic area of the legislative district.

(Source: P.A. 95-708, eff. 1-18-08; 96-1528, eff. 7-1-11.)

(70 ILCS 3615/3.04) (from Ch. 111 2/3, par. 703.04)

Sec. 3.04. Compensation. Each Director including the Chairman, ~~except for the Chairman of the Chicago Transit Authority who shall not be compensated by the Authority,~~ shall be compensated at the rate of \$15,000 ~~\$25,000~~ per year. Payments shall be made monthly. A director shall not be eligible for pay for a month if the director is absent from any regularly scheduled meeting, unless due to illness or an emergency.

Directors shall be required to complete an annual training on financial management and procurement laws, policies, and procedures. Directors who failed to complete the required trainings shall not be eligible for compensation.

Officers of the Authority shall not be required to comply with the requirements of "An Act requiring certain custodians of public moneys to file and publish statements of the receipts and disbursements thereof", approved June 24, 1919, as now or hereafter amended.

(70 ILCS 3615/3.13 new)

Sec. 3.13. Board members' professional development leadership training.

(a) In addition to any other training requirements that may be established under Illinois law or ordinance adopted by the Authority, every Director of the Board of the Authority and member of the Service Boards must participate in a mandatory training seminar within the first 3 months of the Director's or member's term of office. The training shall consist of at least 4 hours of professional development leadership training covering topics that shall include, but are not limited to, financial oversight and accountability, procurement, audits, fiduciary responsibilities of a member of a governing board, and conflicts of interest. The training shall be completed by each member of the board every 2 years.

(b) The training under this Section may be provided by the Authority's legal counsel or ethics officer or by other qualified providers. The Authority may contract with a qualified provider to provide the training required under this Section.

(c) Any Director of the Board of the Authority or member of the Service Boards who does not timely complete the training required under this Section is not eligible to serve on the Board of the Authority or the Service Board, unless (i) the Director or member completes the missed training within 30 days after the date the Director or member failed to complete the required training or (ii) the Director or member has a legitimate medical excuse. Upon resolution of the circumstances giving rise to a legitimate medical excuse, the Director or member shall have 30 days to complete the required training. If the Director or member fails to complete the training required under this Section, then the secretary of the Board of the Authority or

Service Board shall notify (i) the Chair of the Board of the Authority, (ii) the Service Board, if the Director or member is a member of a Service Board, and (iii) the authority that appointed the Director or member.

(d) A Director of the Board of the Authority or member of a Service Board in violation of this Section may not be compensated for service as a Director of the Board of the Authority or as a member of a Service Board.

(e) Failure of the Director or member to complete the training required by this Section does not affect the validity of any action taken by the Authority or the Service Operator.

(70 ILCS 3615/3A.01) (from Ch. 111 2/3, par. 703A.01)

Sec. 3A.01. Suburban Bus Division. There is established within the Authority the Suburban Bus Division as the operating division responsible for providing public transportation by bus and as may be provided in this Act. Purchase of service agreements between a transportation agency and the Authority in effect on the effective date of this amendatory Act shall remain in full force and effect in accordance with the terms of such agreement. Such agreements ~~shall first be the responsibility of the Transition Board and, on the date of its creation,~~ shall be the responsibility of the Suburban Bus Division and its Board.

(Source: P.A. 83-885; 83-886.)

(70 ILCS 3615/3A.02) (from Ch. 111 2/3, par. 703A.02)

Sec. 3A.02. Suburban Bus Board.

(a) The governing body of the Suburban Bus Division shall be the Suburban Bus Board. Until February 1, 2026, the Suburban Bus Board shall consist ~~shall be a board consisting~~ of 13 directors appointed as follows:

(1) (a) Six Directors appointed by the members of the Cook County Board elected from that part of Cook County outside of Chicago, or in the event such Board of Commissioners becomes elected from single member districts, by those Commissioners elected from districts, a majority of the residents of which reside outside of Chicago from the chief executive officers of the municipalities, of that portion of Cook County outside of Chicago. Provided however, that:

(A) ~~(i)~~ One of the Directors shall be the chief executive officer of a municipality within the area of the Northwest Region defined in Section 3A.13;

(B) ~~(ii)~~ One of the Directors shall be the chief executive officer of a municipality within the area of the North Central Region defined in Section 3A.13;

(C) ~~(iii)~~ One of the Directors shall be the chief executive officer of a municipality within the area of the North Shore Region defined in Section 3A.13;

(D) ~~(iv)~~ One of the Directors shall be the chief executive officer of a municipality within the area of the Central Region defined in Section 3A.13;

(E) ~~(v)~~ One of the Directors shall be the chief executive officer of a municipality within the area of the Southwest Region defined in Section 3A.13;

(F) ~~(vi)~~ One of the Directors shall be the chief executive officer of a municipality within the area of the South Region defined in Section 3A.13;

(2) ~~(b)~~ One Director by the Chairman of the Kane County Board who shall be a chief executive officer of a municipality within Kane County;

(3) ~~(c)~~ One Director by the Chairman of the Lake County Board who shall be a chief executive officer of a municipality within Lake County;

(4) ~~(d)~~ One Director by the Chairman of the DuPage County Board who shall be a chief executive officer of a municipality within DuPage County;

(5) ~~(e)~~ One Director by the Chairman of the McHenry County Board who shall be a chief executive officer of a municipality within McHenry County;

(6) ~~(f)~~ One Director by the Chairman of the Will County Board who shall be a chief executive officer of a municipality within Will County;

(7) ~~(g)~~ The Commissioner of the Mayor's Office for People with Disabilities, from the City of Chicago, who shall serve as an ex officio ~~ex officio~~ member; and

(8) ~~(h)~~ The Chairman by the Governor for the initial term, and thereafter by a majority of the Chairmen of the DuPage, Kane, Lake, McHenry and Will County Boards and the members of the Cook County Board elected from that part of Cook County outside of Chicago, or in the event such Board of Commissioners is elected from single member districts, by those Commissioners elected from districts, a majority of the electors of which reside outside of Chicago; and who after the effective date of this amendatory Act of the 95th General Assembly may not be a resident of the City of Chicago.

(b) Beginning February 1, 2026, the board shall consist of 11 directors appointed as follows:

(1) One director appointed by the Governor, with the advice and consent of the Senate. The director appointed under this paragraph shall have an initial term of 3 years. The director appointed under this paragraph shall also serve as a Director of the Northern Illinois Transit Authority.

(2) Two directors appointed by the Mayor of Chicago, with the advice and consent of the City Council of the City of Chicago. The Directors appointed under this paragraph shall be residents of Chicago. The Directors appointed under this paragraph shall include:

(A) a director with an initial term of 5 years who shall serve as a Director on the Board of the Authority; and

(B) a director with an initial term of 3 years.

(3) Three directors appointed by the President of the Cook County Board of Commissioners, with the advice and consent of the Cook County Board of Commissioners. The Directors appointed under this paragraph shall be residents of suburban Cook County. The Directors appointed under this paragraph shall include:

(A) a director with an initial term of 3 years who shall serve as a Director on the Board of the Authority; and

(B) two directors with initial terms of 5 years.

(4) One director appointed by the Chair of the DuPage County Board, with the advice and consent of the DuPage County Board. The director appointed under this paragraph shall have an initial term of 3 years. The director appointed under this paragraph shall also serve as a Director on the Board of the Authority.

(5) One director appointed by the Chair of the Kane County Board, with the advice and consent of the Kane County Board. The director appointed under this paragraph shall have an initial term of 5 years. The director appointed under this paragraph shall also serve as a Director on the Board of the Authority.

(6) One director appointed by the Chair of the Lake County Board, with the advice and consent of the Lake County Board. The director appointed under this paragraph shall have an initial term of 5 years.

(7) One director appointed by the Chair of the McHenry County Board, with the advice and consent of the McHenry County Board. The director appointed under this paragraph shall have an initial term of 3 years.

(8) One director appointed by the Will County Executive, with the advice and consent of the Will County Board. The director appointed under this paragraph shall have an initial term of 5 years. The director appointed under this paragraph shall also serve as a Director on the Board of the Authority.

(c) Directors appointed under subsection (b) shall serve terms of office beginning on February 1, 2026. The subsequent terms of each director appointed under subsection (b) shall be 5 years.

(d) The Chair of the Suburban Bus Board shall be elected by a simple majority vote by the directors of the Suburban Bus Board from among the directors of the board, subject to the advice and consent of the Senate.

(e) Initial appointments of directors under subsection (b) must be made in time for the directors to begin their terms on February 1, 2026.

(f) On February 1, 2026, the terms of all directors appointed under subsection (a), and of any directors appointed to fill a vacancy, shall immediately expire. If a vacancy on the Suburban Bus Board occurs before February 1, 2026, then the vacancy shall be filled under Section 3A.03. Directors appointed under subsection (a) may be reappointed under subsection (b).

(g) Directors shall have diverse and substantial relevant experience or expertise in overseeing the planning, operation, or funding of a public transportation system, including, but not limited to, backgrounds in urban and regional planning, management of large capital projects, labor and workforce development, business management, public administration, transportation, and transit and ridership advocacy.

Each appointment made under paragraphs (a) through (g) and under Section 3A.03 shall be certified by the appointing authority to the Suburban Bus Board which shall maintain the certifications as part of the official records of the Suburban Bus Board; provided that the initial appointments shall be certified to the Secretary of State, who shall transmit the certifications to the Suburban Bus Board following its organization.

For the purposes of this Section, "chief executive officer of a municipality" includes a former chief executive officer of a municipality within the specified Region or County, provided that the former officer continues to reside within such Region or County.

(70 ILCS 3615/3A.03) (from Ch. 111 2/3, par. 703A.03)

Sec. 3A.03. Terms, Vacancies. Each ~~The initial term of the directors appointed pursuant to subdivision (a) of Section 3A.02 shall expire on June 30, 1985; the initial term of the directors appointed pursuant to subdivisions (b) through (g) of Section 3A.02 shall expire on June 30, 1986. Thereafter, each director shall serve be appointed for a term of 4 years, and until his successor has been appointed and qualified. A vacancy shall occur upon the resignation, death, conviction of a felony, or removal from office of a director. Any director may be removed from office (i) upon the concurrence of not less than 8 directors, on a formal finding of incompetence, neglect of duty, or malfeasance in office or (ii) by the Governor in response to a summary report received from the Executive Inspector General in accordance with Section 20-50 of the State Officials and Employees Ethics Act, provided he or she has an opportunity to be publicly heard in person or by counsel prior to removal. Within 30 days after the office of any director becomes vacant for any reason, the appointing authorities of such director shall make an appointment to fill the vacancy. A vacancy shall be filled for the unexpired term. The initial directors other than the chairman shall be appointed within 180 days of November 9, 1983.~~

~~On June 1, 1984 the seat of any Director of the Suburban Bus Board not yet filled shall be deemed vacant and shall be chosen by the election of all the legislative members of the General Assembly representing the affected area. In order to qualify as a voting legislative member in this matter, the affected area must be more than 50% of the geographic area of the legislative district.~~

(Source: P.A. 96-1528, eff. 7-1-11.)

(70 ILCS 3615/3A.05) (from Ch. 111 2/3, par. 703A.05)

Sec. 3A.05. Appointment of officers and employees. The Suburban Bus Board shall appoint an Executive Director who shall be the chief executive officer of the Division, appointed, retained or dismissed with the concurrence of ~~6~~ 9 of the directors of the Suburban Bus Board and the Board of the Authority. The Chair and the Executive Director of the Authority shall be included in the process for choosing the Executive Director of the Suburban Bus Division, including membership in any search committee. The Executive Director of the Suburban Bus Division shall appoint, retain and employ officers, attorneys, agents, engineers, employees and shall organize the staff, shall allocate their functions and duties, fix compensation and conditions of employment, and consistent with the policies of and direction from the Suburban Bus Board take all actions necessary to achieve its purposes, fulfill its responsibilities and carry out its powers, and shall have such other powers and responsibilities as the Board of the Authority ~~Suburban Bus Board~~ shall determine in an ordinance describing the position's role, powers, and responsibilities. The Executive Director shall be an individual of proven transportation and management skills and may not be a member of the Suburban Bus Board. The Executive Director shall have demonstrated experience with one or more of the following areas: (i) public transportation system operations; (ii) infrastructure capital project management; or (iii) legal or human resource management for a public agency. The Executive Director shall also meet any qualifications that may be set by ordinance of the Authority. The Division may employ its own professional management personnel to provide professional and technical expertise concerning its purposes and powers and to assist it in assessing the performance of transportation agencies in the metropolitan region.

No employee, officer, or agent of the Suburban Bus Board may receive a bonus that exceeds 10% of his or her annual salary unless that bonus has been reviewed by the ~~Regional Transportation~~ Authority Board for a period of 14 days. After 14 days, the contract shall be considered reviewed. This Section does not apply to usual and customary salary adjustments.

No unlawful discrimination, as defined and prohibited in the Illinois Human Rights Act, shall be made in any term or aspect of employment nor shall there be discrimination based upon political reasons or factors. The Suburban Bus Board shall establish regulations to insure that its discharges shall not be arbitrary and that hiring and promotion are based on merit.

The Division shall be subject to the "Illinois Human Rights Act", ~~as now or hereafter amended~~, and the remedies and procedure established thereunder. The Suburban Bus Board shall file an affirmative action program for employment by it with the Department of Human Rights to ensure that applicants are employed and that employees are treated during employment, without regard to unlawful discrimination. Such

affirmative action program shall include provisions relating to hiring, upgrading, demotion, transfer, recruitment, recruitment advertising, selection for training and rates of pay or other forms of compensation. (Source: P.A. 98-1027, eff. 1-1-15.)

(70 ILCS 3615/3A.06) (from Ch. 111 2/3, par. 703A.06)

Sec. 3A.06. Compensation. The members ~~Chairman~~ of the Suburban Bus Board shall receive an annual salary of \$15,000; except that members of the Suburban Bus Board that are also members of the Board of the Northern Illinois Transit Authority shall receive \$5,000 per year in addition to the compensation the members receive for serving on the Board of the Northern Illinois Transit Authority; ~~and the other members of the Suburban Bus Board shall receive an annual salary of \$10,000.~~ Each member shall be reimbursed for actual expenses incurred in the performance of his duties, not to exceed \$5000 per year.

Officers of the Division shall not be required to comply with the requirements of "An Act requiring certain custodians of public monies to file and publish statements of the receipts and disbursements thereof", approved June 24, 1919, as now or hereafter amended.

(Source: P.A. 84-939.)

(70 ILCS 3615/3A.07) (from Ch. 111 2/3, par. 703A.07)

Sec. 3A.07. Meetings.

(a) The Suburban Bus Board shall prescribe the time and places for meetings and the manner in which special meetings may be called. The Suburban Bus Board shall comply in all respects with the "Open Meetings Act", ~~as now or hereafter amended.~~ All records, documents and papers of the Suburban Bus Division, other than those relating to matters concerning which closed sessions of the Suburban Bus Board may be held, shall be available for public examination, subject to such reasonable regulations as the Suburban Bus Board may adopt.

(b) A majority of the members shall constitute a quorum for the conduct of business. The affirmative votes of at least ~~6~~ 7 members shall be necessary for any action required by this Act to be taken by ordinance.

(c) Open meetings of the Board shall be broadcast to the public and maintained in real-time on the Board's website using a high-speed Internet connection. Recordings of each meeting broadcast shall be posted to the Board's website within a reasonable time after the meeting and shall be maintained as public records to the extent practicable, as determined by the Board. Compliance with the provisions of this subsection ~~amendatory Act of the 98th General Assembly~~ does not relieve the Board of its obligations under the Open Meetings Act.

(Source: P.A. 98-1139, eff. 6-1-15.)

(70 ILCS 3615/3A.08) (from Ch. 111 2/3, par. 703A.08)

Sec. 3A.08. Jurisdiction. The Suburban Bus Board shall have jurisdiction to provide Any public transportation by bus and ADA paratransit services within the metropolitan region; ~~other than public transportation by commuter rail or public transportation provided by the Chicago Transit Authority pursuant to agreements in effect on the effective date of this amendatory Act of 1983 or in the City of Chicago and any ADA paratransit services provided pursuant to Section 2.30 of the Regional Transportation Authority Act, shall be subject to the jurisdiction of the Suburban Bus Board.~~

(Source: P.A. 94-370, eff. 7-29-05.)

(70 ILCS 3615/3A.09) (from Ch. 111 2/3, par. 703A.09)

Sec. 3A.09. General powers.

(a) The Suburban Bus Board shall:

(1) oversee the operations and management of the Service Board;

(2) convey the Authority's goals, priorities, and requirements to the Service Board; and

(3) convey information, concerns, and recommendations from the Service Board to Authority leadership.

(b) The Suburban Bus Board shall manage the debt that was issued and outstanding by its service board predecessor to ensure that the obligations owed to bondholders are fulfilled.

(c) The Suburban Bus Board shall not have the power to incur new debt other than debt or other financial instruments designed to refinance or retire debt that was issued and outstanding on the effective date of this amendatory Act of the 104th General Assembly.

(d) The status and rights of employees of the Suburban Bus Board under any applicable statutes, and applicable collective bargaining agreements, or under any pension, retirement, or annuity plan, shall not be affected by this amendatory Act of the 104th General Assembly.

(e) In addition to any powers elsewhere provided to the Suburban Bus Board, it shall have all of the powers specified in Section 2.20 of this Act except for the powers specified in Section 2.20(a)(v) that are delegated to the Suburban Bus Board by the Board of the Authority.

(f) The Suburban Bus Board shall also have the power:

(1) ~~(a)~~ to cooperate with the ~~Regional Transportation~~ Authority in the exercise by the ~~Regional Transportation~~ Authority of all the powers granted it by such Act;

(2) ~~(b)~~ to receive funds from the ~~Regional Transportation~~ Authority pursuant to Sections 2.02, 4.01, 4.02, 4.09 and 4.10 ~~of the Regional Transportation Authority Act, all as provided in the Regional Transportation Authority Act;~~

(3) ~~(c)~~ to receive financial grants from the ~~Regional Transportation~~ Authority or a Service Board, ~~as defined in the Regional Transportation Authority Act,~~ upon such terms and conditions as shall be set forth in a grant contract between either the Suburban Bus Division and the ~~Regional Transportation~~ Authority or the Division and another Service Board, which contract or agreement may be for such number of years or duration as the parties agree, ~~all as provided in the Regional Transportation Authority Act;~~

(4) ~~(d)~~ to perform all functions necessary for the provision of paratransit services under Section 2.30 of this Act; and

(e) to borrow money for the purposes of: (i) constructing a new garage in the northwestern Cook County suburbs, (ii) converting the South Cook garage in Markham to a Compressed Natural Gas facility, (iii) constructing a new paratransit garage in DuPage County, (iv) expanding the North Shore garage in Evanston to accommodate additional indoor bus parking, and (v) purchasing new transit buses. For the purpose of evidencing the obligation of the Suburban Bus Board to repay any money borrowed as provided in this subsection, the Suburban Bus Board may issue revenue bonds from time to time pursuant to ordinance adopted by the Suburban Bus Board, subject to the approval of the Regional Transportation Authority of each such issuance by the affirmative vote of 12 of its then Directors; provided that the Suburban Bus Board may not issue bonds for the purpose of financing the acquisition, construction, or improvement of any facility other than those listed in this subsection (e). All such bonds shall be payable solely from the revenues or income or any other funds that the Suburban Bus Board may receive, provided that the Suburban Bus Board may not pledge as security for such bonds the moneys, if any, that the Suburban Bus Board receives from the Regional Transportation Authority pursuant to Section 4.03.3(f) of the Regional Transportation Authority Act. The bonds shall bear interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act and shall mature at such time or times not exceeding 25 years from their respective dates. Bonds issued pursuant to this paragraph must be issued with scheduled principal or mandatory redemption payments in equal amounts in each fiscal year over the term of the bonds, with the first principal or mandatory redemption payment scheduled within the fiscal year in which bonds are issued or within the next succeeding fiscal year. At least 25%, based on total principal amount, of all bonds authorized pursuant to this Section shall be sold pursuant to notice of sale and public bid. No more than 75%, based on total principal amount, of all bonds authorized pursuant to this Section shall be sold by negotiated sale. The maximum principal amount of the bonds that may be issued may not exceed \$100,000,000. The bonds shall have all the qualities of negotiable instruments under the laws of this State. To secure the payment of any or all of such bonds and for the purpose of setting forth the covenants and undertakings of the Suburban Bus Board in connection with the issuance thereof and the issuance of any additional bonds payable from such revenue or income as well as the use and application of the revenue or income received by the Suburban Bus Board, the Suburban Bus Board may execute and deliver a trust agreement or agreements; provided that no lien upon any physical property of the Suburban Bus Board shall be created thereby. A remedy for any breach or default of the terms of any such trust agreement by the Suburban Bus Board may be by mandamus proceedings in any court of competent jurisdiction to compel performance and compliance therewith, but the trust agreement may prescribe by whom or on whose behalf such action may be instituted. Under no circumstances shall any bonds issued by the Suburban Bus Board or any other obligation of the Suburban Bus Board in connection with the issuance of such bonds be or become an indebtedness or obligation of the State of Illinois, the Regional Transportation Authority, or any other political subdivision of or municipality within the State, nor shall any such bonds or obligations be or become an indebtedness of the Suburban Bus Board within the purview of any constitutional limitation or

~~provision, and it shall be plainly stated on the face of each bond that it does not constitute such an indebtedness or obligation but is payable solely from the revenues or income as aforesaid; and~~

(5) ~~(4)~~ to adopt ordinances and make all rules and regulations proper or necessary to regulate the use, operation, and maintenance of its property and facilities and to carry into effect the powers granted to the Suburban Bus Board, with any necessary fines or penalties, such as the suspension of riding privileges or confiscation of fare media under Section 2.40, as the Board deems proper.

(g) The Service Boards shall use powers delegated to them by the Authority to oversee the delivery of public transportation in the metropolitan region, provided that the Authority shall retain primary responsibility for setting fares, service standards, schedules, and coordinated fare collection so that the public transportation system in the metropolitan region operates to meet the goals and objectives identified in the approved Strategic Plan.

(Source: P.A. 103-281, eff. 1-1-24.)

(70 ILCS 3615/3A.10) (from Ch. 111 2/3, par. 703A.10)

Sec. 3A.10. Budget and Program. The Suburban Bus Board, subject to the powers of the Authority, ~~in Section 4.11, shall control the finances of the Division. It shall by ordinance appropriate money to perform the Division's purposes and provide for payment of debts and expenses of the Division. Each year, as part of the process set forth in Section 4.01, the Authority~~ the Suburban Bus Board shall prepare and publish a comprehensive annual budget and proposed five-year capital program document, and a financial plan for the 2 years thereafter describing the state of the Division and presenting for the forthcoming fiscal year and the 2 following years the Suburban Bus Board's plans for such operations and capital expenditures as it intends to undertake and the means by which it intends to finance them. The proposed budget and ~~financial plan, and five-year capital program shall be based on the Authority's estimate of funds to be made available to the Division~~ Suburban Bus Board by or through the Authority and shall conform in all respects to the requirements established by the Authority. The proposed budget, financial plan, and five-year capital program shall contain a statement of the funds estimated to be on hand at the beginning of the fiscal year, the funds estimated to be received from all sources for such year and the funds estimated to be on hand at the end of such year. The fiscal year of the Division shall be the same as the fiscal year of the Authority. The ~~Before the proposed budget, financial plan, and five-year capital program shall be included in the Authority's public hearings under Section 4.01, are submitted to the Authority, the Suburban Bus Board shall hold at least one public hearing thereon in each of the counties in the metropolitan region in which the Division provides service. The Suburban Bus Board shall hold at least one meeting for consideration of the proposed budget, financial plan, and five-year capital program with the county board of each of the several counties in the metropolitan region in which the Division provides service. After conducting such hearings and holding such meetings and after making such changes in the proposed budget, financial plan, and five-year capital program as the Suburban Bus Board deems appropriate, it shall adopt an annual budget ordinance at least by November 15 next preceding the beginning of each fiscal year. The budget, financial plan, and five-year capital program shall then be finalized by submitted to the Authority as provided in Section 4.11. In the event that the Board of the Authority determines that the budget and financial plan do not meet the standards of Section 4.11, the Suburban Bus Board shall make such changes as are necessary to meet such requirements and adopt an amended budget ordinance. The amended budget ordinance shall be resubmitted to the Authority pursuant to Section 4.11. The ordinance adopted by the Authority as provided in Section 4.11 shall appropriate such sums of money as are deemed necessary to defray all necessary expenses and obligations of the Division, specifying purposes and the objects or programs for which appropriations are made and the amount appropriated for each object or program. Additional appropriations, transfers between items and other changes in such ordinance which do not alter the basis upon which the balanced budget determination was made by the Board of the Authority may be made from time to time by the Suburban Bus Board.~~

~~The budget shall:~~

~~(i) show a balance between (A) anticipated revenues from all sources including operating subsidies and (B) the costs of providing the services specified and of funding any operating deficits or encumbrances incurred in prior periods, including provision for payment when due of principal and interest on outstanding indebtedness;~~

~~(ii) show cash balances including the proceeds of any anticipated cash flow borrowing sufficient to pay with reasonable promptness all costs and expenses as incurred;~~

(iii) provide for a level of fares or charges and operating or administrative costs for the public transportation provided by or subject to the jurisdiction of the Suburban Bus Board sufficient to allow the Suburban Bus Board to meet its required system generated revenues recovery ratio and, beginning with the 2007 fiscal year, its system generated ADA paratransit services revenue recovery ratio;

(iv) be based upon and employ assumptions and projections which are reasonable and prudent;

(v) have been prepared in accordance with sound financial practices as determined by the Board of the Authority;

(vi) meet such other uniform financial, budgetary, or fiscal requirements that the Board of the Authority may by rule or regulation establish; and

(vii) be consistent with the goals and objectives adopted by the Regional Transportation Authority in the Strategic Plan.

(70 ILCS 3615/3A.12) (from Ch. 111 2/3, par. 703A.12)

Sec. 3A.12. Working Cash Borrowing. The Suburban Bus Board with the affirmative vote of 9 of its Directors may request ~~demand and direct~~ the Board of the Authority to issue Working Cash Notes at such time and in such amounts and having such maturities as the Suburban Bus Board deems proper, provided however any such borrowing shall have been specifically identified in the budget of the Suburban Bus Board as approved by the Board of the Authority. Provided further, that the Suburban Bus Board may not demand and direct the Board of the Authority to have issued and have outstanding at any time in excess of \$5,000,000 in Working Cash Notes.

(Source: P.A. 95-906, eff. 8-26-08.)

(70 ILCS 3615/3A.14) (from Ch. 111 2/3, par. 703A.14)

Sec. 3A.14. Labor.

(a) The provisions of this Section apply to collective bargaining agreements (including extensions and amendments of existing agreements) entered into on or after June 30, 2025 ~~January 1, 1984~~.

(b) The Suburban Bus Board shall deal with and enter into written contracts with their employees, through accredited representatives of such employees authorized to act for such employees concerning wages, salaries, hours, working conditions, and pension or retirement provisions about which a collective bargaining agreement has been entered prior to the effective date of this amendatory Act of 1983. Any such agreement of the Suburban Bus Board shall provide that the agreement may be reopened if the amended budget submitted pursuant to Section 2.18a of this Act is not approved by the Board of the Authority. The agreement may not include a provision requiring the payment of wage increases based on changes in the Consumer Price Index. The Suburban Bus Board shall not have the authority to enter collective bargaining agreements with respect to inherent management rights, which include such areas of discretion or policy as the functions of the employer, standards of services, its overall budget, the organizational structure and selection of new employees and direction of personnel. Employers, however, shall be required to bargain collectively with regard to policy matters directly affecting wages, hours and terms and conditions of employment, as well as the impact thereon, upon request by employee representatives. To preserve the rights of employers and exclusive representatives which have established collective bargaining relationships or negotiated collective bargaining agreements with the Suburban Bus Board prior to the effective date of this amendatory Act of the 104th General Assembly ~~1983~~, employers shall be required to bargain collectively with regard to any matter concerning wages, hours or conditions of employment ~~about~~ which was subject to bargaining with the Suburban Bus Board ~~they have bargained~~ prior to the effective date of this amendatory Act of the 104th General Assembly ~~1983~~.

(c) The collective bargaining agreement may not include a prohibition on the use of part-time operators on any service operated by the Suburban Bus Board except where prohibited by federal law.

(d) Within 30 days of the signing of any such collective bargaining agreement, the Suburban Bus Board shall determine the costs of each provision of the agreement, prepare an amended budget incorporating the costs of the agreement, and present the amended budget to the Board of the Authority for its approval under Section 4.11. The Board may approve the amended budget by an affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01. If the budget is not approved by the Board of the Authority, the agreement may be reopened and its terms may be

renegotiated. Any amended budget which may be prepared following renegotiation shall be presented to the Board of the Authority for its approval in like manner.

(70 ILCS 3615/3A.17)

Sec. 3A.17. Emergency protocols. Within 6 months after the effective date of this amendatory Act of the 96th General Assembly, the Suburban Bus Board shall continue to comply with the written protocols that had been adopted on the effective date of this amendatory Act of the 104th General Assembly. However, the Board shall review its rules by January 1, 2028 and must develop written protocols to respond to medical and sanitation emergencies and to other safety hazards, as necessary.

(Source: P.A. 96-677, eff. 8-25-09.)

(70 ILCS 3615/3A.18)

Sec. 3A.18. Employment contracts. Except as otherwise provided in Section 3A.14, before the Suburban Bus Board may enter into or amend any employment contract in excess of \$100,000, the Suburban Bus Board must submit that contract or amendment to the Board for review for a period of 14 days. After 14 days, the contract shall be considered reviewed. ~~This Section applies only to contracts entered into or amended on or after the effective date of this amendatory Act of the 98th General Assembly.~~

(70 ILCS 3615/3A.19 new)

Sec. 3A.19. Limits. Nothing in this Article precludes the Authority from providing public transportation directly or through purchase of service or grant agreements under Section 4.03.

(70 ILCS 3615/3B.01) (from Ch. 111 2/3, par. 703B.01)

Sec. 3B.01. Commuter Rail Division. There is established within the Authority the Commuter Rail Division as the operating division responsible for providing public transportation by commuter rail. Purchase of service agreements between a transportation agency and the Authority in effect on the effective date of this amendatory Act shall remain in full force and effect in accordance with the terms of such agreement. Such agreements ~~shall first be the responsibility of the Transition Board and, on the date of its creation,~~ shall become the responsibility of the Commuter Rail Division and its Board.

(70 ILCS 3615/3B.02) (from Ch. 111 2/3, par. 703B.02)

Sec. 3B.02. Commuter Rail Board.

(a) Until April 1, 2008, the governing body of the Commuter Rail Division shall be a board consisting of 7 directors appointed pursuant to Sections 3B.03 and 3B.04, as follows:

(1) One director shall be appointed by the Chairman of the Board of DuPage County with the advice and consent of the County Board of DuPage County and shall reside in DuPage County.

(2) Two directors appointed by the Chairmen of the County Boards of Kane, Lake, McHenry and Will Counties with the concurrence of not less than a majority of the chairmen from such counties, from nominees by the Chairmen. Each such chairman may nominate not more than two persons for each position. Each such director shall reside in a county in the metropolitan region other than Cook or DuPage County.

(3) Three directors appointed by the members of the Cook County Board elected from that part of Cook County outside of Chicago, or, in the event such Board of Commissioners becomes elected from single member districts, by those Commissioners elected from districts, a majority of the residents of which reside outside Chicago. In either case, such appointment shall be with the concurrence of four such Commissioners. Each such director shall reside in that part of Cook County outside Chicago.

(4) One director appointed by the Mayor of the City of Chicago, with the advice and consent of the City Council of the City of Chicago. Such director shall reside in the City of Chicago.

(5) The chairman shall be appointed by the directors, from the members of the board, with the concurrence of 5 of such directors.

(b) After April 1, 2008 the governing body of the Commuter Rail Division shall be a board consisting of 11 directors appointed, pursuant to Sections 3B.03 and 3B.04, as follows:

(1) One Director shall be appointed by the Chairman of the DuPage County Board with the advice and consent of the DuPage County Board and shall reside in DuPage County. To implement the changes in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Director appointed under item (1) of subsection (a) of this Section who resides in DuPage County, a Director shall be appointed under this subparagraph.

(2) One Director shall be appointed by the Chairman of the McHenry County Board with the advice and consent of the McHenry County Board and shall reside in McHenry County. To implement the change in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Director appointed under item (2) of subsection (a) of this Section who resides in McHenry County, a Director shall be appointed under this subparagraph.

(3) One Director shall be appointed by the Will County Executive with the advice and consent of the Will County Board and shall reside in Will County. To implement the change in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Director appointed under item (2) of subsection (a) of this Section who resides in Will County, a Director shall be appointed under this subparagraph.

(4) One Director shall be appointed by the Chairman of the Lake County Board with the advice and consent of the Lake County Board and shall reside in Lake County.

(5) One Director shall be appointed by the Chairman of the Kane County Board with the advice and consent of the Kane County Board and shall reside in Kane County.

(6) One Director shall be appointed by the Mayor of the City of Chicago with the advice and consent of the City Council of the City of Chicago and shall reside in the City of Chicago. To implement the changes in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Director appointed under item (4) of subsection (a) of this Section who resides in the City of Chicago, a Director shall be appointed under this subparagraph.

(7) Five Directors residing in Cook County outside of the City of Chicago, as follows:

(i) One Director who resides in Cook County outside of the City of Chicago, appointed by the President of the Cook County Board with the advice and consent of the members of the Cook County Board.

(ii) One Director who resides in the township of Barrington, Palatine, Wheeling, Hanover, Schaumburg, or Elk Grove. To implement the changes in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Director appointed under paragraph (3) of subsection (a) of this Section who resides in the geographic area described in this subparagraph, a Director shall be appointed under this subparagraph.

(iii) One Director who resides in the township of Northfield, New Trier, Maine, Niles, Evanston, Leyden, Norwood Park, River Forest, or Oak Park.

(iv) One Director who resides in the township of Proviso, Riverside, Berwyn, Cicero, Lyons, Stickney, Lemont, Palos, or Orland. To implement the changes in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Director appointed under paragraph (3) of subsection (a) of this Section who resides in the geographic area described in this subparagraph and whose term of office had not expired as of August 1, 2007, a Director shall be appointed under this subparagraph.

(v) One Director who resides in the township of Worth, Calumet, Bremen, Thornton, Rich, or Bloom. To implement the changes in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Director appointed under paragraph (3) of subsection (a) of this Section who resides in the geographic area described in this subparagraph and whose term of office had expired as of August 1, 2007, a Director shall be appointed under this subparagraph.

(vi) The Directors identified under the provisions of subparagraphs (ii) through (v) of this paragraph (7) shall be appointed by the members of the Cook County Board. Each individual Director shall be appointed by those members of the Cook County Board whose Board districts overlap in whole or in part with the geographic territory described in the relevant subparagraph. The vote of County Board members eligible to appoint directors under the provisions of subparagraphs (ii) through (v) of this paragraph (7) shall be weighted by the number of electors residing in those portions of their Board districts within the geographic territory described in the relevant subparagraph (ii) through (v) of this paragraph (7).

(8) The Chairman shall be appointed by the Directors, from the members of the Board, with the concurrence of 8 of such Directors. To implement the changes in appointing authority under this Section, upon the expiration of the term of or vacancy in office of the Chairman appointed under item (5) of subsection (a) of this Section, a Chairman shall be appointed under this subparagraph.

(c) No director, while serving as such, shall be an officer, a member of the board of directors or trustee or an employee of any transportation agency, or be an employee of the State of Illinois or any department or

agency thereof, or of any county, municipality, or any other unit of local government or receive any compensation from any elected or appointed office under the Constitution and laws of Illinois.

(d) Each appointment made under subsections (a) and (b) of this Section and under Section 3B.03 shall be certified by the appointing authority to the Commuter Rail Board which shall maintain the certifications as part of the official records of the Commuter Rail Board.

(e) This Section is repealed on February 1, 2026.

(Source: P.A. 98-709, eff. 7-16-14.)

(70 ILCS 3615/3B.02.5 new)

Sec. 3B.02.5. Commuter Rail Board.

(a) The governing body of the Commuter Rail Division shall be the Commuter Rail Board. Beginning February 1, 2026, the Commuter Rail Board shall consist of 11 directors appointed as follows:

(1) One director appointed by the Governor, with the advice and consent of the Senate. The director appointed under this paragraph shall have an initial term of 5 years. The director appointed under this paragraph shall also serve as a Director of the Northern Illinois Transit Authority.

(2) Two directors appointed by the Mayor of Chicago, with the advice and consent of the City Council of the City of Chicago. The Directors appointed under this paragraph shall be residents of Chicago. The Directors appointed under this paragraph shall include:

(A) a director with an initial term of 3 years who shall also serve as a Director on the Board of the Authority; and

(B) a director with an initial term of 5 years.

(3) Three directors appointed by the President of the Cook County Board of Commissioners, with the advice and consent of the Cook County Board of Commissioners. The Directors appointed under this paragraph shall be residents of suburban Cook County. The Directors appointed under this paragraph shall include:

(A) a director with an initial term of 3 years who shall also serve as a Director on the Board of the Authority;

(B) a director with an initial term of 5 years who shall also serve as a Director on the Board of the Authority; and

(C) a director with an initial term of 3 years.

(4) One director appointed by the Chair of the DuPage County Board, with the advice and consent of the DuPage County Board. The director appointed under this paragraph shall have an initial term of 5 years.

(5) One director appointed by the Chair of the Kane County Board, with the advice and consent of the Kane County Board. The director appointed under this paragraph shall have an initial term of 3 years.

(6) One director appointed by the Chair of the Lake County Board, with the advice and consent of the Lake County Board. The director appointed under this paragraph shall have an initial term of 3 years. The director appointed under this paragraph shall also serve as a Director on the Board of the Authority.

(7) One director appointed by the Chair of the McHenry County Board, with the advice and consent of the McHenry County Board. The director appointed under this paragraph shall have an initial term of 5 years. The director appointed under this paragraph shall also serve as a Director on the Board of the Authority.

(8) One director appointed by the Will County Executive, with the advice and consent of the Will County Board. The director appointed under this paragraph shall have an initial term of 3 years.

(b) The subsequent terms of each director appointed under subsection (a) shall be 5 years.

(c) The Chair of the Commuter Rail Board shall be elected by a simple majority vote by the directors of the Board from among the directors of the Commuter Rail Board, subject to the advice and consent of the Senate.

(d) Initial appointments of directors under subsection (a) must be made in time for the directors to begin their terms on February 1, 2026.

(e) On February 1, 2026, the terms of all directors serving on the effective date of this amendatory Act of the 104th General Assembly, and of any directors appointed to fill a vacancy, shall immediately expire. If a vacancy on the Board occurs before February 1, 2026, then the vacancy shall be filled under Section 3B.03. Directors serving on the effective date of this amendatory Act of the 104th General Assembly may be reappointed under subsection (a).

(70 ILCS 3615/3B.03) (from Ch. 111 2/3, par. 703B.03)

Sec. 3B.03. Terms, Vacancies. Each director shall ~~serve~~ be appointed for a term of 4 years, and until his successor has been appointed and qualified. A vacancy shall occur upon the resignation, death, conviction of a felony, or removal from office of a director. Any director may be removed from office (i) upon the concurrence of not less than 8 directors, on a formal finding of incompetence, neglect of duty, or malfeasance in office or (ii) by the Governor in response to a summary report received from the Executive Inspector General in accordance with Section 20-50 of the State Officials and Employees Ethics Act, provided he or she has an opportunity to be publicly heard in person or by counsel prior to removal. Within 30 days after the office of any director becomes vacant for any reason, the appropriate appointing authorities of the ~~such~~ director, as provided in Section 3B.02, shall make an appointment to fill the vacancy. A vacancy shall be filled for the unexpired term.

(Source: P.A. 95-708, eff. 1-18-08; 96-1528, eff. 7-1-11.)

(70 ILCS 3615/3B.05) (from Ch. 111 2/3, par. 703B.05)

Sec. 3B.05. Appointment of officers and employees. The Commuter Rail Board shall appoint an Executive Director who shall be the chief executive officer of the Division, appointed, retained or dismissed with the concurrence of 7 & of the directors of the Commuter Rail Board and the Board of the Authority. The Chair and the Executive Director of the Authority shall be included in the process for choosing the Executive Director of the Commuter Rail Division, including membership in any search committee. The Executive Director of the Commuter Rail Division shall appoint, retain and employ officers, attorneys, agents, engineers, employees and shall organize the staff, shall allocate their functions and duties, fix compensation and conditions of employment, and consistent with the policies of and direction from the Authority Commuter Rail Board take all actions necessary to achieve its purposes, fulfill its responsibilities and carry out its powers, and shall have such other powers and responsibilities as the Commuter Rail Board shall determine in an ordinance describing the position's role, powers, and responsibilities. The Executive Director shall be an individual of proven transportation and management skills and may not be a member of the Commuter Rail Board. The Executive Director shall have demonstrated experience with one or more of the following areas: (i) public transportation system operations; (ii) infrastructure capital project management; or (iii) legal or human resource management for a public agency. The Executive Director shall also meet any qualifications that may be set by ordinance of the Authority. The Division may employ its own professional management personnel to provide professional and technical expertise concerning its purposes and powers and to assist it in assessing the performance of transportation agencies in the metropolitan region.

No employee, officer, or agent of the Commuter Rail Board may receive a bonus that exceeds 10% of his or her annual salary unless that bonus has been reviewed by the ~~Regional Transportation Authority~~ Board of the Authority for a period of 14 days. After 14 days, the ~~bonus contract~~ shall be considered reviewed. This Section does not apply to usual and customary salary adjustments.

No unlawful discrimination, as defined and prohibited in the Illinois Human Rights Act, shall be made in any term or aspect of employment nor shall there be discrimination based upon political reasons or factors. The Commuter Rail Board shall establish regulations to insure that its discharges shall not be arbitrary and that hiring and promotion are based on merit.

The Division shall be subject to the "Illinois Human Rights Act", ~~as now or hereafter amended~~, and the remedies and procedure established thereunder. The Commuter Rail Board shall file an affirmative action program for employment by it with the Department of Human Rights to ensure that applicants are employed and that employees are treated during employment, without regard to unlawful discrimination. Such affirmative action program shall include provisions relating to hiring, upgrading, demotion, transfer, recruitment, recruitment advertising, selection for training and rates of pay or other forms of compensation. (Source: P.A. 98-1027, eff. 1-1-15.)

(70 ILCS 3615/3B.06) (from Ch. 111 2/3, par. 703B.06)

Sec. 3B.06. Compensation. ~~Directors The Chairman of the Commuter Rail Board shall receive an annual salary of \$25,000. Other members~~ of the Commuter Rail Board shall receive an annual salary of \$15,000; except that members of the Commuter Rail Board that are also members of the Board of the Northern Illinois Transit Authority shall receive \$5,000 per year in addition the compensation the member receives for serving on the Board of the Northern Illinois Transit Authority. Each member shall be reimbursed for actual expenses incurred in the performance of his duties.

Officers of the Division shall not be required to comply with the requirements of "An Act requiring certain custodians of public monies to file and publish statements of the receipts and disbursements thereof", approved June 24, 1919, as now or hereafter amended.

(Source: P.A. 83-1156.)

(70 ILCS 3615/3B.09) (from Ch. 111 2/3, par. 703B.09)

Sec. 3B.09. General Powers. The Commuter Rail Board shall use powers delegated to it by the Authority to oversee the delivery of public transportation in the metropolitan region. However, the Authority shall retain primary responsibility for setting fares, service standards, schedules, and coordinated fare collection so that the public transportation system in the metropolitan region operates on a one-network, one-timetable, one-ticket model for transit users.

In addition to any powers elsewhere provided to the Commuter Rail Board, it shall have all of the powers specified in Section 2.20 of this Act except for the powers specified in Section 2.20(a)(v).

The Commuter Rail Division shall honor all outstanding bond debt issued by the Commuter Rail Division on the terms that the bonds were issued. Beginning on the effective date of this amendatory Act of the 104th General Assembly, the Commuter Rail Division may not incur new debt, except that the Commuter Rail Division may (i) issue working cash notes, as provided in Section 3B.12, or (ii) execute financial instruments designed to refinance or retire debt that was issued and outstanding on the effective date of this amendatory Act of the 104th General Assembly.

The Commuter Rail Board shall also have the power:

(a) to cooperate with the ~~Regional Transportation~~ Authority in the exercise by the ~~Regional Transportation~~ Authority of all the powers granted it by such Act;

(b) to receive funds from the ~~Regional Transportation~~ Authority pursuant to Sections 2.02, 4.01, 4.02, 4.09 and 4.10 of the "Regional Transportation Authority Act", all as provided in the "Regional Transportation Authority Act";

(c) to receive financial grants from the ~~Regional Transportation~~ Authority or a Service Board, as defined in the "Regional Transportation Authority Act", upon such terms and conditions as shall be set forth in a grant contract between either the Commuter Rail Division and the ~~Regional Transportation~~ Authority or the Commuter Rail Division and another Service Board, which contract or agreement may be for such number of years or duration as the parties may agree, all as provided in the "Regional Transportation Authority Act"; and

(d) ~~(blank); to borrow money for the purpose of acquiring, constructing, reconstructing, extending, or improving any Public Transportation Facilities (as defined in Section 1.03 of the Regional Transportation Authority Act) operated by or to be operated by or on behalf of the Commuter Rail Division. For the purpose of evidencing the obligation of the Commuter Rail Board to repay any money borrowed as provided in this subsection, the Commuter Rail Board may issue revenue bonds from time to time pursuant to ordinance adopted by the Commuter Rail Board, subject to the approval of the Regional Transportation Authority of each such issuance by the affirmative vote of 12 of its then Directors; provided that the Commuter Rail Board may not issue bonds for the purpose of financing the acquisition, construction, or improvement of a corporate headquarters building. All such bonds shall be payable solely from the revenues or income or any other funds that the Commuter Rail Board may receive, provided that the Commuter Rail Board may not pledge as security for such bonds the moneys, if any, that the Commuter Rail Board receives from the Regional Transportation Authority pursuant to Section 4.03.3(f) of the Regional Transportation Authority Act. The bonds shall bear interest at a rate not to exceed the maximum rate authorized by the Bond Authorization Act and shall mature at such time or times not exceeding 25 years from their respective dates. Bonds issued pursuant to this paragraph must be issued with scheduled principal or mandatory redemption payments in equal amounts in each fiscal year over the term of the bonds, with the first principal or mandatory redemption payment scheduled within the fiscal year in which bonds are issued or within the next succeeding fiscal year. At least 25%, based on total principal amount, of all bonds authorized pursuant to this Section shall be sold pursuant to notice of sale and public bid. No more than 75%, based on total principal amount, of all bonds authorized pursuant to this Section shall be sold by negotiated sale. The maximum principal amount of the bonds that may be issued and outstanding at any time may not exceed \$1,000,000,000. The bonds shall have all the qualities of negotiable instruments under the laws of this State. To secure the payment of any or all of such bonds and for the purpose of setting forth the covenants and undertakings of the Commuter Rail Board in connection with the issuance thereof and the issuance of any additional bonds payable from such revenue or income as well as the use and application of the revenue or income received by the Commuter Rail Board, the Commuter Rail Board may execute and deliver a trust~~

agreement or agreements; provided that no lien upon any physical property of the Commuter Rail Board shall be created thereby. A remedy for any breach or default of the terms of any such trust agreement by the Commuter Rail Board may be by mandamus proceedings in any court of competent jurisdiction to compel performance and compliance therewith, but the trust agreement may prescribe by whom or on whose behalf such action may be instituted. Under no circumstances shall any bonds issued by the Commuter Rail Board or any other obligation of the Commuter Rail Board in connection with the issuance of such bonds be or become an indebtedness or obligation of the State of Illinois, the Regional Transportation Authority, or any other political subdivision of or municipality within the State, nor shall any such bonds or obligations be or become an indebtedness of the Commuter Rail Board within the purview of any constitutional limitation or provision, and it shall be plainly stated on the face of each bond that it does not constitute such an indebtedness or obligation but is payable solely from the revenues or income as aforesaid.

(e) to oversee the operations and management of the Commuter Rail Division;

(f) to convey the Authority's goals, priorities, and requirements to the Division; and

(g) to convey information, concerns, and recommendations from the Division to Authority leadership.

(Source: P.A. 95-708, eff. 1-18-08.)

(70 ILCS 3615/3B.10.5 new)

Sec. 3B.10.5. Budget and Program. The Commuter Rail Board, subject to the powers of the Authority, shall by ordinance appropriate money to perform the Division's purposes and provide for payment of debts and expenses of the Division. Each year as part of the process set forth in Section 4.11 the Authority shall prepare and publish a comprehensive annual budget and proposed 5-year capital program document, and a financial plan for the 2 years thereafter describing the state of the Division and presenting for the forthcoming fiscal year and the 2 following years the Division's plans for such operations and capital expenditures as it intends to undertake and the means by which it intends to finance them. The proposed budget, financial plan, and 5-year capital program shall be based on the Authority's estimate of funds to be made available to the Commuter Rail Board by or through the Authority and shall conform in all respects to the requirements established by the Authority. The proposed budget, financial plan, and 5-year capital program shall contain a statement of the funds estimated to be on hand at the beginning of the fiscal year, the funds estimated to be received from all sources for such year and the funds estimated to be on hand at the end of such year. The fiscal year of the Division shall be the same as the fiscal year of the Authority. The proposed budget, financial plan, and 5-year capital program shall be included in the Authority's public hearings under Section 4.11. The budget, financial plan, and 5-year capital program shall then be finalized by the Authority as provided in Section 4.11. The ordinance adopted by the Authority as provided in Section 4.11 shall appropriate such sums of money as are deemed necessary to defray all necessary expenses and obligations of the Division, specifying purposes and the objects or programs for which appropriations are made and the amount appropriated for each object or program. Additional appropriations, transfers between items and other changes in such ordinance which do not alter the basis upon which the balanced budget determination was made by the Board of the Authority may be made from time to time by the Commuter Rail Board.

(70 ILCS 3615/3B.12) (from Ch. 111 2/3, par. 703B.12)

Sec. 3B.12. Working Cash Borrowing. The Commuter Rail Board with the affirmative vote of 6 7 of its Directors may request demand and direct the Board of the Authority to issue Working Cash Notes at such time and in such amounts and having such maturities as the Commuter Rail Board deems proper, provided however any such borrowing shall have been specifically identified in the budget of the Commuter Rail Board as approved by the Board of the Authority. Provided further, that the Commuter Rail Board may not demand and direct the Board of the Authority to have issued and have outstanding at any time in excess of \$20,000,000 in Working Cash Notes.

(Source: P.A. 95-708, eff. 1-18-08.)

(70 ILCS 3615/3B.13) (from Ch. 111 2/3, par. 703B.13)

Sec. 3B.13. Labor.

(a) The provisions of this Section apply to collective bargaining agreements (including extensions and amendments of existing agreements) entered into on or after June 30, 2025 ~~January 1, 1984~~. This Section does not apply to collective bargaining agreements that are subject to the provisions of the Railway Labor Act, ~~as now or hereafter amended~~.

(b) The Commuter Rail Board shall deal with and enter into written contracts with their employees, through accredited representatives of such employees authorized to act for such employees concerning wages, salaries, hours, working conditions, and pension or retirement provisions about which a collective

bargaining agreement has been entered prior to the effective date of this amendatory Act of 1983. Any such agreement of the Commuter Rail Board shall provide that the agreement may be reopened if the amended budget submitted pursuant to Section 2.18a of this Act is not approved by the Board of the Authority. The agreement may not include a provision requiring the payment of wage increases based on changes in the Consumer Price Index. The Commuter Rail Board shall not have the authority to enter collective bargaining agreements with respect to inherent management rights which include such areas of discretion or policy as the functions of the employer, standards of services, its overall budget, the organizational structure and selection of new employees and direction of personnel. Employers, however, shall be required to bargain collectively with regard to policy matters directly affecting wages, hours and terms and conditions of employment, as well as the impact thereon, upon request by employee representatives. To preserve the rights of the Commuter Rail Board and exclusive representatives which have established collective bargaining relationships or negotiated collective bargaining agreements with the Commuter Rail Board prior to the effective date of this amendatory Act of the 104th General Assembly ~~1983~~, the Commuter Rail Board shall be required to bargain collectively with regard to any matter concerning wages, hours or conditions of employment ~~about~~ which was subject to bargain with the Commuter Rail Board ~~they have bargained~~ prior to the effective date of this amendatory Act of the 104th General Assembly ~~1983~~.

(c) The collective bargaining agreement may not include a prohibition on the use of part-time operators on any service operated by the Commuter Rail Board except where prohibited by federal law.

(d) Within 30 days of the signing of any such collective bargaining agreement, the Commuter Rail Board shall determine the costs of each provision of the agreement, prepare an amended budget incorporating the costs of the agreement, and present the amended budget to the Board of the Authority for its approval under Section 4.11. The Board may approve the amended budget by an affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01. If the budget is not approved by the Board of the Authority, the agreement may be reopened and its terms may be renegotiated. Any amended budget which may be prepared following renegotiation shall be presented to the Board of the Authority for its approval in like manner.

(Source: P.A. 95-708, eff. 1-18-08.)

(70 ILCS 3615/3B.26)

Sec. 3B.26. Employment contracts. Except as otherwise provided in Section 3B.13, before the Commuter Rail Board may enter into or amend any employment contract in excess of \$100,000, the Commuter Rail Board must submit that contract or amendment to the Board for review for a period of 14 days. After 14 days, the contract shall be considered reviewed. This Section applies only to contracts entered into or amended on or after the effective date of this amendatory Act of the 98th General Assembly.

Before the Board of the ~~Regional Transportation~~ Authority may enter into or amend any employment contract in excess of \$100,000, the Board must submit that contract to the Chairman and Minority Spokesman of the ~~Transportation Regulations Roads and Bridges~~ ~~Mass Transit~~ Committee, or its successor committee, of the House of Representatives, and to the Chairman and Minority Spokesman of the Transportation Committee, or its successor committee, of the Senate.

(Source: P.A. 98-1027, eff. 1-1-15.)

(70 ILCS 3615/4.01) (from Ch. 111 2/3, par. 704.01)

Sec. 4.01. Budget and Program.

(a) The Board shall control the finances of the Authority. It shall, by ordinance adopted by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01:

(1) ~~⊕~~ appropriate money to perform the Authority's purposes and provide for payment of debts and expenses of the Authority;

(2) until the new budget process under subsection (a-20) is implemented on January 1, 2027, ~~(ii)~~ take action with respect to the budget and two-year financial plan of each Service Board, as provided in Section 4.11; ~~;~~ and

(3) until the new budget process under subsection (a-20) is implemented on January 1, 2027, ~~(iii)~~ adopt an Annual Budget and ~~2-Year~~ ~~Two-Year~~ Financial Plan for the Authority that includes the Annual Budget ~~annual budget~~ and ~~2-Year~~ ~~two-year~~ financial plan of each Service Board that has been approved by the Authority.

(a-5) The Annual Budget and 2-Year ~~Two-Year~~ Financial Plan shall contain a statement of the funds estimated to be on hand for the Authority and each Service Board at the beginning of the fiscal year, the funds estimated to be received from all sources for such year, the estimated expenses and obligations of the Authority and each Service Board for all purposes, including expenses for contributions to be made with respect to pension and other employee benefits, and the funds estimated to be on hand at the end of such year.

(a-10) The fiscal year of the Authority and each Service Board shall begin on January 1st and end on the succeeding December 31st.

(a-15) Until fiscal year 2027, the Annual Budget and 2-Year Financial Plan shall be prepared as follows:

(1) By July 1st of each year the Director of the Illinois Governor's Office of Management and Budget (~~formerly Bureau of the Budget~~) shall submit to the Authority an estimate of revenues for the next fiscal year of the Authority to be collected from the taxes imposed by the Authority and the amounts to be available in the Public Transportation Fund and the Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund and the amounts otherwise to be appropriated by the State to the Authority for its purposes. Before a proposed Annual Budget and 2-Year Financial Plan is adopted, the Authority shall hold at least one public hearing in the metropolitan region and meet with the county board, or its designee, of each of the county in the metropolitan region. After an Annual Budget and 2-Year Financial Plan is adopted, the Authority shall file a copy of the Annual Budget and 2-Year Financial Plan with the General Assembly and the Governor.

(2) The Authority shall file a copy of its Annual Budget and Two-Year Financial Plan with the General Assembly and the Governor after its adoption. Before the proposed Annual Budget and Two-Year Financial Plan is adopted, the Authority shall hold at least one public hearing thereon in the metropolitan region, and shall meet with the county board or its designee of each of the several counties in the metropolitan region. After conducting the such hearings and holding the such meetings required under this subsection and after making the such changes in the proposed Annual Budget and 2-Year ~~Two-Year~~ Financial Plan as the Authority ~~Board~~ deems appropriate, the Board shall adopt its annual appropriation and Annual Budget and 2-Year ~~Two-Year~~ Financial Plan ordinance by November 30. The ordinance may be adopted only upon the affirmative votes of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01. The ordinance shall appropriate such sums of money as are deemed necessary to defray all necessary expenses and obligations of the Authority and the Service Boards, specifying purposes and the objects or programs for which appropriations are made and the amount appropriated for each object or program. Additional appropriations, transfers between items and other changes in such ordinance may be made from time to time by the Board upon the affirmative votes of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01.

(a-20) Beginning fiscal year 2027, the Annual Budget and 2-Year Financial Plan shall be prepared as follows:

(1) Before adopting its annual appropriation and Annual Budget and 2-Year Financial Plan, based upon the revenue estimates the Authority receives under paragraph (1) of subsection (d) and upon the estimates of amounts to be available from the State and other sources to the Service Boards, the Board shall advise each Service Board of the amounts estimated to be available for the Service Board during the upcoming fiscal year and the 2 following fiscal years and the times at which such amounts will be available.

(2) Before adopting the Authority's annual appropriation and Annual Budget and 2-Year Financial Plan ordinance, the Board shall provide the Service Boards with a proposed Annual Budget and 2-Year Financial Plan. At the same time that it provides a copy of the proposed Annual Budget and 2-year Financial Plan to the Service Boards, the Board shall make the proposed Annual Budget and 2-Year Financial Plan budget available to the public on its website. The Authority shall hold at least 3 public hearings on the proposed Annual Budget and 2-year Financial Plan in Cook County, including one in the City of Chicago, and at least one public hearing in each of the other counties in the metropolitan region. In addition, the Authority shall meet with the county board or the county board's designee of each of the counties in the metropolitan region.

(3) Before the Board adopts the Authority's annual appropriation and Annual Budget and 2-Year Financial Plan ordinance, the Service Boards shall review the proposed Annual Budget and 2-Year Financial Plan and shall adopt, by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, a budget recommendation ordinance describing any modifications to the Board's proposed Annual Budget and 2-Year Financial Plan that are deemed necessary by the Service Boards to provide the service described in the regionwide service plan adopted by the Authority.

(b) The Annual Budget and 2-Year ~~Two-Year~~ Financial Plan shall show a balance between anticipated revenues from all sources and anticipated expenses including funding of operating deficits or the discharge of encumbrances incurred in prior periods and payment of principal and interest when due, and shall show cash balances sufficient to pay with reasonable promptness all obligations and expenses as incurred.

(b-3) The Authority shall file a copy of its Annual Budget and 2-Year Financial Plan with the General Assembly and the Governor after its adoption.

The Annual Budget and Two Year Financial Plan must show:

(i) that the level of fares and charges for mass transportation provided by, or under grant or purchase of service contracts of, the Service Boards is sufficient to cause the aggregate of all projected fare revenues from such fares and charges received in each fiscal year to equal at least 50% of the aggregate costs of providing such public transportation in such fiscal year. However, due to the fiscal impacts of the COVID 19 pandemic, the aggregate of all projected fare revenues from such fares and charges received in fiscal years 2021, 2022, 2023, 2024, and 2025 may be less than 50% of the aggregate costs of providing such public transportation in those fiscal years. "Fare revenues" include the proceeds of all fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority, except for contributions received by the Chicago Transit Authority from a real estate transfer tax imposed under subsection (i) of Section 8-3-19 of the Illinois Municipal Code, and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), and all other operating revenues properly included consistent with generally accepted accounting principles but do not include: the proceeds of any borrowings, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligation for borrowed money issued by the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20 of this Act; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost to which it is

reasonably expected that a cash expenditure will not be made; costs for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; the payment by the Chicago Transit Authority of Debt Service, as defined in Section 12e of the Metropolitan Transit Authority Act, on bonds or notes issued pursuant to that Section; the payment by the Commuter Rail Division of debt service on bonds issued pursuant to Section 3B.09; expenses incurred by the Suburban Bus Division for the cost of new public transportation services funded from grants pursuant to Section 2.01e of this amendatory Act of the 95th General Assembly for a period of 2 years from the date of initiation of each such service; costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act; and in fiscal years 2008 through 2012 inclusive, costs in the amount of \$200,000,000 in fiscal year 2008, reducing by \$40,000,000 in each fiscal year thereafter until this exemption is eliminated; and

(ii) that the level of fares charged for ADA paratransit services is sufficient to cause the aggregate of all projected revenues from such fares charged and received in each fiscal year to equal at least 10% of the aggregate costs of providing such ADA paratransit services. However, due to the fiscal impacts of the COVID-19 pandemic, the aggregate of all projected fare revenues from such fares and charges received in fiscal years 2021, 2022, 2023, 2024, and 2025 may be less than 10% of the aggregate costs of providing such ADA paratransit services in those fiscal years. For purposes of this Act, the percentages in this subsection (b)(ii) shall be referred to as the "system generated ADA paratransit services revenue recovery ratio". For purposes of the system generated ADA paratransit services revenue recovery ratio, "costs" shall include all items properly included as operating costs consistent with generally accepted accounting principles. However, the Board may exclude from costs an amount that does not exceed the allowable "capital costs of contracting" for ADA paratransit services pursuant to the Federal Transit Administration guidelines for the Urbanized Area Formula Program.

The Authority shall file a statement certifying that the Service Boards published the data described in subsection (b-5) with the General Assembly and the Governor after adoption of the Annual Budget and 2-Year ~~Two-Year~~ Financial Plan required by subsection (a). If the Authority fails to file a statement certifying publication of the data, then the appropriations to the Department of Transportation for grants to the Authority intended to reimburse the Service Boards for providing free and reduced fares shall be withheld.

(b-5) Each fiscal year ~~For fiscal years 2024 and 2025~~, the Service Boards must publish a monthly comprehensive set of data regarding transit service and safety. The data included shall include information to track operations including:

- (1) staffing levels, including numbers of budgeted positions, current positions employed, hired staff, attrition, staff in training, and absenteeism rates;
- (2) scheduled service and delivered service, including percentage of scheduled service delivered by day, service by mode of transportation, service by route and rail line, total number of revenue miles driven, excess wait times by day, by mode of transportation, by bus route, and by stop; and
- (3) safety on the system, including the number of incidents of crime and code of conduct violations on system, any performance measures used to evaluate the effectiveness of investments in private security, safety equipment, and other security investments in the system. If no performance measures exist to evaluate the effectiveness of these safety investments, the Service Boards and Authority shall develop and publish these performance measures.

The Authority and Service Boards shall solicit input and ideas on publishing data on the service reliability, operations, and safety of the system from the public and groups representing transit riders, workers, and businesses.

(c) The actual administrative expenses of the Authority for the fiscal year commencing January 1, 1985 may not exceed \$5,000,000. The actual administrative expenses of the Authority for the fiscal year commencing January 1, 1986, and for each fiscal year thereafter shall not exceed the maximum administrative expenses for the previous fiscal year plus 5%. "Administrative expenses" are defined for purposes of this Section as all expenses except: (1) capital expenses and purchases of the Authority on behalf of the Service Boards; (2) payments to Service Boards; and (3) payment of principal and interest on

bonds, notes or other evidence of obligation for borrowed money issued by the Authority; (4) costs for passenger security including grants, contracts, personnel, equipment and administrative expenses; (5) payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20 of this Act; and (6) any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made pursuant to Section 4.14.

(d) This subsection applies only until the Department begins administering and enforcing an increased tax under subsection (m) of Section 4.03 ~~Section 4.03(m)~~ as authorized by this amendatory Act of the 95th General Assembly. After withholding 15% of the proceeds of any tax imposed by the Authority and 15% of money received by the Authority from the Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund, the Board shall allocate the proceeds and money remaining to the Service Boards as follows: (1) an amount equal to 85% of the proceeds of those taxes collected within the City of Chicago and 85% of the money received by the Authority on account of transfers to the Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within the City of Chicago shall be allocated to the Chicago Transit Authority; (2) an amount equal to 85% of the proceeds of those taxes collected within Cook County outside the City of Chicago and 85% of the money received by the Authority on account of transfers to the Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within Cook County outside of the city of Chicago shall be allocated 30% to the Chicago Transit Authority, 55% to the Commuter Rail Board and 15% to the Suburban Bus Board; and (3) an amount equal to 85% of the proceeds of the taxes collected within the Counties of DuPage, Kane, Lake, McHenry and Will shall be allocated 70% to the Commuter Rail Board and 30% to the Suburban Bus Board.

(e) This subsection applies only until the Department begins administering and enforcing an increased tax under subsection (m) of Section 4.03 ~~Section 4.03(m)~~ as authorized by this amendatory Act of the 95th General Assembly. Moneys received by the Authority on account of transfers to the Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund shall be allocated among the Authority and the Service Boards as follows: 15% of such moneys shall be retained by the Authority and the remaining 85% shall be transferred to the Service Boards as soon as may be practicable after the Authority receives payment. Moneys which are distributable to the Service Boards pursuant to the preceding sentence shall be allocated among the Service Boards on the basis of each Service Board's distribution ratio. The term "distribution ratio" means, for purposes of this subsection (e) of this Section 4.01, the ratio of the total amount distributed to a Service Board pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year to the total amount distributed to all of the Service Boards pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year.

(f) To carry out its duties and responsibilities under this Act, the Board shall employ staff which shall:

(1) propose for adoption by the Board of the Authority rules for the Service Boards that establish (i) forms and schedules to be used and information required to be provided with respect to a 5-Year Capital Program ~~five-year capital program~~, an Annual Budget ~~annual budgets~~, and 2-Year Financial Plan, and each Service Board's annual budget and 2-year financial plan, ~~two-year financial plans~~ and regular reporting of actual results against adopted budgets and financial plans, (ii) financial practices to be followed in the budgeting and expenditure of public funds, (iii) assumptions and projections that must be followed in preparing and submitting its Annual Budget ~~annual budget~~ and 2-Year Financial Plan ~~two-year financial plan~~ or a 5-Year Capital Program ~~five-year capital program~~;

(2) evaluate for the Board public transportation programs operated or proposed by the Service Boards and transportation agencies in terms of the goals and objectives set out in the Strategic Plan;

(3) keep the Board and the public informed of the extent to which the Service Boards and transportation agencies are meeting the goals and objectives adopted by the Authority in the Strategic Plan; and

(4) assess the efficiency or adequacy of public transportation services provided by a Service Board and make recommendations for change in that service to the end that the moneys available to the Authority may be expended in the most economical manner possible with the least possible duplication.

(g) All Service Boards, transportation agencies, comprehensive planning agencies, including the Chicago Metropolitan Agency for Planning, or transportation planning agencies in the metropolitan region shall furnish to the Authority such information pertaining to public transportation or relevant for plans

therefor as it may from time to time require. The Executive Director, or his or her designee, shall, for the purpose of securing any such information necessary or appropriate to carry out any of the powers and responsibilities of the Authority under this Act, have access to, and the right to examine, all books, documents, papers or records of a Service Board or any transportation agency receiving funds from the Authority or Service Board, and such Service Board or transportation agency shall comply with any request by the Executive Director, or his or her designee, within 30 days or an extended time provided by the Executive Director.

(h) No Service Board shall undertake any capital improvement which is not identified in the 5-Year Five-Year Capital Program.

(i) Each Service Board shall furnish to the Board access to its financial information including, but not limited to, audits and reports. The Board shall have real-time access to the financial information of the Service Boards; however, the Board shall be granted read-only access to the Service Board's financial information.

(j) Notwithstanding any other provision of this Section, the Authority shall, through the implementation of service efficiencies, realize the following net savings in its annual budget for the fiscal year that begins on October 1, 2026: (i) \$10 million in service-delivery savings; (ii) \$20.1 million in savings from labor optimization, including changes in employee headcounts and position types; and (iii) \$16.8 million in real estate and other property-related savings.

Sec. 4.01b. System generated revenue recovery ratios.

(a) As used in this Section:

"Costs" includes all items properly included as operating costs consistent with generally accepted accounting principles incurred by the Authority and its Service Boards. "Costs" does not include costs related to providing ADA paratransit service.

"System generated revenue" includes passenger fares and ancillary revenue from sources such as the lease of space, advertising, and investment income.

(b) The Authority shall determine the ratio of system generated revenues for public transportation in the metropolitan region compared to the aggregate of all costs of providing public transportation.

(c) Until January 1, 2029, the Authority shall report its system generated revenue recovery ratio as part of the Authority's Annual Budget and 2-Year Financial Plan.

(1) The Annual Budget and 2-Year Financial Plan must show that the system generated revenue received in each fiscal year shall equal at least 25% of the costs of providing public transportation in that fiscal year. The Annual Budget and 2-Year Financial Plan must show that the level of fares charged and received in each fiscal year shall equal at least 5% of the aggregate of costs of providing ADA paratransit services.

(2) The Authority shall file a statement certifying that the Service Boards published the data described in this Section with the General Assembly and the Governor after adoption of the Annual Budget and 2-Year Financial Plan. If the Authority fails to file a statement certifying the system generated revenue recovery ratio as required in this Section, then the appropriations to the Department of Transportation for grants to the Authority intended to reimburse the Service Boards for providing free and reduced fares shall be withheld.

(3) If the system generated revenues are less than 25% of said costs, the Board shall remit an amount equal to the amount of the deficit to the State. The Treasurer shall deposit any payment made under this paragraph in the Road Fund.

(d) Beginning January 1, 2029, The Authority shall report its system generated revenue recovery ratio within 6 months of the end of each fiscal year. If the Authority's system generated revenue recovery ratio falls below 20% for 2 consecutive years, then the Board of Directors shall:

(1) report this fact to the General Assembly and the Governor and provide a summary of fare adjustments made under Section 2.04;

(2) consider whether additional fare adjustments or other changes are necessary to increase system generated revenue, reduce costs, or both.

(e) Nothing in this Section shall diminish or impair the rights of any employee employed by the Authority or any Service Board or any organization of employees representing employees of the Authority or any Service Board.

(f) The Authority shall separately calculate a system generated revenue recovery ratio for ADA paratransit service. The Authority shall report this ratio in its annual certification under subsection (d) Section 2.02 and shall take the actions required under subsection (c) of this Section if the ADA paratransit service system generated recovery ratio falls below 5% for 2 consecutive years.

(g) The Authority shall document the system generated recovery ratio in the Authority's Annual Budget and 2-Year Financial Plan.

(h) Upon the request of the House of Representatives or the Senate, the Chair of the Board of the Authority, the chair of the board of a Service Board, or any other employee of the Authority or Service Board requested by the House of Representatives or Senate shall attend a hearing before the House of Representatives or Senate regarding the reported system generated revenue recovery ratios.

(70 ILCS 3615/4.03)

Sec. 4.03. Taxes.

(a) In order to carry out any of the powers or purposes of the Authority, the Board may, by ordinance adopted with the affirmative vote ~~concurrence~~ of either at least 15 of the then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, impose throughout the metropolitan region any or all of the taxes provided in this Section. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes. Nothing in Public Act 95-708 is intended to invalidate any taxes currently imposed by the Authority. The increased vote requirements to impose a tax shall only apply to actions taken after January 1, 2008 (the effective date of Public Act 95-708).

(b) The Board may impose a public transportation tax upon all persons engaged in the metropolitan region in the business of selling at retail motor fuel for operation of motor vehicles upon public highways. The tax shall be at a rate not to exceed 5% of the gross receipts from the sales of motor fuel in the course of the business. As used in this Act, the term "motor fuel" shall have the same meaning as in the Motor Fuel Tax Law. The Board may provide for details of the tax. The provisions of any tax shall conform, as closely as may be practicable, to the provisions of the Municipal Retailers Occupation Tax Act, including, without limitation, conformity to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed, except that reference in the Act to any municipality shall refer to the Authority and the tax shall be imposed only with regard to receipts from sales of motor fuel in the metropolitan region, at rates as limited by this Section.

(c) In connection with the tax imposed under paragraph (b) of this Section, the Board may impose a tax upon the privilege of using in the metropolitan region motor fuel for the operation of a motor vehicle upon public highways, the tax to be at a rate not in excess of the rate of tax imposed under paragraph (b) of this Section. The Board may provide for details of the tax.

(d) The Board may impose a motor vehicle parking tax upon the privilege of parking motor vehicles at off-street parking facilities in the metropolitan region at which a fee is charged, and may provide for reasonable classifications in and exemptions to the tax, for administration and enforcement thereof and for civil penalties and refunds thereunder and may provide criminal penalties thereunder, the maximum penalties not to exceed the maximum criminal penalties provided in the Retailers' Occupation Tax Act. The Authority may collect and enforce the tax itself or by contract with any unit of local government. The State Department of Revenue shall have no responsibility for the collection and enforcement unless the Department agrees with the Authority to undertake the collection and enforcement. As used in this paragraph, the term "parking facility" means a parking area or structure having parking spaces for more than 2 vehicles at which motor vehicles are permitted to park in return for an hourly, daily, or other periodic fee, whether publicly or privately owned, but does not include parking spaces on a public street, the use of which is regulated by parking meters.

(e) The Board may impose a ~~Northern Illinois Transit Regional Transportation~~ Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan region. In Cook County, the tax rate shall be 1.25% of the gross receipts from sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages,

food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption) and tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act, and 1% of the gross receipts from other taxable sales made in the course of that business. In DuPage, Kane, Lake, McHenry, and Will counties, the tax rate shall be 0.75% of the gross receipts from all taxable sales made in the course of that business. The rate of tax imposed in DuPage, Kane, Lake, McHenry, and Will counties under this Section on sales of aviation fuel on or after December 1, 2019 shall, however, be 0.25% unless the ~~Regional Transportation~~ Authority in DuPage, Kane, Lake, McHenry, and Will counties has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

The Board and DuPage, Kane, Lake, McHenry, and Will counties must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority tax fund established under paragraph (n) of this Section or the Local Government Aviation Trust Fund, as appropriate.

If a tax is imposed under this subsection (e), a tax shall also be imposed under subsections (f) and (g) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the ~~Regional Transportation~~ Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) If a tax has been imposed under paragraph (e), a ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority Service Occupation Tax shall also be imposed upon all persons engaged, in the metropolitan region in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the metropolitan region, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. In Cook County, the tax rate shall be: (1) 1.25%

of the serviceman's cost price of food prepared for immediate consumption and transferred incident to a sale of service subject to the service occupation tax by an entity that is located in the metropolitan region and that is licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, the MC/DD Act, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act; (2) 1.25% of the selling price of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption) and tangible personal property taxed at the 1% rate under the Service Occupation Tax Act; and (3) 1% of the selling price from other taxable sales of tangible personal property transferred. In DuPage, Kane, Lake, McHenry, and Will counties, the rate shall be 0.75% of the selling price of all tangible personal property transferred. The rate of tax imposed in DuPage, Kane, Lake, McHenry, and Will counties under this Section on sales of aviation fuel on or after December 1, 2019 shall, however, be 0.25% unless the ~~Regional Transportation~~ Authority in DuPage, Kane, Lake, McHenry, and Will counties has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.5% of the 0.75% tax.

The Board and DuPage, Kane, Lake, McHenry, and Will counties must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the Authority), the first paragraph of Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority tax fund established under paragraph (n) of this Section or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this paragraph shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

(g) If a tax has been imposed under paragraph (e), a tax shall also be imposed upon the privilege of using in the metropolitan region, any item of tangible personal property that is purchased outside the metropolitan region at retail from a retailer, and that is titled or registered with an agency of this State's

government. In Cook County, the tax rate shall be 1% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. In DuPage, Kane, Lake, McHenry, and Will counties, the tax rate shall be 0.75% of the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan region. The tax shall be collected by the Department of Revenue for the ~~Regional Transportation~~ Authority. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21, and 22 of the Use Tax Act, and are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority tax fund established under paragraph (n) of this Section.

(g-5) If, on January 1, 2025, a unit of local government has in effect a tax under subsections (e), (f), and (g), or if, after January 1, 2025, a unit of local government imposes a tax under subsections (e), (f), and (g), then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by ~~Public Act 103-592 this amendatory Act of the 103rd General Assembly.~~

(h) The Authority may impose a replacement vehicle tax of \$50 on any passenger car as defined in Section 1-157 of the Illinois Vehicle Code purchased within the metropolitan region by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed may not become effective before the first day of the month following the passage of the ordinance imposing the tax and receipt of a certified copy of the ordinance by the Department of Revenue. The Department of Revenue shall collect the tax for the Authority in accordance with Sections 3-2002 and 3-2003 of the Illinois Vehicle Code.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Authority. The amount to be paid to the Authority shall be the amount collected hereunder during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for the payment of refunds, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the Authority provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for that amount in accordance with the directions contained in the certification.

(h-5) Within 6 months after the effective date of this amendatory Act of the 104th General Assembly, the Authority shall adopt a tax on ground transportation vehicles to provide transportation network service by transportation network drivers. In the City of Chicago, the rate shall be 10% on the gross trip fare of every transportation network service that originates or terminates anywhere in the City of Chicago. In Cook County, the rate shall be 10% on the gross trip fare of every transportation network service that originates or terminates anywhere in that part of Cook County that is outside the City of Chicago. In DuPage County, Kane County, Lake County, McHenry County, and Will County, the rate shall be 10% on the gross trip fare of every transportation network service that originates or terminates anywhere within these counties.

(h-10) As used in this Section:

"Gross trip fare" means the sum of the base fare charge, distance charge, and time charge for a complete transportation network service prearranged trip at the applicable rate charged at the time the trip is arranged.

"Transportation network service" means a prearranged transportation service offered or provided for compensation using an Internet-enabled application or digital platform to connect potential passengers with transportation network drivers.

"Transportation network drivers" means an individual affiliated with a transportation network provider or with a person who is affiliated with a provider to transportation passengers for compensation using a transportation network vehicle and is licensed to operate a transportation network vehicle.

(i) The Board may not impose any other taxes except as it may from time to time be authorized by law to impose.

(j) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (e), (f) or (g) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(k) The provisions of any tax imposed under paragraph (c) of this Section shall conform as closely as may be practicable to the provisions of the Use Tax Act, including, without limitation, conformity as to penalties with respect to the tax imposed and as to the powers of the State Department of Revenue to promulgate and enforce rules and regulations relating to the administration and enforcement of the provisions of the tax imposed. The taxes shall be imposed only on use within the metropolitan region and at rates as provided in the paragraph.

(l) The Board in imposing any tax as provided in paragraphs (b) and (c) of this Section, shall, after seeking the advice of the State Department of Revenue, provide means for retailers, users or purchasers of motor fuel for purposes other than those with regard to which the taxes may be imposed as provided in those paragraphs to receive refunds of taxes improperly paid, which provisions may be at variance with the refund provisions as applicable under the Municipal Retailers Occupation Tax Act. The State Department of Revenue may provide for certificates of registration for users or purchasers of motor fuel for purposes other than those with regard to which taxes may be imposed as provided in paragraphs (b) and (c) of this Section to facilitate the reporting and nontaxability of the exempt sales or uses.

(m) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the ~~Regional Transportation~~ Authority as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing, increasing, decreasing, or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department, whereupon the Department shall proceed to administer and enforce this Section as of the first day of the first month to occur not less than 60 days following such adoption and filing. Any ordinance or resolution of the Authority imposing a tax under this Section and in effect on August 1, 2007 shall remain in full force and effect and shall be administered by the Department of Revenue under the terms and conditions and rates of tax established by such ordinance or resolution until the Department begins administering and enforcing an increased tax under this Section as authorized by Public Act 95-708. The tax rates authorized by Public Act 95-708 are effective only if imposed by ordinance of the Authority.

(n) Except as otherwise provided in this subsection (n), the State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the Authority. The taxes shall be held in a trust fund outside the State Treasury. If an airport-related purpose has been certified, taxes and penalties collected in DuPage, Kane, Lake, McHenry and Will counties on aviation fuel sold on or after December 1, 2019 from the 0.50% of the 0.75% rate shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Authority. On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois and to the Authority (i) the amount of taxes collected in each county other than Cook County in the metropolitan region, (not including, if an airport-related purpose has been certified, the taxes and penalties collected from the 0.50% of the 0.75% rate on aviation fuel sold on or after December 1, 2019 that are deposited into the Local Government Aviation Trust Fund) (ii) the amount of taxes collected within the City of Chicago, and (iii) the amount collected in that portion of Cook County outside of Chicago, each amount less the amount necessary for the payment of refunds to taxpayers located in those areas described in items (i), (ii), and (iii), and less 1.5% of the remainder, which shall be transferred from the trust fund into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the certification of the amounts, the Comptroller shall cause an order to be drawn for the transfer of the amount certified into the Tax Compliance and Administration Fund and the payment of two-thirds of the amounts certified in item (i) of this subsection to the Authority and one-third of the amounts certified in item (i) of this subsection to the respective counties other than Cook County and the amount certified in items (ii) and (iii) of this subsection to the Authority.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in July 1991 and each year thereafter to the ~~Regional Transportation~~ Authority. The allocation shall be made in an amount equal to the average monthly distribution during the preceding calendar year (excluding the 2 months of lowest receipts) and the allocation shall include the amount of average monthly distribution from the ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund. The distribution made in July 1992 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department of Revenue shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(o) Failure to adopt a budget ordinance or otherwise to comply with Section 4.01 of this Act or to adopt a ~~5-Year~~ ~~Five-year~~ Capital Program or otherwise to comply with paragraph (b) of Section 2.01 of this Act shall not affect the validity of any tax imposed by the Authority otherwise in conformity with law.

(p) At no time shall a public transportation tax or motor vehicle parking tax authorized under paragraphs (b), (c), and (d) of this Section be in effect at the same time as any retailers' occupation, use or service occupation tax authorized under paragraphs (e), (f), and (g) of this Section is in effect.

Any taxes imposed under the authority provided in paragraphs (b), (c), and (d) shall remain in effect only until the time as any tax authorized by paragraph (e), (f), or (g) of this Section is ~~are~~ imposed and becomes effective. Once any tax authorized by paragraph (e), (f), or (g) is imposed the Board may not reimpose taxes as authorized in paragraphs (b), (c), and (d) of the Section unless any tax authorized by paragraph (e), (f), or (g) of this Section becomes ineffective by means other than an ordinance of the Board.

(q) Any existing rights, remedies and obligations (including enforcement by the ~~Regional Transportation~~ Authority) arising under any tax imposed under paragraph (b), (c), or (d) of this Section shall not be affected by the imposition of a tax under paragraph (e), (f), or (g) of this Section.

(70 ILCS 3615/4.03.3)

Sec. 4.03.3. Distribution of Revenues.

~~This Section applies only after the Department begins administering and enforcing an increased tax under Section 4.03(m) as authorized by this amendatory Act of the 95th General Assembly. After providing for payment of its obligations with respect to bonds and notes issued under the provisions of Section 4.04 and obligations related to those bonds and notes and separately accounting for the tax on aviation fuel deposited into the Local Government Aviation Trust Fund, the Authority shall disburse the remaining proceeds from~~

taxes it has received from the Department of Revenue under this Article IV and the remaining proceeds it has received from the State under Section 4.09(a) as follows:

(a) (Blank). With respect to taxes imposed by the Authority under Section 4.03, after withholding 15% of 80% of the receipts from those taxes collected in Cook County at a rate of 1.25%, 15% of 75% of the receipts from those taxes collected in Cook County at the rate of 1%, 15% of one half of the receipts from those taxes collected in DuPage, Kane, Lake, McHenry, and Will Counties, and 15% of money received by the Authority from the Regional Transportation Authority Occupation and Use Tax Replacement Fund or from the Regional Transportation Authority tax fund created in Section 4.03(n), the Board shall allocate the proceeds and money remaining to the Service Boards as follows:

(1) an amount equal to (i) 85% of 80% of the receipts from those taxes collected within the City of Chicago at a rate of 1.25%, (ii) 85% of 75% of the receipts from those taxes collected in the City of Chicago at the rate of 1%, and (iii) 85% of the money received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund or to the Regional Transportation Authority tax fund created in Section 4.03(n) from the County and Mass Transit District Fund attributable to retail sales within the City of Chicago shall be allocated to the Chicago Transit Authority;

(2) an amount equal to (i) 85% of 80% of the receipts from those taxes collected within Cook County outside of the City of Chicago at a rate of 1.25%, (ii) 85% of 75% of the receipts from those taxes collected within Cook County outside the City of Chicago at a rate of 1%, and (iii) 85% of the money received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund or to the Regional Transportation Authority tax fund created in Section 4.03(n) from the County and Mass Transit District Fund attributable to retail sales within Cook County outside of the City of Chicago shall be allocated 30% to the Chicago Transit Authority, 55% to the Commuter Rail Board, and 15% to the Suburban Bus Board; and

(3) an amount equal to 85% of one half of the receipts from the taxes collected within the Counties of DuPage, Kane, Lake, McHenry, and Will shall be allocated 70% to the Commuter Rail Board and 30% to the Suburban Bus Board.

(b) (Blank). Moneys received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund shall be allocated among the Authority and the Service Boards as follows: 15% of such moneys shall be retained by the Authority and the remaining 85% shall be transferred to the Service Boards as soon as may be practicable after the Authority receives payment. Moneys which are distributable to the Service Boards pursuant to the preceding sentence shall be allocated among the Service Boards on the basis of each Service Board's distribution ratio. The term "distribution ratio" means, for purposes of this subsection (b), the ratio of the total amount distributed to a Service Board pursuant to subsection (a) of Section 4.03.3 for the immediately preceding calendar year to the total amount distributed to all of the Service Boards pursuant to subsection (a) of Section 4.03.3 for the immediately preceding calendar year.

(c) (i) 20% of the receipts from those taxes collected in Cook County under Section 4.03 at the rate of 1.25%, (ii) 25% of the receipts from those taxes collected in Cook County under Section 4.03 at the rate of 1%, (iii) 50% of the receipts from those taxes collected in DuPage, Kane, Lake, McHenry, and Will Counties under Section 4.03, and (iv) amounts received from the State under Section 4.09 (a)(2) and items (i), (ii), and (iii) of Section 4.09 (a)(3) shall be allocated as follows: the amount required to be deposited into the ADA Paratransit Fund described in Section 2.01d, the amount required to be deposited into the Suburban Community Mobility Fund described in Section 2.01e, and the amount required to be deposited into the Innovation, Coordination and Enhancement Fund described in Section 2.01c, and the balance shall be allocated 48% to the Chicago Transit Authority, 39% to the Commuter Rail Board, and 13% to the Suburban Bus Board.

(d) (Blank). Amounts received from the State under Section 4.09 (a)(3)(iv) shall be distributed 100% to the Chicago Transit Authority.

(d-5) For fiscal years 2026, 2027, and 2028, the Authority, after making deductions to cover the Authority's expenses, including Administrative Operating Expenses, Regional Services Operating Expense, Program and Project Expenses, Joint Self Insurance Fund, and debt service obligations, and the cost of ADA paratransit service shall allocate operating revenue from all sources as follows:

(1) An amount to each Service Board equal to the amount of the total public funding and the federal relief funding the Service Board received in fiscal year 2025 under the Regional Budget adopted by the Regional Transportation Authority in December 2024.

(2) Any amount remaining after the distribution under paragraph (1) shall be allocated to the Service Boards in proportion to the sum of each Service Board's percentage of:

- (A) vehicle revenue miles;
- (B) passenger miles traveled;
- (C) unlinked passenger trips; and
- (D) vehicle revenue hours.

(d-10) The Board of the Authority may, by ordinance, adjust the amounts allocated to each of the Service Boards under paragraph (2) of subsection (d-5) if it finds that the allocation of funds under paragraphs (1) and (2) of subsection (d-5) have a disproportionately adverse impact on the service levels of any Service Board and shall make appropriate adjustments to address the disproportionate adverse impact.

(d-15) For fiscal years 2029, 2030, and 2031, the Authority, after making deductions to cover the Authority's expenses, including Administrative Operating Expenses, Regional Services Operating Expense, Program and Project Expenses, Joint Self Insurance Fund, paratransit, and debt service obligations and the cost of ADA paratransit service, shall allocate operating revenue from all sources in an amount to each Service Board equal to the amount of the total public funding and federal relief funding the Service Board received in fiscal year 2025 under the Annual Budget and 2-Year Financial Plan adopted by the Authority in December 2024. Any amount remaining after the distribution under subsection (d-10) shall be allocated to the Service Boards by the Authority under the Service Standards.

(d-20) For fiscal year 2032 and each fiscal year thereafter, the Authority, after making deductions to cover the Authority's expenses, shall allocate operating revenue from all sources to the Service Boards under the service standards.

(d-25) The allocation of funds for any fiscal year shall be sufficient to satisfy the debt service obligations of the Service Boards, entered into in compliance with the requirements of this Act.

(e) With respect to those taxes collected in DuPage, Kane, Lake, McHenry, and Will Counties and paid directly to the counties under Section 4.03, the County Board of each county shall use those amounts to fund operating and capital costs of public safety and public transportation services or facilities or to fund operating, capital, right-of-way, construction, and maintenance costs of other transportation purposes, including road, bridge, public safety, and transit purposes intended to improve mobility or reduce congestion in the county. The receipt of funding by such counties pursuant to this paragraph shall not be used as the basis for reducing any funds that such counties would otherwise have received from the State of Illinois, any agency or instrumentality thereof, the Authority, or the Service Boards.

(f) The Authority by ordinance adopted by, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 shall apportion to the Service Boards funds provided by the State of Illinois under Section 4.09(a)(1) as it shall determine and shall make payment of the amounts to each Service Board as soon as may be practicable upon their receipt provided the Authority has adopted a balanced budget as required by Section 4.01 and further provided the Service Board is in compliance with the requirements in Section 4.11.

(g) Beginning January 1, 2009, before making any payments, transfers, or expenditures under this Section to a Service Board, the Authority must first comply with Section 4.02a or 4.02b of this Act, whichever may be applicable.

(h) Moneys may be appropriated from the Public Transportation Fund to the Office of the Executive Inspector General for the costs incurred by the Executive Inspector General while serving as the inspector general for the Authority and each of the Service Boards. Beginning December 31, 2012, and each year thereafter, the Office of the Executive Inspector General shall annually report to the General Assembly the expenses incurred while serving as the inspector general for the Authority and each of the Service Boards.

(Source: P.A. 101-604, eff. 12-13-19.)

(70 ILCS 3615/4.03.5 new)

Sec. 4.03.5. Real estate transfer tax.

(a) The Authority shall impose a real estate transfer tax at a rate of up to \$1.50 for each \$500 of value or fraction thereof, which may be on the buyer or seller of real estate, or jointly and severally on both the buyer and the seller of real estate, for the sole purpose of providing financial assistance to the Authority as set forth in this Section.

(b) The real estate transfer tax under subsection (a) shall apply to real estate transactions that occur in Cook County outside of the City of Chicago, and within the Counties of DuPage, Kane, Lake, McHenry and Will.

(c) Each county in the metropolitan region shall collect the real estate transfer tax on real estate transactions that occur in their counties as authorized by this Section.

(d) All amounts collected by the counties under the real estate transfer tax, after a deduction equal to the county's cost of collection, shall be provided to the Authority pursuant to an intergovernmental agreement as promptly as practicable upon their receipt. Each county shall file a report with the Department of Revenue each month certifying the amount paid to the Authority in the previous month from the proceeds of such tax.

(e) The Authority shall allocate amounts received from Cook County under this Section as follows:

(1) 50% shall go to the Chicago Transit Authority to cover pension obligations, and any excess shall be used to fund transit operations; and

(2) 50% shall go to fund transit operations.

(f) The Authority shall allocate all amounts received from the Counties of DuPage, Kane, Lake, McHenry and Will under this Section to the fund transit operations.

(g) The real estate transfer tax imposed by the City of Chicago under Section 8-3-19 of the Illinois Municipal Code shall be at a rate no less than the rate established for the other parts of the metropolitan region in subsection (a). If the City of Chicago lowers its real estate transfer tax rate below the rate established in subsection (a), then the Authority is authorized to impose a real estate transfer tax in the City of Chicago at a rate that would result in a combined real estate transfer tax rate equal to the rate established in subsection (a).

(h) After consultation with the taxing authorities and the Department of Revenue the Authority shall prescribe rules and the form of the intergovernmental agreement necessary to implement the real estate transfer tax for public transportation in the metropolitan region established by this Section.

(70 ILCS 3615/4.04) (from Ch. 111 2/3, par. 704.04)

Sec. 4.04. Issuance and Pledge of Bonds and Notes.

(a) The Authority shall have the continuing power to borrow money and to issue its negotiable bonds or notes as provided in this Section. Unless otherwise indicated in this Section, the term "notes" also includes bond anticipation notes, which are notes which by their terms provide for their payment from the proceeds of bonds thereafter to be issued. Bonds or notes of the Authority may be issued for any or all of the following purposes: to pay costs to the Authority or a Service Board of constructing or acquiring any public transportation facilities (including funds and rights relating thereto, as provided in Section 2.05 of this Act); to repay advances to the Authority or a Service Board made for such purposes; to pay other expenses of the Authority or a Service Board incident to or incurred in connection with such construction or acquisition; to provide funds for any transportation agency to pay principal of or interest or redemption premium on any bonds or notes, whether as such amounts become due or by earlier redemption, issued prior to the date of this amendatory Act by such transportation agency to construct or acquire public transportation facilities or to provide funds to purchase such bonds or notes; and to provide funds for any transportation agency to construct or acquire any public transportation facilities, to repay advances made for such purposes, and to pay other expenses incident to or incurred in connection with such construction or acquisition; and to provide funds for payment of obligations, including the funding of reserves, under any self-insurance plan or joint self-insurance pool or entity.

In addition to any other borrowing as may be authorized by this Section, the Authority may issue its notes, from time to time, in anticipation of tax receipts of the Authority or of other revenues or receipts of the Authority, in order to provide money for the Authority or the Service Boards to cover any cash flow deficit which the Authority or a Service Board anticipates incurring. Any such notes are referred to in this Section as "Working Cash Notes". No Working Cash Notes shall be issued for a term of longer than 24 months. Proceeds of Working Cash Notes may be used to pay day to day operating expenses of the Authority or the Service Boards, consisting of wages, salaries, and fringe benefits, professional and technical services (including legal, audit, engineering, and other consulting services), office rental, furniture, fixtures and equipment, insurance premiums, claims for self-insured amounts under insurance policies, public utility obligations for telephone, light, heat and similar items, travel expenses, office supplies, postage, dues, subscriptions, public hearings and information expenses, fuel purchases, and payments of grants and payments under purchase of service agreements for operations of transportation agencies, prior to the receipt by the Authority or a Service Board from time to time of funds for paying such expenses. In

addition to any Working Cash Notes that the Board of the Authority may determine to issue, the Suburban Bus Board, the Commuter Rail Board or the Board of the Chicago Transit Authority may demand and direct that the Authority issue its Working Cash Notes in such amounts and having such maturities as the Service Board may determine.

Notwithstanding any other provision of this Act, any amounts necessary to pay principal of and interest on any Working Cash Notes issued at the demand and direction of a Service Board or any Working Cash Notes the proceeds of which were used for the direct benefit of a Service Board or any other Bonds or Notes of the Authority the proceeds of which were used for the direct benefit of a Service Board shall constitute a reduction of the amount of any other funds provided by the Authority to that Service Board. The Authority shall, after deducting any costs of issuance, tender the net proceeds of any Working Cash Notes issued at the demand and direction of a Service Board to such Service Board as soon as may be practicable after the proceeds are received. The Authority may also issue notes or bonds to pay, refund or redeem any of its notes and bonds, including to pay redemption premiums or accrued interest on such bonds or notes being renewed, paid or refunded, and other costs in connection therewith. The Authority may also utilize the proceeds of any such bonds or notes to pay the legal, financial, administrative and other expenses of such authorization, issuance, sale or delivery of bonds or notes or to provide or increase a debt service reserve fund with respect to any or all of its bonds or notes. The Authority may also issue and deliver its bonds or notes in exchange for any public transportation facilities, (including funds and rights relating thereto, as provided in Section 2.05 of this Act) or in exchange for outstanding bonds or notes of the Authority, including any accrued interest or redemption premium thereon, without advertising or submitting such notes or bonds for public bidding.

(b) The ordinance providing for the issuance of any such bonds or notes shall fix the date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions and all other details of such bonds or notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale and security of such bonds or notes. The rate or rates of interest on its bonds or notes may be fixed or variable and the Authority shall determine or provide for the determination of the rate or rates of interest of its bonds or notes issued under this Act in an ordinance adopted by the Authority prior to the issuance thereof, none of which rates of interest shall exceed that permitted in the Bond Authorization Act. Interest may be payable at such times as are provided for by the Board. Bonds and notes issued under this Section may be issued as serial or term obligations, shall be of such denomination or denominations and form, including interest coupons to be attached thereto, be executed in such manner, shall be payable at such place or places and bear such date as the Authority shall fix by the ordinance authorizing such bond or note and shall mature at such time or times, within a period not to exceed forty years from the date of issue, and may be redeemable prior to maturity with or without premium, at the option of the Authority, upon such terms and conditions as the Authority shall fix by the ordinance authorizing the issuance of such bonds or notes. No bond anticipation note or any renewal thereof shall mature at any time or times exceeding 5 years from the date of the first issuance of such note. The Authority may provide for the registration of bonds or notes in the name of the owner as to the principal alone or as to both principal and interest, upon such terms and conditions as the Authority may determine. The ordinance authorizing bonds or notes may provide for the exchange of such bonds or notes which are fully registered, as to both principal and interest, with bonds or notes which are registerable as to principal only. All bonds or notes issued under this Section by the Authority other than those issued in exchange for property or for bonds or notes of the Authority shall be sold at a price which may be at a premium or discount but such that the interest cost (excluding any redemption premium) to the Authority of the proceeds of an issue of such bonds or notes, computed to stated maturity according to standard tables of bond values, shall not exceed that permitted in the Bond Authorization Act. The Authority shall notify the Governor's Office of Management and Budget and the State Comptroller at least 30 days before any bond sale and shall file with the Governor's Office of Management and Budget and the State Comptroller a certified copy of any ordinance authorizing the issuance of bonds at or before the issuance of the bonds. After December 31, 1994, any such bonds or notes shall be sold to the highest and best bidder on sealed bids as the Authority shall deem. As such bonds or notes are to be sold the Authority shall advertise for proposals to purchase the bonds or notes which advertisement shall be published at least once in a daily newspaper of general circulation published in the metropolitan region at least 10 days before the time set for the submission of bids. The Authority shall have the right to reject any or all bids. Notwithstanding any other provisions of this Section, Working Cash Notes or bonds or notes to provide funds for self-insurance or a joint self-insurance pool or entity may be sold either upon competitive bidding or by negotiated sale (without any

requirement of publication of intention to negotiate the sale of such Notes), as the Board shall determine by ordinance adopted with the affirmative votes of at least 9 Directors. In case any officer whose signature appears on any bonds, notes or coupons authorized pursuant to this Section shall cease to be such officer before delivery of such bonds or notes, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until such delivery. Neither the Directors of the Authority nor any person executing any bonds or notes thereof shall be liable personally on any such bonds or notes or coupons by reason of the issuance thereof.

(c) All bonds or notes of the Authority issued pursuant to this Section shall be general obligations of the Authority to which shall be pledged the full faith and credit of the Authority, as provided in this Section. Such bonds or notes shall be secured as provided in the authorizing ordinance, which may, notwithstanding any other provision of this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all tax receipts of the Authority and on any or all other revenues or moneys of the Authority from whatever source, which may by law be utilized for debt service purposes and a specific pledge or assignment of and lien on or security interest in any funds or accounts established or provided for by the ordinance of the Authority authorizing the issuance of such bonds or notes. Any such pledge, assignment, lien, or security interest for the benefit of holders of bonds or notes of the Authority shall be valid and binding from the time the bonds or notes are issued without any physical delivery or further act and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien, or security interest. The obligations of the Authority incurred pursuant to this Section shall be superior to and have priority over any other obligations of the Authority.

The Authority may provide in the ordinance authorizing the issuance of any bonds or notes issued pursuant to this Section for the creation of, deposits in, and regulation and disposition of sinking fund or reserve accounts relating to such bonds or notes. The ordinance authorizing the issuance of any bonds or notes pursuant to this Section may contain provisions as part of the contract with the holders of the bonds or notes, for the creation of a separate fund to provide for the payment of principal and interest on such bonds or notes and for the deposit in such fund from any or all the tax receipts of the Authority and from any or all such other moneys or revenues of the Authority from whatever source which may by law be utilized for debt service purposes, all as provided in such ordinance, of amounts to meet the debt service requirements on such bonds or notes, including principal and interest, and any sinking fund or reserve fund account requirements as may be provided by such ordinance, and all expenses incident to or in connection with such fund and accounts or the payment of such bonds or notes. Such ordinance may also provide limitations on the issuance of additional bonds or notes of the Authority. No such bonds or notes of the Authority shall constitute a debt of the State of Illinois. Nothing in this Act shall be construed to enable the Authority to impose any ad valorem tax on property.

(d) The ordinance of the Authority authorizing the issuance of any bonds or notes may provide additional security for such bonds or notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within the state) with respect to such bonds or notes. The ordinance shall prescribe the rights, duties, and powers of the trustee to be exercised for the benefit of the Authority and the protection of the holders of such bonds or notes. The ordinance may provide for the trustee to hold in trust, invest, and use amounts in funds and accounts created as provided by the ordinance with respect to the bonds or notes. The ordinance may provide for the assignment and direct payment to the trustee of any or all amounts produced from the sources provided in Section 4.03 and Section 4.09 of this Act and provided in Section 62-17 of the State Finance Act. Upon receipt of notice of any such assignment, the Department of Revenue and the Comptroller of the State of Illinois shall thereafter, notwithstanding the provisions of Section 4.03 and Section 4.09 of this Act and Section 62-17 of the State Finance Act, provide for such assigned amounts to be paid directly to the trustee instead of the Authority, all in accordance with the terms of the ordinance making the assignment. The ordinance shall provide that amounts so paid to the trustee which are not required to be deposited, held or invested in funds and accounts created by the ordinance with respect to bonds or notes or used for paying bonds or notes to be paid by the trustee to the Authority.

(e) Any bonds or notes of the Authority issued pursuant to this Section shall constitute a contract between the Authority and the holders from time to time of such bonds or notes. In issuing any bond or note, the Authority may include in the ordinance authorizing such issue a covenant as part of the contract with the holders of the bonds or notes, that as long as such obligations are outstanding, it shall make such deposits, as provided in paragraph (c) of this Section. It may also so covenant that it shall impose and continue to

impose taxes, as provided in Section 4.03 of this Act and in addition thereto as subsequently authorized by law, sufficient to make such deposits and pay the principal and interest and to meet other debt service requirements of such bonds or notes as they become due. A certified copy of the ordinance authorizing the issuance of any such obligations shall be filed at or prior to the issuance of such obligations with the Comptroller of the State of Illinois and the Illinois Department of Revenue.

(f) The State of Illinois pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

(g)(1) Except as provided in subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act, the Authority shall not at any time issue, sell or deliver any bonds or notes (other than Working Cash Notes and lines of credit) pursuant to this Section 4.04 which will cause it to have issued and outstanding at any time in excess of \$800,000,000 of such bonds and notes (other than Working Cash Notes and lines of credit). The Authority shall not issue, sell, or deliver any Working Cash Notes or establish a line of credit pursuant to this Section that will cause it to have issued and outstanding at any time in excess of \$100,000,000. However, the Authority may issue, sell, and deliver additional Working Cash Notes or establish a line of credit before July 1, 2022 that are over and above and in addition to the \$100,000,000 authorization such that the outstanding amount of these additional Working Cash Notes and lines of credit does not exceed at any time \$300,000,000. Bonds or notes which are being paid or retired by such issuance, sale or delivery of bonds or notes, and bonds or notes for which sufficient funds have been deposited with the paying agency of such bonds or notes to provide for payment of principal and interest thereon or to provide for the redemption thereof, all pursuant to the ordinance authorizing the issuance of such bonds or notes, shall not be considered to be outstanding for the purposes of this subsection.

(2) In addition to the authority provided by paragraphs (1) and (3), the Authority is authorized to issue, sell, and deliver bonds or notes for Strategic Capital Improvement Projects approved pursuant to Section 4.13 as follows:

\$100,000,000 is authorized to be issued on or after January 1, 1990;

an additional \$100,000,000 is authorized to be issued on or after January 1, 1991;

an additional \$100,000,000 is authorized to be issued on or after January 1, 1992;

an additional \$100,000,000 is authorized to be issued on or after January 1, 1993;

an additional \$100,000,000 is authorized to be issued on or after January 1, 1994; and

the aggregate total authorization of bonds and notes for Strategic Capital Improvement Projects as of January 1, 1994, shall be \$500,000,000.

The Authority is also authorized to issue, sell, and deliver bonds or notes in such amounts as are necessary to provide for the refunding or advance refunding of bonds or notes issued for Strategic Capital Improvement Projects under this subdivision (g)(2), provided that no such refunding bond or note shall mature later than the final maturity date of the series of bonds or notes being refunded, and provided further that the debt service requirements for such refunding bonds or notes in the current or any future fiscal year shall not exceed the debt service requirements for that year on the refunded bonds or notes.

(3) In addition to the authority provided by paragraphs (1) and (2), the Authority is authorized to issue, sell, and deliver bonds or notes for Strategic Capital Improvement Projects approved pursuant to Section 4.13 as follows:

\$260,000,000 is authorized to be issued on or after January 1, 2000;

an additional \$260,000,000 is authorized to be issued on or after January 1, 2001;

an additional \$260,000,000 is authorized to be issued on or after January 1, 2002;

an additional \$260,000,000 is authorized to be issued on or after January 1, 2003;

an additional \$260,000,000 is authorized to be issued on or after January 1, 2004; and

the aggregate total authorization of bonds and notes for Strategic Capital Improvement Projects pursuant to this paragraph (3) as of January 1, 2004 shall be \$1,300,000,000.

The Authority is also authorized to issue, sell, and deliver bonds or notes in such amounts as are necessary to provide for the refunding or advance refunding of bonds or notes issued for Strategic Capital Improvement projects under this subdivision (g)(3), provided that no such refunding bond or note shall mature later than the final maturity date of the series of bonds or notes being refunded, and provided further that the debt service requirements for such refunding bonds or notes in the current or any future fiscal year shall not exceed the debt service requirements for that year on the refunded bonds or notes.

(h) The Authority, subject to the terms of any agreements with noteholders or bond holders as may then exist, shall have power, out of any funds available therefor, to purchase notes or bonds of the Authority, which shall thereupon be cancelled.

(i) In addition to any other authority granted by law, the State Treasurer may, with the approval of the Governor, invest or reinvest, at a price not to exceed par, any State money in the State Treasury which is not needed for current expenditures due or about to become due in Working Cash Notes. In the event of a default on a Working Cash Note issued by the ~~Regional Transportation~~ Authority in which State money in the State treasury was invested, the Treasurer may, after giving notice to the Authority, certify to the Comptroller the amounts of the defaulted Working Cash Note, in accordance with any applicable rules of the Comptroller, and the Comptroller must deduct and remit to the State treasury the certified amounts or a portion of those amounts from the following proportions of payments of State funds to the Authority:

(1) in the first year after default, one-third of the total amount of any payments of State funds to the Authority;

(2) in the second year after default, two-thirds of the total amount of any payments of State funds to the Authority; and

(3) in the third year after default and for each year thereafter until the total invested amount is repaid, the total amount of any payments of State funds to the Authority.

(j) The Authority may establish a line of credit with a bank or other financial institution as may be evidenced by the issuance of notes or other obligations, secured by and payable from all tax receipts of the Authority and any or all other revenues or moneys of the Authority, in an amount not to exceed the limitations set forth in paragraph (1) of subsection (g). Money borrowed under this subsection (j) shall be used to provide money for the Authority or the Service Boards to cover any cash flow deficit that the Authority or a Service Board anticipates incurring and shall be repaid within 24 months.

Before establishing a line of credit under this subsection (j), the Authority shall authorize the line of credit by ordinance. The ordinance shall set forth facts demonstrating the need for the line of credit, state the amount to be borrowed, establish a maximum interest rate limit not to exceed the maximum rate authorized by the Bond Authorization Act, and provide a date by which the borrowed funds shall be repaid. The ordinance shall authorize and direct the relevant officials to make arrangements to set apart and hold, as applicable, the moneys that will be used to repay the borrowing. In addition, the ordinance may authorize the relevant officials to make partial repayments on the line of credit as the moneys become available and may contain any other terms, restrictions, or limitations desirable or necessary to give effect to this subsection (j).

The Authority shall notify the Governor's Office of Management and Budget and the State Comptroller at least 30 days before establishing a line of credit and shall file with the Governor's Office of Management and Budget and the State Comptroller a certified copy of any ordinance authorizing the establishment of a line of credit upon or before establishing the line of credit.

Moneys borrowed under a line of credit pursuant to this subsection (j) are general obligations of the Authority that are secured by the full faith and credit of the Authority.

(70 ILCS 3615/4.06) (from Ch. 111 2/3, par. 704.06)

Sec. 4.06. Public bidding.

(a) The Board shall adopt regulations to ensure that the acquisition by the Authority or a Service Board other than the Chicago Transit Authority of services or public transportation facilities (other than real estate) involving a cost of more than the small purchase threshold set by the Federal Transit Administration and the disposition of all property of the Authority or a Service Board other than the Chicago Transit Authority shall be after public notice and with public bidding. The Board shall adopt regulations to ensure that the construction, demolition, rehabilitation, renovation, and building maintenance projects by the Authority or a Service Board other than the Chicago Transit Authority for services or public transportation facilities involving a cost of more than \$40,000 shall be after public notice and with public bidding. Such regulations may provide for exceptions to such requirements for acquisition of repair parts, accessories,

equipment or services previously furnished or contracted for; for the immediate delivery of supplies, material or equipment or performance of service when it is determined by the concurrence of two-thirds of the then Directors that an emergency requires immediate delivery or supply thereof; for goods or services that are economically procurable from only one source; for contracts for the maintenance or servicing of equipment which are made with the manufacturers or authorized service agent of that equipment where the maintenance or servicing can best be performed by the manufacturer or authorized service agent or such a contract would be otherwise advantageous to the Authority or a Service Board, other than the Chicago Transit Authority, except that the exceptions in this clause shall not apply to contracts for plumbing, heating, piping, refrigeration and automatic temperature control systems, ventilating and distribution systems for conditioned air, and electrical wiring; for goods or services procured from another governmental agency; for purchases and contracts for the use or purchase of data processing equipment and data processing systems software; for the acquisition of professional or utility services; and for the acquisition of public transportation equipment including, but not limited to, rolling stock, locomotives and buses, provided that: (i) it is determined by a vote of 2/3 of the then Directors of the Service Board making the acquisition that a negotiated acquisition offers opportunities with respect to the cost or financing of the equipment, its delivery, or the performance of a portion of the work within the State or the use of goods produced or services provided within the State; (ii) a notice of intention to negotiate for the acquisition of such public transportation equipment is published in a newspaper of general circulation within the City of Chicago inviting proposals from qualified vendors; and (iii) any contract with respect to such acquisition is authorized by a vote of 2/3 of the then Directors of the Service Board making the acquisition. The requirements set forth in this Section shall not apply to purchase of service agreements or other contracts, purchases or sales entered into by the Authority with any transportation agency or unit of local government.

(b) (1) In connection with two-phase design/build selection procedures authorized in this Section, a Service Board may authorize, by the affirmative vote of two-thirds of the then members of the Service Board, the use of competitive selection and the prequalification of responsible bidders consistent with applicable federal regulations and this subsection (b).

(2) Two-phase design/build selection procedures shall consist of the following:

(i) A Service Board shall develop, through licensed architects or licensed engineers, a scope of work statement for inclusion in the solicitation for phase-one proposals that defines the project and provides prospective offerors with sufficient information regarding the Service Board's requirements. The statement shall include criteria and preliminary design, and general budget parameters and general schedule or delivery requirements to enable the offerors to submit proposals which meet the Service Board's needs. When the two-phase design/build selection procedure is used and the Service Board contracts for development of the scope of work statement, the Service Board shall contract for architectural or engineering services as defined by and in accordance with the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act and all applicable licensing statutes.

(ii) The evaluation factors to be used in evaluating phase-one proposals must be stated in the solicitation and must include specialized experience and technical competence, capability to perform, past performance of the offeror's team (including the architect-engineer and construction members of the team) and other appropriate technical and qualifications factors. Each solicitation must establish the relative importance assigned to the evaluation factors and the subfactors that must be considered in the evaluation of phase-one proposals on the basis of the evaluation factors set forth in the solicitation. Each design/build team must include a licensed design professional independent from the Service Board's licensed architect or engineer and a licensed design professional must be named in the phase-one proposals submitted to the Service Board.

(iii) On the basis of the phase-one proposal the Service Board shall select as the most highly qualified the number of offerors specified in the solicitation and request the selected offerors to submit phase-two competitive proposals and cost or price information. Each solicitation must establish the relative importance assigned to the evaluation factors and the subfactors that must be considered in the evaluation of phase-two proposals on the basis of the evaluation factors set forth in the solicitation. A Service Board may negotiate with the selected design/build team after award but prior to contract execution for the purpose of securing better terms than originally proposed, provided the salient features of the design/build solicitation are not diminished. Each phase-two solicitation evaluates separately (A) the technical submission

for the proposal, including design concepts or proposed solutions to requirements addressed within the scope of work, and (B) the evaluation factors and subfactors, including cost or price, that must be considered in the evaluations of proposals.

(iv) A design/build solicitation issued under the procedures in this subsection (b) shall state the maximum number of offerors that are to be selected to submit competitive phase-two proposals. The maximum number specified in the solicitation shall not exceed 5 unless the Service Board with respect to an individual solicitation determines that a specified number greater than 5 is in the best interest of the Service Board and is consistent with the purposes and objectives of the two-phase design/build selection process.

(v) All designs submitted as part of the two-phase selection process and not selected shall be proprietary to the preparers.

(c) ~~The Regional Transportation~~ Authority and the Service Boards may donate rolling stock, including locomotives and equipment, to museums in this State that are not-for-profit corporations under Section 501(c)(3) of the Internal Revenue Code of 1986.

(d) The Authority may engage in joint purchases under subsection (a) of Section 2 of the Governmental Joint Purchasing Act. The Authority may enter into master contracts for commonly procured items, including vehicles, equipment, supplies, and business services, that are used by the Authority or one or more of the Service Boards, in compliance with the terms of the Governmental Joint Purchasing Act.

(Source: P.A. 103-654, eff. 1-1-25.)

(70 ILCS 3615/4.06.05 new)

Sec. 4.06.05. Bidding restrictions.

(a) As used in this Section:

"Covered transportation agency" includes the Authority and all subsidiaries and affiliates of the Authority.

"Covered transportation contract" means a contract for the acquisition of public transportation rolling stock, locomotives, buses, paratransit vehicles, and any vehicle components incorporated into the end product of rolling stock with a base-buy value \$10,000,000 or more.

"Illinois Jobs Plan" means a document submitted by an applicant for a covered transportation contract or a contractor or participating subcontractor on working on a covered transportation contract that requires the applicant, contractor, or subcontractor to include in the applicant's application:

(1) the minimum number of full-time equivalent jobs that shall be retained and created if the applicant is awarded the contract;

(2) the minimum wage and benefit amounts, by job classification, for nonsupervisory workers on the contract;

(3) the minimum number of jobs that shall be specifically retained and created for disadvantaged workers, as defined by Section 15-10 of the Community Energy, Climate, and Jobs Planning Act, if the applicant is awarded the contract; and

(4) a detailed description and proposed amounts of training, by job classification.

(b) Notwithstanding any law requiring a government entity to award contracts to the lowest responsible bidder, beginning January 1, 2027, covered transportation agencies shall:

(1) award all covered transportation contracts using a competitive best-value procurement process; and

(2) require bidders to submit an Illinois Jobs Plan for the bidder and any entity participating as part of the bidder's solicitation responses.

(c) The Authority shall develop procedures, evaluation and scoring criteria, and all forms and guidance necessary for covered transportation agencies to implement this Section. Solicitation documents shall disclose the minimum qualification requirements and specify the criteria that shall be assigned a weighted value. The evaluation process shall use a scoring method based on the factors provided in this Section, including the Illinois Jobs Plan, and the contract price. The Illinois Jobs Plan shall be scored as part of the overall proposal and incorporated as material terms of the final contract.

(d) Contractors and participating subcontractors working on covered transportation contracts shall be required to submit annual Illinois Jobs Plan reports to the Authority and covered transportation agencies demonstrating compliance with the contractor's or participating subcontractor's Illinois Jobs Plan commitments. The Authority shall make The Illinois Jobs Plan and annual compliance reports available to the public. The Illinois Jobs Plan and annual compliance reports shall not be considered a trade secret under

subsection (g) of Section 7 of the Freedom of information Act or confidential, privileged, or otherwise exempt from disclosure under the Freedom of information Act.

(e) This Section shall not apply to a contract awarded based on a solicitation issued before January 1, 2027.

(f) The provisions of this Section shall be severable, and if the application of any clause, sentence, paragraph, or part of this Section to any person or circumstance shall be adjudged by any court of competent jurisdiction to be invalid, then the judgment shall not necessarily affect, impair, or invalidate the application of any clause, sentence, paragraph, or part of this Section or remainder thereof, as the case may be, to any other person or circumstance, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which the judgment shall have been rendered.

(70 ILCS 3615/4.09) (from Ch. 111 2/3, par. 704.09)

Sec. 4.09. Public Transportation Fund and the ~~Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund~~ Regional Transportation Authority Occupation and Use Tax Replacement Fund.

(a)(1) Except as otherwise provided in paragraph (4), as soon as possible after the first day of each month, beginning July 1, 1984, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to a special fund in the State Treasury to be known as the Public Transportation Fund an amount equal to 25% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from any tax imposed by the Authority pursuant to Sections 4.03, ~~and 4.03.1, and 4.03.5~~ and 25% of the amounts deposited into the ~~Northern Illinois Transit Authority tax fund created by Section 4.03 of this Act, from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act and 25% of the amounts deposited into the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act.~~ Regional Transportation Authority tax fund created by Section 4.03 of this Act, from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act and 25% of the amounts deposited into the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act. On the first day of the month following the date that the Department receives revenues from increased taxes under Section 4.03(m) as authorized by Public Act 95-708, in lieu of the transfers authorized in the preceding sentence, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund an amount equal to 25% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from (i) 80% of the proceeds of any tax imposed by the Authority at a rate of 1.25% in Cook County, (ii) 75% of the proceeds of any tax imposed by the Authority at the rate of 1% in Cook County, and (iii) one-third of the proceeds of any tax imposed by the Authority at the rate of 0.75% in the Counties of DuPage, Kane, Lake, McHenry, and Will, all pursuant to Section 4.03, and 25% of the net revenue realized from any tax imposed by the Authority pursuant to Section 4.03.1, and 25% of the amounts deposited into the ~~Northern Illinois Transit Authority tax fund created by Section 4.03 of this Act from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act, and 25% of the amounts deposited into the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act.~~ Regional Transportation Authority tax fund created by Section 4.03 of this Act from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act, and 25% of the amounts deposited into the Northern Illinois Transit Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act. As used in this Section, net revenue realized for a month shall be the revenue collected by the State pursuant to Sections 4.03 and 4.03.1 during the previous month from within the metropolitan region, less the amount paid out during that same month as refunds to taxpayers for overpayment of liability in the metropolitan region under Sections 4.03 and 4.03.1.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this paragraph (1) of subsection (a) to be transferred by the Treasurer into the Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Public Transportation Fund as the revenues are realized from the taxes indicated.

(2) Except as otherwise provided in paragraph (4), on February 1, 2009 (the first day of the month following the effective date of Public Act 95-708) and each month thereafter, upon certification by the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund an amount equal to 5% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from any tax imposed by the Authority pursuant to Sections 4.03, ~~and 4.03.1, and 4.03.5~~ and certified by the Department of Revenue under Section 4.03(n) of this Act to be paid to the Authority and 5% of the amounts deposited into the Northern Illinois

~~Transit Regional Transportation~~ Authority tax fund created by Section 4.03 of this Act from the County and Mass Transit District Fund as provided in Section 6z-20 of the State Finance Act, and 5% of the amounts deposited into the ~~Northern Illinois Transit Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund as provided in Section 6z-17 of the State Finance Act, and 5% of the revenue realized by the Chicago Transit Authority as financial assistance from the City of Chicago from the proceeds of any tax imposed by the City of Chicago under Section 8-3-19 of the Illinois Municipal Code.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this paragraph (2) of subsection (a) to be transferred by the Treasurer into the Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Public Transportation Fund as the revenues are realized from the taxes indicated.

(3) Except as otherwise provided in paragraph (4), as soon as possible after the first day of January, 2009 and each month thereafter, upon certification of the Department of Revenue with respect to the taxes collected under Section 4.03, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund an amount equal to 25% of the net revenue, before the deduction of the serviceman and retailer discounts pursuant to Section 9 of the Service Occupation Tax Act and Section 3 of the Retailers' Occupation Tax Act, realized from (i) 20% of the proceeds of any tax imposed by the Authority at a rate of 1.25% in Cook County, (ii) 25% of the proceeds of any tax imposed by the Authority at the rate of 1% in Cook County, and (iii) one-third of the proceeds of any tax imposed by the Authority at the rate of 0.75% in the Counties of DuPage, Kane, Lake, McHenry, and Will, all pursuant to Section 4.03, and the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund (iv) an amount equal to 25% of the revenue realized by the Chicago Transit Authority as financial assistance from the City of Chicago from the proceeds of any tax imposed by the City of Chicago under Section 8-3-19 of the Illinois Municipal Code.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this paragraph (3) of subsection (a) to be transferred by the Treasurer into the Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Public Transportation Fund as the revenues are realized from the taxes indicated.

(4) Notwithstanding any provision of law to the contrary, for the State fiscal year beginning July 1, 2024 and each State fiscal year thereafter, the first \$150,000,000 that would have otherwise been transferred from the General Revenue Fund and deposited into the Public Transportation Fund as provided in paragraphs (1), (2), and (3) of this subsection (a) shall instead be transferred from the Road Fund by the Treasurer upon certification by the Department of Revenue and order of the Comptroller. For the State fiscal year beginning July 1, 2024, only, the next \$75,000,000 that would have otherwise been transferred from the General Revenue Fund and deposited into the Public Transportation Fund as provided in paragraphs (1), (2), and (3) of this subsection (a) shall instead be transferred from the Road Fund and deposited into the Public Transportation Fund by the Treasurer upon certification by the Department of Revenue and order of the Comptroller. The funds authorized and transferred pursuant to this amendatory Act of the 103rd General Assembly are not intended or planned for road construction projects. For the State fiscal year beginning July 1, 2024, only, the next \$50,000,000 that would have otherwise been transferred from the General Revenue Fund and deposited into the Public Transportation Fund as provided in paragraphs (1), (2), and (3) of this subsection (a) shall instead be transferred from the Underground Storage Tank Fund and deposited into the Public Transportation Fund by the Treasurer upon certification by the Department of Revenue and order of the Comptroller. The remaining balance shall be deposited each State fiscal year as otherwise provided in paragraphs (1), (2), and (3) of this subsection (a).

(5) (Blank).

(6) (Blank).

(7) For State fiscal year 2020 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2020 shall be reduced by 5%.

(8) For State fiscal year 2021 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2021 shall be reduced by 5%.

(b)(1) All moneys deposited in the Public Transportation Fund and the ~~Northern Illinois Transit Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund, whether deposited pursuant

to this Section or otherwise, are allocated to the Authority, except for amounts appropriated to the Office of the Executive Inspector General as authorized by subsection (h) of Section 4.03.3 and amounts transferred to the Audit Expense Fund pursuant to Section 6z-27 of the State Finance Act. The Comptroller, as soon as possible after each monthly transfer provided in this Section and after each deposit into the Public Transportation Fund, shall order the Treasurer to pay to the Authority out of the Public Transportation Fund the amount so transferred or deposited. Any Additional State Assistance and Additional Financial Assistance paid to the Authority under this Section shall be expended by the Authority for its purposes as provided in this Act. The balance of the amounts paid to the Authority from the Public Transportation Fund shall be expended by the Authority as provided in Section 4.03.3. The Comptroller, as soon as possible after each deposit into the ~~Northern Illinois Transit Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund provided in this Section and Section 6z-17 of the State Finance Act, shall order the Treasurer to pay to the Authority out of the ~~Northern Illinois Transit Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund the amount so deposited. Such amounts paid to the Authority may be expended by it for its purposes as provided in this Act. The provisions directing the distributions from the Public Transportation Fund and the ~~Northern Illinois Transit Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund provided for in this Section shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized and directed to make distributions as provided in this Section. (2) Provided, however, no moneys deposited under subsection (a) of this Section shall be paid from the Public Transportation Fund to the Authority or its assignee for any fiscal year until the Authority has certified to the Governor, the Comptroller, and the Mayor of the City of Chicago that it has adopted for that fiscal year an Annual Budget and ~~Two-Year~~ Financial Plan meeting the requirements in Section 4.01(b).

(c) In recognition of the efforts of the Authority to enhance the mass transportation facilities under its control, the State shall provide financial assistance ("Additional State Assistance") in excess of the amounts transferred to the Authority from the General Revenue Fund under subsection (a) of this Section. Additional State Assistance shall be calculated as provided in subsection (d), but shall in no event exceed the following specified amounts with respect to the following State fiscal years:

1990	\$5,000,000;
1991	\$5,000,000;
1992	\$10,000,000;
1993	\$10,000,000;
1994	\$20,000,000;
1995	\$30,000,000;
1996	\$40,000,000;
1997	\$50,000,000;
1998	\$55,000,000; and
each year thereafter	\$55,000,000.

(c-5) The State shall provide financial assistance ("Additional Financial Assistance") in addition to the Additional State Assistance provided by subsection (c) and the amounts transferred to the Authority from the General Revenue Fund under subsection (a) of this Section. Additional Financial Assistance provided by this subsection shall be calculated as provided in subsection (d), but shall in no event exceed the following specified amounts with respect to the following State fiscal years:

2000	\$0;
2001	\$16,000,000;
2002	\$35,000,000;
2003	\$54,000,000;
2004	\$73,000,000;
2005	\$93,000,000; and
each year thereafter	\$100,000,000.

(d) Beginning with State fiscal year 1990 and continuing for each State fiscal year thereafter, the Authority shall annually certify to the State Comptroller and State Treasurer, separately with respect to each of subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act, the following amounts:

(1) The amount necessary and required, during the State fiscal year with respect to which the certification is made, to pay its obligations for debt service on all outstanding bonds or notes issued by the Authority under subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act.

(2) An estimate of the amount necessary and required to pay its obligations for debt service for any bonds or notes which the Authority anticipates it will issue under subdivisions (g)(2) and (g)(3) of Section 4.04 during that State fiscal year.

(3) Its debt service savings during the preceding State fiscal year from refunding or advance refunding of bonds or notes issued under subdivisions (g)(2) and (g)(3) of Section 4.04.

(4) The amount of interest, if any, earned by the Authority during the previous State fiscal year on the proceeds of bonds or notes issued pursuant to subdivisions (g)(2) and (g)(3) of Section 4.04, other than refunding or advance refunding bonds or notes.

The certification shall include a specific schedule of debt service payments, including the date and amount of each payment for all outstanding bonds or notes and an estimated schedule of anticipated debt service for all bonds and notes it intends to issue, if any, during that State fiscal year, including the estimated date and estimated amount of each payment.

Immediately upon the issuance of bonds for which an estimated schedule of debt service payments was prepared, the Authority shall file an amended certification with respect to item (2) above, to specify the actual schedule of debt service payments, including the date and amount of each payment, for the remainder of the State fiscal year.

On the first day of each month of the State fiscal year in which there are bonds outstanding with respect to which the certification is made, the State Comptroller shall order transferred and the State Treasurer shall transfer from the Road Fund to the Public Transportation Fund the Additional State Assistance and Additional Financial Assistance in an amount equal to the aggregate of (i) one-twelfth of the sum of the amounts certified under items (1) and (3) above less the amount certified under item (4) above, plus (ii) the amount required to pay debt service on bonds and notes issued during the fiscal year, if any, divided by the number of months remaining in the fiscal year after the date of issuance, or some smaller portion as may be necessary under subsection (c) or (c-5) of this Section for the relevant State fiscal year, plus (iii) any cumulative deficiencies in transfers for prior months, until an amount equal to the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, has been transferred; except that these transfers are subject to the following limits:

(A) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(2) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

(B) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(3) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c-5) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

The term "outstanding" does not include bonds or notes for which refunding or advance refunding bonds or notes have been issued.

(c) Neither Additional State Assistance nor Additional Financial Assistance may be pledged, either directly or indirectly as general revenues of the Authority, as security for any bonds issued by the Authority. The Authority may not assign its right to receive Additional State Assistance or Additional Financial Assistance, or direct payment of Additional State Assistance or Additional Financial Assistance, to a trustee or any other entity for the payment of debt service on its bonds.

(f) The certification required under subsection (d) with respect to outstanding bonds and notes of the Authority shall be filed as early as practicable before the beginning of the State fiscal year to which it relates. The certification shall be revised as may be necessary to accurately state the debt service requirements of the Authority.

(g) (Blank). Within 6 months of the end of each fiscal year, the Authority shall determine:

~~(i) whether the aggregate of all system generated revenues for public transportation in the metropolitan region which is provided by, or under grant or purchase of service contracts with, the Service Boards equals 50% of the aggregate of all costs of providing such public transportation. "System generated revenues" include all the proceeds of fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority, except for contributions received by the Chicago Transit Authority from a real~~

estate transfer tax imposed under subsection (i) of Section 8-3-19 of the Illinois Municipal Code, and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law, and all other revenues properly included consistent with generally accepted accounting principles but may not include: the proceeds from any borrowing, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligations for borrowed money of the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost as to which it is reasonably expected that a cash expenditure will not be made; costs for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; the costs of Debt Service paid by the Chicago Transit Authority, as defined in Section 12e of the Metropolitan Transit Authority Act, or bonds or notes issued pursuant to that Section; the payment by the Commuter Rail Division of debt service on bonds issued pursuant to Section 3B.09; expenses incurred by the Suburban Bus Division for the cost of new public transportation services funded from grants pursuant to Section 2.01e of this Act for a period of 2 years from the date of initiation of each such service; costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act; or in fiscal years 2008 through 2012 inclusive, costs in the amount of \$200,000,000 in fiscal year 2008, reducing by \$40,000,000 in each fiscal year thereafter until this exemption is eliminated. If said system generated revenues are less than 50% of said costs, the Board shall remit an amount equal to the amount of the deficit to the State; however, due to the fiscal impacts from the COVID-19 pandemic, for fiscal years 2021, 2022, 2023, 2024, and 2025, no such payment shall be required. The Treasurer shall deposit any such payment in the Road Fund; and

(ii) whether, beginning with the 2007 fiscal year, the aggregate of all fares charged and received for ADA paratransit services equals the system generated ADA paratransit services revenue recovery ratio percentage of the aggregate of all costs of providing such ADA paratransit services.

(h) (Blank). If the Authority makes any payment to the State under paragraph (g), the Authority shall reduce the amount provided to a Service Board from funds transferred under paragraph (a) in proportion to the amount by which that Service Board failed to meet its required system generated revenues recovery ratio. A Service Board which is affected by a reduction in funds under this paragraph shall submit to the Authority concurrently with its next due quarterly report a revised budget incorporating the reduction in funds. The revised budget must meet the criteria specified in clauses (i) through (vi) of Section 4.11(b)(2). The Board shall review and act on the revised budget as provided in Section 4.11(b)(3).

(70 ILCS 3615/4.10) (from Ch. 111 2/3, par. 704.10)

Sec. 4.10. Agreements with the Chicago Transit Authority. The Authority shall not for any fiscal year of the Authority release to the Chicago Transit Authority any funds except for the proceeds of taxes imposed by the Authority under Sections 4.03, ~~and 4.03.1, and 4.03.5~~ which are allocated to the Chicago Transit Authority under Section 4.01(d) unless a unit or units of local government in Cook County (other than the Chicago Transit Authority) enters or enter into an agreement with the Chicago Transit Authority to make a monetary contribution for such year of at least \$5,000,000 for public transportation.

Except as otherwise provided in this Section, the Authority shall not for any fiscal year of the Authority release to the Chicago Transit Authority any funds except for the proceeds of taxes imposed by the Authority under Sections 4.03, ~~and 4.03.1, and 4.03.5~~ which are allocated to the Chicago Transit Authority under Section 4.01(d) unless the County of Cook and City of Chicago continue to provide services to the Chicago Transit Authority at the same level and on the same basis as are being provided by such units as of the effective date of this Act. The Authority may from time to time approve reductions in the level and basis of services to be provided pursuant to this Section.

(Source: P.A. 83-886.)

(70 ILCS 3615/4.11) (from Ch. 111 2/3, par. 704.11)

Sec. 4.11. Budget Review Powers.

(a) ~~Until fiscal year 2027, based upon~~ Based upon estimates which shall be given to the Authority by the Director of the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the receipts to be received by the Authority from the taxes imposed by the Authority and the authorized estimates of amounts to be available from State and other sources to the Service Boards, and the times at which such receipts and amounts will be available, the Board shall, not later than the next preceding September 15th prior to the beginning of the Authority's next fiscal year, advise each Service Board of the amounts estimated by the Board to be available for such Service Board during such fiscal year and the two following fiscal years and the times at which such amounts will be available. The Board shall, at the same time, also advise each Service Board of its required system generated revenues recovery ratio for the next fiscal year which shall be the percentage of the aggregate costs of providing public transportation by or under jurisdiction of that Service Board which must be recovered from system generated revenues. The Board shall, at the same time, consider the written determination of the Executive Director, made pursuant to Section 2.01d, of the costs of ADA paratransit services that are required to be provided under the federal Americans with Disabilities Act of 1990 and its implementing regulations, and shall amend the current year budgets of the Authority and the Service Boards to provide for additional funding for the provision of ADA paratransit services, if needed. The Board shall, at the same time, beginning with the 2007 fiscal year, also advise each Service Board that provides ADA paratransit services of its required system generated ADA paratransit services revenue recovery ratio for the next fiscal year which shall be the percentage of the aggregate costs of providing ADA paratransit services by or under jurisdiction of that Service Board which must be recovered from fares charged for such services, except that such required system generated ADA paratransit services revenue recovery ratio shall not exceed the minimum percentage established pursuant to Section 4.01(b)(ii) of this Act. In determining a Service Board's system generated revenue recovery ratio, the Board shall consider the historical system generated revenues recovery ratio for the services subject to the jurisdiction of that Service Board. The Board shall not increase a Service Board's system generated revenues recovery ratio for the next fiscal year over such ratio for the current fiscal year disproportionately or prejudicially to increases in such ratios for other Service Boards. The Board may, by ordinance, provide that (i) the cost of research and development projects in the fiscal year beginning January 1, 1986 and ending December 31, 1986 conducted pursuant to Section 2.09 of this Act, (ii) the costs for passenger security, and (iii) expenditures of amounts granted to a Service Board from the Innovation, Coordination, and Enhancement Fund for operating purposes may be exempted from the farebox recovery ratio or the system generated revenues recovery ratio of the Chicago Transit Authority, the Suburban Bus Board, and the Commuter Rail Board, or any of them. During fiscal years 2008 through 2012, the Board may also allocate the exemption of \$200,000,000 and the reducing amounts of costs provided by this amendatory Act of the 95th General Assembly from the farebox recovery ratio or system generated revenues recovery ratio of each Service Board.

(b) (1) Not later than the next preceding November 15 prior to the commencement of such fiscal year, each Service Board shall submit to the Authority its proposed budget for such fiscal year and its proposed financial plan for the two following fiscal years. Such budget and financial plan shall (i) be prepared in the format, follow the financial and budgetary practices, and be based on any assumptions and projections required by the Authority and (ii) not project or assume a receipt of revenues from the Authority in amounts greater than those set forth in the estimates provided by the Authority pursuant to subsection (a) of this Section.

(2) The Board shall review the proposed budget and two-year financial plan submitted by each Service Board. The Board shall approve the budget and two-year financial plan of a Service Board if:

(i) such budget and plan show a balance between (A) anticipated revenues from all sources including operating subsidies and (B) the costs of providing the services specified and of funding any operating deficits or encumbrances incurred in prior periods, including provision for payment when due of principal and interest on outstanding indebtedness;

(ii) such budget and plan show cash balances including the proceeds of any anticipated cash flow borrowing sufficient to pay with reasonable promptness all costs and expenses as incurred;

(iii) such budget and plan provide for a level of fares or charges and operating or administrative costs for the public transportation provided by or subject to the jurisdiction of such Service Board sufficient to allow the Service Board to meet its required system generated revenue recovery ratio and,

beginning with the 2007 fiscal year, system generated ADA paratransit services revenue recovery ratio;

(iv) such budget and plan are based upon and employ assumptions and projections which are reasonable and prudent;

(v) such budget and plan have been prepared in accordance with sound financial practices as determined by the Board;

(vi) such budget and plan meet such other financial, budgetary, or fiscal requirements that the Board may by rule or regulation establish; and

(vii) such budget and plan are consistent with the goals and objectives adopted by the Authority in the Strategic Plan.

(3) (Blank).

(4) Unless the Board by an affirmative vote of 12 of the then Directors determines that the budget and financial plan of a Service Board meets the criteria specified in clauses (i) through (vii) of subparagraph (2) of this paragraph (b), the Board shall withhold from that Service Board 25% of the cash proceeds of taxes imposed by the Authority under Section 4.03 and Section 4.03.1 and received after February 1 and 25% of the amounts transferred to the Authority from the Public Transportation Fund under Section 4.09(a) (but not including Section 4.09(a)(3)(iv)) after February 1 that the Board has estimated to be available to that Service Board under Section 4.11(a). Such funding shall be released to the Service Board only upon approval of a budget and financial plan under this Section or adoption of a budget and financial plan on behalf of the Service Board by the Authority.

(5) If the Board has not found that the budget and financial plan of a Service Board meets the criteria specified in clauses (i) through (vii) of subparagraph (2) of this paragraph (b), the Board, by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026, either at least 15 of its then Directors or at least 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01, shall adopt a budget and financial plan meeting such criteria for that Service Board.

(c)(1) If the Board shall at any time have received a revised estimate, or revises any estimate the Board has made, pursuant to ~~this~~ Section 4.01 of the receipts to be collected by the Authority which, in the judgment of the Board, requires a change in the estimates on which the budget of any Service Board is based, the Board shall advise the affected Service Board of such revised estimates, and such Service Board shall within 30 days after receipt of such advice submit recommendations for a revised budget incorporating such revised estimates. If the revised estimates require, in the judgment of the Board, that the system generated revenues recovery ratio of one or more Service Boards be revised in order to allow the Authority to meet its required ratio, the Board shall advise any such Service Board of its revised ratio and such Service Board shall within 30 days after receipt of such advice submit a revised budget incorporating such revised estimates or ratio.

(2) Each Service Board shall, within such period after the end of each fiscal quarter as shall be specified by the Board, report to the Authority its financial condition and results of operations and the financial condition and results of operations of the public transportation services subject to its jurisdiction, as at the end of and for such quarter. If in the judgment of the Board such condition and results are not substantially in accordance with such Service Board's budget for such period, the Board shall so advise such Service Board and such Service Board shall within the period specified by the Board submit a revised budget incorporating such results. After considering the Service Board's recommendations, the Authority shall adopt a revised budget.

(3) If the Board shall determine that a revised budget submitted by a Service Board pursuant to subparagraph (1) or (2) of this paragraph (c) does not meet the criteria specified in clauses (i) through (vii) of subparagraph (2) of paragraph (b) of this Section, the Board shall withhold from that Service Board 25% of the cash proceeds of taxes imposed by the Authority under Section 4.03 or 4.03.1 and received by the Authority after February 1 and 25% of the amounts transferred to the Authority from the Public Transportation Fund under Section 4.09(a) (but not including Section 4.09(a)(3)(iv)) after February 1 that the Board has estimated to be available to that Service Board under Section 4.11(a). If the Service Board submits a revised financial plan and budget which plan and budget shows that the criteria will be met within a four quarter period, the Board shall release any such withheld funds to the Service Board. The Board by the affirmative vote of, until February 1, 2026, 12 of its then directors, or, beginning February 1, 2026,

either at least 15 of its then Directors or at least 12 of its then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 may require a Service Board to submit a revised financial plan and budget which shows that the criteria will be met in a time period less than four quarters.

(d) All ~~budgets and financial plans~~, financial statements, audits, and other information presented to the Authority pursuant to this Section or which may be required by the Board to permit it to monitor compliance with the provisions of this Section shall be prepared and presented in such manner and frequency and in such detail as shall have been prescribed by the Board, shall be prepared on both an accrual and cash flow basis as specified by the Board, shall present such information as the Authority shall prescribe that fairly presents the condition of any pension plan or trust for health care benefits with respect to retirees established by the Service Board and describes the plans of the Service Board to meet the requirements of Sections 4.02a and 4.02b, and shall identify and describe the assumptions and projections employed in the preparation thereof to the extent required by the Board. If the Executive Director certifies that a Service Board has not presented its budget and two-year financial plan in conformity with the rules adopted by the Authority under the provisions of Section 4.01(f) and this subsection (d), and such certification is accepted by the affirmative vote of at least 12 of the then Directors of the Authority, the Authority shall not distribute to that Service Board any funds for operating purposes in excess of the amounts distributed for such purposes to the Service Board in the previous fiscal year. Except when the Board adopts a budget and a financial plan for a Service Board under paragraph (b)(5), a Service Board shall provide for such levels of transportation services and fares or charges therefor as it deems appropriate and necessary in the preparation of a budget and financial plan meeting the criteria set forth in clauses (i) through (vii) of subparagraph (2) of paragraph (b) of this Section. The Authority shall have access to and the right to examine and copy all books, documents, papers, records, or other source data of a Service Board relevant to any information submitted pursuant to this Section.

(d-5) Beginning fiscal year 2027, the Board of the Authority shall, no later than September 15 of each year consider the written determination of the Executive Director, made under Section 2.01d, of the costs of ADA paratransit services that are required to be provided under the federal Americans with Disabilities Act of 1990 and its implementing regulations, and shall amend the current year budgets of the Authority and the Service Boards to provide for additional funding for the provision of ADA paratransit services, if needed.

(d-10)(1) Beginning fiscal year 2027, if the Board shall at any time have received a revised estimate, or revises any estimate the Board has made, under Section 4.01 of the receipts to be collected by the Authority which, in the judgment of the Board, requires a change in the estimates on which the budget of any Service Board is based, then the Board of the Authority shall advise the affected Service Board of the revised estimates. Within 30 days after receipt of the advice submit recommendations for a revised budget incorporating the revised estimates. After considering the Service Board's recommendations, the Authority shall adopt a revised budget.

(2) Each Service Board shall, within the period after the end of each fiscal quarter as shall be specified by the Board, report to the Authority its financial condition and results of operations and the financial condition and results of operations of the public transportation services subject to its jurisdiction, as at the end of and for the quarter. If, in the judgment of the Board, the condition and results are not substantially in accordance with the Service Board's budget for the period, then the Board shall so advise the Service Board and the Service Board shall within the period specified by the Board submit recommendations for a revised budget incorporating the results. After considering the Service Board's recommendations, the Authority shall adopt a revised budget.

(d-15) Beginning fiscal year 2027, all financial statements, audits, and other information presented to the Authority under this Section or which may be required by the Board to permit it to monitor compliance with the provisions of this Section shall be prepared and presented in the manner and frequency and in the detail prescribed by the Board, shall be prepared on both an accrual and cash flow basis as specified by the Board, shall present the information as the Authority shall prescribe that fairly presents the condition of any pension plan or trust for health care benefits with respect to retirees established by the Service Board and describes the plans of the Service Board to meet the requirements of Sections 4.02a and 4.02b, and shall identify and describe the assumptions and projections employed in the preparation thereof to the extent required by the Board.

(e) Whenever this Section requires the Board to make determinations with respect to estimates, budgets or financial plans, or rules or regulations with respect thereto such determinations shall be made upon the affirmative vote of at least 15 of its then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 and shall be incorporated in a written report of the Board and such report shall be submitted within 10 days after such determinations are made to the Governor, the Mayor of Chicago (if such determinations relate to the Chicago Transit Authority), and the Auditor General of Illinois. (Source: P.A. 97-399, eff. 8-16-11.)

(70 ILCS 3615/4.13) (from Ch. 111 2/3, par. 704.13)

Sec. 4.13. Annual Capital Improvement Plan.

(a) With respect to each calendar year, the Authority shall prepare as part of its Five Year Program an Annual Capital Improvement Plan (the "Plan") which shall describe its intended development and implementation of the Strategic Capital Improvement Program. The Plan shall include the following information:

(i) a list of projects for which approval is sought from the Governor, with a description of each project stating at a minimum the project cost, its category, its location and the entity responsible for its implementation;

(ii) a certification by the Authority that the Authority and the Service Boards have applied for all grants, loans and other moneys made available by the federal government or the State of Illinois during the preceding federal and State fiscal years for financing its capital development activities;

(iii) a certification that, as of September 30 of the preceding calendar year or any later date, the balance of all federal capital grant funds and all other funds to be used as matching funds therefor which were committed to or possessed by the Authority or a Service Board but which had not been obligated was less than \$350,000,000, or a greater amount as authorized in writing by the Governor (for purposes of this subsection (a), "obligated" means committed to be paid by the Authority or a Service Board under a contract with a nongovernmental entity in connection with the performance of a project or committed under a force account plan approved by the federal government);

(iv) a certification that the Authority has adopted a balanced budget with respect to such calendar year under Section 4.01 of this Act;

(v) a schedule of all bonds or notes previously issued for Strategic Capital Improvement Projects and all debt service payments to be made with respect to all such bonds and the estimated additional debt service payments through June 30 of the following calendar year expected to result from bonds to be sold prior thereto;

(vi) a long-range summary of the Strategic Capital Improvement Program describing the projects to be funded through the Program with respect to project cost, category, location, and implementing entity, and presenting a financial plan including an estimated time schedule for obligating funds for the performance of approved projects, issuing bonds, expending bond proceeds and paying debt service throughout the duration of the Program; and

(vii) the source of funding for each project in the Plan. For any project for which full funding has not yet been secured and which is not subject to a federal full funding contract, the Authority must identify alternative, dedicated funding sources available to complete the project. The Governor may waive this requirement on a project by project basis.

(b) The Authority shall submit the Plan with respect to any calendar year to the Governor on or before January 15 of that year, or as soon as possible thereafter; provided, however, that the Plan shall be adopted on the affirmative votes of either at least 15 of its then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01. The Plan may be revised or amended at any time, but any revision in the projects approved shall require the Governor's approval.

(c) The Authority shall seek approval from the Governor only through the Plan or an amendment thereto. The Authority shall not request approval of the Plan from the Governor in any calendar year in which it is unable to make the certifications required under items (ii), (iii) and (iv) of subsection (a). In no event shall the Authority seek approval of the Plan from the Governor for projects in an aggregate amount

exceeding the proceeds of bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(d) The Governor may approve the Plan for which approval is requested. The Governor's approval is limited to the amount of the project cost stated in the Plan. The Governor shall not approve the Plan in a calendar year if the Authority is unable to make the certifications required under items (ii), (iii) and (iv) of subsection (a). In no event shall the Governor approve the Plan for projects in an aggregate amount exceeding the proceeds of bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(e) With respect to capital improvements, only those capital improvements which are in a Plan approved by the Governor shall be financed with the proceeds of bonds or notes issued for Strategic Capital Improvement Projects.

(f) Before the Authority or a Service Board obligates any funds for a project for which the Authority or Service Board intends to use the proceeds of bonds or notes for Strategic Capital Improvement Projects, but which project is not included in an approved Plan, the Authority must notify the Governor of the intended obligation. No project costs incurred prior to approval of the Plan including that project may be paid from the proceeds of bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(70 ILCS 3615/4.14) (from Ch. 111 2/3, par. 704.14)

Sec. 4.14. Rate Protection Contract. "Rate Protection Contract" means interest rate price exchange agreements; currency exchange agreements; forward payment conversion agreements; contracts providing for payment or receipt of funds based on levels of, or changes in, interest rates, currency exchange rates, stock or other indices; contracts to exchange cash flows or a series of payments; contracts, including without limitation, interest rate caps; interest rate floor; interest rate locks; interest rate collars; rate of return guarantees or assurances, to manage payment, currency, rate, spread or similar exposure; the obligation, right, or option to issue, put, lend, sell, grant a security interest in, buy, borrow or otherwise acquire, a bond, note or other security or interest therein as an investment, as collateral, as a hedge, or otherwise as a source or assurance of payment to or by the Authority or as a reduction of the Authority's or an obligor's risk exposure; repurchase agreements; securities lending agreements; and other agreements or arrangements similar to the foregoing.

Notwithstanding any provision in Section 2.20 (a) (ii) of this Act to the contrary, in connection with or incidental to the issuance by the Authority of its bonds or notes under the provisions of Section 4.04 or the exercise of its powers under subsection (b) of Section 2.20, the Authority, for its own benefit or for the benefit of the holders of its obligations or their trustee, may enter into rate protection contracts. The Authority may enter into rate protection contracts only pursuant to a determination by a vote of either at least 15 of its then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 that the terms of the contracts and any related agreements reduce the risk of loss to the Authority, or protect, preserve or enhance the value of its assets, or provide compensation to the Authority for losses resulting from changes in interest rates. The Authority's obligations under any rate protection contract or credit enhancement or liquidity agreement shall not be considered bonds or notes for purposes of this Act. For purposes of this Section a rate protection contract is a contract determined by the Authority as necessary or appropriate to permit it to manage payment, currency or interest rate risks or levels.

(70 ILCS 3615/4.15)

Sec. 4.15. Revolving door prohibition. No Director, Service Board director or member, former Director, or former Service Board director or member shall, during his or her term and for a period of one year immediately after the end of his or her term, engage in business dealings with, knowingly accept employment from, or receive compensation or fees for services from the ~~Regional Transportation~~ Authority, the Suburban Bus Board, the Commuter Rail Board or the Chicago Transit Board. This prohibition shall not apply to any business dealings engaged in by the Director or Service Board director or member in the course of his or her official duties or responsibilities as a Director or Service Board director or member.

(70 ILCS 3615/5.03) (from Ch. 111 2/3, par. 705.03)

Sec. 5.03. Limitation on Actions.

The Authority shall not be liable in any civil action for any injury to any person or property for any acts or omissions of any transportation agency or unit of local government, as a result of the Authority making grants to or having a purchase of service agreement with such agency or unit of local government. Nothing in this Act, however, limits the power of the Authority in its purchase of service agreements to pay the cost of any such injuries.

No civil action shall be commenced in any court against the Authority or a Service Board by any person on account of any wrongful death or for any injury to any person unless it is commenced within one year from the date that the cause of action accrued; provided, however, that the foregoing shall not limit a transportation agency in bringing a civil action to enforce its rights under a purchase of service agreement with the Authority. This amendatory Act of 1995 applies only to causes of action accruing on or after January 1, 1996.

(Source: P.A. 89-109, eff. 1-1-96.)

(70 ILCS 3615/5.05) (from Ch. 111 2/3, par. 705.05)

Sec. 5.05. Opt Out.

(a) Notwithstanding any other provision of this Act, if the County Board of the County of DuPage, Kane, Lake, McHenry, or Will by ordinance authorizes that such county shall elect to terminate the powers of the Authority and the Suburban Bus Division in that County, the Secretary of such County Board shall certify that proposition to the proper election officials, who shall submit such proposition at an election in accordance with the general election law to decide whether or not the County shall opt out; and if a majority of the voters voting upon the proposition is in favor of terminating the powers of the Authority and the Suburban Bus Division those powers shall be terminated.

The form of the ballot to be used at the referendum shall be substantially as follows:

Shall County Terminate the	
Powers of the ~~Regional Transportation~~	YES
Authority and the Suburban Bus	-----
Division in County	NO
on (date)	

If a majority of the voters vote in favor of terminating the powers of the Authority and the Suburban Bus Division then all of the powers of the Authority and the Suburban Bus Division shall terminate in such county except those powers and functions which the Authority determines to be necessary to exercise with regard to:

- (i) public transportation by commuter rail, and related public transportation facilities;
- (ii) public transportation other than by commuter rail which is required in order to comply with federal or State laws and regulations, and related public transportation facilities; and
- (iii) public transportation other than by commuter rail provided by the Suburban Bus Division pursuant to contract with the County or other governmental entity therein, and related public transportation facilities.

(b) The termination of the powers of the Authority and the Suburban Bus Division referred to in paragraph (a) of this Section with respect to any County shall occur on approval of the referendum by the electors provided on or prior to the date of such termination, such County shall have:

- (i) assumed the obligations of the Authority under all laws, federal or State, and all contracts with respect to public transportation or public transportation facilities in such County, which statutory or contractual obligations extend beyond the termination date provided for in accordance with paragraph (c) of this Section provided that such obligations shall not be deemed to include any indebtedness of the Authority for borrowed money;
- (ii) agreed to indemnify and hold harmless the Authority against any and all claims, actions, and liabilities arising out of or in connection with the termination of the Authority's powers and functions pursuant to paragraph (a) of this Section; and
- (iii) taken or caused to be taken all necessary actions and fulfilled or caused to be fulfilled all requirements under federal and State laws, rules and regulations with respect to such termination and any related transfers of assets or liabilities of the Authority. A County may, by mutual agreement with the Authority, permit the Authority to fulfill one or more contracts which by their terms extend beyond the termination date provided for in accordance with paragraph (c) of this Section, in which

case the powers and functions of the Authority in that County shall survive only to the extent deemed necessary by the Authority to fulfill said contract or contracts. The satisfaction of the requirements provided for in this paragraph shall be evidenced in such manner as the Authority may require.

(c) Following an election to terminate the powers of the Authority and the Suburban Bus Division at a referendum held under paragraph (a) of this Section the County Board shall notify the Authority of the results of the referendum which notice shall specify a termination date, which is the last day of the calendar month, but no earlier than December 31, 1984. Unless the termination date is extended by mutual agreement between the County and the Authority, the termination of the powers and functions of the Authority in the County shall occur at midnight on the termination date, provided that the requirements of this Section have been met.

(d) The proceeds of taxes imposed by the Authority under Sections 4.03, ~~and 4.03.1, and 4.03.5~~ collected after the termination date within a County wherein the powers of the Authority and the Suburban Bus Division have been terminated under this Section shall be provided by the Authority to the Commuter Rail Board to support services under the jurisdiction of the Commuter Rail Board which are attributable to that County, as determined by the Commuter Rail Board. Any proceeds which are in excess of that necessary to support such services shall be paid by the Authority to that County to be expended for general transportation purposes in accordance with law. If no services under the jurisdiction of the Commuter Rail Board are provided in a County wherein the powers of the Authority have been terminated under this Section, all proceeds of taxes imposed by the Authority in the County shall be paid by the Authority to the County to be expended for general transportation purposes in accordance with law. The Authority or the Suburban Bus Division has no obligation to see that the funds expended under this paragraph by the County are spent for general transportation purposes in accordance with law.

(70 ILCS 3615/5.15)

Sec. 5.15. Rail safety recommendation report. The ~~Regional Transportation~~ Authority, the Chicago Transit Authority, and the Commuter Rail Division shall issue an annual report on or before December 31 of each year containing all rail safety recommendations made by the National Transportation Safety Board during the previous 12 months and the status of the ~~Regional Transportation~~ Authority's, the Chicago Transit Authority's, and the Commuter Rail Division's implementation of those recommendations, including for any recommendations within the ~~Regional Transportation~~ Authority's extra-territorial authority, if any. The reports shall be made publicly available on the ~~Regional Transportation~~ Authority's website.

(Source: P.A. 103-640, eff. 7-1-24.)

(70 ILCS 3615/5.17 new)

Sec. 5.17. Diversity reporting.

(a) As used in this Section:

"Minority person" has the meaning given to that term in Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

"Person with a disability" has the meaning given to that term in Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

"Qualified veteran-owned small business" has the meaning given to that term in Section 45-57 of the Illinois Procurement Code.

"Small business" has the meaning given to that term in Section 45-57 of the Illinois Procurement Code.

"Veteran" has the meaning given to that term in Section 45-57 of the Illinois Procurement Code.

"Woman" has the meaning given to that term in Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(b) All construction contractors who contract with the Authority shall report to the Authority regarding the diversity of its employees, apprenticeship hours, and its spending. Reports must contain data providing:

(1) the number of women, minority persons, persons with a disability, and veterans employed by the construction contractor;

(2) the apprenticeship hours performed by women, minority persons, persons with a disability, and veterans; and

(3) the spending for women-owned, minority-owned, qualified veteran-owned, and small business enterprises in the previous calendar year.

Reports shall express the percentage of the total work performed on Authority projects by the construction contractor submitting the report, the total apprenticeship hours and percentage of apprenticeship hours performed by women, minority persons, and veterans, and the actual spending and percentage of spending by the construction contractor for all women-owned, minority-owned, qualified veteran-owned small business, and small business enterprises.

(c) The construction contractor shall submit a diversity report to the Board of the Authority annually on the anniversary of the contract. The Authority shall publish each diversity report on its website.

(70 ILCS 3615/5.20 new)

Sec. 5.20. Performance review and removal for cause.

(a) The Authority shall conduct a performance review of each Executive Director once each year. As part of this review, the Executive Director shall appear before the Board to discuss the initial findings of the review. At the conclusion of the review, the Authority shall provide feedback to the Executive Director. The review shall consider, at minimum:

(1) performance of public transportation service provided by the relevant Service Division as measured against the applicable service standards pursuant to Section 6.02;

(2) any findings of the most recent general performance audit conducted by the Auditor General under Section 2.01g;

(3) any findings of audits conducted by the Chief Internal Auditor into the relevant Division; and

(4) Service Operator compliance with the Service Plan, 5-Year Capital Program, Annual Budget, and 2-Year Financial Plan approved by the Authority.

(b) The Authority may also review allegations of misconduct or other wrongdoing by the Executive Director. The Authority shall provide the Executive Director with written notice of any allegations and a reasonable opportunity to be heard in person or by counsel in reference thereto. The Authority shall establish rules to implement this Section.

(c) Upon a showing of just cause, or following an annual performance review in which the Authority determines that the Executive Director led the Division to fail to comply with the Service Plan, 5-Year Capital Program, Annual Budget, or 2-Year Financial Plan approved by the Authority, if 12 of the then Directors of the Authority vote in the affirmative to remove the Executive Director of the Commuter Rail Division, Suburban Bus Division, or Chicago Transit Division, the Executive Director shall be removed. Upon a vote to remove an Executive Director, a schedule that shall permit an orderly transition in that office may be instituted. For the purposes of this Section, "just cause" means any egregious act or omission, including but not limited to, malfeasance, nonfeasance, gross misconduct or criminal conduct which impairs the individual's ability to fulfill their duties and obligations, or for actions taken that violate the terms of this Act.

(70 ILCS 3615/5.25 new)

Sec. 5.25. Dial-a-ride service program.

(a) As used in this Section, "local dial-a-ride service" or "DAR service" means a door-to-door transportation service, other than that mandated by the Americans with Disabilities Act, that is operated by a Service Board or other unit of local government and that allows passengers to request pick-up and drop-off by telephone or other means and does not follow a fixed route.

(b) A hired third party shall work in collaboration with the Authority, Service Boards, counties, and townships that operate dial-a-ride services to evaluate existing dial-a-ride programs and create recommendations for coordinated service across the region. The recommendations shall consider coordination with existing dial-a-ride service and fixed-route service operated by the Service Boards and potential expansion of fixed-route service operated by the Service Boards. The Authority shall work with the Service Boards, counties, and townships that operate dial-a-ride services to implement the recommendations following an affirmative vote of the board of the Authority.

(c) After the recommendations have been completed, the Authority may establish a DAR service program and authorize the deposit of Authority moneys into a DAR Service Program Fund. Amounts on deposits in the fund and interest and other earnings on those amounts may be used by the Authority, with the approval of its Directors, for:

(1) operating cost assistance up to a maximum of 80% of the operating cost of the DAR service provided by a unit of local government;

(2) capital cost assistance for vehicles and technology obtained by units of local government to deliver DAR service;

(3) payment of Authority staff deployed to help support DAR services operated by units of local government and for other operating expenses incurred by the Authority relating to the provision of DAR service by units of local government or an operating unit of the Authority; and

(4) payment of capital costs incurred by the Authority relating to its support of DAR service provided by units of local government or by a Service Board.

(d) If the Board creates a DAR service program policy that provides guidance on what DAR services provided by units of local government are eligible for Authority support under the DAR service program. The policy shall include:

(1) the level of operating and capital subsidies available to units of local government from the Authority under the DAR service program;

(2) eligibility criteria for units of local government to receive operating or capital subsidies from the DAR service program;

(3) a description of technical support the Authority may supply units of local government that operate DAR services;

(4) a description of how units of local government may obtain DAR services from a Service Board of the Authority;

(5) requirements that DAR services must be consistent with service standards established by the Authority to be eligible for operating or capital subsidies from the Authority;

(6) the requirements for integration of a DAR service operated by a unit of local government into the Authority's fare collection, service branding, travel information, and other systems required to provide riders with seamless integration of DAR services with the Authority's fixed-route transit services in the metropolitan region;

(7) standardized hours of operation, rider eligibility criteria, fares, service standards, and use of fare media compatible with the Authority's fixed-route services, and other service-related requirements established by the Authority that shall be in effect for all DAR services funded by the Authority;

(8) Authority funding support levels tied to objective criteria such as DAR service ridership, cost per DAR service ride, number of zero car households in the service area, and percentage of trips by DAR service users that also include travel on the Authority's fixed-route services;

(9) requirements of any limitations on the provision of DAR service across DAR service areas and to destinations outside the metropolitan region; and

(10) standardized forms of agreements between the Authority and units of local government used in the administration of the DAR service program setting forth the funding arrangements, service levels, performance measures, and other requirements for participation in the program.

(e) The Authority shall not provide operating or capital funding for a DAR service that does not meet the requirements of the DAR Service Program policy.

(f) To better inform and implement the DAR service program the Authority shall establish a DAR service coordination council consisting of officials from each of the county departments of transportation in the metropolitan region as well as a diverse set of representatives from other local units of government, social service providers, and other community stakeholders. The coordination council shall advise the Authority on policies to guide the DAR service program and assist the Authority in improving DAR service quality, coordination, and consistency throughout the metropolitan region.

(g) The Authority may establish a DAR Service Board to effectuate the goals and requirements of this Section.

(h) If the Authority creates a DAR program, then the Authority shall address DAR service issues and its DAR service program in its strategic plan and in its other plans and programs.

(70 ILCS 3615/5.30 new)

Sec. 5.30. Contract limitations on lame duck boards. On and after the effective date of this amendatory Act of the 104th General Assembly and until the new Board of the Authority and board of the Service Boards are seated, the Regional Transit Authority and Service Boards shall not enter into or renew any contract with a term of one year or more or a total cost of \$10,000,000 or more. Any contract entered into or renewed in violation of this Section shall be voidable by the new Board of the Authority or new board of the Service Board.

(70 ILCS 3615/Art. VI heading new)

ARTICLE VI. SERVICE

(70 ILCS 3615/6.01 new)

Sec. 6.01. Service standards.

(a) The Authority shall adopt service standards to guide the provision of public transportation throughout the metropolitan region.

(b) The service standards shall identify quantitative and qualitative attributes of quality public transit service using metrics drawn from the performance of high-quality transit systems in global metropolitan areas with populations and metropolitan economies comparable to the metropolitan region.

(c) The service standards shall include a framework that describes the appropriate characteristics for each type of service or mode. These characteristics include, but are not limited to, mode, frequency, time span, vehicle type, stop spacing, vehicle and stop amenities, network connectivity, route directness, route deviation, and coverage of service. Consideration shall be given to vehicle revenue hours, vehicle revenue miles, passenger miles traveled, and unlinked passenger trips.

(d) The service standards shall cover the entire metropolitan region and include the development of transit propensity thresholds for each type of service or mode. Transit propensity metrics shall include, but are not limited to, population density, employment density, low-income populations, disabled populations, zero-car households, intersection density, and the presence of sidewalks. The Authority shall develop weights for each metric and a scoring system to determine transit propensity.

(e) The service standards shall be adjusted as appropriate to accommodate the addition of modes of public transportation not currently being provided by the Authority, which may include, but are not limited to:

(1) streetcars;

(2) light rail;

(3) full-scale bus rapid transit;

(4) a transition from commuter rail to regional rail or a combination of commuter and regional rail; and

(5) electrified versions of current combustion engine vehicle systems.

(f) A unit of local government may petition the Authority to increase the level of transit service provided above what would otherwise be provided through the service standards. The Authority may develop plans and policies to assist units of local government in identifying corridors where additional service could be provided.

(g) The service standards shall include the transition of commuter rail in the metropolitan region to a regional rail service pattern or the retention of commuter rail with additional regional rail service.

(h) Service standards and transit propensity thresholds shall be developed, adopted by the board of directors, and implemented by December 31, 2027.

(1) The development of such standards shall be done cooperatively by staff of the Authority and the Service Boards, including input from the bus and train operators and train operating crews employed by the Service Boards.

(2) In developing and evaluating the service standards, special consideration shall be given to limitations experienced by the commuter rail board due to shared infrastructure with freight rail.

(3) After service standards are implemented, the Authority shall meet with each of the Service Boards at least quarterly each year to ensure operations are continuing effectively and to discuss issues or concerns related to the service standards.

(4) The Board shall review and make adjustments to the service standards in conjunction with its adoption of the Authority's Strategic Plan.

(i) Until December 31, 2030, this Section shall only apply to revenue generated by taxes under Section 4.03 and any funds distributed to the Service Boards based on Section 4.03.3.

(j) Until December 31, 2030, the amount of funding distributed to each Service Board under this Section shall be, at a minimum, equal to the amount of funding distributed in 2025 under Section 4.03.3 to each Service Board. If the revenue generated under Section 4.03.03 in a year is below that of 2025, then the amount of funding distributed to each Service Board under this Section shall be reduced proportionally.

(k) Following the implementation of service standards, the Authority and the Service Boards, their chief executive officers, and other employees as required shall, upon request of the General Assembly, attend a minimum of one hearing annually before an appropriations committee and a substantive committee of the House of Representatives and an appropriations committee and a substantive committee of the Senate regarding the implementation and efficacy of service standards and other issues as requested. These hearings may be conducted in Chicago or Springfield or any other location selected by the General Assembly.

(l) The Authority shall compile and publish reports comparing the actual public transportation system performance measured against the service standards. The performance measures shall include customer-related performance data measured by line, route, or subregion, as determined by the Authority, including, but not limited to:

- (1) travel times and on-time performance;
- (2) ridership data;
- (3) equipment failure rates;
- (4) employee and customer safety;
- (5) crowding;
- (6) cleanliness of vehicles and stations;
- (7) service productivity; and
- (8) customer satisfaction.

The Service Boards shall prepare and submit to the Authority the reports with regard to these performance measures in the frequency and form required by the Authority. The Authority shall compile and publish the reports on its website on a regular basis, no less than monthly. The Authority shall implement consistent data reporting standards.

(m) The service standards and performance measures shall not be used as a basis for disciplinary action against any employee of the Authority or a Service Board, except to the extent that the collective bargaining agreements and employment and disciplinary practices of the Authority or the relevant Service Board provide for the action.

(70 ILCS 3615/6.02 new)

Sec. 6.02. Service performance reporting.

(a) The Authority shall compile and publish reports comparing the actual public transportation system performance measured against the service standards. The performance measures shall include customer-related performance data measured by line, route, or subregion, as determined by the Authority, including, but not limited to:

- (1) travel times and on-time performance;
- (2) ridership data;
- (3) equipment failure rates;
- (4) employee and customer safety;
- (5) crowding;
- (6) cleanliness of vehicles and stations;
- (7) service productivity; and
- (8) customer satisfaction.

(b) Transit agencies that receive funding from the Authority shall prepare and submit to the Authority the reports with regard to these performance measures in the frequency and form required by the Authority. The Authority shall compile and publish the reports on its website on a regular basis, no less than monthly.

(c) The service standards and performance measures shall not be used as the basis for disciplinary action against any employee of the Authority, except to the extent the employment and disciplinary practices of the Authority provide for the action.

(70 ILCS 3615/Art. VII heading new)

ARTICLE VII. INTERNAL AUDIT

(70 ILCS 3615/7.01 new)

Sec. 7.01. Chief Internal Auditor.

(a) The Board of the Authority shall appoint a Chief Internal Auditor, who shall report directly to the Board. The Chief Internal Auditor shall:

- (1) have earned a baccalaureate degree from an institution of higher education;
- (2) be a certified internal auditor, certified public accountant with at least 5 years of auditing experience, or an auditor with 5 years of auditing experience; and
- (3) have not been convicted of any felony under the laws of this State, another State, or the United States.

The term of the Chief Internal Auditor shall be 5 years. The initial appointment shall be made within 180 days after the effective date of this amendatory Act of the 104th General Assembly. A Chief Internal Auditor may be reappointed to one or more subsequent terms. A Chief Internal Auditor may only be removed for cause. Cause for removal includes incompetence, neglect of duty, malfeasance in office, and

violation of the prohibitions of subsection (d). A vacancy occurring during a term shall be filled with a 5-year appointment.

(b) The Chief Internal Auditor appointed by the Board of the Authority shall have jurisdiction over the Commuter Rail Operator of the metropolitan region, the Suburban Bus Operator of the metropolitan region, the Chicago Transit Authority, and all officers and employees of, and vendors and others doing business with, the Authority and its agencies. The Chief Internal Auditor has jurisdiction over all Authority agencies to make post audits and investigations authorized by or under this Act.

(c) The Chief Internal Auditor shall:

(1) direct the internal audit functions and activities of the Authority, including conducting operational, financial, compliance, performance, information technology, and special audits to determine the adequacy of the Authority's systems of internal control and ensure compliance with Authority and State requirements;

(2) prepare audit reports and assess program goals, including making recommendations leading to compliance, reduced operating costs, improved services, and greater general efficiency and effectiveness in existing Authority operations;

(3) be responsible for the preparation of an annual audit plan for submission to, and subject to the approval of, the Board of the Authority;

(4) follow-up on findings in internal and external audit reports to determine if appropriate remedial action has been taken;

(5) coordinate external audit request and report responses to be completed by Authority management; and

(6) perform other duties as required by law or ordinance.

(d) The Chief Internal Auditor or any deputy internal auditor may not:

(1) become a candidate for any elective public office;

(2) hold any other public office, by appointment or otherwise, except for appointments on governmental advisory boards or study commissions or as otherwise expressly authorized by law;

(3) hold any other employment;

(4) be actively involved in the affairs of any political party;

(5) actively participate in any political campaign for any public office created by the Constitution or by any statute of the State;

(6) actively participate in any campaign relating to a referendum or public question concerning the Constitution, the government of the State or any local or private agency audited by the Authority's Chief Internal Auditor during the preceding 4 years;

(7) hold any legal, equitable, creditor, or debt interest in any partnership, firm, or other entity which contracts with the Authority during the Chief Internal Auditor's or the deputy internal auditor's term or tenure;

(8) have any direct or indirect financial or economic interest in the transactions of the Authority audited by the Chief Internal Auditor during the Chief Internal Auditor's or the deputy internal auditor's term or tenure; except that written disclosure of any such interest to the Board of the Authority and formal disqualification from participation in any post audit involving that transaction may, with the approval of the Board of the Authority, constitute compliance with this paragraph if the interest is either insubstantial or results directly from an interest held before becoming Chief Internal Auditor or deputy internal auditor;

(9) conduct or supervise a post audit of any outside agency or vendor for which they were responsible or by which they were employed or with which they contracted during the preceding 4 years; and

(10) make or report publicly any charges of nonfeasance or malfeasance in the office of any public official or illegal conduct of any person unless they know of reasonable grounds, based on accepted auditing and accounting standards, for the charges.

(e) The Chief Internal Auditor may hire employees as may be necessary and appropriate to carry out the Chief Internal Auditor's duties, including Deputy Internal Auditors. The Chief Internal Auditor may determine the duties of all employees and may delegate the Chief Internal Auditor's power and authority to deputy internal auditors.

(f) The Chief Internal Auditor may contract with certified public accountants licensed in Illinois, qualified management consultants, attorneys licensed in this State, and other persons or firms necessary to carry out the Chief Internal Auditor's duties. The Chief Internal Auditor may designate any person with

whom the Chief Internal Auditor contracts as a special assistant auditor for the purpose of conducting a post audit or investigation under the Chief Internal Auditor's supervision. The Chief Internal Auditor may delegate the Chief Internal Auditor's powers and authority respecting post audits and investigations to special assistant auditors other than the power of subpoena, but any delegation of authority to administer oaths or take depositions must be made in writing and limited to a particular audit or investigation.

(g) The Chief Internal Auditor shall conduct a financial audit, a compliance audit, or other attestation engagement, as is appropriate to the Authority's operations under generally accepted government auditing standards, of each Authority agency at least once during every biennium. The general direction and supervision of the financial audit program may be delegated only to an individual who is a certified public accountant and a payroll employee under the control of the Chief Internal Auditor. In the conduct of financial audits, compliance audits, and other attestation engagements, the Chief Internal Auditor may inquire into and report upon matters properly within the scope of a performance audit, provided that the inquiry shall be limited to matters arising during the ordinary course of the financial audit.

(h) The Chief Internal Auditor shall conduct a performance audit of an agency of the Authority when directed by the Board of the Authority. The directive may:

(1) require the Chief Internal Auditor to examine and report on specific management efficiencies or cost-effectiveness proposals specified therein;

(2) in the case of a program audit, set forth specific program objectives, responsibilities, or duties or specify the program performance standards or program evaluation standards to be the basis of the program audit;

(3) be directed at particular procedures or functions established by statute, ordinance, administrative rule, or precedent; and

(4) require an examination and report upon specific proposals relating to Authority programs specified in the directive.

(i) The Chief Internal Auditor may initiate and conduct a special audit whenever the Chief Internal Auditor determines it to be in the public interest.

(j) The Chief Internal Auditor may initiate and conduct an economy and efficiency audit of an agency or program of the Authority whenever the findings of a post audit indicate that an economy and efficiency audit is advisable or in the public interest, if the Chief Internal Auditor has given the Board of the Authority at least 30 days prior notice of the Chief Internal Auditor's intention to conduct the audit and the Board of the Authority has not disapproved of that audit.

(k) The Chief Internal Auditor may, at any time, make an informal inquiry of any agency of the Authority concerning its obligation, receipt, expenditure, or use of Authority funds or other public funds, but an internal inquiry may not be in the nature of an investigation or post audit.

(l) The Chief Internal Auditor may adopt rules establishing post audit standards consistent with attestation standards and auditing standards issued by the American Institute of Certified Public Accountants (AICPA), related AICPA Statements on Standards for Attestation Engagements, and in accordance with generally accepted government auditing standards current at the time the audit is commenced.

(m) All Authority agencies and their officers and employees shall promptly comply with, and aid and assist the Chief Internal Auditor in the exercise of the Chief Internal Auditor's powers and duties under this Section.

At the request of the Chief Internal Auditor, each agency of the Authority shall, without delay, make available to the Chief Internal Auditor or the Chief Internal Auditor's designated representative any record or information requested and shall provide for examination or copying all records, accounts, papers, reports, vouchers, correspondence, books, and other documentation in the custody of that agency, including information stored in electronic data processing systems, which is related to or within the scope of any audit or investigation under this Section.

The Chief Internal Auditor shall report to the Board of the Authority, each instance in which an agency of the Authority fails to cooperate promptly and fully as required by this Section.

The Chief Internal Auditor may institute and maintain any action or proceeding to secure compliance with this Section.

(n) Upon completion of any audit, the Chief Internal Auditor shall issue an audit report which shall include: a precise statement of the scope of the audit or review; a statement of the material findings resulting from the audit; a statement of the underlying cause, evaluative criteria used, and the current and prospective significance thereof; and a statement of explanation or rebuttal that may have been submitted by the agency audited relevant to the audit findings included in the report.

As part of this report the Chief Internal Auditor shall prepare a signed digest of the significant matters of the report and, as may be applicable, a concise statement of:

(1) any actions taken or contemplated by persons or agencies subsequent to the completion of the audit but prior to the release of the report, which bear on matters in the report;

(2) any actions the Chief Internal Auditor considers necessary or desirable; and

(3) any other information the Chief Internal Auditor deems useful to the Board of the Authority in order to understand or act on any matters presented in the audit.

All audit reports shall be maintained in the Office of the Chief Internal Auditor as a public record, except to the extent that information contained in the report is made confidential or privileged by law.

If the post audit of an agency of the Authority discloses an apparent violation of a penal statute or an apparent instance of misfeasance, malfeasance, or nonfeasance, by any person, relating to the obligation, expenditure, receipt, or use of public funds, the Chief Internal Auditor shall immediately make a written report to the Board of the Authority stating that to be the case and setting forth the underlying facts that have led to that conclusion.

(o) By March 1, each year, the Chief Internal Auditor shall submit to the Board of the Authority an annual report summarizing all audits, investigations, and special studies made under this Section during the last preceding calendar year. The Chief Internal Auditor shall prepare and distribute other reports as may be required by the Board of the Authority.

(p) If records or information are classified as confidential under law, then the records or information shall be disclosed to the Office of the Chief Internal Auditor as necessary and to the extent required for the performance of an authorized post audit. Federal tax information shall only be provided in accordance with federal law and regulations applicable to the safeguarding of federal tax information. Confidential records or information disclosed to the Office of the Chief Internal Auditor shall be subject to the same legal confidentiality and protective restrictions in the Office of the Chief Internal Auditor as the records and information have in the hands of the official authorized custodian. Any penalties applicable to the officially authorized custodian or the custodian's employees for the violation of any confidentiality or protective restrictions applicable to the records or information shall also apply to the officers, employees, contractors, and agents of the Office of the Chief Internal Auditor.

The Office of the Chief Internal Auditor may not publish any confidential information or records in any report, including data and statistics, if the information as published is directly or indirectly matchable to any individual.

Inside the Office of the Chief Internal Auditor, confidential records or information may be used only for official purposes. Any officer, employee, contractor, or agent of the Office of the Chief Internal Auditor who violates any legal confidentiality or protective restriction governing any records or information shall be guilty of a Class A misdemeanor unless a greater penalty is otherwise provided by law.

(70 ILCS 3615/7.02 new)

Sec. 7.02. Transition.

(a) The Authority shall provide for an orderly transition of functions and responsibilities under this amendatory Act of the 104th General Assembly through the development of a transition plan. By December 31, 2025, or as soon thereafter as is reasonably feasible, the Department of Transportation shall enter into a contract with a third party to assist with the transition plan, including the transition of certain functions between the Service Boards and the Authority. This contract shall also include a study of the functions outlined in subsection (e) to inform the optimum allocation of those functions to allow for the efficient exercise by the Authority of the powers under this Act and the Chicago Transit Authority Act, the Suburban Bus Division under Article 3A, the Commuter Rail Division under Article 3B, and the Chicago Transit Authority under the Chicago Transit Authority Act. Beginning July 1, 2025, the Regional Transportation Authority shall plan for the transition of administrative responsibilities necessary to carry out functions related to financial planning and management, capital planning, service planning, strategic planning, auditing, transit safety and experience, management of Regional Transportation Authority personnel and assets, and other administrative responsibilities identified by the contracted third party.

(b) To assist the contracted third party and the Authority, a Transition Working Group shall be established and supported by the Authority that shall be consulted throughout the transition process.

(1) The Transition Working Group shall be made up of 15 members, comprised of representatives from the Authority, each of the Service Boards, and at least one member from a statewide labor organization recognized under the National Labor Relations Act or the Railway Labor Act and resides within the 6-county metropolitan region of the Authority.

(2) The Transition Working Group shall meet regularly with the Authority and the hired third party throughout the duration of the contract to provide insight into the workings of the Authority and Service Boards.

(3) As needed, the Transition Working Group shall convene and assemble other necessary staff of the Service Boards and the Authority to aid in the transition.

(4) The Authority shall appoint the members of the Transition Working Group by April 30, 2026.

(c) The Service Boards shall work closely with the Authority and provide all relevant data and information necessary to complete the transition plan. The Authority shall have access to and the right to examine and copy all books, documents, papers, records, or other source data of a Service Board relevant to any information submitted under this Section.

(d) The transition plan shall evaluate and propose a transition plan for each of the following:

(1) Establishing a new process and coordination between the Authority and the Service Boards to create the 5-Year Capital Program. This process shall be established by January 1, 2027.

(2) The creation of a universal fare instrument and necessary coordination between the Authority and the Service Boards. This process shall be established by July 1, 2027.

(3) The transition from the NITA Law Enforcement Task Force to a sworn law enforcement officer crime prevention program on public transportation and a crime prevention plan to protect public transportation employees and riders in the metropolitan region, as required by Section 2.11.10.

(e) As part of the development of the transition plan, the Authority and the hired third party shall evaluate the existing policy processes performed by the Authority and each of the Service Boards and develop a process for efficient and effective operations by both the Authority and the Service Boards for:

(1) procurement, with special consideration given to the consolidation of bulk fuel purchases, information technology services, consulting contracts, and subscriptions;

(2) service planning;

(3) grant administration;

(4) marketing;

(5) lobbying;

(6) communication, media, and graphics design;

(7) governmental and legislative affairs;

(8) information technology; and

(9) Dial-a-Ride Services.

(f) As part of the development of the transition plan, the hired third party shall also evaluate existing paratransit programs and produce recommendations for improved coordination and service. The recommendations shall include, but are not limited to, a streamlined central dispatch service, necessary use of rideshare or third-party transportation services subsidized by the Authority or Suburban Bus Board, the ways in which the utilization of service operated by certified W2 Employee drivers shall be prioritized, and other measures to improve the customer and worker experience. These recommendations shall be brought to the NITA Board by January 1, 2027 for review and approval. The Authority shall act on these recommendations no later than April 1, 2027 and report back to the NITA Board with progress no later than January 1, 2028.

(g) The third part contractor shall regularly report to the Board on the status of the transition effort and make recommendations for Board policies and actions. The Authority and the hired third party shall prepare a summary of its activities and produce a final report of the transition activities already performed, future recommendations, and relevant data for the General Assembly by July 1, 2027.

(h) The Authority shall implement the provisions of the transition plan by ordinance no later than July 1, 2027, notwithstanding any deadlines provided in this Section, and the Service Boards shall take any corresponding actions required.

(70 ILCS 3615/7.03 new)

Sec. 7.03. ADA Advisory Council.

(a) There is established an ADA Advisory Council. The Board shall appoint at least 5 and not more than 15 members to the ADA Advisory Council.

(b) The purpose of the ADA Advisory Council is to advise the Board of the Authority of the impact of Authority policies, programs, and public transportation services on disabled transit riders within the metropolitan region and to make recommendations for how to improve public transportation in the metropolitan region.

(c) The Board shall strive to assemble an ADA Advisory Council that is reflective of the diversity of the metropolitan region, the users of the various modes of public transportation, and the interests of the residents of the region in a strong public transportation system.

(d) ADA Advisory Council members shall be appointed to terms of 5 years, may be reappointed to serve multiple terms, and may continue to serve after expiration of their terms until their successors are appointed.

(e) The members of the ADA Advisory Council shall elect a Chair, who shall preside over meetings, which shall occur monthly or on such other schedule as is set by vote of the ADA Advisory Council and shall establish meeting agendas in consultation with fellow ADA Advisory Council members and the Authority.

(f) Meetings of the ADA Advisory Council shall be held in compliance with the Open Meetings Act, and the public shall be given an opportunity to attend and comment on matters pertaining to the work of the ADA Advisory Council.

(g) The Authority shall designate one or more staff liaisons to provide technical support for the ADA Advisory Council and to facilitate direct communication between the ADA Advisory Council and those in the Authority responsible for delivering public transportation services.

(h) The ADA Advisory Council shall:

(1) review and comment on proposed Authority budgets, financial plans, capital programs, fare policies, and service standards;

(2) convey concerns pertaining to the quality, efficiency, safety, accessibility, and equity of mainline and paratransit public transportation services as they impact disabled riders;

(3) assess the efficacy of Authority initiatives to protect the safety of disabled riders on the public transportation system;

(4) preparing and conveying recommendations to the Authority for how the Authority can improve the quality, efficiency, and equity of public transportation service for disabled riders in the metropolitan region;

(5) serve as a resource for connecting disabled riders and disability advocacy organizations with those in the Authority responsible for delivering public transportation services;

(6) advocate for funding, policies, and laws that shall improve public transportation in the metropolitan region; and

(7) serve as a resource for Authority staff to discuss proposed changes to services, policies, and technologies affecting disabled transit riders before those changes are implemented.

(i) The Authority shall provide adequate technical support so the ADA Advisory Council can function effectively, provide regular briefing on service delivery issues and other topics of interest for transit riders, make staff responsible for delivery of public transportation services accessible to the ADA Advisory Council, give the ADA Advisory Council sufficient information and time to comment on proposed plans and policies, and take into account the comments and recommendations of the ADA Advisory Council before taking action on initiatives that impact public transit riders.

(j) In conjunction with formation of the ADA Advisory Council, the Authority shall establish an Office of Disability of Policy and Planning, whose initial responsibilities shall include developing ADA-related training standards, complaint and comment procedures, paratransit eligibility criteria, and a regional Transit Accessibility Plan in collaboration with the ADA Advisory Committee.

(k) Members of the ADA Advisory Council shall serve without compensation but shall be entitled to reimbursement of reasonable and necessary costs incurred in the performance of their duties.

(l) ADA Advisory Council members are subject to public transportation usage requirements applicable to Directors.

(70 ILCS 3615/7.04 new)

Sec. 7.04. Riders Advisory Council.

(a) There is established a Riders Advisory Council. The Board shall appoint at least 5 and not more than 15 members to the Riders Advisory Council.

(b) The purpose of the Riders Advisory Council is to advise the Board of the Authority on the impact of Authority policies, programs, and public transportation services on transit riders within the metropolitan region and to make recommendations for how to improve public transportation in the metropolitan region.

(c) The Board shall strive to assemble a Riders Advisory Council that is reflective of the diversity of the metropolitan region, the users of the various modes of public transportation, and the interests of the residents of the region in a strong public transportation system.

(d) Members of the Riders Advisory Council shall be appointed to terms of 5 years, may be reappointed to serve multiple terms, and may continue to serve after expiration of their terms until their successors are appointed.

(e) The members of the Riders Advisory Council shall elect a Chair, who shall preside over meetings, which shall occur monthly or on such other schedule as is set by vote of the Riders Advisory Council, and shall establish meeting agendas in consultation with fellow Riders Advisory Council members and the Authority.

(f) Meetings of the Riders Advisory Council shall be held in compliance with the Open Meetings Act, and the public shall be given an opportunity to attend and comment on matters pertaining to the work of the Riders Advisory Council.

(g) The Authority shall designate one or more staff liaisons to provide technical support for the Riders Advisory Council and to facilitate direct communication between the Riders Advisory Council and those in the Authority responsible for delivering public transportation services.

(h) The Riders Advisory Council shall:

(1) review and comment on proposed Authority budgets, financial plans, capital programs, fare policies, and service standards;

(2) convey rider concerns pertaining to the quality, efficiency, safety, accessibility, and equity of public transportation services;

(3) assess the efficacy of Authority initiatives to protect the safety of riders on the public transportation system;

(4) prepare and convey recommendations to the Authority for how the Authority can improve the quality, efficiency, and equity of public transportation service in the metropolitan region;

(5) serve as a resource for connecting riders and rider advocacy organizations with those in the Authority responsible for delivering public transportation services;

(6) advocate for funding, policies, and laws that shall improve public transportation in the metropolitan region; and

(7) serve as a resource for Authority staff to discuss proposed changes to services, policies, and technologies affecting transit riders before those changes are implemented.

(i) The Authority shall provide adequate technical support so the Riders Advisory Council can function effectively, provide regular briefing on service delivery issues and other topics of interest for transit riders, make staff responsible for delivery of public transportation services accessible to the Riders Advisory Council, give the Riders Advisory Council sufficient information and time to comment on proposed plans and policies, and take into account the comments and recommendations of the Riders Advisory Council before taking action on initiatives that impact public transit riders.

(j) Members of the Riders Advisory Council shall serve without compensation but shall be entitled to reimbursement of reasonable and necessary costs incurred in the performance of their duties.

(k) Riders Advisory Council members are subject to public transportation system usage requirements applicable to Directors.

(70 ILCS 3615/7.05 new)

Sec. 7.05. Regional Service Councils.

(a) Within one year after the effective date of this amendatory Act of the 104th General Assembly, the Authority shall establish, by ordinance, 3 Regional Service Councils.

(b) The purpose of the Regional Service Councils is to give communities, businesses, educational institutions, social services providers, and other institutions that rely on public transportation for workers, customers, clients, and visitors direct access to Authority staff responsible for the delivery of transit services to convey concerns and recommendations about public transportation services in their communities.

(c) The Authority shall establish 3 Regional Service Councils with the following approximate initial boundaries:

(1) North Regional Service Council: Lake Michigan on the east, I-55 to I-90 on the south, and the boundaries of the metropolitan region on the west and north.

(2) West Regional Service Council: Lake Michigan on the east, Chicago Avenue and I-90 on the north, the boundary of the metropolitan region on the west, and I-55 on the south.

(3) South Regional Service Council: Lake Michigan and the boundary of the metropolitan region in the east and south, I-55 to I-90 to Chicago Avenue on the north.

(d) No less than once every 10 years, and after consultation with the Chicago Metropolitan Agency for Planning, the Authority may, by ordinance, adjust the boundaries of the Regional Service Councils to

reflect changes in population, public transportation usage, and public transportation services or to conform the boundaries of the Councils to better match the boundaries of councils of mayors, councils of governments, or other civic organizations.

(e) Each Regional Service Council shall be composed of 7 members, selected as follows:

(1) one member appointed by the Chair of the DuPage County Board, with the advice and consent of the DuPage County Board;

(2) one member appointed by the Chair of the Kane County Board, with the advice and consent of the Kane County Board;

(3) one member appointed by the Chair of the Lake County Board, with the advice and consent of the Lake County Board;

(4) one member appointed by the Chair of the McHenry County Board, with the advice and consent of the McHenry County Board;

(5) one member appointed by the Will County Executive, with the advice and consent of the Will County Board;

(6) one member appointed by the Mayor of Chicago, with the advice and consent of the City Council of the City of Chicago; and

(7) one member appointed by President of the Cook County Board of Commissioners, with the advice and consent of the members of the Cook County Board of Commissioners.

(f) Appointments to each Regional Service Council shall be allocated among these appointing authorities in proportion to the sum of population and public transit boardings in each county that is within the territory of a Regional Service Council, provided that any county with territory inside the boundaries of a Council shall be entitled to at least one seat.

(g) The Chicago Metropolitan Agency for Planning shall assist the Authority in setting the initial boundaries of the Regional Service Councils under subsection (c) and in determining how appointments to the Regional Service Councils shall be allocated under subsection (f), and the Authority shall outline the methodology used and the results in an ordinance adopted by the Board.

(h) After consulting with councils of mayors and other community organizations, appointing authorities shall strive to assemble Regional Service Councils that include a diverse and capable membership that is reflective of the diversity of the Metropolitan region, including elected officials such as mayors, transportation experts, and representatives from community entities that are reliant on public transportation.

(i) The appointing authorities may follow the selection process in Section 2.06 for their appointments to the Regional Service Councils.

(j) Regional Service Council members shall be appointed to terms of 5 years, may be reappointed to serve multiple terms, and may continue to serve after expiration of their terms until their successors are appointed.

(k) The appointing authorities shall make their initial appointments to the Regional Service Councils no more than 180 days after the Authority passes an ordinance establishing the Regional Service Councils and allocating seats among the appointing Authorities.

(l) Each Regional Service Council shall elect a Chair, who shall preside over meetings, which shall occur monthly or on such other schedule as is set by vote of the Regional Service Council, and shall establish meeting agendas in consultation with fellow Regional Service Council members and the Authority.

(m) The Regional Service Councils may establish cross-Council subcommittees to address issues that extend across Regional Service Council boundaries, provided that there is established a standing Chicago Central Business District Subcommittee composed of 3 members from each Regional Service Council to focus on public transportation issues in the common area within the boundaries of the Regional Service Councils.

(n) Meetings of the Regional Service Councils and Regional Service Council subcommittees shall be held in compliance with the Open Meetings Act, and the public shall be given the opportunity to attend and comment on matters pertaining to the work of the Regional Service Councils and the Authority's delivery of public transit services in the metropolitan region.

(o) The Authority shall designate one or more staff liaisons to provide technical support for the Regional Service Councils and facilitate direct communication between the Regional Service Councils and those in the Authority responsible for delivering public transportation services.

(p) The Regional Service Councils shall:

(1) review and comment on proposed Authority budgets, financial plans, capital programs, fare policies, and service standards;

(2) convey community concerns pertaining to the quality, efficiency, safety, accessibility, and equity of public transportation services;

(3) assess the efficacy of Authority initiatives to protect the safety of riders on the public transportation system;

(4) prepare and convey recommendations to the Authority for how the Authority can improve the quality, efficiency, and equity of public transportation services in the metropolitan region;

(5) serve as a resource for connecting communities in the Regional Service Council is region with those in the Authority responsible for delivering public transportation services;

(6) advocate for funding, policies, and laws that shall improve public transportation in the metropolitan region; and

(7) serve as a resource for Authority staff to discuss proposed changes to services, policies, and technologies before those changes are implemented.

(g) The Authority shall provide adequate technical support so the Regional Service Councils can function effectively, provide regular briefings on service delivery issues and other topics for the Regional Service Councils, make staff responsible for delivery of public transportation services accessible to the Councils, give Councils sufficient information and time to comment on proposed plans and policies, and take into account the comments and recommendations of the Councils before taking action on initiatives that impact service delivery and quality.

(r) Regional Service Council members shall be subject to transit ridership reporting requirements applicable to members of the Authority Board.

(s) Members of the Regional Service Councils shall serve without compensation, but shall be entitled to reimbursement of reasonable and necessary costs incurred in the performance of their duties.

Section 20-930. The Regional Transportation Authority Act is amended by repealing Sections 2.13a, 2.37, 3.08, 3.11, 3.12, 3A.11, 3A.15, 3A.16, 3B.09b, 3B.10, 3B.11, 3B.14, 3B.15, and 3B.25.

Section 20-935. The Illinois Vehicle Code is amended by changing Sections 18c-7401 and 18c-7402 as follows:

(625 ILCS 5/18c-7401) (from Ch. 95 1/2, par. 18c-7401)

Sec. 18c-7401. Safety requirements for track, facilities, and equipment.

(1) General Requirements. Each rail carrier shall, consistent with rules, orders, and regulations of the Federal Railroad Administration, construct, maintain, and operate all of its equipment, track, and other property in this State in such a manner as to pose no undue risk to its employees or the person or property of any member of the public.

(2) Adoption of Federal Standards. The track safety standards and accident/incident standards promulgated by the Federal Railroad Administration shall be safety standards of the Commission. The Commission may, in addition, adopt by reference in its regulations other federal railroad safety standards, whether contained in federal statutes or in regulations adopted pursuant to such statutes.

(3) Railroad Crossings. No public road, highway, or street shall hereafter be constructed across the track of any rail carrier at grade, nor shall the track of any rail carrier be constructed across a public road,

highway or street at grade, without having first secured the permission of the Commission; provided, that this Section shall not apply to the replacement of lawfully existing roads, highways, and tracks. No public pedestrian bridge or subway shall be constructed across the track of any rail carrier without having first secured the permission of the Commission. The Commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe. The Commission shall have power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use, and protection of each such crossing.

The Commission shall also have power, after a hearing, to require major alteration of or to abolish any crossing, heretofore or hereafter established, when in its opinion, the public safety requires such alteration or abolition, and, except in cities, villages, and incorporated towns of 1,000,000 or more inhabitants, to vacate and close that part of the highway on such crossing altered or abolished and cause barricades to be erected across such highway in such manner as to prevent the use of such crossing as a highway, when, in the opinion of the Commission, the public convenience served by the crossing in question is not such as to justify the further retention thereof; or to require a separation of grades, at railroad-highway grade crossings; or to require a separation of grades at any proposed crossing where a proposed public highway may cross the tracks of any rail carrier or carriers; and to prescribe, after a hearing of the parties, the terms upon which such separations shall be made and the proportion in which the expense of the alteration or abolition of such crossings or the separation of such grades, having regard to the benefits, if any, accruing to the rail carrier or any party in interest, shall be divided between the rail carrier or carriers affected, or between such carrier or carriers and the State, county, municipality or other public authority in interest. However, a public hearing by the Commission to abolish a crossing shall not be required when the public highway authority in interest vacates the highway. In such instance the rail carrier, following notification to the Commission and the highway authority, shall remove any grade crossing warning devices and the grade crossing surface.

The Commission shall also have power by its order to require the reconstruction, minor alteration, minor relocation, or improvement of any crossing (including the necessary highway approaches thereto) of any railroad across any highway or public road, pedestrian bridge, or pedestrian subway, whether such crossing be at grade or by overhead structure or by subway, whenever the Commission finds after a hearing or without a hearing as otherwise provided in this paragraph that such reconstruction, alteration, relocation, or improvement is necessary to preserve or promote the safety or convenience of the public or of the employees or passengers of such rail carrier or carriers. By its original order or supplemental orders in such case, the Commission may direct such reconstruction, alteration, relocation, or improvement to be made in such manner and upon such terms and conditions as may be reasonable and necessary and may apportion the cost of such reconstruction, alteration, relocation, or improvement and the subsequent maintenance thereof, having regard to the benefits, if any, accruing to the railroad or any party in interest, between the rail carrier or carriers and public utilities affected, or between such carrier or carriers and public utilities and the State, county, municipality or other public authority in interest. The cost to be so apportioned shall include the cost of changes or alterations in the equipment of public utilities affected as well as the cost of the relocation, diversion or establishment of any public highway, made necessary by such reconstruction, alteration, relocation, or improvement of said crossing. A hearing shall not be required in those instances when the Commission enters an order confirming a written stipulation in which the Commission, the public highway authority or other public authority in interest, the rail carrier or carriers affected, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation, agree on the reconstruction, alteration, relocation, or improvement and the subsequent maintenance thereof and the division of costs of such changes of any grade crossing (including the necessary highway approaches thereto) of any railroad across any highway, pedestrian bridge, or pedestrian subway.

The Commission shall also have power to enter into stipulated agreements with a rail carrier or rail carriers or public authorities to fund, provide, install, and maintain safety treatments to deter trespassing on railroad property in accordance with paragraph (1) of Section 18c-7503 at locations approved by such rail carrier or rail carriers following a diagnostic evaluation between the Commission and the rail carrier or rail carriers, including any public authority in interest or the Federal Railroad Administration, and to order the allocation of the cost of those treatments and their installation and maintenance from the Grade Crossing Protection Fund. Safety treatments approved under this paragraph by the Commission shall be deemed adequate and appropriate.

Every rail carrier operating in the State of Illinois shall construct and maintain every highway crossing over its tracks within the State so that the roadway at the intersection shall be as flush with the rails as superelevated curves will allow, and, unless otherwise ordered by the Commission, shall construct and

maintain the approaches thereto at a grade of not more than 5% within the ~~right-of-way~~ right of way for a distance of not less than 6 feet on each side of the centerline of such tracks; provided, that the grades at the approaches may be maintained in excess of 5% only when authorized by the Commission.

Every rail carrier operating within this State shall remove from its ~~right-of-way~~ right of way at all railroad-highway grade crossings within the State, such brush, shrubbery, and trees as is reasonably practical for a distance of not less than 500 feet in either direction from each grade crossing. The Commission shall have power, upon its own motion, or upon complaint, and after having made proper investigation, to require the installation of adequate and appropriate luminous reflective warning signs, luminous flashing signals, crossing gates illuminated at night, or other protective devices in order to promote and safeguard the health and safety of the public. Luminous flashing signal or crossing gate devices installed at grade crossings, which have been approved by the Commission, shall be deemed adequate and appropriate. The Commission shall have authority to determine the number, type, and location of such signs, signals, gates, or other protective devices which, however, shall conform as near as may be with generally recognized national standards, and the Commission shall have authority to prescribe the division of the cost of the installation and subsequent maintenance of such signs, signals, gates, or other protective devices between the rail carrier or carriers, the public highway authority or other public authority in interest, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation. Except where train crews provide flagging of the crossing to road users, yield signs shall be installed at all highway intersections with every grade crossing in this State that is not equipped with automatic warning devices, such as luminous flashing signals or crossing gate devices. A stop sign may be used in lieu of the yield sign when an engineering study conducted in cooperation with the highway authority and the Illinois Department of Transportation has determined that a stop sign is warranted. If the Commission has ordered the installation of luminous flashing signal or crossing gate devices at a grade crossing not equipped with active warning devices, the Commission shall order the installation of temporary stop signs at the highway intersection with the grade crossing unless an engineering study has determined that a stop sign is not appropriate. If a stop sign is not appropriate, the Commission may order the installation of other appropriate supplemental signing as determined by an engineering study. The temporary signs shall remain in place until the luminous flashing signal or crossing gate devices have been installed. The rail carrier is responsible for the installation and subsequent maintenance of any required signs. The permanent signs shall be in place by July 1, 2011.

No railroad may change or modify the warning device system at a railroad-highway grade crossing, including warning systems interconnected with highway traffic control signals, without having first received the approval of the Commission. The Commission shall have the further power, upon application, upon its own motion, or upon complaint and after having made proper investigation, to require the interconnection of grade crossing warning devices with traffic control signals at highway intersections located at or near railroad crossings within the distances described by the State Manual on Uniform Traffic Control Devices adopted pursuant to Section 11-301 of this Code. In addition, State and local authorities may not install, remove, modernize, or otherwise modify traffic control signals at a highway intersection that is interconnected or proposed to be interconnected with grade crossing warning devices when the change affects the number, type, or location of traffic control devices on the track approach leg or legs of the intersection or the timing of the railroad preemption sequence of operation until the Commission has approved the installation, removal, modernization, or modification. Commission approval shall be limited to consideration of issues directly affecting the public safety at the railroad-highway grade crossing. The electrical circuit devices, alternate warning devices, and preemption sequences shall conform as nearly as possible, considering the particular characteristics of the crossing and intersection area, to the State manual adopted by the Illinois Department of Transportation pursuant to Section 11-301 of this Code and such federal standards as are made applicable by subsection (2) of this Section. In order to carry out this authority, the Commission shall have the authority to determine the number, type, and location of traffic control devices on the track approach leg or legs of the intersection and the timing of the railroad preemption sequence of operation. The Commission shall prescribe the division of costs for installation and maintenance of all devices required by this paragraph between the railroad or railroads and the highway authority in interest and in instances involving the use of the Grade Crossing Protection Fund or a State highway, the Illinois Department of Transportation.

Any person who unlawfully or maliciously removes, throws down, damages or defaces any sign, signal, gate, or other protective device, located at or near any public grade crossing, shall be guilty of a petty offense and fined not less than \$50 nor more than \$200 for each offense. In addition to fines levied under the

provisions of this Section a person adjudged guilty hereunder may also be directed to make restitution for the costs of repair or replacement, or both, necessitated by his misconduct.

It is the public policy of the State of Illinois to enhance public safety by establishing safe grade crossings. In order to implement this policy, the Illinois Commerce Commission is directed to conduct public hearings and to adopt specific criteria by July 1, 1994, that shall be adhered to by the Illinois Commerce Commission in determining if a grade crossing should be opened or abolished. The following factors shall be considered by the Illinois Commerce Commission in developing the specific criteria for opening and abolishing grade crossings:

- (a) timetable speed of passenger trains;
- (b) distance to an alternate crossing;
- (c) accident history for the last 5 years;
- (d) number of vehicular traffic and posted speed limits;
- (e) number of freight trains and their timetable speeds;
- (f) the type of warning device present at the grade crossing;
- (g) alignments of the roadway and railroad, and the angle of intersection of those alignments;
- (h) use of the grade crossing by trucks carrying hazardous materials, vehicles carrying passengers for hire, and school buses; and
- (i) use of the grade crossing by emergency vehicles.

The Illinois Commerce Commission, upon petition to open or abolish a grade crossing, shall enter an order opening or abolishing the crossing if it meets the specific criteria adopted by the Commission.

Except as otherwise provided in this subsection (3), in no instance shall a grade crossing be permanently closed without public hearing first being held and notice of such hearing being published in an area newspaper of local general circulation.

(4) Freight Trains; Radio Communications. The Commission shall after hearing and order require that every main line railroad freight train operating on main tracks outside of yard limits within this State shall be equipped with a radio communication system. The Commission after notice and hearing may grant exemptions from the requirements of this Section as to secondary and branch lines.

(5) Railroad Bridges and Trestles; Walkway and Handrail. In cases in which the Commission finds the same to be practical and necessary for safety of railroad employees, bridges and trestles, over and upon which railroad trains are operated, shall include as a part thereof, a safe and suitable walkway and handrail on one side only of such bridge or trestle, and such handrail shall be located at the outer edge of the walkway and shall provide a clearance of not less than 8 feet, 6 inches, from the center line of the nearest track, measured at right angles thereto.

(6) Packages Containing Articles for First Aid to Injured on Trains.

(a) All rail carriers shall provide a first aid kit that contains, at a minimum, those articles prescribed by the Commission, on each train or engine, for first aid to persons who may be injured in the course of the operation of such trains.

(b) A vehicle, excluding a taxi cab used in an emergency situation, operated by a contract carrier transporting railroad employees in the course of their employment shall be equipped with a readily available first aid kit that contains, as a minimum, the same articles that are required on each train or engine.

(7) Abandoned Bridges, Crossings, and Other Rail Plant. The Commission shall have authority, after notice and hearing, to order:

- (a) the removal of any abandoned railroad tracks from roads, streets or other thoroughfares in this State; and
- (b) the removal of abandoned overhead railroad structures crossing highways, waterways, or railroads.

The Commission may equitably apportion the cost of such actions between the rail carrier or carriers, public utilities, and the State, county, municipality, township, road district, or other public authority in interest.

(8) Railroad-Highway Bridge Clearance. A vertical clearance of not less than 23 feet above the top of rail shall be provided for all new or reconstructed highway bridges constructed over a railroad track. The Commission may permit a lesser clearance if it determines that the 23-foot clearance standard cannot be justified based on engineering, operational, and economic conditions.

(9) Right of Access To Railroad Property.

(a) A community antenna television company franchised by a municipality or county pursuant to the Illinois Municipal Code or the Counties Code, respectively, shall not enter upon any real estate or rights-of-way in the possession or control of a railroad subject to the jurisdiction of the Illinois Commerce Commission unless the community antenna television company first complies with the applicable provisions of subparagraph (f) of Section 11-42-11.1 of the Illinois Municipal Code or subparagraph (f) of Section 5-1096 of the Counties Code.

(b) Notwithstanding any provision of law to the contrary, this subsection (9) applies to all entries of railroad rights-of-way involving a railroad subject to the jurisdiction of the Illinois Commerce Commission by a community antenna television company and shall govern in the event of any conflict with any other provision of law.

(c) This subsection (9) applies to any entry upon any real estate or right-of-way in the possession or control of a railroad subject to the jurisdiction of the Illinois Commerce Commission for the purpose of or in connection with the construction, or installation of a community antenna television company's system or facilities commenced or renewed on or after August 22, 2017 (the effective date of Public Act 100-251).

(d) Nothing in Public Act 100-251 shall be construed to prevent a railroad from negotiating other terms and conditions or the resolution of any dispute in relation to an entry upon or right of access as set forth in this subsection (9).

(e) For purposes of this subsection (9):

"Broadband service", "cable operator", and "holder" have the meanings given to those terms under Section 21-201 of the Public Utilities Act.

"Community antenna television company" includes, in the case of real estate or rights-of-way in possession of or in control of a railroad, a holder, cable operator, or broadband service provider.

(f) Beginning on August 22, 2017 (the effective date of Public Act 100-251), the Transportation Division of the Illinois Commerce Commission shall include in its annual Crossing Safety Improvement Program report a brief description of the number of cases decided by the Illinois Commerce Commission and the number of cases that remain pending before the Illinois Commerce Commission under this subsection (9) for the period covered by the report.

(10) The Commuter Rail Division of the Regional Transit Authority shall be treated as a rail carrier subject to the Illinois Commerce Commission's safety requirements for track, facilities, and equipment in accordance with Section 18c-7401 and eligible to receive money from the Grade Crossing Protection Fund or any fund of the State or other source available for purposes of promoting safety and separation of at-grade railroad crossings or highway improvements.

(Source: P.A. 101-81, eff. 7-12-19; 102-16, eff. 6-17-21.)

(625 ILCS 5/18c-7402) (from Ch. 95 1/2, par. 18c-7402)

Sec. 18c-7402. Safety requirements for railroad operations.

(1) Obstruction of crossings.

(a) Obstruction of emergency vehicles. Every railroad shall be operated in such a manner as to minimize obstruction of emergency vehicles at crossings. Where such obstruction occurs and the train crew is aware of the obstruction, the train crew shall immediately take any action, consistent with safe operating procedure, necessary to remove the obstruction. In the Chicago and St. Louis switching districts, every railroad dispatcher or other person responsible for the movement of railroad equipment in a specific area who receives notification that railroad equipment is obstructing the movement of an emergency vehicle at any crossing within such area shall immediately notify the train crew through use of existing communication facilities. Upon notification, the train crew shall take immediate action in accordance with this paragraph.

(b) Obstruction of highway at grade crossing prohibited. It is unlawful for a rail carrier to permit any train, railroad car or engine to obstruct public travel at a railroad-highway grade crossing for a period in excess of 10 minutes, except where such train or railroad car is continuously moving or cannot be moved by reason of circumstances over which the rail carrier has no reasonable control.

In a county with a population of greater than 1,000,000, as determined by the most recent federal census, during the hours of 7:00 a.m. through 9:00 a.m. and 4:00 p.m. through 6:00 p.m. it is unlawful for a rail carrier to permit any single train or railroad car to obstruct public travel at a railroad-highway grade crossing in excess of a total of 10 minutes during a 30 minute period, except where the train or railroad car cannot be moved by reason or circumstances over which the rail carrier

has no reasonable control. Under no circumstances will a moving train be stopped for the purposes of issuing a citation related to this Section.

However, no employee acting under the rules or orders of the rail carrier or its supervisory personnel may be prosecuted for a violation of this subsection (b).

(c) Punishment for obstruction of grade crossing. Any rail carrier violating paragraph (b) of this subsection shall be guilty of a petty offense and fined not less than \$200 nor more than \$500 if the duration of the obstruction is in excess of 10 minutes but no longer than 15 minutes. If the duration of the obstruction exceeds 15 minutes the violation shall be a business offense and the following fines shall be imposed: if the duration of the obstruction is in excess of 15 minutes but no longer than 20 minutes, the fine shall be \$500; if the duration of the obstruction is in excess of 20 minutes but no longer than 25 minutes, the fine shall be \$700; if the duration of the obstruction is in excess of 25 minutes, but no longer than 30 minutes, the fine shall be \$900; if the duration of the obstruction is in excess of 30 minutes but no longer than 35 minutes, the fine shall be \$1,000; if the duration of the obstruction is in excess of 35 minutes, the fine shall be \$1,000 plus an additional \$500 for each 5 minutes of obstruction in excess of 25 minutes of obstruction.

(2) Other operational requirements.

(a) Bell and whistle-crossings. Every rail carrier and the Commuter Rail Division of the Northern Illinois Transit Authority shall cause a bell, and a whistle or horn to be placed and kept on each locomotive, and shall cause the same to be rung or sounded by the engineer or fireman, at the distance of at least 1,320 feet, from the place where the railroad crosses or intersects any public highway, and shall be kept ringing or sounding until the highway is reached; provided that at crossings where the Commission shall by order direct, only after a hearing has been held to determine the public is reasonably and sufficiently protected, the rail carrier may be excused from giving warning provided by this paragraph.

(a-5) The requirements of paragraph (a) of this subsection (2) regarding ringing a bell and sounding a whistle or horn do not apply at a railroad crossing that has a permanently installed automated audible warning device authorized by the Commission under Section 18c-7402.1 that sounds automatically when an approaching train is at least 1,320 feet from the crossing and that keeps sounding until the lead locomotive has crossed the highway. The engineer or fireman may ring the bell or sound the whistle or horn at a railroad crossing that has a permanently installed audible warning device.

(b) Speed limits. Each rail carrier shall operate its trains in compliance with speed limits set by the Commission. The Commission may set train speed limits only where such limits are necessitated by extraordinary circumstances affecting the public safety, and shall maintain such train speed limits in effect only for such time as the extraordinary circumstances prevail.

The Commission and the Department of Transportation shall conduct a study of the relation between train speeds and railroad-highway grade crossing safety. The Commission shall report the findings of the study to the General Assembly no later than January 5, 1997.

(c) Special speed limit; pilot project. The Commission and the Board of the Commuter Rail Division of the Northern Illinois Transit ~~Regional Transportation~~ Authority shall conduct a pilot project in the Village of Fox River Grove, the site of the fatal school bus crash at a railroad crossing on October 25, 1995, in order to improve railroad crossing safety. For this project, the Commission is directed to set the maximum train speed limit for Northern Illinois Transit ~~Regional Transportation~~ Authority trains at 50 miles per hour at intersections on that portion of the intrastate rail line located in the Village of Fox River Grove. If the Northern Illinois Transit ~~Regional Transportation~~ Authority deliberately fails to comply with this maximum speed limit, then any entity, governmental or otherwise, that provides capital or operational funds to the Northern Illinois Transit ~~Regional Transportation~~ Authority shall appropriately reduce or eliminate that funding. The Commission shall report to the Governor and the General Assembly on the results of this pilot project in January 1999, January 2000, and January 2001. The Commission shall also submit a final report on the pilot project to the Governor and the General Assembly in January 2001. The provisions of this subsection (c), other than this sentence, are inoperative after February 1, 2001.

(d) Freight train crew size. No rail carrier shall operate or cause to operate a train or light engine used in connection with the movement of freight unless it has an operating crew consisting of at least 2 individuals. The minimum freight train crew size indicated in this subsection (d) shall remain in effect until a federal law or rule encompassing the subject matter has been adopted. The Commission,

with respect to freight train crew member size under this subsection (d), has the power to conduct evidentiary hearings, make findings, and issue and enforce orders, including sanctions under Section 18c-1704 of this Chapter. As used in this subsection (d), "train or light engine" does not include trains operated by a hostler service or utility employees.

(3) Report and investigation of rail accidents.

(a) Reports. Every rail carrier and the Commuter Rail Division of the Northern Illinois Transit Authority shall report to the Commission, by the speediest means possible, whether telephone, telegraph, or otherwise, every accident involving its equipment, track, or other property which resulted in loss of life to any person. In addition, such carriers shall file a written report with the Commission. Reports submitted under this paragraph shall be strictly confidential, shall be specifically prohibited from disclosure, and shall not be admissible in any administrative or judicial proceeding relating to the accidents reported.

(b) Investigations. The Commission may investigate all railroad accidents reported to it or of which it acquires knowledge independent of reports made by rail carriers or the Commuter Rail Division of the Northern Illinois Transit Authority, and shall have the power, consistent with standards and procedures established under the Federal Railroad Safety Act, as amended, to enter such temporary orders as will minimize the risk of future accidents pending notice, hearing, and final action by the Commission.

Section 20-940. The Eminent Domain Act is amended by changing Section 15-5-15 as follows:
(735 ILCS 30/15-5-15)

Sec. 15-5-15. Eminent domain powers in ILCS Chapters 70 through 75. The following provisions of law may include express grants of the power to acquire property by condemnation or eminent domain:

(70 ILCS 5/8.02 and 5/9); Airport Authorities Act; airport authorities; for public airport facilities.

(70 ILCS 5/8.05 and 5/9); Airport Authorities Act; airport authorities; for removal of airport hazards.

(70 ILCS 5/8.06 and 5/9); Airport Authorities Act; airport authorities; for reduction of the height of objects or structures.

(70 ILCS 10/4); Interstate Airport Authorities Act; interstate airport authorities; for general purposes.

(70 ILCS 15/3); Kankakee River Valley Area Airport Authority Act; Kankakee River Valley Area Airport Authority; for acquisition of land for airports.

(70 ILCS 200/2-20); Civic Center Code; civic center authorities; for grounds, centers, buildings, and parking.

(70 ILCS 200/5-35); Civic Center Code; Aledo Civic Center Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/10-15); Civic Center Code; Aurora Metropolitan Exposition, Auditorium and Office Building Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/15-40); Civic Center Code; Benton Civic Center Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/20-15); Civic Center Code; Bloomington Civic Center Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/35-35); Civic Center Code; Brownstown Park District Civic Center Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/40-35); Civic Center Code; Carbondale Civic Center Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/55-60); Civic Center Code; Chicago South Civic Center Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/60-30); Civic Center Code; Collinsville Metropolitan Exposition, Auditorium and Office Building Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/70-35); Civic Center Code; Crystal Lake Civic Center Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/75-20); Civic Center Code; Decatur Metropolitan Exposition, Auditorium and Office Building Authority; for grounds, centers, buildings, and parking.

(70 ILCS 200/80-15); Civic Center Code; DuPage County Metropolitan Exposition, Auditorium and Office Building Authority; for grounds, centers, buildings, and parking.

- (70 ILCS 200/85-35); Civic Center Code; Elgin Metropolitan Exposition, Auditorium and Office Building Authority; for grounds, centers, buildings, and parking.
- (70 ILCS 200/95-25); Civic Center Code; Herrin Metropolitan Exposition, Auditorium and Office Building Authority; for grounds, centers, buildings, and parking.

Article 25.

Section 25-5. The Open Meetings Act is amended by changing Section 2 as follows:

(5 ILCS 120/2) (from Ch. 102, par. 42)

Sec. 2. Open meetings.

(a) Openness required. All meetings of public bodies shall be open to the public unless excepted in subsection (c) and closed in accordance with Section 2a.

(b) Construction of exceptions. The exceptions contained in subsection (c) are in derogation of the requirement that public bodies meet in the open, and therefore, the exceptions are to be strictly construed, extending only to subjects clearly within their scope. The exceptions authorize but do not require the holding of a closed meeting to discuss a subject included within an enumerated exception.

(c) Exceptions. A public body may hold closed meetings to consider the following subjects:

(1) The appointment, employment, compensation, discipline, performance, or dismissal of specific employees, specific individuals who serve as independent contractors in a park, recreational, or educational setting, or specific volunteers of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee, a specific individual who serves as an independent contractor in a park, recreational, or educational setting, or a volunteer of the public body or against legal counsel for the public body to determine its validity. However, a meeting to consider an increase in compensation to a specific employee of a public body that is subject to the Local Government Wage Increase Transparency Act may not be closed and shall be open to the public and posted and held in accordance with this Act.

(2) Collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees.

(3) The selection of a person to fill a public office, as defined in this Act, including a vacancy in a public office, when the public body is given power to appoint under law or ordinance, or the discipline, performance or removal of the occupant of a public office, when the public body is given power to remove the occupant under law or ordinance.

(4) Evidence or testimony presented in open hearing, or in closed hearing where specifically authorized by law, to a quasi-adjudicative body, as defined in this Act, provided that the body prepares and makes available for public inspection a written decision setting forth its determinative reasoning.

(4.5) Evidence or testimony presented to a school board regarding denial of admission to school events or property pursuant to Section 24-24 of the School Code, provided that the school board prepares and makes available for public inspection a written decision setting forth its determinative reasoning.

(5) The purchase or lease of real property for the use of the public body, including meetings held for the purpose of discussing whether a particular parcel should be acquired.

(6) The setting of a price for sale or lease of property owned by the public body.

(7) The sale or purchase of securities, investments, or investment contracts. This exception shall not apply to the investment of assets or income of funds deposited into the Illinois Prepaid Tuition Trust Fund.

(8) Security procedures, school building safety and security, and the use of personnel and equipment to respond to an actual, a threatened, or a reasonably potential danger to the safety of employees, students, staff, the public, or public property.

(9) Student disciplinary cases.

(10) The placement of individual students in special education programs and other matters relating to individual students.

(11) Litigation, when an action against, affecting or on behalf of the particular public body has been filed and is pending before a court or administrative tribunal, or when the public body finds that an action is probable or imminent, in which case the basis for the finding shall be recorded and entered into the minutes of the closed meeting.

(12) The establishment of reserves or settlement of claims as provided in the Local Governmental and Governmental Employees Tort Immunity Act, if otherwise the disposition of a claim or potential claim might be prejudiced, or the review or discussion of claims, loss or risk management information, records, data, advice or communications from or with respect to any insurer of the public body or any intergovernmental risk management association or self insurance pool of which the public body is a member.

(13) Conciliation of complaints of discrimination in the sale or rental of housing, when closed meetings are authorized by the law or ordinance prescribing fair housing practices and creating a commission or administrative agency for their enforcement.

(14) Informant sources, the hiring or assignment of undercover personnel or equipment, or ongoing, prior or future criminal investigations, when discussed by a public body with criminal investigatory responsibilities.

(15) Professional ethics or performance when considered by an advisory body appointed to advise a licensing or regulatory agency on matters germane to the advisory body's field of competence.

(16) Self evaluation, practices and procedures or professional ethics, when meeting with a representative of a statewide association of which the public body is a member.

(17) The recruitment, credentialing, discipline or formal peer review of physicians or other health care professionals, or for the discussion of matters protected under the federal Patient Safety and Quality Improvement Act of 2005, and the regulations promulgated thereunder, including 42 C.F.R. Part 3 (73 FR 70732), or the federal Health Insurance Portability and Accountability Act of 1996, and the regulations promulgated thereunder, including 45 C.F.R. Parts 160, 162, and 164, by a hospital, or other institution providing medical care, that is operated by the public body.

(18) Deliberations for decisions of the Prisoner Review Board.

(19) Review or discussion of applications received under the Experimental Organ Transplantation Procedures Act.

(20) The classification and discussion of matters classified as confidential or continued confidential by the State Government Suggestion Award Board.

(21) Discussion of minutes of meetings lawfully closed under this Act, whether for purposes of approval by the body of the minutes or semi-annual review of the minutes as mandated by Section 2.06.

(22) Deliberations for decisions of the State Emergency Medical Services Disciplinary Review Board.

(23) The operation by a municipality of a municipal utility or the operation of a municipal power agency or municipal natural gas agency when the discussion involves (i) contracts relating to the purchase, sale, or delivery of electricity or natural gas or (ii) the results or conclusions of load forecast studies.

(24) Meetings of a residential health care facility resident sexual assault and death review team or the Executive Council under the Abuse Prevention Review Team Act.

(25) Meetings of an independent team of experts under Brian's Law.

(26) Meetings of a mortality review team appointed under the Department of Juvenile Justice Mortality Review Team Act.

(27) (Blank).

(28) Correspondence and records (i) that may not be disclosed under Section 11-9 of the Illinois Public Aid Code or (ii) that pertain to appeals under Section 11-8 of the Illinois Public Aid Code.

(29) Meetings between internal or external auditors and governmental audit committees, finance committees, and their equivalents, when the discussion involves internal control weaknesses, identification of potential fraud risk areas, known or suspected frauds, and fraud interviews conducted in accordance with generally accepted auditing standards of the United States of America.

(30) (Blank).

(31) Meetings and deliberations for decisions of the Concealed Carry Licensing Review Board under the Firearm Concealed Carry Act.

(32) Meetings between the Northern Illinois Transit Authority Board ~~Regional Transportation Authority Board~~ and its Service Boards when the discussion involves review by the Northern Illinois Transit Authority Board ~~Regional Transportation Authority Board~~ of employment contracts under Section 28d of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~ and Sections 3A.18 and 3B.26 of the ~~Northern Illinois Transit Authority Act~~ ~~Regional Transportation Authority Act~~.

(33) Those meetings or portions of meetings of the advisory committee and peer review subcommittee created under Section 320 of the Illinois Controlled Substances Act during which specific controlled substance prescriber, dispenser, or patient information is discussed.

(34) Meetings of the Tax Increment Financing Reform Task Force under Section 2505-800 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(35) Meetings of the group established to discuss Medicaid capitation rates under Section 5-30.8 of the Illinois Public Aid Code.

(36) Those deliberations or portions of deliberations for decisions of the Illinois Gaming Board in which there is discussed any of the following: (i) personal, commercial, financial, or other information obtained from any source that is privileged, proprietary, confidential, or a trade secret; or (ii) information specifically exempted from the disclosure by federal or State law.

(37) Deliberations for decisions of the Illinois Law Enforcement Training Standards Board, the Certification Review Panel, and the Illinois State Police Merit Board regarding certification and decertification.

(38) Meetings of the Ad Hoc Statewide Domestic Violence Fatality Review Committee of the Illinois Criminal Justice Information Authority Board that occur in closed executive session under subsection (d) of Section 35 of the Domestic Violence Fatality Review Act.

(39) Meetings of the regional review teams under subsection (a) of Section 75 of the Domestic Violence Fatality Review Act.

(40) Meetings of the Firearm Owner's Identification Card Review Board under Section 10 of the Firearm Owners Identification Card Act.

(d) Definitions. For purposes of this Section:

"Employee" means a person employed by a public body whose relationship with the public body constitutes an employer-employee relationship under the usual common law rules, and who is not an independent contractor.

"Public office" means a position created by or under the Constitution or laws of this State, the occupant of which is charged with the exercise of some portion of the sovereign power of this State. The term "public office" shall include members of the public body, but it shall not include organizational positions filled by members thereof, whether established by law or by a public body itself, that exist to assist the body in the conduct of its business.

"Quasi-adjudicative body" means an administrative body charged by law or ordinance with the responsibility to conduct hearings, receive evidence or testimony and make determinations based thereon, but does not include local electoral boards when such bodies are considering petition challenges.

(e) Final action. No final action may be taken at a closed meeting. Final action shall be preceded by a public recital of the nature of the matter being considered and other information that will inform the public of the business being conducted.

Section 25-10. The Transportation Cooperation Act of 1971 is amended by changing Section 2 as follows:

(5 ILCS 225/2) (from Ch. 111 2/3, par. 602)

Sec. 2. For the purposes of this Act:

(a) "Railroad passenger service" means any railroad passenger service within the State of Illinois, including the equipment and facilities used in connection therewith, with the exception of the basic system operated by the National Railroad Passenger Corporation pursuant to Title II and Section 403(a) of the Federal Rail Passenger Service Act of 1970.

(b) "Federal Railroad Corporation" means the National Railroad Passenger Corporation established pursuant to an Act of Congress known as the "Rail Passenger Service Act of 1970."

(c) "Transportation system" means any and all modes of public transportation within the State, including, but not limited to, transportation of persons or property by rapid transit, rail, bus, and aircraft, and all equipment, facilities and property, real and personal, used in connection therewith.

(d) "Carrier" means any corporation, authority, partnership, association, person or district authorized to maintain a transportation system within the State with the exception of the Federal Railroad Corporation.

(e) "Units of local government" means cities, villages, incorporated towns, counties, municipalities, townships, and special districts, including any district created pursuant to the "Local Mass Transit District Act", ~~approved July 21, 1959, as amended~~; any Authority created pursuant to the Chicago Transit Authority Act, ~~"Metropolitan Transit Authority Act", approved April 12, 1945, as amended~~; and, any authority, commission or other entity which by virtue of an interstate compact approved by Congress is authorized to provide mass transportation.

(f) "Universities" means all public institutions of higher education as defined in an "Act creating a Board of Higher Education, defining its powers and duties, making an appropriation therefor, and repealing an Act herein named", approved August 22, 1961, as amended, and all private institutions of higher education as defined in the Illinois Finance Authority Act.

(g) "Department" means the Illinois Department of Transportation, or such other department designated by law to perform the duties and functions of the Illinois Department of Transportation prior to January 1, 1972.

(h) "Association" means any Transportation Service Association created pursuant to Section 4 of this Act.

(i) "Contracting Parties" means any units of local government or universities which have associated and joined together pursuant to Section 3 of this Act.

(j) "Governing authorities" means (1) the city council or similar legislative body of a city; (2) the board of trustees or similar body of a village or incorporated town; (3) the council of a municipality under the commission form of municipal government; (4) the board of trustees in a township; (5) the Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, the Board of Trustees of Chicago State University, the Board of Trustees of Eastern Illinois University, the Board of Trustees of Governors State University, the Board of Trustees of Illinois State University, the Board of Trustees of Northeastern Illinois University, the Board of Trustees of Northern Illinois University, the Board of Trustees of Western Illinois University, and the Illinois Community College Board; (6) the county board of a county; and (7) the trustees, commissioners, board members, or directors of a university, special district, authority or similar agency.

(Source: P.A. 93-205, eff. 1-1-04.)

Section 25-15. The Illinois Public Labor Relations Act is amended by changing Section 15 as follows: (5 ILCS 315/15) (from Ch. 48, par. 1615)

(Text of Section WITHOUT the changes made by P.A. 98-599, which has been held unconstitutional)

Sec. 15. Act takes precedence ~~Takes Precedence~~.

(a) In case of any conflict between the provisions of this Act and any other law (other than Section 5 of the State Employees Group Insurance Act of 1971 and other than the changes made to the Illinois Pension Code by Public Act 96-889 ~~this amendatory Act of the 96th General Assembly~~), executive order or administrative regulation relating to wages, hours and conditions of employment and employment relations, the provisions of this Act or any collective bargaining agreement negotiated thereunder shall prevail and control. Nothing in this Act shall be construed to replace or diminish the rights of employees established by Sections 28 and 28a of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~, Sections 2.15 through 2.19 of the Northern Illinois Transit Authority Act ~~Regional Transportation Authority Act~~. The

provisions of this Act are subject to Section 5 of the State Employees Group Insurance Act of 1971. Nothing in this Act shall be construed to replace the necessity of complaints against a sworn peace officer, as defined in Section 2(a) of the Uniform Peace Officers' Officer Disciplinary Act, from having a complaint supported by a sworn affidavit.

(b) Except as provided in subsection (a) above, any collective bargaining contract between a public employer and a labor organization executed pursuant to this Act shall supersede any contrary statutes, charters, ordinances, rules or regulations relating to wages, hours and conditions of employment and employment relations adopted by the public employer or its agents. Any collective bargaining agreement entered into prior to the effective date of this Act shall remain in full force during its duration.

(c) It is the public policy of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the provisions of this Act are the exclusive exercise by the State of powers and functions which might otherwise be exercised by home rule units. Such powers and functions may not be exercised concurrently, either directly or indirectly, by any unit of local government, including any home rule unit, except as otherwise authorized by this Act.

(Source: P.A. 95-331, eff. 8-21-07; 96-889, eff. 1-1-11; revised 7-23-24.)

Section 25-20. The State Officials and Employees Ethics Act is amended by changing Sections 1-5, 75-5, and 75-10 as follows:

(5 ILCS 430/1-5)

Sec. 1-5. Definitions. As used in this Act:

"Appointee" means a person appointed to a position in or with a State agency, regardless of whether the position is compensated.

"Board members of Regional Development Authorities" means any person appointed to serve on the governing board of a Regional Development Authority.

"Board members of Regional Transit Boards" means any person appointed to serve on the governing board of a Regional Transit Board.

"Campaign for elective office" means any activity in furtherance of an effort to influence the selection, nomination, election, or appointment of any individual to any federal, State, or local public office or office in a political organization, or the selection, nomination, or election of Presidential or Vice-Presidential electors, but does not include activities (i) relating to the support or opposition of any executive, legislative, or administrative action (as those terms are defined in Section 2 of the Lobbyist Registration Act), (ii) relating to collective bargaining, or (iii) that are otherwise in furtherance of the person's official State duties.

"Candidate" means a person who has filed nominating papers or petitions for nomination or election to an elected State office, or who has been appointed to fill a vacancy in nomination, and who remains eligible for placement on the ballot at either a general primary election or general election.

"Collective bargaining" has the same meaning as that term is defined in Section 3 of the Illinois Public Labor Relations Act.

"Commission" means an ethics commission created by this Act.

"Compensated time" means any time worked by or credited to a State employee that counts toward any minimum work time requirement imposed as a condition of employment with a State agency, but does not include any designated State holidays or any period when the employee is on a leave of absence.

"Compensatory time off" means authorized time off earned by or awarded to a State employee to compensate in whole or in part for time worked in excess of the minimum work time required of that employee as a condition of employment with a State agency.

"Contribution" has the same meaning as that term is defined in Section 9-1.4 of the Election Code.

"Employee" means (i) any person employed full-time, part-time, or pursuant to a contract and whose employment duties are subject to the direction and control of an employer with regard to the material details of how the work is to be performed or (ii) any appointed or elected commissioner, trustee, director, or board member of a board of a State agency, including any retirement system or investment board subject to the Illinois Pension Code or (iii) any other appointee.

"Employment benefits" include but are not limited to the following: modified compensation or benefit terms; compensated time off; or change of title, job duties, or location of office or employment. An employment benefit may also include favorable treatment in determining whether to bring any disciplinary or similar action or favorable treatment during the course of any disciplinary or similar action or other performance review.

"Executive branch constitutional officer" means the Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, and Treasurer.

"Gift" means any gratuity, discount, entertainment, hospitality, loan, forbearance, or other tangible or intangible item having monetary value including, but not limited to, cash, food and drink, and honoraria for speaking engagements related to or attributable to government employment or the official position of an employee, member, or officer. The value of a gift may be further defined by rules adopted by the appropriate ethics commission or by the Auditor General for the Auditor General and for employees of the office of the Auditor General.

"Governmental entity" means a unit of local government (including a community college district) or a school district but not a State agency, a Regional Transit Board, or a Regional Development Authority.

"Leave of absence" means any period during which a State employee does not receive (i) compensation for State employment, (ii) service credit towards State pension benefits, and (iii) health insurance benefits paid for by the State.

"Legislative branch constitutional officer" means a member of the General Assembly and the Auditor General.

"Legislative leader" means the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives.

"Member" means a member of the General Assembly.

"Officer" means an executive branch constitutional officer or a legislative branch constitutional officer.

"Political" means any activity in support of or in connection with any campaign for elective office or any political organization, but does not include activities (i) relating to the support or opposition of any executive, legislative, or administrative action (as those terms are defined in Section 2 of the Lobbyist Registration Act), (ii) relating to collective bargaining, or (iii) that are otherwise in furtherance of the person's official State duties or governmental and public service functions.

"Political organization" means a party, committee, association, fund, or other organization (whether or not incorporated) that is required to file a statement of organization with the State Board of Elections or a county clerk under Section 9-3 of the Election Code, but only with regard to those activities that require filing with the State Board of Elections or a county clerk.

"Prohibited political activity" means:

(1) Preparing for, organizing, or participating in any political meeting, political rally, political demonstration, or other political event.

(2) Soliciting contributions, including but not limited to the purchase of, selling, distributing, or receiving payment for tickets for any political fundraiser, political meeting, or other political event.

(3) Soliciting, planning the solicitation of, or preparing any document or report regarding any thing of value intended as a campaign contribution.

(4) Planning, conducting, or participating in a public opinion poll in connection with a campaign for elective office or on behalf of a political organization for political purposes or for or against any referendum question.

(5) Surveying or gathering information from potential or actual voters in an election to determine probable vote outcome in connection with a campaign for elective office or on behalf of a political organization for political purposes or for or against any referendum question.

(6) Assisting at the polls on election day on behalf of any political organization or candidate for elective office or for or against any referendum question.

(7) Soliciting votes on behalf of a candidate for elective office or a political organization or for or against any referendum question or helping in an effort to get voters to the polls.

(8) Initiating for circulation, preparing, circulating, reviewing, or filing any petition on behalf of a candidate for elective office or for or against any referendum question.

(9) Making contributions on behalf of any candidate for elective office in that capacity or in connection with a campaign for elective office.

(10) Preparing or reviewing responses to candidate questionnaires in connection with a campaign for elective office or on behalf of a political organization for political purposes.

(11) Distributing, preparing for distribution, or mailing campaign literature, campaign signs, or other campaign material on behalf of any candidate for elective office or for or against any referendum question.

(12) Campaigning for any elective office or for or against any referendum question.

(13) Managing or working on a campaign for elective office or for or against any referendum question.

(14) Serving as a delegate, alternate, or proxy to a political party convention.

(15) Participating in any recount or challenge to the outcome of any election, except to the extent that under subsection (d) of Section 6 of Article IV of the Illinois Constitution each house of the General Assembly shall judge the elections, returns, and qualifications of its members.

"Prohibited source" means any person or entity who:

(1) is seeking official action (i) by the member or officer or (ii) in the case of an employee, by the employee or by the member, officer, State agency, or other employee directing the employee;

(2) does business or seeks to do business (i) with the member or officer or (ii) in the case of an employee, with the employee or with the member, officer, State agency, or other employee directing the employee;

(3) conducts activities regulated (i) by the member or officer or (ii) in the case of an employee, by the employee or by the member, officer, State agency, or other employee directing the employee;

(4) has interests that may be substantially affected by the performance or non-performance of the official duties of the member, officer, or employee;

(5) is registered or required to be registered with the Secretary of State under the Lobbyist Registration Act, except that an entity not otherwise a prohibited source does not become a prohibited source merely because a registered lobbyist is one of its members or serves on its board of directors; or

(6) is an agent of, a spouse of, or an immediate family member who is living with a "prohibited source".

"Regional Development Authority" means the following regional development authorities:

(1) the Central Illinois Economic Development Authority created by the Central Illinois Economic Development Authority Act;

(2) the Eastern Illinois Economic Development Authority created by the Eastern Illinois Economic Development Authority Act;

(3) the Joliet Arsenal Development Authority created by the Joliet Arsenal Development Authority Act;

(4) the Quad Cities Regional Economic Development Authority created by Quad Cities Regional Economic Development Authority Act, approved September 22, 1987;

(5) the Riverdale Development Authority created by the Riverdale Development Authority Act;

(6) the Southeastern Illinois Economic Development Authority created by the Southeastern Illinois Economic Development Authority Act;

(7) the Southern Illinois Economic Development Authority created by the Southern Illinois Economic Development Authority Act;

(8) the Southwestern Illinois Development Authority created by the Southwestern Illinois Development Authority Act;

(9) the Tri-County River Valley Development Authority created by the Tri-County River Valley Development Authority Law;

(10) the Upper Illinois River Valley Development Authority created by the Upper Illinois River Valley Development Authority Act;

(11) the Illinois Urban Development Authority created by the Illinois Urban Development Authority Act;

(12) the Western Illinois Economic Development Authority created by the Western Illinois Economic Development Authority Act; and

(13) the Will-Kankakee Regional Development Authority created by the Will-Kankakee Regional Development Authority Law.

"Regional Transit Boards" means (i) the ~~Northern Illinois Transit Authority~~ Regional Transportation Authority created by the ~~Northern Illinois Transit Authority Act~~ Regional Transportation Authority Act, (ii) the Suburban Bus Division created by the ~~Northern Illinois Transit Authority Act~~ Regional Transportation Authority Act, (iii) the Commuter Rail Division created by the ~~Northern Illinois Transit Authority Act~~ Regional Transportation Authority Act, and (iv) the Chicago Transit Authority created by the ~~Chicago Transit Authority Act~~ Metropolitan Transit Authority Act.

"State agency" includes all officers, boards, commissions and agencies created by the Constitution, whether in the executive or legislative branch; all officers, departments, boards, commissions, agencies,

institutions, authorities, public institutions of higher learning as defined in Section 2 of the Higher Education Cooperation Act (except community colleges), and bodies politic and corporate of the State; and administrative units or corporate outgrowths of the State government which are created by or pursuant to statute, other than units of local government (including community college districts) and their officers, school districts, and boards of election commissioners; and all administrative units and corporate outgrowths of the above and as may be created by executive order of the Governor. "State agency" includes the General Assembly, the Senate, the House of Representatives, the President and Minority Leader of the Senate, the Speaker and Minority Leader of the House of Representatives, the Senate Operations Commission, and the legislative support services agencies. "State agency" includes the Office of the Auditor General. "State agency" does not include the judicial branch.

"State employee" means any employee of a State agency.

"Ultimate jurisdictional authority" means the following:

(1) For members, legislative partisan staff, and legislative secretaries, the appropriate legislative leader: President of the Senate, Minority Leader of the Senate, Speaker of the House of Representatives, or Minority Leader of the House of Representatives.

(2) For State employees who are professional staff or employees of the Senate and not covered under item (1), the Senate Operations Commission.

(3) For State employees who are professional staff or employees of the House of Representatives and not covered under item (1), the Speaker of the House of Representatives.

(4) For State employees who are employees of the legislative support services agencies, the Joint Committee on Legislative Support Services.

(5) For State employees of the Auditor General, the Auditor General.

(6) For State employees of public institutions of higher learning as defined in Section 2 of the Higher Education Cooperation Act (except community colleges), the board of trustees of the appropriate public institution of higher learning.

(7) For State employees of an executive branch constitutional officer other than those described in paragraph (6), the appropriate executive branch constitutional officer.

(8) For State employees not under the jurisdiction of paragraph (1), (2), (3), (4), (5), (6), or (7), the Governor.

(9) For employees of Regional Transit Boards, the appropriate Regional Transit Board.

(10) For board members of Regional Transit Boards, the Governor.

(11) For employees of Regional Development Authorities, the appropriate Regional Development Authority.

(12) For board members of Regional Development Authorities, the Governor.

(5 ILCS 430/75-5)

Sec. 75-5. Application of the State Officials and Employees Ethics Act to the Regional Transit Boards and Regional Development Authorities.

(a) The provisions of Articles 1, 5, 10, 15, 20, and 50 of this Act, as well as this Article, apply to Regional Transit Boards and Regional Development Authorities. As used in Articles 1, 5, 10, 15, 20, 50, and 75, (i) "appointee" and "officer" include a person appointed to serve on the board of a Regional Transit Board or a board of a Regional Development Authority, and (ii) "employee" and "State employee" include: (A) a full-time, part-time, or contractual employee of a Regional Transit Board or a Regional Development Authority; and (B) Authority leaders of a Regional Development Authority. As used in this subsection, "Authority leader" has the meaning given to that term in the various Acts and Laws creating the Regional Development Authorities.

(b) The Executive Ethics Commission shall have jurisdiction over all board members and employees of the Regional Transit Boards and Regional Development Authorities. The Executive Inspector General appointed by the Governor shall have jurisdiction over all board members, employees, vendors, and others doing business with the Regional Transit Boards and Regional Development Authorities to investigate allegations of fraud, waste, abuse, mismanagement, misconduct, nonfeasance, misfeasance, malfeasance, or violations of this Act.

(Source: P.A. 103-517, eff. 8-11-23.)

(5 ILCS 430/75-10)

Sec. 75-10. Coordination between Executive Inspector General and Inspectors General appointed by Regional Transit Boards.

(a) Nothing in this amendatory Act of the 96th General Assembly precludes a Regional Transit Board from appointing or employing an Inspector General to serve under the jurisdiction of a Regional Transit Board to receive complaints and conduct investigations in accordance with an ordinance or resolution adopted by that respective Board, provided he or she is approved by the Executive Ethics Commission. A Regional Transit Board shall notify the Executive Ethics Commission within 10 days after employing or appointing a person to serve as Inspector General, and the Executive Ethics Commission shall approve or reject the appointment or employment of the Inspector General. Any notification not acted upon by the Executive Ethics Commission within 60 days after its receipt shall be deemed to have received the approval of the Executive Ethics Commission. Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, a Regional Transit Board shall notify the Executive Ethics Commission of any person serving on the effective date of this amendatory Act as an Inspector General for the Regional Transit Board, and the Executive Ethics Commission shall approve or reject the appointment or employment within 30 days after receipt of the notification, provided that any notification not acted upon by the Executive Ethics Commission within 30 days shall be deemed to have received approval. No person rejected by the Executive Ethics Commission shall serve as an Inspector General for a Regional Transit Board for a term of 5 years after being rejected by the Commission. For purposes of this subsection (a), any person appointed or employed by a Transit Board to receive complaints and investigate allegations of fraud, waste, abuse, mismanagement, misconduct, nonfeasance, misfeasance, malfeasance, or violations of this Act shall be considered an Inspector General and shall be subject to approval of the Executive Ethics Commission.

(b) The Executive Inspector General appointed by the Governor shall have exclusive jurisdiction to investigate complaints or allegations of violations of this Act and, in his or her discretion, may investigate other complaints or allegations. Unless created by statute, no Regional Transit Board or Regional Development Authority shall create or retain an investigative body that investigates matters under the Executive Inspector General's jurisdiction. Complaints or allegations of a violation of this Act received by an Inspector General appointed or employed by a Regional Transit Board shall be immediately referred to the Executive Inspector General. The Executive Inspector General shall have authority to assume responsibility and investigate any complaint or allegation received by an Inspector General appointed or employed by a Regional Transit Board. In the event the Executive Inspector General provides written notification of intent to assume investigatory responsibility for a complaint, allegation, or ongoing investigation, the Inspector General appointed or employed by a Regional Transit Board shall cease review of the complaint, allegation, or ongoing investigation and provide all information to the Executive Inspector General. The Executive Inspector General may delegate responsibility for an investigation to the Inspector General appointed or employed by a Regional Transit Board. In the event the Executive Inspector General provides an Inspector General appointed or employed by a Regional Transit Board with written notification of intent to delegate investigatory responsibility for a complaint, allegation, or ongoing investigation, the Executive Inspector General shall provide all information to the Inspector General appointed or employed by a Regional Transit Board.

(c) An Inspector General appointed or employed by a Regional Transit Board shall provide a monthly activity report to the Executive Inspector General indicating:

- (1) the total number of complaints or allegations received since the date of the last report and a description of each complaint;
- (2) the number of investigations pending as of the reporting date and the status of each investigation;
- (3) the number of investigations concluded since the date of the last report and the result of each investigation; and
- (4) the status of any investigation delegated by the Executive Inspector General.

An Inspector General appointed or employed by a Regional Transit Board and the Executive Inspector General shall cooperate and share resources or information as necessary to implement the provisions of this Article.

(d) Reports filed under this Section are exempt from the Freedom of Information Act and shall be deemed confidential. Investigatory files and reports prepared by the Office of the Executive Inspector General and the Office of an Inspector General appointed or employed by a Regional Transit Board may be disclosed between the Offices as necessary to implement the provisions of this Article.

Section 25-25. The Illinois Act on the Aging is amended by changing Section 4.15 as follows:

[May 31, 2025]

(20 ILCS 105/4.15)

Sec. 4.15. Eligibility determinations.

(a) The Department is authorized to make eligibility determinations for benefits administered by other governmental bodies based on the Senior Citizens and Persons with Disabilities Property Tax Relief Act as follows:

(i) for the Secretary of State with respect to reduced fees paid by qualified vehicle owners under the Illinois Vehicle Code;

(ii) for special districts that offer free fixed route public transportation services for qualified older adults under the Local Mass Transit District Act, the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~, and the Northern Illinois Transit Authority Act ~~Regional Transportation Authority Act~~; and

(iii) for special districts that offer transit services for qualified individuals with disabilities under the Local Mass Transit District Act, the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~, and the Northern Illinois Transit Authority Act ~~Regional Transportation Authority Act~~.

(b) The Department shall establish the manner by which claimants shall apply for these benefits. The Department is authorized to promulgate rules regarding the following matters: the application cycle; the application process; the content for an electronic application; required personal identification information; acceptable proof of eligibility as to age, disability status, marital status, residency, and household income limits; household composition; calculating income; use of social security numbers; duration of eligibility determinations; and any other matters necessary for such administrative operations.

(c) All information received by the Department from an application or from any investigation to determine eligibility for benefits shall be confidential, except for official purposes.

(d) A person may not under any circumstances charge a fee to a claimant for assistance in completing an application form for these benefits.

(Source: P.A. 98-887, eff. 8-15-14; 99-143, eff. 7-27-15.)

Section 25-30. The Illinois State Police Law of the Civil Administrative Code of Illinois is amended by changing Section 2605-340 as follows:

(20 ILCS 2605/2605-340) (was 20 ILCS 2605/55a in part)

Sec. 2605-340. Conviction information for private carrier company under the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~. Upon the request of a private carrier company that provides transportation under Section 28b of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~, to ascertain whether an applicant for a driver position has been convicted of any criminal or drug offense enumerated in that Section. The Illinois State Police shall furnish the conviction information to the private carrier company that requested the information.

(Source: P.A. 102-538, eff. 8-20-21.)

Section 25-40. The Illinois State Auditing Act is amended by changing Section 3-2.3 as follows:

(30 ILCS 5/3-2.3)

Sec. 3-2.3. Report on Chicago Transit Authority.

(a) No less than 60 days prior to the issuance of bonds or notes by the Chicago Transit Authority (referred to as the "Authority" in this Section) pursuant to Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~, the following documentation shall be submitted to the Auditor General and the Northern Illinois Transit Authority ~~Regional Transportation Authority~~:

(1) Retirement Plan Documentation. The Authority shall submit a certification that:

(A) it is legally authorized to issue the bonds or notes;

(B) scheduled annual payments of principal and interest on the bonds and notes to be issued meet the requirements of paragraph (5) of subsection (b) of Section 12c(b)(5) of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~;

(C) no bond or note shall mature later than December 31, 2040;

(D) after payment of costs of issuance and necessary deposits to funds and accounts established with respect to debt service on the bonds or notes, the net bond and note proceeds (exclusive of any proceeds to be used to refund outstanding bonds or notes) will be deposited in the Retirement Plan for Chicago Transit Authority Employees and used only for the purposes required by Section 22-101 of the Illinois Pension Code; and

(E) it has entered into an intergovernmental agreement with the City of Chicago under which the City of Chicago will provide financial assistance to the Authority in an amount equal to the net receipts, after fees for costs of collection, from a tax on the privilege of transferring title to real estate in the City of Chicago in an amount up to \$1.50 per \$500 of value or fraction thereof under the provisions of Section 8-3-19 of the Illinois Municipal Code, which agreement shall be for a term expiring no earlier than the final maturity of bonds or notes that it proposes to issue under Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~.

(2) The Board of Trustees of the Retirement Plan for Chicago Transit Authority Employees shall submit a certification that the Retirement Plan for Chicago Transit Authority Employees is operating in accordance with all applicable legal and contractual requirements, including the following:

(A) the members of a new Board of Trustees have been appointed according to the requirements of Section 22-101(b) of the Illinois Pension Code; and

(B) contribution levels for employees and the Authority have been established according to the requirements of Section 22-101(d) of the Illinois Pension Code.

(3) Actuarial Report. The Board of Trustees of the Retirement Plan for Chicago Transit Authority Employees shall submit an actuarial report prepared by an enrolled actuary setting forth:

(A) the method of valuation and the underlying assumptions;

(B) a comparison of the debt service schedules of the bonds or notes proposed to be issued to the Retirement Plan's current unfunded actuarial accrued liability amortization schedule, as required by Section 22-101(e) of the Illinois Pension Code, using the projected interest cost of the bond or note issue as the discount rate to calculate the estimated net present value savings;

(C) the amount of the estimated net present value savings comparing the true interest cost of the bonds or notes with the actuarial investment return assumption of the Retirement Plan; and

(D) a certification that the net proceeds of the bonds or notes, together with anticipated earnings on contributions and deposits, will be sufficient to reasonably conclude on an actuarial basis that the total retirement assets of the Retirement Plan will not be less than 90% of its liabilities by the end of fiscal year 2059.

(4) The Authority shall submit a financial analysis prepared by an independent advisor. The financial analysis must include a determination that the issuance of bonds is in the best interest of the Retirement Plan for Chicago Transit Authority Employees and the Chicago Transit Authority. The independent advisor shall not act as underwriter or receive a legal, consulting, or other fee related to the issuance of any bond or notes issued by the Authority pursuant to Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~ except compensation due for the preparation of the financial analysis.

(5) Retiree Health Care Trust Documentation. The Authority shall submit a certification that:

(A) it is legally authorized to issue the bonds or notes;

(B) scheduled annual payments of principal and interest on the bonds and notes to be issued meets the requirements of paragraph (5) of subsection (b) of Section 12c(b)(5) of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~;

(C) no bond or note shall mature later than December 31, 2040;

(D) after payment of costs of issuance and necessary deposits to funds and accounts established with respect to debt service on the bonds or notes, the net bond and note proceeds (exclusive of any proceeds to be used to refund outstanding bonds or notes) will be deposited in the Retiree Health Care Trust and used only for the purposes required by Section 22-101B of the Illinois Pension Code; and

(E) it has entered into an intergovernmental agreement with the City of Chicago under which the City of Chicago will provide financial assistance to the Authority in an amount equal to the net receipts, after fees for costs of collection, from a tax on the privilege of transferring title to real estate in the City of Chicago in an amount up to \$1.50 per \$500 of value or fraction thereof under the provisions of Section 8-3-19 of the Illinois Municipal Code, which agreement shall be for a term expiring no earlier than the final maturity of bonds or notes that it proposes

to issue under Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~.

(6) The Board of Trustees of the Retiree Health Care Trust shall submit a certification that the Retiree Health Care Trust has been established in accordance with all applicable legal requirements, including the following:

(A) the Retiree Health Care Trust has been established and a Trust document is in effect to govern the Retiree Health Care Trust;

(B) the members of the Board of Trustees of the Retiree Health Care Trust have been appointed according to the requirements of Section 22-101B(b)(1) of the Illinois Pension Code;

(C) a health care benefit program for eligible retirees and their dependents and survivors has been established by the Board of Trustees according to the requirements of Section 22-101B(b)(2) of the Illinois Pension Code;

(D) contribution levels have been established for retirees, dependents and survivors according to the requirements of Section 22-101B(b)(5) of the Illinois Pension Code; and

(E) contribution levels have been established for employees of the Authority according to the requirements of Section 22-101B(b)(6) of the Illinois Pension Code.

(7) Actuarial Report. The Board of Trustees of the Retiree Health Care Trust shall submit an actuarial report prepared by an enrolled actuary setting forth:

(A) the method of valuation and the underlying assumptions;

(B) a comparison of the projected interest cost of the bonds or notes proposed to be issued with the actuarial investment return assumption of the Retiree Health Care Trust; and

(C) a certification that the net proceeds of the bonds or notes, together with anticipated earnings on contributions and deposits, will be sufficient to adequately fund the actuarial present value of projected benefits expected to be paid under the Retiree Health Care Trust, or a certification of the increases in contribution levels and decreases in benefit levels that would be required in order to cure any funding shortfall over a period of not more than 10 years.

(8) The Authority shall submit a financial analysis prepared by an independent advisor. The financial analysis must include a determination that the issuance of bonds is in the best interest of the Retiree Health Care Trust and the Chicago Transit Authority. The independent advisor shall not act as underwriter or receive a legal, consulting, or other fee related to the issuance of any bond or notes issued by the Authority pursuant to Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~ except compensation due for the preparation of the financial analysis.

(b) The Auditor General shall examine the information submitted pursuant to Section 3-2.3(a)(1) through (4) and submit a report to the General Assembly, the Legislative Audit Commission, the Governor, the Northern Illinois Transit Authority ~~Regional Transportation Authority~~ and the Authority indicating whether (i) the required certifications by the Authority and the Board of Trustees of the Retirement Plan have been made, and (ii) the actuarial reports have been provided, the reports include all required information, the assumptions underlying those reports are not unreasonable in the aggregate, and the reports appear to comply with all pertinent professional standards, including those issued by the Actuarial Standards Board. The Auditor General shall submit such report no later than 60 days after receiving the information required to be submitted by the Authority and the Board of Trustees of the Retirement Plan. Any bonds or notes issued by the Authority under item (1) of subsection (b) of Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~ shall be issued within 120 days after receiving such report from the Auditor General. The Authority may not issue bonds or notes until it receives the report from the Auditor General indicating the above requirements have been met.

(c) The Auditor General shall examine the information submitted pursuant to Section 3-2.3(a)(5) through (8) and submit a report to the General Assembly, the Legislative Audit Commission, the Governor, the Northern Illinois Transit Authority ~~Regional Transportation Authority~~ and the Authority indicating whether (i) the required certifications by the Authority and the Board of Trustees of the Retiree Health Care Trust have been made, and (ii) the actuarial reports have been provided, the reports include all required information, the assumptions underlying those reports are not unreasonable in the aggregate, and the reports appear to comply with all pertinent professional standards, including those issued by the Actuarial Standards Board. The Auditor General shall submit such report no later than 60 days after receiving the information required to be submitted by the Authority and the Board of Trustees of the Retiree Health Care Trust. Any bonds or notes issued by the Authority under item (2) of subsection (b) of Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~ shall be issued within 120 days after receiving

such report from the Auditor General. The Authority may not issue bonds or notes until it receives a report from the Auditor General indicating the above requirements have been met.

(d) In fulfilling this duty, after receiving the information submitted pursuant to Section 3-2.3(a), the Auditor General may request additional information and support pertaining to the data and conclusions contained in the submitted documents and the Authority, the Board of Trustees of the Retirement Plan and the Board of Trustees of the Retiree Health Care Trust shall cooperate with the Auditor General and provide additional information as requested in a timely manner. The Auditor General may also request from the Northern Illinois Transit Authority ~~Regional Transportation Authority~~ an analysis of the information submitted by the Authority relating to the sources of funds to be utilized for payment of the proposed bonds or notes of the Authority. The Auditor General's report shall not be in the nature of a post-audit or examination and shall not lead to the issuance of an opinion as that term is defined in generally accepted government auditing standards.

(e) Annual Retirement Plan Submission to Auditor General. The Board of Trustees of the Retirement Plan for Chicago Transit Authority Employees established by Section 22-101 of the Illinois Pension Code shall provide the following documents to the Auditor General annually no later than September 30:

(1) the most recent audit or examination of the Retirement Plan;

(2) an annual statement containing the information specified in Section 1A-109 of the Illinois Pension Code; and

(3) a complete actuarial statement applicable to the prior plan year, which may be the annual report of an enrolled actuary retained by the Retirement Plan specified in Section 22-101(e) of the Illinois Pension Code.

The Auditor General shall annually examine the information provided pursuant to this subsection and shall submit a report of the analysis thereof to the General Assembly, including the report specified in Section 22-101(e) of the Illinois Pension Code.

(f) The Auditor General shall annually examine the information submitted pursuant to Section 22-101B(b)(3)(iii) of the Illinois Pension Code and shall prepare the determination specified in Section 22-101B(b)(3)(iv) of the Illinois Pension Code.

(g) In fulfilling the duties under Sections 3-2.3(e) and (f), the Auditor General may request additional information and support pertaining to the data and conclusions contained in the submitted documents, and the Authority, the Board of Trustees of the Retirement Plan, and the Board of Trustees of the Retiree Health Care Trust shall cooperate with the Auditor General and provide additional information as requested in a timely manner. The Auditor General's review shall not be in the nature of a post-audit or examination and shall not lead to the issuance of an opinion as that term is defined in generally accepted government auditing standards. Upon request of the Auditor General, the Commission on Government Forecasting and Accountability and the Public Pension Division of the Department of Insurance shall cooperate with and assist the Auditor General in the conduct of his review.

(h) The Auditor General shall submit a bill to the Authority for costs associated with the examinations and reports specified in subsections (b) and (c) of this Section 3-2.3, which the Authority shall reimburse in a timely manner. The costs associated with the examinations and reports which are reimbursed by the Authority shall constitute a cost of issuance of the bonds or notes under Section 12c(b)(1) and (2) of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~. The amount received shall be deposited into the fund or funds from which such costs were paid by the Auditor General. The Auditor General shall submit a bill to the Retirement Plan for Chicago Transit Authority Employees for costs associated with the examinations and reports specified in subsection (e) of this Section, which the Retirement Plan for Chicago Transit Authority Employees shall reimburse in a timely manner. The amount received shall be deposited into the fund or funds from which such costs were paid by the Auditor General. The Auditor General shall submit a bill to the Retiree Health Care Trust for costs associated with the determination specified in subsection (f) of this Section, which the Retiree Health Care Trust shall reimburse in a timely manner. The amount received shall be deposited into the fund or funds from which such costs were paid by the Auditor General.

Section 25-45. The Illinois Pension Code is amended by changing Sections 8-230.1, 11-221.1, 18-112, and 22-101 as follows:

(40 ILCS 5/8-230.1) (from Ch. 108 1/2, par. 8-230.1)

Sec. 8-230.1. Right of employees to contribute for certain other service. Any employee in the service, after having made contributions covering a period of 10 or more years to the annuity and benefit fund herein provided for, may elect to pay for and receive credit for all annuity purposes for service theretofore rendered by the employee to the Chicago Transit Authority created by the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~ or its predecessor public utilities; provided that the last 5 years of service prior to retirement on annuity shall have been as an employee of the City and a contributor to this Fund. Such service credit may be paid for and granted on the same basis and conditions as are applicable in the case of employees who make payment for past service under the provisions of Section 8-230, but on the assumption that the employee's salary throughout all of his or her service with the Authority or its predecessor public utilities was at the rate of the employee's salary at the later of the date of his or her entrance or reentrance into the service as a municipal employee, as applicable. In no event, however, shall such service be credited if the employee has not forfeited and relinquished pension credit for service covering such period under any pension or retirement plan applicable to the Authority or its predecessor public utilities and instituted and maintained by the Authority or its predecessor public utilities for the benefit of its employees.

(Source: P.A. 103-455, eff. 1-1-24.)

(40 ILCS 5/11-221.1) (from Ch. 108 1/2, par. 11-221.1)

Sec. 11-221.1. Right of employees to contribute for certain other service. Any employee in the service, after having made contributions covering a period of 10 or more years to the annuity and benefit fund herein provided for, may elect to pay for and receive credit for all annuity purposes for service theretofore rendered by the employee to the Chicago Transit Authority created by the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~; provided that if the employee has more than 10 years of such service, only the last 10 years of such service shall be credited. Such service credit may be paid for and granted on the same basis and conditions as are applicable in the case of employees who make payment for past service under the provisions of Section 11-221, but on the assumption that the employee's salary throughout all of his or her service with the Authority was at the rate of the employee's salary at the date of his or her entrance into the service as an employee. In no event, however, shall such service be credited if the employee has not forfeited and relinquished pension credit for service covering such period under any pension or retirement plan applicable to the Authority and instituted and maintained by the Authority for the benefit of its employees.

(Source: P.A. 90-655, eff. 7-30-98.)

(40 ILCS 5/18-112) (from Ch. 108 1/2, par. 18-112)

Sec. 18-112. Service. "Service": The period beginning on the day a person first became a judge, whether prior or subsequent to the effective date, and ending on the date under consideration, excluding all intervening periods during which he or she was not a judge following resignation or expiration of any term of election or appointment.

Service also includes the following: (a) Any period prior to January 1, 1964 during which a judge served as a justice of the peace, police magistrate or master in chancery, or as a civil referee, commissioner or trial assistant to the chief judge in the Municipal Court of Chicago, or performed judicial duties as an assistant to the judge of the Probate Court of Cook County. A judge shall be entitled to credit for all or as much as the judge may desire of such service, not exceeding 8 years, upon payment of the participant's contribution covering such service at the contribution rates in effect on July 1, 1969, together with interest at 4% per annum compounded annually, from the dates the service was rendered to the date of payment, provided credit for such service had not been granted in any public pension fund or retirement system in the State. The required contributions shall be based upon the rate of salary in effect for the judge on the date he or she entered the system or on January 1, 1964, whichever is later.

(b) Service rendered after January 1, 1964, as a holdover magistrate or master in chancery of the Circuit Court. A judge shall be entitled to credit for any period of such service, not exceeding a total of 8 years, together with the period of service taken into account in paragraph (a). Service credit under this paragraph is subject to the same contribution requirements and other limitations that are prescribed for service credit under paragraph (a).

(c) Any period that a participant served as a member of the General Assembly, subject to the following conditions:

(1) He or she has been a participant in this system for at least 4 years and has contributed to the system for service rendered as a member of the General Assembly subsequent to November 1, 1941, at the contribution rates in effect for a judge on the date of becoming a participant, including interest at 3% per

annum compounded annually from the date such service was rendered to the date of payment, based on the salary in effect during such period of service; and

(2) The participant is not entitled to credit for such service in any other public retirement system in the State.

(d) Any period a participant served as a judge or commissioner of the Court of Claims of this State after November 1, 1941, provided he or she contributes to the system at the contribution rates in effect on the date of becoming a participant, based on salary received during such service, including interest at 3% per annum compounded annually from the date such service was rendered to the date of payment.

(e) Any period that a participant served as State's Attorney or Public Defender of any county of this State, subject to the following conditions: (1) such service was not credited under any public pension fund or retirement system; (2) the maximum service to be credited in this system shall be 8 years; (3) the participant must have at least 6 years of service as a judge and as a participant of this system; and (4) the participant has made contributions to the system for such service at the contribution rates in effect on the date of becoming a participant in this system based upon the salary of the judge on such date, including interest at 4% per annum compounded annually from such date to the date of payment.

A judge who terminated service before January 26, 1988 and whose retirement annuity began after January 1, 1988 may establish credit for service as a Public Defender in accordance with the other provisions of this subsection by making application and paying the required contributions to the Board not later than 30 days after August 23, 1989. In such cases, the Board shall recalculate the retirement annuity, effective on the first day of the next calendar month beginning at least 30 days after the application is received.

(f) Any period as a participating policeman, employee or teacher under Article 5, 14 or 16 of this Code, subject to the following conditions: (1) the credits accrued under Article 5, 14 or 16 have been transferred to this system; and (2) the participant has contributed to the system an amount equal to (A) contributions at the rate in effect for participants at the date of membership in this system based upon the salary of the judge on such date, (B) the employer's share of the normal cost under this system for each year that credit is being established, based on the salary in effect at the date of membership in this system, and (C) interest at 6% per annum, compounded annually, from the date of membership to the date of payment; less (D) the amount transferred on behalf of the participant from Article 5, 14 or 16.

(g) Any period that a participant served as the Administrative Director of the Circuit Court of Cook County, as Executive Director of the Home Rule Commission, as assistant corporation counsel in the Chicago Law Department, or as an employee of the Cook County Treasurer, subject to the following conditions: (1) the maximum amount of such service which may be credited is 10 years; (2) in order to qualify for such credit in this system, a judge must have at least 6 years of service as a judge and participant of this system; (3) the last 6 years of service credited in this system shall be as a judge and a participant in this system; (4) credits accrued to the participant under any other public pension fund or public retirement system in the State, if any, by reason of the service to be established under this paragraph (g) has been transferred to this system; and (5) the participant has contributed to this system the amount, if any, by which the amount transferred pursuant to subdivision (4) of this paragraph, if any, is less than the amount which the participant would have contributed to the system during the period of time being counted as service under this paragraph had the participant been a judge participating in this system during that time, based on the rate of contribution in effect and the salary earned by the participant on the date he or she became a participant, with interest accruing on such deficiency at a rate of 5% per annum from the date he or she became a participant through the date on which such deficiency is paid.

(h) Any period that a participant served as a full-time attorney employed by the Chicago Transit Authority created by the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~, subject to the following conditions: (1) any credit received for such service in the pension fund established under Section 22-101 has been terminated; (2) the maximum amount of such service to be credited in this system shall be 10 years; (3) the participant must have at least 6 years of service as a judge and as a participant of this system; and (4) the participant has made contributions to the system for such service at the contribution rates in effect on the date of becoming a participant in this system based upon the salary of the judge on such date, including interest at 5% per annum compounded annually from such date to the date of payment.

(i) Any period during which a participant received temporary total disability benefit payments, as provided in Section 18-126.1.

Service during a fraction of a month shall be considered a month of service, but no more than one month of service shall be credited for all service during any calendar month.

(40 ILCS 5/22-101) (from Ch. 108 1/2, par. 22-101)

Sec. 22-101. Retirement Plan for Chicago Transit Authority Employees.

(a) There shall be established and maintained by the Authority created by the Chicago Transit Authority Act "~~Metropolitan Transit Authority Act~~", approved April 12, 1945, as amended, (referred to in this Section as the "Authority;") a financially sound pension and retirement system adequate to provide for all payments when due under such established system or as modified from time to time by ordinance of the Chicago Transit Board or collective bargaining agreement. For this purpose, the Board must make contributions to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement. The participating employees shall make such periodic payments to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement.

Provisions shall be made by the Board for all officers, except those who first become members on or after January 1, 2012, and employees of the Authority appointed pursuant to the Chicago Transit Authority Act "~~Metropolitan Transit Authority Act~~" to become, subject to reasonable rules and regulations, participants of the pension or retirement system with uniform rights, privileges, obligations and status as to the class in which such officers and employees belong. The terms, conditions and provisions of any pension or retirement system or of any amendment or modification thereof affecting employees who are members of any labor organization may be established, amended or modified by agreement with such labor organization, provided the terms, conditions and provisions must be consistent with this Act, the annual funding levels for the retirement system established by law must be met and the benefits paid to future participants in the system may not exceed the benefit ceilings set for future participants under this Act and the contribution levels required by the Authority and its employees may not be less than the contribution levels established under this Act.

(b) The Board of Trustees shall consist of 11 members appointed as follows: (i) 5 trustees shall be appointed by the Chicago Transit Board; (ii) 3 trustees shall be appointed by an organization representing the highest number of Chicago Transit Authority participants; (iii) one trustee shall be appointed by an organization representing the second-highest number of Chicago Transit Authority participants; (iv) one trustee shall be appointed by the recognized coalition representatives of participants who are not represented by an organization with the highest or second-highest number of Chicago Transit Authority participants; and (v) one trustee shall be selected by the ~~Northern Illinois Transit Authority Board~~ Regional Transportation Authority Board of Directors, and the trustee shall be a professional fiduciary who has experience in the area of collectively bargained pension plans. Trustees shall serve until a successor has been appointed and qualified, or until resignation, death, incapacity, or disqualification.

Any person appointed as a trustee of the board shall qualify by taking an oath of office that he or she will diligently and honestly administer the affairs of the system and will not knowingly violate or willfully permit the violation of any of the provisions of law applicable to the Plan, including Sections 1-109, 1-109.1, 1-109.2, 1-110, 1-111, 1-114, and 1-115 of the Illinois Pension Code.

Each trustee shall cast individual votes, and a majority vote shall be final and binding upon all interested parties, provided that the Board of Trustees may require a supermajority vote with respect to the investment of the assets of the Retirement Plan, and may set forth that requirement in the Retirement Plan documents, by-laws, or rules of the Board of Trustees. Each trustee shall have the rights, privileges, authority, and obligations as are usual and customary for such fiduciaries.

The Board of Trustees may cause amounts on deposit in the Retirement Plan to be invested in those investments that are permitted investments for the investment of moneys held under any one or more of the pension or retirement systems of the State, any unit of local government or school district, or any agency or instrumentality thereof. The Board, by a vote of at least two-thirds of the trustees, may transfer investment management to the Illinois State Board of Investment, which is hereby authorized to manage these investments when so requested by the Board of Trustees.

Notwithstanding any other provision of this Article or any law to the contrary, any person who first becomes a member of the Chicago Transit Board on or after January 1, 2012 shall not be eligible to participate in this Retirement Plan.

(c) All individuals who were previously participants in the Retirement Plan for Chicago Transit Authority Employees shall remain participants, and shall receive the same benefits established by the Retirement Plan for Chicago Transit Authority Employees, except as provided in this amendatory Act or by subsequent legislative enactment or amendment to the Retirement Plan. For Authority employees hired on

or after the effective date of this amendatory Act of the 95th General Assembly, the Retirement Plan for Chicago Transit Authority Employees shall be the exclusive retirement plan and such employees shall not be eligible for any supplemental plan, except for a deferred compensation plan funded only by employee contributions.

For all Authority employees who are first hired on or after the effective date of this amendatory Act of the 95th General Assembly and are participants in the Retirement Plan for Chicago Transit Authority Employees, the following terms, conditions and provisions with respect to retirement shall be applicable:

(1) Such participant shall be eligible for an unreduced retirement allowance for life upon the attainment of age 64 with 25 years of continuous service.

(2) Such participant shall be eligible for a reduced retirement allowance for life upon the attainment of age 55 with 10 years of continuous service.

(3) For the purpose of determining the retirement allowance to be paid to a retiring employee, the term "Continuous Service" as used in the Retirement Plan for Chicago Transit Authority Employees shall also be deemed to include all pension credit for service with any retirement system established under Article 8 or Article 11 of this Code, provided that the employee forfeits and relinquishes all pension credit under Article 8 or Article 11 of this Code, and the contribution required under this subsection is made by the employee. The Retirement Plan's actuary shall determine the contribution paid by the employee as an amount equal to the normal cost of the benefit accrued, had the service been rendered as an employee, plus interest per annum from the time such service was rendered until the date the payment is made.

(d) From the effective date of this amendatory Act through December 31, 2008, all participating employees shall contribute to the Retirement Plan in an amount not less than 6% of compensation, and the Authority shall contribute to the Retirement Plan in an amount not less than 12% of compensation.

(e)(1) Beginning January 1, 2009 the Authority shall make contributions to the Retirement Plan in an amount equal to twelve percent (12%) of compensation and participating employees shall make contributions to the Retirement Plan in an amount equal to six percent (6%) of compensation. These contributions may be paid by the Authority and participating employees on a payroll or other periodic basis, but shall in any case be paid to the Retirement Plan at least monthly.

(2) For the period ending December 31, 2040, the amount paid by the Authority in any year with respect to debt service on bonds issued for the purposes of funding a contribution to the Retirement Plan under Section 12c of the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~, other than debt service paid with the proceeds of bonds or notes issued by the Authority for any year after calendar year 2008, shall be treated as a credit against the amount of required contribution to the Retirement Plan by the Authority under subsection (e)(1) for the following year up to an amount not to exceed 6% of compensation paid by the Authority in that following year.

(3) By September 15 of each year beginning in 2009 and ending on December 31, 2039, on the basis of a report prepared by an enrolled actuary retained by the Plan, the Board of Trustees of the Retirement Plan shall determine the estimated funded ratio of the total assets of the Retirement Plan to its total actuarially determined liabilities. A report containing that determination and the actuarial assumptions on which it is based shall be filed with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois, and the Northern Illinois Transit Authority ~~Regional Transportation Authority~~. If the funded ratio is projected to decline below 60% in any year before 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60% and include that determination in its report. If the actual funded ratio declines below 60% in any year prior to 2040, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll during the years after the then current year using the projected unit credit actuarial cost method so the funded ratio is projected to reach at least 60% no later than 10 years after the then current year and include that determination in its report. Within 60 days after receiving the report, the Auditor General shall review the determination and the assumptions on which it is based, and if he finds that the determination and the assumptions on which it is based are unreasonable in the aggregate, he shall issue a new determination of the funded ratio, the assumptions on which it is based and the increased contribution required each year as a level percentage of payroll over the years remaining until 2040 using the projected unit credit actuarial cost method so the funded ratio does not decline below 60%, or, in the event of an actual decline below 60%, so the funded ratio is projected to reach 60% by no later than 10 years after the then current year. If the Board of Trustees or the Auditor General determine that

an increased contribution is required to meet the funded ratio required by the subsection, effective January 1 following the determination or 30 days after such determination, whichever is later, one-third of the increased contribution shall be paid by participating employees and two-thirds by the Authority, in addition to the contributions required by this subsection (1).

(4) For the period beginning 2040, the minimum contribution to the Retirement Plan for each fiscal year shall be an amount determined by the Board of Trustees of the Retirement Plan to be sufficient to bring the total assets of the Retirement Plan up to 90% of its total actuarial liabilities by the end of 2059. Participating employees shall be responsible for one-third of the required contribution and the Authority shall be responsible for two-thirds of the required contribution. In making these determinations, the Board of Trustees shall calculate the required contribution each year as a level percentage of payroll over the years remaining to and including fiscal year 2059 using the projected unit credit actuarial cost method. A report containing that determination and the actuarial assumptions on which it is based shall be filed by September 15 of each year with the Authority, the representatives of its participating employees, the Auditor General of the State of Illinois and the ~~Northern Illinois Transit Authority~~ ~~Regional Transportation Authority~~. If the funded ratio is projected to fail to reach 90% by December 31, 2059, the Board of Trustees shall also determine the increased contribution required each year as a level percentage of payroll over the years remaining until December 31, 2059 using the projected unit credit actuarial cost method so the funded ratio will meet 90% by December 31, 2059 and include that determination in its report. Within 60 days after receiving the report, the Auditor General shall review the determination and the assumptions on which it is based and if he finds that the determination and the assumptions on which it is based are unreasonable in the aggregate, he shall issue a new determination of the funded ratio, the assumptions on which it is based and the increased contribution required each year as a level percentage of payroll over the years remaining until December 31, 2059 using the projected unit credit actuarial cost method so the funded ratio reaches no less than 90% by December 31, 2059. If the Board of Trustees or the Auditor General determine that an increased contribution is required to meet the funded ratio required by this subsection, effective January 1 following the determination or 30 days after such determination, whichever is later, one-third of the increased contribution shall be paid by participating employees and two-thirds by the Authority, in addition to the contributions required by subsection (e)(1).

(5) Beginning in 2060, the minimum contribution for each year shall be the amount needed to maintain the total assets of the Retirement Plan at 90% of the total actuarial liabilities of the Plan, and the contribution shall be funded two-thirds by the Authority and one-third by the participating employees in accordance with this subsection.

(f) The Authority shall take the steps necessary to comply with Section 414(h)(2) of the Internal Revenue Code of 1986, as amended, to permit the pick-up of employee contributions under subsections (d) and (e) on a tax-deferred basis.

(g) The Board of Trustees shall certify to the Governor, the General Assembly, the Auditor General, the Board of the ~~Northern Illinois Transit Authority~~ ~~Regional Transportation Authority~~, and the Authority at least 90 days prior to the end of each fiscal year the amount of the required contributions to the retirement system for the next retirement system fiscal year under this Section. The certification shall include a copy of the actuarial recommendations upon which it is based. In addition, copies of the certification shall be sent to the Commission on Government Forecasting and Accountability and the Mayor of Chicago.

(h)(1) As to an employee who first becomes entitled to a retirement allowance commencing on or after November 30, 1989, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) One and seventy-five hundredths percent (1.75%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(2) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 1993, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) One and eighty hundredths percent (1.80%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(3) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 1994, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) One and eighty-five hundredths percent (1.85%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(4) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 2000, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) Two percent (2%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

Provided, however that:

(5) As to an employee who first becomes entitled to a retirement allowance commencing on or after January 1, 2001, the retirement allowance shall be the amount determined in accordance with the following formula:

(A) One percent (1%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each full year of continuous service from the date of original employment to the effective date of the Plan; plus

(B) Two and fifteen hundredths percent (2.15%) of his "Average Annual Compensation in the highest four (4) completed Plan Years" for each year (including fractions thereof to completed calendar months) of continuous service as provided for in the Retirement Plan for Chicago Transit Authority Employees.

The changes made by this amendatory Act of the 95th General Assembly, to the extent that they affect the rights or privileges of Authority employees that are currently the subject of collective bargaining, have been agreed to between the authorized representatives of these employees and of the Authority prior to enactment of this amendatory Act, as evidenced by a Memorandum of Understanding between these representatives that will be filed with the Secretary of State Index Department and designated as "95-GA-C05". The General Assembly finds and declares that those changes are consistent with 49 U.S.C. 5333(b) (also known as Section 13(c) of the Federal Transit Act) because of this agreement between authorized representatives of these employees and of the Authority, and that any future amendments to the provisions of this amendatory Act of the 95th General Assembly, to the extent those amendments would affect the rights and privileges of Authority employees that are currently the subject of collective bargaining, would be consistent with 49 U.S.C. 5333(b) if and only if those amendments were agreed to between these authorized representatives prior to enactment.

(i) Early retirement incentive plan; funded ratio.

(1) Beginning on the effective date of this Section, no early retirement incentive shall be offered to participants of the Plan unless the Funded Ratio of the Plan is at least 80% or more.

(2) For the purposes of this Section, the Funded Ratio shall be the Adjusted Assets divided by the Actuarial Accrued Liability developed in accordance with Statement #25 promulgated by the

Government Accounting Standards Board and the actuarial assumptions described in the Plan. The Adjusted Assets shall be calculated based on the methodology described in the Plan.

(j) Nothing in this amendatory Act of the 95th General Assembly shall impair the rights or privileges of Authority employees under any other law.

(k) Any individual who, on or after August 19, 2011 (the effective date of Public Act 97-442), first becomes a participant of the Retirement Plan shall not be paid any of the benefits provided under this Code if he or she is convicted of a felony relating to, arising out of, or in connection with his or her service as a participant.

This subsection (k) shall not operate to impair any contract or vested right acquired before August 19, 2011 (the effective date of Public Act 97-442) under any law or laws continued in this Code, and it shall not preclude the right to refund.

(Source: P.A. 97-442, eff. 8-19-11; 97-609, eff. 1-1-12; 97-813, eff. 7-13-12.)

Section 25-60. The Telecommunication Devices for the Deaf Act is amended by changing Section 2 as follows:

(410 ILCS 55/2) (from Ch. 111 1/2, par. 4202)

Sec. 2. As used in this Act, unless the context otherwise requires:

(a) "Telecommunication device for the deaf" means a teletypewriter or other instrument for telecommunication in which speaking or hearing is not required for communication.

(b) "Public Safety Agency" means any unit of local government or special purpose district within the State which has authority to provide firefighting, police, or other emergency services.

(c) "Department" means the Department of Human Services.

(d) "Major public transportation site" means any airport or railroad station in the State providing commercial rail or airline service to the general public, that serves and is located within 20 miles of a municipality with a population of 25,000 or more, except for any facility under the jurisdiction of the Commuter Rail Division created by the Northern Illinois Transit Regional Transportation Authority Act or the Chicago Transit Authority created by the Chicago Transit Authority Act ~~Metropolitan Transit Authority Act~~.

(e) "General traveling public" are individuals making use of the commercial rail and airline services which are provided at major public transportation sites.

(Source: P.A. 89-507, eff. 7-1-97.)

Section 25-65. The Illinois Highway Code is amended by changing Sections 5-701.8 and 7-202.14 as follows:

(605 ILCS 5/5-701.8) (from Ch. 121, par. 5-701.8)

Sec. 5-701.8. Any county board may also turn over a portion of the motor fuel tax funds allotted to it to: (a) a local Mass Transit District if the county created such District pursuant to the "Local Mass Transit District Act", ~~approved July 21, 1959, as now or hereafter amended;~~

(b) a local Transit Commission if such commission is created pursuant to Section 14-101 of The Public Utilities Act; or

(c) the Chicago Transit Authority established pursuant to the Chicago Transit Authority Act "~~Metropolitan Transit Authority Act~~", ~~approved April 12, 1945, as now or hereafter amended.~~

(Source: P.A. 85-1209.)

(605 ILCS 5/7-202.14) (from Ch. 121, par. 7-202.14)

Sec. 7-202.14. Any municipality may by ordinance of the corporate authorities turn over a portion of its allotment to:

(a) a local Mass Transit District if the municipality created such a District pursuant to the "Local Mass Transit District Act", ~~approved July 21, 1959, as now or hereafter amended;~~

(b) a local Transit Commission if the municipality established such commission pursuant to Section 14-101 of The Public Utilities Act; or

(c) the Chicago Transit Authority established pursuant to the Chicago Transit Authority Act "~~Metropolitan Transit Authority Act~~", ~~approved April 12, 1945, as now or hereafter amended.~~

(Source: P.A. 85-1209.)

Section 25-70. The Criminal Code of 2012 is amended by changing Section 21-5 as follows:

(720 ILCS 5/21-5) (from Ch. 38, par. 21-5)

Sec. 21-5. Criminal trespass to State supported land.

(a) A person commits criminal trespass to State supported land when he or she enters upon land supported in whole or in part with State funds, or federal funds administered or granted through State agencies or any building on the land, after receiving, prior to the entry, notice from the State or its representative that the entry is forbidden, or remains upon the land or in the building after receiving notice from the State or its representative to depart, and who thereby interferes with another person's lawful use or enjoyment of the building or land.

A person has received notice from the State within the meaning of this subsection if he or she has been notified personally, either orally or in writing, or if a printed or written notice forbidding entry to him or her or a group of which he or she is a part, has been conspicuously posted or exhibited at the main entrance to the land or the forbidden part thereof.

(a-5) A person commits criminal trespass to State supported land when he or she enters upon a right of way, including facilities and improvements thereon, owned, leased, or otherwise used by a public body or district organized under the Chicago Metropolitan Transit Authority Act, the Local Mass Transit District Act, or the Northern Illinois Transit Regional Transportation Authority Act, after receiving, prior to the entry, notice from the public body or district, or its representative, that the entry is forbidden, or the person remains upon the right of way after receiving notice from the public body or district, or its representative, to depart, and in either of these instances intends to compromise public safety by causing a delay in transit service lasting more than 15 minutes or destroying property.

A person has received notice from the public body or district within the meaning of this subsection if he or she has been notified personally, either orally or in writing, or if a printed or written notice forbidding entry to him or her has been conspicuously posted or exhibited at any point of entrance to the right of way or the forbidden part of the right of way.

As used in this subsection (a-5), "right of way" has the meaning ascribed to it in Section 18c-7502 of the Illinois Vehicle Code.

(b) A person commits criminal trespass to State supported land when he or she enters upon land supported in whole or in part with State funds, or federal funds administered or granted through State agencies or any building on the land by presenting false documents or falsely representing his or her identity orally to the State or its representative in order to obtain permission from the State or its representative to enter the building or land; or remains upon the land or in the building by presenting false documents or falsely representing his or her identity orally to the State or its representative in order to remain upon the land or in the building, and who thereby interferes with another person's lawful use or enjoyment of the building or land.

This subsection does not apply to a peace officer or other official of a unit of government who enters upon land supported in whole or in part with State funds, or federal funds administered or granted through State agencies or any building on the land in the performance of his or her official duties.

(c) Sentence. Criminal trespass to State supported land is a Class A misdemeanor, except a violation of subsection (a-5) of this Section is a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation.

(Source: P.A. 97-1108, eff. 1-1-13; 98-748, eff. 1-1-15.)

Section 25-80. The Local Governmental and Governmental Employees Tort Immunity Act is amended by changing Section 2-101 as follows:

(745 ILCS 10/2-101) (from Ch. 85, par. 2-101)

Sec. 2-101. Nothing in this Act affects the right to obtain relief other than damages against a local public entity or public employee. Nothing in this Act affects the liability, if any, of a local public entity or public employee, based on:

a contract;

b operation as a common carrier; and this Act does not apply to any entity organized under or subject to the Chicago Transit Authority Act "~~Metropolitan Transit Authority Act~~", ~~approved April 12, 1945, as amended;~~

c The "Workers' Compensation Act", ~~approved July 9, 1951, as heretofore or hereafter amended;~~

d The "Workers' Occupational Diseases Act", ~~approved July 9, 1951, as heretofore or hereafter amended;~~

e Section 1-4-7 of the "Illinois Municipal Code", ~~approved May 29, 1961, as heretofore or hereafter amended.~~

f The "Illinois Uniform Conviction Information Act", ~~enacted by the 85th General Assembly, as heretofore or hereafter amended.~~
(Source: P.A. 85-922.)

Section 25-85. The Illinois Wage Payment and Collection Act is amended by changing Section 9 as follows:

(820 ILCS 115/9) (from Ch. 48, par. 39m-9)

Sec. 9. Except as hereinafter provided, deductions by employers from wages or final compensation are prohibited unless such deductions are (1) required by law; (2) to the benefit of the employee; (3) in response to a valid wage assignment or wage deduction order; (4) made with the express written consent of the employee, given freely at the time the deduction is made; (5) made by a municipality with a population of 500,000 or more, a county with a population of 3,000,000 or more, a community college district in a city with a population of 500,000 or more, a housing authority in a municipality with a population of 500,000 or more, the Chicago Park District, the Chicago Transit Authority Act ~~Metropolitan Transit Authority~~, the Chicago Board of Education, the Cook County Forest Preserve District, or the Metropolitan Water Reclamation District to pay a debt owed by the employee to a municipality with a population of 500,000 or more, a county with a population of 3,000,000 or more, the Cook County Forest Preserve, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, the Chicago Board of Education, or a housing authority of a municipality with a population of 500,000 or more; provided, however, that the amount deducted from any one salary or wage payment shall not exceed 25% of the net amount of the payment; or (6) made by a housing authority in a municipality with a population of 500,000 or more or a municipality with a population of 500,000 or more to pay a debt owed by the employee to a housing authority in a municipality with a population of 500,000 or more; provided, however, that the amount deducted from any one salary or wage payment shall not exceed 25% of the net amount of the payment. Before the municipality with a population of 500,000 or more, the community college district in a city with a population of 500,000 or more, the Chicago Park District, the Chicago Transit Authority Act ~~Metropolitan Transit Authority~~, a housing authority in a municipality with a population of 500,000 or more, the Chicago Board of Education, the county with a population of 3,000,000 or more, the Cook County Forest Preserve District, or the Metropolitan Water Reclamation District deducts any amount from any salary or wage of an employee to pay a debt owed to a municipality with a population of 500,000 or more, a county with a population of 3,000,000 or more, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, the Chicago Board of Education, or a housing authority of a municipality with a population of 500,000 or more under this Section, the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, the Chicago Board of Education, or a housing authority of a municipality with a population of 500,000 or more shall certify that (i) the employee has been afforded an opportunity for a hearing to dispute the debt that is due and owing the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, the Chicago Board of Education, or a housing authority of a municipality with a population of 500,000 or more and (ii) the employee has received notice of a wage deduction order and has been afforded an opportunity for a hearing to object to the order. Before a housing authority in a municipality with a population of 500,000 or more or a municipality with a population of 500,000 or more, a county with a population of 3,000,000 or more, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, the Chicago Board of Education, or a housing authority of a municipality with a population of 500,000 or more deducts any amount from any salary or wage of an employee to pay a debt owed to a housing authority in a municipality with a population of 500,000 or more under this Section, the housing authority shall certify that (i) the employee has been afforded an opportunity for a hearing to dispute the debt that is due and owing the housing authority and (ii) the employee has received notice of a wage deduction order and has been afforded an opportunity for a hearing to object to the order. For purposes of this Section, "net amount" means that part of the salary or wage payment remaining after the deduction of any amounts required by law to be deducted and "debt due and owing" means (i) a specified sum of money owed to the municipality, county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, the Chicago Board of Education, or housing authority for services, work, or goods, after the period granted for payment has expired, or (ii) a specified sum of money owed to the municipality, county, the Cook County Forest Preserve District, the

Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, the Chicago Board of Education or housing authority pursuant to a court order or order of an administrative hearing officer after the exhaustion of, or the failure to exhaust, judicial review; (7) the result of an excess payment made due to, but not limited to, a typographical or mathematical error made by a municipality with a population of less than 500,000 or to collect a debt owed to a municipality with a population of less than 500,000 after notice to the employee and an opportunity to be heard; provided, however, that the amount deducted from any one salary or wage payment shall not exceed 15% of the net amount of the payment. Before the municipality deducts any amount from any salary or wage of an employee to pay a debt owed to the municipality, the municipality shall certify that (i) the employee has been afforded an opportunity for a hearing, conducted by the municipality, to dispute the debt that is due and owing the municipality, and (ii) the employee has received notice of a wage deduction order and has been afforded an opportunity for a hearing, conducted by the municipality, to object to the order. For purposes of this Section, "net amount" means that part of the salary or wage payment remaining after the deduction of any amounts required by law to be deducted and "debt due and owing" means (i) a specified sum of money owed to the municipality for services, work, or goods, after the period granted for payment has expired, or (ii) a specified sum of money owed to the municipality pursuant to a court order or order of an administrative hearing officer after the exhaustion of, or the failure to exhaust, judicial review. Where the legitimacy of any deduction from wages is in dispute, the amount in question may be withheld if the employer notifies the Department of Labor on the date the payment is due in writing of the amount that is being withheld and stating the reasons for which the payment is withheld. Upon such notification the Department of Labor shall conduct an investigation and render a judgment as promptly as possible, and shall complete such investigation within 30 days of receipt of the notification by the employer that wages have been withheld. The employer shall pay the wages due upon order of the Department of Labor within 15 calendar days of issuance of a judgment on the dispute.

The Department shall establish rules to protect the interests of both parties in cases of disputed deductions from wages. Such rules shall include reasonable limitations on the amount of deductions beyond those required by law which may be made during any pay period by any employer.

In case of a dispute over wages, the employer shall pay, without condition and within the time set by this Act, all wages or parts thereof, conceded by him to be due, leaving to the employee all remedies to which he may otherwise be entitled as to any balance claimed. The acceptance by an employee of a disputed paycheck shall not constitute a release as to the balance of his claim and any release or restrictive endorsement required by an employer as a condition to payment shall be a violation of this Act and shall be void.

Article 30.

Section 30-10. The Freedom of Information Act is amended by changing Section 7.5 as follows:
(5 ILCS 140/7.5)

Sec. 7.5. Statutory exemptions. To the extent provided for by the statutes referenced below, the following shall be exempt from inspection and copying:

(a) All information determined to be confidential under Section 4002 of the Technology Advancement and Development Act.

(b) Library circulation and order records identifying library users with specific materials under the Library Records Confidentiality Act.

(c) Applications, related documents, and medical records received by the Experimental Organ Transplantation Procedures Board and any and all documents or other records prepared by the Experimental Organ Transplantation Procedures Board or its staff relating to applications it has received.

(d) Information and records held by the Department of Public Health and its authorized representatives relating to known or suspected cases of sexually transmitted infection or any information the disclosure of which is restricted under the Illinois Sexually Transmitted Infection Control Act.

(e) Information the disclosure of which is exempted under Section 30 of the Radon Industry Licensing Act.

(f) Firm performance evaluations under Section 55 of the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act.

[May 31, 2025]

(g) Information the disclosure of which is restricted and exempted under Section 50 of the Illinois Prepaid Tuition Act.

(h) Information the disclosure of which is exempted under the State Officials and Employees Ethics Act, and records of any lawfully created State or local inspector general's office that would be exempt if created or obtained by an Executive Inspector General's office under that Act.

(i) Information contained in a local emergency energy plan submitted to a municipality in accordance with a local emergency energy plan ordinance that is adopted under Section 11-21.5-5 of the Illinois Municipal Code.

(j) Information and data concerning the distribution of surcharge moneys collected and remitted by carriers under the Emergency Telephone System Act.

(k) Law enforcement officer identification information or driver identification information compiled by a law enforcement agency or the Department of Transportation under Section 11-212 of the Illinois Vehicle Code.

(l) Records and information provided to a residential health care facility resident sexual assault and death review team or the Executive Council under the Abuse Prevention Review Team Act.

(m) Information provided to the predatory lending database created pursuant to Article 3 of the Residential Real Property Disclosure Act, except to the extent authorized under that Article.

(n) Defense budgets and petitions for certification of compensation and expenses for court appointed trial counsel as provided under Sections 10 and 15 of the Capital Crimes Litigation Act (repealed). This subsection (n) shall apply until the conclusion of the trial of the case, even if the prosecution chooses not to pursue the death penalty prior to trial or sentencing.

(o) Information that is prohibited from being disclosed under Section 4 of the Illinois Health and Hazardous Substances Registry Act.

(p) Security portions of system safety program plans, investigation reports, surveys, schedules, lists, data, or information compiled, collected, or prepared by or for the Department of Transportation under Sections 2705-300 and 2705-616 of the Department of Transportation Law of the Civil Administrative Code of Illinois, the Northern Illinois Transit ~~Regional Transportation~~ Authority under Section 2.11 of the ~~Northern Illinois Transit Regional Transportation~~ Authority Act, or the St. Clair County Transit District under the Bi-State Transit Safety Act (repealed).

(q) Information prohibited from being disclosed by the Personnel Record Review Act.

(r) Information prohibited from being disclosed by the Illinois School Student Records Act.

(s) Information the disclosure of which is restricted under Section 5-108 of the Public Utilities Act.

(t) (Blank).

(u) Records and information provided to an independent team of experts under the Developmental Disability and Mental Health Safety Act (also known as Brian's Law).

(v) Names and information of people who have applied for or received Firearm Owner's Identification Cards under the Firearm Owners Identification Card Act or applied for or received a concealed carry license under the Firearm Concealed Carry Act, unless otherwise authorized by the Firearm Concealed Carry Act; and databases under the Firearm Concealed Carry Act, records of the Concealed Carry Licensing Review Board under the Firearm Concealed Carry Act, and law enforcement agency objections under the Firearm Concealed Carry Act.

(v-5) Records of the Firearm Owner's Identification Card Review Board that are exempted from disclosure under Section 10 of the Firearm Owners Identification Card Act.

(w) Personally identifiable information which is exempted from disclosure under subsection (g) of Section 19.1 of the Toll Highway Act.

(x) Information which is exempted from disclosure under Section 5-1014.3 of the Counties Code or Section 8-11-21 of the Illinois Municipal Code.

(y) Confidential information under the Adult Protective Services Act and its predecessor enabling statute, the Elder Abuse and Neglect Act, including information about the identity and administrative finding against any caregiver of a verified and substantiated decision of abuse, neglect, or financial exploitation of an eligible adult maintained in the Registry established under Section 7.5 of the Adult Protective Services Act.

(z) Records and information provided to a fatality review team or the Illinois Fatality Review Team Advisory Council under Section 15 of the Adult Protective Services Act.

(aa) Information which is exempted from disclosure under Section 2.37 of the Wildlife Code.

- (bb) Information which is or was prohibited from disclosure by the Juvenile Court Act of 1987.
- (cc) Recordings made under the Law Enforcement Officer-Worn Body Camera Act, except to the extent authorized under that Act.
- (dd) Information that is prohibited from being disclosed under Section 45 of the Condominium and Common Interest Community Ombudsperson Act.
- (ee) Information that is exempted from disclosure under Section 30.1 of the Pharmacy Practice Act.
- (ff) Information that is exempted from disclosure under the Revised Uniform Unclaimed Property Act.
- (gg) Information that is prohibited from being disclosed under Section 7-603.5 of the Illinois Vehicle Code.
- (hh) Records that are exempt from disclosure under Section 1A-16.7 of the Election Code.
- (ii) Information which is exempted from disclosure under Section 2505-800 of the Department of Revenue Law of the Civil Administrative Code of Illinois.
- (jj) Information and reports that are required to be submitted to the Department of Labor by registering day and temporary labor service agencies but are exempt from disclosure under subsection (a-1) of Section 45 of the Day and Temporary Labor Services Act.
- (kk) Information prohibited from disclosure under the Seizure and Forfeiture Reporting Act.
- (ll) Information the disclosure of which is restricted and exempted under Section 5-30.8 of the Illinois Public Aid Code.
- (mm) Records that are exempt from disclosure under Section 4.2 of the Crime Victims Compensation Act.
- (nn) Information that is exempt from disclosure under Section 70 of the Higher Education Student Assistance Act.
- (oo) Communications, notes, records, and reports arising out of a peer support counseling session prohibited from disclosure under the First Responders Suicide Prevention Act.
- (pp) Names and all identifying information relating to an employee of an emergency services provider or law enforcement agency under the First Responders Suicide Prevention Act.
- (qq) Information and records held by the Department of Public Health and its authorized representatives collected under the Reproductive Health Act.
- (rr) Information that is exempt from disclosure under the Cannabis Regulation and Tax Act.
- (ss) Data reported by an employer to the Department of Human Rights pursuant to Section 2-108 of the Illinois Human Rights Act.
- (tt) Recordings made under the Children's Advocacy Center Act, except to the extent authorized under that Act.
- (uu) Information that is exempt from disclosure under Section 50 of the Sexual Assault Evidence Submission Act.
- (vv) Information that is exempt from disclosure under subsections (f) and (j) of Section 5-36 of the Illinois Public Aid Code.
- (ww) Information that is exempt from disclosure under Section 16.8 of the State Treasurer Act.
- (xx) Information that is exempt from disclosure or information that shall not be made public under the Illinois Insurance Code.
- (yy) Information prohibited from being disclosed under the Illinois Educational Labor Relations Act.
- (zz) Information prohibited from being disclosed under the Illinois Public Labor Relations Act.
- (aaa) Information prohibited from being disclosed under Section 1-167 of the Illinois Pension Code.
- (bbb) Information that is prohibited from disclosure by the Illinois Police Training Act and the Illinois State Police Act.
- (ccc) Records exempt from disclosure under Section 2605-304 of the Illinois State Police Law of the Civil Administrative Code of Illinois.
- (ddd) Information prohibited from being disclosed under Section 35 of the Address Confidentiality for Victims of Domestic Violence, Sexual Assault, Human Trafficking, or Stalking Act.
- (eee) Information prohibited from being disclosed under subsection (b) of Section 75 of the Domestic Violence Fatality Review Act.

(fff) Images from cameras under the Expressway Camera Act. This subsection (fff) is inoperative on and after July 1, 2025.

(ggg) Information prohibited from disclosure under paragraph (3) of subsection (a) of Section 14 of the Nurse Agency Licensing Act.

(hhh) Information submitted to the Illinois State Police in an affidavit or application for an assault weapon endorsement, assault weapon attachment endorsement, .50 caliber rifle endorsement, or .50 caliber cartridge endorsement under the Firearm Owners Identification Card Act.

(iii) Data exempt from disclosure under Section 50 of the School Safety Drill Act.

(jjj) Information exempt from disclosure under Section 30 of the Insurance Data Security Law.

(kkk) Confidential business information prohibited from disclosure under Section 45 of the Paint Stewardship Act.

(lll) Data exempt from disclosure under Section 2-3.196 of the School Code.

(mmm) Information prohibited from being disclosed under subsection (e) of Section 1-129 of the Illinois Power Agency Act.

(nnn) Materials received by the Department of Commerce and Economic Opportunity that are confidential under the Music and Musicians Tax Credit and Jobs Act.

(ooo) Data or information provided pursuant to Section 20 of the Statewide Recycling Needs and Assessment Act.

(ppp) Information that is exempt from disclosure under Section 28-11 of the Lawful Health Care Activity Act.

(qqq) Information that is exempt from disclosure under Section 7-101 of the Illinois Human Rights Act.

(rrr) Information prohibited from being disclosed under Section 4-2 of the Uniform Money Transmission Modernization Act.

(sss) Information exempt from disclosure under Section 40 of the Student-Athlete Endorsement Rights Act.

(ttt) Audio recordings made under Section 30 of the Illinois State Police Act, except to the extent authorized under that Section.

Section 30-15. The Illinois Public Labor Relations Act is amended by changing Section 5 as follows:
(5 ILCS 315/5) (from Ch. 48, par. 1605)

Sec. 5. Illinois Labor Relations Board; State Panel; Local Panel.

(a) There is created the Illinois Labor Relations Board. The Board shall be comprised of 2 panels, to be known as the State Panel and the Local Panel.

(a-5) The State Panel shall have jurisdiction over collective bargaining matters between employee organizations and the State of Illinois, excluding the General Assembly of the State of Illinois, between employee organizations and units of local government and school districts with a population not in excess of 2 million persons, and between employee organizations and the Northern Illinois Transit Regional Transportation Authority.

The State Panel shall consist of 5 members appointed by the Governor, with the advice and consent of the Senate. The Governor shall appoint to the State Panel only persons who have had a minimum of 5 years of experience directly related to labor and employment relations in representing public employers, private employers, or labor organizations; or teaching labor or employment relations; or administering executive orders or regulations applicable to labor or employment relations. At the time of his or her appointment, each member of the State Panel shall be an Illinois resident. The Governor shall designate one member to serve as the Chairman of the State Panel and the Board.

Notwithstanding any other provision of this Section, the term of each member of the State Panel who was appointed by the Governor and is in office on June 30, 2003 shall terminate at the close of business on that date or when all of the successor members to be appointed pursuant to Public Act 93-509 ~~this amendatory Act of the 93rd General Assembly~~ have been appointed by the Governor, whichever occurs

later. As soon as possible, the Governor shall appoint persons to fill the vacancies created by this amendatory Act.

The initial appointments under Public Act 93-509 ~~this amendatory Act of the 93rd General Assembly~~ shall be for terms as follows: The Chairman shall initially be appointed for a term ending on the 4th Monday in January, 2007; 2 members shall be initially appointed for terms ending on the 4th Monday in January, 2006; one member shall be initially appointed for a term ending on the 4th Monday in January, 2005; and one member shall be initially appointed for a term ending on the 4th Monday in January, 2004. Each subsequent member shall be appointed for a term of 4 years, commencing on the 4th Monday in January. Upon expiration of the term of office of any appointive member, that member shall continue to serve until a successor shall be appointed and qualified. In case of a vacancy, a successor shall be appointed to serve for the unexpired portion of the term. If the Senate is not in session at the time the initial appointments are made, the Governor shall make temporary appointments in the same manner successors are appointed to fill vacancies. A temporary appointment shall remain in effect no longer than 20 calendar days after the commencement of the next Senate session.

(b) The Local Panel shall have jurisdiction over collective bargaining agreement matters between employee organizations and units of local government with a population in excess of 2 million persons, but excluding the Northern Illinois Transit Authority ~~Regional Transportation Authority~~.

The Local Panel shall consist of one person appointed by the Governor with the advice and consent of the Senate (or, if no such person is appointed, the Chairman of the State Panel) and two additional members, one appointed by the Mayor of the City of Chicago and one appointed by the President of the Cook County Board of Commissioners. Appointees to the Local Panel must have had a minimum of 5 years of experience directly related to labor and employment relations in representing public employers, private employers, or labor organizations; or teaching labor or employment relations; or administering executive orders or regulations applicable to labor or employment relations. Each member of the Local Panel shall be an Illinois resident at the time of his or her appointment. The member appointed by the Governor (or, if no such person is appointed, the Chairman of the State Panel) shall serve as the Chairman of the Local Panel.

Notwithstanding any other provision of this Section, the term of the member of the Local Panel who was appointed by the Governor and is in office on June 30, 2003 shall terminate at the close of business on that date or when his or her successor has been appointed by the Governor, whichever occurs later. As soon as possible, the Governor shall appoint a person to fill the vacancy created by this amendatory Act. The initial appointment under Public Act 93-509 ~~this amendatory Act of the 93rd General Assembly~~ shall be for a term ending on the 4th Monday in January, 2007.

The initial appointments under Public Act 91-798 ~~this amendatory Act of the 91st General Assembly~~ shall be for terms as follows: The member appointed by the Governor shall initially be appointed for a term ending on the 4th Monday in January, 2001; the member appointed by the President of the Cook County Board shall be initially appointed for a term ending on the 4th Monday in January, 2003; and the member appointed by the Mayor of the City of Chicago shall be initially appointed for a term ending on the 4th Monday in January, 2004. Each subsequent member shall be appointed for a term of 4 years, commencing on the 4th Monday in January. Upon expiration of the term of office of any appointive member, the member shall continue to serve until a successor shall be appointed and qualified. In the case of a vacancy, a successor shall be appointed by the applicable appointive authority to serve for the unexpired portion of the term.

(c) Three members of the State Panel shall at all times constitute a quorum. Two members of the Local Panel shall at all times constitute a quorum. A vacancy on a panel does not impair the right of the remaining members to exercise all of the powers of that panel. Each panel shall adopt an official seal which shall be judicially noticed. The salary of the Chairman of the State Panel shall be \$82,429 per year, or as set by the Compensation Review Board, whichever is greater, and that of the other members of the State and Local Panels shall be \$74,188 per year, or as set by the Compensation Review Board, whichever is greater.

(d) Each member shall devote his or her entire time to the duties of the office, and shall hold no other office or position of profit, nor engage in any other business, employment, or vocation. No member shall hold any other public office or be employed as a labor or management representative by the State or any political subdivision of the State or of any department or agency thereof, or actively represent or act on behalf of an employer or an employee organization or an employer in labor relations matters. Any member of the State Panel may be removed from office by the Governor for inefficiency, neglect of duty, misconduct or malfeasance in office, and for no other cause, and only upon notice and hearing. Any member of the

Local Panel may be removed from office by the applicable appointive authority for inefficiency, neglect of duty, misconduct or malfeasance in office, and for no other cause, and only upon notice and hearing.

(e) Each panel at the end of every State fiscal year shall make a report in writing to the Governor and the General Assembly, stating in detail the work it has done to carry out the policy of the Act in hearing and deciding cases and otherwise. Each panel's report shall include:

- (1) the number of unfair labor practice charges filed during the fiscal year;
- (2) the number of unfair labor practice charges resolved during the fiscal year;
- (3) the total number of unfair labor charges pending before the Board at the end of the fiscal year;
- (4) the number of unfair labor charge cases at the end of the fiscal year that have been pending before the Board between 1 and 100 days, 101 and 150 days, 151 and 200 days, 201 and 250 days, 251 and 300 days, 301 and 350 days, 351 and 400 days, 401 and 450 days, 451 and 500 days, 501 and 550 days, 551 and 600 days, 601 and 650 days, 651 and 700 days, and over 701 days;
- (5) the number of representation cases and unit clarification cases filed during the fiscal year;
- (6) the number of representation cases and unit clarification cases resolved during the fiscal year;
- (7) the total number of representation cases and unit clarification cases pending before the Board at the end of the fiscal year;
- (8) the number of representation cases and unit clarification cases at the end of the fiscal year that have been pending before the Board between 1 and 120 days, 121 and 180 days, and over 180 days; and
- (9) the Board's progress in meeting the timeliness goals established pursuant to the criteria in subsection (j) of Section 11 of this Act; the report shall include, but is not limited to:
 - (A) the average number of days taken to complete investigations and issue complaints, dismissals, or deferrals;
 - (B) the average number of days taken for the Board to issue decisions on appeals of dismissals or deferrals;
 - (C) the average number of days taken to schedule a hearing on complaints once issued;
 - (D) the average number of days taken to issue a recommended decision and order once the record is closed;
 - (E) the average number of days taken for the Board to issue final decisions on recommended decisions ~~when~~ where exceptions have been filed;
 - (F) the average number of days taken for the Board to issue final decisions ~~decision~~ on recommended decisions when no exceptions have been filed; and
 - (G) in cases where the Board was unable to meet the timeliness goals established in subsection (j) of Section 11, an explanation as to why the goal was not met.

(f) In order to accomplish the objectives and carry out the duties prescribed by this Act, a panel or its authorized designees may hold elections to determine whether a labor organization has majority status; investigate and attempt to resolve or settle charges of unfair labor practices; hold hearings in order to carry out its functions; develop and effectuate appropriate impasse resolution procedures for purposes of resolving labor disputes; require the appearance of witnesses and the production of evidence on any matter under inquiry; and administer oaths and affirmations. The panels shall sign and report in full an opinion in every case which they decide.

(g) Each panel may appoint or employ an executive director, attorneys, hearing officers, mediators, fact-finders, arbitrators, and such other employees as it may deem necessary to perform its functions. The governing boards shall prescribe the duties and qualifications of such persons appointed and, subject to the annual appropriation, fix their compensation and provide for reimbursement of actual and necessary expenses incurred in the performance of their duties. The Board shall employ a minimum of 16 attorneys and 6 investigators.

(h) Each panel shall exercise general supervision over all attorneys which it employs and over the other persons employed to provide necessary support services for such attorneys. The panels shall have final authority in respect to complaints brought pursuant to this Act.

(i) The following rules and regulations shall be adopted by the panels meeting in joint session: (1) procedural rules and regulations which shall govern all Board proceedings; (2) procedures for election of exclusive bargaining representatives pursuant to Section 9, except for the determination of appropriate bargaining units; and (3) appointment of counsel pursuant to subsection (k) of this Section.

(j) Rules and regulations may be adopted, amended or rescinded only upon a vote of 5 of the members of the State and Local Panels meeting in joint session. The adoption, amendment, or rescission of rules and regulations shall be in conformity with the requirements of the Illinois Administrative Procedure Act.

(k) The panels in joint session shall promulgate rules and regulations providing for the appointment of attorneys or other Board representatives to represent persons in unfair labor practice proceedings before a panel. The regulations governing appointment shall require the applicant to demonstrate an inability to pay for or inability to otherwise provide for adequate representation before a panel. Such rules must also provide: (1) that an attorney may not be appointed in cases which, in the opinion of a panel, are clearly without merit; (2) the stage of the unfair labor proceeding at which counsel will be appointed; and (3) the circumstances under which a client will be allowed to select counsel.

(l) The panels in joint session may promulgate rules and regulations which allow parties in proceedings before a panel to be represented by counsel or any other representative of the party's choice.

(m) The Chairman of the State Panel shall serve as Chairman of a joint session of the panels. Attendance of at least 2 members of the State Panel and at least one member of the Local Panel, in addition to the Chairman, shall constitute a quorum at a joint session. The panels shall meet in joint session at least annually.

Section 30-20. The State Employees Group Insurance Act of 1971 is amended by changing Section 2.5 as follows:

(5 ILCS 375/2.5)

Sec. 2.5. Application to Northern Illinois Transit ~~Regional Transportation~~ Authority Board members. Notwithstanding any other provision of this Act to the contrary, this Act does not apply to any member of the Northern Illinois Transit ~~Regional Transportation~~ Authority Board who first becomes a member of that Board on or after July 23, 2013 (the effective date of Public Act 98-108) with respect to service of that Board.

(Source: P.A. 98-108, eff. 7-23-13; 98-756, eff. 7-16-14.)

Section 30-35. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Section 2310-55.5 as follows:

(20 ILCS 2310/2310-55.5)

Sec. 2310-55.5. Free and reduced fare services. The Northern Illinois Transit ~~Regional Transportation~~ Authority shall monthly provide the Department with a list of riders that receive free or reduced fares under the Northern Illinois Transit ~~Regional Transportation~~ Authority Act. The list shall include an individual's name, address, and date of birth. The Department shall, within 2 weeks after receipt of the list, report back to the Northern Illinois Transit ~~Regional Transportation~~ Authority any discrepancies that indicate that a rider receiving free or reduced fare services is deceased.

(Source: P.A. 97-781, eff. 1-1-13.)

Section 30-40. The Department of Transportation Law of the Civil Administrative Code of Illinois is amended by changing Sections 2705-300, 2705-305, 2705-310, and 2705-315 as follows:

(20 ILCS 2705/2705-300) (was 20 ILCS 2705/49.18)

Sec. 2705-300. Powers concerning mass transportation. The Department has the power to do the following:

(1) Advise and assist the Governor and the General Assembly in formulating (i) a mass transportation policy for the State, (ii) proposals designed to help meet and resolve special problems of mass transportation within the State, and (iii) programs of assistance for the comprehensive planning, development, and administration of mass transportation facilities and services.

(2) Appear and participate in proceedings before any federal, State, or local regulatory agency involving or affecting mass transportation in the State.

(3) Study mass transportation problems and provide technical assistance to units of local government.

(4) Encourage experimentation in developing new mass transportation facilities and services.

(5) Recommend policies, programs, and actions designed to improve utilization of mass transportation services.

(6) Cooperate with mass transit districts and systems, local governments, and other State agencies in meeting those problems of air, noise, and water pollution associated with transportation.

(7) Participate fully in a statewide effort to improve transport safety, including, as the designated State agency responsible for overseeing the safety and security of rail fixed guideway public transportation systems in compliance with 49 U.S.C. 5329 and 49 U.S.C. 5330:

(A) developing, adopting, and implementing a system safety program standard and procedures meeting the compliance requirements of 49 U.S.C. 5329 and 49 U.S.C. 5330, as now or hereafter amended, for the safety and security of rail fixed guideway public transportation systems within the State; and

(B) establishing procedures in accordance with 49 U.S.C. 5329 and 49 U.S.C. 5330 to review, approve, oversee, investigate, audit, and enforce all other necessary and incidental functions related to the effectuation of 49 U.S.C. 5329 and 49 U.S.C. 5330, or other federal law, pertaining to public transportation oversight. The Department may contract for the services of a qualified consultant to comply with this subsection.

The security portion of the system safety program, investigation reports, surveys, schedules, lists, or data compiled, collected, or prepared by or for the Department under this subsection shall not be subject to discovery or admitted into evidence in federal or State court or considered for other purposes in any civil action for damages arising from any matter mentioned or addressed in such reports, surveys, schedules, lists, data, or information. Except for willful or wanton conduct, neither the Department nor its employees, nor the Northern Illinois Transit ~~Regional Transportation~~ Authority, nor the St. Clair County Transit District, nor any mass transit district nor service board subject to this Section, nor their respective directors, officers, or employees, shall be held liable in any civil action for any injury to or death of any person or loss of or damage to property for any act, omission, or failure to act under this Section or 49 U.S.C. 5329 or 49 U.S.C. 5330 as now or hereafter amended.

(8) Conduct by contract or otherwise technical studies, and demonstration and development projects which shall be designed to test and develop methods for increasing public use of mass transportation and for providing mass transportation in an efficient, coordinated, and convenient manner.

(9) Make applications for, receive, and make use of grants for mass transportation.

(10) Make grants for mass transportation from the Transportation Fund pursuant to the standards and procedures of Sections 2705-305 and 2705-310.

Nothing in this Section alleviates an individual's duty to comply with the State Officials and Employees Ethics Act.

(Source: P.A. 102-559, eff. 8-20-21.)

(20 ILCS 2705/2705-305)

Sec. 2705-305. Grants for mass transportation.

(a) For the purpose of mass transportation grants and contracts, the following definitions apply:

"Carrier" means any corporation, authority, partnership, association, person, or district authorized to provide mass transportation within the State.

"District" means all of the following:

(i) Any district created pursuant to the Local Mass Transit District Act.

(ii) The Authority created pursuant to the Chicago Metropolitan ~~Metropolitan~~ Transit Authority Act.

(iii) Any authority, commission, or other entity that by virtue of an interstate compact approved by Congress is authorized to provide mass transportation.

(iv) The Authority created pursuant to the Northern Illinois Transit ~~Regional Transportation~~ Authority Act.

"Facilities" comprise all real and personal property used in or appurtenant to a mass transportation system, including parking lots.

"Mass transportation" means transportation provided within the State of Illinois by rail, bus, or other conveyance and available to the general public on a regular and continuing basis, including the transportation of persons with disabilities or elderly persons as provided more specifically in Section 2705-310.

"Unit of local government" means any city, village, incorporated town, or county.

(b) Grants may be made to units of local government, districts, and carriers for the acquisition, construction, extension, reconstruction, and improvement of mass transportation facilities. Grants shall be

made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization.

(c) The Department shall make grants under this Law in a manner designed, so far as is consistent with the maintenance and development of a sound mass transportation system within the State, to: (i) maximize federal funds for the assistance of mass transportation in Illinois under the Federal Transit Act and other federal Acts; (ii) facilitate the movement of persons who because of age, economic circumstance, or physical infirmity are unable to drive; (iii) contribute to an improved environment through the reduction of air, water, and noise pollution; and (iv) reduce traffic congestion.

(d) The Secretary shall establish procedures for making application for mass transportation grants. The procedures shall provide for public notice of all applications and give reasonable opportunity for the submission of comments and objections by interested parties. The procedures shall be designed with a view to facilitating simultaneous application for a grant to the Department and to the federal government.

(e) Grants may be made for mass transportation projects as follows:

(1) In an amount not to exceed 100% of the nonfederal share of projects for which a federal grant is made.

(2) In an amount not to exceed 100% of the net project cost for projects for which a federal grant is not made.

(3) In an amount not to exceed five-sixths of the net project cost for projects essential for the maintenance of a sound transportation system and eligible for federal assistance for which a federal grant application has been made but a federal grant has been delayed. If and when a federal grant is made, the amount in excess of the nonfederal share shall be promptly returned to the Department.

In no event shall the Department make a grant that, together with any federal funds or funds from any other source, is in excess of 100% of the net project cost.

(f) Regardless of whether any funds are available under a federal grant, the Department shall not make a mass transportation grant unless the Secretary finds that the recipient has entered into an agreement with the Department in which the recipient agrees not to engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators where those private school bus operators are able to provide adequate transportation, at reasonable rates, in conformance with applicable safety standards, provided that this requirement shall not apply to a recipient that operates a school system in the area to be served and operates a separate and exclusive school bus program for the school system.

(g) Grants may be made for mass transportation purposes with funds appropriated from the Build Illinois Bond Fund consistent with the specific purposes for which those funds are appropriated by the General Assembly. Grants under this subsection (g) are not subject to any limitations or conditions imposed upon grants by any other provision of this Section, except that the Secretary may impose the terms and conditions that in his or her judgment are necessary to ensure the proper and effective utilization of the grants under this subsection.

(h) The Department may let contracts for mass transportation purposes and facilities for the purpose of reducing urban congestion funded in whole or in part with bonds described in subdivision (b)(1) of Section 4 of the General Obligation Bond Act, not to exceed \$75,000,000 in bonds.

(i) The Department may make grants to carriers, districts, and units of local government for the purpose of reimbursing them for providing reduced fares for mass transportation services for students, persons with disabilities, and the elderly. Grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization.

(j) The Department may make grants to carriers, districts, and units of local government for costs of providing ADA paratransit service.

(Source: P.A. 99-143, eff. 7-27-15.)

(20 ILCS 2705/2705-310)

Sec. 2705-310. Grants for transportation for persons with disabilities.

(a) For the purposes of this Section, the following definitions apply:

"Carrier" means a district or a not for profit corporation providing mass transportation for persons with disabilities on a regular and continuing basis.

"Person with a disability" means any individual who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, is unable without special mass transportation facilities or special planning or design to utilize ordinary mass transportation facilities and services as effectively as persons who are not so affected.

"Unit of local government", "district", and "facilities" have the meanings ascribed to them in Section 2705-305.

(b) The Department may make grants from the Transportation Fund and the General Revenue Fund (i) to units of local government, districts, and carriers for vehicles, equipment, and the acquisition, construction, extension, reconstruction, and improvement of mass transportation facilities for persons with disabilities and (ii) during State fiscal years 1986 and 1987, to the Northern Illinois Transit ~~Regional Transportation~~ Authority for operating assistance for mass transportation for mobility limited persons, including paratransit services for the mobility limited. The grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization. The procedures, limitations, and safeguards provided in Section 2705-305 to govern grants for mass transportation shall apply to grants made under this Section.

For the efficient administration of grants, the Department, on behalf of grant recipients under this Section and on behalf of recipients receiving funds under Sections 5309 and 5311 of the Federal Transit Act and State funds, may administer and consolidate procurements and may enter into contracts with manufacturers of vehicles and equipment.

(c) The Department may make operating assistance grants from the Transportation Fund to those carriers that, during federal fiscal year 1986, directly received operating assistance pursuant to Section 5307 or Section 5311 of the Federal Transit Act, or under contracts with a unit of local government or mass transit district that received operating expenses under Section 5307 or Section 5311 of the Federal Transit Act, to provide public paratransit services to the general mobility limited population. The Secretary shall take into consideration the reduction in federal operating expense grants to carriers when considering the grant applications. The procedures, limitations, and safeguards provided in Section 2705-305 to govern grants for mass transportation shall apply to grants made under this Section.

(Source: P.A. 99-143, eff. 7-27-15.)

(20 ILCS 2705/2705-315) (was 20 ILCS 2705/49.19b)

Sec. 2705-315. Grants for passenger security. The Department may make grants from the Transportation Fund and the General Revenue Fund to the Northern Illinois Transit ~~Regional Transportation~~ Authority created under the Northern Illinois Transit ~~Regional Transportation~~ Authority Act to be used to provide protection against crime for the consumers of public transportation, and for the employees and facilities of public transportation providers, in the metropolitan region. The grants may be used (1) to provide that protection directly, or (2) to contract with any municipality or county in the metropolitan region to provide that protection, or (3) except for the Chicago Transit Authority created under the ~~Chicago Metropolitan~~ Transit Authority Act, to contract with a private security agency to provide that protection.

The grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization. The procedures provided in Section 2705-305 to govern grants for mass transportation shall apply to grants made under this Section.

(Source: P.A. 91-239, eff. 1-1-00.)

Section 30-45. The Illinois Finance Authority Act is amended by changing Section 820-50 as follows:
(20 ILCS 3501/820-50)

Sec. 820-50. Pledge of Funds by Units of Local Government.

(a) Pledge of Funds. Any unit of local government which receives funds from the Department of Revenue, including without limitation funds received pursuant to Sections 8-11-1, 8-11-1.4, 8-11-5 or 8-11-6 of the Illinois Municipal Code, the Home Rule County Retailers' Occupation Tax Act, the Home Rule County Service Occupation Tax Act, Sections 25.05-2, 25.05-3 or 25.05-10 of "An Act to revise the law in relation to counties", Section 5.01 of the Local Mass Transit District Act, Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, Sections 2 or 12 of the State Revenue Sharing Act, or from the Department of Transportation pursuant to Section 8 of the Motor Fuel Tax Law, or from the State Superintendent of Education (directly or indirectly through regional superintendents of schools) pursuant to Article 18 of the School Code, or any unit of government which receives other funds which are at any time in the custody of the State Treasurer, the State Comptroller, the Department of Revenue, the Department of Transportation or the State Superintendent of Education may by appropriate proceedings, pledge to the Authority or any entity acting on behalf of the Authority (including, without limitation, any trustee), any or all of such receipts to the extent that such receipts are necessary to provide revenues to pay the principal of, premium, if any, and interest on, and other fees related to, or to secure, any of the local government securities of such unit of local government which have been sold or delivered to the

Authority or its designee or to pay lease rental payments to be made by such unit of local government to the extent that such lease rental payments secure the payment of the principal of, premium, if any, and interest on, and other fees related to, any local government securities which have been sold or delivered to the Authority or its designee. Any pledge of such receipts (or any portion thereof) shall constitute a first and prior lien thereon and shall be binding from the time the pledge is made.

(b) Direct Payment of Pledged Receipts. Any such unit of local government may, by such proceedings, direct that all or any of such pledged receipts payable to such unit of local government be paid directly to the Authority or such other entity (including, without limitation, any trustee) for the purpose of paying the principal of, premium, if any, and interest on, and fees relating to, such local government securities or for the purpose of paying such lease rental payments to the extent necessary to pay the principal of, premium, if any, and interest on, and other fees related to, such local government securities secured by such lease rental payments. Upon receipt of a certified copy of such proceedings by the State Treasurer, the State Comptroller, the Department of Revenue, the Department of Transportation or the State Superintendent of Education, as the case may be, such Department or State Superintendent shall direct the State Comptroller and State Treasurer to pay to, or on behalf of, the Authority or such other entity (including, without limitation, any trustee) all or such portion of the pledged receipts from the Department of Revenue, or the Department of Transportation or the State Superintendent of Education (directly or indirectly through regional superintendents of schools), as the case may be, sufficient to pay the principal of and premium, if any, and interest on, and other fees related to, the local governmental securities for which the pledge was made or to pay such lease rental payments securing such local government securities for which the pledge was made. The proceedings shall constitute authorization for such a directive to the State Comptroller to cause orders to be drawn and to the State Treasurer to pay in accordance with such directive. To the extent that the Authority or its designee notifies the Department of Revenue, the Department of Transportation or the State Superintendent of Education, as the case may be, that the unit of local government has previously paid to the Authority or its designee the amount of any principal, premium, interest and fees payable from such pledged receipts, the State Comptroller shall cause orders to be drawn and the State Treasurer shall pay such pledged receipts to the unit of local government as if they were not pledged receipts. To the extent that such receipts are pledged and paid to the Authority or such other entity, any taxes which have been levied or fees or charges assessed pursuant to law on account of the issuance of such local government securities shall be paid to the unit of local government and may be used for the purposes for which the pledged receipts would have been used.

(c) Payment of Pledged Receipts upon Default. Any such unit of local government may, by such proceedings, direct that such pledged receipts payable to such unit of local government be paid to the Authority or such other entity (including, without limitation, any trustee) upon a default in the payment of any principal of, premium, if any, or interest on, or fees relating to, any of the local government securities of such unit of local government which have been sold or delivered to the Authority or its designee or any of the local government securities which have been sold or delivered to the Authority or its designee and which are secured by such lease rental payments. If such local governmental security is in default as to the payment of principal thereof, premium, if any, or interest thereon, or fees relating thereto, to the extent that the State Treasurer, the State Comptroller, the Department of Revenue, the Department of Transportation or the State Superintendent of Education (directly or indirectly through regional superintendents of schools) shall be the custodian at any time of any other available funds or moneys pledged to the payment of such local government securities or such lease rental payments securing such local government securities pursuant to this Section and due or payable to such a unit of local government at any time subsequent to written notice to the State Comptroller and State Treasurer from the Authority or any entity acting on behalf of the Authority (including, without limitation, any trustee) to the effect that such unit of local government has not paid or is in default as to payment of the principal of, premium, if any, or interest on, or fees relating to, any local government security sold or delivered to the Authority or any such entity (including, without limitation, any trustee) or has not paid or is in default as to the payment of such lease rental payments securing the payment of the principal of, premium, if any, or interest on, or other fees relating to, any local government security sold or delivered to the Authority or such other entity (including, without limitation, any trustee):

(i) The State Comptroller and the State Treasurer shall withhold the payment of such funds or moneys from such unit of local government until the amount of such principal, premium, if any, interest or fees then due and unpaid has been paid to the Authority or any such entity (including, without limitation, any trustee), or the State Comptroller and the State Treasurer have been advised

that arrangements, satisfactory to the Authority or such entity, have been made for the payment of such principal, premium, if any, interest and fees; and

(ii) Within 10 days after a demand for payment by the Authority or such entity given to such unit of local government, the State Treasurer and the State Comptroller, the State Treasurer shall pay such funds or moneys as are legally available therefor to the Authority or such entity for the payment of principal of, premium, if any, or interest on, or fees relating to, such local government securities. The Authority or any such entity may carry out this Section and exercise all the rights, remedies and provisions provided or referred to in this Section.

(d) Remedies. Upon the sale or delivery of any local government securities of the Authority or its designee, the local government which issued such local government securities shall be deemed to have agreed that upon its failure to pay interest or premium, if any, on, or principal of, or fees relating to, the local government securities sold or delivered to the Authority or any entity acting on behalf of the Authority (including, without limitation, any trustee) when payable, all statutory defenses to nonpayment are thereby waived. Upon a default in payment of principal of or interest on any local government securities issued by a unit of local government and sold or delivered to the Authority or its designee, and upon demand on the unit of local government for payment, if the local government securities are payable from property taxes and funds are not legally available in the treasury of the unit of local government to make payment, an action in mandamus for the levy of a tax by the unit of local government to pay the principal of or interest on the local government securities shall lie, and the Authority or such entity shall be constituted a holder or owner of the local government securities as being in default. Upon the occurrence of any failure or default with respect to any local government securities issued by a unit of local government, the Authority or such entity may thereupon avail itself of all remedies, rights and provisions of law applicable in the circumstances, and the failure to exercise or exert any rights or remedies within a time or period provided by law may not be raised as a defense by the unit of local government.

(Source: P.A. 93-205, eff. 1-1-04.)

Section 30-50. The Illinois State Auditing Act is amended by changing Section 3-1 as follows:

(30 ILCS 5/3-1) (from Ch. 15, par. 303-1)

Sec. 3-1. Jurisdiction of Auditor General. The Auditor General has jurisdiction over all State agencies to make post audits and investigations authorized by or under this Act or the Constitution.

The Auditor General has jurisdiction over local government agencies and private agencies only:

(a) to make such post audits authorized by or under this Act as are necessary and incidental to a post audit of a State agency or of a program administered by a State agency involving public funds of the State, but this jurisdiction does not include any authority to review local governmental agencies in the obligation, receipt, expenditure or use of public funds of the State that are granted without limitation or condition imposed by law, other than the general limitation that such funds be used for public purposes;

(b) to make investigations authorized by or under this Act or the Constitution; and

(c) to make audits of the records of local government agencies to verify actual costs of state-mandated programs when directed to do so by the Legislative Audit Commission at the request of the State Board of Appeals under the State Mandates Act.

In addition to the foregoing, the Auditor General may conduct an audit of the Metropolitan Pier and Exposition Authority, the Northern Illinois Transit ~~Regional Transportation~~ Authority, the Suburban Bus Division, the Commuter Rail Division and the Chicago Transit Authority and any other subsidized carrier when authorized by the Legislative Audit Commission. Such audit may be a financial, management or program audit, or any combination thereof.

The audit shall determine whether they are operating in accordance with all applicable laws and regulations. Subject to the limitations of this Act, the Legislative Audit Commission may by resolution specify additional determinations to be included in the scope of the audit.

In addition to the foregoing, the Auditor General must also conduct a financial audit of the Illinois Sports Facilities Authority's expenditures of public funds in connection with the reconstruction, renovation, remodeling, extension, or improvement of all or substantially all of any existing "facility", as that term is defined in the Illinois Sports Facilities Authority Act.

The Auditor General may also conduct an audit, when authorized by the Legislative Audit Commission, of any hospital which receives 10% or more of its gross revenues from payments from the

State of Illinois, Department of Healthcare and Family Services (formerly Department of Public Aid), Medical Assistance Program.

The Auditor General is authorized to conduct financial and compliance audits of the Illinois Distance Learning Foundation and the Illinois Conservation Foundation.

As soon as practical after the effective date of this amendatory Act of 1995, the Auditor General shall conduct a compliance and management audit of the City of Chicago and any other entity with regard to the operation of Chicago O'Hare International Airport, Chicago Midway Airport and Merrill C. Meigs Field. The audit shall include, but not be limited to, an examination of revenues, expenses, and transfers of funds; purchasing and contracting policies and practices; staffing levels; and hiring practices and procedures. When completed, the audit required by this paragraph shall be distributed in accordance with Section 3-14.

The Auditor General shall conduct a financial and compliance and program audit of distributions from the Municipal Economic Development Fund during the immediately preceding calendar year pursuant to Section 8-403.1 of the Public Utilities Act at no cost to the city, village, or incorporated town that received the distributions.

The Auditor General must conduct an audit of the Health Facilities and Services Review Board pursuant to Section 19.5 of the Illinois Health Facilities Planning Act.

The Auditor General of the State of Illinois shall annually conduct or cause to be conducted a financial and compliance audit of the books and records of any county water commission organized pursuant to the Water Commission Act of 1985 and shall file a copy of the report of that audit with the Governor and the Legislative Audit Commission. The filed audit shall be open to the public for inspection. The cost of the audit shall be charged to the county water commission in accordance with Section 6z-27 of the State Finance Act. The county water commission shall make available to the Auditor General its books and records and any other documentation, whether in the possession of its trustees or other parties, necessary to conduct the audit required. These audit requirements apply only through July 1, 2007.

The Auditor General must conduct audits of the Rend Lake Conservancy District as provided in Section 25.5 of the River Conservancy Districts Act.

The Auditor General must conduct financial audits of the Southeastern Illinois Economic Development Authority as provided in Section 70 of the Southeastern Illinois Economic Development Authority Act.

The Auditor General shall conduct a compliance audit in accordance with subsections (d) and (f) of Section 30 of the Innovation Development and Economy Act.

(Source: P.A. 95-331, eff. 8-21-07; 96-31, eff. 6-30-09; 96-939, eff. 6-24-10.)

Section 30-55. The State Finance Act is amended by changing Sections 5.277, 5.918, 6z-17, 6z-20, 6z-27, and 8.25g as follows:

(30 ILCS 105/5.277) (from Ch. 127, par. 141.277)

Sec. 5.277. The Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund.

(Source: P.A. 86-928; 86-1028.)

(30 ILCS 105/5.918)

Sec. 5.918. The Northern Illinois Transit ~~Regional Transportation~~ Authority Capital Improvement Fund.

(Source: P.A. 101-31, eff. 6-28-19; 101-32, eff. 6-28-19; 102-558, eff. 8-20-21.)

(30 ILCS 105/6z-17) (from Ch. 127, par. 142z-17)

Sec. 6z-17. State and Local Sales Tax Reform Fund.

(a) After deducting the amount transferred to the Tax Compliance and Administration Fund under subsection (b), of the money paid into the State and Local Sales Tax Reform Fund: (i) subject to appropriation to the Department of Revenue, Municipalities having 1,000,000 or more inhabitants shall receive 20% and may expend such amount to fund and establish a program for developing and coordinating public and private resources targeted to meet the affordable housing needs of low-income and very low-income households within such municipality, (ii) 10% shall be transferred into the Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund, a special fund in the State treasury which is hereby created, (iii) until July 1, 2013, subject to appropriation to the Department of Transportation, the Madison County Mass Transit District shall receive .6%, and beginning on July 1, 2013, subject to appropriation to the Department of Revenue, 0.6% shall be distributed each month out of the Fund to the Madison County Mass Transit District, (iv) the following amounts, plus any cumulative deficiency in

such transfers for prior months, shall be transferred monthly into the Build Illinois Fund and credited to the Build Illinois Bond Account therein:

Fiscal Year	Amount
1990	\$2,700,000
1991	1,850,000
1992	2,750,000
1993	2,950,000

From Fiscal Year 1994 through Fiscal Year 2025 the transfer shall total \$3,150,000 monthly, plus any cumulative deficiency in such transfers for prior months, and (v) the remainder of the money paid into the State and Local Sales Tax Reform Fund shall be transferred into the Local Government Distributive Fund and, except for municipalities with 1,000,000 or more inhabitants which shall receive no portion of such remainder, shall be distributed, subject to appropriation, in the manner provided by Section 2 of "An Act in relation to State revenue sharing with local government entities", approved July 31, 1969, as now or hereafter amended. Municipalities with more than 50,000 inhabitants according to the 1980 U.S. Census and located within the Metro East Mass Transit District receiving funds pursuant to provision (v) of this paragraph may expend such amounts to fund and establish a program for developing and coordinating public and private resources targeted to meet the affordable housing needs of low-income and very low-income households within such municipality.

Moneys transferred from the Grocery Tax Replacement Fund to the State and Local Sales Tax Reform Fund under Section 6z-130 shall be treated under this Section in the same manner as if they had been remitted with the return on which they were reported.

(b) Beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month the Department of Revenue shall certify to the State Comptroller and the State Treasurer, and the State Comptroller shall order transferred and the State Treasurer shall transfer from the State and Local Sales Tax Reform Fund to the Tax Compliance and Administration Fund, an amount equal to 1/12 of 5% of 20% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department of Revenue under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department. The amount distributed under subsection (a) each month shall first be reduced by the amount transferred to the Tax Compliance and Administration Fund under this subsection (b). Moneys transferred to the Tax Compliance and Administration Fund under this subsection (b) shall be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue.

(Source: P.A. 102-700, eff. 4-19-22.)

(30 ILCS 105/6z-20) (from Ch. 127, par. 142z-20)

Sec. 6z-20. County and Mass Transit District Fund. Of the money received from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasohol, and beginning on August 6, 2010 through August 15, 2010, and beginning again on August 5, 2022 through August 14, 2022, the 1.25% rate on sales tax holiday items) on sales subject to taxation under the Retailers' Occupation Tax Act and Service Occupation Tax Act and paid into the County and Mass Transit District Fund, distribution to the Northern Illinois Transit ~~Regional Transportation~~ Authority tax fund, created pursuant to Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, for deposit therein shall be made based upon the retail sales occurring in a county having more than 3,000,000 inhabitants. The remainder shall be distributed to each county having 3,000,000 or fewer inhabitants based upon the retail sales occurring in each such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Of the money received from the 6.25% general use tax rate on tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government and paid into the County and Mass Transit District Fund, the amount for which Illinois addresses for titling or registration purposes are given as being in each county having more than 3,000,000 inhabitants shall be distributed into the Northern Illinois Transit ~~Regional Transportation~~ Authority tax fund, created pursuant to Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act. The

remainder of the money paid from such sales shall be distributed to each county based on sales for which Illinois addresses for titling or registration purposes are given as being located in the county. Any money paid into the Northern Illinois Transit ~~Regional Transportation~~ Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund prior to January 14, 1991, which has not been paid to the Authority prior to that date, shall be transferred to the Northern Illinois Transit ~~Regional Transportation~~ Authority tax fund.

Whenever the Department determines that a refund of money paid into the County and Mass Transit District Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the County and Mass Transit District Fund.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the County and Mass Transit District Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Northern Illinois Transit ~~Regional Transportation~~ Authority and to named counties, the counties to be those entitled to distribution, as hereinabove provided, of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to the Northern Illinois Transit ~~Regional Transportation~~ Authority and each county having 3,000,000 or fewer inhabitants shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the County and Mass Transit District Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Northern Illinois Transit ~~Regional Transportation~~ Authority or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the amount to be paid to the Northern Illinois Transit ~~Regional Transportation~~ Authority, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Northern Illinois Transit ~~Regional Transportation~~ Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the Northern Illinois Transit ~~Regional Transportation~~ Authority, counties, and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of a monthly disbursement to the Northern Illinois Transit ~~Regional Transportation~~ Authority or to a county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section and from the Northern Illinois Transit ~~Regional Transportation~~ Authority tax fund created by Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the County and Mass Transit District Fund or Local Government Distributive Fund, as the case may be.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

(30 ILCS 105/8.25g)

Sec. 8.25g. The Civic and Transit Infrastructure Fund. The Civic and Transit Infrastructure Fund is created as a special fund in the State Treasury. Money in the Civic and Transit Infrastructure Fund shall, when the State of Illinois incurs infrastructure indebtedness pursuant to the public-private partnership entered into by the public agency on behalf of the State of Illinois with private entity pursuant to the Public-Private Partnership for Civic and Transit Infrastructure Project Act, be used for the purpose of paying and discharging monthly the principal and interest on that infrastructure indebtedness then due and payable consistent with the term established in the public-private agreement entered into by the public agency on behalf of the State of Illinois. The public agency shall, pursuant to its authority under the Public-Private Partnership for Civic and Transit Infrastructure Project Act, annually certify to the State Comptroller and the State Treasurer the amount necessary and required, during the fiscal year with respect to which the certification is made, to pay the amounts due under the Public-Private Partnership for Civic and Transit Infrastructure Project Act. On or before the last day of each month, the State Comptroller and State Treasurer shall transfer the moneys required to be deposited into the Fund under Section 3 of the Retailers' Occupation Tax Act and the Public-Private Partnership for Civic and Transit Infrastructure Project Act and shall pay from that Fund the required amount certified by the public agency, plus any cumulative deficiency in such transfers and payments for prior months, to the public agency for distribution pursuant to the Public-Private Partnership for Civic and Transit Infrastructure Project Act. Such transferred amount shall be sufficient to pay all amounts due under the Public-Private Partnership for Civic and Transit Infrastructure Project Act. Provided that all amounts deposited in the Fund have been paid accordingly under the Public-Private Partnership for Civic and Transit Infrastructure Project Act, all amounts remaining in the Civic and Transit Infrastructure Fund shall be held in that Fund for other subsequent payments required under the Public-Private Partnership for Civic and Transit Infrastructure Project Act. In the event the State fails to pay the amount necessary and required under the Public-Private Partnership for Civic and Transit Infrastructure Project Act for any reason during the fiscal year with respect to which the certification is made or if the State takes any steps that result in an impact to the irrevocable, first priority pledge of and lien on moneys on deposit in the Civic and Transit Infrastructure Fund, the public agency shall certify such delinquent amounts to the State Comptroller and the State Treasurer and the State Comptroller and the State Treasurer shall take all steps required to intercept the tax revenues collected from within the boundary of the civic transit infrastructure project pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, and Section 6 of the Hotel Operators' Occupation Tax Act, and shall pay such amounts to the Fund for distribution by the public agency for the time period required to ensure that the State's distribution requirements under the Public-Private Partnership for Civic and Transit Infrastructure Project Act are fully met.

As used in the Section, "private entity", "public-private agreement", and "public agency" have meanings provided in Section 25-10 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act. (Source: P.A. 101-10, eff. 6-5-19; 102-558, eff. 8-20-21.)

Section 30-60. The State Officers and Employees Money Disposition Act is amended by changing Section 2a as follows:

(30 ILCS 230/2a) (from Ch. 127, par. 172)

Sec. 2a. Every officer, board, commission, commissioner, department, institute, arm, or agency to whom or to which this Act applies is to notify the State Treasurer as to money paid to him, her, or it under protest as provided in Section 2a.1, and the Treasurer is to place the money in a special fund to be known as the protest fund. At the expiration of 30 days from the date of payment, the money is to be transferred from the protest fund to the appropriate fund in which it would have been placed had there been payment without protest unless the party making that payment under protest has filed a complaint and secured within that 30 days a temporary restraining order or a preliminary injunction, restraining the making of that transfer and unless, in addition, within that 30 days, a copy of the temporary restraining order or preliminary injunction has been served upon the State Treasurer and also upon the officer, board, commission, commissioner, department, institute, arm, or agency to whom or to which the payment under protest was made, in which case the payment and such other payments as are subsequently made under notice of protest, as provided in Section 2a.1, by the same person, the transfer of which payments is restrained by such temporary restraining order or preliminary injunction, are to be held in the protest fund until the final order or judgment of the court. The judicial remedy herein provided, however, relates only to questions which must be decided by the court in determining the proper disposition of the moneys paid under protest. Any authorized payment from

the protest fund shall bear simple interest at a rate equal to the average of the weekly rates at issuance on 13-week U.S. Treasury Bills from the date of deposit into the protest fund to the date of disbursement from the protest fund. In cases involving temporary restraining orders or preliminary injunctions entered March 10, 1982, or thereafter, pursuant to this Section, when the party paying under protest fails in the protest action the State Treasurer shall determine if any moneys paid under protest were paid as a result of assessments under the following provisions: the Municipal Retailers' Occupation Tax Act, the Municipal Service Occupation Tax Act, the Municipal Use Tax Act, the Municipal Automobile Renting Occupation Tax Act, the Municipal Automobile Renting Use Tax Act, Section 8-11-9 of the Illinois Municipal Code, the Tourism, Conventions and Other Special Events Promotion Act of 1967, the County Automobile Renting Occupation Tax Act, the County Automobile Renting Use Tax Act, Section 5-1034 of the Counties Code, Section 5.01 of the Local Mass Transit District Act, the Downstate Public Transportation Act, Section 4.03 of the ~~Northern Illinois Transit Regional Transportation~~ Authority Act, subsections (c) and (d) of Section 201 of the Illinois Income Tax Act, Section 2a.1 of the Messages Tax Act, Section 2a.1 of the Gas Revenue Tax Act, Section 2a.1 of the Public Utilities Revenue Act, and the Water Company Invested Capital Tax Act. Any such moneys paid under protest shall bear simple interest at a rate equal to the average of the weekly rates at issuance on 13-week U.S. Treasury Bills from the date of deposit into the protest fund to the date of disbursement from the protest fund.

It is unlawful for the Clerk of a court, a bank or any person other than the State Treasurer to be appointed as trustee with respect to any purported payment under protest, or otherwise to be authorized by a court to hold any purported payment under protest, during the pendency of the litigation involving such purported payment under protest, it being the expressed intention of the General Assembly that no one is to act as custodian of any such purported payment under protest except the State Treasurer.

No payment under protest within the meaning of this Act has been made unless paid to an officer, board, commission, commissioner, department, institute, arm or agency brought within this Act by Section 1 and unless made in the form specified by Section 2a.1. No payment into court or to a circuit clerk or other court-appointed trustee is a payment under protest within the meaning of this Act.
(Source: P.A. 87-950.)

Section 30-65. The Downstate Public Transportation Act is amended by changing Sections 2-2.02, 3-1.02, and 4-1.7 as follows:

(30 ILCS 740/2-2.02) (from Ch. 111 2/3, par. 662.02)

Sec. 2-2.02. "Participant" means:

(1) a city, village, or incorporated town, a county, or a local mass transit district organized under the Local Mass Transit District Act (a) serving an urbanized area of over 50,000 population or (b) serving a nonurbanized area; or

(2) any Metro-East Transit District established pursuant to Section 3 of the Local Mass Transit District Act and serving one or more of the Counties of Madison, Monroe, and St. Clair during Fiscal Year 1989, all located outside the boundaries of the ~~Northern Illinois Transit Regional Transportation~~ Authority as established pursuant to the ~~Northern Illinois Transit Regional Transportation~~ Authority Act.
(Source: P.A. 94-70, eff. 6-22-05.)

(30 ILCS 740/3-1.02) (from Ch. 111 2/3, par. 683)

Sec. 3-1.02. "Participant" means any county located outside the boundaries of the ~~Northern Illinois Transit Regional Transportation~~ Authority as established under the ~~Northern Illinois Transit Regional Transportation~~ Authority Act and outside the Bi-State Metropolitan Development District established under an Act approved July 26, 1949, except that beginning, July 1, 1987 the counties within the boundaries of the Bi-State Metropolitan Development District may be eligible for capital assistance only, or within such county any municipality with 20,000 or more population that is not included in an urbanized area or the boundaries of a local mass transit district; or within such county any municipality with 20,000 or less population receiving State mass transportation operating assistance under the Downstate Public Transportation Act during Fiscal Year 1979; or within such county or counties a local mass transit district organized under the local Mass Transit District Act which is not included in an urbanized area or the boundaries of a local mass transit district which includes an urbanized area; provided, however, that no such entity shall be eligible to participate unless it agrees to adhere to the regulations and requirements of the Secretary of Transportation of the federal Department of Transportation affecting Section 18 assistance or any other conditions as deemed reasonable and necessary by the Illinois Department of Transportation.
(Source: P.A. 87-1235.)

(30 ILCS 740/4-1.7) (from Ch. 111 2/3, par. 699.7)

Sec. 4-1.7. "Participant" means (1) a city, village or incorporated town, or a local mass transit district organized under the Local Mass Transit District Act, that is named as a designated recipient by the Governor, or is eligible to receive federal UMTA Section 9 funds, or (2) the recipient designated by the Governor within the Bi-State Metropolitan Development District; provided that such entity is all located outside the boundaries of the Northern Illinois Transit Regional Transportation Authority as established pursuant to the Northern Illinois Transit Regional Transportation Authority Act, as amended, and has formally requested to participate in the program defined in this Article. However, no such entity shall be eligible to participate unless it agrees to adhere to the regulations and requirements of the Secretary of Transportation of the federal Department of Transportation affecting UMTA Section 9 assistance or any other conditions that are deemed reasonable and necessary by the Illinois Department of Transportation. (Source: P.A. 86-16.)

Section 30-70. The State Mandates Act is amended by changing Section 8.47 as follows:

(30 ILCS 805/8.47)

Sec. 8.47. Exempt mandate.

(a) Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by Public Act 103-2, 103-110, 103-409, 103-455, 103-529, 103-552, 103-553, 103-579, or 103-582.

(b) Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by the Decennial Committees on Local Government Efficiency Act.

(c) Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of the mandate created by Section 2.10a of the Northern Illinois Transit Regional Transportation Authority Act in Public Act 103-281.

(Source: P.A. 102-1136, eff. 2-10-23; 103-2, eff. 5-10-23; 103-110, eff. 6-29-23; 103-281, eff. 1-1-24; 103-409, eff. 1-1-24; 103-455, eff. 1-1-24; 103-529, eff. 8-11-23; 103-552, eff. 8-11-23; 103-553, eff. 8-11-23; 103-579, eff. 12-8-23; 103-582, eff. 12-8-23; 103-605, eff. 7-1-24.)

Section 30-75. The Use Tax Act is amended by changing Section 22 as follows:

(35 ILCS 105/22) (from Ch. 120, par. 439.22)

Sec. 22. If it is determined that the Department should issue a credit or refund under this Act, the Department may first apply the amount thereof against any amount of tax or penalty or interest due hereunder, or under the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from the person entitled to such credit or refund. For this purpose, if proceedings are pending to determine whether or not any tax or penalty or interest is due under this Act or under the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from such person, the Department may withhold issuance of the credit or refund pending the final disposition of such proceedings and may apply such credit or refund against any amount found to be due to the Department as a result of such proceedings. The balance, if any, of the credit or refund shall be issued to the person entitled thereto.

Any credit memorandum issued hereunder may be used by the authorized holder thereof to pay any tax or penalty or interest due or to become due under this Act or under the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from such holder. Subject to reasonable rules of the Department, a credit memorandum issued hereunder may be assigned by the holder thereof to any other person for use in paying tax or penalty or interest which may be due or become due under this Act or under the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, from the assignee.

In any case in which there has been an erroneous refund of tax payable under this Act, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of a material fact. The amount of any proposed assessment set forth in the notice shall be limited to the amount of the erroneous refund.

Section 30-80. The Service Use Tax Act is amended by changing Section 20 as follows:
(35 ILCS 110/20) (from Ch. 120, par. 439.50)

Sec. 20. If it is determined that the Department should issue a credit or refund hereunder, the Department may first apply the amount thereof against any amount of tax or penalty or interest due hereunder, or under the Service Occupation Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from the person entitled to such credit or refund. For this purpose, if proceedings are pending to determine whether or not any tax or penalty or interest is due hereunder, or under the Service Occupation Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from such person, the Department may withhold issuance of the credit or refund pending the final disposition of such proceedings and may apply such credit or refund against any amount found to be due to the Department as a result of such proceedings. The balance, if any, of the credit or refund shall be issued to the person entitled thereto.

Any credit memorandum issued hereunder may be used by the authorized holder thereof to pay any tax or penalty or interest due or to become due under this Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from such holder. Subject to reasonable rules of the Department, a credit memorandum issued hereunder may be assigned by the holder thereof to any other person for use in paying tax or penalty or interest which may be due or become due under this Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from the assignee.

In any case which there has been an erroneous refund of tax payable under this Act, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of a material fact. The amount of any proposed assessment set forth in the notice shall be limited to the amount of the erroneous refund.

Section 30-85. The Service Occupation Tax Act is amended by changing Section 20 as follows:
(35 ILCS 115/20) (from Ch. 120, par. 439.120)

Sec. 20. If it is determined that the Department should issue a credit or refund hereunder, the Department may first apply the amount thereof against any amount of tax or penalty or interest due hereunder, or under the Service Use Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from the person entitled to such credit or refund. For this purpose, if proceedings are pending to determine whether or not any tax or penalty or interest is due hereunder, or under the Service Use Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional

~~Transportation~~ Authority Act, from such person, the Department may withhold issuance of the credit or refund pending the final disposition of such proceedings and may apply such credit or refund against any amount found to be due to the Department as a result of such proceedings. The balance, if any, of the credit or refund shall be issued to the person entitled thereto.

Any credit memorandum issued hereunder may be used by the authorized holder thereof to pay any tax or penalty or interest due or to become due under this Act, or under the Service Use Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, from such holder. Subject to reasonable rules of the Department, a credit memorandum issued hereunder may be assigned by the holder thereof to any other person for use in paying tax or penalty or interest which may be due or become due under this Act, the Service Use Tax Act, the Retailers' Occupation Tax Act, the Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, from the assignee.

In any case in which there has been an erroneous refund of tax payable under this Act, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of a material fact. The amount of any proposed assessment set forth in the notice shall be limited to the amount of the erroneous refund.

(Source: P.A. 91-901, eff. 1-1-01.)

Section 30-90. The Use and Occupation Tax Refund Act is amended by changing Section 1 as follows:

(35 ILCS 150/1) (from Ch. 120, par. 1501)

Sec. 1. Every real estate developer-builder who has paid a use tax or reimbursed a retailer for any Illinois, municipal, county, or Northern Illinois Transit ~~Regional Transportation~~ Authority retailers' occupation tax, or who, under a contract with a contractor or subcontractor, has directly or indirectly borne the burden of a use tax or any reimbursement for any Illinois, municipal, county or Northern Illinois Transit ~~Regional Transportation~~ Authority retailers' occupation tax paid by that contractor or subcontractor to a retailer, on tangible personal property purchased on or after July 1, 1977, and prior to July 1, 1980, that is to be physically incorporated into public improvements (such as public roads and streets, public sewers or other public utility service), the title to which was required by ordinance of a unit of local government to be conveyed to that unit of local government or was so conveyed by operation of law, may, prior to July 1, 1982, file a claim for credit or refund directly with the Department of Revenue to recover the amount of such use tax payment or reimbursement for any Illinois, municipal, county or Northern Illinois Transit ~~Regional Transportation~~ Authority retailers' occupation tax. Such claim shall be accompanied by a notarized affidavit from the retailer and subcontractor, if applicable, from whom such tangible personal property was purchased stating that the retailer collected the use tax or was reimbursed for Illinois, municipal, county, or Northern Illinois Transit ~~Regional Transportation~~ Authority retailers' occupation tax, that an amount equal to all such taxes was properly remitted to the Department and that the retailer has not filed a claim for credit or refund based upon the transaction which is the subject of the claim and will not thereafter file any claim based upon that same transaction.

This refund or credit shall be made only to the real estate developer-builder or assignee that has been required to physically incorporate the public improvements by a unit of local government. Proof of such requirement shall be a certified letter from the unit of local government stating that the improvements were required by that unit of local government.

The Department shall prescribe the forms for the claim and certification and shall establish the necessary procedures for processing such claims.
(Source: P.A. 82-248.)

Section 30-95. The Property Tax Code is amended by changing Section 15-100 as follows:

(35 ILCS 200/15-100)

Sec. 15-100. Public transportation systems.

(a) All property belonging to any municipal corporation created for the sole purpose of owning and operating a transportation system for public service is exempt.

(b) Property owned by (i) a municipal corporation of 500,000 or more inhabitants, used for public transportation purposes, and operated by the Chicago Transit Authority; (ii) the Northern Illinois Transit Regional Transportation Authority; (iii) any service board or division of the Northern Illinois Transit Regional Transportation Authority; (iv) the Northeast Illinois Regional Commuter Railroad Corporation; or (v) the Chicago Transit Authority shall be exempt. For purposes of this Section alone, the Northern Illinois Transit Regional Transportation Authority, any service board or division of the Northern Illinois Transit Regional Transportation Authority, the Northeast Illinois Regional Commuter Railroad Corporation, the Chicago Transit Authority, or a municipal corporation, as defined in item (i), shall be deemed an "eligible transportation authority". The exemption provided in this subsection shall not be affected by any transaction in which, for the purpose of obtaining financing, the eligible transportation authority, directly or indirectly, leases or otherwise transfers such property to another whose property is not exempt and immediately thereafter enters into a leaseback or other agreement that directly or indirectly gives the eligible transportation authority a right to use, control, and possess the property. In the case of a conveyance of such property, the eligible transportation authority must retain an option to purchase the property at a future date or, within the limitations period for reverts, the property must revert back to the eligible transportation authority.

(c) If such property has been conveyed as described in subsection (b), the property will no longer be exempt pursuant to this Section as of the date when:

(1) the right of the eligible transportation authority to use, control, and possess the property has been terminated;

(2) the eligible transportation authority no longer has an option to purchase or otherwise acquire the property; and

(3) there is no provision for a reverter of the property to the eligible transportation authority within the limitations period for reverts.

(d) Pursuant to Sections 15-15 and 15-20 of this Code, the eligible transportation authority shall notify the chief county assessment officer of any transaction under subsection (b) of this Section. The chief county assessment officer shall determine initial and continuing compliance with the requirements of this Section for tax exemption. Failure to notify the chief county assessment officer of a transaction under this Section or to otherwise comply with the requirements of Sections 15-15 and 15-20 of this Code shall, in the discretion of the chief county assessment officer, constitute cause to terminate the exemption, notwithstanding any other provision of this Code.

(e) No provision of this Section shall be construed to affect the obligation of the eligible transportation authority to which an exemption certificate has been issued under this Section from its obligation under Section 15-10 of this Code to file an annual certificate of status or to notify the chief county assessment officer of transfers of interest or other changes in the status of the property as required by this Code.

(f) The changes made by this amendatory Act of 1997 are declarative of existing law and shall not be construed as a new enactment.

(Source: P.A. 90-562, eff. 12-16-97.)

Section 30-105. The Postage Stamp Vending Machine Act is amended by changing Section 1 as follows:

(35 ILCS 815/1) (from Ch. 121 1/2, par. 911)

Sec. 1. Vending machines which vend only United States postage stamps are exempt from license fees or any excise or license tax levied by the State of Illinois or any county or municipality or other taxing district thereof, but are not exempt from State, county, municipal, or Northern Illinois Transit Regional Transportation Authority occupation and use taxes.

(Source: P.A. 82-985.)

Section 30-110. The Use Tax Act is amended by changing Section 2b as follows:

(35 ILCS 105/2b) (from Ch. 120, par. 439.2b)

Sec. 2b. "Selling price" shall not include any amounts added to prices by sellers on account of the seller's duty to collect any tax imposed under the "Northern Illinois Transit Regional Transportation Authority Act", enacted by the 78th General Assembly.

(Source: P.A. 78-3rd S.S.-12.)

Section 30-115. The Retailers' Occupation Tax Act is amended by changing Section 6 as follows:
(35 ILCS 120/6) (from Ch. 120, par. 445)

Sec. 6. Credit memorandum or refund. If it appears, after claim therefor filed with the Department, that an amount of tax or penalty or interest has been paid which was not due under this Act, whether as the result of a mistake of fact or an error of law, except as hereinafter provided, then the Department shall issue a credit memorandum or refund to the person who made the erroneous payment or, if that person died or became a person under legal disability, to his or her legal representative, as such. For purposes of this Section, the tax is deemed to be erroneously paid by a retailer when the manufacturer of a motor vehicle sold by the retailer accepts the return of that automobile and refunds to the purchaser the selling price of that vehicle as provided in the New Vehicle Buyer Protection Act. When a motor vehicle is returned for a refund of the purchase price under the New Vehicle Buyer Protection Act, the Department shall issue a credit memorandum or a refund for the amount of tax paid by the retailer under this Act attributable to the initial sale of that vehicle. Claims submitted by the retailer are subject to the same restrictions and procedures provided for in this Act. If it is determined that the Department should issue a credit memorandum or refund, the Department may first apply the amount thereof against any tax or penalty or interest due or to become due under this Act or under the Use Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from the person who made the erroneous payment. If no tax or penalty or interest is due and no proceeding is pending to determine whether such person is indebted to the Department for tax or penalty or interest, the credit memorandum or refund shall be issued to the claimant; or (in the case of a credit memorandum) the credit memorandum may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other person who is subject to this Act, the Use Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, and the amount thereof applied by the Department against any tax or penalty or interest due or to become due under this Act or under the Use Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, any local occupation or use tax administered by the Department, Section 4 of the Water Commission Act of 1985, subsections (b), (c) and (d) of Section 5.01 of the Local Mass Transit District Act, or subsections (e), (f) and (g) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, from such assignee. However, as to any claim for credit or refund filed with the Department on and after each January 1 and July 1 no amount of tax or penalty or interest erroneously paid (either in total or partial liquidation of a tax or penalty or amount of interest under this Act) more than 3 years prior to such January 1 and July 1, respectively, shall be credited or refunded, except that if both the Department and the taxpayer have agreed to an extension of time to issue a notice of tax liability as provided in Section 4 of this Act, such claim may be filed at any time prior to the expiration of the period agreed upon. Notwithstanding any other provision of this Act to the contrary, for any period included in a claim for credit or refund for which the statute of limitations for issuing a notice of tax liability under this Act will expire less than 6 months after the date a taxpayer files the claim for credit or refund, the statute of limitations is automatically extended for 6 months from the date it would have otherwise expired.

No claim may be allowed for any amount paid to the Department, whether paid voluntarily or involuntarily, if paid in total or partial liquidation of an assessment which had become final before the claim for credit or refund to recover the amount so paid is filed with the Department, or if paid in total or partial liquidation of a judgment or order of court. No credit may be allowed or refund made for any amount paid by or collected from any claimant unless it appears (a) that the claimant bore the burden of such amount and has not been relieved thereof nor reimbursed therefor and has not shifted such burden directly or indirectly through inclusion of such amount in the price of the tangible personal property sold by him or her or in any manner whatsoever; and that no understanding or agreement, written or oral, exists whereby he or she or his or her legal representative may be relieved of the burden of such amount, be reimbursed therefor or may shift the burden thereof; or (b) that he or she or his or her legal representative has repaid unconditionally such amount to his or her vendee (1) who bore the burden thereof and has not shifted such burden directly or indirectly, in any manner whatsoever; (2) who, if he or she has shifted such burden, has repaid

[May 31, 2025]

unconditionally such amount to his own vendee; and (3) who is not entitled to receive any reimbursement therefor from any other source than from his or her vendor, nor to be relieved of such burden in any manner whatsoever. No credit may be allowed or refund made for any amount paid by or collected from any claimant unless it appears that the claimant has unconditionally repaid, to the purchaser, any amount collected from the purchaser and retained by the claimant with respect to the same transaction under the Use Tax Act.

Any credit or refund that is allowed under this Section shall bear interest at the rate and in the manner specified in the Uniform Penalty and Interest Act.

In case the Department determines that the claimant is entitled to a refund, such refund shall be made only from the Aviation Fuel Sales Tax Refund Fund or from such appropriation as may be available for that purpose, as appropriate. If it appears unlikely that the amount available would permit everyone having a claim allowed during the period covered by such appropriation or from the Aviation Fuel Sales Tax Refund Fund, as appropriate, to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

If a retailer who has failed to pay retailers' occupation tax on gross receipts from retail sales is required by the Department to pay such tax, such retailer, without filing any formal claim with the Department, shall be allowed to take credit against such retailers' occupation tax liability to the extent, if any, to which such retailer has paid an amount equivalent to retailers' occupation tax or has paid use tax in error to his or her vendor or vendors of the same tangible personal property which such retailer bought for resale and did not first use before selling it, and no penalty or interest shall be charged to such retailer on the amount of such credit. However, when such credit is allowed to the retailer by the Department, the vendor is precluded from refunding any of that tax to the retailer and filing a claim for credit or refund with respect thereto with the Department. The provisions of this amendatory Act shall be applied retroactively, regardless of the date of the transaction.

(Source: P.A. 101-10, eff. 6-5-19; 102-40, eff. 6-25-21.)

Section 30-120. The Governmental Tax Reform Validation Act is amended by changing Section 10 as follows:

(35 ILCS 165/10)

Sec. 10. Re-enactment; findings; purpose; validation.

(a) The General Assembly finds and declares that:

(1) The amendatory provisions of this Act were first enacted by Public Act 85-1135 and all related to taxation.

(A) Article I of Public Act 85-1135, effective July 28, 1988, contained provisions stating legislative intent.

(B) Article II of Public Act 85-1135, effective January 1, 1990, contained provisions amending or creating Sections 8-11-1, 8-11-1.1, 8-11-1.2, 8-11-1.3, 8-11-1.4, 8-11-5, 8-11-6, 8-11-6a, 8-11-16, and 11-74.4-8a of the Illinois Municipal Code; Sections 24a-1, 24a-2, 24a-3, 24a-4, and 25.05 of "An Act to revise the law in relation to counties"; Section 4 of the Water Commission Act of 1985; Section 5.01 of the Local Mass Transit District Act; Sections 4.01, 4.03, 4.04, and 4.09 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act; Sections 3, 9, and 10b of the Use Tax Act; Sections 2, 3, 3d, 7a, 9, 10, 10b, and 15 of the Service Use Tax Act; Sections 2, 3, 9, 13, 15, and 20.1 of the Service Occupation Tax Act; Sections 2, 3, 5k, and 6d of the Retailers' Occupation Tax Act; and Sections 5.240, 5.241, 6z-16, and 6z-17 of the State Finance Act. Article II of Public Act 85-1135, effective January 1, 1990, also contained provisions repealing Sections 25.05a, 25.05-2, 25.05-2a, 25.05-3, 25.05-3a, 25.05-10, 25.05-10a, and 25.05-10.1 of "An Act to revise the law in relation to counties" and Sections 10 and 14 of the Service Occupation Tax Act.

(C) Article III of Public Act 85-1135, effective September 1, 1988, contained provisions further amending Sections 3 and 9 of the Use Tax Act; Sections 2, 3, and 9 of the Service Use Tax Act; Sections 2, 3, and 9 of the Service Occupation Tax Act; and Sections 2 and 3 of the Retailers' Occupation Tax Act; and amending Section 2 of the State Revenue Sharing Act.

(D) Article IV of Public Act 85-1135, effective July 28, 1988, contained provisions amending Section 6z-9 of the State Finance Act and creating Section .01 of the State Revenue Sharing Act.

(E) Article V of Public Act 85-1135, effective July 28, 1988, contained provisions precluding any effect on a pre-existing right, remedy, or liability and authorizing enactment of home rule municipality ordinances.

(2) Public Act 85-1135 also contained provisions relating to State bonds and creating the Water Pollution Control Revolving Fund loan program.

(3) On August 26, 1998, the Cook County Circuit Court entered an order in the case of Oak Park Arms Associates v. Whitley (No. 92 L 51045), in which it found that Public Act 85-1135 violates the single subject clause of the Illinois Constitution (Article IV, Section 8(d)). As of the time this Act was prepared, the order declaring P.A. 85-1135 invalid has been vacated but the case is subject to appeal.

(4) The tax provisions of Public Act 85-1135 affect many areas of vital concern to the people of this State. The disruption of the tax reform contained in those provisions could constitute a grave threat to the continued health, safety, and welfare of the people of this State.

(b) It is the purpose of this Act to prevent or minimize any problems relating to taxation that may result from challenges to the constitutional validity of Public Act 85-1135, by (1) re-enacting provisions from Public Act 85-1135 and (2) validating all actions taken in reliance on those provisions from Public Act 85-1135.

(c) Because Public Act 86-962, effective January 1, 1990, renumbered Sections 24a-1, 24a-2, 24a-3, 24a-4, and 25.05 of the Counties Code, this Act contains those provisions as renumbered under Sections 5-1006, 5-1007, 5-1008, 5-1009, and 5-1024 of the Counties Code. Because Public Act 86-1475, effective January 10, 1991, resectioned Section 3 of the Use Tax Act, Section 3 of the Service Use Tax Act, Section 3 of the Service Occupation Tax Act, and Section 2 of the Retailers' Occupation Tax Act, this Act contains those provisions as resectioned under Sections 3, 3-5, 3-10, 3-15, 3-20, 3-25, 3-30, 3-35, 3-40, 3-45, 3-50, 3-55, 3-60, 3-70, 3-75, and 3-80 of the Use Tax Act; Sections 3, 3-5, 3-10, 3-15, 3-20, 3-25, 3-30, 3-35, 3-40, 3-45, 3-50, 3-55, 3-60, and 3-65 of the Service Use Tax Act; Sections 3, 3-5, 3-10, 3-15, 3-20, 3-25, 3-30, 3-35, 3-40, 3-45, and 3-50 of the Service Occupation Tax Act; and Sections 2, 2-5, 2-10, 2-15, 2-20, 2-25, 2-30, 2-35, 2-40, 2-45, 2-50, 2-55, 2-60, 2-65 of the Retailers' Occupation Tax Act. Because Public Act 85-1440, effective February 1, 1989, renumbered Section 6z-16 of the State Finance Act and Section .01 of the State Revenue Sharing Act, this Act contains those provisions as renumbered under Section 6z-18 of the State Finance Act and Section 0.1 of the State Revenue Sharing Act. Sections 10b of the Use Tax Act, 10b of the Service Use Tax Act, 20.1 of the Service Occupation Tax Act, and 6d of the Retailers' Occupation Tax Act have been omitted from this Act because they were repealed by Public Act 87-1258, effective January 7, 1993.

(d) This Act re-enacts Section 1 of Article I of Public Act 85-1135; Sections 8-11-1, 8-11-1.1, 8-11-1.2, 8-11-1.3, 8-11-1.4, 8-11-5, 8-11-6, 8-11-6a, 8-11-16, and 11-74.4-8a of the Illinois Municipal Code; Sections 5-1006, 5-1007, 5-1008, 5-1009, and 5-1024 of the Counties Code; Section 4 of the Water Commission Act of 1985; Section 5.01 of the Local Mass Transit District Act; Sections 4.01, 4.03, 4.04, and 4.09 of the ~~Northern Illinois Transit Regional Transportation~~ Authority Act; Sections 3, 3-5, 3-10, 3-15, 3-20, 3-25, 3-30, 3-35, 3-40, 3-45, 3-50, 3-55, 3-60, 3-65, 3-70, 3-75, 3-80, 9, and 10b of the Use Tax Act; Sections 2, 3, 3-5, 3-10, 3-15, 3-20, 3-25, 3-30, 3-35, 3-40, 3-45, 3-50, 3-55, 3-60, 3-65, 3d, 7a, 9, 10, 10b, and 15 of the Service Use Tax Act; Sections 2, 3, 3-5, 3-10, 3-15, 3-20, 3-25, 3-30, 3-35, 3-40, 3-45, 3-50, 9, 13, 15, and 20.1 of the Service Occupation Tax Act; Sections 2, 2-5, 2-10, 2-15, 2-20, 2-25, 2-30, 2-35, 2-40, 2-45, 2-50, 2-55, 2-60, 2-65, 3, 5k, and 6d of the Retailers' Occupation Tax Act; Sections 5.240, 5.241, 6z-9, 6z-17, and 6z-18 of the State Finance Act; Sections 0.1 and 2 of the State Revenue Sharing Act; and Sections 1 and 2 of Article V of Public Act 85-1135 as they have been amended. It also re-repeals Sections 25.05a, 25.05-2, 25.05-2a, 25.05-3, 25.05-3a, 25.05-10, 25.05-10a, and 25.05-10.1 of "An Act to revise the law in relation to counties" and Sections 10 and 14 of the Service Occupation Tax Act. This re-enactment and re-repeal is intended to remove any questions as to the validity or content of those Sections; it is not intended to supersede any other Public Act that amends the text of a Section as set forth in this Act. The re-enacted material in this Act is shown as existing text (i.e., without underscoring) because, as of the time this Act was prepared, the order declaring P.A. 85-1135 invalid has been vacated.

(e) In Sections 100 and 900 of this Act, references to "this amendatory Act of 1988" mean Public Act 85-1135, as re-enacted by this Act.

(f) The re-enactment or re-repeal of Sections of Public Act 85-1135 by this Act is not intended, and shall not be construed, to imply that Public Act 85-1135 is invalid or to limit or impair any legal argument

(1) upholding the validity of Public Act 85-1135 or (2) concerning whether the provisions of Public Act 85-1135 were substantially re-enacted by other Public Acts.

(g) All otherwise lawful actions taken in reasonable reliance on or pursuant to the Sections re-enacted by this Act, as set forth in Public Act 85-1135 or subsequently amended, by any officer, employee, agency, or unit of State or local government or by any other person or entity, are hereby validated.

With respect to actions taken in relation to matters arising under the Sections re-enacted by this Act, as set forth in Public Act 85-1135 or subsequently amended, a person is rebuttably presumed to have acted in reasonable reliance on and pursuant to the provisions of Public Act 85-1135, as those provisions had been amended at the time the action was taken.

(h) With respect to its administration of matters arising under the Sections re-enacted by this Act, the Department of Revenue shall continue to apply the provisions of Public Act 85-1135, as those provisions had been amended at the relevant time.

(i) This Act applies, without limitation, to proceedings pending on or after the effective date of this Act.

Section 30-125. The Simplified Sales and Use Tax Administration Act is amended by changing Section 2 as follows:

(35 ILCS 171/2)

Sec. 2. Definitions. As used in this Act:

(a) "Agreement" means the Streamlined Sales and Use Tax Agreement as amended and adopted on January 27, 2001.

(b) "Certified Automated System" means software certified jointly by the states that are signatories to the Agreement to calculate the tax imposed by each jurisdiction on a transaction, determine the amount of tax to remit to the appropriate state, and maintain a record of the transaction.

(c) "Certified Service Provider" means an agent certified jointly by the states that are signatories to the Agreement to perform all of the seller's sales tax functions.

(d) "Person" means an individual, trust, estate, fiduciary, partnership, limited liability company, limited liability partnership, corporation, or any other legal entity.

(e) "Sales Tax" means the tax levied under the Service Occupation Tax Act (35 ILCS 115/) and the Retailers' Occupation Tax Act (35 ILCS 120/). "Sales tax" also means any local sales tax levied under the Home Rule Municipal Retailers' Occupation Tax Act (65 ILCS 5/8-11-1), the Non-Home Rule Municipal Retailers' Occupation Tax Act (65 ILCS 5/8-11-1.3), the Non-Home Rule Municipal Service Occupation Tax Act (65 ILCS 5/8-11-1.4), the Home Rule Municipal Service Occupation Tax (65 ILCS 5/8-11-5), the Home Rule County Retailers' Occupation Tax Law (55 ILCS 5/5-1006), the Special County Occupation Tax for Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Law (55 ILCS 5/5-1006.5), the Home Rule County Service Occupation Tax Law (55 ILCS 5/5-1007), subsection (b) of the Rock Island County Use and Occupation Tax Law (55 ILCS 5/5-1008.5(b)), the Metro East Mass Transit District Retailers' Occupation Tax (70 ILCS 3610/5.01(b)), the Metro East Mass Transit District Service Occupation Tax (70 ILCS 3610/5.01(c)), the Northern Illinois Transit ~~Regional Transportation~~ Authority Retailers' Occupation Tax (70 ILCS 3615/4.03(c)), the ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority Service Occupation Tax (70 ILCS 3615/4.03(f)), the County Water Commission Retailers' Occupation Tax (70 ILCS 3720/4(b)), or the County Water Commission Service Occupation Tax (70 ILCS 3720/4(c)).

(f) "Seller" means any person making sales of personal property or services.

(g) "State" means any state of the United States and the District of Columbia.

(h) "Use tax" means the tax levied under the Use Tax Act (35 ILCS 105/) and the Service Use Tax Act (35 ILCS 110/). "Use tax" also means any local use tax levied under the Home Rule Municipal Use Tax Act (65 ILCS 5/8-11-6(b)), provided that the State and the municipality have entered into an agreement that provides for administration of the tax by the State.

(Source: P.A. 100-1167, eff. 1-4-19.)

Section 30-130. The Illinois Pension Code is amended by changing Sections 22-101B, 22-103, and 22-105 as follows:

(40 ILCS 5/22-101B)

Sec. 22-101B. Health Care Benefits.

(a) The Chicago Transit Authority (hereinafter referred to in this Section as the "Authority") shall take all actions lawfully available to it to separate the funding of health care benefits for retirees and their dependents and survivors from the funding for its retirement system. The Authority shall endeavor to achieve this separation as soon as possible, and in any event no later than July 1, 2009.

(b) Effective 90 days after the effective date of this amendatory Act of the 95th General Assembly, a Retiree Health Care Trust is established for the purpose of providing health care benefits to eligible retirees and their dependents and survivors in accordance with the terms and conditions set forth in this Section 22-101B. The Retiree Health Care Trust shall be solely responsible for providing health care benefits to eligible retirees and their dependents and survivors upon the exhaustion of the account established by the Retirement Plan for Chicago Transit Authority Employees pursuant to Section 401(h) of the Internal Revenue Code of 1986, but no earlier than January 1, 2009 and no later than July 1, 2009.

(1) The Board of Trustees shall consist of 7 members appointed as follows: (i) 3 trustees shall be appointed by the Chicago Transit Board; (ii) one trustee shall be appointed by an organization representing the highest number of Chicago Transit Authority participants; (iii) one trustee shall be appointed by an organization representing the second-highest number of Chicago Transit Authority participants; (iv) one trustee shall be appointed by the recognized coalition representatives of participants who are not represented by an organization with the highest or second-highest number of Chicago Transit Authority participants; and (v) one trustee shall be selected by the Northern Illinois Transit Regional Transportation Authority Board of Directors, and the trustee shall be a professional fiduciary who has experience in the area of collectively bargained retiree health plans. Trustees shall serve until a successor has been appointed and qualified, or until resignation, death, incapacity, or disqualification.

Any person appointed as a trustee of the board shall qualify by taking an oath of office that he or she will diligently and honestly administer the affairs of the system, and will not knowingly violate or willfully permit the violation of any of the provisions of law applicable to the Plan, including Sections 1-109, 1-109.1, 1-109.2, 1-110, 1-111, 1-114, and 1-115 of Article 1 of the Illinois Pension Code.

Each trustee shall cast individual votes, and a majority vote shall be final and binding upon all interested parties, provided that the Board of Trustees may require a supermajority vote with respect to the investment of the assets of the Retiree Health Care Trust, and may set forth that requirement in the trust agreement or by-laws of the Board of Trustees. Each trustee shall have the rights, privileges, authority and obligations as are usual and customary for such fiduciaries.

(2) The Board of Trustees shall establish and administer a health care benefit program for eligible retirees and their dependents and survivors. Any health care benefit program established by the Board of Trustees for eligible retirees and their dependents and survivors effective on or after July 1, 2009 shall not contain any plan which provides for more than 90% coverage for in-network services or 70% coverage for out-of-network services after any deductible has been paid, except that coverage through a health maintenance organization ("HMO") may be provided at 100%.

(2.5) The Board of Trustees may also establish and administer a health reimbursement arrangement for retirees and for former employees of the Authority or the Retirement Plan, and their survivors, who have contributed to the Retiree Health Care Trust but do not satisfy the years of service requirement of subdivision (b)(4) and the terms of the retiree health care plan; or for those who do satisfy the requirements of subdivision (b)(4) and the terms of the retiree health care plan but who decline coverage under the plan prior to retirement. Any such health reimbursement arrangement may provide that: the retirees or former employees of the Authority or the Retirement Plan, and their survivors, must have reached age 65 to be eligible to participate in the health reimbursement arrangement; contributions by the retirees or former employees of the Authority or the Retirement Plan to the Retiree Health Care Trust shall be considered assets of the Retiree Health Care Trust only; contributions shall not accrue interest for the benefit of the retiree or former employee of the Authority or the Retirement Plan or survivor; benefits shall be payable in accordance with the Internal Revenue Code of 1986; the amounts paid to or on account of the retiree or former employee of the Authority or the Retirement Plan or survivor shall not exceed the total amount which the retiree or former employee of the Authority or the Retirement Plan contributed to the Retiree Health Care Trust; the Retiree Health Care Trust may charge a reasonable administrative fee for processing the benefits. The Board of Trustees of the Retiree Health Care Trust may establish such rules, limitations and requirements as the Board of Trustees deems appropriate.

(3) The Retiree Health Care Trust shall be administered by the Board of Trustees according to the following requirements:

(i) The Board of Trustees may cause amounts on deposit in the Retiree Health Care Trust to be invested in those investments that are permitted investments for the investment of moneys held under any one or more of the pension or retirement systems of the State, any unit of local government or school district, or any agency or instrumentality thereof. The Board, by a vote of at least two-thirds of the trustees, may transfer investment management to the Illinois State Board of Investment, which is hereby authorized to manage these investments when so requested by the Board of Trustees.

(ii) The Board of Trustees shall establish and maintain an appropriate funding reserve level which shall not be less than the amount of incurred and unreported claims plus 12 months of expected claims and administrative expenses.

(iii) The Board of Trustees shall make an annual assessment of the funding levels of the Retiree Health Care Trust and shall submit a report to the Auditor General at least 90 days prior to the end of the fiscal year. The report shall provide the following:

(A) the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors;

(B) the actuarial present value of projected contributions and trust income plus assets;

(C) the reserve required by subsection (b)(3)(ii); and

(D) an assessment of whether the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors exceeds or is less than the actuarial present value of projected contributions and trust income plus assets in excess of the reserve required by subsection (b)(3)(ii).

If the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors exceeds the actuarial present value of projected contributions and trust income plus assets in excess of the reserve required by subsection (b)(3)(ii), then the report shall provide a plan, to be implemented over a period of not more than 10 years from each valuation date, which would make the actuarial present value of projected contributions and trust income plus assets equal to or exceed the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors. The plan may consist of increases in employee, retiree, dependent, or survivor contribution levels, decreases in benefit levels, or other plan changes or any combination thereof. If the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors is less than the actuarial present value of projected contributions and trust income plus assets in excess of the reserve required by subsection (b)(3)(ii), then the report may provide a plan of decreases in employee, retiree, dependent, or survivor contribution levels, increases in benefit levels, or other plan changes, or any combination thereof, to the extent of the surplus.

(iv) The Auditor General shall review the report and plan provided in subsection (b)(3)(iii) and issue a determination within 90 days after receiving the report and plan, with a copy of such determination provided to the General Assembly and the Northern Illinois Transit Regional Transportation Authority, as follows:

(A) In the event of a projected shortfall, if the Auditor General determines that the assumptions stated in the report are not unreasonable in the aggregate and that the plan of increases in employee, retiree, dependent, or survivor contribution levels, decreases in benefit levels, or other plan changes, or any combination thereof, to be implemented over a period of not more than 10 years from each valuation date, is reasonably projected to make the actuarial present value of projected contributions and trust income plus assets equal to or in excess of the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors, then the Board of Trustees shall implement the plan. If the Auditor General determines that the assumptions stated in the report are unreasonable in the aggregate, or that the plan of increases in employee, retiree, dependent, or survivor contribution levels, decreases in benefit levels, or other plan changes to be implemented over a period of not more than 10 years from each valuation date, is not reasonably projected to make the actuarial present value of

projected contributions and trust income plus assets equal to or in excess of the actuarial present value of projected benefits expected to be paid to current and future retirees and their dependents and survivors, then the Board of Trustees shall not implement the plan, the Auditor General shall explain the basis for such determination to the Board of Trustees, and the Auditor General may make recommendations as to an alternative report and plan.

(B) In the event of a projected surplus, if the Auditor General determines that the assumptions stated in the report are not unreasonable in the aggregate and that the plan of decreases in employee, retiree, dependent, or survivor contribution levels, increases in benefit levels, or both, is not unreasonable in the aggregate, then the Board of Trustees shall implement the plan. If the Auditor General determines that the assumptions stated in the report are unreasonable in the aggregate, or that the plan of decreases in employee, retiree, dependent, or survivor contribution levels, increases in benefit levels, or both, is unreasonable in the aggregate, then the Board of Trustees shall not implement the plan, the Auditor General shall explain the basis for such determination to the Board of Trustees, and the Auditor General may make recommendations as to an alternative report and plan.

(C) The Board of Trustees shall submit an alternative report and plan within 45 days after receiving a rejection determination by the Auditor General. A determination by the Auditor General on any alternative report and plan submitted by the Board of Trustees shall be made within 90 days after receiving the alternative report and plan, and shall be accepted or rejected according to the requirements of this subsection (b)(3)(iv). The Board of Trustees shall continue to submit alternative reports and plans to the Auditor General, as necessary, until a favorable determination is made by the Auditor General.

(4) For any retiree who first retires effective on or after January 18, 2008, to be eligible for retiree health care benefits upon retirement, the retiree must be at least 55 years of age, retire with 10 or more years of continuous service and satisfy the preconditions established by Public Act 95-708 in addition to any rules or regulations promulgated by the Board of Trustees. Notwithstanding the foregoing, any retiree hired on or before September 5, 2001 who retires with 25 years or more of continuous service shall be eligible for retiree health care benefits upon retirement in accordance with any rules or regulations adopted by the Board of Trustees; provided he or she retires prior to the full execution of the successor collective bargaining agreement to the collective bargaining agreement that became effective January 1, 2007 between the Authority and the organizations representing the highest and second-highest number of Chicago Transit Authority participants. This paragraph (4) shall not apply to a disability allowance.

(5) Effective January 1, 2009, the aggregate amount of retiree, dependent and survivor contributions to the cost of their health care benefits shall not exceed more than 45% of the total cost of such benefits. The Board of Trustees shall have the discretion to provide different contribution levels for retirees, dependents and survivors based on their years of service, level of coverage or Medicare eligibility, provided that the total contribution from all retirees, dependents, and survivors shall be not more than 45% of the total cost of such benefits. The term "total cost of such benefits" for purposes of this subsection shall be the total amount expended by the retiree health benefit program in the prior plan year, as calculated and certified in writing by the Retiree Health Care Trust's enrolled actuary to be appointed and paid for by the Board of Trustees.

(6) Effective January 1, 2022, all employees of the Authority shall contribute to the Retiree Health Care Trust in an amount not less than 1% of compensation.

(7) No earlier than January 1, 2009 and no later than July 1, 2009 as the Retiree Health Care Trust becomes solely responsible for providing health care benefits to eligible retirees and their dependents and survivors in accordance with subsection (b) of this Section 22-101B, the Authority shall not have any obligation to provide health care to current or future retirees and their dependents or survivors. Employees, retirees, dependents, and survivors who are required to make contributions to the Retiree Health Care Trust shall make contributions at the level set by the Board of Trustees pursuant to the requirements of this Section 22-101B.

(40 ILCS 5/22-103)

Sec. 22-103. Northern Illinois Transit Regional Transportation Authority and related pension plans.

(a) As used in this Section:

"Affected pension plan" means a defined-benefit pension plan supported in whole or in part by employer contributions and maintained by the Northern Illinois Transit ~~Regional Transportation~~ Authority, the Suburban Bus Division, or the Commuter Rail Division, or any combination thereof, under the general authority of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, including but not limited to any such plan that has been established under or is subject to a collective bargaining agreement or is limited to employees covered by a collective bargaining agreement. "Affected pension plan" does not include any pension fund or retirement system subject to Section 22-101 of this Section.

"Authority" means the Northern Illinois Transit ~~Regional Transportation~~ Authority created under the Northern Illinois Transit ~~Regional Transportation~~ Authority Act.

"Contributing employer" means an employer that is required to make contributions to an affected pension plan under the terms of that plan.

"Funding ratio" means the ratio of an affected pension plan's assets to the present value of its actuarial liabilities, as determined at its latest actuarial valuation in accordance with applicable actuarial assumptions and recommendations.

"Under-funded pension plan" or "under-funded" means an affected pension plan that, at the time of its last actuarial valuation, has a funding ratio of less than 90%.

(b) The contributing employers of each affected pension plan have a general duty to make the required employer contributions to the affected pension plan in a timely manner in accordance with the terms of the plan. A contributing employer must make contributions to the affected pension plan as required under this subsection and, if applicable, subsection (c); a contributing employer may make any additional contributions provided for by the board of the employer or collective bargaining agreement.

(c) In the case of an affected pension plan that is under-funded on January 1, 2009 or becomes under-funded at any time after that date, the contributing employers shall contribute to the affected pension plan, in addition to all amounts otherwise required, amounts sufficient to bring the funding ratio of the affected pension plan up to 90% in accordance with an amortization schedule adopted jointly by the contributing employers and the trustee of the affected pension plan. The amortization schedule may extend for any period up to a maximum of 50 years and shall provide for additional employer contributions in substantially equal annual amounts over the selected period. If the contributing employers and the trustee of the affected pension plan do not agree on an appropriate period for the amortization schedule within 6 months of the date of determination that the plan is under-funded, then the amortization schedule shall be based on a period of 50 years.

In the case of an affected pension plan that has more than one contributing employer, each contributing employer's share of the total additional employer contributions required under this subsection shall be determined: (i) in proportion to the amounts, if any, by which the respective contributing employers have failed to meet their contribution obligations under the terms of the affected pension plan; or (ii) if all of the contributing employers have met their contribution obligations under the terms of the affected pension plan, then in the same proportion as they are required to contribute under the terms of that plan. In the case of an affected pension plan that has only one contributing employer, that contributing employer is responsible for all of the additional employer contributions required under this subsection.

If an under-funded pension plan is determined to have achieved a funding ratio of at least 90% during the period when an amortization schedule is in force under this Section, the contributing employers and the trustee of the affected pension plan, acting jointly, may cancel the amortization schedule and the contributing employers may cease making additional contributions under this subsection for as long as the affected pension plan retains a funding ratio of at least 90%.

(d) Beginning January 1, 2009, if the Authority fails to pay to an affected pension fund within 30 days after it is due (i) any employer contribution that it is required to make as a contributing employer, (ii) any additional employer contribution that it is required to pay under subsection (c), or (iii) any payment that it is required to make under Section 4.02a or 4.02b of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, the trustee of the affected pension fund shall promptly so notify the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Governor, and the General Assembly.

(e) For purposes of determining employer contributions, assets, and actuarial liabilities under this subsection, contributions, assets, and liabilities relating to health care benefits shall not be included.

(f) This amendatory Act of the 94th General Assembly does not affect or impair the right of any contributing employer or its employees to collectively bargain the amount or level of employee

contributions to an affected pension plan, to the extent that the plan includes employees subject to collective bargaining.

(g) Any individual who, on or after August 19, 2011 (the effective date of Public Act 97-442), first becomes a participant of an affected pension plan shall not be paid any of the benefits provided under this Code if he or she is convicted of a felony relating to, arising out of, or in connection with his or her service as a participant.

This subsection shall not operate to impair any contract or vested right acquired before August 19, 2011 (the effective date of Public Act 97-442) under any law or laws continued in this Code, and it shall not preclude the right to refund.

(h) Notwithstanding any other provision of this Article or any law to the contrary, a person who, on or after January 1, 2012 (the effective date of Public Act 97-609), first becomes a director on the Suburban Bus Board, the Commuter Rail Board, or the Board of Directors of the Northern Illinois Transit ~~Regional Transportation~~ Authority shall not be eligible to participate in an affected pension plan.

(Source: P.A. 97-442, eff. 8-19-11; 97-609, eff. 1-1-12; 97-813, eff. 7-13-12.)

(40 ILCS 5/22-105)

Sec. 22-105. Application to Northern Illinois Transit ~~Regional Transportation~~ Authority Board members. This Code does not apply to any individual who first becomes a member of the Northern Illinois Transit ~~Regional Transportation~~ Authority Board on or after the effective date of this amendatory Act of the 98th General Assembly with respect to service on that Board.

(Source: P.A. 98-108, eff. 7-23-13.)

Section 30-135. The Illinois Municipal Budget Law is amended by changing Section 2 as follows:

(50 ILCS 330/2) (from Ch. 85, par. 802)

Sec. 2. The following terms, unless the context otherwise indicates, have the following meaning:

(1) "Municipality" means and includes all municipal corporations and political subdivisions of this State, or any such unit or body hereafter created by authority of law, except the following: (a) The State of Illinois; (b) counties; (c) cities, villages and incorporated towns; (d) sanitary districts created under "An Act to create sanitary districts and to remove obstructions in the Des Plaines and Illinois Rivers", approved May 29, 1889, as amended; (e) forest preserve districts having a population of 500,000 or more, created under "An Act to provide for the creation and management of forest preserve districts and repealing certain Acts therein named", approved June 27, 1913, as amended; (f) school districts; (g) the Chicago Park District created under "An Act in relation to the creation, maintenance, operation and improvement of the Chicago Park District", approved, June 10, 1933, as amended; (h) park districts created under "The Park District Code", approved July 8, 1947, as amended; (i) the Northern Illinois Transit ~~Regional Transportation~~ Authority created under the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act", enacted by the 78th General Assembly; and (j) the Illinois Sports Facilities Authority.

(2) "Governing body" means the corporate authorities, body, or other officer of the municipality authorized by law to raise revenue, appropriate funds, or levy taxes for the operation and maintenance thereof.

(3) "Department" means the Department of Commerce and Economic Opportunity.

(Source: P.A. 94-793, eff. 5-19-06.)

Section 30-140. The Counties Code is amended by changing Section 6-34000 as follows:

(55 ILCS 5/6-34000)

Sec. 6-34000. Report on funds received under the Northern Illinois Transit ~~Regional Transportation~~ Authority Act. If the Board of the Northern Illinois Transit ~~Regional Transportation~~ Authority adopts an ordinance under Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act imposing a retailers' occupation tax and a service occupation tax at the rate of 0.75% in the counties of DuPage, Kane, Lake, McHenry, and Will, then the County Boards of DuPage, Kane, Lake, McHenry, and Will counties shall each report to the General Assembly and the Commission on Government Forecasting and Accountability by March 1 of the year following the adoption of the ordinance and March 1 of each year thereafter. That report shall include the total amounts received by the County under subsection (n) of Section 4.03 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act and the expenditures and obligations of the County using those funds during the previous calendar year.

(Source: P.A. 95-906, eff. 8-26-08.)

Section 30-145. The Illinois Municipal Code is amended by changing Section 11-74.4-3, the heading of Division 122.2 of Article 11, and Section 11-122.2-1 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel.

For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-way ~~rights-of-ways~~ for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the

municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is

annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first \$100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of \$100,000 but not exceeding \$500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of \$500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first \$100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of \$100,000 but not exceeding \$500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of \$500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amending Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area, provided that, with respect to redevelopment project areas described in subsections (p-1) and (p-2), "redevelopment plan" means the comprehensive program of the affected municipality for the development of qualifying transit facilities. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise, provided that such evidence shall not be required for any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan, provided, however, that such a finding shall not be required with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If: (a) the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan; or (b) the redevelopment plan is for a redevelopment project area or a qualifying transit facility located within a transit facility improvement area established pursuant to Section 11-74.4-3.3, and the applicable project is subject to the process for evaluation of environmental effects under the National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq., then a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(p-1) Notwithstanding any provision of this Act to the contrary, on and after August 25, 2009 (the effective date of Public Act 96-680), a redevelopment project area may include areas within a one-half mile radius of an existing or proposed ~~Northern Illinois Transit~~ ~~Regional Transportation~~ Authority Suburban Transit Access Route (STAR Line) station without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or a combination thereof, but only if the municipality receives unanimous consent from the joint review board created to review the proposed redevelopment project area.

(p-2) Notwithstanding any provision of this Act to the contrary, on and after the effective date of this amendatory Act of the 99th General Assembly, a redevelopment project area may include areas within a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3 without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or any combination thereof.

(q) "Redevelopment project costs", except for redevelopment project areas created pursuant to subsection (p-1) or (p-2), means and includes the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that

no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment; including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification;

(4) Costs of the construction of public works or improvements, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999, (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan, or (iii) the new municipal public building is for the storage, maintenance, or repair of transit vehicles and is located in a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project;

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code or evidence-based funding as defined in Section 18-8.15 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than \$5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than \$5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than \$5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than \$5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code or evidence-based funding as defined in Section 18-8.15 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed \$120. The per-patron cost shall be the Total Operating Expenditures Per Capita for the library in the previous fiscal year. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By

acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act;

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11); and

(F) instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under this subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois

Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later;

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Costs relating to the development of urban agricultural areas under Division 15.2 of the Illinois Municipal Code.

Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934), unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this paragraph means (i) a place or structure that is included or eligible for inclusion on the National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This paragraph does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(q-1) For redevelopment project areas created pursuant to subsection (p-1), redevelopment project costs are limited to those costs in paragraph (q) that are related to the existing or proposed Northern Illinois Transit Regional Transportation Authority Suburban Transit Access Route (STAR Line) station.

(q-2) For a transit facility improvement area established prior to, on, or after the effective date of this amendatory Act of the 102nd General Assembly: (i) "redevelopment project costs" means those costs described in subsection (q) that are related to the construction, reconstruction, rehabilitation, remodeling, or repair of any existing or proposed transit facility, whether that facility is located within or outside the

boundaries of a redevelopment project area established within that transit facility improvement area (and, to the extent a redevelopment project cost is described in subsection (q) as incurred or estimated to be incurred with respect to a redevelopment project area, then it shall apply with respect to such transit facility improvement area); and (ii) the provisions of Section 11-74.4-8 regarding tax increment allocation financing for a redevelopment project area located in a transit facility improvement area shall apply only to the lots, blocks, tracts and parcels of real property that are located within the boundaries of that redevelopment project area and not to the lots, blocks, tracts, and parcels of real property that are located outside the boundaries of that redevelopment project area.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has

not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(x) "LEED certified" means any certification level of construction elements by a qualified Leadership in Energy and Environmental Design Accredited Professional as determined by the U.S. Green Building Council.

(y) "Green Globes certified" means any certification level of construction elements by a qualified Green Globes Professional as determined by the Green Building Initiative.

(65 ILCS 5/Art. 11 Div. 122.2 heading)

DIVISION 122.2. NORTHERN ILLINOIS TRANSIT ~~REGIONAL TRANSPORTATION~~ AUTHORITY

(65 ILCS 5/11-122.2-1) (from Ch. 24, par. 11-122.2-1)

Sec. 11-122.2-1. In addition to all its other powers, every municipality shall, in all its dealings with the Northern Illinois Transit ~~Regional Transportation~~ Authority established by the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act", enacted by the 78th General Assembly, have the following powers:

(a) to cooperate with the Northern Illinois Transit ~~Regional Transportation~~ Authority in the exercise by the Northern Illinois Transit ~~Regional Transportation~~ Authority of all the powers granted it by the Act;

(b) to receive funds from the Northern Illinois Transit ~~Regional Transportation~~ Authority upon such terms and conditions as shall be set forth in an agreement between the municipality and the Suburban Bus Board or the Commuter Rail Board, which contract or agreement may be for such number of years or duration as they may agree, all as provided in the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act";

(c) to receive financial grants from a Service Board, as defined in the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act", upon such terms and conditions as shall be set forth in a Purchase of Service Agreement or other grant contract between the municipality and the Service Board, which contract or agreement may be for such number of years or duration as the Service Board and the municipality may agree, all as provided in the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act";

(d) to acquire from the Northern Illinois Transit ~~Regional Transportation~~ Authority or a Service Board any Public Transportation Facility, as defined in the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act", by purchase contract, gift, grant, exchange for other property or rights in property, lease (or sublease) or installment or conditional purchase contracts, which contracts or leases may provide for consideration to be paid in annual installments during a period not exceeding 40 years; such property may be acquired subject to such conditions, restrictions, liens or security or other interests of other parties as the municipality may deem appropriate and in each case the municipality may acquire a joint, leasehold, easement, license or other partial interest in such property;

(e) to sell, sell by installment contract, lease (or sublease) as lessor, or transfer to, or grant to or provide for the use by the Northern Illinois Transit ~~Regional Transportation~~ Authority or a Service Board any Public Transportation Facility, as defined in the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act" upon such terms and for such consideration, or for no consideration, as the municipality may deem proper;

(f) to cooperate with the Northern Illinois Transit ~~Regional Transportation~~ Authority or a Service Board for the protection of employees and users of public transportation facilities against crime and also to protect such facilities; such cooperation may include, without limitation, agreements for the coordination of police or security forces;

(g) to file such reports with and transfer such records, papers or documents to the Northern Illinois Transit ~~Regional Transportation~~ Authority or a Service Board as may be agreed upon with, or required by, the Northern Illinois Transit ~~Regional Transportation~~ Authority or a Service Board.

In exercising any of the powers granted in this Section the municipality shall not be subject to the provisions of this Code or any Act making public bidding or notice a requirement for any purchase or sale by a municipality. Notwithstanding any provision of this Code to the contrary, every municipality may enter into Purchase of Service Agreements, grant contracts, other contracts, agreements or leases, as provided in this Section, and may incur obligations and expenses thereunder without making a previous appropriation therefor.

(Source: P.A. 83-886.)

Section 30-150. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 14.5 as follows:

(70 ILCS 210/14.5)

Sec. 14.5. Trustee of the Authority.

(a) Beginning on the effective date of this amendatory Act of the 96th General Assembly, the Authority shall be governed by a Trustee for a term of 18 months or until the Board created in this amendatory Act of the 96th General Assembly appoints a chief executive officer, whichever is longer. The Trustee of the Authority shall immediately assume all duties and powers of the Board and the chief executive officer. The Trustee shall take all actions necessary to carry into effect the provisions of this Act and this amendatory Act of the 96th General Assembly. The Trustee shall receive an annual salary equal to the current salary of the chief executive officer, minus 5%.

As provided in Senate Bill 28 of the 96th General Assembly, the Trustee of the Authority is James Reilly, who served as the Chief Operating Officer of the Authority from 1989 to 1999, served as the Chief Operating Officer of the Chicago Convention and Tourism Bureau from 1999 to 2004, and served as Chairman of the Northern Illinois Transit ~~Regional Transportation~~ Authority Board. James Reilly may be removed as Trustee only by a joint resolution of the General Assembly approved by a majority of members elected to each chamber; and the General Assembly shall thereupon notify the Governor, Trustee, and interim board upon the adoption of a joint resolution creating a vacancy in the position of Trustee of the Authority.

(a-5) In the case of a vacancy in the office of Trustee of the Authority, the Governor, with the advice and consent of the Senate, shall appoint a Trustee within 5 calendar days. If the vacancy occurs during a recess of the Senate, the Governor shall make a temporary appointment within 5 calendar days and the person shall serve until the next meeting of the Senate, when the Governor shall nominate some person to fill the office of Trustee. Any person so nominated who is confirmed by the Senate shall hold the office of Trustee during the remainder of the term as provided for in this Section.

Any Trustee of the Authority appointed by the Governor, with the advice and consent of the Senate, shall be subject to the Governor's removal power provided for under Section 10 of Article V of the Illinois Constitution.

(a-10) If the Trustee of the Authority, or the guardian of his or her estate and person, notifies the Governor that he or she is unable to perform the duties vested by law in the Trustee, then the Governor may designate some person as acting Trustee to execute and discharge those duties. When the Trustee of the Authority is prepared to resume his or her duties, he or she, or the guardian of his or her estate and person, shall do so by notifying the Governor.

(b) It shall be the duty of the Trustee:

(1) to ensure the proper administration of the Authority;

(2) to submit to the interim board monthly reports detailing actions taken and the general status of the Authority;

(3) to report to the General Assembly and Governor no later than January 1, 2011, whether Navy Pier should remain within the control of the Authority or serve as an entity independent from the Authority;

(4) to enter into an agreement with a contractor or private manager to operate the buildings and facilities of the Authority, provided that the agreement is procured using a request for proposal process in accordance with the Illinois Procurement Code;

(5) to enter into any agreements to license naming rights of any building or facility of the Authority, provided the Trustee determines such an agreement is in the best interest of the Authority;

(6) to ensure the proper implementation, administration, and enforcement of Section 5.4 of this Act; and

(7) to ensure that any contract of the Authority to provide food or beverage in the buildings and facilities of the Authority, except Navy Pier, shall be provided at a rate not to exceed the cost established in the contract.

(c) The Trustee shall notify the interim board prior to entering into an agreement for a term of more than 24 months or with a total value in excess of \$100,000. Notification shall include the purpose of the agreement, a description of the agreement, disclosure of parties to the agreement, and the total value of the agreement. Within 10 days after receiving notice, the interim board may prohibit the Trustee from entering into the agreement by a resolution approved by at least 5 members of the interim board. The interim board may veto any other action of the Trustee by a resolution approved by at least 5 members of the interim board, provided that the resolution is adopted within 30 days after the action.

(d) Any provision of this Act that requires approval by the Chair of the Board or at least the approval of a majority of the Board shall be deemed approved if the Trustee approves the action, subject to the restrictions in subsection (c).

Section 30-155. The Regional Planning Act is amended by changing Section 10 as follows:

(70 ILCS 1707/10)

Sec. 10. Definitions.

"Board" means the Board of the Chicago Metropolitan Agency for Planning.

"CMAP" means the Chicago Metropolitan Agency for Planning.

"Chief elected county official" means the Board Chair in DuPage, Kane, Kendall, Lake, and McHenry Counties and the County Executive in Will County.

"Fiscal year" means the fiscal year of the State.

"IDOT" means the Illinois Department of Transportation.

"MPO" means the metropolitan planning organization designated under 23 U.S.C. 134.

"Members" means the members of the Board.

"Person" means an individual, partnership, firm, public or private corporation, State agency, transportation agency, or unit of local government.

"Policy Committee" means the decision-making body of the MPO.

"Region" or "northeastern Illinois region" means Cook, DuPage, Kane, Kendall, Lake, McHenry, and Will Counties.

"State agency" means "agency" as defined in Section 1-20 of the Illinois Administrative Procedure Act.

"Transportation agency" means the Northern Illinois Transit Regional Transportation Authority and its Service Boards; the Illinois Toll Highway Authority; the Illinois Department of Transportation; and the transportation functions of units of local government.

"Unit of local government" means a unit of local government, as defined in Section 1 of Article VII of the Illinois Constitution, that is located within the jurisdiction and area of operation of the Board.

"USDOT" means the United States Department of Transportation.

(Source: P.A. 103-986, eff. 1-1-25.)

Section 30-160. The Local Mass Transit District Act is amended by changing Sections 3.1, 5.05, and 8.5 as follows:

(70 ILCS 3610/3.1) (from Ch. 111 2/3, par. 353.1)

Sec. 3.1. Also in the manner provided in this Act as amended, a "Local Mass Transit District" may be created with boundary to enclose a unit area of contiguous land, to be known as the "participating area". Such a "participating area" may be organized as a district under this Act without regard to boundaries of counties or other political subdivisions or municipal corporations.

(a) Any 500 or more legal voters who are residents within such "participating area" may file a petition in the circuit court of the county where the proposed district or a major part thereof is located, asking that the question of creating such district be submitted under this Act by referendum to the voters residing within the proposed district. By their power of attorney signed by them and filed in the cause the petitioners may authorize a committee of their number named by the petitioners, to conduct and pursue the cause for them to a conclusion. Such petition shall define the boundaries of the proposed district, shall indicate distances to nearest mass transportation lines in each direction, naming them, shall have attached a fair map of the proposed district, and shall suggest a name for the proposed district.

(b) The circuit clerk shall present to the circuit judge any petition so filed in the court. The judge shall enter an order of record to set a date, hour and place for judicial hearing on the petition. That order shall include instructions to the circuit clerk to give notice by newspaper publication to be made and completed at least 20 days before the hearing is to be held, in 2 or more newspapers published or circulating generally among the people residing within the proposed district. The circuit clerk shall prepare that notice and cause such publication notice to be given as directed.

(c) After proof of such newspaper publication of notice has been made and filed in the cause and shown to the court in full accord with the prior order, the circuit judge shall hear all persons who attend and so request, as to location and boundary and name for the proposed district. After the hearing on such petition is completed, the circuit court by an order of record, shall determine and establish the location, name and boundary for such proposed district, and shall order the proposition submitted at an election in accordance with the general election law to the voters resident within such proposed district. The circuit clerk shall certify the proposition to the proper election officials who shall submit the proposition in accordance with the general election law.

(d) The county clerk shall canvass the ballots and other returns from such referendum, and prepare a full certification of the result and shall file the same in the cause pending in the circuit court. When the vote is in favor of the creation of such district as determined by the court order, a true map of such district shall be filed with such report in the circuit court.

(e) When the vote is in favor of creation of such district, the circuit court by an order of record shall confirm the result of election. If the district is wholly contained within a single county the presiding officer of the county board with the advice and consent of the county board shall appoint 5 trustees, not more than 3 of whom shall be affiliated with the same political party, to govern the district and serve one each for 1, 2, 3, 4 and 5 years respectively; upon the expiration of the term of a trustee who is in office on the effective date of this amendatory Act of 1989, the successor shall, at the time of the appointment, and thereafter at all times while serving as trustee, be a resident of the Mass Transit District for which such person is appointed as trustee. If a trustee removes his residence to a place outside of the District, a trustee shall be appointed in the same manner as herein provided to take the place of the trustee who so removed his residence. If however the district is located in more than one county, the number of trustees who are residents of a county shall be in proportion, as nearly as practicable, to the number of residents of the district who reside in that county in relation to the total population of the district.

Upon the expiration of the term of a trustee who is in office on the effective date of this amendatory Act of 1975, the successor shall be a resident of whichever county is entitled to such representation in order to bring about the proportional representation required herein, and he shall be appointed by the county board of that county, or in the case of a home rule county as defined by Article VII, Section 6 of the Constitution of 1970, the chief executive officer of that county, with the advice and consent of the county board in accordance with the provisions previously enumerated. Successors shall serve 5 year overlapping terms.

Thereafter, each trustee shall be succeeded by a resident of the same county who shall be appointed by the same appointing authority; however, the provisions of the preceding paragraph shall apply to the appointment of the successor to each trustee who is in office at the time of the publication of each decennial Federal census of population.

(f) Upon the creation of such district, the circuit clerk shall prepare and certify a copy of the final court order confirming the referendum creating the district, and a duplicate of the map of such district, from the record of the circuit court, and shall file the same with the county clerk for recording in his office as "Certificate of Incorporation" for the district. The county clerk shall cause a duplicate of such "Certificate of Incorporation" to be filed in the office of the Secretary of State of Illinois.

(g) The Board of Trustees of such "Local Mass Transit District" shall have and exercise all the powers and shall perform all the duties of any Board of Trustees of any district created under this Act, ~~as now or hereafter amended.~~

(h) The circuit court shall require the petitioners to post a surety bond for the payment of all costs and expenses of such proceeding and such referendum. When a district is created, the circuit court shall order the district to pay or reimburse others for all such costs and expenses. The surety bond shall not be released until complete receipts for all such costs and expenses have been filed in the cause and fully audited by the circuit and county clerks.

(i) If the District is wholly contained within a single county, the County Board of such county may, by resolution, provide that, effective upon the next appointment of a Trustee, after the effective date of this amendatory Act of 1989, that the Board of Trustees of such Mass Transit District shall be comprised of 7 Trustees, with no more than 4 members of the same political party. This Subsection shall not apply to any Mass Transit District in the State which receives funding in whole or in part from the Northern Illinois Transit Regional Transportation Authority or any of its service boards.
(Source: P.A. 86-472.)

(70 ILCS 3610/5.05) (from Ch. 111 2/3, par. 355.05)

Sec. 5.05. In addition to all its other powers, each District shall, in all its dealings with the Northern Illinois Transit Regional Transportation Authority established by the "Northern Illinois Transit Regional Transportation Authority Act", enacted by the 78th General Assembly, have the following powers:

(a) to cooperate with the Northern Illinois Transit Regional Transportation Authority in the exercise by the Northern Illinois Transit Regional Transportation Authority of all the powers granted it by such Act;

(b) to receive funds from the Northern Illinois Transit Regional Transportation Authority upon such terms and conditions as shall be set forth in an agreement between the District and the Northern Illinois Transit Regional Transportation Authority, which contract or agreement may be for such number of years or duration as the Authority and the District may agree, all as provided in the "Northern Illinois Transit Regional Transportation Authority Act";

(c) to receive financial grants from a Service Board, as defined in the "Northern Illinois Transit Regional Transportation Authority Act", upon such terms and conditions as shall be set forth in a Purchase of Service Agreement or other grant contract between the District and the Service Board, which contract or agreement may be for such number of years or duration as the Service Board and the District may agree, all as provided in the "Northern Illinois Transit Regional Transportation Authority Act";

(d) to acquire from the Northern Illinois Transit Regional Transportation Authority or Service Board any Public Transportation Facility, as defined in the "Northern Illinois Transit Regional Transportation Authority Act", by purchase contract, gift, grant, exchange for other property or rights in property, lease (or sublease) or installment or conditional purchase contracts, which contracts or leases may provide for consideration to be paid in annual installments during a period not exceeding 40 years; such property may be acquired subject to such conditions, restrictions, liens or security or other interests of other parties as the District may deem appropriate and in each case the District may acquire a joint, leasehold, easement, license or other partial interest in such property;

(e) to sell, sell by installment contract, lease (or sublease) as lessor, or transfer to, or grant to or provide for the use by the Northern Illinois Transit Regional Transportation Authority or a Service Board any Public Transportation Facility, as defined in the "Northern Illinois Transit Regional Transportation Authority Act" upon such terms and for such consideration, as the District may deem proper;

(f) to cooperate with the Northern Illinois Transit Regional Transportation Authority or a Service Board for the protection of employees of the District and users of public transportation facilities against crime and also to protect such facilities, but neither the District, the member of its Board nor its officers or employees shall be held liable for failure to provide a security or police force, or, if a security or police force is provided, for failure to provide adequate police protection or security, failure to prevent the commission of crimes by fellow passengers or other third persons or for the failure to apprehend criminals; and

(g) to file such reports with and transfer such records, papers or documents to the Northern Illinois Transit Regional Transportation Authority or a Service Board as may be agreed upon with, or required by, the Northern Illinois Transit Regional Transportation Authority or a Service Board.

In exercising any of the powers granted in this Section, the District shall not be subject to the provisions of any Act making public bidding or notice a requirement of any purchase or sale by a District.

(Source: P.A. 84-939.)

(70 ILCS 3610/8.5) (from Ch. 111 2/3, par. 358.5)

Sec. 8.5. In addition to any other method provided for annexation under this Act, any territory, except property classified as farmland, which (1) lies within the corporate limits of a municipality as defined in this Act, (2) is contiguous to a local mass transit district organized under this Act, and (3) is not a part of another

local mass transit district, may be annexed by the contiguous local mass transit district, by ordinance, after a public hearing has been held thereon by the board of trustees of the district at a location within the territory sought to be annexed, or within 1 mile of any part of the territory sought to be annexed. The annexing district shall cause to be published three times in a newspaper having general circulation within the area considered for annexation, at least 30 days prior to the public hearing thereon, a notice that the local mass transit district is considering the annexation of the territory specified. The notice shall also state the date, time and place of the public hearing. The annexing district shall cause to be delivered to each owner of a parcel of land which is 5 or more acres, which land is proposed to be annexed in whole or in part, a written notice containing the information required to be included in the published notice. The notice shall be delivered by first class mail so that said notice arrives 30 days in advance of the public hearing. The board of trustees of the district shall give due consideration to all testimony. For the purposes of this Section "property classified as farmland" shall mean property classified as farmland for assessment purposes pursuant to the Property Tax Code. This Section shall not apply to any mass transit district in the State which receives funding in whole or in part from the Northern Illinois Transit ~~Regional Transportation~~ Authority or any of its service boards.
(Source: P.A. 88-670, eff. 12-2-94.)

Section 30-165. The Water Commission Act of 1985 is amended by changing Section 4 as follows:
(70 ILCS 3720/4) (from Ch. 111 2/3, par. 254)

Sec. 4. Taxes.

(a) The board of commissioners of any county water commission may, by ordinance, impose throughout the territory of the commission any or all of the taxes provided in this Section for its corporate purposes. However, no county water commission may impose any such tax unless the commission certifies the proposition of imposing the tax to the proper election officials, who shall submit the proposition to the voters residing in the territory at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be in the form provided in Section 5 or shall be substantially in the following form:

Shall the (insert corporate
name of county water commission)
impose (state type of tax or
taxes to be imposed) at the NO
rate of 1/4%?

YES

Taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The board of commissioners may impose a County Water Commission Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the territory of the commission at a rate of 1/4% of the gross receipts from the sales made in the course of such business within the territory. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax except that tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act shall not be subject to tax hereunder), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel sold on or after December 1, 2019 and through December 31, 2020),

[May 31, 2025]

4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act and under subsection (e) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

For the purpose of determining whether a tax authorized under this paragraph is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a County Water Commission Service Occupation Tax shall also be imposed upon all persons engaged, in the territory of the commission, in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the territory. The tax rate shall be 1/4% of the selling price of tangible personal property so transferred within the territory. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the territory of the commission), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax except that tangible personal property taxed at the 1% rate under the Service Occupation Tax Act shall not be subject to tax hereunder), 4 (except that the reference to the State shall be to the territory of the commission), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the commission), 9 (except as to the disposition of taxes and penalties collected and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel sold on or after December 1, 2019 and through December 31, 2020), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the territory of the commission), the first paragraph of Section 15, 15.5, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge,

which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, and any tax for which servicemen may be liable under subsection (f) of Section 4.03 of the Northern Illinois Transit Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also be imposed upon the privilege of using, in the territory of the commission, any item of tangible personal property that is purchased outside the territory at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4% of the selling price of the tangible personal property within the territory, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the territory. The tax shall be collected by the Department of Revenue for a county water commission. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21, and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under subsection (b), (c), or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under subsection (c) of this Section.

(f) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county water commission as of September 1 next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the

Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing.

(g) The State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the commission. The taxes shall be held in a trust fund outside the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the commission, which shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including any amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the commission, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the commission, and less any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the commission, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the commission and the Tax Compliance and Administration Fund, the Comptroller shall cause an order to be drawn for the payment for the amount in accordance with the direction in the certification.

(h) Beginning June 1, 2016, any tax imposed pursuant to this Section may no longer be imposed or collected, unless a continuation of the tax is approved by the voters at a referendum as set forth in this Section.

(Source: P.A. 100-23, eff. 7-6-17; 100-587, eff. 6-4-18; 100-863, eff. 8-14-18; 100-1171, eff. 1-4-19; 101-10, eff. 6-5-19; 101-81, eff. 7-12-19; 101-604, eff. 12-13-19.)

Section 30-170. The School Code is amended by changing Sections 29-5 and 34-4 as follows:
(105 ILCS 5/29-5) (from Ch. 122, par. 29-5)

Sec. 29-5. Reimbursement by State for transportation. Any school district or State-authorized charter school, maintaining a school, transporting resident pupils to another school district's vocational program, offered through a joint agreement approved by the State Board of Education, as provided in Section 10-22.22 or transporting its resident pupils to a school which meets the standards for recognition as established by the State Board of Education which provides transportation meeting the standards of safety, comfort, convenience, efficiency and operation prescribed by the State Board of Education for resident pupils in kindergarten or any of grades 1 through 12 who: (a) reside at least 1 1/2 miles as measured by the customary route of travel, from the school attended; or (b) reside in areas where conditions are such that walking constitutes a hazard to the safety of the child when determined under Section 29-3; and (c) are transported to the school attended from pick-up points at the beginning of the school day and back again at the close of the school day or transported to and from their assigned attendance centers during the school day shall be reimbursed by the State as hereinafter provided in this Section.

The State will pay the prorated allowable cost of transporting eligible pupils less the real equalized assessed valuation as computed under paragraph (3) of subsection (d) of Section 18-8.15 in a dual school district maintaining secondary grades 9 to 12 inclusive times a qualifying rate of .05%; in elementary school districts maintaining grades K to 8 times a qualifying rate of .06%; and in unit districts maintaining grades K to 12, including partial elementary unit districts formed pursuant to Article 11E, times a qualifying rate of .07%. For a State-authorized charter school, the State shall pay the prorated allowable cost of transporting eligible pupils less a real equalized assessed valuation calculated pursuant to this Section times a qualifying rate. For purposes of calculating the real equalized assessed valuation for a State-authorized charter school whose resident district is not a school district organized under Article 34 of this Code, the State Board of Education shall calculate the average of the number of students in grades kindergarten through 12 reported

as enrolled in the charter school in the State Board's Student Information System on October 1 and March 1 of the immediately preceding school year. That value shall be divided by the average of the number of students in grades kindergarten through 12 reported as enrolled in the charter school's resident district on October 1 and March 1 of the immediately preceding school year. That proportion shall be multiplied by the real equalized assessed valuation as computed under paragraph (3) of subsection (d) of Section 18-8.15 for each State-authorized charter school's applicable resident district. A State-authorized charter school whose resident district is organized under Article 34 of this Code shall have a real equalized assessed valuation equal to the real equalized assessed valuation of its resident district as computed under paragraph (3) of subsection (d) of Section 18-8.15. A State-authorized charter school's qualifying rate shall be the same as the rate that applies to the charter school's resident district.

To be eligible to receive reimbursement in excess of 4/5 of the cost to transport eligible pupils, a school district or partial elementary unit district formed pursuant to Article 11E shall have a Transportation Fund tax rate of at least .12%. The Transportation Fund tax rate for a partial elementary unit district formed pursuant Article 11E shall be the combined elementary and high school rates pursuant to paragraph (4) of subsection (a) of Section 18-8.15.

If a school district or partial elementary unit district formed pursuant to Article 11E does not have a .12% Transportation Fund tax rate, the amount of its claim in excess of 4/5 of the cost of transporting pupils shall be reduced by the sum arrived at by subtracting the Transportation Fund tax rate from .12% and multiplying that amount by the district's real equalized assessed valuation as computed under paragraph (3) of subsection (d) of Section 18-8.15, provided that in no case shall said reduction result in reimbursement of less than 4/5 of the cost to transport eligible pupils. No such adjustment may be applied to a claim filed by a State-authorized charter school.

Subject to the calculation of equalized assessed valuation, an adjustment for an insufficient tax rate, and the use of a qualifying rate as provided in this Section, a State-authorized charter school may make a claim for reimbursement by the State that is calculated in the same manner as a school district.

The minimum amount to be received by a district is \$16 times the number of eligible pupils transported.

When calculating the reimbursement for transportation costs, the State Board of Education may not deduct the number of pupils enrolled in early education programs from the number of pupils eligible for reimbursement if the pupils enrolled in the early education programs are transported at the same time as other eligible pupils.

Any such district transporting resident pupils during the school day to an area vocational school or another school district's vocational program more than 1 1/2 miles from the school attended, as provided in Sections 10-22.20a and 10-22.22, shall be reimbursed by the State for 4/5 of the cost of transporting eligible pupils.

School day means that period of time during which the pupil is required to be in attendance for instructional purposes.

If a pupil is at a location within the school district other than his residence for child care purposes at the time for transportation to school, that location may be considered for purposes of determining the 1 1/2 miles from the school attended.

Claims for reimbursement that include children who attend any school other than a public school shall show the number of such children transported.

Claims for reimbursement under this Section shall not be paid for the transportation of pupils for whom transportation costs are claimed for payment under other Sections of this Act.

The allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall be limited to the sum of the cost of physical examinations required for employment as a school bus driver; the salaries of full-time or part-time drivers and school bus maintenance personnel; employee benefits excluding Illinois municipal retirement payments, social security payments, unemployment insurance payments and workers' compensation insurance premiums; expenditures to independent carriers who operate school buses; payments to other school districts for pupil transportation services; pre-approved contractual expenditures for computerized bus scheduling; expenditures for housing assistance and homeless prevention under Sections 1-17 and 1-18 of the Education for Homeless Children Act that are not in excess of the school district's actual costs for providing transportation services and are not otherwise claimed in another State or federal grant that permits those costs to a parent, a legal guardian, any other person who enrolled a pupil, or a homeless assistance agency that is part of the federal McKinney-Vento Homeless Assistance Act's continuum of care for the area in which the district is located;

the cost of gasoline, oil, tires, and other supplies necessary for the operation of school buses; the cost of converting buses' gasoline engines to more fuel efficient engines or to engines which use alternative energy sources; the cost of travel to meetings and workshops conducted by the regional superintendent or the State Superintendent of Education pursuant to the standards established by the Secretary of State under Section 6-106 of the Illinois Vehicle Code to improve the driving skills of school bus drivers; the cost of maintenance of school buses including parts and materials used; expenditures for leasing transportation vehicles, except interest and service charges; the cost of insurance and licenses for transportation vehicles; expenditures for the rental of transportation equipment; plus a depreciation allowance of 20% for 5 years for school buses and vehicles approved for transporting pupils to and from school and a depreciation allowance of 10% for 10 years for other transportation equipment so used. Each school year, if a school district has made expenditures to the Northern Illinois Transit ~~Regional Transportation~~ Authority or any of its service boards, a mass transit district, or an urban transportation district under an intergovernmental agreement with the district to provide for the transportation of pupils and if the public transit carrier received direct payment for services or passes from a school district within its service area during the 2000-2001 school year, then the allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall also include the expenditures that the district has made to the public transit carrier. In addition to the above allowable costs, school districts shall also claim all transportation supervisory salary costs, including Illinois municipal retirement payments, and all transportation related building and building maintenance costs without limitation.

Special education allowable costs shall also include expenditures for the salaries of attendants or aides for that portion of the time they assist special education pupils while in transit and expenditures for parents and public carriers for transporting special education pupils when pre-approved by the State Superintendent of Education.

Indirect costs shall be included in the reimbursement claim for districts which own and operate their own school buses. Such indirect costs shall include administrative costs, or any costs attributable to transporting pupils from their attendance centers to another school building for instructional purposes. No school district which owns and operates its own school buses may claim reimbursement for indirect costs which exceed 5% of the total allowable direct costs for pupil transportation.

The State Board of Education shall prescribe uniform regulations for determining the above standards and shall prescribe forms of cost accounting and standards of determining reasonable depreciation. Such depreciation shall include the cost of equipping school buses with the safety features required by law or by the rules, regulations and standards promulgated by the State Board of Education, and the Department of Transportation for the safety and construction of school buses provided, however, any equipment cost reimbursed by the Department of Transportation for equipping school buses with such safety equipment shall be deducted from the allowable cost in the computation of reimbursement under this Section in the same percentage as the cost of the equipment is depreciated.

On or before August 15, annually, the chief school administrator for the district shall certify to the State Superintendent of Education the district's claim for reimbursement for the school year ending on June 30 next preceding. The State Superintendent of Education shall check and approve the claims and prepare the vouchers showing the amounts due for district reimbursement claims. Each fiscal year, the State Superintendent of Education shall prepare and transmit the first 3 vouchers to the Comptroller on the 30th day of September, December and March, respectively, and the final voucher, no later than June 20.

If the amount appropriated for transportation reimbursement is insufficient to fund total claims for any fiscal year, the State Board of Education shall reduce each school district's allowable costs and flat grant amount proportionately to make total adjusted claims equal the total amount appropriated.

For purposes of calculating claims for reimbursement under this Section for any school year beginning July 1, 2016, the equalized assessed valuation for a school district or partial elementary unit district formed pursuant to Article 11E used to compute reimbursement shall be the real equalized assessed valuation as computed under paragraph (3) of subsection (d) of Section 18-8.15.

All reimbursements received from the State shall be deposited into the district's transportation fund or into the fund from which the allowable expenditures were made.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02b, or 14-13.01 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from State aid pursuant to Section 18-8.15 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section),

regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Any school district with a population of not more than 500,000 must deposit all funds received under this Article into the transportation fund and use those funds for the provision of transportation services. (Source: P.A. 102-539, eff. 8-20-21; 102-813, eff. 5-13-22; 103-588, eff. 1-1-25.)

(105 ILCS 5/34-4) (from Ch. 122, par. 34-4)

Sec. 34-4. Eligibility. To be eligible for election or appointment to the Board, a person shall be a citizen of the United States, shall be a registered voter as provided in the Election Code, shall have been, for a period of one year immediately before election or appointment, a resident of the city, district, and subdistrict that the member represents, and shall not be a child sex offender as defined in Section 11-9.3 of the Criminal Code of 2012. A person is ineligible for election or appointment to the Board if that person is not in compliance with the provisions of Section 10-9 as referenced in Section 34-3. For the 2024 general election, all persons eligible for election to the Board shall be nominated by a petition signed by at least 1,000 but not more than 3,000 of the voters residing within the electoral district on a petition in order to be placed on the ballot. For the 2026 general election and general elections thereafter, persons eligible for election to the Board shall be nominated by a petition signed by at least 500 but no more than 1,500 voters residing within the subdistrict on a petition in order to be placed on the ballot, except that persons eligible for election to the Board at large shall be nominated by a petition signed by no less than 2,500 voters residing within the city. Any registered voter may sign a nominating petition, irrespective of any partisan petition the voter signs or may sign. For the 2024 general election only, the petition circulation period shall begin on March 26, 2024, and the filing period shall be from June 17, 2024 to June 24, 2024. Permanent removal from the city by any member of the Board during the member's term of office constitutes a resignation therefrom and creates a vacancy in the Board. Board members shall serve without any compensation; however, members of the Board shall be reimbursed for expenses incurred while in the performance of their duties upon submission of proper receipts or upon submission of a signed voucher in the case of an expense allowance evidencing the amount of such reimbursement or allowance to the President of the Board for verification and approval. Board members shall not hold other public office under the Federal, State or any local government other than that of Director of the Northern Illinois Transit Regional Transportation Authority, member of the economic development commission of a city having a population exceeding 500,000, notary public or member of the National Guard, and by accepting any such office while members of the Board, or by not resigning any such office held at the time of being elected or appointed to the Board within 30 days after such election or appointment, shall be deemed to have vacated their membership in the Board.

(Source: P.A. 102-177, eff. 6-1-22; 102-691, eff. 12-17-21; 103-584, eff. 3-18-24.)

Section 30-175. The Public Utilities Act is amended by changing Section 4-302 as follows:

(220 ILCS 5/4-302) (from Ch. 111 2/3, par. 4-302)

Sec. 4-302. The Commission shall cooperate with the Northern Illinois Transit ~~Regional Transportation~~ Authority created pursuant to the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act", enacted by the 78th General Assembly, in the exercise of the powers of the Authority as provided in that Act.

Transportation Agencies which have any purchase of service agreement with a Service Board as provided in the "Northern Illinois Transit ~~Regional Transportation~~ Authority Act" shall not be subject to this Act as to any public transportation which is the subject of such agreement. Any service and business

exempted from this Act pursuant to this Section shall not be considered "intrastate public utility business" as defined in Section 3-120 of this Act.

No contract between any Transportation Agency and the Authority or a Service Board or acquisition by the Authority or a Service Board of any property, including property of a Transportation Agency pursuant to and as defined in the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, shall, except as provided in such Act, be subject to the supervision, regulation or approval of the Commission.

In the event a Service Board shall determine that any Public Transportation service provided by any Transportation Agency with which that Service Board has a Purchase of Service Agreement is not necessary for the public interest and shall for that reason decline to enter into any Purchase of Service Agreement for such particular service, all pursuant to and as defined in such Northern Illinois Transit ~~Regional Transportation~~ Authority Act, then the discontinuation of such service by such Transportation Agency shall not be subject to the supervision, regulation or approval of the Commission.

(Source: P.A. 84-617; 84-1025.)

Section 30-185. The Illinois Highway Code is amended by changing Section 6-411.5 as follows:
(605 ILCS 5/6-411.5)

Sec. 6-411.5. Contracts for public transportation. The highway commissioner of each road district within the territory of the Northern Illinois Transit ~~Regional Transportation~~ Authority shall have authority, with the approval of the township board of trustees, to contract with the Northern Illinois Transit ~~Regional Transportation~~ Authority or a Service Board, as defined in the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, for the purchase of public transportation services within the district, upon such terms and conditions as may be mutually agreed upon. The expenditure of road funds, collected under a road district tax, to purchase public transportation services constitutes a road purpose under this Code.
(Source: P.A. 89-347, eff. 1-1-96.)

Section 30-190. The Toll Highway Act is amended by changing Section 19 as follows:
(605 ILCS 10/19) (from Ch. 121, par. 100-19)

Sec. 19. Toll rates. The Authority shall fix and revise from time to time, tolls or charges or rates for the privilege of using each of the toll highways constructed pursuant to this Act. Such tolls shall be so fixed and adjusted at rates calculated to provide the lowest reasonable toll rates that will provide funds sufficient with other revenues of the Authority to pay, (a) the cost of the construction of a toll highway authorized by joint resolution of the General Assembly pursuant to Section 14.1 and the reconstruction, major repairs or improvements of toll highways, (b) the cost of maintaining, repairing, regulating and operating the toll highways including only the necessary expenses of the Authority, and (c) the principal of all bonds, interest thereon and all sinking fund requirements and other requirements provided by resolutions authorizing the issuance of the bonds as they shall become due. In fixing the toll rates pursuant to this Section 19 and Section 10(c) of this Act, the Authority shall take into account the effect of the provisions of this Section 19 permitting the use of the toll highway system without payment of the covenants of the Authority contained in the resolutions and trust indentures authorizing the issuance of bonds of the Authority. No such provision permitting the use of the toll highway system without payment of tolls after the date of this amendatory Act of the 95th General Assembly shall be applied in a manner that impairs the rights of bondholders pursuant to any resolution or trust indentures authorizing the issuance of bonds of the Authority. The use and disposition of any sinking or reserve fund shall be subject to such regulation as may be provided in the resolution or trust indenture authorizing the issuance of the bonds. Subject to the provisions of any resolution or trust indenture authorizing the issuance of bonds any moneys in any such sinking fund in excess of an amount equal to one year's interest on the bonds then outstanding secured by such sinking fund may be applied to the purchase or redemption of bonds. All such bonds so redeemed or purchased shall forthwith be cancelled and shall not again be issued. No person shall be permitted to use any toll highway without paying the toll established under this Section except when on official Toll Highway Authority business which includes police and other emergency vehicles. However, any law enforcement agency vehicle, fire department vehicle, public or private ambulance service vehicle engaged in the performance of an emergency service or duty that necessitates the use of the toll highway system, or other emergency vehicle that is plainly marked shall not be required to pay a toll to use a toll highway. A law enforcement, fire protection, or emergency services officer driving a law enforcement, fire protection, emergency services agency vehicle, or public or private ambulance service vehicle engaging in the performance of emergency services or duties that is not plainly marked must present an Official Permit Card which the law enforcement, fire protection, or

emergency services officer receives from his or her law enforcement, fire protection, emergency services agency, or public or private ambulance service in order to use a toll highway without paying the toll. A law enforcement, fire protection, emergency services agency, or public or private ambulance service engaging in the performance of emergency services or duties must apply to the Authority to receive a permit, and the Authority shall adopt rules for the issuance of a permit, that allows public or private ambulance service vehicles engaged in the performance of emergency services or duties that necessitate the use of the toll highway system and all law enforcement, fire protection, or emergency services agency vehicles of the law enforcement, fire protection, or emergency services agency to use any toll highway without paying the toll established under this Section. The Authority shall maintain in its office a list of all persons that are authorized to use any toll highway without charge when on official business of the Authority and such list shall be open to the public for inspection. In recognition of the unique role of public transportation in providing effective transportation in the Authority's service region, and to give effect to the exemption set forth in subsection (b) of Section 2.06 of the Northern Illinois Transit ~~Regional Transportation~~ Authority Act, the following vehicles may use any toll highway without paying the toll: (1) a vehicle owned or operated by the Suburban Bus Division of the Northern Illinois Transit ~~Regional Transportation~~ Authority that is being used to transport passengers for hire; and (2) any revenue vehicle that is owned or operated by a Mass Transit District created under Section 3 of the Local Mass Transit District Act and running regular scheduled service.

Among other matters, this amendatory Act of 1990 is intended to clarify and confirm the prior intent of the General Assembly to allow toll revenues from the toll highway system to be used to pay a portion of the cost of the construction of the North-South Toll Highway authorized by Senate Joint Resolution 122 of the 83rd General Assembly in 1984.
(Source: P.A. 100-739, eff. 1-1-19.)

Section 30-195. The Illinois Aeronautics Act is amended by changing Section 49.1 as follows:
(620 ILCS 5/49.1) (from Ch. 15 1/2, par. 22.49a)

Sec. 49.1. Creation of hazards. No person may create or construct any airport hazard which obstructs a restricted landing area or residential airport that (1) serves 20 or more based aircraft, and (2) is located within the "metropolitan region" as that term is defined in the Northern Illinois Transit ~~Regional Transportation~~ Authority Act. For the purpose of this Section, "based aircraft" are aircraft that are regularly hangared or tied-down at the restricted landing area or residential airport, or that use it as their primary base of operation. As used in this Section 49.1, "restricted landing area" or "residential airport" shall have the meaning set forth in regulations of the Department in effect on the effective date of this amendatory Act of 1989, but shall not include amendments of the regulations adopted by the Department thereafter.
(Source: P.A. 86-963.)

Section 30-200. The Illinois Vehicle Code is amended by changing Sections 1-209.3, 8-102, and 11-709.2 as follows:

(625 ILCS 5/1-209.3)

Sec. 1-209.3. Transit bus. A bus engaged in public transportation as defined by the Northern Illinois Transit ~~Regional Transportation~~ Authority Act and authorized by the Department to be used on specifically designated roadway shoulders.

(Source: P.A. 97-292, eff. 8-11-11.)

(625 ILCS 5/8-102) (from Ch. 95 1/2, par. 8-102)

Sec. 8-102. Alternate methods of giving proof.

(a) Except as provided in subsection (b), proof of financial responsibility, when required under Section 8-101 or 8-101.1, may be given by filing with the Secretary of State one of the following:

1. A bond as provided in Section 8-103;
2. An insurance policy or other proof of insurance in a form to be prescribed by the Secretary as provided in Section 8-108;
3. A certificate of self-insurance issued by the Director;
4. A certificate of self-insurance issued to the Northern Illinois Transit ~~Regional Transportation~~ Authority by the Director naming municipal or non-municipal public carriers included therein;
5. A certificate of coverage issued by an intergovernmental risk management association evidencing coverages which meet or exceed the amounts required under this Code.

(b) Beginning January 1, 2020, in lieu of filing the documents required by subsection (a), each owner of a vehicle required to obtain minimum liability insurance under Section 8-101 or 8-101.1 shall attest that the vehicle is insured in at least the minimum required amount.

(1) The Secretary shall create a form on which the vehicle owner shall attest that the vehicle is insured in at least the minimum required amount. The attestation form shall be submitted with each registration application.

(2) The attestation form shall be valid for the full registration period; however, if at any time the Secretary has reason to believe that the owner does not have the minimum required amount of insurance for a vehicle, the Secretary may require the owner to file with the Secretary documentation as set forth in subsection (a) of this Section.

(3) If the owner fails to provide the required documentation within 7 calendar days after the request is made, the Secretary may suspend the vehicle registration. The registration shall remain suspended until such time as the required documentation is provided to and reviewed by the Secretary.

(4) The owner of a vehicle that is self-insured shall attest that the funds available to pay liability claims related to the operation of the vehicle are equivalent to or greater than the minimum liability insurance requirements under Section 8-101 or 8-101.1.

(c) The Secretary of State may adopt rules to implement this Section.

(Source: P.A. 100-986, eff. 1-1-21.)

(625 ILCS 5/11-709.2)

Sec. 11-709.2. Bus on shoulder program.

(a) The use of specifically designated shoulders of roadways by transit buses may be authorized by the Department in cooperation with the Northern Illinois Transit ~~Regional Transportation~~ Authority and the Suburban Bus Division of the Northern Illinois Transit ~~Regional Transportation~~ Authority. The Department shall prescribe by rule which transit buses are authorized to operate on shoulders, as well as times and locations. The Department may erect signage to indicate times and locations of designated shoulder usage.

(b) (Blank).

(c) (Blank).

Section 30-215. The Transportation Benefits Program Act is amended by changing Sections 5, 10, and 15 as follows:

(820 ILCS 63/5)

Sec. 5. Definitions. As used in this Act:

"Covered employee" means any person who performs an average of at least 35 hours of work per week for compensation on a full-time basis.

"Covered employer" means any individual, partnership, association, corporation, limited liability company, government, non-profit organization, or business trust that directly or indirectly, or through an agent or any other person, employs or exercises control over wages, hours, or working conditions of an employee, and that:

(1) is located in: Cook County; Warren Township in Lake County; Grant Township in Lake County; Frankfort Township in Will County; Wheatland Township in Will County; Addison Township; Bloomingdale Township; York Township; Milton Township; Winfield Township; Downers Grove Township; Lisle Township; Naperville Township; Dundee Township; Elgin Township; St. Charles Township; Geneva Township; Batavia Township; Aurora Township; Zion Township; Benton Township; Waukegan Township; Avon Township; Libertyville Township; Shields Township; Vernon Township; West Deerfield Township; Deerfield Township; McHenry Township; Nunda Township; Algonquin Township; DuPage Township; Homer Township; Lockport Township; Plainfield Township; New Lenox Township; Joliet Township; or Troy Township; and

(2) employs 50 or more covered employees in a geographic area specified in paragraph (1) at an address that is located within one mile of fixed-route transit service.

"Public transit" means any transportation system within the authority and jurisdiction of the Northern Illinois Transit ~~Regional Transportation~~ Authority.

"Transit pass" means any pass, token, fare card, voucher, or similar item entitling a person to transportation on public transit.

(Source: P.A. 103-291, eff. 1-1-24.)

(820 ILCS 63/10)

Sec. 10. Transportation benefits program. All covered employers shall provide a pre-tax commuter benefit to covered employees. The pre-tax commuter benefit shall allow employees to use pre-tax dollars for the purchase of a transit pass, via payroll deduction, such that the costs for such purchases may be excluded from the employee's taxable wages and compensation up to the maximum amount permitted by federal tax law, consistent with 26 U.S.C. 132(f) and the rules and regulations promulgated thereunder. A covered employer may comply with this Section by participating in a program offered by the Chicago Transit Authority or the Northern Illinois Transit ~~Regional Transportation~~ Authority.

This benefit must be offered to all employees starting on the employees' first full pay period after 120 days of employment. All transit agencies shall market the existence of this program and this Act to their riders in order to inform affected employees and their employers.
(Source: P.A. 103-291, eff. 1-1-24.)

(820 ILCS 63/15)

Sec. 15. Regional Transit Authority map. The ~~Northern Illinois Transit Regional Transportation~~ Authority shall make publicly available a searchable map of addresses that are located within one mile of fixed-route transit service.

(Source: P.A. 103-291, eff. 1-1-24.)

Article 35.

Section 35-10. The Interagency Coordinating Committee on Transportation Act is amended by adding Section 95 as follows:

(20 ILCS 3968/95 new)

Sec. 95. Repeal. This Act is repealed on the effective date of this amendatory Act of the 104th General Assembly.

Section 35-15. The State Finance Act is amended by changing Sections 5.1030, 6z-109, 6z-110, and 8.3 as follows:

(30 ILCS 105/5.1030 new)

Sec. 5.1030. The Electric Vehicle Charging Fee Fund.

(30 ILCS 105/6z-109)

Sec. 6z-109. Regional Transportation Authority Capital Improvement Fund.

(a) The ~~Northern Illinois Transit Regional Transportation Authority~~ Capital Improvement Fund is created as a special fund in the State treasury and shall receive a portion of the moneys deposited into the Transportation Renewal Fund from Motor Fuel Tax revenues pursuant to Section 8b of the Motor Fuel Tax Law and from the interest earned on the Road Fund pursuant to Section 8.3 of the State Finance Act.

(b) Money in the ~~Northern Illinois Transit Regional Transportation Authority~~ Capital Improvement Fund shall be used exclusively for transportation-related purposes as described in Section 11 of Article IX of the Illinois Constitution of 1970.

(Source: P.A. 101-30, eff. 6-28-19.)

(30 ILCS 105/6z-110)

Sec. 6z-110. Downstate Mass Transportation Capital Improvement Fund.

(a) The Downstate Mass Transportation Capital Improvement Fund is created as a special fund in the State treasury and shall receive a portion of the moneys deposited into the Transportation Renewal Fund from Motor Fuel Tax revenues pursuant to Section 8b the Motor Fuel Tax Law and from the interest earned on the Road Fund pursuant to Section 8.3 of the State Finance Act.

(b) Money in the Downstate Mass Transportation Capital Improvement Fund shall be used exclusively for transportation-related purposes as described in Section 11 of Article IX of the Illinois Constitution of 1970.

(Source: P.A. 101-30, eff. 6-28-19.)

(30 ILCS 105/8.3)

Sec. 8.3. Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first -- to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code, except the cost of administration of Articles I and II of Chapter 3 of that Code, and to pay the costs of the Executive Ethics Commission for oversight and administration of the Chief Procurement Officer appointed under paragraph (2) of subsection (a) of Section 10-20 of the Illinois Procurement Code for transportation; and

secondly -- for expenses of the Department of Transportation for construction, reconstruction, improvement, repair, maintenance, operation, and administration of highways in accordance with the provisions of laws relating thereto, or for any purpose related or incident to and connected therewith, including the separation of grades of those highways with railroads and with highways and including the payment of awards made by the Illinois Workers' Compensation Commission under the terms of the Workers' Compensation Act or Workers' Occupational Diseases Act for injury or death of an employee of the Division of Highways in the Department of Transportation; or for the acquisition of land and the erection of buildings for highway purposes, including the acquisition of highway right-of-way or for investigations to determine the reasonably anticipated future highway needs; or for making of surveys, plans, specifications and estimates for and in the construction and maintenance of flight strips and of highways necessary to provide access to military and naval reservations, to defense industries and defense-industry sites, and to the sources of raw materials and for replacing existing highways and highway connections shut off from general public use at military and naval reservations and defense-industry sites, or for the purchase of right-of-way, except that the State shall be reimbursed in full for any expense incurred in building the flight strips; or for the operating and maintaining of highway garages; or for patrolling and policing the public highways and conserving the peace; or for the operating expenses of the Department relating to the administration of public transportation programs; or, during fiscal year 2024, for the purposes of a grant not to exceed \$9,108,400 to the Northern Illinois Transit ~~Regional Transportation~~ Authority on behalf of PACE for the purpose of ADA/Para-transit expenses; or, during fiscal year 2025, for the purposes of a grant not to exceed \$10,020,000 to the Northern Illinois Transit ~~Regional Transportation~~ Authority on behalf of PACE for the purpose of ADA/Para-transit expenses; or for any of those purposes or any other purpose that may be provided by law.

Appropriations for any of those purposes are payable from the Road Fund. Appropriations may also be made from the Road Fund for the administrative expenses of any State agency that are related to motor vehicles or arise from the use of motor vehicles.

Beginning with fiscal year 1980 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Department of Public Health;
2. Department of Transportation, only with respect to subsidies for one-half fare Student Transportation and Reduced Fare for Elderly, except fiscal year 2024 when no more than \$19,063,500 may be expended and except fiscal year 2025 when no more than \$20,969,900 may be expended;
3. Department of Central Management Services, except for expenditures incurred for group insurance premiums of appropriate personnel;
4. Judicial Systems and Agencies.

Beginning with fiscal year 1981 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Illinois State Police, except for expenditures with respect to the Division of Patrol and Division of Criminal Investigation;
2. Department of Transportation, only with respect to Intercity Rail Subsidies, except fiscal year 2024 when no more than \$60,000,000 may be expended and except fiscal year 2025 when no more than \$67,000,000 may be expended, and Rail Freight Services.

Beginning with fiscal year 1982 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement: Department of Central Management Services, except for awards made by the Illinois Workers' Compensation Commission under the terms of the Workers' Compensation Act or Workers'

Occupational Diseases Act for injury or death of an employee of the Division of Highways in the Department of Transportation.

Beginning with fiscal year 1984 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Illinois State Police, except not more than 40% of the funds appropriated for the Division of Patrol and Division of Criminal Investigation;
2. State Officers.

Beginning with fiscal year 1984 and thereafter, no Road Fund monies shall be appropriated to any Department or agency of State government for administration, grants, or operations except as provided hereafter; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement. It shall not be lawful to circumvent the above appropriation limitations by governmental reorganization or other methods. Appropriations shall be made from the Road Fund only in accordance with the provisions of this Section.

Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging during each fiscal year the principal and interest on that bonded indebtedness as it becomes due and payable as provided in the General Obligation Bond Act, and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first -- to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code; and

secondly -- no Road Fund monies derived from fees, excises, or license taxes relating to registration, operation and use of vehicles on public highways or to fuels used for the propulsion of those vehicles, shall be appropriated or expended other than for costs of administering the laws imposing those fees, excises, and license taxes, statutory refunds and adjustments allowed thereunder, administrative costs of the Department of Transportation, including, but not limited to, the operating expenses of the Department relating to the administration of public transportation programs, payment of debts and liabilities incurred in construction and reconstruction of public highways and bridges, acquisition of rights-of-way for and the cost of construction, reconstruction, maintenance, repair, and operation of public highways and bridges under the direction and supervision of the State, political subdivision, or municipality collecting those monies, or during fiscal year 2024 for the purposes of a grant not to exceed \$9,108,400 to the Northern Illinois Transit ~~Regional Transportation~~ Authority on behalf of PACE for the purpose of ADA/Para-transit expenses, or during fiscal year 2025 for the purposes of a grant not to exceed \$10,020,000 to the Northern Illinois Transit ~~Regional Transportation~~ Authority on behalf of PACE for the purpose of ADA/Para-transit expenses, and the costs for patrolling and policing the public highways (by the State, political subdivision, or municipality collecting that money) for enforcement of traffic laws. The separation of grades of such highways with railroads and costs associated with protection of at-grade highway and railroad crossing shall also be permissible.

Appropriations for any of such purposes are payable from the Road Fund or the Grade Crossing Protection Fund as provided in Section 8 of the Motor Fuel Tax Law.

Except as provided in this paragraph, beginning with fiscal year 1991 and thereafter, no Road Fund monies shall be appropriated to the Illinois State Police for the purposes of this Section in excess of its total fiscal year 1990 Road Fund appropriations for those purposes unless otherwise provided in Section 5g of this Act. For fiscal years 2003, 2004, 2005, 2006, and 2007 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of \$97,310,000. For fiscal year 2008 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of \$106,100,000. For fiscal year 2009 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of \$114,700,000. Beginning in fiscal year 2010, no Road Fund monies shall be appropriated to the Illinois State Police. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods unless otherwise provided in Section 5g of this Act.

In fiscal year 1994, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1991 Road Fund appropriations to the Secretary of

State for those purposes, plus \$9,800,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other method.

Beginning with fiscal year 1995 and thereafter, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1994 Road Fund appropriations to the Secretary of State for those purposes. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

Beginning with fiscal year 2000, total Road Fund appropriations to the Secretary of State for the purposes of this Section shall not exceed the amounts specified for the following fiscal years:

Fiscal Year 2000	\$80,500,000;
Fiscal Year 2001	\$80,500,000;
Fiscal Year 2002	\$80,500,000;
Fiscal Year 2003	\$130,500,000;
Fiscal Year 2004	\$130,500,000;
Fiscal Year 2005	\$130,500,000;
Fiscal Year 2006	\$130,500,000;
Fiscal Year 2007	\$130,500,000;
Fiscal Year 2008	\$130,500,000;
Fiscal Year 2009	\$130,500,000.

For fiscal year 2010, no road fund moneys shall be appropriated to the Secretary of State.

Beginning in fiscal year 2011, moneys in the Road Fund shall be appropriated to the Secretary of State for the exclusive purpose of paying refunds due to overpayment of fees related to Chapter 3 of the Illinois Vehicle Code unless otherwise provided for by law.

Beginning in fiscal year 2025, moneys in the Road Fund may be appropriated to the Environmental Protection Agency for the exclusive purpose of making deposits into the Electric Vehicle Rebate Fund, subject to appropriation, to be used for purposes consistent with Section 11 of Article IX of the Illinois Constitution.

Notwithstanding any provision of law to the contrary, beginning in fiscal year 2025, any interest earned on moneys in the Road Fund and the State Construction Account Fund shall be dedicated to public transportation construction improvements or debt service. Of the interest earned on moneys in the Road Fund and the State Construction Account Fund on or after July 1, 2025, 90% shall be deposited into the Public Transportation Fund to be used by the Northern Illinois Transit Authority for construction improvements and 10% shall be deposited into the Downstate Public Transportation Fund to be used by local mass transit districts, other than the Northern Illinois Transit Authority, for construction improvements. There shall be a transfer of \$5,000,000 from the Downstate Transit Improvement Fund to an airport operated under the University of Illinois Airport Act. Beginning in fiscal year 2026, the Department shall issue a semi-annual call for projects for this program.

It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

No new program may be initiated in fiscal year 1991 and thereafter that is not consistent with the limitations imposed by this Section for fiscal year 1984 and thereafter, insofar as appropriation of Road Fund monies is concerned.

Nothing in this Section prohibits transfers from the Road Fund to the State Construction Account Fund under Section 5e of this Act; nor to the General Revenue Fund, as authorized by Public Act 93-25.

The additional amounts authorized for expenditure in this Section by Public Acts 92-0600, 93-0025, 93-0839, and 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

The additional amounts authorized for expenditure by the Secretary of State and the Department of State Police in this Section by Public Act 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

Section 35-20. The Downstate Public Transportation Act is amended by changing Sections 2-3, 2-7, and 2-15 as follows:

(30 ILCS 740/2-3) (from Ch. 111 2/3, par. 663)

Sec. 2-3. (a) As soon as possible after the first day of each month, beginning July 1, 1984, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the Downstate Public Transportation Fund, an amount equal to 2/32 (beginning July 1, 2005, 3/32) of the net revenue realized from the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Use Tax Act, and the Service Use Tax Act from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of each participant, other than any Metro-East Transit District participant certified pursuant to subsection (c) of this Section during the preceding month, except that (i) until July 1, 2025, the Department shall pay into the Downstate Public Transportation Fund 2/32 (beginning July 1, 2005, 3/32) of 80% of the net revenue realized under the State tax Acts named above within any municipality or county located wholly within the boundaries of each participant, other than any Metro-East participant, for tax periods beginning on or after January 1, 1990, and (ii) on and after July 1, 2025, the Department shall pay into the Downstate Public Transportation Fund 4/32 of 100% of the net revenue realized under the State tax Acts named above within any municipality or county located wholly within the boundaries of each participant, other than any Metro-East participant, for tax periods beginning on or after January 1, 1990. Net revenue realized for a month shall be the revenue collected by the State pursuant to such Acts during the previous month from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of a participant, less the amount paid out during that same month as refunds or credit memoranda to taxpayers for overpayment of liability under such Acts for the benefit of any municipality or county located wholly within the boundaries of a participant.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (a) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b) As soon as possible after the first day of each month, beginning July 1, 1989, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the Metro-East Public Transportation Fund, an amount equal to 2/32 of the net revenue realized, as above, from within the boundaries of Madison, Monroe, and St. Clair Counties, except that the Department shall pay into the Metro-East Public Transportation Fund 2/32 of 80% of the net revenue realized under the State tax Acts specified in subsection (a) of this Section within the boundaries of Madison, Monroe and St. Clair Counties for tax periods beginning on or after January 1, 1990. A local match equivalent to an amount which could be raised by a tax levy at the rate of .05% on the assessed value of property within the boundaries of Madison County is required annually to cause a total of 2/32 of the net revenue to be deposited in the Metro-East Public Transportation Fund. Failure to raise the required local match annually shall result in only 1/32 being deposited into the Metro-East Public Transportation Fund after July 1, 1989, or 1/32 of 80% of the net revenue realized for tax periods beginning on or after January 1, 1990.

(b-5) As soon as possible after the first day of each month, beginning July 1, 2005, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Monroe and St. Clair Counties under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2005, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Monroe and St. Clair Counties.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (b-5) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b-6) As soon as possible after the first day of each month, beginning July 1, 2008, upon certification by the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Madison County under the State Tax Acts specified

in subsection (a) of this Section and provided further that, beginning July 1, 2008, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Madison County.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (b-6) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b-7) Beginning July 1, 2018, notwithstanding any other provisions of law to the contrary, instead of the Comptroller making monthly transfers from the General Revenue Fund to the Downstate Public Transportation Fund, the Department of Revenue shall deposit the designated fraction of the net revenue realized from collections under the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Use Tax Act, and the Service Use Tax Act directly into the Downstate Public Transportation Fund, except that, for the State fiscal year beginning July 1, 2024, the first \$75,000,000 that would have otherwise been deposited as provided in this subsection shall instead be transferred from the Road Fund to the Downstate Public Transportation Fund by the Treasurer upon certification by the Department of Revenue and order of the Comptroller. The funds authorized and transferred pursuant to this amendatory Act of the 103rd General Assembly are not intended or planned for road construction projects.

(c) The Department shall certify to the Department of Revenue the eligible participants under this Article and the territorial boundaries of such participants for the purposes of the Department of Revenue in subsections (a) and (b) of this Section.

(d) For the purposes of this Article, beginning in fiscal year 2009 the General Assembly shall appropriate an amount from the Downstate Public Transportation Fund equal to the sum total of funds projected to be paid to the participants pursuant to Section 2-7. If the General Assembly fails to make appropriations sufficient to cover the amounts projected to be paid pursuant to Section 2-7, this Act shall constitute an irrevocable and continuing appropriation from the Downstate Public Transportation Fund of all amounts necessary for those purposes.

(e) (Blank).

(f) (Blank).

(g) (Blank).

(h) For State fiscal year 2020 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2020 shall be reduced by 5%.

(i) For State fiscal year 2021 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2021 shall be reduced by 5%.

(j) Commencing with State fiscal year 2022 programs, and for each fiscal year thereafter, all appropriations made under the provisions of this Act shall not constitute a grant program subject to the requirements of the Grant Accountability and Transparency Act. The Department shall approve programs of proposed expenditures and services submitted by participants under the requirements of Sections 2-5 and 2-11.

(Source: P.A. 102-626, eff. 8-27-21; 103-588, eff. 6-5-24.)

(30 ILCS 740/2-7) (from Ch. 111 2/3, par. 667)

Sec. 2-7. Quarterly reports; annual audit.

(a) Any Metro-East Transit District participant shall, no later than 60 days following the end of each quarter of any fiscal year, file with the Department on forms provided by the Department for that purpose, a report of the actual operating deficit experienced during that quarter. The Department shall, upon receipt of the quarterly report, determine whether the operating deficits were incurred in conformity with the program of proposed expenditures and services approved by the Department pursuant to Section 2-11. Any Metro-East District may either monthly or quarterly for any fiscal year file a request for the participant's eligible share, as allocated in accordance with Section 2-6, of the amounts transferred into the Metro-East Public Transportation Fund.

(b) Each participant other than any Metro-East Transit District participant shall, 30 days before the end of each quarter, file with the Department on forms provided by the Department for such purposes a report of the projected eligible operating expenses to be incurred in the next quarter and 30 days before the third and fourth quarters of any fiscal year a statement of actual eligible operating expenses incurred in the preceding quarters. Except as otherwise provided in subsection (b-5), within 45 days of receipt by the Department of such quarterly report, the Comptroller shall order paid and the Treasurer shall pay from the

Downstate Public Transportation Fund to each participant an amount equal to one-third of such participant's eligible operating expenses; provided, however, that in Fiscal Year 1997, the amount paid to each participant from the Downstate Public Transportation Fund shall be an amount equal to 47% of such participant's eligible operating expenses and shall be increased to 49% in Fiscal Year 1998, 51% in Fiscal Year 1999, 53% in Fiscal Year 2000, 55% in Fiscal Years 2001 through 2007, and 65% in Fiscal Year 2008 and thereafter, and 75% for participants serving urbanized areas and 80% for participants serving nonurbanized areas in fiscal year 2027 and thereafter; however, in any year that a participant receives funding under subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), that participant shall be eligible only for assistance equal to the following percentage of its eligible operating expenses: 42% in Fiscal Year 1997, 44% in Fiscal Year 1998, 46% in Fiscal Year 1999, 48% in Fiscal Year 2000, and 50% in Fiscal Year 2001 and thereafter. Any such payment for the third and fourth quarters of any fiscal year shall be adjusted to reflect actual eligible operating expenses for preceding quarters of such fiscal year. However, no participant shall receive an amount less than that which was received in the immediate prior year, provided in the event of a shortfall in the fund those participants receiving less than their full allocation pursuant to Section 2-6 of this Article shall be the first participants to receive an amount not less than that received in the immediate prior year.

(b-5) (Blank).

(b-10) On July 1, 2008, each participant shall receive an appropriation in an amount equal to 65% of its fiscal year 2008 eligible operating expenses adjusted by the annual 10% increase required by Section 2-2.04 of this Act. In no case shall any participant receive an appropriation that is less than its fiscal year 2008 appropriation. Every fiscal year thereafter, each participant's appropriation shall increase by 10% over the appropriation established for the preceding fiscal year as required by Section 2-2.04 of this Act.

(b-11) Beginning July 1, 2026, and every fiscal year thereafter, if the participant's expenditures in the immediately preceding fiscal year are equal to or greater than 85% of the amounts appropriated to the participant in the immediately preceding fiscal year, then the participant's appropriation shall increase by an amount equal to the year-over-year percentage increase in revenue deposited into the Downstate Public Transportation Fund. If there was a year-over-year reduction in the revenue deposited into the Fund, then each participant's appropriation shall be no more than the previous fiscal year's appropriation.

(b-15) Beginning on July 1, 2007, and for each fiscal year thereafter, each participant shall maintain a minimum local share contribution (from farebox and all other local revenues) equal to the actual amount provided in Fiscal Year 2006 or, for new recipients, an amount equivalent to the local share provided in the first year of participation. The local share contribution shall be reduced by an amount equal to the total amount of lost revenue for services provided under Section 2-15.2 and Section 2-15.3 of this Act.

(b-20) Any participant in the Downstate Public Transportation Fund may use State operating assistance funding pursuant to this Section to provide transportation services within any county that is contiguous to its territorial boundaries as defined by the Department and subject to Departmental approval. Any such contiguous-area service provided by a participant after July 1, 2007 must meet the requirements of subsection (a) of Section 2-5.1.

(c) No later than 180 days following the last day of the participant's Fiscal Year each participant shall provide the Department with an audit prepared by a Certified Public Accountant covering that Fiscal Year. For those participants other than a Metro-East Transit District, any discrepancy between the funds paid and the percentage of the eligible operating expenses provided for by paragraph (b) of this Section shall be reconciled by appropriate payment or credit. In the case of any Metro-East Transit District, any amount of payments from the Metro-East Public Transportation Fund which exceed the eligible deficit of the participant shall be reconciled by appropriate payment or credit.

(d) Upon the Department's final reconciliation determination that identifies a discrepancy between the Downstate Operating Assistance Program funds paid and the percentage of the eligible operating expenses which results in a reimbursement payment due to the Department, the participant shall remit the reimbursement payment to the Department no later than 90 days after written notification.

(e) Funds received by the Department from participants for reimbursement as a result of an overpayment from a prior State fiscal year shall be deposited into the Downstate Public Transportation Fund in the fiscal year in which they are received and all unspent funds shall roll to following fiscal years.

(f) Upon the Department's final reconciliation determination that identifies a discrepancy between the Downstate Operating Assistance Program funds paid and the percentage of the eligible operating expenses which results in a reimbursement payment due to the participant, the Department shall remit the reimbursement payment to the participant no later than 90 days after written notifications.

(Source: P.A. 102-626, eff. 8-27-21; 102-790, eff. 1-1-23; 103-154, eff. 6-30-23.)

(30 ILCS 740/2-15) (from Ch. 111 2/3, par. 675.1)

Sec. 2-15. Residual fund balance.

(a) Except as otherwise provided in this Section, all funds which remain in the Downstate Public Transportation Fund or the Metro-East Public Transportation Fund after the payment of the fourth quarterly payment to participants other than Metro-East Transit District participants and the last monthly payment to Metro-East Transit participants in each fiscal year shall be transferred (i) to the General Revenue Fund through fiscal year 2008 and (ii) to the Downstate Transit Improvement Fund for fiscal year 2009 and each fiscal year thereafter. Transfers shall be made no later than 90 days following the end of such fiscal year. Beginning fiscal year 2010, all moneys each year in the Downstate Transit Improvement Fund, held solely for the benefit of the participants in the Downstate Public Transportation Fund and shall be appropriated to the Department to make competitive capital grants to the participants of the respective funds, except that the total residual fund balance transferred to the Downstate Transit Improvement Fund after the completion of Fiscal Year 2026 shall be used for Intercity Rail Capital Startup projects for connectivity between downstate communities and Chicago. Beginning in fiscal year 2026, the Department shall issue a semi-annual call for projects for this program. However, such amount as the Department determines to be necessary for (1) allocation to participants for the purposes of Section 2-7 for the first quarter of the succeeding fiscal year and (2) an amount equal to 2% of the total allocations to participants in the fiscal year just ended to be used for the purpose of audit adjustments shall be retained in such Funds to be used by the Department for such purposes.

(b) Notwithstanding any other provision of law, in addition to any other transfers that may be provided by law, on July 1, 2011, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance from the Metro East Public Transportation Fund into the General Revenue Fund. Upon completion of the transfers, the Metro East Public Transportation Fund is dissolved, and any future deposits due to that Fund and any outstanding obligations or liabilities of that Fund pass to the General Revenue Fund.

(c) If necessary, the Department of Transportation may notify the State Comptroller of a projected shortfall in the Downstate Public Transportation Fund to cover the required statutory reimbursement of eligible operating expenses to participants in the Fund, and the State Comptroller shall at that time direct and the State Treasurer shall transfer the amount necessary to cover the shortfall from the Downstate Transit Improvement Fund back to the Downstate Public Transportation Fund.

(Source: P.A. 97-72, eff. 7-1-11.)

Section 35-25. The Motor Fuel Tax Law is amended by changing Section 8b as follows:

(35 ILCS 505/8b)

Sec. 8b. Transportation Renewal Fund; creation; distribution of proceeds.

(a) The Transportation Renewal Fund is hereby created as a special fund in the State treasury. Moneys in the Fund shall be used as provided in this Section:

(1) 80% of the moneys in the Fund shall be used for highway maintenance, highway construction, bridge repair, congestion relief, and construction of aviation facilities; of that 80%:

(A) the State Comptroller shall order transferred and the State Treasurer shall transfer 60% to the State Construction Account Fund; those moneys shall be used solely for construction, reconstruction, improvement, repair, maintenance, operation, and administration of highways and are limited to payments made pursuant to design and construction contracts awarded by the Department of Transportation;

(B) 40% shall be distributed by the Department of Transportation to municipalities, counties, and road districts of the State using the percentages set forth in subdivisions (A), (B), (C), and (D) of paragraph (2) of subsection (e) of Section 8; distributions to particular municipalities, counties, and road districts under this subdivision (B) shall be made according to the allocation procedures described for municipalities, counties, and road districts in subsection (e) of Section 8 and shall be subject to the same requirements and limitations described in that subsection; and

(2) 20% of the moneys in the Fund shall be used for projects related to rail facilities and mass transit facilities, as defined in Section 2705-305 of the Department of Transportation Law of the Civil Administrative Code of Illinois, including rapid transit, rail, high-speed rail, bus and other equipment in connection with the State or a unit of local government, special district, municipal corporation, or

other public agency authorized to provide and promote public transportation within the State; of that 20%:

(A) 90% shall be deposited into the Northern Illinois Transit Regional Transportation Authority Capital Improvement Fund, a special fund created in the State Treasury; moneys in the Northern Illinois Transit Regional Transportation Authority Capital Improvement Fund shall be used by the Northern Illinois Transit Regional Transportation Authority for construction, improvements, and deferred maintenance on mass transit facilities and acquisition of buses and other equipment; and

(B) 10% shall be deposited into the Downstate Mass Transportation Capital Improvement Fund, a special fund created in the State Treasury; moneys in the Downstate Mass Transportation Capital Improvement Fund shall be used by local mass transit districts other than the Northern Illinois Transit Regional Transportation Authority for construction, improvements, and deferred maintenance on mass transit facilities and acquisition of buses and other equipment. Beginning in Fiscal Year 2026, moneys in the Downstate Mass Transportation Capital Improvement Fund may be used for intercity rail capital startup projects for connectivity between downstate communities and Chicago. The amount to be spent on intercity rail capital startup projects from the Downstate Mass Transportation Capital Improvement Fund shall be no more than \$134,729,538.

(b) (Blank).

Section 35-30. The Public-Private Partnerships for Transportation Act is amended by changing Section 10 and by adding Section 36 as follows:

(630 ILCS 5/10)

Sec. 10. Definitions. As used in this Act:

"Approved proposal" means the proposal that is approved by the responsible public entity pursuant to subsection (j) of Section 20 of this Act.

"Approved proposer" means the private entity whose proposal is the approved proposal.

"Authority" means the Illinois State Toll Highway Authority.

"Contractor" means a private entity that has entered into a public-private agreement with the responsible public entity to provide services to or on behalf of the responsible public entity.

"Department" means the Illinois Department of Transportation.

"Design-build agreement" means the agreement between the selected private entity and the responsible public entity under which the selected private entity agrees to furnish design, construction, and related services for a transportation facility under this Act.

"Develop" or "development" means to do one or more of the following: plan, design, develop, lease, acquire, install, construct, reconstruct, rehabilitate, extend, or expand.

"Dynamic wireless charging" means electric vehicle charging by inductive charging, which allows electric vehicles to charge while in motion.

"Electric vehicle" means a motor vehicle of the first division that is propelled by an electric engine and does not use motor fuel.

"Maintain" or "maintenance" includes ordinary maintenance, repair, rehabilitation, capital maintenance, maintenance replacement, and any other categories of maintenance that may be designated by the responsible public entity.

"Operate" or "operation" means to do one or more of the following: maintain, improve, equip, modify, or otherwise operate.

"Private entity" means any combination of one or more individuals, corporations, general partnerships, limited liability companies, limited partnerships, joint ventures, business trusts, nonprofit entities, or other business entities that are parties to a proposal for a transportation project or an agreement related to a transportation project. A public agency may provide services to a contractor as a subcontractor or subconsultant without affecting the private status of the private entity and the ability to enter into a public-private agreement. A transportation agency is not a private entity.

"Proposal" means all materials and documents prepared by or on behalf of a private entity relating to the proposed development, financing, or operation of a transportation facility as a transportation project.

"Proposer" means a private entity that has submitted an unsolicited proposal for a public-private agreement to a responsible public entity under this Act or a proposal or statement of qualifications for a

public-private agreement in response to a request for proposals or a request for qualifications issued by a responsible public entity under this Act.

"Public-private agreement" means the public-private agreement between the contractor and the responsible public entity relating to one or more of the development, financing, or operation of a transportation project that is entered into under this Act.

"Request for information" means all materials and documents prepared by or on behalf of the responsible public entity to solicit information from private entities with respect to transportation projects.

"Request for proposals" means all materials and documents prepared by or on behalf of the responsible public entity to solicit proposals from private entities to enter into a public-private agreement.

"Request for qualifications" means all materials and documents prepared by or on behalf of the responsible public entity to solicit statements of qualification from private entities to enter into a public-private agreement.

"Responsible public entity" means the Department of Transportation, the Illinois State Toll Highway Authority, and the 5 most populous counties of Illinois, as of the most recent publicly available decennial census.

"Revenues" means all revenues, including any combination of: income; earnings and interest; user fees; lease payments; allocations; federal, State, and local appropriations, grants, loans, lines of credit, and credit guarantees; bond proceeds; equity investments; service payments; or other receipts; arising out of or in connection with a transportation project, including the development, financing, and operation of a transportation project. The term includes money received as grants, loans, lines of credit, credit guarantees, or otherwise in aid of a transportation project from the federal government, the State, a unit of local government, or any agency or instrumentality of the federal government, the State, or a unit of local government.

"Shortlist" means the process by which a responsible public entity will review, evaluate, and rank statements of qualifications submitted in response to a request for qualifications and then identify the proposers who are eligible to submit a detailed proposal in response to a request for proposals. The identified proposers constitute the shortlist for the transportation project to which the request for proposals relates.

"Transportation agency" means (i) the Department or (ii) the Authority.

"Transportation facility" means any new or existing road, highway, toll highway, bridge, tunnel, intermodal facility, intercity or high-speed passenger rail, or other transportation facility or infrastructure, including the South Suburban Airport but excluding all other airports, under the jurisdiction of a responsible public entity, except those facilities for the Illiana Expressway. The term "transportation facility" may refer to one or more transportation facilities that are proposed to be developed or operated as part of a single transportation project.

"Transportation project" or "project" means any or the combination of the design, development, construction, financing, or operation with respect to all or a portion of any transportation facility under the jurisdiction of the responsible public entity, except those facilities for the Illiana Expressway, undertaken pursuant to this Act.

"Unit of local government" has the meaning ascribed to that term in Article VII, Section 1 of the Constitution of the State of Illinois and also means any unit designated as a municipal corporation.

"Unsolicited proposal" means a written proposal that is submitted to a transportation agency on the initiative of the private sector entity or entities for the purpose of developing a partnership, and that is not in response to a formal or informal request issued by a transportation agency.

"User fees" or "tolls" means the rates, tolls, fees, or other charges imposed by the contractor for use of all or a portion of a transportation project under a public-private agreement.
(Source: P.A. 103-570, eff. 1-1-24; 103-864, eff. 8-9-24; 103-865, eff. 1-1-25; revised 10-9-24.)

(630 ILCS 5/36 new)

Sec. 36. Dynamic wireless electric vehicle charging pilot program.

(a) Any transportation project undertaken under this Act that includes the design, development, construction, or reconstruction of 20 lane miles or more of a roadway is required to include the construction of one lane mile of dynamic wireless electric vehicle charging within the roadway.

The number of lane miles shall be calculated by multiplying the number of lanes of roadway by the length of the project.

(b) The contractor shall design, fund, evaluate, iterate, test, and implement dynamic vehicle charging along a one-mile stretch of roadway. This will serve as a pilot program for Illinois. The program shall focus

on nondisruptive designs that are compatible with existing infrastructure. Dynamic wireless charging lanes shall be compatible with the entire range of electric vehicles, including passenger, electric transit buses, fleet vehicles, and light-duty, medium-duty, and heavy-duty vehicles. The contractor shall consider the performance, safety, electromagnetic compatibility, and interoperability in the development of the dynamic wireless charging lane.

(c) The contractor shall work closely with the responsible public agency and the Department throughout the design process and upon implementation to ensure smooth execution of the technology and appropriate communication to the traveling public.

(d) After the dynamic wireless charging lane has been in operation for one year, the contractor shall work with the Department and responsible public agency to evaluate the success, failure, and safety of the technology. Special consideration shall be given to the operation of dynamic vehicle charging in a variety of weather conditions and road maintenance activities.

Article 99.

Section 99-99. Effective date. This Act takes effect upon becoming law."

The motion prevailed.

And the amendment was adopted and ordered printed.

Senator Villivalam offered the following amendment and moved its adoption:

AMENDMENT NO. 4 TO HOUSE BILL 3438

AMENDMENT NO. 4 . Amend House Bill 3438, AS AMENDED, with reference to page and line numbers of Senate Amendment No. 3, on page 78, line 13, immediately after "members", by inserting "who are residents of suburban Cook County".

The motion prevailed.

And the amendment was adopted and ordered printed.

Senator Villivalam offered the following amendment and moved its adoption:

AMENDMENT NO. 5 TO HOUSE BILL 3438

AMENDMENT NO. 5 . Amend House Bill 3438, AS AMENDED, with reference to page and line numbers of Senate Amendment No. 3, on page 107, line 2, by replacing "Transit" with "Transportation"; and on page 107, line 7, by replacing "Transit" with "Transportation"; and

on page 187, by replacing lines 24 and 25 with the following:

"the Authority shall require the affirmative votes of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or 12 of the then Directors if"; and

on page 191, by replacing line 6 with the following:

"affirmative votes of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors"; and

on page 191, by replacing lines 23 and 24 with the following:

"plan by the Authority shall require the affirmative votes of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or 12 of the then"; and

on page 296, by replacing line 15 with the following:

"affirmative vote ~~concurrence~~ of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then"; and

by replacing line 13 on page 320 through line 2 on page 321 with the following:

"(c) (Blank). (i) ~~20% of the receipts from those taxes collected in Cook County under Section 4.03 at the rate of 1.25%, (ii) 25% of the receipts from those taxes collected in Cook County under Section 4.03 at the rate of 1%, (iii) 50% of the receipts from those taxes collected in DuPage, Kane, Lake, McHenry, and Will Counties under Section 4.03, and (iv) amounts received from the State under Section 4.09 (a)(2) and items (i), (ii), and (iii) of Section 4.09 (a)(3) shall be allocated as follows: the amount required to be deposited into the ADA Paratransit Fund described in Section 2.01d, the amount required to be deposited into the Suburban Community Mobility Fund described in Section 2.01e, and the amount required to be deposited into the Innovation, Coordination and Enhancement Fund described in Section 2.01e, and the balance shall be allocated 48% to the Chicago Transit Authority, 39% to the Commuter Rail Board, and 13% to the Suburban Bus Board.~~"; and

on page 373, by replacing lines 5 and 6 with the following:

"(4) Unless the Board by an affirmative vote of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 determines that the budget and financial plan"; and

on page 377, by replacing lines 8 and 9 with the following:

"such certification is accepted by the affirmative vote of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or at least 12 if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01 of the then Directors of the Authority, the Authority"; and

by replacing line 26 on page 379 to line 1 on page 380 with the following:

"determinations shall be made upon the affirmative vote of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or at least 12 of the then Directors if"; and

on page 382, by replacing line 25 with the following:

"votes of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or 12 of the"; and

on page 385, by replacing lines 18 and 19 with the following:

"pursuant to a determination by a vote of, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or 12 of the then Directors if there are at"; and

on page 395, by replacing line 13 with the following:

"Financial Plan approved by the Authority, if, until February 1, 2026, 12 of the then directors, or, beginning February 1, 2026, either at least 15 of the then Directors or 12 of the then Directors if there are at least 2 affirmative votes from Directors appointed under subsection (a) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (a-5) of Section 3.01, at least 2 affirmative votes from Directors appointed under subsection (b) of Section 3.01, and at least 2 affirmative votes from Directors appointed under subsection (b-5) of Section 3.01"; and

on page 400, line 9, by replacing "Transit" with "Transportation"; and

on page 447, line 6, by replacing "Regional" with "Northern Illinois"; and

on page 771, line 17, by replacing "Regional" with "Northern Illinois ~~Regional~~"; and

on page 785, by replacing lines 3 through 16 with the following:

[May 31, 2025]

"the preceding month, except that the Department shall pay into the Downstate Public Transportation Fund 2/32 (beginning July 1, 2005, 3/32) of 80% of the net revenue realized under the State tax Acts named above within any municipality or county located wholly within the boundaries of each participant, other than any Metro-East participant, for tax periods beginning on or after January 1, 1990. Net revenue realized for a month shall be the revenue".

The motion prevailed.

And the amendment was adopted and ordered printed.

There being no further amendments, the bill, as amended, was ordered to a third reading.

READING BILL FROM THE HOUSE OF REPRESENTATIVES A THIRD TIME

On motion of Senator Villivalam, **House Bill No. 3438** having been printed as received from the House of Representatives, together with all Senate Amendments adopted thereto, was taken up and read by title a third time.

And the question being, "Shall this bill pass?" it was decided in the affirmative by the following vote:

YEAS 32; NAYS 22.

The following voted in the affirmative:

Aquino	Guzmán	Martwick	Villa
Castro	Halpin	Murphy	Villanueva
Cervantes	Harris, N.	Peters	Villivalam
Collins	Hastings	Porfirio	Walker
Cunningham	Holmes	Preston	Mr. President
Edly-Allen	Hunter	Simmons	
Ellman	Johnson	Sims	
Faraci	Jones, E.	Stadelman	
Feigenholtz	Koehler	Ventura	

The following voted in the negative:

Anderson	Curran	Lewis	Tracy
Arellano, L.	DeWitte	McClure	Turner, D.
Balkema	Fowler	Plummer	Turner, S.
Belt	Harriss, E.	Rezin	Wilcox
Bryant	Hills	Rose	
Chesney	Joyce	Syverson	

This roll call verified.

This bill, having received the vote of a constitutional majority of the members elected, was declared passed, and all amendments not adopted were tabled pursuant to Senate Rule No. 5-4(a).

Ordered that the Secretary inform the House of Representatives thereof and ask their concurrence in the Senate Amendments adopted thereto.

MESSAGE FROM THE HOUSE

A message from the House by

Mr. Hollman, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to-wit:

SENATE BILL NO. 2437

A bill for AN ACT concerning public aid.

[May 31, 2025]

Together with the following amendments which are attached, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

House Amendment No. 1 to SENATE BILL NO. 2437

House Amendment No. 2 to SENATE BILL NO. 2437

Passed the House, as amended, May 31, 2025.

JOHN W. HOLLMAN, Clerk of the House

AMENDMENT NO. 1 TO SENATE BILL 2437

AMENDMENT NO. 1. Amend Senate Bill 2437 by replacing everything after the enacting clause with the following:

"ARTICLE 2.

Section 2-1. Short title. This Article may be cited as the Certified Family Health Aide Program for Children and Adults Act. References in this Article to "this Act" mean this Article.

Section 2-5. Purpose. The purpose of this Act is to create the certified family health aide designation.

Section 2-10. Definition. As used in this Act, "certified family health aide" means a person who:

(1) is 18 years of age or older;

(2) has the following relationship with the family member receiving or who is eligible to receive the services enumerated in this Section:

(i) spouse;

(ii) sibling or stepsibling;

(iii) parent, stepparent, or adoptive parent;

(iv) grandparent;

(v) mother-in-law or father-in-law;

(vi) brother-in-law or sister-in-law;

(vii) legal guardian; or

(viii) caregiver designated by the legally responsible caregiver as documented in the Medical Plan of Care;

(3) is a legally responsible caregiver, or has been designated by a legally responsible caregiver, for a person who receives or is eligible to receive:

(i) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or

(ii) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent; and

(4) is certified pursuant to this Section to perform or to assist in performance of services to and for a person receiving or eligible to receive: (A) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (B) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for a designated person or designated persons who are medically fragile and technology dependent and eligible to receive the services laid out in this Section, including:

(i) the same tasks as a certified nursing assistant;

(ii) medication administration;

(iii) enteral care and therapy; and

(iv) other needed services to support the individual as provided by rule.

Section 2-15. Certified family health aide program for children and adults.

(a) The Department of Public Health, in partnership with the Department of Healthcare and Family Services, may create a certification pathway for a legally responsible caregiver, or a person who has been designated by a legally responsible caregiver, who is seeking certification as a certified family health aide, including the adoption of any necessary rules for the certification process. This certification pathway shall include documentation, in a manner designated by the Department of Public Health, of initial training provided by hospitals licensed in the Hospital Licensing Act, children's community-based health care

[May 31, 2025]

centers as defined in the Alternative Health Care Delivery Act, or home nursing agencies as defined in the Home Health, Home Services, and Home Nursing Agency Licensing Act.

(b) A certified family health aide may only perform services to and for a person receiving or eligible to receive:

(1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment benefit requirement of Medicaid under 42 U.S.C. 1396d(r); or

(2) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

To be eligible for reimbursement as a certified family health aide, a legally responsible caregiver or a person designated by a legally responsible caregiver must meet all certification requirements as set forth in this Section, in Section 5-2.06b of Article V of the Illinois Public Aid Code, and in any applicable administrative rule.

(d) The Department of Public Health, in consultation with the Department of Healthcare and Family Services, may adopt rules necessary to implement the provisions of this Act, including, but not limited to, rules requiring background checks for the certified family health aide, establishing the scope of services a certified family health aide can perform, and establishing any utilization controls of services performed by a certified family health aide.

Section 2-100. The Alternative Health Care Delivery Act is amended by changing Section 35 as follows:

(210 ILCS 3/35)

Sec. 35. Alternative health care models authorized. Notwithstanding any other law to the contrary, alternative health care models described in this Section may be established on a demonstration basis.

(1) (Blank).

(2) Alternative health care delivery model; postsurgical recovery care center. A postsurgical recovery care center is a designated site which provides postsurgical recovery care for generally healthy patients undergoing surgical procedures that potentially require overnight nursing care, pain control, or observation that would otherwise be provided in an inpatient setting. Patients may be discharged from the postsurgical recovery care center in less than 24 hours if the attending physician or the facility's medical director believes the patient has recovered enough to be discharged. A postsurgical recovery care center is either freestanding or a defined unit of an ambulatory surgical treatment center or hospital. No facility, or portion of a facility, may participate in a demonstration program as a postsurgical recovery care center unless the facility has been licensed as an ambulatory surgical treatment center or hospital for at least 2 years before August 20, 1993 (the effective date of Public Act 88-441). The maximum length of stay for patients in a postsurgical recovery care center is not to exceed 48 hours unless the treating physician requests an extension of time from the recovery center's medical director on the basis of medical or clinical documentation that an additional care period is required for the recovery of a patient and the medical director approves the extension of time. In no case, however, shall a patient's length of stay in a postsurgical recovery care center be longer than 72 hours. If a patient requires an additional care period after the expiration of the 72-hour limit, the patient shall be transferred to an appropriate facility. Reports on variances from the 24-hour or 48-hour limit shall be sent to the Department for its evaluation. The reports shall, before submission to the Department, have removed from them all patient and physician identifiers. Blood products may be administered in the postsurgical recovery care center model. In order to handle cases of complications, emergencies, or exigent circumstances, every postsurgical recovery care center as defined in this paragraph shall maintain a contractual relationship, including a transfer agreement, with a general acute care hospital. A postsurgical recovery care center shall be no larger than 20 beds. A postsurgical recovery care center shall be located within 15 minutes travel time from the general acute care hospital with which the center maintains a contractual relationship, including a transfer agreement, as required under this paragraph.

No postsurgical recovery care center shall discriminate against any patient requiring treatment because of the source of payment for services, including Medicare and Medicaid recipients.

The Department shall adopt rules to implement the provisions of Public Act 88-441 concerning postsurgical recovery care centers within 9 months after August 20, 1993. Notwithstanding any other

law to the contrary, a postsurgical recovery care center model may provide sleep laboratory or similar sleep studies in accordance with applicable State and federal laws and regulations.

(3) Alternative health care delivery model; children's community-based health care center. A children's community-based health care center model is a designated site that provides nursing care, clinical support services, and therapies for a period of one to 14 days for short-term stays and 120 days to facilitate transitions to home or other appropriate settings for medically fragile children, technology dependent children, and children with special health care needs who are deemed clinically stable by a physician and are younger than 22 years of age. This care is to be provided in a home-like environment that serves no more than 12 children at a time, except that a children's community-based health care center in existence on the effective date of this amendatory Act of the 100th General Assembly that is located in Chicago on grade level for Life Safety Code purposes may provide care to no more than 16 children at a time. Children's community-based health care center services must be available through the model to all families, including those whose care is paid for through the Department of Healthcare and Family Services, the Department of Children and Family Services, the Department of Human Services, and insurance companies who cover home health care services or private duty nursing care in the home.

Each children's community-based health care center model location shall be physically separate and apart from any other facility licensed by the Department of Public Health under this or any other Act and shall provide the following services: respite care, registered nursing or licensed practical nursing care, transitional care to facilitate home placement or other appropriate settings and reunite families, medical day care, weekend camps, and diagnostic studies typically done in the home setting.

A children's community-based health care center may provide initial training, prior to home placement for, and shall keep records in a manner designated by the Department regarding, the certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, identified as the legally responsible caregiver or designated by a legally responsible caregiver for the medical care of an individual who receives or is eligible to receive:

(i) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or

(ii) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Coverage for the services provided by the Department of Healthcare and Family Services under this paragraph (3) is contingent upon federal waiver approval and is provided only to Medicaid eligible clients participating in the home and community based services waiver designated in Section 1915(c) of the Social Security Act for medically frail and technologically dependent children or children in Department of Children and Family Services foster care who receive home health benefits.

(4) Alternative health care delivery model; community based residential rehabilitation center. A community-based residential rehabilitation center model is a designated site that provides rehabilitation or support, or both, for persons who have experienced severe brain injury, who are medically stable, and who no longer require acute rehabilitative care or intense medical or nursing services. The average length of stay in a community-based residential rehabilitation center shall not exceed 4 months. As an integral part of the services provided, individuals are housed in a supervised living setting while having immediate access to the community. The residential rehabilitation center authorized by the Department may have more than one residence included under the license. A residence may be no larger than 12 beds and shall be located as an integral part of the community. Day treatment or individualized outpatient services shall be provided for persons who reside in their own home. Functional outcome goals shall be established for each individual. Services shall include, but are not limited to, case management, training and assistance with activities of daily living, nursing consultation, traditional therapies (physical, occupational, speech), functional interventions in the residence and community (job placement, shopping, banking, recreation), counseling, self-management strategies, productive activities, and multiple opportunities for skill acquisition and practice throughout the day. The design of individualized program plans shall be consistent with the outcome goals that are established for each resident. The programs provided in this setting shall be accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF). The program shall have been accredited by CARF as a Brain Injury Community-Integrative Program for at least 3 years.

(5) Alternative health care delivery model; Alzheimer's disease management center. An Alzheimer's disease management center model is a designated site that provides a safe and secure setting for care of persons diagnosed with Alzheimer's disease. An Alzheimer's disease management center model shall be a facility separate from any other facility licensed by the Department of Public Health under this or any other Act. An Alzheimer's disease management center shall conduct and document an assessment of each resident every 6 months. The assessment shall include an evaluation of daily functioning, cognitive status, other medical conditions, and behavioral problems. An Alzheimer's disease management center shall develop and implement an ongoing treatment plan for each resident. The treatment plan shall have defined goals. The Alzheimer's disease management center shall treat behavioral problems and mood disorders using nonpharmacologic approaches such as environmental modification, task simplification, and other appropriate activities. All staff must have necessary training to care for all stages of Alzheimer's Disease. An Alzheimer's disease management center shall provide education and support for residents and caregivers. The education and support shall include referrals to support organizations for educational materials on community resources, support groups, legal and financial issues, respite care, and future care needs and options. The education and support shall also include a discussion of the resident's need to make advance directives and to identify surrogates for medical and legal decision-making. The provisions of this paragraph establish the minimum level of services that must be provided by an Alzheimer's disease management center. An Alzheimer's disease management center model shall have no more than 100 residents. Nothing in this paragraph (5) shall be construed as prohibiting a person or facility from providing services and care to persons with Alzheimer's disease as otherwise authorized under State law.

(6) Alternative health care delivery model; birth center. A birth center shall be exclusively dedicated to serving the childbirth-related needs of women and their newborns and shall have no more than 10 beds. A birth center is a designated site that is away from the mother's usual place of residence and in which births are planned to occur following a normal, uncomplicated, and low-risk pregnancy. A birth center shall offer prenatal care and community education services and shall coordinate these services with other health care services available in the community.

(A) A birth center shall not be separately licensed if it is one of the following:

(1) A part of a hospital; or

(2) A freestanding facility that is physically distinct from a hospital but is operated under a license issued to a hospital under the Hospital Licensing Act.

(B) A separate birth center license shall be required if the birth center is operated as:

(1) A part of the operation of a federally qualified health center as designated by the United States Department of Health and Human Services; or

(2) A facility other than one described in subparagraph (A)(1), (A)(2), or (B)(1) of this paragraph (6) whose costs are reimbursable under Title XIX of the federal Social Security Act.

In adopting rules for birth centers, the Department shall consider: the American Association of Birth Centers' Standards for Freestanding Birth Centers; the American Academy of Pediatrics/American College of Obstetricians and Gynecologists Guidelines for Perinatal Care; and the Regionalized Perinatal Health Care Code. The Department's rules shall stipulate the eligibility criteria for birth center admission. The Department's rules shall stipulate the necessary equipment for emergency care according to the American Association of Birth Centers' standards and any additional equipment deemed necessary by the Department. The Department's rules shall provide for a time period within which each birth center not part of a hospital must become accredited by either the Commission for the Accreditation of Freestanding Birth Centers or The Joint Commission.

A birth center shall be certified to participate in the Medicare and Medicaid programs under Titles XVIII and XIX, respectively, of the federal Social Security Act. To the extent necessary, the Illinois Department of Healthcare and Family Services shall apply for a waiver from the United States Health Care Financing Administration to allow birth centers to be reimbursed under Title XIX of the federal Social Security Act.

A birth center that is not operated under a hospital license shall be located within a ground travel time distance from the general acute care hospital with which the birth center maintains a contractual relationship, including a transfer agreement, as required under this paragraph, that allows for an emergency caesarian delivery to be started within 30 minutes of the decision a caesarian

delivery is necessary. A birth center operating under a hospital license shall be located within a ground travel time distance from the licensed hospital that allows for an emergency caesarian delivery to be started within 30 minutes of the decision a caesarian delivery is necessary.

The services of a medical director physician, licensed to practice medicine in all its branches, who is certified or eligible for certification by the American College of Obstetricians and Gynecologists or the American Board of Osteopathic Obstetricians and Gynecologists or has hospital obstetrical privileges are required in birth centers. The medical director in consultation with the Director of Nursing and Midwifery Services shall coordinate the clinical staff and overall provision of patient care. The medical director or his or her physician designee shall be available on the premises or within a close proximity as defined by rule. The medical director and the Director of Nursing and Midwifery Services shall jointly develop and approve policies defining the criteria to determine which pregnancies are accepted as normal, uncomplicated, and low-risk, and the anesthesia services available at the center. No general anesthesia may be administered at the center.

If a birth center employs certified nurse midwives, a certified nurse midwife shall be the Director of Nursing and Midwifery Services who is responsible for the development of policies and procedures for services as provided by Department rules.

An obstetrician, family practitioner, or certified nurse midwife shall attend each woman in labor from the time of admission through birth and throughout the immediate postpartum period. Attendance may be delegated only to another physician or certified nurse midwife. Additionally, a second staff person shall also be present at each birth who is licensed or certified in Illinois in a health-related field and under the supervision of the physician or certified nurse midwife in attendance, has specialized training in labor and delivery techniques and care of newborns, and receives planned and ongoing training as needed to perform assigned duties effectively.

The maximum length of stay in a birth center shall be consistent with existing State laws allowing a 48-hour stay or appropriate post-delivery care, if discharged earlier than 48 hours.

A birth center shall participate in the Illinois Perinatal System under the Developmental Disability Prevention Act. At a minimum, this participation shall require a birth center to establish a letter of agreement with a hospital designated under the Perinatal System. A hospital that operates or has a letter of agreement with a birth center shall include the birth center under its maternity service plan under the Hospital Licensing Act and shall include the birth center in the hospital's letter of agreement with its regional perinatal center.

A birth center may not discriminate against any patient requiring treatment because of the source of payment for services, including Medicare and Medicaid recipients.

No general anesthesia and no surgery may be performed at a birth center. The Department may by rule add birth center patient eligibility criteria or standards as it deems necessary. The Department shall by rule require each birth center to report the information which the Department shall make publicly available, which shall include, but is not limited to, the following:

- (i) Birth center ownership.
- (ii) Sources of payment for services.
- (iii) Utilization data involving patient length of stay.
- (iv) Admissions and discharges.
- (v) Complications.
- (vi) Transfers.
- (vii) Unusual incidents.
- (viii) Deaths.
- (ix) Any other publicly reported data required under the Illinois Consumer Guide.
- (x) Post-discharge patient status data where patients are followed for 14 days after

discharge from the birth center to determine whether the mother or baby developed a complication or infection.

Within 9 months after the effective date of this amendatory Act of the 95th General Assembly, the Department shall adopt rules that are developed with consideration of: the American Association of Birth Centers' Standards for Freestanding Birth Centers; the American Academy of Pediatrics/American College of Obstetricians and Gynecologists Guidelines for Perinatal Care; and the Regionalized Perinatal Health Care Code.

The Department shall adopt other rules as necessary to implement the provisions of this amendatory Act of the 95th General Assembly within 9 months after the effective date of this amendatory Act of the 95th General Assembly.

(Source: P.A. 100-518, eff. 12-8-17 (see Section 5 of P.A. 100-558 for the effective date of changes made by P.A. 100-518).)

Section 2-105. The Home Health, Home Services, and Home Nursing Agency Licensing Act is amended by changing Section 2.11 and by adding Section 2.13 as follows:

(210 ILCS 55/2.11)

Sec. 2.11. "Home nursing agency" means an agency that provides services directly, or acts as a placement agency, in order to deliver skilled nursing and home health aide services to persons in their personal residences or a certified family health aide, as defined by the Certified Family Health Aide Program for Children and Adults Act, for individuals receiving or eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (2) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent. A home nursing agency provides services that would require a licensed nurse to perform. Home health aide services are provided under the direction of a registered professional nurse or advanced practice registered nurse. A home nursing agency does not require licensure as a home health agency under this Act. "Home nursing agency" does not include an individually licensed nurse acting as a private contractor or a person that provides or procures temporary employment in health care facilities, as defined in the Nurse Agency Licensing Act.

(Source: P.A. 100-513, eff. 1-1-18.)

(210 ILCS 55/2.13 new)

Sec. 2.13. Certified family health aide. A home nursing agency may provide initial and ongoing training for, and shall keep records in a manner designated by the Department regarding, the certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, identified as the legally responsible caregiver or designated by the legally responsible caregiver for an individual who receives or is eligible to receive:

(1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or

(2) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Section 2-110. The Hospital Licensing Act is amended by adding Section 17 as follows:

(210 ILCS 85/17 new)

Sec. 17. Certified family health aide. Hospitals managing the care of an individual to be discharged under the care of a home nursing agency may provide initial training, and shall document in a manner designated by the Department, for the certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, identified as the legally responsible caregiver or designated by a legally responsible caregiver for an individual who receives or is eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r) or (2) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Section 2-115. The Nurse Practice Act is amended by changing Section 50-15 as follows:

(225 ILCS 65/50-15) (was 225 ILCS 65/5-15)

(Section scheduled to be repealed on January 1, 2028)

Sec. 50-15. Policy; application of Act.

(a) For the protection of life and the promotion of health, and the prevention of illness and communicable diseases, any person practicing or offering to practice advanced, professional, or practical nursing in Illinois shall submit evidence that he or she is qualified to practice, and shall be licensed as provided under this Act. No person shall practice or offer to practice advanced, professional, or practical

nursing in Illinois or use any title, sign, card or device to indicate that such a person is practicing professional or practical nursing unless such person has been licensed under the provisions of this Act.

(b) This Act does not prohibit the following:

(1) The practice of nursing in Federal employment in the discharge of the employee's duties by a person who is employed by the United States government or any bureau, division or agency thereof and is a legally qualified and licensed nurse of another state or territory and not in conflict with Sections 50-50, 55-10, 60-10, and 70-5 of this Act.

(2) Nursing that is included in the program of study by students enrolled in programs of nursing or in current nurse practice update courses approved by the Department.

(3) The furnishing of nursing assistance in an emergency.

(4) The practice of nursing by a nurse who holds an active license in another state when providing services to patients in Illinois during a bonafide emergency or in immediate preparation for or during interstate transit.

(5) The incidental care of the sick by members of the family, domestic servants or housekeepers, or care of the sick where treatment is by prayer or spiritual means.

(6) Persons from being employed as unlicensed assistive personnel in private homes, long term care facilities, nurseries, hospitals or other institutions.

(7) The practice of practical nursing by one who is a licensed practical nurse under the laws of another U.S. jurisdiction and has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as a licensed practical nurse and who is qualified to receive such license under this Act, until (i) the expiration of 6 months after the filing of such written application, (ii) the withdrawal of such application, or (iii) the denial of such application by the Department.

(8) The practice of advanced practice registered nursing by one who is an advanced practice registered nurse under the laws of another United States jurisdiction or a foreign jurisdiction and has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as an advanced practice registered nurse and who is qualified to receive such license under this Act, until (i) the expiration of 6 months after the filing of such written application, (ii) the withdrawal of such application, or (iii) the denial of such application by the Department.

(9) The practice of professional nursing by one who is a registered professional nurse under the laws of another United States jurisdiction or a foreign jurisdiction and has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as a registered professional nurse and who is qualified to receive such license under Section 55-10, until (1) the expiration of 6 months after the filing of such written application, (2) the withdrawal of such application, or (3) the denial of such application by the Department.

(10) The practice of professional nursing that is included in a program of study by one who is a registered professional nurse under the laws of another United States jurisdiction or a foreign jurisdiction and who is enrolled in a graduate nursing education program or a program for the completion of a baccalaureate nursing degree in this State, which includes clinical supervision by faculty as determined by the educational institution offering the program and the health care organization where the practice of nursing occurs.

(11) Any person licensed in this State under any other Act from engaging in the practice for which she or he is licensed.

(12) Delegation to authorized direct care staff trained under Section 15.4 of the Mental Health and Developmental Disabilities Administrative Act consistent with the policies of the Department.

(13) (Blank).

(14) County correctional personnel from delivering prepackaged medication for self-administration to an individual detainee in a correctional facility.

(15) The practice of relevant care by a legally responsible caregiver or a person designated by a legally responsible caregiver who has been certified as a certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, to perform for a person who receives or is eligible to receive: (i) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (ii) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Nothing in this Act shall be construed to limit the delegation of tasks or duties by a physician, dentist, or podiatric physician to a licensed practical nurse, a registered professional nurse, or other persons. (Source: P.A. 100-513, eff. 1-1-18.)

Section 2-120. The Illinois Public Aid Code is amended by adding Section 5-2.06b as follows:

(305 ILCS 5/5-2.06b new)

Sec. 5-2.06b. Certified family health aide program for children and adults.

(a) The Department of Healthcare and Family Services may seek any federal approval from the Centers for Medicare and Medicaid Services necessary to reimburse a legally responsible caregiver or a person designated by a legally responsible caregiver, as defined in the Certified Family Health Aide Program for Children and Adults Act, who has achieved certification as a certified family health aide to perform or assist in performance of services for a person who receives or is eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (2) the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for a designated person or designated persons who are medically fragile and technology dependent. Implementation of any and all parts of the certified family health aide program is subject to the Department of Healthcare and Family Services receiving all necessary federal approval. If the Department of Healthcare and Family Services receives all necessary federal approval the Department may adopt rules in consultation with the Department of Public Health to specify the federally approved services eligible for reimbursement under the certified family health aide certification and to adopt any other policies or procedures necessary to implement this Section.

(b) The Department of Healthcare and Family Services, in partnership with the Department of Public Health, may consult with stakeholders for expertise regarding implementation of the certified family health aide program. Stakeholders may include, the University of Illinois at Chicago, Division of Specialized Care for Children, home nurse agencies, a physician with medical experience with the population being served by the program, a children's hospital, a legally responsible caregiver as described in item (3) of Section 10 of the Certified Family Health Aide Program for Children and Adults Act, and a Children's Community-Based Health Care Clinic.

(c) Subject to federal approval, the Department of Healthcare and Family Services may adopt rules to disregard income earned by a legally responsible caregiver in the performance of or assisting in the performance of services for a person receiving or eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (2) the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for a designated person or designated persons who are medically fragile and technology dependent, when determining the child's eligibility for medical assistance under the Medical Assistance-No Grant (MANG (AABD)) Income Standard.

ARTICLE 5.

Section 5-5. The Illinois Public Aid Code is amended by adding Sections 5-18.6 and 5-18.7 as follows:

(305 ILCS 5/5-18.6 new)

Sec. 5-18.6. Doula policies; hospitals and birthing centers.

(a) Recognizing the importance that doulas provide in the support and advocacy for pregnant persons, within 6 months after this amendatory Act of the 104th General Assembly, all hospitals with licensed obstetric beds and birthing centers shall adopt and maintain written policies and procedures to permit a patient enrolled in the medical assistance program to have an Illinois Medicaid certified and enrolled doula of the patient's choice accompany the patient within the facility's premises for the purposes of providing support before, during, and after labor and childbirth.

(1) An Illinois Medicaid certified and enrolled doula shall not be counted as a support person or against the guest quota before, during, or after childbirth.

(2) Each applicable facility shall post a summary of the facility's policies and procedures adopted in accordance with this subsection on its website, including contact information to facilitate communication between the facility and Illinois Medicaid enrolled doulas and doula organizations.

(b) Nothing in this Section shall be construed to provide a doula with access to a patient when that access is inconsistent with generally accepted medical standards or practices.

(c) Nothing in this Section is intended to expand or limit the malpractice liability of a hospital beyond the limits existing in current Illinois statutory and common law; however, no hospital shall be liable for any act or omission resulting from the provision of services by any doula solely on the basis that the hospital permitted an Illinois Medicaid certified and enrolled doula of the patient's choice to accompany the patient within the facility's premises for the purposes of providing support before, during, and after labor and childbirth. The hospital and Illinois Medicaid certified and enrolled doula providing care are responsible for their own acts and omissions.

(d) At the request of the hospital or birthing facility, Illinois Medicaid enrolled doulas must provide written acknowledgment of Illinois Medicaid doula certification and enrollment in the medical assistance program.

(305 ILCS 5/5-18.7 new)

Sec. 5-18.7. Standing recommendations. The Department of Healthcare and Family Services and the Department of Public Health may establish standing recommendations to meet Centers for Medicare and Medicaid Services requirements and ensure access to preventive services, including Medicaid-covered maternal and reproductive health supports and services, such as, but not limited to, doulas, lactation consultants, home visitors, community health workers, and 1115 Waiver services. No employee of the Department of Healthcare and Family Services or the Department of Public Health issuing a standing recommendation in accordance with this Section shall, as a result of the employee's acts or omissions in issuing the standing recommendation, be subject to (i) any disciplinary or other adverse action under the Medical Practice Act of 1987, (ii) any civil liability, or (iii) any criminal liability.

ARTICLE 10.

Section 10-5. The Illinois Public Aid Code is amended by changing Section 5-2 as follows:

(305 ILCS 5/5-2) (from Ch. 23, par. 5-2)

Sec. 5-2. Classes of persons eligible. Medical assistance under this Article shall be available to any of the following classes of persons in respect to whom a plan for coverage has been submitted to the Governor by the Illinois Department and approved by him. If changes made in this Section 5-2 require federal approval, they shall not take effect until such approval has been received:

1. Recipients of basic maintenance grants under Articles III and IV.

2. Beginning January 1, 2014, persons otherwise eligible for basic maintenance under Article III, excluding any eligibility requirements that are inconsistent with any federal law or federal regulation, as interpreted by the U.S. Department of Health and Human Services, but who fail to qualify thereunder on the basis of need, and who have insufficient income and resources to meet the costs of necessary medical care, including, but not limited to, the following:

(a) All persons otherwise eligible for basic maintenance under Article III but who fail to qualify under that Article on the basis of need and who meet either of the following requirements:

(i) their income, as determined by the Illinois Department in accordance with any federal requirements, is equal to or less than 100% of the federal poverty level; or

(ii) their income, after the deduction of costs incurred for medical care and for other types of remedial care, is equal to or less than 100% of the federal poverty level.

(b) (Blank).

3. (Blank).

4. Persons not eligible under any of the preceding paragraphs who fall sick, are injured, or die, not having sufficient money, property or other resources to meet the costs of necessary medical care or funeral and burial expenses.

5.(a) Beginning January 1, 2020, individuals during pregnancy and during the 12-month period beginning on the last day of the pregnancy, together with their infants, whose income is at or below 200% of the federal poverty level. Until September 30, 2019, or sooner if the maintenance of effort requirements under the Patient Protection and Affordable Care Act are eliminated or may be waived before then, individuals during pregnancy and during the 12-month period beginning on the last day of the pregnancy, whose countable monthly income, after the deduction of costs incurred for medical care and for other types of remedial care as specified in administrative rule, is equal to or less than the Medical Assistance-No Grant(C) (MANG(C)) Income Standard in effect on April 1, 2013 as set forth in administrative rule.

(b) The plan for coverage shall provide ambulatory prenatal care to pregnant individuals during a presumptive eligibility period and establish an income eligibility standard that is equal to 200% of the federal poverty level, provided that costs incurred for medical care are not taken into account in determining such income eligibility.

(c) The Illinois Department may conduct a demonstration in at least one county that will provide medical assistance to pregnant individuals together with their infants and children up to one year of age, where the income eligibility standard is set up to 185% of the nonfarm income official poverty line, as defined by the federal Office of Management and Budget. The Illinois Department shall seek and obtain necessary authorization provided under federal law to implement such a demonstration. Such demonstration may establish resource standards that are not more restrictive than those established under Article IV of this Code.

6. (a) Subject to federal approval, children younger than age 19 when countable income is at or below 313% of the federal poverty level, as determined by the Department and in accordance with all applicable federal requirements. The Department is authorized to adopt emergency rules to implement the changes made to this paragraph by Public Act 102-43. Until September 30, 2019, or sooner if the maintenance of effort requirements under the Patient Protection and Affordable Care Act are eliminated or may be waived before then, children younger than age 19 whose countable monthly income, after the deduction of costs incurred for medical care and for other types of remedial care as specified in administrative rule, is equal to or less than the Medical Assistance-No Grant(C) (MANG(C)) Income Standard in effect on April 1, 2013 as set forth in administrative rule.

(b) Children and youth who are under temporary custody or guardianship of the Department of Children and Family Services or who receive financial assistance in support of an adoption or guardianship placement from the Department of Children and Family Services.

7. (Blank).

8. As required under federal law, persons who are eligible for Transitional Medical Assistance as a result of an increase in earnings or child or spousal support received. The plan for coverage for this class of persons shall:

(a) extend the medical assistance coverage to the extent required by federal law; and

(b) offer persons who have initially received 6 months of the coverage provided in paragraph (a) above, the option of receiving an additional 6 months of coverage, subject to the following:

(i) such coverage shall be pursuant to provisions of the federal Social Security Act;

(ii) such coverage shall include all services covered under Illinois' State Medicaid

Plan;

(iii) no premium shall be charged for such coverage; and

(iv) such coverage shall be suspended in the event of a person's failure without good cause to file in a timely fashion reports required for this coverage under the Social Security Act and coverage shall be reinstated upon the filing of such reports if the person remains otherwise eligible.

9. Persons with acquired immunodeficiency syndrome (AIDS) or with AIDS-related conditions with respect to whom there has been a determination that but for home or community-based services such individuals would require the level of care provided in an inpatient hospital, skilled nursing facility or intermediate care facility the cost of which is reimbursed under this Article. Assistance shall be provided to such persons to the maximum extent permitted under Title XIX of the Federal Social Security Act.

10. Participants in the long-term care insurance partnership program established under the Illinois Long-Term Care Partnership Program Act who meet the qualifications for protection of resources described in Section 15 of that Act.

11. Persons with disabilities who are employed and eligible for Medicaid, pursuant to Section 1902(a)(10)(A)(ii)(xv) of the Social Security Act, and, subject to federal approval, persons with a medically improved disability who are employed and eligible for Medicaid pursuant to Section 1902(a)(10)(A)(ii)(xvi) of the Social Security Act, as provided by the Illinois Department by rule. In establishing eligibility standards under this paragraph 11, the Department shall, subject to federal approval:

(a) set the income eligibility standard at not lower than 350% of the federal poverty level;

(b) exempt retirement accounts that the person cannot access without penalty before the age of 59 1/2, and medical savings accounts established pursuant to 26 U.S.C. 220;

(c) allow non-exempt assets up to \$25,000 as to those assets accumulated during periods of eligibility under this paragraph 11; and

(d) continue to apply subparagraphs (b) and (c) in determining the eligibility of the person under this Article even if the person loses eligibility under this paragraph 11.

12. Subject to federal approval, persons who are eligible for medical assistance coverage under applicable provisions of the federal Social Security Act and the federal Breast and Cervical Cancer Prevention and Treatment Act of 2000. Those eligible persons are defined to include, but not be limited to, the following persons:

(1) persons who have been screened for breast or cervical cancer under the U.S. Centers for Disease Control and Prevention Breast and Cervical Cancer Program established under Title XV of the federal Public Health Service Act in accordance with the requirements of Section 1504 of that Act as administered by the Illinois Department of Public Health; and

(2) persons whose screenings under the above program were funded in whole or in part by funds appropriated to the Illinois Department of Public Health for breast or cervical cancer screening.

"Medical assistance" under this paragraph 12 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. The Department must request federal approval of the coverage under this paragraph 12 within 30 days after July 3, 2001 (the effective date of Public Act 92-47).

In addition to the persons who are eligible for medical assistance pursuant to subparagraphs (1) and (2) of this paragraph 12, and to be paid from funds appropriated to the Department for its medical programs, any uninsured person as defined by the Department in rules residing in Illinois who is younger than 65 years of age, who has been screened for breast and cervical cancer in accordance with standards and procedures adopted by the Department of Public Health for screening, and who is referred to the Department by the Department of Public Health as being in need of treatment for breast or cervical cancer is eligible for medical assistance benefits that are consistent with the benefits provided to those persons described in subparagraphs (1) and (2). Medical assistance coverage for the persons who are eligible under the preceding sentence is not dependent on federal approval, but federal moneys may be used to pay for services provided under that coverage upon federal approval.

13. Subject to appropriation and to federal approval, persons living with HIV/AIDS who are not otherwise eligible under this Article and who qualify for services covered under Section 5-5.04 as provided by the Illinois Department by rule.

14. Subject to the availability of funds for this purpose, the Department may provide coverage under this Article to persons who

(a) reside in Illinois; ~~who~~

(b) are not eligible under any of the preceding paragraphs of this Section; ~~and who~~

(c) meet the income guidelines of paragraph 2(a) of this Section; and

(d) meet one of the following conditions:

(i) have filed an application for asylum status under 8 U.S.C. 1158 that is pending with the appropriate federal agency or have a pending appeal of such an application ~~pending before the federal Department of Homeland Security or on appeal before a court of competent jurisdiction and are represented either by counsel or by an advocate accredited by the appropriate federal agency Department of Homeland Security and employed by a not-for-profit organization in regard to that application or appeal; or~~

(ii) are receiving services through a federally funded torture treatment center;

(iii) have filed a pending application for T nonimmigrant status pursuant to 8 U.S.C. 1101(a)(15)(T);

(iv) have filed a pending application for U nonimmigrant status pursuant to 8 U.S.C. 1101(a)(15)(U); or

(v) have filed as a derivative family member or are included in the application for item (i), (iii), or (iv) as provided by Department rule.

Medical coverage under this paragraph 14 may be provided for up to 24 continuous months from the initial eligibility date so long as an individual continues to satisfy the criteria of this paragraph 14. If an individual has an application or appeal pending regarding an application for

asylum, T nonimmigrant status, or U nonimmigrant status before the appropriate federal agency for such applications or appeals ~~Department of Homeland Security~~, eligibility under this paragraph 14 may be extended until a final decision is rendered with respect to the application or appeal, except that an individual who is approved for a U visa continues to qualify for medical coverage under this paragraph 14 as long as the individual meets all other eligibility criteria on the appeal. The Department shall ~~may~~ adopt rules governing the implementation of this paragraph 14.

15. Family Care Eligibility.

(a) On and after July 1, 2012, a parent or other caretaker relative who is 19 years of age or older when countable income is at or below 133% of the federal poverty level. A person may not spend down to become eligible under this paragraph 15.

(b) Eligibility shall be reviewed annually.

(c) (Blank).

(d) (Blank).

(e) (Blank).

(f) (Blank).

(g) (Blank).

(h) (Blank).

(i) Following termination of an individual's coverage under this paragraph 15, the individual must be determined eligible before the person can be re-enrolled.

16. Subject to appropriation, uninsured persons who are not otherwise eligible under this Section who have been certified and referred by the Department of Public Health as having been screened and found to need diagnostic evaluation or treatment, or both diagnostic evaluation and treatment, for prostate or testicular cancer. For the purposes of this paragraph 16, uninsured persons are those who do not have creditable coverage, as defined under the Health Insurance Portability and Accountability Act, or have otherwise exhausted any insurance benefits they may have had, for prostate or testicular cancer diagnostic evaluation or treatment, or both diagnostic evaluation and treatment. To be eligible, a person must furnish a Social Security number. A person's assets are exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. Notwithstanding any other provision of law, the Department (i) does not have a claim against the estate of a deceased recipient of services under this paragraph 16 and (ii) does not have a lien against any homestead property or other legal or equitable real property interest owned by a recipient of services under this paragraph 16.

17. Persons who, pursuant to a waiver approved by the Secretary of the U.S. Department of Health and Human Services, are eligible for medical assistance under Title XIX or XXI of the federal Social Security Act. Notwithstanding any other provision of this Code and consistent with the terms of the approved waiver, the Illinois Department, may by rule:

(a) Limit the geographic areas in which the waiver program operates.

(b) Determine the scope, quantity, duration, and quality, and the rate and method of reimbursement, of the medical services to be provided, which may differ from those for other classes of persons eligible for assistance under this Article.

(c) Restrict the persons' freedom in choice of providers.

18. Beginning January 1, 2014, persons aged 19 or older, but younger than 65, who are not otherwise eligible for medical assistance under this Section 5-2, who qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(i)(VIII) and applicable federal regulations, and who have income at or below 133% of the federal poverty level plus 5% for the applicable family size as determined pursuant to 42 U.S.C. 1396a(e)(14) and applicable federal regulations. Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical

assistance under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

19. Beginning January 1, 2014, as required under 42 U.S.C. 1396a(a)(10)(A)(i)(IX), persons older than age 18 and younger than age 26 who are not otherwise eligible for medical assistance under paragraphs (1) through (17) of this Section who (i) were in foster care under the responsibility of the State on the date of attaining age 18 or on the date of attaining age 21 when a court has continued wardship for good cause as provided in Section 2-31 of the Juvenile Court Act of 1987 and (ii) received medical assistance under the Illinois Title XIX State Plan or waiver of such plan while in foster care.

20. ~~(Blank). Beginning January 1, 2018, persons who are foreign-born victims of human trafficking, torture, or other serious crimes as defined in Section 2-19 of this Code and their derivative family members if such persons: (i) reside in Illinois; (ii) are not eligible under any of the preceding paragraphs; (iii) meet the income guidelines of subparagraph (a) of paragraph 2; and (iv) meet the nonfinancial eligibility requirements of Sections 16-2, 16-3, and 16-5 of this Code. The Department may extend medical assistance for persons who are foreign-born victims of human trafficking, torture, or other serious crimes whose medical assistance would be terminated pursuant to subsection (b) of Section 16-5 if the Department determines that the person, during the year of initial eligibility (1) experienced a health crisis, (2) has been unable, after reasonable attempts, to obtain necessary information from a third party, or (3) has other extenuating circumstances that prevented the person from completing his or her application for status. The Department may adopt any rules necessary to implement the provisions of this paragraph.~~

21. Persons who are not otherwise eligible for medical assistance under this Section who may qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(ii)(XXIII) and 42 U.S.C. 1396(ss) for the duration of any federal or State declared emergency due to COVID-19. Medical assistance to persons eligible for medical assistance solely pursuant to this paragraph 21 shall be limited to any in vitro diagnostic product (and the administration of such product) described in 42 U.S.C. 1396d(a)(3)(B) on or after March 18, 2020, any visit described in 42 U.S.C. 1396o(a)(2)(G), or any other medical assistance that may be federally authorized for this class of persons. The Department may also cover treatment of COVID-19 for this class of persons, or any similar category of uninsured individuals, to the extent authorized under a federally approved 1115 Waiver or other federal authority. Notwithstanding the provisions of Section 1-11 of this Code, due to the nature of the COVID-19 public health emergency, the Department may cover and provide the medical assistance described in this paragraph 21 to noncitizens who would otherwise meet the eligibility requirements for the class of persons described in this paragraph 21 for the duration of the State emergency period.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than \$2,000, and the amount of assets of a married couple to be disregarded shall not be less than \$3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law

111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after June 14, 2012 (the effective date of Public Act 97-687), and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after June 14, 2012 (the effective date of Public Act 97-687), and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Effective October 1, 2013, the determination of eligibility of persons who qualify under paragraphs 5, 6, 8, 15, 17, and 18 of this Section shall comply with the requirements of 42 U.S.C. 1396a(e)(14) and applicable federal regulations.

The Department of Healthcare and Family Services, the Department of Human Services, and the Illinois health insurance marketplace shall work cooperatively to assist persons who would otherwise lose health benefits as a result of changes made under Public Act 98-104 to transition to other health insurance coverage.

Section 15-5. The Illinois Public Aid Code is amended by changing Section 5-5.09a as follows:

(305 ILCS 5/5-5.09a new)

Sec. 5-5.09a. Screening for tardive dyskinesia.

(a) Notwithstanding any other provisions of law, the Department of Healthcare and Family Services shall develop, in collaboration with the Department of Human Services and the Department of Public Health, recommended screening guidelines for tardive dyskinesia for providers serving patients prescribed antipsychotic medications under the medical assistance program in State-operated residential facilities and community-based settings.

(b) The recommended screening guidelines shall be based on current, nationally accepted, evidence-based recommendations for the assessment and treatment of tardive dyskinesia, and shall include structured assessment tools, which can be both quantitative and qualitative.

(c) The Department of Healthcare and Family Services and the Department of Human Services, in collaboration with the Department of Public Health, shall develop communication strategies and educational materials to be offered to health care providers regarding tardive dyskinesia, the recommended screening guidelines, and any subsequent revisions. In developing the information to be disseminated under this Section, the Departments of Healthcare and Family Services, Human Services, and Public Health shall consult with a statewide association representing physicians licensed to practice medicine in all its branches and a statewide association representing psychiatrists.

ARTICLE 20.

Section 20-5. The Illinois Public Aid Code is amended by changing Section 5-5.12f as follows:

(305 ILCS 5/5-5.12f)

Sec. 5-5.12f. Prescription drugs for mental illness; no utilization or prior approval mandates.

(a) Notwithstanding any other provision of this Code to the contrary, except as otherwise provided in subsection (b), for the purpose of removing barriers to the timely treatment of serious mental illnesses, prior authorization mandates and utilization management controls shall not be imposed under the fee-for-service and managed care medical assistance programs on any FDA-approved prescription drug that is recognized by a generally accepted standard medical reference as effective in the treatment of conditions specified in the most recent Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association if a preferred or non-preferred drug is prescribed to an adult patient to treat serious mental illness and one of the following applies:

(1) the patient has changed providers, including, but not limited to, a change from an inpatient to an outpatient provider, and is stable on the drug that has been previously prescribed, and received prior authorization, if required;

(2) the patient has changed Medical assistance program or managed care plan insurance coverage and is stable on the drug that has been previously prescribed and received prior authorization under the previous source of coverage; or

(3) subject to federal law on maximum dosage limits and safety edits adopted by the Department's Drug and Therapeutics Board, including those safety edits and limits needed to comply with federal requirements contained in 42 CFR 456.703, the patient has previously been prescribed and obtained prior authorization for the drug and the prescription modifies the dosage, dosage frequency, or both, of the drug as part of the same treatment for which the drug was previously prescribed.

(b) The following safety edits shall be permitted for prescription drugs covered under this Section:

(1) clinically appropriate drug utilization review (DUR) edits, including, but not limited to, drug-to-drug, drug-age, and drug-dose;

(2) generic drug substitution if a generic drug is available for the prescribed medication in the same dosage and formulation; and

(3) any utilization management control that is necessary for the Department to comply with any current consent decrees or federal waivers.

(c) As used in this Section, "serious mental illness" means any one or more of the following diagnoses and International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM) codes listed by the Department of Human Services' Division of Mental Health, as amended, on its official website:

- (1) Delusional Disorder (F22)
- (2) Brief Psychotic Disorder (F23)
- (3) Schizophreniform Disorder (F20.81)
- (4) Schizophrenia (F20.9)
- (5) Schizoaffective Disorder (F25.x)
- (6) Catatonia Associated with Another Mental Disorder (Catatonia Specifier) (F06.1)
- (7) Other Specified Schizophrenia Spectrum and Other Psychotic Disorder (F28)
- (8) Unspecified Schizophrenia Spectrum and Other Psychotic Disorder (F29)
- (9) Bipolar I Disorder (F31.xx)
- (10) Bipolar II Disorder (F31.81)
- (11) Cyclothymic Disorder (F34.0)
- (12) Unspecified Bipolar and Related Disorder (F31.9)
- (13) Disruptive Mood Dysregulation Disorder (F34.8)
- (14) Major Depressive Disorder Single episode (F32.xx)
- (15) Major Depressive Disorder, Recurrent episode (F33.xx)
- (16) Obsessive-Compulsive Disorder (F42)
- (17) Posttraumatic Stress Disorder (F43.10)
- (18) Anorexia Nervosa (F50.0x)
- (19) Bulimia Nervosa (F50.2)
- (20) Postpartum Depression (F53.0)
- (21) Puerperal Psychosis (F53.1)
- (22) Factitious Disorder Imposed on Another (F68.A)

(d) Notwithstanding any other provision of law, nothing in this Section shall not be construed to conflict with Section 1927(a)(1) and (b)(1)(A) of the federal Social Security Act and any implementing regulations and agreements.

(e) The Department shall publish a report semi-annually on its website on compliance with the conditions of this Section by the fee-for-service program and managed care organizations beginning with dates of service on and after July 1, 2025. These reports shall be due 12 months after the end of the period to be reported. These reports shall include:

(1) The number of clinically denied prescriptions summarized by each of the allowed categories specified in subsection (b). This paragraph shall include the number of prior authorization denials.

(2) The number of clinically denied prescriptions as summarized by each of the nonallowed categories specified in subsection (a), categorized by denial reason.

(3) The number of prior authorizations of prescriptions contrary to the prohibition described in subsection (a).

(4) The number of complaints filed concerning denials for prescriptions, which meet the conditions specified in subsection (a).

(5) The number of approved and paid prescriptions described in subsection (a) and the potential net cost to the State.

(6) The number of persons enrolled in the medical assistance program using emergency room services based on categories specified in subsection (c) as the primary diagnosis for the emergency room visit.

(7) The number of persons admitted into a hospital and the number of hospital readmissions, based on categories specified in subsection (c) as the primary diagnosis for the hospital admission or readmission.

As used in this Section, "net cost" means the difference in total ingredient cost due to changes in product mix plus total loss in aggregate rebate revenue based on product mix realized in Fiscal Year 2025. Nothing in this Section shall require the Department to disclose information that is exempt from disclosure under paragraph (g) of subsection (1) of Section 7 of the Freedom of Information Act.

For purposes of this Section, a hospital readmission occurs when a patient is discharged from a hospital and then admitted into the same or another hospital within 30 days of discharge for the same primary diagnosis.

ARTICLE 30.

Section 30-5. The Illinois Public Aid Code is amended by changing Section 5-2b as follows:
(305 ILCS 5/5-2b)

Sec. 5-2b. Medically fragile and technology dependent children eligibility and program; provider reimbursement rates.

(a) Notwithstanding any other provision of law except as provided in Section 5-30a, on and after September 1, 2012, subject to federal approval, medical assistance under this Article shall be available to children who qualify as persons with a disability, as defined under the federal Supplemental Security Income program and who are medically fragile and technology dependent. The program shall allow eligible children to receive the medical assistance provided under this Article in the community and must maximize, to the fullest extent permissible under federal law, federal reimbursement and family cost-sharing, including co-pays, premiums, or any other family contributions, except that the Department shall be permitted to incentivize the utilization of selected services through the use of cost-sharing adjustments. The Department shall establish the policies, procedures, standards, services, and criteria for this program by rule.

(b) Notwithstanding any other provision of this Code, subject to federal approval, on and after January 1, 2024, the reimbursement rates for nursing paid through Nursing and Personal Care Services for non-waiver customers and to providers of private duty nursing services for children eligible for medical assistance under this Section shall be 20% higher than the reimbursement rates in effect for nursing services on December 31, 2023.

(c) Notwithstanding any other provision of this Code, subject to federal approval, on and after January 1, 2025, the reimbursement rates for nursing paid through Nursing and Personal Care Services for non-waiver customers and to providers of private duty nursing services for children eligible for medical assistance under this Section shall be 7% higher than the reimbursement rates in effect for nursing services on December 31, 2024.

(d) The Department shall conduct an evaluation to study the program, including service provision and design, waiver operations, and methodologies and policies for setting rates and reimbursements for services and supports that are provided to (i) individuals under the age of 21 who are approved by the Department for in-home shift nursing services and (ii) individuals over the age of 21 who are receiving in-home shift nursing services under the Home and Community-Based Services Waiver for Medically Fragile and Technology Dependent Children, including, but not limited to, in-home shift nursing services and related home and community-based services and supports, made to nursing agencies for such services. As needed, the Department shall consult with Department-enrolled providers of in-home shift nursing services to ensure accurate information is considered in the evaluation, and the Department may, to the extent it deems

necessary and appropriate, contract with an outside entity to assist or provide further analysis in the support of the evaluation.

(Source: P.A. 103-102, eff. 1-1-24; 103-593, eff. 6-7-24.)

ARTICLE 35.

Section 35-5. The Illinois Public Aid Code is amended by adding Section 5-65 as follows:

(305 ILCS 5/5-65 new)

Sec. 5-65. Reimbursement rates for long-term electrocardiogram monitoring.

(a) As used in this Section, "long-term ambulatory electrocardiogram monitoring services" means the provision of external cardiac patch monitoring devices to patients to wear for 48 hours or greater and the interpretation of data gathered by such devices to detect heart arrhythmias that can lead to stroke, cardiac arrest, or other comorbidities or medical complications if not correctly diagnosed.

(b) Subject to federal approval, for dates of service on and after January 1, 2026, the Department shall reimburse diagnostic testing facilities that provide long-term ambulatory electrocardiogram monitoring services at a rate not less than 80% of the Medicare Physician Fee Schedule rate in effect for such services on the effective date of this amendatory Act of the 104th General Assembly.

ARTICLE 40.

Section 40-5. The Illinois Public Aid Code is amended by changing Section 5-5 as follows:

(305 ILCS 5/5-5)

(Text of Section before amendment by P.A. 103-808)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant individuals, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; (16.5) services performed by a chiropractic physician licensed under the Medical Practice Act of 1987 and acting within the scope of his or her license, including, but not limited to, chiropractic manipulative treatment; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

[May 31, 2025]

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Section, all tobacco cessation medications approved by the United States Food and Drug Administration and all individual and group tobacco cessation counseling services and telephone-based counseling services and tobacco cessation medications provided through the Illinois Tobacco Quitline shall be covered under the medical assistance program for persons who are otherwise eligible for assistance under this Article. The Department shall comply with all federal requirements necessary to obtain federal financial participation, as specified in 42 CFR 433.15(b)(7), for telephone-based counseling services provided through the Illinois Tobacco Quitline, including, but not limited to: (i) entering into a memorandum of understanding or interagency agreement with the Department of Public Health, as administrator of the Illinois Tobacco Quitline; and (ii) developing a cost allocation plan for Medicaid-allowable Illinois Tobacco Quitline services in accordance with 45 CFR 95.507. The Department shall submit the memorandum of understanding or interagency agreement, the cost allocation plan, and all other necessary documentation to the Centers for Medicare and Medicaid Services for review and approval. Coverage under this paragraph shall be contingent upon federal approval.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Subject to federal approval, on and after January 1, 2025, the rates paid for sedation evaluation and the provision of deep sedation and intravenous sedation for the purpose of dental services shall be increased by 33% above the rates in effect on December 31, 2024. The rates paid for nitrous oxide sedation shall not be impacted by this paragraph and shall remain the same as the rates in effect on December 31, 2024.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services

through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

Subject to appropriation and to federal approval, the Department shall file administrative rules updating the Handicapping Labio-Lingual Deviation orthodontic scoring tool by January 1, 2025, or as soon as practicable.

On and after January 1, 2022, the Department of Healthcare and Family Services shall administer and regulate a school-based dental program that allows for the out-of-office delivery of preventative dental services in a school setting to children under 19 years of age. The Department shall establish, by rule, guidelines for participation by providers and set requirements for follow-up referral care based on the requirements established in the Dental Office Reference Manual published by the Department that establishes the requirements for dentists participating in the All Kids Dental School Program. Every effort shall be made by the Department when developing the program requirements to consider the different geographic differences of both urban and rural areas of the State for initial treatment and necessary follow-up care. No provider shall be charged a fee by any unit of local government to participate in the school-based dental program administered by the Department. Nothing in this paragraph shall be construed to limit or preempt a home rule unit's or school district's authority to establish, change, or administer a school-based dental program in addition to, or independent of, the school-based dental program administered by the Department.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for individuals 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for individuals 35 to 39 years of age.

(B) An annual mammogram for individuals 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the individual's health care provider for individuals under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor,

with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography and, after January 1, 2023 (the effective date of Public Act 102-1018), breast tomosynthesis.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind individuals who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed

with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

The Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine that is approved for marketing by the federal Food and Drug Administration for all persons between the ages of 9 and 45. Subject to federal approval, the Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine for persons of the age of 46 and above who have been diagnosed with cervical dysplasia with a high risk of recurrence or progression. The Department shall disallow any preauthorization requirements for the administration of the human papillomavirus (HPV) vaccine.

On or after July 1, 2022, individuals who are otherwise eligible for medical assistance under this Article shall receive coverage for perinatal depression screenings for the 12-month period beginning on the last day of their pregnancy. Medical assistance coverage under this paragraph shall be conditioned on the use of a screening instrument approved by the Department.

Any medical or health care provider shall immediately recommend, to any pregnant individual who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant individuals under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted individuals, including information on appropriate referrals for other social services that may be needed by addicted individuals in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of the recipient's substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

- (1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

- (2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

- (3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance

program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to

participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon the category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 120 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre-adjudicated, or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of the same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where

they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all ~~FDA-approved~~ ~~FDA-approved~~ forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee-for-service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, (3) lifetime restriction limit mandate, or (4) limitations on dosage.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees or hospital fees related to

the dispensing, distribution, and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. The Department shall not impose a copayment on the coverage provided for naloxone hydrochloride under the medical assistance program.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

A federally qualified health center, as defined in Section 1905(l)(2)(B) of the federal Social Security Act, shall be reimbursed by the Department in accordance with the federally qualified health center's encounter rate for services provided to medical assistance recipients that are performed by a dental hygienist, as defined under the Illinois Dental Practice Act, working under the general supervision of a dentist and employed by a federally qualified health center.

Within 90 days after October 8, 2021 (the effective date of Public Act 102-665), the Department shall seek federal approval of a State Plan amendment to expand coverage for family planning services that includes presumptive eligibility to individuals whose income is at or below 208% of the federal poverty level. Coverage under this Section shall be effective beginning no later than December 1, 2022.

Subject to approval by the federal Centers for Medicare and Medicaid Services of a Title XIX State Plan amendment electing the Program of All-Inclusive Care for the Elderly (PACE) as a State Medicaid option, as provided for by Subtitle I (commencing with Section 4801) of Title IV of the Balanced Budget Act of 1997 (Public Law 105-33) and Part 460 (commencing with Section 460.2) of Subchapter E of Title 42 of the Code of Federal Regulations, PACE program services shall become a covered benefit of the medical assistance program, subject to criteria established in accordance with all applicable laws.

Notwithstanding any other provision of this Code, community-based pediatric palliative care from a trained interdisciplinary team shall be covered under the medical assistance program as provided in Section 15 of the Pediatric Palliative Care Act.

Notwithstanding any other provision of this Code, within 12 months after June 2, 2022 (the effective date of Public Act 102-1037) and subject to federal approval, acupuncture services performed by an acupuncturist licensed under the Acupuncture Practice Act who is acting within the scope of his or her license shall be covered under the medical assistance program. The Department shall apply for any federal waiver or State Plan amendment, if required, to implement this paragraph. The Department may adopt any rules, including standards and criteria, necessary to implement this paragraph.

Notwithstanding any other provision of this Code, the medical assistance program shall, subject to federal approval, reimburse hospitals for costs associated with a newborn screening test for the presence of metachromatic leukodystrophy, as required under the Newborn Metabolic Screening Act, at a rate not less than the fee charged by the Department of Public Health. Notwithstanding any other provision of this Code, the medical assistance program shall, subject to appropriation and federal approval, also reimburse hospitals for costs associated with all newborn screening tests added on and after August 9, 2024 (the effective date of Public Act 103-909) ~~this amendatory Act of the 103rd General Assembly~~ to the Newborn Metabolic Screening Act and required to be performed under that Act at a rate not less than the fee charged by the Department of Public Health. The Department shall seek federal approval before the implementation of the newborn screening test fees by the Department of Public Health.

Notwithstanding any other provision of this Code, beginning on January 1, 2024, subject to federal approval, cognitive assessment and care planning services provided to a person who experiences signs or symptoms of cognitive impairment, as defined by the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, medically necessary reconstructive services that are intended to restore physical appearance shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this paragraph,

"reconstructive services" means treatments performed on structures of the body damaged by trauma to restore physical appearance.

Subject to federal approval, for dates of services on and after January 1, 2026, over-the-counter choline dietary supplements for pregnant persons shall be covered under the medical assistance program.

(Text of Section after amendment by P.A. 103-808)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant individuals, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; (16.5) services performed by a chiropractic physician licensed under the Medical Practice Act of 1987 and acting within the scope of his or her license, including, but not limited to, chiropractic manipulative treatment; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Section, all tobacco cessation medications approved by the United States Food and Drug Administration and all individual and group tobacco cessation counseling services and telephone-based counseling services and tobacco cessation medications provided through the Illinois Tobacco Quitline shall be covered under the medical assistance program for persons who are otherwise eligible for assistance under this Article. The Department shall comply with all federal requirements necessary to obtain federal financial participation, as specified in 42 CFR 433.15(b)(7), for telephone-based counseling services provided through the Illinois Tobacco Quitline, including, but not

limited to: (i) entering into a memorandum of understanding or interagency agreement with the Department of Public Health, as administrator of the Illinois Tobacco Quitline; and (ii) developing a cost allocation plan for Medicaid-allowable Illinois Tobacco Quitline services in accordance with 45 CFR 95.507. The Department shall submit the memorandum of understanding or interagency agreement, the cost allocation plan, and all other necessary documentation to the Centers for Medicare and Medicaid Services for review and approval. Coverage under this paragraph shall be contingent upon federal approval.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

- (1) dental services provided by or under the supervision of a dentist; and
- (2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Subject to federal approval, on and after January 1, 2025, the rates paid for sedation evaluation and the provision of deep sedation and intravenous sedation for the purpose of dental services shall be increased by 33% above the rates in effect on December 31, 2024. The rates paid for nitrous oxide sedation shall not be impacted by this paragraph and shall remain the same as the rates in effect on December 31, 2024.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

Subject to appropriation and to federal approval, the Department shall file administrative rules updating the Handicapping Labio-Lingual Deviation orthodontic scoring tool by January 1, 2025, or as soon as practicable.

On and after January 1, 2022, the Department of Healthcare and Family Services shall administer and regulate a school-based dental program that allows for the out-of-office delivery of preventative dental

services in a school setting to children under 19 years of age. The Department shall establish, by rule, guidelines for participation by providers and set requirements for follow-up referral care based on the requirements established in the Dental Office Reference Manual published by the Department that establishes the requirements for dentists participating in the All Kids Dental School Program. Every effort shall be made by the Department when developing the program requirements to consider the different geographic differences of both urban and rural areas of the State for initial treatment and necessary follow-up care. No provider shall be charged a fee by any unit of local government to participate in the school-based dental program administered by the Department. Nothing in this paragraph shall be construed to limit or preempt a home rule unit's or school district's authority to establish, change, or administer a school-based dental program in addition to, or independent of, the school-based dental program administered by the Department.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for individuals 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for individuals 35 to 39 years of age.

(B) An annual mammogram for individuals 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the individual's health care provider for individuals under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

(G) Molecular breast imaging (MBI) and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a

comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography and, after January 1, 2023 (the effective date of Public Act 102-1018), breast tomosynthesis.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including radiologists that are trained in all forms of ~~FDA-approved~~ ~~FDA-approved~~ breast imaging technologies, breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind individuals who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

The Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine that is approved for marketing by the federal Food and Drug Administration for all persons between the ages of 9 and 45. Subject to federal approval, the Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine for persons of the age of 46 and above who have been diagnosed

with cervical dysplasia with a high risk of recurrence or progression. The Department shall disallow any preauthorization requirements for the administration of the human papillomavirus (HPV) vaccine.

On or after July 1, 2022, individuals who are otherwise eligible for medical assistance under this Article shall receive coverage for perinatal depression screenings for the 12-month period beginning on the last day of their pregnancy. Medical assistance coverage under this paragraph shall be conditioned on the use of a screening instrument approved by the Department.

Any medical or health care provider shall immediately recommend, to any pregnant individual who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant individuals under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted individuals, including information on appropriate referrals for other social services that may be needed by addicted individuals in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of the recipient's substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

- (1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

- (2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

- (3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be

accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon the category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 120 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such

data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre-adjudicated, or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of the same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population;

and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all ~~FDA-approved~~ ~~FDA-approved~~ forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee-for-service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, (3) lifetime restriction limit mandate, or (4) limitations on dosage.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees or hospital fees related to the dispensing, distribution, and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. The Department shall not

impose a copayment on the coverage provided for naloxone hydrochloride under the medical assistance program.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

A federally qualified health center, as defined in Section 1905(l)(2)(B) of the federal Social Security Act, shall be reimbursed by the Department in accordance with the federally qualified health center's encounter rate for services provided to medical assistance recipients that are performed by a dental hygienist, as defined under the Illinois Dental Practice Act, working under the general supervision of a dentist and employed by a federally qualified health center.

Within 90 days after October 8, 2021 (the effective date of Public Act 102-665), the Department shall seek federal approval of a State Plan amendment to expand coverage for family planning services that includes presumptive eligibility to individuals whose income is at or below 208% of the federal poverty level. Coverage under this Section shall be effective beginning no later than December 1, 2022.

Subject to approval by the federal Centers for Medicare and Medicaid Services of a Title XIX State Plan amendment electing the Program of All-Inclusive Care for the Elderly (PACE) as a State Medicaid option, as provided for by Subtitle I (commencing with Section 4801) of Title IV of the Balanced Budget Act of 1997 (Public Law 105-33) and Part 460 (commencing with Section 460.2) of Subchapter E of Title 42 of the Code of Federal Regulations, PACE program services shall become a covered benefit of the medical assistance program, subject to criteria established in accordance with all applicable laws.

Notwithstanding any other provision of this Code, community-based pediatric palliative care from a trained interdisciplinary team shall be covered under the medical assistance program as provided in Section 15 of the Pediatric Palliative Care Act.

Notwithstanding any other provision of this Code, within 12 months after June 2, 2022 (the effective date of Public Act 102-1037) and subject to federal approval, acupuncture services performed by an acupuncturist licensed under the Acupuncture Practice Act who is acting within the scope of his or her license shall be covered under the medical assistance program. The Department shall apply for any federal waiver or State Plan amendment, if required, to implement this paragraph. The Department may adopt any rules, including standards and criteria, necessary to implement this paragraph.

Notwithstanding any other provision of this Code, the medical assistance program shall, subject to federal approval, reimburse hospitals for costs associated with a newborn screening test for the presence of metachromatic leukodystrophy, as required under the Newborn Metabolic Screening Act, at a rate not less than the fee charged by the Department of Public Health. Notwithstanding any other provision of this Code, the medical assistance program shall, subject to appropriation and federal approval, also reimburse hospitals for costs associated with all newborn screening tests added on and after August 9, 2024 (the effective date of Public Act 103-909) ~~this amendatory Act of the 103rd General Assembly~~ to the Newborn Metabolic Screening Act and required to be performed under that Act at a rate not less than the fee charged by the Department of Public Health. The Department shall seek federal approval before the implementation of the newborn screening test fees by the Department of Public Health.

Notwithstanding any other provision of this Code, beginning on January 1, 2024, subject to federal approval, cognitive assessment and care planning services provided to a person who experiences signs or symptoms of cognitive impairment, as defined by the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, medically necessary reconstructive services that are intended to restore physical appearance shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this paragraph, "reconstructive services" means treatments performed on structures of the body damaged by trauma to restore physical appearance.

Subject to federal approval, for dates of services on and after January 1, 2026, over-the-counter choline dietary supplements for pregnant persons shall be covered under the medical assistance program.

Section 45-5. The Illinois Public Aid Code is amended by changing Section 11-4 as follows:
(305 ILCS 5/11-4) (from Ch. 23, par. 11-4)

Sec. 11-4. Applications; assistance in making applications. An initial application for public assistance shall be deemed an application for all such benefits to which any person may be entitled except to the extent that the applicant expressly declines in writing to apply for particular benefits. The redetermination is an annual redetermination of eligibility of current benefits and is not an initial application. The Illinois Department shall provide information in writing about all benefits provided under this Code to any person seeking public assistance. The Illinois Department shall also provide information in writing and orally to all applicants about an election to have financial aid deposited directly in a recipient's savings account or checking account or in any electronic benefits account or accounts as provided in Section 11-3.1, to the extent that those elections are actually available, including information on any programs administered by the State Treasurer to facilitate or encourage the distribution of financial aid by direct deposit or electronic benefits transfer. The Illinois Department shall determine the applicant's eligibility for cash assistance, medical assistance and food stamps unless the applicant expressly declines in writing to apply for particular benefits. The Illinois Department shall adopt policies and procedures to facilitate timely changes between programs that result from changes in categorical eligibility factors.

The County departments, local governmental units and the Illinois Department shall assist applicants for public assistance to properly complete their applications. Such assistance shall include, but not be limited to, assistance in securing evidence in support of their eligibility.

ARTICLE 66.

Section 66-5. The Illinois Public Aid Code is amended by changing Section 14-12 as follows:
(305 ILCS 5/14-12)

Sec. 14-12. Hospital rate reform payment system. The hospital payment system pursuant to Section 14-11 of this Article shall be as follows:

(a) Inpatient hospital services. ~~Effective for discharges on and after the effective date of this amendatory Act of the 104th General Assembly July 1, 2014,~~ reimbursement for inpatient general acute care services shall utilize the All Patient Refined Diagnosis Related Grouping (APR-DRG) software, ~~version 30,~~ distributed by SolventumTM ~~previously known as 3MTM Health Information System.~~ SolventumTM shall be the exclusive provider of this software unless the Department determines that SolventumTM is unable to meet the required operational or contractual terms. Only under these circumstances may an alternative authorized provider of the software be considered.

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. Initial weighting factors shall be the weighting factors as published by ~~the authorized provider of this software 3M Health Information System, associated with Version 30.0~~ adjusted for the Illinois experience.

(2) The Department shall establish a statewide-standardized amount to be used in the inpatient reimbursement system. The Department shall publish these amounts on its website no later than 10 calendar days prior to their effective date.

(3) In addition to the statewide-standardized amount, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid providers or services for trauma, transplantation services, perinatal care, and Graduate Medical Education (GME).

(4) The Department shall develop add-on payments to account for exceptionally costly inpatient stays, consistent with Medicare outlier principles. Outlier fixed loss thresholds may be updated to

control for excessive growth in outlier payments no more frequently than on an annual basis, but at least once every 4 years. Upon updating the fixed loss thresholds, the Department shall be required to update base rates within 12 months.

(5) The Department shall define those hospitals or distinct parts of hospitals that shall be exempt from the APR-DRG reimbursement system established under this Section. The Department shall publish these hospitals' inpatient rates on its website no later than 10 calendar days prior to their effective date.

(6) Beginning July 1, 2014 and ending on December 31, 2023, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for safety-net hospitals defined in Section 5-5e.1 of this Code excluding pediatric hospitals.

(7) Beginning July 1, 2014, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for Illinois freestanding inpatient psychiatric hospitals that are not designated as children's hospitals by the Department but are primarily treating patients under the age of 21.

(7.5) (Blank).

(8) Beginning July 1, 2018, in addition to the statewide-standardized amount, the Department shall adjust the rate of reimbursement for hospitals designated by the Department of Public Health as a Perinatal Level II or II+ center by applying the same adjustor that is applied to Perinatal and Obstetrical care cases for Perinatal Level III centers, as of December 31, 2017.

(9) Beginning July 1, 2018, in addition to the statewide-standardized amount, the Department shall apply the same adjustor that is applied to trauma cases as of December 31, 2017 to inpatient claims to treat patients with burns, including, but not limited to, APR-DRGs 841, 842, 843, and 844.

(10) Beginning July 1, 2018, the statewide-standardized amount for inpatient general acute care services shall be uniformly increased so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of this subsection and paragraphs (3) and (4) of subsection (b) multiplied by 40%.

(11) Beginning July 1, 2018, the reimbursement for inpatient rehabilitation services shall be increased by the addition of a \$96 per day add-on.

(b) Outpatient hospital services. Effective on and after the effective date of this amendatory Act of the 104th General Assembly, for dates of service on and after July 1, 2014, reimbursement for outpatient services shall utilize the Enhanced Ambulatory Procedure Grouping (EAPG) software, version 3.7 distributed by Solventum™, previously known as 3M™ Health Information System. Solventum™ shall be the exclusive provider of this software unless the Agency determines that Solventum™ is unable to meet the required operational or contractual terms. Only under these circumstances may an alternative authorized provider of the software be considered.

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. The initial weighting factors shall be the weighting factors as published by the authorized provider ~~3M Health Information System, associated with Version 3.7.~~

(2) The Department shall establish service specific statewide-standardized amounts to be used in the reimbursement system.

(A) The initial statewide standardized amounts, with the labor portion adjusted by the Calendar Year 2013 Medicare Outpatient Prospective Payment System wage index with reclassifications, shall be published by the Department on its website no later than 10 calendar days prior to their effective date.

(B) The Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F. For outpatient services provided on or before June 30, 2018, the EAPG standardized amounts are determined separately for each critical access hospital such that simulated EAPG payments using outpatient base period paid claim data plus payments under Section 5A-12.4 of this Code net of the associated tax costs are equal to the estimated costs of outpatient base period claims data with a rate year cost inflation factor applied.

(3) In addition to the statewide-standardized amounts, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid hospital outpatient providers or services, including outpatient high volume or safety-net hospitals. Beginning July 1, 2018, the outpatient high

volume adjustor shall be increased to increase annual expenditures associated with this adjustor by \$79,200,000, based on the State Fiscal Year 2015 base year data and this adjustor shall apply to public hospitals, except for large public hospitals, as defined under 89 Ill. Adm. Code 148.25(a).

(4) Beginning July 1, 2018, in addition to the statewide standardized amounts, the Department shall make an add-on payment for outpatient expensive devices and drugs. This add-on payment shall at least apply to claim lines that: (i) are assigned with one of the following EAPGs: 490, 1001 to 1020, and coded with one of the following revenue codes: 0274 to 0276, 0278; or (ii) are assigned with one of the following EAPGs: 430 to 441, 443, 444, 460 to 465, 495, 496, 1090. The add-on payment shall be calculated as follows: the claim line's covered charges multiplied by the hospital's total acute cost to charge ratio, less the claim line's EAPG payment plus \$1,000, multiplied by 0.8.

(5) Beginning July 1, 2018, the statewide-standardized amounts for outpatient services shall be increased by a uniform percentage so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%.

(6) Effective for dates of service on or after July 1, 2018, the Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F, such that each Critical Access Hospital's standardized amount for outpatient services shall be increased by the applicable uniform percentage determined pursuant to paragraph (5) of this subsection. It is the intent of the General Assembly that the adjustments required under this paragraph (6) by Public Act 100-1181 shall be applied retroactively to claims for dates of service provided on or after July 1, 2018.

(7) Effective for dates of service on or after March 8, 2019 (the effective date of Public Act 100-1181), the Department shall recalculate and implement an updated statewide-standardized amount for outpatient services provided by hospitals that are not Critical Access Hospitals to reflect the applicable uniform percentage determined pursuant to paragraph (5).

(1) Any recalculation to the statewide-standardized amounts for outpatient services provided by hospitals that are not Critical Access Hospitals shall be the amount necessary to achieve the increase in the statewide-standardized amounts for outpatient services increased by a uniform percentage, so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection, for all hospitals that are not Critical Access Hospitals, multiplied by 46%.

(2) It is the intent of the General Assembly that the recalculations required under this paragraph (7) by Public Act 100-1181 shall be applied prospectively to claims for dates of service provided on or after March 8, 2019 (the effective date of Public Act 100-1181) and that no recoupment or repayment by the Department or an MCO of payments attributable to recalculation under this paragraph (7), issued to the hospital for dates of service on or after July 1, 2018 and before March 8, 2019 (the effective date of Public Act 100-1181), shall be permitted.

(8) The Department shall ensure that all necessary adjustments to the managed care organization capitation base rates necessitated by the adjustments under subparagraph (6) or (7) of this subsection are completed and applied retroactively in accordance with Section 5-30.8 of this Code within 90 days of March 8, 2019 (the effective date of Public Act 100-1181).

(9) Within 60 days after federal approval of the change made to the assessment in Section 5A-2 by Public Act 101-650, the Department shall incorporate into the EAPG system for outpatient services those services performed by hospitals currently billed through the Non-Institutional Provider billing system.

(b-5) Notwithstanding any other provision of this Section, beginning with dates of service on and after January 1, 2023, any general acute care hospital with more than 500 outpatient psychiatric Medicaid services to persons under 19 years of age in any calendar year shall be paid the outpatient add-on payment of no less than \$113.

(c) In consultation with the hospital community, the Department is authorized to replace 89 Ill. Adm. Code 152.150 as published in 38 Ill. Reg. 4980 through 4986 within 12 months of June 16, 2014 (the effective date of Public Act 98-651). If the Department does not replace these rules within 12 months of June 16, 2014 (the effective date of Public Act 98-651), the rules in effect for 152.150 as published in 38 Ill.

Reg. 4980 through 4986 shall remain in effect until modified by rule by the Department. Nothing in this subsection shall be construed to mandate that the Department file a replacement rule.

(d) Transition period. There shall be a transition period to the reimbursement systems authorized under this Section that shall begin on the effective date of these systems and continue until June 30, 2018, unless extended by rule by the Department. To help provide an orderly and predictable transition to the new reimbursement systems and to preserve and enhance access to the hospital services during this transition, the Department shall allocate a transitional hospital access pool of at least \$290,000,000 annually so that transitional hospital access payments are made to hospitals.

(1) After the transition period, the Department may begin incorporating the transitional hospital access pool into the base rate structure; however, the transitional hospital access payments in effect on June 30, 2018 shall continue to be paid, if continued under Section 5A-16.

(2) After the transition period, if the Department reduces payments from the transitional hospital access pool, it shall increase base rates, develop new adjusters, adjust current adjusters, develop new hospital access payments based on updated information, or any combination thereof by an amount equal to the decreases proposed in the transitional hospital access pool payments, ensuring that the entire transitional hospital access pool amount shall continue to be used for hospital payments.

(d-5) Hospital and health care transformation program. The Department shall develop a hospital and health care transformation program to provide financial assistance to hospitals in transforming their services and care models to better align with the needs of the communities they serve. The payments authorized in this Section shall be subject to approval by the federal government.

(1) Phase 1. In State fiscal years 2019 through 2020, the Department shall allocate funds from the transitional access hospital pool to create a hospital transformation pool of at least \$262,906,870 annually and make hospital transformation payments to hospitals. Subject to Section 5A-16, in State fiscal years 2019 and 2020, an Illinois hospital that received either a transitional hospital access payment under subsection (d) or a supplemental payment under subsection (f) of this Section in State fiscal year 2018, shall receive a hospital transformation payment as follows:

(A) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 45%, the hospital transformation payment shall be equal to 100% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(B) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 25% but less than 45%, the hospital transformation payment shall be equal to 75% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(C) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is less than 25%, the hospital transformation payment shall be equal to 50% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(2) Phase 2.

(A) The funding amount from phase one shall be incorporated into directed payment and pass-through payment methodologies described in Section 5A-12.7.

(B) Because there are communities in Illinois that experience significant health care disparities due to systemic racism, as recently emphasized by the COVID-19 pandemic, aggravated by social determinants of health and a lack of sufficiently allocated health care ~~healthcare~~ resources, particularly community-based services, preventive care, obstetric care, chronic disease management, and specialty care, the Department shall establish a health care transformation program that shall be supported by the transformation funding pool. It is the intention of the General Assembly that innovative partnerships funded by the pool must be designed to establish or improve integrated health care delivery systems that will provide significant access to the Medicaid and uninsured populations in their communities, as well as improve health care equity. It is also the intention of the General Assembly that partnerships recognize and address the disparities revealed by the COVID-19 pandemic, as well as the need for post-COVID care. During State fiscal years 2021 through 2027, the hospital and health care transformation program shall be supported by an annual transformation funding pool of up to \$150,000,000, pending federal matching funds, to be allocated during the specified fiscal years

for the purpose of facilitating hospital and health care transformation. No disbursement of moneys for transformation projects from the transformation funding pool described under this Section shall be considered an award, a grant, or an expenditure of grant funds. Funding agreements made in accordance with the transformation program shall be considered purchases of care under the Illinois Procurement Code, and funds shall be expended by the Department in a manner that maximizes federal funding to expend the entire allocated amount.

The Department shall convene, within 30 days after March 12, 2021 (the effective date of Public Act 101-655), a workgroup that includes subject matter experts on health care ~~healthcare~~ disparities and stakeholders from distressed communities, which could be a subcommittee of the Medicaid Advisory Committee, to review and provide recommendations on how Department policy, including health care transformation, can improve health disparities and the impact on communities disproportionately affected by COVID-19. The workgroup shall consider and make recommendations on the following issues: a community safety-net designation of certain hospitals, racial equity, and a regional partnership to bring additional specialty services to communities.

(C) As provided in paragraph (9) of Section 3 of the Illinois Health Facilities Planning Act, any hospital participating in the transformation program may be excluded from the requirements of the Illinois Health Facilities Planning Act for those projects related to the hospital's transformation. To be eligible, the hospital must submit to the Health Facilities and Services Review Board approval from the Department that the project is a part of the hospital's transformation.

(D) As provided in subsection (a-20) of Section 32.5 of the Emergency Medical Services (EMS) Systems Act, a hospital that received hospital transformation payments under this Section may convert to a freestanding emergency center. To be eligible for such a conversion, the hospital must submit to the Department of Public Health approval from the Department that the project is a part of the hospital's transformation.

(E) Criteria for proposals. To be eligible for funding under this Section, a transformation proposal shall meet all of the following criteria:

(i) the proposal shall be designed based on community needs assessment completed by either a University partner or other qualified entity with significant community input;

(ii) the proposal shall be a collaboration among providers across the care and community spectrum, including preventative care, primary care specialty care, hospital services, mental health and substance abuse services, as well as community-based entities that address the social determinants of health;

(iii) the proposal shall be specifically designed to improve health care ~~healthcare~~ outcomes and reduce health care ~~healthcare~~ disparities, and improve the coordination, effectiveness, and efficiency of care delivery;

(iv) the proposal shall have specific measurable metrics related to disparities that will be tracked by the Department and made public by the Department;

(v) the proposal shall include a commitment to include Business Enterprise Program certified vendors or other entities controlled and managed by minorities or women; and

(vi) the proposal shall specifically increase access to primary, preventive, or specialty care.

(F) Entities eligible to be funded.

(i) Proposals for funding should come from collaborations operating in one of the most distressed communities in Illinois as determined by the U.S. Centers for Disease Control and Prevention's Social Vulnerability Index for Illinois and areas disproportionately impacted by COVID-19 or from rural areas of Illinois.

(ii) The Department shall prioritize partnerships from distressed communities, which include Business Enterprise Program certified vendors or other entities controlled and managed by minorities or women and also include one or more of the following: safety-net hospitals, critical access hospitals, the campuses of hospitals that have closed since January 1, 2018, or other health care ~~healthcare~~ providers designed to address specific health care ~~healthcare~~ disparities, including the impact of COVID-19 on individuals and the community and the need for post-COVID care. All funded proposals

must include specific measurable goals and metrics related to improved outcomes and reduced disparities which shall be tracked by the Department.

(iii) The Department should target the funding in the following ways: \$30,000,000 of transformation funds to projects that are a collaboration between a safety-net hospital, particularly community safety-net hospitals, and other providers and designed to address specific health care ~~healthcare~~ disparities, \$20,000,000 of transformation funds to collaborations between safety-net hospitals and a larger hospital partner that increases specialty care in distressed communities, \$30,000,000 of transformation funds to projects that are a collaboration between hospitals and other providers in distressed areas of the State designed to address specific health care ~~healthcare~~ disparities, \$15,000,000 to collaborations between critical access hospitals and other providers designed to address specific health care ~~healthcare~~ disparities, and \$15,000,000 to cross-provider collaborations designed to address specific health care ~~healthcare~~ disparities, and \$5,000,000 to collaborations that focus on workforce development.

(iv) The Department may allocate up to \$5,000,000 for planning, racial equity analysis, or consulting resources for the Department or entities without the resources to develop a plan to meet the criteria of this Section. Any contract for consulting services issued by the Department under this subparagraph shall comply with the provisions of Section 5-45 of the State Officials and Employees Ethics Act. Based on availability of federal funding, the Department may directly procure consulting services or provide funding to the collaboration. The provision of resources under this subparagraph is not a guarantee that a project will be approved.

(v) The Department shall take steps to ensure that safety-net hospitals operating in under-resourced communities receive priority access to hospital and health care ~~healthcare~~ transformation funds, including consulting funds, as provided under this Section.

(G) Process for submitting and approving projects for distressed communities. The Department shall issue a template for application. The Department shall post any proposal received on the Department's website for at least 2 weeks for public comment, and any such public comment shall also be considered in the review process. Applicants may request that proprietary financial information be redacted from publicly posted proposals and the Department in its discretion may agree. Proposals for each distressed community must include all of the following:

(i) A detailed description of how the project intends to affect the goals outlined in this subsection, describing new interventions, new technology, new structures, and other changes to the health care ~~healthcare~~ delivery system planned.

(ii) A detailed description of the racial and ethnic makeup of the entities' board and leadership positions and the salaries of the executive staff of entities in the partnership that is seeking to obtain funding under this Section.

(iii) A complete budget, including an overall timeline and a detailed pathway to sustainability within a 5-year period, specifying other sources of funding, such as in-kind, cost-sharing, or private donations, particularly for capital needs. There is an expectation that parties to the transformation project dedicate resources to the extent they are able and that these expectations are delineated separately for each entity in the proposal.

(iv) A description of any new entities formed or other legal relationships between collaborating entities and how funds will be allocated among participants.

(v) A timeline showing the evolution of sites and specific services of the project over a 5-year period, including services available to the community by site.

(vi) Clear milestones indicating progress toward the proposed goals of the proposal as checkpoints along the way to continue receiving funding. The Department is authorized to refine these milestones in agreements, and is authorized to impose reasonable penalties, including repayment of funds, for substantial lack of progress.

(vii) A clear statement of the level of commitment the project will include for minorities and women in contracting opportunities, including as equity partners where applicable, or as subcontractors and suppliers in all phases of the project.

(viii) If the community study utilized is not the study commissioned and published by the Department, the applicant must define the methodology used, including documentation of clear community participation.

(ix) A description of the process used in collaborating with all levels of government in the community served in the development of the project, including, but not limited to, legislators and officials of other units of local government.

(x) Documentation of a community input process in the community served, including links to proposal materials on public websites.

(xi) Verifiable project milestones and quality metrics that will be impacted by transformation. These project milestones and quality metrics must be identified with improvement targets that must be met.

(xii) Data on the number of existing employees by various job categories and wage levels by the zip code of the employees' residence and benchmarks for the continued maintenance and improvement of these levels. The proposal must also describe any retraining or other workforce development planned for the new project.

(xiii) If a new entity is created by the project, a description of how the board will be reflective of the community served by the proposal.

(xiv) An explanation of how the proposal will address the existing disparities that exacerbated the impact of COVID-19 and the need for post-COVID care in the community, if applicable.

(xv) An explanation of how the proposal is designed to increase access to care, including specialty care based upon the community's needs.

(H) The Department shall evaluate proposals for compliance with the criteria listed under subparagraph (G). Proposals meeting all of the criteria may be eligible for funding with the areas of focus prioritized as described in item (ii) of subparagraph (F). Based on the funds available, the Department may negotiate funding agreements with approved applicants to maximize federal funding. Nothing in this subsection requires that an approved project be funded to the level requested. Agreements shall specify the amount of funding anticipated annually, the methodology of payments, the limit on the number of years such funding may be provided, and the milestones and quality metrics that must be met by the projects in order to continue to receive funding during each year of the program. Agreements shall specify the terms and conditions under which a health care facility that receives funds under a purchase of care agreement and closes in violation of the terms of the agreement must pay an early closure fee no greater than 50% of the funds it received under the agreement, prior to the Health Facilities and Services Review Board considering an application for closure of the facility. Any project that is funded shall be required to provide quarterly written progress reports, in a form prescribed by the Department, and at a minimum shall include the progress made in achieving any milestones or metrics or Business Enterprise Program commitments in its plan. The Department may reduce or end payments, as set forth in transformation plans, if milestones or metrics or Business Enterprise Program commitments are not achieved. The Department shall seek to make payments from the transformation fund in a manner that is eligible for federal matching funds.

In reviewing the proposals, the Department shall take into account the needs of the community, data from the study commissioned by the Department from the University of Illinois-Chicago if applicable, feedback from public comment on the Department's website, as well as how the proposal meets the criteria listed under subparagraph (G). Alignment with the Department's overall strategic initiatives shall be an important factor. To the extent that fiscal year funding is not adequate to fund all eligible projects that apply, the Department shall prioritize applications that most comprehensively and effectively address the criteria listed under subparagraph (G).

(3) (Blank).

(4) Hospital Transformation Review Committee. There is created the Hospital Transformation Review Committee. The Committee shall consist of 14 members. No later than 30 days after March 12, 2018 (the effective date of Public Act 100-581), the 4 legislative leaders shall each appoint 3 members; the Governor shall appoint the Director of Healthcare and Family Services, or his or her designee, as a member; and the Director of Healthcare and Family Services shall appoint one member.

Any vacancy shall be filled by the applicable appointing authority within 15 calendar days. The members of the Committee shall select a Chair and a Vice-Chair from among its members, provided that the Chair and Vice-Chair cannot be appointed by the same appointing authority and must be from different political parties. The Chair shall have the authority to establish a meeting schedule and convene meetings of the Committee, and the Vice-Chair shall have the authority to convene meetings in the absence of the Chair. The Committee may establish its own rules with respect to meeting schedule, notice of meetings, and the disclosure of documents; however, the Committee shall not have the power to subpoena individuals or documents and any rules must be approved by 9 of the 14 members. The Committee shall perform the functions described in this Section and advise and consult with the Director in the administration of this Section. In addition to reviewing and approving the policies, procedures, and rules for the hospital and health care transformation program, the Committee shall consider and make recommendations related to qualifying criteria and payment methodologies related to safety-net hospitals and children's hospitals. Members of the Committee appointed by the legislative leaders shall be subject to the jurisdiction of the Legislative Ethics Commission, not the Executive Ethics Commission, and all requests under the Freedom of Information Act shall be directed to the applicable Freedom of Information officer for the General Assembly. The Department shall provide operational support to the Committee as necessary. The Committee is dissolved on April 1, 2019.

(e) Beginning 36 months after initial implementation, the Department shall update the reimbursement components in subsections (a) and (b), including standardized amounts and weighting factors, and at least once every 4 years and no more frequently than annually thereafter. The Department shall publish these updates on its website no later than 30 calendar days prior to their effective date.

(f) Continuation of supplemental payments. Any supplemental payments authorized under 89 Illinois Administrative Code 148 effective January 1, 2014 and that continue during the period of July 1, 2014 through December 31, 2014 shall remain in effect as long as the assessment imposed by Section 5A-2 that is in effect on December 31, 2017 remains in effect.

(g) Notwithstanding subsections (a) through (f) of this Section and notwithstanding the changes authorized under Section 5-5b.1, any updates to the system shall not result in any diminishment of the overall effective rates of reimbursement as of the implementation date of the new system (July 1, 2014). These updates shall not preclude variations in any individual component of the system or hospital rate variations. Nothing in this Section shall prohibit the Department from increasing the rates of reimbursement or developing payments to ensure access to hospital services. Nothing in this Section shall be construed to guarantee a minimum amount of spending in the aggregate or per hospital as spending may be impacted by factors, including, but not limited to, the number of individuals in the medical assistance program and the severity of illness of the individuals.

(h) The Department shall have the authority to modify by rulemaking any changes to the rates or methodologies in this Section as required by the federal government to obtain federal financial participation for expenditures made under this Section.

(i) Except for subsections (g) and (h) of this Section, the Department shall, pursuant to subsection (c) of Section 5-40 of the Illinois Administrative Procedure Act, provide for presentation at the June 2014 hearing of the Joint Committee on Administrative Rules (JCAR) additional written notice to JCAR of the following rules in order to commence the second notice period for the following rules: rules published in the Illinois Register, rule dated February 21, 2014 at 38 Ill. Reg. 4559 (Medical Payment), 4628 (Specialized Health Care Delivery Systems), 4640 (Hospital Services), 4932 (Diagnostic Related Grouping (DRG) Prospective Payment System (PPS)), and 4977 (Hospital Reimbursement Changes), and published in the Illinois Register dated March 21, 2014 at 38 Ill. Reg. 6499 (Specialized Health Care Delivery Systems) and 6505 (Hospital Services).

(j) Out-of-state hospitals. Beginning July 1, 2018, for purposes of determining for State fiscal years 2019 and 2020 and subsequent fiscal years the hospitals eligible for the payments authorized under subsections (a) and (b) of this Section, the Department shall include out-of-state hospitals that are designated a Level I pediatric trauma center or a Level I trauma center by the Department of Public Health as of December 1, 2017.

(k) The Department shall notify each hospital and managed care organization, in writing, of the impact of the updates under this Section at least 30 calendar days prior to their effective date.

(l) This Section is subject to Section 14-12.5.

Section 67-5. The Illinois Public Aid Code is amended by adding Section 10-3.5 as follows:
(305 ILCS 5/10-3.5 new)

Sec. 10-3.5. Connecting parents to available resources. Beginning July 1, 2025, subject to appropriation and the availability of federal matching funds for the costs to the Department of Healthcare and Family Services for the implementation of this Section, the Illinois Department shall enter into agreements with other State agencies, including, but not limited to, the Department of Employment Security and the Department of Central Management Services, to implement a program designed to connect available resources to noncustodial parents whose families are receiving child support enforcement services; who have a child support order or are cooperating to establish a child support order; and who are unemployed or underemployed or at risk of not being able to comply with their support order. The program shall seek to connect parents with resources providing: job search assistance; job readiness training; job development and job placement services; skills assessments to facilitate job placement; job retention services; work supports; and occupational training and other skills training related to employment. The opportunities provided to program participants shall include opportunities offered by employers located in the State, including, but not limited to, State employment.

ARTICLE 68.

Section 68-3. The Illinois Administrative Procedure Act is amended by adding Section 5-45.65 as follows:

(5 ILCS 100/5-45.65 new)

Sec. 5-45.65. Emergency rulemaking; Medicaid managed care organization practices. To provide for the expeditious and timely implementation of changes made by this amendatory Act of the 104th General Assembly to subsection (g-13) of Section 5-30.1 of the Illinois Public Aid Code, emergency rules implementing the changes made by this amendatory Act of the 104th General Assembly to subsection (g-13) of Section 5-30.1 of the Illinois Public Aid Code may be adopted in accordance with Section 5-45 by the Department of Healthcare and Family Services. The adoption of emergency rules authorized by Section 5-45 and this Section is deemed to be necessary for the public interest, safety, and welfare.

This Section is repealed one year after the effective date of this amendatory Act of the 104th General Assembly.

Section 68-5. The Illinois Public Aid Code is amended by changing Sections 5-30.1 and 5-30.18 as follows:

(305 ILCS 5/5-30.1)

Sec. 5-30.1. Managed care protections.

(a) As used in this Section:

"Managed care organization" or "MCO" means any entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis.

"Emergency services" means health care items and services, including inpatient and outpatient hospital services, furnished or required to evaluate and stabilize an emergency medical condition. "Emergency services" include inpatient stabilization services furnished during the inpatient stabilization period. "Emergency services" do not include post-stabilization medical services.

"Emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity, regardless of the final diagnosis given, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- (1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- (2) serious impairment to bodily functions;
- (3) serious dysfunction of any bodily organ or part;
- (4) inadequately controlled pain; or

[May 31, 2025]

(5) with respect to a pregnant woman who is having contractions:

(A) inadequate time to complete a safe transfer to another hospital before delivery; or

(B) a transfer to another hospital may pose a threat to the health or safety of the woman or unborn child.

"Emergency medical screening examination" means a medical screening examination and evaluation by a physician licensed to practice medicine in all its branches or, to the extent permitted by applicable laws, by other appropriately licensed personnel under the supervision of or in collaboration with a physician licensed to practice medicine in all its branches to determine whether the need for emergency services exists.

"Health care services" mean any medical or behavioral health services covered under the medical assistance program that are subject to review under a service authorization program.

"Inpatient stabilization period" means the initial 72 hours of inpatient stabilization services, beginning from the date and time of the order for inpatient admission to the hospital.

"Inpatient stabilization services" mean emergency services furnished in the inpatient setting at a hospital pursuant to an order for inpatient admission by a physician or other qualified practitioner who has admitting privileges at the hospital, as permitted by State law, to stabilize an emergency medical condition following an emergency medical screening examination.

"Post-stabilization medical services" means health care services provided to an enrollee that are furnished in a hospital by a provider that is qualified to furnish such services and determined to be medically necessary by the provider and directly related to the emergency medical condition following stabilization.

"Provider" means a facility or individual who is actively enrolled in the medical assistance program and licensed or otherwise authorized to order, prescribe, refer, or render health care services in this State.

"Service authorization determination" means a decision made by a service authorization program in advance of, concurrent to, or after the provision of a health care service to approve, change the level of care, partially deny, deny, or otherwise limit coverage and reimbursement for a health care service upon review of a service authorization request.

"Service authorization program" means any utilization review, utilization management, peer review, quality review, or other medical management activity conducted by an MCO, or its contracted utilization review organization, including, but not limited to, prior authorization, prior approval, pre-certification, concurrent review, retrospective review, or certification of admission, of health care services provided in the inpatient or outpatient hospital setting.

"Service authorization request" means a request by a provider to a service authorization program to determine whether a health care service meets the reimbursement eligibility requirements for medically necessary, clinically appropriate care, resulting in the issuance of a service authorization determination.

"Utilization review organization" or "URO" means an MCO's utilization review department or a peer review organization or quality improvement organization that contracts with an MCO to administer a service authorization program and make service authorization determinations.

(b) As provided by Section 5-16.12, managed care organizations are subject to the provisions of the Managed Care Reform and Patient Rights Act.

(c) An MCO shall pay any provider of emergency services, including for inpatient stabilization services provided during the inpatient stabilization period, that does not have in effect a contract with the contracted Medicaid MCO. The default rate of reimbursement shall be the rate paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent such adjustments are incorporated in the development of the applicable MCO capitated rates.

(d) (Blank).

(e) Notwithstanding any other provision of law, the following requirements apply to MCOs in determining payment for all emergency services, including inpatient stabilization services provided during the inpatient stabilization period:

(1) The MCO shall not impose any service authorization program requirements for emergency services, including, but not limited to, prior authorization, prior approval, pre-certification, certification of admission, concurrent review, or retrospective review.

(A) Notification period: Hospitals shall notify the enrollee's Medicaid MCO within 48 hours of the date and time the order for inpatient admission is written. Notification shall be

limited to advising the MCO that the patient has been admitted to a hospital inpatient level of care.

(B) If the admitting hospital complies with the notification provisions of subparagraph (A), the Medicaid MCO may not initiate concurrent review before the end of the inpatient stabilization period. If the admitting hospital does not comply with the notification requirements in subparagraph (A), the Medicaid MCO may initiate concurrent review for the continuation of the stay beginning at the end of the 48-hour notification period.

(C) Coverage for services provided during the 48-hour notification period may not be retrospectively denied.

(2) The MCO shall cover emergency services provided to enrollees who are temporarily away from their residence and outside the contracting area to the extent that the enrollees would be entitled to the emergency services if they still were within the contracting area.

(3) The MCO shall have no obligation to cover emergency services provided on an emergency basis that are not covered services under the contract between the MCO and the Department.

(4) The MCO shall not condition coverage for emergency services on the treating provider notifying the MCO of the enrollee's emergency medical screening examination and treatment within 10 days after presentation for emergency services.

(5) The determination of the attending emergency physician, or the practitioner responsible for the enrollee's care at the hospital, of whether an enrollee requires inpatient stabilization services, can be stabilized in the outpatient setting, or is sufficiently stabilized for discharge or transfer to another setting, shall be binding on the MCO. The MCO shall cover and reimburse providers for emergency services as billed by the provider for all enrollees whether the emergency services are provided by an affiliated or non-affiliated provider, except in cases of fraud. The MCO shall reimburse inpatient stabilization services provided during the inpatient stabilization period and billed as inpatient level of care based on the appropriate inpatient reimbursement methodology.

(6) The MCO's financial responsibility for post-stabilization medical services it has not pre-approved ends when:

(A) a plan physician with privileges at the treating hospital assumes responsibility for the enrollee's care;

(B) a plan physician assumes responsibility for the enrollee's care through transfer;

(C) a contracting entity representative and the treating physician reach an agreement concerning the enrollee's care; or

(D) the enrollee is discharged.

(e-5) An MCO shall pay for all post-stabilization medical services as a covered service in any of the following situations:

(1) the MCO or its URO authorized such services;

(2) such services were administered to maintain the enrollee's stabilized condition within one hour after a request to the MCO for authorization of further post-stabilization services;

(3) the MCO or its URO did not respond to a request to authorize such services within one hour;

(4) the MCO or its URO could not be contacted; or

(5) the MCO or its URO and the treating provider, if the treating provider is a non-affiliated provider, could not reach an agreement concerning the enrollee's care and an affiliated provider was unavailable for a consultation, in which case the MCO must pay for such services rendered by the treating non-affiliated provider until an affiliated provider was reached and either concurred with the treating non-affiliated provider's plan of care or assumed responsibility for the enrollee's care. Such payment shall be made at the default rate of reimbursement paid under the State's Medicaid fee-for-service program methodology, including all policy adjusters, including, but not limited to, Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent that such adjustments are incorporated in the development of the applicable MCO capitated rates.

(f) Network adequacy and transparency.

(1) The Department shall:

(A) ensure that an adequate provider network is in place, taking into consideration health professional shortage areas and medically underserved areas;

(B) publicly release an explanation of its process for analyzing network adequacy;

(C) periodically ensure that an MCO continues to have an adequate network in place;

(D) require MCOs, including Medicaid Managed Care Entities as defined in Section 5-30.2, to meet provider directory requirements under Section 5-30.3;

(E) require MCOs to ensure that any Medicaid-certified provider under contract with an MCO and previously submitted on a roster on the date of service is paid for any medically necessary, Medicaid-covered, and authorized service rendered to any of the MCO's enrollees, regardless of inclusion on the MCO's published and publicly available directory of available providers; and

(F) require MCOs, including Medicaid Managed Care Entities as defined in Section 5-30.2, to meet each of the requirements under subsection (d-5) of Section 10 of the Network Adequacy and Transparency Act; with necessary exceptions to the MCO's network to ensure that admission and treatment with a provider or at a treatment facility in accordance with the network adequacy standards in paragraph (3) of subsection (d-5) of Section 10 of the Network Adequacy and Transparency Act is limited to providers or facilities that are Medicaid certified.

(2) Each MCO shall confirm its receipt of information submitted specific to physician or dentist additions or physician or dentist deletions from the MCO's provider network within 3 days after receiving all required information from contracted physicians or dentists, and electronic physician and dental directories must be updated consistent with current rules as published by the Centers for Medicare and Medicaid Services or its successor agency.

(g) Timely payment of claims.

(1) The MCO shall pay a claim within 30 days of receiving a claim that contains all the essential information needed to adjudicate the claim.

(2) The MCO shall notify the billing party of its inability to adjudicate a claim within 30 days of receiving that claim.

(3) The MCO shall pay a penalty that is at least equal to the timely payment interest penalty imposed under Section 368a of the Illinois Insurance Code for any claims not timely paid.

(A) When an MCO is required to pay a timely payment interest penalty to a provider, the MCO must calculate and pay the timely payment interest penalty that is due to the provider within 30 days after the payment of the claim. In no event shall a provider be required to request or apply for payment of any owed timely payment interest penalties.

(B) Such payments shall be reported separately from the claim payment for services rendered to the MCO's enrollee and clearly identified as interest payments.

(4)(A) The Department shall require MCOs to expedite payments to providers identified on the Department's expedited provider list, determined in accordance with 89 Ill. Adm. Code 140.71(b), on a schedule at least as frequently as the providers are paid under the Department's fee-for-service expedited provider schedule.

(B) Compliance with the expedited provider requirement may be satisfied by an MCO through the use of a Periodic Interim Payment (PIP) program that has been mutually agreed to and documented between the MCO and the provider, if the PIP program ensures that any expedited provider receives regular and periodic payments based on prior period payment experience from that MCO. Total payments under the PIP program may be reconciled against future PIP payments on a schedule mutually agreed to between the MCO and the provider.

(C) The Department shall share at least monthly its expedited provider list and the frequency with which it pays providers on the expedited list.

(g-5) Recognizing that the rapid transformation of the Illinois Medicaid program may have unintended operational challenges for both payers and providers:

(1) in no instance shall a medically necessary covered service rendered in good faith, based upon eligibility information documented by the provider, be denied coverage or diminished in payment amount if the eligibility or coverage information available at the time the service was rendered is later found to be inaccurate in the assignment of coverage responsibility between MCOs or the fee-for-service system, except for instances when an individual is deemed to have not been eligible for coverage under the Illinois Medicaid program; and

(2) the Department shall, by December 31, 2016, adopt rules establishing policies that shall be included in the Medicaid managed care policy and procedures manual addressing payment resolutions in situations in which a provider renders services based upon information obtained after verifying a

patient's eligibility and coverage plan through either the Department's current enrollment system or a system operated by the coverage plan identified by the patient presenting for services:

- (A) such medically necessary covered services shall be considered rendered in good faith;
 - (B) such policies and procedures shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of provider associations representing the majority of providers within the identified provider industry; and
 - (C) such rules shall be published for a review and comment period of no less than 30 days on the Department's website with final rules remaining available on the Department's website.
- The rules on payment resolutions shall include, but not be limited to:
- (A) the extension of the timely filing period;
 - (B) retroactive prior authorizations; and
 - (C) guaranteed minimum payment rate of no less than the current, as of the date of service, fee-for-service rate, plus all applicable add-ons, when the resulting service relationship is out of network.

The rules shall be applicable for both MCO coverage and fee-for-service coverage.

If the fee-for-service system is ultimately determined to have been responsible for coverage on the date of service, the Department shall provide for an extended period for claims submission outside the standard timely filing requirements.

(g-6) MCO Performance Metrics Report.

(1) The Department shall publish, on at least a quarterly basis, each MCO's operational performance, including, but not limited to, the following categories of metrics:

- (A) claims payment, including timeliness and accuracy;
- (B) prior authorizations;
- (C) grievance and appeals;
- (D) utilization statistics;
- (E) provider disputes;
- (F) provider credentialing; and
- (G) member and provider customer service.

(2) The Department shall ensure that the metrics report is accessible to providers online by January 1, 2017.

(3) The metrics shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of associations representing the majority of providers within the identified industry.

(4) Metrics shall be defined and incorporated into the applicable Managed Care Policy Manual issued by the Department.

(g-7) MCO claims processing and performance analysis. In order to monitor MCO payments to hospital providers, pursuant to Public Act 100-580, the Department shall post an analysis of MCO claims processing and payment performance on its website every 6 months. Such analysis shall include a review and evaluation of a representative sample of hospital claims that are rejected and denied for clean and unclear claims and the top 5 reasons for such actions and timeliness of claims adjudication, which identifies the percentage of claims adjudicated within 30, 60, 90, and over 90 days, and the dollar amounts associated with those claims.

(g-8) Dispute resolution process. The Department shall maintain a provider complaint portal through which a provider can submit to the Department unresolved disputes with an MCO. An unresolved dispute means an MCO's decision that denies in whole or in part a claim for reimbursement to a provider for health care services rendered by the provider to an enrollee of the MCO with which the provider disagrees. Disputes shall not be submitted to the portal until the provider has availed itself of the MCO's internal dispute resolution process. Disputes that are submitted to the MCO internal dispute resolution process may be submitted to the Department of Healthcare and Family Services' complaint portal no sooner than 30 days after submitting to the MCO's internal process and not later than 30 days after the unsatisfactory resolution of the internal MCO process or 60 days after submitting the dispute to the MCO internal process. Multiple claim disputes involving the same MCO may be submitted in one complaint, regardless of whether the claims are for different enrollees, when the specific reason for non-payment of the claims involves a common question of fact or policy. Within 10 business days of receipt of a complaint, the Department shall present such disputes to the appropriate MCO, which shall then have 30 days to issue its written proposal to resolve the dispute. The Department may grant one 30-day extension of this time frame to one of the parties

to resolve the dispute. If the dispute remains unresolved at the end of this time frame or the provider is not satisfied with the MCO's written proposal to resolve the dispute, the provider may, within 30 days, request the Department to review the dispute and make a final determination. Within 30 days of the request for Department review of the dispute, both the provider and the MCO shall present all relevant information to the Department for resolution and make individuals with knowledge of the issues available to the Department for further inquiry if needed. Within 30 days of receiving the relevant information on the dispute, or the lapse of the period for submitting such information, the Department shall issue a written decision on the dispute based on contractual terms between the provider and the MCO, contractual terms between the MCO and the Department of Healthcare and Family Services and applicable Medicaid policy. The decision of the Department shall be final. By January 1, 2020, the Department shall establish by rule further details of this dispute resolution process. Disputes between MCOs and providers presented to the Department for resolution are not contested cases, as defined in Section 1-30 of the Illinois Administrative Procedure Act, conferring any right to an administrative hearing.

(g-9)(1) The Department shall publish annually on its website a report on the calculation of each managed care organization's medical loss ratio showing the following:

(A) Premium revenue, with appropriate adjustments.

(B) Benefit expense, setting forth the aggregate amount spent for the following:

(i) Direct paid claims.

(ii) Subcapitation payments.

(iii) Other claim payments.

(iv) Direct reserves.

(v) Gross recoveries.

(vi) Expenses for activities that improve health care quality as allowed by the Department.

(2) The medical loss ratio shall be calculated consistent with federal law and regulation following a claims runout period determined by the Department.

(g-10)(1) "Liability effective date" means the date on which an MCO becomes responsible for payment for medically necessary and covered services rendered by a provider to one of its enrollees in accordance with the contract terms between the MCO and the provider. The liability effective date shall be the later of:

(A) The execution date of a network participation contract agreement.

(B) The date the provider or its representative submits to the MCO the complete and accurate standardized roster form for the provider in the format approved by the Department.

(C) The provider effective date contained within the Department's provider enrollment subsystem within the Illinois Medicaid Program Advanced Cloud Technology (IMPACT) System.

(2) The standardized roster form may be submitted to the MCO at the same time that the provider submits an enrollment application to the Department through IMPACT.

(3) By October 1, 2019, the Department shall require all MCOs to update their provider directory with information for new practitioners of existing contracted providers within 30 days of receipt of a complete and accurate standardized roster template in the format approved by the Department provided that the provider is effective in the Department's provider enrollment subsystem within the IMPACT system. Such provider directory shall be readily accessible for purposes of selecting an approved health care provider and comply with all other federal and State requirements.

(g-11) The Department shall work with relevant stakeholders on the development of operational guidelines to enhance and improve operational performance of Illinois' Medicaid managed care program, including, but not limited to, improving provider billing practices, reducing claim rejections and inappropriate payment denials, and standardizing processes, procedures, definitions, and response timelines, with the goal of reducing provider and MCO administrative burdens and conflict. The Department shall include a report on the progress of these program improvements and other topics in its Fiscal Year 2020 annual report to the General Assembly.

(g-12) Notwithstanding any other provision of law, if the Department or an MCO requires submission of a claim for payment in a non-electronic format, a provider shall always be afforded a period of no less than 90 business days, as a correction period, following any notification of rejection by either the Department or the MCO to correct errors or omissions in the original submission.

Under no circumstances, either by an MCO or under the State's fee-for-service system, shall a provider be denied payment for failure to comply with any timely submission requirements under this Code

or under any existing contract, unless the non-electronic format claim submission occurs after the initial 180 days following the latest date of service on the claim, or after the 90 business days correction period following notification to the provider of rejection or denial of payment.

(g-13) Utilization Review Standardization and Transparency.

(1) To ensure greater standardization and transparency related to service authorization determinations, for all individuals covered under the medical assistance program, including both the fee-for-service and managed care programs, the Department shall, in consultation with the MCOs, a statewide association representing the MCOs, a statewide association representing the majority of Illinois hospitals, a statewide association representing physicians, or any other interested parties deemed appropriate by the Department, adopt administrative rules consistent with this subsection, in accordance with the Illinois Administrative Procedure Act.

(2) No later than Prior to July 1, 2025, the Department shall in accordance with the Illinois Administrative Procedure Act file emergency rules, and adopt permanent rules no later than October 1, 2025, ~~adopt rules~~ which govern MCO practices for dates of services on and after July 1, 2025, as follows:

(A) guidelines related to the publication of MCO authorization policies;

(B) procedures that, due to medical complexity, must be reimbursed under the applicable inpatient methodology, when provided in the inpatient setting and billed as an inpatient service;

(C) standardization of administrative forms used in the member appeal process;

(D) limitations on second or subsequent medical necessity review of a health care service already authorized by the MCO or URO under a service authorization program;

(E) standardization of peer-to-peer processes and timelines;

(F) defined criteria for urgent and standard post-acute care and long-term acute care service authorization requests; and

(G) standardized criteria for service authorization programs for authorization of admission to a long-term acute care hospital.

(3) The Department shall expand the scope of the quality and compliance audits conducted by its contracted external quality review organization to include, but not be limited to:

(A) an analysis of the Medicaid MCO's compliance with nationally recognized clinical decision guidelines;

(B) an analysis that compares and contrasts the Medicaid MCO's service authorization determination outcomes to the outcomes of each other MCO plan and the State's fee-for-service program model to evaluate whether service authorization determinations are being made consistently by all Medicaid MCOs to ensure that all individuals are being treated in accordance with equitable standards of care;

(C) an analysis, for each Medicaid MCO, of the number of service authorization requests, including requests for concurrent review and certification of admissions, received, initially denied, overturned through any post-denial process including, but not limited to, enrollee or provider appeal, peer-to-peer review, or the provider dispute resolution process, denied but approved for a lower or different level of care, and the number denied on final determination; and

(D) provide a written report to the General Assembly, detailing the items listed in this subsection and any other metrics deemed necessary by the Department, by the second April, following June 7, 2024 (the effective date of Public Act 103-593) ~~this amendatory Act of the 103rd General Assembly~~, and each April thereafter. The Department shall make this report available within 30 days of delivery to the General Assembly, on its public facing website.

(h) The Department shall not expand mandatory MCO enrollment into new counties beyond those counties already designated by the Department as of June 1, 2014 for the individuals whose eligibility for medical assistance is not the seniors or people with disabilities population until the Department provides an opportunity for accountable care entities and MCOs to participate in such newly designated counties.

(h-5) Leading indicator data sharing. By January 1, 2024, the Department shall obtain input from the Department of Human Services, the Department of Juvenile Justice, the Department of Children and Family Services, the State Board of Education, managed care organizations, providers, and clinical experts to identify and analyze key indicators and data elements that can be used in an analysis of lead indicators from assessments and data sets available to the Department that can be shared with managed care organizations and similar care coordination entities contracted with the Department as leading indicators for elevated

behavioral health crisis risk for children, including data sets such as the Illinois Medicaid Comprehensive Assessment of Needs and Strengths (IM-CANS), calls made to the State's Crisis and Referral Entry Services (CARES) hotline, health services information from Health and Human Services Innovators, or other data sets that may include key indicators. The workgroup shall complete its recommendations for leading indicator data elements on or before September 1, 2024. To the extent permitted by State and federal law, the identified leading indicators shall be shared with managed care organizations and similar care coordination entities contracted with the Department on or before December 1, 2024 for the purpose of improving care coordination with the early detection of elevated risk. Leading indicators shall be reassessed annually with stakeholder input. The Department shall implement guidance to managed care organizations and similar care coordination entities contracted with the Department, so that the managed care organizations and care coordination entities respond to lead indicators with services and interventions that are designed to help stabilize the child.

(i) The requirements of this Section apply to contracts with accountable care entities and MCOs entered into, amended, or renewed after June 16, 2014 (the effective date of Public Act 98-651).

(j) Health care information released to managed care organizations. A health care provider shall release to a Medicaid managed care organization, upon request, and subject to the Health Insurance Portability and Accountability Act of 1996 and any other law applicable to the release of health information, the health care information of the MCO's enrollee, if the enrollee has completed and signed a general release form that grants to the health care provider permission to release the recipient's health care information to the recipient's insurance carrier.

(k) The Department of Healthcare and Family Services, managed care organizations, a statewide organization representing hospitals, and a statewide organization representing safety-net hospitals shall explore ways to support billing departments in safety-net hospitals.

(l) The requirements of this Section added by Public Act 102-4 shall apply to services provided on or after the first day of the month that begins 60 days after April 27, 2021 (the effective date of Public Act 102-4).

(m) Except where otherwise expressly specified, the requirements of this Section added by Public Act 103-593 ~~this amendatory Act of the 103rd General Assembly~~ shall apply to services provided on and after July 1, 2026 ~~on or after July 1, 2025~~.

(Source: P.A. 102-4, eff. 4-27-21; 102-43, eff. 7-6-21; 102-144, eff. 1-1-22; 102-454, eff. 8-20-21; 102-813, eff. 5-13-22; 103-546, eff. 8-11-23; 103-593, eff. 6-7-24; 103-885, eff. 8-9-24; revised 10-7-24.)

(305 ILCS 5/5-30.18)

(Section scheduled to be repealed on December 31, 2030)

Sec. 5-30.18. Service authorization program performance.

(a) Definitions. As used in this Section:

"Gold Card provider" means a provider identified by each Medicaid Managed Care Organization (MCO) as qualified under the guidelines outlined by the Department in accordance with subsection (c) and thereby granted a service authorization exemption when ordering a health care service.

"Health care service" means any medical or behavioral health service covered under the medical assistance program that is rendered in the inpatient or outpatient hospital setting, including hospital-based clinics, and subject to review under a service authorization program.

"Provider" means an individual actively enrolled in the medical assistance program and licensed or otherwise authorized to order, prescribe, refer, or render health care services in this State, and, as determined by the Department, may also include hospitals that submit service authorization requests.

"Service authorization exemption" means an exception granted by a Medicaid MCO to a provider under which all service authorization requests for covered health care services, excluding pharmacy services and durable medical equipment, are automatically deemed to be medically necessary, clinically appropriate, and approved for reimbursement as ordered.

"Service authorization program" means any utilization review, utilization management, peer review, quality review, or other medical management activity conducted in advance of, concurrent to, or after the provision of a health care service by a Medicaid MCO, either directly or through a contracted utilization review organization (URO), including, but not limited to, prior authorization, pre-certification, certification of admission, concurrent review, and retrospective review of health care services.

"Service authorization request" means a request by a provider to a service authorization program to determine whether a health care service that is otherwise covered under the medical assistance program

meets the reimbursement requirements established by the Medicaid MCO, or its contracted URO, for medically necessary, clinically appropriate care and to issue a service authorization determination.

"Utilization review organization" or "URO" means a managed care organization or other entity that has established or administers one or more service authorization programs.

(b) In consultation with the Medicaid MCOs, a statewide association representing managed care organizations, a statewide association representing the majority of Illinois hospitals, and a statewide association representing physicians, the Department shall in accordance with the Illinois Administrative Procedure Act, adopt administrative rules no later than July 1, 2026, consistent with this Section, to require each Medicaid MCO to identify Gold Card providers with such identification initially being effective for health care services provided on and after July 1, 2026 ~~2025~~.

(c) The Department shall adopt rules, in accordance with the Illinois Administrative Procedure Act, to implement this Section that include, but are not limited to, the following provisions:

(1) Require each Medicaid MCO to provide a service authorization exemption to a provider if the provider has submitted at least 50 service authorization requests to its service authorization program in the preceding calendar year and the service authorization program approved at least 90% of all service authorization requests, regardless of the type of health care services requested.

(2) Require that service authorization exemptions be limited to services provided in an inpatient or outpatient hospital setting inclusive of hospital-based clinics. Service authorization exemptions under this Section shall not pertain to pharmacy services and durable medical equipment and supplies.

(3) The service authorization exemption shall be valid for at least one year, shall be made by each Medicaid MCO or its URO, and shall be binding on the Medicaid MCO and its URO.

(4) The provider shall be required to continue to document medically necessary, clinically appropriate care and submit such documentation to the Medicaid MCO for the purpose of continuous performance monitoring. If a provider fails to maintain the 90% service authorization standard, as determined on no more frequent a basis than bi-annually, the provider's service authorization exemption is subject to temporary or permanent suspension.

(5) Require that each Medicaid MCO publish on its provider portal a list of all providers that have qualified for a service authorization exemption or indicate that a provider has qualified for a service authorization exemption on its provider-facing provider roster.

(6) Require that no later than June 1 ~~December 1~~ of each calendar year, each Medicaid MCO shall provide written notification to all providers who qualify for a service authorization exemption, for the subsequent State fiscal ~~calendar~~ year.

(7) Require that each Medicaid MCO or its URO use the policies and guidelines published by the Department to evaluate whether a provider meets the criteria to qualify for a service authorization exemption and the conditions under which a service authorization exemption may be rescinded, including review of the provider's service authorization determinations during the preceding calendar year.

(8) Require each Medicaid MCO to provide the Department a list of all providers who were denied a service authorization exemption or had a previously granted service authorization exemption suspended, with such denials being subject to an annual audit conducted by an independent third-party URO to ensure their appropriateness.

(A) The independent third-party URO shall issue a written report consistent with this paragraph.

(B) The independent third-party URO shall not be owned by, affiliated with, or employed by any Medicaid MCO or its contracted URO, nor shall it have any financial interest in the Medicaid MCO's service authorization exemption program.

(d) Each Medicaid MCO must have a standard method to accept and process professional claims and facility claims, as billed by the provider, for a health care service that is rendered, prescribed, or ordered by a provider granted a service authorization exemption, except in cases of fraud.

(e) A service authorization program shall not deny, partially deny, reduce the level of care, or otherwise limit reimbursement to the rendering or supervising provider, including the rendering facility, for health care services ordered by a provider who qualifies for a service authorization exemption, except in cases of fraud.

(f) This Section is repealed on December 31, 2030.

ARTICLE 72.

Section 72-5. The Hospital Licensing Act is amended by changing Section 4.5 as follows:

(210 ILCS 85/4.5)

Sec. 4.5. Hospital with multiple locations; single license.

(a) A hospital located in a county with fewer than 3,000,000 inhabitants may apply to the Department for approval to conduct its operations from more than one location within the county under a single license. At the time of the application to operate under a single license, a hospital located in a county with fewer than 125,000 inhabitants may apply to the Department for approval to conduct its operations from more than one location within contiguous counties in which both facilities are located, provided that the second county has fewer than 235,000 inhabitants. A hospital located in a county with fewer than 325,000 inhabitants may apply to the Department for approval to conduct its operations from more than one location within contiguous counties provided that the facility located in the contiguous county is separately licensed under this Act and was acquired out of bankruptcy proceedings under the United States Bankruptcy Code before the effective date of this amendatory Act of the 104th General Assembly.

(b) The facilities or buildings at those locations must be owned or operated together by a single corporation or other legal entity serving as the licensee and must share:

(1) a single board of directors with responsibility for governance, including financial oversight and the authority to designate or remove the chief executive officer;

(2) a single medical staff accountable to the board of directors and governed by a single set of medical staff bylaws, rules, and regulations with responsibility for the quality of the medical services; and

(3) a single chief executive officer, accountable to the board of directors, with management responsibility.

(c) Each hospital building or facility that is located on a site geographically separate from the campus or premises of another hospital building or facility operated by the licensee must, at a minimum, individually comply with the Department's hospital licensing requirements for emergency services.

(d) The hospital shall submit to the Department a comprehensive plan in relation to the waiver or waivers requested describing the services and operations of each facility or building and how common services or operations will be coordinated between the various locations. With the exception of items required by subsection (c), the Department is authorized to waive compliance with the hospital licensing requirements for specific buildings or facilities, provided that the hospital has documented which other building or facility under its single license provides that service or operation, and that doing so would not endanger the public's health, safety, or welfare. Nothing in this Section relieves a hospital from the requirements of the Health Facilities Planning Act.

ARTICLE 73.

Section 73-5. The Nursing Home Care Act is amended by changing Sections 3-202.05 and 3-209 as follows:

(210 ILCS 45/3-202.05)

Sec. 3-202.05. Staffing ratios effective July 1, 2010 and thereafter.

(a) For the purpose of computing staff to resident ratios, direct care staff shall include:

- (1) registered nurses;
- (2) licensed practical nurses;
- (3) certified nurse assistants;
- (4) psychiatric services rehabilitation aides;
- (5) rehabilitation and therapy aides;
- (6) psychiatric services rehabilitation coordinators;
- (7) assistant directors of nursing;
- (8) 50% of the Director of Nurses' time; and
- (9) 30% of the Social Services Directors' time.

The Department shall, by rule, allow certain facilities subject to 77 Ill. Adm. Code 300.4000 and following (Subpart S) to utilize specialized clinical staff, as defined in rules, to count towards the staffing ratios.

Within 120 days of June 14, 2012 (the effective date of Public Act 97-689), the Department shall promulgate rules specific to the staffing requirements for facilities federally defined as Institutions for Mental Disease. These rules shall recognize the unique nature of individuals with chronic mental health conditions, shall include minimum requirements for specialized clinical staff, including clinical social workers, psychiatrists, psychologists, and direct care staff set forth in paragraphs (4) through (6) and any other specialized staff which may be utilized and deemed necessary to count toward staffing ratios.

Within 120 days of June 14, 2012 (the effective date of Public Act 97-689), the Department shall promulgate rules specific to the staffing requirements for facilities licensed under the Specialized Mental Health Rehabilitation Act of 2013. These rules shall recognize the unique nature of individuals with chronic mental health conditions, shall include minimum requirements for specialized clinical staff, including clinical social workers, psychiatrists, psychologists, and direct care staff set forth in paragraphs (4) through (6) and any other specialized staff which may be utilized and deemed necessary to count toward staffing ratios.

(a-5) The Centers for Medicare and Medicaid Services' payroll-based journal job title codes, which correspond to the staff used for the staffing ratios in subsection (a), are as follows:

- (1) Registered Nurse Director of Nursing, job title code 5.
- (2) Registered Nurse with Administrative Duties, job title code 6.
- (3) Registered Nurse, job title code 7.
- (4) Licensed Practical/Vocational Nurse with Administrative Duties, job title code 8.
- (5) Licensed Practical/Vocational Nurse, job title code 9.
- (6) Certified Nurse Aide, job title code 10.
- (7) Nurse Aide in Training, job title code 11.
- (8) Medication Aide/Technician, job title code 12.
- (9) Nurse Practitioner, job title code 13.
- (10) Clinical Nurse Specialist, job title code 14.
- (11) Occupational Therapist, job title code 18.
- (12) Occupational Therapy Assistant, job title code 19.
- (13) Occupational Therapy Aide, job title code 20.
- (14) Physical Therapist, job title code 21.
- (15) Physical Therapy Assistant, job title code 22.
- (16) Physical Therapy Assistant, job title code 23.
- (17) Respiratory Therapist, job title code 24.
- (18) Respiratory Therapy Technician, job title code 25.
- (19) Speech/Language Pathologist, job title code 26.
- (20) Qualified Activities Professional, job title code 28.
- (21) Other Activities Staff, job title code 29.
- (22) Qualified Social Worker, job title code 30.
- (23) Other Social Worker, job title code 31.
- (24) Mental Health Service Worker, job title code 34.

For all job title codes in this subsection, 100% of the hours worked by the staff must be counted toward the staff-to-resident ratio, except job code title 5, which is limited to 50%, and job title codes 28 and 30, which are limited to 30%.

(b) (Blank).

(b-5) For purposes of the minimum staffing ratios in this Section, all residents shall be classified as requiring either skilled care or intermediate care.

As used in this subsection:

"Intermediate care" means basic nursing care and other restorative services under periodic medical direction.

"Skilled care" means skilled nursing care, continuous skilled nursing observations, restorative nursing, and other services under professional direction with frequent medical supervision.

(c) Facilities shall notify the Department within 60 days after July 29, 2010 (the effective date of Public Act 96-1372), in a form and manner prescribed by the Department, of the staffing ratios in effect on July 29, 2010 (the effective date of Public Act 96-1372) for both intermediate and skilled care and the number of residents receiving each level of care.

(d)(1) (Blank).

(2) (Blank).

(3) (Blank).

(4) (Blank).

(5) Effective January 1, 2014, the minimum staffing ratios shall be increased to 3.8 hours of nursing and personal care each day for a resident needing skilled care and 2.5 hours of nursing and personal care each day for a resident needing intermediate care.

(e) Ninety days after June 14, 2012 (the effective date of Public Act 97-689), a minimum of 25% of nursing and personal care time shall be provided by licensed nurses, with at least 10% of nursing and personal care time provided by registered nurses. These minimum requirements shall remain in effect until an acuity based registered nurse requirement is promulgated by rule concurrent with the adoption of the Resource Utilization Group classification-based payment methodology, as provided in Section 5-5.2 of the Illinois Public Aid Code. Registered nurses and licensed practical nurses employed by a facility in excess of these requirements may be used to satisfy the remaining 75% of the nursing and personal care time requirements. Notwithstanding this subsection, no staffing requirement in statute in effect on June 14, 2012 (the effective date of Public Act 97-689) shall be reduced on account of this subsection.

(f) The Department shall submit proposed rules for adoption by January 1, 2020 establishing a system for determining compliance with minimum staffing set forth in this Section and the requirements of 77 Ill. Adm. Code 300.1230 adjusted for any waivers granted under Section 3-303.1. Compliance shall be determined quarterly by comparing the number of hours provided per resident per day using the Centers for Medicare and Medicaid Services' payroll-based journal and the facility's daily census, broken down by intermediate and skilled care as self-reported by the facility to the Department on a quarterly basis. The Department shall use the quarterly payroll-based journal and the self-reported census to calculate the number of hours provided per resident per day and compare this ratio to the minimum staffing standards required under this Section, as impacted by any waivers granted under Section 3-303.1. Discrepancies between job titles contained in this Section and the payroll-based journal shall be addressed by rule. The manner in which the Department requests payroll-based journal information to be submitted shall align with the federal Centers for Medicare and Medicaid Services' requirements that allow providers to submit the quarterly data in an aggregate manner.

(g) Monetary penalties for non-compliance. The Department shall submit proposed rules for adoption by January 1, 2020 establishing monetary penalties for facilities not in compliance with minimum staffing standards under this Section. Facilities shall be required to comply with the provisions of this subsection beginning January 1, 2025. No monetary penalty may be issued for noncompliance prior to the revised implementation date, which shall be January 1, 2025. If a facility is found to be noncompliant prior to the revised implementation date, the Department shall provide a written notice identifying the staffing deficiencies and require the facility to provide a sufficiently detailed correction plan that describes proposed and completed actions the facility will take or has taken, including hiring actions, to address the facility's failure to meet the statutory minimum staffing levels. Monetary penalties shall be imposed beginning no later than July 1, 2025, based on data for the quarter beginning January 1, 2025 through March 31, 2025 and quarterly thereafter. Monetary penalties shall be established based on a formula that calculates on a daily basis the cost of wages and benefits for the missing staffing hours. All notices of noncompliance shall include the computations used to determine noncompliance and establishing the variance between minimum staffing ratios and the Department's computations. The penalty for the first offense shall be 125% of the cost of wages and benefits for the missing staffing hours. The penalty shall increase to 150% of the cost of wages and benefits for the missing staffing hours for the second offense and 200% the cost of wages and benefits for the missing staffing hours for the third and all subsequent offenses. The penalty shall be imposed regardless of whether the facility has committed other violations of this Act during the same period that the staffing offense occurred. The penalty may not be waived, except but the Department shall have the discretion to determine the gravity of the violation in situations where there is no more than a 10% deviation from the staffing requirements, in which case the facility shall not receive a violation or penalty and make appropriate adjustments to the penalty. The Department is granted discretion to waive the violation and penalty when unforeseen circumstances have occurred that resulted in call-offs of scheduled staff. This provision shall be applied no more than 6 times per quarter. Nothing in this Section diminishes a facility's right to appeal the imposition of a monetary penalty. No facility may appeal a notice of noncompliance issued during the revised implementation period. The changes made to this subsection by this amendatory Act of the 104th General Assembly in regard to nursing home staffing fines shall apply to the July 1, 2025 fines based on data for the quarter beginning January 1, 2025 through March 31, 2025 and quarterly thereafter.

(Source: P.A. 101-10, eff. 6-5-19; 102-16, eff. 6-17-21; 102-1118, eff. 1-18-23.)

(210 ILCS 45/3-209) (from Ch. 111 1/2, par. 4153-209)

(Text of Section before amendment by P.A. 103-1069)

Sec. 3-209. Required posting of information.

(a) Every facility shall conspicuously post for display in an area of its offices accessible to residents, employees, and visitors the following:

(1) Its current license;

(2) A description, provided by the Department, of complaint procedures established under this Act and the name, address, and telephone number of a person authorized by the Department to receive complaints;

(3) A copy of any order pertaining to the facility issued by the Department or a court;

(4) A list of the material available for public inspection under Section 3-210;

(5) Phone numbers and websites for rights protection services must be posted in common areas and at the main entrance and provided upon entry and at the request of residents or the resident's representative in accordance with 42 CFR 483.10(j)(4); and

(6) The statement "The Illinois Long-Term Care Ombudsman Program is a free resident advocacy service available to the public."

In accordance with F574 of the State Operations Manual for Long-Term Care Facilities, the administrator shall post for all residents and at the main entrance the name, address, and telephone number of the appropriate State governmental office where complaints may be lodged in language the resident can understand, which must include notice of the grievance procedure of the facility or program as well as addresses and phone numbers for the Office of Health Care Regulation and the Long-Term Care Ombudsman Program and a website showing the information of a facility's ownership. The facility shall include a link to the Long-Term Care Ombudsman Program's website on the home page of the facility's website.

(b) A facility that has received a notice of violation for a violation of the minimum staffing requirements under Section 3-202.05 shall display, ~~for a consecutive 60 days immediately after the facility is notified of the violation during the period of time the facility is out of compliance,~~ a notice stating in Calibri (body) font and 26-point type in black letters on an 8.5 by 11 inch white paper the following:

"Notice Dated:"

This facility ~~did~~ does not currently meet the minimum staffing ratios required by law for [insert applicable quarter]. Posted at the direction of the Illinois Department of Public Health."

The notice must be posted, at a minimum, at all publicly used exterior entryways into the facility, inside the main entrance lobby, and next to any registration desk for easily accessible viewing. The notice must also be posted on the main page of the facility's website. The Department shall have the discretion to determine the gravity of any violation and, taking into account mitigating and aggravating circumstances and facts, may reduce the requirement of, and amount of time for, posting the notice. Facilities shall not be required to post for the violation if they are within the 10% deviation of staffing requirements as provided in Section 3-202.05.

(Source: P.A. 101-10, eff. 6-5-19; 102-1080, eff. 1-1-23.)

(Text of Section after amendment by P.A. 103-1069)

Sec. 3-209. Required posting of information.

(a) Every facility shall conspicuously post for display in an area of its offices accessible to residents, employees, and visitors the following:

(1) Its current license;

(2) A description, provided by the Department, of complaint procedures established under this Act and the name, address, and telephone number of a person authorized by the Department to receive complaints;

(3) A copy of any order pertaining to the facility issued by the Department or a court;

(4) A list of the material available for public inspection under Section 3-210;

(5) Phone numbers and websites for rights protection services must be posted in common areas and at the main entrance and provided upon entry and at the request of residents or the resident's representative in accordance with 42 CFR 483.10(j)(4);

[May 31, 2025]

(6) The statement "The Illinois Long-Term Care Ombudsman Program is a free resident advocacy service available to the public."; and

(7) A description of the retaliation complaint procedures and the remedies established under this Act.

In accordance with F574 of the State Operations Manual for Long-Term Care Facilities, the administrator shall post for all residents and at the main entrance the name, address, and telephone number of the appropriate State governmental office where complaints may be lodged in language the resident can understand, which must include notice of the grievance procedure of the facility or program as well as addresses and phone numbers for the Office of Health Care Regulation and the Long-Term Care Ombudsman Program and a website showing the information of a facility's ownership. The facility shall include a link to the Long-Term Care Ombudsman Program's website on the home page of the facility's website.

(b) A facility that has received a notice of violation for a violation of the minimum staffing requirements under Section 3-202.05 shall display, for a consecutive 60 days immediately after the facility is notified of the violation during the period of time the facility is out of compliance, a notice stating in Calibri (body) font and 26-point type in black letters on an 8.5 by 11 inch white paper the following:

"Notice Dated:

This facility ~~did~~ ~~does~~ ~~not~~ ~~currently~~ meet the minimum staffing ratios required by law for [insert applicable quarter]. Posted at the direction of the Illinois Department of Public Health."

The notice must be posted, at a minimum, at all publicly used exterior entryways into the facility, inside the main entrance lobby, and next to any registration desk for easily accessible viewing. The notice must also be posted on the main page of the facility's website. The Department shall have the discretion to determine the gravity of any violation and, taking into account mitigating and aggravating circumstances and facts, may reduce the requirement of, and amount of time for, posting the notice. Facilities shall not be required to post for the violation if they are within the 10% deviation of staffing requirements as provided in Section 3-202.05.

(Source: P.A. 102-1080, eff. 1-1-23; 103-1069, eff. 1-1-26.)

ARTICLE 74.

Section 74-5. The Illinois Public Aid Code is amended by changing Section 5-5.01a as follows:
(305 ILCS 5/5-5.01a)

Sec. 5-5.01a. Supportive living facilities program.

(a) The Department shall establish and provide oversight for a program of supportive living facilities that seek to promote resident independence, dignity, respect, and well-being in the most cost-effective manner.

A supportive living facility is (i) a free-standing facility or (ii) a distinct physical and operational entity within a mixed-use building that meets the criteria established in subsection (d). A supportive living facility integrates housing with health, personal care, and supportive services and is a designated setting that offers residents their own separate, private, and distinct living units.

Sites for the operation of the program shall be selected by the Department based upon criteria that may include the need for services in a geographic area, the availability of funding, and the site's ability to meet the standards.

(b) Beginning July 1, 2014, subject to federal approval, the Medicaid rates for supportive living facilities shall be equal to the supportive living facility Medicaid rate effective on June 30, 2014 increased by 8.85%. Once the assessment imposed at Article V-G of this Code is determined to be a permissible tax under Title XIX of the Social Security Act, the Department shall increase the Medicaid rates for supportive living facilities effective on July 1, 2014 by 9.09%. The Department shall apply this increase retroactively to coincide with the imposition of the assessment in Article V-G of this Code in accordance with the approval for federal financial participation by the Centers for Medicare and Medicaid Services.

The Medicaid rates for supportive living facilities effective on July 1, 2017 must be equal to the rates in effect for supportive living facilities on June 30, 2017 increased by 2.8%.

The Medicaid rates for supportive living facilities effective on July 1, 2018 must be equal to the rates in effect for supportive living facilities on June 30, 2018.

Subject to federal approval, the Medicaid rates for supportive living services on and after July 1, 2019 must be at least 54.3% of the average total nursing facility services per diem for the geographic areas defined by the Department while maintaining the rate differential for dementia care and must be updated whenever the total nursing facility service per diems are updated. Beginning July 1, 2022, upon the implementation of the Patient Driven Payment Model, Medicaid rates for supportive living services must be at least 54.3% of the average total nursing services per diem rate for the geographic areas. For purposes of this provision, the average total nursing services per diem rate shall include all add-ons for nursing facilities for the geographic area provided for in Section 5-5.2. The rate differential for dementia care must be maintained in these rates and the rates shall be updated whenever nursing facility per diem rates are updated.

Subject to federal approval, beginning January 1, 2024, the dementia care rate for supportive living services must be no less than the non-dementia care supportive living services rate multiplied by 1.5.

(b-5) Subject to federal approval, beginning January 1, 2025, Medicaid rates for supportive living services must be at least 54.75% of the average total nursing facility services per diem rate for the geographic areas defined by the Department and shall include all add-ons for nursing facilities for the geographic area provided for in Section 5-5.2.

(c) The Department may adopt rules to implement this Section. Rules that establish or modify the services, standards, and conditions for participation in the program shall be adopted by the Department in consultation with the Department on Aging, the Department of Rehabilitation Services, and the Department of Mental Health and Developmental Disabilities (or their successor agencies).

(d) Subject to federal approval by the Centers for Medicare and Medicaid Services, the Department shall accept for consideration of certification under the program any application for a site or building where distinct parts of the site or building are designated for purposes other than the provision of supportive living services, but only if:

(1) those distinct parts of the site or building are not designated for the purpose of providing assisted living services as required under the Assisted Living and Shared Housing Act;

(2) those distinct parts of the site or building are completely separate from the part of the building used for the provision of supportive living program services, including separate entrances;

(3) those distinct parts of the site or building do not share any common spaces with the part of the building used for the provision of supportive living program services; and

(4) those distinct parts of the site or building do not share staffing with the part of the building used for the provision of supportive living program services.

(e) Facilities or distinct parts of facilities which are selected as supportive living facilities and are in good standing with the Department's rules are exempt from the provisions of the Nursing Home Care Act and the Illinois Health Facilities Planning Act.

(f) Section 9817 of the American Rescue Plan Act of 2021 (Public Law 117-2) authorizes a 10% enhanced federal medical assistance percentage for supportive living services for a 12-month period from April 1, 2021 through March 31, 2022. Subject to federal approval, including the approval of any necessary waiver amendments or other federally required documents or assurances, for a 12-month period the Department must pay a supplemental \$26 per diem rate to all supportive living facilities with the additional federal financial participation funds that result from the enhanced federal medical assistance percentage from April 1, 2021 through March 31, 2022. The Department may issue parameters around how the supplemental payment should be spent, including quality improvement activities. The Department may alter the form, methods, or timeframes concerning the supplemental per diem rate to comply with any subsequent changes to federal law, changes made by guidance issued by the federal Centers for Medicare and Medicaid Services, or other changes necessary to receive the enhanced federal medical assistance percentage.

(g) All applications for the expansion of supportive living dementia care settings involving sites not approved by the Department by January 1, 2024 (Public Act 103-102) may allow new elderly non-dementia units in addition to new dementia care units. The Department may approve such applications only if the application has: (1) no more than one non-dementia care unit for each dementia care unit and (2) the site is not located within 4 miles of an existing supportive living program site in Cook County (including the City of Chicago), not located within 12 miles of an existing supportive living program site in Alexander, Bond, Boone, Calhoun, Champaign, Clinton, DeKalb, DuPage, Fulton, Grundy, Henry, Jackson, Jersey, Johnson, Kane, Kankakee, Kendall, Lake, Macon, Macoupin, Madison, Marshall, McHenry, McLean, Menard, Mercer, Monroe, Peoria, Piatt, Rock Island, Sangamon, Stark, St. Clair, Tazewell, Vermilion, Will, Williamson, Winnebago, or Woodford counties, or not located within 25 miles of an existing supportive living program site in any other county.

(h) Beginning January 1, 2025, subject to federal approval, for a person who is a resident of a supportive living facility under this Section, the monthly personal needs allowance shall be \$120 per month.

(i) ~~(h)~~ As stated in the supportive living program home and community-based service waiver approved by the federal Centers for Medicare and Medicaid Services, and beginning July 1, 2025, the Department must maintain the rate add-on implemented on January 1, 2023 for the provision of 2 meals per day at no less than \$6.15 per day.

(j) ~~(i)~~ Subject to federal approval, the Department shall allow a certified medication aide to administer medication in a supportive living facility. For purposes of this subsection, "certified medication aide" means a person who has met the qualifications for certification under Section 79 of the Assisted Living and Shared Housing Act and assists with medication administration while under the supervision of a registered professional nurse as authorized by Section 50-75 of the Nurse Practice Act. The Department may adopt rules to implement this subsection.

ARTICLE 75.

Section 75-5. The Illinois Public Aid Code is amended by changing Section 5A-2 as follows:

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)

(Section scheduled to be repealed on December 31, 2026)

Sec. 5A-2. Assessment.

(a)(1) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, or as long as continued under Section 5A-16, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of \$218.38 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, or as provided in Section 5A-16, in addition to any federally required State share as authorized under paragraph (1), the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2018, or as provided in Section 5A-16, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days. For State fiscal years 2019 and 2020, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not

limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection (b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$221.50 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided however: for the period of July 1, 2020 through December 31, 2020, (i) the assessment shall be equal to 50% of the annual amount; and (ii) the amount of \$221.50 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology for fiscal years 2021 through December 31, 2022 not be approved on or before June 30, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the assessment methodology for July 1, 2020 through December 31, 2022, is approved on or after July 1, 2020, it shall be retroactive to July 1, 2020, subject to federal approval and provided that the payments authorized under Section 5A-12.7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department. Subject to federal approval, the Department may, by January 1, 2024, develop a hypothetical tax for a specialty cancer hospital which had a structural change of ownership during calendar year 2022 from a for-profit entity to a non-profit entity, and which has experienced a decline of 60% or greater in inpatient days of care as compared to the prior owners 2015 Medicare cost report. This change of ownership may make the hospital eligible for a hypothetical tax under the new hospital provision of the assessment defined in this Section. This new hypothetical tax may be applicable from January 1, 2024 through December 31, 2026.

(6) For calendar year 2026, and for each year thereafter in which a tax is imposed under this Section, the Department may seek to obtain a waiver from the federal Centers for Medicare and Medicaid Services of the uniformity requirements in place for the tax imposed under this Section, provided that such waiver request does not risk the assessment imposed or payments authorized under this Section from continuing. Such uniformity requirements shall only be waived for not-for-profit hospitals operating as a freestanding cancer hospital that have contracted to provide services to members served by at least 50% of the managed care organizations contracted with the Department. Such tax rates imposed on a hospital shall be no more than 50% and no less than 25% of the tax imposed on all other hospitals in this State unless different rates are necessary to meet federal statistical tests necessary for continued federal financial participation. Upon federal approval of such a waiver, other tax rates imposed under this Article shall be adjusted to ensure budget neutrality.

(b) (Blank).

(b-5)(1) Subject to Sections 5A-3 and 5A-10, for the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, or as provided in Section 5A-16, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal

to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, or as provided in Section 5A-16, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue. For State fiscal years 2019 and 2020, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection (b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01525 multiplied by the hospital's outpatient gross revenue, provided however: (i) for the period of July 1, 2020 through December 31, 2020, the assessment shall be equal to 50% of the annual amount; and (ii) the amount of .01525 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's outpatient revenue data from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology above for fiscal years 2021 through calendar year 2022 not be approved prior to July 1, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the change in the assessment methodology above for July 1, 2020 through December 31, 2022, is approved after June 30, 2020, it shall have a retroactive effective date of July 1, 2020, subject to federal approval and provided that the payments authorized under Section 12A-7 have the same effective date as the

new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department.

(6) For calendar year 2026, and for each year thereafter in which a tax is imposed under this Section, the Department may seek to obtain a waiver from the federal Centers for Medicare and Medicaid Services of the uniformity requirements in place for the tax imposed under this Section, provided that such waiver request does not risk the assessment imposed or payments authorized under this Section from continuing. Such uniformity requirements shall only be waived for not-for-profit hospitals operating as a freestanding cancer hospital that have contracted to provide services to members served by at least 50% of the managed care organizations contracted with the Department. Such tax rates imposed on a hospital shall be no more than 50% and no less than 25% of the tax imposed on all other hospitals in this State unless different rates are necessary to meet federal statistical tests necessary for continued federal financial participation. Upon federal approval of such a waiver, other tax rates imposed under this Article shall be adjusted to ensure budget neutrality.

(b-6)(1) As used in this Section, "ACA Assessment Adjustment" means:

(A) For the period of July 1, 2016 through December 31, 2016, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2016 multiplied by 6.

(B) For the period of January 1, 2017 through June 30, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2016 multiplied by 6, except that the amount calculated under this subparagraph (B) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning July 1, 2016 through December 31, 2016 and the estimated payments due and payable in the month of April 2016 multiplied by 6 as described in subparagraph (A).

(C) For the period of July 1, 2017 through December 31, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2017 multiplied by 6, except that the amount calculated under this subparagraph (C) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning January 1, 2017 through June 30, 2017 and the estimated payments due and payable in the month of October 2016 multiplied by 6 as described in subparagraph (B).

(D) For the period of January 1, 2018 through June 30, 2018, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that:

(i) the amount calculated under this subparagraph (D) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period of July 1, 2017 through December 31, 2017 and the estimated payments due and payable in the month of April 2017 multiplied by 6 as described in subparagraph (C); and

(ii) the amount calculated under this subparagraph (D) shall be adjusted to include the product of .19125 multiplied by the sum of the fee-for-service payments, if any, estimated to be paid to hospitals under subsection (b) of Section 5A-12.5.

(2) The Department shall complete and apply a final reconciliation of the ACA Assessment Adjustment prior to June 30, 2018 to account for:

(A) any differences between the actual payments issued or scheduled to be issued prior to June 30, 2018 as authorized in Section 5A-12.5 for the period of January 1, 2018 through June 30, 2018 and the estimated payments due and payable in the month of October 2017 multiplied by 6 as described in subparagraph (D); and

(B) any difference between the estimated fee-for-service payments under subsection (b) of Section 5A-12.5 and the amount of such payments that are actually scheduled to be paid.

The Department shall notify hospitals of any additional amounts owed or reduction credits to be applied to the June 2018 ACA Assessment Adjustment. This is to be considered the final reconciliation for the ACA Assessment Adjustment.

(3) Notwithstanding any other provision of this Section, if for any reason the scheduled payments under subsection (b) of Section 5A-12.5 are not issued in full by the final day of the period authorized under subsection (b) of Section 5A-12.5, funds collected from each hospital pursuant to subparagraph (D) of paragraph (1) and pursuant to paragraph (2), attributable to the scheduled payments authorized under subsection (b) of Section 5A-12.5 that are not issued in full by the final day of the period attributable to each payment authorized under subsection (b) of Section 5A-12.5, shall be refunded.

(4) The increases authorized under paragraph (2) of subsection (a) and paragraph (2) of subsection (b-5) shall be limited to the federally required State share of the total payments authorized under Section 5A-12.5 if the sum of such payments yields an annualized amount equal to or less than \$450,000,000, or if the adjustments authorized under subsection (t) of Section 5A-12.2 are found not to be actuarially sound; however, this limitation shall not apply to the fee-for-service payments described in subsection (b) of Section 5A-12.5.

(b-7)(1) As used in this Section, "Assessment Adjustment" means:

(A) For the period of July 1, 2020 through December 31, 2020, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(B) For each calendar quarter beginning January 1, 2021 through December 31, 2022, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(C) Beginning on January 1, 2023, and each subsequent July 1 and January 1, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (j) of Section 5A-12.7 attributable to the 6-month period immediately preceding the period to which the adjustment applies, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the 6-month period immediately preceding the period to which the adjustment applies.

(2) The Department shall calculate and notify each hospital of the total Assessment Adjustment and any additional assessment owed by the hospital or refund owed to the hospital on either a semi-annual or annual basis. Such notice shall be issued at least 30 days prior to any period in which the assessment will be adjusted. Any additional assessment owed by the hospital or refund owed to the hospital shall be uniformly applied to the assessment owed by the hospital in monthly installments for the subsequent semi-annual period or calendar year. If no assessment is owed in the subsequent year, any amount owed by the hospital or refund due to the hospital, shall be paid in a lump sum.

(3) The Department shall publish all details of the Assessment Adjustment calculation performed each year on its website within 30 days of completing the calculation, and also submit the details of the Assessment Adjustment calculation as part of the Department's annual report to the General Assembly.

(b-8) Notwithstanding any other provision of this Article, the Department shall reduce the assessments imposed on each hospital under subsections (a) and (b-5) by the uniform percentage necessary to reduce the total assessment imposed on all hospitals by an aggregate amount of \$240,000,000, with such reduction being applied by June 30, 2022. The assessment reduction required for each hospital under this subsection shall be forever waived, forgiven, and released by the Department.

(c) (Blank).

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and

Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois General Assembly by the enactment into law of related legislation. Notwithstanding any other provision of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section. Any such rules may be adopted by the Department under Section 5-50 of the Illinois Administrative Procedure Act.

ARTICLE 800.

Section 800-95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

ARTICLE 999.

Section 999-99. Effective date. This Act takes effect upon becoming law, except that Article 10 takes effect January 1, 2026."

AMENDMENT NO. 2 TO SENATE BILL 2437

AMENDMENT NO. 2 . Amend Senate Bill 2437 by replacing everything after the enacting clause with the following:

"ARTICLE 2.

Section 2-1. Short title. This Article may be cited as the Certified Family Health Aide Program for Children and Adults Act. References in this Article to "this Act" mean this Article.

Section 2-5. Purpose. The purpose of this Act is to create the certified family health aide designation.

Section 2-10. Definition. As used in this Act, "certified family health aide" means a person who:

- (1) is 18 years of age or older;
- (2) has the following relationship with the family member receiving or who is eligible to receive the services enumerated in this Section:
 - (i) spouse;
 - (ii) sibling or stepsibling;
 - (iii) parent, stepparent, or adoptive parent;
 - (iv) grandparent;
 - (v) mother-in-law or father-in-law;
 - (vi) brother-in-law or sister-in-law;
 - (vii) legal guardian; or
 - (viii) caregiver designated by the legally responsible caregiver as documented in the Medical Plan of Care;
- (3) is a legally responsible caregiver, or has been designated by a legally responsible caregiver, for a person who receives or is eligible to receive:
 - (i) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or

(ii) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent; and

(4) is certified pursuant to this Section to perform or to assist in performance of services to and for a person receiving or eligible to receive: (A) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (B) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for a designated person or designated persons who are medically fragile and technology dependent and eligible to receive the services laid out in this Section, including:

- (i) the same tasks as a certified nursing assistant;
- (ii) medication administration;
- (iii) enteral care and therapy; and
- (iv) other needed services to support the individual as provided by rule.

Section 2-15. Certified family health aide program for children and adults.

(a) The Department of Public Health, in partnership with the Department of Healthcare and Family Services, may create a certification pathway for a legally responsible caregiver, or a person who has been designated by a legally responsible caregiver, who is seeking certification as a certified family health aide, including the adoption of any necessary rules for the certification process. This certification pathway shall include documentation, in a manner designated by the Department of Public Health, of initial training provided by hospitals licensed in the Hospital Licensing Act, children's community-based health care centers as defined in the Alternative Health Care Delivery Act, or home nursing agencies as defined in the Home Health, Home Services, and Home Nursing Agency Licensing Act.

(b) A certified family health aide may only perform services to and for a person receiving or eligible to receive:

(1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment benefit requirement of Medicaid under 42 U.S.C. 1396d(r); or

(2) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

To be eligible for reimbursement as a certified family health aide, a legally responsible caregiver or a person designated by a legally responsible caregiver must meet all certification requirements as set forth in this Section, in Section 5-2.06b of Article V of the Illinois Public Aid Code, and in any applicable administrative rule.

(d) The Department of Public Health, in consultation with the Department of Healthcare and Family Services, may adopt rules necessary to implement the provisions of this Act, including, but not limited to, rules requiring background checks for the certified family health aide, establishing the scope of services a certified family health aide can perform, and establishing any utilization controls of services performed by a certified family health aide.

Section 2-100. The Alternative Health Care Delivery Act is amended by changing Section 35 as follows:

(210 ILCS 3/35)

Sec. 35. Alternative health care models authorized. Notwithstanding any other law to the contrary, alternative health care models described in this Section may be established on a demonstration basis.

(1) (Blank).

(2) Alternative health care delivery model; postsurgical recovery care center. A postsurgical recovery care center is a designated site which provides postsurgical recovery care for generally healthy patients undergoing surgical procedures that potentially require overnight nursing care, pain control, or observation that would otherwise be provided in an inpatient setting. Patients may be discharged from the postsurgical recovery care center in less than 24 hours if the attending physician or the facility's medical director believes the patient has recovered enough to be discharged. A postsurgical recovery care center is either freestanding or a defined unit of an ambulatory surgical treatment center or hospital. No facility, or portion of a facility, may participate in a demonstration program as a postsurgical recovery care center unless the facility has been licensed as an ambulatory

surgical treatment center or hospital for at least 2 years before August 20, 1993 (the effective date of Public Act 88-441). The maximum length of stay for patients in a postsurgical recovery care center is not to exceed 48 hours unless the treating physician requests an extension of time from the recovery center's medical director on the basis of medical or clinical documentation that an additional care period is required for the recovery of a patient and the medical director approves the extension of time. In no case, however, shall a patient's length of stay in a postsurgical recovery care center be longer than 72 hours. If a patient requires an additional care period after the expiration of the 72-hour limit, the patient shall be transferred to an appropriate facility. Reports on variances from the 24-hour or 48-hour limit shall be sent to the Department for its evaluation. The reports shall, before submission to the Department, have removed from them all patient and physician identifiers. Blood products may be administered in the postsurgical recovery care center model. In order to handle cases of complications, emergencies, or exigent circumstances, every postsurgical recovery care center as defined in this paragraph shall maintain a contractual relationship, including a transfer agreement, with a general acute care hospital. A postsurgical recovery care center shall be no larger than 20 beds. A postsurgical recovery care center shall be located within 15 minutes travel time from the general acute care hospital with which the center maintains a contractual relationship, including a transfer agreement, as required under this paragraph.

No postsurgical recovery care center shall discriminate against any patient requiring treatment because of the source of payment for services, including Medicare and Medicaid recipients.

The Department shall adopt rules to implement the provisions of Public Act 88-441 concerning postsurgical recovery care centers within 9 months after August 20, 1993. Notwithstanding any other law to the contrary, a postsurgical recovery care center model may provide sleep laboratory or similar sleep studies in accordance with applicable State and federal laws and regulations.

(3) Alternative health care delivery model; children's community-based health care center. A children's community-based health care center model is a designated site that provides nursing care, clinical support services, and therapies for a period of one to 14 days for short-term stays and 120 days to facilitate transitions to home or other appropriate settings for medically fragile children, technology dependent children, and children with special health care needs who are deemed clinically stable by a physician and are younger than 22 years of age. This care is to be provided in a home-like environment that serves no more than 12 children at a time, except that a children's community-based health care center in existence on the effective date of this amendatory Act of the 100th General Assembly that is located in Chicago on grade level for Life Safety Code purposes may provide care to no more than 16 children at a time. Children's community-based health care center services must be available through the model to all families, including those whose care is paid for through the Department of Healthcare and Family Services, the Department of Children and Family Services, the Department of Human Services, and insurance companies who cover home health care services or private duty nursing care in the home.

Each children's community-based health care center model location shall be physically separate and apart from any other facility licensed by the Department of Public Health under this or any other Act and shall provide the following services: respite care, registered nursing or licensed practical nursing care, transitional care to facilitate home placement or other appropriate settings and reunite families, medical day care, weekend camps, and diagnostic studies typically done in the home setting.

A children's community-based health care center may provide initial training, prior to home placement for, and shall keep records in a manner designated by the Department regarding, the certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, identified as the legally responsible caregiver or designated by a legally responsible caregiver for the medical care of an individual who receives or is eligible to receive:

(i) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or

(ii) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Coverage for the services provided by the Department of Healthcare and Family Services under this paragraph (3) is contingent upon federal waiver approval and is provided only to Medicaid eligible clients participating in the home and community based services waiver designated in Section

1915(c) of the Social Security Act for medically frail and technologically dependent children or children in Department of Children and Family Services foster care who receive home health benefits.

(4) Alternative health care delivery model; community based residential rehabilitation center. A community-based residential rehabilitation center model is a designated site that provides rehabilitation or support, or both, for persons who have experienced severe brain injury, who are medically stable, and who no longer require acute rehabilitative care or intense medical or nursing services. The average length of stay in a community-based residential rehabilitation center shall not exceed 4 months. As an integral part of the services provided, individuals are housed in a supervised living setting while having immediate access to the community. The residential rehabilitation center authorized by the Department may have more than one residence included under the license. A residence may be no larger than 12 beds and shall be located as an integral part of the community. Day treatment or individualized outpatient services shall be provided for persons who reside in their own home. Functional outcome goals shall be established for each individual. Services shall include, but are not limited to, case management, training and assistance with activities of daily living, nursing consultation, traditional therapies (physical, occupational, speech), functional interventions in the residence and community (job placement, shopping, banking, recreation), counseling, self-management strategies, productive activities, and multiple opportunities for skill acquisition and practice throughout the day. The design of individualized program plans shall be consistent with the outcome goals that are established for each resident. The programs provided in this setting shall be accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF). The program shall have been accredited by CARF as a Brain Injury Community-Integrative Program for at least 3 years.

(5) Alternative health care delivery model; Alzheimer's disease management center. An Alzheimer's disease management center model is a designated site that provides a safe and secure setting for care of persons diagnosed with Alzheimer's disease. An Alzheimer's disease management center model shall be a facility separate from any other facility licensed by the Department of Public Health under this or any other Act. An Alzheimer's disease management center shall conduct and document an assessment of each resident every 6 months. The assessment shall include an evaluation of daily functioning, cognitive status, other medical conditions, and behavioral problems. An Alzheimer's disease management center shall develop and implement an ongoing treatment plan for each resident. The treatment plan shall have defined goals. The Alzheimer's disease management center shall treat behavioral problems and mood disorders using nonpharmacologic approaches such as environmental modification, task simplification, and other appropriate activities. All staff must have necessary training to care for all stages of Alzheimer's Disease. An Alzheimer's disease management center shall provide education and support for residents and caregivers. The education and support shall include referrals to support organizations for educational materials on community resources, support groups, legal and financial issues, respite care, and future care needs and options. The education and support shall also include a discussion of the resident's need to make advance directives and to identify surrogates for medical and legal decision-making. The provisions of this paragraph establish the minimum level of services that must be provided by an Alzheimer's disease management center. An Alzheimer's disease management center model shall have no more than 100 residents. Nothing in this paragraph (5) shall be construed as prohibiting a person or facility from providing services and care to persons with Alzheimer's disease as otherwise authorized under State law.

(6) Alternative health care delivery model; birth center. A birth center shall be exclusively dedicated to serving the childbirth-related needs of women and their newborns and shall have no more than 10 beds. A birth center is a designated site that is away from the mother's usual place of residence and in which births are planned to occur following a normal, uncomplicated, and low-risk pregnancy. A birth center shall offer prenatal care and community education services and shall coordinate these services with other health care services available in the community.

(A) A birth center shall not be separately licensed if it is one of the following:

(1) A part of a hospital; or

(2) A freestanding facility that is physically distinct from a hospital but is operated under a license issued to a hospital under the Hospital Licensing Act.

(B) A separate birth center license shall be required if the birth center is operated as:

(1) A part of the operation of a federally qualified health center as designated by the United States Department of Health and Human Services; or

(2) A facility other than one described in subparagraph (A)(1), (A)(2), or (B)(1) of this paragraph (6) whose costs are reimbursable under Title XIX of the federal Social Security Act.

In adopting rules for birth centers, the Department shall consider: the American Association of Birth Centers' Standards for Freestanding Birth Centers; the American Academy of Pediatrics/American College of Obstetricians and Gynecologists Guidelines for Perinatal Care; and the Regionalized Perinatal Health Care Code. The Department's rules shall stipulate the eligibility criteria for birth center admission. The Department's rules shall stipulate the necessary equipment for emergency care according to the American Association of Birth Centers' standards and any additional equipment deemed necessary by the Department. The Department's rules shall provide for a time period within which each birth center not part of a hospital must become accredited by either the Commission for the Accreditation of Freestanding Birth Centers or The Joint Commission.

A birth center shall be certified to participate in the Medicare and Medicaid programs under Titles XVIII and XIX, respectively, of the federal Social Security Act. To the extent necessary, the Illinois Department of Healthcare and Family Services shall apply for a waiver from the United States Health Care Financing Administration to allow birth centers to be reimbursed under Title XIX of the federal Social Security Act.

A birth center that is not operated under a hospital license shall be located within a ground travel time distance from the general acute care hospital with which the birth center maintains a contractual relationship, including a transfer agreement, as required under this paragraph, that allows for an emergency caesarian delivery to be started within 30 minutes of the decision a caesarian delivery is necessary. A birth center operating under a hospital license shall be located within a ground travel time distance from the licensed hospital that allows for an emergency caesarian delivery to be started within 30 minutes of the decision a caesarian delivery is necessary.

The services of a medical director physician, licensed to practice medicine in all its branches, who is certified or eligible for certification by the American College of Obstetricians and Gynecologists or the American Board of Osteopathic Obstetricians and Gynecologists or has hospital obstetrical privileges are required in birth centers. The medical director in consultation with the Director of Nursing and Midwifery Services shall coordinate the clinical staff and overall provision of patient care. The medical director or his or her physician designee shall be available on the premises or within a close proximity as defined by rule. The medical director and the Director of Nursing and Midwifery Services shall jointly develop and approve policies defining the criteria to determine which pregnancies are accepted as normal, uncomplicated, and low-risk, and the anesthesia services available at the center. No general anesthesia may be administered at the center.

If a birth center employs certified nurse midwives, a certified nurse midwife shall be the Director of Nursing and Midwifery Services who is responsible for the development of policies and procedures for services as provided by Department rules.

An obstetrician, family practitioner, or certified nurse midwife shall attend each woman in labor from the time of admission through birth and throughout the immediate postpartum period. Attendance may be delegated only to another physician or certified nurse midwife. Additionally, a second staff person shall also be present at each birth who is licensed or certified in Illinois in a health-related field and under the supervision of the physician or certified nurse midwife in attendance, has specialized training in labor and delivery techniques and care of newborns, and receives planned and ongoing training as needed to perform assigned duties effectively.

The maximum length of stay in a birth center shall be consistent with existing State laws allowing a 48-hour stay or appropriate post-delivery care, if discharged earlier than 48 hours.

A birth center shall participate in the Illinois Perinatal System under the Developmental Disability Prevention Act. At a minimum, this participation shall require a birth center to establish a letter of agreement with a hospital designated under the Perinatal System. A hospital that operates or has a letter of agreement with a birth center shall include the birth center under its maternity service plan under the Hospital Licensing Act and shall include the birth center in the hospital's letter of agreement with its regional perinatal center.

A birth center may not discriminate against any patient requiring treatment because of the source of payment for services, including Medicare and Medicaid recipients.

No general anesthesia and no surgery may be performed at a birth center. The Department may by rule add birth center patient eligibility criteria or standards as it deems necessary. The Department shall by rule require each birth center to report the information which the Department shall make publicly available, which shall include, but is not limited to, the following:

- (i) Birth center ownership.
- (ii) Sources of payment for services.
- (iii) Utilization data involving patient length of stay.
- (iv) Admissions and discharges.
- (v) Complications.
- (vi) Transfers.
- (vii) Unusual incidents.
- (viii) Deaths.
- (ix) Any other publicly reported data required under the Illinois Consumer Guide.
- (x) Post-discharge patient status data where patients are followed for 14 days after discharge from the birth center to determine whether the mother or baby developed a complication or infection.

Within 9 months after the effective date of this amendatory Act of the 95th General Assembly, the Department shall adopt rules that are developed with consideration of: the American Association of Birth Centers' Standards for Freestanding Birth Centers; the American Academy of Pediatrics/American College of Obstetricians and Gynecologists Guidelines for Perinatal Care; and the Regionalized Perinatal Health Care Code.

The Department shall adopt other rules as necessary to implement the provisions of this amendatory Act of the 95th General Assembly within 9 months after the effective date of this amendatory Act of the 95th General Assembly.

(Source: P.A. 100-518, eff. 12-8-17 (see Section 5 of P.A. 100-558 for the effective date of changes made by P.A. 100-518).)

Section 2-105. The Home Health, Home Services, and Home Nursing Agency Licensing Act is amended by changing Section 2.11 and by adding Section 2.13 as follows:

(210 ILCS 55/2.11)

Sec. 2.11. "Home nursing agency" means an agency that provides services directly, or acts as a placement agency, in order to deliver skilled nursing and home health aide services to persons in their personal residences or a certified family health aide, as defined by the Certified Family Health Aide Program for Children and Adults Act, for individuals receiving or eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (2) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent. A home nursing agency provides services that would require a licensed nurse to perform. Home health aide services are provided under the direction of a registered professional nurse or advanced practice registered nurse. A home nursing agency does not require licensure as a home health agency under this Act. "Home nursing agency" does not include an individually licensed nurse acting as a private contractor or a person that provides or procures temporary employment in health care facilities, as defined in the Nurse Agency Licensing Act.

(Source: P.A. 100-513, eff. 1-1-18.)

(210 ILCS 55/2.13 new)

Sec. 2.13. Certified family health aide. A home nursing agency may provide initial and ongoing training for, and shall keep records in a manner designated by the Department regarding, the certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, identified as the legally responsible caregiver or designated by the legally responsible caregiver for an individual who receives or is eligible to receive:

(1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or

(2) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Section 2-110. The Hospital Licensing Act is amended by adding Section 17 as follows:
(210 ILCS 85/17 new)

Sec. 17. Certified family health aide. Hospitals managing the care of an individual to be discharged under the care of a home nursing agency may provide initial training, and shall document in a manner designated by the Department, for the certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, identified as the legally responsible caregiver or designated by a legally responsible caregiver for an individual who receives or is eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r) or (2) in-home shift nursing through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Section 2-115. The Nurse Practice Act is amended by changing Section 50-15 as follows:
(225 ILCS 65/50-15) (was 225 ILCS 65/5-15)

(Section scheduled to be repealed on January 1, 2028)

Sec. 50-15. Policy; application of Act.

(a) For the protection of life and the promotion of health, and the prevention of illness and communicable diseases, any person practicing or offering to practice advanced, professional, or practical nursing in Illinois shall submit evidence that he or she is qualified to practice, and shall be licensed as provided under this Act. No person shall practice or offer to practice advanced, professional, or practical nursing in Illinois or use any title, sign, card or device to indicate that such a person is practicing professional or practical nursing unless such person has been licensed under the provisions of this Act.

(b) This Act does not prohibit the following:

(1) The practice of nursing in Federal employment in the discharge of the employee's duties by a person who is employed by the United States government or any bureau, division or agency thereof and is a legally qualified and licensed nurse of another state or territory and not in conflict with Sections 50-50, 55-10, 60-10, and 70-5 of this Act.

(2) Nursing that is included in the program of study by students enrolled in programs of nursing or in current nurse practice update courses approved by the Department.

(3) The furnishing of nursing assistance in an emergency.

(4) The practice of nursing by a nurse who holds an active license in another state when providing services to patients in Illinois during a bonafide emergency or in immediate preparation for or during interstate transit.

(5) The incidental care of the sick by members of the family, domestic servants or housekeepers, or care of the sick where treatment is by prayer or spiritual means.

(6) Persons from being employed as unlicensed assistive personnel in private homes, long term care facilities, nurseries, hospitals or other institutions.

(7) The practice of practical nursing by one who is a licensed practical nurse under the laws of another U.S. jurisdiction and has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as a licensed practical nurse and who is qualified to receive such license under this Act, until (i) the expiration of 6 months after the filing of such written application, (ii) the withdrawal of such application, or (iii) the denial of such application by the Department.

(8) The practice of advanced practice registered nursing by one who is an advanced practice registered nurse under the laws of another United States jurisdiction or a foreign jurisdiction and has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as an advanced practice registered nurse and who is qualified to receive such license under this Act, until (i) the expiration of 6 months after the filing of such written application, (ii) the withdrawal of such application, or (iii) the denial of such application by the Department.

(9) The practice of professional nursing by one who is a registered professional nurse under the laws of another United States jurisdiction or a foreign jurisdiction and has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as a registered professional nurse and who is qualified to receive such license under Section 55-10, until (1) the expiration of 6 months after the filing of such written application, (2) the withdrawal of such application, or (3) the denial of such application by the Department.

(10) The practice of professional nursing that is included in a program of study by one who is a registered professional nurse under the laws of another United States jurisdiction or a foreign jurisdiction and who is enrolled in a graduate nursing education program or a program for the completion of a baccalaureate nursing degree in this State, which includes clinical supervision by faculty as determined by the educational institution offering the program and the health care organization where the practice of nursing occurs.

(11) Any person licensed in this State under any other Act from engaging in the practice for which she or he is licensed.

(12) Delegation to authorized direct care staff trained under Section 15.4 of the Mental Health and Developmental Disabilities Administrative Act consistent with the policies of the Department.

(13) (Blank).

(14) County correctional personnel from delivering prepackaged medication for self-administration to an individual detainee in a correctional facility.

(15) The practice of relevant care by a legally responsible caregiver or a person designated by a legally responsible caregiver who has been certified as a certified family health aide, as defined in the Certified Family Health Aide Program for Children and Adults Act, to perform for a person who receives or is eligible to receive: (i) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (ii) in-home shift nursing services through the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for persons who are medically fragile and technology dependent.

Nothing in this Act shall be construed to limit the delegation of tasks or duties by a physician, dentist, or podiatric physician to a licensed practical nurse, a registered professional nurse, or other persons. (Source: P.A. 100-513, eff. 1-1-18.)

Section 2-120. The Illinois Public Aid Code is amended by adding Section 5-2.06b as follows:

(305 ILCS 5/5-2.06b new)

Sec. 5-2.06b. Certified family health aide program for children and adults.

(a) The Department of Healthcare and Family Services may seek any federal approval from the Centers for Medicare and Medicaid Services necessary to reimburse a legally responsible caregiver or a person designated by a legally responsible caregiver, as defined in the Certified Family Health Aide Program for Children and Adults Act, who has achieved certification as a certified family health aide to perform or assist in performance of services for a person who receives or is eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (2) the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for a designated person or designated persons who are medically fragile and technology dependent. Implementation of any and all parts of the certified family health aide program is subject to the Department of Healthcare and Family Services receiving all necessary federal approval. If the Department of Healthcare and Family Services receives all necessary federal approval the Department may adopt rules in consultation with the Department of Public Health to specify the federally approved services eligible for reimbursement under the certified family health aide certification and to adopt any other policies or procedures necessary to implement this Section.

(b) The Department of Healthcare and Family Services, in partnership with the Department of Public Health, may consult with stakeholders for expertise regarding implementation of the certified family health aide program. Stakeholders may include, the University of Illinois at Chicago, Division of Specialized Care for Children, home nurse agencies, a physician with medical experience with the population being served by the program, children's hospitals, a legally responsible caregiver as described in item (3) of Section 10 of the Certified Family Health Aide Program for Children and Adults Act, and a Children's Community-Based Health Care Clinic.

(c) Subject to federal approval, the Department of Healthcare and Family Services may adopt rules to disregard income earned by a legally responsible caregiver in the performance of or assisting in the performance of services for a person receiving or eligible to receive: (1) in-home shift nursing services under the Early and Periodic Screening, Diagnostic and Treatment requirement of Medicaid under 42 U.S.C. 1396d(r); or (2) the home and community-based services waiver program authorized under Section 1915(c) of the Social Security Act for a designated person or designated persons who are medically fragile and

technology dependent, when determining the child's eligibility for medical assistance under the Medical Assistance-No Grant (MANG (AABD)) Income Standard.

ARTICLE 5.

Section 5-5. The Illinois Public Aid Code is amended by adding Sections 5-18.6 and 5-18.7 as follows:

(305 ILCS 5/5-18.6 new)

Sec. 5-18.6. Doula policies; hospitals and birthing centers.

(a) Recognizing the importance that doulas provide in the support and advocacy for pregnant persons, within 6 months after this amendatory Act of the 104th General Assembly, all hospitals with licensed obstetric beds and birthing centers shall adopt and maintain written policies and procedures to permit a patient enrolled in the medical assistance program to have an Illinois Medicaid certified and enrolled doula of the patient's choice accompany the patient within the facility's premises for the purposes of providing support before, during, and after labor and childbirth.

(1) An Illinois Medicaid certified and enrolled doula shall not be counted as a support person or against the guest quota before, during, or after childbirth.

(2) Each applicable facility shall post a summary of the facility's policies and procedures adopted in accordance with this subsection on its website, including contact information to facilitate communication between the facility and Illinois Medicaid enrolled doulas and doula organizations.

(b) Nothing in this Section shall be construed to provide a doula with access to a patient when that access is inconsistent with generally accepted medical standards or practices.

(c) Nothing in this Section is intended to expand or limit the malpractice liability of a hospital beyond the limits existing in current Illinois statutory and common law; however, no hospital shall be liable for any act or omission resulting from the provision of services by any doula solely on the basis that the hospital permitted an Illinois Medicaid certified and enrolled doula of the patient's choice to accompany the patient within the facility's premises for the purposes of providing support before, during, and after labor and childbirth. The hospital and Illinois Medicaid certified and enrolled doula providing care are responsible for their own acts and omissions.

(d) At the request of the hospital or birthing facility, Illinois Medicaid enrolled doulas must provide written acknowledgment of Illinois Medicaid doula certification and enrollment in the medical assistance program.

(305 ILCS 5/5-18.7 new)

Sec. 5-18.7. Standing recommendations. The Department of Healthcare and Family Services and the Department of Public Health may establish standing recommendations to meet Centers for Medicare and Medicaid Services requirements and ensure access to preventive services, including Medicaid-covered maternal and reproductive health supports and services, such as, but not limited to, doulas, lactation consultants, home visitors, community health workers, and 1115 Waiver services. No employee of the Department of Healthcare and Family Services or the Department of Public Health issuing a standing recommendation in accordance with this Section shall, as a result of the employee's acts or omissions in issuing the standing recommendation, be subject to (i) any disciplinary or other adverse action under the Medical Practice Act of 1987, (ii) any civil liability, or (iii) any criminal liability.

ARTICLE 10.

Section 10-5. The Illinois Public Aid Code is amended by changing Section 5-2 as follows:

(305 ILCS 5/5-2) (from Ch. 23, par. 5-2)

Sec. 5-2. Classes of persons eligible. Medical assistance under this Article shall be available to any of the following classes of persons in respect to whom a plan for coverage has been submitted to the Governor by the Illinois Department and approved by him. If changes made in this Section 5-2 require federal approval, they shall not take effect until such approval has been received:

1. Recipients of basic maintenance grants under Articles III and IV.

2. Beginning January 1, 2014, persons otherwise eligible for basic maintenance under Article III, excluding any eligibility requirements that are inconsistent with any federal law or federal regulation, as interpreted by the U.S. Department of Health and Human Services, but who fail to

qualify thereunder on the basis of need, and who have insufficient income and resources to meet the costs of necessary medical care, including, but not limited to, the following:

(a) All persons otherwise eligible for basic maintenance under Article III but who fail to qualify under that Article on the basis of need and who meet either of the following requirements:

(i) their income, as determined by the Illinois Department in accordance with any federal requirements, is equal to or less than 100% of the federal poverty level; or

(ii) their income, after the deduction of costs incurred for medical care and for other types of remedial care, is equal to or less than 100% of the federal poverty level.

(b) (Blank).

3. (Blank).

4. Persons not eligible under any of the preceding paragraphs who fall sick, are injured, or die, not having sufficient money, property or other resources to meet the costs of necessary medical care or funeral and burial expenses.

5.(a) Beginning January 1, 2020, individuals during pregnancy and during the 12-month period beginning on the last day of the pregnancy, together with their infants, whose income is at or below 200% of the federal poverty level. Until September 30, 2019, or sooner if the maintenance of effort requirements under the Patient Protection and Affordable Care Act are eliminated or may be waived before then, individuals during pregnancy and during the 12-month period beginning on the last day of the pregnancy, whose countable monthly income, after the deduction of costs incurred for medical care and for other types of remedial care as specified in administrative rule, is equal to or less than the Medical Assistance-No Grant(C) (MANG(C)) Income Standard in effect on April 1, 2013 as set forth in administrative rule.

(b) The plan for coverage shall provide ambulatory prenatal care to pregnant individuals during a presumptive eligibility period and establish an income eligibility standard that is equal to 200% of the federal poverty level, provided that costs incurred for medical care are not taken into account in determining such income eligibility.

(c) The Illinois Department may conduct a demonstration in at least one county that will provide medical assistance to pregnant individuals together with their infants and children up to one year of age, where the income eligibility standard is set up to 185% of the nonfarm income official poverty line, as defined by the federal Office of Management and Budget. The Illinois Department shall seek and obtain necessary authorization provided under federal law to implement such a demonstration. Such demonstration may establish resource standards that are not more restrictive than those established under Article IV of this Code.

6. (a) Subject to federal approval, children younger than age 19 when countable income is at or below 313% of the federal poverty level, as determined by the Department and in accordance with all applicable federal requirements. The Department is authorized to adopt emergency rules to implement the changes made to this paragraph by Public Act 102-43. Until September 30, 2019, or sooner if the maintenance of effort requirements under the Patient Protection and Affordable Care Act are eliminated or may be waived before then, children younger than age 19 whose countable monthly income, after the deduction of costs incurred for medical care and for other types of remedial care as specified in administrative rule, is equal to or less than the Medical Assistance-No Grant(C) (MANG(C)) Income Standard in effect on April 1, 2013 as set forth in administrative rule.

(b) Children and youth who are under temporary custody or guardianship of the Department of Children and Family Services or who receive financial assistance in support of an adoption or guardianship placement from the Department of Children and Family Services.

7. (Blank).

8. As required under federal law, persons who are eligible for Transitional Medical Assistance as a result of an increase in earnings or child or spousal support received. The plan for coverage for this class of persons shall:

(a) extend the medical assistance coverage to the extent required by federal law; and

(b) offer persons who have initially received 6 months of the coverage provided in paragraph (a) above, the option of receiving an additional 6 months of coverage, subject to the following:

(i) such coverage shall be pursuant to provisions of the federal Social Security Act;

- (ii) such coverage shall include all services covered under Illinois' State Medicaid Plan;
- (iii) no premium shall be charged for such coverage; and
- (iv) such coverage shall be suspended in the event of a person's failure without good cause to file in a timely fashion reports required for this coverage under the Social Security Act and coverage shall be reinstated upon the filing of such reports if the person remains otherwise eligible.

9. Persons with acquired immunodeficiency syndrome (AIDS) or with AIDS-related conditions with respect to whom there has been a determination that but for home or community-based services such individuals would require the level of care provided in an inpatient hospital, skilled nursing facility or intermediate care facility the cost of which is reimbursed under this Article. Assistance shall be provided to such persons to the maximum extent permitted under Title XIX of the Federal Social Security Act.

10. Participants in the long-term care insurance partnership program established under the Illinois Long-Term Care Partnership Program Act who meet the qualifications for protection of resources described in Section 15 of that Act.

11. Persons with disabilities who are employed and eligible for Medicaid, pursuant to Section 1902(a)(10)(A)(ii)(xv) of the Social Security Act, and, subject to federal approval, persons with a medically improved disability who are employed and eligible for Medicaid pursuant to Section 1902(a)(10)(A)(ii)(xvi) of the Social Security Act, as provided by the Illinois Department by rule. In establishing eligibility standards under this paragraph 11, the Department shall, subject to federal approval:

- (a) set the income eligibility standard at not lower than 350% of the federal poverty level;
- (b) exempt retirement accounts that the person cannot access without penalty before the age of 59 1/2, and medical savings accounts established pursuant to 26 U.S.C. 220;
- (c) allow non-exempt assets up to \$25,000 as to those assets accumulated during periods of eligibility under this paragraph 11; and
- (d) continue to apply subparagraphs (b) and (c) in determining the eligibility of the person under this Article even if the person loses eligibility under this paragraph 11.

12. Subject to federal approval, persons who are eligible for medical assistance coverage under applicable provisions of the federal Social Security Act and the federal Breast and Cervical Cancer Prevention and Treatment Act of 2000. Those eligible persons are defined to include, but not be limited to, the following persons:

- (1) persons who have been screened for breast or cervical cancer under the U.S. Centers for Disease Control and Prevention Breast and Cervical Cancer Program established under Title XV of the federal Public Health Service Act in accordance with the requirements of Section 1504 of that Act as administered by the Illinois Department of Public Health; and
- (2) persons whose screenings under the above program were funded in whole or in part by funds appropriated to the Illinois Department of Public Health for breast or cervical cancer screening.

"Medical assistance" under this paragraph 12 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. The Department must request federal approval of the coverage under this paragraph 12 within 30 days after July 3, 2001 (the effective date of Public Act 92-47).

In addition to the persons who are eligible for medical assistance pursuant to subparagraphs (1) and (2) of this paragraph 12, and to be paid from funds appropriated to the Department for its medical programs, any uninsured person as defined by the Department in rules residing in Illinois who is younger than 65 years of age, who has been screened for breast and cervical cancer in accordance with standards and procedures adopted by the Department of Public Health for screening, and who is referred to the Department by the Department of Public Health as being in need of treatment for breast or cervical cancer is eligible for medical assistance benefits that are consistent with the benefits provided to those persons described in subparagraphs (1) and (2). Medical assistance coverage for the persons who are eligible under the preceding sentence is not dependent on federal approval, but federal moneys may be used to pay for services provided under that coverage upon federal approval.

13. Subject to appropriation and to federal approval, persons living with HIV/AIDS who are not otherwise eligible under this Article and who qualify for services covered under Section 5-5.04 as provided by the Illinois Department by rule.

14. Subject to the availability of funds for this purpose, the Department may provide coverage under this Article to persons who

(a) reside in Illinois; ~~who~~

(b) are not eligible under any of the preceding paragraphs of this Section; ~~and who~~

(c) meet the income guidelines of paragraph 2(a) of this Section; and

(d) meet one of the following conditions:

(i) have filed an application for asylum status under 8 U.S.C. 1158 that is pending with the appropriate federal agency or have a pending appeal of such an application ~~pending before the federal Department of Homeland Security or on appeal~~ before a court of competent jurisdiction and are represented either by counsel or by an advocate accredited by the appropriate federal agency ~~Department of Homeland Security~~ and employed by a not-for-profit organization in regard to that application or appeal; ~~or~~

(ii) are receiving services through a federally funded torture treatment center;

(iii) have filed a pending application for T nonimmigrant status pursuant to 8 U.S.C. 1101(a)(15)(T);

(iv) have filed a pending application for U nonimmigrant status pursuant to 8 U.S.C. 1101(a)(15)(U); or

(v) have filed as a derivative family member or are included in the application for item (i), (iii), or (iv) as provided by Department rule.

Medical coverage under this paragraph 14 may be provided for up to 24 continuous months from the initial eligibility date so long as an individual continues to satisfy the criteria of this paragraph 14. If an individual has an application or appeal pending regarding an application for asylum, T nonimmigrant status, or U nonimmigrant status before the appropriate federal agency for such applications or appeals ~~Department of Homeland Security~~, eligibility under this paragraph 14 may be extended until a final decision is rendered with respect to the application or appeal, except that an individual who is approved for a U visa continues to qualify for medical coverage under this paragraph 14 as long as the individual meets all other eligibility criteria ~~on the appeal~~. The Department shall ~~may~~ adopt rules governing the implementation of this paragraph 14.

15. Family Care Eligibility.

(a) On and after July 1, 2012, a parent or other caretaker relative who is 19 years of age or older when countable income is at or below 133% of the federal poverty level. A person may not spend down to become eligible under this paragraph 15.

(b) Eligibility shall be reviewed annually.

(c) (Blank).

(d) (Blank).

(e) (Blank).

(f) (Blank).

(g) (Blank).

(h) (Blank).

(i) Following termination of an individual's coverage under this paragraph 15, the individual must be determined eligible before the person can be re-enrolled.

16. Subject to appropriation, uninsured persons who are not otherwise eligible under this Section who have been certified and referred by the Department of Public Health as having been screened and found to need diagnostic evaluation or treatment, or both diagnostic evaluation and treatment, for prostate or testicular cancer. For the purposes of this paragraph 16, uninsured persons are those who do not have creditable coverage, as defined under the Health Insurance Portability and Accountability Act, or have otherwise exhausted any insurance benefits they may have had, for prostate or testicular cancer diagnostic evaluation or treatment, or both diagnostic evaluation and treatment. To be eligible, a person must furnish a Social Security number. A person's assets are exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular

cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. Notwithstanding any other provision of law, the Department (i) does not have a claim against the estate of a deceased recipient of services under this paragraph 16 and (ii) does not have a lien against any homestead property or other legal or equitable real property interest owned by a recipient of services under this paragraph 16.

17. Persons who, pursuant to a waiver approved by the Secretary of the U.S. Department of Health and Human Services, are eligible for medical assistance under Title XIX or XXI of the federal Social Security Act. Notwithstanding any other provision of this Code and consistent with the terms of the approved waiver, the Illinois Department, may by rule:

(a) Limit the geographic areas in which the waiver program operates.

(b) Determine the scope, quantity, duration, and quality, and the rate and method of reimbursement, of the medical services to be provided, which may differ from those for other classes of persons eligible for assistance under this Article.

(c) Restrict the persons' freedom in choice of providers.

18. Beginning January 1, 2014, persons aged 19 or older, but younger than 65, who are not otherwise eligible for medical assistance under this Section 5-2, who qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(i)(VIII) and applicable federal regulations, and who have income at or below 133% of the federal poverty level plus 5% for the applicable family size as determined pursuant to 42 U.S.C. 1396a(e)(14) and applicable federal regulations. Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical assistance under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

19. Beginning January 1, 2014, as required under 42 U.S.C. 1396a(a)(10)(A)(i)(IX), persons older than age 18 and younger than age 26 who are not otherwise eligible for medical assistance under paragraphs (1) through (17) of this Section who (i) were in foster care under the responsibility of the State on the date of attaining age 18 or on the date of attaining age 21 when a court has continued wardship for good cause as provided in Section 2-31 of the Juvenile Court Act of 1987 and (ii) received medical assistance under the Illinois Title XIX State Plan or waiver of such plan while in foster care.

~~20. (Blank). Beginning January 1, 2018, persons who are foreign-born victims of human trafficking, torture, or other serious crimes as defined in Section 2-19 of this Code and their derivative family members if such persons: (i) reside in Illinois; (ii) are not eligible under any of the preceding paragraphs; (iii) meet the income guidelines of subparagraph (a) of paragraph 2; and (iv) meet the nonfinancial eligibility requirements of Sections 16-2, 16-3, and 16-5 of this Code. The Department may extend medical assistance for persons who are foreign-born victims of human trafficking, torture, or other serious crimes whose medical assistance would be terminated pursuant to subsection (b) of Section 16-5 if the Department determines that the person, during the year of initial eligibility (1) experienced a health crisis, (2) has been unable, after reasonable attempts, to obtain necessary information from a third party, or (3) has other extenuating circumstances that prevented the person from completing his or her application for status. The Department may adopt any rules necessary to implement the provisions of this paragraph.~~

21. Persons who are not otherwise eligible for medical assistance under this Section who may qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(ii)(XXIII) and 42 U.S.C. 1396(ss) for the duration of any federal or State declared emergency due to COVID-19. Medical assistance to persons eligible for medical assistance solely pursuant to this paragraph 21 shall be limited to any in vitro diagnostic product (and the administration of such product) described in 42 U.S.C. 1396d(a)(3)(B) on or after March 18, 2020, any visit described in 42 U.S.C. 1396o(a)(2)(G), or any other medical assistance that may be federally authorized for this class of persons. The Department may also cover treatment of COVID-19 for this class of persons, or any similar category of uninsured individuals, to the extent authorized under a federally approved 1115 Waiver or other federal authority. Notwithstanding the provisions of Section 1-11 of this Code, due to the nature of the

COVID-19 public health emergency, the Department may cover and provide the medical assistance described in this paragraph 21 to noncitizens who would otherwise meet the eligibility requirements for the class of persons described in this paragraph 21 for the duration of the State emergency period.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than \$2,000, and the amount of assets of a married couple to be disregarded shall not be less than \$3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after June 14, 2012 (the effective date of Public Act 97-687), and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after June 14, 2012 (the effective date of Public Act 97-687), and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Effective October 1, 2013, the determination of eligibility of persons who qualify under paragraphs 5, 6, 8, 15, 17, and 18 of this Section shall comply with the requirements of 42 U.S.C. 1396a(e)(14) and applicable federal regulations.

The Department of Healthcare and Family Services, the Department of Human Services, and the Illinois health insurance marketplace shall work cooperatively to assist persons who would otherwise lose health benefits as a result of changes made under Public Act 98-104 to transition to other health insurance coverage.

Section 15-5. The Illinois Public Aid Code is amended by changing Section 5-5.09a as follows:

(305 ILCS 5/5-5.09a new)

Sec. 5-5.09a. Screening for tardive dyskinesia.

(a) Notwithstanding any other provisions of law, the Department of Healthcare and Family Services shall develop, in collaboration with the Department of Human Services and the Department of Public Health, recommended screening guidelines for tardive dyskinesia for providers serving patients prescribed antipsychotic medications under the medical assistance program in State-operated residential facilities and community-based settings.

(b) The recommended screening guidelines shall be based on current, nationally accepted, evidence-based recommendations for the assessment and treatment of tardive dyskinesia, and shall include structured assessment tools, which can be both quantitative and qualitative.

(c) The Department of Healthcare and Family Services and the Department of Human Services, in collaboration with the Department of Public Health, shall develop communication strategies and educational materials to be offered to health care providers regarding tardive dyskinesia, the recommended screening guidelines, and any subsequent revisions. In developing the information to be disseminated under this Section, the Departments of Healthcare and Family Services, Human Services, and Public Health shall consult with a statewide association representing physicians licensed to practice medicine in all its branches and a statewide association representing psychiatrists.

ARTICLE 20.

Section 20-5. The Illinois Public Aid Code is amended by changing Section 5-5.12f as follows:

(305 ILCS 5/5-5.12f)

Sec. 5-5.12f. Prescription drugs for mental illness; no utilization or prior approval mandates.

(a) Notwithstanding any other provision of this Code to the contrary, except as otherwise provided in subsection (b), for the purpose of removing barriers to the timely treatment of serious mental illnesses, prior authorization mandates and utilization management controls shall not be imposed under the fee-for-service and managed care medical assistance programs on any FDA-approved prescription drug that is recognized by a generally accepted standard medical reference as effective in the treatment of conditions specified in the most recent Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association if a preferred or non-preferred drug is prescribed to an adult patient to treat serious mental illness and one of the following applies:

(1) the patient has changed providers, including, but not limited to, a change from an inpatient to an outpatient provider, and is stable on the drug that has been previously prescribed, and received prior authorization, if required;

(2) the patient has changed Medical assistance program or managed care plan ~~insurance~~ coverage and is stable on the drug that has been previously prescribed and received prior authorization under the previous source of coverage; or

(3) subject to federal law on maximum dosage limits and safety edits adopted by the Department's Drug and Therapeutics Board, including those safety edits and limits needed to comply with federal requirements contained in 42 CFR 456.703, the patient has previously been prescribed and obtained prior authorization for the drug and the prescription modifies the dosage, dosage frequency, or both, of the drug as part of the same treatment for which the drug was previously prescribed.

(b) The following safety edits shall be permitted for prescription drugs covered under this Section:

(1) clinically appropriate drug utilization review (DUR) edits, including, but not limited to, drug-to-drug, drug-age, and drug-dose;

(2) generic drug substitution if a generic drug is available for the prescribed medication in the same dosage and formulation; and

(3) any utilization management control that is necessary for the Department to comply with any current consent decrees or federal waivers.

(c) As used in this Section, "serious mental illness" means any one or more of the following diagnoses and International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM) codes listed by the Department of Human Services' Division of Mental Health, as amended, on its official website:

- (1) Delusional Disorder (F22)
- (2) Brief Psychotic Disorder (F23)
- (3) Schizophreniform Disorder (F20.81)
- (4) Schizophrenia (F20.9)
- (5) Schizoaffective Disorder (F25.x)
- (6) Catatonia Associated with Another Mental Disorder (Catatonia Specifier) (F06.1)
- (7) Other Specified Schizophrenia Spectrum and Other Psychotic Disorder (F28)
- (8) Unspecified Schizophrenia Spectrum and Other Psychotic Disorder (F29)
- (9) Bipolar I Disorder (F31.xx)
- (10) Bipolar II Disorder (F31.81)

- (11) Cyclothymic Disorder (F34.0)
- (12) Unspecified Bipolar and Related Disorder (F31.9)
- (13) Disruptive Mood Dysregulation Disorder (F34.8)
- (14) Major Depressive Disorder Single episode (F32.xx)
- (15) Major Depressive Disorder, Recurrent episode (F33.xx)
- (16) Obsessive-Compulsive Disorder (F42)
- (17) Posttraumatic Stress Disorder (F43.10)
- (18) Anorexia Nervosa (F50.0x)
- (19) Bulimia Nervosa (F50.2)
- (20) Postpartum Depression (F53.0)
- (21) Puerperal Psychosis (F53.1)
- (22) Factitious Disorder Imposed on Another (F68.A)

(d) Notwithstanding any other provision of law, nothing in this Section shall not be construed to conflict with Section 1927(a)(1) and (b)(1)(A) of the federal Social Security Act and any implementing regulations and agreements.

(e) The Department shall publish a report semi-annually on its website on compliance with the conditions of this Section by the fee-for-service program and managed care organizations beginning with dates of service on and after July 1, 2025. These reports shall be due 12 months after the end of the period to be reported. These reports shall include:

(1) The number of clinically denied prescriptions summarized by each of the allowed categories specified in subsection (b). This paragraph shall include the number of prior authorization denials.

(2) The number of clinically denied prescriptions as summarized by each of the nonallowed categories specified in subsection (a), categorized by denial reason.

(3) The number of prior authorizations of prescriptions contrary to the prohibition described in subsection (a).

(4) The number of complaints filed concerning denials for prescriptions, which meet the conditions specified in subsection (a).

(5) The number of approved and paid prescriptions described in subsection (a) and the potential net cost to the State.

(6) The number of persons enrolled in the medical assistance program using emergency room services based on categories specified in subsection (c) as the primary diagnosis for the emergency room visit.

(7) The number of persons admitted into a hospital and the number of hospital readmissions, based on categories specified in subsection (c) as the primary diagnosis for the hospital admission or readmission.

As used in this Section, "net cost" means the difference in total ingredient cost due to changes in product mix plus total loss in aggregate rebate revenue based on product mix realized in Fiscal Year 2025. Nothing in this Section shall require the Department to disclose information that is exempt from disclosure under paragraph (g) of subsection (1) of Section 7 of the Freedom of Information Act.

For purposes of this Section, a hospital readmission occurs when a patient is discharged from a hospital and then admitted into the same or another hospital within 30 days of discharge for the same primary diagnosis.

ARTICLE 30.

Section 30-5. The Illinois Public Aid Code is amended by changing Section 5-2b as follows:

(305 ILCS 5/5-2b)

Sec. 5-2b. Medically fragile and technology dependent children eligibility and program; provider reimbursement rates.

(a) Notwithstanding any other provision of law except as provided in Section 5-30a, on and after September 1, 2012, subject to federal approval, medical assistance under this Article shall be available to children who qualify as persons with a disability, as defined under the federal Supplemental Security Income program and who are medically fragile and technology dependent. The program shall allow eligible children to receive the medical assistance provided under this Article in the community and must maximize, to the fullest extent permissible under federal law, federal reimbursement and family cost-sharing, including

[May 31, 2025]

co-pays, premiums, or any other family contributions, except that the Department shall be permitted to incentivize the utilization of selected services through the use of cost-sharing adjustments. The Department shall establish the policies, procedures, standards, services, and criteria for this program by rule.

(b) Notwithstanding any other provision of this Code, subject to federal approval, on and after January 1, 2024, the reimbursement rates for nursing paid through Nursing and Personal Care Services for non-waiver customers and to providers of private duty nursing services for children eligible for medical assistance under this Section shall be 20% higher than the reimbursement rates in effect for nursing services on December 31, 2023.

(c) Notwithstanding any other provision of this Code, subject to federal approval, on and after January 1, 2025, the reimbursement rates for nursing paid through Nursing and Personal Care Services for non-waiver customers and to providers of private duty nursing services for children eligible for medical assistance under this Section shall be 7% higher than the reimbursement rates in effect for nursing services on December 31, 2024.

(d) The Department shall conduct an evaluation to study the program, including service provision and design, waiver operations, and methodologies and policies for setting rates and reimbursements for services and supports that are provided to (i) individuals under the age of 21 who are approved by the Department for in-home shift nursing services and (ii) individuals over the age of 21 who are receiving in-home shift nursing services under the Home and Community-Based Services Waiver for Medically Fragile and Technology Dependent Children, including, but not limited to, in-home shift nursing services and related home and community-based services and supports, made to nursing agencies for such services. As needed, the Department shall consult with Department-enrolled providers of in-home shift nursing services to ensure accurate information is considered in the evaluation, and the Department may, to the extent it deems necessary and appropriate, contract with an outside entity to assist or provide further analysis in the support of the evaluation.

(Source: P.A. 103-102, eff. 1-1-24; 103-593, eff. 6-7-24.)

ARTICLE 35.

Section 35-5. The Illinois Public Aid Code is amended by adding Section 5-65 as follows:

(305 ILCS 5/5-65 new)

Sec. 5-65. Reimbursement rates for long-term electrocardiogram monitoring.

(a) As used in this Section, "long-term ambulatory electrocardiogram monitoring services" means the provision of external cardiac patch monitoring devices to patients to wear for 48 hours or greater and the interpretation of data gathered by such devices to detect heart arrhythmias that can lead to stroke, cardiac arrest, or other comorbidities or medical complications if not correctly diagnosed.

(b) Subject to federal approval, for dates of service on and after January 1, 2026, the Department shall reimburse diagnostic testing facilities that provide long-term ambulatory electrocardiogram monitoring services at a rate not less than 80% of the Medicare Physician Fee Schedule rate in effect for such services on the effective date of this amendatory Act of the 104th General Assembly.

ARTICLE 40.

Section 40-5. The Illinois Public Aid Code is amended by changing Section 5-5 as follows:

(305 ILCS 5/5-5)

(Text of Section before amendment by P.A. 103-808)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant individuals, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services;

(12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; (16.5) services performed by a chiropractic physician licensed under the Medical Practice Act of 1987 and acting within the scope of his or her license, including, but not limited to, chiropractic manipulative treatment; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Section, all tobacco cessation medications approved by the United States Food and Drug Administration and all individual and group tobacco cessation counseling services and telephone-based counseling services and tobacco cessation medications provided through the Illinois Tobacco Quitline shall be covered under the medical assistance program for persons who are otherwise eligible for assistance under this Article. The Department shall comply with all federal requirements necessary to obtain federal financial participation, as specified in 42 CFR 433.15(b)(7), for telephone-based counseling services provided through the Illinois Tobacco Quitline, including, but not limited to: (i) entering into a memorandum of understanding or interagency agreement with the Department of Public Health, as administrator of the Illinois Tobacco Quitline; and (ii) developing a cost allocation plan for Medicaid-allowable Illinois Tobacco Quitline services in accordance with 45 CFR 95.507. The Department shall submit the memorandum of understanding or interagency agreement, the cost allocation plan, and all other necessary documentation to the Centers for Medicare and Medicaid Services for review and approval. Coverage under this paragraph shall be contingent upon federal approval.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education,

training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

- (1) dental services provided by or under the supervision of a dentist; and
- (2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Subject to federal approval, on and after January 1, 2025, the rates paid for sedation evaluation and the provision of deep sedation and intravenous sedation for the purpose of dental services shall be increased by 33% above the rates in effect on December 31, 2024. The rates paid for nitrous oxide sedation shall not be impacted by this paragraph and shall remain the same as the rates in effect on December 31, 2024.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

Subject to appropriation and to federal approval, the Department shall file administrative rules updating the Handicapping Labio-Lingual Deviation orthodontic scoring tool by January 1, 2025, or as soon as practicable.

On and after January 1, 2022, the Department of Healthcare and Family Services shall administer and regulate a school-based dental program that allows for the out-of-office delivery of preventative dental services in a school setting to children under 19 years of age. The Department shall establish, by rule, guidelines for participation by providers and set requirements for follow-up referral care based on the requirements established in the Dental Office Reference Manual published by the Department that establishes the requirements for dentists participating in the All Kids Dental School Program. Every effort shall be made by the Department when developing the program requirements to consider the different geographic differences of both urban and rural areas of the State for initial treatment and necessary follow-up care. No provider shall be charged a fee by any unit of local government to participate in the school-based dental program administered by the Department. Nothing in this paragraph shall be construed to limit or preempt a home rule unit's or school district's authority to establish, change, or administer a school-based dental program in addition to, or independent of, the school-based dental program administered by the Department.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for individuals 35 years of age or older who are eligible for medical assistance under this Article, as follows:

- (A) A baseline mammogram for individuals 35 to 39 years of age.
- (B) An annual mammogram for individuals 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the individual's health care provider for individuals under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography and, after January 1, 2023 (the effective date of Public Act 102-1018), breast tomosynthesis.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind individuals who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

The Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine that is approved for marketing by the federal Food and Drug Administration for all persons between the ages of 9 and 45. Subject to federal approval, the Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine for persons of the age of 46 and above who have been diagnosed with cervical dysplasia with a high risk of recurrence or progression. The Department shall disallow any preauthorization requirements for the administration of the human papillomavirus (HPV) vaccine.

On or after July 1, 2022, individuals who are otherwise eligible for medical assistance under this Article shall receive coverage for perinatal depression screenings for the 12-month period beginning on the last day of their pregnancy. Medical assistance coverage under this paragraph shall be conditioned on the use of a screening instrument approved by the Department.

Any medical or health care provider shall immediately recommend, to any pregnant individual who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant individuals under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted individuals, including information on appropriate referrals for other social services that may be needed by addicted individuals in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of the recipient's substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal

professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon the category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

- (1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

- (2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

- (3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

- (4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 120 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre-adjudicated, or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and

recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of the same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all ~~FDA-approved~~ FDA-approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee-for-service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, (3) lifetime restriction limit mandate, or (4) limitations on dosage.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees or hospital fees related to the dispensing, distribution, and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. The Department shall not impose a copayment on the coverage provided for naloxone hydrochloride under the medical assistance program.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

A federally qualified health center, as defined in Section 1905(I)(2)(B) of the federal Social Security Act, shall be reimbursed by the Department in accordance with the federally qualified health center's encounter rate for services provided to medical assistance recipients that are performed by a dental hygienist, as defined under the Illinois Dental Practice Act, working under the general supervision of a dentist and employed by a federally qualified health center.

Within 90 days after October 8, 2021 (the effective date of Public Act 102-665), the Department shall seek federal approval of a State Plan amendment to expand coverage for family planning services that includes presumptive eligibility to individuals whose income is at or below 208% of the federal poverty level. Coverage under this Section shall be effective beginning no later than December 1, 2022.

Subject to approval by the federal Centers for Medicare and Medicaid Services of a Title XIX State Plan amendment electing the Program of All-Inclusive Care for the Elderly (PACE) as a State Medicaid option, as provided for by Subtitle I (commencing with Section 4801) of Title IV of the Balanced Budget Act of 1997 (Public Law 105-33) and Part 460 (commencing with Section 460.2) of Subchapter E of Title 42 of the Code of Federal Regulations, PACE program services shall become a covered benefit of the medical assistance program, subject to criteria established in accordance with all applicable laws.

Notwithstanding any other provision of this Code, community-based pediatric palliative care from a trained interdisciplinary team shall be covered under the medical assistance program as provided in Section 15 of the Pediatric Palliative Care Act.

Notwithstanding any other provision of this Code, within 12 months after June 2, 2022 (the effective date of Public Act 102-1037) and subject to federal approval, acupuncture services performed by an acupuncturist licensed under the Acupuncture Practice Act who is acting within the scope of his or her license shall be covered under the medical assistance program. The Department shall apply for any federal waiver or State Plan amendment, if required, to implement this paragraph. The Department may adopt any rules, including standards and criteria, necessary to implement this paragraph.

Notwithstanding any other provision of this Code, the medical assistance program shall, subject to federal approval, reimburse hospitals for costs associated with a newborn screening test for the presence of metachromatic leukodystrophy, as required under the Newborn Metabolic Screening Act, at a rate not less than the fee charged by the Department of Public Health. Notwithstanding any other provision of this Code, the medical assistance program shall, subject to appropriation and federal approval, also reimburse hospitals for costs associated with all newborn screening tests added on and after August 9, 2024 (the effective date of Public Act 103-909) ~~this amendatory Act of the 103rd General Assembly~~ to the Newborn Metabolic Screening Act and required to be performed under that Act at a rate not less than the fee charged by the Department of Public Health. The Department shall seek federal approval before the implementation of the newborn screening test fees by the Department of Public Health.

Notwithstanding any other provision of this Code, beginning on January 1, 2024, subject to federal approval, cognitive assessment and care planning services provided to a person who experiences signs or symptoms of cognitive impairment, as defined by the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, medically necessary reconstructive services that are intended to restore physical appearance shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this paragraph, "reconstructive services" means treatments performed on structures of the body damaged by trauma to restore physical appearance.

Subject to federal approval, for dates of services on and after January 1, 2026, over-the-counter choline dietary supplements for pregnant persons shall be covered under the medical assistance program.

(Text of Section after amendment by P.A. 103-808)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant individuals, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process

inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; (16.5) services performed by a chiropractic physician licensed under the Medical Practice Act of 1987 and acting within the scope of his or her license, including, but not limited to, chiropractic manipulative treatment; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Section, all tobacco cessation medications approved by the United States Food and Drug Administration and all individual and group tobacco cessation counseling services and telephone-based counseling services and tobacco cessation medications provided through the Illinois Tobacco Quitline shall be covered under the medical assistance program for persons who are otherwise eligible for assistance under this Article. The Department shall comply with all federal requirements necessary to obtain federal financial participation, as specified in 42 CFR 433.15(b)(7), for telephone-based counseling services provided through the Illinois Tobacco Quitline, including, but not limited to: (i) entering into a memorandum of understanding or interagency agreement with the Department of Public Health, as administrator of the Illinois Tobacco Quitline; and (ii) developing a cost allocation plan for Medicaid-allowable Illinois Tobacco Quitline services in accordance with 45 CFR 95.507. The Department shall submit the memorandum of understanding or interagency agreement, the cost allocation plan, and all other necessary documentation to the Centers for Medicare and Medicaid Services for review and approval. Coverage under this paragraph shall be contingent upon federal approval.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

- (1) dental services provided by or under the supervision of a dentist; and
- (2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Subject to federal approval, on and after January 1, 2025, the rates paid for sedation evaluation and the provision of deep sedation and intravenous sedation for the purpose of dental services shall be increased by 33% above the rates in effect on December 31, 2024. The rates paid for nitrous oxide sedation shall not be impacted by this paragraph and shall remain the same as the rates in effect on December 31, 2024.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

Subject to appropriation and to federal approval, the Department shall file administrative rules updating the Handicapping Labio-Lingual Deviation orthodontic scoring tool by January 1, 2025, or as soon as practicable.

On and after January 1, 2022, the Department of Healthcare and Family Services shall administer and regulate a school-based dental program that allows for the out-of-office delivery of preventative dental services in a school setting to children under 19 years of age. The Department shall establish, by rule, guidelines for participation by providers and set requirements for follow-up referral care based on the requirements established in the Dental Office Reference Manual published by the Department that establishes the requirements for dentists participating in the All Kids Dental School Program. Every effort shall be made by the Department when developing the program requirements to consider the different geographic differences of both urban and rural areas of the State for initial treatment and necessary follow-up care. No provider shall be charged a fee by any unit of local government to participate in the school-based dental program administered by the Department. Nothing in this paragraph shall be construed to limit or preempt a home rule unit's or school district's authority to establish, change, or administer a school-based dental program in addition to, or independent of, the school-based dental program administered by the Department.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for individuals 35 years of age or older who are eligible for medical assistance under this Article, as follows:

- (A) A baseline mammogram for individuals 35 to 39 years of age.
- (B) An annual mammogram for individuals 40 years of age or older.
- (C) A mammogram at the age and intervals considered medically necessary by the individual's health care provider for individuals under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

(G) Molecular breast imaging (MBI) and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography and, after January 1, 2023 (the effective date of Public Act 102-1018), breast tomosynthesis.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including radiologists that are trained in all forms of ~~FDA-approved~~ ~~FDA-approved~~ breast imaging technologies, breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also

collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind individuals who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

The Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine that is approved for marketing by the federal Food and Drug Administration for all persons between the ages of 9 and 45. Subject to federal approval, the Department shall provide coverage and reimbursement for a human papillomavirus (HPV) vaccine for persons of the age of 46 and above who have been diagnosed with cervical dysplasia with a high risk of recurrence or progression. The Department shall disallow any preauthorization requirements for the administration of the human papillomavirus (HPV) vaccine.

On or after July 1, 2022, individuals who are otherwise eligible for medical assistance under this Article shall receive coverage for perinatal depression screenings for the 12-month period beginning on the last day of their pregnancy. Medical assistance coverage under this paragraph shall be conditioned on the use of a screening instrument approved by the Department.

Any medical or health care provider shall immediately recommend, to any pregnant individual who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant individuals under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted individuals, including information on appropriate referrals for other social services that may be needed by addicted individuals in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of the recipient's substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of

providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

- (1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

- (2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

- (3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon the category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

- (1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.
- (2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.
- (3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.
- (4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 120 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre-adjudicated, or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and

recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of the same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all ~~FDA-approved~~ FDA-approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee-for-service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, (3) lifetime restriction limit mandate, or (4) limitations on dosage.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees or hospital fees related to the dispensing, distribution, and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. The Department shall not impose a copayment on the coverage provided for naloxone hydrochloride under the medical assistance program.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

A federally qualified health center, as defined in Section 1905(I)(2)(B) of the federal Social Security Act, shall be reimbursed by the Department in accordance with the federally qualified health center's encounter rate for services provided to medical assistance recipients that are performed by a dental hygienist, as defined under the Illinois Dental Practice Act, working under the general supervision of a dentist and employed by a federally qualified health center.

Within 90 days after October 8, 2021 (the effective date of Public Act 102-665), the Department shall seek federal approval of a State Plan amendment to expand coverage for family planning services that includes presumptive eligibility to individuals whose income is at or below 208% of the federal poverty level. Coverage under this Section shall be effective beginning no later than December 1, 2022.

Subject to approval by the federal Centers for Medicare and Medicaid Services of a Title XIX State Plan amendment electing the Program of All-Inclusive Care for the Elderly (PACE) as a State Medicaid option, as provided for by Subtitle I (commencing with Section 4801) of Title IV of the Balanced Budget Act of 1997 (Public Law 105-33) and Part 460 (commencing with Section 460.2) of Subchapter E of Title 42 of the Code of Federal Regulations, PACE program services shall become a covered benefit of the medical assistance program, subject to criteria established in accordance with all applicable laws.

Notwithstanding any other provision of this Code, community-based pediatric palliative care from a trained interdisciplinary team shall be covered under the medical assistance program as provided in Section 15 of the Pediatric Palliative Care Act.

Notwithstanding any other provision of this Code, within 12 months after June 2, 2022 (the effective date of Public Act 102-1037) and subject to federal approval, acupuncture services performed by an acupuncturist licensed under the Acupuncture Practice Act who is acting within the scope of his or her license shall be covered under the medical assistance program. The Department shall apply for any federal waiver or State Plan amendment, if required, to implement this paragraph. The Department may adopt any rules, including standards and criteria, necessary to implement this paragraph.

Notwithstanding any other provision of this Code, the medical assistance program shall, subject to federal approval, reimburse hospitals for costs associated with a newborn screening test for the presence of metachromatic leukodystrophy, as required under the Newborn Metabolic Screening Act, at a rate not less than the fee charged by the Department of Public Health. Notwithstanding any other provision of this Code, the medical assistance program shall, subject to appropriation and federal approval, also reimburse hospitals for costs associated with all newborn screening tests added on and after August 9, 2024 (the effective date of Public Act 103-909) ~~this amendatory Act of the 103rd General Assembly~~ to the Newborn Metabolic Screening Act and required to be performed under that Act at a rate not less than the fee charged by the Department of Public Health. The Department shall seek federal approval before the implementation of the newborn screening test fees by the Department of Public Health.

Notwithstanding any other provision of this Code, beginning on January 1, 2024, subject to federal approval, cognitive assessment and care planning services provided to a person who experiences signs or symptoms of cognitive impairment, as defined by the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, medically necessary reconstructive services that are intended to restore physical appearance shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this paragraph, "reconstructive services" means treatments performed on structures of the body damaged by trauma to restore physical appearance.

Subject to federal approval, for dates of services on and after January 1, 2026, over-the-counter choline dietary supplements for pregnant persons shall be covered under the medical assistance program. Section 45-5. The Illinois Public Aid Code is amended by changing Section 11-4 as follows:
(305 ILCS 5/11-4) (from Ch. 23, par. 11-4)

Sec. 11-4. Applications; assistance in making applications. An initial application for public assistance shall be deemed an application for all such benefits to which any person may be entitled except to the extent that the applicant expressly declines in writing to apply for particular benefits. The redetermination is an annual redetermination of eligibility of current benefits and is not an initial application. The Illinois Department shall provide information in writing about all benefits provided under this Code to any person seeking public assistance. The Illinois Department shall also provide information in writing and orally to all applicants about an election to have financial aid deposited directly in a recipient's savings account or checking account or in any electronic benefits account or accounts as provided in Section 11-3.1, to the extent that those elections are actually available, including information on any programs administered by the State Treasurer to facilitate or encourage the distribution of financial aid by direct deposit or electronic benefits transfer. The Illinois Department shall determine the applicant's eligibility for cash assistance, medical assistance and food stamps unless the applicant expressly declines in writing to apply for particular

benefits. The Illinois Department shall adopt policies and procedures to facilitate timely changes between programs that result from changes in categorical eligibility factors.

The County departments, local governmental units and the Illinois Department shall assist applicants for public assistance to properly complete their applications. Such assistance shall include, but not be limited to, assistance in securing evidence in support of their eligibility.

ARTICLE 66.

Section 66-5. The Illinois Public Aid Code is amended by changing Section 14-12 as follows:

(305 ILCS 5/14-12)

Sec. 14-12. Hospital rate reform payment system. The hospital payment system pursuant to Section 14-11 of this Article shall be as follows:

(a) Inpatient hospital services. ~~Effective for discharges on and after the effective date of this amendatory Act of the 104th General Assembly July 1, 2014, reimbursement for inpatient general acute care services shall utilize the All Patient Refined Diagnosis Related Grouping (APR-DRG) software, version 30, distributed by Solventum™ previously known as 3M™ Health Information System. Solventum™ shall be the exclusive provider of this software unless the Department determines that Solventum™ is unable to meet the required operational or contractual terms. Only under these circumstances may an alternative authorized provider of the software be considered.~~

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. Initial weighting factors shall be the weighting factors as published by the authorized provider of this software ~~3M Health Information System, associated with Version 30.0~~ adjusted for the Illinois experience.

(2) The Department shall establish a statewide-standardized amount to be used in the inpatient reimbursement system. The Department shall publish these amounts on its website no later than 10 calendar days prior to their effective date.

(3) In addition to the statewide-standardized amount, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid providers or services for trauma, transplantation services, perinatal care, and Graduate Medical Education (GME).

(4) The Department shall develop add-on payments to account for exceptionally costly inpatient stays, consistent with Medicare outlier principles. Outlier fixed loss thresholds may be updated to control for excessive growth in outlier payments no more frequently than on an annual basis, but at least once every 4 years. Upon updating the fixed loss thresholds, the Department shall be required to update base rates within 12 months.

(5) The Department shall define those hospitals or distinct parts of hospitals that shall be exempt from the APR-DRG reimbursement system established under this Section. The Department shall publish these hospitals' inpatient rates on its website no later than 10 calendar days prior to their effective date.

(6) Beginning July 1, 2014 and ending on December 31, 2023, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for safety-net hospitals defined in Section 5-5e.1 of this Code excluding pediatric hospitals.

(7) Beginning July 1, 2014, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for Illinois freestanding inpatient psychiatric hospitals that are not designated as children's hospitals by the Department but are primarily treating patients under the age of 21.

(7.5) (Blank).

(8) Beginning July 1, 2018, in addition to the statewide-standardized amount, the Department shall adjust the rate of reimbursement for hospitals designated by the Department of Public Health as a Perinatal Level II or II+ center by applying the same adjustor that is applied to Perinatal and Obstetrical care cases for Perinatal Level III centers, as of December 31, 2017.

(9) Beginning July 1, 2018, in addition to the statewide-standardized amount, the Department shall apply the same adjustor that is applied to trauma cases as of December 31, 2017 to inpatient claims to treat patients with burns, including, but not limited to, APR-DRGs 841, 842, 843, and 844.

(10) Beginning July 1, 2018, the statewide-standardized amount for inpatient general acute care services shall be uniformly increased so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of this subsection and paragraphs (3) and (4) of subsection (b) multiplied by 40%.

(11) Beginning July 1, 2018, the reimbursement for inpatient rehabilitation services shall be increased by the addition of a \$96 per day add-on.

(b) Outpatient hospital services. Effective on and after the effective date of this amendatory Act of the 104th General Assembly, ~~for dates of service on and after July 1, 2014,~~ reimbursement for outpatient services shall utilize the Enhanced Ambulatory Procedure Grouping (EAPG) software, ~~version 3.7~~ distributed by SolventumTM previously known as 3MTM Health Information System. SolventumTM shall be the exclusive provider of this software unless the Agency determines that SolventumTM is unable to meet the required operational or contractual terms. Only under these circumstances may an alternative authorized provider of the software be considered.

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. The initial weighting factors shall be the weighting factors as published by ~~the authorized provider 3M Health Information System, associated with Version 3.7.~~

(2) The Department shall establish service specific statewide-standardized amounts to be used in the reimbursement system.

(A) The initial statewide standardized amounts, with the labor portion adjusted by the Calendar Year 2013 Medicare Outpatient Prospective Payment System wage index with reclassifications, shall be published by the Department on its website no later than 10 calendar days prior to their effective date.

(B) The Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F. For outpatient services provided on or before June 30, 2018, the EAPG standardized amounts are determined separately for each critical access hospital such that simulated EAPG payments using outpatient base period paid claim data plus payments under Section 5A-12.4 of this Code net of the associated tax costs are equal to the estimated costs of outpatient base period claims data with a rate year cost inflation factor applied.

(3) In addition to the statewide-standardized amounts, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid hospital outpatient providers or services, including outpatient high volume or safety-net hospitals. Beginning July 1, 2018, the outpatient high volume adjuster shall be increased to increase annual expenditures associated with this adjuster by \$79,200,000, based on the State Fiscal Year 2015 base year data and this adjuster shall apply to public hospitals, except for large public hospitals, as defined under 89 Ill. Adm. Code 148.25(a).

(4) Beginning July 1, 2018, in addition to the statewide standardized amounts, the Department shall make an add-on payment for outpatient expensive devices and drugs. This add-on payment shall at least apply to claim lines that: (i) are assigned with one of the following EAPGs: 490, 1001 to 1020, and coded with one of the following revenue codes: 0274 to 0276, 0278; or (ii) are assigned with one of the following EAPGs: 430 to 441, 443, 444, 460 to 465, 495, 496, 1090. The add-on payment shall be calculated as follows: the claim line's covered charges multiplied by the hospital's total acute cost to charge ratio, less the claim line's EAPG payment plus \$1,000, multiplied by 0.8.

(5) Beginning July 1, 2018, the statewide-standardized amounts for outpatient services shall be increased by a uniform percentage so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%.

(6) Effective for dates of service on or after July 1, 2018, the Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F, such that each Critical Access Hospital's standardized amount for outpatient services shall be increased by the applicable uniform percentage determined pursuant to paragraph (5) of this subsection. It is the intent of the General Assembly that the adjustments required under this paragraph (6) by Public Act 100-1181 shall be applied retroactively to claims for dates of service provided on or after July 1, 2018.

(7) Effective for dates of service on or after March 8, 2019 (the effective date of Public Act 100-1181), the Department shall recalculate and implement an updated statewide-standardized amount for outpatient services provided by hospitals that are not Critical Access Hospitals to reflect the applicable uniform percentage determined pursuant to paragraph (5).

(1) Any recalculation to the statewide-standardized amounts for outpatient services provided by hospitals that are not Critical Access Hospitals shall be the amount necessary to achieve the increase in the statewide-standardized amounts for outpatient services increased by a uniform percentage, so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection, for all hospitals that are not Critical Access Hospitals, multiplied by 46%.

(2) It is the intent of the General Assembly that the recalculations required under this paragraph (7) by Public Act 100-1181 shall be applied prospectively to claims for dates of service provided on or after March 8, 2019 (the effective date of Public Act 100-1181) and that no recoupment or repayment by the Department or an MCO of payments attributable to recalculation under this paragraph (7), issued to the hospital for dates of service on or after July 1, 2018 and before March 8, 2019 (the effective date of Public Act 100-1181), shall be permitted.

(8) The Department shall ensure that all necessary adjustments to the managed care organization capitation base rates necessitated by the adjustments under subparagraph (6) or (7) of this subsection are completed and applied retroactively in accordance with Section 5-30.8 of this Code within 90 days of March 8, 2019 (the effective date of Public Act 100-1181).

(9) Within 60 days after federal approval of the change made to the assessment in Section 5A-2 by Public Act 101-650, the Department shall incorporate into the EAPG system for outpatient services those services performed by hospitals currently billed through the Non-Institutional Provider billing system.

(b-5) Notwithstanding any other provision of this Section, beginning with dates of service on and after January 1, 2023, any general acute care hospital with more than 500 outpatient psychiatric Medicaid services to persons under 19 years of age in any calendar year shall be paid the outpatient add-on payment of no less than \$113.

(c) In consultation with the hospital community, the Department is authorized to replace 89 Ill. Adm. Code 152.150 as published in 38 Ill. Reg. 4980 through 4986 within 12 months of June 16, 2014 (the effective date of Public Act 98-651). If the Department does not replace these rules within 12 months of June 16, 2014 (the effective date of Public Act 98-651), the rules in effect for 152.150 as published in 38 Ill. Reg. 4980 through 4986 shall remain in effect until modified by rule by the Department. Nothing in this subsection shall be construed to mandate that the Department file a replacement rule.

(d) Transition period. There shall be a transition period to the reimbursement systems authorized under this Section that shall begin on the effective date of these systems and continue until June 30, 2018, unless extended by rule by the Department. To help provide an orderly and predictable transition to the new reimbursement systems and to preserve and enhance access to the hospital services during this transition, the Department shall allocate a transitional hospital access pool of at least \$290,000,000 annually so that transitional hospital access payments are made to hospitals.

(1) After the transition period, the Department may begin incorporating the transitional hospital access pool into the base rate structure; however, the transitional hospital access payments in effect on June 30, 2018 shall continue to be paid, if continued under Section 5A-16.

(2) After the transition period, if the Department reduces payments from the transitional hospital access pool, it shall increase base rates, develop new adjustors, adjust current adjustors, develop new hospital access payments based on updated information, or any combination thereof by an amount equal to the decreases proposed in the transitional hospital access pool payments, ensuring that the entire transitional hospital access pool amount shall continue to be used for hospital payments.

(d-5) Hospital and health care transformation program. The Department shall develop a hospital and health care transformation program to provide financial assistance to hospitals in transforming their services and care models to better align with the needs of the communities they serve. The payments authorized in this Section shall be subject to approval by the federal government.

(1) Phase 1. In State fiscal years 2019 through 2020, the Department shall allocate funds from the transitional access hospital pool to create a hospital transformation pool of at least \$262,906,870 annually and make hospital transformation payments to hospitals. Subject to Section 5A-16, in State fiscal years 2019 and 2020, an Illinois hospital that received either a transitional hospital access payment under subsection (d) or a supplemental payment under subsection (f) of this Section in State fiscal year 2018, shall receive a hospital transformation payment as follows:

(A) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 45%, the hospital transformation payment shall be equal to 100% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(B) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 25% but less than 45%, the hospital transformation payment shall be equal to 75% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(C) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is less than 25%, the hospital transformation payment shall be equal to 50% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(2) Phase 2.

(A) The funding amount from phase one shall be incorporated into directed payment and pass-through payment methodologies described in Section 5A-12.7.

(B) Because there are communities in Illinois that experience significant health care disparities due to systemic racism, as recently emphasized by the COVID-19 pandemic, aggravated by social determinants of health and a lack of sufficiently allocated health care ~~healthcare~~ resources, particularly community-based services, preventive care, obstetric care, chronic disease management, and specialty care, the Department shall establish a health care transformation program that shall be supported by the transformation funding pool. It is the intention of the General Assembly that innovative partnerships funded by the pool must be designed to establish or improve integrated health care delivery systems that will provide significant access to the Medicaid and uninsured populations in their communities, as well as improve health care equity. It is also the intention of the General Assembly that partnerships recognize and address the disparities revealed by the COVID-19 pandemic, as well as the need for post-COVID care. During State fiscal years 2021 through 2027, the hospital and health care transformation program shall be supported by an annual transformation funding pool of up to \$150,000,000, pending federal matching funds, to be allocated during the specified fiscal years for the purpose of facilitating hospital and health care transformation. No disbursement of moneys for transformation projects from the transformation funding pool described under this Section shall be considered an award, a grant, or an expenditure of grant funds. Funding agreements made in accordance with the transformation program shall be considered purchases of care under the Illinois Procurement Code, and funds shall be expended by the Department in a manner that maximizes federal funding to expend the entire allocated amount.

The Department shall convene, within 30 days after March 12, 2021 (the effective date of Public Act 101-655), a workgroup that includes subject matter experts on health care ~~healthcare~~ disparities and stakeholders from distressed communities, which could be a subcommittee of the Medicaid Advisory Committee, to review and provide recommendations on how Department policy, including health care transformation, can improve health disparities and the impact on communities disproportionately affected by COVID-19. The workgroup shall consider and make recommendations on the following issues: a community safety-net designation of certain hospitals, racial equity, and a regional partnership to bring additional specialty services to communities.

(C) As provided in paragraph (9) of Section 3 of the Illinois Health Facilities Planning Act, any hospital participating in the transformation program may be excluded from the requirements of the Illinois Health Facilities Planning Act for those projects related to the hospital's transformation. To be eligible, the hospital must submit to the Health Facilities and Services Review Board approval from the Department that the project is a part of the hospital's transformation.

(D) As provided in subsection (a-20) of Section 32.5 of the Emergency Medical Services (EMS) Systems Act, a hospital that received hospital transformation payments under this Section may convert to a freestanding emergency center. To be eligible for such a conversion, the hospital must submit to the Department of Public Health approval from the Department that the project is a part of the hospital's transformation.

(E) Criteria for proposals. To be eligible for funding under this Section, a transformation proposal shall meet all of the following criteria:

(i) the proposal shall be designed based on community needs assessment completed by either a University partner or other qualified entity with significant community input;

(ii) the proposal shall be a collaboration among providers across the care and community spectrum, including preventative care, primary care specialty care, hospital services, mental health and substance abuse services, as well as community-based entities that address the social determinants of health;

(iii) the proposal shall be specifically designed to improve health care ~~healthcare~~ outcomes and reduce health care ~~healthcare~~ disparities, and improve the coordination, effectiveness, and efficiency of care delivery;

(iv) the proposal shall have specific measurable metrics related to disparities that will be tracked by the Department and made public by the Department;

(v) the proposal shall include a commitment to include Business Enterprise Program certified vendors or other entities controlled and managed by minorities or women; and

(vi) the proposal shall specifically increase access to primary, preventive, or specialty care.

(F) Entities eligible to be funded.

(i) Proposals for funding should come from collaborations operating in one of the most distressed communities in Illinois as determined by the U.S. Centers for Disease Control and Prevention's Social Vulnerability Index for Illinois and areas disproportionately impacted by COVID-19 or from rural areas of Illinois.

(ii) The Department shall prioritize partnerships from distressed communities, which include Business Enterprise Program certified vendors or other entities controlled and managed by minorities or women and also include one or more of the following: safety-net hospitals, critical access hospitals, the campuses of hospitals that have closed since January 1, 2018, or other health care ~~healthcare~~ providers designed to address specific health care ~~healthcare~~ disparities, including the impact of COVID-19 on individuals and the community and the need for post-COVID care. All funded proposals must include specific measurable goals and metrics related to improved outcomes and reduced disparities which shall be tracked by the Department.

(iii) The Department should target the funding in the following ways: \$30,000,000 of transformation funds to projects that are a collaboration between a safety-net hospital, particularly community safety-net hospitals, and other providers and designed to address specific health care ~~healthcare~~ disparities, \$20,000,000 of transformation funds to collaborations between safety-net hospitals and a larger hospital partner that increases specialty care in distressed communities, \$30,000,000 of transformation funds to projects that are a collaboration between hospitals and other providers in distressed areas of the State designed to address specific health care ~~healthcare~~ disparities, \$15,000,000 to collaborations between critical access hospitals and other providers designed to address specific health care ~~healthcare~~ disparities, and \$15,000,000 to cross-provider collaborations designed to address specific health care ~~healthcare~~ disparities, and \$5,000,000 to collaborations that focus on workforce development.

(iv) The Department may allocate up to \$5,000,000 for planning, racial equity analysis, or consulting resources for the Department or entities without the resources to develop a plan to meet the criteria of this Section. Any contract for consulting services issued by the Department under this subparagraph shall comply with the provisions of Section 5-45 of the State Officials and Employees Ethics Act. Based on availability of federal funding, the Department may directly procure consulting services or provide

funding to the collaboration. The provision of resources under this subparagraph is not a guarantee that a project will be approved.

(v) The Department shall take steps to ensure that safety-net hospitals operating in under-resourced communities receive priority access to hospital and health care ~~healthcare~~ transformation funds, including consulting funds, as provided under this Section.

(G) Process for submitting and approving projects for distressed communities. The Department shall issue a template for application. The Department shall post any proposal received on the Department's website for at least 2 weeks for public comment, and any such public comment shall also be considered in the review process. Applicants may request that proprietary financial information be redacted from publicly posted proposals and the Department in its discretion may agree. Proposals for each distressed community must include all of the following:

(i) A detailed description of how the project intends to affect the goals outlined in this subsection, describing new interventions, new technology, new structures, and other changes to the health care ~~healthcare~~ delivery system planned.

(ii) A detailed description of the racial and ethnic makeup of the entities' board and leadership positions and the salaries of the executive staff of entities in the partnership that is seeking to obtain funding under this Section.

(iii) A complete budget, including an overall timeline and a detailed pathway to sustainability within a 5-year period, specifying other sources of funding, such as in-kind, cost-sharing, or private donations, particularly for capital needs. There is an expectation that parties to the transformation project dedicate resources to the extent they are able and that these expectations are delineated separately for each entity in the proposal.

(iv) A description of any new entities formed or other legal relationships between collaborating entities and how funds will be allocated among participants.

(v) A timeline showing the evolution of sites and specific services of the project over a 5-year period, including services available to the community by site.

(vi) Clear milestones indicating progress toward the proposed goals of the proposal as checkpoints along the way to continue receiving funding. The Department is authorized to refine these milestones in agreements, and is authorized to impose reasonable penalties, including repayment of funds, for substantial lack of progress.

(vii) A clear statement of the level of commitment the project will include for minorities and women in contracting opportunities, including as equity partners where applicable, or as subcontractors and suppliers in all phases of the project.

(viii) If the community study utilized is not the study commissioned and published by the Department, the applicant must define the methodology used, including documentation of clear community participation.

(ix) A description of the process used in collaborating with all levels of government in the community served in the development of the project, including, but not limited to, legislators and officials of other units of local government.

(x) Documentation of a community input process in the community served, including links to proposal materials on public websites.

(xi) Verifiable project milestones and quality metrics that will be impacted by transformation. These project milestones and quality metrics must be identified with improvement targets that must be met.

(xii) Data on the number of existing employees by various job categories and wage levels by the zip code of the employees' residence and benchmarks for the continued maintenance and improvement of these levels. The proposal must also describe any retraining or other workforce development planned for the new project.

(xiii) If a new entity is created by the project, a description of how the board will be reflective of the community served by the proposal.

(xiv) An explanation of how the proposal will address the existing disparities that exacerbated the impact of COVID-19 and the need for post-COVID care in the community, if applicable.

(xv) An explanation of how the proposal is designed to increase access to care, including specialty care based upon the community's needs.

(H) The Department shall evaluate proposals for compliance with the criteria listed under subparagraph (G). Proposals meeting all of the criteria may be eligible for funding with the areas of focus prioritized as described in item (ii) of subparagraph (F). Based on the funds available, the Department may negotiate funding agreements with approved applicants to maximize federal funding. Nothing in this subsection requires that an approved project be funded to the level requested. Agreements shall specify the amount of funding anticipated annually, the methodology of payments, the limit on the number of years such funding may be provided, and the milestones and quality metrics that must be met by the projects in order to continue to receive funding during each year of the program. Agreements shall specify the terms and conditions under which a health care facility that receives funds under a purchase of care agreement and closes in violation of the terms of the agreement must pay an early closure fee no greater than 50% of the funds it received under the agreement, prior to the Health Facilities and Services Review Board considering an application for closure of the facility. Any project that is funded shall be required to provide quarterly written progress reports, in a form prescribed by the Department, and at a minimum shall include the progress made in achieving any milestones or metrics or Business Enterprise Program commitments in its plan. The Department may reduce or end payments, as set forth in transformation plans, if milestones or metrics or Business Enterprise Program commitments are not achieved. The Department shall seek to make payments from the transformation fund in a manner that is eligible for federal matching funds.

In reviewing the proposals, the Department shall take into account the needs of the community, data from the study commissioned by the Department from the University of Illinois-Chicago if applicable, feedback from public comment on the Department's website, as well as how the proposal meets the criteria listed under subparagraph (G). Alignment with the Department's overall strategic initiatives shall be an important factor. To the extent that fiscal year funding is not adequate to fund all eligible projects that apply, the Department shall prioritize applications that most comprehensively and effectively address the criteria listed under subparagraph (G).

(3) (Blank).

(4) Hospital Transformation Review Committee. There is created the Hospital Transformation Review Committee. The Committee shall consist of 14 members. No later than 30 days after March 12, 2018 (the effective date of Public Act 100-581), the 4 legislative leaders shall each appoint 3 members; the Governor shall appoint the Director of Healthcare and Family Services, or his or her designee, as a member; and the Director of Healthcare and Family Services shall appoint one member. Any vacancy shall be filled by the applicable appointing authority within 15 calendar days. The members of the Committee shall select a Chair and a Vice-Chair from among its members, provided that the Chair and Vice-Chair cannot be appointed by the same appointing authority and must be from different political parties. The Chair shall have the authority to establish a meeting schedule and convene meetings of the Committee, and the Vice-Chair shall have the authority to convene meetings in the absence of the Chair. The Committee may establish its own rules with respect to meeting schedule, notice of meetings, and the disclosure of documents; however, the Committee shall not have the power to subpoena individuals or documents and any rules must be approved by 9 of the 14 members. The Committee shall perform the functions described in this Section and advise and consult with the Director in the administration of this Section. In addition to reviewing and approving the policies, procedures, and rules for the hospital and health care transformation program, the Committee shall consider and make recommendations related to qualifying criteria and payment methodologies related to safety-net hospitals and children's hospitals. Members of the Committee appointed by the legislative leaders shall be subject to the jurisdiction of the Legislative Ethics Commission, not the Executive Ethics Commission, and all requests under the Freedom of Information Act shall be directed to the applicable Freedom of Information officer for the General Assembly. The Department shall provide operational support to the Committee as necessary. The Committee is dissolved on April 1, 2019.

(e) Beginning 36 months after initial implementation, the Department shall update the reimbursement components in subsections (a) and (b), including standardized amounts and weighting factors, and at least

once every 4 years and no more frequently than annually thereafter. The Department shall publish these updates on its website no later than 30 calendar days prior to their effective date.

(f) Continuation of supplemental payments. Any supplemental payments authorized under 89 Illinois Administrative Code 148 effective January 1, 2014 and that continue during the period of July 1, 2014 through December 31, 2014 shall remain in effect as long as the assessment imposed by Section 5A-2 that is in effect on December 31, 2017 remains in effect.

(g) Notwithstanding subsections (a) through (f) of this Section and notwithstanding the changes authorized under Section 5-5b.1, any updates to the system shall not result in any diminishment of the overall effective rates of reimbursement as of the implementation date of the new system (July 1, 2014). These updates shall not preclude variations in any individual component of the system or hospital rate variations. Nothing in this Section shall prohibit the Department from increasing the rates of reimbursement or developing payments to ensure access to hospital services. Nothing in this Section shall be construed to guarantee a minimum amount of spending in the aggregate or per hospital as spending may be impacted by factors, including, but not limited to, the number of individuals in the medical assistance program and the severity of illness of the individuals.

(h) The Department shall have the authority to modify by rulemaking any changes to the rates or methodologies in this Section as required by the federal government to obtain federal financial participation for expenditures made under this Section.

(i) Except for subsections (g) and (h) of this Section, the Department shall, pursuant to subsection (c) of Section 5-40 of the Illinois Administrative Procedure Act, provide for presentation at the June 2014 hearing of the Joint Committee on Administrative Rules (JCAR) additional written notice to JCAR of the following rules in order to commence the second notice period for the following rules: rules published in the Illinois Register, rule dated February 21, 2014 at 38 Ill. Reg. 4559 (Medical Payment), 4628 (Specialized Health Care Delivery Systems), 4640 (Hospital Services), 4932 (Diagnostic Related Grouping (DRG) Prospective Payment System (PPS)), and 4977 (Hospital Reimbursement Changes), and published in the Illinois Register dated March 21, 2014 at 38 Ill. Reg. 6499 (Specialized Health Care Delivery Systems) and 6505 (Hospital Services).

(j) Out-of-state hospitals. Beginning July 1, 2018, for purposes of determining for State fiscal years 2019 and 2020 and subsequent fiscal years the hospitals eligible for the payments authorized under subsections (a) and (b) of this Section, the Department shall include out-of-state hospitals that are designated a Level I pediatric trauma center or a Level I trauma center by the Department of Public Health as of December 1, 2017.

(k) The Department shall notify each hospital and managed care organization, in writing, of the impact of the updates under this Section at least 30 calendar days prior to their effective date.

(l) This Section is subject to Section 14-12.5.

Section 67-5. The Illinois Public Aid Code is amended by adding Section 10-3.5 as follows:

(305 ILCS 5/10-3.5 new)

Sec. 10-3.5. Connecting parents to available resources. Beginning July 1, 2025, subject to appropriation and the availability of federal matching funds for the costs to the Department of Healthcare and Family Services for the implementation of this Section, the Illinois Department shall enter into agreements with other State agencies, including, but not limited to, the Department of Employment Security and the Department of Central Management Services, to implement a program designed to connect available resources to noncustodial parents whose families are receiving child support enforcement services; who have a child support order or are cooperating to establish a child support order; and who are unemployed or underemployed or at risk of not being able to comply with their support order. The program shall seek to connect parents with resources providing: job search assistance; job readiness training; job development and job placement services; skills assessments to facilitate job placement; job retention services; work supports; and occupational training and other skills training related to employment. The opportunities provided to program participants shall include opportunities offered by employers located in the State, including, but not limited to, State employment.

ARTICLE 68.

Section 68-3. The Illinois Administrative Procedure Act is amended by adding Section 5-45.65 as follows:

(5 ILCS 100/5-45.65 new)

Sec. 5-45.65. Emergency rulemaking; Medicaid managed care organization practices. To provide for the expeditious and timely implementation of changes made by this amendatory Act of the 104th General Assembly to subsection (g-13) of Section 5-30.1 of the Illinois Public Aid Code, emergency rules implementing the changes made by this amendatory Act of the 104th General Assembly to subsection (g-13) of Section 5-30.1 of the Illinois Public Aid Code may be adopted in accordance with Section 5-45 by the Department of Healthcare and Family Services. The adoption of emergency rules authorized by Section 5-45 and this Section is deemed to be necessary for the public interest, safety, and welfare.

This Section is repealed one year after the effective date of this amendatory Act of the 104th General Assembly.

Section 68-5. The Illinois Public Aid Code is amended by changing Sections 5-30.1 and 5-30.18 as follows:

(305 ILCS 5/5-30.1)

Sec. 5-30.1. Managed care protections.

(a) As used in this Section:

"Managed care organization" or "MCO" means any entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis.

"Emergency services" means health care items and services, including inpatient and outpatient hospital services, furnished or required to evaluate and stabilize an emergency medical condition. "Emergency services" include inpatient stabilization services furnished during the inpatient stabilization period. "Emergency services" do not include post-stabilization medical services.

"Emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity, regardless of the final diagnosis given, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- (1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- (2) serious impairment to bodily functions;
- (3) serious dysfunction of any bodily organ or part;
- (4) inadequately controlled pain; or
- (5) with respect to a pregnant woman who is having contractions:
 - (A) inadequate time to complete a safe transfer to another hospital before delivery; or
 - (B) a transfer to another hospital may pose a threat to the health or safety of the woman or unborn child.

"Emergency medical screening examination" means a medical screening examination and evaluation by a physician licensed to practice medicine in all its branches or, to the extent permitted by applicable laws, by other appropriately licensed personnel under the supervision of or in collaboration with a physician licensed to practice medicine in all its branches to determine whether the need for emergency services exists.

"Health care services" mean any medical or behavioral health services covered under the medical assistance program that are subject to review under a service authorization program.

"Inpatient stabilization period" means the initial 72 hours of inpatient stabilization services, beginning from the date and time of the order for inpatient admission to the hospital.

"Inpatient stabilization services" mean emergency services furnished in the inpatient setting at a hospital pursuant to an order for inpatient admission by a physician or other qualified practitioner who has admitting privileges at the hospital, as permitted by State law, to stabilize an emergency medical condition following an emergency medical screening examination.

"Post-stabilization medical services" means health care services provided to an enrollee that are furnished in a hospital by a provider that is qualified to furnish such services and determined to be medically necessary by the provider and directly related to the emergency medical condition following stabilization.

"Provider" means a facility or individual who is actively enrolled in the medical assistance program and licensed or otherwise authorized to order, prescribe, refer, or render health care services in this State.

"Service authorization determination" means a decision made by a service authorization program in advance of, concurrent to, or after the provision of a health care service to approve, change the level of care, partially deny, deny, or otherwise limit coverage and reimbursement for a health care service upon review of a service authorization request.

"Service authorization program" means any utilization review, utilization management, peer review, quality review, or other medical management activity conducted by an MCO, or its contracted utilization review organization, including, but not limited to, prior authorization, prior approval, pre-certification, concurrent review, retrospective review, or certification of admission, of health care services provided in the inpatient or outpatient hospital setting.

"Service authorization request" means a request by a provider to a service authorization program to determine whether a health care service meets the reimbursement eligibility requirements for medically necessary, clinically appropriate care, resulting in the issuance of a service authorization determination.

"Utilization review organization" or "URO" means an MCO's utilization review department or a peer review organization or quality improvement organization that contracts with an MCO to administer a service authorization program and make service authorization determinations.

(b) As provided by Section 5-16.12, managed care organizations are subject to the provisions of the Managed Care Reform and Patient Rights Act.

(c) An MCO shall pay any provider of emergency services, including for inpatient stabilization services provided during the inpatient stabilization period, that does not have in effect a contract with the contracted Medicaid MCO. The default rate of reimbursement shall be the rate paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent such adjustments are incorporated in the development of the applicable MCO capitated rates.

(d) (Blank).

(e) Notwithstanding any other provision of law, the following requirements apply to MCOs in determining payment for all emergency services, including inpatient stabilization services provided during the inpatient stabilization period:

(1) The MCO shall not impose any service authorization program requirements for emergency services, including, but not limited to, prior authorization, prior approval, pre-certification, certification of admission, concurrent review, or retrospective review.

(A) Notification period: Hospitals shall notify the enrollee's Medicaid MCO within 48 hours of the date and time the order for inpatient admission is written. Notification shall be limited to advising the MCO that the patient has been admitted to a hospital inpatient level of care.

(B) If the admitting hospital complies with the notification provisions of subparagraph (A), the Medicaid MCO may not initiate concurrent review before the end of the inpatient stabilization period. If the admitting hospital does not comply with the notification requirements in subparagraph (A), the Medicaid MCO may initiate concurrent review for the continuation of the stay beginning at the end of the 48-hour notification period.

(C) Coverage for services provided during the 48-hour notification period may not be retrospectively denied.

(2) The MCO shall cover emergency services provided to enrollees who are temporarily away from their residence and outside the contracting area to the extent that the enrollees would be entitled to the emergency services if they still were within the contracting area.

(3) The MCO shall have no obligation to cover emergency services provided on an emergency basis that are not covered services under the contract between the MCO and the Department.

(4) The MCO shall not condition coverage for emergency services on the treating provider notifying the MCO of the enrollee's emergency medical screening examination and treatment within 10 days after presentation for emergency services.

(5) The determination of the attending emergency physician, or the practitioner responsible for the enrollee's care at the hospital, of whether an enrollee requires inpatient stabilization services, can be stabilized in the outpatient setting, or is sufficiently stabilized for discharge or transfer to another setting, shall be binding on the MCO. The MCO shall cover and reimburse providers for emergency

services as billed by the provider for all enrollees whether the emergency services are provided by an affiliated or non-affiliated provider, except in cases of fraud. The MCO shall reimburse inpatient stabilization services provided during the inpatient stabilization period and billed as inpatient level of care based on the appropriate inpatient reimbursement methodology.

(6) The MCO's financial responsibility for post-stabilization medical services it has not pre-approved ends when:

- (A) a plan physician with privileges at the treating hospital assumes responsibility for the enrollee's care;
- (B) a plan physician assumes responsibility for the enrollee's care through transfer;
- (C) a contracting entity representative and the treating physician reach an agreement concerning the enrollee's care; or
- (D) the enrollee is discharged.

(e-5) An MCO shall pay for all post-stabilization medical services as a covered service in any of the following situations:

- (1) the MCO or its URO authorized such services;
- (2) such services were administered to maintain the enrollee's stabilized condition within one hour after a request to the MCO for authorization of further post-stabilization services;
- (3) the MCO or its URO did not respond to a request to authorize such services within one hour;
- (4) the MCO or its URO could not be contacted; or
- (5) the MCO or its URO and the treating provider, if the treating provider is a non-affiliated provider, could not reach an agreement concerning the enrollee's care and an affiliated provider was unavailable for a consultation, in which case the MCO must pay for such services rendered by the treating non-affiliated provider until an affiliated provider was reached and either concurred with the treating non-affiliated provider's plan of care or assumed responsibility for the enrollee's care. Such payment shall be made at the default rate of reimbursement paid under the State's Medicaid fee-for-service program methodology, including all policy adjusters, including, but not limited to, Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent that such adjustments are incorporated in the development of the applicable MCO capitated rates.

(f) Network adequacy and transparency.

(1) The Department shall:

- (A) ensure that an adequate provider network is in place, taking into consideration health professional shortage areas and medically underserved areas;
- (B) publicly release an explanation of its process for analyzing network adequacy;
- (C) periodically ensure that an MCO continues to have an adequate network in place;
- (D) require MCOs, including Medicaid Managed Care Entities as defined in Section 5-30.2, to meet provider directory requirements under Section 5-30.3;
- (E) require MCOs to ensure that any Medicaid-certified provider under contract with an MCO and previously submitted on a roster on the date of service is paid for any medically necessary, Medicaid-covered, and authorized service rendered to any of the MCO's enrollees, regardless of inclusion on the MCO's published and publicly available directory of available providers; and

(F) require MCOs, including Medicaid Managed Care Entities as defined in Section 5-30.2, to meet each of the requirements under subsection (d-5) of Section 10 of the Network Adequacy and Transparency Act; with necessary exceptions to the MCO's network to ensure that admission and treatment with a provider or at a treatment facility in accordance with the network adequacy standards in paragraph (3) of subsection (d-5) of Section 10 of the Network Adequacy and Transparency Act is limited to providers or facilities that are Medicaid certified.

(2) Each MCO shall confirm its receipt of information submitted specific to physician or dentist additions or physician or dentist deletions from the MCO's provider network within 3 days after receiving all required information from contracted physicians or dentists, and electronic physician and dental directories must be updated consistent with current rules as published by the Centers for Medicare and Medicaid Services or its successor agency.

(g) Timely payment of claims.

(1) The MCO shall pay a claim within 30 days of receiving a claim that contains all the essential information needed to adjudicate the claim.

(2) The MCO shall notify the billing party of its inability to adjudicate a claim within 30 days of receiving that claim.

(3) The MCO shall pay a penalty that is at least equal to the timely payment interest penalty imposed under Section 368a of the Illinois Insurance Code for any claims not timely paid.

(A) When an MCO is required to pay a timely payment interest penalty to a provider, the MCO must calculate and pay the timely payment interest penalty that is due to the provider within 30 days after the payment of the claim. In no event shall a provider be required to request or apply for payment of any owed timely payment interest penalties.

(B) Such payments shall be reported separately from the claim payment for services rendered to the MCO's enrollee and clearly identified as interest payments.

(4)(A) The Department shall require MCOs to expedite payments to providers identified on the Department's expedited provider list, determined in accordance with 89 Ill. Adm. Code 140.71(b), on a schedule at least as frequently as the providers are paid under the Department's fee-for-service expedited provider schedule.

(B) Compliance with the expedited provider requirement may be satisfied by an MCO through the use of a Periodic Interim Payment (PIP) program that has been mutually agreed to and documented between the MCO and the provider, if the PIP program ensures that any expedited provider receives regular and periodic payments based on prior period payment experience from that MCO. Total payments under the PIP program may be reconciled against future PIP payments on a schedule mutually agreed to between the MCO and the provider.

(C) The Department shall share at least monthly its expedited provider list and the frequency with which it pays providers on the expedited list.

(g-5) Recognizing that the rapid transformation of the Illinois Medicaid program may have unintended operational challenges for both payers and providers:

(1) in no instance shall a medically necessary covered service rendered in good faith, based upon eligibility information documented by the provider, be denied coverage or diminished in payment amount if the eligibility or coverage information available at the time the service was rendered is later found to be inaccurate in the assignment of coverage responsibility between MCOs or the fee-for-service system, except for instances when an individual is deemed to have not been eligible for coverage under the Illinois Medicaid program; and

(2) the Department shall, by December 31, 2016, adopt rules establishing policies that shall be included in the Medicaid managed care policy and procedures manual addressing payment resolutions in situations in which a provider renders services based upon information obtained after verifying a patient's eligibility and coverage plan through either the Department's current enrollment system or a system operated by the coverage plan identified by the patient presenting for services:

(A) such medically necessary covered services shall be considered rendered in good faith;

(B) such policies and procedures shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of provider associations representing the majority of providers within the identified provider industry; and

(C) such rules shall be published for a review and comment period of no less than 30 days on the Department's website with final rules remaining available on the Department's website.

The rules on payment resolutions shall include, but not be limited to:

(A) the extension of the timely filing period;

(B) retroactive prior authorizations; and

(C) guaranteed minimum payment rate of no less than the current, as of the date of service, fee-for-service rate, plus all applicable add-ons, when the resulting service relationship is out of network.

The rules shall be applicable for both MCO coverage and fee-for-service coverage.

If the fee-for-service system is ultimately determined to have been responsible for coverage on the date of service, the Department shall provide for an extended period for claims submission outside the standard timely filing requirements.

(g-6) MCO Performance Metrics Report.

(1) The Department shall publish, on at least a quarterly basis, each MCO's operational performance, including, but not limited to, the following categories of metrics:

- (A) claims payment, including timeliness and accuracy;
- (B) prior authorizations;
- (C) grievance and appeals;
- (D) utilization statistics;
- (E) provider disputes;
- (F) provider credentialing; and
- (G) member and provider customer service.

(2) The Department shall ensure that the metrics report is accessible to providers online by January 1, 2017.

(3) The metrics shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of associations representing the majority of providers within the identified industry.

(4) Metrics shall be defined and incorporated into the applicable Managed Care Policy Manual issued by the Department.

(g-7) MCO claims processing and performance analysis. In order to monitor MCO payments to hospital providers, pursuant to Public Act 100-580, the Department shall post an analysis of MCO claims processing and payment performance on its website every 6 months. Such analysis shall include a review and evaluation of a representative sample of hospital claims that are rejected and denied for clean and unclear claims and the top 5 reasons for such actions and timeliness of claims adjudication, which identifies the percentage of claims adjudicated within 30, 60, 90, and over 90 days, and the dollar amounts associated with those claims.

(g-8) Dispute resolution process. The Department shall maintain a provider complaint portal through which a provider can submit to the Department unresolved disputes with an MCO. An unresolved dispute means an MCO's decision that denies in whole or in part a claim for reimbursement to a provider for health care services rendered by the provider to an enrollee of the MCO with which the provider disagrees. Disputes shall not be submitted to the portal until the provider has availed itself of the MCO's internal dispute resolution process. Disputes that are submitted to the MCO internal dispute resolution process may be submitted to the Department of Healthcare and Family Services' complaint portal no sooner than 30 days after submitting to the MCO's internal process and not later than 30 days after the unsatisfactory resolution of the internal MCO process or 60 days after submitting the dispute to the MCO internal process. Multiple claim disputes involving the same MCO may be submitted in one complaint, regardless of whether the claims are for different enrollees, when the specific reason for non-payment of the claims involves a common question of fact or policy. Within 10 business days of receipt of a complaint, the Department shall present such disputes to the appropriate MCO, which shall then have 30 days to issue its written proposal to resolve the dispute. The Department may grant one 30-day extension of this time frame to one of the parties to resolve the dispute. If the dispute remains unresolved at the end of this time frame or the provider is not satisfied with the MCO's written proposal to resolve the dispute, the provider may, within 30 days, request the Department to review the dispute and make a final determination. Within 30 days of the request for Department review of the dispute, both the provider and the MCO shall present all relevant information to the Department for resolution and make individuals with knowledge of the issues available to the Department for further inquiry if needed. Within 30 days of receiving the relevant information on the dispute, or the lapse of the period for submitting such information, the Department shall issue a written decision on the dispute based on contractual terms between the provider and the MCO, contractual terms between the MCO and the Department of Healthcare and Family Services and applicable Medicaid policy. The decision of the Department shall be final. By January 1, 2020, the Department shall establish by rule further details of this dispute resolution process. Disputes between MCOs and providers presented to the Department for resolution are not contested cases, as defined in Section 1-30 of the Illinois Administrative Procedure Act, conferring any right to an administrative hearing.

(g-9)(1) The Department shall publish annually on its website a report on the calculation of each managed care organization's medical loss ratio showing the following:

- (A) Premium revenue, with appropriate adjustments.
- (B) Benefit expense, setting forth the aggregate amount spent for the following:
 - (i) Direct paid claims.
 - (ii) Subcapitation payments.
 - (iii) Other claim payments.
 - (iv) Direct reserves.

(v) Gross recoveries.

(vi) Expenses for activities that improve health care quality as allowed by the Department.

(2) The medical loss ratio shall be calculated consistent with federal law and regulation following a claims runoff period determined by the Department.

(g-10)(1) "Liability effective date" means the date on which an MCO becomes responsible for payment for medically necessary and covered services rendered by a provider to one of its enrollees in accordance with the contract terms between the MCO and the provider. The liability effective date shall be the later of:

(A) The execution date of a network participation contract agreement.

(B) The date the provider or its representative submits to the MCO the complete and accurate standardized roster form for the provider in the format approved by the Department.

(C) The provider effective date contained within the Department's provider enrollment subsystem within the Illinois Medicaid Program Advanced Cloud Technology (IMPACT) System.

(2) The standardized roster form may be submitted to the MCO at the same time that the provider submits an enrollment application to the Department through IMPACT.

(3) By October 1, 2019, the Department shall require all MCOs to update their provider directory with information for new practitioners of existing contracted providers within 30 days of receipt of a complete and accurate standardized roster template in the format approved by the Department provided that the provider is effective in the Department's provider enrollment subsystem within the IMPACT system. Such provider directory shall be readily accessible for purposes of selecting an approved health care provider and comply with all other federal and State requirements.

(g-11) The Department shall work with relevant stakeholders on the development of operational guidelines to enhance and improve operational performance of Illinois' Medicaid managed care program, including, but not limited to, improving provider billing practices, reducing claim rejections and inappropriate payment denials, and standardizing processes, procedures, definitions, and response timelines, with the goal of reducing provider and MCO administrative burdens and conflict. The Department shall include a report on the progress of these program improvements and other topics in its Fiscal Year 2020 annual report to the General Assembly.

(g-12) Notwithstanding any other provision of law, if the Department or an MCO requires submission of a claim for payment in a non-electronic format, a provider shall always be afforded a period of no less than 90 business days, as a correction period, following any notification of rejection by either the Department or the MCO to correct errors or omissions in the original submission.

Under no circumstances, either by an MCO or under the State's fee-for-service system, shall a provider be denied payment for failure to comply with any timely submission requirements under this Code or under any existing contract, unless the non-electronic format claim submission occurs after the initial 180 days following the latest date of service on the claim, or after the 90 business days correction period following notification to the provider of rejection or denial of payment.

(g-13) Utilization Review Standardization and Transparency.

(1) To ensure greater standardization and transparency related to service authorization determinations, for all individuals covered under the medical assistance program, including both the fee-for-service and managed care programs, the Department shall, in consultation with the MCOs, a statewide association representing the MCOs, a statewide association representing the majority of Illinois hospitals, a statewide association representing physicians, or any other interested parties deemed appropriate by the Department, adopt administrative rules consistent with this subsection, in accordance with the Illinois Administrative Procedure Act.

(2) No later than Prior to July 1, 2025, the Department shall in accordance with the Illinois Administrative Procedure Act file emergency rules, and adopt permanent rules no later than October 1, 2025, adopt rules which govern MCO practices for dates of services on and after July 1, 2025, as follows:

(A) guidelines related to the publication of MCO authorization policies;

(B) procedures that, due to medical complexity, must be reimbursed under the applicable inpatient methodology, when provided in the inpatient setting and billed as an inpatient service;

(C) standardization of administrative forms used in the member appeal process;

(D) limitations on second or subsequent medical necessity review of a health care service already authorized by the MCO or URO under a service authorization program;

(E) standardization of peer-to-peer processes and timelines;

(F) defined criteria for urgent and standard post-acute care and long-term acute care service authorization requests; and

(G) standardized criteria for service authorization programs for authorization of admission to a long-term acute care hospital.

(3) The Department shall expand the scope of the quality and compliance audits conducted by its contracted external quality review organization to include, but not be limited to:

(A) an analysis of the Medicaid MCO's compliance with nationally recognized clinical decision guidelines;

(B) an analysis that compares and contrasts the Medicaid MCO's service authorization determination outcomes to the outcomes of each other MCO plan and the State's fee-for-service program model to evaluate whether service authorization determinations are being made consistently by all Medicaid MCOs to ensure that all individuals are being treated in accordance with equitable standards of care;

(C) an analysis, for each Medicaid MCO, of the number of service authorization requests, including requests for concurrent review and certification of admissions, received, initially denied, overturned through any post-denial process including, but not limited to, enrollee or provider appeal, peer-to-peer review, or the provider dispute resolution process, denied but approved for a lower or different level of care, and the number denied on final determination; and

(D) provide a written report to the General Assembly, detailing the items listed in this subsection and any other metrics deemed necessary by the Department, by the second April, following June 7, 2024 (the effective date of Public Act 103-593) ~~this amendatory Act of the 103rd General Assembly~~, and each April thereafter. The Department shall make this report available within 30 days of delivery to the General Assembly, on its public facing website.

(h) The Department shall not expand mandatory MCO enrollment into new counties beyond those counties already designated by the Department as of June 1, 2014 for the individuals whose eligibility for medical assistance is not the seniors or people with disabilities population until the Department provides an opportunity for accountable care entities and MCOs to participate in such newly designated counties.

(h-5) Leading indicator data sharing. By January 1, 2024, the Department shall obtain input from the Department of Human Services, the Department of Juvenile Justice, the Department of Children and Family Services, the State Board of Education, managed care organizations, providers, and clinical experts to identify and analyze key indicators and data elements that can be used in an analysis of lead indicators from assessments and data sets available to the Department that can be shared with managed care organizations and similar care coordination entities contracted with the Department as leading indicators for elevated behavioral health crisis risk for children, including data sets such as the Illinois Medicaid Comprehensive Assessment of Needs and Strengths (IM-CANS), calls made to the State's Crisis and Referral Entry Services (CARES) hotline, health services information from Health and Human Services Innovators, or other data sets that may include key indicators. The workgroup shall complete its recommendations for leading indicator data elements on or before September 1, 2024. To the extent permitted by State and federal law, the identified leading indicators shall be shared with managed care organizations and similar care coordination entities contracted with the Department on or before December 1, 2024 for the purpose of improving care coordination with the early detection of elevated risk. Leading indicators shall be reassessed annually with stakeholder input. The Department shall implement guidance to managed care organizations and similar care coordination entities contracted with the Department, so that the managed care organizations and care coordination entities respond to lead indicators with services and interventions that are designed to help stabilize the child.

(i) The requirements of this Section apply to contracts with accountable care entities and MCOs entered into, amended, or renewed after June 16, 2014 (the effective date of Public Act 98-651).

(j) Health care information released to managed care organizations. A health care provider shall release to a Medicaid managed care organization, upon request, and subject to the Health Insurance Portability and Accountability Act of 1996 and any other law applicable to the release of health information, the health care information of the MCO's enrollee, if the enrollee has completed and signed a general release form that grants to the health care provider permission to release the recipient's health care information to the recipient's insurance carrier.

(k) The Department of Healthcare and Family Services, managed care organizations, a statewide organization representing hospitals, and a statewide organization representing safety-net hospitals shall explore ways to support billing departments in safety-net hospitals.

(l) The requirements of this Section added by Public Act 102-4 shall apply to services provided on or after the first day of the month that begins 60 days after April 27, 2021 (the effective date of Public Act 102-4).

(m) Except where otherwise expressly specified, the requirements of this Section added by Public Act 103-593 ~~this amendatory Act of the 103rd General Assembly~~ shall apply to services provided on and after July 1, 2026 ~~on or after July 1, 2025~~.

(Source: P.A. 102-4, eff. 4-27-21; 102-43, eff. 7-6-21; 102-144, eff. 1-1-22; 102-454, eff. 8-20-21; 102-813, eff. 5-13-22; 103-546, eff. 8-11-23; 103-593, eff. 6-7-24; 103-885, eff. 8-9-24; revised 10-7-24.)

(305 ILCS 5/5-30.18)

(Section scheduled to be repealed on December 31, 2030)

Sec. 5-30.18. Service authorization program performance.

(a) Definitions. As used in this Section:

"Gold Card provider" means a provider identified by each Medicaid Managed Care Organization (MCO) as qualified under the guidelines outlined by the Department in accordance with subsection (c) and thereby granted a service authorization exemption when ordering a health care service.

"Health care service" means any medical or behavioral health service covered under the medical assistance program that is rendered in the inpatient or outpatient hospital setting, including hospital-based clinics, and subject to review under a service authorization program.

"Provider" means an individual actively enrolled in the medical assistance program and licensed or otherwise authorized to order, prescribe, refer, or render health care services in this State, and, as determined by the Department, may also include hospitals that submit service authorization requests.

"Service authorization exemption" means an exception granted by a Medicaid MCO to a provider under which all service authorization requests for covered health care services, excluding pharmacy services and durable medical equipment, are automatically deemed to be medically necessary, clinically appropriate, and approved for reimbursement as ordered.

"Service authorization program" means any utilization review, utilization management, peer review, quality review, or other medical management activity conducted in advance of, concurrent to, or after the provision of a health care service by a Medicaid MCO, either directly or through a contracted utilization review organization (URO), including, but not limited to, prior authorization, pre-certification, certification of admission, concurrent review, and retrospective review of health care services.

"Service authorization request" means a request by a provider to a service authorization program to determine whether a health care service that is otherwise covered under the medical assistance program meets the reimbursement requirements established by the Medicaid MCO, or its contracted URO, for medically necessary, clinically appropriate care and to issue a service authorization determination.

"Utilization review organization" or "URO" means a managed care organization or other entity that has established or administers one or more service authorization programs.

(b) In consultation with the Medicaid MCOs, a statewide association representing managed care organizations, a statewide association representing the majority of Illinois hospitals, and a statewide association representing physicians, the Department shall in accordance with the Illinois Administrative Procedure Act, adopt administrative rules no later than July 1, 2026, consistent with this Section, to require each Medicaid MCO to identify Gold Card providers with such identification initially being effective for health care services provided on and after July 1, 2026 ~~2025~~.

(c) The Department shall adopt rules, in accordance with the Illinois Administrative Procedure Act, to implement this Section that include, but are not limited to, the following provisions:

(1) Require each Medicaid MCO to provide a service authorization exemption to a provider if the provider has submitted at least 50 service authorization requests to its service authorization program in the preceding calendar year and the service authorization program approved at least 90% of all service authorization requests, regardless of the type of health care services requested.

(2) Require that service authorization exemptions be limited to services provided in an inpatient or outpatient hospital setting inclusive of hospital-based clinics. Service authorization exemptions under this Section shall not pertain to pharmacy services and durable medical equipment and supplies.

(3) The service authorization exemption shall be valid for at least one year, shall be made by each Medicaid MCO or its URO, and shall be binding on the Medicaid MCO and its URO.

(4) The provider shall be required to continue to document medically necessary, clinically appropriate care and submit such documentation to the Medicaid MCO for the purpose of continuous performance monitoring. If a provider fails to maintain the 90% service authorization standard, as determined on no more frequent a basis than bi-annually, the provider's service authorization exemption is subject to temporary or permanent suspension.

(5) Require that each Medicaid MCO publish on its provider portal a list of all providers that have qualified for a service authorization exemption or indicate that a provider has qualified for a service authorization exemption on its provider-facing provider roster.

(6) Require that no later than June 1 ~~December 1~~ of each calendar year, each Medicaid MCO shall provide written notification to all providers who qualify for a service authorization exemption, for the subsequent State fiscal ~~calendar~~ year.

(7) Require that each Medicaid MCO or its URO use the policies and guidelines published by the Department to evaluate whether a provider meets the criteria to qualify for a service authorization exemption and the conditions under which a service authorization exemption may be rescinded, including review of the provider's service authorization determinations during the preceding calendar year.

(8) Require each Medicaid MCO to provide the Department a list of all providers who were denied a service authorization exemption or had a previously granted service authorization exemption suspended, with such denials being subject to an annual audit conducted by an independent third-party URO to ensure their appropriateness.

(A) The independent third-party URO shall issue a written report consistent with this paragraph.

(B) The independent third-party URO shall not be owned by, affiliated with, or employed by any Medicaid MCO or its contracted URO, nor shall it have any financial interest in the Medicaid MCO's service authorization exemption program.

(d) Each Medicaid MCO must have a standard method to accept and process professional claims and facility claims, as billed by the provider, for a health care service that is rendered, prescribed, or ordered by a provider granted a service authorization exemption, except in cases of fraud.

(e) A service authorization program shall not deny, partially deny, reduce the level of care, or otherwise limit reimbursement to the rendering or supervising provider, including the rendering facility, for health care services ordered by a provider who qualifies for a service authorization exemption, except in cases of fraud.

(f) This Section is repealed on December 31, 2030.

ARTICLE 72.

Section 72-5. The Hospital Licensing Act is amended by changing Section 4.5 as follows:

(210 ILCS 85/4.5)

Sec. 4.5. Hospital with multiple locations; single license.

(a) A hospital located in a county with fewer than 3,000,000 inhabitants may apply to the Department for approval to conduct its operations from more than one location within the county under a single license. At the time of the application to operate under a single license, a hospital located in a county with fewer than 125,000 inhabitants may apply to the Department for approval to conduct its operations from more than one location within contiguous counties in which both facilities are located, provided that the second county has fewer than 235,000 inhabitants. A hospital located in a county with fewer than 325,000 inhabitants may apply to the Department for approval to conduct its operations from more than one location within contiguous counties provided that the facility located in the contiguous county is separately licensed under this Act and was acquired out of bankruptcy proceedings under the United States Bankruptcy Code before the effective date of this amendatory Act of the 104th General Assembly.

(b) The facilities or buildings at those locations must be owned or operated together by a single corporation or other legal entity serving as the licensee and must share:

(1) a single board of directors with responsibility for governance, including financial oversight and the authority to designate or remove the chief executive officer;

(2) a single medical staff accountable to the board of directors and governed by a single set of medical staff bylaws, rules, and regulations with responsibility for the quality of the medical services; and

(3) a single chief executive officer, accountable to the board of directors, with management responsibility.

(c) Each hospital building or facility that is located on a site geographically separate from the campus or premises of another hospital building or facility operated by the licensee must, at a minimum, individually comply with the Department's hospital licensing requirements for emergency services.

(d) The hospital shall submit to the Department a comprehensive plan in relation to the waiver or waivers requested describing the services and operations of each facility or building and how common services or operations will be coordinated between the various locations. With the exception of items required by subsection (c), the Department is authorized to waive compliance with the hospital licensing requirements for specific buildings or facilities, provided that the hospital has documented which other building or facility under its single license provides that service or operation, and that doing so would not endanger the public's health, safety, or welfare. Nothing in this Section relieves a hospital from the requirements of the Health Facilities Planning Act.

ARTICLE 73.

Section 73-5. The Nursing Home Care Act is amended by changing Sections 3-202.05 and 3-209 as follows:

(210 ILCS 45/3-202.05)

Sec. 3-202.05. Staffing ratios effective July 1, 2010 and thereafter.

(a) For the purpose of computing staff to resident ratios, direct care staff shall include:

- (1) registered nurses;
- (2) licensed practical nurses;
- (3) certified nurse assistants;
- (4) psychiatric services rehabilitation aides;
- (5) rehabilitation and therapy aides;
- (6) psychiatric services rehabilitation coordinators;
- (7) assistant directors of nursing;
- (8) 50% of the Director of Nurses' time; and
- (9) 30% of the Social Services Directors' time.

The Department shall, by rule, allow certain facilities subject to 77 Ill. Adm. Code 300.4000 and following (Subpart S) to utilize specialized clinical staff, as defined in rules, to count towards the staffing ratios.

Within 120 days of June 14, 2012 (the effective date of Public Act 97-689), the Department shall promulgate rules specific to the staffing requirements for facilities federally defined as Institutions for Mental Disease. These rules shall recognize the unique nature of individuals with chronic mental health conditions, shall include minimum requirements for specialized clinical staff, including clinical social workers, psychiatrists, psychologists, and direct care staff set forth in paragraphs (4) through (6) and any other specialized staff which may be utilized and deemed necessary to count toward staffing ratios.

Within 120 days of June 14, 2012 (the effective date of Public Act 97-689), the Department shall promulgate rules specific to the staffing requirements for facilities licensed under the Specialized Mental Health Rehabilitation Act of 2013. These rules shall recognize the unique nature of individuals with chronic mental health conditions, shall include minimum requirements for specialized clinical staff, including clinical social workers, psychiatrists, psychologists, and direct care staff set forth in paragraphs (4) through (6) and any other specialized staff which may be utilized and deemed necessary to count toward staffing ratios.

(a-5) The Centers for Medicare and Medicaid Services' payroll-based journal job title codes, which correspond to the staff used for the staffing ratios in subsection (a), are as follows:

- (1) Registered Nurse Director of Nursing, job title code 5.
- (2) Registered Nurse with Administrative Duties, job title code 6.
- (3) Registered Nurse, job title code 7.
- (4) Licensed Practical/Vocational Nurse with Administrative Duties, job title code 8.

- (5) Licensed Practical/Vocational Nurse, job title code 9.
- (6) Certified Nurse Aide, job title code 10.
- (7) Nurse Aide in Training, job title code 11.
- (8) Medication Aide/Technician, job title code 12.
- (9) Nurse Practitioner, job title code 13.
- (10) Clinical Nurse Specialist, job title code 14.
- (11) Occupational Therapist, job title code 18.
- (12) Occupational Therapy Assistant, job title code 19.
- (13) Occupational Therapy Aide, job title code 20.
- (14) Physical Therapist, job title code 21.
- (15) Physical Therapy Assistant, job title code 22.
- (16) Physical Therapy Assistant, job title code 23.
- (17) Respiratory Therapist, job title code 24.
- (18) Respiratory Therapy Technician, job title code 25.
- (19) Speech/Language Pathologist, job title code 26.
- (20) Qualified Activities Professional, job title code 28.
- (21) Other Activities Staff, job title code 29.
- (22) Qualified Social Worker, job title code 30.
- (23) Other Social Worker, job title code 31.
- (24) Mental Health Service Worker, job title code 34.

For all job title codes in this subsection, 100% of the hours worked by the staff must be counted toward the staff-to-resident ratio, except job code title 5, which is limited to 50%, and job title codes 28, 30, and 31, which are limited to 30%.

(b) (Blank).

(b-5) For purposes of the minimum staffing ratios in this Section, all residents shall be classified as requiring either skilled care or intermediate care.

As used in this subsection:

"Intermediate care" means basic nursing care and other restorative services under periodic medical direction.

"Skilled care" means skilled nursing care, continuous skilled nursing observations, restorative nursing, and other services under professional direction with frequent medical supervision.

(c) Facilities shall notify the Department within 60 days after July 29, 2010 (the effective date of Public Act 96-1372), in a form and manner prescribed by the Department, of the staffing ratios in effect on July 29, 2010 (the effective date of Public Act 96-1372) for both intermediate and skilled care and the number of residents receiving each level of care.

(d)(1) (Blank).

(2) (Blank).

(3) (Blank).

(4) (Blank).

(5) Effective January 1, 2014, the minimum staffing ratios shall be increased to 3.8 hours of nursing and personal care each day for a resident needing skilled care and 2.5 hours of nursing and personal care each day for a resident needing intermediate care.

(e) Ninety days after June 14, 2012 (the effective date of Public Act 97-689), a minimum of 25% of nursing and personal care time shall be provided by licensed nurses, with at least 10% of nursing and personal care time provided by registered nurses. These minimum requirements shall remain in effect until an acuity based registered nurse requirement is promulgated by rule concurrent with the adoption of the Resource Utilization Group classification-based payment methodology, as provided in Section 5-5.2 of the Illinois Public Aid Code. Registered nurses and licensed practical nurses employed by a facility in excess of these requirements may be used to satisfy the remaining 75% of the nursing and personal care time requirements. Notwithstanding this subsection, no staffing requirement in statute in effect on June 14, 2012 (the effective date of Public Act 97-689) shall be reduced on account of this subsection.

(f) The Department shall submit proposed rules for adoption by January 1, 2020 establishing a system for determining compliance with minimum staffing set forth in this Section and the requirements of 77 Ill. Adm. Code 300.1230 adjusted for any waivers granted under Section 3-303.1. Compliance shall be determined quarterly by comparing the number of hours provided per resident per day using the Centers for Medicare and Medicaid Services' payroll-based journal and the facility's daily census, broken down by

intermediate and skilled care as self-reported by the facility to the Department on a quarterly basis. The Department shall use the quarterly payroll-based journal and the self-reported census to calculate the number of hours provided per resident per day and compare this ratio to the minimum staffing standards required under this Section, as impacted by any waivers granted under Section 3-303.1. Discrepancies between job titles contained in this Section and the payroll-based journal shall be addressed by rule. The manner in which the Department requests payroll-based journal information to be submitted shall align with the federal Centers for Medicare and Medicaid Services' requirements that allow providers to submit the quarterly data in an aggregate manner.

(g) Monetary penalties for non-compliance. The Department shall submit proposed rules for adoption by January 1, 2020 establishing monetary penalties for facilities not in compliance with minimum staffing standards under this Section. Facilities shall be required to comply with the provisions of this subsection beginning January 1, 2025. No monetary penalty may be issued for noncompliance prior to the revised implementation date, which shall be January 1, 2025. If a facility is found to be noncompliant prior to the revised implementation date, the Department shall provide a written notice identifying the staffing deficiencies and require the facility to provide a sufficiently detailed correction plan that describes proposed and completed actions the facility will take or has taken, including hiring actions, to address the facility's failure to meet the statutory minimum staffing levels. Monetary penalties shall be imposed beginning no later than July 1, 2025, based on data for the quarter beginning January 1, 2025 through March 31, 2025 and quarterly thereafter. Monetary penalties shall be established based on a formula that calculates on a daily basis the cost of wages and benefits for the missing staffing hours. All notices of noncompliance shall include the computations used to determine noncompliance and establishing the variance between minimum staffing ratios and the Department's computations. The penalty for the first offense shall be 125% of the cost of wages and benefits for the missing staffing hours. The penalty shall increase to 150% of the cost of wages and benefits for the missing staffing hours for the second offense and 200% the cost of wages and benefits for the missing staffing hours for the third and all subsequent offenses. The penalty shall be imposed regardless of whether the facility has committed other violations of this Act during the same period that the staffing offense occurred. The penalty may not be waived, except but the Department shall have the discretion to determine the gravity of the violation in situations where there is no more than a 10% deviation from the staffing requirements, in which case the facility shall not receive a violation or penalty and make appropriate adjustments to the penalty. The Department is granted discretion to waive the violation and penalty when unforeseen circumstances have occurred that resulted in call-offs of scheduled staff. This provision shall be applied no more than 6 times per quarter. Nothing in this Section diminishes a facility's right to appeal the imposition of a monetary penalty. No facility may appeal a notice of noncompliance issued during the revised implementation period. The changes made to this subsection by this amendatory Act of the 104th General Assembly in regard to nursing home staffing fines shall apply to the July 1, 2025 fines based on data for the quarter beginning January 1, 2025 through March 31, 2025 and quarterly thereafter.

(Source: P.A. 101-10, eff. 6-5-19; 102-16, eff. 6-17-21; 102-1118, eff. 1-18-23.)

(210 ILCS 45/3-209) (from Ch. 111 1/2, par. 4153-209)

(Text of Section before amendment by P.A. 103-1069)

Sec. 3-209. Required posting of information.

(a) Every facility shall conspicuously post for display in an area of its offices accessible to residents, employees, and visitors the following:

- (1) Its current license;
- (2) A description, provided by the Department, of complaint procedures established under this Act and the name, address, and telephone number of a person authorized by the Department to receive complaints;
- (3) A copy of any order pertaining to the facility issued by the Department or a court;
- (4) A list of the material available for public inspection under Section 3-210;
- (5) Phone numbers and websites for rights protection services must be posted in common areas and at the main entrance and provided upon entry and at the request of residents or the resident's representative in accordance with 42 CFR 483.10(j)(4); and
- (6) The statement "The Illinois Long-Term Care Ombudsman Program is a free resident advocacy service available to the public."

In accordance with F574 of the State Operations Manual for Long-Term Care Facilities, the administrator shall post for all residents and at the main entrance the name, address, and telephone number

of the appropriate State governmental office where complaints may be lodged in language the resident can understand, which must include notice of the grievance procedure of the facility or program as well as addresses and phone numbers for the Office of Health Care Regulation and the Long-Term Care Ombudsman Program and a website showing the information of a facility's ownership. The facility shall include a link to the Long-Term Care Ombudsman Program's website on the home page of the facility's website.

(b) A facility that has received a notice of violation for a violation of the minimum staffing requirements under Section 3-202.05 shall display, ~~for a consecutive 60 days immediately after the facility is notified of the violation during the period of time the facility is out of compliance,~~ a notice stating in Calibri (body) font and 26-point type in black letters on an 8.5 by 11 inch white paper the following:

"Notice Dated:"

This facility ~~did~~ does not currently meet the minimum staffing ratios required by law for [insert applicable quarter]. Posted at the direction of the Illinois Department of Public Health."

The notice must be posted, at a minimum, at all publicly used exterior entryways into the facility, inside the main entrance lobby, and next to any registration desk for easily accessible viewing. The notice must also be posted on the main page of the facility's website. The Department shall have the discretion to determine the gravity of any violation and, taking into account mitigating and aggravating circumstances and facts, may reduce the requirement of, and amount of time for, posting the notice. Facilities shall not be required to post for the violation if they are within the 10% deviation of staffing requirements as provided in Section 3-202.05.

(Source: P.A. 101-10, eff. 6-5-19; 102-1080, eff. 1-1-23.)

(Text of Section after amendment by P.A. 103-1069)

Sec. 3-209. Required posting of information.

(a) Every facility shall conspicuously post for display in an area of its offices accessible to residents, employees, and visitors the following:

- (1) Its current license;
- (2) A description, provided by the Department, of complaint procedures established under this Act and the name, address, and telephone number of a person authorized by the Department to receive complaints;
- (3) A copy of any order pertaining to the facility issued by the Department or a court;
- (4) A list of the material available for public inspection under Section 3-210;
- (5) Phone numbers and websites for rights protection services must be posted in common areas and at the main entrance and provided upon entry and at the request of residents or the resident's representative in accordance with 42 CFR 483.10(j)(4);
- (6) The statement "The Illinois Long-Term Care Ombudsman Program is a free resident advocacy service available to the public."; and
- (7) A description of the retaliation complaint procedures and the remedies established under this Act.

In accordance with F574 of the State Operations Manual for Long-Term Care Facilities, the administrator shall post for all residents and at the main entrance the name, address, and telephone number of the appropriate State governmental office where complaints may be lodged in language the resident can understand, which must include notice of the grievance procedure of the facility or program as well as addresses and phone numbers for the Office of Health Care Regulation and the Long-Term Care Ombudsman Program and a website showing the information of a facility's ownership. The facility shall include a link to the Long-Term Care Ombudsman Program's website on the home page of the facility's website.

(b) A facility that has received a notice of violation for a violation of the minimum staffing requirements under Section 3-202.05 shall display, ~~for a consecutive 60 days immediately after the facility is notified of the violation during the period of time the facility is out of compliance,~~ a notice stating in Calibri (body) font and 26-point type in black letters on an 8.5 by 11 inch white paper the following:

"Notice Dated:"

This facility ~~did~~ does not currently meet the minimum staffing ratios required by law for [insert applicable quarter]. Posted at the direction of the Illinois Department of Public Health."

The notice must be posted, at a minimum, at all publicly used exterior entryways into the facility, inside the main entrance lobby, and next to any registration desk for easily accessible viewing. The notice must also be posted on the main page of the facility's website. The Department shall have the discretion to determine the gravity of any violation and, taking into account mitigating and aggravating circumstances and facts, may reduce the requirement of, and amount of time for, posting the notice. Facilities shall not be required to post for the violation if they are within the 10% deviation of staffing requirements as provided in Section 3-202.05.

ARTICLE 74.

Section 74-5. The Illinois Public Aid Code is amended by changing Section 5-5.01a as follows:
(305 ILCS 5/5-5.01a)

Sec. 5-5.01a. Supportive living facilities program.

(a) The Department shall establish and provide oversight for a program of supportive living facilities that seek to promote resident independence, dignity, respect, and well-being in the most cost-effective manner.

A supportive living facility is (i) a free-standing facility or (ii) a distinct physical and operational entity within a mixed-use building that meets the criteria established in subsection (d). A supportive living facility integrates housing with health, personal care, and supportive services and is a designated setting that offers residents their own separate, private, and distinct living units.

Sites for the operation of the program shall be selected by the Department based upon criteria that may include the need for services in a geographic area, the availability of funding, and the site's ability to meet the standards.

(b) Beginning July 1, 2014, subject to federal approval, the Medicaid rates for supportive living facilities shall be equal to the supportive living facility Medicaid rate effective on June 30, 2014 increased by 8.85%. Once the assessment imposed at Article V-G of this Code is determined to be a permissible tax under Title XIX of the Social Security Act, the Department shall increase the Medicaid rates for supportive living facilities effective on July 1, 2014 by 9.09%. The Department shall apply this increase retroactively to coincide with the imposition of the assessment in Article V-G of this Code in accordance with the approval for federal financial participation by the Centers for Medicare and Medicaid Services.

The Medicaid rates for supportive living facilities effective on July 1, 2017 must be equal to the rates in effect for supportive living facilities on June 30, 2017 increased by 2.8%.

The Medicaid rates for supportive living facilities effective on July 1, 2018 must be equal to the rates in effect for supportive living facilities on June 30, 2018.

Subject to federal approval, the Medicaid rates for supportive living services on and after July 1, 2019 must be at least 54.3% of the average total nursing facility services per diem for the geographic areas defined by the Department while maintaining the rate differential for dementia care and must be updated whenever the total nursing facility service per diems are updated. Beginning July 1, 2022, upon the implementation of the Patient Driven Payment Model, Medicaid rates for supportive living services must be at least 54.3% of the average total nursing services per diem rate for the geographic areas. For purposes of this provision, the average total nursing services per diem rate shall include all add-ons for nursing facilities for the geographic area provided for in Section 5-5.2. The rate differential for dementia care must be maintained in these rates and the rates shall be updated whenever nursing facility per diem rates are updated.

Subject to federal approval, beginning January 1, 2024, the dementia care rate for supportive living services must be no less than the non-dementia care supportive living services rate multiplied by 1.5.

(b-5) Subject to federal approval, beginning January 1, 2025, Medicaid rates for supportive living services must be at least 54.75% of the average total nursing facility services per diem rate for the geographic areas defined by the Department and shall include all add-ons for nursing facilities for the geographic area provided for in Section 5-5.2.

(c) The Department may adopt rules to implement this Section. Rules that establish or modify the services, standards, and conditions for participation in the program shall be adopted by the Department in

consultation with the Department on Aging, the Department of Rehabilitation Services, and the Department of Mental Health and Developmental Disabilities (or their successor agencies).

(d) Subject to federal approval by the Centers for Medicare and Medicaid Services, the Department shall accept for consideration of certification under the program any application for a site or building where distinct parts of the site or building are designated for purposes other than the provision of supportive living services, but only if:

(1) those distinct parts of the site or building are not designated for the purpose of providing assisted living services as required under the Assisted Living and Shared Housing Act;

(2) those distinct parts of the site or building are completely separate from the part of the building used for the provision of supportive living program services, including separate entrances;

(3) those distinct parts of the site or building do not share any common spaces with the part of the building used for the provision of supportive living program services; and

(4) those distinct parts of the site or building do not share staffing with the part of the building used for the provision of supportive living program services.

(e) Facilities or distinct parts of facilities which are selected as supportive living facilities and are in good standing with the Department's rules are exempt from the provisions of the Nursing Home Care Act and the Illinois Health Facilities Planning Act.

(f) Section 9817 of the American Rescue Plan Act of 2021 (Public Law 117-2) authorizes a 10% enhanced federal medical assistance percentage for supportive living services for a 12-month period from April 1, 2021 through March 31, 2022. Subject to federal approval, including the approval of any necessary waiver amendments or other federally required documents or assurances, for a 12-month period the Department must pay a supplemental \$26 per diem rate to all supportive living facilities with the additional federal financial participation funds that result from the enhanced federal medical assistance percentage from April 1, 2021 through March 31, 2022. The Department may issue parameters around how the supplemental payment should be spent, including quality improvement activities. The Department may alter the form, methods, or timeframes concerning the supplemental per diem rate to comply with any subsequent changes to federal law, changes made by guidance issued by the federal Centers for Medicare and Medicaid Services, or other changes necessary to receive the enhanced federal medical assistance percentage.

(g) All applications for the expansion of supportive living dementia care settings involving sites not approved by the Department by January 1, 2024 (Public Act 103-102) may allow new elderly non-dementia units in addition to new dementia care units. The Department may approve such applications only if the application has: (1) no more than one non-dementia care unit for each dementia care unit and (2) the site is not located within 4 miles of an existing supportive living program site in Cook County (including the City of Chicago), not located within 12 miles of an existing supportive living program site in Alexander, Bond, Boone, Calhoun, Champaign, Clinton, DeKalb, DuPage, Fulton, Grundy, Henry, Jackson, Jersey, Johnson, Kane, Kankakee, Kendall, Lake, Macon, Macoupin, Madison, Marshall, McHenry, McLean, Menard, Mercer, Monroe, Peoria, Piatt, Rock Island, Sangamon, Stark, St. Clair, Tazewell, Vermilion, Will, Williamson, Winnebago, or Woodford counties, or not located within 25 miles of an existing supportive living program site in any other county.

(h) Beginning January 1, 2025, subject to federal approval, for a person who is a resident of a supportive living facility under this Section, the monthly personal needs allowance shall be \$120 per month.

(i) ~~(h)~~ As stated in the supportive living program home and community-based service waiver approved by the federal Centers for Medicare and Medicaid Services, and beginning July 1, 2025, the Department must maintain the rate add-on implemented on January 1, 2023 for the provision of 2 meals per day at no less than \$6.15 per day.

(j) ~~(i)~~ Subject to federal approval, the Department shall allow a certified medication aide to administer medication in a supportive living facility. For purposes of this subsection, "certified medication aide" means a person who has met the qualifications for certification under Section 79 of the Assisted Living and Shared Housing Act and assists with medication administration while under the supervision of a registered professional nurse as authorized by Section 50-75 of the Nurse Practice Act. The Department may adopt rules to implement this subsection.

ARTICLE 75.

Section 75-5. The Illinois Public Aid Code is amended by changing Section 5A-2 as follows:

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)

(Section scheduled to be repealed on December 31, 2026)

Sec. 5A-2. Assessment.

(a)(1) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, or as long as continued under Section 5A-16, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of \$218.38 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, or as provided in Section 5A-16, in addition to any federally required State share as authorized under paragraph (1), the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2018, or as provided in Section 5A-16, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days. For State fiscal years 2019 and 2020, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection (b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$221.50 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided however: for the period of July 1, 2020 through December 31, 2020, (i) the assessment shall be equal to 50% of the annual amount; and (ii) the amount of \$221.50 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department

may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology for fiscal years 2021 through December 31, 2022 not be approved on or before June 30, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the assessment methodology for July 1, 2020 through December 31, 2022, is approved on or after July 1, 2020, it shall be retroactive to July 1, 2020, subject to federal approval and provided that the payments authorized under Section 5A-12.7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department. Subject to federal approval, the Department may, by January 1, 2024, develop a hypothetical tax for a specialty cancer hospital which had a structural change of ownership during calendar year 2022 from a for-profit entity to a non-profit entity, and which has experienced a decline of 60% or greater in inpatient days of care as compared to the prior owners 2015 Medicare cost report. This change of ownership may make the hospital eligible for a hypothetical tax under the new hospital provision of the assessment defined in this Section. This new hypothetical tax may be applicable from January 1, 2024 through December 31, 2026.

(6) For calendar year 2026, and for each year thereafter in which a tax is imposed under this Section, the Department may seek to obtain a waiver from the federal Centers for Medicare and Medicaid Services of the uniformity requirements in place for the tax imposed under this Section, provided that such waiver request does not risk the assessment imposed or payments authorized under this Section from continuing. Such uniformity requirements shall only be waived for not-for-profit hospitals operating as a freestanding cancer hospital that have contracted to provide services to members served by at least 50% of the managed care organizations contracted with the Department. Such tax rates imposed on a hospital shall be no more than 50% and no less than 25% of the tax imposed on all other hospitals in this State unless different rates are necessary to meet federal statistical tests necessary for continued federal financial participation. Upon federal approval of such a waiver, other tax rates imposed under this Article shall be adjusted to ensure budget neutrality.

(b) (Blank).

(b-5)(1) Subject to Sections 5A-3 and 5A-10, for the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, or as provided in Section 5A-16, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, or as provided in Section 5A-16, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as

contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue. For State fiscal years 2019 and 2020, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection (b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01525 multiplied by the hospital's outpatient gross revenue, provided however: (i) for the period of July 1, 2020 through December 31, 2020, the assessment shall be equal to 50% of the annual amount; and (ii) the amount of .01525 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2026, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's outpatient revenue data from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology above for fiscal years 2021 through calendar year 2022 not be approved prior to July 1, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the change in the assessment methodology above for July 1, 2020 through December 31, 2022, is approved after June 30, 2020, it shall have a retroactive effective date of July 1, 2020, subject to federal approval and provided that the payments authorized under Section 12A-7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department.

(6) For calendar year 2026, and for each year thereafter in which a tax is imposed under this Section, the Department may seek to obtain a waiver from the federal Centers for Medicare and Medicaid Services of the uniformity requirements in place for the tax imposed under this Section, provided that such waiver request does not risk the assessment imposed or payments authorized under this Section from continuing. Such uniformity requirements shall only be waived for not-for-profit hospitals operating as a freestanding cancer hospital that have contracted to provide services to members served by at least 50% of the managed care organizations contracted with the Department. Such tax rates imposed on a hospital shall be no more than 50% and no less than 25% of the tax imposed on all other hospitals in this State unless different rates

are necessary to meet federal statistical tests necessary for continued federal financial participation. Upon federal approval of such a waiver, other tax rates imposed under this Article shall be adjusted to ensure budget neutrality.

(b-6)(1) As used in this Section, "ACA Assessment Adjustment" means:

(A) For the period of July 1, 2016 through December 31, 2016, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2016 multiplied by 6.

(B) For the period of January 1, 2017 through June 30, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2016 multiplied by 6, except that the amount calculated under this subparagraph (B) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning July 1, 2016 through December 31, 2016 and the estimated payments due and payable in the month of April 2016 multiplied by 6 as described in subparagraph (A).

(C) For the period of July 1, 2017 through December 31, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2017 multiplied by 6, except that the amount calculated under this subparagraph (C) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning January 1, 2017 through June 30, 2017 and the estimated payments due and payable in the month of October 2016 multiplied by 6 as described in subparagraph (B).

(D) For the period of January 1, 2018 through June 30, 2018, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that:

(i) the amount calculated under this subparagraph (D) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period of July 1, 2017 through December 31, 2017 and the estimated payments due and payable in the month of April 2017 multiplied by 6 as described in subparagraph (C); and

(ii) the amount calculated under this subparagraph (D) shall be adjusted to include the product of .19125 multiplied by the sum of the fee-for-service payments, if any, estimated to be paid to hospitals under subsection (b) of Section 5A-12.5.

(2) The Department shall complete and apply a final reconciliation of the ACA Assessment Adjustment prior to June 30, 2018 to account for:

(A) any differences between the actual payments issued or scheduled to be issued prior to June 30, 2018 as authorized in Section 5A-12.5 for the period of January 1, 2018 through June 30, 2018 and the estimated payments due and payable in the month of October 2017 multiplied by 6 as described in subparagraph (D); and

(B) any difference between the estimated fee-for-service payments under subsection (b) of Section 5A-12.5 and the amount of such payments that are actually scheduled to be paid.

The Department shall notify hospitals of any additional amounts owed or reduction credits to be applied to the June 2018 ACA Assessment Adjustment. This is to be considered the final reconciliation for the ACA Assessment Adjustment.

(3) Notwithstanding any other provision of this Section, if for any reason the scheduled payments under subsection (b) of Section 5A-12.5 are not issued in full by the final day of the period authorized under subsection (b) of Section 5A-12.5, funds collected from each hospital pursuant to subparagraph (D) of paragraph (1) and pursuant to paragraph (2), attributable to the scheduled payments authorized under subsection (b) of Section 5A-12.5 that are not issued in full by the final day of the period attributable to each payment authorized under subsection (b) of Section 5A-12.5, shall be refunded.

(4) The increases authorized under paragraph (2) of subsection (a) and paragraph (2) of subsection (b-5) shall be limited to the federally required State share of the total payments authorized under Section 5A-12.5 if the sum of such payments yields an annualized amount equal to or less than \$450,000,000, or if

the adjustments authorized under subsection (t) of Section 5A-12.2 are found not to be actuarially sound; however, this limitation shall not apply to the fee-for-service payments described in subsection (b) of Section 5A-12.5.

(b-7)(1) As used in this Section, "Assessment Adjustment" means:

(A) For the period of July 1, 2020 through December 31, 2020, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(B) For each calendar quarter beginning January 1, 2021 through December 31, 2022, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(C) Beginning on January 1, 2023, and each subsequent July 1 and January 1, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (j) of Section 5A-12.7 attributable to the 6-month period immediately preceding the period to which the adjustment applies, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the 6-month period immediately preceding the period to which the adjustment applies.

(2) The Department shall calculate and notify each hospital of the total Assessment Adjustment and any additional assessment owed by the hospital or refund owed to the hospital on either a semi-annual or annual basis. Such notice shall be issued at least 30 days prior to any period in which the assessment will be adjusted. Any additional assessment owed by the hospital or refund owed to the hospital shall be uniformly applied to the assessment owed by the hospital in monthly installments for the subsequent semi-annual period or calendar year. If no assessment is owed in the subsequent year, any amount owed by the hospital or refund due to the hospital, shall be paid in a lump sum.

(3) The Department shall publish all details of the Assessment Adjustment calculation performed each year on its website within 30 days of completing the calculation, and also submit the details of the Assessment Adjustment calculation as part of the Department's annual report to the General Assembly.

(b-8) Notwithstanding any other provision of this Article, the Department shall reduce the assessments imposed on each hospital under subsections (a) and (b-5) by the uniform percentage necessary to reduce the total assessment imposed on all hospitals by an aggregate amount of \$240,000,000, with such reduction being applied by June 30, 2022. The assessment reduction required for each hospital under this subsection shall be forever waived, forgiven, and released by the Department.

(c) (Blank).

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois General Assembly by the enactment into law of related legislation. Notwithstanding any other provision of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section. Any such rules may be adopted by the Department under Section 5-50 of the Illinois Administrative Procedure Act.

ARTICLE 800.

Section 800-95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

ARTICLE 999.

Section 999-99. Effective date. This Act takes effect upon becoming law, except that Article 10 takes effect January 1, 2026."

Under the rules, the foregoing **Senate Bill No. 2437**, with House Amendments numbered 1 and 2, was referred to the Secretary's Desk.

JOINT ACTION MOTIONS FILED

The following Joint Action Motions to the Senate Bill listed below have been filed with the Secretary and referred to the Committee on Assignments:

Motion to Concur in House Amendment No. 1 to Senate Bill 2437
Motion to Concur in House Amendment No. 2 to Senate Bill 2437

June 1, 2025

HOUSE BILL RECALLED

On motion of Senator Villanueva, **House Bill No. 3790** was recalled from the order of third reading to the order of second reading.

Floor Amendment No. 2 was postponed in the Committee on Executive.

Senator Villanueva offered the following amendment and moved its adoption:

AMENDMENT NO. 3 TO HOUSE BILL 3790

AMENDMENT NO. 3. Amend House Bill 3790, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Property Tax Code is amended by changing Sections 15-172, 21-150, and 21-385 and by adding Sections 21-254 and 21-291 as follows:

(35 ILCS 200/15-172)

Sec. 15-172. Low-Income Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Low-Income Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value

[May 31, 2025]

is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

- (1) \$35,000 prior to taxable year 1999;
- (2) \$40,000 in taxable years 1999 through 2003;
- (3) \$45,000 in taxable years 2004 through 2005;
- (4) \$50,000 in taxable years 2006 and 2007;
- (5) \$55,000 in taxable years 2008 through 2016;
- (6) for taxable year 2017, (i) \$65,000 for qualified property located in a county with 3,000,000 or more inhabitants and (ii) \$55,000 for qualified property located in a county with fewer than 3,000,000 inhabitants; ~~and~~
- (7) for taxable years 2018 through 2025 ~~and thereafter~~, \$65,000 for all qualified property;-
- (8) for taxable year 2026, \$75,000 for all qualified property;
- (9) for taxable year 2027, \$77,000 for all qualified property; and
- (10) for taxable years 2028 and thereafter, \$79,000 for all qualified property.

As an alternative income valuation, a homeowner who is enrolled in any of the following programs may be presumed to have household income that does not exceed the maximum income limitation for that tax year as required by this Section: Aid to the Aged, Blind or Disabled (AABD) Program or the Supplemental Nutrition Assistance Program (SNAP), both of which are administered by the Department of Human Services; the Low Income Home Energy Assistance Program (LIHEAP), which is administered by the Department of Commerce and Economic Opportunity; The Benefit Access program, which is administered by the Department on Aging; and the Senior Citizens Real Estate Tax Deferral Program.

A chief county assessment officer may indicate that he or she has verified an applicant's income eligibility for this exemption but may not report which program or programs, if any, enroll the applicant. Release of personal information submitted pursuant to this Section shall be deemed an unwarranted invasion of personal privacy under the Freedom of Information Act.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a low-income senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

(1) For an applicant who has a household income of \$45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding \$45,000 but not exceeding \$46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding \$46,250 but not exceeding \$47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding \$47,500 but not exceeding \$48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding \$48,750 but not exceeding \$50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be

occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 2012. The applications shall be clearly marked as applications for the Low-Income Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, and that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the

amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

Notwithstanding any other provision of law, for taxable year 2017 and thereafter, in counties of 3,000,000 or more inhabitants, the amount of the exemption shall be the greater of (i) the amount of the exemption otherwise calculated under this Section or (ii) \$2,000.

(c-5) Notwithstanding any other provision of law, each chief county assessment officer may approve this exemption for the 2020 taxable year, without application, for any property that was approved for this exemption for the 2019 taxable year, provided that:

- (1) the county board has declared a local disaster as provided in the Illinois Emergency Management Agency Act related to the COVID-19 public health emergency;
- (2) the owner of record of the property as of January 1, 2020 is the same as the owner of record of the property as of January 1, 2019;
- (3) the exemption for the 2019 taxable year has not been determined to be an erroneous exemption as defined by this Code; and
- (4) the applicant for the 2019 taxable year has not asked for the exemption to be removed for the 2019 or 2020 taxable years.

Nothing in this subsection shall preclude or impair the authority of a chief county assessment officer to conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption as provided elsewhere in this Section.

(c-10) Notwithstanding any other provision of law, each chief county assessment officer may approve this exemption for the 2021 taxable year, without application, for any property that was approved for this exemption for the 2020 taxable year, if:

- (1) the county board has declared a local disaster as provided in the Illinois Emergency Management Agency Act related to the COVID-19 public health emergency;
- (2) the owner of record of the property as of January 1, 2021 is the same as the owner of record of the property as of January 1, 2020;
- (3) the exemption for the 2020 taxable year has not been determined to be an erroneous exemption as defined by this Code; and
- (4) the taxpayer for the 2020 taxable year has not asked for the exemption to be removed for the 2020 or 2021 taxable years.

Nothing in this subsection shall preclude or impair the authority of a chief county assessment officer to conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption as provided elsewhere in this Section.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(Source: P.A. 101-635, eff. 6-5-20; 102-136, eff. 7-23-21; 102-895, eff. 5-23-22.)

(35 ILCS 200/21-150)

Sec. 21-150. Time of applying for judgment. Except as otherwise provided in this Section or by ordinance or resolution enacted under subsection (c) of Section 21-40, in any county with fewer than 3,000,000 inhabitants, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made within 90 days after the second installment due date. In Cook County, all applications for judgment and order of sale for taxes and special assessments on delinquent properties shall be made (i) by July 1, 2011 for tax year 2009, (ii) by July 1, 2012 for tax year 2010, (iii) by July 1, 2013 for tax year 2011, (iv) by July 1, 2014 for tax year 2012, (v) by July 1, 2015 for tax year 2013, (vi) by May 1, 2016 for tax year 2014, (vii) by March 1, 2017 for tax year 2015, (viii) by April 1 of the next calendar year after the second installment due date for tax year 2016 and 2017, and (ix) within 365 days of the second installment due date for each tax year thereafter. Notwithstanding these dates, in Cook County, the application for judgment and order of sale for the 2018 annual tax sale that would normally be held in calendar year 2020 shall not be filed earlier than the first day of the first month during which there is no longer a statewide COVID-19 public health emergency, as evidenced by an effective disaster declaration of the Governor covering all counties in the State, except that in no event may this application for judgment and order of sale be filed later than October 1, 2021. When a tax sale is delayed because of a statewide COVID-19 public health emergency, no subsequent annual tax sale may begin earlier than 180 days after the last day of the prior delayed tax sale, and no scavenger tax sale may begin earlier than 90 days after the last day of the prior delayed tax sale. Notwithstanding any other provision of law, any deadlines set forth in this Section for applications for judgment and order of sale for taxes and special assessments on delinquent properties that occur on or after the effective date of this amendatory Act of the 104th General Assembly but before March 10, 2026 shall be tolled until March 10, 2026. In those counties which have adopted an ordinance under Section 21-40, the application for judgment and order of sale for delinquent taxes shall be made in December. In the 10 years next following the completion of a general reassessment of property in any county with 3,000,000 or more inhabitants, made under an order of the Department, applications for judgment and order of sale shall be made as soon as may be and on the day specified in the advertisement required by Section 21-110 and 21-115. If for any cause the court is not held on the day specified, the cause shall stand continued, and it shall be unnecessary to re-advertise the list or notice.

Within 30 days after the day specified for the application for judgment the court shall hear and determine the matter. If judgment is rendered, the sale shall begin on the date within 5 business days specified in the notice as provided in Section 21-115. If the collector is prevented from advertising and obtaining judgment within the time periods specified by this Section, the collector may obtain judgment at any time thereafter; but if the failure arises by the county collector's not complying with any of the requirements of this Code, he or she shall be held on his or her official bond for the full amount of all taxes and special assessments charged against him or her. Any failure on the part of the county collector shall not be allowed as a valid objection to the collection of any tax or assessment, or to entry of a judgment against any delinquent properties included in the application of the county collector.

(Source: P.A. 101-635, eff. 6-5-20; 102-519, eff. 8-20-21.)

(35 ILCS 200/21-254 new)

Sec. 21-254. Annual tax sale postponed. Notwithstanding any other provision of law, no annual tax sale shall be held on or after the effective date of this amendatory Act of the 104th General Assembly and before March 10, 2026. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(35 ILCS 200/21-291 new)

Sec. 21-291. Scavenger sale postponed. Notwithstanding any other provision of law, no scavenger sale shall be held on or after the effective date of this amendatory Act of the 104th General Assembly and before March 10, 2026. This Section is a limitation under subsection (i) of Section 6 of Article VII of the

Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(35 ILCS 200/21-385)

Sec. 21-385. Extension of period of redemption.

(a) For any tax certificates held by a county pursuant to Section 21-90, the redemption period for each tax certificate shall be extended by operation of law until the date established by the county as the redemption deadline in a petition for tax deed filed under Section 22-30. The redemption deadline established in the petition shall be identified in the notices provided under Sections 22-10 through 22-25 of this Code. After a redemption deadline is established in the petition for tax deed, the county may further extend the redemption deadline by filing with the county clerk of the county in which the property is located a written notice to that effect describing the property, identifying the certificate number, and specifying the extended period of redemption. Notwithstanding any expiration of a prior redemption period, all tax certificates forfeited to the county and held pursuant to Section 21-90 shall remain enforceable by the county or its assignee, and redemption shall be extended by operation of law until the date established by the county as the redemption deadline in a petition for tax deed filed under Section 22-30.

(b) Within 60 days of the date of assignment, assignees of forfeited certificates under Section 21-90 or Section 21-145 of this Code must file with the county clerk of the county in which the property is located a written notice describing the property, stating the date of the assignment, identifying the certificate number and specifying a deadline for redemption that is not later than 3 years from the date of assignment. Upon receiving the notice, the county clerk shall stamp the date of receipt upon the notice. If the notice is submitted as an electronic record, the county clerk shall acknowledge receipt of the record and shall provide confirmation in the same manner to the certificate holder. The confirmation from the county clerk shall include the date of receipt and shall serve as proof that the notice was filed with the county clerk. In no event shall a county clerk permit an assignee of forfeited certificates under Section 21-90 or Section 21-145 of this Code to extend the period of redemption beyond 3 years from the date of assignment. If the redemption period expires and no petition for tax deed has been filed under Section 22-30, the assigned tax certificate shall be forfeited to and held by the county pursuant to Section 21-90.

(c) Except for the county as trustee pursuant to Section 21-90, the purchaser or his or her assignee of property sold for nonpayment of general taxes or special assessments may extend the period of redemption at any time before the expiration of the original period of redemption, or thereafter prior to the expiration of any extended period of redemption, but only for a period that will expire not later than 3 years from the date of sale, by filing with the county clerk of the county in which the property is located a written notice to that effect describing the property, stating the date of the sale and specifying the extended period of redemption. Upon receiving the notice, the county clerk shall stamp the date of receipt upon the notice. If the notice is submitted as an electronic record, the county clerk shall acknowledge receipt of the record and shall provide confirmation in the same manner to the certificate holder. The confirmation from the county clerk shall include the date of receipt and shall serve as proof that the notice was filed with the county clerk. The county clerk shall not be required to extend the period of redemption unless the purchaser or his or her assignee obtains this acknowledgement of delivery. If prior to the expiration of the period of redemption or extended period of redemption a petition for tax deed has been filed under Section 22-30, upon application of the petitioner, the court shall allow the purchaser or his or her assignee to extend the period of redemption after expiration of the original period or any extended period of redemption, provided that any extension allowed will expire not later than 3 years from the date of sale. If the period of redemption is extended, the purchaser or his or her assignee must give the notices provided for in Section 22-10 at the specified times prior to the expiration of the extended period of redemption by causing a sheriff (or if he or she is disqualified, a coroner) of the county in which the property, or any part thereof, is located to serve the notices as provided in Sections 22-15 and 22-20. The notices may also be served as provided in Sections 22-15 and 22-20 by a special process server appointed by the court under Section 22-15 and as provided in Sections 22-15 and 22-20.

The changes made to this Section by this amendatory Act of the 103rd General Assembly apply to matters concerning tax certificates issued on or after January 1, 2024.

(d) For any tax certificates held by a county, the county clerk may create and administer a payment plan during the redemption period. Under the payment plan, the county clerk may waive interest penalties when payments are made in accordance with the parameters set forth in the payment plan.

(Source: P.A. 103-555, eff. 1-1-24.)

Section 10. The Senior Citizens Real Estate Tax Deferral Act is amended by changing Sections 2 and 3 as follows:

(320 ILCS 30/2) (from Ch. 67 1/2, par. 452)

Sec. 2. Definitions. As used in this Act:

(a) "Qualified Taxpayer" means an individual (i) who will be 65 years of age or older by June 1 of the year for which a tax deferral is claimed; (ii) who certifies that they have owned and occupied as their residence such property or other qualifying property in the State for at least the last 3 years, except for any periods during which the taxpayer may have temporarily resided in a nursing or sheltered care home; and (iii) whose household income for the year is no greater than the maximum household income. - (i) \$40,000 through tax year 2005; (ii) \$50,000 for tax years 2006 through 2011; (iii) \$55,000 for tax years 2012 through 2021; (iv) \$65,000 for tax years 2022 through 2025; and (v) \$55,000 for tax year 2026 and thereafter.

(b) "Tax deferred property" means the property upon which real estate taxes are deferred under this Act.

(c) "Homestead" means the land and buildings thereon, including a condominium or a dwelling unit in a multidwelling building that is owned and operated as a cooperative, occupied by the taxpayer as his residence or which are temporarily unoccupied by the taxpayer because such taxpayer is temporarily residing, for not more than 1 year, in a licensed facility as defined in Section 1-113 of the Nursing Home Care Act.

(d) "Real estate taxes" or "taxes" means the taxes on real property for which the taxpayer would be liable under the Property Tax Code, including special service area taxes, and special assessments on benefited real property for which the taxpayer would be liable to a unit of local government.

(e) "Department" means the Department of Revenue.

(f) "Qualifying property" means a homestead which (a) the taxpayer or the taxpayer and his spouse own in fee simple or are purchasing in fee simple under a recorded instrument of sale, (b) is not income-producing property, (c) is not subject to a lien for unpaid real estate taxes when a claim under this Act is filed, and (d) is not held in trust, other than an Illinois land trust with the taxpayer identified as the sole beneficiary, if the taxpayer is filing for the program for the first time effective as of the January 1, 2011 assessment year or tax year 2012 and thereafter.

(g) "Equity interest" means the current assessed valuation of the qualified property times the fraction necessary to convert that figure to full market value minus any outstanding debts or liens on that property. In the case of qualifying property not having a separate assessed valuation, the appraised value as determined by a qualified real estate appraiser shall be used instead of the current assessed valuation.

(h) "Household income" has the meaning ascribed to that term in the Senior Citizens and Persons with Disabilities Property Tax Relief Act.

(i) "Collector" means the county collector or, if the taxes to be deferred are special assessments, an official designated by a unit of local government to collect special assessments.

(j) "Maximum household income" means:

- (1) \$40,000 through tax year 2005;
- (2) \$50,000 for tax years 2006 through 2011;
- (3) \$55,000 for tax years 2012 through 2021;
- (4) \$65,000 for tax years 2022 through 2024;
- (5) \$75,000 for tax year 2025;
- (6) \$77,000 for tax year 2026; and
- (7) \$79,000 for tax years 2027 and thereafter.

(Source: P.A. 102-644, eff. 8-27-21.)

(320 ILCS 30/3) (from Ch. 67 1/2, par. 453)

Sec. 3. A taxpayer may, on or before March 1 of each year, apply to the county collector of the county where his qualifying property is located, or to the official designated by a unit of local government to collect special assessments on the qualifying property, as the case may be, for a deferral of all or a part of real estate taxes payable during that year for the preceding year in the case of real estate taxes other than special assessments, or for a deferral of any installments payable during that year in the case of special assessments, on all or part of his qualifying property. The application shall be on a form prescribed by the Department and furnished by the collector, (a) showing that the applicant will be 65 years of age or older by June 1 of the year for which a tax deferral is claimed, (b) describing the property and verifying that the property is qualifying property as defined in Section 2, (c) certifying that the taxpayer has owned and occupied as his residence such property or other qualifying property in the State for at least the last 3 years except for any

periods during which the taxpayer may have temporarily resided in a nursing or sheltered care home, and (d) specifying whether the deferral is for all or a part of the taxes, and, if for a part, the amount of deferral applied for. As to qualifying property not having a separate assessed valuation, the taxpayer shall also file with the county collector a written appraisal of the property prepared by a qualified real estate appraiser together with a certificate signed by the appraiser stating that he has personally examined the property and setting forth the value of the land and the value of the buildings thereon occupied by the taxpayer as his residence. The county collector may use eligibility for the Low-Income Senior Citizens Assessment Freeze Homestead Exemption under Section 15-172 of the Property Tax Code as qualification for items (a) and (c).

The collector shall grant the tax deferral provided such deferral does not exceed funds available in the Senior Citizens Real Estate Deferred Tax Revolving Fund and provided that the owner or owners of such real property have entered into a tax deferral and recovery agreement with the collector on behalf of the county or other unit of local government, which agreement expressly states:

(1) That the total amount of taxes deferred under this Act, plus interest, for the year for which a tax deferral is claimed as well as for those previous years for which taxes are not delinquent and for which such deferral has been claimed may not exceed 80% of the taxpayer's equity interest in the property for which taxes are to be deferred and that, if the total deferred taxes plus interest equals 80% of the taxpayer's equity interest in the property, the taxpayer shall thereafter pay the annual interest due on such deferred taxes plus interest so that total deferred taxes plus interest will not exceed such 80% of the taxpayer's equity interest in the property. Effective as of the January 1, 2011 assessment year or tax year 2012 and through the 2021 tax year, ~~and beginning again with the 2026 tax year,~~ the total amount of any such deferral shall not exceed \$5,000 per taxpayer in each tax year. For the 2022 tax year and every tax year after ~~through the 2025 tax year,~~ the total amount of any such deferral shall not exceed \$7,500 per taxpayer in each tax year.

(2) That any real estate taxes deferred under this Act and any interest accrued thereon are a lien on the real estate and improvements thereon until paid. If the taxes deferred are for a tax year prior to 2023, then interest shall accrue at the rate of 6% per year. If the taxes deferred are for the 2023 tax year or any tax year thereafter, then interest shall accrue at the rate of 3% per year. No sale or transfer of such real property may be legally closed and recorded until the taxes which would otherwise have been due on the property, plus accrued interest, have been paid unless the collector certifies in writing that an arrangement for prompt payment of the amount due has been made with his office. The same shall apply if the property is to be made the subject of a contract of sale.

(3) That upon the death of the taxpayer claiming the deferral the heirs-at-law, assignees or legatees shall have first priority to the real property upon which taxes have been deferred by paying in full the total taxes which would otherwise have been due, plus interest. However, if such heir-at-law, assignee, or legatee is a surviving spouse, the tax deferred status of the property shall be continued during the life of that surviving spouse if the spouse is 55 years of age or older within 6 months of the date of death of the taxpayer and enters into a tax deferral and recovery agreement before the time when deferred taxes become due under this Section. Any additional taxes deferred, plus interest, on the real property under a tax deferral and recovery agreement signed by a surviving spouse shall be added to the taxes and interest which would otherwise have been due, and the payment of which has been postponed during the life of such surviving spouse, in determining the 80% equity requirement provided by this Section.

(4) That if the taxes due, plus interest, are not paid by the heir-at-law, assignee or legatee or if payment is not postponed during the life of a surviving spouse, the deferred taxes and interest shall be recovered from the estate of the taxpayer within one year of the date of his death. In addition, deferred real estate taxes and any interest accrued thereon are due within 90 days after any tax deferred property ceases to be qualifying property as defined in Section 2.

If payment is not made when required by this Section, foreclosure proceedings may be instituted under the Property Tax Code.

(5) That any joint owner has given written prior approval for such agreement, which written approval shall be made a part of such agreement.

(6) That a guardian for a person under legal disability appointed for a taxpayer who otherwise qualifies under this Act may act for the taxpayer in complying with this Act.

(7) That a taxpayer or his agent has provided to the satisfaction of the collector, sufficient evidence that the qualifying property on which the taxes are to be deferred is insured against fire or casualty loss for at least the total amount of taxes which have been deferred.

If the taxes to be deferred are special assessments, the unit of local government making the assessments shall forward a copy of the agreement entered into pursuant to this Section and the bills for such assessments to the county collector of the county in which the qualifying property is located.
(Source: P.A. 102-644, eff. 8-27-21; 102-895, eff. 5-23-22.)

Section 99. Effective date. This Act takes effect upon becoming law."

The motion prevailed.

And the amendment was adopted and ordered printed.

There being no further amendments, the bill, as amended, was ordered to a third reading.

READING BILL FROM THE HOUSE OF REPRESENTATIVES A THIRD TIME

On motion of Senator Villanueva, **House Bill No. 3790** having been printed as received from the House of Representatives, together with all Senate Amendments adopted thereto, was taken up and read by title a third time.

And the question being, "Shall this bill pass?" it was decided in the affirmative by the following vote:

YEAS 57; NAYS None.

The following voted in the affirmative:

Anderson	Faraci	Koehler	Stadelman
Aquino	Feigenholtz	Lewis	Syverson
Arellano, L.	Fowler	Loughran Cappel	Tracy
Balkema	Glowiak Hilton	Martwick	Turner, D.
Belt	Guzmán	McClure	Turner, S.
Bryant	Halpin	Morrison	Ventura
Castro	Harris, N.	Murphy	Villa
Cervantes	Harriss, E.	Peters	Villanueva
Chesney	Hastings	Plummer	Villivalam
Collins	Hills	Porfirio	Walker
Cunningham	Holmes	Preston	Wilcox
Curran	Hunter	Rezin	Mr. President
DeWitte	Johnson	Rose	
Edly-Allen	Jones, E.	Simmons	
Ellman	Joyce	Sims	

This bill, having received the vote of three-fifths of the members elected, was declared passed, and all amendments not adopted were tabled pursuant to Senate Rule No. 5-4(a).

Ordered that the Secretary inform the House of Representatives thereof and ask their concurrence in the Senate Amendments adopted thereto.

HOUSE BILL RECALLED

On motion of Senator Sims, **House Bill No. 3374** was recalled from the order of third reading to the order of second reading.

Senator Sims offered the following amendment and moved its adoption:

AMENDMENT NO. 2 TO HOUSE BILL 3374

AMENDMENT NO. 2 . Amend House Bill 3374, AS AMENDED, by replacing everything after the enacting clause with the following:

"Article 1.

[May 31, 2025]

Section 1-1. This Act may be referred to as the Bond Authorization Act of 2025.

Article 5.

Section 5-5. The State Finance Act is amended by changing Section 6z-78 as follows:
(30 ILCS 105/6z-78)

Sec. 6z-78. Capital Projects Fund; bonded indebtedness; transfers. Money in the Capital Projects Fund shall, if and when the State of Illinois incurs any bonded indebtedness using the bond authorizations for capital projects enacted in Public Act 96-36, Public Act 96-1554, Public Act 97-771, Public Act 98-94, and Public Act 103-591 ~~this amendatory Act of the 103rd General Assembly~~ and using the general obligation bond authorizations for capital projects enacted in Public Act 101-30, ~~and~~ Public Act 103-7, ~~and this amendatory Act of the 104th General Assembly~~, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable.

In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of general obligation bonds for capital projects using bond authorizations enacted in Public Act 96-36, Public Act 96-1554, Public Act 97-771, Public Act 98-94, Public Act 101-30 (except for amounts in Public Act 101-30 that increase bond authorization under paragraph (1) of subsection (a) of Section 4 and subsection (e) of Section 4 of the General Obligation Bond Act), Public Act 103-7, Public Act 103-591, ~~and this amendatory Act of the 104th 103rd General Assembly~~, the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for the period.

(a) Except as provided for in subsection (b), on or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(b) On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds issued prior to January 1, 2012 pursuant to Section 4(d) of the General Obligation Bond Act payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. If the available balance in the Capital Projects Fund is not sufficient for the transfer required in this subsection, the State Treasurer and State Comptroller shall transfer the difference from the Road Fund to the General Obligation Bond Retirement and Interest Fund; except that such Road Fund transfers shall constitute a debt of the Capital Projects Fund which shall be repaid according to subsection (c). Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(c) On the first day of any month when the Capital Projects Fund is carrying a debt to the Road Fund due to the provisions of subsection (b), the State Treasurer and State Comptroller shall transfer from the Capital Projects Fund to the Road Fund an amount sufficient to discharge that debt. These transfers to the Road Fund shall continue until the Capital Projects Fund has repaid to the Road Fund all transfers made

from the Road Fund pursuant to subsection (b). Notwithstanding any other law to the contrary, transfers to the Road Fund from the Capital Projects Fund shall be made prior to any other expenditures or transfers out of the Capital Projects Fund.

(Source: P.A. 103-7, eff. 7-1-23; 103-591, eff. 7-1-24.)

Article 10.

Section 10-5. The General Obligation Bond Act is amended by changing Sections 2, 3, 7.7, and 9 as follows:

(30 ILCS 330/2) (from Ch. 127, par. 652)

Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of \$82,664,839,969 ~~\$81,789,839,969~~.

The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to \$2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.

Of the total amount of Bonds authorized in this Act, up to \$300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional \$10,000,000,000 authorized by Public Act 93-2, the \$3,466,000,000 authorized by Public Act 96-43, and the \$4,096,348,300 authorized by Public Act 96-1497 shall be used solely as provided in Section 7.2.

Of the total amount of Bonds authorized in this Act, the additional \$6,000,000,000 authorized by Public Act 100-23 shall be used solely as provided in Section 7.6 and shall be issued by December 31, 2017.

Of the total amount of Bonds authorized in this Act, \$2,200,000,000 ~~\$2,000,000,000~~ of the additional amount authorized by Public Act 100-587, ~~and by~~ Public Act 102-718, and this amendatory Act of the 104th General Assembly shall be used solely as provided in Section 7.7.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-term capital needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

(Source: P.A. 102-718, eff. 5-5-22; 103-7, eff. 7-1-23; 103-591, eff. 7-1-24.)

(30 ILCS 330/3) (from Ch. 127, par. 653)

Sec. 3. Capital facilities. The amount of \$21,769,011,269 ~~\$21,094,011,269~~ is authorized to be used for the acquisition, development, construction, reconstruction, improvement, demolition, financing, architectural planning and installation of capital facilities within the State, consisting of buildings, structures, durable equipment, land, interests in land, and the costs associated with the purchase and implementation of information technology, including but not limited to the purchase of hardware and software, for the following specific purposes:

(a) \$6,908,676,500 for educational purposes by State universities and public community colleges, the Illinois Community College Board created by the Public Community College Act and for grants to public community colleges as authorized by Sections 5-11 and 5-12 of the Public Community College Act;

(b) \$2,590,506,300 for correctional purposes at State prison and correctional centers;

(c) \$751,492,300 ~~\$691,492,300~~ for open spaces, recreational and conservation purposes and the protection of land, including expenditures and grants for the Illinois Conservation Reserve Enhancement Program and for ecosystem restoration and for plugging of abandoned wells;

(d) \$1,078,503,900 for State child care facilities, mental and public health facilities, and facilities for the care of veterans with disabilities and their spouses, and for grants to public and private community health centers, hospitals, and other health care providers for capital facilities;

(e) \$9,054,753,300 ~~\$8,439,753,300~~ for use by the State, its departments, authorities, public corporations, commissions and agencies, including renewable energy upgrades at State facilities;

(f) \$818,100 for cargo handling facilities at port districts and for breakwaters, including harbor entrances, at port districts in conjunction with facilities for small boats and pleasure crafts;

(g) \$425,457,000 for water resource management projects, including flood mitigation and State dam and waterway projects;

(h) \$16,940,269 for the provision of facilities for food production research and related instructional and public service activities at the State universities and public community colleges;

(i) \$75,134,700 for grants by the Secretary of State, as State Librarian, for central library facilities authorized by Section 8 of the Illinois Library System Act and for grants by the Capital Development Board to units of local government for public library facilities;

(j) \$25,000,000 for the acquisition, development, construction, reconstruction, improvement, financing, architectural planning and installation of capital facilities consisting of buildings, structures, durable equipment and land for grants to counties, municipalities or public building commissions with correctional facilities that do not comply with the minimum standards of the Department of Corrections under Section 3-15-2 of the Unified Code of Corrections;

(k) \$5,011,600 for grants by the Department of Conservation for improvement or expansion of aquarium facilities located on property owned by a park district;

(l) \$599,590,000 to State agencies for grants to local governments for the acquisition, financing, architectural planning, development, alteration, installation, and construction of capital facilities consisting of buildings, structures, durable equipment, and land; and

(m) \$237,127,300 for the Illinois Open Land Trust Program as defined by the Illinois Open Land Trust Act.

The amounts authorized above for capital facilities may be used for the acquisition, installation, alteration, construction, or reconstruction of capital facilities and for the purchase of equipment for the purpose of major capital improvements which will reduce energy consumption in State buildings or facilities.

(Source: P.A. 103-7, eff. 7-1-23; 103-591, eff. 7-1-24.)

(30 ILCS 330/7.7)

Sec. 7.7. State Pension Obligation Acceleration Bonds.

(a) As used in this Act, "State Pension Obligation Acceleration Bonds" means Bonds authorized by Public Act 100-587, Public Act 102-718, and this amendatory Act of the 104th 102nd General Assembly and used for the purpose of making accelerated pension benefit payments under Articles 14, 15, and 16 of the Illinois Pension Code.

(b) State Pension Obligation Acceleration Bonds in the amount of ~~\$2,200,000,000~~ ~~\$2,000,000,000~~ are hereby authorized to be used for the purpose of making accelerated pension benefit payments under Articles 14, 15, and 16 of the Illinois Pension Code.

(c) The proceeds of State Pension Obligation Acceleration Bonds authorized in subsection (b) of this Section, less the amounts authorized in the Bond Sale Order to be directly paid out for bond sale expenses under Section 8, shall be deposited directly into the State Pension Obligation Acceleration Bond Fund, and the Comptroller and the Treasurer shall, as soon as practical, make accelerated pension benefit payments under Articles 14, 15, and 16 of the Illinois Pension Code.

(d) There is created the State Pension Obligation Acceleration Bond Fund as a special fund in the State Treasury. Funds deposited in the State Pension Obligation Acceleration Bond Fund may only be used for the purpose of making accelerated pension benefit payments under Articles 14, 15, and 16 of the Illinois Pension Code or for the payment of principal and interest due on State Pension Obligation Acceleration Bonds. This subsection shall constitute an irrevocable and continuing appropriation of all amounts necessary for such purposes.

(Source: P.A. 102-718, eff. 5-5-22.)

(30 ILCS 330/9) (from Ch. 127, par. 659)

Sec. 9. Conditions for issuance and sale of Bonds; requirements for Bonds.

(a) Except as otherwise provided in this subsection, subsection (h), and subsection (i), Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that

permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds, other than Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology, (i) except for refunding Bonds satisfying the requirements of Section 16 of this Act must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year, except that Bonds issued during fiscal years ~~year~~ 2025 and 2026 may be issued with principal or mandatory redemption amounts in unequal amounts, and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years. Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring with the fiscal year in which the respective bonds are issued or with the next succeeding fiscal year, with the respective bonds issued maturing or subject to mandatory redemption each fiscal year thereafter up to 10 years, except that Bonds issued during fiscal years ~~year~~ 2025 and 2026 may be issued with principal or mandatory redemption amounts in unequal amounts. Notwithstanding any provision of this Act to the contrary, the Bonds authorized by Public Act 96-43 shall be payable within 5 years from their date and must be issued with principal or mandatory redemption amounts in equal amounts, with payment of principal or mandatory redemption beginning in the first fiscal year following the fiscal year in which the Bonds are issued.

Notwithstanding any provision of this Act to the contrary, the Bonds authorized by Public Act 96-1497 shall be payable within 8 years from their date and shall be issued with payment of maturing principal or scheduled mandatory redemptions in accordance with the following schedule, except the following amounts shall be prorated if less than the total additional amount of Bonds authorized by Public Act 96-1497 are issued:

Fiscal Year After Issuance	Amount
1-2	\$0
3	\$110,712,120
4	\$332,136,360
5	\$664,272,720
6-8	\$996,409,080

Notwithstanding any provision of this Act to the contrary, Income Tax Proceed Bonds issued under Section 7.6 shall be payable 12 years from the date of sale and shall be issued with payment of principal or mandatory redemption.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate

insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

(f) Beginning with the next issuance by the Governor's Office of Management and Budget of a request for qualifications for the purpose of formulating a new pool of qualified underwriters, all entities responding

to such a request for qualifications for inclusion on that list shall provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. The written report submitted to the Comptroller shall (i) be published on the Comptroller's Internet website and (ii) be used by the Governor's Office of Management and Budget for the purposes of scoring such a request for qualifications. The written report, at a minimum, shall:

(1) disclose whether, within the past 3 months, pursuant to its credit default swap market-making activities, the firm has entered into any State of Illinois credit default swaps ("CDS");

(2) include, in the event of State of Illinois CDS activity, disclosure of the firm's cumulative notional volume of State of Illinois CDS trades and the firm's outstanding gross and net notional amount of State of Illinois CDS, as of the end of the current 3-month period;

(3) indicate, pursuant to the firm's proprietary trading activities, disclosure of whether the firm, within the past 3 months, has entered into any proprietary trades for its own account in State of Illinois CDS;

(4) include, in the event of State of Illinois proprietary trades, disclosure of the firm's outstanding gross and net notional amount of proprietary State of Illinois CDS and whether the net position is short or long credit protection, as of the end of the current 3-month period;

(5) list all time periods during the past 3 months during which the firm held net long or net short State of Illinois CDS proprietary credit protection positions, the amount of such positions, and whether those positions were net long or net short credit protection positions; and

(6) indicate whether, within the previous 3 months, the firm released any publicly available research or marketing reports that reference State of Illinois CDS and include those research or marketing reports as attachments.

(g) All entities included on a Governor's Office of Management and Budget's pool of qualified underwriters list shall, as soon as possible after March 18, 2011 (the effective date of Public Act 96-1554), but not later than January 21, 2011, and on a quarterly fiscal basis thereafter, provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. The written reports submitted to the Comptroller shall be published on the Comptroller's Internet website. The written reports, at a minimum, shall:

(1) disclose whether, within the past 3 months, pursuant to its credit default swap market-making activities, the firm has entered into any State of Illinois credit default swaps ("CDS");

(2) include, in the event of State of Illinois CDS activity, disclosure of the firm's cumulative notional volume of State of Illinois CDS trades and the firm's outstanding gross and net notional amount of State of Illinois CDS, as of the end of the current 3-month period;

(3) indicate, pursuant to the firm's proprietary trading activities, disclosure of whether the firm, within the past 3 months, has entered into any proprietary trades for its own account in State of Illinois CDS;

(4) include, in the event of State of Illinois proprietary trades, disclosure of the firm's outstanding gross and net notional amount of proprietary State of Illinois CDS and whether the net position is short or long credit protection, as of the end of the current 3-month period;

(5) list all time periods during the past 3 months during which the firm held net long or net short State of Illinois CDS proprietary credit protection positions, the amount of such positions, and whether those positions were net long or net short credit protection positions; and

(6) indicate whether, within the previous 3 months, the firm released any publicly available research or marketing reports that reference State of Illinois CDS and include those research or marketing reports as attachments.

(h) Notwithstanding any other provision of this Section, for purposes of maximizing market efficiencies and cost savings, Income Tax Proceed Bonds may be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Income Tax Proceed Bonds shall be in such form, either coupon, registered, or book entry, in such denominations, shall bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Income Tax Proceed Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act. Income Tax Proceed Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable

as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Income Tax Proceed Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order.

(i) Notwithstanding any other provision of this Section, for purposes of maximizing market efficiencies and cost savings, State Pension Obligation Acceleration Bonds may be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. State Pension Obligation Acceleration Bonds shall be in such form, either coupon, registered, or book entry, in such denominations, shall bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of State Pension Obligation Acceleration Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act. State Pension Obligation Acceleration Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. State Pension Obligation Acceleration Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order.

Article 15.

Section 15-5. The Build Illinois Bond Act is amended by changing Sections 2, 4, and 13 as follows:

(30 ILCS 425/2) (from Ch. 127, par. 2802)

Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of limited obligation bonds, notes and other evidences of indebtedness of the State of Illinois in the total principal amount of \$12,098,881,100 ~~\$11,358,681,100~~ herein called "Bonds". Such amount of authorized Bonds shall be exclusive of any refunding Bonds issued pursuant to Section 15 of this Act and exclusive of any Bonds issued pursuant to this Section which are redeemed, purchased, advance refunded, or defeased in accordance with paragraph (f) of Section 4 of this Act. Bonds shall be issued for the categories and specific purposes expressed in Section 4 of this Act.

(Source: P.A. 102-1071, eff. 6-10-22; 103-7, eff. 7-1-23; 103-591, eff. 7-1-24.)

(30 ILCS 425/4) (from Ch. 127, par. 2804)

Sec. 4. Purposes of Bonds. Bonds shall be issued for the following purposes and in the approximate amounts as set forth below:

(a) \$4,873,094,533 ~~\$4,741,094,533~~ for the expenses of issuance and sale of Bonds, including bond discounts, and for planning, engineering, acquisition, construction, reconstruction, development, improvement, demolition, and extension of the public infrastructure in the State of Illinois, including: the making of loans or grants to local governments for waste disposal systems, water and sewer line extensions and water distribution and purification facilities, rail or air or water port improvements, gas and electric utility extensions, publicly owned industrial and commercial sites, buildings used for public administration purposes and other public infrastructure capital improvements; the making of loans or grants to units of local government for financing and construction of wastewater facilities, including grants to serve unincorporated areas; refinancing or retiring bonds issued between January 1, 1987 and January 1, 1990 by home rule municipalities, debt service on which is provided from a tax imposed by home rule municipalities prior to January 1, 1990 on the sale of food and drugs pursuant to Section 8-11-1 of the Home Rule Municipal Retailers' Occupation Tax Act or Section 8-11-5 of the Home Rule Municipal Service Occupation Tax Act; the making of deposits not to exceed \$70,000,000 in the aggregate into the Water Pollution Control Revolving Fund to provide assistance in accordance with the provisions of Title IV-A of the Environmental Protection Act; the planning, engineering, acquisition, construction, reconstruction, alteration, expansion, extension and improvement of highways, bridges, structures separating highways and railroads, rest areas, interchanges, access roads to and from any State or local highway and other transportation improvement projects which are related to economic development activities; the making of loans or grants for planning, engineering, rehabilitation, improvement or construction of rail and transit facilities; the planning, engineering, acquisition, construction, reconstruction and improvement of watershed, drainage, flood control, recreation and related improvements and facilities, including expenses related to land and easement

acquisition, relocation, control structures, channel work and clearing and appurtenant work; the planning, engineering, acquisition, construction, reconstruction and improvement of State facilities and related infrastructure; the making of Park and Recreational Facilities Construction (PARC) grants; the making of grants to units of local government for community development capital projects; the making of grants for improvement and development of zoos and park district field houses and related structures; and the making of grants for improvement and development of Navy Pier and related structures.

(b) ~~\$4,101,136,967~~ ~~\$3,554,636,967~~ for fostering economic development and increased employment and fostering the well being of the citizens of Illinois through community development, including: the making of grants for improvement and development of McCormick Place and related structures; the planning and construction of a microelectronics research center, including the planning, engineering, construction, improvement, renovation and acquisition of buildings, equipment and related utility support systems; the making of loans to businesses and investments in small businesses; acquiring real properties for industrial or commercial site development; acquiring, rehabilitating and reconveying industrial and commercial properties for the purpose of expanding employment and encouraging private and other public sector investment in the economy of Illinois; the payment of expenses associated with siting the Superconducting Super Collider Particle Accelerator in Illinois and with its acquisition, construction, maintenance, operation, promotion and support; the making of loans for the planning, engineering, acquisition, construction, improvement and conversion of facilities and equipment which will foster the use of Illinois coal; the payment of expenses associated with the promotion, establishment, acquisition and operation of small business incubator facilities and agribusiness research facilities, including the lease, purchase, renovation, planning, engineering, construction and maintenance of buildings, utility support systems and equipment designated for such purposes and the establishment and maintenance of centralized support services within such facilities; the making of grants for transportation electrification infrastructure projects that promote use of clean and renewable energy; the making of capital expenditures and grants for broadband development and for a statewide broadband deployment grant program; the making of grants to public entities and private persons and entities for community development capital projects; the making of grants to public entities and private persons and entities for capital projects in the context of grant programs focused on assisting economically depressed areas, expanding affordable housing, supporting the provision of human services, supporting emerging technology enterprises, fostering the advancement of quantum information science and technology, and supporting minority owned businesses; and the making of grants or loans to units of local government for Urban Development Action Grant and Housing Partnership programs.

(c) ~~\$2,846,776,600~~ ~~\$2,785,076,600~~ for the development and improvement of educational, scientific, technical and vocational programs and facilities and the expansion of health and human services for all citizens of Illinois, including: the making of grants to school districts and not-for-profit organizations for early childhood construction projects pursuant to Section 5-300 of the School Construction Law; the making of grants to educational institutions for educational, scientific, technical and vocational program equipment and facilities; the making of grants to museums for equipment and facilities; the making of construction and improvement grants and loans to public libraries and library systems; the making of grants and loans for planning, engineering, acquisition and construction of a new State central library in Springfield; the planning, engineering, acquisition and construction of an animal and dairy sciences facility; the planning, engineering, acquisition and construction of a campus and all related buildings, facilities, equipment and materials for Richland Community College; the acquisition, rehabilitation and installation of equipment and materials for scientific and historical surveys; the making of grants or loans for distribution to eligible vocational education instructional programs for the upgrading of vocational education programs, school shops and laboratories, including the acquisition, rehabilitation and installation of technical equipment and materials; the making of grants or loans for distribution to eligible local educational agencies for the upgrading of math and science instructional programs, including the acquisition of instructional equipment and materials; miscellaneous capital improvements for universities and community colleges including the planning, engineering, construction, reconstruction, remodeling, improvement, repair and installation of capital facilities and costs of planning, supplies, equipment, materials, services, and all other required expenses; the making of grants or loans for repair, renovation and miscellaneous capital improvements for privately operated colleges and universities and community colleges, including the planning, engineering, acquisition, construction, reconstruction, remodeling, improvement, repair and installation of capital facilities and costs of planning, supplies, equipment, materials, services, and all other required expenses; and the making of grants or loans for distribution to local governments for hospital and other health care facilities including the planning, engineering, acquisition, construction, reconstruction, remodeling,

improvement, repair and installation of capital facilities and costs of planning, supplies, equipment, materials, services and all other required expenses.

(d) \$277,873,000 for protection, preservation, restoration and conservation of environmental and natural resources, including: the making of grants to soil and water conservation districts for the planning and implementation of conservation practices and for funding contracts with the Soil Conservation Service for watershed planning; the making of grants to units of local government for the capital development and improvement of recreation areas, including planning and engineering costs, sewer projects, including planning and engineering costs and water projects, including planning and engineering costs, and for the acquisition of open space lands, including the acquisition of easements and other property interests of less than fee simple ownership; the making of grants to units of local government through the Illinois Green Infrastructure Grant Program to protect water quality and mitigate flooding; the acquisition and related costs and development and management of natural heritage lands, including natural areas and areas providing habitat for endangered species and nongame wildlife, and buffer area lands; the acquisition and related costs and development and management of habitat lands, including forest, wildlife habitat and wetlands; and the removal and disposition of hazardous substances, including the cost of project management, equipment, laboratory analysis, and contractual services necessary for preventative and corrective actions related to the preservation, restoration and conservation of the environment, including deposits not to exceed \$60,000,000 in the aggregate into the Hazardous Waste Fund and the Brownfields Redevelopment Fund for improvements in accordance with the provisions of Titles V and XVII of the Environmental Protection Act.

(e) The amount specified in paragraph (a) above shall include an amount necessary to pay reasonable expenses of each issuance and sale of the Bonds, as specified in the related Bond Sale Order (hereinafter defined).

(f) Any unexpended proceeds from any sale of Bonds which are held in the Build Illinois Bond Fund may be used to redeem, purchase, advance refund, or defease any Bonds outstanding.

(Source: P.A. 103-7, eff. 7-1-23; 103-591, eff. 7-1-24.)

(30 ILCS 425/13) (from Ch. 127, par. 2813)

Sec. 13. Computation of principal and interest; transfer from Build Illinois Bond Account; payment from Build Illinois Bond Retirement and Interest Fund. Upon each delivery of Bonds authorized to be issued under this Act, the trustee under the Master Indenture shall compute and certify to the Director of the Governor's Office of Management and Budget, the Comptroller and the Treasurer (a) the total amount of the principal of and the interest and the premium, if any, on the Bonds then being issued and on Bonds previously issued and outstanding that will be payable in order to retire such Bonds at their stated maturities or mandatory sinking fund payment dates and (b) the amount of principal of and interest and premium, if any, on such Bonds that will be payable on each principal, interest and mandatory sinking fund payment date according to the tenor of such Bonds during the then current and each succeeding fiscal year. Such certifications shall include with respect to interest payable on Variable Rate Bonds the maximum amount of interest which may be payable for the relevant period after taking into account any credits permitted in the related indenture against the amount of such interest required to be appropriated for such period pursuant to subsection (c) of Section 11 of this Act.

On or before June 20, 1993 and on or before each June 20 thereafter so long as Bonds remain outstanding, the trustee under the Master Indenture shall deliver to the Director of the Governor's Office of Management and Budget (formerly Bureau of the Budget), the Comptroller and the Treasurer a certificate setting forth the "Certified Annual Debt Service Requirement" (hereinafter defined) for the next succeeding fiscal year. If Bonds are issued subsequent to the delivery of any such certificate, upon the issuance of such Bonds the trustee under the Master Indenture shall deliver a supplemental certificate setting forth the revisions, if any, in the Certified Annual Debt Service Requirement resulting from the issuance of such Bonds. The "Certified Annual Debt Service Requirement" for any fiscal year shall be an amount equal to (a) the aggregate amount of principal, interest and premium, if any, payable on outstanding Bonds during such fiscal year plus (b) the amount required to be deposited into any reserve fund securing such Bonds or for the purpose of retiring or defeasing such Bonds plus (c) the amount of any deficiencies in required transfers of amounts described in clauses (a) and (b) for any prior fiscal year, minus (d) the amount, if any, of such interest to be paid from Bond proceeds on deposit under any indenture; provided, however, that interest payable on Variable Rate Bonds shall be calculated at the maximum rate of interest which may be payable during such fiscal year after taking into account any credits permitted in the related indenture against the amount of such interest required to be appropriated for such period pursuant to subsection (c) of Section 11 of this Act.

In each month during fiscal years 1986 through 1993, the State Treasurer and Comptroller shall transfer, on the last day of such month, from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund and shall make payment from the Build Illinois Bond Retirement and Interest Fund to the trustee under the Master Indenture of an amount equal to 1/12 of 150% of the amount set forth below for each such fiscal year, plus any cumulative deficiency in such transfers and payments for prior months; provided that such transfers shall commence in October, 1985 and such amounts for fiscal year 1986 shall equal 1/9 of 150% of the amount set forth below for such fiscal year:

Fiscal Year	Amount
1986	\$15,000,000
1987	\$25,000,000
1988	\$40,000,000
1989	\$54,000,000
1990	\$85,400,000
1991	\$133,600,000
1992	\$164,400,000
1993	\$188,900,000

provided that payments of such amounts from the Build Illinois Bond Retirement and Interest Fund to the trustee under the Master Indenture shall commence on the last day of the month in which Bonds are initially issued under this Act; and, further provided, that the first such payment to said trustee shall equal the entire amount then on deposit in the Build Illinois Bond Retirement and Interest Fund; and, further provided, that the aggregate amount of transfers and payments for any such fiscal year shall not exceed the amount set forth above for such fiscal year.

In each month in which Bonds are outstanding during fiscal year 1994 and each fiscal year thereafter, the State Treasurer and Comptroller shall transfer, on the last day of such month, (i) with respect to Bonds constituting bonds issued pursuant to the bond authorization under this Act enacted pursuant to Public Act 96-36, Public Act 96-1554, Public Act 98-94, and Public Act 103-591 ~~this amendatory Act of the 103rd General Assembly~~ (and any refunding Bonds issued to refund such Bonds), first from the Capital Projects Fund and second, if needed, from the Build Illinois Bond Account and (ii) with respect to all other Bonds not described in clause (i), from the Build Illinois Bond Account, in each case, to the Build Illinois Bond Retirement and Interest Fund and shall make payment from the Build Illinois Bond Retirement and Interest Fund to the trustee under the Master Indenture of an amount equal to the greater of (a) 1/12th of 150% of the Certified Annual Debt Service Requirement or (b) the Tax Act Amount (as defined in Section 3 of the "Retailers' Occupation Tax Act", as amended) deposited in the Build Illinois Bond Account during such month, plus any cumulative deficiency in such transfers and payments for prior months; provided that such transfers and payments for any such fiscal year shall not exceed the greater of (a) the Certified Annual Debt Service Requirement or (b) the Tax Act Amount.
(Source: P.A. 103-591, eff. 7-1-24.)".

The motion prevailed.

And the amendment was adopted and ordered printed.

There being no further amendments, the bill, as amended, was ordered to a third reading.

READING BILL FROM THE HOUSE OF REPRESENTATIVES A THIRD TIME

On motion of Senator Sims, **House Bill No. 3374** having been printed as received from the House of Representatives, together with all Senate Amendments adopted thereto, was taken up and read by title a third time.

And the question being, "Shall this bill pass?" it was decided in the affirmative by the following vote:

YEAS 37; NAYS 19.

The following voted in the affirmative:

Aquino

Bryant	Harriss, E.	Rezin	Wilcox
Chesney	Hills	Rose	

This bill, having received the vote of three-fifths of the members elected, was declared passed, and all amendments not adopted were tabled pursuant to Senate Rule No. 5-4(a).

Ordered that the Secretary inform the House of Representatives thereof and ask their concurrence in the Senate Amendments adopted thereto.

Senator Castro asked and obtained unanimous consent for the Journal to reflect her intention to have voted in the affirmative on **House Bill No. 3374**.

Senator Preston asked and obtained unanimous consent for the Journal to reflect his intention to have voted in the affirmative on **House Bill No. 3374**.

HOUSE BILL RECALLED

On motion of Senator Walker, **House Bill No. 742** was recalled from the order of third reading to the order of second reading.

Senator Walker offered the following amendment and moved its adoption:

AMENDMENT NO. 1 TO HOUSE BILL 742

AMENDMENT NO. 1. Amend House Bill 742 by replacing everything after the enacting clause with the following:

"Section 5. The Interchange Fee Prohibition Act is amended by changing Section 999-99 as follows:
(815 ILCS 151/999-99)

Sec. 999-99. Effective date. This Act takes effect upon becoming law, except that Article 65 takes effect July 1, 2024, Articles 25, 75, 80, 93, 125, 135, and 140 take effect January 1, 2025, and Article 150 takes effect July 1, 2026 ~~2025~~.

(Source: P.A. 103-592, eff. 6-7-24.)

Section 99. Effective date. This Act takes effect upon becoming law."

The motion prevailed.

And the amendment was adopted and ordered printed.

There being no further amendments, the bill, as amended, was ordered to a third reading.

READING BILL FROM THE HOUSE OF REPRESENTATIVES A THIRD TIME

On motion of Senator Walker, **House Bill No. 742** having been printed as received from the House of Representatives, together with all Senate Amendments adopted thereto, was taken up and read by title a third time.

This bill, having received the vote of three-fifths of the members elected, was declared passed, and all amendments not adopted were tabled pursuant to Senate Rule No. 5-4(a).

Ordered that the Secretary inform the House of Representatives thereof and ask their concurrence in the Senate Amendment adopted thereto.

HOUSE BILL RECALLED

On motion of Senator D. Turner, **House Bill No. 1823** was recalled from the order of third reading to the order of second reading.

Senator D. Turner offered the following amendment and moved its adoption:

AMENDMENT NO. 2 TO HOUSE BILL 1823

AMENDMENT NO. 2. Amend House Bill 1823, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Circuit Courts Act is amended by changing Section 2f-14 as follows:
(705 ILCS 35/2f-14)

Sec. 2f-14. 6th judicial circuit; resident judgeships.

(a) The at-large judgeships of the 6th judicial circuit existing on January 7, 2022 shall be converted to resident judgeships as provided in this subsection as those judgeships are or become vacant. When a vacancy occurs in an at-large judgeship of the 6th judicial circuit, the at-large judgeship shall be converted to a resident judgeship for either Champaign County or Macon County, depending on which of those 2 counties the incumbent at-large circuit judge resided in when the incumbent judge was elected. The first 3 that become vacant after January 7, 2022 (the effective date of Public Act 102-693) shall be converted to resident judgeships elected from Champaign County. The remaining two at large judgeships that become vacant shall be converted to resident judgeships elected from Macon County. Thereafter, persons elected to those resident judgeships shall be residents of the county which elects them.

(b) It is the intent of the General Assembly not to create any additional judgeships in the 6th judicial circuit by Public Act 102-693 and this amendatory Act of the 102nd General Assembly. Notwithstanding any other provision of law to the contrary, the conversion of at-large judgeships to resident judgeships under subsection (a) of this Section shall not entitle the 6th judicial circuit to any additional circuit judgeships elected at-large.

(Source: P.A. 102-693, eff. 1-7-22; 102-1126, eff. 2-10-23.)

Section 10. The Associate Judges Act is amended by adding Section 2.6 as follows:
(705 ILCS 45/2.6 new)

Sec. 2.6. Additional associate judge; 7th circuit. In addition to the number of associate judges authorized under Sections 2 and 2.1, there shall be one additional associate judge appointed in the 7th circuit and assigned to Sangamon County.

Section 99. Effective date. This Act takes effect upon becoming law."

The motion prevailed.

And the amendment was adopted and ordered printed.

There being no further amendments, the bill, as amended, was ordered to a third reading.

READING BILLS FROM THE HOUSE OF REPRESENTATIVES A THIRD TIME

On motion of Senator D. Turner, **House Bill No. 1823** having been printed as received from the House of Representatives, together with all Senate Amendments adopted thereto, was taken up and read by title a third time.

And the question being, "Shall this bill pass?" it was decided in the affirmative by the following vote:

YEAS 56; NAYS None.

The following voted in the affirmative:

Anderson	Faraci	Koehler	Syverson
Aquino	Feigenholtz	Lewis	Tracy
Arellano, L.	Fowler	Loughran Cappel	Turner, D.
Balkema	Glowiak Hilton	Martwick	Turner, S.

The motion prevailed.

Whereupon the President of the Senate announced confirmation of the foregoing appointment.

Senator Murphy, Chair of the Committee on Executive Appointments, to which was referred Appointment Message No. 1040182, reported the same back with the recommendation that the Senate consent to the following appointment:

Appointment Message No. 1040182

To the Honorable Members of the Senate, One Hundred Fourth General Assembly:

I, JB Pritzker, Governor, am nominating and, having sought the advice of the Senate and by and with the consent of the Senate, appointing the following named individual to the office enumerated below. The consent of this Honorable Body is respectfully requested.

Title of Office: Member

Agency or Other Body: State Board of Elections

Start Date: April 14, 2025

End Date: June 30, 2029

Name: Cristina D. Cray

County of Residence: Sangamon

Annual Compensation: \$44,518

Per diem: Not Applicable

Nominee's Senator: Senator Doris Turner

Most Recent Holder of Office: Cristina D. Cray

Superseded Appointment Message: Not Applicable

Senator Murphy moved that the Senate consent to the foregoing appointment.
And on that motion, a call of the roll was had resulting as follows:

[May 31, 2025]

YEAS 56; NAYS None.

The following voted in the affirmative:

Anderson	Feigenholtz	Lewis	Syverson
Aquino	Fowler	Loughran Cappel	Tracy
Arellano, L.	Glowiak Hilton	Martwick	Turner, D.
Balkema	Guzmán	McClure	Turner, S.
Belt	Halpin	Morrison	Ventura
Bryant	Harris, N.	Murphy	Villa
Castro	Harriss, E.	Peters	Villanueva
Cervantes	Hastings	Plummer	Villivalam
Chesney	Hills	Porfirio	Walker
Collins	Holmes	Preston	Wilcox
Cunningham	Hunter	Rezin	Mr. President
DeWitte	Johnson	Rose	
Edly-Allen	Jones, E.	Simmons	
Ellman	Joyce	Sims	
Faraci	Koehler	Stadelman	

The motion prevailed.

Whereupon the President of the Senate announced confirmation of the foregoing appointment.

On motion of Senator Murphy, the Executive Session arose and the Senate resumed consideration of business.

Senator Koehler, presiding.

CONSIDERATION OF RESOLUTIONS ON SECRETARY'S DESK

Senator E. Harriss moved that **Senate Resolution No. 112**, on the Secretary's Desk, be taken up for immediate consideration.

The motion prevailed.

Senator E. Harriss moved that Senate Resolution No. 112 be adopted.

The motion prevailed.

And the resolution was adopted.

Senator S. Turner moved that **Senate Resolution No. 253**, on the Secretary's Desk, be taken up for immediate consideration.

The motion prevailed.

Senator S. Turner moved that Senate Resolution No. 253 be adopted.

The motion prevailed.

And the resolution was adopted.

PRESENTATION OF RESOLUTION

Senator Feigenholtz offered the following Senate Joint Resolution and, having asked and obtained unanimous consent to suspend the rules for its immediate consideration, moved its adoption:

SENATE JOINT RESOLUTION NO. 43

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that when the two Houses adjourn on Sunday, June 01, 2025, the Senate stands adjourned until the call of the President; and the House of Representatives stands adjourned until the call of the Speaker.

[May 31, 2025]

The motion prevailed.

And the resolution was adopted.

Ordered that the Secretary inform the House of Representatives thereof and ask their concurrence therein.

MESSAGES FROM THE HOUSE

A message from the House by

Mr. Hollman, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to-wit:

SENATE BILL NO. 2156

A bill for AN ACT concerning government.

Together with the following amendment which is attached, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

House Amendment No. 2 to SENATE BILL NO. 2156

Passed the House, as amended, May 31, 2025.

JOHN W. HOLLMAN, Clerk of the House

AMENDMENT NO. 2 TO SENATE BILL 2156

AMENDMENT NO. 2. Amend Senate Bill 2156 by replacing everything after the enacting clause with the following:

"ARTICLE 5

Section 5-5. The Property Tax Code is amended by changing Section 23-20 as follows:
(35 ILCS 200/23-20)

Sec. 23-20. Effect of protested payments; refunds. No protest shall prevent or be a cause of delay in the distribution of tax collections to the taxing districts of any taxes collected which were not paid under protest. If the final order of the Property Tax Appeal Board or of a court results in a refund to the taxpayer, refunds shall be made by the collector from funds remaining in the Protest Fund until such funds are exhausted and thereafter from the next funds collected after entry of the final order until full payment of the refund and interest thereon has been made. Interest from the date of payment, regardless of whether the payment was made before the effective date of this amendatory Act of 1997, or from the date payment is due, whichever is later, to the date of refund shall also be paid to the taxpayer at the annual rate of the lesser of (i) 5% or (ii) the percentage increase in the Consumer Price Index For All Urban Consumers during the 12-month calendar year preceding the levy year for which the refund was made, as published by the federal Bureau of Labor Statistics.

A claim for a refund resulting from a final order of the Property Tax Appeal Board, an order of the circuit court pursuant to Section 23-15 or Section 14-15 of this Code, a certificate of error certified pursuant to Section 14-15 of this Code, or a certificate of error issued pursuant to Section 14-25 of this Code shall not be allowed unless the claim is filed within 20 years from the date the right to a refund arose; provided, however, that the aggregate total of refunded taxes and interest shall not exceed \$5,000,000 in any calendar year for claims filed more than 7 years after the right to the refund arose. If the payment of a claim for a refund would cause the aggregate total of taxes and interest to exceed \$5,000,000 in any year, the refund shall be paid in the next succeeding year.

The changes made to this Section by this amendatory Act of the 103rd General Assembly apply to matters concerning refund claims filed on or after the first day of the first month following the effective date of this amendatory Act of the 103rd General Assembly.

The changes made to this Section by this amendatory Act of the 104th General Assembly apply to matters concerning refund claims filed on or after the first day of the first month following the effective date of this amendatory Act of the 104th General Assembly.

ARTICLE 10

[May 31, 2025]

Section 10-5. The Property Tax Code is amended by changing Section 22-65 as follows:
(35 ILCS 200/22-65)

Sec. 22-65. Form of deed.

(a) A tax deed executed by the county clerk under the official seal of the county shall be recorded in the same manner as other conveyances of property, and vests in the grantee, his or her heirs and assigns, the title of the property therein described without further acknowledgment or evidence of the conveyance. The conveyance shall be substantially in the following form:
State of Illinois)

) ss.

County of)

At a public sale of property for the nonpayment of taxes, held in the county above stated, on (insert date), the following described property was sold: (here place description of property conveyed). The property not having been redeemed from the sale, and it appearing that the holder of the certificate of purchase of the property has complied with the laws of the State of Illinois necessary to entitle (insert him, her or them) to a deed of the property: I, county clerk of the county of, in consideration of the property and by virtue of the statutes of the State of Illinois in such cases provided, grant and convey to, his or her heirs and assigns forever, the property described above.

Dated (insert date).

Signature of County Clerk

Seal of County of, Illinois

(b) Tax deeds that are issued to a land bank shall be recorded by the county and shall not require a municipal transfer stamp or be subject to any municipal real estate transfer taxes.
(Source: P.A. 91-357, eff. 7-29-99.)

ARTICLE 40

Section 40-5. The Property Tax Code is amended by changing Section 15-172 as follows:
(35 ILCS 200/15-172)

Sec. 15-172. Low-Income Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Low-Income Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Consumer Price Index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84=100.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

- (1) \$35,000 prior to taxable year 1999;
- (2) \$40,000 in taxable years 1999 through 2003;
- (3) \$45,000 in taxable years 2004 through 2005;
- (4) \$50,000 in taxable years 2006 and 2007;
- (5) \$55,000 in taxable years 2008 through 2016;
- (6) for taxable year 2017, (i) \$65,000 for qualified property located in a county with 3,000,000 or more inhabitants and (ii) \$55,000 for qualified property located in a county with fewer than 3,000,000 inhabitants; ~~and~~
- (7) for taxable years 2018 through 2025 ~~and thereafter~~, \$65,000 for all qualified property; -
- (8) for taxable year 2026, \$70,000 for all qualified property; and
- (9) for taxable years 2027 and thereafter, the maximum income limitation for the immediately preceding taxable year, multiplied by one plus the percentage increase, if any, in the Consumer Price Index-U for the 12-month period ending in September of the calendar year immediately preceding the taxable year for which the limitation is calculated.

As an alternative income valuation, a homeowner who is enrolled in any of the following programs may be presumed to have household income that does not exceed the maximum income limitation for that tax year as required by this Section: Aid to the Aged, Blind or Disabled (AABD) Program or the Supplemental Nutrition Assistance Program (SNAP), both of which are administered by the Department of Human Services; the Low Income Home Energy Assistance Program (LIHEAP), which is administered by the Department of Commerce and Economic Opportunity; The Benefit Access program, which is administered by the Department on Aging; and the Senior Citizens Real Estate Tax Deferral Program.

A chief county assessment officer may indicate that he or she has verified an applicant's income eligibility for this exemption but may not report which program or programs, if any, enroll the applicant. Release of personal information submitted pursuant to this Section shall be deemed an unwarranted invasion of personal privacy under the Freedom of Information Act.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a low-income senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on

the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

(1) For an applicant who has a household income of \$45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding \$45,000 but not exceeding \$46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding \$46,250 but not exceeding \$47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding \$47,500 but not exceeding \$48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding \$48,750 but not exceeding \$50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 2012. The applications shall be clearly marked as applications for the Low-Income Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, and that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

Notwithstanding any other provision of law, for taxable year 2017 and thereafter, in counties of 3,000,000 or more inhabitants, the amount of the exemption shall be the greater of (i) the amount of the exemption otherwise calculated under this Section or (ii) \$2,000.

(c-5) Notwithstanding any other provision of law, each chief county assessment officer may approve this exemption for the 2020 taxable year, without application, for any property that was approved for this exemption for the 2019 taxable year, provided that:

- (1) the county board has declared a local disaster as provided in the Illinois Emergency Management Agency Act related to the COVID-19 public health emergency;
- (2) the owner of record of the property as of January 1, 2020 is the same as the owner of record of the property as of January 1, 2019;
- (3) the exemption for the 2019 taxable year has not been determined to be an erroneous exemption as defined by this Code; and
- (4) the applicant for the 2019 taxable year has not asked for the exemption to be removed for the 2019 or 2020 taxable years.

Nothing in this subsection shall preclude or impair the authority of a chief county assessment officer to conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption as provided elsewhere in this Section.

(c-10) Notwithstanding any other provision of law, each chief county assessment officer may approve this exemption for the 2021 taxable year, without application, for any property that was approved for this exemption for the 2020 taxable year, if:

- (1) the county board has declared a local disaster as provided in the Illinois Emergency Management Agency Act related to the COVID-19 public health emergency;
- (2) the owner of record of the property as of January 1, 2021 is the same as the owner of record of the property as of January 1, 2020;
- (3) the exemption for the 2020 taxable year has not been determined to be an erroneous exemption as defined by this Code; and
- (4) the taxpayer for the 2020 taxable year has not asked for the exemption to be removed for the 2020 or 2021 taxable years.

Nothing in this subsection shall preclude or impair the authority of a chief county assessment officer to conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption as provided elsewhere in this Section.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.
(Source: P.A. 101-635, eff. 6-5-20; 102-136, eff. 7-23-21; 102-895, eff. 5-23-22.)

Section 40-10. The Energy Assistance Act is amended by changing Section 6 as follows:

(305 ILCS 20/6) (from Ch. 111 2/3, par. 1406)

Sec. 6. Eligibility, conditions of participation, and energy assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and set the limit at the maximum allowable by law for each applicant household size, which as of the effective date of this amendatory Act of the 104th General Assembly is may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget or 60% of the State median income for the current State fiscal year as established by the U.S. Department of Health and Human Services; except that for the period from the effective date of this amendatory Act of the 101st General Assembly through June 30, 2021, the Department may establish limits not higher than 200% of that poverty level. The Department, in consultation with the Policy Advisory Council, may adjust the percentage of poverty level annually to the maximum allowable by law for each applicant household size, in accordance with federal guidelines and based on funding availability.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly households, households with children under the age of 6 years old, and households with persons with disabilities are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the household may apply for an energy assistance payment under this Act and the owner of the housing unit shall cooperate with the applicant by providing documentation of the energy costs for that unit. Any compensation paid to the energy provider who supplied energy services to the household shall be paid on behalf of the owner of the housing unit providing energy services to the household. The Department shall report annually to the General Assembly on the number of households receiving energy assistance under this subsection and the cost of such assistance.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

(i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and

(ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.

(e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.

(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

(i) for the reduction of past due amounts owed to energy providers;

(ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits; and

(iii) for the installation of energy conservation measures, health and safety measures, healthy home measures, home improvement measures to help alleviate deferrals from weatherization activities, and renewable energy retrofits.

ARTICLE 45

Section 45-5. The Property Tax Code is amended by changing Section 10-30 as follows:

(35 ILCS 200/10-30)

Sec. 10-30. Subdivisions; counties of less than 3,000,000.

(a) In counties with less than 3,000,000 inhabitants, the platting and subdivision of property into separate lots and the development of the subdivided property with streets, sidewalks, curbs, gutters, sewer, water and utility lines shall not increase the assessed valuation of all or any part of the property, if:

(1) The property is platted and subdivided in accordance with the Plat Act;

(2) The platting occurs after January 1, 1978;

(3) At the time of platting the property is in excess of 5 acres; and

(4) At the time of platting the property is vacant or used as a farm as defined in Section 1-60.

(b) Except as provided in subsections ~~subsection~~ (c), (c-5), and (c-10) of this Section, the assessed valuation of property so platted and subdivided shall be determined each year based on the estimated price the property would bring at a fair voluntary sale for use by the buyer for the same purposes for which the property was used when last assessed prior to its platting.

(c) Upon completion of a habitable structure on any lot of subdivided property, or upon the use of any lot, either alone or in conjunction with any contiguous property, for any business, commercial or residential purpose, or upon the initial sale of any platted lot, including a platted lot which is vacant: (i) the provisions of subsection (b) of this Section shall no longer apply in determining the assessed valuation of the lot, (ii) each lot shall be assessed without regard to any provision of this Section, and (iii) the assessed valuation of the remaining property, when next determined, shall be reduced proportionately to reflect the exclusion of the property that no longer qualifies for valuation under this Section. Holding or offering a platted lot for initial sale shall not constitute a use of the lot for business, commercial or residential purposes unless a habitable structure is situated on the lot or unless the lot is otherwise used for a business, commercial or residential purpose.

(c-5) Beginning with the 2025 taxable year, no property's assessed value shall be reduced to less than \$150 under this Section.

(c-10) Beginning with the 2035 taxable year, no property shall be eligible for calculation of its assessed value under this Section for more than a 10-year period.

(d) This Section applies before the effective date of this amendatory Act of the 96th General Assembly and then applies again beginning January 1, 2012.

ARTICLE 50

Section 50-5. The Property Tax Code is amended by changing Section 21-25 as follows:

[May 31, 2025]

(35 ILCS 200/21-25)

Sec. 21-25. Due dates; accelerated billing in counties of 3,000,000 or more. Except as hereinafter provided and as provided in Section 21-40, in counties with 3,000,000 or more inhabitants in which the accelerated method of billing and paying taxes provided for in Section 21-30 is in effect, the estimated first installment of unpaid taxes shall be deemed delinquent and shall bear interest after March 1 and until paid or forfeited at the rate of (i) 1 1/2% per month or portion thereof if the unpaid taxes are for a tax year before 2023 or (ii) 0.75% per month, or portion thereof, if the unpaid taxes are for tax year 2023 or any tax year thereafter. For tax year 2010, the estimated first installment of unpaid taxes shall be deemed delinquent and shall bear interest after April 1 at the rate of 1.5% per month or portion thereof until paid or forfeited. For tax year 2022, the estimated first installment of unpaid taxes shall be deemed delinquent and shall bear interest after April 1, 2023 at the rate of 1.5% per month or portion thereof until paid or forfeited. For all tax years, except as otherwise provided in this Section, the second installment of unpaid taxes shall be deemed delinquent and shall bear interest after August 1 annually at the same interest rate until paid or forfeited. Notwithstanding any other provision of law, in counties with 3,000,000 or more inhabitants in which the accelerated method of billing and paying taxes provided for in Section 21-30 is in effect, if the tax bill setting out the first installment of taxes is not mailed by January 31, then (i) the first installment of unpaid taxes shall be deemed delinquent and shall bear interest after April 1, or after the first day of the second month following the mailing date, whichever is later, at the rate of 0.75% per month or portion thereof until paid or forfeited and (ii) the second installment shall be deemed delinquent and shall bear interest after September 1, or after the first day of the second month following the mailing date, whichever is later, at the rate of 0.75% per month or portion thereof until paid or forfeited. Notwithstanding any other provision of law, if a taxpayer owes an arrearage of taxes due to an administrative error, and if the county collector sends a separate bill for that arrearage as provided in Section 14-41, then any part of the arrearage of taxes that remains unpaid on the day after the due date specified on that tax bill shall be deemed delinquent and shall bear interest after that date at the rate of (i) 1 1/2% per month, or portion thereof, if the unpaid taxes are for a tax year before 2023 or (ii) 0.75% per month, or portion thereof, if the unpaid taxes are for tax year 2023 or any tax year thereafter.

If the county board elects by ordinance adopted prior to July 1 of a levy year to provide for taxes to be paid in 4 installments, each installment for that levy year and each subsequent year shall be deemed delinquent and shall begin to bear interest 30 days after the date specified by the ordinance for mailing bills, at the rate of 1 1/2% per month, or portion thereof, until paid or forfeited. If the unpaid taxes are for a tax year before 2023, then interest shall accrue at the rate of 1.5% per month, or portion thereof, until paid or forfeited. If the unpaid taxes are for tax year 2023 or any tax year thereafter, then interest shall accrue at the rate of 0.75% per month, or portion thereof, until paid or forfeited.

Payment received by mail and postmarked on or before the required due date is not delinquent.

Taxes levied on homestead property in which a member of the National Guard or reserves of the armed forces of the United States who was called to active duty on or after August 1, 1990, and who has an ownership interest, shall not be deemed delinquent and no interest shall accrue or be charged as a penalty on such taxes due and payable in 1991 or 1992 until one year after that member returns to civilian status.

If an Illinois resident who is a member of the Illinois National Guard or a reserve component of the armed forces of the United States and who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the installment and no interest shall accrue or be charged as a penalty on the installment until 180 days after that member returns to civilian status. To be deemed not delinquent in the payment of an installment of taxes and any interest on that installment, the reservist or guardsperson must make a reasonable effort to notify the county clerk and the county collector of his or her activation to active duty and must notify the county clerk and the county collector within 180 days after his or her deactivation and provide verification of the date of his or her deactivation. An installment of property taxes on the property of any reservist or guardsperson who fails to provide timely notice and verification of deactivation to the county clerk is subject to interest and penalties as delinquent taxes under this Code from the date of deactivation.

ARTICLE 55

Section 55-5. The Property Tax Code is amended by changing Sections 2-5 and 2-10 as follows:

[May 31, 2025]

(35 ILCS 200/2-5)

Sec. 2-5. Multi-township assessors.

(a) Qualified townships ~~Townships with less than 1,000 inhabitants~~ shall not elect assessors for each township but shall elect multi-township assessors.

(1) If 2 or more qualified townships ~~with less than 1,000 inhabitants~~ are contiguous, one multi-township assessor shall be elected to assess the property in as many of the townships as are contiguous and whose combined population equals or exceeds the maximum population amount ~~is 1,000 or more inhabitants~~.

(2) If any qualified township ~~of less than 1,000 inhabitants~~ is not contiguous to another qualified township ~~of less than 1,000 inhabitants~~, one multi-township assessor shall be elected to assess the property of that township and any other township to which it is contiguous.

(b) If a qualified township is not subject to this Section before the publication of population data from the 2030 federal decennial census, but becomes subject to this Section as a result of its population as reflected in 2030 federal decennial census, then the provisions of this Section shall apply to that qualified township beginning with the first general election to occur on or after the publication of population data from the 2030 federal decennial census.

(c) As used in this Section:

"Maximum population amount" means:

(1) before the publication of population data from the 2030 federal decennial census, 1,000 inhabitants; and

(2) on and after the publication of population data from the 2030 federal decennial census, 3,000 inhabitants.

"Qualified township" means a township with a population that does not exceed the maximum population amount.

(Source: P.A. 87-818; 88-455.)

(35 ILCS 200/2-10)

Sec. 2-10. Mandatory establishment of multi-township assessment districts. Before August 1, 2002 and every 10 years thereafter, the supervisor of assessments shall prepare maps, by county, of the townships, indicating the number of inhabitants and the equalized assessed valuation of each township for the preceding year, within the counties under township organization, and shall distribute a copy of that map to the county board and to each township supervisor, board of trustees, sitting township or multi-township assessor, and to the Department. The map shall contain suggested multi-township assessment districts for purposes of assessment. Upon receipt of the maps, the boards of trustees shall determine separately, by majority vote, if the suggested multi-township districts are acceptable.

The township boards of trustees may meet as a body to discuss the suggested districts of which they would be a part. Upon request of the township supervisor of any township, the township supervisor of the township containing the most population shall call the meeting, designating the time and place, and shall act as temporary chairperson of the meeting until a permanent chairperson is chosen from among the township officials included in the call to the meeting. The township assessors and supervisor of assessments may participate in the meeting. Notice of the meeting shall be given in the same manner as notice is required for township meetings in the Township Code. The meeting shall be open to the public and may be recessed from time to time.

If a multi-township assessment district is not acceptable to any board of trustees, they shall so determine and further determine an alternative multi-township assessment district. The suggested or alternative multi-township assessment district shall contain at least 2 qualified townships, as defined in Section 2-5, and 1,000 or more inhabitants, shall contain no less than the total area of any one township, shall be contiguous to at least one other township in the multi-township assessment district, and shall be located within one county. For purposes of this Section only, townships are contiguous if they share a common boundary line or meet at any point. This amendatory Act of 1996 is not a new enactment, but is declarative of existing law.

Before September 15, 2002 and every 10 years thereafter, the respective boards of town trustees shall notify the supervisor of assessments and the Department whether they have accepted the suggested multi-township assessment district or whether they have adopted an alternative district, and, in the latter case, they shall include in the notification a description or map, by township, of the alternative district. Before October 1, 2002 and every 10 years thereafter, the supervisor of assessments shall determine whether any suggested or alternative multi-township assessment district meets the conditions of this Section and

Section 2-5. If any township board of trustees fails to so notify the supervisor of assessments and the Department as provided in this Section, the township shall be part of the original suggested multi-township assessment district. In any dispute between 2 or more townships as to inclusion or exclusion of a township in any one multi-township assessment district, the county board shall hold a public hearing in the county seat and, as soon as practicable thereafter, make a final determination as to the composition of the district. It shall notify the Department of the final determination before November 15, 2002 and every 10 years thereafter. The Department shall promulgate the multi-township assessment districts, file the same with the Secretary of State as provided in the Illinois Administrative Procedure Act and so notify the township supervisors, boards of trustees and county clerks of the townships and counties subject to this Section and Section 2-5. If the Department's promulgation removes a township from a prior multi-township assessment district, that township shall, within 30 days after the effective date of the removal, receive a distribution of a portion of the assets of the prior multi-township assessment district according to the ratio of the total equalized assessed valuation of all the taxable property in the township to the total equalized assessed valuation of all the taxable property in the prior multi-township assessment district. If a township is removed from one multi-township assessment district and made a part of another multi-township assessment district, the district from which the township is removed shall, within 30 days after the effective date of the removal, cause the township's distribution under this paragraph to be paid directly to the district of which the township is made a part. A township receiving such a distribution (or a multi-township assessment district receiving such a distribution on behalf of a township that is made a part of that district) shall use the proceeds from the distribution only in connection with assessing real estate in the township for tax purposes. Section 65-3. The Housing Affordability Impact Note Act is amended by changing Section 5 as follows:

(25 ILCS 82/5)

Sec. 5. Applicability.

(a) Every bill, except those making a direct appropriation, the purpose or effect of which is to directly increase or decrease the cost of constructing, purchasing, owning or selling a single family residence, including changes to exemptions available under Article 15 of the Property Tax Code, shall have prepared for it, before second reading in the house of introduction, a brief explanatory statement or note that shall include a reliable estimate of the anticipated impact.

(b) Every proposed rule of an agency, the purpose or effect of which is to directly increase or decrease the cost of constructing, purchasing, owning, or selling a single family residence shall have prepared for it, before approval by the Joint Committee on Administrative Rules pursuant to the Illinois Administrative Procedure Act, a brief explanatory statement or note that shall include a reliable estimate of the anticipated impact. As used in this Act, "rule" and "agency" have the same meanings as in the Illinois Administrative Procedure Act.

(c) These statements or notes shall be known as housing affordability impact notes.

(Source: P.A. 87-1149; 88-61.)

Section 65-5. The Property Tax Code is amended by changing Section 21-385 as follows:

(35 ILCS 200/21-385)

Sec. 21-385. Extension of period of redemption.

(a) For any tax certificates held by a county pursuant to Section 21-90, the redemption period for each tax certificate shall be extended by operation of law until the date established by the county as the redemption deadline in a petition for tax deed filed under Section 22-30. The redemption deadline established in the petition shall be identified in the notices provided under Sections 22-10 through 22-25 of this Code. After a redemption deadline is established in the petition for tax deed, the county may further extend the redemption deadline by filing with the county clerk of the county in which the property is located a written notice to that effect describing the property, identifying the certificate number, and specifying the extended period of redemption. Notwithstanding any expiration of a prior redemption period, all tax certificates forfeited to the county and held pursuant to Section 21-90 shall remain enforceable by the

county or its assignee, and redemption shall be extended by operation of law until the date established by the county as the redemption deadline in a petition for tax deed filed under Section 22-30.

(b) Within 60 days of the date of assignment, assignees of forfeited certificates under Section 21-90 or Section 21-145 of this Code must file with the county clerk of the county in which the property is located a written notice describing the property, stating the date of the assignment, identifying the certificate number and specifying a deadline for redemption that is not later than 3 years from the date of assignment. Upon receiving the notice, the county clerk shall stamp the date of receipt upon the notice. If the notice is submitted as an electronic record, the county clerk shall acknowledge receipt of the record and shall provide confirmation in the same manner to the certificate holder. The confirmation from the county clerk shall include the date of receipt and shall serve as proof that the notice was filed with the county clerk. In no event shall a county clerk permit an assignee of forfeited certificates under Section 21-90 or Section 21-145 of this Code to extend the period of redemption beyond 3 years from the date of assignment. If the redemption period expires and no petition for tax deed has been filed under Section 22-30, the assigned tax certificate shall be forfeited to and held by the county pursuant to Section 21-90.

(c) Except for the county as trustee pursuant to Section 21-90, the purchaser or his or her assignee of property sold for nonpayment of general taxes or special assessments may extend the period of redemption at any time before the expiration of the original period of redemption, or thereafter prior to the expiration of any extended period of redemption, but only for a period that will expire not later than 3 years from the date of sale, by filing with the county clerk of the county in which the property is located a written notice to that effect describing the property, stating the date of the sale and specifying the extended period of redemption. Upon receiving the notice, the county clerk shall stamp the date of receipt upon the notice. If the notice is submitted as an electronic record, the county clerk shall acknowledge receipt of the record and shall provide confirmation in the same manner to the certificate holder. The confirmation from the county clerk shall include the date of receipt and shall serve as proof that the notice was filed with the county clerk. The county clerk shall not be required to extend the period of redemption unless the purchaser or his or her assignee obtains this acknowledgement of delivery. If prior to the expiration of the period of redemption or extended period of redemption a petition for tax deed has been filed under Section 22-30, upon application of the petitioner, the court shall allow the purchaser or his or her assignee to extend the period of redemption after expiration of the original period or any extended period of redemption, provided that any extension allowed will expire not later than 3 years from the date of sale. If the period of redemption is extended, the purchaser or his or her assignee must give the notices provided for in Section 22-10 at the specified times prior to the expiration of the extended period of redemption by causing a sheriff (or if he or she is disqualified, a coroner) of the county in which the property, or any part thereof, is located to serve the notices as provided in Sections 22-15 and 22-20. The notices may also be served as provided in Sections 22-15 and 22-20 by a special process server appointed by the court under Section 22-15 and as provided in Sections 22-15 and 22-20.

The changes made to this Section by this amendatory Act of the 103rd General Assembly apply to matters concerning tax certificates issued on or after January 1, 2024.

(d) For any tax certificates held by a county, the county clerk may create and administer a payment plan during the redemption period. Under the payment plan, the county clerk may waive interest penalties when payments are made in accordance with the parameters set forth in the payment plan.

(Source: P.A. 103-555, eff. 1-1-24.)

Section 65-10. The Senior Citizens Real Estate Tax Deferral Act is amended by changing Sections 2 and 3 as follows:

(320 ILCS 30/2) (from Ch. 67 1/2, par. 452)

Sec. 2. Definitions. As used in this Act:

(a) "Qualified Taxpayer" means an individual (i) who will be 65 years of age or older by June 1 of the year for which a tax deferral is claimed; (ii) who certifies that they have owned and occupied as their residence such property or other qualifying property in the State for at least the last 3 years, except for any periods during which the taxpayer may have temporarily resided in a nursing or sheltered care home; and (iii) whose household income for the year is no greater than the maximum household income. ~~+(i) \$40,000 through tax year 2005; (ii) \$50,000 for tax years 2006 through 2011; (iii) \$55,000 for tax years 2012 through 2021; (iv) \$65,000 for tax years 2022 through 2025; and (v) \$55,000 for tax year 2026 and thereafter.~~

(b) "Tax deferred property" means the property upon which real estate taxes are deferred under this Act.

(c) "Homestead" means the land and buildings thereon, including a condominium or a dwelling unit in a multidwelling building that is owned and operated as a cooperative, occupied by the taxpayer as his residence or which are temporarily unoccupied by the taxpayer because such taxpayer is temporarily residing, for not more than 1 year, in a licensed facility as defined in Section 1-113 of the Nursing Home Care Act.

(d) "Real estate taxes" or "taxes" means the taxes on real property for which the taxpayer would be liable under the Property Tax Code, including special service area taxes, and special assessments on benefited real property for which the taxpayer would be liable to a unit of local government.

(e) "Department" means the Department of Revenue.

(f) "Qualifying property" means a homestead which (a) the taxpayer or the taxpayer and his spouse own in fee simple or are purchasing in fee simple under a recorded instrument of sale, (b) is not income-producing property, (c) is not subject to a lien for unpaid real estate taxes when a claim under this Act is filed, and (d) is not held in trust, other than an Illinois land trust with the taxpayer identified as the sole beneficiary, if the taxpayer is filing for the program for the first time effective as of the January 1, 2011 assessment year or tax year 2012 and thereafter.

(g) "Equity interest" means the current assessed valuation of the qualified property times the fraction necessary to convert that figure to full market value minus any outstanding debts or liens on that property. In the case of qualifying property not having a separate assessed valuation, the appraised value as determined by a qualified real estate appraiser shall be used instead of the current assessed valuation.

(h) "Household income" has the meaning ascribed to that term in the Senior Citizens and Persons with Disabilities Property Tax Relief Act.

(i) "Collector" means the county collector or, if the taxes to be deferred are special assessments, an official designated by a unit of local government to collect special assessments.

(j) "Maximum household income" means:

(1) \$40,000 through tax year 2005;

(2) \$50,000 for tax years 2006 through 2011;

(3) \$55,000 for tax years 2012 through 2021;

(4) \$65,000 for tax years 2022 through 2024;

(5) \$95,000 for tax year 2025; and

(6) for tax year 2026 and thereafter, the maximum household income for the immediately preceding taxable year, multiplied by one plus the lesser of (i) the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for the 12 months ending in March of the immediately preceding calendar year or (ii) 3%; the maximum income limitation under this item (6) shall be rounded to the nearest dollar.

By June 1, 2026, and by June 1 of each year thereafter, the Department of Revenue shall determine the maximum household income for the applicable taxable year and shall post that amount on its website.

(k) "Consumer Price Index" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100.

(Source: P.A. 102-644, eff. 8-27-21.)

(320 ILCS 30/3) (from Ch. 67 1/2, par. 453)

Sec. 3. A taxpayer may, on or before March 1 of each year, apply to the county collector of the county where his qualifying property is located, or to the official designated by a unit of local government to collect special assessments on the qualifying property, as the case may be, for a deferral of all or a part of real estate taxes payable during that year for the preceding year in the case of real estate taxes other than special assessments, or for a deferral of any installments payable during that year in the case of special assessments, on all or part of his qualifying property. The application shall be on a form prescribed by the Department and furnished by the collector, (a) showing that the applicant will be 65 years of age or older by June 1 of the year for which a tax deferral is claimed, (b) describing the property and verifying that the property is qualifying property as defined in Section 2, (c) certifying that the taxpayer has owned and occupied as his residence such property or other qualifying property in the State for at least the last 3 years except for any periods during which the taxpayer may have temporarily resided in a nursing or sheltered care home, and (d) specifying whether the deferral is for all or a part of the taxes, and, if for a part, the amount of deferral applied for. As to qualifying property not having a separate assessed valuation, the taxpayer shall also file with the county collector a written appraisal of the property prepared by a qualified real estate appraiser together with a certificate signed by the appraiser stating that he has personally examined the property and

setting forth the value of the land and the value of the buildings thereon occupied by the taxpayer as his residence. The county collector may use eligibility for the Low-Income Senior Citizens Assessment Freeze Homestead Exemption under Section 15-172 of the Property Tax Code as qualification for items (a) and (c).

The collector shall grant the tax deferral provided such deferral does not exceed funds available in the Senior Citizens Real Estate Deferred Tax Revolving Fund and provided that the owner or owners of such real property have entered into a tax deferral and recovery agreement with the collector on behalf of the county or other unit of local government, which agreement expressly states:

(1) That the total amount of taxes deferred under this Act, plus interest, for the year for which a tax deferral is claimed as well as for those previous years for which taxes are not delinquent and for which such deferral has been claimed may not exceed 80% of the taxpayer's equity interest in the property for which taxes are to be deferred and that, if the total deferred taxes plus interest equals 80% of the taxpayer's equity interest in the property, the taxpayer shall thereafter pay the annual interest due on such deferred taxes plus interest so that total deferred taxes plus interest will not exceed such 80% of the taxpayer's equity interest in the property. Effective as of the January 1, 2011 assessment year or tax year 2012 and through the 2021 tax year, ~~and beginning again with the 2026 tax year,~~ the total amount of any such deferral shall not exceed \$5,000 per taxpayer in each tax year. For the 2022 tax year and every tax year after ~~through the 2025 tax year,~~ the total amount of any such deferral shall not exceed \$7,500 per taxpayer in each tax year.

(2) That any real estate taxes deferred under this Act and any interest accrued thereon are a lien on the real estate and improvements thereon until paid. If the taxes deferred are for a tax year prior to 2023, then interest shall accrue at the rate of 6% per year. If the taxes deferred are for the 2023 tax year or any tax year thereafter, then interest shall accrue at the rate of 3% per year. No sale or transfer of such real property may be legally closed and recorded until the taxes which would otherwise have been due on the property, plus accrued interest, have been paid unless the collector certifies in writing that an arrangement for prompt payment of the amount due has been made with his office. The same shall apply if the property is to be made the subject of a contract of sale.

(3) That upon the death of the taxpayer claiming the deferral the heirs-at-law, assignees or legatees shall have first priority to the real property upon which taxes have been deferred by paying in full the total taxes which would otherwise have been due, plus interest. However, if such heir-at-law, assignee, or legatee is a surviving spouse, the tax deferred status of the property shall be continued during the life of that surviving spouse if the spouse is 55 years of age or older within 6 months of the date of death of the taxpayer and enters into a tax deferral and recovery agreement before the time when deferred taxes become due under this Section. Any additional taxes deferred, plus interest, on the real property under a tax deferral and recovery agreement signed by a surviving spouse shall be added to the taxes and interest which would otherwise have been due, and the payment of which has been postponed during the life of such surviving spouse, in determining the 80% equity requirement provided by this Section.

(4) That if the taxes due, plus interest, are not paid by the heir-at-law, assignee or legatee or if payment is not postponed during the life of a surviving spouse, the deferred taxes and interest shall be recovered from the estate of the taxpayer within one year of the date of his death. In addition, deferred real estate taxes and any interest accrued thereon are due within 90 days after any tax deferred property ceases to be qualifying property as defined in Section 2.

If payment is not made when required by this Section, foreclosure proceedings may be instituted under the Property Tax Code.

(5) That any joint owner has given written prior approval for such agreement, which written approval shall be made a part of such agreement.

(6) That a guardian for a person under legal disability appointed for a taxpayer who otherwise qualifies under this Act may act for the taxpayer in complying with this Act.

(7) That a taxpayer or his agent has provided to the satisfaction of the collector, sufficient evidence that the qualifying property on which the taxes are to be deferred is insured against fire or casualty loss for at least the total amount of taxes which have been deferred.

If the taxes to be deferred are special assessments, the unit of local government making the assessments shall forward a copy of the agreement entered into pursuant to this Section and the bills for such assessments to the county collector of the county in which the qualifying property is located.

Section 70-5. The Fox Waterway Agency Act is amended by changing Section 7.2 as follows:
(615 ILCS 90/7.2) (from Ch. 19, par. 1209)

Sec. 7.2. The Agency may charge reasonable user fees for recreational and commercial boating, and has the authority to issue revenue bonds and to borrow funds from any financial lending institution, ~~but shall not have the authority to impose any property tax.~~ The Agency shall devise a schedule of user fees. The Agency shall conduct public hearings before establishing or changing user fees or soliciting the issuance of revenue bonds or the borrowing of funds. The Agency may issue stickers as evidence of the payment of user fees. The Agency may impose a civil penalty on persons who knowingly use the waterway without paying a required user fee in an amount not exceeding \$500 for each violation. Such civil penalty may be recovered by the Agency in a civil action.

The Agency may also sell its dredging materials from the waterway as reclaimed topsoil.

At least 75% of the gross income collected under this Section shall be used exclusively for projects designed to maintain and improve the waterway. Such projects may include, but are not limited to, dredging, site acquisition for silt deposit, water safety, and water quality projects. Any funds which have not been expended by the end of a fiscal year may be accumulated in a revolving fund.

Notwithstanding any other law to the contrary, the Board may, by a majority vote, initiate a referendum question to be posed to the voters residing within the corporate limits of the Agency of whether or not to levy and collect a general property tax on any property within the corporate limits of the Agency for the purpose of paying the cost of operating and maintaining the waterway and any other corporate expenses of the Agency. If a majority of the voters voting on the question vote in favor of the proposition, then, beginning with the first levy year to occur on or after the date on which the referendum is approved, the Board may levy the tax by a majority vote of the Board. The tax shall be collected in the manner provided for the collection of taxes in the Property Tax Code.

ARTICLE 75

Section 75-5. The Property Tax Code is amended by changing Section 16-95 as follows:
(35 ILCS 200/16-95)

Sec. 16-95. Powers and duties of board of appeals or review; complaints. In counties with 3,000,000 or more inhabitants, until the first Monday in December 1998, the board of appeals in any year shall, on complaint that any property is overassessed or underassessed, or is exempt, review and order the assessment corrected.

Beginning the first Monday in December 1998 and thereafter, in counties with 3,000,000 or more inhabitants, the board of review:

(1) shall, on written complaint of any taxpayer or any taxing district that has an interest in the assessment that any property is overassessed, underassessed, or exempt, review the assessment and confirm, revise, correct, alter, or modify the assessment, as appears to be just; and

(2) may, upon written motion of any one or more members of the board that is made on or before the dates specified in notices given under Section 16-110 for each township and upon good cause shown, revise, correct, alter, or modify any assessment (or part of an assessment) of real property regardless of whether the taxpayer or owner of the property has filed a complaint with the board; and

(3) shall, after the effective date of this amendatory Act of the 96th General Assembly, pursuant to the provisions of Sections 9-260, 9-265, 2-270, 16-135, and 16-140, review any omitted assessment proposed by the county assessor and confirm, revise, correct, alter, or modify the proposed assessment, as appears to be just.

In counties with 3,000,000 or more inhabitants, if the board of review determines that an error or mistake has been made in any assessment, other than an error of judgment as to the valuation of the property, the board of review shall issue to the person erroneously assessed a certificate setting forth the nature of the error and its cause or causes. The certificate may be used in evidence in any court of competent jurisdiction. After the board of review has issued a certificate of error, 2 copies of the certificate shall be made. One of those copies shall be given to the county clerk, and one of those copies shall be given to the county treasurer. The county clerk shall keep records of the changes or corrections made in the certificate and shall certify those corrections to the county treasurer so that the county treasurer is able to account for the proper amount of taxes chargeable against the property.

No assessment may be changed by the board on its own motion until the taxpayer in whose name the property is assessed and the chief county assessment officer who certified the assessment have been notified and given an opportunity to be heard thereon. All taxing districts shall have an opportunity to be heard on the matter.

ARTICLE 85

Section 85-5. The Property Tax Code is amended by changing Section 15-178 as follows:

(35 ILCS 200/15-178)

Sec. 15-178. Affordable housing special assessment programs; reduction ~~Reduction~~ in assessed value for affordable rental housing construction or rehabilitation.

(a) The General Assembly finds that there is a shortage of high quality affordable rental homes for low-income and very-low-income households throughout Illinois; that owners and developers of rental housing face significant challenges building newly constructed apartments or undertaking rehabilitation of existing properties that results in rents that are affordable for low-income and very-low-income households; and that it will help Cook County and other parts of Illinois address the extreme shortage of affordable rental housing by developing a statewide policy to determine the assessed value for newly constructed and rehabilitated affordable rental housing that both encourages investment and incentivizes property owners to keep rents affordable.

(b) Each chief county assessment officer shall implement special assessment programs to reduce the assessed value of all eligible newly constructed residential real property or qualifying rehabilitation to all eligible existing residential real property in accordance with subsection (c) for 10 taxable years after the newly constructed residential real property or the qualifying rehabilitation of a improvements to existing residential real property is ~~are~~ put in service. Any county with less than 3,000,000 inhabitants may decide not to implement one or both of the special assessment programs defined in subparagraph (1) of subsection (c) of this Section and subparagraph (2) of subsection (c) of this Section upon passage of an ordinance by a majority vote of the county board. Subsequent to a vote to opt out of this special assessment program, any county with less than 3,000,000 inhabitants may decide to implement one or both of the special assessment programs defined in subparagraph (1) of subsection (c) of this Section and subparagraph (2) of subsection (c) of this Section upon passage of an ordinance by a majority vote of the county board. A county opting out shall not disqualify or shorten the maximum eligibility periods for any property approved to receive a reduced valuation prior to the county opting out. The special assessment programs available under this Section shall be available to all qualifying developments regardless of whether or not the property has or is currently receiving any other public financing or subsidies or subject to any regulatory agreements with any public entity, or both. The changes made to this subsection by this amendatory Act of the 104th General Assembly are declarative of existing law and shall not be construed as a new enactment. Property is eligible for the special assessment program if and only if all of the following factors have been met:

(1) at the conclusion of the new construction or qualifying rehabilitation, the property is a qualifying development ~~consists of a newly constructed multifamily building containing 7 or more rental dwelling units or an existing multifamily building that has undergone qualifying rehabilitation resulting in 7 or more rental dwelling units;~~ and

(2) the property meets the application requirements defined in subsection (f).

(c) For those counties that are required to implement the special assessment program and do not opt out of such special assessment program, the chief county assessment officer for that county shall require that residential real property is eligible for the special assessment program if and only if one of the additional factors have been met:

(1) except as defined in subparagraphs (E), (F), and (G) of paragraph (1) of subsection (f) of this Section, prior to the newly constructed residential real property or the qualifying rehabilitation of improvements to existing residential real property being put in service, the owner of the residential real property commits that, for a period of 10 years, at least 15% of the multifamily building's units will have rents as defined in this Section that are at or below maximum rents and are occupied by households with household incomes at or below maximum income limits; or

(2) except as defined in subparagraphs (E), (F), and (G) of paragraph (1) of subsection (f) of this Section, prior to the newly constructed residential real property or the qualifying rehabilitation of improvements to existing residential real property located in a low affordability community being put

in service, the owner of the residential real property commits that, for a period of 30 years after the newly constructed residential real property or ~~the qualifying rehabilitation of improvements to existing residential real property is~~ are put in service, at least 20% of the multifamily building's units will have rents as defined in this Section that are at or below maximum rents and are occupied by households with household incomes at or below maximum income limits.

If a reduction in assessed value is granted under one special assessment program provided for in this Section, then that same residential real property is not eligible for an additional special assessment program under this Section at the same time.

(d) The amount of the reduction in assessed value for residential real property meeting the conditions set forth in subparagraph (1) of subsection (c) shall be calculated as follows:

(1) if the owner of the residential real property commits for a period of at least 10 years that at least 15% but fewer than 35% of the multifamily building's units have rents at or below maximum rents and are occupied by households with household incomes at or below maximum income limits, the assessed value of the property used to calculate the tax bill shall be reduced by an amount equal to 25% of the assessed value of the property as determined by the assessor for the property in the current taxable year for either the newly constructed residential real property or based on the qualifying rehabilitation of a residential real property improvements to an existing residential real property; and

(2) if the owner of the residential real property commits for a period of at least 10 years that at least 35% of the multifamily building's units have rents at or below maximum rents and are occupied by households with household incomes at or below maximum income limits, the assessed value of the property used to calculate the tax bill shall be reduced by an amount equal to 35% of the assessed value of the property as determined by the assessor for the property in the current assessment year for either the newly constructed residential real property or based on the qualifying rehabilitation of a residential real property improvements to an existing residential real property.

(e) The amount of the reduction for residential real property meeting the conditions set forth in subparagraph (2) of subsection (c) shall be calculated as follows:

(1) for the first, second, and third taxable year after the residential real property is placed in service, the residential real property is entitled to a reduction in its assessed value in an amount equal to the difference between the assessed value in the year for which the incentive is sought and the assessed value for the residential real property in the base year;

(2) for the fourth, fifth, and sixth taxable year after the residential real property is placed in service, the property is entitled to a reduction in its assessed value in an amount equal to 80% of the difference between the assessed value in the year for which the incentive is sought and the assessed value for the residential real property in the base year;

(3) for the seventh, eighth, and ninth taxable year after the property is placed in service, the residential real property is entitled to a reduction in its assessed value in an amount equal to 60% of the difference between the assessed value in the year for which the incentive is sought and the assessed value for the residential real property in the base year;

(4) for the tenth, eleventh, and twelfth taxable year after the residential real property is placed in service, the residential real property is entitled to a reduction in its assessed value in an amount equal to 40% of the difference between the assessed value in the year for which the incentive is sought and the assessed value for the residential real property in the base year; and

(5) for the thirteenth through the thirtieth taxable year after the residential real property is placed in service, the residential real property is entitled to a reduction in its assessed value in an amount equal to 20% of the difference between the assessed value in the year for which the incentive is sought and the assessed value for the residential real property in the base year.

(f) Application requirements.

(1) In order to receive the reduced valuation under this Section, the owner must submit an application containing the following information to the chief county assessment officer for review in the form and by the date required by the chief county assessment officer or, in the absence of forms issued by the chief county assessment officer, the Department:

(A) the owner's name;

(B) the postal address and permanent index number or numbers of the parcel or parcels for which the owner is applying to receive reduced valuation under this Section;

(C) a deed or other instrument conveying the parcel or parcels to the current owner;

(D) written evidence that the new construction or qualifying rehabilitation has been completed with respect to the residential real property, including, but not limited to, copies of building permits, a notarized contractor's affidavit, and photographs of the interior and exterior of the building after new construction or rehabilitation is completed;

(E) written evidence that the residential real property meets local building codes, or if there are no local building codes, Housing Quality Standards, as determined by the United States Department of Housing and Urban Development;

(F) a list identifying the affordable units in residential real property and a written statement that the affordable units are comparable to the market rate units in terms of unit type, number of bedrooms per unit, quality of exterior appearance, energy efficiency, and overall quality of construction;

(G) a written schedule certifying the rents in each affordable unit and a written statement that these rents do not exceed the maximum rents allowable for the area in which the residential real property is located;

(H) documentation from the administering agency verifying the owner's participation in a qualifying income-based rental subsidy program as defined in subsection (c) of this Section if units receiving rental subsidies are to be counted among the affordable units in order to meet the thresholds defined in this Section;

(I) a written statement identifying the household income for every household occupying an affordable unit and certifying that the household income does not exceed the maximum income limits allowable for the area in which the residential real property is located;

(J) a written statement that the owner has verified and retained documentation of household income for every household occupying an affordable unit; and

(K) any additional information consistent with this Section as reasonably required by the chief county assessment officer, including, but not limited to, any information necessary to ensure compliance with applicable local ordinances and to ensure the owner is complying with the provisions of this Section.

(1.1) In order for a development to receive the reduced valuation under subsection (e), the owner must provide evidence to the county assessor's office of a fully executed project labor agreement entered into with the applicable local building trades council, prior to commencement of any and all construction, building, renovation, demolition, or any material change to the structure or land.

(2) The application requirements contained in paragraph (1) of subsection (f) are continuing requirements for the duration of the reduction in assessed value received and may be annually or periodically verified by the chief county assessment officer for the county whereby the benefit is being issued.

(3) In lieu of submitting an application containing the information prescribed in paragraph (1) of subsection (f), the chief county assessment officer may allow for submission of a substantially similar certification granted by the Illinois Housing Development Authority or a comparable local authority provided that the chief county assessment officer independently verifies the veracity of the certification with the Illinois Housing Development Authority or comparable local authority.

(4) The chief county assessment officer shall notify the owner as to whether or not the property meets the requirements of this Section. If the property does not meet the requirements of this Section, the chief county assessment officer shall provide written notice of any deficiencies to the owner, who shall then have 30 days from the date of notification to provide supplemental information showing compliance with this Section. The chief county assessment officer shall, in its discretion, grant additional time to cure any deficiency. If the owner does not exercise this right to cure the deficiency, or if the information submitted, in the sole judgment of the chief county assessment officer, is insufficient to meet the requirements of this Section, the chief county assessment officer shall provide a written explanation of the reasons for denial.

(5) The chief county assessment officer may charge a reasonable application fee to offset the administrative expenses associated with the program.

(6) The reduced valuation conferred by this Section is limited as follows:

(A) The owner is eligible to apply for the reduced valuation conferred by this Section beginning in the first assessment year after the effective date of this amendatory Act of the 102nd General Assembly through December 31, 2037 ~~2027~~. If approved, the reduction will be

effective for the current assessment year, which will be reflected in the tax bill issued in the following calendar year. Owners that are approved for the reduced valuation under paragraph (1) of subsection (c) of this Section before December 31, ~~2037~~ 2027 shall, at minimum, be eligible for annual renewal of the reduced valuation during an initial 10-year period if annual certification requirements are met for each of the 10 years, as described in subparagraph (B) of paragraph (4) of subsection (d) of this Section. If an owner is approved for the reduced valuation conferred by this Section prior to December 31, 2034 and this Section is not subsequently extended, this shall not disqualify or shorten the maximum eligibility periods for any property approved to receive a reduced valuation.

(B) Property receiving a reduction outlined in paragraph (1) of subsection (c) of this Section shall continue to be eligible for an initial period of up to 10 years if annual certification requirements are met for each of the 10 years, but shall be extended for up to 2 additional 10-year periods with annual renewals if the owner continues to meet the requirements of this Section, including annual certifications, and excluding the requirements regarding new construction or qualifying rehabilitation defined in subparagraph (D) of paragraph (1) of this subsection.

(C) The annual certification materials in the year prior to final year of eligibility for the reduction in assessed value must include a dated copy of the written notice provided to tenants informing them of the date of the termination if the owner is not seeking a renewal.

(D) If the property is sold or transferred, the purchaser or transferee must comply with all requirements of this Section, excluding the requirements regarding new construction or qualifying rehabilitation defined in subparagraph (D) of paragraph (1) of this subsection, in order to continue receiving the reduction in assessed value. Purchasers and transferees who comply with all requirements of this Section excluding the requirements regarding new construction or qualifying rehabilitation defined in subparagraph (D) of paragraph (1) of this subsection are eligible to apply for renewal on the schedule set by the initial application.

(E) ~~(Blank). The owner may apply for the reduced valuation if the residential real property meets all requirements of this Section and the newly constructed residential real property or improvements to existing residential real property were put in service on or after January 1, 2015. However, the initial 10-year eligibility period or 30-year eligibility period, depending on the applicable program, shall be reduced by the number of years between the placed in service date and the date the owner first receives this reduced valuation.~~

(F) The owner may apply for the reduced valuation within 2 years after the newly constructed residential real property or the qualifying rehabilitation of improvements to existing residential real property is ~~are~~ put in service. However, the initial 10-year eligibility period or 30-year eligibility period, depending on the applicable program, shall be reduced for the number of years between the placed in service date and the date the owner first receives this reduced valuation.

(G) Owners of a multifamily building receiving a reduced valuation through the Cook County Class 9 program during the year in which this amendatory Act of the 102nd General Assembly takes effect shall be deemed automatically eligible for the reduced valuation defined in paragraph (1) of subsection (c) of this Section in terms of meeting the criteria for new construction or substantial rehabilitation for a specific multifamily building regardless of when the newly constructed residential real property or improvements to existing residential real property were put in service. If a Cook County Class 9 owner had Class 9 status revoked on or after January 1, 2017 but can provide documents sufficient to prove that the revocation was in error or any deficiencies leading to the revocation have been cured, the chief county assessment officer may deem the owner to be eligible. However, owners may not receive both the reduced valuation under this Section and the reduced valuation under the Cook County Class 9 program in any single assessment year. In addition, the number of years during which an owner has participated in the Class 9 program shall count against the 3 10-year periods of eligibility for the reduced valuation as defined in subparagraph (1) of subsection (c) of this Section.

(H) When the property exits the special assessment program, the entire parcel shall be assessed as otherwise provided by law. ~~At the completion of the assessment reduction period described in this Section: the entire parcel will be assessed as otherwise provided by law. At any~~

time prior to exiting the special assessment program, a property owner may apply for a renewed 30-year eligibility period, to begin on the first day of the year following approval.

(H-5) Any property that has reached or will reach the end of its 30-year eligibility period before December 31, 2025 may remain in the program pending a reapplication filed by December 31, 2026. Those applications shall cite qualifying expenditures made in the 2 years before the application. This subparagraph (H-5) is inoperative on and after January 31, 2027.

(7) If the chief county assessment officer has not created application forms, the chief county assessment officer shall make publicly available and accept applications forms that shall be available to local governments from the Illinois Department of Revenue. If a county Internet website exists, the application materials, as well as any other program requirements used by the county (such as application deadlines, fees, and other procedures required by the application) must be published on that website, otherwise it must be available to the public upon request at the office of the chief county assessment officer.

(g) As used in this Section:

"Affordable units" means units that have rents that do not exceed the maximum rents as defined in this Section.

"Assessed value for the residential real property in the base year" means the assessed value used to calculate the tax bill, as certified by the board of review, for the tax year immediately prior to the tax year in which the building permit is issued. For property assessed as other than residential property, the "assessed value for the residential real property in the base year" means the assessed value that would have been obtained had the property been classified as residential as derived from the board of review's certified market value.

"Consumer Price Index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, not seasonally adjusted, all items, 1982-84 = 100.

"Household income" includes the annual income for all the people who occupy a housing unit that is anticipated to be received from a source outside of the family during the 12-month period following admission or the annual recertification, including related family members and all the unrelated people who share the housing unit. Household income includes the total of the following income sources: wages, salaries and tips before any payroll deductions; net business income; interest and dividends; payments in lieu of earnings, such as unemployment and disability compensation, worker's compensation and severance pay; Social Security income, including lump sum payments; payments from insurance policies, annuities, pensions, disability benefits and other types of periodic payments, alimony, child support, and other regular monetary contributions; and public assistance, except for assistance from the Supplemental Nutrition Assistance Program (SNAP). "Household income" does not include: earnings of children under age 18; temporary income such as cash gifts; reimbursement for medical expenses; lump sums from inheritance, insurance payments, settlements for personal or property losses; student financial assistance paid directly to the student or to an educational institution; foster child care payments; receipts from government-funded training programs; assistance from the Supplemental Nutrition Assistance Program (SNAP).

"Low affordability community" means (1) a municipality or jurisdiction with less than 1,000,000 inhabitants in which 40% or less of its total year-round housing units are affordable, as determined by the Illinois Housing Development Authority during the exemption determination process under the Affordable Housing Planning and Appeal Act; (2) "D" zoning districts as now or hereafter designated in the Chicago Zoning Ordinance; or (3) a jurisdiction located in a municipality with 1,000,000 or more inhabitants that has been designated as a low affordability community by passage of a local ordinance by that municipality, specifying the census tract or property by permanent index number or numbers.

"Maximum income limits" means the maximum regular income limits for 60% of area median income for the geographic area in which the multifamily building is located for multifamily programs as determined by the United States Department of Housing and Urban Development and published annually by the Illinois Housing Development Authority. A property may be deemed to have satisfied the maximum income limits with a weighted average if municipal, state, or federal laws, ordinances, rules, or regulations requires the use of a weighted average of no more than 60% of area median income for that property.

"Maximum rent" means the maximum regular rent for 60% of the area median income for the geographic area in which the multifamily building is located for multifamily programs as determined by the United States Department of Housing and Urban Development and published annually by the Illinois Housing Development Authority. To be eligible for the reduced valuation defined in this Section, maximum

rents are to be consistent with the Illinois Housing Development Authority's rules; or if the owner is leasing an affordable unit to a household with an income at or below the maximum income limit who is participating in qualifying income-based rental subsidy program, "maximum rent" means the maximum rents allowable under the guidelines of the qualifying income-based rental subsidy program. A property may be deemed to have satisfied the maximum rent with a weighted average if municipal, state, or federal laws, ordinances, rules, or regulations requires the use of a weighted average of no more than 60% of area median income for that property.

"Qualifying development" means:

(1) property containing a newly constructed multifamily building containing 7 or more rental dwelling units; or

(2) property containing an existing multifamily building that has undergone qualifying rehabilitation resulting in 7 or more rental dwelling units; or

(3) in counties with a population of 3,000,000 or more inhabitants, property in a portfolio of properties consisting of 7 or more total rental dwelling units across 2 or more multifamily rental buildings that are each newly constructed or have undergone qualifying rehabilitation if the portfolio meets all the following additional requirements:

(A) all of the properties in the portfolio must be under common ownership and must be part of a single financial entity or treated as a single entity for the purposes of financing, regulatory agreements, or participation in a qualifying income-based subsidy program;

(B) the portfolio, as a whole, must participate in a qualifying income-based subsidy program; and

(C) if the portfolio includes units supported by tenant-based rental assistance, including, but not limited to, the Housing Choice Voucher program, the portfolio must also:

(i) operate under a regulatory agreement with a federal, State, or local housing agency that imposes affordability restrictions; or

(ii) participate in an additional qualifying income-based subsidy program beyond tenant-based assistance.

"Qualifying income-based rental subsidy program" means a Housing Choice Voucher issued by a housing authority under Section 8 of the United States Housing Act of 1937, a tenant voucher converted to a project-based voucher by a housing authority or any other program administered or funded by a housing authority, the Illinois Housing Development Authority, another State agency, a federal agency, or a unit of local government where participation is limited to households with incomes at or below the maximum income limits as defined in this Section and the tenants' portion of the rent payment is based on a percentage of their income or a flat amount that does not exceed the maximum rent as defined in this Section.

"Qualifying rehabilitation" means, at a minimum, compliance with local building codes and the replacement or renovation of at least 2 primary building systems to be approved for the reduced valuation under paragraph (1) of subsection (d) of this Section and at least 5 primary building systems to be approved for the reduced valuation under subsection (e) of this Section. Although the cost of each primary building system may vary, to be approved for the reduced valuation under paragraph (1) of subsection (d) of this Section, for work completed between January 1, 2021 and December 31, 2021, the combined expenditure for making the building compliant with local codes and replacing primary building systems must be at least \$8 per square foot ~~for work completed between January 1 of the year in which this amendatory Act of the 102nd General Assembly takes effect and December 31 of the year in which this amendatory Act of the 102nd General Assembly takes effect and, in subsequent years, \$8 adjusted by the Consumer Price Index for All Urban Consumers, as published annually by the U.S. Department of Labor. For work completed in calendar years beginning on or after January 1, 2022, that combined expenditure amount shall be the combined expenditure amount necessary to be approved for the reduced valuation under paragraph (1) of subsection (d) of this Section in the immediately preceding calendar year, multiplied by one plus the percentage increase, if any, in the Consumer Price Index-u during the immediately preceding calendar year and rounded to the nearest penny.~~ To be approved for the reduced valuation under paragraph (2) of subsection (d) of this Section, for work completed between January 1, 2021 and December 31, 2021, the combined expenditure for making the building compliant with local codes and replacing primary building systems must be at least \$12.50 per square foot ~~for work completed between January 1 of the year in which this amendatory Act of the 102nd General Assembly takes effect and December 31 of the year in which this amendatory Act of the 102nd General Assembly takes effect, and in subsequent years, \$12.50 adjusted by the Consumer Price Index for All Urban Consumers, as published annually by the U.S. Department of~~

~~Labor. For work completed in calendar years beginning on or after January 1, 2022, that combined expenditure amount shall be the combined expenditure amount necessary to be approved for the reduced valuation under paragraph (2) of subsection (d) of this Section in the immediately preceding calendar year, multiplied by one plus the percentage increase, if any, in the Consumer Price Index-u during the immediately preceding calendar year and rounded to the nearest penny. To be approved for the reduced valuation under subsection (e) of this Section, for work completed between January 1, 2021 and December 31, 2021, the combined expenditure for making the building compliant with local codes and replacing primary building systems must be at least \$60 per square foot for work completed between January 1 of the year that this amendatory Act of the 102nd General Assembly becomes effective and December 31 of the year that this amendatory Act of the 102nd General Assembly becomes effective and, in subsequent years, \$60 adjusted by the Consumer Price Index for All Urban Consumers, as published annually by the U.S. Department of Labor. For work completed in calendar years beginning on or after January 1, 2022, that combined expenditure amount shall be the combined expenditure amount necessary to be approved for the reduced valuation under subsection (e) of this Section in the immediately preceding calendar year, multiplied by one plus the percentage increase, if any, in the Consumer Price Index-u during the immediately preceding calendar year and rounded to the nearest penny. This amendatory Act of the 104th General Assembly is not intended to change the combined expenditure amounts determined before the effective date of this amendatory Act of the 104th General Assembly for any work completed before January 1, 2026 and shall not be used as the basis for any appeal filed with the chief county assessment officer, the board of review, the Property Tax Appeal Board, or the circuit court with respect to the scope or meaning of the exemption under this Section for a tax year prior to tax year 2026.~~

For the purposes of administering this Section, by February 15, 2026, and by February 15 of each year thereafter, the Department of Revenue shall publish on its website the percentage increase, if any, in the Consumer Price Index-u for the immediately preceding calendar year, including historical annual increases in the Consumer Price Index-u going back to calendar year 2022. In counties with a population of 3,000,000 or more, by March 15, 2026, and by March 15 of each year thereafter, the county assessor shall, using the data available on the Department of Revenue's website, calculate and make available on its website the combined expenditure amounts used in the definition of "qualified rehabilitation" for the applicable taxable year.

"Primary building systems", together with their related rehabilitations, specifically approved for this program are:

(1) Electrical. All electrical work must comply with applicable codes; it may consist of a combination of any of the following alternatives:

(A) installing individual equipment and appliance branch circuits as required by code (the minimum being a kitchen appliance branch circuit);

(B) installing a new emergency service, including emergency lighting with all associated conduits and wiring;

(C) rewiring all existing feeder conduits ("home runs") from the main switchgear to apartment area distribution panels;

(D) installing new in-wall conduits for receptacles, switches, appliances, equipment, and fixtures;

(E) replacing power wiring for receptacles, switches, appliances, equipment, and fixtures;

(F) installing new light fixtures throughout the building including closets and central areas;

(G) replacing, adding, or doing work as necessary to bring all receptacles, switches, and other electrical devices into code compliance;

(H) installing a new main service, including conduit, cables into the building, and main disconnect switch; and

(I) installing new distribution panels, including all panel wiring, terminals, circuit breakers, and all other panel devices.

(2) Heating. All heating work must comply with applicable codes; it may consist of a combination of any of the following alternatives:

(A) installing a new system to replace one of the following heat distribution systems:

(i) piping and heat radiating units, including new main line venting and radiator venting; or

(ii) duct work, diffusers, and cold air returns; or

- (iii) any other type of existing heat distribution and radiation/diffusion components;
- or
- (B) installing a new system to replace one of the following heat generating units:
 - (i) hot water/steam boiler;
 - (ii) gas furnace; or
 - (iii) any other type of existing heat generating unit.
- (3) Plumbing. All plumbing work must comply with applicable codes. Replace all or a part of the in-wall supply and waste plumbing; however, main supply risers, waste stacks and vents, and code-conforming waste lines need not be replaced.
- (4) Roofing. All roofing work must comply with applicable codes; it may consist of either of the following alternatives, separately or in combination:
 - (A) replacing all rotted roof decks and insulation; or
 - (B) replacing or repairing leaking roof membranes (10% is the suggested minimum replacement of membrane); restoration of the entire roof is an acceptable substitute for membrane replacement.
- (5) Exterior doors and windows. Replace the exterior doors and windows. Renovation of ornate entry doors is an acceptable substitute for replacement.
- (6) Floors, walls, and ceilings. Finishes must be replaced or covered over with new material. Acceptable replacement or covering materials are as follows:
 - (A) floors must have new carpeting, vinyl tile, ceramic, refurbished wood finish, or a similar substitute;
 - (B) walls must have new drywall, including joint taping and painting; or
 - (C) new ceilings must be either drywall, suspended type, or a similar material.
- (7) Exterior walls.
 - (A) replace loose or crumbling mortar and masonry with new material;
 - (B) replace or paint wall siding and trim as needed;
 - (C) bring porches and balconies to a sound condition; or
 - (D) any combination of (A), (B), and (C).
- (8) Elevators. Where applicable, at least 4 of the following 7 alternatives must be accomplished:
 - (A) replace or rebuild the machine room controls and refurbish the elevator machine (or equivalent mechanisms in the case of hydraulic elevators);
 - (B) replace hoistway electro-mechanical items including: ropes, switches, limits, buffers, levelers, and deflector sheaves (or equivalent mechanisms in the case of hydraulic elevators);
 - (C) replace hoistway wiring;
 - (D) replace door operators and linkage;
 - (E) replace door panels at each opening;
 - (F) replace hall stations, car stations, and signal fixtures; or
 - (G) rebuild the car shell and refinish the interior.
- (9) Health and safety.
 - (A) Install or replace fire suppression systems;
 - (B) install or replace security systems; or
 - (C) environmental remediation of lead-based paint, asbestos, leaking underground storage tanks, or radon.
- (10) Energy conservation improvements undertaken to limit the amount of solar energy absorbed by a building's roof or to reduce energy use for the property, including, but not limited to, any of the following activities:
 - (A) installing or replacing reflective roof coatings (flat roofs);
 - (B) installing or replacing R-49 roof insulation;
 - (C) installing or replacing R-19 perimeter wall insulation;
 - (D) installing or replacing insulated entry doors;
 - (E) installing or replacing Low E, insulated windows;
 - (F) installing or replacing WaterSense labeled plumbing fixtures;
 - (G) installing or replacing 90% or better sealed combustion heating systems;
 - (H) installing Energy Star hot water heaters;
 - (I) installing or replacing mechanical ventilation to exterior for kitchens and baths;
 - (J) installing or replacing Energy Star appliances;

(K) installing or replacing Energy Star certified lighting in common areas; or

(L) installing or replacing grading and landscaping to promote on-site water retention if the retained water is used to replace water that is provided from a municipal source.

(11) Accessibility improvements. All accessibility improvements must comply with applicable codes. An owner may make accessibility improvements to residential real property to increase access for people with disabilities. As used in this paragraph (11), "disability" has the meaning given to that term in the Illinois Human Rights Act. As used in this paragraph (11), "accessibility improvements" means a home modification listed under the Home Services Program administered by the Department of Human Services (Part 686 of Title 89 of the Illinois Administrative Code) including, but not limited to: installation of ramps, grab bars, or wheelchair lifts; widening doorways or hallways; re-configuring rooms and closets; and any other changes to enhance the independence of people with disabilities.

(12) Any applicant who has purchased the property in an arm's length transaction not more than 90 days before applying for this reduced valuation may use the cost of rehabilitation or repairs required by documented code violations, up to a maximum of \$2 per square foot, to meet the qualifying rehabilitation requirements.

ARTICLE 90

Section 90-5. The Property Tax Code is amended by changing Section 27-32 as follows:
(35 ILCS 200/27-32)

Sec. 27-32. More than 5% increase; hearing. If, in any year other than the initial levy year, the estimated special service area tax levy is more than 105% of the amount extended for special service area purposes for the preceding levy year, notice shall be given and a hearing held on the reason for the increase. Notice of the hearing shall be given in accordance with the Open Meetings Act, including posting of the notice on the special service area's website if a website is maintained by the special service area. A meeting open to the public and convened in a location convenient to property included within the boundaries of the special service area is considered a hearing for purposes of this Section. The hearing may be held prior to the adoption of the proposed ordinance to adopt the annual levy of the special service area, but not more than 30 days prior to the adoption of the ordinance, or at the same time the proposed ordinance to adopt the annual levy of the special service area is considered.

ARTICLE 95

Section 95-5. The Property Tax Code is amended by changing Section 18-50 as follows:
(35 ILCS 200/18-50)

Sec. 18-50. Filing of budget and appropriation ordinance. The governing authority of each taxing district shall file with the county clerk, either electronically or with a paper submission, within 30 days of their adoption a certified copy of its appropriation and budget ordinances or resolutions, as well as an estimate, certified by its chief fiscal officer, of revenues, by source, anticipated to be received by the taxing district in the following fiscal year. If the governing authority fails to file the required documents, the county clerk shall have the authority, after giving timely notice of the failure to the taxing district, to refuse to extend the tax levy until the documents are so filed.

If the budget and appropriation ordinance and estimate of revenues under this Section is filed electronically, the county clerk shall accept and acknowledge that electronic filing by providing a receipt to the taxing district.

In determining the amount of maximum tax authorized to be levied by any statute of this State, the assessed valuation of the current year of property as assessed and reviewed by the local assessment officials or the Department, and as equalized or confirmed by the Department, shall be used.
