in Champaign, University of Illinois students Seihla and Theo. Now, I know the Chamber knows this because they've all had to do it. But this is a true honor to have young people who have come to me and asked to help. Because I don't know about you guys, but when I was this age, that was not first on my agenda. So, there really is hope for our world moving forward. These 2 have provided counsel, they've provided discussion opportunities. We're actually going to meet with an agency today and have a conversation about laws, and I cannot wait to hear what they have to do and present to our agencies later today. So, if you wouldn't mind helping me welcome Theo and Seihla.

printed in the Calendar so that the Senate can take 3rd Reading final action on that list on Friday, April 12th, 2024.

PRESIDING OFFICER (SENATOR AQUINO)

Is there any discussion? Seeing none. President Harmon moves that submitted list of Senate Bills be placed on the Order of 3rd Reading - Agreed Bills so that they can be acted on by one roll call by the Senate. All those in favor will say Aye. Opposed, Nay. The Ayes have it, and the motion is adopted. President Harmon.

SENATOR HARMON:

Thank you, Mr. President. My 2nd motion addresses the procedure for passing bills on the Agreed Bill List. The Agreed Bill List has been circulated and it will be printed on the Calendar. Starting today, the Secretary of the Senate's Office will have vote intention sheets available. This gives you the opportunity to mark whether you wish to vote Nay, Present, or Abstain from voting on a particular bill on the Agreed Bill List. If you fail to fill out a form like this, then the roll call for each bill on the Agreed Bill List will reflect the vote you cast on the Agreed Bill List order, in its totality. So, as an example, if I do not file a vote intention sheet, then I vote Yea on the roll call on the Agreed Bill List. The roll call for each bill will reflect that I voted Yes. Senators, if you wish to file a vote intention sheet, you must file the sheet or sheets if you have multiple bills with the Secretary's Office, no later than 10 a.m. on Friday, April 12th, 2024. If you fail to vote... I'm sorry, if you fail to file a vote intention sheet with the Secretary, then the roll call for each bill on the Agreed Bill List will reflect the vote that you cast on the Agreed Bill List order. With leave of the Body, I request that we adopt the process I've

SECRETARY ANDERSON:

Senate Bill 464, an Act concerning education. 3rd Reading of the bill.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Johnson, on your bill.

SENATOR JOHNSON:

Thank you, Mr. President. Senate Bill 6 -- 464, as amended, allows the North Chicago School District 187, which is receiving federal grant to pay for 80 percent of this project to be exempt from the public referendum requirement to build a new elementary school. And with this amendment, make the following changes to the School Code. So, any school district meeting the following criteria is exempt from the referendum requirement. And that's North Chicago School District 187 is designated as a Tier 1 or Tier 2 school, has at least 1 school that is located on a federal property and receives a federal grant covering at least 75 percent of the project, and then any school district that's requires meeting these requirements, they still have to have 2 public hearings and to get public input. And I know of no known opposition and I request an Aye vote.

PRESIDING OFFICER (SENATOR AQUINO)

Is there any discussion? Senator Bryant, for what purposes... No. Senator McConchie.

Thank you, Mr. President. Thank you, Senator, for bringing this forward. I just want to clarify for the record, there -- there's a budget plan. I mean, this is a very exciting opportunity to be able to get 80 percent of this paid for by the federal government. Those local funds, will this require a tax increase on behalf of the residents who -- who are living in this district and can -- can you just state, for the record, what our understanding is of that?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Johnson.

SENATOR JOHNSON:

Thank you, Senator, and that's a great question. So, with the 20 percent that the school district will have to cover with a blended approach, there would be no tax increase for taxpayers, residents in the community.

Senator McConchie.

SENATOR MCCONCHIE:

SENATOR MCCONCHIE:

Thank you, Mr. President. It is not likely that we bypass the referendum process, but given the federal government's generosity in this case, their timeline, the fact that I believe that there is a very concrete plan in regards to the funding and the commitment that has been made both publicly by the district as well as the sponsor, that this will not result in a tax increase. I know that the existing school is in very difficult straits. The

Senator Johnson.

SENATOR JOHNSON:

Thank you, Senator. I appreciate the question. And -- and yes, with the new school we're - there will be an expansion that means more students will be allowed to attend. And -- and actually, this will encourage and incentivize more students, in the community, to attend the school. That's the goal.

To the bill.

SENATOR WILCOX:

For those that are not familiar with what happens at Great Lakes, and I was not in the Member - as a Member of the Air Force until I moved to Illinois. But all of our Navy recruits go through Great Lakes, and the chance for them to see a brand-new school, even though many of them are not married and don't have kids at the time, will give them a sense of commitment and fulfillment by the Department of Defense to Education of military children. So absolutely support this bill and thank you for bringing it.

PRESIDING OFFICER (SENATOR AQUINO)

Any further discussion? Senator Rezin, for what purpose do you seek recognition?

SENATOR REZIN:

Thank you, Mr. President. Question for the sponsor, please.

PRESIDING OFFICER (SENATOR AQUINO)

SENATOR REZIN:

Thank you, Senator. Thank you for bringing this bill. I mean, I think we all agree with what you're trying to do there. We just want to make sure that we get a few questions on record. So, you mentioned that the cost, you feel that the cost of this project will be approximately \$75 million, with which the majority, I would say 80 percent of the money is coming from the federal government. And then the remainder is they already have the amount of money, to set aside to, to fulfill the 20 percent. Is that correct?

Senator Johnson.

SENATOR JOHNSON:

Thank you, Senator, that -- that's correct, because with the blended approach we talked about with certain bonds as well as philanthropic support, yes, we do have the 20 percent. So, we as you mentioned, the project would cost around 75 million. The federal government, DOD is granting 60 million and that leaves 15 million that will be covered.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Rezin.

SENATOR REZIN:

Thank you to the bill, please.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR REZIN:

Thank you. I rise in support of this bill as well. I just want to make sure that we have on record that they feel that the cost of the building will be around \$75 million. I know they're waiting for their final estimates to come in, since there is, since you are asking us to withdraw the referendum component, I want to make sure that we're talking about, you know, we know how much that this will cost. The second point I'd like to make is it's not typical that we withdraw. We like to have a referendum. If we're asking the local property payers to be able to decide whether they want a project or not. But I do feel that your project's incredibly unique, that we are able to, first of all, provide an update, a facility, and a school system and a place that we should be, and that the federal government has, is leading by donating the tremendous amount of the money. So, because of that, I support this bill. Thank you for bringing it to the Senate.

Thank you, Mr. President. I want to thank my colleagues for their support, and I want to thank Dillion and their staff and Leader Morrison for the role they played in ensuring that we advance this important legislative measure. And I want to thank my team, particularly Mackenzie Wade, for working so hard on this effort as well. And this is a unique situation. And -- and typically, you're right. We do not like to bypass referendum. But this is a unique situation. North Chicago is an underserved, underrepresented community. And as my colleague stated, this is only going to incentivize and encourage, our military personnel to, when they have children to attend the school, as well as, our current residents in North Chicago to attend this great school. And one of the things I want to note, too, is that this school didn't have any usable drinking water because of the lead pipes, and there were some other, hazards in the school. And so, this will address immediate needs and -- and some safety concerns, environmental concerns, and it also will make sure we're prepared for the future to continue educating our children in an environment that is conducive to that. So, thank you very much. I ask for an Aye vote.

Thank you. Senator, we share an agreement, the need for an ID and the importance that has in, you know, getting back to work. Our -- our concern that we have is, is that you are waiving the fee requirement for a convicted prisoner, but we still have, within the State of Illinois, a fee structure for the poor and the working poor. And I wanted you to speak a little bit on that, please.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Belt.

SENATOR BELT:

So -- so, Senator Chesney, there is a program right now for the Secretary of State that it would be no cost to those individuals who are coming out of institutions, transitioning back into society. So, it would be no cost to them. And that is a program that already exists.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Chesney.

SENATOR CHESNEY:

Yes, and I appreciate that Senator, we were aware of that in our analysis. I think our concern is, is that right now, if you have a poor, working, poor person in the State of Illinois that is of the age of 18 to 64, they have to pay a fee of \$20 for an ID, presumably also that will help them get a job. And -- and yet you can be a convicted felon or convicted of a misdemeanor of a jury of their peers, and they get a free ID. And I was wondering why this legislation wouldn't include a free ID for those that are poor, working poor, of limited means, so, they would also have that same benefit that we're allowing those that have been convicted in the State of Illinois.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Belt.

SENATOR BELT:

Senator, this legislation is specifically targeted for those persons who are coming, transitioning back into society. The goal, or the impetus for this legislation is to help reduce our recidivism. We know that if you come out and you're already able to get identification, that it helps you gain traction as you go forward. Now, the -- the -- the conversation or the conversation that you're having about, those who are already out and helping them with, a free ID, I think is great. And if you sponsor the legislation, I'll co-sponsor with you. But that's not the legislation that I have in front of me today. Those are 2 different things. And I don't want you to conflate them both.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Chesney.

SENATOR CHESNEY:

Thank you, Senator. I look forward to working with you on the legislation to make sure everybody in the State of Illinois can have a free ID of limited means, and that we are not prioritizing those that are convicted of crimes. To the bill, Mr. President.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR CHESNEY:

I think this just speaks to the out of balance of what we're prioritizing. Right now, we're prioritizing those that have been convicted of a jury of their peers. And yet you could be a single working mother and \$20 is perhaps a -- a -- a hill too high to

STATE OF ILLINOIS
103rd GENERAL ASSEMBLY

climb right now financially -- for many people. And yet we are prioritizing the State of Illinois, those that have been convicted and those that are not convicted and are -- are playing by the rules are left to pay the fee. And for that reason, I'll be voting no. But I look forward to your support, Senator, and our legislation that will be waiving the fees for those that are poor and the working poor, so they can all have IDs in the State of Illinois so they can be gainfully employed. Thank you, Mr. President.

So, these are for county jails, Department of Corrections, and for federal - those who are incarcerated in federal facilities. Is that correct?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Belt.

So, you're -- you're absolutely correct, county jails and federal prisons in Illinois.

Senator Bryant.

STATE OF ILLINOIS

SENATOR BRYANT:

Thank you. And there is no requirement for how long that person has to be incarcerated. So, for instance, someone's in a county jail, they're locked up over the weekend. If they requested one, the Secretary of State's Office would have to issue them an ID.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Belt.

SENATOR BELT:

Senator, I vividly recall our -- our debate over that in committee and Senator, I do not think that you could go in over a weekend and come out, and this applies to you. I really think that it's for, people who are incarcerated for a length of time and then who are transitioning back into society, not those who will either come in on a furlough or those who are just locked up over the weekend and are five days or six days and then gets released from a county jail or anything like that. I don't think that's the spirit of the -- the bill. And let me remind you that the bill, the genesis of the bill came from a chief probation officer, federal officer, probation officer who wanted to lessen the recidivism rate of those going out and then turning around, coming back in because of the prohibitive factor of trying to get an ID.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR BRYANT:

STATE OF ILLINOIS

96th Legislative Day

4/10/2024

I greatly appreciate what the sponsor is saying for the original intent of the bill, which came from a federal probation officer. But this bill has been amended to also include county jails and Department of Corrections. In my experience, 20 years in the Department of Corrections once someone who's incarcerated, who really wants to make sure that they get everything that's due them while they're locked up, will in fact ask for this ID card simply because they can. And so, we run the risk of having those who are locked up for a weekend or a furlough, as Senator described, simply asking for that ID. Now, I would say that in committee someone testified from the Secretaries of State, Secretary of State's Office that they don't -- they're not concerned about that, that they would be willing to do that, and that they also are not concerned about the cost that will be incurred here. So, as we vote for this bill, for those who vote yes, just please keep in mind that the Secretary of State's Office said they don't have any concern about what this might cost. I urge a No vote on the bill. I did vote Yes in committee in order to move it out, but I don't support it, in this form, and won't support it today. Thank you.

only be issued to someone who was leaving a facility, a jail, federal penitentiary, corrections, and the like. But as I'm looking at the text of the bill, it just looks to me like it - starting in the very line one - line four of the bill just says that the Secretary of State will issue upon application by the -- the convicted person, the jailed person, whoever it is, can just apply. So, I'm not seeing that, upon release, as part of the bill.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Belt.

SENATOR BELT:

Senator the -- the whole idea of and I understand what you're saying, but the whole idea surrounding this is to give IDs to people who -- are persons who are incarcerated, who are transferring -- transitioning back into society, not those who want to usurp. Paying the \$20 for, the DM - Secretary of State fee and go to jail in lieu of paying the \$20. Not those who, are in jail or incarcerated in prison, they won't get it. It's designed for those who are coming out of those, jail or those who are coming out of prison to get them an ID card so that they can go further on with their life. And I know we're putting a real emphasis on the cost. Some of you are, I would also remind you that when we, recidivate and we go back to prison, that that or go back to jail, that that cost pales in comparison. Cost for an ID pales in comparison to putting someone up and providing meals and all those things for them as well. So, I hope I answered your question, Senator.

SENATOR TRACY:

I -- I have the greatest respect for Senator Belt. What he's trying to accomplish, I think the -- the constituent or the person that was a parole officer that brought the idea had a very good idea. We all want someone exiting a correctional facility or a jail to have an opportunity to work, to become a productive citizen. I think Senator Chesney had a very worthwhile discussion about the difference of someone who isn't incarcerated, having to pay a fee regardless of how much money they have. And the fact that this bill, is meant to say upon release, but it doesn't. And as we know, all the words in a bill matter. And it's true, a person that is incarcerated could avail themselves of as many as IDs as they want. All they have to do is apply to the Secretary of State, and it says they will issue them. We're stewards of the State's money. The Secretary of State didn't think they'd have any problem doing this. And I say good luck. I think you are going to see that it's going to be a high cost, because anybody incarcerated can ask for this and will and the person on the street cannot. They have to pay a fee. And that's not fair. Anyway, that's why I can't support the bill. And -- and I appreciate the intent. The intent is good, but the bill itself is not clear enough, does not say, upon release, and it could be misused. Thank you.

SENATOR LEWIS:

Mr. President, thank you very much. As colleagues, here in the Senate, today, we are looking to conduct legislation that is probably going to live for a very long time. It was earlier this year, I was approached by the Prairie School of DuPage, which had an initiative to identify the State mushroom, something that our State has been missing, for many, many years. And this class, through rigor, through intense research, they sought out the expertise of over 100 scholars from within the State of Illinois to identify what might be the best mushroom. They held their own elections and did their own analysis to come to a conclusion that they brought their idea to Springfield, where the esteemed Senator from Essex, Senator Patrick Joyce, heard it in his committee. And

SENATOR CUNNINGHAM:

Senator Lewis, it seems this bill has kicked off some controversy. We heard the concerns expressed by Senator Turner. I was wondering if you would consider an amendment? Just wanted to remind everyone a mushroom is a fungus. So, I wonder if you would consider that amendment.

If they have not, if the mobile home park is unlicensed, and current statute that went into effect in 2011, states if you don't pay your rent, you are not liable. If you are not a licensed mobile home park, you are not - the occupants that live there are not responsible for paying rent. SENATOR MCCLURE:

Thank you, Senator Ventura, for your responses. Schools can already do this. And so, making sort of an outline as to what they can do moving forward actually limits what schools can do, because right now they can do all of these activities and more to provide for relaxation for students. So, this piece of legislation is unnecessary, and it limits what schools can do. And I think we need to give schools the tools to do this at the local level. Let them decide what they would like to utilize for relaxation techniques or for education. So, for that reason, I would urge a No vote.

Senator Martwick, on your bill.

SENATOR MARTWICK:

Thank you, Mr. President. Ladies and Gentlemen of the {sic} Committee (Senate). Senate Bill 2919 sets out a framework of rules and regulations that would permit the use of online auctions in judicial foreclosure proceedings. The bill was extensively negotiated with multiple stakeholders, and most of those stakeholders have been moved to neutral. The Administrative Office of the Illinois Courts still are opposed, but yet they're not able to tell us because they've been unable to meet on it, what the nature of their opposition is, and how we could address it. The proponents of this bill will continue to have given our assurances they will continue to negotiate the bill in the House Chamber, if it were to pass today. What I would point out is that, people who unfortunately have the -- the -- the burden of having to go through foreclosure proceedings are facing one of the more difficult financial situations that they deal with in their lives. When their property is sold, the purpose is to satisfy the debt that they owe to that lender, and so therefore the highest possible bid, the - provide the best possible outcome and limit the liability that a person going through for foreclosure may have after the sale. This bill provides that, it provides an opportunity for better outcomes for the people dealing with this, incredible financial burden, and it sets rules and regulations to make sure that fees associated with doing this are reasonable and there is a framework that is transparent. So other than the opposition that I stated, I believe everyone else is neutral at this point. And I would respectfully, I'd be happy to answer questions and I'd respectfully ask for an Aye vote.

SENATOR JOHNSON:

Thank you, Mr. President. It is important that we all show up as our true, authentic selves and all of the spaces that we operate. And I'm so glad that Senate Bill 2930 is helping in that regard. This is an initiative of Equality Illinois, and this bill is designed to support diversity and inclusion in the nonprofit sector and build upon the General Assembly's previous efforts to highlight and elevate leadership, diversity, equity, and inclusion in Illinois. This bill accomplishes this by requiring -- requiring nonprofit organizations that provide \$1 million or more in grants each year to report the aggregate demographic data of their board of directors and officers of public facing -- on their public facing website. And if one exists and no other nonprofit is required to make such disclosures unless they elect to do so, Senate Bill 2930 provides the following requires any nonprofit, as

STATE OF ILLINOIS

I mentioned, that provides 1 million or more grants in annual annually to charitable organizations to report this data, and if any of the nonprofit organizations wishes to report the aggregate demographic information of their boards, this could be - they can do so on their annual report. And then it also allows individual board members to decline the disclosure of any demographic information, to their nonprofit organization. And finally, the Department of Human Rights would develop and publish a standardized list of demographic classifications to be used for reporting. And I know of no opposition, and I request an Aye vote.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Tracy.

SENATOR TRACY:

To the bill, please.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR TRACY:

Some not-for-profits might not have any problem with disclosing demographics, but the fact is, very many nonprofits grant - make grants of over \$1 million. Many small not-for-profits do that, and many of these not-for-profits are run by volunteers, they have a volunteer board, and the board members are often chosen for unique characteristics, experience, and whatever the not-for-profits mission is and the like. This bill, could and I have spoken to several not-for-profits and they have confirmed this, this bill can have an effect of making those volunteer board members decide they don't want to serve. And that's a shame. Our not-for-profits in Illinois do great work and are needed. So, putting a burden on them, that makes it more difficult for them to get volunteer board members. I think it's a bad idea. And the fact that you have an obligation to put on your website. We've got two board Members that don't disclose. Well, it's easy enough, if you've got six board members and two won't disclose and four do, it's easy enough to see who the one's aren't. It's a - it's a just bit of a burden to put on a not-for-profit that certainly want diversity. But as

STATE OF ILLINOIS
103rd GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

96th Legislative Day

I said, it's a unique situation for a not-for-profit in choosing who to ask to be on their board because of their certain mission. And many of these, as I said, are run by volunteers. Does it make sense that they're going to have to hire staff to put this all together, to get the disclosures, and the like? And -- and, you know, for this reason, I just don't think this is a good idea. It's a bit of a burden that doesn't need to be there. Any not-for-profit wants diversity on their board, but many are going to be tied and many volunteers, as I said, I've had this confirmed, they just aren't going to be bothered with it. We've seen this in our -- our statements of economic interest. Many townships and -- and the like are having problems finding people to fill the spots because it's a burden to have to disclose personal information. This is personal information that may or may not be disclosed. And the fact that you have to post that you didn't disclose, is an invasion of privacy. Thank you.

PRESIDING OFFICER (SENATOR AQUINO)

Any further discussion? Seeing none. Senator Johnson, to close.

SENATOR JOHNSON:

Thank you, Mr. President. And -- and thank you, Senator. I just want to close by saying, that it is really critically important that we consider diversity -- leadership diversity. This gives organizations, as you describe, an opportunity if there's an opportunity to consider others for leadership. But I just want to remind you that this is for organizations that grant \$1 million or more. And so, I think this is not an invasion of privacy because this is an option, and individuals can decline. He's just always ever present with his camera. And I'm sure you all have seen Lee taking pictures on the Floor, in press conferences, and just about anywhere and everywhere in the Capitol. So today we honor his lifelong commitment and legacy to Springfield. After going to college, serving in the Army, and having a stint in Washington, DC, Lee moved back to Springfield in late 1974 to marry his wife, Cindy, and has been an integral part of the Capital City ever since. PRESIDING OFFICER (SENATOR KOEHLER)

Please state your announcement.

SENATOR MCCLURE:

Thank you. I would just like to add to the very kind remarks by Senator Turner and President Harmon regarding Lee Millner. Lee Millner has been a family friend for many years. He has been a welcome person to see in the Capitol. Every time I see Lee and speak with him, it puts me in a better mood. He's always optimistic and he's helped me not just in this building, but outside of this building. And so, I just wish Lee all the best. I'm hoping to run out and stop by his reception. And he is a person who is badly missed in this building or in the Capitol when he is not here. So, I just wish him all the best. He's been a benefit not just to the City of Springfield and the surrounding area, but he's been a benefit to journalism and to news coverage. He's taken some incredible photographs, including of Governor Quinn in the middle of the Blagojevich, trial. And so, you know, these photographs, I think will live on forever in our State's history. And they would not have been here without Lee. And so, I just congratulate him on his incredible service. I look forward to seeing him in a little while and congratulating him in person myself. Thank you.

Senate Bill 2935, an Act concerning civil law. 3rd Reading of the bill.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman, on your bill.

SENATOR STADELMAN:

Thank you, Mr. President, Members of the Senate. Senate Bill 35 {sic} (2935) gives mobile home residents a chance to buy their parks. It tries to end surprise sales that result in new owners coming in, raising rates, and seniors on fixed incomes, and low-income residents are basically economically evicted. What this

STATE OF ILLINOIS
103rd GENERAL ASSEMBLY
REGULAR SESSION

legislation specifically does, it creates a right of first refusal for residents of a mobile home park. If a park owner elects to sell that park, the homeowners through a Homeowner's Association may exercise their right of first refusal. The Association has 60 days from the date of notice to enter into a contract to purchase the park from the park owners, otherwise that right of refusal is void. We did work with the Illinois Manufacturers Association to come up with agreed language on this legislation. They are in support of this bill. Happy to answer any questions and I ask for an Aye vote.

PRESIDING OFFICER (SENATOR AQUINO)

Is there any discussion? Senator Tracy, for what purpose do you seek recognition?

SENATOR TRACY:

Thank you, Mr. President. Question of the sponsor, please.

PRESIDING OFFICER (SENATOR AQUINO)

SENATOR TRACY:

Senator Stadelman, as I understand, this bill requires that a property owner that owns a mobile home park must -- must give a right of first refusal to the people that live in the mobile home park before he sells his property. Correct.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

It gives an opportunity for a Homeowner's Association to make an offer to that park owner within 60 days.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR TRACY:

Certainly, I understand what Senators trying to do, and certainly we want to provide affordable housing for Illinoisans. However, this is a precedent that infringes on personal property rights, real estate rights. It invades a person's right to own property. If he wants to sell, she wants to sell their property to Cousin Eddie, to a child that - one of their children, to anybody. They first must go through this, that's an infringement, that is not the way we view property rights in Illinois or in the United States. And it's too much of an infringement on real estate rights. That is that person's property. That's embedded in our democracy in this country, that is that person's property. And we're taking away from that and eroding from that and it's bad precedent. And for that reason, there is no way I could support this. It really erodes too far a person's right to own property in this State. Thank you.

Any further discussion? Senator Plummer, for what purpose do you seek recognition?

SENATOR PLUMMER:

Question of the sponsor.

PRESIDING OFFICER (SENATOR AQUINO)

Sponsor indicates he'll yield. Senator Plummer.

SENATOR PLUMMER:

Senator Stadelman, when Senator Tracy asked the question about what -- what -- what the bill actually does is this force them to provide the opportunity to another group, your -- your answer was it provides an opportunity to the HOA to actually, make an offer. What presently prevents the HOA from making an offer, if they want to buy the property?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

One it serves as a notification process, so homeowners, you know, mobile park residents can be aware of it. Allows them an opportunity to organize a Homeowner's Association, to allow that process and structure to take place. And again, I just would like to add that, while you may describe it as a mandate, the Association would have to match the offer that's currently on the table that the property owners want to sell. They have to match in order for this contract to go forward within the 60-day period.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Plummer.

SENATOR PLUMMER:

So, if the State enacts this law, what is the State going to do -- what is the State going to do for the property owners to

STATE OF ILLINOIS
103rd GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

96th Legislative Day

4/10/2024

make up for the destruction and value that this bill does to their property?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

Not sure I understand the premise of your question, but again, there's a 60-day window for a homeowner's association to match that offer, and within 60 days it doesn't happen. Therefore, the park owners don't need to have to enter into a contract.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Plummer.

SENATOR PLUMMER:

Well, I understand your intent and things always. Sound good, but -- but in reality, the world works a little bit differently than we imagine. Sometimes in areas that we're not super experienced, is anyone in real estate knows anytime rights of first refusal are negotiated into leases, or rights of first refusal, or negotiated into contracts. It harms the value of the property that that lease or that contract is tied to. So, for instance, let's talk about a mobile home park. So, if you have a mobile home park and it's worth X amount of dollars, and the state creates this law that this right of first refusal has to exist, when you go buy a piece of property, you don't just agree on a price and sign the document and then pay for it. You have to go survey the property. You have to do environmental inspections. You have to hire attorneys to review leases. You have to spend a tremendous amount of money on due diligence before you even acquire the property. And so, if a company is going to put an offer forward, they're going to put that offer forward with the anticipation that if the

STATE OF ILLINOIS
103rd GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

96th Legislative Day

4/10/2024

offer is accepted, they're going to be able to buy the property. Otherwise, they're not going to want to spend hundreds and hundreds of thousands of dollars or tens of thousands of dollars on due diligence. If some other company or some other group of people is going to be able to skip all the due diligence and just match their offer. So, if a property is worth \$500,000, a group is not going to offer \$500,000. They're going to offer 300 or \$400,000, because there's significant risk that they're going to spend all of this money, and then some other groups are just going to come in and take the property. So, if we pass this bill, we are in effect destroying value of property owners in Illinois. What are we going to do to make up for that?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

I appreciate the Senator's remarks. I just want to stress this is language agreed to by the Illinois Manufactured Housing Association, who represents mobile park owners. They think this is a good thing. They helped us draft this language because they realize the benefit that an association is willing to match their offer that they have on the table. It accomplishes a couple of things. They're able to sell the park to the residents, and the residents are able to maintain affordable housing as often as may happen in your own districts. You have new owners coming in. They jack up the rates. It economically evicts seniors on low income and also low-income residents. And this prevents an affordable housing option. So, the association represents the property owners that you're talking about, thinks this is a good deal. And they're willing to allow this option for associations to come forward to

STATE OF ILLINOIS
103rd GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

96th Legislative Day

match that offer within 60 days. Again, after 60 days, it's not negotiable.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Plummer.

SENATOR PLUMMER:

So, what are we going to do about the value destruction?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

All I know is the property owners support this bill, and I don't necessarily have an answer to the premise of your question, which I don't necessarily agree with.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Plummer.

SENATOR PLUMMER:

There's property owners in this Chamber that disagree with the bill. Give me your response to a scenario where a couple developed a multi or a mobile home park and they pass. And you know, they're sick. And before they pass, they want to transfer that - that property to their children or they want to pass that property to another property owner that they work with, that maybe they have shared interest in. Maybe there's a property owner that owns 10 percent of it, not 100 percent of it. Is there ways for minority property owners, for heirs, for family members or whatever, to have an opportunity to acquire the property without this right of first refusal, item being triggered?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

STATE OF ILLINOIS

The answers to your questions are yes, there are numerous exemptions in this legislation. For example, any sale or transfer to a person who would be included with the table of descendants and distribution at the park owner were to die, as well. Again, numerous exemptions to address some of the scenarios you just presented. And I think all the scenarios that you presented, I think, would be exempted from having to go through this process.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Plummer.

SENATOR PLUMMER:

To be clear, there is an exemption for minority property owners.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

Not that one, no.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Plummer.

SENATOR PLUMMER:

Well, I don't want to go through the entire list I just named, but you said that what I mentioned was covered, and I just picked one, and it's not covered. So, look, I'll go to the bill here.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR PLUMMER:

I'm -- I'm sure the Senator has good intentions here. Anyone that knows anything about real estate knows that rights of first refusal and leases or contracts destroy value. Okay. It depends on

103rd GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

the terms of those rights' refusal, how much value they destroy, they destroy, but its value destruction. And so, to the previous speaker, Senator Tracy's comments, if we pass this bill, we are in fact decreasing the value of property owned by Illinoisans. The bill is obviously got it's got obviously got constitutional issues. I would encourage you to withdraw the bill and review it. There's a way to achieve what you're trying to accomplish without harming property values. And I urge a No vote.

PRESIDING OFFICER (SENATOR AQUINO)

For further discussion? Senator Hastings, for what purpose do you seek recognition?

SENATOR HASTINGS:

Question of sponsor, Mr. President.

PRESIDING OFFICER (SENATOR AQUINO)

The sponsor indicates he'll yield. Senator Hastings.

SENATOR HASTINGS:

Thank you, Mr. President. Senator Stadelman, it was brought up in a previous conversation from a previous speaker that, there's due diligence costs associated with purchasing property and that if a corporation or some entity that wants to purchase a mobile home park has expended resources to conduct that due diligence, that they would be at a disadvantage if there was a right of first refusal. Is there anything, that prevents the HOA from doing their own due diligence prior to matching that order in this bill, or matching that offer in this bill?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

No, they can do their own due diligence.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Hastings.

SENATOR HASTINGS:

So, they also have to assume the risk as well, and come up with the capital in order to put forth in the event that they want to purchase a manufactured home park. Is that correct?

PRESIDING OFFICER (SENATOR AQUINO)

Senator Stadelman.

SENATOR STADELMAN:

That's correct.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Hastings.

SENATOR HASTINGS:

So, Mr. -- Mr. President, thank you. So, Senator, in essence, what you're having here is you're having competition in the marketplace. You're giving a homeowner's association an opportunity to assume the risk, to conduct due diligence, and to make a proper offer on the property that they already live at. Is that what you're seeking to accomplish here is to give them an equal opportunity to purchase a property.

PRESIDING OFFICER (SENATOR AQUINO)

Senators Stadelman.

SENATOR STADELMAN:

That's a fair assessment. Yes.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Hastings.

Senator Stadelman.

SENATOR STADELMAN:

There are numerous exemptions in the legislation.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Hastings.

SENATOR HASTINGS:

Mr. President, and thank you very much. And to the Senator, the Association of Manufactured Home Associations that represent these parks that have input from the owners of these properties, has slipped in support of this bill and have actually worked with you and come to an agreement for this bill. Is that correct?

That is correct.

Senator Hastings.

SENATOR HASTINGS:

Please vote Aye, on this bill. Thank you, Mr. President.

PRESIDING OFFICER (SENATOR AQUINO)

Seeing no further discussion. Senator Stadelman, to close.

SENATOR STADELMAN:

Thank you, Mr. President. I appreciate the discussion. Again, just want to reiterate a few key points. The Illinois Manufacturers Association helped draft this language, there in support of the bill, if anybody has anything to gain or lose by this legislation, they drafted this language. They support this

STATE OF ILLINOIS
103rd GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

96th Legislative Day

4/10/2024

bill and what it tries to accomplish. I'm not sure how property value can -- can be reduced when simply the association has to match the offer on the table that they want to sell the park at. So, I just don't agree with some of the premise of the questions. Again, this legislation supported by the mobile park homeowners. And fundamentally this is what seniors on fixed incomes, this is what low-income residents who are in these parks deserve. They deserve protection, because sometimes and way too often, you have new owners coming in, jacking up the rates, they're evicted, they have no place to go, they do not have affordable place to go. This is where our focus should be. Let's help those stay in their parks and have an affordable place to live. I ask for an Aye vote.

PRESIDING OFFICER (SENATOR AQUINO)

The question is, shall Senate Bill 2935 pass. All those in favor of vote Aye? Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Senator McClure.

SENATOR MCCLURE:

Thank you. Senator Fine. Mr. President, to the bill.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR MCCLURE:

Thank you. So, this is an area where hotel owners want to give the excuse when they have guests stay in their establishments, that oh, they can't provide this sanitary single use bottle because it's not in your room. Because -- not because we don't want to put in your room, but because the State of Illinois, again, is coming down on us and forcing us to comply with a mandate. This is unnecessary, if all the hotels are for this. If they're in favor of this, then let them do it. Let them do it. But don't use the State of Illinois, as an excuse, as to why someone's trip to our State is a little bit worse because they -- they go to a bathroom or a shower, and whatever is supplied is not adequate for them because of this legislation. Additionally, it's troubling, I shouldn't say troubling. Additionally, it's an extra burden on States Attorney's Offices. Right now, they are just dealing with the SAFE-T Act, whether you support that piece of legislation or not, it is undeniable that it's causing issues with staffing and issues with the burden that prosecutors have to meet every single day in courtrooms. They do not have the resources right now to also have to police each hotel to ensure that they are not using single use plastic bottles. So, it overburdens our States Attorneys who not only are battling, crime right now, but also having to deal with the implementation of the SAFE-T Act. So, for those

STATE OF ILLINOIS

reasons, I do encourage a No vote. It's got a good intent. I understand that we do need to use less plastic, but this is an unnecessary mandate that apparently hotels are willing to comply with, without legislation. And our State's Attorneys do not have the resources to police this. And for those reasons, I urge a No vote.

PRESIDING OFFICER (SENATOR AQUINO)

Any further discussion. Seeing none. Senator Fine, to close.

SENATOR FINE:

Thank you. Again, this encourages a change in behavior. Thank you, Mr. President. This is one of those bills that, started in the House, and now it's in the Senate. It's taken about, 3 or 4 years to get this bill going. But this is the bill that establishes a bid, a business improvement district, and creates a new financial tool for local government reinvestment and economic development. Very different from TIF's, very different from SSA's. And the key distinction is that it is largely self-governed by a governing board. And they're the ones who decide how and from what source to fund the economic revitalization. Turns out that the

legislature has to permit this in order for it to be done. Illinois will be the 41st location in the country to enact bid legislation. And for those of us who represent the downtown neighborhoods of the City of Chicago, we are hoping that this improves the economy of tourism and retail. It is an Agreed Bill, a labor of love for three years and, supported by BOMA, the retail merchants, State Chamber, you name it, everybody's supporting it, and I'm happy to answer any questions.

PRESIDING OFFICER (SENATOR AQUINO)

Is there any discussion? Senator DeWitte, for what purpose do you seek recognition?

SENATOR DEWITTE:

To the bill, Mr. President.

PRESIDING OFFICER (SENATOR AQUINO)

To the bill.

SENATOR DEWITTE:

Thank you, Mr. President. I rise in support of this legislation. The only point I would add and thank you for that introduction, not only is this legislation self-governing, but it is also self-funding. These business owners along Michigan Avenue have chosen to implement this fee on themselves, so they can control those resources dedicated to helping their business districts survive. I know resources in the City of Chicago become scarce at times. I think this is a great business initiative for these business owners. And I urge an Aye vote. Thank you.

PRESIDING OFFICER (SENATOR AQUINO)

Any further discussion. Seeing none, the question is, shall Senate Bill 3679 pass. All those in favor of vote, Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted

Senate Bill 3679, having received the required constitutional majority, is declared passed. Continuing on page 16 of the printed Calendar -- Calendar towards the top, we have Senate Bill 3691, Senator Doris Turner. Senator Turner seeks leave of the Body to return Senate Bill 3691 to the Order of 2nd Reading. Leave is granted. On the Order of 2nd Reading of Senate Bill 3691. Are there any Floor amendments approved for consideration?

SECRETARY ANDERSON:

Floor Amendment No. 1, offered by Senator Doris Turner.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Turner, on your amendment.

SENATOR DORIS TURNER:

I'd like to adopt the amendment and explain it on 3rd.

PRESIDING OFFICER (SENATOR AQUINO)

Is there any discussion? All those in favor say, Aye. Opposed, Nay. The Ayes have it, and the amendment is adopted. Are there any further Floor amendments approved for consideration?

SECRETARY ANDERSON:

No further amendments reported.

PRESIDING OFFICER (SENATOR AQUINO)

3rd Reading. Now on the Order of 3rd Reading, Mr. Secretary, can -- can you please read the bill?

SECRETARY ANDERSON:

Senate Bill 3691, an Act concerning aging. 3rd Reading of the bill.

SENATOR DORIS TURNER:

Senate Bill 3691, amends the Family Caregiver Act by removing language prohibiting the availability of caregiver services to grandparents or other older relatives who are caregivers. The current statutory language contradicts the definition of caregiver or family caregiver, which includes grandparents and other older relatives. This is a bill that, has been worked on with Department on Aging and the Association of Area Agencies on Aging and they are proponents of the legislation.

Mr. Secretary, please read the bill.

SECRETARY ANDERSON:

Senate Bill 3713, an Act concerning civil law. 3rd Reading of the bill.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Peters, on your bill.

SENATOR PETERS:

Thank you, Mr. President. This bill would speed up and expand the Crime Victims Compensation Program. This is the work of crime survivors and the Attorney General's Office, and I ask for an Aye vote.

Mr. Secretary, can you please read Senate Bill 3784.

SECRETARY ANDERSON:

Senate Bill 3784, an Act concerning health. 3rd Reading of the bill.

PRESIDING OFFICER (SENATOR AQUINO)

Senator Simmons, on your bill.

SENATOR SIMMONS:

Thank you very much, Mr. President. SB 3784 is an initiative of the Illinois Department of Public Health. And it is a bill that would include HPV and MPOX as part of the sexually transmitted infections categories. This legislation also would change the Sexually Transmitted Diseases Act to the Sexually Transmitted Infections Act, bringing the overall statute into much more modern and, user friendly language. I do not know of any opposition at this time and we'll take any questions. Thank you.

SENATOR PETERS:

Thank you, Mr. President. I did not press my button for a Yes vote, so I would like to be recorded as a Yes vote.

PRESIDING OFFICER (SENATOR AQUINO)

It will be reflected. Thank you. Senator -- Senator, could you state for the record which bill that was.

SENATOR PETERS:

The last bill.

PRESIDING OFFICER (SENATOR AQUINO)

3rd, just to be -- just to make sure Senate Bill 3784, you wish to be recorded as an Aye.

SENATOR PETERS:

If that's the last bill. Yes. I would like to be recorded as an Aye. Yes, yes, yes.

PRESIDING OFFICER (SENATOR AQUINO)

The record will reflect your intention to vote as Aye, thank you. With leave of the Body, we're returning back to page 9 towards the middle with Senate Bill 2906. Senator Martwick indicates he would like to proceed. Mr. Secretary, if you could read Senate Bill 2906.

SENATOR MARTWICK:

Thank you, Mr. President. Ladies and Gentlemen of the Senate. Senate Bill 2906 requires the Department of Revenue to collect the Home Rule County Use Tax on tangible personal property that is purchased at retail and titled or registered to a purchaser that resides in an Illinois county outside of the county in which the property was purchased. This is an initiative of Cook County, and it is, the purpose is too sure -- ensure that home rule colonies can actually collect and track the Home Rule County Use Tax. I'd be happy to answer any questions. And I ask for an Aye vote.

Senate Bill 2906, having received the required constitutional majority, is declared passed. Supplemental Calendar No. 1 has been printed and distributed. That is a reminder that this is the Agreed Bill List that President Harmon read into the record earlier. Again, Supplemental Calendar No. 1 has been printed and distributed and President Harmon introduced earlier. Mr. Secretary, record correction.

SECRETARY ANDERSON:

Mr. President, when Senate Bill 3696 was moved to 3rd Reading earlier today, the amendment was incorrectly referenced as Floor Amendment 1 when it should have been referenced as Floor Amendment 3. Floor Amendment 3 was the correct amendment.
