[May 31, 2025]

Sec. 13.70. Transacting business without authority.

(a) No foreign corporation transacting business in this State without authority to do so is permitted to maintain a civil action in any court of this State, until the corporation obtains that authority. Nor shall a civil action be maintained in any court of this State by any successor or assignee of the corporation on any right, claim or demand arising out of the transaction of business by the corporation in this State, until authority to transact business in this State is obtained by the corporation or by a corporation that has acquired all or substantially all of its assets.

(c) A foreign corporation that transacts business in this State without authority is liable to this State, for the years or parts thereof during which it transacted business in this State without authority, in an amount equal to all fees, franchise taxes, penalties and other charges that would have been imposed by this Act upon the corporation had it duly applied for and received authority to transact business in this State as required by this Act, but failed to pay the franchise taxes that would have been computed thereon, and thereafter filed all reports required by this Act; and, if a corporation fails to file an application for authority within 60 days after it commences business in this State, in addition thereto it is liable for a penalty of either 10% of the filing fee, license fee and franchise taxes or \$200 plus \$5.00 for each month or fraction thereof in which it has continued to transact business in this State without authority therefor, whichever penalty is greater. The Attorney General shall bring proceedings to recover all amounts due this State under this Section.

(c-5) A foreign corporation that transacts business in this State without authority is deemed to have consented to general jurisdiction in accordance with subsection (b) of Section 13.20 to the same extent as if it were registered to do business in this State. Consent to such general jurisdiction commences upon committing an act constituting the transaction of business in this State without authority at any time after the effective date of this amendatory Act of the 104th General Assembly and remains effective for 180 days following the committing of each and every such act.

(d) The Attorney General shall bring an action to restrain a foreign corporation from transacting business in this State, if the authority of the foreign corporation to transact business has been revoked under subsection (m) of Section 13.50 of this Act.

Under the rules, the foregoing **Senate Bill No. 328**, with House Amendment No. 2, was referred to the Secretary's Desk.

A message from the House by
Mr. Hollman, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to-wit:

SENATE BILL NO. 1331

A bill for AN ACT concerning education.

Together with the following amendment which is attached, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

House Amendment No. 1 to SENATE BILL NO. 1331

Passed the House, as amended, May 31, 2025.

JOHN W. HOLLMAN, Clerk of the House

AMENDMENT NO. 1 TO SENATE BILL 1331

AMENDMENT NO. 1. Amend Senate Bill 1331 by replacing everything after the enacting clause with the following:

"Section 5. The Transitions in Education Act is amended by changing Section 130-5 as follows:
(110 ILCS 180/130-5)

Sec. 130-5. Findings; policies.

(a) The General Assembly finds the following:

[May 31, 2025]

(1) Teachers are the single most important in-school factor in supporting student outcomes and success; yet, Illinois is suffering from a profound teacher shortage across the State.

(2) To reverse this shortage, Illinois needs to develop and invest in a robust and diverse educator pipeline, addressing any barriers or gaps that limit high quality candidates, particularly candidates of color, from becoming teachers.

(3) Illinois loses many high quality, diverse educator candidates in postsecondary programs due to confusion or lack of course transfer credits and course articulation from Illinois's 2-year to 4-year institutions.

(4) Lack of alignment and transferability of course credits may often force candidates to spend additional time and money to earn a degree or lead to an inability to complete a degree.

(5) In 1993, the Board of Higher Education, the Illinois Community College Board, and the Transfer Coordinators of Illinois Colleges and Universities brought together faculty from public and independent, associate, and baccalaureate degree-granting institutions across the State to develop the Illinois Articulation Initiative (IAI).

(6) The goal of IAI is to facilitate the transfer of courses from one participating college or university to another in order to complete a baccalaureate degree.

(7) The Student Transfer Achievement Reform (STAR) Act, as mandated by subsection (b) of Section 25 of the Act, is designed to facilitate transfer among Illinois public institutions, particularly for students with a completed Associate of Arts or an Associate of Science degree.

(8) While Illinois is a leading state for college completion rates for adult learners and transfer students from community colleges, it needs to increase the number of high-quality postsecondary teaching credentials to meet the demands of our schools and education workforce.

(9) With the rising costs of higher education for Illinois students and families, the State needs to ensure to the maximize extent possible that community college courses will transfer with full credit for the student and be accepted at an Illinois public or private institution as they pursue a baccalaureate degree in education.

(10) Illinois can do this by improving transitions all along the education pipeline; for postsecondary education, this means strengthening articulation through stable funding and the expansion of transfer tools, such as Transferology and the IAI through development of an objective measure of transfer and acceptance of credits in education degrees.

(11) The IAI Education Pathway can be modeled off of existing IAI major pathways like Early Childhood Education and Criminal Justice.

(b) The General Assembly encourages the Board of Higher Education, the State Board of Education, and the Illinois Community College Board, as part of the IAI, to do the following:

(1) The Board of Higher Education, the State Board of Education, and the Illinois Community College Board are encouraged to jointly establish a task force for a Major Panel in Education and identify respective recommended major courses that would be accepted as credit toward the education major at the receiving institutions.

(2) As part of the report on the status of the Illinois Articulation Initiative pursuant to Section 25 of the Illinois Articulation Initiative Act, the Board of Higher Education and the Illinois Community College Board are encouraged to include in the annual report to the General Assembly, the Governor, and the Illinois P-20 Council the progress made on the task force on the Education Major Panel.

(3) The Board of Higher Education, the State Board of Education, and the Illinois Community College Board are encouraged to further promote and encourage the enrollment of minority students into educator preparation programs, ~~such as the annual information session about the Minority Teachers of Illinois scholarship program pursuant to subsection (q) of Section 50 of the Higher Education Student Assistance Act.~~

The Commission shall award teacher scholarships under this Section to qualified students who demonstrate to the Commission that they satisfy the requirements and purpose of this Section. All qualified students may apply. In order to encourage academically talented Illinois minority students to pursue teaching careers at the preschool or elementary or secondary school level and to address and alleviate the teacher shortage crisis in this State described under the provisions of the Transitions in Education Act, each qualified student shall be awarded a minority teacher scholarship to any qualified Illinois institution of higher learning. However, preference may be given to qualified applicants enrolled at or above the junior level.

(c) The annual teacher scholarship amount shall be computed by the institution. Each minority teacher scholarship awarded under this Section shall be in an amount sufficient to pay the total cost of attendance tuition and fees and room and board costs of the qualified Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of \$5,000; except that in the case of a recipient who does not reside on campus at the institution at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of \$5,000. However, if at least \$2,850,000 is appropriated in a given fiscal year for the Minority Teachers of Illinois scholarship program, then, in each fiscal year thereafter, each scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the qualified Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of \$7,500; except that in the case of a recipient who does not reside on campus at the institution at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of \$7,500.

(d) The total amount of minority teacher scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the total cost of attendance at the institution at which the student is enrolled. If the amount of a minority teacher scholarship to be awarded to a scholarship recipient qualified student as provided in subsection (c) of this Section exceeds the total cost of attendance at the institution at which the student is enrolled, the minority teacher scholarship shall be reduced by an amount

equal to the amount by which the combined financial assistance available to the recipient student exceeds the total cost of attendance.

(e) The maximum number of academic terms for which a recipient qualified student can receive ~~minority~~ teacher scholarship assistance shall be 8 semesters or 12 quarters.

(f) In any academic year for which an eligible applicant under this Section accepts financial assistance through the Golden Apple Scholars of Illinois Program, the Special Education Teacher Tuition Waiver Program, or the Teach Illinois Scholarship Program, Paul Douglas Teacher Scholarship Program, as authorized by Section 551 et seq. of the Higher Education Act of 1965, the applicant shall not be eligible for scholarship assistance awarded under this Section.

(g) All applications for ~~minority~~ teacher scholarships to be awarded under this Section shall be made to the Commission on forms which the Commission shall provide for eligible applicants. Applicants must submit an application annually. Applicants must also complete the Free Application for Federal Student Aid. The form of applications and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents or recommendations as the Commission deems necessary. If an application is incomplete, the Commission shall notify the applicant. The applicant shall then have an opportunity to furnish the missing information; however, the application shall be considered for processing only as of the date when the application is complete and received by the Commission. Applicants may be required to furnish the institution at which they are enrolled with a copy of their high school transcripts, any other documentation verifying high school graduation, or a copy of their State of Illinois High School Diploma.

(h) Subject to a separate appropriation for such purposes, payment of any ~~minority~~ teacher scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in accordance with this subsection shall be paid to the institution and used only for payment of the tuition and fee and room and board expenses incurred by the student in connection with his or her attendance at a qualified Illinois institution of higher learning. Any ~~minority~~ teacher scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment within a regular academic year. If a recipient qualified student withdraws from enrollment prior to completion of the first semester or quarter for which the ~~minority~~ teacher scholarship is applicable, the school shall refund to the Commission the full amount of the ~~minority~~ teacher scholarship.

(i) The Commission shall administer the ~~minority~~ teacher scholarship ~~aid~~ program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation. The Commission shall make information available on its website regarding school districts that meet the criteria set forth in the definition of a qualified student under subsection (a).

(j) When an appropriation to the Commission for a given fiscal year is insufficient to provide scholarships to all qualified students, the Commission shall allocate the appropriation in accordance with this subsection. If funds are insufficient to provide all qualified students with a scholarship as authorized by this Section, the Commission shall allocate the available scholarship funds for that fiscal year to qualified students who submit a timely complete application form on or before a date specified by the Commission based on the following order of priority:

(1) To students who received a scholarship under this Section in the prior academic year and who remain eligible for a ~~minority~~ teacher scholarship under this Section.

(2) To ~~Except as otherwise provided in subsection (k), to~~ students who demonstrate the most financial need, as determined by the Commission.

(3) To students with the earliest date of received completed applications.

(4) To students enrolled at or above the junior level.

(k) ~~Notwithstanding paragraph (2) of subsection (j), at least 35% of the funds appropriated for scholarships awarded under this Section in each fiscal year shall be reserved for qualified male minority applicants, with priority being given to qualified Black male applicants beginning with fiscal year 2023. If the Commission does not receive enough applications from qualified male minorities on or before January 1 of each fiscal year to award 35% of the funds appropriated for these scholarships to qualified male minority applicants, then the Commission may award a portion of the reserved funds to qualified female minority applicants in accordance with subsection (j).~~

If Beginning with fiscal year 2023, if at least \$2,850,000 but less than \$4,200,000 is appropriated in a given fiscal year for scholarships awarded under this Section, then at least 10% of the funds appropriated shall be reserved for qualified bilingual ~~minority~~ applicants, with priority being given to qualified bilingual ~~minority~~ applicants who are enrolled in an educator preparation program with a concentration in bilingual,

bicultural education. ~~If Beginning with fiscal year 2023, if~~ at least \$4,200,000 is appropriated in a given fiscal year for the ~~Minority~~ Teachers of Illinois scholarship program, then at least 30% of the funds appropriated shall be reserved for qualified bilingual ~~minority~~ applicants, with priority being given to qualified bilingual ~~minority~~ applicants who are enrolled in an educator preparation program with a concentration in bilingual, bicultural education. ~~If Beginning with fiscal year 2023, if~~ at least \$2,850,000 is appropriated in a given fiscal year for scholarships awarded under this Section but the Commission does not receive enough applications from qualified bilingual minority applicants on or before January 1 of that fiscal year to award at least 10% of the funds appropriated to qualified bilingual ~~minority~~ applicants, then the Commission may, in its discretion, award a portion of the reserved funds to other qualified students in accordance with subsection (j).

(l) Prior to receiving scholarship assistance for any academic year, each recipient of a ~~minority~~ teacher scholarship awarded under this Section shall be required by the Commission to sign and submit a teaching agreement or promissory note to the Commission ~~an agreement~~ under which the recipient pledges that, within the one-year period following the termination of the program for which the recipient was awarded a ~~minority~~ teacher scholarship, the recipient (i) shall begin teaching for a period of not less than one year for each year of scholarship assistance he or she was awarded under this Section and shall teach on a continuous basis for the required period of time; (ii) shall fulfill this teaching obligation at a ~~nonprofit Illinois public, private, or parochial preschool, elementary school, or secondary~~ school district in this State that had a 3-year average teacher vacancy rate at or above the 3-year statewide average teacher vacancy rate, excluding public school districts that had zero vacancies, in any school year among the most recent 3 school years for which data is available from the State Board of Education or a public school district in this State in which the number of teacher vacancies in the district was at or above the statewide average number of teacher vacancies, excluding public school districts that had zero vacancies, in any school year among the most recent 3 school years for which data is available from the State Board of Education ~~at which no less than 30% of the enrolled students are minority students~~ in the year during which the recipient begins teaching at the school or may instead, if the recipient received a scholarship as a qualified bilingual ~~minority~~ applicant, fulfill this teaching obligation in a program in transitional bilingual education pursuant to Article 14C of the School Code or in a school in which 20 or more English learner students in the same language classification are enrolled; and (iii) shall, upon request by the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection. Recipients of a teacher scholarship under this Section are also required to provide the Commission with evidence of compliance with program requirements, including, but not limited to annual follow-up questionnaires. Recipients of a teacher scholarship under this Section must also promise to use the proceeds of the scholarship for educational expenses.

(1-5) If, prior to the 2025-2026 academic year, an individual received a scholarship under this Section and signed an agreement pledging to teach at a school meeting specified criteria and that individual receives a subsequent scholarship under this Section on or after the effective date of this amendatory Act of the 104th General Assembly, then that recipient may complete his or her entire teaching obligation at a school meeting the criteria described in subsection (l) of this Section and the Commission shall consider such employment to satisfy the terms of that recipient's agreement to teach signed before the effective date of this amendatory Act of the 104th General Assembly.

(m) If a recipient of a ~~minority~~ teacher scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (l) of this Section, the scholarship converts to a loan. The repayment period shall be completed within 10 years after the scholarship converts to a loan.

The 10-year period may be extended if the recipient (i) serves, for not more than 3 years, as a member of the United States Armed Forces; (ii) is temporarily disabled, for not more than 3 years, as established by the sworn affidavit of a licensed physician; (iii) is seeking and unable to find full-time employment, for one continuous period not to exceed 2 years, and is able to provide evidence of that fact; (iv) withdraws from a course of study leading to licensure as a teacher but is enrolled full time in another academic discipline; or (v) is pursuing a graduate course of study and is enrolled on a full-time basis for one continuous period of time not to exceed 3 years. During the time a recipient qualifies for any extensions, the recipient is not required to make payments and interest does not accrue.

The recipient shall enter repayment status on the earliest of the following: the first day of the first calendar month after the recipient has ceased to pursue a course of study leading to licensure as a teacher at the preschool, elementary, or secondary level, but not before 6 months have elapsed after the cessation of at least half-time enrollment in such a course of study; the date the recipient informs the Commission that the

recipient does not plan to fulfill the teaching obligation; or the day after the latest date upon which the recipient must have begun teaching after completing the postsecondary education for which the scholarship was awarded.

~~The~~ The Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, at an annual ~~a~~ rate of interest equal to 5%, and, if applicable, reasonable collection fees. If a recipient who enters into repayment under this subsection (m) subsequently, within 5 years of entering repayment, begins to teach at a school meeting the description under subsection (l) of this Section, the Commission may reduce the amount owed by the recipient in proportion to the amount of the teaching obligation completed. ~~The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section.~~ All repayments collected under this Section shall be forwarded to the State Comptroller for deposit into the State's General Revenue Fund.

A recipient is not required to repay the amount of the scholarship received if the recipient becomes permanently totally disabled, as established by the sworn affidavit of a qualified physician, or if the recipient's representative provides the Commission with a death certificate or other evidence that the recipient has died.

(n) A recipient of a minority teacher scholarship shall not be considered in violation of the agreement entered into pursuant to subsection (l) if the recipient (i) enrolls on a full time basis as a graduate student in a course of study related to the field of teaching at a qualified Illinois institution of higher learning; (ii) is serving, not in excess of 3 years, as a member of the armed services of the United States; (iii) is a person with a temporary total disability for a period of time not to exceed 3 years as established by sworn affidavit of a qualified physician; (iv) is seeking full-time employment for one continuous period not to exceed 2 years and is unable to find full time employment as a teacher at a ~~an Illinois public, private, or parochial preschool or elementary or secondary~~ school district in this State that satisfies the criteria set forth in subsection (l) of this Section and is able to provide evidence of that fact; (v) becomes a person with a permanent total disability as established by sworn affidavit of a qualified physician; (vi) is taking additional courses, on at least a half-time basis, needed to obtain licensure as a teacher in Illinois; or (vii) is fulfilling teaching requirements associated with other programs administered by the Commission and cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation.

(o) Scholarship recipients under this Section who withdraw from a program of teacher education but remain enrolled in school to continue their postsecondary studies in another academic discipline shall not be required to commence repayment of their Minority Teachers of Illinois scholarship so long as they remain enrolled in school on a full-time basis or if they can document for the Commission special circumstances that warrant extension of repayment.

(o-5) The Commission may not require repayment of any Minority Teachers of Illinois scholarship from any recipient who:

(1) received that scholarship during the 2024-2025 academic year;

(2) would have remained eligible for the Minority Teachers of Illinois scholarship if it remained in effect for the 2025-2026 academic year;

(3) does not meet the definition of a qualified student under the Teachers of Illinois scholarship program established by this amendatory Act of the 104th General Assembly; and

(4) does not complete the educator preparation program in which the recipient was enrolled when receiving the Minority Teachers of Illinois scholarship.

(p) The State Board of Education shall furnish all appropriate data referenced within the definition of a qualified student under subsection (a) on a timely basis to the Commission. If the Minority Teachers of Illinois scholarship program does not expend at least 90% of the amount appropriated for the program in a given fiscal year for 3 consecutive fiscal years and the Commission does not receive enough applications from the groups identified in subsection (k) on or before January 1 in each of those fiscal years to meet the percentage reserved for those groups under subsection (k), then up to 3% of amount appropriated for the program for each of next 3 fiscal years shall be allocated to increasing awareness of the program and for the recruitment of Black male applicants. The Commission shall make a recommendation to the General Assembly by January 1 of the year immediately following the end of that third fiscal year regarding whether the amount allocated to increasing awareness and recruitment should continue.

(q) Each qualified Illinois institution of higher learning that receives funds from the Minority Teachers of Illinois scholarship program shall host an annual information session at the institution about the program for teacher candidates of color in accordance with rules adopted by the Commission. Additionally,

~~the institution~~ shall ensure that each scholarship recipient enrolled at the institution meets with an academic advisor at least once per academic year to facilitate on-time completion of the recipient's educator preparation program. Institutions shall also submit eligibility information for qualified students in sufficient time for the Commission to make award announcements.

Teacher scholarship awards under this Section shall be paid directly to the approved institution of record that certifies to the Commission that the applicant is an eligible recipient. The Commission shall annually establish priority claim dates for the submission of payment requests and inform institutions of the required priority dates. Late payment requests shall result in the delayed processing of payments. Payment requests shall be processed in the sequence of receipt by the Commission and as funds are available. Institutions may submit their payment requests beginning 10 days prior to the start of classes for the term for which payment is being requested.

The Commission shall disburse scholarship funds in 2 or 3 installments, depending on the number of terms financed by the scholarship, except that multiple disbursements are not required in cases in which the applicant's eligibility is not determined until the final term of the regular academic year for which the scholarship is being awarded or if a student is attending only one term and the maximum award does not exceed the student's cost of attendance.

Funds shall be remitted by the Commission to institutions on behalf of recipients. Upon receipt of scholarship funds, the institution shall verify the recipient's enrollment status for the term for which the award was intended. If enrolled, the institution may credit the scholarship funds to the recipient's account for expenses due and payable. The balance of the disbursement shall be released to the recipient. Upon receipt of the scholarship funds, if the recipient has withdrawn from enrollment for the terms for which the award was intended, the institution shall return the amount of the scholarship payment to the Commission.

(r) The changes made to this Section by this amendatory Act of the 104th General Assembly shall first apply beginning with awards made for the 2025-2026 academic year. The changes made to this Section by Public Act 101-654 will first take effect with awards made for the 2022-2023 academic year.

(b) If an employee or applicant for employment alleges that he or she has been denied his or her rights under this Act, he or she may file a complaint with the Department of Labor. The Department shall investigate the complaint pursuant to its authority under subsection (a) ~~and shall have authority to request the issuance of a search warrant or subpoena to inspect the files of the employer or prospective employer, if necessary.~~ The Department shall attempt to resolve the complaint by conference, conciliation, or persuasion. (f) Any employer or prospective employer, or the officer or agent of any employer or prospective employer, who discharges or in any other manner discriminates against any employee or applicant for employment because that employee or applicant for employment has made a complaint to his employer, or to the Director of Labor or his authorized representative, or because that employee or applicant for employment has caused to be instituted or is about to cause to be instituted any proceeding under or related to this Act, or because that employee or applicant for employment has testified or is about to testify in an investigation or proceeding under this Act, is guilty of a petty offense.

(g) No employer or prospective employer shall be subject to concurrent or duplicative enforcement actions under this Act based on the same set of facts or alleged violations involving the same individual or individuals. (a) As used in this Section, "interested party" means a not-for-profit corporation, as defined by the General Not For Profit Corporation Act of 1986, or a labor organization, as defined by 29 U.S.C. 152(5), that monitors or is attentive to compliance with worker safety and privacy laws, wage and hour requirements, or other statutory requirements.

(b) Upon a reasonable belief that an employer or prospective employer covered by this Act is in violation of any part of this Act, an interested party may bring a civil action in the county where the alleged offenses occurred or where any party to the action resides, in the name of the State or for the benefit of any impacted employees or prospective employees.

(1) No later than 30 days after filing an action, the interested party shall serve upon the State through the Attorney General a copy of the complaint and written disclosure of substantially all material evidence and information the interested party possesses.

(2) The State may elect to intervene and proceed with the action no later than 60 days after it receives both the complaint and the material evidence and information. The State may, for good cause shown, move the court for an extension of the time to intervene and proceed with the action.

(3) Before the expiration of the 60-day period or any extensions under paragraph (2), the State shall:

(A) proceed with the action, in which case the action shall be conducted by the State; or

(B) notify the court that it declines to take the action, in which case the interested party bringing the action shall have the right to conduct the action.

(4) When the State conducts the action, the interested party shall have the right to continue as a party to the action subject to the following limitations:

(A) the State may dismiss the action notwithstanding the objections of the interested party initiating the action if the interested party has been notified by the State of the filing of the motion and the court has provided the interested party with an opportunity for a hearing on the motion; and

(B) the State may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances.

(5) If an interested party brings an action under this Section, no person other than the State may intervene or bring a related action on behalf of the State based on the facts underlying the pending action. An interested party may bring the action subject to the following limitations:

(A) the State may dismiss the action notwithstanding the objections of the interested party initiating the action if the interested party has been notified by the State of the filing of the motion and the court has provided the interested party with an opportunity for a hearing on the motion; and

(B) the State may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances.

(6) An action brought in court by an interested party under this Section may be dismissed if the court and the Attorney General give written consent to the dismissal and their reasons for consenting.

(c) Any claim or action filed by an interested party under this Section shall be made no later than 3 years after the alleged conduct resulting in the complaint, plus any period for which the limitations period has been tolled.

(d) In an action brought by an interested party under this Section, an interested party may recover against the covered entity any statutory penalties set forth in Section 17, injunctive relief, and any other relief available to the Department. An interested party who prevails in a civil action shall receive 10% of any statutory penalties assessed, plus any attorney's fees and costs. The remaining 90% of any statutory penalties assessed shall be deposited into the Child Labor and Day and Temporary Labor Services Enforcement Fund and shall be used for the purposes set forth in Section 75 of the Child Labor Law of 2024.

Actions may be brought by one or more affected employees or prospective employees for and on behalf of themselves and employees or prospective employees similarly situated. An employee or prospective employee may recover for a violation of the Act under this Section or under Section 15 or 16 at the employee or prospective employee's option, but not under

more than one Section. An employee or prospective employee whose rights have been violated under this Act by an employer or prospective employer is entitled to collect under this Section:

(B) back pay, with interest, as appropriate; and

(C) a civil penalty of \$10,000; and

(3) compensation for any damages sustained as a result of the violation, including litigation costs, expert witness fees, and reasonable attorney's fees.

(b) The right of an aggrieved person to bring an action under this Section terminates upon the passing of 3 years after the date of the violation. This limitations period is tolled if an employer or prospective employer has failed to provide an employee or prospective employee information required under this Act or has deterred an employee or prospective employee from the exercise of rights under this Act.

(b) In determining the amount of a penalty, the Director or circuit court shall consider (i) the appropriateness of the penalty to the size of the business of the employer charged and (ii) the gravity of the violation.

(c) The Department shall adopt rules for violation hearings and penalties for violations of this Act or the Department's rules in conjunction with the penalties set forth in this Act. Any administrative determination by the Department as to the amount of each penalty shall be final unless reviewed as provided in Section 19.

(820 ILCS 55/20)

Sec. 20. Dismissal of complaint. The Director or any court of competent jurisdiction shall summarily dismiss any complaint alleging a violation of Section 5 of this Act which states as the sole cause of the complaint that the employer offered a health, disability, or life insurance policy that makes a distinction between employees for the type of coverage or the price of coverage based upon the employees' use of lawful products.

Section 10. The Juvenile Court Act of 1987 is amended by changing Section 5-410 as follows:
(705 ILCS 405/5-410)

Sec. 5-410. Non-secure custody or detention.

(1) Placement of a minor away from his or her home must be a last resort and the least restrictive alternative available. Any minor arrested or taken into custody pursuant to this Act who requires care away from the minor's home but who does not require physical restriction shall be given temporary care in a foster family home or other shelter facility designated by the court.

(2)(a-1) On or after July 1, 2026 and before July 1, 2027, any minor 12 years of age or older arrested pursuant to this Act where there is probable cause to believe that the minor is a delinquent minor and that secure custody is a matter of immediate and urgent necessity, in light of a serious threat to the physical safety of a person or persons in the community or in order to secure the presence of the minor at the next hearing, as evidenced by a demonstrable record of willful failure to appear at a scheduled court hearing within the past 12 months, may be kept or detained in an authorized detention facility. On or after July 1, 2027, minors age 12 years of age and under 13 years of age and charged with first degree murder, aggravated criminal sexual assault, aggravated battery in which a firearm was used in the offense, or aggravated vehicular hijacking, may be kept or detained in an authorized detention facility. On and after July 1, 2026, any minor 13 years of age or older arrested pursuant to this Act where there is probable cause to believe that the minor is a delinquent minor and that secure custody is a matter of immediate and urgent necessity in light of a serious threat to the physical safety of a person or persons in the community, or to secure the presence of the minor at the next hearing as evidenced by a demonstrable record of willful failure to appear at a scheduled court hearing within the past 12 months may be kept or detained in an authorized detention facility. ~~(a) Any minor 10 years of age or older arrested pursuant to this Act where there is probable cause to believe that the minor is a delinquent minor and that (i) secure custody is a matter of immediate and urgent necessity for the protection of the minor or of the person or property of another, (ii) the minor is likely to flee the jurisdiction of the court, or (iii) the minor was taken into custody under a warrant, may be kept or detained in an authorized detention facility. A minor under 13 years of age shall not be admitted, kept, or detained in a detention facility unless a local youth service provider, including a provider through the Comprehensive Community-Based Youth Services network, has been contacted and has not been able to accept the minor. No minor under 13~~ 12 years of age shall be detained in a county jail or a municipal lockup for more than 6 hours.

(a-2) Probation and court services shall document and share on a monthly basis with the Illinois Juvenile Justice Commission each instance where alternatives to detention failed or were lacking, including the basis for detention, the providers who were contacted, and the reason alternatives were rejected, lacking or denied.

(a-3) Instead of detention, minors under the age of 13 who are in conflict with the law may be held accountable through a petition under Article 3, Minors Requiring Authoritative Intervention, or may be held accountable through a community mediation program as set forth in Section 5-310.

(a-5) For a minor arrested or taken into custody for vehicular hijacking or aggravated vehicular hijacking, a previous finding of delinquency for vehicular hijacking or aggravated vehicular hijacking shall be given greater weight in determining whether secured custody of a minor is a matter of immediate and urgent necessity for the protection of the minor or of the person or property of another.

(b) The written authorization of the probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) constitutes authority for the superintendent of any juvenile detention home to detain and keep a minor for up to 40 hours, excluding Saturdays, Sundays, and court-designated holidays. These records shall be available to the same persons and pursuant to the same conditions as are law enforcement records as provided in Section 5-905.

(b-4) The consultation required by paragraph (b-5) shall not be applicable if the probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) utilizes a scorable detention screening instrument, which has been developed with input by the

State's Attorney, to determine whether a minor should be detained; however, paragraph (b-5) shall still be applicable where no such screening instrument is used or where the probation officer, detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) deviates from the screening instrument.

(b-5) Subject to the provisions of paragraph (b-4), if a probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) does not intend to detain a minor for an offense which constitutes one of the following offenses, the probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) shall consult with the State's Attorney's Office prior to the release of the minor: first degree murder, second degree murder, involuntary manslaughter, criminal sexual assault, aggravated criminal sexual assault, aggravated battery with a firearm as described in Section 12-4.2 or subdivision (e)(1), (e)(2), (e)(3), or (e)(4) of Section 12-3.05, aggravated or heinous battery involving permanent disability or disfigurement or great bodily harm, robbery, aggravated robbery, armed robbery, vehicular hijacking, aggravated vehicular hijacking, vehicular invasion, arson, aggravated arson, kidnapping, aggravated kidnapping, home invasion, burglary, or residential burglary.

(c) Except as otherwise provided in paragraph (a), (d), or (e), no minor shall be detained in a county jail or municipal lockup for more than 12 hours, unless the offense is a crime of violence in which case the minor may be detained up to 24 hours. For the purpose of this paragraph, "crime of violence" has the meaning ascribed to it in Section 1-10 of the Substance Use Disorder Act.

(i) The period of detention is deemed to have begun once the minor has been placed in a locked room or cell or handcuffed to a stationary object in a building housing a county jail or municipal lockup. Time spent transporting a minor is not considered to be time in detention or secure custody.

(ii) Any minor so confined shall be under periodic supervision and shall not be permitted to come into or remain in contact with adults in custody in the building.

(iii) Upon placement in secure custody in a jail or lockup, the minor shall be informed of the purpose of the detention, the time it is expected to last and the fact that it cannot exceed the time specified under this Act.

(iv) A log shall be kept which shows the offense which is the basis for the detention, the reasons and circumstances for the decision to detain, and the length of time the minor was in detention.

(v) Violation of the time limit on detention in a county jail or municipal lockup shall not, in and of itself, render inadmissible evidence obtained as a result of the violation of this time limit. Minors under 18 years of age shall be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with adults confined pursuant to criminal law. Persons 18 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

- (A) the age of the person;
- (B) any previous delinquent or criminal history of the person;
- (C) any previous abuse or neglect history of the person; and
- (D) any mental health or educational history of the person, or both.

(d)(i) If a minor 12 years of age or older is confined in a county jail in a county with a population below 3,000,000 inhabitants, then the minor's confinement shall be implemented in such a manner that there will be no contact by sight, sound, or otherwise between the minor and adult prisoners. Minors 12 years of age or older must be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with confined adults. This paragraph (d)(i) shall only apply to confinement pending an adjudicatory hearing and shall not exceed 40 hours, excluding Saturdays, Sundays, and court-designated holidays. To accept or hold minors during this time period, county jails shall comply with all monitoring standards adopted by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(ii) To accept or hold minors, 12 years of age or older, after the time period prescribed in paragraph (d)(i) of this subsection (2) of this Section but not exceeding 7 days including Saturdays, Sundays, and holidays pending an adjudicatory hearing, county jails shall comply with all temporary detention standards adopted by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(iii) To accept or hold minors 12 years of age or older, after the time period prescribed in paragraphs (d)(i) and (d)(ii) of this subsection (2) of this Section, county jails shall comply with all county juvenile detention standards adopted by the Department of Juvenile Justice.

(e) When a minor who is at least 15 years of age is prosecuted under the criminal laws of this State, the court may enter an order directing that the juvenile be confined in the county jail. However, any juvenile confined in the county jail under this provision shall be separated from adults who are confined in the county jail in such a manner that there will be no contact by sight, sound, or otherwise between the juvenile and adult prisoners.

(f) For purposes of appearing in a physical lineup, the minor may be taken to a county jail or municipal lockup under the direct and constant supervision of a juvenile police officer. During such time as is necessary to conduct a lineup, and while supervised by a juvenile police officer, the sight and sound separation provisions shall not apply.

(g) For purposes of processing a minor, the minor may be taken to a county jail or municipal lockup under the direct and constant supervision of a law enforcement officer or correctional officer. During such time as is necessary to process the minor, and while supervised by a law enforcement officer or correctional officer, the sight and sound separation provisions shall not apply.

(3) If the probation officer or State's Attorney (or such other public officer designated by the court in a county having 3,000,000 or more inhabitants) determines that the minor may be a delinquent minor as described in subsection (3) of Section 5-105, and should be retained in custody but does not require physical restriction, the minor may be placed in non-secure custody for up to 40 hours pending a detention hearing.

(4) Any minor taken into temporary custody, not requiring secure detention, may, however, be detained in the home of the minor's parent or guardian subject to such conditions as the court may impose.

(5) The changes made to this Section by Public Act 98-61 apply to a minor who has been arrested or taken into custody on or after January 1, 2014 (the effective date of Public Act 98-61).

(1) make and keep, for a period of not less than 3 years from the date of the last payment made before January 1, 2014 (the effective date of Public Act 98-328) and for a period of 5 years from the date of the last payment made on or after January 1, 2014 (the effective date of Public Act 98-328) on a contract or subcontract for public works, records of all laborers, mechanics, and other workers employed by them on the project; the records shall include (i) the worker's name, (ii) the worker's address, (iii) the worker's telephone number when available, (iv) the last 4 digits of the worker's social security number, (v) the worker's gender, (vi) the worker's race, (vii) the worker's ethnicity, (viii) veteran status, (ix) the worker's classification or classifications, (x) the worker's skill level, such as apprentice or journeyman, (xi) the worker's gross and net wages paid in each pay period, (xii) the worker's number of hours worked each day, (xiii) the worker's starting and ending times of work each day, (xiv) the worker's hourly wage rate, (xv) the worker's hourly overtime wage rate, (xvi) the worker's hourly fringe benefit rates, (xvii) the name and address of each fringe benefit fund, (xviii) the plan sponsor of each fringe benefit, if applicable, and (xix) the plan administrator of each fringe benefit, if applicable; and

(2) no later than the 15th day of each calendar month file a certified payroll for the immediately preceding month with the public body in charge of the project until the Department of Labor activates the database created under Section 5.1 at which time certified payroll shall only be submitted to that database, except for projects done by State agencies that opt to have contractors submit certified payrolls directly to that State agency. A State agency that opts to directly receive certified payrolls must submit the required information in a specified electronic format to the Department of Labor no later than 10 days after the certified payroll was filed with the State agency. A certified payroll must be filed for only those calendar months during which construction on a public works project has occurred. The certified payroll shall consist of a complete copy of the records identified in paragraph (1) of this subsection (a), but may exclude the starting and ending times of work each day. The certified payroll shall be accompanied by a statement signed by the contractor or subcontractor or an officer, employee, or agent of the contractor or subcontractor which avers that: (i) he or she has examined the certified payroll records required to be submitted by the Act and such records are true and accurate; (ii) the hourly rate paid to each worker is not less than the general prevailing rate of hourly wages required by this Act; and (iii) the contractor or subcontractor is aware that filing a certified payroll that he or she knows to be false is a Class A misdemeanor. A general contractor is not prohibited from relying on the certification of a lower tier subcontractor, provided the general contractor does not knowingly rely upon a subcontractor's false certification. Any contractor or subcontractor subject to this Act and any officer, employee, or agent of such contractor or subcontractor whose duty as such officer, employee, or agent it is to file such certified payroll who willfully fails to file such a certified payroll on or before the date such certified payroll is required by this paragraph to be filed and any person who willfully files a false certified payroll that is false as to any material fact is in violation of this Act and guilty of a Class A misdemeanor. The public body in charge of the project shall keep the records submitted in accordance with this paragraph (2) of subsection (a) before January 1, 2014 (the effective date of Public Act 98-328) for a period of not less than 3 years, and the records submitted in accordance with this paragraph (2) of subsection (a) on or after January 1, 2014 (the effective date of Public Act 98-328) for a period of 5 years, from the date of the last payment for work on a contract or subcontract for public works or until the Department of Labor activates the database created under Section 5.1, whichever is less. After the activation of the database created under Section 5.1, the Department of Labor rather than the public body in charge of the project shall keep the records and maintain the database. The records submitted in accordance with

this paragraph (2) of subsection (a) shall be considered public records, except an employee's address, telephone number, social security number, race, ethnicity, and gender, and made available in accordance with the Freedom of Information Act. The public body shall accept any reasonable submissions by the contractor that meet the requirements of this Section.

A contractor, subcontractor, or public body may retain records required under this Section in paper or electronic format.

(b) Upon 7 business days' notice, the contractor and each subcontractor shall make available for inspection and copying at a location within this State during reasonable hours, the records identified in paragraph (1) of subsection (a) of this Section to the public body in charge of the project, its officers and agents, the Director of Labor and his deputies and agents, and to federal, State, or local law enforcement agencies and prosecutors.

(c) A contractor or subcontractor who remits contributions to fringe benefit funds that are jointly maintained and jointly governed by one or more employers and one or more labor organizations in accordance with the federal Labor Management Relations Act shall make and keep certified payroll records that include the information required under items (i) through (viii) of paragraph (1) of subsection (a) only. However, the information required under items (ix) through (xv) of paragraph (1) of subsection (a) shall be required for any contractor or subcontractor who remits contributions to a fringe benefit fund that is not jointly maintained and jointly governed by one or more employers and one or more labor organizations in accordance with the federal Labor Management Relations Act.

(d) Any contractor or subcontractor subject to this Act and any officer, employee, or agent of the contractor or subcontractor whose duty as the officer, employee, or agent is to file the certified payroll, who the Department of Labor finds has failed to file the certified payroll for any public works project as required under this Act, is subject to a civil penalty, payable to the Department of Labor, of up to \$1,000 for a first offense and up to \$2,000 for a second or subsequent offense no more than 5 years after the first offense. A second or subsequent offense that occurs more than 5 years after the first offense shall be considered a first offense. Each month in which a violation of this Section occurs shall constitute a separate offense.

A finding of an offense by the Department of Labor for failure to file the certified payroll may be challenged if a request for administrative hearing is received no later than 10 business days after receipt of the notice of the offense. The Department of Labor shall have the burden of establishing good cause for its action. Good cause exists if the Department of Labor establishes that the contractor or subcontractor participated in a public works project under this Act and failed to submit a certified payroll to the Department of Labor's electronic database no later than 15 calendar days after the immediately preceding month in which the public works were performed by the contractor or subcontractor. Any mitigating evidence that a contractor or subcontractor attempted to timely submit certified payrolls to the Department of Labor's electronic database but failed due to technical issues shall be considered. A contractor or subcontractor's lack of knowledge of the requirements of this Section shall not be considered as mitigating evidence.

All hearings held under this Section shall comply with the Illinois Administrative Procedure Act and the Department of Labor's rules for administrative hearings. The final administrative decision by the Department of Labor shall be rendered after the conclusion of the hearing. A final administrative decision made under this Section is subject to the Administrative Review Law. If a final administrative decision issued by the Department of Labor requires a contractor or subcontractor to pay a civil penalty, and the subcontractor or contractor has not: (i) made the required payment within 35 days after the issuance of the final administrative decision; or (ii) timely filed a complaint seeking review of the final administrative decision within 35 days after the issuance of the final administrative decision in a court of competent jurisdiction, the Department of Labor, by and through the Office of the Attorney General, may file a verified petition against the contractor or subcontractor to enforce the final administrative decision and to collect any amounts due in the circuit court of any county where an office of the Department of Labor is located.

(820 ILCS 130/11) (from Ch. 48, par. 39s-11)

Sec. 11. No public works project shall be instituted unless the provisions of this Act have been complied with. The provisions of this Act shall not be applicable to Federal construction projects which require a prevailing wage determination by the United States Secretary of Labor. The Illinois Department of Labor represented by the Attorney General is empowered to sue for injunctive relief against the awarding of any contract or the continuation of work under any contract for public works at a time when the prevailing wage prerequisites have not been met. Any contract for public works awarded at a time when the prevailing

wage prerequisites had not been met shall be void as against public policy and the contractor is prohibited from recovering any damages for the voiding of the contract or pursuant to the terms of the contract. The contractor is limited to a claim for amounts actually paid for labor and materials supplied to the public body. Where objections to a determination of the prevailing rate of wages or a court action relative thereto is pending, the public body shall not continue work on the project unless sufficient funds are available to pay increased wages if such are finally determined or unless the Department of Labor certifies such determination of the prevailing rate of wages as correct.

Any laborer, worker or mechanic employed by the contractor or by any sub-contractor under him who is paid for his services in a sum less than the prevailing rates for work done under such contract, shall have a right of action for whatever difference there may be between the amount so paid, and the rates provided by the contract together with costs and such reasonable attorney's fees as shall be allowed by the court. Such contractor or subcontractor shall also be liable to the Department of Labor for 20% of such underpayments and shall be additionally liable to the laborer, worker or mechanic for punitive damages in the amount of 2% of the amount of any such penalty to the State for underpayments for each month following the date of payment during which such underpayments remain unpaid. Where a second or subsequent action to recover underpayments is brought against a contractor or subcontractor and the contractor or subcontractor is found liable for underpayments to any laborer, worker, or mechanic, the contractor or subcontractor shall also be liable to the Department of Labor for 50% of the underpayments payable as a result of the second or subsequent action, and shall be additionally liable for 5% of the amount of any such penalty to the State for underpayments for each month following the date of payment during which the underpayments remain unpaid. The Department shall also have a right of action on behalf of any individual who has a right of action under this Section. An action brought to recover same shall be deemed to be a suit for wages, and any and all judgments entered therein shall have the same force and effect as other judgments for wages. The action shall be brought within 5 years from the date of the failure to pay the wages or compensation. At the request of any laborer, workman or mechanic employed by the contractor or by any subcontractor under him who is paid less than the prevailing wage rate required by this Act, the Department of Labor may take an assignment of such wage claim in trust for the assigning laborer, workman or mechanic and may bring any legal action necessary to collect such claim, and the contractor or subcontractor shall be required to pay the costs incurred in collecting such claim.

All moneys owed to the Department under this Act shall be remitted to the Employee Classification Fund, and the Department may use those funds for the purposes identified in Section 50 of the Employee Classification Act.

Section 10. The Employee Classification Act is amended by changing Section 50 as follows:
(820 ILCS 185/50)

Sec. 50. Employee Classification Fund. All moneys received by the Department as fees and civil penalties under this Act and all moneys owed to the Department under the Prevailing Wage Act shall be deposited into the Employee Classification Fund and shall be used, subject to appropriation by the General Assembly, by the Department for administration, investigation, outreach, and educational activities related to this Act and the Prevailing Wage Act and other expenses incurred in carrying out its powers and duties under this Act and the Prevailing Wage Act. The Department shall hire as many investigators and other personnel as may be necessary to carry out the purposes of this Act. Any moneys in the Fund at the end of a fiscal year in excess of those moneys necessary for the Department to carry out its powers and duties under this Act shall be available to the Department for the next fiscal year for any of the Department's duties.

Section 15. If and only if House Bill 3638 of the 104th General Assembly becomes law, then the Workplace Transparency Act is amended by changing Section 1-35 as follows:
(820 ILCS 96/1-35)

Sec. 1-35. Compensatory damages, costs, ~~Costs~~ and attorney's fees. An employee, prospective employee, or former employee shall be entitled to compensatory damages, in addition to reasonable attorney's fees and costs incurred in challenging a contract for violation of this Act upon a final, non-appealable action in favor of the employee, prospective employee, or former employee on the question of the validity and enforceability of the contract or defending an action for breach of a confidentiality agreement pursuant to this Act.

HOUSE BILL RECALLED

On motion of Senator Johnson, as chief co-sponsor pursuant to Senate Rule 5-1(b)(i), **House Bill No. 3772** was recalled from the order of third reading to the order of second reading.

Floor Amendment No. 3 was held in the Committee on Assignments.

Senator Lightford offered the following amendment and Senator Johnson moved its adoption:

AMENDMENT NO. 4 TO HOUSE BILL 3772

AMENDMENT NO. 4. Amend House Bill 3772, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Sections 2-3.162, 10-22.6, 13B-20.25, 13B-20.30, and 13B-25.5 as follows:

(105 ILCS 5/2-3.162)

Sec. 2-3.162. Student discipline report; school discipline improvement plan.

(a) On or before October 31, 2015 and on or before October 31 of each subsequent year, the State Board of Education, through the State Superintendent of Education, shall prepare a report on student discipline in all school districts in this State, including State-authorized charter schools. This report shall include data from all public schools within school districts, including district-authorized charter schools. This report must be posted on the Internet website of the State Board of Education. The report shall include data on the issuance of out-of-school suspensions, expulsions, and removals to alternative settings in lieu of another disciplinary action, disaggregated by race and ethnicity, gender, age, grade level, whether a student is an English learner, incident type, and discipline duration. Such data shall be reported to the State Board of Education annually by all school districts in this State, including State-authorized charter schools, in a form and manner specified by the State Board of Education, no later than July 31 for the previous school year and by July 31 of each year thereafter.

(b) The State Board of Education shall analyze the data under subsection (a) of this Section on an annual basis and determine the top 20% of school districts for the following metrics:

(1) Total number of out-of-school suspensions divided by the total district enrollment by the last school day in September for the year in which the data was collected, multiplied by 100.

(2) Total number of out-of-school expulsions divided by the total district enrollment by the last school day in September for the year in which the data was collected, multiplied by 100.

(3) Racial disproportionality, defined as the overrepresentation of students of color or white students in comparison to the total number of students of color or white students on October 1st of the school year in which data are collected, with respect to the use of out-of-school suspensions and expulsions, which must be calculated using the same method as the U.S. Department of Education's Office for Civil Rights uses.

[May 31, 2025]

The analysis must be based on data collected over 3 consecutive school years, beginning with the 2014-2015 school year.

Beginning with the 2017-2018 school year, the State Board of Education shall require each of the school districts that are identified in the top 20% of any of the metrics described in this subsection (b) for 3 consecutive years to submit a plan identifying the strategies the school district will implement to reduce the use of exclusionary disciplinary practices or racial disproportionality or both, if applicable. School districts that no longer meet the criteria described in any of the metrics described in this subsection (b) for 3 consecutive years shall no longer be required to submit a plan.

This plan may be combined with any other improvement plans required under federal or State law.

The calculation of the top 20% of any of the metrics described in this subsection (b) shall exclude all school districts, State-authorized charter schools, and special charter districts that issued fewer than a total of 10 out-of-school suspensions or expulsions, whichever is applicable, during the school year. The calculation of the top 20% of the metric described in subdivision (3) of this subsection (b) shall exclude all school districts with an enrollment of fewer than 50 white students or fewer than 50 students of color.

The plan must be approved at a public school board meeting and posted on the school district's Internet website. Within one year after being identified, the school district shall submit to the State Board of Education and post on the district's Internet website a progress report describing the implementation of the plan and the results achieved.

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)

(Text of Section before amendment by P.A. 102-466)

Sec. 10-22.6. Suspension or expulsion of students; school searches.

(a) To expel students guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board, the hearing officer shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a student, the written expulsion decision shall detail the specific reasons why removing the student from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled student may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A student must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of gross disobedience or misconduct, or to suspend students guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of such acts for a period not to exceed 10 school days. If a student is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the student in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a student along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian, the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review, the parents or guardian of the student may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct

resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

(b-20) Unless otherwise required by this Code, out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and "substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 3 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting. In consultation with stakeholders deemed appropriate by the State Board of Education, the State Board of Education shall draft and publish guidance for the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting in accordance with this Section and Section 13A-4 on or before July 1, 2025.

(b-30) A school district shall create a policy by which suspended students, including those students suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a student's parent or guardian to notify school officials that a student suspended from the school bus does not have alternate transportation to school.

(c) A school board must invite a representative from a local mental health agency to consult with the board at the meeting whenever there is evidence that mental illness may be the cause of a student's expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to all school personnel, school board members, and school resource officers, on the requirements of this Section and Section 10-20.14, the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, trauma-responsive learning environments, as defined in subsection (b) of Section 3-11, the appropriate and available supportive services

for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of the individual's duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

(k) The expulsion of students enrolled in programs funded under Section 1C-2 of this Code is subject to the requirements under paragraph (7) of subsection (a) of Section 2-3.71 of this Code.

(l) An in-school suspension program provided by a school district for any students in kindergarten through grade 12 may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel. A school district may employ a school social worker or a licensed mental health professional to oversee an in-school suspension program in kindergarten through grade 12.

Sec. 10-22.6. Suspension or expulsion of students; school searches.

(a) To expel students in grades 3 through 12 guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetrated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Unless otherwise required by subsection (d), in no case may a school board expel a student in kindergarten through grade 2. No action may be brought against the school board for an expulsion in kindergarten through grade 2 pursuant to subsection (d). Subject to this grade-level restriction, ~~expulsion~~ Expulsion shall take place only after the parents or guardians have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board, the hearing officer shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a student, the written expulsion decision shall detail the specific reasons why removing the student from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled student may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A student must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of gross disobedience or misconduct, or to suspend students guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend students guilty of such acts for a period not to exceed 10 school days. If a student is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the student in excess of 10 school days for safety reasons. The superintendent of the school district shall be required to provide verbal or written approval to suspend a student in kindergarten through grade 2 for longer than 3 school days. If superintendent approval is not received by the third day, the student shall return to school by the fourth day. For suspensions of longer than 3 days, the length of the suspension for any student in kindergarten through grade 2 shall not be for longer than the number of days required by the school district to review, amend, develop, or implement a behavior intervention plan or safety plan.

Any suspension shall be reported immediately to the parents or guardians of a student along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardians, the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review, the parents or guardians of the student may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

(b-10) Unless otherwise required by ~~subsection (d) federal law or this Code~~, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

(b-20) Unless otherwise required by this Code, out-of-school suspensions of longer than 3 days, expulsions for students in grades 3 through 12 or, if required by subsection (d), expulsions for students in kindergarten through grade 2, and disciplinary removals to alternative schools for students who meet the grade-level restrictions set forth in Articles 13A and 13B may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and "substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 3 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services. The superintendent of the school district shall be required to provide verbal or written approval to suspend a student in kindergarten through grade 2 for longer than 3 school days. If superintendent approval is not received by the third day, the student shall return to school by the fourth day.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting. In consultation with stakeholders deemed appropriate by the State Board of Education, the State Board of Education shall draft and publish guidance for the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting in accordance with this Section and Section 13A-4 on or before July 1, 2025.

(b-30) A school district shall create a policy by which suspended students, including those students suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a student's parents or guardians to notify school officials that a student suspended from the school bus does not have alternate transportation to school.

(b-35) In all suspension review hearings conducted under subsection (b) or expulsion hearings conducted under subsection (a), a student may disclose any factor to be considered in mitigation, including his or her status as a parent, expectant parent, or victim of domestic or sexual violence, as defined in Article 26A. A representative of the parent's or guardian's choice, or of the student's choice if emancipated, must be permitted to represent the student throughout the proceedings and to address the school board or its appointed hearing officer. With the approval of the student's parent or guardian, or of the student if

emancipated, a support person must be permitted to accompany the student to any disciplinary hearings or proceedings. The representative or support person must comply with any rules of the school district's hearing process. If the representative or support person violates the rules or engages in behavior or advocacy that harasses, abuses, or intimidates either party, a witness, or anyone else in attendance at the hearing, the representative or support person may be prohibited from further participation in the hearing or proceeding. A suspension or expulsion proceeding under this subsection (b-35) must be conducted independently from any ongoing criminal investigation or proceeding, and an absence of pending or possible criminal charges, criminal investigations, or proceedings may not be a factor in school disciplinary decisions.

(b-40) During a suspension review hearing conducted under subsection (b) or an expulsion hearing conducted under subsection (a) that involves allegations of sexual violence by the student who is subject to discipline, neither the student nor his or her representative shall directly question nor have direct contact with the alleged victim. The student who is subject to discipline or his or her representative may, at the discretion and direction of the school board or its appointed hearing officer, suggest questions to be posed by the school board or its appointed hearing officer to the alleged victim.

(c) A school board must invite a representative from a local mental health agency to consult with the board at the meeting whenever there is evidence that mental illness may be the cause of a student's expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to all school personnel, school board members, and school resource officers on the requirements of this Section and Section 10-20.14, the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, trauma-responsive learning environments, as defined in subsection (b) of Section 3-11, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student in grades 3 through 12 for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis. In no case may a student expelled under this Section be expelled for a period exceeding 2 calendar years. A student in kindergarten through grade 12 who is determined to have brought or possessed one of the following objects to or at school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion requirement ~~period~~ under this subdivision (1) may be modified by the superintendent if such modification is in writing, and the superintendent's determination may be modified by the board on a case-by-case basis if such modification is in writing.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined in subdivision (1) of this subsection (d). For purposes of this subdivision (2), "bodily harm" means an injury that involves a substantial risk of death, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ. The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis. The board may not expel a student in kindergarten through grade 2 under this subdivision (2) unless the student is determined to have brought or possessed the object with the intent to cause bodily harm.

Expulsion or suspension shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board, for a student in grades 3 through 12, may suspend or, by regulation, authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend or, for a student in kindergarten through grade 2, may suspend or, by regulation, authorize the superintendent of the district to suspend a student for a period not to exceed 10 school days or may expel a student in grades 3 through 12 or, if required by subsection (d), a student in kindergarten through grade 2 for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school

employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of the individual's duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program. A school district that adopts a policy under this subsection (g) must include a provision allowing for consideration of any mitigating factors, including, but not limited to, a student's status as a parent, expectant parent, or victim of domestic or sexual violence, as defined in Article 26A.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

(k) Through June 30, 2026, the expulsion of students enrolled in programs funded under Section 1C-2 of this Code is subject to the requirements under paragraph (7) of subsection (a) of Section 2-3.71 of this Code.

(k-5) On and after July 1, 2026, the expulsion of children enrolled in programs funded under Section 15-25 of the Department of Early Childhood Act is subject to the requirements of paragraph (7) of subsection (a) of Section 15-30 of the Department of Early Childhood Act. The suspension of students enrolled in programs funded under Section 15-25 of the Department of Early Childhood Act is subject to the requirements of paragraph (8) of subsection (a) of Section 15-30 of the Department of Early Childhood Act.

(l) An in-school suspension program provided by a school district for any students in kindergarten through grade 12 may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel. A school district may employ a school social worker or a licensed mental health professional to oversee an in-school suspension program in kindergarten through grade 12.

Sec. 13B-20.25. Eligible students. Students in ~~kindergarten grades 4~~ through grade 12 who meet enrollment criteria established by the school district and who meet the definition of "student at risk of academic failure" are eligible to participate in an alternative learning opportunities program funded under this Article. Notwithstanding any other provision of law to the contrary, enrollment in a charter alternative learning opportunities program shall be open to any student ~~pupil~~ who has been expelled or suspended ~~for more than 20 days~~ under Section 10-22.6 or 34-19 of this Code. Any student in kindergarten through grade 2 placed in an out-of-district alternative learning opportunities program shall have the student's placement

limited to 90 days beginning on the student's first date of attendance in the program. For students with disabilities, such removal shall be consistent with 34 CFR 300.530.

All rights granted under this Article to a student's parent or guardian become exclusively those of the student upon the student's 18th birthday.

The State Board of Education may adopt rules to clarify the implementation of this Section.

Sec. 13B-20.30. Location of program. A school district must consider offering an alternative learning opportunities program on-site in the regular school. An alternative learning opportunities program may be provided at facilities separate from the regular school or in classrooms elsewhere on school premises; however, in no instance may a student in kindergarten through grade 5 who is enrolled in an alternative learning opportunities program participate in that program or receive services outside of the student's home district except as otherwise provided in this Section. A district is encouraged to ensure that educational support and other services are provided to the student as part of the student's activities in the classroom to which the student is originally assigned, unless the nature of the services dictate otherwise. Any student in kindergarten through grade 2 placed in an out-of-district alternative learning opportunities program shall have the student's placement limited to 90 days beginning on the student's first date of attendance in the program. For students with disabilities, such removal shall be consistent with 34 CFR 300.530.

Sec. 13B-25.5. General standards for eligibility for funding. To be eligible for funding, an alternative learning opportunities program must provide evidence of an administrative structure, program activities, program staff, a budget, and a specific curriculum that is consistent with Illinois Learning Standards but may be different from the regular school program in terms of location, subject to the limitations set forth in Section 13B-20.30 of this Code, length of school day, program sequence, pace, instructional activities, or any combination of these.

Section 10. The Department of Early Childhood Act is amended by changing Section 15-30 as follows:

(325 ILCS 3/15-30)

Sec. 15-30. Grants for preschool educational programs.

(a) Preschool program.

(1) Through June 30, 2026, The State Board of Education shall implement and administer a grant program to conduct voluntary preschool educational programs for children ages 3 to 5, which include a parent education component, pursuant to Section 2-3.71 of the School Code.

(2) On and after July 1, 2026, the Department of Early Childhood shall implement and administer a grant program for school districts and other eligible entities, as defined by the Department, to conduct voluntary preschool educational programs for children ages 3 to 5 which include a parent education component. A public school district which receives grants under this subsection may subcontract with other entities that are eligible to conduct a preschool educational program. These grants must be used to supplement, not supplant, funds received from any other source.

(3) Except as otherwise provided under this subsection (a), any teacher of preschool children in the program authorized by this subsection shall hold a Professional Educator License with an early childhood education endorsement.

(3.5) Beginning with the 2018-2019 school year and until the 2028-2029 school year, an individual may teach preschool children in an early childhood program under this Section if he or she holds a Professional Educator License with an early childhood education endorsement or with short-term approval for early childhood education or he or she pursues a Professional Educator License and holds any of the following:

(A) An ECE Credential Level of 5 awarded by the Department of Human Services under the Gateways to Opportunity Program developed under Section 10-70 of the Department of Human Services Act.

(B) An Educator License with Stipulations with a transitional bilingual educator endorsement and he or she has (i) passed an early childhood education content test or (ii) completed no less than 9 semester hours of postsecondary coursework in the area of early childhood education.

(4) Through June 30, 2026, the State Board of Education shall provide the primary source of funding through appropriations for the program. On and after July 1, 2026, the Department of Early Childhood shall provide the primary source of funding through appropriations for the program. Such funds shall be distributed to achieve a goal of "Preschool for All Children" for the benefit of all children whose families choose to participate in the program. Based on available appropriations, newly funded programs shall be selected through a process giving first priority to qualified programs serving primarily at-risk children and second priority to qualified programs serving primarily children with a family income of less than 4 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). For purposes of this paragraph (4), at-risk children are those who because of their home and community environment are subject to such language, cultural, economic and like disadvantages to cause them to have been determined as a result of screening procedures to be at risk of academic failure. Through June 30, 2026, such screening procedures shall be based on criteria established by the State Board of Education. On and after July 1, 2026, such screening procedures shall be based on criteria established by the Department of Early Childhood. Except as otherwise provided in this paragraph (4), grantees under the program must enter into a memorandum of understanding with the appropriate local Head Start agency. This memorandum must be entered into no later than 3 months after the award of a grantee's grant under the program and must address collaboration between the grantee's program and the local Head Start agency on certain issues, which shall include without limitation the following:

(A) educational activities, curricular objectives, and instruction;

(B) public information dissemination and access to programs for families contacting programs;

(C) service areas;

(D) selection priorities for eligible children to be served by programs;

(E) maximizing the impact of federal and State funding to benefit young children;

(F) staff training, including opportunities for joint staff training;

(G) technical assistance;

(H) communication and parent outreach for smooth transitions to kindergarten;

(I) provision and use of facilities, transportation, and other program elements;

(J) facilitating each program's fulfillment of its statutory and regulatory requirements;

(K) improving local planning and collaboration; and

(L) providing comprehensive services for the neediest Illinois children and families.

Through June 30, 2026, if the appropriate local Head Start agency is unable or unwilling to enter into a memorandum of understanding as required under this paragraph (4), the memorandum of understanding requirement shall not apply and the grantee under the program must notify the State Board of Education in writing of the Head Start agency's inability or unwillingness. Through June 30, 2026, the State Board of Education shall compile all such written notices and make them available to the public. On and after July 1, 2026, if the appropriate local Head Start agency is unable or unwilling to enter into a memorandum of understanding as required under this paragraph (4), the memorandum of understanding requirement shall not apply and the grantee under the program must notify the Department of Early Childhood in writing of the Head Start agency's inability or unwillingness. The Department of Early Childhood shall compile all such written notices and make them available to the public.

(5) Through June 30, 2026, the State Board of Education shall develop and provide evaluation tools, including tests, that school districts and other eligible entities may use to evaluate children for school readiness prior to age 5. The State Board of Education shall require school districts and other eligible entities to obtain consent from the parents or guardians of children before any evaluations are conducted. The State Board of Education shall encourage local school districts and other eligible entities to evaluate the population of preschool children in their communities and provide preschool programs, pursuant to this subsection, where appropriate.

(5.1) On and after July 1, 2026, the Department of Early Childhood shall develop and provide evaluation tools, including tests, that school districts and other eligible entities may use to evaluate children for school readiness prior to age 5. The Department of Early Childhood shall require school districts and other eligible entities to obtain consent from the parents or guardians of children before any evaluations are conducted. The Department of Early Childhood shall encourage local school districts and other eligible entities to evaluate the population of preschool children in their communities and provide preschool programs, pursuant to this subsection, where appropriate.

(6) Through June 30, 2026, the State Board of Education shall report to the General Assembly by November 1, 2018 and every 2 years thereafter on the results and progress of students who were enrolled in preschool educational programs, including an assessment of which programs have been most successful in promoting academic excellence and alleviating academic failure. Through June 30, 2026, the State Board of Education shall assess the academic progress of all students who have been enrolled in preschool educational programs. Through Fiscal Year 2026, on or before November 1 of each fiscal year in which the General Assembly provides funding for new programs under paragraph (4) of this Section, the State Board of Education shall report to the General Assembly on what percentage of new funding was provided to programs serving primarily at-risk children, what percentage of new funding was provided to programs serving primarily children with a family income of less than 4 times the federal poverty level, and what percentage of new funding was provided to other programs.

(6.1) On and after July 1, 2026, the Department of Early Childhood shall report to the General Assembly by November 1, 2026 and every 2 years thereafter on the results and progress of students who were enrolled in preschool educational programs, including an assessment of which programs have been most successful in promoting academic excellence and alleviating academic failure. On and after July 1, 2026, the Department of Early Childhood shall assess the academic progress of all students who have been enrolled in preschool educational programs. Beginning in Fiscal Year 2027, on or before November 1 of each fiscal year in which the General Assembly provides funding for new programs under paragraph (4) of this Section, the Department of Early Childhood shall report to the General Assembly on what percentage of new funding was provided to programs serving primarily at-risk children, what percentage of new funding was provided to programs serving primarily children with a family income of less than 4 times the federal poverty level, and what percentage of new funding was provided to other programs.

(7) Due to evidence that expulsion practices in the preschool years are linked to poor child outcomes and are employed inconsistently across racial and gender groups, early childhood programs receiving State funds under this subsection (a) shall prohibit expulsions. Planned transitions to settings that are able to better meet a child's needs are not considered expulsion under this paragraph (7).

(A) When persistent and serious challenging behaviors emerge, the early childhood program shall document steps taken to ensure that the child can participate safely in the program; including observations of initial and ongoing challenging behaviors, strategies for remediation and intervention plans to address the behaviors, and communication with the parent or legal guardian, including participation of the parent or legal guardian in planning and decision-making.

(B) The early childhood program shall, with parental or legal guardian consent as required, use a range of community resources, if available and deemed necessary, including, but not limited to, developmental screenings, referrals to programs and services administered by a local educational agency or early intervention agency under Parts B and C of the federal Individual with Disabilities Education Act, and consultation with infant and early childhood mental health consultants and the child's health care provider. The program shall document attempts to engage these resources, including parent or legal guardian participation and consent attempted and obtained. Communication with the parent or legal guardian shall take place in a culturally and linguistically competent manner.

(C) If there is documented evidence that all available interventions and supports recommended by a qualified professional have been exhausted and the program determines in its professional judgment that transitioning a child to another program is necessary for the well-being of the child or his or her peers and staff, with parent or legal guardian permission, both the current and pending programs shall create a transition plan designed to ensure

continuity of services and the comprehensive development of the child. Communication with families shall occur in a culturally and linguistically competent manner.

(D) Nothing in this paragraph (7) shall preclude a parent's or legal guardian's right to voluntarily withdraw his or her child from an early childhood program. Early childhood programs shall request and keep on file, when received, a written statement from the parent or legal guardian stating the reason for his or her decision to withdraw his or her child.

(E) In the case of the determination of a serious safety threat to a child or others or in the case of behaviors listed in subsection (d) of Section 10-22.6 of the School Code, the temporary removal of a child from attendance in group settings may be used. Temporary removal of a child from attendance in a group setting shall trigger the process detailed in subparagraphs (A), (B), and (C) of this paragraph (7), with the child placed back in a group setting as quickly as possible.

(F) Early childhood programs may use and the Department of Early Childhood, State Board of Education, the Department of Human Services, and the Department of Children and Family Services shall recommend training, technical support, and professional development resources to improve the ability of teachers, administrators, program directors, and other staff to promote social-emotional development and behavioral health, to address challenging behaviors, and to understand trauma and trauma-informed care, cultural competence, family engagement with diverse populations, the impact of implicit bias on adult behavior, and the use of reflective practice techniques. Support shall include the availability of resources to contract with infant and early childhood mental health consultants.

(G) Through June 30, 2026, early childhood programs shall annually report to the State Board of Education, and, beginning in Fiscal Year 2020, the State Board of Education shall make available on a biennial basis, in an existing report, all of the following data for children from birth to age 5 who are served by the program:

(i) Total number served over the course of the program year and the total number of children who left the program during the program year.

(ii) Number of planned transitions to another program due to children's behavior, by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iii) Number of temporary removals of a child from attendance in group settings due to a serious safety threat under subparagraph (E) of this paragraph (7), by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iv) Hours of infant and early childhood mental health consultant contact with program leaders, staff, and families over the program year.

(G-5) On and after July 1, 2026, early childhood programs shall annually report to the Department of Early Childhood, and beginning in Fiscal Year 2028, the Department of Early Childhood shall make available on a biennial basis, in a report, all of the following data for children from birth to age 5 who are served by the program:

(i) Total number served over the course of the program year and the total number of children who left the program during the program year.

(ii) Number of planned transitions to another program due to children's behavior, by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iii) Number of temporary removals of a child from attendance in group settings due to a serious safety threat under subparagraph (E) of this paragraph (7), by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iv) Hours of infant and early childhood mental health consultant contact with program leaders, staff, and families over the program year.

(H) Changes to services for children with an individualized education program or individual family service plan shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act.

The Department of Early Childhood, in consultation with the Department of Children and Family Services, shall adopt rules to administer this paragraph (7).

(8) Due to evidence that suspension practices in the preschool years are linked to poor child outcomes and are employed inconsistently across racial and gender groups, early childhood programs that receive State funds under this subsection (a) shall restrict suspensions. Planned transitions to settings that are able to better meet a child's needs are not considered a suspension for purposes of this paragraph (8). The superintendent of a school district, the director of an early childhood program, or the superintendent's or director's equivalent shall be required to provide verbal or written approval to suspend a student in preschool for longer than 3 days. If such approval is not received by the third day, the student shall return to school by the fourth day. For suspensions of longer than 3 days, the length of the suspension for any student in preschool shall not be for longer than the number of days required by the school district or early childhood program to review, amend, develop, or implement a behavior intervention plan or safety plan.

(b) Notwithstanding any other provisions of this Section, grantees may serve children ages 0 to 12 of essential workers if the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. The Department of Early Childhood may adopt rules to administer this subsection.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

Section 99. Effective date. This Act takes effect upon becoming law, except that the provisions changing Section 10-22.6 of the School Code and Section 15-30 of the Department of Early Childhood Act take effect July 1, 2027."

Senator Aquino offered the following amendment and moved its adoption:

AMENDMENT NO. 2 TO HOUSE BILL 2771

AMENDMENT NO. 2. Amend House Bill 2771, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Administrative Procedure Act is amended by adding Section 5-45.65 as follows:

(5 ILCS 100/5-45.65 new)

Sec. 5-45.65. Emergency rulemaking; Medicaid reimbursement rates for hospital inpatient and outpatient services. To provide for the expeditious and timely implementation of the changes made by this amendatory Act of the 104th General Assembly to Sections 5A-2, 5A-7, 5A-8, 5A-10, and 5A-12.7 of the Illinois Public Aid Code, emergency rules implementing the changes made by this amendatory Act of the 104th General Assembly to Sections 5A-2, 5A-7, 5A-8, 5A-10, and 5A-12.7 of the Illinois Public Aid Code may be adopted in accordance with Section 5-45 by the Department of Healthcare and Family Services. The adoption of emergency rules authorized by Section 5-45 and this Section is deemed necessary for the public interest, safety, and welfare.

This Section is repealed one year after the effective date of this amendatory Act of the 104th General Assembly.

Section 10. The Illinois Public Aid Code is amended by changing Sections 5A-2, 5A-5, 5A-7, 5A-8, 5A-10, 5A-12.7, 5A-14, and 12-4.105 as follows:

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)

(Section scheduled to be repealed on December 31, 2026)

Sec. 5A-2. Assessment.

(a)(1) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, or as long as continued under Section 5A-16, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of \$218.38 used to

calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, or as provided in Section 5A-16, in addition to any federally required State share as authorized under paragraph (1), the amount of \$218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2018, or as provided in Section 5A-16, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days. For State fiscal years 2019 and 2020, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection (b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through ~~2024~~ 2026, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$221.50 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided however: for the period of July 1, 2020 through December 31, 2020, (i) the assessment shall be equal to 50% of the annual amount; and (ii) the amount of \$221.50 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through ~~2024~~ 2026, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology for fiscal years 2021 through December 31, 2022 not be approved on or before June 30, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the assessment methodology for July 1, 2020 through December 31, 2022, is approved on or after July 1, 2020, it shall be retroactive to July 1, 2020, subject to federal approval and provided that the payments authorized under Section 5A-12.7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for

the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department. Subject to federal approval, the Department may, by January 1, 2024, develop a hypothetical tax for a specialty cancer hospital which had a structural change of ownership during calendar year 2022 from a for-profit entity to a non-profit entity, and which has experienced a decline of 60% or greater in inpatient days of care as compared to the prior owners 2015 Medicare cost report. This change of ownership may make the hospital eligible for a hypothetical tax under the new hospital provision of the assessment defined in this Section. This new hypothetical tax may be applicable from January 1, 2024 through December 31, 2026.

(5) Subject to Sections 5A-3 and 5A-10, beginning January 1, 2025, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to \$362, or any reduction thereof in accordance with this subsection, multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days; however, the rate shall be \$221.50 until the Department receives federal approval and implements the reimbursement rates in subsection (r) of Section 5A-12.7. The Department may bill for the difference between the assessment rate of \$362, or any reduction thereof in accordance with this subsection, and \$221.50 no earlier than 17 calendar days after implementing the reimbursement rates in subsection (r) of Section 5A-12.7.

(A) Upon receiving federal approval for the reimbursement rates in subsection (r) of Section 5A-12.7, the Department shall bill the hospital for the incremental difference in total tax due resulting from the increase provided in this subsection for the number of months from January 1, 2025 through the date of federal approval. The amount shall be due and payable no later than December 31, 2025 and no earlier than 17 calendar days after implementing the reimbursement rates in subsection (r) of Section 5A-12.7. The Department shall bill hospitals in the same proportional rate as the Department has implemented the inpatient reimbursement rates in subsection (r) of Section 5A-12.7.

(B) Beginning January 1, 2025, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. If the reimbursement rates in subsection (r) of Section 5A-12.7 require reduction to comply with federal spending limits, then the tax rate of \$362 shall be reduced, in accordance with subsection (s) of Section 5A-12.7, by the same percentage reduction to payments required to comply with federal spending limits.

(b) (Blank).

(b-5)(1) Subject to Sections 5A-3 and 5A-10, for the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, or as provided in Section 5A-16, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate \$6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, or as provided in Section 5A-16, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue. For State fiscal years 2019 and 2020, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10 and to subsection (b-8), for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2024 ~~2026~~, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01525 multiplied by the hospital's outpatient gross revenue, provided however: (i) for the period of July 1, 2020 through December 31, 2020, the assessment shall be equal to 50% of the annual amount; and (ii) the amount of .01525 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 through 2024 ~~2026~~, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's outpatient revenue data from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology above for fiscal years 2021 through calendar year 2022 not be approved prior to July 1, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the change in the assessment methodology above for July 1, 2020 through December 31, 2022, is approved after June 30, 2020, it shall have a retroactive effective date of July 1, 2020, subject to federal approval and provided that the payments authorized under Section 12A-7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph until December 31, 2023. Beginning July 1, 2022 and through December 31, 2024, a safety-net hospital that had a change of ownership in calendar year 2021, and whose inpatient utilization had decreased by 90% from the prior year and prior to the change of ownership, may be eligible to pay a tax based on hypothetical data based on a determination of financial distress by the Department.

(5) Subject to Sections 5A-3 and 5A-10, beginning January 1, 2025, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .03273, or any reduction thereof in accordance with this subsection, multiplied by the hospital's outpatient gross revenue; however the rate shall remain .01525, until the Department receives federal approval and implements the

reimbursement rates of payment in subsection (r) of Section 5A-12.7. The Department may bill for the difference between the assessment multiplier of .03273 and .01525 no earlier than 17 calendar days after the first payment based on the reimbursement rates in subsection (r) of Section 5A-12.7.

(A) Upon receiving federal approval for the reimbursement rates in subsection (r) of Section 5A-12.7, the Department shall bill the hospital for the incremental difference in total tax due resulting from the increase provided in this subsection for the number of months from January 1, 2025 through the date of federal approval. The amount shall be due and payable no later than December 31, 2025 and no earlier than 17 calendar days after implementing the reimbursement rates in subsection (r) of Section 5A-12.7. The Department shall bill hospitals in the same proportional rate as the Department has implemented the outpatient reimbursement rates in subsection (r) of Section 5A-12.7.

(B) Beginning January 1, 2025, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient revenue data from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. If the reimbursement rates in subsection (r) of Section 5A-12.7 require reduction to comply with federal spending limits, then the tax rate of .03273 shall be reduced, in accordance with subsection (s) of Section 5A-12.7, by the same percentage reduction to payments required to comply with federal spending limits.

(b-6)(1) As used in this Section, "ACA Assessment Adjustment" means:

(A) For the period of July 1, 2016 through December 31, 2016, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2016 multiplied by 6.

(B) For the period of January 1, 2017 through June 30, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2016 multiplied by 6, except that the amount calculated under this subparagraph (B) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning July 1, 2016 through December 31, 2016 and the estimated payments due and payable in the month of April 2016 multiplied by 6 as described in subparagraph (A).

(C) For the period of July 1, 2017 through December 31, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2017 multiplied by 6, except that the amount calculated under this subparagraph (C) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning January 1, 2017 through June 30, 2017 and the estimated payments due and payable in the month of October 2016 multiplied by 6 as described in subparagraph (B).

(D) For the period of January 1, 2018 through June 30, 2018, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that:

(i) the amount calculated under this subparagraph (D) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period of July 1, 2017 through December 31, 2017 and the estimated payments due and payable in the month of April 2017 multiplied by 6 as described in subparagraph (C); and

(ii) the amount calculated under this subparagraph (D) shall be adjusted to include the product of .19125 multiplied by the sum of the fee-for-service payments, if any, estimated to be paid to hospitals under subsection (b) of Section 5A-12.5.

(2) The Department shall complete and apply a final reconciliation of the ACA Assessment Adjustment prior to June 30, 2018 to account for:

(A) any differences between the actual payments issued or scheduled to be issued prior to June 30, 2018 as authorized in Section 5A-12.5 for the period of January 1, 2018 through June 30, 2018 and the estimated payments due and payable in the month of October 2017 multiplied by 6 as described in subparagraph (D); and

(B) any difference between the estimated fee-for-service payments under subsection (b) of Section 5A-12.5 and the amount of such payments that are actually scheduled to be paid.

The Department shall notify hospitals of any additional amounts owed or reduction credits to be applied to the June 2018 ACA Assessment Adjustment. This is to be considered the final reconciliation for the ACA Assessment Adjustment.

(3) Notwithstanding any other provision of this Section, if for any reason the scheduled payments under subsection (b) of Section 5A-12.5 are not issued in full by the final day of the period authorized under subsection (b) of Section 5A-12.5, funds collected from each hospital pursuant to subparagraph (D) of paragraph (1) and pursuant to paragraph (2), attributable to the scheduled payments authorized under subsection (b) of Section 5A-12.5 that are not issued in full by the final day of the period attributable to each payment authorized under subsection (b) of Section 5A-12.5, shall be refunded.

(4) The increases authorized under paragraph (2) of subsection (a) and paragraph (2) of subsection (b-5) shall be limited to the federally required State share of the total payments authorized under Section 5A-12.5 if the sum of such payments yields an annualized amount equal to or less than \$450,000,000, or if the adjustments authorized under subsection (t) of Section 5A-12.2 are found not to be actuarially sound; however, this limitation shall not apply to the fee-for-service payments described in subsection (b) of Section 5A-12.5.

(b-7)(1) As used in this Section, "Assessment Adjustment" means:

(A) For the period of July 1, 2020 through December 31, 2020, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(B) For each calendar quarter beginning January 1, 2021 through December 31, 2022, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(C) Beginning on January 1, 2023, and each subsequent July 1 and January 1, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (j) and subsection (r) of Section 5A-12.7 attributable to the 6-month period immediately preceding the period to which the adjustment applies, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the 6-month period immediately preceding the period to which the adjustment applies.

(2) The Department shall calculate and notify each hospital of the total Assessment Adjustment and any additional assessment owed by the hospital or refund owed to the hospital on either a semi-annual or annual basis. Such notice shall be issued at least 30 days prior to any period in which the assessment will be adjusted. Any additional assessment owed by the hospital or refund owed to the hospital shall be uniformly applied to the assessment owed by the hospital in monthly installments for the subsequent semi-annual period or calendar year. If no assessment is owed in the subsequent year, any amount owed by the hospital or refund due to the hospital, shall be paid in a lump sum. If the calculation that is computed under this Section could result in a decrease in the Department's federal financial participation percentage for payments authorized under Section 5A-12.7, then the Department shall instead apply a uniform percentage reduction to the payment rates outlined in subsection (r) of Section 5A-12.7 for all classes as defined in subsections (g) and (h) of Section 5A-12.7 by an amount no more than necessary to maximize federal reimbursement.

(3) The Department shall publish all details of the Assessment Adjustment calculation performed each year on its website within 30 days of completing the calculation, and also submit the details of the Assessment Adjustment calculation as part of the Department's annual report to the General Assembly.

(b-8) Notwithstanding any other provision of this Article, the Department shall reduce the assessments imposed on each hospital under subsections (a) and (b-5) by the uniform percentage necessary to reduce the total assessment imposed on all hospitals by an aggregate amount of \$240,000,000, with such

reduction being applied by June 30, 2022. The assessment reduction required for each hospital under this subsection shall be forever waived, forgiven, and released by the Department.

(c) (Blank).

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois General Assembly by the enactment into law of related legislation. Notwithstanding any other provision of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section. Any such rules may be adopted by the Department under Section 5-50 of the Illinois Administrative Procedure Act.

(f) To provide for the expeditious and timely implementation of the changes made to this Section by this amendatory Act of the 104th General Assembly, the Department may adopt emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act. Sec. 5A-5. Notice; penalty; maintenance of records.

(a) The Illinois Department shall send a notice of assessment to every hospital provider subject to assessment under this Article. The notice of assessment shall notify the hospital of its assessment and shall be sent after receipt by the Department of notification from the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services that the payment methodologies required under this Article and, if necessary, the waiver granted under 42 CFR 433.68 have been approved. The notice shall be on a form prepared by the Illinois Department and shall state the following:

(1) The name of the hospital provider.

(2) The address of the hospital provider's principal place of business from which the provider engages in the occupation of hospital provider in this State, and the name and address of each hospital operated, conducted, or maintained by the provider in this State.

(3) The occupied bed days, occupied bed days less Medicare days, adjusted gross hospital revenue, or outpatient gross revenue of the hospital provider (whichever is applicable), the amount of assessment imposed under Section 5A-2 for the State fiscal year for which the notice is sent, and the amount of each installment to be paid during the State fiscal year.

(4) (Blank).

(5) Other reasonable information as determined by the Illinois Department.

(b) If a hospital provider conducts, operates, or maintains more than one hospital licensed by the Illinois Department of Public Health, the provider shall pay the assessment for each hospital separately.

(c) Notwithstanding any other provision in this Article, in the case of a person who ceases to conduct, operate, or maintain a hospital in respect of which the person is subject to assessment under this Article as a hospital provider, the assessment for the State fiscal year in which the cessation occurs shall be adjusted by multiplying the assessment computed under Section 5A-2 by a fraction, the numerator of which is the number of days in the year during which the provider conducts, operates, or maintains the hospital and the denominator of which is 365. Immediately upon ceasing to conduct, operate, or maintain a hospital, the person shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(d) Notwithstanding any other provision in this Article, a provider who commences conducting, operating, or maintaining a hospital, upon notice by the Illinois Department, shall pay the assessment

computed under Section 5A-2 and subsection (c) in installments on the due dates stated in the notice and on the regular installment due dates for the State fiscal year occurring after the due dates of the initial notice.

(e) Notwithstanding any other provision in this Article, for State fiscal years 2009 through 2018, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2005, the assessment for that State fiscal year shall be computed on the basis of hypothetical occupied bed days for the full calendar year as determined by the Illinois Department. Notwithstanding any other provision in this Article, for the portion of State fiscal year 2012 beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2009, the assessment under subsection (b-5) of Section 5A-2 for that State fiscal year shall be computed on the basis of hypothetical gross outpatient revenue for the full calendar year as determined by the Illinois Department.

Notwithstanding any other provision in this Article, beginning July 1, 2018 ~~through December 31, 2026~~, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in the year that is the basis of the calculation of the assessment under this Article, the assessment under ~~paragraph (3) of~~ subsection (a) of Section 5A-2 for the State fiscal year shall be computed on the basis of hypothetical occupied bed days for the full calendar year as determined by the Illinois Department, except that for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020; however, for State fiscal year 2020, the assessment amount shall be increased by the proportion that it represents of the total annual assessment that is generated from all hospitals in order to generate \$6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

Notwithstanding any other provision in this Article, beginning July 1, 2018 ~~through December 31, 2026~~, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in the year that is the basis of the calculation of the assessment under this Article, the assessment under subsection (b-5) of Section 5A-2 for that State fiscal year shall be computed on the basis of hypothetical gross outpatient revenue for the full calendar year as determined by the Illinois Department, except that for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020; however, for State fiscal year 2020, the assessment amount shall be increased by the proportion that it represents of the total annual assessment that is generated from all hospitals in order to generate \$6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(f) Every hospital provider subject to assessment under this Article shall keep sufficient records to permit the determination of adjusted gross hospital revenue for the hospital's fiscal year. All such records shall be kept in the English language and shall, at all times during regular business hours of the day, be subject to inspection by the Illinois Department or its duly authorized agents and employees.

(g) The Illinois Department may, by rule, provide a hospital provider a reasonable opportunity to request a clarification or correction of any clerical or computational errors contained in the calculation of its assessment, but such corrections shall not extend to updating the cost report information used to calculate the assessment.

Sec. 5A-7. Administration; enforcement provisions.

(a) The Illinois Department shall establish and maintain a listing of all hospital providers appearing in the licensing records of the Illinois Department of Public Health, which shall show each provider's name and principal place of business and the name and address of each hospital operated, conducted, or maintained by the provider in this State. The listing shall also include the monthly assessment amounts owed for each hospital and any unpaid assessment liability greater than 90 days delinquent. The Illinois Department shall administer and enforce this Article and collect the assessments and penalty assessments imposed under this Article using procedures employed in its administration of this Code generally. The Illinois Department, its Director, and every hospital provider subject to assessment under this Article shall have the following powers, duties, and rights:

(1) The Illinois Department may initiate either administrative or judicial proceedings, or both, to enforce provisions of this Article. Administrative enforcement proceedings initiated hereunder shall be governed by the Illinois Department's administrative rules. Judicial enforcement proceedings initiated hereunder shall be governed by the rules of procedure applicable in the courts of this State.

(2) (Blank). ~~No proceedings for collection, refund, credit, or other adjustment of an assessment amount shall be issued more than 3 years after the due date of the assessment, except in the case of an extended period agreed to in writing by the Illinois Department and the hospital provider before the expiration of this limitation period.~~

(3) Any unpaid assessment under this Article shall become a lien upon the assets of the hospital upon which it was assessed. If any hospital provider, outside the usual course of its business, sells or transfers the major part of any one or more of (A) the real property and improvements, (B) the machinery and equipment, or (C) the furniture or fixtures, of any hospital that is subject to the provisions of this Article, the seller or transferor shall pay the Illinois Department the amount of any assessment, assessment penalty, and interest (if any) due from it under this Article up to the date of the sale or transfer. The Illinois Department may, in its discretion, foreclose on such a lien, but shall do so in a manner that is consistent with Section 5e of the Retailers' Occupation Tax Act. If the seller or transferor fails to pay any assessment, assessment penalty, and interest (if any) due, the purchaser or transferee of such asset shall be liable for the amount of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee. The purchaser or transferee shall continue to be liable until the purchaser or transferee pays the full amount of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee or until the purchaser or transferee receives from the Illinois Department a certificate showing that such assessment, penalty, and interest have been paid or a certificate from the Illinois Department showing that no assessment, penalty, or interest is due from the seller or transferor under this Article.

(4) Payments under this Article are not subject to the Illinois Prompt Payment Act. Credits or refunds shall not bear interest.

(b) In addition to any other remedy provided for and without sending a notice of assessment liability, the Illinois Department shall ~~may~~ collect an unpaid assessment by withholding, as payment of the assessment, reimbursements or other amounts otherwise payable by the Illinois Department to the hospital provider, including, but not limited to, payment amounts otherwise payable from a managed care organization performing duties under contract with the Illinois Department.

(1) The requirements of this subsection may be waived in instances when a disaster proclamation has been declared by the Governor. In such circumstances, a hospital must demonstrate temporary financial distress and establish an agreement with the Illinois Department specifying when repayment in full of all taxes owed will occur.

(2) The requirements of this subsection may be waived by the Illinois Department in instances when a hospital has entered into and remains in compliance with a repayment plan or a tax deferral plan. A repayment plan or tax deferral plan must be entered into no later than 30 days after notice of an unpaid assessment payment. No repayment plan may exceed a period of 36 months. No tax deferral plan may exceed a period of 6 months, and repayment after the end of a tax deferral plan shall not exceed 36 months. Failure to remain in compliance with a repayment plan or tax deferral plan shall cause immediate termination of such plan unless there is prior written consent from the Illinois Department for a period of non-compliance.

(3) Beginning September 1, 2025, the Illinois Department shall immediately collect all overdue unpaid assessments and penalties through the collection methods authorized under this Section, unless a repayment plan or tax deferral plan has already been agreed to by September 1, 2025.

(c) To provide for the expeditious and timely implementation of the changes made to this Section by this amendatory Act of the 104th General Assembly, the Department may adopt emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act. The adoption of emergency rules is deemed to be necessary for the public interest, safety, and welfare.

(305 ILCS 5/5A-12.7)

(Section scheduled to be repealed on December 31, 2026)

Sec. 5A-12.7. Continuation of hospital access payments on and after July 1, 2020.

(a) To preserve and improve access to hospital services, for hospital services rendered on and after July 1, 2020, the Department shall, except for hospitals described in subsection (b) of Section 5A-3, make payments to hospitals or require capitated managed care organizations to make payments as set forth in this Section. Payments under this Section are not due and payable, however, until: (i) the methodologies described in this Section are approved by the federal government in an appropriate State Plan amendment or directed payment preprint; and (ii) the assessment imposed under this Article is determined to be a permissible tax under Title XIX of the Social Security Act. In determining the hospital access payments authorized under subsection (g) of this Section, if a hospital ceases to qualify for payments from the pool, the payments for all hospitals continuing to qualify for payments from such pool shall be uniformly adjusted

to fully expend the aggregate net amount of the pool, with such adjustment being effective on the first day of the second month following the date the hospital ceases to receive payments from such pool.

(b) Amounts moved into claims-based rates and distributed in accordance with Section 14-12 shall remain in those claims-based rates.

(c) Graduate medical education.

(1) The calculation of graduate medical education payments shall be based on the hospital's Medicare cost report ending in Calendar Year 2018, as reported in the Healthcare Cost Report Information System file, release date September 30, 2019. An Illinois hospital reporting intern and resident cost on its Medicare cost report shall be eligible for graduate medical education payments.

(2) Each hospital's annualized Medicaid Intern Resident Cost is calculated using annualized intern and resident total costs obtained from Worksheet B Part I, Columns 21 and 22 the sum of Lines 30-43, 50-76, 90-93, 96-98, and 105-112 multiplied by the percentage that the hospital's Medicaid days (Worksheet S3 Part I, Column 7, Lines 2, 3, 4, 14, 16-18, and 32) comprise of the hospital's total days (Worksheet S3 Part I, Column 8, Lines 14, 16-18, and 32).

(3) An annualized Medicaid indirect medical education (IME) payment is calculated for each hospital using its IME payments (Worksheet E Part A, Line 29, Column 1) multiplied by the percentage that its Medicaid days (Worksheet S3 Part I, Column 7, Lines 2, 3, 4, 14, 16-18, and 32) comprise of its Medicare days (Worksheet S3 Part I, Column 6, Lines 2, 3, 4, 14, and 16-18).

(4) For each hospital, its annualized Medicaid Intern Resident Cost and its annualized Medicaid IME payment are summed, and, except as capped at 120% of the average cost per intern and resident for all qualifying hospitals as calculated under this paragraph, is multiplied by the applicable reimbursement factor as described in this paragraph, to determine the hospital's final graduate medical education payment. Each hospital's average cost per intern and resident shall be calculated by summing its total annualized Medicaid Intern Resident Cost plus its annualized Medicaid IME payment and dividing that amount by the hospital's total Full Time Equivalent Residents and Interns. If the hospital's average per intern and resident cost is greater than 120% of the same calculation for all qualifying hospitals, the hospital's per intern and resident cost shall be capped at 120% of the average cost for all qualifying hospitals.

(A) For the period of July 1, 2020 through December 31, 2022, the applicable reimbursement factor shall be 22.6%.

(B) ~~Beginning For the period of~~ January 1, 2023 ~~through December 31, 2026~~, the applicable reimbursement factor shall be 35% for all qualified safety-net hospitals, as defined in Section 5-5e.1 of this Code, and all hospitals with 100 or more Full Time Equivalent Residents and Interns, as reported on the hospital's Medicare cost report ending in Calendar Year 2018, and for all other qualified hospitals the applicable reimbursement factor shall be 30%.

(d) Fee-for-service supplemental payments. For the period of July 1, 2020 through December 31, 2022, each Illinois hospital shall receive an annual payment equal to the amounts below, to be paid in 12 equal installments on or before the seventh State business day of each month, except that no payment shall be due within 30 days after the later of the date of notification of federal approval of the payment methodologies required under this Section or any waiver required under 42 CFR 433.68, at which time the sum of amounts required under this Section prior to the date of notification is due and payable.

(1) For critical access hospitals, \$385 per covered inpatient day contained in paid fee-for-service claims and \$530 per paid fee-for-service outpatient claim for dates of service in Calendar Year 2019 in the Department's Enterprise Data Warehouse as of May 11, 2020.

(d-2) Fee-for-service supplemental payments. Beginning January 1, 2023, each Illinois hospital shall receive an annual payment equal to the amounts listed below, to be paid in 12 equal installments on or before the seventh State business day of each month, except that no payment shall be due within 30 days after the later of the date of notification of federal approval of the payment methodologies required under this Section or any waiver required under 42 CFR 433.68, at which time the sum of amounts required under this Section prior to the date of notification is due and payable. The Department may adjust the rates in paragraphs (1) through (7) to comply with the federal upper payment limits, with such adjustments being determined so that the total estimated spending by hospital class, under such adjusted rates, remains substantially similar to the total estimated spending under the original rates set forth in this subsection.

(1) For critical access hospitals, as defined in subsection (f), \$750 per covered inpatient day contained in paid fee-for-service claims and \$750 per paid fee-for-service outpatient claim for dates of service in Calendar Year 2019 in the Department's Enterprise Data Warehouse as of August 6, 2021.

(e) The Department shall require managed care organizations (MCOs) to make directed payments and pass-through payments according to this Section. Each calendar year, the Department shall require MCOs to pay the maximum amount out of these funds as allowed as pass-through payments under federal regulations. The Department shall require MCOs to make such pass-through payments as specified in this Section. The

Department shall require the MCOs to pay the remaining amounts as directed Payments as specified in this Section. The Department shall issue payments to the Comptroller by the seventh business day of each month for all MCOs that are sufficient for MCOs to make the directed payments and pass-through payments according to this Section. The Department shall require the MCOs to make pass-through payments and directed payments using electronic funds transfers (EFT), if the hospital provides the information necessary to process such EFTs, in accordance with directions provided monthly by the Department, within 7 business days of the date the funds are paid to the MCOs, as indicated by the "Paid Date" on the website of the Office of the Comptroller if the funds are paid by EFT and the MCOs have received directed payment instructions. If funds are not paid through the Comptroller by EFT, payment must be made within 7 business days of the date actually received by the MCO. The MCO will be considered to have paid the pass-through payments when the payment remittance number is generated or the date the MCO sends the check to the hospital, if EFT information is not supplied. If an MCO is late in paying a pass-through payment or directed payment as required under this Section (including any extensions granted by the Department), it shall pay a penalty, unless waived by the Department for reasonable cause, to the Department equal to 5% of the amount of the pass-through payment or directed payment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter. Payments to MCOs that would be paid consistent with actuarial certification and enrollment in the absence of the increased capitation payments under this Section shall not be reduced as a consequence of payments made under this subsection. The Department shall publish and maintain on its website for a period of no less than 8 calendar quarters, the quarterly calculation of directed payments and pass-through payments owed to each hospital from each MCO. All calculations and reports shall be posted no later than the first day of the quarter for which the payments are to be issued.

(f)(1) For purposes of allocating the funds included in capitation payments to MCOs, Illinois hospitals shall be divided into the following classes as defined in administrative rules:

(A) Beginning July 1, 2020 through December 31, 2022, critical access hospitals. Beginning January 1, 2023, "critical access hospital" means a hospital designated by the Department of Public Health as a critical access hospital, excluding any hospital meeting the definition of a public hospital in subparagraph (F).

(B) Safety-net hospitals, except that stand-alone children's hospitals that are not specialty children's hospitals, safety-net hospitals that elect not to be included as provided in item (i), and, for calendar years 2025 and 2026 only, hospitals with over 9,000 Medicaid acute care inpatient admissions per calendar year, excluding admissions for Medicare-Medicaid dual eligible patients, will not be included. For the calendar year beginning January 1, 2023, and each calendar year thereafter, assignment to the safety-net class shall be based on the annual safety-net rate year beginning 15 months before the beginning of the first Payout Quarter of the calendar year.

(i) Beginning calendar year 2026, all hospitals qualifying as a safety-net hospital under subsection (a) of Section 5-5e.1 for rates years beginning on and after October 1, 2024 shall be permitted to elect to remain in the high Medicaid hospital class as defined in subparagraph (G) for purposes of the State directed payments described in subsection (r) instead of being assigned to the safety-net fixed pool directed payments class as described in subsection (g).

(ii) If a hospital elects assignment in the high Medicaid hospital class as defined in subparagraph (G), the hospital must remain in the high Medicaid hospital class for the entire calendar year.

(C) Long term acute care hospitals.

(D) Freestanding psychiatric hospitals.

(E) Freestanding rehabilitation hospitals.

(F) Beginning January 1, 2023, "public hospital" means a hospital that is owned or operated by an Illinois Government body or municipality, excluding a hospital provider that is a State agency, a State university, or a county with a population of 3,000,000 or more.

(G) High Medicaid hospitals.

(i) As used in this Section, "high Medicaid hospital" means a general acute care hospital that:

(I) For the payout periods July 1, 2020 through December 31, 2022, is not a safety-net hospital or critical access hospital and that has a Medicaid Inpatient Utilization Rate above 30% or a hospital that had over 35,000 inpatient Medicaid days during the applicable period. For the period July 1, 2020 through December 31, 2020, the applicable

period for the Medicaid Inpatient Utilization Rate (MIUR) is the rate year 2020 MIUR and for the number of inpatient days it is State fiscal year 2018. Beginning in calendar year 2021, the Department shall use the most recently determined MIUR, as defined in subsection (h) of Section 5-5.02, and for the inpatient day threshold, the State fiscal year ending 18 months prior to the beginning of the calendar year. For purposes of calculating MIUR under this Section, children's hospitals and affiliated general acute care hospitals shall be considered a single hospital.

(II) For the calendar year beginning January 1, 2023, and each calendar year thereafter, is not a public hospital, safety-net hospital, or critical access hospital and that qualifies as a regional high volume hospital or is a hospital that has a Medicaid Inpatient Utilization Rate (MIUR) above 30%. As used in this item, "regional high volume hospital" means a hospital which ranks in the top 2 quartiles based on total hospital services volume, of all eligible general acute care hospitals, when ranked in descending order based on total hospital services volume, within the same Medicaid managed care region, as designated by the Department, as of January 1, 2022. As used in this item, "total hospital services volume" means the total of all Medical Assistance hospital inpatient admissions plus all Medical Assistance hospital outpatient visits. For purposes of determining regional high volume hospital inpatient admissions and outpatient visits, the Department shall use dates of service provided during State Fiscal Year 2020 for the Payout Quarter beginning January 1, 2023. The Department shall use dates of service from the State fiscal year ending 18 month before the beginning of the first Payout Quarter of the subsequent annual determination period.

(ii) For the calendar year beginning January 1, 2023, the Department shall use the Rate Year 2022 Medicaid inpatient utilization rate (MIUR), as defined in subsection (h) of Section 5-5.02. For each subsequent annual determination, the Department shall use the MIUR applicable to the rate year ending September 30 of the year preceding the beginning of the calendar year.

(H) General acute care hospitals. As used under this Section, "general acute care hospitals" means all other Illinois hospitals not identified in subparagraphs (A) through (G).

(2) Hospitals' qualification for each class shall be assessed prior to the beginning of each calendar year and the new class designation shall be effective January 1 of the next year. The Department shall publish by rule the process for establishing class determination.

(3) Beginning January 1, 2024, the Department may reassign hospitals or entire hospital classes as defined above, if federal limits on the payments to the class to which the hospitals are assigned based on the criteria in this subsection prevent the Department from making payments to the class that would otherwise be due under this Section. The Department shall publish the criteria and composition of each new class based on the reassignments, and the projected impact on payments to each hospital under the new classes on its website by November 15 of the year before the year in which the class changes become effective.

(g) Fixed pool directed payments. Beginning July 1, 2020, the Department shall issue payments to MCOs which shall be used to issue directed payments to qualified Illinois safety-net hospitals and critical access hospitals on a monthly basis in accordance with this subsection. Prior to the beginning of each Payout Quarter beginning July 1, 2020, the Department shall use encounter claims data from the Determination Quarter, accepted by the Department's Medicaid Management Information System for inpatient and outpatient services rendered by safety-net hospitals and critical access hospitals to determine a quarterly uniform per unit add-on for each hospital class.

(1) Inpatient per unit add-on. A quarterly uniform per diem add-on shall be derived by dividing the quarterly Inpatient Directed Payments Pool amount allocated to the applicable hospital class by the total inpatient days contained on all encounter claims received during the Determination Quarter, for all hospitals in the class.

(A) Each hospital in the class shall have a quarterly inpatient directed payment calculated that is equal to the product of the number of inpatient days attributable to the hospital used in the calculation of the quarterly uniform class per diem add-on, multiplied by the calculated applicable quarterly uniform class per diem add-on of the hospital class.

(B) Each hospital shall be paid 1/3 of its quarterly inpatient directed payment in each of the 3 months of the Payout Quarter, in accordance with directions provided to each MCO by the Department.

(2) Outpatient per unit add-on. A quarterly uniform per claim add-on shall be derived by dividing the quarterly Outpatient Directed Payments Pool amount allocated to the applicable hospital class by the total outpatient encounter claims received during the Determination Quarter, for all hospitals in the class.

(A) Each hospital in the class shall have a quarterly outpatient directed payment calculated that is equal to the product of the number of outpatient encounter claims attributable to the hospital used in the calculation of the quarterly uniform class per claim add-on, multiplied by the calculated applicable quarterly uniform class per claim add-on of the hospital class.

(B) Each hospital shall be paid 1/3 of its quarterly outpatient directed payment in each of the 3 months of the Payout Quarter, in accordance with directions provided to each MCO by the Department.

(3) Each MCO shall pay each hospital the Monthly Directed Payment as identified by the Department on its quarterly determination report.

(4) Definitions. As used in this subsection:

(A) "Payout Quarter" means each 3 month calendar quarter, beginning July 1, 2020.

(B) "Determination Quarter" means each 3 month calendar quarter, which ends 3 months prior to the first day of each Payout Quarter.

(5) For the period July 1, 2020 through December 2020, the following amounts shall be allocated to the following hospital class directed payment pools for the quarterly development of a uniform per unit add-on:

(A) \$2,894,500 for hospital inpatient services for critical access hospitals.

(B) \$4,294,374 for hospital outpatient services for critical access hospitals.

(C) \$29,109,330 for hospital inpatient services for safety-net hospitals.

(D) \$35,041,218 for hospital outpatient services for safety-net hospitals.

(6) For the period January 1, 2023 through December 31, 2023, the Department shall establish the amounts that shall be allocated to the hospital class directed payment fixed pools identified in this paragraph for the quarterly development of a uniform per unit add-on. The Department shall establish such amounts so that the total amount of payments to each hospital under this Section in calendar year 2023 is projected to be substantially similar to the total amount of such payments received by the hospital under this Section in calendar year 2021, adjusted for increased funding provided for fixed pool directed payments under subsection (g) in calendar year 2022, assuming that the volume and acuity of claims are held constant. The Department shall publish the directed payment fixed pool amounts to be established under this paragraph on its website by November 15, 2022.

(A) Hospital inpatient services for critical access hospitals.

(B) Hospital outpatient services for critical access hospitals.

(C) Hospital inpatient services for public hospitals.

(D) Hospital outpatient services for public hospitals.

(E) Hospital inpatient services for safety-net hospitals.

(F) Hospital outpatient services for safety-net hospitals.

(7) Semi-annual rate maintenance review. The Department shall ensure that hospitals assigned to the fixed pools in paragraph (6) are paid no less than 95% of the annual initial rate for each 6-month period of each annual payout period. For each calendar year, the Department shall calculate the annual initial rate per day and per visit for each fixed pool hospital class listed in paragraph (6), by dividing the total of all applicable inpatient or outpatient directed payments issued in the preceding calendar year to the hospitals in each fixed pool class for the calendar year, plus any increase resulting from the annual adjustments described in subsection (i), by the actual applicable total service units for the preceding calendar year which were the basis of the total applicable inpatient or outpatient directed payments issued to the hospitals in each fixed pool class in the calendar year, except that for calendar year 2023, the service units from calendar year 2021 shall be used.

(A) The Department shall calculate the effective rate, per day and per visit, for the payout periods of January to June and July to December of each year, for each fixed pool listed in paragraph (6), by dividing 50% of the annual pool by the total applicable reported service units for the 2 applicable determination quarters.

(B) If the effective rate calculated in subparagraph (A) is less than 95% of the annual initial rate assigned to the class for each pool under paragraph (6), the Department shall adjust

the payment for each hospital to a level equal to no less than 95% of the annual initial rate, by issuing a retroactive adjustment payment for the 6-month period under review as identified in subparagraph (A).

(h) Fixed rate directed payments. Effective July 1, 2020, the Department shall issue payments to MCOs which shall be used to issue directed payments to Illinois hospitals not identified in paragraph (g) on a monthly basis. Prior to the beginning of each Payout Quarter beginning July 1, 2020, the Department shall use encounter claims data from the Determination Quarter, accepted by the Department's Medicaid Management Information System for inpatient and outpatient services rendered by hospitals in each hospital class identified in paragraph (f) and not identified in paragraph (g). For the period July 1, 2020 through December 2020, the Department shall direct MCOs to make payments as follows:

(1) For general acute care hospitals an amount equal to \$1,750 multiplied by the hospital's category of service 20 case mix index for the determination quarter multiplied by the hospital's total number of inpatient admissions for category of service 20 for the determination quarter.

(2) For general acute care hospitals an amount equal to \$160 multiplied by the hospital's category of service 21 case mix index for the determination quarter multiplied by the hospital's total number of inpatient admissions for category of service 21 for the determination quarter.

(3) For general acute care hospitals an amount equal to \$80 multiplied by the hospital's category of service 22 case mix index for the determination quarter multiplied by the hospital's total number of inpatient admissions for category of service 22 for the determination quarter.

(4) For general acute care hospitals an amount equal to \$375 multiplied by the hospital's category of service 24 case mix index for the determination quarter multiplied by the hospital's total number of category of service 24 paid EAPGs (EAPGs) for the determination quarter.

(5) For general acute care hospitals an amount equal to \$240 multiplied by the hospital's category of service 27 and 28 case mix index for the determination quarter multiplied by the hospital's total number of category of service 27 and 28 paid EAPGs for the determination quarter.

(6) For general acute care hospitals an amount equal to \$290 multiplied by the hospital's category of service 29 case mix index for the determination quarter multiplied by the hospital's total number of category of service 29 paid EAPGs for the determination quarter.

(7) For high Medicaid hospitals an amount equal to \$1,800 multiplied by the hospital's category of service 20 case mix index for the determination quarter multiplied by the hospital's total number of inpatient admissions for category of service 20 for the determination quarter.

(8) For high Medicaid hospitals an amount equal to \$160 multiplied by the hospital's category of service 21 case mix index for the determination quarter multiplied by the hospital's total number of inpatient admissions for category of service 21 for the determination quarter.

(9) For high Medicaid hospitals an amount equal to \$80 multiplied by the hospital's category of service 22 case mix index for the determination quarter multiplied by the hospital's total number of inpatient admissions for category of service 22 for the determination quarter.

(10) For high Medicaid hospitals an amount equal to \$400 multiplied by the hospital's category of service 24 case mix index for the determination quarter multiplied by the hospital's total number of category of service 24 paid EAPG outpatient claims for the determination quarter.

(11) For high Medicaid hospitals an amount equal to \$240 multiplied by the hospital's category of service 27 and 28 case mix index for the determination quarter multiplied by the hospital's total number of category of service 27 and 28 paid EAPGs for the determination quarter.

(12) For high Medicaid hospitals an amount equal to \$290 multiplied by the hospital's category of service 29 case mix index for the determination quarter multiplied by the hospital's total number of category of service 29 paid EAPGs for the determination quarter.

(13) For long term acute care hospitals the amount of \$495 multiplied by the hospital's total number of inpatient days for the determination quarter.

(14) For psychiatric hospitals the amount of \$210 multiplied by the hospital's total number of inpatient days for category of service 21 for the determination quarter.

(15) For psychiatric hospitals the amount of \$250 multiplied by the hospital's total number of outpatient claims for category of service 27 and 28 for the determination quarter.

(16) For rehabilitation hospitals the amount of \$410 multiplied by the hospital's total number of inpatient days for category of service 22 for the determination quarter.

(17) For rehabilitation hospitals the amount of \$100 multiplied by the hospital's total number of outpatient claims for category of service 29 for the determination quarter.

(18) Effective for the Payout Quarter beginning January 1, 2023, for the directed payments to hospitals required under this subsection, the Department shall establish the amounts that shall be used to calculate such directed payments using the methodologies specified in this paragraph. The Department shall use a single, uniform rate, adjusted for acuity as specified in paragraphs (1) through (12), for all categories of inpatient services provided by each class of hospitals and a single uniform rate, adjusted for acuity as specified in paragraphs (1) through (12), for all categories of outpatient services provided by each class of hospitals. The Department shall establish such amounts so that the total amount of payments to each hospital under this Section in calendar year 2023 is projected to be substantially similar to the total amount of such payments received by the hospital under this Section in calendar year 2021, adjusted for increased funding provided for fixed pool directed payments under subsection (g) in calendar year 2022, assuming that the volume and acuity of claims are held constant. The Department shall publish the directed payment amounts to be established under this subsection on its website by November 15, 2022.

(19) Each hospital shall be paid 1/3 of their quarterly inpatient and outpatient directed payment in each of the 3 months of the Payout Quarter, in accordance with directions provided to each MCO by the Department.

(20) Each MCO shall pay each hospital the Monthly Directed Payment amount as identified by the Department on its quarterly determination report.

Notwithstanding any other provision of this subsection, if the Department determines that the actual total hospital utilization data that is used to calculate the fixed rate directed payments is substantially different than anticipated when the rates in this subsection were initially determined for unforeseeable circumstances (such as the COVID-19 pandemic or some other public health emergency), the Department may adjust the rates specified in this subsection so that the total directed payments approximate the total spending amount anticipated when the rates were initially established.

Definitions. As used in this subsection:

(A) "Payout Quarter" means each calendar quarter, beginning July 1, 2020.

(B) "Determination Quarter" means each calendar quarter which ends 3 months prior to the first day of each Payout Quarter.

(C) "Case mix index" means a hospital specific calculation. For inpatient claims the case mix index is calculated each quarter by summing the relative weight of all inpatient Diagnosis-Related Group (DRG) claims for a category of service in the applicable Determination Quarter and dividing the sum by the number of sum total of all inpatient DRG admissions for the category of service for the associated claims. The case mix index for outpatient claims is calculated each quarter by summing the relative weight of all paid EAPGs in the applicable Determination Quarter and dividing the sum by the sum total of paid EAPGs for the associated claims.

(i) Beginning January 1, 2021, the rates for directed payments shall be recalculated in order to spend the additional funds for directed payments that result from reduction in the amount of pass-through payments allowed under federal regulations. The additional funds for directed payments shall be allocated proportionally to each class of hospitals based on that class' proportion of services.

(1) Beginning January 1, 2024, the fixed pool directed payment amounts and the associated annual initial rates referenced in paragraph (6) of subsection (f) for each hospital class shall be uniformly increased by a ratio of not less than, the ratio of the total pass-through reduction amount pursuant to paragraph (4) of subsection (j), for the hospitals comprising the hospital fixed pool directed payment class for the next calendar year, to the total inpatient and outpatient directed payments for the hospitals comprising the hospital fixed pool directed payment class paid during the preceding calendar year.

(2) Beginning January 1, 2024, the fixed rates for the directed payments referenced in paragraph (18) of subsection (h) for each hospital class shall be uniformly increased by a ratio of not less than, the ratio of the total pass-through reduction amount pursuant to paragraph (4) of subsection (j), for the hospitals comprising the hospital directed payment class for the next calendar year, to the total inpatient and outpatient directed payments for the hospitals comprising the hospital fixed rate directed payment class paid during the preceding calendar year.

(j) Pass-through payments.

(1) For the period July 1, 2020 through December 31, 2020, the Department shall assign quarterly pass-through payments to each class of hospitals equal to one-fourth of the following annual allocations:

- (A) \$390,487,095 to safety-net hospitals.
- (B) \$62,553,886 to critical access hospitals.
- (C) \$345,021,438 to high Medicaid hospitals.
- (D) \$551,429,071 to general acute care hospitals.
- (E) \$27,283,870 to long term acute care hospitals.
- (F) \$40,825,444 to freestanding psychiatric hospitals.
- (G) \$9,652,108 to freestanding rehabilitation hospitals.

(2) For the period of July 1, 2020 through December 31, 2020, the pass-through payments shall at a minimum ensure hospitals receive a total amount of monthly payments under this Section as received in calendar year 2019 in accordance with this Article and paragraph (1) of subsection (d-5) of Section 14-12, exclusive of amounts received through payments referenced in subsection (b).

(3) For the calendar year beginning January 1, 2023, the Department shall establish the annual pass-through allocation to each class of hospitals and the pass-through payments to each hospital so that the total amount of payments to each hospital under this Section in calendar year 2023 is projected to be substantially similar to the total amount of such payments received by the hospital under this Section in calendar year 2021, adjusted for increased funding provided for fixed pool directed payments under subsection (g) in calendar year 2022, assuming that the volume and acuity of claims are held constant. The Department shall publish the pass-through allocation to each class and the pass-through payments to each hospital to be established under this subsection on its website by November 15, 2022.

(4) For the calendar years beginning January 1, 2021 and January 1, 2022, each hospital's pass-through payment amount shall be reduced proportionally to the reduction of all pass-through payments required by federal regulations. Beginning January 1, 2024, the Department shall reduce total pass-through payments by the minimum amount necessary to comply with federal regulations. Pass-through payments to safety-net hospitals, as defined in Section 5-5e.1 of this Code, shall not be reduced until all pass-through payments to other hospitals have been eliminated. All other hospitals shall have their pass-through payments reduced proportionally.

(k) At least 30 days prior to each calendar year, the Department shall notify each hospital of changes to the payment methodologies in this Section, including, but not limited to, changes in the fixed rate directed payment rates, the aggregate pass-through payment amount for all hospitals, and the hospital's pass-through payment amount for the upcoming calendar year.

(l) Notwithstanding any other provisions of this Section, the Department may adopt rules to change the methodology for directed and pass-through payments as set forth in this Section, but only to the extent necessary to obtain federal approval of a necessary State Plan amendment or Directed Payment Preprint or to otherwise conform to federal law or federal regulation.

(m) As used in this subsection, "managed care organization" or "MCO" means an entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis, excluding contracted entities for dual eligible or Department of Children and Family Services youth populations.

(c) Exceptions. A public body may hold closed meetings to consider the following subjects:

(1) The appointment, employment, compensation, discipline, performance, or dismissal of specific employees, specific individuals who serve as independent contractors in a park, recreational, or educational setting, or specific volunteers of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee, a specific individual who serves as an independent contractor in a park, recreational, or educational setting, or a volunteer of the public body or against legal counsel for the public body to determine its validity. (2) Collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees.

(3) The selection of a person to fill a public office, as defined in this Act, including a vacancy in a public office, when the public body is given power to appoint under law or ordinance, or the

discipline, performance or removal of the occupant of a public office, when the public body is given power to remove the occupant under law or ordinance.

(4) Evidence or testimony presented in open hearing, or in closed hearing where specifically authorized by law, to a quasi-judicative body, as defined in this Act, provided that the body prepares and makes available for public inspection a written decision setting forth its determinative reasoning.

(4.5) Evidence or testimony presented to a school board regarding denial of admission to school events or property pursuant to Section 24-24 of the School Code, provided that the school board prepares and makes available for public inspection a written decision setting forth its determinative reasoning.

(6) The setting of a price for sale or lease of property owned by the public body.

(7) The sale or purchase of securities, investments, or investment contracts. This exception shall not apply to the investment of assets or income of funds deposited into the Illinois Prepaid Tuition Trust Fund.

(9) Student disciplinary cases.

(10) The placement of individual students in special education programs and other matters relating to individual students.

For purposes of this definition, requests made by news media and non-profit, scientific, or academic organizations shall not be considered to be made for a "commercial purpose" when the principal purpose of the request is (i) to access and disseminate information concerning news and current or passing events, (ii) for articles of opinion or features of interest to the public, or (iii) for the purpose of academic, scientific, or public research or education.

(d) "Copying" means the reproduction of any public record by means of any photographic, electronic, mechanical or other process, device or means now known or hereafter developed and available to the public body.

For purposes of this definition, requests made by news media and non-profit, scientific, or academic organizations shall not be considered in calculating the number of requests made in the time periods in this definition when the principal purpose of the requests is (i) to access and disseminate information concerning news and current or passing events, (ii) for articles of opinion or features of interest to the public, or (iii) for the purpose of academic, scientific, or public research or education.

For the purposes of this subsection (g), "request" means a written document (or oral request, if the public body chooses to honor oral requests) that is submitted to a public body via personal delivery, mail, telefax, electronic mail, or other means available to the public body and that identifies the particular public record the requester seeks. (5 ILCS 140/3) (from Ch. 116, par. 203)

Sec. 3. (a) Each public body shall make available to any person for inspection or copying all public records, except as otherwise provided in Sections 7 and 8.5 of this Act. Notwithstanding any other law, a public body may not grant to any person or entity, whether by contract, license, or otherwise, the exclusive right to access and disseminate any public record as defined in this Act.

(b) Subject to the fee provisions of Section 6 of this Act, each public body shall promptly provide, to any person who submits a request, a copy of any public record required to be disclosed by subsection (a) of this Section and shall certify such copy if so requested.

(c) Requests for inspection or copies shall be made in writing and directed to the public body. Written requests may be submitted to a public body via personal delivery, mail, telefax, or other means available to the public body. Electronic requests under this Section must appear in their entirety within the body of the electronic submission. As a cybersecurity measure, no public body shall be required to open electronically attached files or hyperlinks to view or access details of a request. A public body that receives a request that would require the public body to open hyperlinks or attached files shall, within 5 business days, notify the requester of the requirement that the entirety of an electronic request must appear within the body of the electronic submission. A public body may honor oral requests for inspection or copying. A public body may not require that a request be submitted on a standard form or require the requester to specify the purpose for a request, except to determine whether the records are requested for a commercial purpose or whether to grant a request for a fee waiver. All requests for inspection and copying received by a public body shall immediately be forwarded to its Freedom of Information officer or designee.

(d) Each public body shall, promptly, either comply with or deny a request for public records within 5 business days after its receipt of the request, unless the time for response is properly extended under subsection (e) of this Section. Denial shall be in writing as provided in Section 9 of this Act. Failure to comply with a written request, extend the time for response, or deny a request within 5 business days after its receipt shall be considered a denial of the request. A public body that fails to respond to a request within the requisite periods in this Section but thereafter provides the requester with copies of the requested public records may not impose a fee for such copies. A public body that fails to respond to a request received may not treat the request as unduly burdensome under subsection (g).

(e) The time for response under this Section may be extended by the public body for not more than 5 business days from the original due date for any of the following reasons:

(i) the requested records are stored in whole or in part at other locations than the office having charge of the requested records;

(ii) the request requires the collection of a substantial number of specified records;

(iii) the request is couched in categorical terms and requires an extensive search for the records responsive to it;

(iv) the requested records have not been located in the course of routine search and additional efforts are being made to locate them;

(v) the requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under Section 7 of this Act or should be revealed only with appropriate deletions;

(vi) the request for records cannot be complied with by the public body within the time limits prescribed by subsection (d) of this Section without unduly burdening or interfering with the operations of the public body;

(vii) there is a need for consultation, which shall be conducted with all practicable speed, with another public body or among 2 or more components of a public body having a substantial interest in the determination or in the subject matter of the request.

The person making a request and the public body may agree in writing to extend the time for compliance for a period to be determined by the parties. If the requester and the public body agree to extend the period for compliance, a failure by the public body to comply with any previous deadlines shall not be treated as a denial of the request for the records.

(f) When additional time is required for any of the above reasons, the public body shall, within 5 business days after receipt of the request, notify the person making the request of the reasons for the extension and the date by which the response will be forthcoming. Failure to respond within the time permitted for extension shall be considered a denial of the request. A public body that fails to respond to a request within the time permitted for extension but thereafter provides the requester with copies of the requested public records may not impose a fee for those copies. A public body that requests an extension and subsequently fails to respond to the request may not treat the request as unduly burdensome under subsection (g).

(g) Requests calling for all records falling within a category shall be complied with unless compliance with the request would be unduly burdensome for the complying public body and there is no way to narrow the request and the burden on the public body outweighs the public interest in the information. Before invoking this exemption, the public body shall extend to the person making the request an opportunity to confer with it in an attempt to reduce the request to manageable proportions. If any public body responds to a categorical request by stating that compliance would unduly burden its operation and the conditions described above are met, it shall do so in writing, specifying the reasons why it would be unduly burdensome and the extent to which compliance will so burden the operations of the public body. Such a response shall be treated as a denial of the request for information.

Repeated requests from the same person for the same records that are unchanged or identical to records previously provided or properly denied under this Act shall be deemed unduly burdensome under this provision.

(h) Each public body may promulgate rules and regulations in conformity with the provisions of this Section pertaining to the availability of records and procedures to be followed, including:

(i) the times and places where such records will be made available, and

(ii) the persons from whom such records may be obtained.

(i) The time periods for compliance or denial of a request to inspect or copy records set out in this Section shall not apply to requests for records made for a commercial purpose, requests by a recurrent requester, or voluminous requests. Such requests shall be subject to the provisions of Sections 3.1, 3.2, and 3.6 of this Act, as applicable.

(j) Within 5 business days after its receipt of the request, a public body that has a reasonable belief that a request was not submitted by a person may require the requester to verify orally or in writing that the requester is a person. The deadline for the public body to respond to the request shall be tolled until the requester verifies that he or she is a person. If the requester fails to verify that he or she is a person within 30 days after the public body requests such a verification, then the public body may deny the request. For purposes of this subsection (j), a public body may not require the requester to submit personal information, private information, or identifying information to verify that the requester is a person.

(5 ILCS 140/4) (from Ch. 116, par. 204)

(a) A brief description of itself, which will include, but not be limited to, a short summary of its purpose, a block diagram giving its functional subdivisions, the total amount of its operating budget, the number and location of all of its separate offices, the approximate number of full and part-time employees, and the identification and membership of any board, commission, committee, or council which operates in an advisory capacity relative to the operation of the public body, or which exercises control over its policies or procedures, or to which the public body is required to report and be answerable for its operations; and

(b) A brief description of the methods whereby the public may request information and public records, a directory designating the Freedom of Information officer or officers, the address where requests for public records should be directed, and any fees allowable under Section 6 of this Act.

Sec. 7. Exemptions.

(1) When a request is made to inspect or copy a public record that contains information that is exempt from disclosure under this Section, but also contains information that is not exempt from disclosure, the public body may elect to redact the information that is exempt. (c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:

(i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;

(ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;

(iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;

(iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative, law enforcement, or penal agencies; except that the identities of witnesses to traffic crashes, traffic crash reports, and rescue reports shall be provided by agencies of local government, except when disclosure would interfere with an active criminal investigation conducted by the agency that is the recipient of the request;

(v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation, or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;

(vi) endanger the life or physical safety of law enforcement personnel or any other person; or

(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(d-5) A law enforcement record created for law enforcement purposes and contained in a shared electronic record management system if the law enforcement agency or criminal justice agency that is the recipient of the request did not create the record, did not participate in or have a role in any of the events which are the subject of the record, and only has access to the record through the shared electronic record management system. As used in this subsection (d-5), "criminal justice agency" means the Illinois Criminal Justice Information Authority or the Illinois Sentencing Policy Advisory Council.

(d-6) Records contained in the Officer Professional Conduct Database under Section 9.2 of the Illinois Police Training Act, except to the extent authorized under that Section. This includes the

documents supplied to the Illinois Law Enforcement Training Standards Board from the Illinois State Police and Illinois State Police Merit Board.

(d-7) Information gathered or records created from the use of automatic license plate readers in connection with Section 2-130 of the Illinois Vehicle Code.

(e) Records that relate to or affect the security of correctional institutions and detention facilities.

(e-5) Records requested by persons committed to the Department of Corrections, Department of Human Services Division of Mental Health, or a county jail if those materials are available in the library of the correctional institution or facility or jail where the inmate is confined.

(e-6) Records requested by persons committed to the Department of Corrections, Department of Human Services Division of Mental Health, or a county jail if those materials include records from staff members' personnel files, staff rosters, or other staffing assignment information.

(e-7) Records requested by persons committed to the Department of Corrections or Department of Human Services Division of Mental Health if those materials are available through an administrative request to the Department of Corrections or Department of Human Services Division of Mental Health.

(e-8) Records requested by a person committed to the Department of Corrections, Department of Human Services Division of Mental Health, or a county jail, the disclosure of which would result in the risk of harm to any person or the risk of an escape from a jail or correctional institution or facility.

(e-9) Records requested by a person in a county jail or committed to the Department of Corrections or Department of Human Services Division of Mental Health, containing personal information pertaining to the person's victim or the victim's family, including, but not limited to, a victim's home address, home telephone number, work or school address, work telephone number, social security number, or any other identifying information, except as may be relevant to a requester's current or potential case or claim.

Sec. 9.5. Public Access Counselor; opinions.

(a) A person whose request to inspect or copy a public record is denied by a public body, except the General Assembly and committees, commissions, and agencies thereof, may file a request for review with the Public Access Counselor established in the Office of the Attorney General not later than 60 days after the date of the final denial. The request for review must be in writing, signed by the requester, and include (i) a copy of the request for access to records and (ii) any responses from the public body.

(b) A person whose request to inspect or copy a public record is made for a commercial purpose as defined in subsection (c-10) of Section 2 of this Act may not file a request for review with the Public Access Counselor. A person whose request to inspect or copy a public record was treated by the public body as a request for a commercial purpose under Section 3.1 of this Act may file a request for review with the Public Access Counselor for the limited purpose of reviewing whether the public body properly determined that the request was made for a commercial purpose.

(b-5) A person whose request to inspect or copy a public record was treated by a public body, except the General Assembly and committees, commissions, and agencies thereof, as a voluminous request under Section 3.6 of this Act may file a request for review with the Public Access Counselor for the purpose of reviewing whether the public body properly determined that the request was a voluminous request.

(c) Upon receipt of a request for review, the Public Access Counselor shall determine whether further action is warranted. If the Public Access Counselor determines that the alleged violation is unfounded, he or she shall so advise the requester and the public body and no further action shall be undertaken. In all other cases, the Public Access Counselor shall forward a copy of the request for review to the public body within 7 business days after receipt and shall specify the records or other documents that the public body shall furnish to facilitate the review. Within 7 business days after receipt of the request for review, the public body shall provide copies of records requested and shall otherwise fully cooperate with the Public Access Counselor. If a public body fails to furnish specified records pursuant to this Section, or if otherwise necessary, the Attorney General may issue a subpoena to any person or public body having knowledge of or records pertaining to a request for review of a denial of access to records under the Act. Records or documents obtained by the Public Access Counselor from a public body for the purpose of addressing a request for review under this Section may not be disclosed to the public, including the requester, by the Public Access Counselor. These records, while in the possession of the Public Access Counselor, are exempt under this Act from disclosure by the Public Access Counselor.

(d) Within 7 business days after it receives a copy of a request for review and request for production of records from the Public Access Counselor, the public body may, but is not required to, answer the allegations of the request for review. The answer may take the form of a letter, brief, or memorandum. The Public Access Counselor shall forward a copy of the answer to the person submitting the request for review, with any alleged confidential information to which the request pertains redacted from the copy. The requester may, but is not required to, respond in writing to the answer within 7 business days and shall provide a copy of the response to the public body.

(e) In addition to the request for review, and the answer and the response thereto, if any, a requester or a public body may furnish affidavits or records concerning any matter germane to the review.

(f) Unless the Public Access Counselor extends the time by no more than 30 business days by sending written notice to the requester and the public body that includes a statement of the reasons for the extension in the notice, or decides to address the matter without the issuance of a binding opinion, the Attorney General shall examine the issues and the records, shall make findings of fact and conclusions of law, and shall issue to the requester and the public body an opinion in response to the request for review within 60 days after its receipt. The opinion shall be binding upon both the requester and the public body, subject to administrative review under Section 11.5.

In responding to any request under this Section 9.5, the Attorney General may exercise his or her discretion and choose to resolve a request for review by mediation or by a means other than the issuance of a binding opinion. The decision not to issue a binding opinion shall not be reviewable.

Upon receipt of a binding opinion concluding that a violation of this Act has occurred, the public body shall either take necessary action immediately to comply with the directive of the opinion or shall initiate administrative review under Section 11.5. If the opinion concludes that no violation of the Act has occurred, the requester may initiate administrative review under Section 11.5.

A public body and any officer or employee of a public body that discloses records in accordance with an opinion of the Attorney General is immune from all liabilities by reason thereof and shall not be liable for penalties under this Act.

(g) If the requester files suit under Section 11 with respect to the same denial that is the subject of a pending request for review, the requester shall notify the Public Access Counselor, and the Public Access Counselor shall take no further action with respect to the request for review and shall so notify the public body.

(h) The Attorney General may also issue advisory opinions to public bodies regarding compliance with this Act. A review may be initiated upon receipt of a written request from the head of the public body

or its attorney, which shall contain sufficient accurate facts from which a determination can be made. The Public Access Counselor may request additional information from the public body in order to assist in the review. A public body that relies in good faith on an advisory opinion of the Attorney General in responding to a request is not liable for penalties under this Act, so long as the facts upon which the opinion is based have been fully and fairly disclosed to the Public Access Counselor.

"ARTICLE 5

Section 5-1. Short title. This Act may be cited as the Statewide Innovation Development and Economy Act. References in this Article to "this Act" mean this Article.

Section 5-5. Purpose. The General Assembly finds and declares that the purpose of this Act is to promote, stimulate, and develop the general and economic welfare of the State of Illinois and its communities and to assist in the development and redevelopment of major tourism, entertainment, retail, and related projects within eligible areas of the State, thereby creating new jobs, stimulating significant capital investment, and promoting the general welfare of the citizens of this State, by authorizing municipalities and counties to issue sales tax and revenue (STAR) bonds for the financing of STAR bond projects as defined in Section 5-10, and to otherwise exercise the powers and authorities granted to municipalities. The General Assembly further finds and declares to be the policy of the State, in the interest of promoting the health, safety, morals, and general welfare of all the people of the State, to provide incentives to create new job opportunities and to promote major tourism, entertainment, retail, and related projects within the State. The General Assembly further finds and declares that:

(1) it is in the public interest to limit the portion of the aggregate proceeds of STAR bonds issued that are derived from the State sales tax increment pledged to pay STAR bonds in any STAR bond district to not more than 50% of the total development costs for a STAR bond project in the STAR bond district as set forth in subsection (g) of Section 5-30;

(2) as a result of the costs of land assemblage, financing, infrastructure, and other project costs, the private sector, without the assistance contemplated in this Act, is unable to develop major tourism, entertainment, retail, and related projects in some parts of the State;

(3) the type of projects for which this Act is intended must be of a certain size and scope, and must be developed in a cohesive and comprehensive manner;

(4) the eligible tracts of land are more likely to remain underutilized and undeveloped, or developed in a piecemeal manner resulting in inefficient and poorly planned developments that do not maximize job creation, job retention, and tax revenue generation within the State;

(5) there are multiple eligible areas in the State that could benefit from this Act;

(6) investment in major tourism, entertainment, retail, and related development within the State would stimulate economic activity in the State, including the creation and maintenance of jobs, the creation of new and lasting infrastructure and other improvements, and the attraction and retention of interstate tourists and entertainment events that generate significant economic activity;

(7) the continual encouragement, development, growth, and expansion of major tourism, entertainment, retail, and related projects within the State requires a cooperative and continuous partnership between government and the private sector;

(8) the State has a responsibility to help create a favorable climate for new and improved job opportunities for its citizens and to increase the tax base of the State and its political subdivisions by encouraging development by the private sector of major retail within the State;

(9) the provision of additional incentives by the State and its political subdivisions will relieve conditions of unemployment, maintain existing levels of employment, create new job opportunities, retain jobs within the State, increase commerce within the State, and increase the tax base of the State and its political subdivisions;

(10) the powers conferred by this Act promote and protect the health, safety, morals, and welfare of the State, and are for a public purpose and public use for which public money and resources may be expended; and

(11) the necessity in the public interest for the provisions of this Act is hereby declared as a matter of legislative determination.

(a) When a political subdivision is interested in establishing a STAR bond district, the political subdivision must first provide notice to the Director of the Department of Commerce and Economic Opportunity and the Director of the Department of Revenue by July 1, 2026, of its intention to establish a STAR bond district. After filing notice, the political subdivision shall determine whether it satisfies the statutory criteria to establish a STAR bond district consistent with this Act. The corporate authorities of the political subdivision shall adopt a resolution stating that the political subdivision is considering the establishment of a STAR bond district. The resolution shall:

- (1) give notice, in the same manner as set forth in item (2) of subsection (e) of Section 5-20, that a public hearing will be held to consider the establishment of a STAR bond district and fix the date, hour, and place of the public hearing, which shall be at a location that is within 20 miles of the STAR bond district, in a facility that can accommodate a large crowd, and in a facility that is accessible to persons with disabilities;

(2) If the resolution to establish a STAR bond district is not adopted by the political subdivision within 60 days from the conclusion of the public hearing, then the STAR bond district shall not be established.

(3) Upon adoption of a resolution to establish a STAR bond district, the political subdivision shall send a certified copy of the resolution to the Directors of the Department of Commerce and Economic Opportunity, Department of Revenue, and the Governor's Office of Management and Budget within 60 days of the adoption of the resolution.

(c) Upon adoption of a resolution to establish a STAR bond district, the STAR bond district and any STAR bond project shall be governed by a master development agreement between the political subdivision and the master developer. A STAR bond district that is partially outside the boundaries of a municipality shall only require one master development agreement; the agreement shall be between the municipality and the master developer. (d) Upon adoption of a resolution to establish a STAR bond district, the political subdivision shall submit the proposed STAR bond district plan to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget for consideration. All proposed STAR bond district plans must be submitted on or before July 1, 2027 for consideration. The Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget shall make a joint recommendation to approve a STAR bond district if the agencies find that: (i) the proposed STAR bond district is an eligible area; (ii) the STAR bond district plan includes a STAR bond project that would entail a projected capital investment of at least \$30,000,000; (iii) the STAR bond district plan includes a STAR bond project that would be reasonably projected to produce at least \$60,000,000 of annual gross sales revenues and at least 300 new jobs; (iv) the STAR bond district plan includes potential development users; (v) the creation of the STAR bond district and STAR bond district plan are in accordance with the purpose of this Act and the public interest; and (vi) the STAR bond district and STAR bond district plan meet any other requirement that the State deems appropriate. The agencies shall send a copy of their written findings and recommendation for approval or denial of a STAR bond district to the Office of the Governor for review and final action.

(e) Upon receipt of the written findings and recommendation, the Office of the Governor shall review the submission and issue a final approval or denial of the STAR bond district and send written notice of its approval or denial to the requesting political subdivision and to the agencies.

(f) Starting on the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district and continuing each anniversary thereafter, the Director shall, in consultation with the political subdivision and the master developer, determine the total number of new jobs created within the STAR bond district, the total development cost to date, and the master developer's compliance with its obligations under any written agreements with the State. If, on the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, the Director determines that the total development cost to date is not equal to or greater than \$30,000,000, or that the master developer is in breach of any written agreement with the State, then no new STAR bonds may be issued in the STAR bond district until the total development cost exceeds \$30,000,000 or the breach of agreement is cured, or both. If, on the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, there are not at least 300 new jobs existing in the STAR bond district, the State may require the master

developer to pay the State a penalty of \$1,500 per job under 300 each year until the earlier of (i) the twenty-third anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, (ii) the date that all STAR bonds issued in the STAR bond district have been paid off, or (iii) the date that at least 300 jobs have been created in the STAR bond district. Upon creation of 300 jobs in the STAR bond district, there shall not be an ongoing obligation to maintain those jobs after the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, and the master developer shall be relieved of any liability with respect to job creation under this subsection. Notwithstanding anything to the contrary in this subsection, the master developer shall not be liable for the penalties set forth under this subsection if the breach of agreement, failure to reach at least \$30,000,000 in total development costs, or failure to create 300 jobs is due to delays caused by force majeure, as that term shall be defined in the master development agreement.

Section 5-20. Approval of STAR bond projects. The Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget may recommend the approval of only one STAR bond project for each Economic Development Region having a population of less than 600,000, up to 2 STAR bond projects for each Economic Development Region having a population between 600,000 and 999,999, and up to 4 STAR bond projects for each Economic Development Region having a population of 1,000,000 or more, if the STAR bond projects are in separate STAR bond districts, regardless of the total number of approved STAR bond districts located within a Region. Only one STAR bond project may be approved in a STAR bond district. The agencies shall not make a recommendation to approve a STAR bond project in an Economic Development Region prior to the receipt of a proposed STAR bond project from each STAR bond district in that Economic Development Region, or before July 1, 2029, whichever date comes first. In making the recommendation, the agencies shall consider the proximity of a proposed STAR bond project to another proposed or existing STAR bond project. The corporate authorities of a political subdivision seeking to establish a STAR bond project in an approved STAR bond district must submit a proposed STAR bond project plan to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget by July 1, 2029. A STAR bond project which is partially outside the boundaries of a municipality must also be approved by the corporate authorities of the county by resolution.

(a) After the establishment of a STAR bond district, the master developer may propose a STAR bond project to a political subdivision and the master developer shall, in cooperation with the political subdivision, prepare a STAR bond project plan in consultation with the planning commission of the political subdivision, if any. The STAR bond project plan may be implemented in separate development stages.

(b) Any political subdivision considering a STAR bond project within a STAR bond district shall cause to be prepared an independent feasibility study. The feasibility study shall be prepared by a feasibility consultant approved by the Department. The feasibility consultant shall provide certified copies of the feasibility study to the political subdivision, the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget. The feasibility study shall include the following:

- (1) the estimated amount of pledged STAR revenues expected to be collected in each year through the maturity date of the proposed STAR bonds;
- (2) a statement of how the jobs and taxes obtained from the STAR bond project will contribute significantly to the economic development of the State and region;
- (3) visitation expectations;
- (4) the unique quality of the project;
- (5) an economic impact study;
- (6) a market study;
- (7) current and anticipated infrastructure analysis;
- (8) integration and collaboration with other resources or businesses;
- (9) the quality of service and experience provided, as measured against national consumer standards for the specific target market;
- (10) project accountability, measured according to best industry practices;
- (11) the expected return on State and local investment that the STAR bond project is anticipated to produce; and
- (12) an anticipated principal and interest payment schedule on the STAR bonds.

The feasibility consultant, along with any other consultants commissioned to perform the studies and other analysis required by the feasibility study, shall be approved by the Department of Commerce and Economic Opportunity. The consultants shall be retained by the political subdivision. The political subdivision may seek reimbursement from the master developer.

The failure to include all information enumerated in this subsection in the feasibility study for a STAR bond project shall not affect the validity of STAR bonds issued pursuant to this Act.

(c) If the political subdivision determines the STAR bond project is feasible, the STAR bond project plan shall include:

- (1) a summary of the feasibility study;
- (2) a reference to the STAR bond district plan that identifies the STAR bond project area that is set forth in the STAR bond project plan that is being considered;
- (3) a legal description and map of the STAR bond project area to be developed or redeveloped;
- (4) a description of the buildings and facilities proposed to be constructed or improved in such STAR bond project area, including development users, as applicable;
- (5) a copy of letters of intent to locate within the STAR bond district signed by both the master developer and the appropriate corporate officer of at least one development user for the STAR bond project proposed within the district;
- (6) if the anticipated initial capital investment, including project costs and other direct costs, is \$50,000,000 or more, a copy of a project labor agreement entered into by the master developer and a commitment by the master developer, other developers, contractors, and subcontractors to comply with the requirements of Section 30-22 of the Procurement Code as they apply to responsible bidders; and
- (7) any other information the corporate authorities of the political subdivision deems reasonable and necessary to advise the public of the intent of the STAR bond project plan.

(d) Before a political subdivision may hold a public hearing to consider a STAR bond project plan, the political subdivision must apply to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget for joint review and recommendation and ultimate approval or denial by the Office of the Governor of the STAR bond project plan. The corporate authorities of a political subdivision seeking to establish a STAR bond project in an approved STAR bond district must submit a proposed STAR bond project plan to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget by July 1, 2029 for consideration.

An application for approval of a STAR bond project plan must not be approved by the State unless all of the components of the feasibility study set forth in paragraphs (1) through (12) of subsection (b) have been completed and submitted for review and recommendation for approval or denial. In addition to reviewing all of the other elements of the STAR bond project plan required under subsection (c), which must be included in the application and include a letter of intent as required under paragraph (5) of subsection (c) in order to receive State approval, the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget must review the feasibility study and consider all of the components of the feasibility study set forth in paragraphs (1) through (12) of subsection (b), including, without limitation, the economic impact study and the financial benefit of the proposed STAR bond project to the local, regional, and State economies, the proposed adverse impacts on similar businesses and projects as well as municipalities within the market area, and the net effect of the proposed STAR bond project on the local, regional, and State economies. In addition to the economic impact study, the political subdivision must also submit to the agencies, as part of its application, the financial and other information that substantiates the basis for the conclusion of the economic impact study, in the form and manner as required by the agencies, so that the agencies can verify the results of the study. In addition to any other criteria in this subsection, for the State to approve the STAR bond project plan, the agencies must be satisfied that the proposed development users are in fact true development users and find that the STAR bond project plan is in accordance with the purpose of this Act and the public interest. As part of the review, the agencies shall evaluate the conclusions of the feasibility study as it relates to the projected State and local sales tax increments expected to be generated in the STAR bond district. The Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget shall jointly recommend the approval of up to one STAR bond project plan for each Economic Development Region having a population of less than 600,000, up to 2 STAR bond projects for each Economic Development Region having a population between 600,000 and 999,999, and up to 4

STAR bond projects for each Economic Development Region having a population of 1,000,000 or more, if the STAR bond projects are in separate STAR bond districts, based on the criteria in this subsection, subject to an aggregate limitation on State sales tax increment of \$75,000,000 per approved STAR bond project. In the event the STAR bond project commits to create 500 new jobs, then the STAR bond project is subject to an aggregate limitation on State sales tax increment of \$150,000,000 for that project. In making the recommendation, the agencies shall consider the proximity of a proposed STAR bond project to another proposed or existing STAR bond project. The agencies shall send a copy of their written findings and recommended approval or denial of a STAR bond project plan to the Office of the Governor for final action. Upon receipt of the Director's written findings and recommendation, the Office of the Governor shall issue a final approval or denial of up to one STAR bond project plan for each Economic Development Region having a population of less than 600,000, up to 2 STAR bond projects for each Economic Development Region having a population between 600,000 and 999,999, and up to 4 STAR bond projects for each Economic Development Region having a population of 1,000,000 or more, if the STAR bond projects are in separate STAR bond districts, based on the criteria in this subsection, subject to an aggregate limitation on State sales tax increment of \$75,000,000 per approved STAR bond project. If the STAR bond project commits to create 500 new jobs, then the STAR bond project is subject to an aggregate limitation on State sales tax increment of \$150,000,000 for that project. In granting its approval, the Office of the Governor may require the political subdivision to execute a binding agreement or memorandum of understanding with the State. The terms of the agreement or memorandum may include, among other things, the political subdivision's repayment of the State sales tax increment distributed to it should any violation of the agreement or memorandum or this Act occur.

(e) Upon a finding by the planning and zoning commission of the political subdivision, if any, that the STAR bond project plan is consistent with the intent of the comprehensive plan for the development of the political subdivision and upon issuance of written approval of the STAR bond project plan from the Office of the Governor pursuant to subsection (d) of this Section 5-20, the corporate authorities of the political subdivision shall adopt a resolution stating that the political subdivision is considering the adoption of the STAR bond project plan. The resolution shall:

- (1) give notice that a public hearing will be held to consider the adoption of the STAR bond project plan and fix the date, hour, and place of the public hearing;
- (2) describe the general boundaries of the STAR bond district within which the STAR bond project will be located and the date of establishment of the STAR bond district;
- (3) describe the general boundaries of the area proposed to be included within the STAR bond project area;
- (4) provide that the STAR bond project plan and map of the area to be redeveloped or developed are available for inspection during regular office hours in the offices of the political subdivision; and
- (5) contain a summary of the terms and conditions of any proposed project development agreement with the political subdivision.

(f) A public hearing shall be conducted to consider the adoption of any STAR bond project plan.

(1) The date fixed for the public hearing to consider the adoption of the STAR bond project plan shall be not less than 20 nor more than 90 days following the date of the adoption of the resolution fixing the date of the hearing.

(2) A copy of the political subdivision's resolution providing for the public hearing shall be sent by certified mail, return receipt requested, to the corporate authorities of the county. A copy of the political subdivision's resolution providing for the public hearing shall be sent by certified mail, return receipt requested, to each person or persons in whose name the general taxes for the last preceding year were paid on each parcel of land lying within the proposed STAR bond project area within 10 days following the date of the adoption of the resolution. The resolution shall be published once in a newspaper of general circulation in the political subdivision not less than one week nor more than 3 weeks preceding the date fixed for the public hearing. A map or aerial photo clearly delineating the area of land proposed to be included within the STAR bond project area shall be published with the resolution.

(3) The hearing shall be held at a location that is within 20 miles of the STAR bond district, in a facility that can accommodate a large crowd, and in a facility that is accessible to persons with disabilities.

(4) At the public hearing, a representative of the political subdivision or master developer shall present the STAR bond project plan. Following the presentation of the STAR bond project plan, all interested persons shall be given an opportunity to be heard. The corporate authorities may continue the date and time of the public hearing.

(g) Upon conclusion of the public hearing, the governing body of the political subdivision may adopt the STAR bond project plan by a resolution approving the STAR bond project plan.

(h) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan, the political subdivision may enter into a project development agreement if the master developer has requested the political subdivision to be a party to the project development agreement pursuant to subsection (b) of Section 5-25.

(i) Within 30 days after the adoption by the political subdivision of a STAR bond project plan, the clerk of the political subdivision shall transmit a copy of the legal description of the land and a list of all new and existing mailing addresses within the STAR bond district, a copy of the resolution adopting the STAR bond project plan, and a map or plat indicating the boundaries of the STAR bond project area and STAR bond district to the clerk, treasurer, and governing body of the county and to the Department and Department of Revenue. Within 30 days of creation of any new mailing addresses within a STAR bond district, the clerk of the political subdivision shall provide written notice of such new addresses to the Department and the Department of Revenue.

If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department of Revenue on or before the first day of April, the Department of Revenue, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of July next following the adoption and filing. If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department of Revenue after April 1 but on or before the first day of October, the Department of Revenue, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of January next following the adoption and filing.

Any substantial changes to a STAR bond project plan as adopted shall be subject to a public hearing following publication of notice thereof in a newspaper of general circulation in the political subdivision and approval by resolution of the governing body of the political subdivision.

The Department of Revenue shall not collect or allocate any local sales tax increment or State sales tax increment until the political subdivision also provides, in the manner prescribed by the Department of Revenue, the boundaries of the STAR bond district and each address in the STAR bond district in such a way that the Department of Revenue can determine by its address whether a business is located in the STAR bond district. The political subdivision must provide this boundary and address information to the Department of Revenue, with a copy to the Department, on or before April 1 for administration and enforcement under this Act by the Department of Revenue beginning on the following July 1 and on or before October 1 for administration and enforcement under this Act by the Department of Revenue beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a STAR bond district or any address change, addition, or deletion until the political subdivision reports the boundary change or address change, addition, or deletion to the Department of Revenue, with a copy to the Department, in the manner prescribed by the Department of Revenue. The political subdivision must provide this boundary change or address change, addition, or deletion information to the Department of Revenue, with a copy to the Department, on or before April 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following January 1. If a retailer is incorrectly included or excluded from the list of those located in the STAR bond district, the Department of Revenue shall be held harmless if it reasonably relied on information provided by the political subdivision.

(j) Any STAR bond project must be approved by the political subdivision within 23 years after the date of the approval of the STAR bond district, provided, however, that any amendments to such STAR bond project may occur following such date.

(k) Any developer of a STAR bond project shall commence work on the STAR bond project within 3 years from the date of adoption of the STAR bond project plan. If the developer fails to commence work on the STAR bond project within the 3-year period, funding for the project shall cease and the developer of the project or complex shall have one year to appeal to the political subdivision for a one-time reapproval of the

project and funding. If the project is reapproved, the 3-year period for commencement shall begin again on the date of the reapproval. If the project is not reapproved or if the developer again fails to commence work on the STAR bond project within the second 3-year period, the project shall be terminated, and the Department may accept applications for a new STAR bond project in the Economic Development Region.

(l) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan and approval of the Office of the Governor pursuant to subsection (d), the political subdivision may authorize the issuance of STAR bonds in one or more series to finance the STAR bond project in accordance with the provisions of this Act.

(m) The maximum maturity of STAR bonds issued to finance a STAR bond project shall not exceed 23 years from the first date of distribution of State sales tax increment from such STAR bond project to the political subdivision unless the political subdivision extends such maturity by resolution up to a maximum of 35 years from such first distribution date. Any such extension shall require the approval of the Office of the Governor, upon the recommendation of the Directors. In no event shall the maximum maturity date for any STAR bonds exceed that date which is 35 years from the first distribution date of the first STAR bonds issued in a STAR bond district.

Section 5-25. Co-developers and sub-developers. Upon approval of a STAR bond project by the political subdivision, the master developer may, subject to the approval of the State and the political subdivision, develop the STAR bond project on its own or it may develop the STAR bond project with another developer, which may include an assignment or transfer of development rights.

(a) A master developer may sell, lease, or otherwise convey its property interest in the STAR bond project area to a co-developer or sub-developer.

(b) A master developer may enter into one or more agreements with a co-developer or sub-developer in connection with a STAR bond project, and the master developer may request that the political subdivision become a party to the project development agreement, or the master developer may request that the political subdivision amend its master development agreement to provide for certain terms and conditions that may be related to the co-developer or sub-developer and the STAR bond project. For any project development agreement to which the political subdivision would be a party or for any amendments to the master development agreement, the terms and conditions must be acceptable to both the master developer and the political subdivision. The Director shall receive a copy of the master development agreement and any amendments.

Section 5-30. STAR bonds; source of payment. Any political subdivision shall have the power to issue STAR bonds in one or more series to finance the undertaking of any STAR bond project in accordance with the provisions of this Act and the Omnibus Bond Acts. STAR bonds may be issued as revenue bonds, alternate bonds, or general obligation bonds as defined in and subject to the procedures provided in the Local Government Debt Reform Act.

(a) STAR bonds may be made payable, both as to principal and interest, from the following revenues, which to the extent pledged by each respective political subdivision or other public entity for such purpose shall constitute pledged STAR revenues:

(1) revenues of the political subdivision derived from or held in connection with the undertaking and carrying out of any STAR bond project or projects under this Act;

(2) available private funds and contributions, grants, tax credits, or other financial assistance from the State or federal government;

(3) STAR bond occupation taxes created pursuant to Section 5-31 and designated as pledged STAR revenues by the political subdivision;

(4) all of the local sales tax increment of a municipality, county, or other unit of local government;

(5) any special service area taxes collected within the STAR bond district under the Special Service Area Tax Act, may be used for the purposes of funding project costs or paying debt service on STAR bonds in addition to the purposes contained in the special service area plan;

(6) all of the State sales tax increment;

(7) any other revenues appropriated by the political subdivision; and

(8) any combination of these methods.

(b) The political subdivision may pledge the pledged STAR revenues to the repayment of STAR bonds prior to, simultaneously with, or subsequent to the issuance of the STAR bonds.

(c) Bonds issued as revenue bonds shall not be general obligations of the political subdivision, nor in any event shall they give rise to a charge against its general credit or taxing powers, or be payable out of any funds or properties other than those set forth in subsection (a) and the bonds shall so state on their face.

(d) For each STAR bond project financed with STAR bonds payable from the pledged STAR revenues, the political subdivision shall prepare and submit to the Department, the Department of Revenue, the Office of the Governor, and the Governor's Office of Management and Budget by June 1 of each year a report describing the status of the STAR bond project, any expenditures of the proceeds of STAR bonds that have occurred for the preceding calendar year, and any expenditures of the proceeds of the bonds expected to occur in the future, including the amount of pledged STAR revenue, the amount of revenue that has been spent, the projected amount of the revenue, and the anticipated use of the revenue. Each annual report shall be accompanied by an affidavit of the master developer certifying the contents of the report as true to the best of the master developer's knowledge. The Department shall have the right, but not the obligation, to request the Auditor General to review the annual report and the political subdivision's records containing the source information for the report for the purpose of verifying the report's contents. If the Auditor General declines the request for review, the Department shall have the right to select an independent third-party auditor to conduct an audit of the annual report and the political subdivision's records containing the source information for the report. The reasonable cost of the audit shall be paid by the master developer. The master development agreement shall grant the Department and the Auditor General the right to review the records of the political subdivision containing the source information for the report.

(e) As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the STAR Bonds Revenue Fund the State sales tax increment for the second preceding month, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department of Revenue, subject to appropriation, to cover the costs of the Department of Revenue in administering the Statewide Innovation Development and Economy Act. As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the Local Government Tax Fund to the STAR Bonds Revenue Fund the local sales tax increment for the second preceding month, as provided in Section 62-18 of the State Finance Act and from the County and Mass Transit District Fund to the STAR Bonds Revenue Fund the local sales tax increment for the second preceding month, as provided in Section 62-20 of the State Finance Act. On or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the disbursement of stated sums of money out of the STAR Bonds Revenue Fund to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department of Revenue during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount of the State sales tax increment and the local sales tax increment (not including credit memoranda or the amount transferred into the Tax Compliance and Administration Fund) collected during the second preceding calendar month by the Department of Revenue from retailers and servicepersons on transactions at places of business located within a STAR bond district in that municipality or county, plus an amount the Department of Revenue determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department of Revenue, and not including any amount which the Department of Revenue determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department of Revenue, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. When certifying the amount of monthly disbursement to a municipality or county under this subsection, the Department of Revenue shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

(f) The corporate authorities of the political subdivision shall deposit the proceeds for the STAR Bonds Revenue Fund into a special fund of the political subdivision called the "[Name of political subdivision] STAR Bond District Revenue Fund" for the purpose of paying or reimbursing STAR bond project costs and obligations incurred in the payment of those costs. If the political subdivision fails to issue STAR bonds within 180 days after the first distribution to the political subdivision from the STAR Bonds

Revenue Fund, the Department of Revenue shall cease distribution of the State sales tax increment to the political subdivision, shall transfer any State sales tax increment in the STAR Bonds Revenue Fund to the General Revenue Fund, and shall cease deposits of State sales tax increment amounts into the STAR Bonds Revenue Fund. The political subdivision shall repay all of the State sales tax increment distributed to the political subdivision to date, which amounts shall be deposited into the General Revenue Fund. If not repaid within 90 days after notice from the State, the Department of Revenue shall withhold distributions to the political subdivision from the Local Government Tax Fund until the excess amount is repaid, which withheld amounts shall be transferred to the General Revenue Fund. At such time as the political subdivision notifies the Department of Revenue in writing that it has issued STAR Bonds in accordance with this Act and provides the Department with a copy of the political subdivision's official statement, bond purchase agreements, indenture, or other evidence of bond sale, the Department of Revenue shall resume deposits of the State sales tax increment into the STAR Bonds Revenue Fund and distribution of the State sales tax increment to the political subdivision in accordance with this Section.

(g) If at any time after the seventh anniversary of the date of distribution of State sales tax increment from a STAR bond project the Auditor General determines that the percentage of the aggregate proceeds of STAR bonds issued to date that is derived from the State sales tax increment has exceeded 50% of the total development costs of that STAR Bonds project, no additional STAR bonds may be issued for that STAR Bonds project until that percentage is reduced to 50% or below. When the percentage has been reduced to 50% or below, the master developer shall have the right, at its own cost, to obtain a new audit prepared by an independent third-party auditor verifying compliance and shall provide such audit to the Auditor General for review and approval. Upon the Auditor General's determination from the audit that the percentage has been reduced to 50% or below, STAR bonds may again be issued for the STAR bond project.

(h) Notwithstanding the provisions of the Tax Increment Allocation Redevelopment Act, if any portion of property taxes attributable to the increase in equalized assessed value within a STAR bond district are, at the time of formation of the STAR bond district, already subject to tax increment financing under the Tax Increment Allocation Redevelopment Act, then the tax increment for such portion shall be frozen at the base year established in accordance with this Act, and all future incremental increases over the base year shall not be subject to tax increment financing under the Tax Increment Allocation Redevelopment Act. Any party otherwise entitled to receipt of incremental tax revenues through an existing tax increment financing district shall be entitled to continue to receive such revenues up to the amount frozen in the base year. Nothing in this Act shall affect the prior qualification of existing redevelopment project costs incurred that are eligible for reimbursement under the Tax Increment Allocation Redevelopment Act. In such event, prior to approving a STAR bond district, the political subdivision forming the STAR bond district shall take such action as is necessary, including amending the existing tax increment financing district redevelopment plan, to carry out the provisions of this Act.

Section 5-31. STAR bond occupation taxes.

(a) If the corporate authorities of a political subdivision have established a STAR bond district and have elected to impose a tax by ordinance pursuant to subsection (b) or (c) of this Section, each year after the date of the adoption of the ordinance and until all STAR bond project costs and all political subdivision obligations financing the STAR bond project costs, if any, have been paid in accordance with the STAR bond project plans, but in no event longer than the maximum maturity date of the last of the STAR bonds issued for projects in the STAR bond district, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the political subdivision imposing the tax. The corporate authorities of the political subdivision shall deposit the proceeds of the taxes imposed under subsections (b) and (c) into either (i) a special fund held by the corporate authorities of the political subdivision called the STAR Bonds Tax Allocation Fund for the purpose of paying STAR bond project costs and obligations incurred in the payment of those costs if such taxes are designated as pledged STAR revenues by resolution or ordinance of the political subdivision or (ii) the political subdivision's general corporate fund if such taxes are not designated as pledged STAR revenues by resolution or ordinance.

The tax imposed under this Section by a municipality may be imposed only on the portion of a STAR bond district that is within the boundaries of the municipality. For any part of a STAR bond district that lies outside of the boundaries of that municipality, the municipality in which the other part of the STAR bond

district lies (or the county, in cases where a portion of the STAR bond district lies in the unincorporated area of a county) is authorized to impose the tax under this Section on that part of the STAR bond district.

(b) The corporate authorities of a political subdivision that has established a STAR bond district under this Act may, by ordinance or resolution, impose a STAR Bond Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the STAR bond district at a rate not to exceed 1% of the gross receipts from the sales made in the course of that business, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. The tax may not be imposed on aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the political subdivision.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department of Revenue to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department of Revenue under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department of Revenue and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a STAR Bond Service Occupation Tax shall also be imposed upon all persons engaged, in the STAR bond district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the STAR bond district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the STAR bond district, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act. The tax may not be imposed on aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the political subdivision.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department of Revenue under that ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department of Revenue and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the STAR bond district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the political

subdivision), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the political subdivision), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

If a tax is imposed under this subsection (c), a tax shall also be imposed under subsection (b) of this Section.

(d) Persons subject to any tax imposed under this Section may reimburse themselves for their seller's tax liability under this Section by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department of Revenue determines that a refund should be made under this Section to a claimant the Department of Revenue shall not issue a credit memorandum. The Department of Revenue shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department of Revenue. The refund shall be paid by the State Treasurer out of the STAR Bond Retailers' Occupation Tax Fund.

Except as otherwise provided in this paragraph, the Department of Revenue shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this Section for deposit into the STAR Bond Retailers' Occupation Tax Fund. On or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the disbursement of stated sums of money to named political subdivisions from the STAR Bond Retailers' Occupation Tax Fund, the political subdivisions to be those from which retailers have paid taxes or penalties under this Section to the Department of Revenue during the second preceding calendar month. The amount to be paid to each political subdivision shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department of Revenue plus an amount the Department of Revenue determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department of Revenue, less 3% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department of Revenue, subject to appropriation, to cover the costs of the Department of Revenue in administering and enforcing the provisions of this Section, on behalf of such political subdivision, and not including any amount that the Department of Revenue determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the political subdivision. Within 10 days after receipt by the Comptroller of the disbursement certification to the political subdivisions provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to political subdivisions under this Section shall be deposited into either (i) the STAR Bonds Tax Allocation Fund by the political subdivision if the political subdivision has designated them as pledged STAR revenues by resolution or ordinance or (ii) the political subdivision's general corporate fund if the political subdivision has not designated them as pledged STAR revenues.

An ordinance or resolution imposing or discontinuing the tax under this Section or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department of Revenue on or before the first day of April, whereupon the Department of Revenue, if all other requirements of this Section are met, shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department of Revenue on or before the first day of October, whereupon, if all other requirements of this Section are met, the Department of Revenue shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this Section until the political subdivision also provides, in the manner prescribed by the Department of Revenue, the boundaries of the STAR bond district and each address in the STAR bond district in such a way that the Department of Revenue can determine by its address whether a business is located in the STAR bond district. The political subdivision must provide this boundary and address information to the Department of Revenue on or before April 1 for administration and enforcement of the tax under this Section by the Department of Revenue beginning on the following July 1 and on or

before October 1 for administration and enforcement of the tax under this Section by the Department of Revenue beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a STAR bond district or any address change, addition, or deletion until the political subdivision reports the boundary change or address change, addition, or deletion to the Department of Revenue in the manner prescribed by the Department of Revenue. The political subdivision must provide this boundary change or address change, addition, or deletion information to the Department of Revenue on or before April 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following January 1. The retailers in the STAR bond district shall be responsible for charging the tax imposed under this Section. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this Section, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the political subdivision.

A political subdivision that imposes the tax under this Section must submit to the Department of Revenue any other information as the Department of Revenue may require that is necessary for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a political subdivision under this Section, the Department of Revenue shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this Section shall be construed to authorize the political subdivision to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(e) When STAR bond project costs, including, without limitation, all political subdivision obligations financing STAR bond project costs, have been paid, any surplus funds then remaining in the STAR Bonds Tax Allocation Fund shall be distributed to the treasurer of the political subdivision for deposit into the political subdivision's general corporate fund. Upon payment of all STAR bond project costs and retirement of obligations, but in no event later than the maximum maturity date of the last of the STAR bonds issued in the STAR bond district, the political subdivision shall adopt an ordinance immediately rescinding the taxes imposed pursuant to this Section and file a certified copy of the ordinance with the Department of Revenue in the form and manner as described in this Section.

Section 5-33. STAR Bonds School Improvement and Operations Trust Fund.

(a) Deposits into the STAR Bonds School Improvement and Operations Trust Fund, established under Section 33 of the Innovation Development and Economy Act, shall be made as provided under this Section. Moneys in the Trust Fund shall be used by the Department of Revenue only for the purpose of making payments to regional superintendents of schools to make distributions to school districts in educational service regions that include the STAR bond district. Moneys in the Trust Fund are not subject to appropriation and shall be used solely as provided in this Section. All deposits into the Trust Fund shall be held in the Trust Fund by the State Treasurer as ex officio custodian separate and apart from all public moneys or funds of this State and shall be distributed by the Department of Revenue exclusively for the purposes set forth in this Section. All moneys in the Trust Fund shall be invested and reinvested by the State Treasurer. All interest accruing from these investments shall be deposited in the Trust Fund.

(b) Upon approval of a STAR bond district, the political subdivision shall immediately transmit to the county clerk of the county in which the district is located a certified copy of the ordinance creating the district, a legal description of the district, a map of the district, identification of the year that the county clerk shall use for determining the total initial equalized assessed value of the district consistent with subsection (c), and a list of the parcel or tax identification number of each parcel of property included in the district.

(c) Upon approval of a STAR bond district, the county clerk immediately thereafter shall determine (i) the most recently ascertained equalized assessed value of each lot, block, tract, or parcel of real property within the STAR bond district, from which shall be deducted the homestead exemptions under Article 15 of the Property Tax Code, which value shall be the initial equalized assessed value of each such piece of property, and (ii) the total equalized assessed value of all taxable real property within the district by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within the district, from which shall be deducted the homestead exemptions under Article 15 of

the Property Tax Code, and shall certify that amount as the total initial equalized assessed value of the taxable real property within the STAR bond district.

(d) In reference to any STAR bond district created within any political subdivision, and in respect to which the county clerk has certified the total initial equalized assessed value of the property in the area, the political subdivision may thereafter request the clerk in writing to adjust the initial equalized value of all taxable real property within the STAR bond district by deducting therefrom the exemptions under Article 15 of the Property Tax Code applicable to each lot, block, tract, or parcel of real property within the STAR bond district. The county clerk shall immediately, after the written request to adjust the total initial equalized value is received, determine the total homestead exemptions in the STAR bond district as provided under Article 15 of the Property Tax Code by adding together the homestead exemptions provided by said Article on each lot, block, tract, or parcel of real property within the STAR bond district and then shall deduct the total of said exemptions from the total initial equalized assessed value. The county clerk shall then promptly certify that amount as the total initial equalized assessed value as adjusted of the taxable real property within the STAR bond district.

(e) The county clerk or other person authorized by law shall compute the tax rates for each taxing district with all or a portion of its equalized assessed value located in the STAR bond district. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the district in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district.

(f) Beginning with the assessment year in which the first development user in the first STAR bond project in a STAR bond district makes its first retail sales and for each assessment year thereafter until final maturity of the last STAR bonds issued in the district, the county clerk or other person authorized by law shall determine the increase in equalized assessed value of all real property within the STAR bond district by subtracting the initial equalized assessed value of all property in the district certified under subsection (c) from the current equalized assessed value of all property in the district. Each year, the property taxes arising from the increase in equalized assessed value in the STAR bond district shall be determined for each taxing district and shall be certified to the county collector.

(g) Beginning with the year in which taxes are collected based on the assessment year in which the first development user in the first STAR bond project in a STAR bond district makes its first retail sales and for each year thereafter until final maturity of the last STAR bonds issued in the district, the county collector shall, within 30 days after receipt of property taxes, transmit to the Department of Revenue to be deposited into the STAR Bonds School Improvement and Operations Trust Fund 15% of property taxes attributable to the increase in equalized assessed value within the STAR bond district from each taxing district as certified in subsection (f).

(h) The Department of Revenue shall pay to the regional superintendent of schools whose educational service region includes a STAR bond district, for each year for which money is remitted to the Department of Revenue and paid into the STAR Bonds School Improvement and Operations Trust Fund, the money in the Fund as provided in this Section. The amount paid to each school district shall be allocated proportionately by the regional superintendent of schools, based on each qualifying school district's fall enrollment for the then-current school year, such that the school district with the largest fall enrollment receives the largest proportionate share of money paid out of the Fund or by any other method or formula that the regional superintendent of schools deems fit, equitable, and in the public interest. The regional superintendent may allocate moneys to school districts that are outside of the regional superintendent's educational service region or to other regional superintendents.

The Department of Revenue shall be held harmless for the distributions made under this Section and all distributions shall be final.

(i) In any year that an assessment appeal is filed, the extension of taxes on any assessment so appealed shall not be delayed. In the case of an assessment that is altered, any taxes extended upon the unauthorized assessment or part thereof shall be abated, or, if already paid, shall be refunded with interest as provided in Section 23-20 of the Property Tax Code. In the case of an assessment appeal, the county collector shall notify the Department of Revenue that an assessment appeal has been filed and the amount of the tax that would have been deposited in the STAR Bonds School Improvement and Operations Trust Fund. The county collector shall hold that amount in a separate fund until the appeal process is final. After the appeal process is finalized, the county collector shall transmit to the Department of Revenue the amount of tax that remains, if any, after all required refunds are made.

(j) In any year that ad valorem taxes are allocated to the STAR Bonds School Improvement and Operations Trust Fund, that allocation shall not reduce or otherwise impact the school aid provided to any

school district under the general State school aid formula provided for in Section 18-8.05 of the School Code or the evidence-based funding formula provided for in Section 18-8.15 of the School Code.

Section 5-35. Alternate bonds and general obligation bonds. A political subdivision shall have the power to issue alternate revenue and other general obligation bonds to finance the undertaking, establishment, or redevelopment of any STAR bond project as provided and pursuant to the procedures set forth in the Local Government Debt Reform Act. A political subdivision shall have the power to issue general obligation bonds to finance the undertaking, establishment, or redevelopment of any STAR bond project on approval by the voters of the political subdivision of a proposition authorizing the issue of such bonds.

The full faith and credit of the State, any department, authority, public corporation or quasi-public corporation of the State, any State college or university, or any other public agency created by the State shall not be pledged for any payment under any obligation authorized by this Act.

Section 5-40. Amendments to STAR bond district. Any addition of real property to a STAR bond district or any substantial change to a STAR bond district plan shall be subject to the same procedure for public notice, hearing, and approval - including approval by the Department and the Office of the Governor - as is required for the establishment of the STAR bond district pursuant to this Act.

(a) The addition or removal of land to or from a STAR bond district shall require the consent of the master developer of the STAR bond district.

(b) Any land that is outside of, but is contiguous to an established STAR bond district and is subsequently owned, leased, or controlled by the master developer shall be added to a STAR bond district at the request of the master developer and by approval of the political subdivision, provided that the land becomes a part of a STAR bond project area.

(c) If a political subdivision has undertaken a STAR bond project within a STAR bond district, and the political subdivision desires to subsequently remove more than a de minimis amount of real property from the STAR bond district, then prior to any removal of property the political subdivision must provide a revised feasibility study showing that the pledged STAR revenues from the resulting STAR bond district within which the STAR bond project is located are estimated to be sufficient to pay the project costs. If the revenue from the resulting STAR bond district is insufficient to pay the project costs, then the property may not be removed from the STAR bond district. Any removal of real property from a STAR bond district shall be approved by a resolution of the corporate authorities of the political subdivision.

Section 5-45. Restrictions. STAR bond districts may lie within an enterprise zone. STAR bond districts may overlay and benefit from existing tax increment financing districts created pursuant to the Tax Increment Allocation Redevelopment Act, but no portion of a STAR bond project shall be financed with tax increment financing under said Act. During any period of time that STAR bonds are outstanding for a STAR bond district, a developer may not use any land located in the STAR bond district for any (i) retail store whose primary business is the sale of automobiles, including trucks and other automotive vehicles with 4 wheels designed for passenger transportation on public streets and thoroughfares or (ii) multi-screen motion picture theater complexes containing more than 12 auditoriums for viewing motion pictures. No STAR bond district may contain more than 900,000 square feet of floor space devoted to traditional retail use, which shall not include space devoted to entertainment venues, hotels, warehouse space, or storage space.

Section 5-50. Reporting taxes. Notwithstanding any other provisions of law to the contrary, the Department of Revenue shall provide a certified report of the State sales tax increment and local sales tax increment from all taxpayers within a STAR bond district to the bond trustee, escrow agent, or paying agent for such bonds upon the written request of the political subdivision on or before the 25th day of each month. Such report shall provide a detailed allocation of State sales tax increment and local sales tax increment from each local sales tax and State sales tax reported to the Department of Revenue.

(a) The bond trustee, escrow agent, or paying agent shall keep such sales and use tax reports and the information contained therein confidential, but may use such information for purposes of allocating and depositing the sales and use tax revenues in connection with the bonds used to finance project costs in such STAR bond district. Except as otherwise provided herein, the sales and use tax reports received by the bond trustee, escrow agent, or paying agent shall be subject to the confidentiality provisions of Section 11 of the Retailers' Occupation Tax Act.

(b) The political subdivision shall determine when the amount of sales tax and other revenues that have been collected and distributed to the bond debt service or reserve fund is sufficient to satisfy all principal and interest costs to the maturity date or dates of any STAR bond issued by a political subdivision to finance a STAR bond project and shall give the Department of Revenue written notice of such determination. The notice shall include a date certain on which deposits into the STAR Bonds Revenue Fund for that STAR bond project shall terminate and shall be provided to the Department of Revenue at least 60 days prior to that date. Thereafter, all sales tax and other revenues shall be collected and distributed in accordance with applicable law.

If the political subdivision fails to give timely notice under this subsection (b), the Department of Revenue, upon discovery of this failure, shall cease distribution of the State sales tax increment to the political subdivision, shall transfer any State sales tax increment in the STAR Bonds Revenue Fund to the General Revenue Fund, and shall cease deposits of State sales tax increment amounts into the STAR Bonds Revenue Fund. Any amount of State sales tax increment distributed to the political subdivision from the STAR Bonds Revenue Fund in excess of the amount sufficient to satisfy all principal and interest costs to the maturity date or dates of any STAR bond issued by the political subdivision to finance a STAR bond project shall be repaid to the Department of Revenue and deposited into the General Revenue Fund. If not repaid within 90 days after notice from the State, the Department of Revenue shall withhold distributions to the political subdivision from the Local Government Tax Fund until the excess amount is repaid, which withheld amounts shall be transferred to the General Revenue Fund.

Section 5-52. Review committee. Upon the seventh anniversary of the first date of distribution of State sales tax increment from the first STAR bond project in the State under this Act, a 7-member STAR bonds review committee shall be formed consisting of one appointee of each of the Director, the Director of the Governor's Office of Management and Budget, the Director of the Department of Revenue, the President of the Senate, the Senate Minority Leader, the Speaker of the House, and the House Minority Leader. The review committee shall evaluate the success of all STAR bond districts then existing in the State and make a determination of the comprehensive economic benefits and detriments of STAR bonds in the State as a whole. In making its determination, the review committee shall examine available data regarding job creation, sales revenues, and capital investment in STAR bond districts; development that has occurred and is planned in areas adjacent to STAR bond districts that will not be directly financed with STAR bonds; effects of market conditions on STAR bond districts and the likelihood of future successes based on improving or declining market conditions; retail sales migration and cannibalization of retail sales due to STAR bond districts; and other relevant economic factors. The review committee shall provide the Director, the Director of the Governor's Office of Management and Budget, the Director of the Department of Revenue, the General Assembly, and the Governor with a written report detailing its findings and shall make a final determination of whether STAR bonds have had, and are likely to continue having, a negative or positive economic impact on the State as a whole. Upon completing and filing its written report, the review committee shall be dissolved.

Section 5-55. Severability. If any provision of this Act or the application thereof to any persons or circumstances is held invalid, such invalidity shall not affect other provisions or application of the Act that can be given effect without the invalid provisions or application and to this end the provisions of this Act are declared to be severable.

Section 5-57. Rules. The Department and the Department of Revenue shall have the authority to adopt such rules as are reasonable and necessary to implement the provisions of this Act. Notwithstanding the foregoing, the Department and the Department of Revenue shall have the authority, prior to adoption and approval of those rules, to consult on and recommend approval of a STAR bond district in accordance with subsection (d) of Section 5-20 and to otherwise administer the Act while those rules are pending adoption and approval.

Section 5-60. Open meetings and freedom of information. All public hearings related to the administration, formation, implementation, development, or construction of a STAR bond district, STAR bond district plan, STAR bond project, or STAR bond project plan, including but not limited to the public hearings required by Sections 5-15, 5-20, and 5-40 of this Act, shall be held in compliance with the Open

Meetings Act. The public hearing records, feasibility study, and other documents that do not otherwise meet a confidentiality exemption shall be subject to disclosure under the Freedom of Information Act.

Section 5-62. Powers of political subdivisions. The provisions of this Act are intended to be supplemental and in addition to all other power or authority granted to political subdivisions, shall be construed liberally, and shall not be construed as a limitation of any power or authority otherwise granted. In addition to the powers a political subdivision may have under other provisions of law, a political subdivision shall have all of the following powers in connection with a STAR bond district:

(a) To make and enter into all contracts necessary or incidental to the implementation and furtherance of a STAR bond district plan.

(b) Within a STAR bond district, to acquire by purchase, donation, or lease, and to own, convey, lease, mortgage, or dispose of land and other real or personal property or rights or interests in property and to grant or acquire licenses, easements, and options with respect to property, all in the manner and at a price the political subdivision determines is reasonably necessary to achieve the objectives of the STAR bond project.

(c) To clear any area within a STAR bond district by demolition or removal of any existing buildings, structures, fixtures, utilities, or improvements and to clear and grade land.

(d) To install, repair, construct, reconstruct, extend or relocate public streets, public utilities, and other public site improvements located both within and outside the boundaries of a STAR bond district that are essential to the preparation of a STAR bond district for use in accordance with a STAR bond district plan.

(e) To renovate, rehabilitate, reconstruct, relocate, repair, or remodel any existing buildings, improvements, and fixtures within a STAR bond district.

(f) To install or construct any public buildings, structures, works, streets, improvements, utilities, or fixtures within a STAR bond district.

(g) To issue STAR bonds as provided in this Act.

(h) Subject to the limitations set forth in the definition of "project costs" in Section 5-10 of this Act, to fix, charge, and collect fees, rents, and charges for the use of any building, facility, or property or any portion of a building, facility, or property owned or leased by the political subdivision in furtherance of a STAR bond project under this Act within a STAR bond district.

(i) To accept grants, guarantees, donations of property or labor, or any other thing of value for use in connection with a STAR bond project.

(j) To pay or cause to be paid STAR bond project costs, including, specifically, to reimburse any developer or nongovernmental person for STAR bond project costs incurred by that person. A political subdivision is not required to obtain any right, title, or interest in any real or personal property in order to pay STAR bond project costs associated with the property. The political subdivision shall adopt accounting procedures necessary to determine that the STAR bond project costs are properly paid.

(k) To exercise any and all other powers necessary to effectuate the purposes of this Act.

Section 5-910. The State Finance Act is amended by changing Sections 6z-18 and 6z-20 as follows:
(30 ILCS 105/6z-18) (from Ch. 127, par. 142z-18)

Sec. 6z-18. Local Government Tax Fund. A portion of the money paid into the Local Government Tax Fund from sales of tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act and the Service Occupation Tax Act, which occurred in municipalities, shall be distributed to each municipality based upon the sales which occurred in that municipality. The remainder shall be distributed to each county based upon the sales which occurred in the unincorporated area of that county.

Moneys transferred from the Grocery Tax Replacement Fund to the Local Government Tax Fund under Section 6z-130 shall be treated under this Section in the same manner as if they had been remitted with the return on which they were reported.

A portion of the money paid into the Local Government Tax Fund from the 6.25% general use tax rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government shall be distributed to municipalities as provided in this paragraph. Each municipality shall receive the amount attributable to sales for which Illinois addresses for titling or registration purposes are given as being in such municipality. The remainder of the money paid into the Local Government Tax Fund from such sales shall be distributed to counties. Each county shall receive the amount attributable to sales for which Illinois addresses for titling or registration purposes are given as being located in the unincorporated area of such county.

A portion of the money paid into the Local Government Tax Fund from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasohol, and beginning on August 6, 2010 through August 15, 2010, and beginning again on August 5, 2022 through August 14, 2022, the 1.25% rate on sales tax holiday items) on sales subject to taxation under the Retailers' Occupation Tax Act and the Service Occupation Tax Act, which occurred in municipalities, shall be distributed to each municipality, based upon the sales which occurred in that municipality. The remainder shall be distributed to each county, based upon the sales which occurred in the unincorporated area of such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Whenever the Department determines that a refund of money paid into the Local Government Tax Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the Local Government Tax Fund.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the Local Government Tax Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the Local Government Tax Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Statewide Innovation Development and Economy Act.

After the monthly ~~transfers~~ ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the Local Government Tax Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of monthly disbursement to a municipality or county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State treasury provided for in this Section shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation, or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the Local Government Tax Fund.

As soon as possible after March 8, 2013 (the effective date of Public Act 98-3), the State Comptroller shall order and the State Treasurer shall transfer \$6,600,000 from the Local Government Tax Fund to the Illinois State Medical Disciplinary Fund.

(30 ILCS 105/6z-20) (from Ch. 127, par. 142z-20)

Sec. 6z-20. County and Mass Transit District Fund. Of the money received from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasoline, and beginning on August 6, 2010 through August 15, 2010, and beginning again on August 5, 2022 through August 14, 2022, the 1.25% rate on sales tax holiday items) on sales subject to taxation under the Retailers' Occupation Tax Act and Service Occupation Tax Act and paid into the County and Mass Transit District Fund, distribution to the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act, for deposit therein shall be made based upon the retail sales occurring in a county having more than 3,000,000 inhabitants. The remainder shall be distributed to each county having 3,000,000 or fewer inhabitants based upon the retail sales occurring in each such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Of the money received from the 6.25% general use tax rate on tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government and paid into the County and Mass Transit District Fund, the amount for which Illinois addresses for titling or registration purposes are given as being in each county having more than 3,000,000 inhabitants shall be distributed into the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act. The remainder of the money paid from such sales shall be distributed to each county based on sales for which Illinois addresses for titling or registration purposes are given as being located in the county. Any money paid into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund prior to January 14, 1991, which has not been paid to the Authority prior to that date, shall be transferred to the Regional Transportation Authority tax fund.

Whenever the Department determines that a refund of money paid into the County and Mass Transit District Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the County and Mass Transit District Fund.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the County and Mass Transit District Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject

to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the County and Mass Transit District Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Statewide Innovation Development and Economy Act.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Regional Transportation Authority and to named counties, the counties to be those entitled to distribution, as hereinabove provided, of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to the Regional Transportation Authority and each county having 3,000,000 or fewer inhabitants shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the County and Mass Transit District Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Regional Transportation Authority or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the amount to be paid to the Regional Transportation Authority, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Regional Transportation Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the Regional Transportation Authority, counties, and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of a monthly disbursement to the Regional Transportation Authority or to a county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section and from the Regional Transportation Authority tax fund created by Section 4.03 of the Regional Transportation Authority Act shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the County and Mass Transit District Fund or Local Government Distributive Fund, as the case may be. Section 5-915. The Counties Code is amended by changing Sections 5-1006, 5-1006.8, 5-1006.9, and 5-1007 as follows:

(55 ILCS 5/5-1006) (from Ch. 34, par. 5-1006)

Sec. 5-1006. Home Rule County Retailers' Occupation Tax Law. Any county that is a home rule unit may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from such sales made in the course of their business. If imposed, this tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at

the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the county does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The county must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless the county also imposes a tax at the same rate pursuant to Section 5-1007.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule County Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a

certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

This Section shall be known and may be cited as the Home Rule County Retailers' Occupation Tax Law.

Sec. 5-1006.8. County Cannabis Retailers' Occupation Tax Law.

(a) This Section may be referred to as the County Cannabis Retailers' Occupation Tax Law. The corporate authorities of any county may, by ordinance, impose a tax upon all persons engaged in the business of selling cannabis, other than cannabis purchased under the Compassionate Use of Medical Cannabis Program Act, at retail in the county on the gross receipts from these sales made in the course of that business. If imposed, the tax shall be imposed only in 0.25% increments. The tax rate may not exceed: (i) 3.75% of the gross receipts of sales made in unincorporated areas of the county; and (ii) 3% of the gross receipts of sales made in a municipality located in the county. The tax imposed under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The Department of Revenue shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this Section. In the administration of and compliance with this Section, the Department of Revenue and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are described in Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2a, 2b, 2c, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6bb, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth in this Section.

(b) Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with any State tax that sellers are required to collect.

(c) Whenever the Department of Revenue determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department of Revenue shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department of Revenue.

(d) Except as otherwise provided in this Section, the Department of Revenue shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Local Cannabis Retailers' Occupation Tax Trust Fund.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

(e) After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the amount of money to be disbursed from the Local Cannabis Retailers' Occupation Tax Trust Fund to counties from which retailers have paid taxes or penalties under this Section during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected under this Section from sales made in the county during the second preceding calendar month, plus an amount the Department of Revenue determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second

preceding calendar month by the Department on behalf of such county, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(f) An ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof that is adopted on or after June 25, 2019 (the effective date of Public Act 101-27) and for which a certified copy is filed with the Department on or before April 1, 2020 shall be administered and enforced by the Department beginning on July 1, 2020. For ordinances filed with the Department after April 1, 2020, an ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

Sec. 5-1006.9. County Grocery Occupation Tax Law.

(a) The corporate authorities of any county may, by ordinance or resolution that takes effect on or after January 1, 2026, impose a tax upon all persons engaged in the business of selling groceries at retail in the county, but outside of any municipality, on the gross receipts from those sales made in the course of that business. If imposed, the tax shall be at the rate of 1% of the gross receipts from these sales.

The tax imposed by a county under this subsection and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this subsection without registering separately with the Department under that ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection.

In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12 and 13 of the Retailers' Occupation Tax Act and all of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the county but outside of a municipality, in the business of

making sales of service, who, as an incident to making those sales of service, transfer groceries, as defined in this Section, as an incident to a sale of service.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under the ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure as are set forth in Sections 2, 2c, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4, 5, 7, 8, 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12, 13, 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section. Those taxes and penalties shall be deposited into the County Grocery Tax Trust Fund, a trust fund created in the State treasury. Except as otherwise provided in this Section, moneys in the County Grocery Tax Trust Fund shall be used to make payments to counties and for the payment of refunds under this Section.

Moneys deposited into the County Grocery Tax Trust Fund under this Section are not subject to appropriation and shall be used as provided in this Section. All deposits into the County Grocery Tax Trust Fund shall be held in the County Grocery Tax Trust Fund by the State Treasurer, ex officio, as trustee separate and apart from all public moneys or funds of this State.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Grocery Tax Trust Fund.

(d) As soon as possible after the first day of each month, upon certification of the Department, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, if any, as defined in the Innovation Development and Economy Act, collected under this Section.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, if any, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which retailers have paid taxes or penalties under this Section to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to

the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the amounts in accordance with the directions contained in the certification.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(f) Except as otherwise provided in this subsection, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing, or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(h) As used in this Section, "Department" means the Department of Revenue.

For purposes of the tax authorized to be imposed under subsection (a), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 2-10 of the Retailers' Occupation Tax Act.

For purposes of the tax authorized to be imposed under subsection (b), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 3-10 of the Service Occupation Tax Act.

For purposes of the tax authorized to be imposed under subsection (b), "groceries" also means food prepared for immediate consumption and transferred incident to a sale of service subject to the Service Occupation Tax Act or the Service Use Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act.

(i) This Section may be referred to as the County Grocery Occupation Tax Law.

(55 ILCS 5/5-1007) (from Ch. 34, par. 5-1007)

Sec. 5-1007. Home Rule County Service Occupation Tax Law. The corporate authorities of a home rule county may impose a tax upon all persons engaged, in such county, in the business of making sales of service at the same rate of tax imposed pursuant to Section 5-1006 of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. If imposed, such tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the county does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The county must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 62-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution. The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department

of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing county), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this county tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing county), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless such county also imposes a tax at the same rate pursuant to Section 5-1006.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule County Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated

sums of money to named counties, the counties to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in each year to each county which received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

This Section shall be known and may be cited as the Home Rule County Service Occupation Tax Law. (Source: P.A. 102-700, eff. 4-19-22; 103-592, eff. 1-1-25.)

(65 ILCS 5/8-11-1) (from Ch. 24, par. 8-11-1)

Sec. 8-11-1. Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the municipality on the gross receipts from these sales made in the course of such business. If imposed, the tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution. The tax imposed by a home rule municipality under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-5 of this Act.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay

moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than \$500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. Within 10 days after January 14, 1991, participating municipalities shall notify the Department in writing of their intent to participate. In addition, for the initial distribution, participating municipalities shall certify to the Department the amounts collected by the municipality for each month under its home rule occupation and service occupation tax during the period July 1, 1989 through June 30, 1990. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. The monthly average for the period of July 1, 1990 through June 30, 1991 will be determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing. However, a municipality located in a county with a population in excess of 3,000,000 that elected to become a home rule unit at the general primary election in 1994 may adopt an ordinance or resolution imposing the tax under this Section and file a certified copy of the ordinance or resolution with the Department on or before July 1, 1994. The Department shall then proceed to administer and enforce this Section as of October 1, 1994. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Any unobligated balance remaining in the Municipal Retailers' Occupation Tax Fund on December 31, 1989, which fund was abolished by Public Act 85-1135, and all receipts of municipal tax as a result of audits of liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution as provided by this Section prior to the enactment of Public Act 85-1135. All receipts of municipal tax as a result of an assessment not arising from an audit, for liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution before July 1, 1990, as provided by this Section prior to the enactment of Public Act 85-1135; and on and after July 1, 1990, all such receipts shall be distributed as provided in Section 62-18 of the State Finance Act.

As used in this Section, "municipal" and "municipality" means a city, village or incorporated town, including an incorporated town that has superseded a civil township.

This Section shall be known and may be cited as the Home Rule Municipal Retailers' Occupation Tax Act.

Sec. 8-11-1.3. Non-Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose, by ordinance or resolution adopted in the manner described in Section 8-11-1.1, a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property which is titled and registered by an agency of this State's Government, at retail in the municipality. If imposed, the tax shall be imposed on the gross receipts from such sales made in the course of such business. The proceeds of the tax may be used for public infrastructure or for property tax relief or both, as defined in Section 8-11-1.2. If the tax is approved by referendum on or after July 14, 2010 (the effective date of Public Act 96-1057) and before August 5, 2024 (the effective date of Public Act 103-781), the corporate authorities of the non-home rule municipality may, until January 1, 2031, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. If the tax is approved by an ordinance or resolution adopted on or after August 5, 2024 (the effective date of Public Act 103-781), the corporate authorities of the non-home rule municipality may, until January 1, 2031, use the proceeds of the

tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. The tax imposed may not be more than 1% and may be imposed only in 1/4% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit such retailer to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.4 of this Code.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the non-home rule municipal retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Non-Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and

Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

The Department of Revenue shall implement Public Act 91-649 so as to collect the tax on and after January 1, 2002.

As used in this Section, "municipal" and "municipality" mean a city, village, or incorporated town, including an incorporated town which has superseded a civil township.

This Section shall be known and may be cited as the Non-Home Rule Municipal Retailers' Occupation Tax Act.

Sec. 8-11-1.4. Non-Home Rule Municipal Service Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose, by ordinance or resolution adopted in the manner described in Section 8-11-1.1, a tax upon all persons engaged in the municipality in the business of making sales of service. If imposed, the tax shall be imposed on the selling price of all tangible personal property transferred by such servicemen, either in the form of tangible personal property or in the form of real estate, as an incident to a sale of service. The proceeds of the tax may be used for public infrastructure or for property tax relief or both, as defined in Section 8-11-1.2. If the tax is approved by referendum on or after July 14, 2010 (the effective date of Public Act 96-1057) and before August 5, 2024 (the effective date of Public Act 103-781), the corporate authorities of a non-home rule municipality may, until January 1, 2031, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on

public infrastructure or for property tax relief. If the tax is approved by an ordinance or resolution adopted on or after August 5, 2024 (the effective date of Public Act 103-781), the corporate authorities of the non-home rule municipality may, until January 1, 2031, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. The tax imposed may not be more than 1% and may be imposed only in 1/4% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.3 of this Code.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the municipal retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the municipal

retailers' occupation tax fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, the General Revenue Fund, and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

The Department of Revenue shall implement Public Act 91-649 so as to collect the tax on and after January 1, 2002.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

As used in this Section, "municipal" or "municipality" means or refers to a city, village or incorporated town, including an incorporated town which has superseded a civil township.

This Section shall be known and may be cited as the "Non-Home Rule Municipal Service Occupation Tax Act".

Sec. 8-11-1.6. Non-home rule municipal retailers' occupation tax; municipalities between 20,000 and 25,000. The corporate authorities of a non-home rule municipality with a population of more than 20,000 but less than 25,000 that has, prior to January 1, 1987, established a Redevelopment Project Area that has been certified as a State Sales Tax Boundary and has issued bonds or otherwise incurred indebtedness to pay for costs in excess of \$5,000,000, which is secured in part by a tax increment allocation fund, in accordance with the provisions of Division 11-74.4 of this Code may, by passage of an ordinance, impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property that is titled and registered by an agency of this State's Government, at retail in the municipality. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each

municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. If imposed, the tax shall only be imposed in .25% increments of the gross receipts from such sales made in the course of business. Any tax imposed by a municipality under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. An ordinance imposing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this Section without registering separately with the Department under the ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

A tax may not be imposed by a municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.7 of this Act.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant, instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Non-Home Rule Municipal Retailers' Occupation Tax Fund, which is hereby created or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Non-Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

As used in this Section, "municipal" and "municipality" means a city, village, or incorporated town, including an incorporated town that has superseded a civil township.

Sec. 8-11-1.7. Non-home rule municipal service occupation tax; municipalities between 20,000 and 25,000. The corporate authorities of a non-home rule municipality with a population of more than 20,000 but less than 25,000 as determined by the last preceding decennial census that has, prior to January 1, 1987, established a Redevelopment Project Area that has been certified as a State Sales Tax Boundary and has issued bonds or otherwise incurred indebtedness to pay for costs in excess of \$5,000,000, which is secured in part by a tax increment allocation fund, in accordance with the provisions of Division 11-74.4 of this Code may, by passage of an ordinance, impose a tax upon all persons engaged in the municipality in the business of making sales of service. If imposed, the tax shall only be imposed in .25% increments of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For

purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. The tax imposed by a municipality under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. An ordinance imposing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted under this Section without registering separately with the Department under the ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in a manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12, (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Sections 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

A tax may not be imposed by a municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.6 of this Act.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Person subject to any tax imposed under the authority granted in this Section may reimburse themselves for their servicemen's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, under such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. The refund shall be paid by the State Treasurer out of the Non-Home Rule Municipal Retailers' Occupation Tax Fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Non-Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and

Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities, the Tax Compliance and Administration Fund, and the General Revenue Fund, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

(65 ILCS 5/8-11-5) (from Ch. 24, par. 8-11-5)

Sec. 8-11-5. Home Rule Municipal Service Occupation Tax Act. The corporate authorities of a home rule municipality may impose a tax upon all persons engaged, in such municipality, in the business of making sales of service at the same rate of tax imposed pursuant to Section 8-11-1, of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. If imposed, such tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax may not be imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 62-20.2 of the State Finance Act. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution. The tax imposed by a home rule municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to

administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Section 15, 16, 17 (except that credit memoranda issued hereunder may not be used to discharge any State tax liability), 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule municipality pursuant to this Section unless such municipality also imposes a tax at the same rate pursuant to Section 8-11-1 of this Act.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue

Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than \$500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. Within 10 days after January 14, 1991, participating municipalities shall notify the Department in writing of their intent to participate. In addition, for the initial distribution, participating municipalities shall certify to the Department the amounts collected by the municipality for each month under its home rule occupation and service occupation tax during the period July 1, 1989 through June 30, 1990. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. Monthly average for the period of July 1, 1990 through June 30, 1991 will be determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. The Department shall then proceed to administer and enforce this Section as of October 1, 1994. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

Any unobligated balance remaining in the Municipal Retailers' Occupation Tax Fund on December 31, 1989, which fund was abolished by Public Act 85-1135, and all receipts of municipal tax as a result of audits of liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund, for distribution as provided by this Section prior to the enactment of Public Act 85-1135. All receipts of

municipal tax as a result of an assessment not arising from an audit, for liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution before July 1, 1990, as provided by this Section prior to the enactment of Public Act 85-1135, and on and after July 1, 1990, all such receipts shall be distributed as provided in Section 6z-18 of the State Finance Act.

Sec. 8-11-23. Municipal Cannabis Retailers' Occupation Tax Law.

(a) This Section may be referred to as the Municipal Cannabis Retailers' Occupation Tax Law. The corporate authorities of any municipality may, by ordinance, impose a tax upon all persons engaged in the business of selling cannabis, other than cannabis purchased under the Compassionate Use of Medical Cannabis Program Act, at retail in the municipality on the gross receipts from these sales made in the course of that business. If imposed, the tax may not exceed 3% of the gross receipts from these sales and shall only be imposed in 1/4% increments. The tax imposed under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The Department of Revenue shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this Section. (b) Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with any State tax that sellers are required to collect.

(c) Whenever the Department of Revenue determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department of Revenue shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department of Revenue.

(d) Except as otherwise provided in this Section, the ~~The~~ Department of Revenue shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Local Cannabis Retailers' Occupation Tax Trust Fund.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

(e) After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the amount of money to be disbursed from the Local Cannabis Retailers' Occupation Tax Trust Fund to municipalities from which retailers have paid taxes or penalties under this Section during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this Section from sales made in the municipality during the second preceding calendar month, plus an amount the Department of Revenue determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any

amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(f) An ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof that is adopted on or after June 25, 2019 (the effective date of Public Act 101-27) and for which a certified copy is filed with the Department on or before April 1, 2020 shall be administered and enforced by the Department beginning on July 1, 2020. Sec. 8-11-24. Municipal Grocery Occupation Tax Law.

(a) The corporate authorities of any municipality may, by ordinance or resolution that takes effect on or after January 1, 2026, impose a tax upon all persons engaged in the business of selling groceries at retail in the municipality on the gross receipts from those sales made in the course of that business. If imposed, the tax shall be at the rate of 1% of the gross receipts from these sales.

The tax imposed by a municipality under this subsection and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this subsection without registering separately with the Department under that ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection.

In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12 and 13 of the Retailers' Occupation Tax Act and all of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the municipality, in the business of making sales of service, who, as an incident to making those sales of service, transfer groceries, as defined in this Section, as an incident to a sale of service.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted

pursuant to this subsection without registering separately with the Department under the ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure as are set forth in Sections 2, 2c, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4, 5, 7, 8, 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12, 13, 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section. Those taxes and penalties shall be deposited into the Municipal Grocery Tax Trust Fund, a trust fund created in the State treasury. Except as otherwise provided in this Section, moneys in the Municipal Grocery Tax Trust Fund shall be used to make payments to municipalities and for the payment of refunds under this Section.

Moneys deposited into the Municipal Grocery Tax Trust Fund under this Section are not subject to appropriation and shall be used as provided in this Section. All deposits into the Municipal Grocery Tax Trust Fund shall be held in the Municipal Grocery Tax Trust Fund by the State Treasurer, ex officio, as trustee separate and apart from all public moneys or funds of this State.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Municipal Grocery Tax Trust Fund.

(d) As soon as possible after the first day of each month, upon certification of the Department, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, if any, as defined in the Innovation Development and Economy Act, collected under this Section.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ transfer to the STAR Bonds Revenue Fund, if any, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties under this Section to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the amounts in accordance with the directions contained in the certification.

(e) Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(f) Except as otherwise provided in this subsection, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(h) As used in this Section, "Department" means the Department of Revenue.

For purposes of the tax authorized to be imposed under subsection (a), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 2-10 of the Retailers' Occupation Tax Act.

For purposes of the tax authorized to be imposed under subsection (b), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 3-10 of the Service Occupation Tax Act. For purposes of the tax authorized to be imposed under subsection (b), "groceries" also means food prepared for immediate consumption and transferred incident to a sale of service subject to the Service Occupation Tax Act or the Service Use Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act.

Sec. 11-74.3-6. Business district revenue and obligations; business district tax allocation fund.

(a) If the corporate authorities of a municipality have approved a business district plan, have designated a business district, and have elected to impose a tax by ordinance pursuant to subsection (10) or (11) of Section 11-74.3-3, then each year after the date of the approval of the ordinance but terminating upon the date all business district project costs and all obligations paying or reimbursing business district project costs, if any, have been paid, but in no event later than the dissolution date, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the municipality imposing the tax and all amounts generated by the hotel operators' occupation tax shall be collected and the tax shall be enforced by the municipality in the same manner as all hotel operators' occupation taxes imposed in the municipality imposing the tax. The corporate authorities of the municipality shall deposit the proceeds of the taxes imposed under subsections (10) and (11) of Section 11-74.3-3 into a special fund of the municipality called the "[Name of] Business District Tax Allocation Fund" for the purpose of paying or reimbursing business district project costs and obligations incurred in the payment of those costs.

(b) The corporate authorities of a municipality that has designated a business district under this Law may, by ordinance, impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the business district at a rate not to exceed 1% of the gross receipts from the sales made in the course of such business, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the rate of 1% under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales

of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfers transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which retailers have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall

be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected under this subsection during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, less 2% of that amount (except the amount collected on aviation fuel sold on or after December 1, 2019), which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other requirements of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district and each address in the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary and address information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district or address change, addition, or deletion until the municipality reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information or address change, addition, or deletion to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a municipality under this subsection, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a Business District Service Occupation Tax shall also be imposed upon all persons engaged, in the business district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the business district, either in the form of tangible personal property or in the form of real estate as an incident

to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the business district, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the business district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the municipality), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and

Economy Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected under this subsection during the second preceding calendar month by the Department, less 2% of that amount (except the amount collected on aviation fuel sold on or after December 1, 2019), which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other conditions of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary and address information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district or address change, addition, or deletion until the municipality reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information or address change, addition, or deletion to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

If a tax is imposed under this subsection (c), a tax shall also be imposed under subsection (b) of this Section.

(c-5) If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

(d) By ordinance, a municipality that has designated a business district under this Law may impose an occupation tax upon all persons engaged in the business district in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate not to exceed 1% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the business district, to be imposed only in 0.25% increments, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in the Hotel Operators' Occupation Tax Act, and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act.

The tax imposed by the municipality under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the municipality imposing the tax. The municipality shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the municipality and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are employed with respect to a tax adopted by the municipality under Section 8-3-14 of this Code.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, and with any other tax.

Nothing in this subsection shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

The proceeds of the tax imposed under this subsection shall be deposited into the Business District Tax Allocation Fund.

(e) Obligations secured by the Business District Tax Allocation Fund may be issued to provide for the payment or reimbursement of business district project costs. Those obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of those obligations by the receipts of taxes imposed pursuant to subsections (10) and (11) of Section 11-74.3-3 and by other revenue designated or pledged by the municipality. A municipality may in the ordinance pledge, for any period of time up to and including the dissolution date, all or any part of the funds in and to be deposited in the Business District Tax Allocation Fund to the payment of business district project costs and obligations. Whenever a municipality pledges all of the funds to the credit of a business district tax allocation fund to secure obligations issued or to be issued to pay or reimburse business district project costs, the municipality may specifically provide that funds remaining to the credit of such business district tax allocation fund after the payment of such obligations shall be accounted for annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be expended by the municipality for any business district project cost as approved in the business district plan. Whenever a municipality pledges less than all of the monies to the credit of a business district tax allocation fund to secure obligations issued or to be issued to pay or reimburse business district project costs, the municipality shall provide that monies to the credit of the business district tax allocation fund and not subject to such pledge or otherwise encumbered or required for payment of contractual obligations for specific business district project costs shall be calculated annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be expended by the municipality for any business district project cost as approved in the business district plan.

No obligation issued pursuant to this Law and secured by a pledge of all or any portion of any revenues received or to be received by the municipality from the imposition of taxes pursuant to subsection (10) of Section 11-74.3-3, shall be deemed to constitute an economic incentive agreement under Section

8-11-20, notwithstanding the fact that such pledge provides for the sharing, rebate, or payment of retailers' occupation taxes or service occupation taxes imposed pursuant to subsection (10) of Section 11-74.3-3 and received or to be received by the municipality from the development or redevelopment of properties in the business district.

Without limiting the foregoing in this Section, the municipality may further secure obligations secured by the business district tax allocation fund with a pledge, for a period not greater than the term of the obligations and in any case not longer than the dissolution date, of any part or any combination of the following: (i) net revenues of all or part of any business district project; (ii) taxes levied or imposed by the municipality on any or all property in the municipality, including, specifically, taxes levied or imposed by the municipality in a special service area pursuant to the Special Service Area Tax Law; (iii) the full faith and credit of the municipality; (iv) a mortgage on part or all of the business district project; or (v) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series, bear such date or dates, become due at such time or times as therein provided, but in any case not later than (i) 20 years after the date of issue or (ii) the dissolution date, whichever is earlier, bear interest payable at such intervals and at such rate or rates as set forth therein, except as may be limited by applicable law, which rate or rates may be fixed or variable, be in such denominations, be in such form, either coupon, registered, or book-entry, carry such conversion, registration and exchange privileges, be subject to defeasance upon such terms, have such rank or priority, be executed in such manner, be payable in such medium or payment at such place or places within or without the State, make provision for a corporate trustee within or without the State with respect to such obligations, prescribe the rights, powers, and duties thereof to be exercised for the benefit of the municipality and the benefit of the owners of such obligations, provide for the holding in trust, investment, and use of moneys, funds, and accounts held under an ordinance, provide for assignment of and direct payment of the moneys to pay such obligations or to be deposited into such funds or accounts directly to such trustee, be subject to such terms of redemption with or without premium, and be sold at such price, all as the corporate authorities shall determine. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Law except as provided in this Section.

In the event the municipality authorizes the issuance of obligations pursuant to the authority of this Law secured by the full faith and credit of the municipality, or pledges ad valorem taxes pursuant to this subsection, which obligations are other than obligations which may be issued under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which ad valorem taxes are other than ad valorem taxes which may be pledged under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which are levied in a special service area pursuant to the Special Service Area Tax Law, the ordinance authorizing the issuance of those obligations or pledging those taxes shall be published within 10 days after the ordinance has been adopted, in a newspaper having a general circulation within the municipality. The publication of the ordinance shall be accompanied by a notice of (i) the specific number of voters required to sign a petition requesting the question of the issuance of the obligations or pledging such ad valorem taxes to be submitted to the electors; (ii) the time within which the petition must be filed; and (iii) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 21 days after the publication of the ordinance, the ordinance shall be in effect. However, if within that 21-day period a petition is filed with the municipal clerk, signed by electors numbering not less than 15% of the number of electors voting for the mayor or president at the last general municipal election, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying or reimbursing business district project costs, or of pledging such ad valorem taxes for the payment of those obligations, or both, be submitted to the electors of the municipality, the municipality shall not be authorized to issue obligations of the municipality using the full faith and credit of the municipality as security or pledging such ad valorem taxes for the payment of those obligations, or both, until the proposition has been submitted to and approved by a majority of the voters voting on the proposition at a regularly scheduled election. The municipality shall certify the proposition to the proper election authorities for submission in accordance with the general election law.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Law, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Law secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of those monies available to the county clerk.

A certified copy of the ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the business district tax allocation fund.

A municipality may also issue its obligations to refund, in whole or in part, obligations theretofore issued by the municipality under the authority of this Law, whether at or prior to maturity. However, the last maturity of the refunding obligations shall not be expressed to mature later than the dissolution date.

In the event a municipality issues obligations under home rule powers or other legislative authority, the proceeds of which are pledged to pay or reimburse business district project costs, the municipality may, if it has followed the procedures in conformance with this Law, retire those obligations from funds in the business district tax allocation fund in amounts and in such manner as if those obligations had been issued pursuant to the provisions of this Law.

No obligations issued pursuant to this Law shall be regarded as indebtedness of the municipality issuing those obligations or any other taxing district for the purpose of any limitation imposed by law.

Obligations issued pursuant to this Law shall not be subject to the provisions of the Bond Authorization Act.

(f) When business district project costs, including, without limitation, all obligations paying or reimbursing business district project costs have been paid, any surplus funds then remaining in the Business District Tax Allocation Fund shall be distributed to the municipal treasurer for deposit into the general corporate fund of the municipality. Upon payment of all business district project costs and retirement of all obligations paying or reimbursing business district project costs, but in no event more than 23 years after the date of adoption of the ordinance imposing taxes pursuant to subsection (10) or (11) of Section 11-74.3-3, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to subsection (10) or (11) of Section 11-74.3-3.

Section 5-925. The Metro-East Park and Recreation District Act is amended by changing Section 30 as follows:

(70 ILCS 1605/30)

Sec. 30. Taxes.

(a) The board shall impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the District on the gross receipts from the sales made in the course of business. This tax shall be imposed only at the rate of one-tenth of one per cent.

This additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. The board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District. The tax imposed by the Board under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights

to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund or the Local Government Aviation Trust Fund, as appropriate.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District as an incident to a sale of service. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019 and through December 31, 2020, this tax may not be imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. The board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the District), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the District), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), Sections 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this subsection shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(b-5) If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

(c) Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the State Metro-East Park and Recreation District Fund, which shall be an unappropriated trust fund held outside of the State treasury. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the Statewide Innovation Development and Economy Act.

After the monthly ~~transfers~~ ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money pursuant to Section 35 of this Act to the District from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to the District shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the District and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

(d) For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) An ordinance imposing a tax under this Section or an ordinance extending the imposition of a tax to an additional county or counties shall be certified by the board and filed with the Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to the District under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Section 5-930. The Local Mass Transit District Act is amended by changing Section 5.01 as follows:
(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. Except as otherwise provided, all taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district, except that the rate of tax imposed under this Section on sales of aviation fuel on or after December 1, 2019 shall be 0.25% in Madison County unless the Metro-East Mass Transit District in Madison County has an "airport-related purpose" and any additional amount authorized under subsection (d-5) is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from any additional amount authorized under subsection (d-5). The rate in St. Clair County shall be 0.25% unless the Metro-East Mass Transit District in St. Clair County has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel imposed in that County is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax.

The Board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges,

immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section or the Local Government Aviation Trust Fund, as appropriate.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district, except that the rate of tax imposed in these Counties under this Section on sales of aviation fuel on or after December 1, 2019 shall be 0.25% in Madison County unless the Metro-East Mass Transit District in Madison County has an "airport-related purpose" and any additional amount authorized under subsection (d-5) is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from any additional amount authorized under subsection (d-5). The rate in St. Clair County shall be 0.25% unless the Metro-East Mass Transit District in St. Clair County has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax.

The Board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall

have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause

the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section.

(d-1) If, on January 1, 2025, a unit of local government has in effect a tax under subsections (b), (c), and (d) or if, after January 1, 2025, a unit of local government imposes a tax under subsections (b), (c), and (d), then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next election, in accordance with the general election law.

The proposition shall be in substantially the following form:

(B) Two thousand five hundred electors of any Metro East Mass Transit District may petition the Chief Judge of the Circuit Court, or any judge of that Circuit designated by the Chief Judge, in which that District is located to cause to be submitted to a vote of the electors the question whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%.

Upon submission of such petition the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency thereof. Notice of the filing of such petition and of such date shall be given in writing to the District and the County Clerk at least 7 days before the date of such hearing.

If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

.....

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing, or on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(D) If the voters have approved a referendum under this subsection, before November 1, 1994, to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance at any time before January 1, 1995 that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase must be filed with the Department at least 15 days before its effective date. At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's

government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. Beginning January 1, 1996, the Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government. After July 1, 2004, if the voters have approved a referendum under this subsection to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase shall be adopted, and a certified copy of that ordinance shall be filed with the Department on or before October 1, whereupon the Department shall administer and enforce this exclusion from the rate increase as of the following January 1, or on or before April 1, whereupon the Department shall administer and enforce this exclusion from the rate increase as of the following July 1. The Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed \$20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. Beginning July 1, 2004, the fee shall apply only to titled property that is subject to either the Metro East Mass Transit District Retailers' Occupation Tax or the Metro East Mass Transit District Service Occupation Tax. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

No retailers' discount shall apply to any fee imposed under subsection (d-6).

(d-9) (Blank).

(d-10) (Blank).

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. (h) Except as provided in subsection (d-7.1), the State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the District. The taxes shall be held in a trust fund outside the State Treasury. If an airport-related purpose has been certified, taxes and penalties collected in St. Clair County on aviation fuel sold on or after December 1, 2019 from the 0.50% of the 0.75% rate shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The Department shall make this certification only if the local mass transit district imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the local mass transit district imposes a tax on real property as provided in the definition of "local sales taxes" under the Statewide Innovation Development and Economy Act.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the District, which shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 that are deposited into the Local Government Aviation Trust Fund) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including any amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, and less any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the District and the Tax Compliance and Administration Fund, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the direction in the certification.

Section 10-1. Short title. This Act may be cited as the Advancing Innovative Manufacturing for Illinois Tax Credit Act. References in this Article to "this Act" mean this Article.

[May 31, 2025]

Section 10-5. Purpose. The General Assembly intends that Illinois should lead the nation in manufacturing domestically and internationally demanded goods. Through the support of manufacturers existing within Illinois and those seeking to relocate to Illinois, this Act is intended to spur innovation in growth industries and fast-growing sectors, including: automotive manufacturing; aerospace manufacturing; energy and life sciences; machine manufacturing; fabricated metal manufacturing; chemical manufacturing; robotics; and the production of advanced materials. This Act is intended to create good-paying jobs, generate long-term economic investment in the Illinois business economy, and ensure that vital products are made in the United States. Illinois must aggressively adopt new business development investment tools so that Illinois can compete with domestic and foreign competitors.

Section 10-10. Definitions. In this Act:

"Advanced manufacturing" means the practice of using innovative technologies and methods to improve a company's ability to be competitive in the manufacturing sector by optimizing all aspects of the value chain, from concept to end-of-life considerations. "Advanced manufacturing" includes, but is not limited to, advanced manufacturing practices adopted by the following industries: clean energy ecosystem businesses; life science businesses; food manufacturing; automotive and aerospace manufacturing; machinery manufacturing; fabricated metal manufacturing; chemical manufacturing; robotics; and advanced materials manufacturing, including nanomaterial manufacturing.

"Advancing Innovative Manufacturing for Illinois Tax Credit" or "Credit" means a credit agreed to between the Department and the applicant under this Act that is based on capital improvements made to a new or existing facility for the purpose of modernizing, upgrading, automating, or streamlining a manufacturing or production process.

For the purposes of this definition, a business primarily engages in research and development if at least 50% of its business activities involve research and development in the manufacturing of critically needed goods.

"Applicant" does not include a taxpayer that closes or substantially reduces, by more than 50%, operations at one location in the State and relocates substantially the same operation to another location in the State. This exclusion does not prohibit a taxpayer from expanding its operations at another location in the State. This exclusion also does not prohibit a taxpayer from moving its operations from one location in the State to another location in the State for the purpose of expanding the operation of the business if the Department determines that expansion cannot reasonably be accommodated within the municipality or county in which the business is located, or, in the case of a business located in an incorporated area of the county, within the county in which the business is located.

"Capital improvement" means (i) the purchase, renovation, rehabilitation, or construction of permanent tangible land, buildings, structures, equipment, and furnishings at an approved project site in Illinois and (ii) expenditures for goods or services that are normally capitalized, including organizational costs and research and development costs incurred in Illinois. For land, buildings, structures, and equipment that are leased, the term of the lease must equal or exceed the term of the agreement, and the cost of the property shall be determined from the present value, using the corporate interest rate prevailing at the time of the application, of the lease payments.

"Department" means the Department of Commerce and Economic Opportunity.

"Director" means the Director of Commerce and Economic Opportunity.

"Full-time employee" means an individual who is employed for consideration for at least 35 hours each week or who renders any other standard of service generally accepted by industry custom or practice as full-time employment. (3) A corporation, and any party related to the corporation in a manner that would require an attribution of stock from the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the taxpayer owns directly, indirectly, beneficially, or constructively at least 50% of the value of the corporation's outstanding stock.

(4) A corporation and any party related to that corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the corporation and all such related parties own in the aggregate at least 50% of the profits, capital, stock, or value of the taxpayer.

(5) A person to or from whom there is an attribution of stock ownership in accordance with Section 1563(e) of the Internal Revenue Code, except, for purposes of determining whether a person is a related member under this paragraph, 20% shall be substituted for 5% wherever 5% appears in Section 1563(e) of the Internal Revenue Code.

"Research and development" means work directed toward the innovation, introduction, and improvement of products and processes in the space of advanced manufacturing.

For purposes of this definition, "directly and substantially related to the project" means that at least two-thirds of the employee's job duties must be directly related to the project and the employee must devote at least two-thirds of his or her time to the project. The term "retained employee" does not include any individual who has a direct or an indirect ownership interest of at least 5% in the profits, equity, capital, or value of the taxpayer or a child, grandchild, parent, or spouse, other than a spouse who is legally separated from the individual, of any individual who has a direct or indirect ownership of at least 5% in the profits, equity, capital, or value of the taxpayer.

administer the program under this Act and to carry out and effectuate the purposes and provisions of this Act, including, but not limited to, the power and authority to:

- (2) establish forms for applications, notifications, contracts, or any other agreements;
- (3) accept applications at any time during the year;
- (4) assist taxpayers pursuant to the provisions of this Act and cooperate with taxpayers that are parties to agreements under this Act to promote, foster, and support economic development, capital investment, and job creation or retention within the State;
- (5) enter into agreements and memoranda of understanding for the participation of, and engage in cooperation with, agencies of the federal government, units of local government, universities, research foundations or institutions, regional economic development corporations, or other organizations to implement the requirements and purposes of this Act;
- (6) gather information and conduct inquiries, in the manner and by the methods it deems desirable, including, without limitation, gathering information with respect to applicants for the purpose of making any designations or certifications necessary or desirable or to gather information to assist the Department with any recommendation or guidance in the furtherance of the purposes of this Act;
- (7) establish, negotiate, and effectuate agreements and any term, agreement, or other document with any person, necessary or appropriate to accomplish the purposes of this Act and to consent, subject to the provisions of any agreement with another party, to the modification or restructuring of any agreement to which the Department is a party;

- (11) require that a taxpayer shall, at all times, keep proper books of record and account in accordance with generally accepted accounting principles; any books, records, or papers related to the agreement shall be kept in the custody or control of the taxpayer and shall be open for reasonable Department inspection and audit, including, without limitation, the making of copies of the books, records, or papers and the inspection or appraisal of any of the taxpayer's or project's assets; and
- (12) take whatever actions are necessary or appropriate to protect the State's interest in the event of bankruptcy, default, foreclosure, or noncompliance with the terms and conditions of financial assistance or participation required under this Act, including the power to sell, dispose, lease, or rent, upon terms and conditions determined by the Director to be appropriate, real or personal property that the Department may receive as a result of these actions.

Section 10-20. Advancing Innovative Manufacturing for Illinois Tax Credit project applications.

(a) The Advancing Innovative Manufacturing for Illinois Tax Credit program is hereby established and shall be administered by the Department. The Program will provide investment tax credit incentives to eligible manufacturers of critically demanded goods.

(b) A taxpayer planning a project to be located in Illinois may request consideration for designation of its project as an Advancing Innovative Manufacturing for Illinois Tax Credit program project by formal written letter of request to the Department. The letter must, at a minimum, identify the company name and project location, detail the scope of the project, and specify the amount of intended capital investment in the

project, the number of new full-time employees at a designated location in Illinois, the number of retained employees at a project location and across Illinois, and any change in the statewide baseline. As circumstances require, the Department shall require a formal application from an applicant.

(c) The Department of Commerce and Economic Opportunity shall review the merits of each letter provided to evaluate the taxpayer's demonstrated commitment to expanding manufacturing within Illinois, the overall positive fiscal impact of the project on the State, the economic soundness of the project, and the benefit of the project to the people of the State through increased, retained, or improved employment opportunities. In the Department's evaluation of the project, special consideration may be applied to projects located within underserved areas; projects targeting industries that are vital to the Illinois economy; projects with significant job creation or job retention, or both; and projects with considerable capital improvement investments. At a minimum, the Department shall review project applications that include a capital improvement investment of at least \$10,000,000.

(d) A taxpayer may not enter into more than one agreement under this Act with respect to a single address or location for the same period of time. A taxpayer may not enter into an agreement under this Act with respect to a single address or location if the taxpayer also holds an active agreement under the Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits for the same period of time. This provision does not preclude the applicant from entering into an additional agreement after the expiration or voluntary termination of an earlier agreement under this Act or under the Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits to the extent that the taxpayer's application otherwise satisfies the terms and conditions of this Act and is approved by the Department. An applicant with an existing agreement under the Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits may submit an application for an agreement under this Act after it terminates any existing agreement under the Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits with respect to the same address or location.

Section 10-25. Tax credit awards.

(a) Subject to the conditions set forth in this Act, a taxpayer is entitled to a credit against the tax imposed under subsections (a) and (b) of Section 201 of the Illinois Income Tax Act for taxable years beginning on or after January 1, 2026. The Department may award credits under this Act on and after January 1, 2027.

(b) The credit under this Act shall not exceed 7% of the applicant's total capital improvement investments for the year for which the applicant seeks credit. Credits awarded under this Act shall not reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act to less than zero. Unused credit may be carried forward for a maximum of 10 years for use in future taxable years. Any taxpayer qualifying for credits under this Act shall not be eligible for the credits under subsections (c), (f), or (h) of Section 201 of the Illinois Income Tax Act for the same expenditures for the same taxable period.

(c) The Department shall certify to the Department of Revenue: (1) the identity of taxpayers that are eligible to receive tax credits under this Act and (2) the amount of the credits awarded in each calendar year. Credits so earned and certified by the Department may be applied against the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act for taxable years beginning on or after January 1, 2026.

(d) Any applicant issued a certificate for a tax credit under this Act must report to the Department the total project tax benefits received. Reports are due no later than April 15 of the year in which the applicant is seeking the credit and shall cover the entire project period. Failure to report data may result in ineligibility to receive incentives. The Department, in consultation with the Department of Revenue, is authorized to adopt rules governing ineligibility to receive exemptions, including the length of ineligibility. Factors to be considered in determining whether a business is ineligible include, but are not limited to, prior compliance with the reporting requirements, cooperation in discontinuing and correcting violations, the extent of the violation, and whether the violation was willful or inadvertent.

(e) The Department shall determine the amount and duration of the credit awarded under this Act, subject to the limitations set forth in this Act. The credit amount shall be determined based on the total amount of the capital improvement investment made by the taxpayer. A capital improvement investment of \$10,000,000 or more but less than \$50,000,000 shall result in a maximum credit of 3% of the capital improvement amount; a capital improvement investment of \$50,000,000 or more but less than \$100,000,000 shall result in a maximum credit of 5% of the capital improvement amount; a capital improvement investment of \$100,000,000 or more shall result in a maximum credit of 7% of the capital improvement amount. Projects may be granted a tax credit award that reflects investments made within a maximum 5-year period. Each program agreement will detail a specific placed-in-service date by which the company must complete the project investment. Credit for a project shall be issued after the project is placed in service.

(f) Nothing in this Section shall prevent the Department, in consultation with the Department of Revenue, from adopting rules to extend the sunset of any earned, existing, and unused tax credit or credits awarded under this Act that a taxpayer may be in possession of.

Section 10-30. Contents of agreements with applicants.

(a) The Department shall enter into an agreement with an applicant that is awarded a credit under this Act. The agreement shall include all of the following:

(1) a detailed description of the project that is the subject of the agreement, including the location and amount of the investment and jobs created or retained;

(2) the duration of the credit, the first taxable year for which the credit may be awarded, and the first taxable year in which the credit may be used by the taxpayer;

(3) the maximum allowable credit as a percentage of the project's total capital investment;

(4) a requirement that the taxpayer shall maintain operations at the project location for a minimum of 15 years;

(5) a requirement that the taxpayer shall, at the time that the project is placed in service, report to the Department the number of new employees, the number of retained employees, and the total capital improvement investment of the project, and any other information the Department deems necessary and appropriate to perform its duties under this Act;

(6) a requirement authorizing the Director to verify with the appropriate State agencies the amounts reported under paragraph (5), and, after doing so, to issue a certificate to the taxpayer stating that the amounts have been verified;

(7) a requirement that the taxpayer shall provide written notification to the Director not more than 30 days after the taxpayer makes or receives a proposal that would transfer the taxpayer's State tax liability obligations to a successor taxpayer;

(8) a detailed description of the number of new employees to be hired, and the occupation and payroll of full-time jobs to be created or retained because of the project;

(9) the minimum investment the taxpayer will make in capital improvements, the time period for which the project may claim credit, and the designated location in Illinois for the investment;

(10) a requirement that the taxpayer shall provide written notification to the Director and the Director's designee not more than 30 days after the taxpayer determines that the minimum job creation or retention, employment payroll, or investment no longer is or will be achieved or maintained as set forth in the terms and conditions of the agreement. Additionally, the notification should outline to the Department the number of layoffs, date of the layoffs, and detail taxpayer's efforts to provide career and training counseling for the impacted workers with industry-related certifications and trainings;

(11) a provision that, if the total number of new employees falls below a specified level, the allowance of credit shall be suspended until the number of new employees equals or exceeds the agreement amount;

(12) a detailed description of the items for which the costs incurred by the taxpayer will be included in the limitation on the credit;

(13) a provision stating that if the taxpayer ceases principal operations with the intent to permanently shut down the project in the State during the term of the agreement, then the entire credit amount awarded to the taxpayer prior to the date the taxpayer ceases principal operations shall be returned to the Department and shall be reallocated to the local workforce investment area in which the project was located; and

(14) any other performance conditions or contract provisions the Department determines are necessary or appropriate.

(b) The Department shall post on its website the terms of each agreement entered into under this Act. The information shall be posted within 10 days after entering into the agreement and must include the following:

- (1) the name of the taxpayer;
- (2) the location of the project;
- (3) the estimated value of the credit;
- (4) the number of new employee jobs and, if applicable, number of retained employee jobs at the project; and
- (5) whether or not the project is in an underserved area or energy transition area.

Section 10-35. Certificate of verification; submission to the Department of Revenue.

(a) A taxpayer claiming a credit under this Act shall submit to the Department of Revenue a copy of the Director's certificate of verification under this Act for the taxable year. However, failure to submit a copy of the certificate with the taxpayer's tax return shall not invalidate a claim for a credit.

(b) For a taxpayer to be eligible for a certificate of verification, the taxpayer shall provide proof as required by the Department, prior to the end of each calendar year, including, but not limited to, attestation by the taxpayer that the project has achieved the level of capital improvements in Illinois specified in its agreement.

Section 10-40. Noncompliance; notice; assessment. If the Director determines that a taxpayer who has received a credit under this Act is not complying with the requirements of the agreement or all of the provisions of this Act, the Director shall provide notice to the taxpayer of the alleged noncompliance and allow the taxpayer a hearing under the provisions of the Illinois Administrative Procedure Act. If, after such notice and any hearing, the Director determines that noncompliance exists, the Director shall issue to the Department of Revenue a notice to that effect, stating the noncompliance date. If, during the term of an agreement, the taxpayer ceases operations at a project location that is the subject of the agreement with the intent to terminate operations in the State, the Department and the Department of Revenue shall recapture from the taxpayer the entire credit amount awarded under that agreement prior to the date the taxpayer ceases operations. The Department shall, subject to appropriation, reallocate the recaptured amounts within 6 months to the local workforce investment area in which the project was located for purposes of workforce development, expanded opportunities for unemployed persons, and expanded opportunities for women and minority persons in the workforce. The taxpayer will be ineligible for future funding under other State tax credit or exemption programs for a 36-month period. Noncompliance with the agreement will result in a default of other agreements for State tax credits and exemption programs for the project.

Section 10-45. Annual report.

(a) On or before July 1 of each year, the Department shall submit a report on the tax credit program under this Act to the Governor and the General Assembly. The report shall include information on the number of agreements that were entered into under this Act during the preceding calendar year, a description of the project that is the subject of each agreement, an update on the status of projects under agreements entered into before the preceding calendar year, and the sum of the credits awarded under this Act. A copy of the report shall be delivered to the Governor and to each member of the General Assembly.

(b) The report must include, for each agreement:

- (1) the original estimates of the value of the credit and the number of new employee jobs to be created and, if applicable, the number of retained employee jobs;
- (2) any relevant modifications to existing agreements; and
- (3) a copy of the original agreement or link to the agreement on the Department's website.

Section 10-50. Sunset of new agreements. The Department shall not enter into any new agreements under the provisions of this Act after December 31, 2030.

Section 10-890. The Department of Central Management Services Law of the Civil Administrative Code of Illinois is amended by adding Section 405-550 as follows:

(20 ILCS 405/405-550 new)

Sec. 405-550. Site readiness work. The Department shall have all powers, duties, rights, and responsibilities relating to the procurement of site readiness work for surplus real property. The Department

is authorized to enter into any agreements and execute any documents necessary or desirable to exercise the authority granted by this Section. The Department may accept assignment of contracts entered into by other State agencies for site readiness work, whether or not such contracts have been awarded in accordance with the terms of the Illinois Procurement Code.

As used in this Section:

"Site readiness work" means services related to the abatement, remediation, or demolition of surplus real property. "Site readiness work" also includes, but is not limited to, surveys, abstracts of title, or commitments for title insurance, environmental reports, property condition reports, or any other services or supplies as the Department may, in its reasonable discretion, deem necessary to demonstrate good and marketable title in and the existing conditions or characteristics of the surplus real property.

"Surplus real property" has the meaning given to that term in the State Property Control Act.

The Department may establish rules necessary or desirable to exercise the authority granted by this Section.

Section 10-895. The Illinois Procurement Code is amended by adding Section 1-45 as follows:

(30 ILCS 500/1-45 new)

Sec. 1-45. Application to site readiness work for surplus real property. This Code shall not apply to any procurements for or related to site readiness work for surplus real property, as those terms are defined by the Department of Central Management Services Law of the Civil Administrative Code of Illinois and the State Property Control Act, provided that the process shall be conducted in a manner substantially in accordance with the requirements of the following Sections of this Code: 20-160, 50-5, 50-10, 50-10.5, 50-12, 50-13, 50-15, 50-20, 50-21, 50-35, 50-36, 50-37, 50-38, and 50-50.

(a) In General. Every employer maintaining an office or transacting business within this State and required under the provisions of the Internal Revenue Code to withhold a tax on:

(1) compensation paid in this State (as determined under Section 304(a)(2)(B)) to an individual;
or

(2) payments described in subsection (b) shall deduct and withhold from such compensation for each payroll period (as defined in Section 3401 of the Internal Revenue Code) an amount equal to the amount by which such individual's compensation exceeds the proportionate part of this withholding exemption (computed as provided in Section 702) attributable to the payroll period for which such compensation is payable multiplied by a percentage equal to the percentage tax rate for individuals provided in subsection (b) of Section 201.

(a-5) Withholding from nonresident employees. For taxable years beginning on or after January 1, 2020, for purposes of determining compensation paid in this State under paragraph (B) of item (2) of subsection (a) of Section 304:

(1) If an employer maintains a time and attendance system that tracks where employees perform services on a daily basis, then data from the time and attendance system shall be used. For purposes of this paragraph, time and attendance system means a system:

(A) in which the employee is required, on a contemporaneous basis, to record the work location for every day worked outside of the State where the employment duties are primarily performed; and

(2) In all other cases, the employer shall obtain a written statement from the employee of the number of days reasonably expected to be spent performing services in this State during the taxable year. Absent the employer's actual knowledge of fraud or gross negligence by the employee in making the determination or collusion between the employer and the employee to evade tax, the certification so made by the employee and maintained in the employer's books and records shall be prima facie evidence and constitute a rebuttable presumption of the number of days spent performing services in this State.

(a-10) If the compensation is paid through a loan out company, as defined under Section 10 of the Film Production Services Tax Credit Act of 2008, if the compensation is considered compensation paid in this State under paragraph (B) of item (2) of subsection (a) of Section 304, and if the compensation is for in-State services performed for a production that is accredited under Section 10 of the Film Production Services Tax Credit Act of 2008 and concludes on or after July 1, 2025, then the production company or its authorized payroll service company shall be considered the employer for the purpose of withholding tax on that compensation under this Article 7 and shall withhold at the tax rate provided in subsection (b) of Section 201 on all payments to loan out companies for services performed in Illinois by the loan out company's employees. Notwithstanding any other provision of law, nonresident employees of loan out companies who perform services in Illinois shall be considered taxable nonresidents and shall be subject to the tax under this Act in the taxable year in which the employee performs services in Illinois.

(b) Payment to Residents. Any payment (including compensation, but not including a payment from which withholding is required under Section 710 of this Act) to a resident by a payor maintaining an office or transacting business within this State (including any agency, officer, or employee of this State or of any political subdivision of this State) and on which withholding of tax is required under the provisions of the Internal Revenue Code shall be deemed to be compensation paid in this State by an employer to an employee for the purposes of Article 7 and Section 601(b)(1) to the extent such payment is included in the recipient's base income and not subjected to withholding by another state. Notwithstanding any other provision to the contrary, no amount shall be withheld from unemployment insurance benefit payments made to an individual pursuant to the Unemployment Insurance Act unless the individual has voluntarily elected the withholding pursuant to rules promulgated by the Director of Employment Security.

(c) Special Definitions. Withholding shall be considered required under the provisions of the Internal Revenue Code to the extent the Internal Revenue Code either requires withholding or allows for voluntary withholding the payor and recipient have entered into such a voluntary withholding agreement. For the

purposes of Article 7 and Section 1002(c) the term "employer" includes any payor who is required to withhold tax pursuant to this Section.

(d) Reciprocal Exemption. The Director may enter into an agreement with the taxing authorities of any state which imposes a tax on or measured by income to provide that compensation paid in such state to residents of this State shall be exempt from withholding of such tax; in such case, any compensation paid in this State to residents of such state shall be exempt from withholding. All reciprocal agreements shall be subject to the requirements of Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

(e) Notwithstanding subsection (a)(2) of this Section, no withholding is required on payments for which withholding is required under Section 3405 or 3406 of the Internal Revenue Code.

Section 5-5. Purpose. The General Assembly finds and declares that the purpose of this Act is to promote, stimulate, and develop the general and economic welfare of the State of Illinois and its communities and to assist in the development and redevelopment of major tourism, entertainment, retail, and related projects within eligible areas of the State, thereby creating new jobs, stimulating significant capital investment, and promoting the general welfare of the citizens of this State, by authorizing municipalities and counties to issue sales tax and revenue (STAR) bonds for the financing of STAR bond projects as defined in Section 5-10, and to otherwise exercise the powers and authorities granted to municipalities. The General Assembly further finds and declares to be the policy of the State, in the interest of promoting the health, safety, morals, and general welfare of all the people of the State, to provide incentives to create new job opportunities and to promote major tourism, entertainment, retail, and related projects within the State. The General Assembly further finds and declares that:

(1) it is in the public interest to limit the portion of the aggregate proceeds of STAR bonds issued that are derived from the State sales tax increment pledged to pay STAR bonds in any STAR bond district to not more than 50% of the total development costs for a STAR bond project in the STAR bond district as set forth in subsection (g) of Section 5-30;

[May 31, 2025]

(5) there are multiple eligible areas in the State that could benefit from this Act;

(6) investment in major tourism, entertainment, retail, and related development within the State would stimulate economic activity in the State, including the creation and maintenance of jobs, the creation of new and lasting infrastructure and other improvements, and the attraction and retention of interstate tourists and entertainment events that generate significant economic activity;

(7) the continual encouragement, development, growth, and expansion of major tourism, entertainment, retail, and related projects within the State requires a cooperative and continuous partnership between government and the private sector;

(8) the State has a responsibility to help create a favorable climate for new and improved job opportunities for its citizens and to increase the tax base of the State and its political subdivisions by encouraging development by the private sector of major retail within the State;

(9) the provision of additional incentives by the State and its political subdivisions will relieve conditions of unemployment, maintain existing levels of employment, create new job opportunities, retain jobs within the State, increase commerce within the State, and increase the tax base of the State and its political subdivisions;

"Substantial change" means a change wherein the proposed STAR bond project plan differs substantially in size, scope, or use from the approved STAR bond district plan or STAR bond project plan.

"Taxpayer" means an individual, partnership, corporation, limited liability company, trust, estate, or other entity that is subject to the Illinois Income Tax Act.

"Total development costs" means the aggregate public and private investment in a STAR bond district, including project costs and other direct and indirect costs related to the development of the STAR bond district.

"Vacant" means that portion of the land in a proposed STAR bond district that is not occupied by a building, facility, or other vertical improvement.

Section 5-12. Limitations on STAR bond districts. The Office of the Governor, in consultation with the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget, shall have final approval of all STAR bond districts and STAR bond projects established under this Act, which may be established throughout the 10 Economic Development Regions in the State as established by the Department of Commerce and Economic Opportunity. Regardless of the number of STAR bond districts established within any Economic Development Region, only one STAR bond project may be approved for each Economic Development Region having a population of less than 600,000, up to 2 STAR bond projects may be approved for each Economic Development Region having a population between 600,000 and 999,999, and up to 4 STAR bond projects may be approved for each Economic Development Region having a population of 1,000,000 or more, if the STAR bond projects are in separate STAR bond districts, excluding projects located in STAR bond districts established under the Innovation Development and Economy Act. Each approved STAR bond project in a STAR bond district may only receive 50% of the total development costs up to \$75,000,000 in State sales tax increment. If the STAR bond project commits to create 500 new jobs, then the STAR bond project may only receive 50% of the total development costs up to \$150,000,000 in State sales tax. A STAR bond district under this Act may not be located either entirely or partially inside of a municipality with a population in excess of 2,000,000.

Section 5-15. Establishment of STAR bond district. The corporate authorities of a municipality may establish a STAR bond district within an eligible area within the municipality or partially outside the boundaries of the municipality in an unincorporated area of the county. A STAR bond district which is partially outside the boundaries of the municipality must also be approved by the corporate authorities of the county by the passage of a resolution. The corporate authorities of a county may establish a STAR bond district in an eligible area in any unincorporated area of the county.

(a) When a political subdivision is interested in establishing a STAR bond district, the political subdivision must first provide notice to the Director of the Department of Commerce and Economic Opportunity and the Director of the Department of Revenue by July 1, 2026, of its intention to establish a STAR bond district. After filing notice, the political subdivision shall determine whether it satisfies the statutory criteria to establish a STAR bond district consistent with this Act. The corporate authorities of the political subdivision shall adopt a resolution stating that the political subdivision is considering the establishment of a STAR bond district. The resolution shall:

(1) give notice, in the same manner as set forth in item (2) of subsection (e) of Section 5-20, that a public hearing will be held to consider the establishment of a STAR bond district and fix the date, hour, and place of the public hearing, which shall be at a location that is within 20 miles of the STAR bond district, in a facility that can accommodate a large crowd, and in a facility that is accessible to persons with disabilities;

(2) describe the proposed general boundaries of the STAR bond district;

(3) describe the STAR bond district plan;

(4) require that a description and map of the proposed STAR bond district are available for inspection at a time and place designated;

(5) identify the master developer for the STAR bond district; and

(6) require that the corporate authorities consider findings necessary for the establishment of a STAR bond district.

(b) Upon the conclusion of the public hearing the corporate authorities of the political subdivision may consider a resolution to establish the STAR bond district.

(1) A resolution to establish a STAR bond district shall:

(A) make findings that the proposed STAR bond district is to be developed with a STAR bond project;

(B) make findings that the STAR bond district is an eligible area;

(C) contain a STAR bond district plan that identifies in a general manner the buildings and facilities that are proposed to be constructed or improved in the subsequent STAR bond project and that includes plans for at least one development user;

(D) contain the legal description of the STAR bond district;

(E) appoint the master developer for the STAR bond district; and

(F) establish the STAR bond district, contingent upon approval of the State as set forth in subsection (d).

The master developer appointed for the STAR bond district shall meet high standards of creditworthiness and financial strength as demonstrated by one or more of the following: (i) corporate debenture ratings of BBB or higher by Standard & Poor's Corporation or Baa or higher by Moody's Investors Service, Inc.; (ii) a letter from a financial institution with assets of \$10,000,000 or more attesting to the financial strength of the master developer; or (iii) specific evidence of equity financing for not less than 10% of the estimated total STAR bond project costs;

(2) If the resolution to establish a STAR bond district is not adopted by the political subdivision within 60 days from the conclusion of the public hearing, then the STAR bond district shall not be established.

(3) Upon adoption of a resolution to establish a STAR bond district, the political subdivision shall send a certified copy of the resolution to the Directors of the Department of Commerce and Economic Opportunity, Department of Revenue, and the Governor's Office of Management and Budget within 60 days of the adoption of the resolution.

(c) Upon adoption of a resolution to establish a STAR bond district, the STAR bond district and any STAR bond project shall be governed by a master development agreement between the political subdivision and the master developer. A STAR bond district that is partially outside the boundaries of a municipality shall only require one master development agreement; the agreement shall be between the municipality and the master developer. In no event shall there be more than one master development agreement governing the terms and conditions of a STAR bond district. The master development agreement shall require the master developer to ensure compliance with the following requirements to reduce the ecological impact of the STAR bond district development: (i) inclusion of pollution prevention, erosion, and sedimentation control plans during construction; (ii) protection of endangered species' habitat and wetlands mitigation; (iii) preservation of at least 20% of the STAR bond district as green space, including lawns, parks, landscaped areas, paths, lakes, ponds, and other water features; (iv) promotion of the use of renewable energy to the

extent commercially feasible; (v) implementation of recycling programs during construction and at completed STAR bond projects; (vi) preservation of water quality and promotion of water conservation through the use of techniques such as reusing storm water and landscaping with native and low-maintenance vegetation to reduce the need for irrigation and fertilization; (vii) inclusion of comprehensive lighting programs that reduce light pollution within the STAR bond district; and (viii) promotion of shared parking between different users to reduce the impact on project sites.

(d) Upon adoption of a resolution to establish a STAR bond district, the political subdivision shall submit the proposed STAR bond district plan to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget for consideration. All proposed STAR bond district plans must be submitted on or before July 1, 2027 for consideration. The Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget shall make a joint recommendation to approve a STAR bond district if the agencies find that: (i) the proposed STAR bond district is an eligible area; (ii) the STAR bond district plan includes a STAR bond project that would entail a projected capital investment of at least \$30,000,000; (iii) the STAR bond district plan includes a STAR bond project that would be reasonably projected to produce at least \$60,000,000 of annual gross sales revenues and at least 300 new jobs; (iv) the STAR bond district plan includes potential development users; (v) the creation of the STAR bond district and STAR bond district plan are in accordance with the purpose of this Act and the public interest; and (vi) the STAR bond district and STAR bond district plan meet any other requirement that the State deems appropriate. The agencies shall send a copy of their written findings and recommendation for approval or denial of a STAR bond district to the Office of the Governor for review and final action.

(e) Upon receipt of the written findings and recommendation, the Office of the Governor shall review the submission and issue a final approval or denial of the STAR bond district and send written notice of its approval or denial to the requesting political subdivision and to the agencies.

(f) Starting on the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district and continuing each anniversary thereafter, the Director shall, in consultation with the political subdivision and the master developer, determine the total number of new jobs created within the STAR bond district, the total development cost to date, and the master developer's compliance with its obligations under any written agreements with the State. If, on the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, the Director determines that the total development cost to date is not equal to or greater than \$30,000,000, or that the master developer is in breach of any written agreement with the State, then no new STAR bonds may be issued in the STAR bond district until the total development cost exceeds \$30,000,000 or the breach of agreement is cured, or both. If, on the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, there are not at least 300 new jobs existing in the STAR bond district, the State may require the master developer to pay the State a penalty of \$1,500 per job under 300 each year until the earlier of (i) the twenty-third anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, (ii) the date that all STAR bonds issued in the STAR bond district have been paid off, or (iii) the date that at least 300 jobs have been created in the STAR bond district. Upon creation of 300 jobs in the STAR bond district, there shall not be an ongoing obligation to maintain those jobs after the fifth anniversary of the first date of distribution of State sales tax increment from the approved STAR bond project in the STAR bond district, and the master developer shall be relieved of any liability with respect to job creation under this subsection. Notwithstanding anything to the contrary in this subsection, the master developer shall not be liable for the penalties set forth under this subsection if the breach of agreement, failure to reach at least \$30,000,000 in total development costs, or failure to create 300 jobs is due to delays caused by force majeure, as that term shall be defined in the master development agreement.

Section 5-20. Approval of STAR bond projects. The Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget may recommend the approval of only one STAR bond project for each Economic Development Region having a population of less than 600,000, up to 2 STAR bond projects for each Economic Development Region having a population between 600,000 and 999,999, and up to 4 STAR bond projects for each Economic Development Region having a population of 1,000,000 or more, if the STAR bond projects are in separate STAR bond districts, regardless of the total number of approved STAR bond districts located within a

Region. Only one STAR bond project may be approved in a STAR bond district. The agencies shall not make a recommendation to approve a STAR bond project in an Economic Development Region prior to the receipt of a proposed STAR bond project from each STAR bond district in that Economic Development Region, or before July 1, 2029, whichever date comes first. In making the recommendation, the agencies shall consider the proximity of a proposed STAR bond project to another proposed or existing STAR bond project. The corporate authorities of a political subdivision seeking to establish a STAR bond project in an approved STAR bond district must submit a proposed STAR bond project plan to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget by July 1, 2029. A STAR bond project which is partially outside the boundaries of a municipality must also be approved by the corporate authorities of the county by resolution.

(a) After the establishment of a STAR bond district, the master developer may propose a STAR bond project to a political subdivision and the master developer shall, in cooperation with the political subdivision, prepare a STAR bond project plan in consultation with the planning commission of the political subdivision, if any. The STAR bond project plan may be implemented in separate development stages.

(b) Any political subdivision considering a STAR bond project within a STAR bond district shall cause to be prepared an independent feasibility study. The feasibility study shall be prepared by a feasibility consultant approved by the Department. The feasibility consultant shall provide certified copies of the feasibility study to the political subdivision, the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget. The feasibility study shall include the following:

- (1) the estimated amount of pledged STAR revenues expected to be collected in each year through the maturity date of the proposed STAR bonds;
- (2) a statement of how the jobs and taxes obtained from the STAR bond project will contribute significantly to the economic development of the State and region;
- (3) visitation expectations;
- (4) the unique quality of the project;
- (5) an economic impact study;
- (6) a market study;
- (7) current and anticipated infrastructure analysis;
- (8) integration and collaboration with other resources or businesses;
- (9) the quality of service and experience provided, as measured against national consumer standards for the specific target market;
- (10) project accountability, measured according to best industry practices;
- (11) the expected return on State and local investment that the STAR bond project is anticipated to produce; and
- (12) an anticipated principal and interest payment schedule on the STAR bonds.

The feasibility consultant, along with any other consultants commissioned to perform the studies and other analysis required by the feasibility study, shall be approved by the Department of Commerce and Economic Opportunity. The consultants shall be retained by the political subdivision. The political subdivision may seek reimbursement from the master developer.

The failure to include all information enumerated in this subsection in the feasibility study for a STAR bond project shall not affect the validity of STAR bonds issued pursuant to this Act.

(c) If the political subdivision determines the STAR bond project is feasible, the STAR bond project plan shall include:

- (1) a summary of the feasibility study;
- (2) a reference to the STAR bond district plan that identifies the STAR bond project area that is set forth in the STAR bond project plan that is being considered;
- (3) a legal description and map of the STAR bond project area to be developed or redeveloped;
- (4) a description of the buildings and facilities proposed to be constructed or improved in such STAR bond project area, including development users, as applicable;
- (5) a copy of letters of intent to locate within the STAR bond district signed by both the master developer and the appropriate corporate officer of at least one development user for the STAR bond project proposed within the district;
- (6) if the anticipated initial capital investment, including project costs and other direct costs, is \$50,000,000 or more, a copy of a project labor agreement entered into by the master developer and a commitment by the master developer, other developers, contractors, and subcontractors to comply

with the requirements of Section 30-22 of the Procurement Code as they apply to responsible bidders; and

(7) any other information the corporate authorities of the political subdivision deems reasonable and necessary to advise the public of the intent of the STAR bond project plan.

(d) Before a political subdivision may hold a public hearing to consider a STAR bond project plan, the political subdivision must apply to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget for joint review and recommendation and ultimate approval or denial by the Office of the Governor of the STAR bond project plan. The corporate authorities of a political subdivision seeking to establish a STAR bond project in an approved STAR bond district must submit a proposed STAR bond project plan to the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget by July 1, 2029 for consideration.

An application for approval of a STAR bond project plan must not be approved by the State unless all of the components of the feasibility study set forth in paragraphs (1) through (12) of subsection (b) have been completed and submitted for review and recommendation for approval or denial. In addition to reviewing all of the other elements of the STAR bond project plan required under subsection (c), which must be included in the application and include a letter of intent as required under paragraph (5) of subsection (c) in order to receive State approval, the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget must review the feasibility study and consider all of the components of the feasibility study set forth in paragraphs (1) through (12) of subsection (b), including, without limitation, the economic impact study and the financial benefit of the proposed STAR bond project to the local, regional, and State economies, the proposed adverse impacts on similar businesses and projects as well as municipalities within the market area, and the net effect of the proposed STAR bond project on the local, regional, and State economies. In addition to the economic impact study, the political subdivision must also submit to the agencies, as part of its application, the financial and other information that substantiates the basis for the conclusion of the economic impact study, in the form and manner as required by the agencies, so that the agencies can verify the results of the study. In addition to any other criteria in this subsection, for the State to approve the STAR bond project plan, the agencies must be satisfied that the proposed development users are in fact true development users and find that the STAR bond project plan is in accordance with the purpose of this Act and the public interest. As part of the review, the agencies shall evaluate the conclusions of the feasibility study as it relates to the projected State and local sales tax increments expected to be generated in the STAR bond district. The Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget shall jointly recommend the approval of up to one STAR bond project plan for each Economic Development Region having a population of less than 600,000, up to 2 STAR bond projects for each Economic Development Region having a population between 600,000 and 999,999, and up to 4 STAR bond projects for each Economic Development Region having a population of 1,000,000 or more, if the STAR bond projects are in separate STAR bond districts, based on the criteria in this subsection, subject to an aggregate limitation on State sales tax increment of \$75,000,000 per approved STAR bond project. In the event the STAR bond project commits to create 500 new jobs, then the STAR bond project is subject to an aggregate limitation on State sales tax increment of \$150,000,000 for that project. In making the recommendation, the agencies shall consider the proximity of a proposed STAR bond project to another proposed or existing STAR bond project. Notwithstanding any other provision of this Act, the Department of Commerce and Economic Opportunity, the Department of Revenue, and the Governor's Office of Management and Budget shall not approve any STAR bond project plan that includes as part of the plan the development of any facility, stadium, arena or other structure if: (1) the primary purpose of the facility, stadium, arena, or other structure is the holding of professional sports contests; or (2) the facility, stadium, arena, or other structure is within a one-mile radius of any structure that is developed on or after the effective date of this Act and has as its primary purpose the holding of professional sports contests. The agencies shall send a copy of their written findings and recommended approval or denial of a STAR bond project plan to the Office of the Governor for final action. Upon receipt of the Director's written findings and recommendation, the Office of the Governor shall issue a final approval or denial of up to one STAR bond project plan for each Economic Development Region having a population of less than 600,000, up to 2 STAR bond projects for each Economic Development Region having a population between 600,000 and 999,999, and up to 4 STAR bond projects for each Economic Development Region having a population of 1,000,000 or more, if the STAR bond projects are in separate STAR bond districts, based on the criteria in

this subsection, subject to an aggregate limitation on State sales tax increment of \$75,000,000 per approved STAR bond project. If the STAR bond project commits to create 500 new jobs, then the STAR bond project is subject to an aggregate limitation on State sales tax increment of \$150,000,000 for that project. In granting its approval, the Office of the Governor may require the political subdivision to execute a binding agreement or memorandum of understanding with the State. The terms of the agreement or memorandum may include, among other things, the political subdivision's repayment of the State sales tax increment distributed to it should any violation of the agreement or memorandum or this Act occur.

(e) Upon a finding by the planning and zoning commission of the political subdivision, if any, that the STAR bond project plan is consistent with the intent of the comprehensive plan for the development of the political subdivision and upon issuance of written approval of the STAR bond project plan from the Office of the Governor pursuant to subsection (d) of this Section 5-20, the corporate authorities of the political subdivision shall adopt a resolution stating that the political subdivision is considering the adoption of the STAR bond project plan. The resolution shall:

(1) give notice that a public hearing will be held to consider the adoption of the STAR bond project plan and fix the date, hour, and place of the public hearing;

(2) describe the general boundaries of the STAR bond district within which the STAR bond project will be located and the date of establishment of the STAR bond district;

(3) describe the general boundaries of the area proposed to be included within the STAR bond project area;

(4) provide that the STAR bond project plan and map of the area to be redeveloped or developed are available for inspection during regular office hours in the offices of the political subdivision; and

(5) contain a summary of the terms and conditions of any proposed project development agreement with the political subdivision.

(f) A public hearing shall be conducted to consider the adoption of any STAR bond project plan.

(1) The date fixed for the public hearing to consider the adoption of the STAR bond project plan shall be not less than 20 nor more than 90 days following the date of the adoption of the resolution fixing the date of the hearing.

(2) A copy of the political subdivision's resolution providing for the public hearing shall be sent by certified mail, return receipt requested, to the corporate authorities of the county. A copy of the political subdivision's resolution providing for the public hearing shall be sent by certified mail, return receipt requested, to each person or persons in whose name the general taxes for the last preceding year were paid on each parcel of land lying within the proposed STAR bond project area within 10 days following the date of the adoption of the resolution. The resolution shall be published once in a newspaper of general circulation in the political subdivision not less than one week nor more than 3 weeks preceding the date fixed for the public hearing. A map or aerial photo clearly delineating the area of land proposed to be included within the STAR bond project area shall be published with the resolution.

(3) The hearing shall be held at a location that is within 20 miles of the STAR bond district, in a facility that can accommodate a large crowd, and in a facility that is accessible to persons with disabilities.

(4) At the public hearing, a representative of the political subdivision or master developer shall present the STAR bond project plan. Following the presentation of the STAR bond project plan, all interested persons shall be given an opportunity to be heard. The corporate authorities may continue the date and time of the public hearing.

(g) Upon conclusion of the public hearing, the governing body of the political subdivision may adopt the STAR bond project plan by a resolution approving the STAR bond project plan.

(h) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan, the political subdivision may enter into a project development agreement if the master developer has requested the political subdivision to be a party to the project development agreement pursuant to subsection (b) of Section 5-25.

(i) Within 30 days after the adoption by the political subdivision of a STAR bond project plan, the clerk of the political subdivision shall transmit a copy of the legal description of the land and a list of all new and existing mailing addresses within the STAR bond district, a copy of the resolution adopting the STAR bond project plan, and a map or plat indicating the boundaries of the STAR bond project area and STAR bond district to the clerk, treasurer, and governing body of the county and to the Department and

Department of Revenue. Within 30 days of creation of any new mailing addresses within a STAR bond district, the clerk of the political subdivision shall provide written notice of such new addresses to the Department and the Department of Revenue.

If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department of Revenue on or before the first day of April, the Department of Revenue, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of July next following the adoption and filing. If a certified copy of the resolution adopting the STAR bond project plan is filed with the Department of Revenue after April 1 but on or before the first day of October, the Department of Revenue, if all other requirements of this subsection are met, shall proceed to collect and allocate any local sales tax increment and any State sales tax increment in accordance with the provisions of this Act as of the first day of January next following the adoption and filing.

Any substantial changes to a STAR bond project plan as adopted shall be subject to a public hearing following publication of notice thereof in a newspaper of general circulation in the political subdivision and approval by resolution of the governing body of the political subdivision.

The Department of Revenue shall not collect or allocate any local sales tax increment or State sales tax increment until the political subdivision also provides, in the manner prescribed by the Department of Revenue, the boundaries of the STAR bond district and each address in the STAR bond district in such a way that the Department of Revenue can determine by its address whether a business is located in the STAR bond district. The political subdivision must provide this boundary and address information to the Department of Revenue, with a copy to the Department, on or before April 1 for administration and enforcement under this Act by the Department of Revenue beginning on the following July 1 and on or before October 1 for administration and enforcement under this Act by the Department of Revenue beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a STAR bond district or any address change, addition, or deletion until the political subdivision reports the boundary change or address change, addition, or deletion to the Department of Revenue, with a copy to the Department, in the manner prescribed by the Department of Revenue. The political subdivision must provide this boundary change or address change, addition, or deletion information to the Department of Revenue, with a copy to the Department, on or before April 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following January 1. If a retailer is incorrectly included or excluded from the list of those located in the STAR bond district, the Department of Revenue shall be held harmless if it reasonably relied on information provided by the political subdivision.

(j) Any STAR bond project must be approved by the political subdivision within 23 years after the date of the approval of the STAR bond district, provided, however, that any amendments to such STAR bond project may occur following such date.

(k) Any developer of a STAR bond project shall commence work on the STAR bond project within 3 years from the date of adoption of the STAR bond project plan. If the developer fails to commence work on the STAR bond project within the 3-year period, funding for the project shall cease and the developer of the project or complex shall have one year to appeal to the political subdivision for a one-time reapproval of the project and funding. If the project is reapproved, the 3-year period for commencement shall begin again on the date of the reapproval. If the project is not reapproved or if the developer again fails to commence work on the STAR bond project within the second 3-year period, the project shall be terminated, and the Department may accept applications for a new STAR bond project in the Economic Development Region.

(l) After the adoption by the corporate authorities of the political subdivision of a STAR bond project plan and approval of the Office of the Governor pursuant to subsection (d), the political subdivision may authorize the issuance of STAR bonds in one or more series to finance the STAR bond project in accordance with the provisions of this Act.

(m) The maximum maturity of STAR bonds issued to finance a STAR bond project shall not exceed 23 years from the first date of distribution of State sales tax increment from such STAR bond project to the political subdivision unless the political subdivision extends such maturity by resolution up to a maximum of 35 years from such first distribution date. Any such extension shall require the approval of the Office of the Governor, upon the recommendation of the Directors. In no event shall the maximum maturity date for any STAR bonds exceed that date which is 35 years from the first distribution date of the first STAR bonds issued in a STAR bond district.

Section 5-25. Co-developers and sub-developers. Upon approval of a STAR bond project by the political subdivision, the master developer may, subject to the approval of the State and the political subdivision, develop the STAR bond project on its own or it may develop the STAR bond project with another developer, which may include an assignment or transfer of development rights.

(a) A master developer may sell, lease, or otherwise convey its property interest in the STAR bond project area to a co-developer or sub-developer.

(b) A master developer may enter into one or more agreements with a co-developer or sub-developer in connection with a STAR bond project, and the master developer may request that the political subdivision become a party to the project development agreement, or the master developer may request that the political subdivision amend its master development agreement to provide for certain terms and conditions that may be related to the co-developer or sub-developer and the STAR bond project. For any project development agreement to which the political subdivision would be a party or for any amendments to the master development agreement, the terms and conditions must be acceptable to both the master developer and the political subdivision. The Director shall receive a copy of the master development agreement and any amendments.

Section 5-30. STAR bonds; source of payment. Any political subdivision shall have the power to issue STAR bonds in one or more series to finance the undertaking of any STAR bond project in accordance with the provisions of this Act and the Omnibus Bond Acts. STAR bonds may be issued as revenue bonds, alternate bonds, or general obligation bonds as defined in and subject to the procedures provided in the Local Government Debt Reform Act.

(a) STAR bonds may be made payable, both as to principal and interest, from the following revenues, which to the extent pledged by each respective political subdivision or other public entity for such purpose shall constitute pledged STAR revenues:

(1) revenues of the political subdivision derived from or held in connection with the undertaking and carrying out of any STAR bond project or projects under this Act;

(2) available private funds and contributions, grants, tax credits, or other financial assistance from the State or federal government;

(3) STAR bond occupation taxes created pursuant to Section 5-31 and designated as pledged STAR revenues by the political subdivision;

(4) all of the local sales tax increment of a municipality, county, or other unit of local government;

(5) any special service area taxes collected within the STAR bond district under the Special Service Area Tax Act, may be used for the purposes of funding project costs or paying debt service on STAR bonds in addition to the purposes contained in the special service area plan;

(6) all of the State sales tax increment;

(7) any other revenues appropriated by the political subdivision; and

(8) any combination of these methods.

(b) The political subdivision may pledge the pledged STAR revenues to the repayment of STAR bonds prior to, simultaneously with, or subsequent to the issuance of the STAR bonds.

(c) Bonds issued as revenue bonds shall not be general obligations of the political subdivision, nor in any event shall they give rise to a charge against its general credit or taxing powers, or be payable out of any funds or properties other than those set forth in subsection (a) and the bonds shall so state on their face.

(d) For each STAR bond project financed with STAR bonds payable from the pledged STAR revenues, the political subdivision shall prepare and submit to the Department, the Department of Revenue, the Office of the Governor, and the Governor's Office of Management and Budget by June 1 of each year a report describing the status of the STAR bond project, any expenditures of the proceeds of STAR bonds that have occurred for the preceding calendar year, and any expenditures of the proceeds of the bonds expected to occur in the future, including the amount of pledged STAR revenue, the amount of revenue that has been spent, the projected amount of the revenue, and the anticipated use of the revenue. Each annual report shall be accompanied by an affidavit of the master developer certifying the contents of the report as true to the best of the master developer's knowledge. The Department shall have the right, but not the obligation, to request the Auditor General to review the annual report and the political subdivision's records containing the source information for the report for the purpose of verifying the report's contents. If the Auditor General declines the request for review, the Department shall have the right to select an independent third-party

auditor to conduct an audit of the annual report and the political subdivision's records containing the source information for the report. The reasonable cost of the audit shall be paid by the master developer. The master development agreement shall grant the Department and the Auditor General the right to review the records of the political subdivision containing the source information for the report.

(e) As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the STAR Bonds Revenue Fund the State sales tax increment for the second preceding month, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department of Revenue, subject to appropriation, to cover the costs of the Department of Revenue in administering the Statewide Innovation Development and Economy Act. As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the Local Government Tax Fund to the STAR Bonds Revenue Fund the local sales tax increment for the second preceding month, as provided in Section 6Z-18 of the State Finance Act and from the County and Mass Transit District Fund to the STAR Bonds Revenue Fund the local sales tax increment for the second preceding month, as provided in Section 6Z-20 of the State Finance Act. On or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the disbursement of stated sums of money out of the STAR Bonds Revenue Fund to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department of Revenue during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount of the State sales tax increment and the local sales tax increment (not including credit memoranda or the amount transferred into the Tax Compliance and Administration Fund) collected during the second preceding calendar month by the Department of Revenue from retailers and servicepersons on transactions at places of business located within a STAR bond district in that municipality or county, plus an amount the Department of Revenue determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department of Revenue, and not including any amount which the Department of Revenue determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department of Revenue, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. When certifying the amount of monthly disbursement to a municipality or county under this subsection, the Department of Revenue shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

(f) The corporate authorities of the political subdivision shall deposit the proceeds for the STAR Bonds Revenue Fund into a special fund of the political subdivision called the "[Name of political subdivision] STAR Bond District Revenue Fund" for the purpose of paying or reimbursing STAR bond project costs and obligations incurred in the payment of those costs. If the political subdivision fails to issue STAR bonds within 180 days after the first distribution to the political subdivision from the STAR Bonds Revenue Fund, the Department of Revenue shall cease distribution of the State sales tax increment to the political subdivision, shall transfer any State sales tax increment in the STAR Bonds Revenue Fund to the General Revenue Fund, and shall cease deposits of State sales tax increment amounts into the STAR Bonds Revenue Fund. The political subdivision shall repay all of the State sales tax increment distributed to the political subdivision to date, which amounts shall be deposited into the General Revenue Fund. If not repaid within 90 days after notice from the State, the Department of Revenue shall withhold distributions to the political subdivision from the Local Government Tax Fund until the excess amount is repaid, which withheld amounts shall be transferred to the General Revenue Fund. At such time as the political subdivision notifies the Department of Revenue in writing that it has issued STAR Bonds in accordance with this Act and provides the Department with a copy of the political subdivision's official statement, bond purchase agreements, indenture, or other evidence of bond sale, the Department of Revenue shall resume deposits of the State sales tax increment into the STAR Bonds Revenue Fund and distribution of the State sales tax increment to the political subdivision in accordance with this Section.

(g) If at any time after the seventh anniversary of the date of distribution of State sales tax increment from a STAR bond project the Auditor General determines that the percentage of the aggregate proceeds of

STAR bonds issued to date that is derived from the State sales tax increment has exceeded 50% of the total development costs of that STAR Bonds project, no additional STAR bonds may be issued for that STAR Bonds project until that percentage is reduced to 50% or below. When the percentage has been reduced to 50% or below, the master developer shall have the right, at its own cost, to obtain a new audit prepared by an independent third-party auditor verifying compliance and shall provide such audit to the Auditor General for review and approval. Upon the Auditor General's determination from the audit that the percentage has been reduced to 50% or below, STAR bonds may again be issued for the STAR bond project.

(h) Notwithstanding the provisions of the Tax Increment Allocation Redevelopment Act, if any portion of property taxes attributable to the increase in equalized assessed value within a STAR bond district are, at the time of formation of the STAR bond district, already subject to tax increment financing under the Tax Increment Allocation Redevelopment Act, then the tax increment for such portion shall be frozen at the base year established in accordance with this Act, and all future incremental increases over the base year shall not be subject to tax increment financing under the Tax Increment Allocation Redevelopment Act. Any party otherwise entitled to receipt of incremental tax revenues through an existing tax increment financing district shall be entitled to continue to receive such revenues up to the amount frozen in the base year. Nothing in this Act shall affect the prior qualification of existing redevelopment project costs incurred that are eligible for reimbursement under the Tax Increment Allocation Redevelopment Act. In such event, prior to approving a STAR bond district, the political subdivision forming the STAR bond district shall take such action as is necessary, including amending the existing tax increment financing district redevelopment plan, to carry out the provisions of this Act.

Section 5-31. STAR bond occupation taxes.

(a) If the corporate authorities of a political subdivision have established a STAR bond district and have elected to impose a tax by ordinance pursuant to subsection (b) or (c) of this Section, each year after the date of the adoption of the ordinance and until all STAR bond project costs and all political subdivision obligations financing the STAR bond project costs, if any, have been paid in accordance with the STAR bond project plans, but in no event longer than the maximum maturity date of the last of the STAR bonds issued for projects in the STAR bond district, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the political subdivision imposing the tax. The corporate authorities of the political subdivision shall deposit the proceeds of the taxes imposed under subsections (b) and (c) into either (i) a special fund held by the corporate authorities of the political subdivision called the STAR Bonds Tax Allocation Fund for the purpose of paying STAR bond project costs and obligations incurred in the payment of those costs if such taxes are designated as pledged STAR revenues by resolution or ordinance of the political subdivision or (ii) the political subdivision's general corporate fund if such taxes are not designated as pledged STAR revenues by resolution or ordinance.

The tax imposed under this Section by a municipality may be imposed only on the portion of a STAR bond district that is within the boundaries of the municipality. For any part of a STAR bond district that lies outside of the boundaries of that municipality, the municipality in which the other part of the STAR bond district lies (or the county, in cases where a portion of the STAR bond district lies in the unincorporated area of a county) is authorized to impose the tax under this Section on that part of the STAR bond district.

(b) The corporate authorities of a political subdivision that has established a STAR bond district under this Act may, by ordinance or resolution, impose a STAR Bond Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the STAR bond district at a rate not to exceed 1% of the gross receipts from the sales made in the course of that business, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. The tax may not be imposed on aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the political subdivision.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department of Revenue to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department of Revenue under such ordinance or

resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department of Revenue and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a STAR Bond Service Occupation Tax shall also be imposed upon all persons engaged, in the STAR bond district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the STAR bond district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the STAR bond district, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act. The tax may not be imposed on aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the political subdivision.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department of Revenue under that ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department of Revenue and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the STAR bond district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the political subdivision), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the political subdivision), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

If a tax is imposed under this subsection (c), a tax shall also be imposed under subsection (b) of this Section.

(d) Persons subject to any tax imposed under this Section may reimburse themselves for their seller's tax liability under this Section by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department of Revenue determines that a refund should be made under this Section to a claimant the Department of Revenue shall not issue a credit memorandum. The Department of Revenue shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the

person named in the notification from the Department of Revenue. The refund shall be paid by the State Treasurer out of the STAR Bond Retailers' Occupation Tax Fund.

Except as otherwise provided in this paragraph, the Department of Revenue shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this Section for deposit into the STAR Bond Retailers' Occupation Tax Fund. On or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the disbursement of stated sums of money to named political subdivisions from the STAR Bond Retailers' Occupation Tax Fund, the political subdivisions to be those from which retailers have paid taxes or penalties under this Section to the Department of Revenue during the second preceding calendar month. The amount to be paid to each political subdivision shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department of Revenue plus an amount the Department of Revenue determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department of Revenue, less 3% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department of Revenue, subject to appropriation, to cover the costs of the Department of Revenue in administering and enforcing the provisions of this Section, on behalf of such political subdivision, and not including any amount that the Department of Revenue determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the political subdivision. Within 10 days after receipt by the Comptroller of the disbursement certification to the political subdivisions provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to political subdivisions under this Section shall be deposited into either (i) the STAR Bonds Tax Allocation Fund by the political subdivision if the political subdivision has designated them as pledged STAR revenues by resolution or ordinance or (ii) the political subdivision's general corporate fund if the political subdivision has not designated them as pledged STAR revenues.

An ordinance or resolution imposing or discontinuing the tax under this Section or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department of Revenue on or before the first day of April, whereupon the Department of Revenue, if all other requirements of this Section are met, shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department of Revenue on or before the first day of October, whereupon, if all other requirements of this Section are met, the Department of Revenue shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this Section until the political subdivision also provides, in the manner prescribed by the Department of Revenue, the boundaries of the STAR bond district and each address in the STAR bond district in such a way that the Department of Revenue can determine by its address whether a business is located in the STAR bond district. The political subdivision must provide this boundary and address information to the Department of Revenue on or before April 1 for administration and enforcement of the tax under this Section by the Department of Revenue beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this Section by the Department of Revenue beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a STAR bond district or any address change, addition, or deletion until the political subdivision reports the boundary change or address change, addition, or deletion to the Department of Revenue in the manner prescribed by the Department of Revenue. The political subdivision must provide this boundary change or address change, addition, or deletion information to the Department of Revenue on or before April 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of Revenue of the change, addition, or deletion beginning on the following January 1. The retailers in the STAR bond district shall be responsible for charging the tax imposed under this Section. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this Section, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the political subdivision.

A political subdivision that imposes the tax under this Section must submit to the Department of Revenue any other information as the Department of Revenue may require that is necessary for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a political subdivision under this Section, the Department of Revenue shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this Section shall be construed to authorize the political subdivision to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(e) When STAR bond project costs, including, without limitation, all political subdivision obligations financing STAR bond project costs, have been paid, any surplus funds then remaining in the STAR Bonds Tax Allocation Fund shall be distributed to the treasurer of the political subdivision for deposit into the political subdivision's general corporate fund. Upon payment of all STAR bond project costs and retirement of obligations, but in no event later than the maximum maturity date of the last of the STAR bonds issued in the STAR bond district, the political subdivision shall adopt an ordinance immediately rescinding the taxes imposed pursuant to this Section and file a certified copy of the ordinance with the Department of Revenue in the form and manner as described in this Section.

Section 5-33. STAR Bonds School Improvement and Operations Trust Fund.

(a) Deposits into the STAR Bonds School Improvement and Operations Trust Fund, established under Section 33 of the Innovation Development and Economy Act, shall be made as provided under this Section. Moneys in the Trust Fund shall be used by the Department of Revenue only for the purpose of making payments to regional superintendents of schools to make distributions to school districts in educational service regions that include the STAR bond district. Moneys in the Trust Fund are not subject to appropriation and shall be used solely as provided in this Section. All deposits into the Trust Fund shall be held in the Trust Fund by the State Treasurer as ex officio custodian separate and apart from all public moneys or funds of this State and shall be distributed by the Department of Revenue exclusively for the purposes set forth in this Section. All moneys in the Trust Fund shall be invested and reinvested by the State Treasurer. All interest accruing from these investments shall be deposited in the Trust Fund.

(b) Upon approval of a STAR bond district, the political subdivision shall immediately transmit to the county clerk of the county in which the district is located a certified copy of the ordinance creating the district, a legal description of the district, a map of the district, identification of the year that the county clerk shall use for determining the total initial equalized assessed value of the district consistent with subsection (c), and a list of the parcel or tax identification number of each parcel of property included in the district.

(c) Upon approval of a STAR bond district, the county clerk immediately thereafter shall determine (i) the most recently ascertained equalized assessed value of each lot, block, tract, or parcel of real property within the STAR bond district, from which shall be deducted the homestead exemptions under Article 15 of the Property Tax Code, which value shall be the initial equalized assessed value of each such piece of property, and (ii) the total equalized assessed value of all taxable real property within the district by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within the district, from which shall be deducted the homestead exemptions under Article 15 of the Property Tax Code, and shall certify that amount as the total initial equalized assessed value of the taxable real property within the STAR bond district.

(d) In reference to any STAR bond district created within any political subdivision, and in respect to which the county clerk has certified the total initial equalized assessed value of the property in the area, the political subdivision may thereafter request the clerk in writing to adjust the initial equalized value of all taxable real property within the STAR bond district by deducting therefrom the exemptions under Article 15 of the Property Tax Code applicable to each lot, block, tract, or parcel of real property within the STAR bond district. The county clerk shall immediately, after the written request to adjust the total initial equalized value is received, determine the total homestead exemptions in the STAR bond district as provided under Article 15 of the Property Tax Code by adding together the homestead exemptions provided by said Article on each lot, block, tract, or parcel of real property within the STAR bond district and then shall deduct the total of said exemptions from the total initial equalized assessed value. The county clerk shall then promptly certify that amount as the total initial equalized assessed value as adjusted of the taxable real property within the STAR bond district.

(e) The county clerk or other person authorized by law shall compute the tax rates for each taxing district with all or a portion of its equalized assessed value located in the STAR bond district. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the district in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district.

(f) Beginning with the assessment year in which the first development user in the first STAR bond project in a STAR bond district makes its first retail sales and for each assessment year thereafter until final maturity of the last STAR bonds issued in the district, the county clerk or other person authorized by law shall determine the increase in equalized assessed value of all real property within the STAR bond district by subtracting the initial equalized assessed value of all property in the district certified under subsection (c) from the current equalized assessed value of all property in the district. Each year, the property taxes arising from the increase in equalized assessed value in the STAR bond district shall be determined for each taxing district and shall be certified to the county collector.

(g) Beginning with the year in which taxes are collected based on the assessment year in which the first development user in the first STAR bond project in a STAR bond district makes its first retail sales and for each year thereafter until final maturity of the last STAR bonds issued in the district, the county collector shall, within 30 days after receipt of property taxes, transmit to the Department of Revenue to be deposited into the STAR Bonds School Improvement and Operations Trust Fund 15% of property taxes attributable to the increase in equalized assessed value within the STAR bond district from each taxing district as certified in subsection (f).

(h) The Department of Revenue shall pay to the regional superintendent of schools whose educational service region includes a STAR bond district, for each year for which money is remitted to the Department of Revenue and paid into the STAR Bonds School Improvement and Operations Trust Fund, the money in the Fund as provided in this Section. The amount paid to each school district shall be allocated proportionately by the regional superintendent of schools, based on each qualifying school district's fall enrollment for the then-current school year, such that the school district with the largest fall enrollment receives the largest proportionate share of money paid out of the Fund or by any other method or formula that the regional superintendent of schools deems fit, equitable, and in the public interest. The regional superintendent may allocate moneys to school districts that are outside of the regional superintendent's educational service region or to other regional superintendents.

The Department of Revenue shall be held harmless for the distributions made under this Section and all distributions shall be final.

(i) In any year that an assessment appeal is filed, the extension of taxes on any assessment so appealed shall not be delayed. In the case of an assessment that is altered, any taxes extended upon the unauthorized assessment or part thereof shall be abated, or, if already paid, shall be refunded with interest as provided in Section 23-20 of the Property Tax Code. In the case of an assessment appeal, the county collector shall notify the Department of Revenue that an assessment appeal has been filed and the amount of the tax that would have been deposited in the STAR Bonds School Improvement and Operations Trust Fund. The county collector shall hold that amount in a separate fund until the appeal process is final. After the appeal process is finalized, the county collector shall transmit to the Department of Revenue the amount of tax that remains, if any, after all required refunds are made.

(j) In any year that ad valorem taxes are allocated to the STAR Bonds School Improvement and Operations Trust Fund, that allocation shall not reduce or otherwise impact the school aid provided to any school district under the general State school aid formula provided for in Section 18-8.05 of the School Code or the evidence-based funding formula provided for in Section 18-8.15 of the School Code.

Section 5-35. Alternate bonds and general obligation bonds. A political subdivision shall have the power to issue alternate revenue and other general obligation bonds to finance the undertaking, establishment, or redevelopment of any STAR bond project as provided and pursuant to the procedures set forth in the Local Government Debt Reform Act. A political subdivision shall have the power to issue general obligation bonds to finance the undertaking, establishment, or redevelopment of any STAR bond project on approval by the voters of the political subdivision of a proposition authorizing the issue of such bonds.

The full faith and credit of the State, any department, authority, public corporation or quasi-public corporation of the State, any State college or university, or any other public agency created by the State shall not be pledged for any payment under any obligation authorized by this Act.

Section 5-40. Amendments to STAR bond district. Any addition of real property to a STAR bond district or any substantial change to a STAR bond district plan shall be subject to the same procedure for public notice, hearing, and approval - including approval by the Department and the Office of the Governor - as is required for the establishment of the STAR bond district pursuant to this Act.

(a) The addition or removal of land to or from a STAR bond district shall require the consent of the master developer of the STAR bond district.

(b) Any land that is outside of, but is contiguous to an established STAR bond district and is subsequently owned, leased, or controlled by the master developer shall be added to a STAR bond district at the request of the master developer and by approval of the political subdivision, provided that the land becomes a part of a STAR bond project area.

(c) If a political subdivision has undertaken a STAR bond project within a STAR bond district, and the political subdivision desires to subsequently remove more than a de minimis amount of real property from the STAR bond district, then prior to any removal of property the political subdivision must provide a revised feasibility study showing that the pledged STAR revenues from the resulting STAR bond district within which the STAR bond project is located are estimated to be sufficient to pay the project costs. If the revenue from the resulting STAR bond district is insufficient to pay the project costs, then the property may not be removed from the STAR bond district. Any removal of real property from a STAR bond district shall be approved by a resolution of the corporate authorities of the political subdivision.

Section 5-45. Restrictions. STAR bond districts may lie within an enterprise zone. STAR bond districts may overlay and benefit from existing tax increment financing districts created pursuant to the Tax Increment Allocation Redevelopment Act, but no portion of a STAR bond project shall be financed with tax increment financing under said Act. During any period of time that STAR bonds are outstanding for a STAR bond district, a developer may not use any land located in the STAR bond district for any (i) retail store whose primary business is the sale of automobiles, including trucks and other automotive vehicles with 4 wheels designed for passenger transportation on public streets and thoroughfares, or (ii) multi-screen motion picture theater complex containing more than 12 auditoriums for viewing motion pictures. No STAR bond district may contain more than 900,000 square feet of floor space devoted to traditional retail use, which shall not include space devoted to entertainment venues, hotels, warehouse space, or storage space.

Section 5-50. Reporting taxes. Notwithstanding any other provisions of law to the contrary, the Department of Revenue shall provide a certified report of the State sales tax increment and local sales tax increment from all taxpayers within a STAR bond district to the bond trustee, escrow agent, or paying agent for such bonds upon the written request of the political subdivision on or before the 25th day of each month. Such report shall provide a detailed allocation of State sales tax increment and local sales tax increment from each local sales tax and State sales tax reported to the Department of Revenue.

(a) The bond trustee, escrow agent, or paying agent shall keep such sales and use tax reports and the information contained therein confidential, but may use such information for purposes of allocating and depositing the sales and use tax revenues in connection with the bonds used to finance project costs in such STAR bond district. Except as otherwise provided herein, the sales and use tax reports received by the bond trustee, escrow agent, or paying agent shall be subject to the confidentiality provisions of Section 11 of the Retailers' Occupation Tax Act.

(b) The political subdivision shall determine when the amount of sales tax and other revenues that have been collected and distributed to the bond debt service or reserve fund is sufficient to satisfy all principal and interest costs to the maturity date or dates of any STAR bond issued by a political subdivision to finance a STAR bond project and shall give the Department of Revenue written notice of such determination. The notice shall include a date certain on which deposits into the STAR Bonds Revenue Fund for that STAR bond project shall terminate and shall be provided to the Department of Revenue at least 60 days prior to that date. Thereafter, all sales tax and other revenues shall be collected and distributed in accordance with applicable law.

If the political subdivision fails to give timely notice under this subsection (b), the Department of Revenue, upon discovery of this failure, shall cease distribution of the State sales tax increment to the political subdivision, shall transfer any State sales tax increment in the STAR Bonds Revenue Fund to the General Revenue Fund, and shall cease deposits of State sales tax increment amounts into the STAR Bonds Revenue Fund. Any amount of State sales tax increment distributed to the political subdivision from the STAR Bonds Revenue Fund in excess of the amount sufficient to satisfy all principal and interest costs to

the maturity date or dates of any STAR bond issued by the political subdivision to finance a STAR bond project shall be repaid to the Department of Revenue and deposited into the General Revenue Fund. If not repaid within 90 days after notice from the State, the Department of Revenue shall withhold distributions to the political subdivision from the Local Government Tax Fund until the excess amount is repaid, which withheld amounts shall be transferred to the General Revenue Fund.

Section 5-52. Review committee. Upon the seventh anniversary of the first date of distribution of State sales tax increment from the first STAR bond project in the State under this Act, a 7-member STAR bonds review committee shall be formed consisting of one appointee of each of the Director, the Director of the Governor's Office of Management and Budget, the Director of the Department of Revenue, the President of the Senate, the Senate Minority Leader, the Speaker of the House, and the House Minority Leader. The review committee shall evaluate the success of all STAR bond districts then existing in the State and make a determination of the comprehensive economic benefits and detriments of STAR bonds in the State as a whole. In making its determination, the review committee shall examine available data regarding job creation, sales revenues, and capital investment in STAR bond districts; development that has occurred and is planned in areas adjacent to STAR bond districts that will not be directly financed with STAR bonds; effects of market conditions on STAR bond districts and the likelihood of future successes based on improving or declining market conditions; retail sales migration and cannibalization of retail sales due to STAR bond districts; and other relevant economic factors. The review committee shall provide the Director, the Director of the Governor's Office of Management and Budget, the Director of the Department of Revenue, the General Assembly, and the Governor with a written report detailing its findings and shall make a final determination of whether STAR bonds have had, and are likely to continue having, a negative or positive economic impact on the State as a whole. Upon completing and filing its written report, the review committee shall be dissolved.

Section 5-55. Severability. If any provision of this Act or the application thereof to any persons or circumstances is held invalid, such invalidity shall not affect other provisions or application of the Act that can be given effect without the invalid provisions or application and to this end the provisions of this Act are declared to be severable.

Section 5-57. Rules. The Department and the Department of Revenue shall have the authority to adopt such rules as are reasonable and necessary to implement the provisions of this Act. Notwithstanding the foregoing, the Department and the Department of Revenue shall have the authority, prior to adoption and approval of those rules, to consult on and recommend approval of a STAR bond district in accordance with subsection (d) of Section 5-20 and to otherwise administer the Act while those rules are pending adoption and approval.

Section 5-60. Open meetings and freedom of information. All public hearings related to the administration, formation, implementation, development, or construction of a STAR bond district, STAR bond district plan, STAR bond project, or STAR bond project plan, including but not limited to the public hearings required by Sections 5-15, 5-20, and 5-40 of this Act, shall be held in compliance with the Open Meetings Act. The public hearing records, feasibility study, and other documents that do not otherwise meet a confidentiality exemption shall be subject to disclosure under the Freedom of Information Act.

Section 5-62. Powers of political subdivisions. The provisions of this Act are intended to be supplemental and in addition to all other power or authority granted to political subdivisions, shall be construed liberally, and shall not be construed as a limitation of any power or authority otherwise granted. In addition to the powers a political subdivision may have under other provisions of law, a political subdivision shall have all of the following powers in connection with a STAR bond district:

(a) To make and enter into all contracts necessary or incidental to the implementation and furtherance of a STAR bond district plan.

Section 5-910. The State Finance Act is amended by changing Sections 6z-18 and 6z-20 as follows:
(30 ILCS 105/6z-18) (from Ch. 127, par. 142z-18)

Sec. 6z-18. Local Government Tax Fund. A portion of the money paid into the Local Government Tax Fund from sales of tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act and the Service Occupation Tax Act, which occurred in municipalities, shall be distributed to each municipality based upon the sales which occurred in that municipality. The remainder shall be distributed to each county based upon the sales which occurred in the unincorporated area of that county.

Moneys transferred from the Grocery Tax Replacement Fund to the Local Government Tax Fund under Section 6z-130 shall be treated under this Section in the same manner as if they had been remitted with the return on which they were reported.

A portion of the money paid into the Local Government Tax Fund from the 6.25% general use tax rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government shall be distributed to municipalities as provided in this paragraph. Each municipality shall receive the amount attributable to sales for which Illinois addresses for titling or registration purposes are given as being in such municipality. The remainder of the money paid into the Local Government Tax Fund from such sales shall be distributed to counties. Each county shall receive the amount attributable to sales for which Illinois addresses for titling or registration purposes are given as being located in the unincorporated area of such county.

A portion of the money paid into the Local Government Tax Fund from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasoline, and beginning on August 6, 2010 through August 15, 2010, and beginning again on August 5, 2022 through August 14, 2022, the 1.25% rate on sales tax holiday items) on sales subject to taxation under the Retailers' Occupation Tax Act and the Service Occupation Tax Act, which occurred in municipalities, shall be distributed to each municipality, based upon the sales which occurred in that municipality. The remainder

shall be distributed to each county, based upon the sales which occurred in the unincorporated area of such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Whenever the Department determines that a refund of money paid into the Local Government Tax Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the Local Government Tax Fund.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the Local Government Tax Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the Local Government Tax Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Statewide Innovation Development and Economy Act.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the Local Government Tax Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of monthly disbursement to a municipality or county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State treasury provided for in this Section shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation, or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the Local Government Tax Fund.

As soon as possible after March 8, 2013 (the effective date of Public Act 98-3), the State Comptroller shall order and the State Treasurer shall transfer \$6,600,000 from the Local Government Tax Fund to the Illinois State Medical Disciplinary Fund.

Of the money received from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasohol, and beginning on August 6, 2010 through August 15, 2010, and beginning again on August 5, 2022 through August 14, 2022, the 1.25% rate on sales tax holiday items) on sales subject to taxation under the Retailers' Occupation Tax Act and Service Occupation Tax Act and paid into the County and Mass Transit District Fund, distribution to the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act, for deposit therein shall be made based upon the retail sales occurring in a county having more than 3,000,000 inhabitants. The remainder shall be distributed to each county having 3,000,000 or fewer inhabitants based upon the retail sales occurring in each such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Of the money received from the 6.25% general use tax rate on tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government and paid into the County and Mass Transit District Fund, the amount for which Illinois addresses for titling or registration purposes are given as being in each county having more than 3,000,000 inhabitants shall be distributed into the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act. The remainder of the money paid from such sales shall be distributed to each county based on sales for which Illinois addresses for titling or registration purposes are given as being located in the county. Any money paid into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund prior to January 14, 1991, which has not been paid to the Authority prior to that date, shall be transferred to the Regional Transportation Authority tax fund.

Whenever the Department determines that a refund of money paid into the County and Mass Transit District Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the County and Mass Transit District Fund.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the County and Mass Transit District Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the County and Mass Transit District Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Statewide Innovation Development and Economy Act.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Regional Transportation Authority and to named counties, the counties to be those entitled to distribution, as hereinabove provided, of taxes or penalties paid to the Department during the

second preceding calendar month. The amount to be paid to the Regional Transportation Authority and each county having 3,000,000 or fewer inhabitants shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the County and Mass Transit District Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Regional Transportation Authority or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the amount to be paid to the Regional Transportation Authority, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Regional Transportation Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the Regional Transportation Authority, counties, and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of a monthly disbursement to the Regional Transportation Authority or to a county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section and from the Regional Transportation Authority tax fund created by Section 4.03 of the Regional Transportation Authority Act shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the County and Mass Transit District Fund or Local Government Distributive Fund, as the case may be. Section 5-915. The Counties Code is amended by changing Sections 5-1006, 5-1006.8, 5-1006.9, and 5-1007 as follows:

(55 ILCS 5/5-1006) (from Ch. 34, par. 5-1006)

Sec. 5-1006. Home Rule County Retailers' Occupation Tax Law. Any county that is a home rule unit may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from such sales made in the course of their business. If imposed, this tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the county does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The county must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as

the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless the county also imposes a tax at the same rate pursuant to Section 5-1007.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule County Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the

amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

This Section shall be known and may be cited as the Home Rule County Retailers' Occupation Tax Law.

The corporate authorities of any county may, by ordinance, impose a tax upon all persons engaged in the business of selling cannabis, other than cannabis purchased under the Compassionate Use of Medical Cannabis Program Act, at retail in the county on the gross receipts from these sales made in the course of that business. If imposed, the tax shall be imposed only in 0.25% increments. The tax rate may not exceed: (i) 3.75% of the gross receipts of sales made in unincorporated areas of the county; and (ii) 3% of the gross receipts of sales made in a municipality located in the county. The tax imposed under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The Department of Revenue shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this Section. In the administration of and compliance with this Section, the Department of Revenue and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are described in Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2a, 2b, 2c, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6bb, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth in this Section.

(b) Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with any State tax that sellers are required to collect.

(c) Whenever the Department of Revenue determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department of Revenue shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department of Revenue.

(d) Except as otherwise provided in this Section, the ~~The~~ Department of Revenue shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Local Cannabis Retailers' Occupation Tax Trust Fund.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

(e) After the monthly transfer to the STAR Bonds Revenue Fund, on or ~~On~~ or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the amount of money to be disbursed from the Local Cannabis Retailers' Occupation Tax Trust Fund to counties from which retailers have paid taxes or penalties under this Section during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected under this Section from sales made in the county during the second preceding calendar month, plus an amount the Department of Revenue determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(f) An ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof that is adopted on or after June 25, 2019 (the effective date of Public Act 101-27)

and for which a certified copy is filed with the Department on or before April 1, 2020 shall be administered and enforced by the Department beginning on July 1, 2020. For ordinances filed with the Department after April 1, 2020, an ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(g) Notwithstanding any provision in this Section to the contrary, if an ordinance or resolution imposing a tax under this Section was adopted on or before October 1, 2020 and a certified copy thereof was filed with the Department of Revenue on or before November 1, 2020, then the Department shall proceed to administer and enforce this Section as of May 1, 2021 for such ordinances or resolutions.

Sec. 5-1006.9. County Grocery Occupation Tax Law.

(a) The corporate authorities of any county may, by ordinance or resolution that takes effect on or after January 1, 2026, impose a tax upon all persons engaged in the business of selling groceries at retail in the county, but outside of any municipality, on the gross receipts from those sales made in the course of that business. If imposed, the tax shall be at the rate of 1% of the gross receipts from these sales.

The tax imposed by a county under this subsection and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this subsection without registering separately with the Department under that ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection.

In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12 and 13 of the Retailers' Occupation Tax Act and all of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the county but outside of a municipality, in the business of making sales of service, who, as an incident to making those sales of service, transfer groceries, as defined in this Section, as an incident to a sale of service.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under the ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure as are set forth in Sections 2, 2c, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4, 5, 7, 8, 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12, 13, 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section. Those taxes and penalties shall be deposited into the County Grocery Tax Trust Fund, a trust fund created in the State treasury. Except as otherwise provided in this Section, moneys in the County Grocery Tax Trust Fund shall be used to make payments to counties and for the payment of refunds under this Section.

Moneys deposited into the County Grocery Tax Trust Fund under this Section are not subject to appropriation and shall be used as provided in this Section. All deposits into the County Grocery Tax Trust Fund shall be held in the County Grocery Tax Trust Fund by the State Treasurer, ex officio, as trustee separate and apart from all public moneys or funds of this State.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Grocery Tax Trust Fund.

(d) As soon as possible after the first day of each month, upon certification of the Department, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, if any, as defined in the Innovation Development and Economy Act, collected under this Section.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, if any, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which retailers have paid taxes or penalties under this Section to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the amounts in accordance with the directions contained in the certification.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(f) Except as otherwise provided in this subsection, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing, or (ii) be adopted and a certified copy thereof filed with the Department on or before the

first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(h) As used in this Section, "Department" means the Department of Revenue.

For purposes of the tax authorized to be imposed under subsection (a), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 2-10 of the Retailers' Occupation Tax Act.

For purposes of the tax authorized to be imposed under subsection (b), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 3-10 of the Service Occupation Tax Act.

For purposes of the tax authorized to be imposed under subsection (b), "groceries" also means food prepared for immediate consumption and transferred incident to a sale of service subject to the Service Occupation Tax Act or the Service Use Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act.

(55 ILCS 5/5-1007) (from Ch. 34, par. 5-1007)

Sec. 5-1007. Home Rule County Service Occupation Tax Law. The corporate authorities of a home rule county may impose a tax upon all persons engaged, in such county, in the business of making sales of service at the same rate of tax imposed pursuant to Section 5-1006 of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. If imposed, such tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the county does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. The county must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution. The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the

taxing county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing county), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this county tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing county), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless such county also imposes a tax at the same rate pursuant to Section 5-1006.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule County Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the county.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the

Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in each year to each county which received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

This Section shall be known and may be cited as the Home Rule County Service Occupation Tax Law. (Source: P.A. 102-700, eff. 4-19-22; 103-592, eff. 1-1-25.)

Sec. 8-11-1. Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the municipality on the gross receipts from these sales made in the course of such business. If imposed, the tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section

2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution. The tax imposed by a home rule municipality under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-5 of this Act.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than \$500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. Within 10 days after January 14, 1991, participating municipalities shall notify the Department in writing of their intent to participate. In addition, for the initial distribution, participating municipalities shall certify to the Department the amounts collected by the municipality for each month under its home rule occupation and service occupation tax during the period July 1, 1989 through June 30, 1990. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. The monthly average for the period of July 1, 1990 through June 30, 1991 will be determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following the adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed

with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing. However, a municipality located in a county with a population in excess of 3,000,000 that elected to become a home rule unit at the general primary election in 1994 may adopt an ordinance or resolution imposing the tax under this Section and file a certified copy of the ordinance or resolution with the Department on or before July 1, 1994. The Department shall then proceed to administer and enforce this Section as of October 1, 1994. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Any unobligated balance remaining in the Municipal Retailers' Occupation Tax Fund on December 31, 1989, which fund was abolished by Public Act 85-1135, and all receipts of municipal tax as a result of audits of liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution as provided by this Section prior to the enactment of Public Act 85-1135. All receipts of municipal tax as a result of an assessment not arising from an audit, for liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution before July 1, 1990, as provided by this Section prior to the enactment of Public Act 85-1135; and on and after July 1, 1990, all such receipts shall be distributed as provided in Section 6z-18 of the State Finance Act.

As used in this Section, "municipal" and "municipality" means a city, village or incorporated town, including an incorporated town that has superseded a civil township.

This Section shall be known and may be cited as the Home Rule Municipal Retailers' Occupation Tax Act.

Sec. 8-11-1.3. Non-Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose, by ordinance or resolution adopted in the manner described in Section 8-11-1.1, a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property which is titled and registered by an agency of this State's Government, at retail in the municipality. If imposed, the tax shall be imposed on the gross receipts from such sales made in the course of such business. The proceeds of the tax may be used for public infrastructure or for property tax relief or both, as defined in Section 8-11-1.2. If the tax is approved by referendum on or after July 14, 2010 (the effective date of Public Act 96-1057) and before August 5, 2024 (the effective date of Public Act 103-781), the corporate authorities of the non-home rule municipality may, until January 1, 2031, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. If the tax is approved by an ordinance or resolution adopted on or after August 5, 2024 (the effective date of Public Act 103-781), the corporate authorities of the non-home rule municipality may, until January 1, 2031, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. The tax imposed may not be more than 1% and may be imposed only in 1/4% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be

assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit such retailer to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.4 of this Code.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the non-home rule municipal retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Non-Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

Sec. 8-11-1.4. Non-Home Rule Municipal Service Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose, by ordinance or resolution adopted in the manner described in Section 8-11-1.1, a tax upon all persons engaged in the municipality in the business of making sales of service. If imposed, the tax shall be imposed on the selling price of all tangible personal property transferred by such servicemen, either in the form of tangible personal property or in the form of real estate, as an incident to a sale of service. The proceeds of the tax may be used for public infrastructure or for property tax relief or both, as defined in Section 8-11-1.2. If the tax is approved by referendum on or after July 14, 2010 (the effective date of Public Act 96-1057) and before August 5, 2024 (the effective date of Public Act 103-781), the corporate authorities of a non-home rule municipality may, until January 1, 2031, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.3 of this Code.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, the General Revenue Fund, and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

The Department of Revenue shall implement Public Act 91-649 so as to collect the tax on and after January 1, 2002.

Sec. 8-11-1.6. Non-home rule municipal retailers' occupation tax; municipalities between 20,000 and 25,000. The corporate authorities of a non-home rule municipality with a population of more than 20,000 but less than 25,000 that has, prior to January 1, 1987, established a Redevelopment Project Area that has been certified as a State Sales Tax Boundary and has issued bonds or otherwise incurred indebtedness to pay for costs in excess of \$5,000,000, which is secured in part by a tax increment allocation fund, in accordance with the provisions of Division 11-74.4 of this Code may, by passage of an ordinance, impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property that is titled and registered by an agency of this State's Government, at retail in the municipality. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. If imposed, the tax shall only be imposed in .25% increments of the gross receipts from such sales made in the course of business. Any tax imposed by a municipality under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. An ordinance imposing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this Section without registering separately with the

Department under the ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

A tax may not be imposed by a municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.7 of this Act.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant, instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Non-Home Rule Municipal Retailers' Occupation Tax Fund, which is hereby created or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Non-Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the

Department on behalf of the municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

As used in this Section, "municipal" and "municipality" means a city, village, or incorporated town, including an incorporated town that has superseded a civil township.

Sec. 8-11-1.7. Non-home rule municipal service occupation tax; municipalities between 20,000 and 25,000. The corporate authorities of a non-home rule municipality with a population of more than 20,000 but less than 25,000 as determined by the last preceding decennial census that has, prior to January 1, 1987, established a Redevelopment Project Area that has been certified as a State Sales Tax Boundary and has issued bonds or otherwise incurred indebtedness to pay for costs in excess of \$5,000,000, which is secured in part by a tax increment allocation fund, in accordance with the provisions of Division 11-74.4 of this Code may, by passage of an ordinance, impose a tax upon all persons engaged in the municipality in the business of making sales of service. If imposed, the tax shall only be imposed in .25% increments of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality. The tax imposed by a municipality under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. An ordinance imposing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted under this Section without registering separately with the Department under the ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in a manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the

erroneous payment of tax or penalty hereunder. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12, (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Sections 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

A tax may not be imposed by a municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.6 of this Act.

If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

Person subject to any tax imposed under the authority granted in this Section may reimburse themselves for their servicemen's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, under such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. The refund shall be paid by the State Treasurer out of the Non-Home Rule Municipal Retailers' Occupation Tax Fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Non-Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the Municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on

behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities, the Tax Compliance and Administration Fund, and the General Revenue Fund, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

Sec. 8-11-5. Home Rule Municipal Service Occupation Tax Act. The corporate authorities of a home rule municipality may impose a tax upon all persons engaged, in such municipality, in the business of making sales of service at the same rate of tax imposed pursuant to Section 8-11-1, of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. If imposed, such tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax may not be imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If a municipality does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State. The changes made to this Section by this amendatory Act of the 101st General Assembly are a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution. The tax imposed by a home rule municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Section 15, 16, 17 (except that credit memoranda issued

hereunder may not be used to discharge any State tax liability), 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule municipality pursuant to this Section unless such municipality also imposes a tax at the same rate pursuant to Section 8-11-1 of this Act.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Home Rule Municipal Retailers' Occupation Tax Fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the municipality.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers~~ transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than \$500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. Within 10 days after January 14, 1991, participating municipalities shall notify the Department in writing of their intent to participate. In addition, for the initial distribution, participating municipalities shall certify to the Department the amounts collected by the municipality for each month under its home rule occupation and service occupation tax during the

period July 1, 1989 through June 30, 1990. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. Monthly average for the period of July 1, 1990 through June 30, 1991 will be determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. However, a municipality located in a county with a population in excess of 3,000,000 that elected to become a home rule unit at the general primary election in 1994 may adopt an ordinance or resolution imposing the tax under this Section and file a certified copy of the ordinance or resolution with the Department on or before July 1, 1994. The Department shall then proceed to administer and enforce this Section as of October 1, 1994. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

Any unobligated balance remaining in the Municipal Retailers' Occupation Tax Fund on December 31, 1989, which fund was abolished by Public Act 85-1135, and all receipts of municipal tax as a result of audits of liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund, for distribution as provided by this Section prior to the enactment of Public Act 85-1135. All receipts of municipal tax as a result of an assessment not arising from an audit, for liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution before July 1, 1990, as provided by this Section prior to the enactment of Public Act 85-1135, and on and after July 1, 1990, all such receipts shall be distributed as provided in Section 6z-18 of the State Finance Act.

Sec. 8-11-23. Municipal Cannabis Retailers' Occupation Tax Law.

(a) This Section may be referred to as the Municipal Cannabis Retailers' Occupation Tax Law. The corporate authorities of any municipality may, by ordinance, impose a tax upon all persons engaged in the business of selling cannabis, other than cannabis purchased under the Compassionate Use of Medical Cannabis Program Act, at retail in the municipality on the gross receipts from these sales made in the course

of that business. If imposed, the tax may not exceed 3% of the gross receipts from these sales and shall only be imposed in 1/4% increments. The tax imposed under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The Department of Revenue shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2a, 2b, 2c, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

(b) Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with any State tax that sellers are required to collect.

(c) Whenever the Department of Revenue determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department of Revenue shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department of Revenue.

(d) Except as otherwise provided in this Section, the Department of Revenue shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Local Cannabis Retailers' Occupation Tax Trust Fund.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

(e) After the monthly transfer to the STAR Bonds Revenue Fund, on ~~On~~ or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the amount of money to be disbursed from the Local Cannabis Retailers' Occupation Tax Trust Fund to municipalities from which retailers have paid taxes or penalties under this Section during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this Section from sales made in the municipality during the second preceding calendar month, plus an amount the Department of Revenue determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(f) An ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof that is adopted on or after June 25, 2019 (the effective date of Public Act 101-27) and for which a certified copy is filed with the Department on or before April 1, 2020 shall be administered and enforced by the Department beginning on July 1, 2020. For ordinances filed with the Department after April 1, 2020, an ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this

Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

Sec. 8-11-24. Municipal Grocery Occupation Tax Law.

(a) The corporate authorities of any municipality may, by ordinance or resolution that takes effect on or after January 1, 2026, impose a tax upon all persons engaged in the business of selling groceries at retail in the municipality on the gross receipts from those sales made in the course of that business. If imposed, the tax shall be at the rate of 1% of the gross receipts from these sales.

The tax imposed by a municipality under this subsection and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this subsection without registering separately with the Department under that ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection.

In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12 and 13 of the Retailers' Occupation Tax Act and all of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the municipality, in the business of making sales of service, who, as an incident to making those sales of service, transfer groceries, as defined in this Section, as an incident to a sale of service.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act or the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under the ordinance or resolution or under this subsection.

The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this Section and under rules adopted by the Department, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure as are set forth in Sections 2, 2c, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4, 5, 7, 8, 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12, 13, 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which

may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section. Those taxes and penalties shall be deposited into the Municipal Grocery Tax Trust Fund, a trust fund created in the State treasury. Except as otherwise provided in this Section, moneys in the Municipal Grocery Tax Trust Fund shall be used to make payments to municipalities and for the payment of refunds under this Section.

Moneys deposited into the Municipal Grocery Tax Trust Fund under this Section are not subject to appropriation and shall be used as provided in this Section. All deposits into the Municipal Grocery Tax Trust Fund shall be held in the Municipal Grocery Tax Trust Fund by the State Treasurer, ex officio, as trustee separate and apart from all public moneys or funds of this State.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Municipal Grocery Tax Trust Fund.

(d) As soon as possible after the first day of each month, upon certification of the Department, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, if any, as defined in the Innovation Development and Economy Act, collected under this Section.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, if any, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties under this Section to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the amounts in accordance with the directions contained in the certification.

(e) Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(f) Except as otherwise provided in this subsection, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(h) As used in this Section, "Department" means the Department of Revenue.

For purposes of the tax authorized to be imposed under subsection (a), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other

than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 2-10 of the Retailers' Occupation Tax Act.

For purposes of the tax authorized to be imposed under subsection (b), "groceries" has the same meaning as "food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, candy, and food that has been prepared for immediate consumption)", as further defined in Section 3-10 of the Service Occupation Tax Act. For purposes of the tax authorized to be imposed under subsection (b), "groceries" also means food prepared for immediate consumption and transferred incident to a sale of service subject to the Service Occupation Tax Act or the Service Use Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the Assisted Living and Shared Housing Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969, or an entity that holds a permit issued pursuant to the Life Care Facilities Act.

(65 ILCS 5/11-74.3-6)

Sec. 11-74.3-6. Business district revenue and obligations; business district tax allocation fund.

(a) If the corporate authorities of a municipality have approved a business district plan, have designated a business district, and have elected to impose a tax by ordinance pursuant to subsection (10) or (11) of Section 11-74.3-3, then each year after the date of the approval of the ordinance but terminating upon the date all business district project costs and all obligations paying or reimbursing business district project costs, if any, have been paid, but in no event later than the dissolution date, all amounts generated by the retailers' occupation tax and service occupation tax shall be collected and the tax shall be enforced by the Department of Revenue in the same manner as all retailers' occupation taxes and service occupation taxes imposed in the municipality imposing the tax and all amounts generated by the hotel operators' occupation tax shall be collected and the tax shall be enforced by the municipality in the same manner as all hotel operators' occupation taxes imposed in the municipality imposing the tax. The corporate authorities of the municipality shall deposit the proceeds of the taxes imposed under subsections (10) and (11) of Section 11-74.3-3 into a special fund of the municipality called the "[Name of] Business District Tax Allocation Fund" for the purpose of paying or reimbursing business district project costs and obligations incurred in the payment of those costs.

(b) The corporate authorities of a municipality that has designated a business district under this Law may, by ordinance, impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the business district at a rate not to exceed 1% of the gross receipts from the sales made in the course of such business, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the rate of 1% under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and

duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a through 1o, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c through 2h, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which retailers have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected under this subsection during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, less 2% of that amount (except the amount collected on aviation fuel sold on or after December 1, 2019), which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this subsection, on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other requirements of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district and each address in the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary and address information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district or address change, addition, or deletion until the municipality reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information or address change, addition, or deletion to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

When certifying the amount of a monthly disbursement to a municipality under this subsection, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsection (c) of this Section.

(c) If a tax has been imposed under subsection (b), a Business District Service Occupation Tax shall also be imposed upon all persons engaged, in the business district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the business district, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax shall be imposed at the same rate as the tax imposed in subsection (b) and shall not exceed 1% of the selling price of tangible personal property so transferred within the business district, to be imposed only in 0.25% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel is excluded from the tax. Each municipality must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any

ordinance or resolution enacted pursuant to this subsection without registering separately with the Department under such ordinance or resolution or under this subsection. The Department of Revenue shall have full power to administer and enforce this subsection; to collect all taxes and penalties due under this subsection; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of, and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure as are prescribed in Sections 2, 2a through 2d, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the business district), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the municipality), the first paragraph of Section 15, and Sections 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the business district retailers' occupation tax fund or the Local Government Aviation Trust Fund, as appropriate.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into the business district retailers' occupation tax fund. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019, shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Section for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfers ~~transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities from the business district retailers' occupation tax fund, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties under this subsection to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019) collected under this subsection during the second preceding calendar month by the Department, less 2% of that amount (except the amount collected on aviation fuel sold on or after December 1, 2019), which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the

Department in administering and enforcing the provisions of this subsection, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this subsection to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification. The proceeds of the tax paid to municipalities under this subsection shall be deposited into the Business District Tax Allocation Fund by the municipality.

An ordinance imposing or discontinuing the tax under this subsection or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department, if all other requirements of this subsection are met, shall proceed to administer and enforce this subsection as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon, if all other conditions of this subsection are met, the Department shall proceed to administer and enforce this subsection as of the first day of January next following the adoption and filing.

The Department of Revenue shall not administer or enforce an ordinance imposing, discontinuing, or changing the rate of the tax under this subsection, until the municipality also provides, in the manner prescribed by the Department, the boundaries of the business district in such a way that the Department can determine by its address whether a business is located in the business district. The municipality must provide this boundary and address information to the Department on or before April 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following July 1 and on or before October 1 for administration and enforcement of the tax under this subsection by the Department beginning on the following January 1. The Department of Revenue shall not administer or enforce any change made to the boundaries of a business district or address change, addition, or deletion until the municipality reports the boundary change or address change, addition, or deletion to the Department in the manner prescribed by the Department. The municipality must provide this boundary change information or address change, addition, or deletion to the Department on or before April 1 for administration and enforcement by the Department of the change beginning on the following July 1 and on or before October 1 for administration and enforcement by the Department of the change beginning on the following January 1. The retailers in the business district shall be responsible for charging the tax imposed under this subsection. If a retailer is incorrectly included or excluded from the list of those required to collect the tax under this subsection, both the Department of Revenue and the retailer shall be held harmless if they reasonably relied on information provided by the municipality.

A municipality that imposes the tax under this subsection must submit to the Department of Revenue any other information as the Department may require for the administration and enforcement of the tax.

Nothing in this subsection shall be construed to authorize the municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

If a tax is imposed under this subsection (c), a tax shall also be imposed under subsection (b) of this Section.

(c-5) If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

(d) By ordinance, a municipality that has designated a business district under this Law may impose an occupation tax upon all persons engaged in the business district in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate not to exceed 1% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the business district, to be imposed only in 0.25% increments, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in the Hotel Operators' Occupation Tax Act, and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act.

The tax imposed by the municipality under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the municipality imposing the tax. The municipality shall have full power to administer and enforce this subsection, to collect all taxes and

penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the municipality and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are employed with respect to a tax adopted by the municipality under Section 8-3-14 of this Code.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, and with any other tax.

Nothing in this subsection shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

The proceeds of the tax imposed under this subsection shall be deposited into the Business District Tax Allocation Fund.

(e) Obligations secured by the Business District Tax Allocation Fund may be issued to provide for the payment or reimbursement of business district project costs. Those obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of those obligations by the receipts of taxes imposed pursuant to subsections (10) and (11) of Section 11-74.3-3 and by other revenue designated or pledged by the municipality. A municipality may in the ordinance pledge, for any period of time up to and including the dissolution date, all or any part of the funds in and to be deposited in the Business District Tax Allocation Fund to the payment of business district project costs and obligations. Whenever a municipality pledges all of the funds to the credit of a business district tax allocation fund to secure obligations issued or to be issued to pay or reimburse business district project costs, the municipality may specifically provide that funds remaining to the credit of such business district tax allocation fund after the payment of such obligations shall be accounted for annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be expended by the municipality for any business district project cost as approved in the business district plan. Whenever a municipality pledges less than all of the monies to the credit of a business district tax allocation fund to secure obligations issued or to be issued to pay or reimburse business district project costs, the municipality shall provide that monies to the credit of the business district tax allocation fund and not subject to such pledge or otherwise encumbered or required for payment of contractual obligations for specific business district project costs shall be calculated annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be expended by the municipality for any business district project cost as approved in the business district plan.

No obligation issued pursuant to this Law and secured by a pledge of all or any portion of any revenues received or to be received by the municipality from the imposition of taxes pursuant to subsection (10) of Section 11-74.3-3, shall be deemed to constitute an economic incentive agreement under Section 8-11-20, notwithstanding the fact that such pledge provides for the sharing, rebate, or payment of retailers' occupation taxes or service occupation taxes imposed pursuant to subsection (10) of Section 11-74.3-3 and received or to be received by the municipality from the development or redevelopment of properties in the business district.

Without limiting the foregoing in this Section, the municipality may further secure obligations secured by the business district tax allocation fund with a pledge, for a period not greater than the term of the obligations and in any case not longer than the dissolution date, of any part or any combination of the following: (i) net revenues of all or part of any business district project; (ii) taxes levied or imposed by the municipality on any or all property in the municipality, including, specifically, taxes levied or imposed by the municipality in a special service area pursuant to the Special Service Area Tax Law; (iii) the full faith and credit of the municipality; (iv) a mortgage on part or all of the business district project; or (v) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series, bear such date or dates, become due at such time or times as therein provided, but in any case not later than (i) 20 years after the date of issue or (ii) the dissolution date, whichever is earlier, bear interest payable at such intervals and at such rate or rates as set forth therein, except as may be limited by applicable law, which rate or rates may be fixed or variable, be in such denominations, be in such form, either coupon, registered, or book-entry, carry such conversion, registration and exchange privileges, be subject to defeasance upon such terms, have such rank or priority,

be executed in such manner, be payable in such medium or payment at such place or places within or without the State, make provision for a corporate trustee within or without the State with respect to such obligations, prescribe the rights, powers, and duties thereof to be exercised for the benefit of the municipality and the benefit of the owners of such obligations, provide for the holding in trust, investment, and use of moneys, funds, and accounts held under an ordinance, provide for assignment of and direct payment of the moneys to pay such obligations or to be deposited into such funds or accounts directly to such trustee, be subject to such terms of redemption with or without premium, and be sold at such price, all as the corporate authorities shall determine. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Law except as provided in this Section.

In the event the municipality authorizes the issuance of obligations pursuant to the authority of this Law secured by the full faith and credit of the municipality, or pledges ad valorem taxes pursuant to this subsection, which obligations are other than obligations which may be issued under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which ad valorem taxes are other than ad valorem taxes which may be pledged under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which are levied in a special service area pursuant to the Special Service Area Tax Law, the ordinance authorizing the issuance of those obligations or pledging those taxes shall be published within 10 days after the ordinance has been adopted, in a newspaper having a general circulation within the municipality. The publication of the ordinance shall be accompanied by a notice of (i) the specific number of voters required to sign a petition requesting the question of the issuance of the obligations or pledging such ad valorem taxes to be submitted to the electors; (ii) the time within which the petition must be filed; and (iii) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 21 days after the publication of the ordinance, the ordinance shall be in effect. However, if within that 21-day period a petition is filed with the municipal clerk, signed by electors numbering not less than 15% of the number of electors voting for the mayor or president at the last general municipal election, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying or reimbursing business district project costs, or of pledging such ad valorem taxes for the payment of those obligations, or both, be submitted to the electors of the municipality, the municipality shall not be authorized to issue obligations of the municipality using the full faith and credit of the municipality as security or pledging such ad valorem taxes for the payment of those obligations, or both, until the proposition has been submitted to and approved by a majority of the voters voting on the proposition at a regularly scheduled election. The municipality shall certify the proposition to the proper election authorities for submission in accordance with the general election law.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Law, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Law secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of those monies available to the county clerk.

A certified copy of the ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the business district tax allocation fund.

A municipality may also issue its obligations to refund, in whole or in part, obligations theretofore issued by the municipality under the authority of this Law, whether at or prior to maturity. However, the last maturity of the refunding obligations shall not be expressed to mature later than the dissolution date.

In the event a municipality issues obligations under home rule powers or other legislative authority, the proceeds of which are pledged to pay or reimburse business district project costs, the municipality may, if it has followed the procedures in conformance with this Law, retire those obligations from funds in the business district tax allocation fund in amounts and in such manner as if those obligations had been issued pursuant to the provisions of this Law.

No obligations issued pursuant to this Law shall be regarded as indebtedness of the municipality issuing those obligations or any other taxing district for the purpose of any limitation imposed by law.

Obligations issued pursuant to this Law shall not be subject to the provisions of the Bond Authorization Act.

(f) When business district project costs, including, without limitation, all obligations paying or reimbursing business district project costs have been paid, any surplus funds then remaining in the Business District Tax Allocation Fund shall be distributed to the municipal treasurer for deposit into the general corporate fund of the municipality. Upon payment of all business district project costs and retirement of all obligations paying or reimbursing business district project costs, but in no event more than 23 years after the date of adoption of the ordinance imposing taxes pursuant to subsection (10) or (11) of Section 11-74.3-3, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to subsection (10) or (11) of Section 11-74.3-3.

Section 5-925. The Metro-East Park and Recreation District Act is amended by changing Section 30 as follows:

(70 ILCS 1605/30)

Sec. 30. Taxes.

(a) The board shall impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the District on the gross receipts from the sales made in the course of business. This tax shall be imposed only at the rate of one-tenth of one per cent.

This additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019 and through December 31, 2020, this tax is not imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. The board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District. The tax imposed by the Board under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the

Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund or the Local Government Aviation Trust Fund, as appropriate.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District as an incident to a sale of service. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act (or at the 0% rate imposed under this amendatory Act of the 102nd General Assembly). Beginning December 1, 2019 and through December 31, 2020, this tax may not be imposed on sales of aviation fuel unless the tax revenue is expended for airport-related purposes. If the District does not have an airport-related purpose to which it dedicates aviation fuel tax revenue, then aviation fuel shall be excluded from tax. The board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Act, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the District), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the District), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), Sections 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this subsection shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(b-5) If, on January 1, 2025, a unit of local government has in effect a tax under this Section, or if, after January 1, 2025, a unit of local government imposes a tax under this Section, then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

(c) Except as otherwise provided in this paragraph, the Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the State Metro-East Park and Recreation District Fund, which shall be an unappropriated trust fund held outside of the State treasury. Taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020, shall be immediately paid over by the Department to the State

Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the Statewide Innovation Development and Economy Act.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money pursuant to Section 35 of this Act to the District from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to the District shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 and through December 31, 2020) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the District and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

(d) For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) An ordinance imposing a tax under this Section or an ordinance extending the imposition of a tax to an additional county or counties shall be certified by the board and filed with the Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to the District under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Section 5-930. The Local Mass Transit District Act is amended by changing Section 5.01 as follows:
(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. Except as otherwise provided, all taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district, except that the rate of tax imposed under this Section on sales of aviation fuel on or after December 1, 2019 shall be 0.25% in Madison County unless the Metro-East Mass Transit District in Madison County has an "airport-related purpose" and any additional amount authorized under subsection (d-5) is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from any additional amount authorized under subsection (d-5). The rate in St. Clair County shall be 0.25% unless the Metro-East Mass Transit District in St. Clair County has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel imposed in that County is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax.

The Board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section or the Local Government Aviation Trust Fund, as appropriate.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district, except that the rate of tax imposed in these Counties under this Section on sales of aviation fuel on or after December 1, 2019 shall be 0.25% in Madison County unless the Metro-East Mass Transit District in Madison County has an "airport-related purpose" and any additional amount authorized under subsection (d-5) is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from any additional amount authorized under subsection (d-5). The rate in St. Clair County shall be 0.25% unless the Metro-East Mass Transit District in St. Clair County has an "airport-related purpose" and the additional 0.50% of the 0.75% tax on aviation fuel is expended for airport-related purposes. If there is no airport-related purpose to which aviation fuel tax revenue is dedicated, then aviation fuel is excluded from the additional 0.50% of the 0.75% tax.

The Board must comply with the certification requirements for airport-related purposes under Section 2-22 of the Retailers' Occupation Tax Act. For purposes of this Section, "airport-related purposes" has the meaning ascribed in Section 6z-20.2 of the State Finance Act. This exclusion for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax, and except that the retailer's discount is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are

authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section or the Local Government Aviation Trust Fund, as appropriate.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section.

(d-1) If, on January 1, 2025, a unit of local government has in effect a tax under subsections (b), (c), and (d) or if, after January 1, 2025, a unit of local government imposes a tax under subsections (b), (c), and (d), then that tax applies to leases of tangible personal property in effect, entered into, or renewed on or after that date in the same manner as the tax under this Section and in accordance with the changes made by this amendatory Act of the 103rd General Assembly.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next election, in accordance with the general election law.

The proposition shall be in substantially the following form:

Shall the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax be increased from 0.25% to 0.75%?

(B) Two thousand five hundred electors of any Metro East Mass Transit District may petition the Chief Judge of the Circuit Court, or any judge of that Circuit designated by the Chief Judge, in which that District is located to cause to be submitted to a vote of the electors the question whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%.

Upon submission of such petition the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency thereof. Notice of the filing of such petition and of such date shall be given in writing to the District and the County Clerk at least 7 days before the date of such hearing.

If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

We, the undersigned electors of the (name of transit district), respectfully petition your honor to submit to a vote of the electors of (name of transit district) the following proposition:

Name

Address, with Street and Number.

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing, or on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(D) If the voters have approved a referendum under this subsection, before November 1, 1994, to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance at any time before January 1, 1995 that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase must be filed with the Department at least 15 days before its effective date. At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. Beginning January 1, 1996, the Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government. After July 1, 2004, if the voters have approved a referendum under this subsection to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase shall be adopted, and a certified copy of that ordinance shall be filed with the Department on or before October 1, whereupon the Department shall administer and enforce this exclusion from the rate increase as of the following January 1, or on or before April 1, whereupon the Department

shall administer and enforce this exclusion from the rate increase as of the following July 1. The Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed \$20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. Beginning July 1, 2004, the fee shall apply only to titled property that is subject to either the Metro East Mass Transit District Retailers' Occupation Tax or the Metro East Mass Transit District Service Occupation Tax. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

(d-7) Until June 30, 2004, if a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the amount of the fee imposed under subsection (d-6).

(d-7.1) Beginning July 1, 2004, any fee imposed by the Board of Trustees of any Metro East Mass Transit District under subsection (d-6) and all civil penalties that may be assessed as an incident of the fees shall be collected and enforced by the State Department of Revenue. Reference to "taxes" in this Section shall be construed to apply to the administration, payment, and remittance of all fees under this Section. For purposes of any fee imposed under subsection (d-6), 4% of the fee, penalty, and interest received by the Department in the first 12 months that the fee is collected and enforced by the Department and 2% of the fee, penalty, and interest following the first 12 months (except the amount collected on aviation fuel sold on or after December 1, 2019) shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department. No retailers' discount shall apply to any fee imposed under subsection (d-6).

(d-8) No item of titled property shall be subject to both the higher rate approved by referendum, as authorized under subsection (d-5), and any fee imposed under subsection (d-6) or (d-7).

(d-9) (Blank).

(d-10) (Blank).

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) (Blank).

(g) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Metro East Mass Transit District as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, except as provided in subsection (d-5) of this Section, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing, or, beginning January 1, 2004, on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(h) Except as provided in subsection (d-7.1), the State Department of Revenue shall, upon collecting any taxes as provided in this Section, pay the taxes over to the State Treasurer as trustee for the District. The taxes shall be held in a trust fund outside the State Treasury. If an airport-related purpose has been certified, taxes and penalties collected in St. Clair County on aviation fuel sold on or after December 1, 2019 from the 0.50% of the 0.75% rate shall be immediately paid over by the Department to the State Treasurer, ex officio, as trustee, for deposit into the Local Government Aviation Trust Fund. The Department shall only pay

moneys into the Local Government Aviation Trust Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the District.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the local mass transit district imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

As soon as possible after the first day of each month, beginning January 1, 2026, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Statewide Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the local mass transit district imposes a tax on real property as provided in the definition of "local sales taxes" under the Statewide Innovation Development and Economy Act.

After the monthly ~~transfers transfer~~ to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the District, which shall be the amount (not including credit memoranda and not including taxes and penalties collected on aviation fuel sold on or after December 1, 2019 that are deposited into the Local Government Aviation Trust Fund) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including any amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, and less any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the District and the Tax Compliance and Administration Fund, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the direction in the certification.

(11) require that a taxpayer shall, at all times, keep proper books of record and account in accordance with generally accepted accounting principles; any books, records, or papers related to the agreement shall be kept in the custody or control of the taxpayer and shall be open for reasonable Department inspection and audit, including, without limitation, the making of copies of the books, records, or papers and the inspection or appraisal of any of the taxpayer's or project's assets; and

(12) take whatever actions are necessary or appropriate to protect the State's interest in the event of bankruptcy, default, foreclosure, or noncompliance with the terms and conditions of financial assistance or participation required under this Act, including the power to sell, dispose, lease, or rent, upon terms and conditions determined by the Director to be appropriate, real or personal property that the Department may receive as a result of these actions.

Section 10-20. Advancing Innovative Manufacturing for Illinois Tax Credit project applications.

(a) The Advancing Innovative Manufacturing for Illinois Tax Credit program is hereby established and shall be administered by the Department. The Program will provide investment tax credit incentives to eligible manufacturers of critically demanded goods.

(b) A taxpayer planning a project to be located in Illinois may request consideration for designation of its project as an Advancing Innovative Manufacturing for Illinois Tax Credit program project by formal written letter of request to the Department. The letter must, at a minimum, identify the company name and project location, detail the scope of the project, and specify the amount of intended capital investment in the project, the number of new full-time employees at a designated location in Illinois, the number of retained employees at a project location and across Illinois, and any change in the statewide baseline. As circumstances require, the Department shall require a formal application from an applicant.

(c) The Department of Commerce and Economic Opportunity shall review the merits of each letter provided to evaluate the taxpayer's demonstrated commitment to expanding manufacturing within Illinois, the overall positive fiscal impact of the project on the State, the economic soundness of the project, and the benefit of the project to the people of the State through increased, retained, or improved employment opportunities. In the Department's evaluation of the project, special consideration may be applied to projects located within underserved areas; projects targeting industries that are vital to the Illinois economy; projects with significant job creation or job retention, or both; and projects with considerable capital improvement investments. At a minimum, the Department shall review project applications that include a capital improvement investment of at least \$10,000,000.

(d) A taxpayer may not enter into more than one agreement under this Act with respect to a single address or location for the same period of time. A taxpayer may not enter into an agreement under this Act with respect to a single address or location if the taxpayer also holds an active agreement under the

Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits for the same period of time. This provision does not preclude the applicant from entering into an additional agreement after the expiration or voluntary termination of an earlier agreement under this Act or under the Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits to the extent that the taxpayer's application otherwise satisfies the terms and conditions of this Act and is approved by the Department. An applicant with an existing agreement under the Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits may submit an application for an agreement under this Act after it terminates any existing agreement under the Economic Development for a Growing Economy Tax Credit Act, Reimagining Electric Vehicles in Illinois Tax Credit Act, Manufacturing Illinois Chips for Real Opportunity Act, or Data Center Investment Tax Exemptions and Credits with respect to the same address or location.

Section 10-25. Tax credit awards.

(a) Subject to the conditions set forth in this Act, a taxpayer is entitled to a credit against the tax imposed under subsections (a) and (b) of Section 201 of the Illinois Income Tax Act for taxable years beginning on or after January 1, 2026. The Department may award credits under this Act on and after January 1, 2027.

(b) The credit under this Act shall not exceed 7% of the applicant's total capital improvement investments for the year for which the applicant seeks credit. Credits awarded under this Act shall not reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act to less than zero. Unused credit may be carried forward for a maximum of 10 years for use in future taxable years. Any taxpayer qualifying for credits under this Act shall not be eligible for the credits under subsections (c), (f), or (h) of Section 201 of the Illinois Income Tax Act for the same expenditures for the same taxable period.

(c) The Department shall certify to the Department of Revenue: (1) the identity of taxpayers that are eligible to receive tax credits under this Act and (2) the amount of the credits awarded in each calendar year. Credits so earned and certified by the Department may be applied against the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act for taxable years beginning on or after January 1, 2026.

(d) Any applicant issued a certificate for a tax credit under this Act must report to the Department the total project tax benefits received. Reports are due no later than April 15 of the year in which the applicant is seeking the credit and shall cover the entire project period. Failure to report data may result in ineligibility to receive incentives. The Department, in consultation with the Department of Revenue, is authorized to adopt rules governing ineligibility to receive exemptions, including the length of ineligibility. Factors to be considered in determining whether a business is ineligible include, but are not limited to, prior compliance with the reporting requirements, cooperation in discontinuing and correcting violations, the extent of the violation, and whether the violation was willful or inadvertent.

(e) The Department shall determine the amount and duration of the credit awarded under this Act, subject to the limitations set forth in this Act. The credit amount shall be determined based on the total amount of the capital improvement investment made by the taxpayer. A capital improvement investment of \$10,000,000 or more but less than \$50,000,000 shall result in a maximum credit of 3% of the capital improvement amount; a capital improvement investment of \$50,000,000 or more but less than \$100,000,000 shall result in a maximum credit of 5% of the capital improvement amount; a capital improvement investment of \$100,000,000 or more shall result in a maximum credit of 7% of the capital improvement amount. Projects may be granted a tax credit award that reflects investments made within a maximum 5-year period. Each program agreement will detail a specific placed-in-service date by which the company must complete the project investment. Credit for a project shall be issued after the project is placed in service.

(f) Nothing in this Section shall prevent the Department, in consultation with the Department of Revenue, from adopting rules to extend the sunset of any earned, existing, and unused tax credit or credits awarded under this Act that a taxpayer may be in possession of.

Section 10-30. Contents of agreements with applicants.

[May 31, 2025]

(a) The Department shall enter into an agreement with an applicant that is awarded a credit under this Act. The agreement shall include all of the following:

(1) a detailed description of the project that is the subject of the agreement, including the location and amount of the investment and jobs created or retained;

(2) the duration of the credit, the first taxable year for which the credit may be awarded, and the first taxable year in which the credit may be used by the taxpayer;

(3) the maximum allowable credit as a percentage of the project's total capital investment;

(4) a requirement that the taxpayer shall maintain operations at the project location for a minimum of 15 years;

(5) a requirement that the taxpayer shall, at the time that the project is placed in service, report to the Department the number of new employees, the number of retained employees, and the total capital improvement investment of the project, and any other information the Department deems necessary and appropriate to perform its duties under this Act;

(6) a requirement authorizing the Director to verify with the appropriate State agencies the amounts reported under paragraph (5), and, after doing so, to issue a certificate to the taxpayer stating that the amounts have been verified;

(7) a requirement that the taxpayer shall provide written notification to the Director not more than 30 days after the taxpayer makes or receives a proposal that would transfer the taxpayer's State tax liability obligations to a successor taxpayer;

(8) a detailed description of the number of new employees to be hired, and the occupation and payroll of full-time jobs to be created or retained because of the project;

(9) the minimum investment the taxpayer will make in capital improvements, the time period for which the project may claim credit, and the designated location in Illinois for the investment;

(10) a requirement that the taxpayer shall provide written notification to the Director and the Director's designee not more than 30 days after the taxpayer determines that the minimum job creation or retention, employment payroll, or investment no longer is or will be achieved or maintained as set forth in the terms and conditions of the agreement. Additionally, the notification should outline to the Department the number of layoffs, date of the layoffs, and detail taxpayer's efforts to provide career and training counseling for the impacted workers with industry-related certifications and trainings;

(11) a provision that, if the total number of new employees falls below a specified level, the allowance of credit shall be suspended until the number of new employees equals or exceeds the agreement amount;

(12) a detailed description of the items for which the costs incurred by the taxpayer will be included in the limitation on the credit;

(13) a provision stating that if the taxpayer ceases principal operations with the intent to permanently shut down the project in the State during the term of the agreement, then the entire credit amount awarded to the taxpayer prior to the date the taxpayer ceases principal operations shall be returned to the Department and shall be reallocated to the local workforce investment area in which the project was located; and

(14) any other performance conditions or contract provisions the Department determines are necessary or appropriate.

(b) The Department shall post on its website the terms of each agreement entered into under this Act. The information shall be posted within 10 days after entering into the agreement and must include the following:

(1) the name of the taxpayer;

(2) the location of the project;

(3) the estimated value of the credit;

(4) the number of new employee jobs and, if applicable, number of retained employee jobs at the project; and

(5) whether or not the project is in an underserved area or energy transition area.

Section 10-35. Certificate of verification; submission to the Department of Revenue.

(a) A taxpayer claiming a credit under this Act shall submit to the Department of Revenue a copy of the Director's certificate of verification under this Act for the taxable year. However, failure to submit a copy of the certificate with the taxpayer's tax return shall not invalidate a claim for a credit.

(b) For a taxpayer to be eligible for a certificate of verification, the taxpayer shall provide proof as required by the Department, prior to the end of each calendar year, including, but not limited to, attestation by the taxpayer that the project has achieved the level of capital improvements in Illinois specified in its agreement.

Section 10-40. Noncompliance; notice; assessment. If the Director determines that a taxpayer who has received a credit under this Act is not complying with the requirements of the agreement or all of the provisions of this Act, the Director shall provide notice to the taxpayer of the alleged noncompliance and allow the taxpayer a hearing under the provisions of the Illinois Administrative Procedure Act. If, after such notice and any hearing, the Director determines that noncompliance exists, the Director shall issue to the Department of Revenue a notice to that effect, stating the noncompliance date. If, during the term of an agreement, the taxpayer ceases operations at a project location that is the subject of the agreement with the intent to terminate operations in the State, the Department and the Department of Revenue shall recapture from the taxpayer the entire credit amount awarded under that agreement prior to the date the taxpayer ceases operations. The Department shall, subject to appropriation, reallocate the recaptured amounts within 6 months to the local workforce investment area in which the project was located for purposes of workforce development, expanded opportunities for unemployed persons, and expanded opportunities for women and minority persons in the workforce. The taxpayer will be ineligible for future funding under other State tax credit or exemption programs for a 36-month period. Noncompliance with the agreement will result in a default of other agreements for State tax credits and exemption programs for the project.

Section 10-45. Annual report.

(a) On or before July 1 of each year, the Department shall submit a report on the tax credit program under this Act to the Governor and the General Assembly. The report shall include information on the number of agreements that were entered into under this Act during the preceding calendar year, a description of the project that is the subject of each agreement, an update on the status of projects under agreements entered into before the preceding calendar year, and the sum of the credits awarded under this Act. A copy of the report shall be delivered to the Governor and to each member of the General Assembly.

(b) The report must include, for each agreement:

- (1) the original estimates of the value of the credit and the number of new employee jobs to be created and, if applicable, the number of retained employee jobs;
- (2) any relevant modifications to existing agreements; and
- (3) a copy of the original agreement or link to the agreement on the Department's website.

As used in this Section:

"Site readiness work" means services related to the abatement, remediation, or demolition of surplus real property. "Site readiness work" also includes, but is not limited to, surveys, abstracts of title, or commitments for title insurance, environmental reports, property condition reports, or any other services or supplies as the Department may, in its reasonable discretion, deem necessary to demonstrate good and marketable title in and the existing conditions or characteristics of the surplus real property.

"Surplus real property" has the meaning given to that term in the State Property Control Act.

The Department may establish rules necessary or desirable to exercise the authority granted by this Section.

Section 10-895. The Illinois Procurement Code is amended by adding Section 1-45 as follows:
(30 ILCS 500/1-45 new)

related to their status as an electric vehicle manufacturer, an electric vehicle component manufacturer, an electric vehicle power supply equipment manufacturer, a battery recycling and reuse manufacturer, a battery raw materials refining service provider, a green steel manufacturer, electrical transformer or transformer component part manufacturer, an assembler or manufacturer of retrofit electric vehicles, an entity that manufactures machinery or equipment essential to the production of electric vehicles, electric vehicle component parts, or renewable energy, or an entity engaged in eVTOL or hybrid-electric or fully electric propulsion systems for airliners research, development, or manufacturing. ARTICLE 15

Section 15-5. The Illinois Income Tax Act is amended by changing Section 701 as follows:

(35 ILCS 5/701) (from Ch. 120, par. 7-701)

Sec. 701. Requirement and amount of withholding.

(a) In General. Every employer maintaining an office or transacting business within this State and required under the provisions of the Internal Revenue Code to withhold a tax on:

(1) compensation paid in this State (as determined under Section 304(a)(2)(B)) to an individual; or

(2) payments described in subsection (b) shall deduct and withhold from such compensation for each payroll period (as defined in Section 3401 of the Internal Revenue Code) an amount equal to the amount by which such individual's compensation exceeds the proportionate part of this withholding exemption (computed as provided in Section 702) attributable to the payroll period for which such compensation is payable multiplied by a percentage equal to the percentage tax rate for individuals provided in subsection (b) of Section 201.

(a-5) Withholding from nonresident employees. For taxable years beginning on or after January 1, 2020, for purposes of determining compensation paid in this State under paragraph (B) of item (2) of subsection (a) of Section 304:

(1) If an employer maintains a time and attendance system that tracks where employees perform services on a daily basis, then data from the time and attendance system shall be used. For purposes of this paragraph, time and attendance system means a system:

(A) in which the employee is required, on a contemporaneous basis, to record the work location for every day worked outside of the State where the employment duties are primarily performed; and

(B) that is designed to allow the employer to allocate the employee's wages for income tax purposes among all states in which the employee performs services.

(2) In all other cases, the employer shall obtain a written statement from the employee of the number of days reasonably expected to be spent performing services in this State during the taxable year. Absent the employer's actual knowledge of fraud or gross negligence by the employee in making the determination or collusion between the employer and the employee to evade tax, the certification so made by the employee and maintained in the employer's books and records shall be prima facie evidence and constitute a rebuttable presumption of the number of days spent performing services in this State.

(a-10) If the compensation is paid through a loan out company, as defined under Section 10 of the Film Production Services Tax Credit Act of 2008, if the compensation is considered compensation paid in this State under paragraph (B) of item (2) of subsection (a) of Section 304, and if the compensation is for in-State services performed for a production that is accredited under Section 10 of the Film Production Services Tax Credit Act of 2008 and concludes on or after July 1, 2025, then the production company or its authorized payroll service company shall be considered the employer for the purpose of withholding tax on that compensation under this Article 7 and shall withhold at the tax rate provided in subsection (b) of Section 201 on all payments to loan out companies for services performed in Illinois by the loan out company's employees. Notwithstanding any other provision of law, nonresident employees of loan out companies who perform services in Illinois shall be considered taxable nonresidents and shall be subject to the tax under this Act in the taxable year in which the employee performs services in Illinois.

(b) Payment to Residents. Any payment (including compensation, but not including a payment from which withholding is required under Section 710 of this Act) to a resident by a payor maintaining an office or transacting business within this State (including any agency, officer, or employee of this State or of any political subdivision of this State) and on which withholding of tax is required under the provisions of the Internal Revenue Code shall be deemed to be compensation paid in this State by an employer to an employee for the purposes of Article 7 and Section 601(b)(1) to the extent such payment is included in the recipient's base income and not subjected to withholding by another state. Notwithstanding any other provision to the contrary, no amount shall be withheld from unemployment insurance benefit payments made to an individual pursuant to the Unemployment Insurance Act unless the individual has voluntarily elected the withholding pursuant to rules promulgated by the Director of Employment Security.

(c) Special Definitions. Withholding shall be considered required under the provisions of the Internal Revenue Code to the extent the Internal Revenue Code either requires withholding or allows for voluntary withholding the payor and recipient have entered into such a voluntary withholding agreement. For the purposes of Article 7 and Section 1002(c) the term "employer" includes any payor who is required to withhold tax pursuant to this Section.

(d) Reciprocal Exemption. The Director may enter into an agreement with the taxing authorities of any state which imposes a tax on or measured by income to provide that compensation paid in such state to residents of this State shall be exempt from withholding of such tax; in such case, any compensation paid in this State to residents of such state shall be exempt from withholding. All reciprocal agreements shall be subject to the requirements of Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

(e) Notwithstanding subsection (a)(2) of this Section, no withholding is required on payments for which withholding is required under Section 3405 or 3406 of the Internal Revenue Code.
